

## Special Troop 271

Chapter 271: Depart from Battle Wolf Base! (Three chapters combined)

As he spoke, the squad leader turned to the soldiers of the 4th Company. He had watched these brothers of the 4th Company grow up, so his feelings for them were very deep!

“Understood! Squad leader Lao Hei!”

The soldiers of the 4th Company replied to the Squad leader Lao Hei in a loud voice. Only perseverance and unwavering spirit could comfort the Squad leader Lao Hei!

Qin Yuan, who was standing not far away, saw this scene. Qin Yuan could understand the Squad leader Lao Hei’s choice. Although the Squad leader Lao Hei had always had the dream of entering the special forces, he did not know why he chose to stay in the Iron Fist Regiment in the end!

Perhaps it was just as Squad leader Lao Hei had said, he would devote his entire life to the army. For a veteran like Squad leader Lao Hei, their idea was to stay in the army and contribute to the army as much as he could!

Yuan’s heart, veterans like Squad leader Lao Hei were true soldiers!

Even if they didn’t come out of the special forces and didn’t have such powerful strength, they had been integrated with the army for their entire lives! “Squad leader Lao Hei! Are you really not going to give it a try?”

Qin Yuan walked to the side of Squad leader Lao Hei and said softly.

“Company Commander Qin, I won’t go. I’m already old. I still hope to continue to be in the Iron Fist Regiment for the rest of my life!”

“No matter where you go, you’re contributing to the country and the people, right?”

Hearing Qin Yuan’s question, Squad leader Lao Hei smiled and answered Qin Yuan!

If it was a few years ago, he might have really wanted to follow Qin Yuan and give it a try, but now, he seemed to have lost that enthusiasm!

“Alright, Lao Hei, I’ll come back to see you!”

Qin Yuan did not continue to say anything. From the look in the Squad leader’s eyes, Qin Yuan could tell that he had already made up his mind.

“Alright! Company Commander Qin, I will wait for you at the Iron Fist Regiment! I’ll leave these guys to you. I’ll return to the Fourth Company in a while!”

Squad leader Lao Hei smiled and gave Qin Yuan a hug. Squad leader Lao Hei always felt a sense of familiarity with Qin Yuan. Perhaps Qin Yuan was the reincarnation of his previous Squad leader!

Because Qin Yuan was too similar to his previous Squad leader!

“Good! Don’t worry, I’ll take good care of them!”

Qin Yuan nodded.

“Yes! Then I’ll go back first!”

After saying that, Squad leader Lao Hei walked towards the office without looking back. The moment Squad leader Lao Hei turned around, Qin Yuan saw the tears dripping from the corner of Squad leader Lao Hei’s eyes!

Qin Yuan knew Squad leader Lao Hei’s feelings for everyone, but there was nothing he could do about it!

“Everyone. The target is the military airport.”

Qin Yuan knew that they could only use even more brilliant results to repay Squad leader Lao Hei and Kang Lei!

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan led everyone in the direction of the airport!

Qin Yuan had transferred some soldiers from the other companies of the Iron Fist Regiment last night. Gong Jian was on his way to the other companies at this time!

Two hours later, Qin Yuan brought everyone to Battle wolf’s base!

After getting off the plane, He Chenguang and the others were shocked by the environment in front of them!

They had never thought that the environment here would be so primitive.

Those huge trees had completely overturned their understanding of trees. Moreover, they were now under the sinkhole. They had never seen such a place before. Looking at the surrounding environment, everyone exclaimed in their hearts!

“Isn’t this place too beautiful? There’s actually such a primitive deep forest!”

“That’s right! I’ve never seen such a huge tree in the countryside!”

“Training in such a place is simply wonderful!”

For a moment, everyone was very excited.. Training in such a place was like a vacation for them!

Chapter 272: He Chenguang and Leng Feng?

“Commander, where did you bring us to?”

Wang Yanbing looked around and couldn’t help but exclaim in her heart.

“Dark Forest! Battle wolf Base!”

Qin Yuan looked at everyone and replied calmly. Qin Yuan had long expected everyone's shock!  
"Dark Forest?"

"Battle wolf Base?"

For a moment, the recruits and the crowd revealed puzzled expressions! They had never heard of the Dark Forest that Qin Yuan mentioned!

"Company Commander, is Battle wolf really the second special force that our Southeast Military Region has just established?"

After hearing Qin Yuan's words, He Chenguang asked softly. After coming here, it confirmed He Chenguang's guess. Qin Yuan planned to bring them to the special forces to participate in the special forces selection competition!

"Yes!"

Qin Yuan nodded. It was time to tell everyone about this!

After hearing Qin Yuan's confirmation, everyone was very excited. This was the first time they had heard of the second special force of the Southeast Military Region, the Battle wolf Special Forces. They didn't expect Qin Yuan to bring them here!

"I brought you all here today to participate in the Battle Wolf Selection. So, I only have one request for all of you. No one is allowed to drop the ball!"

When they arrived at their destination, Qin Yuan told everyone his purpose for coming here. In this Battle Wolf selection competition, Qin Yuan planned to choose the instructors of the second Battle Wolf team from these soldiers.

Moreover, if it was possible, Qin Yuan would take these soldiers into the Battle wolf. After all, training soldiers was not a problem for him at all!

"Yes, sir!"

"Yes, sir!"

For a moment, everyone's faces were filled with excitement. At this moment, the doubts in their hearts were confirmed!

They really did not dare to think about entering the special forces. Moreover, they did not expect Qin Yuan to bring them to the special forces!

"Next, you will face a selection test that is crueler than the previous training. Only by passing this selection test can you become a qualified special forces soldier!"

"I've already given you a chance. The rest is up to you!"

As he spoke, Qin Yuan turned his head and said to everyone.

Although he had brought everyone from the recruit company here, they still had to pass the Battle Wolf's selection test. The main thing was that they still had to wait for Long Xiaoyun's opinion in

the end. However, Qin Yuan still believed that everyone's strength would be enough to complete the Battle

Wolf's selection test!

Qin Yuan had originally planned to train these soldiers first. He did not inform the various companies about the selection like the Wolf Fang Special Forces!

“Got it, Company Commander. Don't worry, we won't let you down!”

The recruits answered Qin Yuan loudly. They had originally planned to follow Qin Yuan to the logistics company, but they did not expect Qin Yuan to bring them here!

For a moment, everyone was extremely excited. They yearned for the special forces. At first, when the head of the Wolf Fang Special Forces invited them to participate in the preliminaries, they were a little touched, but in the end, they

still chose to follow Qin Yuan!

“Let's go! Go in!”

With that, Qin Yuan led everyone in!

At this time, Long Xiaoyun was leading the members of the Battle Wolf Team 1 and Leng Feng to transport the military supplies needed for the base. Leng Feng and the others had been following the members of the Battle Wolf Team 1

to build the Battle Wolf Base ever since they arrived!

“Leng Feng, why do you think the military commander transferred us here?”

Why do I feel that these people are so strong!”

Yu Fei asked Leng Feng softly. They had been building this place ever since they came here, and no one had told them what they were doing here!

“I'm not too sure either, but since the commander has gathered so many of us together, it definitely won't be simple. Moreover, these people are indeed very strong. To put it bluntly, we might not be able to defeat any of them!”

After arriving here, Leng Feng was very shocked, especially when he saw the members of Battle wolf. He was very shocked because every member of these members was so strong!

Originally, he thought that his strength was already strong enough, but after arriving here, he realized that no one here was weaker than him!

“That's right! I feel that these people have an indescribable aura about them.

This army is indeed too strong!”

At that moment, Shao Bing, who was at the side, said in surprise.

Because they came together, they had known each other for a while. After they entered this place, Long Xiaoyun only asked them to carry the military supplies and build the surrounding facilities. As for what they were going to do next, Long Xiaoyun didn't tell them.

“Do you think they are the special forces?”

Shao Bing said to Leng Feng and the others as he looked at the members of the Battle wolf. He had been paying attention to the members of the Battle wolf team ever since he arrived here. He felt that this was not simply an ordinary team because they wouldn't have such an aura!

“Special forces? Isn't there only one special force in our military region, Wolf Fang?”

Chapter 273: He Chenguang and Leng Feng?

“But from their armbands, they don't look like they're from the Wolf Fang Special Forces.”

“Shi Sanba, is it really as you said? Are they really the second special forces in our military region?”

Everyone immediately looked at Shi Sanba, because before they came, only Shi Sanba had mentioned this!

“It should be. I heard from our regiment commander that the commander of the military region has already sent him a notice. The second special force of our Southeast Military Region has been established!”

“From what we've seen, we should be the base of the second special forces.

They just transferred us here like that. Don't they want to conduct a selection?”

Shi Sanba told everyone his guess. After all, to enter the special forces, they had to go through a strict and cruel selection test. They had been building these facilities since they arrived, and Long Xiaoyun did not tell them anything!

Just as they were chatting, Qin Yuan walked in with the new recruits!

“More people!”

At this moment, Yu Fei noticed Qin Yuan walking in with his men. When Qin Yuan and the others approached, Shi Sanba and the others were stunned!

“Leng Feng???”

“F \* ck, why does that person look exactly like you?”

At this moment, they noticed He Chenguang walking in. For a moment, they were all stunned. Even Leng Feng's face revealed an incredulous expression!

At this moment, Wang Yanbing and the others noticed Leng Feng and the others, and everyone's expression was the same as Shi Sanba and the others!

“Chenguang? That person? Why is that person exactly like you?”

“F \* ck, are you twins?”

He Chenguang's eyes met Leng Feng's. The entire scene fell silent because everyone in the recruit company was stunned. They did not expect that there would be people who looked exactly the same in this world!

He Chenguang's brows furrowed tightly. To be honest, he definitely did not have any twin brothers. He was the only one in his family!

However, he didn't expect that there would be someone who looked exactly like him. For a moment, He Chenguang and Leng Feng were shocked!

Qin Yuan grinned. To be honest, when he first saw their file photos, he was shocked for a long time. He did not expect two people who were not related by blood to look so similar!

However, if you looked closely, you would find that Leng Feng looked much more experienced than He Chenguang. Moreover, Leng Feng's face had a hint of hostility, while He Chenguang's face had a hint of sunshine!

“Leng Feng!”

“He Chenguang!”

The two of them buried the shock in their hearts. To be honest, this was the first time they had seen such a thing!

Leng Feng had never seen He Chenguang before, and He Chenguang had never seen Leng Feng before either. However, the fact that the two of them had bumped into each other was very shocking!

“Yan Bing, do you think I have bad taste? If it weren't for the fact that their clothes were different, I really wouldn't have been able to tell which one Chen Guang was! ”

Li Erniu stood at the side and stared at He Chenguang and Leng Feng. He didn't expect the two of them to look exactly the same!

“Not to mention you, even I can't tell! This was too ridiculous! Chenguang said that he was the only one in his family and had no brothers!”

Wang Yanbing looked at the two people in front of him in disbelief. This kind of thing was too ridiculous for him, and Wang Yanbing never thought that he would encounter such a situation.

“Alright! All of you should get to know each other!”

“I believe that some of you are still curious about why you were transferred here, but I know that you should have heard some news!”

“That's right, this is the base of the second special force of the Southeast Military Region, the Battle Wolf Special Forces!”

“The reason why I chose you is because you meet my requirements. Here, I will introduce myself to everyone again!”

“My name is Qin Yuan, the captain of the Battle Wolf Special Forces and the absolute leader here. From today onwards, you can call me Captain Qin!”

As he spoke, Qin Yuan said loudly to everyone because there were still some soldiers here who did not know what they were here for. For example, Leng Feng and the others had never seen Qin Yuan before!

“Qin Yuan? Wasn’t that the person who the regiment commander had said would train a logistics company to the level of a special forces in three months? Moreover, during the military exercise, he seemed to have led the logistics company to defeat the Lone Wolf Team B of the Wolf Fang Special Forces?”

Shi Sanba whispered in surprise.

They had heard of Qin Yuan’s deeds. Previously, they were very curious about what such an awesome person looked like. They did not expect him to be Qin

Yuan!

“So those soldiers were members of that logistics company?”

For a moment, Shao Bing and the others looked at Qin Yuan in surprise. They did not expect Qin Yuan to be so young. Moreover, he was sent to form the second special forces!

Leng Feng was staring at Qin Yuan. He did not know why he could not see through Qin Yuan’s strength. This was the first time he had encountered such an illusory feeling!

To be honest, he could feel the depth of everyone’s strength, but only Qin Yuan made him feel a chill in his heart!

“I really didn’t expect that we would meet such an awesome person in such a way!”

Yu Fei exclaimed in surprise. They had all heard of Qin Yuan’s reputation, but they did not expect to meet him in person at this time!

“Starting from tomorrow! You will be undergoing the selection test for the Battle wolf Special Forces, and only those who pass will be qualified to stay here. Although Battle wolf has just been established, I can guarantee you that Battle wolf will be a unique special force, and will become the strongest special force!”

“You only have one chance, and I have personally selected all of you, so I hope that all of you can persevere through this selection! ”

“I don’t want any of you to choose to give up. If you can’t even persist like this, then I, Qin Yuan, have misjudged you!”

Qin Yuan noticed the shock of Leng Feng and the others, but now was not the time to be shocked. Since he had transferred them here to participate in the Battle wolf selection, Qin Yuan hoped that these people could persevere as he had expected!

“Don’t worry! Captain Qin! We definitely won’t let you down!” “Yes, I am! We will definitely stay!”

At once, Leng Feng and He Chenguang answered firmly!

To be honest, the ones who were the most surprised were Leng Feng and the others. This was because they had nothing to do with Qin Yuan at all, and their strength had not reached the level of the special forces. However, Qin Yuan had actually managed to defeat them!

Therefore, they were still very curious why Qin Yuan would choose them!

“Very good!”

“You don’t have to think about anything now. Remember that you are soldiers.

Soldiers should have the pride and courage of soldiers!”

“Battle wolf is different from other special forces. You will only encounter inhuman torture and training here!”

“If any of you choose to retreat, you can tell me now. I will immediately arrange for someone to send you back because Battle wolf doesn’t need cowards!”

“After today, you won’t have this chance!”

Qin Yuan immediately said to everyone. His tone was very serious because he knew that Battle wolf did not have much time left. If they wanted to quickly increase Battle wolf’s strength, they could only continue to train and increase the difficulty of the training!

Because only then would Battle wolf have the qualifications to challenge the special forces of other military regions. Qin Yuan’s goal in creating Battle wolf was to make Battle wolf the strongest special forces!

Perhaps he didn’t have the chance in the past, but now that he was asked to form Battle wolf, he had to make Battle wolf the strongest special forces!

Chapter 274: Not Many! Only About 180 People!

“We are not afraid!”

“Yes, Captain Qin, we are not afraid!”

For a moment, everyone answered Qin Yuan firmly. This opportunity to enter the special forces was a rare opportunity for any of them!

Therefore, they would not choose to give up so easily. Leng Feng and the others were very excited. Although Battle wolf’s reputation was not as great as the other special forces, Qin Yuan’s reputation was not for show. Following Qin Yuan might bring them different surprises!

“Good!”

Qin Yuan swept his gaze across everyone from left to right. Seeing their determined gazes, Qin Yuan was very satisfied!

The main reason why he chose these soldiers was that Qin Yuan knew them better. Therefore, in the following selection, Qin Yuan still believed that they would all pass!

“Captain, you’re back?”

At this moment, Geng Hu and the members of the Battle wolf team walked towards Qin Yuan when they saw him!

“Where are the instructors?”

After seeing Geng Hu, Qin Yuan immediately asked. Qin Yuan had been back for so long, but he did not see Zhou Qing, Long Xiaoyun, and the others! “They are all in the command room now. Captain Long is there too!”

Geng Hu immediately replied.

“Okay! Geng Hu, take them to build barracks first!”

“Yes, sir!”

Geng Hu immediately led He Chenguang, Leng Feng, and the others toward the treehouse.

Qin Yuan turned around and walked towards the command room of the base. Qin Yuan chose to set up the command room in the cave. This cave was a natural command room!

Here, Qin Yuan had used all the space he could. Although it was not very luxurious, it could make the entire Battle Wolf base blend in with the environment here!

A few minutes later, Qin Yuan walked to the front of the cave. At this time, the facilities inside were basically complete, and Long Xiaoyun and the others had solved the power problem!

“Team Dragon, we’ve basically completed the facilities of the base. We should be able to operate normally next!”

After Liu Ye finished all the preparations, he said to Long Xiaoyun, who was at the side. Liu Ye had been extremely busy these two days. The base construction blueprint that Qin Yuan had left for him gave him a headache!

Because many of the facility blueprints were unfamiliar to him, he could hardly understand them, as these training facilities were entirely different from the usual ones!

Most of Qin Yuan’s and his training facilities’ blueprints were very complicated. If Long Xiaoyun had not explained the functions of these training facilities to him in the end, he really did not know what these facilities could be used for!

“That’s good. Oh right! Other than the surveillance in our base and the surveillance in the sinkhole, have you set up anything else?”

As he spoke, Qin Yuan and Long Xiaoyun immediately asked. The Battle wolf 'selection competition would begin in the next two days, so Long Xiaoyun paid special attention to the installation of this basic equipment. After all, the Dark Forest was not like other places!

They had to be extra careful when training here. After all, this place was full of all kinds of dangers. Although such an environment was conducive to the training of soldiers, the danger factor here was uncontrollable. Long Xiaoyun had no choice but to be careful!

“This...I'm really sorry, Captain Long!”

“We haven't finished building the forest outside the sinkhole because we were attacked by the wolf when we came here. Many of the soldiers are injured, and Captain Qin isn't here, so we don't dare to take the soldiers out!”

Liu Ye felt a little embarrassed. After all, he knew that they were not strong enough. If they went out easily, they might encounter uncontrollable danger. However, as a special force soldier, they did not even dare to go out of the sinkhole. It would be embarrassing if word got out!

However, what else could he do? Who asked Qin Yuan to choose this place as Battle wolf's base? To be honest, if Qin Yuan had not brought them here, he might not have set foot in this place in his lifetime!

“It seems that there are advantages and disadvantages to choosing this place as the base!”

After hearing Liu Ye's words, Long Xiaoyun sighed. To be honest, other than her and Qin Yuan, the others in the entire Battle wolf might not be able to come back alive once they got out of the sinkhole. She even felt that even if she got out of the sinkhole, she might not be able to deal with the ferocious beasts outside!

In the past two days, she had been patrolling outside the sinkhole. It was because she had been entering the inner part of the Dark Forest that she had a deep understanding of the horror of the Dark Forest!

In addition to the strange environment, there were all kinds of fierce beasts. The deeper they went, the stronger they were. She even encountered many large beasts that could not be seen from the outside!

Therefore, she could understand Liu Ye's awkward mood. When she chose this place with Qin Yuan, she did not expect that the danger here was so serious that it exceeded her expectations!

“Yes, I am! Although this place is not bad, it's really too dangerous. With our current strength, we can't walk out of the sinkhole at all. If it wasn't for Captain Qin finding such a place, we really can't guarantee that all of us would be alive!”

“Old Zhou is right. With our current strength, it's indeed a little awkward to choose this place as our base!”

At this moment, Zhou Qing and Liu Ye shook their heads helplessly. Without Qin Yuan, they seemed to have lost their backbone. However, in the end, they were still not strong enough.. If they were strong enough, why would they not dare to go out?

## Chapter 275: Not Many! Only About 180 People!

For a moment, Long Xiaoyun was lost in thought. She had not considered this problem at that time because she had only thought that this place was a little more dangerous than ordinary places.

But now, she was a little worried. Back then, she had hesitated for a long time. If Qin Yuan had not directly decided to choose this place, she might have considered other places!

“This...We'll discuss it with Qin Yuan when he comes back!”

After a long silence, Long Xiaoyun whispered to the two of them. To be honest, it was not a good idea to keep training in the sinkhole. However, she could not guarantee the safety of all the members when she brought the team out. Therefore, she was in a difficult position. After all, it would be very troublesome to change the base at this time!

‘Why are you three frowning?’

Qin Yuan looked at Zhou Qing and the other two and fell silent for a moment. He walked in from outside the cave. Just as he arrived outside, he heard the conversation between Long Xiaoyun and the others!

Seeing that Long Xiaoyun was at a loss, Qin Yuan smiled and walked in. Looking at Long Xiaoyun's expression, Qin Yuan knew very well that Long Xiaoyun should have explored the internal situation of the Dark Forest by herself. Otherwise, Long Xiaoyun would not have such thoughts about changing bases! !

“Captain Qin?”

“Captain?”

“Qin Yuan?”

Hearing Qin Yuan's voice, the three of them immediately turned their heads in surprise and saw Qin Yuan grinning at them!

“Have you finished your business?”

Seeing Qin Yuan return, Long Xiaoyun was a little surprised. She thought that Qin Yuan would not return for at least a few days, but she did not expect him to come back today!

“I'm done. If I didn't come back, you would have wanted to change bases!”

Qin Yuan answered Long Xiaoyun with a smile. Qin Yuan knew about their conversation just now!

Their worries were reasonable. After all, the Dark Forest was indeed very dangerous! With the current strength of the Battle wolf, it was indeed very difficult for them to face the dangers of the Dark Forest!

“Captain Qin, to be honest with you, this place is indeed too dangerous. Without you around, we really don't dare to bring the team out. If anything happens, we can't guarantee the safety of our team members!”

Zhou Qing said to Qin Yuan awkwardly. After experiencing the attack of the wolf pack, he knew very well that with their current strength, they could not guarantee the safety of their team members after they went out!

After all, they did not have Qin Yuan's abnormal strength. If they could be like Qin Yuan, they would not be so worried now!

"Yesterday, I went to the depths of the forest. The danger here is indeed beyond my expectations!"

As he spoke, Long Xiaoyun's brows furrowed tightly. Qin Yuan noticed the scratch marks on Long Xiaoyun's hand. It was obvious that Long Xiaoyun must have been attacked by some kind of ferocious beast. Moreover, a ferocious beast that even Long Xiaoyun was afraid of was definitely not simple!

"I'm fine! Don't worry too much, as long as we can get out of here, then we will have the strength to fight in the special forces competition!"

"You know very well that with our current strength, it will be difficult for us to compete with the other special forces in the special forces competition.

Moreover, we only have a few months left!"

A faint smile appeared on Qin Yuan's face. The reason why he chose this place as the training base of Battle wolf was to prepare for the upcoming special forces competition!

Furthermore, it would be quite difficult to raise Battle wolf's strength to the level of the other special forces within a few months!

After all, the special forces of the other military regions were veteran special forces. If they wanted to achieve a different result in the special forces competition, they could only take the unconventional path!

"This... But... Captain Qin, other than you who can handle the danger here, the other members don't have the strength!"

"And the Battle Wolf Selection is about to begin. Can the members of the first team handle these dangers?"

Zhou Qing knew that if they could train here and walk out of here unscathed, their strength would definitely be greatly improved.

However, the current situation made him worried about the upcoming selection. After all, they could not guarantee the safety of all the soldiers participating in the selection.

"Don't worry, the moment they enter Battle wolf, they have to know this in their hearts. If they are afraid of danger, it's better to return to the regular troops. After all, the special forces are experiencing danger all the time!" "We can't just give up on the mission because it's too dangerous, right?"

“The meaning of Battle wolf’s existence is to face all dangers, to face all impossibilities!”

“The mission of the special forces is to complete the mission that ordinary people can’t complete. Why did they form Battle wolf? It’s to carry out very difficult missions!”

Looking at the worried expressions of Long Xiaoyun and the other two, Qin Yuan said to them firmly.

The purpose of the special forces was to carry out dangerous and difficult missions. When the motherland and the people needed them, they had no reason to refuse!

“Alright then! I’ll ask the military commander for some weapons and equipment with stronger firepower. After all, the danger level here is indeed too high.. We can only do our best to ensure their safety!”

Chapter 276: Not many! Only About 180 People!

After hearing Qin Yuan’s words, Long Xiaoyun nodded helplessly. After all, she understood what Qin Yuan said. Since Qin Yuan still decided to choose this place, she had no reason to continue saying anything!

“Sure, the two of us will assemble the surveillance cameras outside the sinkhole later!”

Qin Yuan did not reject Long Xiaoyun’s request to apply for heavy firepower weapons and equipment. After all, having more weapons and equipment would make them feel more at ease!

“Alright!”

Long Xiaoyun nodded. These surveillance cameras had to be set up. After all, this was the most direct way for them to see what happened during the soldiers’ training!

“Old Zhou, are your injuries alright?”

Qin Yuan turned his head and asked Zhou Qing.

“There’s no big problem. I’m recovering now!”

Zhou Qing replied with a smile.

“Good! Old Zhou, we don’t have much time left. In a few months, we’ll be facing the same special forces as us. They’re all very strong, and many of them have been around for a long time, so we can only speed up our training!”

“The military commander values our Battle wolf very much! I’m looking forward to it!”

Qin Yuan knew what Chief Gao Shiwei was looking forward to. He knew very well that the Southeast Military Region needed a special force that could stand out in front of the other military

regions. Although Wolf Fang had been established for a few years, there was still a gap between them and the special forces of the other military regions!

“I know, Captain Qin. We will increase our strength as soon as possible and definitely won’t disappoint the Bureau Chief and the others!”

Zhou Qing understood that Qin Yuan was planning to make Battle wolf famous in the next few months, and the only way was to obtain outstanding results in the special forces competition!

“Vice-captain Liu, go and see if the soldiers have built a place to live. After they have built it, arrange for them to rest!”

“Instructor Gong should be back soon. When he comes back, the Battle wolf selection will begin!”

“Alright, I’ll go over and take a look first!”

After saying that, Liu Ye walked out and followed Qin Yuan’s instructions to walk in the direction of the soldiers!

Qin Yuan and Long Xiaoyun took the surveillance equipment and walked out of the sinkhole. Only the two of them could do this.

This was because only Qin Yuan and Long Xiaoyun could enter the Dark Forest. The other team members did not have the strength yet!

Three hours later, the night began to cover the entire Dark Forest. Qin Yuan and Long Xiaoyun returned to the bottom of the sinkhole!

“Company Commander Qin!”

Just as Qin Yuan returned to the treehouse, a loud voice called out to him.

“Jiang Feng?”

Seeing the familiar face, Qin Yuan was a little surprised. He did not expect Jiang Feng from the sixth company to come with Gong Jian!

“Company Commander Qin, long time no see. I really didn’t expect you all to be here now!”

When he saw Qin Yuan, Jiang Feng was very excited. He only knew that their company commander had asked him to follow Gong Jian, but he did not expect to meet Qin Yuan here!

Although he didn’t know what he was here for at first, he was shocked by everything here. Moreover, he met his brothers from the logistics company here. When he found out that they were here to participate in the special forces selection, Jiang Feng was very excited!

“Do you already know why you’re here?”

Qin Yuan had a deep impression of Jiang Feng. It could be said that Jiang Feng was one of the top soldiers of the Sixth Company. It was certain that Gong Jian would take a fancy to him!

**“I know! Commander Qin, don’t worry. I will definitely cherish this opportunity and pass this selection!”**

Jiang Feng knew in his heart that the people who came here were all very strong. Moreover, his brothers from the logistics company had brought him around just now. He realized that everyone here was very strong!

In the end, he found out that other than the brothers from the logistics company, the others were all transferred here to participate in the Battle Wolf Special Forces selection!

The brothers of the logistics company were now members of the Battle Wolf Team 1, and Qin Yuan had become the leader of this special force!

**“Good! I hope we can still fight side by side in the days to come!”**

Qin Yuan did not forget their experience of being in danger at sea. He knew very well that Jiang Feng was a good soldier. However, at that time, he was the

vanguard of the Sixth Company, and Qin Yuan did not give him much help!

**“Definitely! ”**

To be honest, Jiang Feng was very curious about Qin Yuan. He did not know why he had always admired Qin Yuan, but he realized that Qin Yuan was indeed too mysterious!

Jiang Feng was the first to know about the logistics company’s deeds. If he had not been in the sixth company and the sixth company commander had treated him too highly, he would have really wanted to follow Qin Yuan and become a soldier under him!

**“Good! How has Company Commander Six been recently?”**

To be honest, Qin Yuan had not seen Company Commander Liu for a long time.

Qin Yuan still felt that Company Commander Liu was not bad. Back then, Company Commander Liu had led Company Commander Liu to help Qin Yuan manage the garrison for a long time!

**“The company commander is very good, but he definitely doesn’t know that you will be the one to form the second special forces of our Southeast Military Region!”**

Jiang Feng said with a smile. They knew about the news of the establishment of Battle wolf, but they did not expect Qin Yuan to be the one who formed Battle wolf.. If they had not come here to see the brothers of the logistics company, Jiang Feng would not have known about this!

Chapter 277: Not Many! Only About 180 People!

**“We have to listen to the commander’s arrangements and orders. Since we’re here, we should strive to stay. Don’t embarrass the sixth company commander!”**

**“Are you the only brother from the 6th Company?”**

Qin Yuan patted Jiang Feng's shoulder and said. To be honest, Qin Yuan was happy that Jiang Feng had come. After all, the Sixth Company was an old acquaintance of his!

“Other than me, there are more than 30 comrades in our Sixth Company!”

“Company Commander Qin, don't worry. We will not embarrass the Sixth Company. Although I know that the selection will be very cruel and they are all very strong, the soldiers of the Sixth Company will not admit defeat so easily!”

Jiang Feng was very excited to answer Qin Yuan. To be able to come here was an opportunity for them, an opportunity to become a special forces soldier!

Therefore, no matter how cruel and difficult the following selection was, they would persevere. Especially after seeing the brothers from the logistics company and Qin Yuan, they were even more determined to enter Battle wolf!

Although he knew that the people who came here were stronger than them, he would not give up this opportunity to follow Qin Yuan!

“Good! I believe you can do it!”

“Go back and have a good rest. You won't have the chance to rest anymore!”

Qin Yuan smiled. He had been preparing for the qualifiers for the past two days, so the people he had selected were still relatively free for the past two days. However, it would be different after tomorrow!

They would only face an even crueler test. Although Qin Yuan knew that some of these soldiers did not need to undergo the selection test, this was, after all, the first selection test for Battle wolf, so they had to go through it!

“Yes, sir!”

After saluting Qin Yuan, Jiang Feng retreated. Looking at Jiang Feng's back as he left, Qin Yuan felt that time had passed really quickly. One had to know that

when he met Jiang Feng, he had just taken over the logistics company not long ago!

So much time had passed in the blink of an eye!

“Captain Qin! You're back!

Behind Qin Yuan, Gong Jian walked over when he saw Qin Yuan return!

“Instructor Gong, how many people did you bring from the other companies of our Iron Fist Regiment this time?”

After seeing Gong Jian, Qin Yuan asked with a smile. He must have used the radar to scan the area and found that there were many more people!

“Not many. Only about 180 people!”

Gong Jian replied to Qin Yuan with a smile. He knew that Qin Yuan did not intend to inform the other regiments and companies about the Battle Wolf Selection, so after obtaining Kang Lei's permission, he did not stand on ceremony. As long as it was a soldier with good conditions, he would think of a way to transfer them over!

After all, he believed in Qin Yuan's ability to lead troops. Although Qin Yuan said that there would be an elimination system, Gong Jian knew very well that Battle wolf was different from other special forces!

The Battle Wolf Special Forces was meant to be a Special Forces unit on the same scale as the Special Forces Brigade, not just an ordinary team!

Therefore, Battle wolf needed a large number of high-quality soldiers!

"180 people? Good heavens, wouldn't the Regiment commander's face fall?"

"Moreover, you have transferred so many elite soldiers from the company commanders of other companies."

Hearing Gong Jian's words, Qin Yuan could imagine the expressions of the company commanders at that time!

"Hehe, Captain Qin, you don't know, but those company commanders' faces were all black!"

"Especially the 6th Company Commander. I brought 40 people with me in the entire 6th Company. At that time, the 6th Company Commander's face was twitching, but you know that I went with the regiment commander's orders."

Gong Jian said to Qin Yuan with a smile. He was quite happy to be able to bring these soldiers!

"Instructor Gong, you're quite ruthless! The Regiment commander's heart was probably bleeding from transferring so many people at once!"

Chapter 278: I Didn't Think Long Xiaoyun Was So Competent! (Three Chapters Combined)

Looking at Gong Jian's grin, Qin Yuan was amused. Gong Jian was really ruthless. He had transferred so many people from the Iron Fist Regiment at once!

Even though the Iron Fist Regiment would continue to recruit soldiers from other companies after the military reform, the soldiers that Gong Jian transferred over were all elites of the Iron Fist Regiment!

"Isn't this for Battle wolf! Didn't you say that Battle wolf is different from the other special forces? Right now, Battle wolf does indeed need a large number of outstanding soldiers!"

After joining Battle wolf, Gong Jian, as the instructor of Battle wolf's second team, was very clear about Battle wolf's current situation. Besides, other than him and Long Xiaoyun, there was not a single soldier in the second team!

“Don’t worry! After the selection, it’s time to prepare for the special forces competition!”

Qin Yuan did not have any objections to Gong Jian bringing so many soldiers with him! Training the soldiers was not a problem for him. However, Qin Yuan planned to select some excellent soldiers from these participating soldiers to be members of the second team!

Qin Yuan did not intend to let the other soldiers go back. He kept them in Battle wolf to form a specialized, modern, and information-based special forces team.

These fields required professionally trained talents, so Qin Yuan was quite happy!

“Captain Qin, I heard that the special forces of the other military regions are very strong. Can we compete with them in a few months?”

Hearing Qin Yuan mention the preparation for the special forces competition, Gong Jian thought of the strength of the special forces in the other military regions. In the past, he might not have had access to this information, but now, as the instructor of the Battle Wolf Second Team, Long Xiaoyun had given him the information about the special forces in the other military regions!

Therefore, Gong Jian now had a certain understanding of the strength of these special forces!

“Nothing is impossible. Battle wolf is here to break the impossible!”

“Tomorrow, we will select the soldiers we transferred over. We will select the 50 stronger ones to enter the second team!”

“Also, Instructor Gong, go and find out if there are any talents who are proficient in network information technology among the soldiers we transferred over. Also, make a statistics of each of their special skills.”

Qin Yuan had already thought it through. Battle wolf’s existence was not only a special force team with relatively strong military strength, because the current war was no longer determined by military strength. Network information warfare and electronic warfare were wars without smoke!

Therefore, for Battle wolf, not only did they have to be strong in military strength, but they had to be strong in the field of information warfare and electronic warfare. Therefore, nurturing these talents was a top priority!

Qin Yuan wanted to build a comprehensive special forces corps. No matter what form of war it was, Battle wolf would be able to win immediately. He would never give the enemy any advantage against them!

“This...Captain Qin, why are you looking for these talents?”

Hearing Qin Yuan’s words, Gong Jian was a little puzzled. Shouldn’t the current goal be to improve the combat strength of the soldiers? Why did Qin Yuan find these network technology talents?

“Instructor Gong, we should prepare for a rainy day. You know that our current war is not just a real war. Cyber warfare and electronic warfare are all wars without smoke!”

“But it is undeniable that this is a sharp weapon, even an important weapon of the country!”

In recent years, with the development of the internet, the military had covered a large number of network technologies, so cyberwar had started. Qin Yuan was very clear about this, so the establishment of the Battle Wolf Network Technology Team was a top priority. Moreover, Qin Yuan planned to start nurturing these talents from now on!

“That’s true. Why didn’t I think of this problem?”

After hearing Qin Yuan’s explanation, Gong Jian realized the seriousness of this problem. It had to be said that the current military wars could not be separated from the support of network technology. If Battle wolf could form an army of network technology, then their strength would increase greatly!

“I’ll go take a look now!”

“Okay!”

After saying that, Gong Jian immediately walked toward the soldiers’ barracks. Battle wolf really needed the network technology that Qin Yuan mentioned!

After Gong Jian left, Qin Yuan returned to his residence. Now, everything was in full swing. Qin Yuan’s expectations for Battle wolf were still very high!

However, he knew that he could not rush it. He could only perfect Battle wolf bit by bit. Ever since he obtained the advanced computer programming skills in the system, Qin Yuan was still very confident in network information!

Therefore, after the members of Battle Wolf Team 2 were selected, Qin Yuan would train the remaining soldiers according to the different needs of Battle Wolf!

Qin Yuan opened the system and entered the system store. After browsing around, he did not find any skills that he could use at the moment, so he exited the system store!

His current skill points were indeed too few. Many useful skills required too many exchange points. He could not afford it at all!

“Next, I have to earn more skill points!”

Looking at the remaining three million skill points, Qin Yuan couldn’t help but feel a bit helpless.. The items in the system store currently require a lot of skill points, so with the amount he has, it doesn’t seem quite enough!”

Chapter 279: I Didn’t Think Long Xiaoyun Was So Competent! (Three Chapters Combined)

After logging out of the system, Qin Yuan washed up briefly and went to sleep on the bed!

Early the next morning, Qin Yuan woke up from his sleep. He slept exceptionally soundly last night. After Qin Yuan got up and put on his clothes, he opened the window of the study room and stretched!

“If we weren’t in the army, perhaps living in this kind of place wouldn’t be too bad!”

Looking at the scenery outside the window, Qin Yuan felt very comfortable! The scenery at the bottom of the sinkhole was pleasant. The surroundings were filled with the smell of nature, making one feel relaxed and happy!

Dong dong dong...

Just as Qin Yuan was still intoxicated, there was a knock on his room door!

“Qin Yuan, are you up yet?”

Outside the door, Long Xiaoyun called out softly!

When Qin Yuan heard this voice, he walked over curiously and opened the door!

“What’s wrong? Why are you up so early?”

Seeing Long Xiaoyun standing outside the door, Qin Yuan asked curiously.

“I want to ask you, when you built this treehouse, did you not consider the problem of taking a bath?”

Long Xiaoyun felt a little awkward as she said that. She hadn’t bathed for two to three days!

She was the only girl here. The rest were all boys, so the soldiers had run to the pool not far away to bathe. However, it was not convenient for her. After all, there was only so much space here and there was no place suitable for her to bathe!

“Um... This... I didn’t think of this problem at that time!”

After hearing Long Xiaoyun’s words, Qin Yuan said helplessly. To be honest, he did not consider this problem at first. After all, there were only boys here at that time, so Qin Yuan did not build a bathroom when he built the treehouse! But now that Long Xiaoyun had said so, Qin Yuan was a little embarrassed! “Can you help me build one in my room?”

As she spoke, Long Xiaoyun felt a little embarrassed. Although she was very good at training, she knew nothing about building these things!

Moreover, when she came and saw the treehouses built by Qin Yuan, she was extremely amazed because not only was Qin Yuan very strong in terms of ability and strength, but he was a master in terms of survival skills!

“Alright, I’ll get one for you now. I really didn’t think of it if you didn’t tell me!”

To be honest, Qin Yuan felt that he needed a separate bathroom in his room!

“Thank you.”

Long Xiaoyun didn't say anything else, so she turned around and walked back to her room!

Qin Yuan returned to his room, took his tools, and followed Long Xiaoyun to her room. Long Xiaoyun's room was just below him. The two of them were not far apart because they were both on a huge tree!

After entering Long Xiaoyun's room, there weren't many things in the room, but a woman's fragrance assailed his nose!

Qin Yuan glanced around, but in the next moment, Qin Yuan was stunned. His eyes were staring at the woman's personal items not far away, and he could not come back to his senses for a long time!

At this moment, Long Xiaoyun noticed Qin Yuan's expression, so she followed Qin Yuan's gaze and looked over. Then, her face instantly turned red!

"Pervert, still looking!"

As she spoke, Long Xiaoyun immediately ran to the bed, then picked up her undergarments and stuffed them into her backpack. She did not expect that she was going to take a shower just now and after looking around, she did not find anything. Then, she came back and put these clothes on the bed. She forgot to pack her things and brought Qin Yuan here!

"Um... I really didn't see anything!"

Long Xiaoyun's loud shout shocked Qin Yuan, so he turned around and did not dare to face Long Xiaoyun directly!

Long Xiaoyun was a little embarrassed. At this moment, she wished she could find a hole to hide in. This kind of thing was really too embarrassing. For a moment, she did not know what to say!

"F \* ck, I didn't expect this Long Xiaoyun to be so outstanding! This should be 36D at least!"

Turning around, Qin Yuan sighed softly in his heart. He did not expect such a thing to happen. For a moment, Qin Yuan could only stand there foolishly and did not dare to move!

This was indeed a little awkward, but Qin Yuan had to admit that he was a little surprised, because he usually didn't know that Long Xiaoyun had such material!

Long Xiaoyun's face was red. She sorted out everything in the room. She checked again and again. She didn't miss anything. After that, she whispered to Qin Yuan,"

"Take a look at where it's suitable to build it, and then quickly help me get it done!"

Long Xiaoyun didn't want to talk about what happened just now. After all, it was too embarrassing. How could she keep holding on to it?

After hearing Long Xiaoyun's words, Qin Yuan slowly turned around and looked at Long Xiaoyun's face. It was red, but it was not angry. Qin Yuan did not say anything else!

As he spoke, Qin Yuan picked up the tools and began to build in the southeast corner of the room!

Half an hour later, Qin Yuan had built a small bathroom that was about a few square meters. Looking at the bathroom that Qin Yuan had built, Long Xiaoyun was still very satisfied!

**“The next step is to build a water tower on the tree and then let the water flow!”**

Qin Yuan packed up his tools and was very satisfied with his results. All he needed to do now was to install the water source and do the sewage disposal!

**“Thank you! ”**

Long Xiaoyun thanked him softly. If it wasn't for the fact that she didn't know how to do it, she wouldn't have bothered Qin Yuan. When she thought of what had just happened, Long Xiaoyun felt very embarrassed!

**“You're welcome. I'll install one in my room when I go back! I'll pull the water source in a while and prepare the sewage.. It can be used after that!”**

Chapter 280: I Didn't Think Long Xiaoyun Was So Competent! (Three Chapters Combined)

Qin Yuan said with a smile. To be honest, he felt that it was necessary to install this bathroom in the room!

**“Okay!”**

Long Xiaoyun nodded!

**“Then I'll go back first. Let me know when it's done!”**

**“Sure!”**

As he spoke! Qin Yuan immediately returned to his treehouse and began to fiddle with it!

An hour later, after Qin Yuan had finished the sewage and water tower, he asked Geng Hu to bring the water source over!

**“Captain, why don't you help me build one too?”**

Looking at the bathroom that Qin Yuan had made, Geng Hu was very envious. After all, how could he not want a separate bathroom!

**“Get lost. If you want to do it, do it yourself. When have I become a coolie?”**

For a moment, Qin Yuan cursed with a smile. Qin Yuan shook his head helplessly at Geng Hu's request. He had been called over by Long Xiaoyun early in the morning to do this, and now he had to do it for someone else. How could he be in the mood?

**“Captain, I'm just afraid that I might make this treehouse collapse, wouldn't that destroy your artwork?”**

Geng Hu scratched his head helplessly. To be honest, he wanted to do it himself, but he was really afraid that the treehouse would be scrapped if he fiddled with it!

**“Get lost! Why would a man like him want a private bathroom? You should go to the pool with the other team members to bathe!”**

After hearing Geng Hu's words, Qin Yuan scolded him with a smile. For a moment, Qin Yuan wondered if he had done the right thing by building these treehouses in the first place!

"Captain, aren't you a man too?"

Hearing Qin Yuan's words, Geng Hu smiled foolishly!

"If you have the ability, do it yourself..

Hearing Geng Hu's words, Qin Yuan was very helpless. Although Geng Hu looked honest on the surface, his skin was not as thick as usual!

"In a while, the selection will be held. Are you all ready? This time, as official members of the Battle wolf, you can't embarrass me!"

As he spoke, Qin Yuan immediately changed the topic. He did not want to continue this conversation with Geng Hu!

"Don't worry, Captain. We won't have any problem dealing with these guys!

Besides, how could we possibly embarrass you!"

Geng Hu laughed loudly and patted his chest as he promised Qin Yuan. Zhou Qing had told them what they were going to do today yesterday. All the arrangements had been made and they were just waiting for the selection to begin!

"That's good. Go back and prepare!"

"Tell Vice Captain Liu that he will be waiting for me on the training ground with the soldiers!"

At present, the facilities that should be prepared were almost ready. Next, Qin Yuan had to bring these guys into the Dark Forest to participate in the selection!

"Yes, sir!"

After saying that, Geng Hu immediately retreated and ran in Liu Ye's direction!

After Geng Hu left, Qin Yuan told Long Xiaoyun that everything was ready before returning to his room to wash up!

Twenty minutes later, Qin Yuan walked to the training ground. At this moment, Liu Ye was leading the soldiers who were participating in the preliminaries to warm up!

"Gather!"

Seeing that Qin Yuan had arrived, Liu Ye immediately gave the order for everyone to gather!

Soon, everyone stood in rows after hearing the order, quietly waiting for the next order!

Today was the day of the selection, and everyone was extremely excited. As long as they could pass all the tests in the selection, they would have a chance to stay in Battle wolf!

“Captain! I’ll leave the rest to you. Team One is ready. When we get out later, we’ll arrange the team members according to your instructions!”

Liu Ye walked to Qin Yuan’s side and said. He had already informed the team members of the mission that Qin Yuan had arranged for them. Although Liu Ye knew that even they could not guarantee the safety of the soldiers outside the sinkhole, Qin Yuan had said that it was an opportunity to train. They could not stay in the sinkhole forever!

Moreover, with Qin Yuan around, he felt much more at ease because he knew Qin Yuan’s strength the best!

“Good! Later on, you, Old Zhou, and Instructor Gong will lead Team One to carry out the original plan. No one is allowed to show mercy to these guys, and no one is allowed to deliberately go easy on them! Because this is the selection for the second batch of Battle wolf members, I hope that they can rely on their own strength to pass all the tests!”

Qin Yuan instructed Liu Ye. After all, many of these soldiers had a good relationship with the members of the first team, especially the soldiers of the sixth company!

“Understood! Captain! We all know this very well!”

Liu Ye knew what Qin Yuan was worried about, so he immediately promised

Qin Yuan. They would not go easy on them in this selection just because they had a good relationship with them. However, even if they did not participate, the danger of the Dark Forest alone was enough to make these soldiers suffer!

“Good!”

Qin Yuan nodded!

At this moment, Zhou Qing, Gong Jian, and Long Xiaoyun walked towards the group!

“Captain Qin, can we start now?”

As soon as he walked to Qin Yuan’s side, Zhou Qing immediately asked.

“That’s enough! You, Instructor Gong, and Vice-Captain Liu will lead the team out first!”

Qin Yuan nodded and said..
