

## Special Troop 261

Chapter 261: Want to Go to the Logistics Company? This Won't

However, Qin Yuan and Gong Jian were not around now. As for Qin Yuan, who said that the fate of these recruits would be decided when he returned, squad leader Lao Hei could only wait for Qin Yuan to return!

Although the people in front of him were all new recruits and had only been in the army for three months, after three months of training, their strength was not inferior to the old companies of the Iron Fist Regiment!

This was what surprised the squad leader the most. This year's batch of recruits really did not follow the wrong people. In addition to Qin Yuan's cruel training, their strength might have already caught up to the soldiers of the fourth company!

Moreover, every one of these guys in the recruit company had a trace of stubbornness. No matter how they were tormented, they did not have a trace of a soft heart!

"Yes, sir!"

"Yes, sir!"

Everyone in the recruit company could only helplessly answer loudly, because they knew very well that everything they said was not up to them, and neither was squad leader Lao Hei!

Where were they going next? Whether or not they would be split up, all of this could only wait for the higher-ups to announce the appointment!

"Brother Guang! Do you think we can go to the logistics company and follow the company commander?"

A recruit from the recruit company asked He Chenguang!

"I'm not sure about this either, but when the time comes, we'll all apply to the chief to join the logistics company. I hope the chief will allow it!"

"But we don't need to worry too much, because the commander said that as long as we meet his requirements, he won't abandon any of us!"

He Chenguang could only comfort everyone in this way. This was because the recruits would be assigned to each company after three months. This has always been the process!

Because every unit needed to add new soldiers every year, he knew in his heart that the new recruits would definitely be assigned to various companies. However, it was not appropriate for him to tell everyone now!

"That's right! I just found out that our recruit company will be assigned to other companies!"

"I'm already used to training with everyone. If we're separated, I'm not too happy either!"

“If the Regiment commander wants to split us up, we’ll go and reason with him together! No matter what, we can’t let the regiment commander split up our recruit company!”

Li Erniu voiced his inner thoughts. He felt that he liked his current life very much and was already used to training with the new recruits!

“Brother Niu! This isn’t something we can do as we please. It’s a soldier’s duty to obey orders!”

After hearing Li Erniu’s words, Wang Yanbing smiled and replied. After all, Li Erniu’s words would not work at all!

Wang Yanbing knew very well that they would probably be assigned to other companies. As for whether they could all follow Qin Yuan, he was not sure, so he did not say a word just now!

“But...But do we really have to separate? Everyone has been training and living together for so long. To be honest, I can’t bear to part with everyone!”

As he spoke, Li Erniu became a little sad because he did not know what to do!

“What are you guys talking about in the team? Have you forgotten your discipline after not seeing it for a few days?”

“Everyone, do 300 push-ups each. I only give you five minutes!” Just as everyone was still frowning, a familiar shout reached their ears!

“Company commander?”

For a moment, everyone in the recruit company turned their heads to look behind them and saw Qin Yuan slowly walking towards them!

“Company commander! ! !”

Seeing that Qin Yuan had returned, everyone’s faces revealed faint smiles and excitement! At this moment, it was as if everyone had met their backbone. All their worries were thrown to the back of their minds!

“What are you looking at? Didn’t you hear my order?”

Seeing that everyone was still looking at him excitedly, Qin Yuan immediately berated them! Qin Yuan had heard their conversation just now. The people in the recruit company still did not know that the logistics company of the Iron Fist Regiment was no longer Qin Yuan and the others. This time, he came to take these recruits away!

“Yes. Yes!”

“Yes, sir!”

When everyone saw that Qin Yuan had returned, they heaved a sigh of relief. As long as Qin Yuan was around, they would feel at ease!

They believed that Qin Yuan would not leave them behind. As they spoke, everyone bent down and immediately did push-ups! Company Commander Qin, you're back?"

‘Where’s the instructor? Didn’t he come with you?’

Squad Leader Lao Hei walked to Qin Yuan’s side. When he saw Qin Yuan return alone, he asked curiously!

“Lao Hei, we won’t trouble you these days!”

Qin Yuan thanked the squad leader when he saw him. They had left a little too suddenly, and he had not told the squad leader about them going to the military region!

“It’s okay. This is all I can do!”

Squad leader Lao Hei replied with a smile. Gong Jian had called him in a hurry and told him that he had something to do, so he handed over the new recruits to him. Moreover, Qin Yuan had something to do and had not returned! “Company Commander Qin! Didn’t the instructor come back with you?” Seeing Qin Yuan return alone, the squad leader asked curiously.

“He’s back. He went back to the Fourth Company with the Fourth Company Commander!”

Qin Yuan said with a smile.

“What? What?”

“Commander Qin, did you just say that our commander is back?”

When he heard Qin Yuan mention the fourth company commander, squad leader Lao Hei became excited! Because the Iron Fist Regiment only had one fourth company, and there was only one fourth company commander! “Yes, I am! I know you must miss the Fourth Company Commander!”

Looking at the excited expression on the squad leader’s face, it could be seen that the relationship between the squad leader and Xiao Zhenwu was quite good!

“Company Commander Qin, is what you said true? Is our company commander really back?”

The squad leader confirmed with Qin Yuan again. He still could not believe the news because he knew that Xiao Zhenwu was seriously ill, and he had told him about the Gong Jian!

“Go back to the 4th Company first, Squad Leader! This is my car key. I’ll be fine!”

Qin Yuan nodded. He would know the news of Xiao Zhenwu’s recovery when he went there. Now, it was better to let Squad Leader Lao Hei return to the Fourth Company to catch up with Xiao Zhenwu!

“Yes!”

The squad leader nodded excitedly and did not say anything else. He took Qin Yuan’s car keys and ran to the garage!

Ever since Xiao Zhenwu fell seriously ill, he had only had time to visit him once with Gong Jian. After that, he had been busy leading the team to train and had not been able to visit Xiao Zhenwu!

It was impossible to say that he didn't miss him!

Soon, the squad leader got into Qin Yuan's car and rushed to the Fourth Company.

"All of you, hurry up. I haven't seen you for a few days, and you guys seem to have forgotten what I said again!"

After the squad leader left, Qin Yuan shouted at the people in front of him. However, although his words were ruthless, he was very gratified in his heart!

Just now, Qin Yuan had opened the system and scanned the soldiers' physical information!

During this period of time, the new recruits and everyone else's physique had improved very quickly. Moreover, these guys really did not disappoint him. Everyone's physique had reached the standard of ordinary special forces soldiers! "Yes, sir!"

"Yes, sir!"

Everyone's voices were very loud. To be honest, they liked to hear Qin Yuan roar at them. They had not let Qin Yuan lead them to the training ground for a long time!

Five minutes later! Everyone finished their push-ups and immediately got up and stood up, quietly waiting for Qin Yuan's instructions!

"Report!"

At this moment, Wang Yanbing's voice rang out!

"Speak!"

"Company commander! Today is our last day in the recruit company! Can we all follow you to the logistics company?"

"We don't want to be split up into other companies. We all want to follow you." After receiving Qin Yuan's reply, Wang Yanbing asked the question that everyone wanted to ask!

"You want to go to the logistics company? This won't do!"

Chapter 262: Joint Attack Technique

In the face of Wang Yanbing's inquiry, Qin Yuan replied calmly. He was no longer in the logistics company, so of course, he could not bring them to the logistics company!

"Company commander! We really want to follow you!" "Moreover, we should be able to meet the requirements you mentioned now!" Hearing Qin Yuan say no, Wang Yanbing's eyes dimmed!

The reason why they had rejected Fan Tianlei's invitation back then was to follow Qin Yuan, but now Qin Yuan actually said no, which made them a little at a loss!

They did not know that Qin Yuan and Qin Yuan's logistics company no longer belonged to the Iron Fist Regiment. Moreover, Qin Yuan had already led the logistics company to form the Battle Wolf Special Forces. Therefore, when they heard Qin Yuan's words, everyone's hearts turned cold!

"The main thing is...I can't bring you to the logistics company now!"

"But... You didn't disappoint me today. Perhaps I can arrange another place for you!"

Seeing that everyone's eyes had dimmed, Qin Yuan chuckled in his heart. Qin Yuan could not bring them to the logistics department, but he could still bring them to Battle wolf!

"Company commander, can't you discuss with the regiment commander and bring us to the logistics company?"

He Chenguang asked softly at this time. From Qin Yuan's eyes, he could tell that Qin Yuan was not lying to them. Qin Yuan really could not bring all of them to the logistics company!

"This...Why do you want to go to the logistics company so badly? Don't you want to develop into a higher realm?"

Looking at He Chenguang's sincere eyes, Qin Yuan asked with a smile. He knew that these soldiers of the recruit company just wanted to follow him!

"It doesn't matter where we go! We only want to follow you!"

He Chenguang's tone was very firm. He did not know why he wanted to follow Qin Yuan, because he always felt a different feeling from Qin Yuan. He did not know how to describe that feeling!

However, his intuition told him that following Qin Yuan was definitely not wrong!

"Yes, Company Commander! We only want to follow you!"

"Yes! Commander, we're not going anywhere else but with you!"

For a moment, everyone in the recruit company responded to Qin Yuan loudly. During the three months in the recruit company, they had experienced the responsibility of a soldier!

Moreover, although Qin Yuan was very strict in his training, and the degree of his training was becoming more and more cruel, they were very clear about how much their strength had increased!

"Alright! Since you want to follow me, let me see if you have met my requirements in these three months!"

"You should always rely fight for what you want, not listen to other people's arrangements!"

"Come on! All of you, use all of your abilities to attack me!" "Let me see if you guys have changed after three months!"

"If you meet my standards, then...I'll take you away!"

Looking at the determined gazes of the recruits, Qin Yuan was still very pleased. From the time he asked Fan Tianlei to invite them to participate in the selection competition of the Wolf Fang Special Forces, Qin Yuan had already decided on this group of recruits. No matter where he went, he would bring them along!

Three months had passed really quickly. Looking at the recruits that he had brought out, each of them had shed the arrogance of the recruits when they first came in and gradually became mature and stable. They had a pride that was unique to Chinese soldiers!

“Yes, sir!”

“Yes, sir!”

After hearing Qin Yuan’s words, a glimmer of hope flashed across everyone’s eyes. They wanted to follow Qin Yuan, so they did not want them to be split up and assigned to other companies!

For a moment, their eyes were filled with excitement. In order to meet Qin Yuan’s standards, they had not slacked off for a day during their training! “Company Commander, we won’t stand on ceremony then!”

As soon as he finished speaking, He Chenguang immediately ignored Qin Yuan. Since Qin Yuan had said so, they could only rely on their own strength to fight for it!

He Chenguang knew very well that although the strength of the recruits had increased a lot, if they were to face Qin Yuan, the entire recruit company might not be able to cause any harm to Qin Yuan!

However, they had to fight even if they could not defeat him. This was their only chance now. Only when everyone reached Qin Yuan’s standards could they continue to follow Qin Yuan!

“Good timing!”

Seeing He Chenguang’s reaction speed, Qin Yuan was shocked for a moment because He Chenguang’s reaction speed was indeed much faster than before! Qin Yuan immediately activated his fighting skills and charged at He

Chenguang!

Bang!

The two fists collided with each other, and a loud collision sound was produced in the air!

“Not bad! Again!”

Qin Yuan only used 30% of his strength to fight with He Chenguang, so the two of them seemed to be on par with each other in this attack. However, He Chenguang was still a little shocked. After all, he had used all his strength. This attack was the strongest attack that he had obtained from three months of high-intensity and cruel training.

However, from Qin Yuan’s reaction, his attack did not have much effect!

Seeing this scene, everyone reacted. They did not react in time when He Chenguang suddenly attacked just now!

However, judging from the collision between the two of them just now, the force produced by this attack was definitely not weak, because a slight sonic boom was produced in the air!

#### Chapter 263: Joint Attack Technique

“Brothers! Let’s do it together!”

Wang Yanbing didn’t waste any more time. After he reacted, he immediately said to the recruits.

This battle with Qin Yuan would determine whether the new recruits could continue to follow Qin Yuan!

Therefore, this time, everyone was secretly competing with each other. No matter what, even if they could not defeat Qin Yuan this time, they had to let Qin Yuan feel that they could meet Qin Yuan’s standards now!

“Yes, sir!”

After saying that, the new recruits entered their battle stance. The group of people immediately spread out in all directions and cooperated with each other to attack Qin Yuan!

“This group of guys is cooperating quite well. It seems that the joint attack strategy I taught them is very effective!”

After more than ten rounds with the crowd, Qin Yuan sighed in his heart. He had already used 30% of his strength, but he could no longer suppress the recruits!

“Company commander, we have practiced this joint attack technique for a long time. Even if we can’t defeat you this time, we have to leave a mark on you!”

Seeing Qin Yuan take a few steps back, Wang Yanbing said excitedly. It had been three months, and this was the first time they had been able to last so long in Qin Yuan’s hands!

Therefore, he was a little excited. After all, the previous time, he was kicked by Qin Yuan after one or two rounds. No matter how hard they trained, the result was the same!

“Confidence is a good thing, but this kind of strength is not enough!”

Seeing the sly smile on Wang Yanbing’s face, Qin Yuan said with a smile. To be honest, Qin Yuan was a little surprised that the soldiers of the recruit company could suppress 30% of his strength.

Although he knew that these guys had reached the level of ordinary special forces soldiers, it was obvious that these guys were indeed good at cooperating!

“Everyone, be careful. The company commander is starting to get serious!”

As he spoke, He Chenguang turned his head and warned everyone because he could feel that Qin Yuan’s aura was obviously different from before!

“Yes, sir!”

“Yes, sir!”

At this moment, everyone could clearly feel Qin Yuan's change. Their expressions became solemn because after exchanging a few moves with Qin Yuan, everyone's arms began to feel waves of numbness!

Qin Yuan's explosive power was too strong! Even if their cooperation was perfect, they still could not resist Qin Yuan's terrifying explosive strength!

At this moment, some of the recruits in the company gradually began to be unable to withstand it. The power of the entire joint attack technique gradually weakened!

“This won't do! If this continues, we will be dragged down by the company commander! ”

At this moment, Wang Yanbing retreated and said to He Chenguang at the side. Because they were being suppressed by Qin Yuan, the entire team was in a defensive stance!

They had no way or chance to attack Qin Yuan at all!

“Call Brother Niu, the three of us will work together to attack the company commander. Find an opportunity to attack!”

He Chenguang's expression was a little solemn. If this continued, they would only be slowly consumed by Qin Yuan. When everyone's strength ran out, they would not have a chance!

“Good!”

As he spoke, Wang Yanbing immediately rushed towards Li Erniu's position. He Chenguang was right. In order to deal with Qin Yuan, the three of them were practicing the joint attack technique. Compared to the cooperation of the entire recruit company, the cooperation between the three of them was even closer!

Soon, He Chenguang and the other two gathered together!

“Chenguang, when are we going to attack?”

Li Erniu asked worriedly as he saw his other comrades being forced back by Qin Yuan. Without the cooperation of the three of them, the cooperation of the entire team had weakened greatly!

“Wait a little longer!”

He Chenguang had been watching Qin Yuan's every move. He was looking for an opportunity now. Even if they could not cause any harm to Qin Yuan, it would be good as long as they could leave a mark on Qin Yuan's body!

After a few rounds, just as Qin Yuan kicked two soldiers of the recruit company away, He Chenguang said loudly to the two people beside him,

“Now is the time!”

As he spoke, He Chenguang quickly rushed towards Qin Yuan, while Wang Yanbing and Li Erniu followed closely behind!

Bang!

Qin Yuan reacted at this moment. He swept his leg horizontally and collided with He Chenguang's leg!

At this time, Wang Yanbing's fist hit Qin Yuan's eyes, and Qin Yuan immediately used his fist to block it!

Qin Yuan did not expect the three of them to be so fast. For a moment, he felt that he had underestimated these three guys!

At the same time, Li Erniu grabbed a gap in Qin Yuan's body and kicked over.

His flying leg brushed past Qin Yuan's back!

“Hmm? The cooperation of these three fellows...”

Looking at the cooperation between He Chenguang and the other two, Qin Yuan was a little surprised! Because He Chenguang and the other two had obviously studied him before, their cooperation was very good, and there was not much room for reaction!

If he had not noticed the three of them earlier, perhaps Li Erniu's kick would have landed on his back!

Bang!

Bang!

Bang!

Three collisions sounded, and He Chenguang and the other two were sent flying by Qin Yuan's kick. Qin Yuan's contempt caused Qin Yuan to almost be hit by He Chenguang and the other two!

Although this attack could not cause much damage to him, it was still very embarrassing to be attacked by them!

The three people who were kicked away slammed onto the ground. Qin Yuan's kick made them feel the blood in their bodies churn. It was obvious that the three of them were injured from this attack!

“I still can't kick the company commander!”

Lying on the ground, Wang Yanbing sighed helplessly. This attack was their strongest attack so far, but they still could not attack Qin Yuan!

“That's right! I've already used my fastest speed, but the captain's reaction speed is too fast!”

Li Erniu held his chest. At this moment, he could only lie on the ground and could not move. Qin Yuan's kick made him lose his ability to fight for a moment!

“The captain's speed is too terrifying! This is already our fastest speed!”

He Chenguang had seen the scene just now. They had studied Qin Yuan for a long time. In the end, they decided to use speed to win because no matter how they speculated, they could not cause any harm to Qin Yuan!

Therefore, in the end, He Chenguang thought about it and they could only win in terms of speed. After all, a person's reaction speed was limited. As long as they moved quickly enough together, they might be able to kick Qin Yuan. Although they could not defeat him, they could at least leave a mark on Qin Yuan's body!

However, he did not expect Qin Yuan's reaction speed to be inhuman. How could an ordinary person react so quickly and comfortably? The gap between their actions was only 0.5 seconds at most, and Qin Yuan was still able to dodge the combined attacks of the three of them!

“How did the Company Commander train him? He's simply not human!”

For a moment, Wang Yanbing complained. Other than shock, she was still shocked!

Looking at the scene on the field, He Chenguang shook his head helplessly because his comrades in the recruit company were being kicked away by Qin Yuan one by one!

Two minutes later, the 120 people of the entire company were all neatly laid on the ground!

“Not bad, at least it's much better than before! ”

After dealing with all the soldiers, Qin Yuan sighed softly. He had to admit that He Chenguang and the others had indeed surprised him!

Looking at the footprints on his back, Qin Yuan was a little gratified. He Chenguang and the others had actually chosen to use this method to deal with him!

After a few minutes of silence, the recruits endured the pain in their bodies and got up!

For a moment, their expressions were a little downcast because Qin Yuan was too strong. They had already used their full strength, but they still could not gain any advantage in Qin Yuan's hands!

Facing Qin Yuan, no matter how much they had improved, they always felt that they had been completely controlled by Qin Yuan. They did not have any chance to resist!

“Company commander! I... We.... Can we follow you?”

Chapter 264: Before Heading to Battle Wolf! (Three Chapters Combined)

He Chenguang was silent for a while, so he held his chest and got up from the ground. He asked Qin Yuan in a low voice.

They had already done their best, but Qin Yuan's strength was too strong. They could not shake Qin Yuan at all!

For a moment, the recruits and everyone else looked at Qin Yuan with anticipation, hoping that Qin Yuan would be able to take them away!

“You guys can follow me!”

Qin Yuan also answered everyone with certainty because these recruits had already reached his standards. He was here to bring them away!

“Really? Company Commander!”

“That's right! Captain, can you really take us all away?”

Smiles appeared on the recruits' faces. Being able to follow Qin Yuan was their greatest wish. In order to meet Qin Yuan's requirements, they had already trained very hard!

Although they could not defeat Qin Yuan this time, they still hoped to continue training with Qin Yuan. After receiving Qin Yuan's affirmation, everyone heaved a sigh of relief and smiled!

After a few seconds of silence, Qin Yuan slowly said,

"I'm here to bring you guys away today, but I have a condition. No one is allowed to drop the ball wherever I take you!"

"If one of you fails to meet the requirements, then all of you will have to return to the Iron Fist Regiment!"

In fact, Qin Yuan was already very satisfied with the strength of the new recruits. In three months, these guys had trained from recruits to their current strength. It could be said that Qin Yuan was very gratified!

"Take us away? Back to the Iron Fist Regiment?"

After hearing Qin Yuan's words, everyone was also stunned. Weren't they all in the Iron Fist regiment now? What did he mean by returning to the Iron Fist regiment?

"Company commander! Aren't we in the Iron Fist Regiment now? You said you're taking us, but where are you taking us?"

Hearing Qin Yuan's words, a trace of surprise flashed across Wang Yanbing's eyes. Even He Chenguang looked at Qin Yuan in confusion!

"You'll know when you're there!"

Qin Yuan smiled and answered Wang Yanbing's question. Qin Yuan had guaranteed Long Xiaoyun that if these guys did not meet the standards, he would lose all his face!

"Alright, go back and wash up now. Then, we'll gather at the cafeteria tonight. We'll set off tomorrow!"

As he spoke, Qin Yuan immediately said to everyone, ignoring the puzzled expressions on their faces!

"Dismissed!" "Yes, sir!"

"Yes, sir!"

After saying that, Qin Yuan also walked towards the office. He wanted to write an application to Kang Lei. After all, what he wanted the most from Battle Wolf Team Two was the new recruits of the Iron Fist Regiment. These recruits were all trained by him, so he liked them very much!

After Qin Yuan left, Wang Yanbing also walked to He Chenguang's side!

“Chenguang, what do you think the commander means? What does he mean by returning to the Iron Fist Regiment if one person fails to meet the standard? Isn't he in the Iron Fist Regiment now?”

Wang Yanbing could not understand why Qin Yuan would say that. After all, they were planning to follow Qin Yuan to the logistics company!

“I'm not sure now, but from the commander's tone, it seems that he will take us to a different place!”

He Chenguang's expression was also a little solemn. Looking at Qin Yuan's departing back, he seemed to have thought of something!

“A different place?”

Wang Yanbing also scratched his head helplessly. He really could not figure out where Qin Yuan was bringing them!

“Alright! Let's not think about it for now. Didn't the commander already tell us?

We'll know when we get there!”

“The most important thing now is that all the soldiers in our new recruit company have a chance to follow the company commander!”

He Chenguang only had a guess in his heart, but this was not the result. As for where he was going, he would only know when he got there!

“Good!”

After saying that, Wang Yanbing did not think about it anymore. Anyway, he would know tomorrow, so there was no rush. The happiest thing now was that they could follow Qin Yuan!

“Let's go. We'll help our comrades back first!”

Looking at the ground not far away, some of his comrades could not even get up. He Chenguang also said to Wang Yanbing!

“Good!”

After saying that, the two of them helped their comrades who were temporarily unable to move up. Then, everyone walked towards the dormitory. Although everyone was injured to varying degrees, they all had smiles on their faces!

At this time, the squad leader Lao Hei had returned to the 4th Company. Xiao Zhenwu was gathered with the soldiers of the 4th Company on the training ground. He had been away for too long, and Xiao Zhenwu was unusually excited. To be honest, he thought that he would not be able to see the familiar faces of the 4th Company this time!

“Company commander! ”

The squad leader Lao Hei called out excitedly with reddened eyes.

His entire body started to tremble slightly. He really didn't expect Xiao Zhenwu to really come back. After all, Xiao Zhenwu had cancer. Moreover, he had heard from Gong Jian that the regiment commander had found the best medical team to treat Xiao Zhenwu, but they couldn't cure him!

But now, he was standing in front of him in one piece. The squad leader Lao Hei felt a little dazed!

"Squad leader Lao Hei!"

Hearing the familiar voice, Xiao Zhenwu also turned his head and saw the squad leader Lao Hei walking over, giving Xiao Zhenwu a hug!

"Why are you back? I was just about to send someone to the recruit company to inform you! I didn't expect you to come back on your own!"

Xiao Zhenwu was also very happy to see the squad leader Lao Hei. It could be said that the squad leader Lao Hei was his squad leader.. When he first joined the army, he was in the squad leader Lao Hei's squad!

Chapter 265: Before Heading to Battle Wolf! (Three Chapters Combined)

"Company commander! Commander Qin told me that you were back, so I rushed back!"

"Commander, are you feeling better now?"

Seeing Xiao Zhenwu's rosy face, the squad leader asked with concern.

"I'm fine now. I'll be able to continue fighting alongside you after a month of rest!"

Xiao Zhenwu knew that Qin Yuan must have told the squad leader about his return!

"That's great. I thought it would be a long time before you came back. To be honest, we all missed you, but our leader didn't allow us to disturb your healing!"

Seeing that Xiao Zhenwu was fine, the squad leader was very happy. It could be said that he had watched Xiao Zhenwu get to where he was today. He was very sad when he suddenly fell seriously ill. Now that Xiao Zhenwu had returned unscathed, it was his greatest relief!

"I know! I miss you guys too!"

"If it weren't for Commander Qin, we might not have met again!"

Xiao Zhenwu sighed. He could only hide his gratitude to Qin Yuan in his heart. He could come back because of Qin Yuan!

"Commander Qin?"

"Commander, are you saying that your illness was cured by Commander Qin?"

After hearing Xiao Zhenwu's words, the squad leader was a little curious. After all, he knew very well what illness Xiao Zhenwu had. It was cancer. According to Xiao Zhenwu's words, didn't Qin Yuan have the ability to treat cancer?

“Yes! He was the one who found a way to invite Elder Hua to treat me, so I was able to recover proudly!”

Xiao Zhenwu explained with a smile!

“Elder Hua? Commander, are you talking about the number one Chinese medicine family in China, Miracle Doctor Hua?”

The squad leader asked in surprise. Although he was in the army, he had heard of Zhongnan!

“Yes, it’s him!”

Xiao Zhenwu nodded!

“I didn’t expect Commander Qin to invite Elder Hua over. No wonder it’s like this! He’s very good at Chinese medicine. I really didn’t expect China’s own medical skills to be so good!”

After getting Xiao Zhenwu’s affirmation, the squad leader nodded. He didn’t know much about Elder Hua. He only knew that everyone called him the number one Chinese medicine doctor in China!

However, he did not expect Chinese traditional medicine to be able to treat Xiao Zhenwu’s illness!

“Yes, the things left behind by our ancestors are not inferior to those of the western countries!”

Xiao Zhenwu was very touched. This time, because of his illness, he had witnessed the miracle of medicine, and it was Chinese medicine!

“Squad leader Lao Hei, has Company Commander Qin returned to the recruit company?”

After catching up with Xiao Zhenwu and the black squad leader for a while, Gong Jian asked with a smile. Now that Xiao Zhenwu was back, he did not have to worry about the Fourth Company. He and Qin Yuan came back today to attend the New Recruit Company’s Graduation Banquet!

Also, Qin Yuan planned to bring these guys from the recruit company to Battle

wolf. As for the brothers of the fourth company, Gong Jian did not know what to do with them!

The Fourth Company had always been the top company of the Iron Fist Regiment. Now that Qin Yuan had taken the logistics company away, and according to Qin Yuan’s wishes, he would take the soldiers of the new recruit company away!

Originally, he wanted to tell the soldiers of the 4th Company, but now that Xiao Zhenwu had returned, he couldn’t take his brothers away in front of Xiao Zhenwu!

He knew that Xiao Zhenwu would not leave the Iron Fist Regiment because if

Xiao Zhenwu wanted to enter the special forces, he would have gone to Wolf Fang long ago. If he had known that Xiao Zhenwu's strength would have been enough to enter Wolf Fang, but he rejected Wolf Fang's invitation!

Gong Jian knew that Xiao Zhenwu was reluctant to part with the Iron Fist Group! Everyone had different thoughts about being a soldier. In the past, he had asked Xiao Zhenwu curiously, and the answer he got was that the Iron Fist Regiment was his home!

"He's already back. He asked me to come over!"

The squad leader Lao Hei immediately replied.

"By the way, instructor, what have you been doing these past two days? Why did you leave so quickly after giving a few instructions?"

After saying that, the squad leader Lao Hei asked curiously. After all, Gong Jian had indeed given instructions in a hurry at that time, so the squad leader Lao Hei didn't even have time to ask what was going on before hanging up the phone!

"This...I don't know how to tell you this!"

"But now that you're all here, I can tell you all that I might not be able to continue being an instructor in the Fourth Company!"

Gong Jian said helplessly in a low voice. He was suddenly transferred to the military region, and then he entered the Battle wolf as the instructor of the second team in a daze. Even now, he still felt like he was in a dream!

"What?"

"Old Gong? You mean you can't be the instructor of the Fourth Company anymore?"

Xiao Zhenwu's face darkened when he heard Gong Jian's words. After all, he couldn't accept this news!

"That's right! I've been transferred to the military region by the commander!"

Gong Jian nodded and explained. He had already expected Xiao Zhenwu's reaction. After all, he had just returned and was about to leave the Fourth Company. No one could accept this!

"I just came back, and you're already leaving!"

After hearing Gong Jian's explanation, Xiao Zhenwu seemed to have understood something. It was only natural that Gong Jian's ability could be valued by the military commander. However, he did not expect it to be so sudden.. Gong Jian would leave as soon as he returned!

Chapter 266: Before Heading to Battle Wolf! (Three Chapters Combined)

"Instructor, what's going on?"

“That’s right! Instructor, the company commander just came back. Can you bear to leave us?”

At that moment, the soldiers of the 4th Company immediately began to ask questions. After hearing this news, they could not accept it. After all, their relationship with Gong Jian was the same as how they treated Xiao Zhenwu!

“This... I can’t bear to part with everyone, but this is the absolute order of the military commander!”

Gong Jian didn’t know how to explain this to everyone. It was the duty of a soldier to obey orders! Moreover, he was different from Xiao Zhenwu. He hoped to develop in a higher field. Only by entering the special forces could he get close to actual combat!

“I’m fine! Old Gong, I know what you’re thinking, and this is what you should do. You don’t have to think too much about it!” “Besides, this is the order of the military commander. We have to carry it out!” “No matter where we are, we are brothers!”

Seeing that Gong Jian didn’t know what to do, Xiao Zhenwu came to his rescue. He knew Gong Jian’s dream very well, so he supported him!

“Yes, I am! No matter where we are, we are brothers!”

Gong Jian nodded his head gratefully at Xiao Zhenwu. Otherwise, he really didn’t know how to tell his brothers from the 4th Company!

“Instructor, why did the military commander transfer you?”

The squad leader was reluctant to see Gong Jian leave the Fourth Company because they had been in the company for many years. He felt bad about Gong Jian leaving the company all of a sudden!

“I’ve been transferred to the Battle wolf Special Forces as the instructor of the second team!”

Gong Jian said softly. He had no intention of hiding the fact that he was going to Battle wolf from everyone. After all, he believed that even if he did not say anything, everyone would hear about the establishment of the Battle wolf Special Forces!

“Battle wolf Special Forces?”

The Squad leader Lao Hei was obviously stunned. He had never heard of the Battle wolf Special Forces that Gong Jian was talking about!

“Battle Wolf Special Forces? Instructor, which military region’s special forces are they from?”

“That’s right, we’ve never heard of it before. We only know about the Wolf Fang Special Forces in our military region. As for the other military regions, we’ve never heard of Battle wolf Special Forces.”

After hearing Gong Jian's words, some people asked in surprise. They had never heard of the Battle wolf Special Forces before!

**"Old Gong, is this special force from our Southeast Military Region?"**

Xiao Zhenwu knew that there was no such special force in all the military regions in China. Moreover, every other military region had at least two special forces. Only the Southeast Military Region had only one special force!

In a short period of time, other than their Southeast Military Region, the other military regions would not form a new special force at this time!

**"Yes! The Southeast Military Region!**

**"Battle wolf is the second special force of our Southeast Military Region!"**

Gong Jian nodded. Battle wolf had just been formed, so many companies did not know about the existence of this special force. However, he believed that after a period of time, many people would know about Battle wolf's existence! "The second special forces unit? Could it be...Company Commander Qin?"

The Squad leader Lao Hei asked Gong Jian hesitantly because Qin Yuan had said that he would bring them to the special forces when he was in charge of the fourth company and the recruit company.

Long Xiaoyun's arrival and the refusal of the recruits to participate in the Wolf Fang Special Forces selection competition made the Squad leader Lao Hei think of something!

**"Yes! Company Commander Qin will lead the team!"**

Gong Jian nodded with a smile. To be honest, he did not expect the military commander to let Qin Yuan form this second special forces unit. However, with Qin Yuan's ability and strength, Battle wolf would definitely show his power!

**"I see!"**

The Squad leader Lao Hei instantly realized that Qin Yuan really did what he said!

**"Company Commander Qin? You mean to say that this special force was handed over to Company Commander Qin to form?"**

Xiao Zhenwu, who was standing at the side, was a little surprised. He knew

that Qin Yuan's ability and strength were very strong. Moreover, when he returned to the Fourth Company and saw these guys from the Fourth Company, he was shocked!

However, he did not expect the military commander to hand over the task of forming the Battle wolf Special Forces to Qin Yuan. The main thing was that Qin Yuan was too young. This was the first time he had heard of such a young person in charge of the special forces!

**"Yes! Along with Comrade Long Xiaoyun, who went to the hospital to see you previously!"**

Gong Jian followed Xiao Zhenwu and said. Xiao Zhenwu knew Long Xiaoyun!

“I see!”

Xiao Zhenwu had an impression of Long Xiaoyun. It was his first time seeing such a young major!

“Company Commander Qin asked me to ask if anyone had any thoughts of going to Battle wolf, but I think it's unfair to you, Old Xiao!”

“After all, the Fourth Company is your blood and sweat, and the future pillar of the Iron Fist Regiment!”

Gong Jian told everyone his purpose for coming here. After all, Qin Yuan had said that as long as the brothers of the fourth company wanted to go, he could bring them along. After all, this was an opportunity to come into contact with another domain!

“Old Gong, what are you talking about? I am me, but the brothers of the 4th Company have their own thoughts. To be honest, if Company Commander Qin can choose the soldiers of the 4th Company, I will be very happy!”

“You must know that it is every soldier's dream to enter the special forces! So your idea is a little unfair!”

After hearing Gong Jian's words, Xiao Zhenwu smiled and said. He knew what Gong Jian meant.. Gong Jian was afraid that he would be sad if he took away the soldiers of the 4th Company!

Chapter 267: Before Heading to Battle Wolf! (Three chapters combined)

He would definitely be sad but he was also very happy that the soldiers of the 4th Company could enter the special forces!

He didn't want to leave the Iron Fist Regiment because he felt that he was fighting for the country and the people no matter where he was. Therefore, he preferred to stay in the 4th Company. However, this was only his personal opinion, not the opinion of the soldiers of the 4th Company. Therefore, the soldiers of the 4th Company had the right to choose!

“This...”

Hearing Xiao Zhenwu's words, Gong Jian heaved a sigh of relief. After all, entering the special forces was different from entering the regular forces!

Only those who came out of the special forces would be the elite soldiers!

“Stop hesitating! This matter is decided! Now, let me ask the soldiers of the 4th Company! Then we'll go to the recruit company together tonight! It's okay to drink a little now. I'll report to the leader later!”

Xiao Zhenwu laughed, so he turned his head and immediately said to the people of the fourth company,

“Everyone, set off for the new recruits company!”

“Think about what the instructor said just now. You don’t have to care about me whether you stay or go. This is your choice, your life! I can only leave this decision to you!” “Yes, sir!”

“Yes, sir!”

They were excited about Gong Jian’s words, but some of them were hesitant. After all, they didn’t want to leave the Iron Fist Group either!

However, Xiao Zhenwu couldn’t make these decisions for them. He could only let them choose for themselves. After all, this was an opportunity. It depended on what they thought!

After everyone finished speaking, they ran in the direction of the recruit company! During this period, Xiao Zhenwu gave Kang Lei a report and gave Qin Yuan a call. After all, he had to inform Qin Yuan about bringing his team over!

Qin Yuan agreed readily. To be honest, he did not expect Gong Jian to really tell Xiao Zhenwu about this. Moreover, from Xiao Zhenwu’s tone, there did not seem to be anything unhappy about it!

Battle wolf was indeed lacking in manpower, and he did not have the time to find and train other soldiers!

Because he had to make Battle wolf famous as soon as possible, his time was very tight!

He wanted to show the power of Battle wolf in a short period of time. Moreover, the National Special Forces Competition would start in a few months. There was not much time left for him!

r

Two hours later, Xiao Zhenwu and Gong Jian brought all the brothers of the 4th Company to the camp of the Recruit Company!

At this moment, in the canteen of the recruit company camp, everyone was preparing dinner for tonight!

“Company Commander Qin, I really didn’t expect you to have reached the point where you can build a special force!”

After seeing Qin Yuan, Xiao Zhenwu said with a smile. To be honest, he was shocked because it was not as easy as he thought to build a special force!

Xiao Zhenwu was very clear about the difficulty of this!

“Fourth Company Commander, this is the trust of the military commander, so at the beginning, we can only poach soldiers from our paternal family!”

Qin Yuan replied with a smile. The establishment of Battle wolf was no longer a secret. Kang Lei should have received the notice from the military region by now!

After all, their special forces were only considered the most ordinary existence among the special forces. It could be said that they were the special forces that the outside world would hear about!

As for the hidden special forces, perhaps only when they reached a certain level would they be qualified to know!

“Paternal family?”

Hearing Qin Yuan’s words, Xiao Zhenwu did not understand!

“I’m talking about our Iron Fist Regiment!”

As he spoke, Qin Yuan laughed loudly. He was from the Iron Fist Group, so Qin Yuan had always treated the Iron Fist Group as his family!

“I see!”

Xiao Zhenwu laughed. This was the first time he had heard such a description in the army!

“Then it’s settled. If the brothers of the 4th Company are willing to follow you, I’ll have to trouble Company Commander Qin to help me take care of them!”

The soldiers of the Fourth Company were all treasures in Xiao Zhenwu’s heart. Every soldier of the Fourth Company had been brought up by him with all his heart. Although he was not as capable as Qin Yuan, they were still his hard work, so he could not bear to part with them!

“Don’t worry! Fourth Company Commander, do you still not trust me?”

Qin Yuan knew very well what the soldiers of the fourth company meant to Xiao Zhenwu!

“Qin Yuan, you good kid, you’ve been hiding it from me until now!”

Chapter 268: Depart for Battle Wolf Base! (Three Chapters Combined)

Just as Qin Yuan and the others were chatting, a rough and resentful voice was heard!

Everyone looked out the door and saw Kang Lei walking in while cursing. Accompanying him was Political Commissar Bi Guotao!

Kang Lei did not expect the military commander to transfer Qin Yuan away to form a special forces team. When he received the notice from the military this morning, he was shocked for a long time!

The task of forming the second special forces of the Southeast Military Region could be said to be very difficult. Moreover, Qin Yuan was still so young. It could be imagined how much the military commander valued Qin Yuan!

“Regiment commander! Political commissar! Why are you guys here?”

Seeing Kang Lei and Bi Guotao walk in, Qin Yuan immediately walked up and asked.

“You’re leaving tomorrow, and you’re not allowing us to come over and take a look?”

Kang Lei laughed loudly. He was very happy that Qin Yuan had formed Battle wolf. He was very proud that his Iron Fist Regiment had produced such soldiers!

“Regiment commander! Political commissar!”

Gong Jian and Xiao Zhenwu greeted Kang Lei and Bi Guotao!

“Yes! ”

Kang Lei nodded and replied!

“Today! The three months of recruit life for these guys have ended. As for Qin Yuan, I agree to your application!”

“But... The choice of the soldiers of the 4th Company is up to them. I won’t ask!”

Today, Qin Yuan submitted the application for the transfer of the soldiers of the recruit company to Kang Lei. Qin Yuan did not let the military commander directly dispatch them. After all, it was not very nice.

No matter what, the recruits were still soldiers of the Iron Fist Regiment, so it would be best if Kang Lei agreed!

“Regiment commander! Thank you!”

Qin Yuan was very grateful for Kang Lei’s decision. After all, this meant that all the recruits of the Iron Fist Regiment would be taken away by him this year. The other companies would not be able to get any reinforcements this year!

“Don’t have to be so polite. If it weren’t for you, they wouldn’t have had the chance to join the special forces!”

Kang Lei knew very well that this was all because of Qin Yuan. If not for his ability to train soldiers, it would have been impossible for these recruits to enter the special forces in just three months!

He didn’t know when it started, but even Kang Lei felt a little dazed. When did it become so easy to join the special forces?

One had to know that in the past, it was already a blessing for their entire regiment to have one or two outstanding special forces soldiers!

Now that Qin Yuan had arrived, not only the logistics company, but even the new recruits who had only been recruited for three months could participate in the selection of the special forces!

“Rascal, do you want to try it too?”

As he spoke, Kang Lei looked at Xiao Zhenwu. To be honest, Xiao Zhenwu was the seedling he had the most optimistic about back then. However, this kid had gone crazy at that time and actually refused to join the Wolf Fang Special Forces!

At that time, Kang Lei was so angry that he ignored Xiao Zhenwu for a long

Lillie:

“Sir, I just want to stay in the Iron Fist Regiment. I’m not going anywhere!”

Xiao Zhenwu answered Kang Lei with certainty. To him, he only wanted to stay in the Iron Fist Regiment. He didn't really want to enter the special forces. If he wanted to go, he would have gone to Wolf Fang earlier!

“You brat! I really don't know what you're thinking!”

To be honest, Kang Lei was very clear that Xiao Zhenwu had already imprinted the Iron Fist Regiment into his bones. His military career would only be in the Iron Fist Regiment. Kang Lei was actually a little gratified about this, but mixed with some pity!

To be honest, although Xiao Zhenwu's ability was not as good as Qin Yuan's, at least he had a lot of room for development!

Now that Xiao Zhenwu's illness had been cured, he wanted Xiao Zhenwu to go to the special forces to give it a try!

“Regiment commander! I just want to continue listening to you scold me in the Iron Fist Regiment. I know my own abilities very well. If I go to the special forces and become a special forces soldier, I'll let Commander Qin and the others play!”

Xiao Zhenwu laughed as he spoke.

His feelings for the Iron Fist Regiment were too strong. He could not leave the Iron Fist Regiment at all!

Qin Yuan understood Xiao Zhenwu's choice very well. Xiao Zhenwu's feelings for the Iron Fist Regiment had already been integrated into his flesh and blood. Moreover, Xiao Zhenwu's position was to serve the country and the people no matter where he was!

“Alright then!”

“Those guys from the Fourth Company, if they're willing, let them follow Qin Yuan! After all, they have the right to choose their future!”

Kang Lei said to Xiao Zhenwu after a moment of silence. He knew Xiao Zhenwu's feelings for the soldiers of the 4th Company, but this was a very good opportunity for the soldiers of the 4th Company. In the past, he wouldn't even dare to think about it, but now it was different!

“Don't worry, Sir. I won't force my thoughts on the brothers of the 4th

Company. See, I've brought the brothers of the 4th Company here today!”

“As long as Commander Qin likes the brothers of the 4th Company, I won't say anything even if they are taken away!”

Xiao Zhenwu replied Kang Lei with a smile. He had already told his brothers in the fourth company about this matter before coming!

Seeing that Xiao Zhenwu did not refuse, Kang Lei nodded in relief!

“Qin Yuan, if you like any of the soldiers in the other companies in our regiment, you can transfer them away. I know that Battle Wolf has just been established. As for your training standards, there’s no need to mention them.. As long as they have good physiques, I believe that you can bring them out!”

Chapter 269: Depart for Battle Wolf Base! (Three Chapters Combined)

As he spoke, Kang Lei turned his head and said to Qin Yuan. Although Qin Yuan had transferred away many outstanding soldiers of the Iron Fist Regiment this time, and the strength of the Iron Fist Regiment would definitely be weakened for a period of time, if a regiment could produce so many special forces seedlings, Kang Lei would have the right to brag to the other regiment commanders!

Because this was something to be proud of!

“Regiment commander, are you sure?”

Hearing Kang Lei’s words, Qin Yuan asked with a smile. At first, he was worried that Kang Lei would not be able to withstand the transfer of too many soldiers, but now he was thinking too much!

“When have I ever lied to you? The military reform will be carried out in two days. At that time, the other companies will be merged into the Iron Fist Regiment. Moreover, I can hand over the Iron Fist Regiment to Xiao Zhenwu!”

Kang Lei said to everyone indifferently. His current appointment had been announced. The 801st division had undergone military reform, and the Iron Fist Regiment had merged into the ranks of the navy. He had been promoted from the commander of the Iron Fist Regiment to the commander of the Iron Fist Combined Brigade!

He already had a candidate in mind for the position of the Iron Fist Regiment’s leader, and that was Xiao Zhenwu!

He had submitted the report early this morning. He believed that the military commander would give him an answer in two days!

“It seems that you are starting to get rich, Leader. I won’t be polite then!”

Hearing Kang Lei’s words, Qin Yuan immediately understood that after the military reform, the Iron Fist Regiment would be upgraded to the Iron Fist Brigade, and Kang Lei would be promoted from regiment commander to brigade commander!

Therefore, there would be more troops to control next. In this case, Qin Yuan would not be polite with Kang Lei. Now, he was just lacking good soldiers to forge battle wolf.

Because Battle wolf was not just a small team of a few people! Qin Yuan’s idea was to build a special forces regiment that was full of special forces soldiers!

“Regiment commander? What do you mean by handing the Iron Fist Regiment over to me?”

“Are you okay?”

Xiao Zhenwu was surprised by Kang Lei’s words. He had just returned and didn’t know that the Iron Fist Regiment had merged into the navy. Although he had heard from Gong Jian that the 801st Division was undergoing military reform and that the Iron Fist Regiment’s name had been retained, he still didn’t know that Kang Lei had been promoted to brigade commander! “Old Xiao! You little brat, are you sick or are your brains damaged?”

“If the serial number is retained, the regiment commander is no longer a regiment commander, but a brigade commander!”

Gong Jian could not help but laugh when he saw Xiao Zhenwu asking such an idiotic question!

Seeing this scene, everyone laughed. This kind of question did not need to be asked by the people in the army. Everyone knew it very well!

“This... I’m sorry, I didn’t react in time!”

As he spoke, Xiao Zhenwu smiled awkwardly. After all, he had just returned. He did not understand many things clearly!

“Regiment commander, do you want to reconsider handing the Iron Fist Regiment over to me?”

To be honest, Xiao Zhenwu didn’t expect Kang Lei to give him this mission as soon as he returned. He didn’t expect to be the leader of the Iron Fist Regiment!

“Alright, you’ve been on strike for so long. You want to escape as soon as you come back?”

“It’s settled then. I’ve already submitted the report to the military commander!”

Kang Lei didn’t give Xiao Zhenwu the chance to refuse. Xiao Zhenwu’s personality was like this. No matter what, he always looked aloof from the world. Even being the company commander of the fourth company was forced by Kang Lei!

“Alright, Old Xiao, you should lead the Iron Fist Regiment properly. After all, after we leave, the Iron Fist Regiment will have to rely on you and the other company commanders!”

Gong Jian, who was standing at the side, said softly. He was very clear about Xiao Zhenwu’s personality. He knew that if Kang Lei didn’t make the decision for him, Xiao Zhenwu wouldn’t even consider these problems!

“Alright. Alright then!”

After saying that, Xiao Zhenwu nodded. He had really never thought about this position!

“Alright, let’s have dinner together tonight! Otherwise, who knew when we would meet again!”

All of this was a good thing for Kang Lei. The Iron Fist Regiment was retained, and Xiao Zhenwu's illness was cured. Although he could not keep Qin Yuan, he believed that Qin Yuan and the others would not let him down!

“Let's go! The soldiers are waiting for us!”

Qin Yuan saw that everyone was almost done chatting, so he said to everyone. He was very happy today. This was the best result. The matters of the Iron Fist Regiment had basically been settled. Next, he could set up Battle wolf with peace of mind!

“Good!”

After saying that, everyone walked towards the canteen of the recruit company.

For a moment, everyone finished their dinner happily. Qin Yuan made Kang Lei drunk and the others as usual. Actually, Kang Lei usually did not drink that much, but he was really happy today, so he drank a lot!

After sending Kang Lei back, Xiao Zhenwu brought the brothers of the Fourth Company back. This time, half of the brothers of the Fourth Company chose to follow Qin Yuan.

Most of the remaining half had the same thoughts as Xiao Zhenwu, but Qin Yuan was already very satisfied. Originally, he did not plan to transfer the soldiers of the fourth company away. Now that he could take away half of them, he was very happy!

After settling the soldiers left behind by the fourth company, Qin Yuan returned to his room to rest!

On the morning of the second day, the people of the recruit company and the brothers of the fourth company were waiting for Qin Yuan's orders on the training ground!

Chapter 270: Depart for Battle Wolf Base! (Three Chapters Combined)

“Brother Bing! Last night, I heard from the brothers of the 4th Company that the company commander is bringing us to the special forces to participate in the selection!”

For a moment, a soldier from the recruit company asked Wang Yanbing who was beside him. He had only found out about this after chatting with his brothers from the 4th Company during dinner last night

“To participate in the special forces selection?”

Hearing this news, Wang Yanbing was a little surprised. He did not expect Qin Yuan to bring them to participate in the special forces selection competition.

Moreover, hadn't they already rejected the invitation of the Wolf Fang Special Forces? Why was he suddenly going to participate in the special forces trials?

“Yes, I heard it from the veterans of the 4th Company!”

The soldier nodded with certainty!

“Chenguang, what do you think? Is the company commander really going to take us to the special forces selection?”

As she spoke, Wang Yanbing immediately asked He Chenguang. After all, Wang Yanbing still did not quite believe this news. If Qin Yuan really wanted to bring them to participate in the special forces selection competition, he would not have stopped them from rejecting the Wolf Fang chief’s invitation back then, so Wang Yanbing could not figure it out!

“I’m not too sure about this either. I heard them say it last night!”

He Chenguang was a little puzzled. He had heard the soldiers of the 4th Company mention this last night, but he was not sure if it was true!

“Even if we participate in the selection, isn’t it still two days away? The Wolf Fang Special Forces selection competition was only going to start in two days, right?”

Seeing that He Chenguang was a little puzzled, Wang Yanbing said softly, because the news of the Wolf Fang Special Forces selection competition had been told to them two days ago!

“Not to the Wolf Fang Special Forces, but to some Wild Wolf Special Forces! I heard a veteran say that last night!”

At this moment, Li Erniu immediately said after hearing their conversation.

‘Wild wolf Special Forces?’

“Which military region’s special forces are they from? Why haven’t I heard of it before?”

After hearing Li Erniu’s words, Wang Yanbing was stunned. He had never heard of the Wild Wolves Special Forces before. Moreover, why would the soldiers of the Southeast Military Region go to other military regions instead of their own special forces?

“Brother Niu, did you hear wrongly? I think I heard that it’s the Battle Wolf Special Forces!”

After hearing Li Erniu’s words, the soldier said in a daze. The person he heard last night seemed to be Battle wolf, not the Wild Wolf Special Forces!

“Brother Niu, are you sure you heard Wild Wolf and not Battle wolf?”

As she said that, Wang Yanbing confirmed it again. After all, compared to the Wild Wolves Special Forces, even a normal person would think that the name Battle Wolves Special Forces was more domineering!

“This...I don’t know, but it’s just some wolf!”

Seeing Wang Yanbing staring at him, Li Erniu replied in embarrassment.

“Alright, no matter if it’s Wild Wolf or Battle wolf, our Southeast Military

Region doesn't have this special force. As far as I know, the Southeast Military Region only has Wolf Fang's special force!"

He Chenguang said to the crowd. To be honest, he had never heard of any special forces in the Southeast Military Region other than the Wolf Fang Special Forces!

"That's strange. If there isn't, then why would the veterans of the 4th Company say that?"

At this moment, Wang Yanbing was very confused. Since there were no other special forces in the Southeast Military Region, why would the veterans of the 4th Company spread such news?

"Alright! No matter what, we'll know when the company commander comes.

We can't just blindly guess here!"

He chenguang was a little surprised, But rather than guessing here, It was better for them to know when Qin Yuan arrived!

"That's true!"

Wang Yanbing nodded helplessly!

"Attention!"

Just as they were chatting, the squad leader shouted!

After everyone heard the order, they immediately organized their teams!

"Today, you are going to the next place. I have been very happy to train with you for the past three months. You are all very good and the best recruits I have ever led!"

"The three months of life as a recruit has ended. Your next task will be even heavier and more arduous. The greater the strength, the greater the responsibility! "

"No matter where you are in the future, you must remember that you are a soldier, a Chinese soldier. You must never lose the pride of a Chinese soldier!"

As he spoke, the eyes of the squad leader were filled with tears, and the tears in the corners of his eyes were forcefully suppressed!

To be honest, he liked these recruits and his brothers in the 4th Company very much. He had already decided last night to stay in the 4th Company and the Iron Fist Regiment!

Therefore, today was the last day he would be with the people in front of him. Therefore, he was still very reluctant to part with them!

"Yes, sir!"

"Yes, sir!"

For a moment, the entire training ground was filled with the soldiers' replies!

Looking at the teary eyes of the Squad leader Lao Hei, everyone felt a little uncomfortable. To be honest, the Squad leader Lao Hei had taken the most care of the recruits for the past three months. The training that Qin Yuan gave them was very cruel. If not for the Squad leader Lao Hei's constant concern for them, some of them might not have been able to withstand such training!

“Good! Brothers of the 4th Company, you must always listen to the arrangements of Company Commander Qin. From today onwards, his words are orders.. No matter what happens in the future, I hope you remember that you will always be soldiers of the 4th Company!”
