

## Special Troop 341

### Chapter 341 Parachuting!

"You brat, you only know how to say these."

"If you really can't do it tomorrow, just tell me. There's no need to force yourself." Qin Yuan said with a worried expression.

Although Fatty Zhang said reassuring words, Qin Yuan knew that it would still be very difficult to take this step when he parachuted tomorrow.

"What's wrong? You still don't trust your little brother, do you?" Fatty Zhang knew what Qin Yuan was thinking.

"How can that be? I'll wait for your good news tomorrow." Qin Yuan stretched out his hand.

Pa!

The two of them clapped their palms together, cheering for Fatty Zhang in advance.

Half an hour later, everyone returned to Battle wolf Base.

Once they returned to the base, everyone went to take a shower first.

After all, there was not a single part of his body that was not covered in mud.

Qin Yuan and Long Xiaoyun came to the command room.

"It seems that no one in this group knows how to fly a helicopter." Long Xiaoyun suddenly said as if she had thought of something.

Qin Yuan nodded slightly. "Now, let's do a good job in parachuting training first. There won't be many opportunities for them to fly helicopters."

"I mean, who's going to pilot the helicopter during the parachute training tomorrow?" Long Xiaoyun explained.

"Respected Captain Long, are you tired from training these people?"

"Don't give me that!" Hearing the meaning behind Qin Yuan's words, Long Xiaoyun instantly lost her temper.

Seeing that Long Xiaoyun was about to get angry, Qin Yuan quickly smiled apologetically.

"Look at you, you're so impatient."

"Have you forgotten the pilots who came back with me? Did you think the helicopters flew themselves here?"

"The Bureau Chief said that during the time we are doing parachute training, these pilots will stay with our Battle wolf."

After listening to Qin Yuan's explanation, Long Xiaoyun's expression improved.

She really felt that Qin Yuan was very unpredictable. Sometimes he was cold and aloof, and sometimes he liked to talk nonsense.

She did not know which one was the real Qin Yuan.

"Okay, then there's no issue."

"However, are those two people who are afraid of heights really okay?"

Qin Yuan was stunned for a moment. He did not expect Long Xiaoyun to remember that Li Erniu and Fatty Zhang were afraid of heights.

"Don't look at me like that. I'm not as powerful as you, but I'm not bad." Long Xiaoyun said coldly.

"Besides, they are members of my Battle Wolf Team 2. As the captain, isn't it normal for me to know them like the back of my hand?"

After hearing Long Xiaoyun's words, Qin Yuan smiled.

"As for Fatty Zhang, I've talked to him about it. There shouldn't be any problems."

"As for Li Erniu, didn't you just say that you know your team members like the back of your hand? Why are you asking me now?"

"Hehe, what I mean is, what if an accident happens?" Long Xiaoyun snorted coldly.

"An accident is inevitable, but we can try our best to reduce the possibility of one."

"This is a huge gamble. If we really go to the battlefield, how can we make so many decisions ourselves?"

"Besides, it's just parachute training. As long as the method is correct, there shouldn't be any problem."

Looking at Qin Yuan's confident look, Long Xiaoyun did not say anything else.

After all, these were things that these people would have to face sooner or later.

The next morning, everyone followed Qin Yuan's instructions and went to the quagmire for combat training.

Everyone was playing more intensely than yesterday. On the one hand, it was because, through yesterday's training, they were more determined to become stronger.

On the other hand, they thought of the parachute training in the afternoon. When they thought of the novelty and freshness, everyone became even more excited.

Most importantly, it was the pressure from their respective captains.

Take Team 1 for example. If they could not even defeat Team 2 in combat training, then they did not deserve to stay by Qin Yuan's side.

Team 2 had promised their captain that they would surpass Team 1. If they couldn't surpass Team 1, not only would they be beaten black and blue by Team 1, but they would let Long Xiaoyun down.

Due to various reasons, everyone was very engrossed in the morning's combat training.

The morning passed quickly.

2 PM.

Everyone had already gathered in a team and lined up neatly on the empty space around the base.

There were ten helicopters parked beside them.

Other than Li Erniu and Fatty Zhang, everyone was somewhat excited.

Everyone looked around anxiously as if they were looking for something.

"I'm here!" Qin Yuan's voice came from the back of the team.

Qin Yuan said as he walked to the front of the crowd.

After seeing Qin Yuan, the team instantly started discussing.

"Captain Qin, why did you come from behind?"

"I looked around just now, but I didn't see the captain!"

"I thought Captain wasn't coming."

"You must be so happy that you're stupid. If the captain didn't come, we wouldn't even know how to train."

Just as they said, everyone was looking around just now for Qin Yuan.

After all, Qin Yuan did not say how the parachute training would be carried out yesterday.

They didn't see Long Xiaoyun either. If they weren't here, how could they parachute?

They had been waiting for the whole morning. It was finally afternoon, but there was no sign of the two captains. What was going on?

That was why everyone was looking around.

Qin Yuan cleared his throat, and the team instantly fell silent.

"When Team 1 was in the logistics company, you had already passed the ground assessment training. This provided a guarantee for your parachute training today."

"Our parachuting training is low-altitude parachuting training, which is 300 to 500 meters high."

"Although many of you have mastered the general parachuting skills, the complexity of future wars and the difficulty of the mission require each of you to have a variety of stunt parachuting skills."

"You have to master the skydiving skills of high altitude, super low altitude, night, jungle, and water in the shortest time possible."

"Therefore, your next task is to increase the difficulty by one level for each jump."

"Do you understand?!" As Qin Yuan spoke, he looked at the Battle Wolf team.

"Captain, do you mean that the training content of Team 1 and Team 2 is different?"

Zheng Xiaohu was the first to react, but he asked with some uncertainty.

Qin Yuan nodded. "That's right because many of the soldiers in team 2 are my recruits. They haven't gone through ground training."

"Although there are some soldiers from other units in team 2 and they may have already undergone ground assessment training, you are a team, so I hope that you will still train with your teammates in the recruit company."

"Don't think that parachuting is just a simple jump from the sky to the ground. If that's what you think, ten lives won't be enough for you to train!"

"So, Team 2's next task is to first practice jumping out of the cabin, then flying in the air, and finally landing!"

As he said this, Qin Yuan's gaze remained on the people from the second team.

Qin Yuan's voice was sonorous and powerful, reaching everyone's ears.

"Do you understand?"

"Understood!" Everyone shouted in unison.

"Team 1 and Team 2, five helicopters each. Now, split up and train!"

As soon as Qin Yuan finished speaking, everyone walked towards the helicopter.

Team 1 formed groups of five and trained according to Qin Yuan's instructions.

"Xiaohu, are you afraid?" Geng Hu pushed Zheng Xiaohu and said with a smile.

"What are you talking about? It's not our first time." Zheng Xiaohu rolled his eyes.

Zheng Xiaohu felt that Geng Hu was looking down on him.

"That's not what I meant. You see, we used to have a large open space. Now, there are trees all around us. If we're not careful, what if we hang on a tree?" Geng Hu explained.

"You brat, when did you become so meticulous?" Zheng Xiaohu looked at Geng Hu in shock.

"I'm just telling the truth. Do you think those brats from Team 2 will hang on the tree later?"

"You... I knew you wanted to see them make a fool of themselves." Zheng Xiaohu said unhappily.

"If one really hung on the tree, wouldn't that person be injured? Don't say such things." Zheng Xiaohu's tone was serious.

Looking at Zheng Xiaohu's serious face, Geng Hu said with some embarrassment, "I was wrong, okay? I was just joking."

"What are you two waiting for?" Qin Yuan's voice interrupted their conversation.

The two of them quickly walked towards the helicopter.

Chapter 342: Geng Hu Is Missing?

"I was just looking for you two. Where did you guys go?" Seeing Zheng Xiaohu and Geng Hu walking toward the helicopter, someone from Battle wolf asked.

"We only exchanged a few words, and we're here aren't we?" Geng Hu said as he walked onto the helicopter. On the other side.

Battle Wolf Team 2 split into groups of ten and began their basic training.

“Erniu, aren’t you going to team up with us?” Wang Yanbing shouted at Li Erniu in the distance.

Actually, Wang Yanbing knew very well that Li Erniu was still a little afraid.

Otherwise, Li Erniu would have been standing beside them a long time ago. Why would he be as far away as he was now?

“You guys go first. I’ll wait.” Li Erniu heard Wang Yanbing’s shout and immediately replied.

“Let him take his time. We’ll go first.” He Chenguang patted Wang Yanbing’s shoulder, signaling him to give Li Erniu some time.

After all, fear of heights was not something that could be easily overcome. The key was to overcome the fear in one’s heart.

Only by overcoming the barrier in his heart could he take the first step bravely.

When the three of them were chatting yesterday, Li Erniu had already expressed that he would bravely take this step.

However, according to the current situation, Li Erniu still has some concerns.

He Chenguang looked back at Li Erniu as if he had remembered something.

In the next second, He Chenguang shouted at Li Erniu with a smile.

“Erniu, remember that we are the strongest trio!”

Li Erniu suddenly raised his head and looked at He Chenguang’s bright smile. It was as if a force had been injected into his body.

Just as He Chenguang said, they were the strongest trio.

Now that he was gone, would they still be the strongest trio?

Thinking of this, Li Erniu clenched his fists as if he had made up his mind.

“Wait for me!” Li Erniu shouted as he ran towards He Chenguang and Wang Yanbing.

After hearing Li Erniu’s shout, the two of them stopped in their tracks.

The moment the three of them stood together again, smiles appeared on their faces.

The three of them followed the rest of the Battle wolf, practicing how to jump out of the cabin, learning how to jump, landing, and so on.

Soon, it was time to parachute.

In a group of ten, He Chenguang, Li Erniu, Wang Yanbing, Jiang Feng, Fatty Zhang, Leng Feng, and the others were grouped together.

In the cabin.

“Get ready!” The commander in charge shouted.

Then, the commander walked up to everyone and gave them a high-five.

The commander paused when he reached Li Erniu and Fatty Zhang.

Before boarding the helicopter, Qin Yuan reminded the instructor that the two of them were afraid of heights.

“Li Erniu, Zhang Dajun! What do you guys think? If you can’t jump, then don’t jump!” The commander’s gaze stopped on the two of them.

The two of them looked at each other and nodded.

They said to the commander in unison, “I can do it!”

After hearing their answers, everyone heaved a sigh of relief and revealed a gratified smile.

He Chenguang, who was at the front of the line, was the first to arrive at the cabin door. The others followed closely behind.

“Jump!” Following the commander’s order, He Chenguang crossed his arms in front of his chest and jumped.

The next one was Wang Yanbing.

“That’s great! Come! Jump!” The commander’s words of encouragement echoed in Wang Yanbing’s ears, and Wang Yanbing jumped down.

He kept shouting, “Earth, I’m coming!”

The few of them jumped down one after another without any hesitation on their faces.

For a moment, everyone’s parachutes opened in the air at the same time, which was a pleasant sight to watch.

On the ground, Long Xiaoyun was watching this scene through binoculars.

Looking at everyone’s performance, Long Xiaoyun’s face revealed a smile that had not appeared for a long time.

In the next second, Long Xiaoyun’s smile disappeared.

In front of the cabin door, Li Erniu did not jump down.

“Jump, quickly jump!” The commander shouted.

Fatty Zhang, who was behind Li Erniu, frowned, and his expression became solemn.

Fatty Zhang, who was afraid of heights, knew very well that Li Erniu was sick.

Li Erniu recalled He Chenguang and Wang Yanbing encouraging him. He suppressed his fear and prepared to jump down.

Just as he was about to jump down, he looked at the sky below him. Li Erniu's body trembled, but he did not jump out of the cabin.

“What happened?!”

“Someone didn't jump out!”

Long Xiaoyun put down the binoculars and said to Qin Yuan.

Long Xiaoyun's face turned ugly. The helicopter had already flown out of the exit area.

The commander in the cabin frowned and picked up the walkie-talkie.

“Captain, Li Erniu didn't dare to jump out of the cabin! Do you want to cancel the parachute?”

The commander's voice came from the other end of the walkie-talkie.

Long Xiaoyun and Qin Yuan looked at each other. What they were worried about had come.

Initially, they thought that Li Erniu could overcome the fear in their hearts, but now it was obvious that Li Erniu did not.

However, Li Erniu had to cross this hurdle himself!

Thus, the two of them quickly made a decision.

Qin Yuan picked up the walkie-talkie, “Return to the exit area and continue parachuting!

“Roger that! Zhang Dajun is on the plane.” The commander reported the situation.

“Return to the exit area according to the plan. The two of them continue!” Qin Yuan's voice reminded Fatty Zhang of their conversation yesterday.

Fatty Zhang suddenly said when he saw the timid Li Erniu.

“Li Erniu, think about why you came here..”

Chapter 343: Geng Hu Is Missing?

“We are all afraid of heights, but we have to get through this! If there were tens of millions of people waiting for your support below, would you jump or not?”

“You can choose not to jump because you are afraid of heights. But let me tell you, I will jump because that is the meaning of being a soldier, to protect the country and the people!”

Fatty Zhang said word by word, his eyes full of encouragement for Li Erniu.

“Think about your strongest trio. Both of them can easily jump down. Are you going to drag them down?”

“Forget it. If you can’t do it, let me jump first when we reach the exit area. You can just follow the plane back to the ground.”

Li Erniu remained silent.

However, at this moment, his heart had already been completely messed up by Fatty Zhang’s words.

Li Erniu took a deep breath and tried to calm himself down.

He began to recall every word Fatty Zhang said.

Fatty Zhang was right. If there were tens of millions of people who needed him down there, if he did not parachute because of his fear of heights, it would be putting tens of millions of people in deep trouble.

Moreover, Fatty Zhang was afraid of heights like him, but at this moment, he was not afraid at all.

Yet, he had once again wasted everyone’s time. Was this really appropriate?

Whether he jumped or not, it was up to him.

Thinking of Fatty Zhang’s words, He Chenguang, and Wang Yanbing’s encouragement, Li Erniu made a decision. At this moment, the commander’s voice was heard. “One minute to the exit area!”

“Commander, can I jump first?” Fatty Zhang asked.

In fact, this was Fatty Zhang’s last fire for Li Erniu. He did not want to mock Li Erniu.

Instead, he wanted to tell Li Erniu through his actions that if he, who was afraid of heights, could jump down, then Li Erniu could definitely do the same.

Looking at the expressionless Li Erniu, the commander nodded.

“No need! I can jump!” Li Erniu said firmly.

At this moment, the commander and Fatty Zhang smiled.

“Good job! ” The commander patted Li Erniu’s shoulder.

“We all want to see how the cow flies.” Fatty Zhang teased.

Li Erniu was amused by Fatty Zhang’s words and said with a smile, “Then you have to open your eyes wide.”

The commander glanced at his watch. “Ready!”

Li Erniu once again walked to the front of the cabin. However, this time, his face did not have the same timidity as before. There was only confidence on his face.

“Jump!”

Following the commander’s voice, Li Erniu jumped without hesitation.

Fatty Zhang followed closely behind.

Qin Yuan happened to pick up the binoculars and saw this scene. After seeing Fatty Zhang’s figure, the corners of Qin Yuan’s mouth curled up.

Fatty Zhang did not disappoint him!

“Let’s go.” Qin Yuan put down the binoculars and said to Long Xiaoyun.

“Not watching anymore? What if something happens?

What else do you have to worry about?”

“That’s true. Aren’t you going to take a look at your team?”

“There’s nothing to see. We can’t stay by their side forever, can we?”

Long Xiaoyun suddenly understood something. Although this group of people still needed to be taught and trained in many aspects, they needed to experience the process of growth themselves.

“Not good, Captain!” A familiar voice came from not far away.

The two of them turned around. It was Zheng Xiaohu.

Zheng Xiaohu ran anxiously to Qin Yuan as he panted and shouted.

“Captain! Something bad has happened!”

Looking at Zheng Xiaohu who was in a hurry, Qin Yuan frowned slightly.

Long Xiaoyun looked at Zheng Xiaohu in confusion.

“What happened? Why are you so flustered?” Qin Yuan reprimanded.

As a soldier, no matter what happened, the most important thing was to keep a clear head.

Anxious couldn’t solve the problem. Instead, it would only make things more chaotic.

“Captain, Geng Hu is missing.”

“What is it? Disappeared? Didn’t you guys parachute together?” After hearing Zheng Xiaohu’s words, Qin Yuan was stunned.

“What happened?” Long Xiaoyun’s expression became serious.

“We were parachuting together. We didn’t know what happened to Geng Hu when we were halfway through the flight.”

Zheng Xiaohu explained.

“It’s not his first time parachuting. How could this happen?

Qin Yuan could not figure out what had happened to Geng Hu.

“Didn’t you see him at the landing area?” Qin Yuan asked.

Zheng Xiaohu nodded. ‘We’ve searched everywhere, but we didn’t see him.’

“Let’s go take a look.” As Qin Yuan spoke, he walked in the direction of Team I’s training.

“I’ll go with you.” Long Xiaoyun caught up to Qin Yuan and Zheng Xiaohu.

After arriving at the landing area of Team 1, Qin Yuan and the other two looked around again, but they did not see Geng Hu at all.

“Captain, what do we do now?”

“Let’s go to the forest next door and take a look.” Qin Yuan said thoughtfully.

If he didn’t land in the designated area, it was very likely that he landed in the nearby forest.

“Then I’ll go get the others to come with me.” Zheng Xiaohu said as he went to look for the others.

“Come back!” He didn’t know what was going on, so he didn’t want so many people to know about it, lest it cause unnecessary panic.

Qin Yuan seemed to have thought of something again.

Zheng Xiaohu shook his head. “I was the only one who noticed that Geng Hu was missing. The others went back to training as soon as they landed.”

“That’s good.”

With that, the three of them walked into the forest.

Deep in the forest.

The three of them split up and searched for Geng Hu’s figure, but they did not see him.

The three of them returned to the agreed place.

“Captain, I still haven’t seen him.” Zheng Xiaohu said bitterly. “I don’t see him here either.” Long Xiaoyun shook her head.

“Where did this kid go?” Qin Yuan was worried. “Team... Captain!” A weak voice sounded.

“There seems to be a sound.” Long Xiaoyun spoke first.

Chapter 344: What’s the Mission You ‘re Talking About?

Zheng Xiaohu naturally saw the confusion on Qin Yuan and Long Xiaoyun’s faces clearly.

“Captains, you probably don’t know about this.” Zheng Xiaohu said with a smile.

“Alright, hurry up. Don’t keep us in suspense.” Qin Yuan reprimanded. Seeing that his captain had spoken, Zheng Xiaohu no longer hid anything.

“Captain, I was chatting with Geng Hu before parachuting.”

“Do you still remember the time when you reprimanded us?”

Qin Yuan nodded.

“Do you know what this kid said?” Zheng Xiaohu said as he held back his laughter.

“He said, what should we do if those people from Team 2 hang on the trees later?” Zheng Xiaohu couldn’t help but burst out laughing.

“Now he’s hanging on a tree.” Zheng Xiaohu added another stab.

“Don’t say anymore!” Geng Hu shouted loudly. His voice was completely different from his previous weak voice.

“Pff.” Qin Yuan and Long Xiaoyun laughed out loud when they heard that. Seeing the two captains laughing, Geng Hu rubbed his head in embarrassment.

“Captain, can I ask you for a favor?” Geng Hu said.

“Don’t tell anyone?” Qin Yuan did not even think about it and guessed Geng Hu’s thoughts.

Geng Hu nodded frantically. He did not want anyone else to know about this.

After all, this was too embarrassing.

“You’re so troublesome. Run another ten kilometers later!” Qin Yuan took the opportunity to say. Geng Hu had too many tricks up his sleeve, so he had to suppress him.

“Don’t think that you’re the strongest among all of you. You have to know that no one will stay where they are forever, including yourself.”

“No one would believe this if they knew that Battle wolf’s strongest member was actually hanging on a tree.”

“I feel ashamed for you!”

Qin Yuan’s tone was very calm, but it deeply pierced Geng Hu’s heart.

Geng Hu lowered his head.

At this moment, no one knew what Geng Hu was thinking. However, in the next second, Geng Hu said with a firm gaze.

“Captain, I understand. I won’t let you down!”

“But Captain, can you wait until my leg recovers before running?” Geng Hu mumbled.

“Don’t tell me you forgot that I sprained my ankle?” Geng Hu pointed at his feet.

Qin Yuan took a look and squatted on the ground.

He kept pressing Geng Hu’s feet. “Does it hurt here?”

Geng Hu shook his head. "What about here?"

"It hurts!" Geng Hu shouted.

"Looks like it's fractured." Qin Yuan said.

Bone fracture?

Geng Hu, Zheng Xiaohu, and Long Xiaoyun were all stunned.

As the saying goes, it takes a hundred days to hurt one's tendons and bones.

The special forces competition was about to begin. At this critical moment, Geng Hu had fractured his bone, which meant that it would be difficult for him to participate in the following training, let alone the special forces competition.

The three of them frowned and did not know what to say for a moment. Looking at the three of them with worried faces, Qin Yuan smiled.

"Things are not that bad."

"Captain, do you have a way?" Zheng Xiaohu's eyes widened.

Even though Zheng Xiaohu was always bickering with Geng Hu, he still wanted to fight alongside Geng Hu.

Looking at his captain's reaction, it seemed like he had a way.

Qin Yuan ignored him and turned to Geng Hu.

"Bear with it, it might hurt a little."

In the next second, the sound of bones cracking could be heard.

"Crack."

Qin Yuan clapped his hands and stood up.

The three of them were stunned. That was it?

Besides, since when did Captain know how to set bones?

Wasn't this a technique that only an old Chinese doctor would use? The three of them could not believe what they were seeing.

"Stand up and try." Qin Yuan said indifferently.

Geng Hu stood up and even jumped a few times on the spot.

"It really doesn't hurt anymore!" Geng Hu said excitedly.

"Then let's run ten kilometers." Qin Yuan did not forget to remind him. "Yes, sir!" As Geng Hu spoke, he disappeared from the sight of the three of them.

Qin Yuan looked at Zheng Xiaohu.

"I'll go now!"

Only Qin Yuan and Long Xiaoyun were left in the forest.

“I didn’t expect you to have such a skill.” Long Xiaoyun said lightly.

Qin Yuan only smiled and did not say anything. He did not want to explain, nor was it appropriate for him to explain the reason.

Long Xiaoyun saw through Qin Yuan’s thoughts and did not continue.

In the blink of an eye, a week passed. During this week, everyone in Battle wolf trained according to Qin Yuan’s plan.

Every morning, they had combat training, and in the afternoon, they had parachute training.

Although the days were a little bitter, everyone was living a fulfilling life and had made progress.

This morning, everyone gathered in the base as usual.

Just as everyone was about to go to the quagmire to train as usual, Qin Yuan stopped them.

“Don’t go yet!” Qin Yuan’s voice came from behind everyone.

Soon, Qin Yuan walked to the front of the team.

Everyone looked at Qin Yuan in confusion.

Before this, Qin Yuan had said that as long as they gathered every day, they could go straight to the quagmire to train without waiting for Qin Yuan to come.

This was the reason why everyone was prepared to leave.

What was the captain doing? For a moment, everyone was filled with doubts.

“Everyone’s performance this week was very good. I’m very pleased.” “In the following period of time, we will be conducting new training.”

Qin Yuan’s gaze swept across everyone.

New training?

Everyone looked at each other, thinking about the meaning behind Qin Yuan’s words.

“Captain, you mean we don’t need to have combat practice and parachuting?

Chapter 343: Geng Hu Is Missing?

“We are all afraid of heights, but we have to get through this! If there were tens of millions of people waiting for your support below, would you jump or not?”

“Captain, that sounds like Geng Hu’s voice!” Zheng Xiaohu shouted excitedly.

Usually, he had the best relationship with Geng Hu, so he was 100% sure that this voice belonged to Geng Hu!

Qin Yuan nodded. “It’s him.”

The three of them walked in the direction of the voice and saw Geng Hu hanging on a tree.

The three of them finally understood why they did not see Geng Hu after searching the entire forest.

He was hanging on a tree.

“Geng Hu!” Zheng Xiaohu shouted.

“Xiaohu, quickly get me down.” Geng Hu’s voice was still weak, but there was a hint of excitement in it.

Zheng Xiaohu didn’t hesitate at all and climbed up the tree. However, when he saw the tall and strong Geng Hu, Zheng Xiaohu was in a dilemma.

“Captain, how do we get Geng Hu down?”

Geng Hu was much stronger than Zheng Xiaohu. It would be fine if it was on flat ground, Zheng Xiaohu could carry Geng Hu without any problems.

However, the problem was that they were on the tree now. If they carried Geng Hu on their backs, it would be very difficult for the two of them to come down.

“Should we just push him down?” Zheng Xiaohu whispered.

This height was not low!

“Don’t do that. I hung on the tree because I had a cramp on my hand. If you pushed me down, won’t I break my bones?” Geng Hu snapped. “What happened?” Zheng Xiaohu asked in confusion.

“Can’t you let me go down first?” “The question is how do we get down?”

The two of them stared at each other.

“Zheng Xiaohu, come down!” Qin Yuan shouted at the person on the tree. “Come down?” Zheng Xiaohu did not understand what Qin Yuan meant.

However, Zheng Xiaohu still quickly climbed down.

In the next second, Qin Yuan jumped and climbed up the tree.

Immediately after, Qin Yuan let Geng Hu lean on his back and climbed down with Geng Hu on his back.

Qin Yuan carefully placed Geng Hu on the ground.

“Tell me, what exactly happened?” Qin Yuan asked.

“When I was parachuting, my hand suddenly cramped and I didn’t have the strength to control the direction. Then, I fell into this forest.”

“I thought that it would be fine if I fell into the forest, but I ended up hanging on a tree. I even sprained my left foot. It hurts badly when I move.”

“Otherwise, I would have come down by myself.” Geng Hu explained.

“Hahahaha! You deserve it.” Zheng Xiaohu laughed as he gloated over Geng Hu’s misfortune.

Qin Yuan and Long Xiaoyun looked at Zheng Xiaohu in confusion..

## Chapter 344: What's the Mission You 're Talking About?

Zheng Xiaohu naturally saw the confusion on Qin Yuan and Long Xiaoyun's faces clearly.

"Captains, you probably don't know about this." Zheng Xiaohu said with a smile.

"Alright, hurry up. Don't keep us in suspense." Qin Yuan reprimanded. Seeing that his captain had spoken, Zheng Xiaohu no longer hid anything.

"Captain, I was chatting with Geng Hu before parachuting."

"Do you still remember the time when you reprimanded us?"

Qin Yuan nodded.

"Do you know what this kid said?" Zheng Xiaohu said as he held back his laughter.

"He said, what should we do if those people from Team 2 hang on the trees later?" Zheng Xiaohu couldn't help but burst out laughing.

"Now he's hanging on a tree." Zheng Xiaohu added another stab.

"Don't say anymore!" Geng Hu shouted loudly. His voice was completely different from his previous weak voice.

"Pff." Qin Yuan and Long Xiaoyun laughed out loud when they heard that. Seeing the two captains laughing, Geng Hu rubbed his head in embarrassment.

"Captain, can I ask you for a favor?" Geng Hu said.

"Don't tell anyone?" Qin Yuan did not even think about it and guessed Geng Hu's thoughts.

Geng Hu nodded frantically. He did not want anyone else to know about this.

After all, this was too embarrassing.

"You're so troublesome. Run another ten kilometers later!" Qin Yuan took the opportunity to say. Geng Hu had too many tricks up his sleeve, so he had to suppress him.

"Don't think that you're the strongest among all of you. You have to know that no one will stay where they are forever, including yourself."

"No one would believe this if they knew that Battle wolf's strongest member was actually hanging on a tree."

"I feel ashamed for you!"

Qin Yuan's tone was very calm, but it deeply pierced Geng Hu's heart.

Geng Hu lowered his head.

At this moment, no one knew what Geng Hu was thinking. However, in the next second, Geng Hu said with a firm gaze.

“Captain, I understand. I won’t let you down!”

“But Captain, can you wait until my leg recovers before running?” Geng Hu mumbled.

“Don’t tell me you forgot that I sprained my ankle?” Geng Hu pointed at his feet.

Qin Yuan took a look and squatted on the ground.

He kept pressing Geng Hu’s feet. “Does it hurt here?”

Geng Hu shook his head. “What about here?”

“It hurts!” Geng Hu shouted.

“Looks like it’s fractured.” Qin Yuan said.

Bone fracture?

Geng Hu, Zheng Xiaohu, and Long Xiaoyun were all stunned.

As the saying goes, it takes a hundred days to hurt one’s tendons and bones.

The special forces competition was about to begin. At this critical moment, Geng Hu had fractured his bone, which meant that it would be difficult for him to participate in the following training, let alone the special forces competition.

The three of them frowned and did not know what to say for a moment. Looking at the three of them with worried faces, Qin Yuan smiled.

“Things are not that bad.”

“Captain, do you have a way?” Zheng Xiaohu’s eyes widened.

Even though Zheng Xiaohu was always bickering with Geng Hu, he still wanted to fight alongside Geng Hu.

Looking at his captain’s reaction, it seemed like he had a way.

Qin Yuan ignored him and turned to Geng Hu.

“Bear with it, it might hurt a little.”

In the next second, the sound of bones cracking could be heard.

“Crack.”

Qin Yuan clapped his hands and stood up.

The three of them were stunned. That was it?

Besides, since when did Captain know how to set bones?

Wasn't this a technique that only an old Chinese doctor would use? The three of them could not believe what they were seeing.

"Stand up and try." Qin Yuan said indifferently.

Geng Hu stood up and even jumped a few times on the spot.

"It really doesn't hurt anymore!" Geng Hu said excitedly.

"Then let's run ten kilometers." Qin Yuan did not forget to remind him. "Yes, sir!" As Geng Hu spoke, he disappeared from the sight of the three of them.

Qin Yuan looked at Zheng Xiaohu.

"I'll go now!"

Only Qin Yuan and Long Xiaoyun were left in the forest.

"I didn't expect you to have such a skill." Long Xiaoyun said lightly.

Qin Yuan only smiled and did not say anything. He did not want to explain, nor was it appropriate for him to explain the reason.

Long Xiaoyun saw through Qin Yuan's thoughts and did not continue.

In the blink of an eye, a week passed. During this week, everyone in Battle wolf trained according to Qin Yuan's plan.

Every morning, they had combat training, and in the afternoon, they had parachute training.

Although the days were a little bitter, everyone was living a fulfilling life and had made progress.

This morning, everyone gathered in the base as usual.

Just as everyone was about to go to the quagmire to train as usual, Qin Yuan stopped them.

"Don't go yet!" Qin Yuan's voice came from behind everyone.

Soon, Qin Yuan walked to the front of the team.

Everyone looked at Qin Yuan in confusion.

Before this, Qin Yuan had said that as long as they gathered every day, they could go straight to the quagmire to train without waiting for Qin Yuan to come.

This was the reason why everyone was prepared to leave.

What was the captain doing? For a moment, everyone was filled with doubts.

"Everyone's performance this week was very good. I'm very pleased." "In the following period of time, we will be conducting new training."

Qin Yuan's gaze swept across everyone.

New training?

Everyone looked at each other, thinking about the meaning behind Qin Yuan's words.

“Captain, you mean we don’t need to have combat practice and parachuting?”

Chapter 345: What’s the Mission You I re Talking About?

“That’s great. I really can’t take it when I fight against those people from team

“I want to fight for a few more days though.”

“But it’s good that I don’t have to continue parachuting. I’ve been parachuting even in my dreams these days.”

“Don’t be happy too early. The captain hasn’t even said what the new training is. ”

“When the time comes, you guys better not complain.”

The crowd discussed softly.

“Starting today, our training group will focus on infiltration operations.” Qin Yuan saw through everyone’s doubts and went straight to the point.

Infiltration operations? Everyone did not understand what Qin Yuan meant. “Infiltrating tactics are a common combat method used by special forces at home and abroad.”

“Under normal circumstances, it is difficult to gain an advantage in a large-scale march because the troops are too large and are easily suppressed by the other party’s firepower. It is difficult to have the ability to fight independently.”

“For this reason, many will choose infiltration tactics.”

“The core of this infiltration tactic is to use small combat units to infiltrate the enemy’s defense system by using the gaps and joints of the enemy’s defense.”

“Then, we can attack important targets, cut off traffic lines, and sever the relationship between defense arrangements, creating conditions for a frontal attack.”

“A perfect special forces team must have a coordinating officer, artillery, machine gunners, engineers, medics, and signals.”

“In other words, a special forces team has the ability to fight independently.” Qin Yuan explained word by word.

“Captain, it’s similar to the beheading you mentioned before, right?” someone asked.

Qin Yuan nodded. “Something like that. Beheading is just one of the missions.” Under Qin Yuan’s explanation, everyone understood what infiltration tactics were.

“So, for the next week, the two teams will train separately in groups of ten.”

“A week later, I will arrange a mission! Let’s see if Big Brother Team 1 is more powerful or will Team 2 give me a surprise.” Qin Yuan said loudly.

It was Qin Yuan's words that ignited the fighting spirit in everyone's hearts.

Battle Wolf Team 1 naturally had to fight for this honor. They had always been stronger than Team 2, so they naturally had to do their best in this infiltration battle!

Otherwise, not only would the team lose their face, but they would be reprimanded by Qin Yuan.

As for Battle Wolf Team 2, although their strength was still a bit weaker than Team 1, they would never forget their goal and Long Xiaoyun's instructions. They would definitely give it their all!

Looking at the high morale of the crowd, Qin Yuan added, "You can train together in two groups and act as the red and blue teams. This way, it will be easier for you to find the areas that you need to improve on, and the results will be better."

"Yes, sir!"

After Qin Yuan briefly mentioned a few things to take note of, everyone dispersed and walked into the forest.

According to Qin Yuan, they needed a combat force to pretend to attack from the front.

In reality, the assault team would take the opportunity to infiltrate the enemy from the other side and complete missions such as beheading.

Everyone followed Qin Yuan's instructions and trained accordingly.

Not far away, Qin Yuan and Long Xiaoyun were watching the scene in front of them.

"According to the current situation, they don't seem to need us to worry about them." Long Xiaoyun said.

Qin Yuan nodded.

"They're not bad now, but the key is how they perform in actual combat."

Long Xiaoyun agreed with Qin Yuan. After all, the ultimate goal of training was actual combat.

Their training would not be in vain if they could truly display their abilities in actual combat.

"What's the mission you're talking about?" Long Xiaoyun asked curiously.

Qin Yuan only told her about the infiltration battle yesterday and did not mention the mission to her.

"Didn't you always want to see the competition between the two teams?" "I do want to see it, but didn't we agree on a month's time?"

"There's no difference in having one more competition. Besides, there's no pressure without comparison. Wouldn't it motivate them to have one more competition to show them where the gap is?" Qin Yuan explained. "Hmm, then what is the mission you mentioned?"

Qin Yuan leaned close to Long Xiaoyun's ear and whispered his plan. "You! Isn't this a little too much?" Long Xiaoyun looked at Qin Yuan in shock.

"It's okay. No one else will know when the time comes." Qin Yuan said calmly. Long Xiaoyun thought about it and agreed. "Then we'll do as you say."

After the two of them reached a consensus, they walked toward the various groups.

Although everyone's training was decent, the two of them discovered many problems.

Long Xiaoyun walked to the side of the training ground of Team 2. "You must pay attention to using the terrain to disguise yourself. This way, you can better avoid the enemy's line of sight."

"Also, your offensive firepower has to pin down the other party. This way, you can buy more time for the assault personnel."

Long Xiaoyun pointed out the areas that Team 2 needed to strengthen.

"Yes, Captain!"

Under Long Xiaoyun's guidance, Battle Wolf Team 2's cooperation became even better.

Qin Yuan, on the other hand, looked at the Battle wolf with a smile.

Everyone noticed their captain's gaze and could not help but feel a little afraid.

After all, every time their captain revealed such a look, it meant that they were going to suffer.

"I feel a chill on my back, really." Someone whispered.

"What do you think Captain is smiling about? I always feel scared." Geng Hu whispered.

"How would I know? But I'm sure of one thing. If you speak again, Captain will come over." Zheng Xiaohu said unhappily.

Zheng Xiaohu was right. How could they guess what their captain was thinking?

Just as everyone stopped discussing, Qin Yuan had already walked to everyone's side.

When they raised their heads and met their captain's cold gaze, everyone rejoiced at Zheng Xiaohu's reminder.

If the captain heard their conversation, it would definitely not end well.

"Captain!" Everyone shouted in unison.

"Why are you stopping? Continue!" Qin Yuan reprimanded. "Yes, sir!" At this moment, everyone was even more puzzled.

What was Captain up to?

However, no one dared to say anything else. They turned around and threw themselves into training.

Long Xiaoyun noticed this scene.

After saying a few words to the Battle Wolf Team 2, she walked towards Qin Yuan.

“Why don’t you give them some pointers?”

“Sometimes, silence is the best weapon.” Qin Yuan said with a smile.

“These people might not listen to me if I say too much, but if I don’t say anything, they will become even more serious because they don’t know what I’m thinking and will be afraid.”

“It’s precisely because of this that they train even harder.”

“You really think of ways to torture these people.” Long Xiaoyun laughed.

“But I just took a look. They have a lot of problems. Are you really not going to tell them?” Long Xiaoyun asked with concern.

“If I don’t tell them, won’t I give your team a chance?” Qin Yuan joked. “We don’t need you to give us a chance.” Long Xiaoyun’s voice turned cold.

“Alright, I was just joking.”

“I want them to discover their own problems instead of me telling them every time.”

“I can’t always be by their side, especially when they’re carrying out missions.”

“They have to have the ability to perform on the spot, and they have to have the ability to discover their own shortcomings and improve.”

“Now, I can tell them directly about the problems they have, but I hope that they can find them themselves.”

Qin Yuan explained.

“But Team 2 is different. If I were you, I would tell them directly.”

“Because the people in Team 2 are stubborn. If we don’t tell them where the problem is, they might keep competing in one place.”

“If that’s the case, the training progress of team 2 will be greatly reduced.”

“You think so too, right?”

When Qin Yuan finished his last sentence, he raised his head and met Long Xiaoyun’s gaze.

Long Xiaoyun stared at Qin Yuan as if she was looking at a monster.

It was too terrifying! Long Xiaoyun only had this thought in her mind.

Not only was Qin Yuan good at training people, but he had a firm grasp on the psychology of others.

Qin Yuan could even guess Long Xiaoyun’s thoughts..

Chapter 346: Mysterious Mission!

Long Xiaoyun nodded.

“Nothing can escape your eyes.”

Qin Yuan smiled. “Only by knowing yourself and your enemy can you win a hundred battles.”

Long Xiaoyun suddenly felt that it was not easy to defeat Qin Yuan.

Because Qin Yuan was too unpredictable for her.

On the contrary, Qin Yuan knew himself and his team members very well.

This was a dangerous signal.

Long Xiaoyun thought to herself.

But now, all she could do was train with Team 2. Only through training could she become stronger.

Thinking of this, Long Xiaoyun said a few words to Qin Yuan before turning around and returning to Team 2.

She still had to supervise the members of Team 2 in real-time. Only then could she help them improve quickly.

Team 2 didn't let Long Xiaoyun down. The cooperation between the teams was much better than the first time.

Looking at everyone who had improved, Long Xiaoyun revealed a gratified smile.

After the day's training, He Chenguang, Li Erniu, and Wang Yanbing walked together as usual.

“Tell me, what is the mission that the captain mentioned?” Li Erniu looked at the two of them curiously.

“It's not like you don't know the company commander. Can we guess his thoughts?” He Chenguang said without hesitation.

“Chenguang is right. The company commander has never played by the rules.” Wang Yanbing nodded in agreement with He Chenguang.

Although they were now members of the Battle Wolf Team 2, they were still used to calling Qin Yuan Company Commander.

“I really want to know.” Li Erniu still could not hide the curiosity in his heart. “Alright, you'll know when the time comes. Hurry up and practice these few days. ”

Wang Yanbing and Li Erniu nodded in agreement.

After all, what should come would come.

Now, even if they racked their brains, they could not guess what the captain was thinking.

Geng Hu was just as curious as Li Erniu.

On the other side.

“Xiaohu, what do you think Captain is up to?” Geng Hu placed his hand on Zheng Xiaohu’s shoulder.

“Why don’t you ask the captain directly?” Zheng Xiaohu rolled his eyes.

Zheng Xiaohu felt that Geng Hu had forgotten the pain after the wound healed.

Geng Hu seemed to have forgotten the embarrassing incident of him being hung on a tree the last time.

“Have you forgotten what Captain said to you last time?” Zheng Xiaohu reminded.

“Again, again. Why do you keep bringing that up?” Geng Hu said guiltily.

After all, there were so many people around. Geng Hu did not want others to know about this.

“I won’t ask anymore, okay?” Geng Hu said as he walked in the opposite direction.

Zheng Xiaohu was stunned by his departure.

Zheng Xiaohu only came back to his senses after Geng Hu had walked some distance away.

“Where are you going?” Zheng Xiaohu shouted at Geng Hu’s back.

“You go back first, I have something to do!” Geng Hu disappeared from Zheng Xiaohu’s line of sight after he finished speaking.

Zheng Xiaohu looked in the direction that Geng Hu had left in a daze-

“Did something happen again?” Zheng Xiaohu thought to himself.

But in the next second, he denied this thought.

The incident from last time was still fresh in his mind. Geng Hu should not be stupid.

However, out of concern for Geng Hu, Zheng Xiaohu still chased after him.

Zheng Xiaohu followed Geng Hu’s footprints and arrived at the quagmire.

However, Geng Hu was nowhere to be seen in the quagmire.

Zheng Xiaohu rubbed his eyes again. There was indeed no one in the quagmire.

Where did this guy go? Zheng Xiaohu panicked.

After all, he had clearly followed Geng Hu’s footprints all the way here, but now, he did not even see Geng Hu’s shadow.

Suddenly. “One!”

“Two!”

“Three!”

A familiar voice sounded.

It was Geng Hu!

Zheng Xiaohu's eyes lit up as he walked in the direction of the voice.

Zheng Xiaohu found Geng Hu in the forest on the left side of the quagmire.

The scene in front of him made Zheng Xiaohu very puzzled.

Geng Hu grabbed the tree trunk with both hands and hung himself in the air. "What are you doing?" Zheng Xiaohu rushed to the tree where Geng Hu was.

"Relive being hung on a tree?" Zheng Xiaohu laughed out loud.

Most importantly, Geng Hu's posture was really like a pig being pressed on the chopping board and waiting to be slaughtered.

Therefore, the moment Zheng Xiaohu approached Geng Hu, Zheng Xiaohu could not help but laugh out loud.

"Go, go, go. You only know how to mock me with this matter." Geng Hu jumped down.

"Why are you here?" Geng Hu looked at Zheng Xiaohu.

"I'm just afraid that something will happen to you like last time." Zheng Xiaohu expressed his intention.

"Hehe, it's not a loss to have you as a brother." Geng Hu said cheerfully. "You came at the right time." Geng Hu seemed to have recalled something.

"What's wrong?" Zheng Xiaohu was a little puzzled.

"Practice with me."

With that, Geng Hu pulled Zheng Xiaohu into the quagmire.

"I was practicing my arm strength just now. It's been too long since I last practiced."

"It was you who reminded me of what Captain said to me last time. Captain was right. I can't always be the strongest."

"Besides, I promised Captain that I wouldn't let Team 1 be overtaken by those bastards from Team 2!"

"That's why I wanted to practice by myself."

Geng Hu explained to Zheng Xiaohu why he came out.

After hearing Geng Hu's words, Zheng Xiaohu felt for the first time that he did not seem to recognize Geng Hu.

Geng Hu seemed to have changed into a different person..

Chapter 347: Mysterious Mission!

Is this really the same silly Geng Hu?

Looking at Zheng Xiaohu who was stunned on the spot, Geng Hu patted Zheng Xiaohu's shoulder. "Why are you stunned? Are you scared by your Brother Hu?"

Zheng Xiaohu shook his head when he heard Geng Hu's words. However, he was ecstatic in his heart.

This was the Geng Hu he knew.

"It's rare for you to have such awareness." Zheng Xiaohu said with a smile.

"Alright, hurry up and practice with me." Geng Hu urged.

Facing Geng Hu's urging, Zheng Xiaohu asked the last question that troubled him.

"I followed your footprints all the way to the quagmire. Why are you in the forest?"

"Didn't the captain say that we should be good at disguising ourselves? I guessed that you were going to follow us, so I played a little trick." Geng Hu explained.

"Good chap, so you were acting with me earlier!" Only then did Zheng Xiaohu realize that he had actually been played by Geng Hu. If others knew about it, it would be a huge disgrace.

As he spoke, he threw a punch at Geng Hu.

Geng Hu's reaction was very fast. He tilted his head and dodged the punch.

The two of them jumped into the quagmire and began to fight.

At the same time, everyone else had returned to the base.

In the base.

They didn't return to their treehouses but stayed in the hall. "I feel that group battles are quite interesting." someone said.

"I think so too. It's all about cooperation!"

"I wonder what will happen in actual combat?"

"By the way, what do you think the mission Captain Qin mentioned is?" Everyone discussed.

Qin Yuan and Long Xiaoyun watched this scene from the entrance of the command room.

"It seems like these guys are quite interested." Long Xiaoyun sighed.

"Yes, especially the mission you told me about." Qin Yuan continued Long Xiaoyun.

"Is this what it means to want what you can't get?" Long Xiaoyun suddenly said a line from a popular song.

Qin Yuan looked at Long Xiaoyun in surprise. He did not expect such a serious person like Long Xiaoyun to know about this.

“I’m not someone who lived in the last century.” Long Xiaoyun guessed what Qin Yuan wanted to say. Before he could say anything, Long Xiaoyun said it herself.

Qin Yuan smiled. “Yeah, these people are just looking for something new. If we tell them what the mission is in advance, they probably won’t be so interested.”

Long Xiaoyun smiled too. “I’d like to see their expressions when they hear what the mission is.”

“Let’s wait and see.” Qin Yuan said indifferently.

Time passed quickly.

In the past few days, whether it was the first team or the second team, they had all devoted themselves to the infiltration tactic training.

Take He Chenguang and Wang Yanbing for example. Other than training with the group, they also spent a lot of time practicing their marksmanship in private.

It was the same for the others. Although everyone’s project was different, everyone’s efforts were obvious.

On the morning of the seventh day.

Everyone had already gathered outside the base.

Compared to before, everyone was exceptionally excited.

This was because today was the last day. They had waited for so long because they wanted to know what the mysterious mission Qin Yuan was talking about was.

This was also the reason why they had gathered so early today.

However, they did not expect Qin Yuan to not come out early.

Therefore, all they could do now was wait.

“Why isn’t the captain here yet?” Team 1 muttered.

“Our captain isn’t here either.” Team 2 also said.

This was the first time in a long time that they were looking forward to seeing the two captains.

Normally, everyone would avoid Qin Yuan and Long Xiaoyun. After all, in their eyes, these two were great demons.

But today, they really wanted to see the two of them as soon as possible.

“Look how early we are. Isn’t it normal for Captain and the others not to be here yet?” Finally, someone spoke the truth.

“We were too anxious. Don’t you want to know?”

“If I didn’t want to, would I have gathered with you so early?”

In this long wait, the group could only rely on bickering to pass the time.

At the same time, they kept looking in the direction of the base.

If there was a word to describe them now, it would be “eager”.

“Captain is here!” Someone shouted, and everyone instantly perked up.

As expected, everyone also saw Qin Yuan and Long Xiaoyun not far away.

After seeing the two of them appear, everyone quickly organized their teams without any communication.

Qin Yuan glanced at the queue.”

“Captain, we have been waiting for you for a long time.” someone shouted.

Qin Yuan looked at his watch.”

“Captain, we just want to know what the mission you mentioned is.”

Qin Yuan smiled. “Don’t flee later.”

Hearing Qin Yuan’s words, everyone was a little stunned.

Flee?

What kind of mission was it that the captain would say such a thing?

Wasn’t this blatant distrust?

For a moment, everyone was even more curious.

“We won’t. Hurry up and tell us!” Everyone shouted in unison. No matter what the mission was, they only had one thought.

That was to do their best to complete it!

They could not let their captain, Qin Yuan, look down on them, and they would not flee like Qin Yuan said.

“This mission is to follow the previous plan of ten people in a group. Go to our Chief Gao Shiwei’s office and steal a trophy from his desk!”

“Moreover, after stealing it and letting me see it, I’ll unknowingly send it back! ”

“The entire process must not alarm anyone, let alone be discovered. Are you confident?”

Under everyone’s anticipation, Qin Yuan told them the mission.

After Qin Yuan finished speaking, everyone could not come back to their senses for a long time.

What was that? To steal the Bureau Chief’s trophy?

This was too bold.

The Bureau Chief’s office was not so easy to enter.

Not only did they have to bypass the guards and steal the trophy, but they also had to send it back without anyone noticing.

If they were discovered, the consequences would be very serious.

This was undoubtedly a huge challenge, but it was only limited to the past.

It was not difficult for them now.

Although there was a risk of being discovered, they were not afraid.

“Captain, you underestimate us too much.” Geng Hu said.

The mysterious mission he had been waiting for so many days was actually to steal the trophy. Geng Hu was a little disappointed because in his opinion, this was too simple.

“Don’t talk big here. It’s difficult for a big guy like you not to attract attention.” Qin Yuan directly poked Geng Hu’s sore spot.

Geng Hu did not say anything else after being defeated because he knew that he would not be able to win against his captain.

“Company commander, there is only one trophy. There are so many of us, how can we determine the winner?” He Chenguang asked what everyone was most concerned about.

That’s right, there was only one trophy on the table. How would the winner be determined?

“Ten people in a group, take turns! You’ll be ranked according to the time.”

“Whoever spends the least time wins!”

Qin Yuan also told him the rules.

“Company commander, if that’s the case, then we’ll have to do it in ten batches. Wouldn’t that be too loud?” He Chenguang thought for a moment.

“This will depend on your ability. If you can do it without anyone noticing, it doesn’t matter how many times you go in!”

Qin Yuan’s words were reasonable, but everyone agreed with He Chenguang.

However, once the company commander had decided on something, it was usually very difficult to change it.

Seeing this, Long Xiaoyun, who had been silent all this while, spoke up.

“How about this, Team 1 and Team 2 will each send out a team and calculate the time of these two teams.”

“Wasn’t the original intention of arranging this mission to test the standards of both teams?”

“Then let both teams each choose the strongest team to complete this mission.”

As Long Xiaoyun spoke, she looked at Qin Yuan as if she was asking for his opinion.  
Team 1 and Team 2's eyes lit up as they thought Long Xiaoyun's suggestion was not bad.  
However, they knew very well that the final decision was still in Qin Yuan's hands.  
For a moment, everyone's gazes gathered on Qin Yuan..

Chapter 348: Captain 's Trick!

Qin Yuan noticed everyone's gazes and cleared his throat.

"If you only choose two groups, would the other groups be agreeable to this?"  
"You've been training for so long, but you didn't have the chance to perform in the end.'

Qin Yuan's words made Battle Wolf Team 1 and Team 2 fall into deep thought.

Qin Yuan was right.

These days, everyone has been training hard for this mission to prove themselves.

If only two groups were chosen, then what would the efforts of the others count for?

If they all went, the target would be too big and they would be easily exposed.

For a moment, everyone found it difficult to make a decision.

Looking at the hesitant crowd, Qin Yuan continued.

"I just want to make this situation clear to you. I just don't want to see some people who want to perform not have the chance to do so." "The choice is yours. You can discuss it first and vote later."

Qin Yuan's tone was very calm, but his eyes were very firm.

Everyone was stunned. Almost everyone had an expression of disbelief on their faces.

Did they hear wrongly?

Qin Yuan actually said that the choice was in their hands.

All along, in their eyes, Qin Yuan always had the final say.

But today, Qin Yuan actually respected their opinions.

Everyone felt flattered.

Qin Yuan saw everyone's expressions and smiled.

He had already guessed that everyone would have such a reaction.

But this time, it was just as he said, he wanted to leave the choice to Battle wolf and the others.

After all, people would make big and small choices in their lives, and this was only one of the choices they had to face.

Qin Yuan wanted them to know that there were many people who wanted to perform, but there might not be a chance.

When the opportunity was in front of them, it was up to them whether he could seize it.

However, not everyone could get what they wanted.

Take this mission as an example.

If they chose to complete it in groups of ten, then each of them would have a chance. However, this would increase the risk for the entire team.

However, if they chose the two strongest teams to complete the task, some people would not have the chance to perform.

In fact, sometimes, for the benefit of the team, it was necessary to sacrifice.

This was what Qin Yuan wanted them to understand.

Everyone in the team frowned.

All of them were thinking about how to choose. Everyone discussed softly until Qin Yuan spoke again.

“Have you thought about it?”

Qin Yuan’s sudden question made the team instantly quiet down.

“Captain, we want the strongest to go!” Zheng Xiaohu said loudly.

The rest of Battle wolf nodded in agreement.

“Do you really think so?” Qin Yuan was interested. “Yes, Captain!” Battle wolf shouted in unison.

“Tell me why.”

As soon as Qin Yuan said this, the group of people looked at each other in dismay. They had discussed it properly, but now, they did not know how to start.

The group of people looked at each other.

In the end, Zheng Xiaohu stood up and explained to everyone unhurriedly.

“Because we feel that since frequent entry and exit will easily expose them, then we should just push one group to go.”

“Anyway, it’s to test the standards of both teams. Isn’t sending the strongest the best choice?”

“Although all of us have been training for a long time and want to perform, we hope to complete the mission and win this competition with the lowest risk.”

“As long as we can win, we’re willing to give up our own chance to help the team win.”

Zheng Xiaohu's words set off waves in everyone's hearts.

Especially the Battle wolf team 2.

They looked at the Battle wolf team 1 in shock, as if they were meeting them for the first time.

It was hard for them to imagine that such words would come out of the mouths of Battle wolf team 1.

All along, they had felt that Battle wolf Team 1 was stronger than Team 2 in all aspects because they had trained for a few more days than them.

In addition, Team 1 always used this opportunity to attack them, so Team 2 didn't have a good impression of Team 1.

Zheng Xiaohu's words had completely overturned Team 2's understanding of Team 1.

The members of Team 2 suddenly felt that there was a magic power that attracted them from Team 1.

At this moment, Team 1 didn't seem as annoying to them anymore.

Qin Yuan looked at Team 1 with a gratified expression. Team 1 did not disappoint him!

Long Xiaoyun was watching all of this from the side, but no expression could be seen on her face. No one knew what she was thinking.

It was not until Qin Yuan threw the question to team 2 that Long Xiaoyun's gaze stopped on the second team.

"What about your team 2?" When Qin Yuan said this to team 2, he even glanced at Long Xiaoyun from the corner of his eye.

"We...We want all of us to go!" He Chenguang stood up as the representative.

Hearing He Chenguang's words, the smile on Qin Yuan's face did not diminish at all, as if he had already guessed it.

On the contrary, Long Xiaoyun was a little surprised, but she quickly concealed her expression.

"What are you guys thinking?" Qin Yuan asked with a smile.

He Chenguang met Qin Yuan's gaze and opened his mouth but did not say anything.

Then, He Chenguang looked at Long Xiaoyun and said.

"First of all, Team I's methods are very much in agreement, and they have benefited greatly.."

Chapter 349: Captain's Trick!

"But this mission is a chance to prove ourselves. We don't want to be looked down upon."

"In addition, we are confident that we can complete this mission perfectly and will definitely not drag anyone down. Therefore, we hope that everyone can participate. "

He Chenguang told them what Team 2 was thinking.

They just wanted to prove themselves and prove that they were not inferior to anyone.

It wasn't that they hadn't considered the risk of being exposed, but they thought that they could escape unscathed.

Therefore, even though Zheng Xiaohu's words had touched them, they still chose to let everyone participate in the end. They wanted to tell everyone that their team was very strong!

"What do you think?" Qin Yuan looked at Long Xiaoyun.

After all, Long Xiaoyun was the captain of Team 2.

"Just do as they say." Long Xiaoyun said lightly.

After interacting with them for the past few days, Long Xiaoyun had a better understanding of the people in Team 2.

She knew very well what these people were thinking.

Especially when He Chenguang looked at her before he spoke, Long Xiaoyun knew that they wanted to prove themselves and meet her requirements.

Therefore, Long Xiaoyun did not stop him.

Seeing Long Xiaoyun express her stance, the members of Team 2 were relieved.

At first, they were worried that their captain would not agree.

"Then that's it. Team 1 will send out a team, while Team 2 will send out all five teams."

"The rules are still the same as before. The team that takes the least time wins." Qin Yuan said loudly.

As soon as Qin Yuan finished speaking, the joy in everyone's hearts was self-evident.

Although Team 1 and Team 2's initial intentions were different, they were in the same mood at the moment.

"Yes, sir!" Everyone answered loudly.

"When we arrive, there is a tree at the entrance of the military area. Captain Long and I will wait for you there."

"Our countdown starts from the moment you enter and ends when you come out and hand the trophy to us."

Qin Yuan added.

"Which team will go first?" Qin Yuan seemed to have remembered something.

No one said anything.

In their opinion, it didn't really matter who came first.

If it were someone else, they might think that the first to attack had the most advantage because it was the least likely to be discovered. However, they were different. They believed in their own strength.

“Then let Team 2 go first.”

Qin Yuan made the decision for everyone.

“You can decide which team from Team 2 will go first. Team 1 will go last.” Everyone nodded and agreed to Qin Yuan’s arrangement.

“Captain, isn’t it too conspicuous to meet under a tree at the entrance of the military region?” He Chenguang suddenly said.

Hearing He Chenguang’s words, the others came back to their senses.

They had been immersed in the joy of carrying out the mission and had not thought of this.

“And you and Captain Long are standing there. There must be someone who knows you, right?” He Chenguang once again voiced the question in his heart.

“You’re really meticulous.” Qin Yuan sighed in his heart.

This was actually discussed by Qin Yuan and Long Xiaoyun.

The two of them wanted to see what level of adaptability these people had. He wanted to see how they would complete the mission in an exposed environment.

“That depends on you.” Qin Yuan’s tone was cold.

Everyone understood the meaning behind Qin Yuan’s words and did not say anything else.

What Qin Yuan meant was that no matter what the situation was, he and Captain Long would only wait for them under the tree.

To put it bluntly, he wanted them to take care of themselves.

“All personnel on the mission, return to the base and change into casual clothes. We will leave in ten minutes!”

“The rest of Team 1, stay here and train on your own.”

Qin Yuan reminded.

Ten minutes passed quickly.

Everyone changed into their casual clothes and came to the open space outside the base.

Qin Yuan and Long Xiaoyun had been waiting here for a while.

After seeing everyone appear, he called everyone to board the helicopter.

Qin Yuan was carrying a bag of things in his hand. It was bulging, and he did not know what it was.

“Captain, what did you bring?” Geng Hu asked curiously. “Hurry up! Go up quickly.”

Qin Yuan ignored Geng Huts words.

“Each group will take a helicopter!” Soon, everyone boarded the helicopter.

In the cabin.

“Chenguang, how do we get in?” Wang Yanbing said.

“We’ll see what the situation is when we get there.”

Just as the two of them were discussing countermeasures, Li Erniu’s voice made everyone laugh.

“Oh no, my heart hasn’t stopped beating.” Li Erniu patted his chest as he spoke.

“What are you nervous about?” “We’re discussing serious matters. Don’t keep interrupting.” Wang Yanbing said angrily.

“Aiya, I just wanted you guys to relax.” Li Erniu explained.

Although Li Erniu usually appeared to be simple-minded, he knew very well what this meant to them.

He saw that everyone was too serious and was afraid that it would affect their performance.

The team in the other helicopter was much calmer.

Geng Hu, Zheng Xiaohu, and the others were joking with each other as they grinned.

It was as if they were going on a vacation.

Soon, the helicopter landed on the empty ground of the Iron Fist Regiment.

Qin Yuan had already informed Xiao Zhenwu in advance. After all, if they drove directly to the entrance of the military region, the mission would have ended before it even started.

“You’re quite thoughtful.” Long Xiaoyun said to Qin Yuan.

Qin Yuan smiled and did not say anything.

After getting off the plane, everyone drove to the vicinity of the military area.

“The first group will go first!

What greeted everyone’s eyes were all kinds of costumes and props.

Everyone could not help but sigh. Indeed, the older the ginger, the spicier it was, even though Qin Yuan was not much older than them. Suddenly, everyone seemed to have thought of something.

“Captain, you tricked us!” someone said.

Qin Yuan pretended not to understand and asked with a smile, “What do you mean by that?”

“Before we set off, you asked us to change into casual clothes. How are we going to get in?”

“Normally, ordinary people can’t enter a place like the military region. Only people from the army can walk around. Sometimes, we even need to inform them.”

“We’re all wearing casual clothes now. Aren’t we just like ordinary people? How are we going to enter?”

That person said it clearly and logically. Qin Yuan said with a smile after hearing it.

“Looks like you guys are quite smart, but it’s too late.”

“As I said, you never know what will happen in the next second, and you can’t always be fully prepared. So, you have to have the ability to adapt quickly, understand?”

“This is the first gift I prepared for you.”

“Of course, if you find it difficult, it’s not too late to withdraw now.”

Qin Yuan’s voice turned cold, and the smile on his face disappeared without a trace.

Qin Yuan’s words undoubtedly aroused their competitiveness.

Take Team 1 for example. They were chosen by their teammates and carried the hopes of their teammates.

If they quit now, they wouldn’t have the face to face their teammates.

Even more so for Team 2. They were originally here to prove their abilities, so how could they easily quit?

Everyone shook their heads.

“Since none of you want to quit, then the first group will act immediately!” Qin Yuan said without any hesitation.

“The other groups can stay in the car or move around freely. Be prepared to move at any time.”

“Captain, if we move around, how do we know if the previous group has finished?” Someone asked.

“Good question!”

“If that’s the case, then we’ll set a time limit of thirty minutes. Each group must finish within thirty minutes, and then the winner will be determined based on the specific time.”

“In other words, every thirty minutes, you can get ready to move, understand?”

“Of course, before and after the operation, you have to find me and Captain Long under the tree. Only then will you have results.”

Qin Yuan told him the latest rules.

“Nothing is immutable. You have to be prepared at all times!” Qin Yuan added.

“Yes, sir!”

At this moment, everyone suddenly had a premonition.

Their mission this time was not as easy to complete as they had imagined..

Chapter 350: The Disappearing Captains!

“Now, the first group will set off!”

As soon as Qin Yuan finished speaking, He Chenguang and the others got out of the car and walked towards the entrance of the military region.

Qin Yuan and Long Xiaoyun followed behind them and came to the tree together.

“I don’t care if you succeed or fail. You have to come back here and find us in thirty minutes.”

“Move out!”

As Qin Yuan spoke, he pressed the timer in his hand.

Everyone reacted quickly. The moment Qin Yuan finished speaking, the few of them split up and took action.

After a while, the few of them gradually disappeared from their sight.

Only Qin Yuan and Long Xiaoyun were left under the tree. “Let’s go.” Qin Yuan looked at Long Xiaoyun and said softly.

“Where to?” Long Xiaoyun was a little confused.

What did Qin Yuan mean?

Although they wouldn’t be back so soon, weren’t they supposed to wait here for the timer?

Qin Yuan saw through Long Xiaoyun’s thoughts and said with a smile.

“Prepare a surprise for them.”

“Surprise?”

“If they have already made preparations, then shouldn’t we make preparations?”

Long Xiaoyun still did not quite understand what Qin Yuan meant.

“Then let me ask you, if they want to go in, what’s the best way? Seeing Long Xiaoyun’s puzzled face, Qin Yuan continued.

“Disguise.” Long Xiaoyun answered without hesitation.

Qin Yuan nodded. “That’s right.”

Suddenly, Long Xiaoyun’s expression changed as if she had thought of something.

“You mean we should disguise ourselves?” Long Xiaoyun quickly regained her composure and said to Qin Yuan with some uncertainty.

“Yes.” Qin Yuan smiled. As expected of Long Xiaoyun, she understood everything with just a little bit.

Long Xiaoyun laughed. “They are afraid of you for a reason.”

“Likewise.” Qin Yuan knew that Long Xiaoyun had previously served as the instructor of Wolf Fang, so she had no less tricks than him.

Long Xiaoyun knew what Qin Yuan meant, so she did not say anything else.

“Let’s go then.” Seeing that Long Xiaoyun did not speak, Qin Yuan said.

On the other side.

He Chenguang and Wang Yanbing had successfully infiltrated the military region.

The two of them were wearing military uniforms that they had gotten from somewhere and were walking towards Gao Shiwei’s office. Just as they were about to reach Gao Shiwei’s office.

“Stop!”

A voice called out to them.

The two of them were slightly stunned and stopped.

“What are you guys doing?”

The person who asked was Gao Shiwei’s political commissar.

“Sir! We’re from the Iron Fist Regiment. The regiment commander asked us to deliver some materials to the chief.” He Chenguang said in a low voice.

After listening to He Chenguang’s explanation, the political commissar let down his guard.

Because the Bureau Chief had indeed mentioned to him yesterday that the Iron Fist Regiment would send a set of materials over in the next two days.

“The Bureau Chief isn’t here right now. You can give it to me first.”

He Chenguang shook his head. “Sorry! The regiment commander had said that

I have to hand it over to the chief personally.”

“Alright, you guys wait for the chief here. He’ll be back soon.”

“Yes, sir!”

The two of them saluted the political commissar.

Watching the political commissar leave, the two of them heaved a sigh of relief.

“Alright. That was close!” Wang Yanbing patted her chest and said nervously. On the contrary, He Chenguang had a calm expression from the beginning to the end.

“Everyone has left. Hurry up!” He Chenguang urged.

With He Chenguang's reminder, Wang Yanbing followed behind He Chenguang and quickly walked into the office.

The door was closed.

This meant that Bureau Chief Gao Shiwei would be back soon.

They did not have much time left.

"You guard the door. I'll go in." As He Chenguang spoke, he had already entered the office.

He Chenguang saw the trophy on Gao Shiwei's table at a glance.

He quickly walked to his desk, picked up the trophy, and walked out.

"I got it. Let's go!" He Chenguang said to Wang Yanbing.

"Hey, hey, hey, come back!" Wang Yanbing stopped He Chenguang.

"What are you doing? If they didn't leave now, they would be discovered." He Chenguang was puzzled by Wang Yanbing's action of grabbing him.

"Are you confused? You're just going to swagger out with the trophy!?" Wang Yanbing said angrily.

This was the first time he had seen He Chenguang so flustered.

He Chenguang patted his head. "I was so focused on ending the match earlier that I forgot about it."

"Then how do we bring it out?" He Chenguang looked at Wang Yanbing. Wang Yanbing smiled. "Hehe, I've already thought about it." "When you went in just now, I kept thinking about this question." "Hurry up and stop talking nonsense." He Chenguang hit Wang Yanbing.

"Put the trophy in your clothes and pretend to have a stomachache. I'll hold my stomach while you help me out."

"You're really something!"

At the moment, this was the best solution they could think of.

The two of them smiled at each other and acted according to the plan.

Along the way, not many people paid attention to the two of them.

When they reached the entrance of the military district.

"What happened to him?" The guard in charge of security shouted at Wang Yanbing.

The sudden voice scared Wang Yanbing so much that his hands trembled. Fortunately, He Chenguang held him up.

"His stomach hurts. I'll take him to the hospital." He Chenguang explained with a smile.

The guard nodded. "Do you need help?"

"No need, no need." He Chenquanz quickly shook his head.

Then, the two of them walked out of the military area.

They arrived at a secret place.

"You scared me to death." Wang Yanbing stood up.

"Look at you."

"Isn't it because I thought of this method?"

"Brother Bing!" Li Erniu's cry interrupted the two of them..
