

Special Troop 331

Chapter 331 Want to Join Team 1?

After the two of them chatted for a while, Qin Yuan turned around and left Long Xiaoyun's treehouse.

After all, he had already given Long Xiaoyun the plan. It was up to her how she trained.

Thinking of Long Xiaoyun's arrogance, Qin Yuan was looking forward to what kind of breakthrough team 2 would have under Long Xiaoyun's leadership.

After Qin Yuan left, Long Xiaoyun sat in front of her desk and seriously read the plan Qin Yuan gave her.

From the plan, it could be seen that Qin Yuan was very familiar with the combat methods of the foreign special forces.

On the other hand, Qin Yuan gave a detailed introduction to the areas that Battle wolf needed to strengthen its training.

The entire plan was very detailed and thorough.

Long Xiaoyun put down the proposal in her hand and smiled.

Interesting!

This was the first time Long Xiaoyun had encountered an opponent she couldn't figure out.

She only knew that Qin Yuan was a person who hid himself very well.

What she could do now was to train team 2.

A month later, it would be the time to witness who was better.

At this moment, the members of Battle wolf Team 2 did not know that tonight would be the last night they would sleep soundly for the next month.

The next morning.

After Team 1 and Team 2 finished their morning run, they split up.

According to the plan, Qin Yuan would be in charge of Team 1, and Long Xiaoyun would be in charge of Team 2.

Therefore, after the morning run, the two teams split up to train separately.

Inside the Dark Forest.

At this moment, the two teams were gathered on the same field again.

Long Xiaoyun and Qin Yuan looked at each other. Qin Yuan smiled. It seemed that this woman came according to his plan.

However, the members of Battle wolf Team 1 and Team 2 were dumbfounded by the scene before them.

This place was very familiar to the Battle wolf.

The gurgling stream in front of them was the same stream that they had used to fish for food before Geng Hu's pursuit on the day of the assessment.

What made everyone pale was that there was a pile of logs on the bank of the stream.

Looking at the pile of logs, the members of Battle Wolf Team 2 could already imagine their captain torturing them.

For a moment, the faces of the Battle wolf Team 2 members all fell.

"What? You haven't even trained yet, and you're already done?" Long Xiaoyun's tone was cold.

Everyone shook their heads.

"Then don't look so lifeless!" Long Xiaoyun raised her voice and reprimanded.

"Captain, please give us your instructions!" The soldiers of Battle Wolf Team 2 immediately shouted.

They didn't want to anger Long Xiaoyun. After all, they had already experienced how ruthless Long Xiaoyun was yesterday.

That feeling was simply like taking one's life.

"Battle Wolf Team 2, all of you!"

"Everyone, grab the logs and jump into the stream. Everyone was required to hold their breath in the water for three minutes and raise the log above their heads with both hands."

"If one person's log falls, the entire team will carry it and run 20 kilometers!"

Long Xiaoyun's words were like thousands of needles piercing into the hearts of every member of the Battle Wolf Team 2. For a moment, everyone dared not speak out.

Wasn't this too ruthless? Normally, holding one minute underwater was already very powerful. Now, they had to hold their breath for three minutes while holding a log. This was simply risking their lives!

Long Xiaoyun said as she looked at the unmoved members of the Battle Wolf Team 2.

"Do you know how others train?"

Everyone looked at Long Xiaoyun in confusion. In their opinion, wasn't the training of the Battle wolf team similar to their Team 2?

Long Xiaoyun glanced at the crowd and saw their doubts.

"Can you only see one team? Do we only have one opponent? There are so many special forces in China. Can't you see that?"

"Also, I want you to know that we, Battle wolf, are a special force that completely mimics foreign military operations!"

"Right now, you don't even have the strength that an excellent special forces soldier should have, let alone hope to train you into a team that can simulate foreign military operations!"

Long Xiaoyun's voice was sonorous and powerful, and every word and sentence struck everyone's heart.

This included all the members of Battle wolf Team 1.

Qin Yuan looked at Long Xiaoyun with admiration. As members of Battle wolf, they needed to know what Battle wolf meant.

Even if Long Xiaoyun didn't say anything today, he would still find an opportunity to whip these people.

Long Xiaoyun noticed Qin Yuan's gaze, but she did not care. Instead, she continued.

"Take the basic water blasting training of the foreign army for example. Soldiers need to sink to the bottom of the pool, and their hands will be tied behind their backs. Their task is to use their teeth to put on the mask on the floor at the bottom of the pool."

"Which do you think is easier, their mission or your current mission?"

As he said this, Long Xiaoyun's eyes turned sharp.

No one dared to meet Long Xiaoyun's eyes. They all lowered their heads and kept silent.

In the next second, as if they had agreed, everyone rushed to the stream and jumped into the water with the log.

Then, his entire head sank into the water, and his hands lifted the log above his head.

Looking at the scene in front of her, Long Xiaoyun revealed a rare smile.

In the future battlefield, they would face all kinds of challenges. Before they learned how to fight in foreign armies, they had to break through their limits.

Although the probability of breaking through the limit was very small, how would they know if they didn't try?

Chapter 332 Want to Join Team 1?

Today's test was just an appetizer prepared for them.

The members of Battle wolf were dumbfounded.

For a moment, everyone was stunned.

"Commander. No, Captain! Are we going to be like them?" Geng Hu pointed at the water and asked Qin Yuan.

At this moment, it wasn't just Geng Hu. All the members of Battle wolf wanted to know. Were they going to be like Team 2?

Although their days were not much better when they were training with Qin Yuan, in comparison, holding a log in the water and holding their breath was simply too cruel for them.

For a moment, everyone felt their hearts ache for the Battle wolf members who were already in the water.

But if he was like Team Battle wolf, who would feel sorry for them?

Qin Yuan smiled. "Just hold your breath in the water for three minutes! If there are still people who can't stand it, get lost!"

As soon as Qin Yuan finished speaking, everyone in the Battle wolf team 1 looked incredulous.

What was that? Did they hear wrongly?

Just hold your breath in the water for three minutes?

At this moment, everyone could not believe their ears. The captain, who had always been harsh, was actually so good to them today?

Looking at Team 2 who was holding the log and holding their breath, everyone was stunned.

Looking at the stunned group of people, Qin Yuan said.

"What? Do you want to be like Team 2?"

Hearing this, everyone shook their heads frantically.

"No, no, no. We'll go now."

With that, everyone ran towards the stream.

He was afraid that Qin Yuan would regret it in the next second.

Only Qin Yuan and Long Xiaoyun were left on the field.

"Didn't you say that the two teams will train according to the same plan? Why do you still feel sorry for your team members?"

Long Xiaoyun walked in front of Qin Yuan and asked in confusion.

"As long as the final result is the same, so what if the process is a little different?"

"Besides, the characters and strengths of these two teams are different. It's only right for you to train the Team 2 like this. As for the Team 1, I know what to do."

Qin Yuan said indifferently.

"I'm just asking. I don't mean anything else." Long Xiaoyun said unhappily.

She just felt that it was a little strange that Qin Yuan, who usually trained more abnormally than anyone else, was actually merciful to these people.

However, Team 1 was not her team anyway, so Qin Yuan could do whatever he wanted. She only wanted Team 2 to beat Team 1!

"Do you really think this can force them to their limits? Instead, I feel that you will suffocate them." Qin Yuan reminded.

Although his plan stated that he would hold the log to make them hold their breath, Qin Yuan's time limit was only one minute.

In this way, not only could they cultivate their ability to fight underwater, but they could improve their physical fitness.

One minute was the amount of time a normal person could hold their breath.

However, Long Xiaoyun wanted them to do it for three minutes, which was indeed a little beyond the limits of her body.

"Won't you know when you see it?" Long Xiaoyun said coldly.

After saying that, Long Xiaoyun walked to the stream.

"There's only one minute left! Don't let me see any of your logs fall! Don't even think about giving up!"

"If I am your enemy now, I will kill you if you make any movement. Do you choose to hold your breath or stick your head out to breathe?"

At this moment, Team 2 was holding their breath underwater. If they didn't choke on their own words, they would have long complained.

The captain's words were simply cutthroat!

In this way, who could not bear to continue holding their breath?

They only had one life and they just have to hold their breath for three minutes.

It was because of this that some soldiers who were about to lose their patience gritted their teeth and held their breaths with all their might.

"Only ten seconds left!"

Long Xiaoyun's voice was like the sound of nature to the members of Battle Wolf Team 2.

Long Xiaoyun added as if she had thought of something.

"Battle wolf Team 1 has one minute left!" After all, Team 1 had arrived a little later than Team 2.

"Three, two, one!"

"Battle Wolf Team 2, rise!"

As Long Xiaoyun's voice rang out, the Battle Wolf Team 2's members immediately jumped out of the water.

All of them were breathing heavily as they held onto the logs and climbed ashore.

After throwing away the logs in their arms, everyone sat on the ground. Some even lay on the ground.

It was not difficult for them to lift the log, but it was really difficult to hold their breath underwater.

It was no exaggeration to say that this was simply challenging their limits.

"Oh my god, I thought I was going to die just now." Li Erniu panted.

"Usually, two minutes is my limit. I really don't know how powerful I can be if I didn't push myself." Wang Yanbing said proudly.

"Come on, I saw your face turn red just now." He Chenguang said mercilessly.

"Get lost. Can't you let me show off?"

Looking at the members of Team 2 who were staggering, Long Xiaoyun took out her pistol and fired a few shots at the ground.

Bang bang bang!

The sudden gunshot scared everyone and they stood up immediately.

Seeing that it was their captain who fired the shot, everyone was even more shocked.

It was over. They didn't know how they had offended the captain.

The group of people looked at each other, not knowing what to do.

At this moment, Long Xiaoyun said.

"Look at yourselves just now. Where did you guys get the look of a special forces soldier?"

"After coming ashore, he directly collapsed on the ground? If word gets out, I'll be embarrassed for you!"

Facing Long Xiaoyun's reprimand, the Battle wolf lowered their heads in shame.

"However, you guys did a great job holding your breath underwater just now!"

"I hope that you can break through your limits and persevere until the end in every mission in the future." Long Xiaoyun's tone softened a lot.

"Yes, ma'am!" Battle Wolf Team 2 shouted.

For a moment, everyone felt that their captain wasn't that cold and heartless.

Qin Yuan nodded slightly. He would scold and praise when he needed to. This was the style of a leader that his subordinates respected the most.

"What about Team 1?" Someone suddenly said.

This sentence reminded Qin Yuan that he had been so focused on watching Long Xiaoyun reprimand Team 2 that he had forgotten about this.

"Battle Wolf Team 1, rise!" Qin Yuan shouted.

"I'm suffocating!"

"Captain, it's not just three minutes."

"If Captain doesn't call us, I feel like I'm going to die."

Before he could see anyone, he heard everyone complaining.

Everyone looked toward the source of the sound and saw that the members of the Battle wolf Team 1 had already emerged from the water.

"Why didn't they lift the logs?" Li Erniu's eyes widened.

Wang Yanbing rubbed his eyes and looked at the Battle wolf.

It was just as Li Erniu had said. The Battle wolf Team 1 was empty-handed, and there was no sign of the log at all.

Long Xiaoyun seemed to have seen through everyone's thoughts. "What? Do you want to join Team 1?"

"Then you can ask your Company Commander Qin if he is willing to accept you."

Hearing Long Xiaoyun's words, the people of Team 2 shook their heads frantically. They didn't dare to have such thoughts.

"They aren't having an easier time than you. Didn't they stay underwater for two minutes longer than you?"

"Why don't you guys go underwater for another two minutes, and I'll get Team 1 to lift the log for another two minutes?" Qin Yuan echoed.

Qin Yuan's words were undoubtedly helping Long Xiaoyun. How could the people of Team 2 dare to speak anymore?

One was the company commander who had trained them into a special forces soldier, and the other was their current captain. Neither of them was to be trifled with.

Besides, if they really could hold the log for two more minutes, it would be strange if they weren't dead afterward.

At that time, they would only suffer even more.

Instantly, everyone in Battle Wolf Team 2 felt like they were ants that could be easily manipulated.

And all of this was because their strength was inferior to others.

For a time, the desire to become stronger burned in everyone's hearts.

"Reporting to the two captains, we have no other thoughts!" Everyone shouted in unison.

Looking at everyone's serious expressions, Qin Yuan and Long Xiaoyun looked at each other and smiled.

Today's training was not in vain!

"Everyone! Back to the base!" Qin Yuan shouted.

"Yes, sir!"

Chapter 333 Leaving Battle wolf?

After everyone returned to the base, Qin Yuan and Long Xiaoyun returned to their respective treehouses.

The other Battle wolf members remained in the hall.

"Company Commander, you're really good to Team 1." Li Erniu said without hiding his envy.

"Sigh, it would be a lie to say that I'm not envious." Wang Yanbing spoke.

"Then why didn't you say anything when Captain spoke just now?" He Chenguang shut Wang Yanbing and Li Erniu up with just one sentence.

"Since we're here, let's take it as it is. Don't you know the captain's temper? Besides, have you forgotten when the captain is ruthless?"

After hearing He Chenguang's words, the two of them instantly stopped being envious. After all, compared to Long Xiaoyun, the training methods of the company commander were simply better.

The conversation between the few of them was heard by the members of the Battle wolf Team 1.

"It's good to join our team. You can taste my fists every day."

Geng Hu shook his fist as he spoke.

"You are really a pervert." Wang Yanbing said angrily.

Ever since Wang Yanbing had met Geng Hu, the two of them had never had a proper conversation.

Looking at the two people bickering, the other people couldn't help but laugh.

It was precisely because of this pair of lovers that their cruel training became a little more interesting.

After chatting for a while, they returned to their respective treehouses.

Although today's training was not as intense as before, they were still exhausted.

Everyone cherished this rare opportunity to rest, and this was the only comfortable time of the day for them.

Soon, everyone fell asleep.

At this moment, the lights in the command room lit up.

It was Qin Yuan and Long Xiaoyun.

Qin Yuan looked at the watch on his hand.

Long Xiaoyun nodded.

The next second, the two of them walked out of the command room.

She bumped into Liu Ye, who was walking toward the command room.

"Captain, everything is ready." Liu Ye said to Qin Yuan.

"Alright, let's go and see if this group of people are wolf cubs or little sheep."

As they spoke, the three of them had already walked into the hall.

"Vice-captain, it's up to you." Qin Yuan smiled.

As soon as Qin Yuan finished speaking, Liu Ye took out a box from the side.

"See, it's done." Liu Ye said as he opened the box.

Smoke grenades and tear gas grenades were neatly placed inside.

Qin Yuan nodded. "Go ahead."

After receiving Qin Yuan's signal, Liu Ye carried the box and walked towards everyone's treehouse.

Liu Ye opened the box again, picked up smoke grenades, tear gas grenades, and pulled rings, and threw them at the treehouses.

The entire residential area was instantly shrouded in thick smoke.

Qin Yuan, Liu Ye, and Long Xiaoyun returned to the command room.

A minute passed, but there was still no sign of anyone on the surveillance cameras.

"Captain, should we call them?" Liu Ye probed.

Qin Yuan shook his head.

Long Xiaoyun frowned and stared at the surveillance screen.

She wanted to see when these people would react.

In the next second, a few familiar figures appeared on the surveillance screen.

It was Geng Hu, Zheng Xiaohu, and He Chenguang.

"What's going on?" Geng Hu covered his mouth and nose as he looked at Zheng Xiaohu.

"Don't worry about it for now. Go and get someone." Zheng Xiaohu urged.

"I'm choking to death. I can't even open my eyes." Wang Yanbing rubbed his eyes.

Two minutes later, everyone rushed out of their treehouses.

All of them covered their mouths and noses, coughing from time to time.

Everyone's faces were filled with confusion. What was going on?

At this moment, the smoke slowly dispersed.

Just as everyone was puzzled, Qin Yuan and the other two walked out of the command room.

"Captain! Vice-captain!"

"Captain Long!"

Battle wolf Team 1 and Team 2 shouted.

"Why aren't you sleeping?" Qin Yuan asked with a smile.

"Captain, I don't know what happened just now. The room was full of smoke, and we choked until we were in tears." someone explained.

"Is that so? Are you guys okay?" Qin Yuan glanced at everyone.

Looking at Qin Yuan's concerned gaze, everyone shook their heads and said excitedly, "Captain, we're fine."

In their memories, Qin Yuan had never spoken to them so gently before.

For a moment, everyone was delighted.

However, what they did not expect was that there must be something wrong with this abnormality.

In the next second, Qin Yuan put away the smile on his face and stared at everyone with a sharp gaze.

"If you guys are fine, I think Battle wolf can do without you guys!" Qin Yuan's tone was mixed with a trace of anger.

Faced with Qin Yuan's sudden change in attitude, everyone seemed to be at a loss.

"As special forces soldiers, where is your vigilance?"

"I haven't seen anyone come out for an entire minute! Some of them even came out after three to four minutes!"

"If you were on the battlefield today, you wouldn't even know how you died!"

Hearing Qin Yuan's words, everyone lowered their heads.

At this moment, they realize that everything tonight was arranged by Qin Yuan and the others.

It was obvious that their performance was disappointing.

"You have to know that we will encounter all kinds of unexpected situations. This requires us to maintain a high degree of vigilance at all times, unlike you!"

"You might say that the training during the day was too tiring, so you didn't react in time. On the battlefield, would the enemy stop attacking you because you didn't have enough energy?"

Chapter 334 Leaving Battle wolf?

"I really feel ashamed for all of you, or maybe you guys aren't suitable for Battle wolf, I shouldn't have brought you here."

Qin Yuan's tone suddenly softened.

"When daybreak comes, you can leave."

As soon as Qin Yuan said this, everyone suddenly raised their heads.

Leave Battle wolf? Was the captain chasing the team away?

"Captain!"

"Captain, we were wrong."

"We don't want to leave."

Everyone shouted anxiously.

"If you don't want to leave, then do your best!"

"All of you have to live up to the title of Battle wolf!"

Qin Yuan said word by word.

"Yes, sir!" After hearing Qin Yuan's words, everyone heaved a sigh of relief.

"I hope this is the last time!" Long Xiaoyun, who had been silent all this while, spoke up.

"Now, everyone, go back and put on your training uniforms. We'll leave in three minutes." Long Xiaoyun added.

At this moment, no one dared to ask them what they were going to do, even if they wanted to know.

In the next second, everyone rushed back to their respective treehouses.

Three minutes passed quickly. Everyone had put on their training uniforms and gathered in the main hall of the base.

"Where do you think we're going?"

"It's not even dawn yet. Are we going to train?"

"I don't know. When Captain and the others hear this, they would get angry again."

Seeing that Qin Yuan and Long Xiaoyun had not arrived yet, everyone started discussing curiously.

"Ahem." Someone coughed twice, and the team suddenly quieted down.

At this moment, Qin Yuan and Long Xiaoyun had already walked to the front of the team.

"Let's go!"

...

About thirty minutes later, everyone was still shuttling through the Dark Forest.

"Brother Bing, how long are we going to walk?" Li Erniu muttered softly.

"Cut the crap. Do you still want Captain to be angry?" He Chenguang didn't wait for Wang Yanbing to speak and said to Li Erniu.

After hearing He Chenguang's words, Li Erniu shut his mouth.

The team continued to move forward until Qin Yuan spoke.

"Stop!" As Qin Yuan finished speaking, the team stopped.

What greeted everyone's eyes was a quagmire.

Under the faint moonlight, everyone could vaguely see a pile of logs at the edge of the quagmire.

For a moment, everyone was curious why there was such a quagmire in the deep mountains and forests.

However, Qin Yuan naturally would not tell them the reason for this.

"Do you know why I asked you to come here?" Qin Yuan asked.

Everyone shook their heads.

"Didn't you say you couldn't wake up? Then wake up and stay awake!"

"Everyone, hold the logs, get into the mud, and do 300 sit-ups! Five minutes!"

"The slowest, add another 300!"

After hearing Qin Yuan's words, everyone ran towards the pile of logs like crazy.

They hugged the log, jumped into the quagmire, lay down, and got up.

Their movements were smooth and fluid, completely different from their sleepy appearances from before.

"Looks like your goading method worked." Long Xiaoyun looked at the people in the quagmire and said to Qin Yuan.

"Isn't that your good idea?" Qin Yuan smiled.

"These people still have some strength, but they need to be spurred on."

"There won't be a second time like tonight." Qin Yuan said with certainty.

Long Xiaoyun nodded. Qin Yuan's understanding of this group of people was far above hers.

Therefore, she believed what Qin Yuan said. Moreover, if there was a second time, then these people did not deserve to stay in Battle wolf!

In the quagmire.

"Company commander is ruthless. Why did we have to come all the way to this swamp?" Li Erniu said angrily.

"If you didn't sleep like a pig just now, perhaps you wouldn't have to come here." He Chenguang teased.

He couldn't be bothered to stop Li Erniu. Anyway, some people were born talkative.

In addition, Qin Yuan and the others probably couldn't hear him, so He Chenguang didn't ask Li Erniu to shut up.

"D * mn, with your interruption, I forgot how many I did." Li Erniu shouted.

He Chenguang smiled and didn't say anything else.

On the other side.

"201!"

"202!"

"..."

Fatty Zhang panted heavily as he counted his own number.

"Boss is too ruthless." Fatty Zhang thought to himself.

"Fatty, how many??" Jiang Feng's voice interrupted Fatty Zhang's thoughts.

"More than 200."

"Not bad, not bad at all!"

Jiang Feng praised from the bottom of his heart. He knew the changes in Fatty Zhang the best.

Among the members of Team 2, Fatty Zhang was not the strongest, but he was the one who worked the hardest.

Moreover, Jiang Feng realized that Fatty Zhang had never said anything bad about the two captains.

Usually, during training, others would more or less complain.

As for Fatty Zhang, he had never complained.

For example, the people around him would complain from time to time.

However, Jiang Feng, who had been by Fatty Zhang's side the entire time, did not hear Fatty Zhang's complaints from the beginning to the end. There was no hint of dissatisfaction on his face.

For a moment, Jiang Feng was even more curious about Fatty Zhang.

"Hey, Fatty, why do I feel like you really like Battle wolf's life?"

After hearing Jiang Feng's words, Fatty Zhang paused for a moment and continued to do sit-ups.

"Don't you like it?" Fatty Zhang asked.

"Of course I do. I mean, you seem to like Captain Qin and Captain Long very much?"

"Cough cough, let's not talk about this anymore. Hurry up and do it! You want to make another 300?" Fatty Zhang changed the topic.

Seeing that Fatty Zhang was unwilling to say anything, Jiang Feng did not ask further.

Besides, he didn't want to be the slowest one. Wouldn't it be equivalent to killing him if he had to do another 300?

Fatty Zhang heaved a sigh of relief when he saw that Jiang Feng had stopped talking.

He did not want others to know that Qin Yuan was his elder brother. Moreover, he had promised Qin Yuan that there would only be superiors and subordinates in the army.

As for Long Xiaoyun, she always had a fierce look on her face. How could he possibly like her?

If he liked someone, he should like someone as gentle as Miao Xiaoxiao.

Thinking of this, Fatty Zhang seemed to have thought of something.

In the next second, he increased his speed.

"One more minute!" Qin Yuan looked at his watch and shouted at the people in the quagmire.

"Hurry up! Hurry up if you don't want to get lost!"

Qin Yuan's voice entered everyone's ears. For a moment, everyone's speed increased significantly.

They knew very well that Qin Yuan had always been a man of his word.

Especially after tonight's incident, they didn't want to be the ones who were chased out!

They wanted to stay in Battle wolf and follow Qin Yuan and Long Xiaoyun!

The Battle wolf Team 2 members remembered Long Xiaoyun's request for them to surpass Team 1 and everyone else.

However, they were still far from meeting Long Xiaoyun's requirements.

Thinking of this, the Battle wolf increased their speed.

"Ten seconds left!"

"Reporting to Captain, Battle Wolf Team 1 is done!" Geng Hu shouted.

"Very good! Continue!" Qin Yuan glanced at Geng Hu and said mercilessly.

Facing Qin Yuan's instructions, everyone in the Battle wolf team 1 had bitter expressions on their faces, but no one dared to refute the captain's orders.

They thought that if they did it quickly, it would end earlier.

They didn't expect their captain to be so unruly. However, this was their captain.

All the members of the Battle wolf team 1 continued to work.

"Time's up!"

For a moment, everyone felt as if they had been reborn. There was nothing more beautiful than this sentence.

"Very good. I hope you can remember tonight!"

"Everyone will pay for their mistakes, but you only have one life."

"If what happened in the base today was on the battlefield, you would have to pay with your lives!"

Qin Yuan's voice was not loud, but every word was like a heavy hammer, hitting everyone's hearts hard.

"From tomorrow onwards, our training will be even crueler and stricter. I hope you will live up to your military uniforms!"

At this moment, the sky had already begun to brighten.

09:36

Chapter 335 Gradually Becoming Stronger!

Looking at the sky that had already turned white, everyone suddenly felt that the night's torment was not that tiring.

This was the first time they had enjoyed the scenery of the Dark Forest so comfortably.

Everyone looked up at the slightly white sky. The scene was beautiful.

Qin Yuan's words broke this harmonious scene.

"What are you all doing? Don't you want to eat breakfast?"

After hearing Qin Yuan's words, everyone's faces revealed a trace of joy.

They were waiting for Qin Yuan to say that!

After a night of torment, their stomachs were already growling with hunger.

"Captain, are we going back to the base now?" someone asked.

"Settle your own breakfast and gather here in an hour!"

"I don't want to see anyone coming back to the base to get food, understand?"

Qin Yuan's gaze swept across everyone.

"If we were on the battlefield, who would provide you with food?"

After saying that, Qin Yuan, Long Xiaoyun, and Liu Ye left in another direction.

Battle Wolf Team 1 and Team 2 were left looking at each other.

They knew what Qin Yuan meant. He wanted them to find food in the Dark Forest by themselves.

For example, snakes, fish, animals, bugs, and even tree bark and roots.

Thinking back to the time when they were in the wilderness survival training, eating raw fish and snakes, everyone felt disgusted.

But reality was cruel, especially on the battlefield.

As long as it could fill their stomach, they had to eat it no matter what it was.

And now, they had no other choice but to do so.

If there was, then choose not to eat.

However, a new day had just begun. If they didn't eat, they definitely wouldn't be able to endure it.

After all, from Qin Yuan's words, it could be seen that they would definitely have to continue training in an hour.

Most of them were exhausted after a night of torment.

If they didn't replenish their energy, the following training would only be more difficult for them.

Thinking of this, everyone split up to look for food, even if they were extremely unwilling.

He Chenguang, Wang Yanbing, and Li Erniu walked together as usual.

"I'm going to eat raw fish again." Li Erniu cried.

"Do you still remember where the stream is?" Wang Yanbing rolled his eyes.

"Look at my brain. That's right. Where are we going to find a small stream?" Li Erniu suddenly realized.

"Alright, save your strength. Eat whatever you have later!"

"Besides, starving won't kill you." He Chenguang said unhappily.

"I'm just afraid that you guys will be bored and find something to talk about." Li Erniu explained with a grin.

"You brat! Let's go." He Chenguang patted Li Erniu's shoulder and said with a smile.

On the other side.

Qin Yuan and the other two had already returned to the quagmire.

The three of them clapped their hands as if they had accomplished something important.

"Captain, is this okay?" Liu Ye wiped the sweat off his face and said.

Qin Yuan nodded.

"Vice-captain, go back and rest for a while."

From last night until now, Liu Ye was the most tired.

Liu Ye didn't refuse anymore. He turned around and walked toward the base.

"You should go back and rest too? I'll be fine." Qin Yuan turned his head and said to Long Xiaoyun.

"No need." Long Xiaoyun said faintly,

While the two of them were talking, some people had already returned to the quagmire.

Time slowly passed.

Soon, everyone returned to the quagmire.

Qin Yuan looked at the assembled team and said.

"Today, your training content is!" Qin Yuan deliberately dragged out his voice.

For a moment, everyone was curious.

From their memories, Qin Yuan had never kept them in suspense. Why was he keeping them in suspense now?

However, they knew very well that no matter what kind of training it was, their days would not be easy.

"Combat." Qin Yuan said unhurriedly.

Qin Yuan's tone was very calm, but it set off waves in everyone's hearts.

What was that? Combat?

Didn't they already train in combat?

From Qin Yuan's words, they thought that today's training would be very cruel, but in the end, it was a fight.

For them, combat training was a common thing.

As long as they didn't face that pervert Geng Hu...

In the next second, Qin Yuan's words made the originally happy crowd sink to the bottom.

"Battle wolf Team 1 versus Battle wolf Team 2!"

As soon as Qin Yuan said this, the expressions of Team 1 and Team 2 formed a sharp contrast.

Team 1's faces were filled with joy, and they were even a little eagerness.

Meanwhile, the members of the Team 2 were crying. At this moment, their mood was like a roller coaster, fluctuating.

For Team 1, it was more than enough to deal with these people from Team 2. After all, each of them was very strong in combat. Other than Geng Hu and Qin Yuan, there was no one they could not defeat.

To Team 2, Qin Yuan's words were undoubtedly a bolt from the blue. Geng Hu alone could beat up a group of them.

For a moment, the Battle wolf could only hope that they would not face Geng Hu.

However, Qin Yuan's next words once again put them in a desperate situation.

"It doesn't have to be one on one, two on one, many on one, or many on many. As long as you can think of it, you can do it!"

Looking at the bitter faces of the Battle Wolf Team 2, Qin Yuan continued.

"I know that this is unfair to Team 2!"

"But on the battlefield, will the enemy give in to you because you are not strong enough?"

Chapter 336 Gradually Becoming Stronger!

"Team 1's strength is above yours, but are they naturally stronger than you? I'm telling you, they're not."

"Not long ago, their combat standards were the same as yours, or even worse. But now, you can see their standards with your own eyes."

"Then why do you think they are at their current level?"

"Are you sleeping? Or eating, drinking, and having fun?"

Everyone shook their heads.

In the next second, the members of Team 2 shouted in unison,

"Captain Qin, it's training!"

At this moment, their eyes were filled with determination.

Qin Yuan nodded his head. That's right. It was precisely because of the training day after day that they had their current strength."

"Similarly, as long as you train seriously, in time, you will be like them!"

Qin Yuan's voice was sonorous and powerful, echoing in everyone's ears.

"Yes, sir!" Battle Wolf Team 2 shouted.

At this moment, they had completely forgotten how powerful their opponent was. Everyone only had one belief in their hearts. That was to train, train, train!

Only through training would they become stronger, and only by becoming stronger would they have the chance to defeat Battle wolf Team 1.

Looking at the high morale of Battle Wolf Team 2, Qin Yuan did not forget to encourage Battle Wolf Team 1.

"Team 1, listen up. Although you are stronger than Team 2, you have to understand that people can't stay in the same place forever!"

"If you guys continue to be complacent, then very soon, you will be beaten down by the people from Team 2!"

"When the time comes, don't say that you're my soldiers."

After saying that, Qin Yuan turned around and left.

Long Xiaoyun glanced at the members of Team 2. "Don't forget my request!"

Then, Long Xiaoyun walked in the direction where Qin Yuan had left.

Only left behind the Battle wolf team 1 and team 2.

Looking at Qin Yuan's back as he left, the members of Battle Wolf Team 1 realized that if they were surpassed by Team 2, not only would they lose face, but they would make Qin Yuan lose face.

They would never let this day come!

Both teams wanted to become stronger!

"What are you all standing there for? Go down!" Geng Hu shouted.

In the next second, everyone rushed into the quagmire.

It was the moment they entered the quagmire that they realized that the combat training this time was not as simple as they had imagined.

The depth of the quagmire was completely different from the depth when they were doing sit-ups last night!

Almost half of their bodies were stuck in the mud. Even walking was difficult, let alone fighting training.

They couldn't imagine what it was like to fight in this quagmire.

This was the surprise that Qin Yuan had prepared for them.

During the hour when they went out to look for food, Qin Yuan and the other two dug up more mud to add an appetizer to their combat training.

Just as everyone was deep in thought, Geng Hu had already punched Li Erniu, who was closest to him.

The speed was so fast that the two bulls could not react at all.

Li Erniu staggered and fell into the mud, eating a mouthful of mud.

Li Erniu covered his face and got up. "Why didn't you say anything before you attacked?"

"Do we need to inform you before the enemy shoots during a war?" Geng Hu said coldly.

Hearing the conversation between the two, the rest of the Battle wolf laughed out loud.

Putting everything else aside, Geng Hu's lecturing manner was exactly the same as Qin Yuan's.

"Besides, why did you pick me? Shouldn't you be beating up Wang Yanbing?" Li Erniu said.

In his impression, Geng Hu and Wang Yanbing could be said to be sworn enemies. Every time, Geng Hu would beat Wang Yanbing to death.

This time, Geng Hu had used him as an example. Li Erniu was truly somewhat shocked.

"Erniu, what do you mean?" Wang Yanbing said angrily.

Wasn't this clearly drawing hatred for him? Wang Yanbing didn't want to fight Geng Hu. Even if he wanted to, it wasn't now.

One day, he would beat Geng Hu to the ground.

Wang Yanbing thought to himself.

"So much nonsense!" Geng Hu threw another punch at Li Erniu.

Li Erniu tilted his head and dodged the punch.

"Yo, you've learned to be smart." Geng Hu mocked.

"Stop being so arrogant! Sooner or later, I'll be able to beat you." Li Erniu retorted, unwilling to be outdone.

"Chenguang, Brother Bing! Come and help me!" Li Erniu shouted.

After hearing Li Erniu's shout, Wang Yanbing hesitated.

He didn't want to fight Geng Hu right now because he knew that there was only one outcome for him, and that was to be beaten black and blue by Geng Hu.

However, on second thought, if he did not face his opponent directly, how could he defeat him?

Looking at He Chenguang who had already joined the battle, Wang Yanbing already had an idea.

In the next second, he ran towards Geng Hu with great difficulty.

From the recruit company until now, the three of them had never been separated. Therefore, he wanted to work together with his teammates, become stronger together, and defeat his opponent together!

Geng Hu had no intention of retreating in the face of the trio's attacks. Instead, he became even more excited.

After all, other than the captain, Qin Yuan, no one else was his match.

Even though the mud had restricted his mobility, the others were the same.

He Chenguang, Wang Yanbing, and Li Erniu attacked Geng Hu from different directions.

Geng Hu pulled his right leg out of the mud and swung it at Wang Yanbing.

Wang Yanbing dodged the kick.

At the same time, He Chenguang's fist was aimed at Geng Hu's face.

Geng Hu's reaction was extremely fast. He grabbed He Chenguang's fist, and the next second, he exerted strength in his hand, forcing He Chenguang to retreat.

"He seems to be stronger!" He Chenguang thought in his heart.

In the quagmire, Geng Hu's reaction speed and attack speed were not affected at all.

No matter how the three of them attacked, Geng Hu could always resolve it.

"Too strong!" He Chenguang could not help but sigh.

"Even though this is very demoralizing, I agree with what you said." Wang Yanbing spoke.

"This is simply barbaric." Li Erniu directly broke through his defense.

He could now somewhat understand Wang Yanbing's previous feelings. Geng Hu was simply a pervert.

They had originally thought that Geng Hu would not be able to withstand their attacks in such a quagmire.

However, he did not expect Geng Hu to be even more ferocious than before on the combat training ground!

They realized that if they wanted to defeat Geng Hu, they still needed to put in more effort!

At the same time.

The other members of Battle wolf Team 1 were fighting to their heart's content with the members of Team 2.

However, Team 1 had the upper hand.

Zheng Xiaohu faced Leng Feng.

In the process of the two fighting, Zheng Xiaohu realized that this person who looked like He Chenguang was not simple.

Zheng Xiaohu even took a punch from Leng Feng.

"Not bad, kid." Zheng Xiaohu looked at Leng Feng with admiration.

The next second, Zheng Xiaohu punched Leng Feng.

This punch landed squarely on Leng Feng's face.

"I'll count this punch in." Zheng Xiaohu said with a smile.

The sudden punch made Leng Feng retreat a little.

He did not expect Zheng Xiaohu to attack so quickly. He was still talking a second ago, and in the next second, he attacked him.

Otherwise, he could have dodged the punch.

Zheng Xiaohu seemed to have seen through Leng Feng's thoughts and said with a smile.

"You have to know that there are many things in this world that you can't imagine, but others might be able to do it."

"Never let go of your vigilance against others. No one knows what will happen in the next second. Anyone can be your opponent!"

Zheng Xiaohu's words moved Leng Feng.

"I've learned my lesson." Leng Feng approached Zheng Xiaohu and said with a bright smile on his face.

"Ke..." Before Zheng Xiaohu could finish speaking, Leng Feng punched Zheng Xiaohu's face.

"Putting what I've learned into practice." Leng Feng waved his fist and said.

"Good lad." Zheng Xiaohu smiled.

What they did not know was that not far away, there were two familiar figures watching this scene.

Chapter 337 Parachute Training?

The two of them were Qin Yuan and Long Xiaoyun who had returned halfway.

They weren't really leaving, they were just giving Battle Wolf Team 1 and Team 2 the illusion that they were leaving.

The two of them wanted to see how this group of people would be when they were not present.

From the looks of it, Qin Yuan and Long Xiaoyun were still very satisfied with everyone's performance.

"Team 1 is indeed a good team." Long Xiaoyun suddenly said.

Qin Yuan was a little surprised by Long Xiaoyun's sudden praise.

However, he quickly calmed down and said with a smile.

"Team 2 isn't bad either. We just need to give them some time."

Long Xiaoyun smiled but didn't say anything.

"By the way, did the Bureau Chief reply?" Qin Yuan seemed to have thought of something.

"Not yet." Long Xiaoyun shook her head.

"Based on my understanding of the Bureau Chief, he's probably worried that something will happen. After all, this group of people doesn't have much experience." Long Xiaoyun added.

"But they will have to get through this sooner or later."

"Looks like I have to go there personally."

Qin Yuan looked at the people in the quagmire and said.

"Are you sure?" Long Xiaoyun tilted her head and looked at Qin Yuan.

Qin Yuan nodded. "I've already taken action personally. Is there anything that I can't solve?"

Qin Yuan joked,

As soon as Qin Yuan said this, Long Xiaoyun rolled her eyes at Qin Yuan.

"But it's good for you to go. If you say it in person, the Bureau Chief should agree more easily."

"Mm, I will have to trouble you to take care of these people then."

"I'm here, you don't have to worry."

After the two of them chatted for a while, Qin Yuan turned around and left.

The special forces competition was about to begin, so they had to speed up their training.

In other words, it was urgent.

After Qin Yuan came out of the Dark Forest, he decided to go home first.

It had been a long time since he had returned home. Since he was out to look for the Bureau Chief, he could return home and visit his grandfather.

Otherwise, his grandfather would definitely nag him again the next time he came home.

Although Old Master Qin knew the uniqueness of Qin Yuan's work, he was getting old and always wanted more company from the younger generation.

Qin Yuan had considered this, so he chose to go home first.

In addition, if he went to look for the Bureau Chief directly, the Bureau Chief would definitely be able to guess his motive and might choose to close the door and not meet him.

At that time, Qin Yuan would have made a wasted trip.

If he returned home first, he could still sound out the Bureau Chief through his grandfather.

Qin family.

On the sofa, Old Master Qin was wearing presbyopic glasses and reading the latest newspaper.

"Grandpa, I'm back." As soon as Qin Yuan entered, he walked towards the sofa.

Old Master Qin put down the newspaper when he heard a voice that he hadn't heard for a long time.

"You still remember your grandfather." After seeing that it was Qin Yuan, the old man took off his glasses and placed them on the table.

"Grandpa, it's not like you haven't been a soldier before. You know I have no choice."

"Then don't you even have time to call? Your grandmother has been talking about you in my ear all day."

"And Xiaoxiao, that girl. You haven't called her for a long time, right?"

"Grandpa, I understand."

"Tell me, why did you come back this time?" Old Master Qin knew very well that Qin Yuan would not come back easily if there was nothing important.

"Nothing can escape your eyes." Qin Yuan said as he sat down beside Old Master Qin.

"Grandpa, I want you to give the chief a call and invite him over for dinner."

"Oh? What are you up to?" After hearing Qin Yuan's words, Old Master Qin became interested.

He knew that Qin Yuan must have come back for something important, but he could not figure out Qin Yuan's request.

Treat Gao Shiwei to a meal?

What was this kid up to?

"It's just that I wanted to organize a parachute training for my subordinates, but the Bureau Chief didn't agree over the phone." Qin Yuan explained.

"I just thought that if I told the Bureau Chief personally, the possibility of him agreeing would be higher. If it really doesn't work, I'll just coax him."

"Besides, don't we still have you, Grandpa?" Qin Yuan grinned.

"You brat, you only think of your grandfather now."

"Parachuting training? It's too dangerous." Old Master Qin's tone became serious.

"Every training has its risks, but we can try to avoid them."

"Besides, it's common to lose our lives on the battlefield. Would we not go to the battlefield because we lost our lives?" Qin Yuan stood up from the sofa.

"Grandpa, our Battle wolf is a special forces unit that completely simulates foreign military operations, but we don't have many subjects in our training plan."

Old Master Qin stood up from the sofa.

He patted Qin Yuan's shoulder. "You've grown up. You really didn't embarrass your grandfather."

With that, Old Master Qin turned around and left.

"Grandpa, why did you leave?" Qin Yuan was suddenly puzzled by the scene in front of him.

"If I don't leave, how can I make a call?" Old Master Qin said unhappily.

"Thank you, Grandpa!" Qin Yuan knew that his grandfather would definitely help him.

Old Master Qin picked up the phone and dialed a number.

"Old Chief?"

A familiar voice came from the other end of the phone. It was Gao Shiwei.

"It's me."

"When are you free to come over for dinner?" Before Gao Shiwei could speak, Old Master Qin went straight to the point.

Chapter 338 Parachute Training?

"I have time for the old chief's invitation anytime."

"Alright, I'll wait for you at home."

After saying that, Old Master Qin hung up.

"I've invited him over for you. The rest is up to you." Old Master Qin said to Qin Yuan.

"Don't worry, Grandpa. Don't you trust your grandson?" Qin Yuan teased.

"You don't look serious."

"Your grandmother is in the room. Go and talk to her."

Old Master Qin pretended to be impatient.

"Yes, sir!" Qin Yuan said as he walked towards the room.

Bang bang bang!

Someone knocked on the door.

"Who is it?" Grandma Qin put down the photo in her hand and walked towards the door.

As soon as she opened the door, Qin Yuan threw himself into her arms.

"Grandma!"

After seeing that it was Qin Yuan, Grandma Qin hugged him.

"Why are you back?" Grandma Qin asked excitedly.

She was just holding Qin Yuan's photo, wondering when her grandson would come back.

In the end, Qin Yuan really came back.

For a moment, Grandma Qin was so excited that she didn't know what to say.

"I knew you were thinking of me, so I came back." Qin Yuan said with a smile.

"You only know how to make me happy." Grandma Qin pulled Qin Yuan to sit on the bed.

"Did you come back this time for something?"

Qin Yuan nodded.

"I knew you wouldn't come back for no reason." Grandma Qin sighed.

"Grandma, when the army isn't busy anymore, I'll definitely stay at home with you every day." Qin Yuan said fawningly.

Qin Yuan wanted to spend more time with his grandparents at home, but he had no choice. Battle wolf needed him.

Since ancient times, loyalty and filial piety have been in a dilemma.

While the two of them were talking, Gao Shiwei had already arrived at the Qin family.

In the living room.

"Old Chief, why did you think of asking me out for a meal today?" Gao Shiwei said with a smile.

He didn't ask in detail over the phone, but Gao Shiwei rushed over after the call.

After all, this was his old chief.

"Why? Can't I treat you to a meal?" Old Master Qin said with a smile.

"Haha, what are you saying? I'm so happy." Gao Shiwei smiled.

Just as the two of them were exchanging pleasantries, Qin Yuan walked out of the room.

Gao Shiwei saw Qin Yuan at a glance.

"Chief!" Qin Yuan saluted Gao Shiwei.

The moment he saw Qin Yuan, Gao Shiwei suddenly understood something.

"You brat, is it because of what Long Xiaoyun told me?" Gao Shiwei asked with a smile.

He knew that there must be a reason why the old chief invited him over.

After seeing Qin Yuan, he completely understood.

Qin Yuan must have asked the old chief to call him.

Because if Qin Yuan called him, Gao Shiwei would not pick up.

After all, according to the current situation, Qin Yuan and Long Xiaoyun's request was really too dangerous.

There were too many uncertain factors. Although he wanted to see the growth of Battle wolf, he was responsible for the lives of the soldiers.

Qin Yuan nodded. "Chief, we really can't wait any longer."

"I know your men are strong, but they haven't received any training in parachuting before. It's too dangerous."

"Moreover, the terrain of your Dark Forest is complicated, and there are too many unsafe factors."

Gao Shiwei said earnestly.

How could he not wish to see Battle wolf's transformation as soon as possible? However, there were too many things to consider.

"Chief! Since we want to build a special force that can simulate foreign military operations, we will not only be specialized in simulating the enemy, but we will have to master various special combat skills."

"Three-way skills have long been a must-have skill for all special forces in the country and abroad."

"However, our soldiers have only mastered limited subjects such as mountain combat, sniper combat, and reconnaissance. This is far from enough."

"Things like diving, parachuting, speedboat driving, special communication methods, and tracking are not included in the training plan."

As a special force of the Southeast Military Region, Battle wolf had high hopes for him. Since our original intention was to become a special force that simulated foreign military operations, these subjects were necessary to be included in our training plan."

"To tell you the truth, I have already arranged for people to train in special communication methods and tracking."

"But parachuting, I know the dangers involved, so I want to ask you for your permission!"

"We can lose our lives on the battlefield at any time, but will we not go to the battlefield because of this?" Qin Yuan used the same sentence he used to persuade his grandfather and said to Gao Shi and Wei with a firm tone.

Looking at Qin Yuan's determined gaze, Gao Shiwei nodded.

"But I don't want to see anyone get hurt!" Gao Shiwei added.

"Yes, sir!" After getting Gao Shiwei's affirmative answer, Qin Yuan heaved a sigh of relief.

In fact, he had already thought about it. If Gao Shiwei did not agree, he would secretly start training.

After all, he had the help of the system, so there shouldn't be any accidents.

Fortunately, Gao Shiwei had agreed, and he had saved himself some trouble.

"Bureau Chief, do you want to give us a few helicopters?"

Qin Yuan asked with a smile.

They only had one helicopter now, and it was for the convenience of travel.

However, it was not enough to carry out parachute training now.

"You brat, you always find trouble for me." Gao Shiwei laughed.

Chapter 339 Parachute Training?

"When you go back later, I'll arrange for someone to go back with you."

"Thank you, Chief!"

"Are you done talking? We'll eat after we're done talking." Grandpa Qin said.

After the meal, Qin Yuan wanted to bid farewell to Old Master Qin.

"Grandpa, I'll go back first."

"Can't you stay at home for a night before leaving?"

"When this period of training is over, I will definitely come back to accompany you and Grandma."

Old Master Qin nodded.

An hour later.

Battle wolf Team 1 and Team 2 had just finished their training and were heading toward the base.

"I'm so tired. My bones are about to fall apart."

"Team 1 is really ruthless."

"But why do I feel that it's quite fun to fight with the wings?"

The group of people discussed softly.

At this moment.

Weng weng weng weng!

Weng weng weng weng!

The sound of a machine rang in everyone's ears, and they looked up in the direction of the sound.

Ten helicopters were hovering above them, and the sound of the propellers spinning could be heard.

"F * ck, what's going on?" Li Erniu said.

"Why are there so many helicopters?"

Everyone's faces were filled with astonishment.

This was the Dark Forest. Why were there so many helicopters here for no reason?

Only Long Xiaoyun was calmly looking ahead.

"It seems that Qin Yuan has succeeded." Long Xiaoyun thought to herself.

Everyone watched as the helicopter continued to hover, flying lower and lower until it finally stopped in the open space outside the base.

Just as everyone was about to step forward to investigate, a familiar figure walked out of the helicopter.

"Captain!?" After everyone saw that it was Qin Yuan, they shouted in unison.

Why did the captain come down from the helicopter?

No wonder only Captain Long's team was present during the training just now. But what was the captain doing?

Most importantly, there was more than one helicopter that came back with the captain.

Everyone was filled with doubts.

"Captain, what's going on?" Geng Hu asked curiously.

"I brought it back for you." Qin Yuan smiled.

What was that? Brought it back for us?

Hearing Qin Yuan's words, everyone was even more confused.

"From tomorrow onwards, we will have combat training in the morning and parachute training in the afternoon!" Qin Yuan's voice was neither loud nor soft, but it was just enough for everyone to hear.

Parachute training?

Looking at the puzzled people, Qin Yuan continued.

"Yes, low altitude parachute training."

"If we want to become an outstanding special forces soldier, we must master all kinds of special skills."

"Low-altitude parachute training allows you to land quickly and get close to the enemy quickly, catching them off guard."

"On the battlefield, we can't just rely on traditional infantry combat. Three-dimensional attack and defense, low-altitude breakthroughs, and vertical strikes are already offensive methods that the army must have in modern warfare."

"If you can't even master such a simple individual skill like parachuting, I don't think it's suitable for you to stay here."

"Not to mention the war in the future. Anything can happen in a war. At that time, you won't even know how you died!"

Qin Yuan said word by word.

"Of course, parachuting is risky. If you're afraid of falling to your death, you can tell me now!"

"Captain, we're not afraid. We'll listen to you!" Everyone shouted.

After experiencing so many things, Qin Yuan had long been their backbone.

They had always listened to Qin Yuan's orders. Moreover, they did not have the ability to resist.

Therefore, even though they knew that there was a risk in the process, they didn't hesitate.

Only two people's expressions changed slightly.

Chapter 340 Parachuting!

The uneasiness on their faces was a stark contrast to the anticipation on everyone's faces.

At this moment, the two of them seemed so out of place.

"Fatty, are you alright?" Jiang Feng looked at the pale Zhang Dajun and asked with concern.

"I'm fine." Fatty Zhang shook his head.

"Jump...Parachute?" Li Erniu repeated softly.

Fatty Zhang and Li Erniu did not stand up to object when they saw their teammates' morale soaring.

However, the expressions on their faces betrayed their true thoughts.

For the two people who were afraid of heights, parachute training was not a small challenge.

When they first arrived in the Dark Forest, the first test they had to do was rock climbing.

At that time, the two of them had almost killed most of their teammates because they were afraid of heights.

The current parachute training was undoubtedly a bolt of lightning for the two of them.

Therefore, after hearing Qin Yuan's words, their expressions did not look good.

What should they do? At this moment, both of them were anxious.

"Disband! Have a good rest tonight. Don't give me any excuses tomorrow!"

Qin Yuan's words interrupted their thoughts, but their faces were still downcast.

The others rushed to the helicopter excitedly and surrounded Qin Yuan to ask about the parachuting training tomorrow.

Although they knew that there were too many uncertainties in parachute training, they were more challenged to do something unknown.

Qin Yuan waved his hand. "If you don't want to rest, run another ten kilometers!"

As soon as Qin Yuan said this, everyone hurriedly ran away.

They hadn't had a good rest since last night.

They did not want to run another ten kilometers. Anyway, Qin Yuan would naturally tell them the training requirements tomorrow.

Thinking of this, everyone happily walked towards the base.

On the way.

"Er Niu, why aren't you saying anything?" Wang Yanbing noticed that something was wrong with Li Erniu and asked.

Usually, Li Erniu was the most talkative and would always say this and that.

On the way, Li Erniu was unusually quiet.

"Are you still thinking about your phobia of heights?" He Chenguang seemed to have seen through Li Erniu's thoughts and directly said what Li Erniu was worried about.

"How did you know?" Li Erniu's eyes widened.

He Chenguang smiled. "Don't we all know that when we first started climbing?"

"Oh. I actually forgot!" Wang Yanbing seemed to have woken up from a dream and facepalmed.

"Alright, don't worry. You've already successfully completed the rock climbing stage. You'll definitely be able to do it tomorrow." He Chenguang patted Li Erniu's shoulder.

"Chenguang is right, I'm sure you can do it," Wang Yanbing encouraged Li Erniu with a firm gaze.

"Alright, I will work hard." Seeing his two best friends encouraging him, Li Erniu's expression turned better.

He deeply realized that if he ran away from a problem, he would never be able to solve it.

The same was true for fear of heights. As long as one overcame that barrier in their heart, there was nothing to be afraid of.

Li Erniu heaved a sigh of relief. Everything would depend on tomorrow.

On the other side, Fatty Zhang was still the same as before. He said what he had to say and laughed when he had to.

He tried his best not to let his teammates notice his abnormality. He did not want others to worry about him.

Besides, this was his own issue. Even if others knew, they wouldn't be able to help him.

Therefore, along the way, Fatty Zhang tried his best to suppress his previous uneasiness.

However, he could hide it from others, but he could not escape Qin Yuan's eyes.

As brothers who had grown up together, Qin Yuan knew Fatty Zhang very well.

Qin Yuan knew very well that Fatty Zhang had a fear of heights since he was young.

Fatty Zhang had made a mistake the last time he was climbing. This time, parachuting was undoubtedly a huge challenge for him.

Although Fatty Zhang's performance last time was still acceptable, he still did not really dispel the fear in his heart.

Qin Yuan hoped from the bottom of his heart that his good brother could really overcome his fear of heights during this parachuting training.

Thinking of this, Qin Yuan walked to Fatty Zhang's side.

After seeing that it was Qin Yuan, Fatty Zhang tactfully slowed down his footsteps.

The two of them walked at the back of the group. For a moment, their eyes met.

"Big... No, Captain!" Fatty Zhang forcefully took back his words.

"Captain, what's the matter?" Fatty Zhang was curious.

Qin Yuan smiled. "Do you think you can hide anything from me?"

Fatty Zhang shook his head.

"I know that you have been afraid of heights since you were young. Parachuting is probably very difficult for you, but how will you know if you don't try? Only after taking the first step would one realize that there are many possibilities."

"Think about it. Three months ago, you were still a carefree young master who ate and drank. But now, you are the best of the best that Battle wolf has passed through many rounds of selection!"

"Before this, didn't you ever expect to have such achievements today?"

Qin Yuan looked at Fatty Zhang as if he was looking forward to Fatty Zhang's answer.

"Yes, I understand, big brother!" Looking at the large army that was already walking in front of the two people, Fatty Zhang no longer cared about their identities.

"I'll do my best tomorrow. Besides, I've said it before. You're my goal in joining the army!"

"You're so good. If I can't even get through parachuting, I'll just go home tomorrow." Fatty Zhang joked.
