

Special Troop 281

Chapter 281: I Didn't Think Long Xiaoyun Was So Competent!

“Good!”

As they spoke, Zhou Qing and Gong Jian followed the plan they had agreed on yesterday and led the members of Battle wolf Team One out of the crater!

“Next up is the Battle wolf selection. I believe you all already know! So I won't Day

“Before you came here, you were all the best soldiers in your respective companies. Some of you were very good soldiers and officers, but after you came here, you only had one identity, and that was to be wolf cubs!”

“Don't think that my words are unpleasant. What you're going to face next is much more ruthless than what I'm going to say!”

“I hope that all of you can successfully pass this selection competition because this is an opportunity for all of you, an opportunity to face all kinds of experts!”

“Although the current Battle wolf isn't very prominent and is just a newly established special forces, I can tell you that Battle wolf will definitely be different. It will definitely become the strongest special forces!”

Qin Yuan said loudly to all the soldiers participating in the selection. Qin Yuan's gaze was very determined. He wanted everyone to know that the meaning of Battle wolf's existence was to become the strongest existence!

“Yes, sir!”

“Yes, sir!”

For a moment, the entire sinkhole was filled with the soldiers' firm replies!

Although Battle wolf's current reputation was indeed not as good as the other special forces, they had heard of Qin Yuan's reputation. Moreover, most of their soldiers had been trained by Qin Yuan, so they knew very well how strong Qin Yuan was!

They might have some doubts about Qin Yuan's words if they were said by someone else, but they would choose to believe Qin Yuan unconditionally!

“Good! The first stop of the selection competition is to get out from here. The bottom of the sinkhole is more than 160 meters high. You can only climb up by using the rope!”

“There are no protective measures during the entire process. If you are not strong enough and fall halfway, then you can only accept your fate. It is not as easy as you think to enter Battle wolf!”

Qin Yuan’s tone was very serious. He was not joking with them. Qin Yuan did not have any pity for the training, because this was a test for the soldiers and a form of training! “Yes, sir!”

“Yes, sir!”

After hearing Qin Yuan’s words, everyone looked towards the cliff. There were more than ten hemp ropes as thick as their wrists vaguely hanging there. Looking at the top of the cliff that could not be seen, everyone let out a breath of cold air!

The sun hadn’t fully risen yet, so the sinkhole was shrouded in some fog, so they couldn’t see how high the cliff was at all!

“Isn’t it too dangerous for you to let the soldiers climb the cliff of the sinkhole without any protective measures?”

After hearing Qin Yuan’s words, Long Xiaoyun asked with some worry. This was not included in the training plan they discussed yesterday. Although Long Xiaoyun knew that the selection would not be too simple, it was indeed too dangerous.

After all, the cliff of the sinkhole was more than 100 meters high. It was very dangerous for the soldiers participating in the selection to climb without any safety measures!

If anything happened during the climb, these soldiers might lose their lives!

“It’s okay. Just listen to me!”

“If you can’t even deal with this fear, then don’t even think about the battlefield in the future!”

Qin Yuan had made this decision at the last minute. The first stop was to overcome their fear. Qin Yuan, who had the climbing skill, was not worried about any accidents. If anything happened, Qin Yuan would be able to ensure the safety of the soldiers in time!

However, climbing up like this was a challenge to the soldiers’ hearts.. As long as they could overcome the fear in their hearts, they could face anything head-on and be invincible in future wars!

Chapter 282: During the Selection!

After hearing Qin Yuan’s words, Long Xiaoyun did not say anything else. Qin Yuan was right. If they wanted to win in the future battlefield, they had to overcome the fear in their hearts now!

No matter what they faced, the soldiers of the Battle Wolf could only face all the difficulties and missions if they had a fearless spirit!

Long Xiaoyun was very clear about how cruel the future battlefield would be. The current training was to complete the difficult tasks in the future!

Therefore, Long Xiaoyun could understand Qin Yuan's motive for doing this. If one wanted to join Battle wolf, he had to have the spirit of not being afraid of death!

Looking at the cliff that was so steep that they couldn't even see the top, all the soldiers participating in the selection took a deep breath!

"Chenguang, how can we climb up this high?"

Li Erniu looked at the cliff that towered into the clouds, and he was a little nervous. To be honest, Li Erniu was still a little flustered when he was asked to climb the cliff that was more than a hundred meters tall without any protection!

"We have no choice. Who asked us to only follow the captain? Besides, the captain brought us here. It won't be so simple!"

Looking at the cliff in front of them, He Chenguang softly said to Li Erniu. Climbing without protection was indeed a big psychological challenge for them. If they could not face the fear in their hearts, they might not even be able to pass this stage. It would have ended from the beginning!

"Yes, no matter what, we can only bite the bullet!"

Wang Yanbing's heart was trembling. Climbing such a high cliff without any protection, if they were not careful, they might really lose their lives. However, if they wanted to stay, they had to pass this stage. Moreover, this was only the first stage of this selection, so they had no choice!

"I'll go first!"

As he spoke, He Chenguang was the first to climb up. He had to take the lead for everyone. After all, they had no other choice!

Immediately after, Wang Yanbing followed He Chenguang and climbed up the net!

Seeing that He Chenguang and Wang Yanbing had already climbed up, Leng Feng took the lead to climb up from the other side. He Chenguang and the others were private soldiers, so they naturally could not be afraid!

Seeing that someone had already begun to lead the way up, all the participating soldiers followed closely behind!

Since they had already arrived, they definitely couldn't admit defeat before they even started!

"Oh my god, only a madman would come here to die!"

Li Erniu sighed softly as he watched them climb up one by one. He took a deep breath and followed closely behind them!

At this moment, Qin Yuan had turned on the early warning radar and was constantly paying attention to the situation on the battlefield. Because there were no protective measures, if anyone could not overcome the fear in their hearts, something would definitely happen. Therefore, Qin Yuan stared at all the soldiers on the cliff to prevent any accidents from happening!

After more than ten minutes, He Chenguang and Leng Feng climbed to the middle position. After the two of them looked at each other, they increased their climbing speed!

To be honest, the two of them were a little surprised. The two of them looked too similar. They felt that this was a little ridiculous, but this world was so big that anything could happen!

“You’re not bad!”

After catching up to He Chenguang, Leng Feng praised him. He didn’t expect a private like He Chenguang to have such stamina and strength. From the beginning until now, He Chenguang’s speed didn’t decrease at all!

“You’re welcome!”

He Chenguang smiled and replied to Leng Feng, then continued to climb up. Seeing He Chenguang climb up, Leng Feng increased his speed. At this time, the two of them secretly competed!

After more than ten minutes, He Chenguang and Leng Feng reached the top almost at the same time!

“You guys have only been in the army for three months, right? He really didn’t expect to have such physical strength!”

After climbing to the top, Leng Feng’s face was a little surprised. He Chenguang’s physical fitness was indeed not any weaker than a veteran who had been in the army for a few years. After all, He Chenguang had only joined the army for three months!

It was already terrifying that He Chenguang was able to match him in terms of physical fitness!

“This is all because when I was in the recruit company, the company commander had very high requirements for our training. Otherwise, I wouldn’t have been able to do it!”

Seeing Leng Feng praise him so much, He Chenguang smiled and replied to Leng Feng. They had obtained such physical strength and strength in three months because Qin Yuan had been very strict with their training, and they had not relaxed at all!

“Company commander? Who is the company commander of your new recruit company?”

Leng Feng wasn’t very clear about the identity of the company commander of the new recruits. Therefore, to be able to train soldiers like He Chenguang in three months, he had to admit that He Chenguang’s company commander was indeed very capable!

“It’s the current Captain Qin. Before Battle wolf was formed, he was the company commander of our recruit company! ”

Speaking of Qin Yuan, He Chenguang said to Leng Feng with a smug expression. He felt quite proud to be able to become Qin Yuan’s soldier!

“Captain Qin? Wasn’t he the company commander of the Iron Fist Regiment’s logistics company?”

“So your recruit company is a recruit company of the Iron Fist Regiment? And they were all brought out by him?”

Chapter 283: During the Selection!

Hearing He Chenguang say that they were also brought out by Qin Yuan, Leng Feng’s face was a little unsettled!

In other words, other than the two dozen people who had been transferred by Long Xiaoyun to participate in the Battle Wolf Selection, the others were all from the Iron Fist Regiment, and they were all soldiers led by Qin Yuan!

If so many people were drawn from the Iron Fist Regiment at once, wouldn’t the Iron Fist Regiment’s commander be upset?

However, he also admired Qin Yuan at the same time. If Qin Yuan had stayed in the Iron Fist Regiment for a longer period of time, it was possible that the entire Iron Fist Regiment’s soldiers would have reached the standard of the special forces!

Leng Feng already knew the soldiers of the Logistics Company. They were all members of the Battle Wolf Team 1. He had also seen some of the soldiers of the Iron Fist Regiment’s 4th Company during the military exercise with the 801st Division!

Only He Chenguang and the others did not know that they were also soldiers of the Iron Fist Regiment!

In the beginning, he only saw He Chenguang and the others come and find out that these soldiers were all recruits this year through their epaulets. At that time, he was already a little surprised!

This was because it was the first time he had seen so many new recruits participating in the special forces selection. However, he did not ask too much at that time!

“That’s right, we are all soldiers of the Iron Fist Regiment. Captain Qin is also the company commander of our recruit company, so we are all soldiers that he trained up!”

Seeing Leng Feng’s surprise, He Chenguang nodded and said. He Chenguang had also noticed that other than Leng Feng, the other soldiers participating in the selection were all transferred from their Iron Fist Regiment!

“No wonder! So you are all soldiers led by Captain Qin!”

As he spoke, Leng Feng sighed softly. He had only heard of Qin Yuan’s ability in the past, but now that he saw that He Chenguang and the others were all soldiers brought out by Qin Yuan, he was even more convinced that what Qin Yuan had said at the bottom of the sinkhole could really be realized!

And being able to follow Qin Yuan, perhaps there will be different surprises, who knows? After all, it’s the first time he has seen soldiers like He Chenguang, who were trained in just three months!”

“I hope we can pass Battle wolf’s selection!”

Looking at He Chenguang, Leng Feng said softly with a smile. At the moment, he hoped to successfully pass the Battle Wolf’s selection competition and then follow Qin Yuan to conquer the world!

“I will!”

As he spoke, He Chenguang extended his fist. When Leng Feng saw this, he also extended his fist and collided with He Chenguang!

At this moment, more and more people climbed up. After them were Wang Yanbing, Shi Sanba, and the others!

“This cliff is really not ordinary!”

Looking at the bottomless bottom of the sinkhole, Li Erniu closed his eyes and grabbed the rope tightly. For a moment, he was unable to move!

“That’s right! Brother Niu, I really can’t climb anymore. I’m afraid of heights!”

Fatty Zhang was also like Li Erniu. The two of them held onto the rope tightly and could not climb up anymore!

Because the two of them did not move, everyone behind them was also stuck in the middle of the cliff!

“Brother Niu, Fatty! If the two of you don’t climb up, we really won’t be able to hold on any longer!”

“Yeah, Brother Niu, hurry up and continue climbing. Otherwise, we will all die here!”

“Fatty, do your best!”

For a moment, the people behind them also shouted loudly. If Li Erniu and Fatty Zhang were to stay here, then they would not be able to climb up!

If they continued like this, their physical strength simply can’t support it until the end, this is not a joke, they will all die!

Qin Yuan, who was at the bottom of the sinkhole, also noticed this situation, so he shouted loudly,

“Li Erniu! Zhang Dajun! If the two of you want to die, don’t drag down the other members. Don’t ruin the lives of your comrades because of your cowardice!”

“If you want to die, then let go of the rope in your hands. Don’t hinder the progress of your comrades!”

Qin Yuan’s words were very cold, without any pity! At this moment, Qin Yuan knew very well that it would only be useful if Li Erniu and Fatty Zhang overcame the fear in their hearts!

The others could not help them at all. Qin Yuan also knew that Fatty Zhang was afraid of heights. This had always been his psychological barrier, but Qin Yuan would not treat them differently just because they were afraid of heights!

Only by overcoming their own problems could they continue their journey!

He Chenguang and the others, who had already climbed up, heard Qin Yuan's angry roar, so they lay on the edge of the cliff and looked down at what was happening below!

"Brother Niu! Fatty! Good luck!"

"Don't look down. Crawl for a while and you'll be there!"

He Chenguang and Wang Yanbing shouted at the same time.

After hearing Qin Yuan's roar, Fatty Zhang suddenly woke up. Then, he opened his eyes and immediately climbed up. He also knew that his comrades behind him had been stuck on the cliff for a period of time. If this continued, his comrades behind him would die because of his cowardice!

The current situation was not a joke. The longer they stayed on the cliff, the more danger they would be in!

At this moment, Fatty Zhang did not dare to look down at all. He desperately grabbed the rope and climbed up!

"I'll fight it out. If I can't fight it, I'll die!"

Li Erniu understood the current situation. He also knew that he could not drag his comrades down because of him. He had been afraid of heights since he was young.. When he was working at the construction site, his colleagues would not let him do aerial work after knowing his situation!

Chapter 284: During the Selection!

However, it was different now. If he didn't go up, his comrades behind him would definitely fall because of him!

To be honest, with their strength, they could easily climb up the hundred-meter cliff. The biggest test for them was to overcome the fear in their hearts!

However, this was a little difficult for the soldiers of the 6th Company and the other companies'.

As they had been in the air for too long, some of their soldiers were gradually losing their stamina. Fortunately, they could still climb up, so they gritted their teeth and persevered!

About ten minutes later, everyone had successfully climbed to the top. Other than the soldiers of the 4th Company and the Recruit Company, as well as Leng Feng and the others, the soldiers of the other companies were obviously exhausted!

This was because they were directly transferred over by Gong Jian. In terms of strength, they naturally could not compare to the soldiers that Qin Yuan had led before!

But at least they had passed the first test!

“I’m sorry, everyone! I will definitely not be like this in the future!”

“Yes, I’m really sorry!”

Li Erniu and Fatty Zhang lowered their heads and said to the people behind them. To be honest, it was fortunate that nothing had happened. Otherwise, they would never forgive themselves for the rest of their lives!

Thinking of the situation just now, they still felt a chill down their spines! “I’m fine! We are all brothers! I hope you can overcome the fear in your hearts!”

Nobody blamed them this time. If it were any of them, they would be the same. If they were afraid of heights, then this was absolutely unavoidable!

“Yes, I am! Brother Niu, Fatty, you don’t have to keep taking this matter to heart! Aren’t we all fine?”

Some of the soldiers from the recruit company comforted the two of them. They knew that Li Erniu and Fatty Zhang would blame themselves, but this was normal!

At this moment, Qin Yuan and Long Xiaoyun climbed up from the bottom of the sinkhole!

“The two of you, from tomorrow onwards, climb up from here every day to participate in the next assessment!”

As soon as he walked to Li Erniu and Fatty Zhang’s side, Qin Yuan said loudly. Regarding their situation just now, Qin Yuan would not comfort them. The best way to face fear was to constantly look straight at it!

“Yes, sir!”

“Yes, sir!”

The two of them responded loudly. They were already glad that Qin Yuan did not blame them. Now that they had realized their problem, they felt very sorry!

“Everyone has one. Next, we will proceed to the second assessment. The 360 of you will be divided into 10 teams!”

“There are 10 red flags 3 km ahead of you to the right. I want you to bring the red flags to me within 2 hours.”

“Did you all hear that?”

Qin Yuan did not continue to stay on Fatty and Liu Erniu’s issue for too long. He turned around and told everyone the contents of the next assessment!

“Yes, Sir!”

“Yes, Sir!”

All the soldiers responded to Qin Yuan’s words loudly. They were still a little surprised when Qin Yuan asked them to retrieve the folded flags from three kilometers away within two hours!

However, everyone quickly divided into ten teams according to the formation! “Brother Bing, isn’t the second test a little too easy? It’s only 6 kilometers, and we didn’t even take 2 hours?”

“That’s right! Isn’t this too simple?”

Wang Yanbing’s other soldiers asked curiously.

After all, they felt that it might be too easy to travel six kilometers in two hours!

“It shouldn’t be that simple. With the captain’s character, do you think he’ll let us pass so easily?”

“I think we should all be careful!”

Wang Yanbing knew very well that Qin Yuan would not let them pass so easily, so he knew that the second assessment would not be so simple!

“Everyone, be careful. This can’t be that simple!”

He Chenguang was very clear that the upcoming assessment would not be too simple, so he immediately instructed his team. “Alright, Brother Guang, we know!”

He Chenguang’s team immediately nodded.

The team was divided into ten teams. Wang Yanbing, He Chenguang, and Li Erniu were all separated.

Leng Feng, Jiang Feng, and the others each brought a team. “Looks like there will be a very difficult situation waiting for us!”

Shi Sanba said helplessly after hearing Qin Yuan’s words.

Out of all the troops, Leng Feng and the others were the calmest. Other than the 20 of them, there were some soldiers from the 6th Company.

However, most of their team were non-commissioned officers, so after hearing Qin Yuan’s words, they quickly knew that this would not be too simple.

“Everyone! The timer starts now. Let’s go!”

After everyone was divided into teams, Qin Yuan directly gave the order!

“Yes, sir!”

“Yes, sir!”

After saying that, everyone turned around and walked in the direction Qin Yuan had mentioned. Soon, everyone disappeared into the dense forest! “I wonder if they can safely complete the mission in this swamp!”

Chapter 285: During the Selection!

Long Xiaoyun sighed softly as she watched the soldiers leave.

“No! There was no way they could complete the task in two hours!”

“You have to know that even the members of the first team couldn’t complete it back then, let alone them!”

Qin Yuan said with a smile when he heard Long Xiaoyun’s sigh.

“In that case, why did you still give them two hours to complete the mission?”

After hearing Qin Yuan’s words, Long Xiaoyun asked helplessly. He knew that they could not complete this mission within two hours, but he still only gave them two hours. He did not want these soldiers to complete it at all! “Actually, to tell you the truth, I won’t eliminate any of these people!”

“As for why we let them participate in the selection, it’s to give them some competitive edge. Otherwise, they wouldn’t realize how difficult it is to become a qualified special forces soldier!”

“And we’ll select 50 of the strongest soldiers to join the second team!”

As he spoke, Qin Yuan explained to Long Xiaoyun indifferently. Other than Gong Jian, Long Xiaoyun and the others did not know about his thoughts! “Won’t eliminate? What do you mean?”

After hearing Qin Yuan’s words, Long Xiaoyun was a little surprised. There were more than 300 people here. How could all of them stay?

Moreover, when did the special forces’ selection suddenly require so many people? Long Xiaoyun could not make heads or tails of Qin Yuan’s words. She

did not know what Qin Yuan was thinking!

“These soldiers are all very good. Actually, even if they don’t pass the selection this time, their military quality is not bad !”

“As long as they go through a period of training, they will be able to reach the standards of our pre-selected soldiers!”

“And you know that my strongest ability is my ability to lead troops. As for how to increase their strength, I’m not worried at all!”

“As you know, our Battle wolf is different from other special forces. We are a special force that mimics foreign military operations!”

“Moreover, the special forces do not only need powerful special forces soldiers to fight. They need network technology soldiers and information soldiers!”

“The combat of the special forces is not just limited to the special tactics we know. At the same time, it requires network warfare and electronic warfare!”

“We need to develop these technical soldiers!”

“And my idea is to build a special forces corps!”

Qin Yuan continued to explain to Long Xiaoyun. Qin Yuan needed to discuss his battle plan with Long Xiaoyun!

“So this is your plan!”

After listening to Qin Yuan’s explanation, Long Xiaoyun realized something. Qin Yuan was right. The purpose of Battle wolf’s existence was different from other special forces, so their model had to be different from other special forces!

“Yes, we only have a few months to prepare. When the special forces competition begins, we will let the special forces of the other military regions see what kind of special forces Battle wolf is!”

As he spoke, Qin Yuan smiled. He was very confident that he could increase Battle wolf’s strength in the next few months. Moreover, it was a diverse special forces!

“Then let’s see if you can do what you say!”

Looking at Qin Yuan’s confident look, Long Xiaoyun said softly. She knew that Qin Yuan did not like to say empty words. Since he had already thought so, he would definitely do so!

Therefore, she was looking forward to the heights that Battle wolf would reach in a few months. If they could achieve good results in the special forces competition, then she would not let down the Bureau Chief’s expectations of Battle wolf!

“Wait and see!”

The corners of Qin Yuan’s mouth curled up. Even he was looking forward to the outcome of the competition with the other special forces in a few months.. Would the Dragon Soul Special Forces and the Thunder Special Forces be as strong as Long Xiaoyun and the others said?

Chapter 286: Such a Simple Trick!

“Platoon leader, don’t you think we’re being a little too harsh on those kids?”
Looking at the trap he had just set up, Geng Hu smiled sinisterly.

On the other side, Zheng Xiaohu led some members of the Battle Wolf Team One to set up all kinds of traps according to Qin Yuan’s requirements.

In the past, it was always them who were being abused. Now, it was finally their turn to abuse others. Therefore, Geng Hu was very happy in his heart. Just thinking about how he would deal with these kids who participated in the qualifiers made him feel very good.

“You think this is ruthless enough?”

“Thinking about how Captain treated us before, I feel that we are already very kind.

Zheng Xiaohu looked at the traps that they had set up and felt that they were already very kind. One had to know that in the last one to two months after they came to Battle wolf, they could be said to have suffered greatly.

Qin Yuan had high demands on them, so he did not show them any mercy during training. The scars on their bodies had never stopped.

“That’s true. If Captain, that God of Plagues, were to do it, he would definitely be much more ruthless than us. Even if these kids don’t die, they would be half-crippled!”

When he thought about the training they had gone through, Geng Hu still felt a little traumatized. During that period of time, he lost more than ten pounds in an instant! Because of the constant torture and high-intensity training, even his physique could not take it.

“That’s why I said that these kids didn’t let Captain set up these things.”

Zheng Xiaohu sighed softly. “Platoon leader, I’m done here.”

“We’re done too.”

In an instant, the members of Team One had set up all the traps according to Zheng Xiaohu’s arrangements.

“Alright, let’s go to the instructor’s place first. We’ll just wait quietly for them to step in.”

“The traps that Captain taught us are enough to make these guys suffer!”

After setting up all the traps, Zheng Xiaohu nodded in satisfaction. These skills were taught to them by Qin Yuan. These were the most basic traps set up by some special forces.

“Yes, sir!”

“Yes, sir!”

After saying that, everyone packed up everything and restored the surrounding environment to its original appearance. Then, they immediately walked toward Zhou Qing and the others.

“Old Zhou, the environment here is indeed very suitable for training troops.”

On the other side, Zhou Qing and Liu Ye led the other Team 1 members to set up traps in the surroundings. Looking at the dense forest, coupled with the fog that would cover it from time to time, Liu Ye sighed softly in his heart.

They were now at the outermost area of the Dark Forest, which was only about two kilometers away from the swamp they had just entered.

“Indeed. The environment of the Dark Forest is a test of the soldiers’ military quality.”

“This kind of environment not only tests the soldiers’ physical strength and reaction ability but pays great attention to the soldiers’ observation ability. No matter who trains here, they have to be vigilant.”

After hearing Liu Ye's words, Zhou Qing said softly. The environment of the Dark Forest was indeed a natural training ground. If they trained in such an environment, the strength of the soldiers would increase very quickly, and it would be very solid!

"The outer area is already like this. I wonder what will happen inside the Dark Forest. "

Looking at the depths of the forest in the distance, Liu Ye fell into deep thought. He was looking forward to what kind of danger the depths of the Dark Forest would be filled with.

"The depths of the Dark Forest are not something we can enter with our current strength. You have to know that we couldn't even deal with the Wolf King we encountered just now, let alone enter the depths."

"And we have to increase our strength as soon as possible. Otherwise, don't you think it's funny that the first batch of Battle wolf almost couldn't even get out of the base?"

Zhou Qing knew very well that with their current strength, they could barely enter the outer perimeter, let alone enter the depths.

If Qin Yuan was not in the base, they might not even dare to wander around the outer area of the Dark Forest. When he thought of the Wolf King they had encountered last time, Zhou Qing felt a little traumatized!

"That's right! If we could all have the strength of the captain, then this place wouldn't be so terrifying."

Liu Ye thought of the scene when Qin Yuan dealt with the wolf pack and was a little shocked. At that time, Qin Yuan had crippled the Wolf King with a single kick. Moreover, he was able to scare away the other wolves with just his gaze. This was the first time Liu Ye had seen such a situation.

"Therefore, we must increase our strength."

"To be honest, although we've known Captain Qin for so long, I still don't know how strong he is. I always feel that he's able to handle any situation with ease." Other than being envious of Qin Yuan's strength, Zhou Qing was very shocked because he was chasing after Qin Yuan every time, but it seemed that Qin Yuan was getting further and further away. Qin Yuan's strength was as unfathomable as a bottomless pit!

"Captain is a pervert. When I think about it now, when he first came, I thought of beating him up. But now that I think about it, I'm glad that I didn't do that at that time. Otherwise, I might have been too ashamed to face others.."

Chapter 287: Such a Simple Trick!

When it came to Qin Yuan, Liu Ye was very surprised. Qin Yuan's ability had far exceeded his imagination. Now, he was already convinced by Qin Yuan.

An outstanding person like Qin Yuan was simply the chosen one. Not only was he very strong, but his ability was very strong.

If it weren't for Qin Yuan's arrival, how could they have come back here today and become a member of Battle wolf?

Perhaps they would still be like before, leading aimless lives. They only knew how to raise pigs and grow vegetables every day. When the time came for them to retire, they would retire and go home!

Just as Zhou Qing and Ye Ye were chatting, Zheng Xiaohu returned with his team.

"Instructor, vice-captain, we've already completed the tasks you gave us!" Zheng Xiaohu walked forward to report.

"Good! Follow Captain Qin's request and hide. When they come in, he would give them a good time."

After hearing Zheng Xiaohu's words, Zhou Qing immediately said to everyone.

'Yes, sir!"

"Yes, sir!"

After saying that, the members of Battle wolf team 1 immediately dispersed, using the surrounding environment to conceal themselves.

In an instant, the surroundings returned to its original appearance. If the person who requested to enter did not observe carefully, he would not be able to discover the person hiding in the surroundings!

Qin Yuan taught them disguise techniques to the point where they have become very proficient and skilled at it.

At this moment, He Chenguang, Leng Feng, and Wang Yanbing were the first to arrive at the trap set by Zhou Qing and the others.

Although it was only a selection, they were secretly competing with each other. No matter when it was, their competitive hearts would not change. Everyone wanted to have a good result in this selection.

One had to know that Qin Yuan had said that among the soldiers who participated in the selection, only those with the highest strength could stay. However, they did not know how many people Qin Yuan would leave behind in the end, so they were all trying their best to obtain a good result!

"Why did you stop? Are you guys scared?"

Wang Yanbing said softly to He Chenguang and Leng Feng after seeing them stop.

"I keep feeling that something is wrong here. Let's stop and observe first!"

Facing Wang Yanbing's question, He Chenguang stared at the dense forest not far ahead and said.

Leng Feng did not say anything. Instead, he stopped and observed his surroundings. He felt that something was not right. Years of training had improved his alertness. Therefore, when he arrived here, he felt that there was something wrong with the dense forest in front of him.

“What are you nervous about? There aren't any traces of the enemy here, and even if there were any traps, the commander wouldn't just ambush us here, right?”

“Aren't you guys making a fuss over nothing?”

Looking at the He Chenguang, Wang Yanbing said loudly. They had just entered, and the surrounding area was covered in dense jungle. This location was not suitable for setting traps or ambushes, so he didn't believe there would be any danger here.

He Chenguang stared ahead for a while and the corners of his mouth curled up. He saw something that did not belong to the surrounding environment. He knew that those things must be traps.

“If you're not afraid, then you go first!”

“But don't blame me for reminding you that there are traps here.”

After hearing Wang Yanbing's words, He Chenguang smiled at Wang Yanbing.

He Chenguang looked at Leng Feng. He realized that Leng Feng was smiling as well. It seemed that Leng Feng had discovered the traps here.

“I'll go then. I don't believe that even if there are traps, what can they do to

“Besides, I encountered many traps when I was in the recruit company.”

After hearing He Chenguang's words, Wang Yanbing couldn't stand the provocation of He Chenguang's words, so he led his team into the dense forest.

Seeing that Wang Yanbing and the others did not believe him, He Chenguang did not say anything. Looking at Leng Feng, the two of them smiled at each other and led their teams to the sides.

Unlike Wang Yanbing, they did not choose to face these traps head-on. Therefore, they chose to bypass these traps and rush toward their destination in another direction.

“The leaders of those two teams are quite good. There are really good soldiers among them.”

Seeing He Chenguang and Leng Feng bypass the trap they had set up, Zhou Qing sighed softly.

To be honest, he admired He Chenguang and Leng Feng's eyesight. Their observation skills had already caught up to theirs. Most importantly, they had only reached their current realm under Qin Yuan's continuous training.

Moreover, the traps they set up were not so easy to discover. However, they set up some fake traps here. The purpose of doing this was to make some people think that they had discovered the location of these traps and then walked past these fake traps, and then walked towards the real traps.

They had learned this kind of trap arrangement from Qin Yuan. They had suffered a lot from this.

“That’s true, but did you notice that those two guys look too similar?”

Liu Ye was shocked by the appearances of He Chenguang and Leng Feng. They had been busy building Battle wolf’s base these days.

He didn’t pay much attention to the soldiers who came to participate in the selection, so when he saw He Chenguang and Leng Feng’s appearance, he was very surprised.

“That’s true.”

Zhou Qing looked at He Chenguang and Leng Feng in surprise.

“However, I have seen one guy before. When the captain asked me to lead the team to the recruit company to deal with them, I saw one of them. But now, I can’t figure out which of these two people is the guy from the recruit company.”

“Do you think they are twins?”

For a moment, Liu Ye was stunned. The only explanation he had was that He Chenguang and Leng Feng were twins.

“We’ll find out in the future. For now, let’s focus on dealing with the newcomers. Let’s devour all the members of their team first!”

Seeing Wang Yanbing and the others walk in, Zhou Qing immediately said to Liu Ye.

“Alright, let’s take care of these idiots. After they trigger the trap, we’ll be done in at most two minutes!”

Seeing Wang Yanbing and the others approaching them, Liu Ye smiled and replied to Zhou Qing.

“Brother Bing! There are a few words written here!”

Just as Wang Yanbing and the others walked in, a soldier in the team shouted.

“What words?”

Wang Yanbing immediately ran over when he heard his comrades’ cries.

“Rookies, there’s a trap here, please take a detour!”

Looking at the words written on a wooden tablet, Wang Yanbing read it out softly.

“I really didn’t expect such a retarded trick to be used to test us? And since when were we rookies?”

Looking at the wooden token, Wang Yanbing said angrily. He knew that this was definitely a trick played by the members of Battle wolf. They must have used this trick to make them take a detour!

“Brother Bing, what should we do now? Should we take a detour? Brother Guang and the others had already gone around this place.”

Seeing this, one of the team members immediately said to Wang Yanbing because he felt that He Chenguang and the others’ analysis was not wrong. “Are you stupid? You want to scare us away

with just these few words?” “Besides, maybe this is just their trick. I used to play this game often.” “Playing such a trick in front of me is simply showing off in front of an expert!”

After hearing his comrade’s words, Wang Yanbing said disdainfully. He felt that this was a trick of the Battle wolf. There might not be any traps here.

As he spoke, Wang Yanbing kicked the wooden token..

Chapter 288: Geng Hu Can Teach Others Too?

The wooden token was kicked into pieces by Wang Yanbing, but nothing happened.

“See, I told you it was nothing, right?”

“Those guys deliberately used these little tricks.”

Seeing that nothing had happened even after he had kicked the wooden card, Wang Yanbing was even more certain of his guess. He felt that this was a trick played by the members of Battle Wolf team 1. They wanted to use these few words to scare the soldiers.

“Brother Bing, it seems that what you said was right. It is possible that those guys thought that these few words could scare us.”

Someone in Wang Yanbing’s team said loudly after seeing this scene. After all, this wasn’t the first time they had encountered such a trick.

“Everyone, go inside. This might be the fastest way. Battle Wolf team 1 only have a few dozen people, and they don’t have that many people to stop us. That’s why they came up with these tricks to fool us.” Wang Yanbing turned to his team members.

“Yes, sir!”

“Yes, sir!”

Seeing that everyone had agreed, they all let down their guard and continued to follow Wang Yanbing.

After walking for a few dozen meters, they found another wooden sign.

“Brother Bing, we found the same wooden token as before!” Immediately after, the team member closest to him shouted.

“Is it still the same as the one just now?”

Wang Yanbing immediately asked when he heard his team member’s voice.

‘Yes!’

The team member nodded.

“Are these guys still trying to trick us?”

As he said that, another member imitated Wang Yanbing and kicked the wooden token. However, when he kicked the wooden token away, a violent sound came from behind them.

“Not good! Get out of the way!”

Wang Yanbing turned around and shouted at the team members because he realized that there were dozens of bamboo shoots flying toward them from behind. It was obvious that this was a real trap.

Everyone was shocked when they heard Wang Yanbing’s words. However, they could not react in time. Some of their team members were directly knocked down by the bamboo shoots. The huge impact caused them to feel waves of pain. They fell to the ground and wailed bitterly.

“F * ck, these guys are really sinister!”

Wang Yanbing got up from the ground and cursed non-stop. However, he realized that there were traps here. The mix of real and fake traps made him feel a bit overwhelmed.

Looking at the soldiers who were hit by the bamboo, Wang Yanbing felt a little guilty. If he hadn’t been too arrogant, they wouldn’t have ended up like this. Fortunately, the bamboo hadn’t been sharpened, or else many people might have died.

For a moment, Wang Yanbing was on high alert.

“Everyone, be careful. There are traps here!”

After he regained his senses, Wang Yanbing warned everyone loudly.

“Yes, sir!”

“Yes, sir!”

As they spoke, everyone helped the team members who had just been hit up and slowly walked in. Along the way, they also encountered many wooden signs with many sarcastic words written on them.

However, Wang Yanbing had learned his lesson this time. He chose to hit every wooden token with a stone first. When there was no movement, they continued to probe deeper.

However, such an operation still could not stop their fate of being tortured.

“Brother Bing, this method of yours is really not bad. This way, their traps will be useless.”

After advancing for a few hundred meters, a member of the team said with a smile. They had already avoided more traps according to Wang Yanbing’s method, so they were very grateful for Wang Yanbing’s reminder.

“That’s right! Brother Bing, if this continues, we should be the fastest team to reach the designated location.”

Because they were taking the shortest route, the team members were very confident that if they could continue to walk safely like this, they would be the fastest team to reach their destination.

“Everyone, be careful. I have a feeling that this place isn’t that simple. These guys won’t let us go so easily, so we have to be careful!”

“Did everyone hear that?”

Wang Yanbing thought about the situation just now and raised his vigilance because he felt that their journey was too simple. This situation made Wang Yanbing unable to figure out the meaning of making these traps.

“Yes, sir!”

“Yes, sir!”

Everyone answered Wang Yanbing’s words loudly. After hearing Wang Yanbing’s words, they also felt that their journey was too simple. This did not make sense at all.

After saying that, everyone continued to walk deeper. They had only walked less than 20 meters when they heard their team members exclaim.

Wang Yanbing also followed the source of the sound and saw a few team members hanging the net firmly in the air.

“F * ck, these guys are too sinister. We thought there was no trap here, so we walked over. Who knew that this was the real trap! ”

The team member who was hanging in the air said angrily. They had discovered another wooden token just now. After hitting it with a stone, they triggered the trap mechanism. Therefore, they thought that there was no trap and walked over..

Chapter 289: Geng Hu Can Teach Others Too?

Who would have thought that there would be a trap waiting for them?

“That’s right! Seriously, if you have the ability, come out and fight. I’m going crazy with these traps!”

While they were complaining, the surrounding team members were wailing non-stop. The traps that were constantly triggered were tormenting them to death. This illusory reality made them unable to put their feet down for a moment.

Seeing this scene, Wang Yanbing realized that they had really walked into the trap area because he had already observed it very carefully. There were no traces left behind by people here, but this was the place with the most traps.

At the same time, Wang Yanbing was shocked by the way these traps were set up. To be able to set up such traps meant that the members of Battle wolf were indeed very strong.

“These guys finally know how to wail?”

Looking at the scene that happened not far away, Liu Ye chuckled softly. The place they had come from was just an appetizer. They had been tortured countless times by the traps that Qin Yuan had

taught them. Even if they could not set them up to perfection, they could at least use them very skillfully.

“Time to go! Instructor Gong is still waiting for us.”

Zhou Qing smiled at the dozen members behind him.

“Yes, sir!”

“Yes, sir!”

As he spoke, Zheng Xiaohu and Geng Hu led the team and rushed out.

All of a sudden, Wang Yanbing and the rest were shocked by the sudden appearance of these people. Wang Yanbing took a closer look and realized that these people were the members of Battle wolf Team 1.

Moreover, a person appeared less than ten meters away from him, so Wang Yanbing was a little surprised.

He hadn’t noticed anyone around him, yet a dozen or so had appeared. Battle Wolf Team I’s Camouflage Skill was simply too powerful. Moreover, despite having so many members, they hadn’t noticed these hidden soldiers.

“Was that guy the one who stepped on my hand and refused to budge?” At that moment, a member of Battle wolf’s team shouted at Wang Yanbing’s team.

A few of these guys had stepped on him just now. The most hateful thing was that one of them had stopped moving after stepping on him. He could only endure it and did not dare to make any movements.

Now that he had received the order to take action, he could not wait to find the person who had just stepped on him.

“I say, Xiao Wu, can you not hide in the ground every time you disguise yourself? Captain broke two of your fingers, and now you want to be stepped on by these rookies?”

After hearing this, Zheng Xiaohu laughed out loud. This was not the first time Xiaowu had been like this, but he was still willing to hide on the ground, so he felt that he was simply asking for it.

“You guys, if you have the ability, let us down. What with all the traps huh?”

For a moment, the soldiers who were hanging in the air shouted loudly. To them, they hated such little tricks the most. They would rather fight openly.

“What? We already warned you, rookies, that there were traps, yet you guys still walked in. Now that you’re hanging from a tree, why are you still shouting?”

Geng Hu said to the soldiers loudly. The more they shouted, the happier Geng

Hu felt. He was like these guys back then, but he did not dare to shout anymore

after being beaten by Qin Yuan.

After all, wasn't he asking for a beating by shouting when his strength was not good enough?

"Put us down. I want to fight you!"

To be honest, they had never been ridiculed like this before. When they were in the recruit company, they had never been convinced by anyone, so this was indeed a humiliation for them.

"Sure!"

As he spoke, Geng Hu walked over and put them down. Geng Hu liked this kind of request the most because he had not fought for a long time, so he needed to release himself now.

Wang Yanbing, who was standing at the side, was very surprised. This was because these dozen Battle wolf members were all very strong.

"And you, kid. You were the one who shouted the loudest outside!"

"If I don't beat you up, I'll feel a little uncomfortable!" Geng Hu looked at Wang Yanbing and said.

"Then come on! I don't believe you can do anything to us!"

Geng Hu's provocation aroused Wang Yanbing's blood. Even if he knew that he could not defeat these Battle wolf members, he would not lower his head to them. This was because the recruits were not convinced by anyone, other than Qin Yuan. At most, they would be beaten up!

"Alright, although you guys are a little stupid, you still have a backbone!"

After hearing Wang Yanbing's words, Geng Hu clenched his fists. He loved to fight the most, and he could tell that Wang Yanbing was the strongest among them.

"This kid actually called others stupid?"

After hearing Geng Hu's words, Liu Ye laughed and said to Zhou Qing. One had to know that Geng Hu was sometimes much more stupid than the soldiers who participated in the selection. Moreover, Qin Yuan had said that Geng Hu's EQ was ridiculously low.

Now that he was talking about other people being stupid, Liu Ye could not help but laugh out loud.

"This guy is sometimes full of jokes!"

Zhou Qing was amused by Geng Hu's actions. They knew what kind of person Geng Hu was, and now he was actually lecturing others.

"Geng Hu, I'll leave this to you. We'll go deal with the other rookies!"

Looking at Geng Hu's excitement, Zhou Qing said to Geng Hu. He knew that Geng Hu alone could deal with these soldiers. After all, in the entire Battle Wolf, other than Qin Yuan and Long Xiaoyun, Geng Hu was the strongest.

"Don't worry! I alone am enough to deal with these rookies. You all can leave and let me have a good fight!"

After hearing Zhou Qing's words, Geng Hu said excitedly to the other members of the Battle wolf. He could not wait to fight these guys alone.

"Alright! I'll leave it to you, but you better be careful not to let a rookie peck your eyes!"

Zheng Xiaohu smiled at Geng Hu. He knew that Geng Hu's strength was not bad, but he was a little reckless and did not have any schemes.

"Don't worry, Platoon Leader, you can leave without worry. If any of these guys can get past me, I won't have the right to stay in Battle wolf anymore!"

Geng Hu said confidently to the members of Battle wolf. He was very confident in his own strength. Otherwise, he wouldn't have dared to say such words.

"Good!"

"The rest of you, follow me. I'll leave this place to him!"

After saying that, Zhou Qing immediately said to the other Battle wolf members.

"Yes, sir!"

"Yes, sir!"

After saying that, the group went deeper into the area. Originally, they were in charge of the three teams in this direction. Who would have thought that He Chenguang and Leng Feng would take a detour along the way? Therefore, the pressure on Gong Jian's side was a little great. Therefore, they wanted to rush over as soon as possible to help Gong Jian deal with the teams participating in the selection.

At the same time, He Chenguang and the others had arrived in the direction that Gong Jian and the others were in charge of.

"Brother Guang? We've been wandering around for so long, shouldn't we go deeper inside? Otherwise, we won't have enough time!"

After the team stopped, one of the team members immediately asked He Chenguang. They had already circled around for almost two kilometers, but He Chenguang still did not choose to go in.

"Listen to my instructions and advance. It seems that we have to face those fellows no matter what. Since this is the case, let's face them directly!"

Originally, He Chenguang had planned to find a safer route, but after making a detour here, He Chenguang realized that these places had been tampered with by the Battle wolf. Hence, He Chenguang knew that they would have to face the Battle wolf no matter what.

"Yes, sir!"

"Got it, Brother Guang. We'll listen to you."

For a moment, all the members of the team answered He Chenguang loudly. From the beginning of the recruit company, they had made many decisions based on He Chenguang..

Chapter 290: What The Heck is This?

After everyone received the order, they slowly moved forward. He Chenguang knew that this place was definitely filled with all kinds of traps because he had just noticed that there were some things that did not match the environment here. Moreover, the surroundings were too quiet!

“Everyone, be careful. The traps they set up are indeed very difficult to discover, so we have to be slow!”

After walking for about 100 meters, He Chenguang discovered many hidden triggers, so he used stones and wooden sticks to trigger them.

Looking at the traps, He Chenguang knew that the members of Battle wolf had already reached a terrifying level in setting traps.

After dealing with some traps, everyone followed closely behind He Chenguang.

“Instructor Gong, this team is indeed quite good!”

At this time, Zhao Xiaowu, who was watching He Chenguang and the others not far away, said with some admiration. He Chenguang and his team were very meticulous to be able to discover these traps.

“No matter what, they were led by Captain Qin. It’s just that they are not like you who were led by Captain Qin from the beginning. Moreover, these guys have only been in the army for three months!”

Gong Jian was quite pleased to see He Chenguang and the others carefully observing the surrounding environment. After all, he was the instructor of the recruit company before, so he was quite satisfied with He Chenguang and the others’ performance.

“That’s true. The soldiers that the captain trained are pretty good. However, even if they were the soldiers that the captain brought out, we can’t let them pass by our hands today. Otherwise, we’ll be letting down the captain’s expectations of us.”

At this moment, Zhao Xiaowu smiled and said to everyone. They were the first platoon of soldiers led by Qin Yuan. Although they were indeed very bad in many aspects at the beginning, after Qin Yuan’s training, they did not think that they were worse than anyone else!

“The platoon leader is right. If we let them go like this, we really won’t have the face to face the captain.”

“Let’s go. Since the traps we set up aren’t of much use to these rookies, it’s not a bad idea to beat them up.”

For a moment, the members of Battle Wolf Team 1 said excitedly. They had not been active for a long time. Although they and the new recruits were all soldiers brought out by Qin Yuan, they were still considered the seniors of these guys, so it was necessary to teach them a lesson.

“You all go ahead, no need to show mercy. After all, these guys still need some toughening up.”

As the instructor of the recruit company, Gong Jian was the most familiar with the soldiers of the recruit company. Although the soldiers of the recruit company had good physiques, the soldiers of the entire recruit company had a

common problem, which was that they were too stubborn.

Although this kind of character was sometimes quite good, sometimes this kind of character would harm them. As the instructor, Gong Jian understood the stakes the most, so he felt that these soldiers of the recruit company needed to grind their tempers.

Comparing the soldiers’ personalities, Gong Jian was more fond of the soldiers of Battle Wolf Team 1. Because they had come from the logistics company, most of them were very calm and tolerant.

“Alright, Instructor Gong, you can stay here. We’ll go.”

Zhao Xiaowu knew that Gong Jian was the instructor of the recruit company, so he smiled and said to Gong Jian.

He knew that Gong Jian wouldn’t be able to make a move, but they were different.

“Alright, thank you for your hard work.”

Gong Jian didn’t say anything. He was too embarrassed to use Battle wolf’s identity to attack the recruits, so it was better to leave it to Zhao Xiaowu and the others.

After that, Zhao Xiaowu and the others sneaked toward He Chenguang and the others. Seeing that He Chenguang and the others were about to leave the range of the traps they had set up, they quickened their pace.

“Everyone, stop!”

Looking at the situation ahead, He Chenguang said to the team. “What’s wrong, Brother Guang?”

Seeing He Chenguang stop, one of the team members asked curiously.

“Something’s wrong up ahead. I keep feeling like someone’s lying in ambush!”

He Chenguang felt that something was wrong when he saw the silence in front of him. This was a forest, and the chirping of insects would not stop. Such silence meant that there was either a ferocious beast or a human!

“Brother Guang, it’s empty up ahead. Even if there’s someone, we should be able to find them. And even if those Battle wolf guys wanted to ambush us, they wouldn’t choose to do it here, right?”

Looking at the relatively empty forest in front of them, a member of the team said with some doubt. Because the place that He Chenguang mentioned was covered by trees, other than dead leaves, it was bare.

“Yes, Brother Guang, there’s nothing here except for the withered leaves!”

Seeing that it was difficult to hide in these places, they asked He Chenguang with some doubts.

“Don’t underestimate the members of Battle wolf, they are the first batch of soldiers that the company commander trained up.”

“Moreover, if they were that simple, the Wolf Fang Special Forces would not have suffered a loss at their hands!”
