

Special Troop 321

Chapter 321: The Competition Begins!

There were many other teammates present.

Their eyes lit up. They did not expect that there would be a stream in this deep mountain forest.

If there was a small stream, there would definitely be fish and prawns, and they would not have to worry about starving!

The three of them ran excitedly to the stream and jumped into the water.

The coolness of the stream eased their fatigue!

On the side, his teammates had already caught a lot of fish.

“Company commander, you’re exaggerating. Why do I feel that the wilderness survival training isn’t that difficult?” someone said.

“Anyway, we don’t have to worry about food. As for the rest, let’s eat first!”

The group of people nodded in agreement. After all, they had come out without eating in the morning. Their stomachs were already rumbling from hunger.

“Is that so? Do you guys think you can actually have a chance to eat?” A cold voice came from behind everyone.

Everyone turned their heads and saw Geng Hu squatting on a tree not far away, looking at them.

Seeing that it was Geng Hu, everyone instantly panicked.

They were all too clear about Geng Hu’s strength.

They could not defeat Geng Hu at all. If they were caught by Geng Hu, they would be eliminated.

“What are you waiting for? Run!” Wang Yanbing was the first to regain his senses and shouted.

After all, no one was more afraid of Geng Hu than he was. In his words, Geng Hu was simply a lingering ghost.

The people who were stunned on the spot then ran in all directions.

Geng Hu laughed as he jumped down from the tree.

“Interesting. ”

“How can these people escape from me, Geng Hu?”

Geng Hu thought to himself.

Geng Hu immediately chased after them.

After a while, Geng Hu caught the few people who were running at the back.

When they caught them, they announced that they were eliminated.

At the same time, the other members of Battle Wolf Team 1 had captured quite a few people.

It wasn't that the members of Battle wolf were stronger than them, but rather that some of the people they had captured were really bad at disguising themselves.

Perhaps to ordinary soldiers, these people's disguises were very ingenious.

However, to the Battle wolf Team 1 members who were proficient in camouflage, these people's disguises were child's play!

In other words, what these people were playing with was what they had done in the past!

On the other side.

While Geng Hu was capturing his other teammates, He Chenguang, Wang Yanbing, and Li Erniu returned to the stream.

They felt that the most dangerous place was the safest place.

Moreover, Geng Hu had just been to this place. He probably wouldn't come back for a while!

They just wanted to fill their stomachs first. They were already a little tired from not eating breakfast. In addition, they had consumed a lot of physical strength from the wild run just now. They urgently needed to replenish their energy.

The three of them picked up the fish that their teammates had thrown on the ground and started to worry again.

There were fish, but how were they going to eat them?

If they started a fire, it would definitely attract the attention of the Battle wolf. At that time, let alone eating, they would definitely be wiped out in their current state.

There were only two choices in front of them now. One was to starve, and the other was to eat it raw.

With their hungry stomachs, they didn't even have the strength to hide from the members of the Battle wolf.

If they ate it raw, they would have enough stamina to survive the rest of the time.

Moreover, this was only the first day!

He Chenguang gritted his teeth and took the fish in his hand and put it into his mouth. He took a big bite and chewed it casually before swallowing it.

There was still a trace of blood at the corner of his mouth.

He had never thought that one day he would be reduced to eating raw fish.

But he didn't feel anything. To him, survival was the most important thing! After all, he did not want to say goodbye to his career in the special forces.

Looking at Chen Guang's determined face, Wang Yanbing and Li Erniu followed his example and ate big mouthfuls.

The three of them chewed non-stop as if they were eating delicacies!

At this moment, they deeply realized that with friends by their side, no matter how difficult the road ahead was, they would definitely walk it together!

As the days passed, there were only 100 people left in the Dark Forest. Qin Yuan used the helicopter to hover above the Dark Forest and convey this news to everyone.

Only a hundred people were still in the Dark Forest!

This meant that they were going to start eliminating their teammates.

One second, they were still walking side by side, but the next second, they might be eliminated by the other party!

It couldn't be helped. This was the cruelty of the selection.

If he couldn't do anything to his teammates, it was equivalent to giving up his own opportunity.

But who would have the heart to attack a teammate who fought side by side? But they could only have fifty people stay in Battle wolf!

For a moment, the remaining 100 people were suffering in their hearts. Qin Yuan smiled as he looked at the image of the crowd that had not made a move yet.

It was a good thing for these kids to value relationships! However, they had to understand the cruelty of the game. It was normal for the strong to prey on the weak.

It was the same in war. On the battlefield, the enemy would not be merciful to you!

He had to add fuel to the fire!

After a while, Qin Yuan's voice resounded over the Dark Forest.

"Think about why you've come here after going through so much trouble. If it weren't for the sake of standing out in the selection, you wouldn't have to persist until now!"

"Now, you are not teammates who are fighting side by side, but competitors!"

"Remember what I said. To be soft-hearted to others is to let your previous efforts go to waste!"

Qin Yuan's words were like thousands of silver needles piercing into everyone's hearts.

That's right, if it wasn't for the fact that they wanted to stand out in the selection and become a member of Battle Wolf Team Two, then what was the point of all the hardships they had suffered before?

These days, they had been eating their last meal and hiding everywhere. It was not easy for them to reach the second round. Were they going to give up the opportunity just like that?

No! They wanted to be the best, the last fifty!

They weren't losers who had gone through all kinds of hardships but returned empty-handed in the end.

For a moment, everyone's desire to win was ignited by Qin Yuan's words.

At this moment, everyone was fighting in the Dark Forest. The scene was chaotic.

In the end, only He Chenguang, Wang Yanbing, Li Erniu, Leng Feng, Fatty Zhang, Jiang Feng, and the others were left.

Qin Yuan came to these 50 people immediately.

Seeing Qin Yuan's arrival, the fifty people were very happy.

In their opinion, they had finally passed the layers of tests and could stay by Qin Yuan's side.

For a moment, they wanted to say something to express their excitement, but they could not say anything.

Qin Yuan looked at everyone who wanted to say something but hesitated. He was the first to speak, "Congratulations! You've worked hard these days. You must be starving. I brought some steamed buns for you. Hurry up and eat."

After hearing Qin Yuan's words, everyone could not help but sigh. Was this really the company commander they knew before?

After obtaining Qin Yuan's permission, everyone grabbed the steamed buns and wolfed them down. These days, they hadn't eaten anything in peace. This was the first time they felt that steamed buns were so delicious!

Thump!

Thump!

Everyone fell to the ground one after another.

Looking at the people lying on the ground, Qin Yuan smiled.

"Come out, Geng Hu. I'll leave them to you."

"I promise to complete the mission!"

What these fifty people did not know was that Qin Yuan had used the system to exchange for colorless and odorless knockout powder and mixed it into the steamed buns he had brought.

They were completely defenseless against Qin Yuan.

This was the last challenge they would face in this selection!

When everyone woke up, the sky was already dark.

"What happened?" Someone wanted to stand up, but found that he could not move at all!

Because the fifty of them were tied up back to back!

Moreover, it was in groups of ten. There was no way for them to struggle at all.

"Where's the company commander? I remember that the captain is here." Li Erniu said.

Everyone was at a loss. Weren't they eating steamed buns? What was going on? Just when everyone was confused, a black shadow appeared in front of everyone..

Chapter 322: Didn 't Say You Can Leave!

The sudden appearance of the black shadow made everyone feel uneasy.

The person slowly approached. With the help of the moonlight, everyone could barely confirm that it was a man.

As for what he looked like, they couldn't see his face clearly at all.

The man was wrapped up tightly and even wore a hood, leaving only his eyes outside.

That fierce gaze was like a murderous maniac in a movie.

For a moment, everyone could not help but shiver. An unprecedented sense of danger enveloped their hearts.

Even though during the assessment, they might have felt uneasy due to the pursuit by the Battle wolf Team 1 members, the situation now is completely different.

Who was this person? Why did he tie everyone together?

An unknown fear surged into everyone's hearts.

After all, they were tied together and could not fight back.

Coupled with the aura of the person in front of him, it was indeed a little terrifying!

Looking at the fearful faces of the crowd, Geng Hu was already smiling in his heart.

With Qin Yuan's help, he disguised himself like this. Ordinary people would not be able to recognize him.

Coupled with the special medicine given by Qin Yuan, Geng Huts voice could be different from his original voice for a short period of time. Therefore, even if he spoke, these people would not be able to tell that it was him.

In other words, this group of people would never know that the mysterious person they were afraid of was Geng Hu.

Thinking of this, Geng Hu already had an idea.

He wanted to take this opportunity to teach Wang Yanbing a lesson! Geng Hu cleared his throat and said, "Which unit are you from?" "Who are you? Why did you tie us up?" Wang Yanbing asked angrily. "Do you think you have the right to ask me questions?" Geng Hu sneered.

Li Erniu knew that he couldn't fight Geng Hu head-on.

"We are ordinary... Ordinary people!" Li Erniu stammered. "Do you think I'm a fool? Can't you see what you're wearing?"

Only then did Li Erniu realize how he had forgotten about this.

They were all wearing military uniforms. Which civilian would wear military uniforms? Moreover, they were in the Dark Forest.

“You’d better be sensible! Hurry up and tell me which unit you’re from and what mission you’re carrying out here!” Geng Hu probed once again.

“We heard that the Dark Forest is an ‘uninhabited forbidden area’, so we came to take a look.” He Chenguang said.

He Chenguang, who had always been meticulous, had already made a preliminary judgment based on the man’s attire and words.

This person was most likely a spy! A spy from another country!

Although they weren’t members of the Battle wolf Team 2 yet and didn’t know any secrets, he felt that they couldn’t expose their identities so easily.

Pa!

A crisp slap sounded!

Everyone followed the sound and saw a palm print appear on He Chenguang’s face.

“Stop playing tricks. If you don’t tell me the truth, don’t blame me!” Geng Hu slapped He Chenguang again.

Following that, Geng Hu’s fierce gaze swept across everyone and he said mockingly, “Don’t tell me you haven’t heard of the saying, “Leniency to those who confess, severity to those who resist”?”

“Don’t worry, we won’t say anything.” Wang Yanbing provoked.

Wang Yanbing was not a fool. He clearly realized that this person’s goal was definitely not simple.

“Yes, we don’t know anything.”

The others echoed.

At this moment, they truly felt what it meant to be united.

After hearing everyone’s reply, Geng Hu suddenly made a move and punched Wang Yanbing. Instantly, Wang Yanbing’s nose bled.

“Even if you beat me to death today, I won’t say anything.” Wang Yanbing scoffed.

“Alright, I’d like to see how long you can be stubborn!” Geng Hu rubbed his palms together.

The next second, two more punches landed on Wang Yanbing’s face.

Wang Yanbing had no intention of relenting. Anyway, it wasn’t the first time he was beaten up!

At this moment, Wang Yan suddenly thought of Geng Hu.

He suddenly felt grateful for Geng Hu's violent beating. It was precisely because he had endured Geng Hu's violent beating that he had this perseverance.

Otherwise, he might really be unable to withstand the torture of this mysterious person in front of him.

However, what he did not know was that the mysterious person in front of him was Geng Hu.

"Achoo!" Geng Hu sneezed.

"Damn it, who is scolding me!" Geng Hu thought in his heart.

Geng Hu punched the people in front of him, but no matter how hard he punched and kicked, no one relented.

Especially Wang Yanbing, who had been beaten up the most. At this moment, he looked even more miserable than before.

"Why don't you just give us a quick death!" Wang Yanbing said.

"That's right, just kill us!" Everyone chimed in.

"You want to die? Not that easy! I'll stop when you guys speak up." Geng Hu said as he rubbed his hands.

After beating up this group of people for so long, his hands were a little sore.

This group of people was really tough. He had beaten them up for a long time, but none of them relented.

He had no choice but to continue!

After another ten minutes, Geng Hu seemed to have remembered something.

He looked down at his watch. It was time to end it!

Every one was beaten up until their faces were swollen. Some of them even had blood flowing from the corners of their mouths. That was simply unbearable to look at..

Chapter 323: Didn't Say You Can Leave!

Geng Hu approached the crowd again.

"No way, you're still coming?" Wang Yanbing said weakly.

At this moment, Wang Yanbing could not help but complain in his heart.

"How can there be someone more terrifying than Geng Hu?"

In the next second, a strange thought appeared in his mind.

"If only Geng Hu had a fight with this person. I'd like to see if Geng Hu would eat a turtle!" Wang Yanbing thought to herself.

However, the mysterious person in front of them did not continue to beat them up. Instead, he untied everyone.

For a moment, everyone was stunned on the spot.

What was going on?

Are you playing cat and mouse? He pretended to let everyone go, but when everyone escaped, he would capture them again.

Yes, that must be the case!

That was what everyone thought. When they thought of how abnormal this mysterious person was, they had no intention of running away.

Therefore, they simply stayed in their positions on the ground and waited to see what the mysterious person would do next.

At this moment.

Hualala!

Hualala!

A round of applause entered everyone's ears.

As the applause fell, a familiar figure entered everyone's eyes.

"Company commander!" Li Erniu was the first to shout.

Everyone suddenly felt as if they had seen this scene somewhere before.

Before he was tied up, the company commander appeared in front of everyone.

Now that they were untied, the captain appeared again.

Everyone was completely dumbfounded.

Why did the company commander suddenly appear?

Looking at the puzzled crowd, Qin Yuan smiled.

"How did you guys end up like this?" Qin Yuan asked despite knowing the answer.

"Company Commander, it's all his fault! He's a spy!" Everyone pointed at the mysterious person and said.

"He tied us up and beat us up to interrogate us."

"But we didn't say anything!"

Everyone said excitedly.

"Oh? Then why did he let you go? If you didn't say anything, why would he let you go?" Qin Yuan questioned with a serious expression.

Looking at Qin Yuan's cold face, everyone suddenly felt a little uneasy.

Yes, why did the mysterious person suddenly let everyone go? This was what they were puzzled about.

Was it to make the company commander not believe that they did not say anything? But how did the mysterious man know that the captain would appear?

For a moment, everyone was confused.

The mysterious man's sudden voice forced them into a sea of fire.

"They've said what they should say and what they shouldn't!"

As soon as the mysterious man finished speaking, everyone immediately lost their composure.

"Captain, believe us! We really didn't say anything!"

"If we did, why would we still be beaten up?"

"Yes, yes, captain. If we exposed ourselves, you can do whatever you want to us."

Looking at the aggrieved crowd, the mysterious man could not help but laugh.

Qin Yuan walked to the mysterious man's side and patted his head. "Alright, stop acting!"

The scene in front of them made everyone even more confused.

Why was the captain so close to the mysterious man?

Just as everyone was puzzled, the mysterious man took off his mask.

After seeing the mysterious man's appearance clearly, everyone's blood pressure instantly soared.

The mysterious person was actually Geng Hu!

Geng Hu again!

For a moment, the fifty people gritted their teeth in hatred.

Especially Wang Yanbing, when she thought about how he wanted the mysterious person to compete with Geng Hu, he found it even more ridiculous! He had never expected that the mysterious person was actually Geng Hu.

In other words, he was beaten up by Geng Hu again.

Now, he finally understood why he was beaten up more miserably than others.

"Captain, what's going on?" Wang Yanbing asked in confusion.

"Congratulations!"

"Congratulations on successfully entering Battle Wolf! The fifty of you are now members of Battle Wolf Team 2."

"Geng Hu, this is the final stage of your test. All of you have passed!"

Qin Yuan's words stunned everyone.

Immediately after, it was filled with joy.

“We’re staying! Yanbing!” Li Erniu shouted. “We’re in the special forces now!”

“This beating wasn’t in vain.”

The joy of joining Battle wolf made them forget the wounds on their faces. Leng Feng walked to He Chenguang’s side. “We’re teammates from now on.”

Last time in the Dark Forest, He Chenguang’s strength made Leng Feng look at this young man in a new light.

He wanted to see what kind of performance this young man would have in the coming days.

Seeing Leng Feng’s goodwill, He Chenguang extended his hand.

“I hope we can have a pleasant cooperation in the future.”

What Leng Feng didn’t know was that He Chenguang was actually a little curious about Leng Feng. After all, the two of them looked too similar! “Alright, everyone, return to the base!” Qin Yuan’s words interrupted everyone.

“Yes, sir!”

About ten minutes later, everyone returned to Battle wolf Base.

In Battle wolf Base.

As soon as Qin Yuan arrived at the base, he went straight to the command room.

As he expected, Long Xiaoyun was waiting for him in the command room.

“How did it go?” Long Xiaoyun asked. “Fifty people have been confirmed. I’ll give you the list later.”

“Then what do you plan to do next?”

“Let’s go with our previous plan. These 50 people will belong to your Battle Wolf Team 2. I’ll give you the specific training plan later.”

“The remaining 200 people will be trained according to their specialties. It won’t be long before the special forces competition.”

“Okay, just tell me what you need me to do.” Long Xiaoyun nodded.

“Take care of the training of Team 2 for the next few days. I’ll arrange these 200 people first.”

“Alright.”

After the two of them exchanged a few more words, Long Xiaoyun returned to her treehouse.

Long Xiaoyun lay on the bed and thought, “Maybe I’m not wrong this time.” On the other side.

Qin Yuan was still busy grouping in the command room. He wanted to divide the remaining 200 people into different groups to train special talents in various fields!

Looking at the results of Gong Jian's investigation, Qin Yuan already had an idea.

Wang Hai and the other twenty people were divided into groups to learn advanced communication technology. After all, communication was very important on the battlefield. The timing of receiving the information would determine the outcome of the battle.

Li Yang and the other 20 people were divided into a group and were mainly trained in computer technology.

In the information age, computer technology would play an immeasurable role in the future battlefield.

Many countries used computer technology to hack into the other party's intelligence system to obtain information and intelligence. They even controlled the other party's command system to influence the enemy's command, thus obtaining the initiative on the battlefield.

This was what was known as "cyberwar" on the battlefield.

There were no gunshots or bombs, but they were more lethal than bullets!

Therefore, it was very important for them to be proficient in computer technology. Firstly, they could protect their own command and control system, and secondly, they could influence the enemy's command.

And to the Southeast Military Region, their troops needed such personnel!

This was what Qin Yuan wanted to accomplish. Since he had already trained the special forces, he had to train the strongest and most outstanding special forces!

Cai Shan and the other 20 people were divided into groups to receive training in foreign languages on the battlefield.

In the near future, they would not only face their own country's opponents but many other countries. In order to obtain information more effectively, mastering a foreign language was a must!

Only by knowing yourself and your enemy can you win a hundred battles.

Qin Yuan worked until late at night before returning to his treehouse to rest.

The next morning.

It wasn't time to get up yet, but there were already many people moving around in the base.

Although their movements were very light, they still woke Qin Yuan, Long Xiaoyun, and the others up.

After all, as top-notch special forces soldiers, the two of them had high vigilance.

Not to mention that Qin Yuan still had the system's reminder.

Qin Yuan and Long Xiaoyun walked out of their respective treehouses almost at the same time and came to the busy crowd.

"Company commander!" A soldier saw Qin Yuan first.

"What are you guys doing?" Looking at the things in everyone's hands, Qin Yuan understood.

“Company commander, weren’t we not selected? We are too embarrassed to stay here. We were afraid that you would laugh at us, so we wanted to leave while you were sleeping.” someone explained.

“I didn’t say you can leave.” Qin Yuan said in a deep voice.

Hearing Qin Yuan’s words, everyone looked at Qin Yuan in confusion..

Chapter 324: Cultivating Talents in Various Aspects

Qin Yuan’s sharp gaze swept across everyone, but he remained silent.

Recalling Qin Yuan’s words, everyone was even more confused.

What did this mean?

Looking at Qin Yuan’s serious expression, no one dared to speak for a moment.

The atmosphere became tense.

Just as everyone was puzzled, Qin Yuan spoke.

“What are you here for?”

“Sir! We came here because we wanted to be an excellent special forces soldier, but we weren’t selected, which means that we still have to train!”

“Very good.” Qin Yuan nodded.

“Then do you want to stay here?”

“Stay here?” For a moment, everyone’s faces were filled with doubt.

“But weren’t we eliminated?” Someone asked in confusion.

Qin Yuan knew very well what these people were thinking, so he did not hide it anymore.

“You didn’t get chosen to the second team, but that doesn’t mean you can’t stay!”

“But what I want to say is that if you stay, what you have to do next will be even more difficult and tiring than the previous training! Therefore, you have two choices now. One is to return to your previous company and become the top soldier that everyone praises. With your current strength, it’s more than enough.”

“Secondly, if you continue to stay here, you will have to work a hundred times or even a thousand times harder than before.”

“The choice is in your hands. I won’t interfere with whether you leave or stay.” As soon as Qin Yuan’s words fell, everyone immediately became excited.

“We are willing! ”

“We are willing to stay.”

“We’re not afraid of hardship or fatigue. As soldiers, we should bear everything! ”

At this moment, everyone’s eyes became determined.

This was what they thought from the bottom of their hearts. Originally, they had come here to follow Qin Yuan’s footsteps. They had no choice but to leave after being eliminated. But now, another opportunity was placed in front of them.

No matter how hard it was, they had to stay by Qin Yuan’s side this time. They wanted to prove themselves, to prove that they were not inferior to anyone!

Looking at the excited crowd, the corners of Qin Yuan’s mouth curled up.

This bunch of brats did not disappoint him.

He could give them a chance, but he was afraid that they would not want it themselves!

It was obvious that no one had given up on this opportunity.

“Captain, are we still going to train like before?”

This question echoed everyone’s thoughts. They wanted to know what they needed to do if they stayed.

“Our initial intention as soldiers is to protect our country. In the future battlefield, information technology will become an important force in military operations. Therefore, it is necessary for us to nurture talents in this field, and you are the chosen ones!”

‘ Our special forces not only want to train combat personnel with strong combat ability, but train talents who are proficient in other special skills. We strive to become a special force that is excellent in all aspects and even makes the world tremble in fear.’

“And you guys are the backbone of our Battle wolf. Do you have the confidence?”

“Yes! Born fearless, fight to the end!” Almost everyone answered with a roar.

“Very good. I have divided you into groups of twenty and will be training you in different special skills. Next, those whose names I have read will stand together in groups.” “Wang Hai!”

“Li Lei!”

“Your group specializes in communication technology.”

“Li Yang!”

“Your group will study computer technology.”

“Cai Shan!”

“Your group will mainly learn foreign languages on the battlefield.”

After hearing Qin Yuan’s arrangements for everyone, everyone sighed.

“Company Commander is really amazing. If it were me, I wouldn’t have thought of this.”

“That’s right. It’s not the first day you’ve met our company commander.”

“Do you think we’re going to start training today?”

It was this sentence that reminded Qin Yuan.

“Yes, after the weight training is over, everyone will gather here!”

“Dismissed!”

After the team dispersed, Long Xiaoyun, who had been silent at the side, walked to Qin Yuan’s side.

“Do you really think they can do anything?”

“With me around, they have to do it even if they can’t.” Qin Yuan replied without hesitation.

“You should worry more about the second team.”

Long Xiaoyun felt that Qin Yuan was mocking her for being a busybody.

For a moment, anger surged in her heart, but she quickly calmed down.

Qin Yuan was a little surprised to see Long Xiaoyun’s calm expression.

If it was any other time, Long Xiaoyun would have punched him.

Why did she seem like a different person today?

“In that case, you should train these people well. You don’t have to worry about the training of team 2. I’ll take care of them myself!” Long Xiaoyun said.

“Hehe, this is more like Long Xiaoyun.” Qin Yuan thought to himself. He knew that Long Xiaoyun had never given up on the contest between him. It was Long Xiaoyun’s idea to split Battle wolf into two teams.

It was to compete with Qin Yuan.

“Alright, that’s all. I still have something to do.” Qin Yuan said as he walked towards the treehouse.

Looking at Qin Yuan’s departing back, Long Xiaoyun swore in her heart, “I will definitely lead team 2 to be stronger than team 1!”

After Qin Yuan returned to the treehouse, he began to organize the special skill knowledge that he had copied from the system..

Chapter 325: Cultivating Talents in Various Aspects

There were so many groups, he couldn't train them one by one.

Therefore, he decided to let Gong Jian help him share some of the burden.

Apart from that, he needed to build a few more treehouses as training bases. "Captain, can I come in?" A familiar voice came from outside the door.

"Come in." Seeing that it was Gong Jian, Qin Yuan smiled.

Speak of the devil.

"You came at the right time. I have something to tell you."

After explaining the relevant matters to Gong Jian, Qin Yuan was busy building the treehouse.

While Qin Yuan was building the treehouse, all the new equipment had been transported to the base.

The computers that he had requested from the Bureau Chief were all in place.

As long as they were all set up, they could be trained.

An hour passed.

Looking at the fully prepared training base, Qin Yuan clapped his hands and thought to himself, "It can begin."

Whoosh! Whoosh! Whoosh!

Qin Yuan blew the whistle whistle for the gathering.

Soon, everyone was standing in the Battle Wolf Base.

"From today onwards, Battle wolf Team One and Team Two will train separately!"

"The members of team 1 will train with the vice-captain, and the members of team 2 will train with Captain Long!"

"The rest will be trained according to my morning arrangements."

"Dismiss now. Each group will train separately."

After Qin Yuan finished speaking, he led his team into the treehouse that had been built beforehand.

The members of Team One followed Liu Ye and left.

The members of team 2 were left looking at each other.

"Yanbing, why isn't the company commander training us?" Li Erniu scratched his head and asked.

Wang Yanbing was confused. "I don't know either."

"I'll ask Boss later." Fatty Zhang said.

"Who allowed you to speak!" Long Xiaoyun angrily rebuked.

Looking at the angry Long Xiaoyun, the team instantly became silent.

Usually, they were well-disciplined and rarely whispered in the ranks.

However, when they heard that the company commander was not in charge of their training, they immediately lost their composure.

They had previously rejected the invitation of the Wolf Fang Special Forces so that they could train by Qin Yuan's side.

What the company commander gave them was something that no one else could compare to.

In their hearts, Qin Yuan had long been the person they relied on the most.

"Qin Yuan is the captain of team one, and you are members of team two, so I will be in charge of the training in the future."

"If you're not willing, get lost! Or you can ask your company commander if he wants you!"

"You have to know that if Battle Wolf Team 2 hadn't been established, you wouldn't be standing here, and you wouldn't have the chance to follow Qin Yuan."

"I understand your feelings for Qin Yuan, but all good things must come to an end, especially soldiers! At that time, will you still disobey orders because your superior is not your company commander?"

"If that's the case, then I'm sorry, my Battle wolf Team 2 doesn't need someone like that."

Long Xiaoyun said word by word, her voice sonorous and powerful. "I'm sorry, captain. We were wrong!" He Chenguang spoke first.

"Captain, we were wrong!" The others shouted.

They knew about Long Xiaoyun's temper.

Moreover, they were just not training under Qin Yuan anymore.

It wasn't something they couldn't accept, it was just that they were surprised.

Moreover, Qin Yuan was a member of Battle wolf, and he was still the company commander they respected the most!

Looking at the people in front of him, Long Xiaoyun's tone became less cold.

"In the days to come, I hope that you can do your best to train and surpass the Battle wolf team 1!"

"Are you confident?"

Hearing this, everyone's already fiery hearts burned even more.

No one wanted to surpass the members of Battle wolf Team 1 more than they did. It wasn't an exaggeration to say that even in their dreams, they were thinking about how to defeat Battle wolf Team 1.

The new recruits were beaten black and blue by the members of the Battle wolf team 1.

They thought that after training, they would be able to exchange a few moves with the members of Battle wolf team 1.

In the end, when they arrived at the Dark Forest, they were still beaten up by the members of the Battle wolf team 1.

If it were anyone else, they wouldn't be able to take it lying down, let alone a group of hot-blooded young people.

The arrogance on their bodies made them unwilling to lower their heads just like that.

Now that they had become members of the Battle wolf, they had to seize this opportunity.

They wanted to surpass Battle wolf team 1 and not be trampled by them every time.

No one refused Long Xiaoyun's request.

In fact, they wanted to fulfill this request even more than Long Xiaoyun!

"We are confident!"

"We can definitely surpass team 1!"

Everyone gritted their teeth and shouted.

Looking at everyone's determined eyes, Long Xiaoyun revealed a rare smile.

"Qin Yuan, it's not certain who will win this time." Long Xiaoyun thought to herself.

On the other side.

Qin Yuan was telling the twenty people in charge of learning computer technology about cyber warfare.

"Cyber warfare is essentially a form of hacking. By destroying the other party's computer network and systems, they can obtain confidential information to achieve their own goals."

"With the advancement of science and technology, cyber warfare is becoming an increasingly important high-tech combat method."

"In the future battlefield, the power of cyber warfare will become an important combat force of the army."

"Captain, from what you're saying, this online battle is very awesome." someone said.

Qin Yuan nodded and continued.

"We can utilize the internet to discreetly disrupt, paralyze, and control the enemy's command, control, and intelligence network systems."

"By doing so, the enemy's military forces will crumble, as command and control is crucial at all times."

“It is what we often talk about, a weapon that can subdue others without fighting.”

There was no smoke, but it was extremely lethal.

After listening to Qin Yuan’s explanation, everyone could not help but click their tongues.

“F * ck, this is too awesome!”

“Captain, you really know a lot.”

“Then what should we do?”

“If we want to take the initiative in cyberwarfare, we must be more proficient in computer technology than others!”

“From today onwards, we will train how to operate the relevant electronic equipment skillfully.”

“Each of you has a computer in front of your desk.”

The computers placed in front of every one were equipment specially used by the special forces. The functions inside were comprehensive and the system was very powerful.

Qin Yuan explained them one by one, and everyone listened very seriously.

Everyone listened as they operated.

Suddenly.

“Captain! The computer screen is black!”

“Me too. The computer is not responding and the screen is black.”

“The keyboard isn’t responding either.”

For a moment, the treehouse was in chaos.

“Captain, what’s going on?” Some people with quick reactions looked at Qin Yuan.

“I just hacked your computer’s defense system, so your computer and keyboard are not responding.”

“In other words, the computer in front of you is no different from a rock.” Qin Yuan looked at the anxious crowd and said with a smile.

“If we were on the battlefield right now, you guys would be the command center of our Battle wolf army. If such a situation were to occur, what do you think our troops should do?”

Qin Yuan’s words stunned everyone.

The captain was right. If they were on the battlefield and their command center was paralyzed, how could they deploy the battle plan? At this moment, they deeply felt the horror of cyber warfare.

“Captain, we will definitely study hard!”

Immediately after, Qin Yuan tapped the keyboard a few times and entered a few strings of code on his computer.

“Take a look again. Is your computer restored?”

Everyone looked at their computers and typed on their keyboards.

As expected, the computer had been restored.

At this moment, everyone suddenly felt that there was nothing that Qin Yuan could not do.

However, they knew that Qin Yuan’s strength was definitely not just that.

Right now, they only had one thought, and that was to follow Qin Yuan and become the top talents in the field of computers to prepare for the war in the future..

Chapter 326: Strengthening Special Combat Skills

With the determination to learn computer science, everyone listened attentively in the following period of time.

Although they had only just come into contact with this field, they believed that under Qin Yuan’s guidance, they would soon become the best in this field.

On the other side.

Liu Ye brought the members of the Battle wolf into training.

“Vice-captain, are we still going to train like before?” Zheng Xiaohu asked curiously.

After all, when he was in the logistics company, the most training was physical training.

Then there was the training of combat, shooting, and other skills.

To them, these aspects were simply a piece of cake.

Previously, the company commander had said that to become an outstanding special forces soldier, it was not enough to just master these things.

Therefore, they were curious about which aspect their training would lean towards.

Facing everyone’s questions, Liu Ye conveyed Qin Yuan’s original words to everyone.

“In the future, the opponents we will face will all be special forces soldiers who are just like us or even stronger than us.”

“Therefore, in addition to constantly improving our strength, we still have to conquer the other party from all aspects.”

“For example, disguise and ambush.”

“Camouflage? Vice-captain, don’t we already know this?”

After hearing Liu Ye’s words, everyone asked in confusion.

Previously, when they were in the logistics company and Qin Yuan brought them out for field survival training, they had gone through camouflage and infiltration training.

At that time, no matter where they were hiding, they were all found by Qin Yuan and the others.

It was after that incident that their camouflage skills had greatly improved. It could even be said that they had reached perfection.

But now, the vice-captain said that they still needed to train their disguise and ambush.

Is this necessary?

Liu Ye saw everyone's doubts and said with a smile.

"Your thoughts are all on your faces."

"This disguise and infiltration training is mainly based on makeup and infiltration."

After hearing Liu Ye's words, everyone looked at each other.

To them, makeup was a distant term.

Even those who had heard the term makeup were confused.

"Make-up? Isn't that something that only girls play Hu said immediately.

"Yeah, what does makeup have to do with hiding?"

Liu Ye continued.

"In the previous training, your camouflage in the wild has been done very well."

"In the usual daily lives, without the help of the wild environment, if you don't want to be discovered by others, what do you think you should do?"

Liu Ye's words stunned everyone.

That's right. Without the support of the wild environment, wouldn't the camouflage and concealment skills they had learned before be in vain? "Make... Make-up?" Zheng Xiaohu whispered with uncertainty.

Liu Ye nodded.

"The result of a poor disguise technique is completely different. No one knows this better than you."

"We can disguise ourselves as passers-by or even people from the enemy's side to complete the mission."

"Therefore, in order to achieve the perfect disguise, we must master makeup." "Vice-captain, do you know how to put on makeup?" Geng Hu asked curiously.

This question echoed the thoughts of everyone present.

From what Liu Ye said, they would definitely be learning how to put on makeup next.

If someone wanted to learn it, then they definitely needed to be taught.

A bunch of uncouth people like them definitely didn't know how to wear makeup.

"You brat, you only know how to find trouble." Liu Ye pretended to be angry and punched Geng Hu.

"I don't know how to either." Liu Ye shook his head.

"What? Vice-captain, if you don't know how, so who is going to teach us?"

"Then how are we going to learn?"

"Vice-captain, are you joking?"

After hearing Liu Ye say that he didn't know how to put on makeup, the crowd couldn't believe it.

Even the vice-captain didn't know how to put on makeup, so how could they learn?

"You can't learn without having someone teach you?"

Just as everyone was feeling depressed, a familiar voice came from behind them.

Everyone turned their heads to look at the voice. It was Qin Yuan.

"Company commander! "

"Captain! "

Seeing Qin Yuan's figure, everyone shouted excitedly.

"Now that we're part of the Battle wolf, don't worry about the logistics company." Qin Yuan scolded.

Although the title wasn't important, since they were now Battle wolf's people, they had to be careful. "Yes, captain! "

"Captain, what happened?"

Everyone was curious about Qin Yuan's sudden appearance.

"If I didn't come, who would have taught you how to put on makeup?"

After Qin Yuan finished instructing the people on the other side to practice on their own, he turned around and went to Team One.

After all, other than him, who had the system, no one else in Battle wolf could stand up for him.

Long Xiaoyun?

For some reason, Long Xiaoyun's figure appeared in Qin Yuan's mind, but he quickly denied this thought.

Except for her gender, Long Xiaoyun's personality was no different from men like them.

Not to mention makeup.

"The vice-captain should have told you just now about the importance of makeup for our disguise."

“Next, I’ll teach you how to put on makeup.”

As Qin Yuan spoke, he led everyone into the treehouse that had been designed first.

As soon as everyone entered the treehouse, they saw bottles and jars of different sizes on the table..

Chapter 327: Strengthening Special Combat Skills

On the other side, there were many makeup tools, props, and costumes.

Obviously, those bottles and jars were the cosmetics they needed.

“Captain, where did you get these?” Geng Hu said with his mouth agape. This was the first time he had seen so many women’s cosmetics.

“You brat, you talk too much!” Qin Yuan said unhappily.

Of course he wouldn’t tell them that he had used his own system to exchange for these things, and he had spent 10,000 skill points.

“Depending on the mission, we can disguise ourselves as the elderly, women, or even disabled people to lower the vigilance of the mission target.”

Old man?

A woman?

A disabled person?

Every time Qin Yuan said a word, the eyes of the soldiers below widened.

We could?

The soldiers never knew that that was possible.

Now, Qin Yuan’s words seemed to have opened the door to a new world for them.

After all, they were all men. How could they disguise themselves as women?

They felt that this was simply impossible.

“Captain!”

Geng Hu shouted.

“Speak!”

“We’re all men. How can we disguise ourselves as women? For a tall and strong man like me, wouldn’t others be able to tell if I were to dress up as a female?” Hearing Geng Hu’s words, everyone could not help but laugh out loud.

Indeed, with Geng Hu’s physique, no matter how much makeup he put on, he would not look like a woman.

Everyone laughed as they looked at Qin Yuan with anticipation.

They wanted to know if makeup was really that magical.

“There’s nothing that can’t be done. As long as your makeup skills are good, everything is easy.” Qin Yuan said calmly.

“Geng Hu, since you asked, you will be the model and show everyone the makeup process.”

Geng Hu was pressed onto the stool by Qin Yuan, and his face was flushed red.

If he had known that he would be pulled to be a model, he would never have asked.

Unfortunately, there was no time for regrets in this world, and he did not have the courage to disobey Qin Yuan’s orders.

After all, he had taken too many punches from Qin Yuan.

Thinking of Qin Yuan’s ruthlessness in beating people up, Geng Hu could only accept this fact with an ashen face.

“Now, let’s start with what everyone is most concerned about, how to disguise as a woman.”

After hearing Qin Yuan’s words, everyone was obviously excited.

They were looking forward to seeing what a big idiot like Geng Hu would become.

It was because of this that everyone was listening very seriously.

“The first thing you need to know about makeup is the steps and the makeup products you need for each step.”

“It’s usually a clean face, and then a layer of foundation is applied. For us guys, after cleaning our faces, we need to shave our beards. This is one of the differences between us and girls.”

“After applying the foundation, you can use the makeup egg to apply the foundation evenly on your face. You can choose the color number according to your skin.”

“When necessary, you can apply some blush.”

“Next is the eyebrows. The shape of the eyebrows determines a person’s temperament. In comparison, boys’ eyebrows are more rough, so they need to be modified.”

“As for the Adam’s apple, we can hide it by wearing scarves, scarves, and other accessories.”

Qin Yuan explained in detail to everyone as he helped Geng Hu put on makeup.

In order to let everyone see it more clearly, Qin Yuan deliberately slowed down his hands.

Everyone was listening and watching attentively, including Geng Hu himself.

Under Qin Yuan's control, Geng Hu's rough face actually softened.

"Alright, just apply some lipstick and that's it. That's all for the makeup."

As Qin Yuan finished speaking, what greeted everyone's eyes was a fair and beautiful face with thin eyebrows and red lips.

Was this really Geng Hu?

Everyone's faces were filled with shock. If they had not been watching from the side, they would not have believed that this was Geng Hu. At this moment, there was only one thought in everyone's mind.

Makeup is amazing!

"In addition to the makeup on our faces, we need to choose suitable clothes to make our disguise more perfect."

Qin Yuan said as he rummaged through the clothes.

However, Qin Yuan rummaged through the pile of clothes and could not find any suitable clothes for Geng Hu.

Geng Hu was really too tall and strong.

The crowd could not help but laugh at the fact that he had been eating so much!

Geng Hu scratched his head in embarrassment and said, "Can't blame me for being tall right?"

"You see, for people like Geng Hu, we need to choose some fat clothes that are more suitable. However, it is often more difficult for fat people to complete this kind of task.

"This is a problem that we need to pay attention to when we disguise as women."

"Generally speaking, a man's build is much larger than a woman's. It's fine for a thin man, but if it's someone like Geng Hu, they won't even consider letting him go on a mission."

What Qin Yuan said was indeed the truth. Generally speaking, if one disguised themselves as a woman, a petite person would be able to complete the mission better.

After all, humans were all visual creatures. Who wouldn't like beautiful women?

It was really hard to associate a woman with Geng Hu's physique.

However, Geng Hu's face after the makeup was done was definitely a beauty.

For a moment, everyone was shocked by Qin Yuan's makeup skills.

Although Geng Hu was not dressed in women's clothing, they were already shocked by Qin Yuan's makeup skills.

"Captain, what about an old man?"

Chapter 328: Strengthening Special Combat Skills

“We’re all so young. How can we disguise ourselves as old people?” Someone asked curiously.

Qin Yuan smiled and said to Liu Ye, “Vice-captain, I’ll have to trouble you to be the model this time.”

This time, because there was no need to introduce cosmetics and makeup tools, Qin Yuan’s speed was much faster.

Everyone stared at Qin Yuan, watching him operate on Liu Ye’s face step by step.

For a moment, the scene in the treehouse was very harmonious.

After putting on the makeup on his face, Qin Yuan picked up the headgear he had prepared beforehand and wrapped Liu Ye’s hair. Then, he chose a white wig with sparse hair and put it on Liu Ye.

A face full of wrinkles and age spots appeared in front of everyone.

Everyone could not help but exclaim.

“F * ck, this is too magical.”

“Especially after wearing a wig, who can tell that this is our vice-captain?”

Looking at everyone’s shocked expressions, Qin Yuan smiled.

“It’s not over yet. Why are you in such a hurry?”

As he spoke, Qin Yuan found a Chinese-style robe that the elderly often wore and handed it to Liu Ye.

At the same time, Qin Yuan found the remaining branches from the treehouse and handed them to Liu Ye, who had changed his clothes.

At this moment, the person who appeared in front of everyone was an old man who was limping with a cane.

Everyone’s eyes widened again, their faces filled with disbelief.

Although they had just witnessed their captain’s makeup skills, they were still shocked this time!

If they hadn’t witnessed the whole process of the makeup, they wouldn’t have believed that this was their vice-captain.

No one would associate the old man in front of them with a young soldier.

Especially when they were on a mission, who would suspect an old man with limited mobility?

This makeup technique was simply the best!

“Captain, this is too awesome.”

“That’s right. If I hadn’t been here watching just now, I wouldn’t have believed that this was the vice-captain.”

Liu Ye said as he looked at everyone's shocked expressions. "Why do you all look like you've never seen an old man before?" "Vice-captain, really... Really, look for yourself!"

As he spoke, someone handed the mirror on the table to Liu Ye.

Liu Ye, who took the mirror, was shocked by his reflection. He couldn't help but touch his face. "This is amazing."

"Is this really me?"

After hearing Liu Ye's words, everyone could not help but laugh out loud. "Vice-captain, you transmigrated here, right?"

Qin Yuan interrupted everyone's laughter. "Now, do you still think that only women can put on makeup?"

Everyone shook their heads. "Captain, we'll definitely train hard!"

Qin Yuan nodded. "In the future, you will train as usual during the day. At night, you will practice your makeup."

"Yes, sir!"

At this moment.

Dong dong dong!

A knock on the door interrupted everyone.

"Come in!" Qin Yuan said.

It was Long Xiaoyun.

"Who is this?" Long Xiaoyun saw Liu Ye with a walking stick.

"We just met him when we were training outside. He said he got lost." Qin Yuan explained.

"How could an old man with limited mobility barge into the Dark Forest?" Long Xiaoyun asked warily.

"Ask him."

Looking at their captain's serious face, everyone couldn't help but laugh.

Long Xiaoyun looked at the expressions on everyone's faces and glanced at the things on the table. She instantly understood something.

"Makeup?" Long Xiaoyun looked at Qin Yuan.

She tried to get an answer from Qin Yuan's face

Chapter 329 Special Operations of the Foreign Army! (Two Chapters Combined)

Qin Yuan met Long Xiaoyun's gaze and nodded.

"Nothing can escape your eyes."

After receiving Qin Yuan's affirmative answer, Long Xiaoyun sized him up seriously.

She did not need to ask to know that the makeup of these two people must have been done by Qin Yuan.

The old man in front of her and the muscular man with female makeup made her feel that Qin Yuan was a person who hid his true colors.

A man actually had such exquisite makeup skills.

Even Long Xiaoyun herself couldn't reach this level.

For a moment, she realized that she had to train Team 2 even more.

She didn't stay any longer and turned to leave the treehouse.

Only the members of the Battle Wolf Team 1 were left in the treehouse, looking at each other in dismay, as well as the calm Qin Yuan.

Although the members of Battle Wolf Team 1 didn't care much about Team 2, they were still afraid of Long Xiaoyun.

After all, this woman was really too ruthless. Only Qin Yuan could tame Long Xiaoyun.

Seeing their captain's calm expression, everyone lowered their heads in embarrassment.

Qin Yuan knew what these people were thinking, so he said.

"Your opponent now is not only her, but her underlings. If you can't even defeat them, don't follow me!"

"The Special Forces Competition is about to begin. At that time, there will be outstanding special forces teams from various military regions. Your opponents will be even stronger."

Qin Yuan's words were like a heavy hammer hitting everyone. They realized that there were many people stronger than them.

And the army did not lack powerhouses!

There was always someone stronger among the strong. What they needed to do now was to keep working hard and constantly break through themselves!

"Captain, don't worry!" Everyone shouted.

Looking at the high morale of the crowd, Qin Yuan did not say anything else.

He knew his subordinates very well.

He believed in their strength, but it was not enough.

What he wanted was a special force that was outstanding in all aspects and unique!

Just like Long Xiaoyun's original intention of building the Battle Wolf, the Battle Wolf was a special force that simulated the foreign army.

A screen popped up in the system. On it was written, "Global Special Operations Knowledge."

Qin Yuan's eyes lit up.

Thinking of this, Qin Yuan opened the system.

A screen popped up in the system. On it was written, "Global Special Operations Knowledge."

Qin Yuan's eyes lit up.

Although Qin Yuan already had a preliminary plan for the next training of Battle wolf, if he had the system's global special operations knowledge, it would be icing on the cake!

In the next second, the system notification sounded in Qin Yuan's ear.

"Global Special Operations Knowledge costs 1000000 Skill Points."

"What is it? One million Skill Points? Is your system robbing money?" Qin Yuan complained unhappily.

"There are special forces combat tactics from various countries in here. It's definitely worth the money." the system explained.

"How many skill points do I have now?"

"You still have 2480400 Skill Points."

It was not easy for him to save up more than two million skill points. Now, he had to spend another one million skill points all of a sudden. Qin Yuan felt a headache.

However, when he thought of Battle wolf's development, Qin Yuan still chose to exchange for it.

"Congratulations to the host for obtaining the global special forces combat knowledge."

As the system notification sounded, a surge of knowledge appeared in Qin Yuan's mind.

In the next second, all the knowledge about the combat tactics of the special forces of various countries was grasped by Qin Yuan.

He asked Liu Ye to bring everyone to continue practicing their makeup while he returned to his treehouse.

With the help of the system, Qin Yuan realized that many of the foreign army's special operations tactics did not care about martial ethics. They were all about surprise.

This was what Sun Tzu had said in the Art of War: "The art of war is the art of deception."

In short, he would complete his mission by hook or by crook.

In addition, the foreign army's combat philosophy was completely different from the belief that the brave would win in a narrow encounter in their own troops.

Especially in the jungle environment, the foreign army had the concept of "fight and run".

Usually, they would precisely fire at the moment they encountered the enemy, then immediately break away from contact, doing everything possible to avoid long-term shooting.

They did not fight hard, but ran away after fighting, causing the greatest damage at the smallest price.

And this kind of combat concept was almost the perfect combat method that foreign armies pursued.

In their opinion, suppressing the target with absolute advantage, retreating safely after penetrating deep into the enemy's rear, and even subduing the enemy without fighting, was the ideal way for an excellent special forces to fight.

In addition, small-scale combat was a common combat method used by foreign armies, and it was a combat method used by any special forces.

For a moment, Qin Yuan had a new plan for the training of the battle wolf.

On the other side.

Long Xiaoyun once again returned to the training ground of the Battle Wolf.

Everyone was running back and forth according to Long Xiaoyun's request, hugging a hundred pound log.

Looking at the members of Battle Wolf Team 2 who were training seriously, Long Xiaoyun revealed a rare smile on his face.

She knew that there was still a gap between the strength of the Battle wolf team 2 and Team 1, but she firmly believed that under her own training, this group would definitely surpass the first team.

Little did they know that the team was full of complaints.

"This woman is even more ruthless than the company commander!" Wang Yanbing panted.

"That's right. She doesn't treat us as humans at all." Li Erniu expressed his thoughts in a bad mood.

Chapter 330 Special Operations of the Foreign Army! (Two Chapters Combined)

"Enough, if Captain hears you later, you'll suffer!" He Chenguang interrupted their complaints.

At night.

Battle wolf Team 1 and Team 2 had finished their training and gathered in the base.

Both teams had finished a day of training, but the mental outlook of the two teams was completely different.

The members of Battle wolf were all smiling as they discussed the makeup they had learned today.

The members of Battle Wolf Team 2 looked exhausted.

"Yo, where did you guys go today? Why are you as tired as a dog?" Geng Hu mocked.

"You! How can you say that!" After hearing Geng Hu's words, Wang Yanbing immediately retorted.

He had forgotten that he had been beaten black and blue by Geng Hu many times.

"What, you're not afraid of being beaten?" Geng Hu waved his fist as he spoke.

"Geng Hu!" Zheng Xiaohu called out to Geng Hu, who then lowered his fist.

Geng Hu only wanted to scare Wang Yanbing and did not really intend to make a move.

However, he was really curious. Why did Team 2's group of people look like they had just returned from hard labor?

Zheng Xiaohu saw through Geng Hu's thoughts and said to Wang Yanbing, "Brother Yan Bing, where did you go today?"

In comparison, Zheng Xiaohu's tone sounded much more polite.

Wang Yanbing told him about today's training content very happily.

After hearing about Long Xiaoyun's training method, the members of Battle Wolf Team 1 sighed.

"That's really tiring."

"That's a little ruthless. Then you guys are really unlucky."

Looking at the relaxed faces of the Battle wolf, Wang Yanbing's curiosity was piqued.

"What did you guys do today? Why do I feel like you guys are very comfortable?"

"That's right. Has the captain changed?" The others asked curiously.

Although they were not in the same team as Battle wolf's team, most of them were soldiers brought out by Qin Yuan.

They knew Qin Yuan's training methods very well.

Take their time as new recruits as an example, they had never had a good day.

However, the members of the Battle wolf in front of them did not look like they had been destroyed by Qin Yuan at all. Could it be that the Battle wolf were already so strong?

If that was really the case, Battle wolf Team 2 would have an even harder time in the future. After all, the Long Xiaoyun's goal was to surpass Team 1.

For a moment, everyone from Battle Wolf Team 2 looked at Battle Wolf Team 1 anxiously.

"We didn't train today. We went to learn makeup." Zheng Xiaohu said with a smile.

"What is it? Make-up?"

"Why do men learn makeup?"

"Besides, who taught you how to put on makeup?"

Hearing Zheng Xiaohu's words, everyone from Team 2 widened their eyes.

They couldn't believe that Team 1's training today was actually about women's makeup.

"Could it be our Captain Long?" Someone reacted first.

After all, their captain had left for a while during their training.

Besides, they couldn't think of anyone else who could teach them how to put on makeup except for Long Xiaoyun.

Zheng Xiaohu shook his head.

"Not Captain Long? Then who else knows how to put on makeup?"

The Battle wolf were stunned. If it wasn't Captain Long, then who was it?? Was there a newcomer in the Dark Forest?

"It's someone you're most familiar with," said Zheng Xiaohu, looking at the curious faces around him, pretending to be mysterious.

Most familiar with? Could it be the company commander?

For a moment, everyone was frightened by the thought that popped up in their minds.

That was impossible, right? How could a man know how to put on makeup?

"He's the captain of our team." Zheng Xiaohu did not hide anything when he saw the shocked faces of Team 2.

"What is it? It really is our company commander." Everyone shouted in unison.

They couldn't believe that their captain knew how to put on makeup!

Immediately after, Zheng Xiaohu told the Battle wolf Team 2 about how Qin Yuan had disguised Liu Ye as an old man and Geng Hu as a woman.

"What is it? Geng Hu disguised himself as a woman?" Everyone from Battle Wolf Team 2 burst out laughing. They couldn't imagine Geng Hu in a female outfit.

In the next second, they met Geng Hu's fierce gaze and no one dared to laugh anymore.

After listening to Zheng Xiaohu's story, the soldiers of Battle Wolf Squad Two wished they could be present.

From Zheng Xiaohu's words, they realized that Qin Yuan's makeup skills were profound, and their admiration for Qin Yuan increased.

At this moment, Qin Yuan was in the treehouse formulating a new training plan for everyone.

Suddenly.

"Congratulations, user. Soldiers' goodwill has increased. You have received 100000 Skill Points." The sudden system notification confused Qin Yuan.

Why did he suddenly obtain skill points? However, he had no time to care about this at the moment. He only wanted to confirm the new training plan.

Besides, it would be a waste not to get the skill points that were delivered to him.

After about ten minutes, Qin Yuan put down the pen in his hand.

He walked out of his treehouse with the written plan.

Dong dong dong!

There was a knock on Long Xiaoyun's treehouse.

"Who is it?" Long Xiaoyun's voice came from the treehouse.

"It's me." Qin Yuan's voice was neither loud nor soft.

After hearing Qin Yuan's voice, Long Xiaoyun stuffed the clothes on her bed into her blanket.

After all, she didn't want the embarrassing incident from last time to happen again.

It was not until Qin Yuan's voice sounded again that Long Xiaoyun reacted and let Qin Yuan enter the treehouse.

"Why are you looking for me?" Long Xiaoyun said unhappily.

She had just gotten dressed and was about to take a shower when Qin Yuan knocked on the door.

"What perfect timing." Long Xiaoyun thought to herself.

"Take a look first." Qin Yuan said as he handed the training plan to Long Xiaoyun.

Looking at the training plan in front of him, Long Xiaoyun understood what Qin Yuan meant.

"Do you want Team 1 and Team 2 to train according to this plan?" Long Xiaoyun went straight to the point.

Qin Yuan nodded.

"I know what you're thinking, but we don't have much time." Qin Yuan's tone was solemn.

Qin Yuan knew that Long Xiaoyun had always wanted to compete with him. She wanted to prove that she could lead Team 2 to be better than Team 1.

However, if Battle wolf wanted to become a special forces unit that simulated foreign military operations, the training of the first and Team 2s had to follow Qin Yuan's plan.

Besides, Long Xiaoyun didn't think there was anything wrong with the proposal.

That meant that Qin Yuan's plan was completely applicable. It was up to Long Xiaoyun to decide.

Killing two birds with one stone, why not?

Thinking of this, Long Xiaoyun agreed to Qin Yuan's suggestion.

Looking at Long Xiaoyun, who had been silent, Qin Yuan spoke again.

"Haven't you always wanted to compete? Then we'll follow this training plan. I'll lead Team 1, and you'll lead Team 2. We'll have a confrontation exercise."

After hearing Qin Yuan's suggestion, Long Xiaoyun's eyes lit up.

Originally, after reading the plan, Long Xiaoyun felt that Qin Yuan wanted her to bring the Team 2 to train with the Team 1 .

Originally, he had divided Battle wolf into two teams to compete with Qin Yuan. She had only trained with Team 2 for a day today. If she wanted the two teams to train together, wouldn't that mean that her idea would be ruined?

According to Qin Yuan's instructions, the two teams would train separately according to the plan. This way, the team could learn the special combat methods of the foreign army and compete with Qin Yuan.

Killing two birds with one stone, why not?

Thinking of this, Long Xiaoyun agreed to Qin Yuan's suggestion.

"That's it then. Starting tomorrow, Team 1 and Team 2 will start training according to this plan."

Hearing this, Qin Yuan could not help but smile.

Qin Yuan was not surprised by Long Xiaoyun's answer at all, as if he had long expected Long Xiaoyun to agree.

"Then when do you think it's appropriate to arrange a confrontation exercise? Let you decide, lest you say that our Team 1 bullies your Team 2."

"Although our team 2 is not as strong as your Team 1 our Team 2 is not much weaker than you." Long Xiaoyun refused to be outdone.

"I'll finalize the plan, and you determine the timing for the confrontation. Isn't that fair enough?" Qin Yuan said calmly.

Hearing Qin Yuan's words, Long Xiaoyun thought that Qin Yuan was looking down on her.

"You!" Long Xiaoyun suddenly felt that the man in front of her always provoked her with a few words.

Long Xiaoyun realized that she had lost her composure and quickly calmed down.

"We'll see in a month."
