

## Special Troop 351

### Chapter 351: The Disappearing Captains!

Li Erniu had been waiting outside for the two.

“Did you succeed?” Li Erniu excitedly rushed to the two of them.

Wang Yanbing took out the trophy from his clothes and shook it.

“I knew you guys could do it!” Li Erniu looked at the trophy in Wang Yanbing’s hand, and his face was filled with joy.

“Hurry up and find the captain and the others.” He Chenguang reminded.

The three of them hurriedly walked toward the tree they had agreed on. When they reached the bottom of the tree, the three of them were dumbfounded.

Where’s the captain?

Qin Yuan and Long Xiaoyun were not under the tree at all.

There were only two old men sitting under the tree, talking and laughing.

“Captain tricked us?” Li Erniu spoke first.

“What’s going on? Didn’t Captain say to wait for us under the tree?” Wang Yanbing was a little anxious.

After all, according to the rules, after they received the trophy, they had to let the two captains see it and then send it back to complete the mission.

“Could it be that the captains went to do something?” For a moment, the three of them were filled with doubts.

“How about this, let’s search the surroundings first.” He Chenguang said in a deep voice.

“Alright.” The three of them began to look for Qin Yuan and Long Xiaoyun. The three of them walked around and returned to their original spot.

“I didn’t see him.”

“I didn’t find it either.”

He Chenguang shook his head. “I didn’t find it either.”

Beads of sweat kept appearing on their heads.

He Chenguang wiped the sweat off his forehead and tried to calm himself down.

At times like this, one had to remain calm.

He seemed to have thought of something and walked toward the two old men under the tree.

“Captain?” He Chenguang called out tentatively.

Wang Yanbing and Li Erniu followed.

Hearing He Chenguang call the two old men captain, Wang Yanbing and Li Erniu looked at He Chenguang blankly.

“Are you stupid? How is this the captain?” Li Erniu shouted at He Chenguang.

The two old men in front of him didn’t say anything. They just looked at the three of them with a smile.

“You are the captains!” He Chenguang raised his voice.

The two old men stood up.” It seems that you’re not that stupid.”

Li Erniu and Wang Yanbing reacted as soon as the two of them spoke.

It was the captain’s voice!

At this moment, the expressions on their faces were self-evident.

Before they could ask the reason, Qin Yuan said, “Hurry up and send the trophy back!”

Only then did the three of them recover from their shock.

“Yes, sir!”

The three of them ran towards the entrance of the military zone.

“Captain, you’re too cunning.” Li Erniu did not forget to complain.

“Alright, let’s talk about it later. Let’s think of a way to get in first.” He Chenguang interrupted Li Erniu.

He Chenguang was right. The most important thing now was how they were going to return the trophy.

He couldn’t just pretend to have a stomachache again.

The guard was not stupid.

“Erniu and I will stall that guard later. You take the opportunity to sneak in.” Wang Yanbing said.

“But after you go in, you have to think of a way to put the trophy back.” He Chenguang nodded.

With the cooperation of the three of them, He Chenguang successfully put the trophy back.

When the three of them returned to the tree again, Qin Yuan and Long Xiaoyun had already returned to their original appearances.

Standing with the two of them were the members of Team 2.

Looking at the three people walking in front of him, Qin Yuan pressed the timer in his hand.

“Team 2! Move out!”

Soon, the people from team 2 disappeared from everyone’s sight.

“Captain, what was our score just now?” He Chenguang asked curiously.

The interlude just now had wasted a lot of their time.

Qin Yuan smiled. ‘We’ll announce it after it’s all over.’”

After hearing Qin Yuan’s words, He Chenguang did not continue to ask.

He only looked at Long Xiaoyun with a solemn expression, but He Chenguang quickly looked away.

Qin Yuan glanced at Long Xiaoyun. “Let’s go. It’s our turn.

Long Xiaoyun nodded.

The three of them began to discuss as they watched the two of them leave.

“Captain, where are they going?” Li Erniu’s eyes were fixed in the direction where the two of them had left.

“Change their clothes.” Wang Yanbing said thoughtfully.

“I think so too.” He Chenguang said.

After all, that was how their captain had treated them just now.

It couldn’t be that their group was the only unlucky one, right?

That would be too unfair.

Therefore, the two of them guessed that Qin Yuan and Long Xiaoyun should have gone to change their clothes.

Not long after, the two old men who appeared again confirmed their guesses.

The three of them smiled. They wanted to see what the expressions of the people behind them would be like.

Time continued to pass.

Just like that, Qin Yuan and Long Xiaoyun kept changing their clothes back and forth.

They waited until the last team went up.

“Are you ready?” Qin Yuan looked at Geng Hu and the others in front of him and asked.

“Reporting to Captain, we are ready!” Everyone nodded.

“Then let’s go!”

After the team left, Qin Yuan and Long Xiaoyun left again.

Only the Team 2 was left. “Captain is too mean!” “Chenguang, how’s your team?”

“We were fooled in the beginning.”

“I wonder if Team 1 will see through Captain’s tricks.”

The members of the Team 2 complained as they looked forward to the performance of the Team 1.

Soon, Qin Yuan and Long Xiaoyun, who had disguised themselves, returned to the tree.

Everyone looked at their attire and called them perverts!

Their makeup skills and disguise skills were too heaven-defying.

This time, Qin Yuan disguised himself as a middle-aged man in his forties or fifties. It was even more difficult to identify him than the previous few times.

Long Xiaoyun was still dressed like an old woman. The two of them sat together like a pair of mother and son.

Who would suspect a middle-aged man accompanying his elderly mother for a walk?

If they did not know their identities beforehand, they would not have been able to tell that they were pretending.

Everyone could not help but sigh. Their captain was too ruthless!

For a moment, the members of Team 2 broke out in a cold sweat for Team 1.

Although they were competitors, they hoped that Team 1 could successfully get past their captain.

Very quickly.

Team 1 appeared in the line of sight of Team 2.

Geng Hu walked at the front with the trophy in his hands.

Geng Hu asked Wang Yanbing when he saw that the two captains were nowhere to be found.

“Hey, where’s Captain?”

Wang Yanbing, who was pointed at, trembled and quickly reacted. “I arrived a little earlier than you, and I didn’t see the captain!” “Have any of you seen the captain?” Geng Hu asked the others.

Everyone shook their heads.

At this moment.

Zheng Xiaohu had already walked under the tree and shouted at the two people standing on the other side.

“Captain!”

Geng Hu heard the commotion and immediately walked over. After a few seconds, Geng Hu shouted excitedly, “Captain!”

He recognized her so quickly? Team 2 was dumbfounded.

Qin Yuan smiled.”

Zheng Xiaohu touched his head in embarrassment.

“Alright, hurry up and send them back.” Qin Yuan reminded.

After saying that, Qin Yuan seemed to have thought of something and whispered a few words into Zheng Xiaohu’s ear.

Qin Yuan nodded.

“Yes, sir!”

Zheng Xiaohu and Geng Hu turned around and left.

Only the dumbfounded members of Team 2 were left behind.

“How can the people from Team 1 tell that it’s the captain so easily?”

“Yeah, we took a big detour before we thought of it.”

“Why do I feel like we’re clowns? We were worried about them just now. Why do we need to worry about them?”

“But with Captain and his outfit, if it were us, we wouldn’t be able to recognize them so quickly.”

The members of the Team 2 discussed in low voices.

They realized that Team 1 seemed to be much stronger than them.

At this moment, no one dared to meet Long Xiaoyun’s gaze.

Long Xiaoyun, on the other hand, had an indifferent look on her face. No one knew what she was thinking.

Very quickly.

Geng Hu and Zheng Xiaohu returned to the tree. “Group one, 24 minutes and 30 seconds!”

“Group two, 26 minutes and 50 seconds!” “Group three, 27 minutes and 10 seconds!”

“Group four, 27 minutes and 46 seconds!”

“Group five, 28 minutes and 9 seconds!” “Group six, 20 minutes and 10 seconds!”

Qin Yuan announced everyone’s results.

“Congratulations on completing the mission in 30 minutes!” “According to the rules, Team 1 wins this competition!”

Qin Yuan said unhurriedly.

“Captain, we didn’t embarrass you, did we?” Geng Hu said cheerfully.

“You didn’t even recognize me at first glance, and you still have the cheek to speak?” Qin Yuan said to Geng Hu.

“Captain!” Geng Hu hurriedly called out to Qin Yuan.

Compared to the joy of the Team 1, the Team 2 seemed particularly depressed..

Chapter 352: The Trophy Is Too Light!

Long Xiaoyun obviously knew what Team 2 was thinking.

“Since this is a competition, there will be losers and winners.”

“A loss is a loss. What does that mean?”

When Long Xiaoyun said this, her gaze on Team 2 became sharp. “This means that you still have to practice!”

Long Xiaoyun’s few words caused waves in everyone’s hearts.

Long Xiaoyun was right. They hadn’t practiced enough.

ungma11Y, they were very connant m rms mission, Dut tney ??????? not expect Qin Yuan to have a trick up his sleeve.

In fact, the Team 2’s attempt to steal the trophy was very smooth. It was just that they all failed to find Qin Yuan.

Therefore, everyone felt bitter in their hearts.

Long Xiaoyun seemed to have seen through everyone’s thoughts and said directly.

“Didn’t Team 1 go through what you guys went through?”

“You all saw their performance.”

Long Xiaoyun’s two short sentences made everyone’s thoughts clear.

Everyone lowered their heads and remained silent.

They wanted to say something, but they didn’t know what to say.

The truth was right in front of everyone’s eyes. Team I’s group was definitely stronger than them.

They were both facing two captains in disguise, but their reactions were not as fast as Team 1. This was a fact that was set in stone.

“Losing to your own people isn’t shameful. What I’m most afraid of is you giving up the chance to surpass others.”

Looking at the depressed members of Team 2, Long Xiaoyun encouraged them.

“This time, your performance was not bad, but you still need to work hard, Don’t forget your goal.”

After Long Xiaoyun said this, everyone’s faces turned better.

Long Xiaoyun was an excellent leader.

She knew how to read people's minds and knew when to say what to say. She motivated the Team 2 and at the same time achieved her goal of encouraging them.

"Captain, I'm sorry! I've disappointed you this time." He Chenguang said.

"We won't embarrass you next time!" He Chenguang looked at Long Xiaoyun firmly.

"Yes! Next time, we won't go wrong." The others echoed.

Long Xiaoyun smiled. "I'm very touched by your determination, even though I'm not very satisfied. But it's okay. I appreciate it!"

Seeing that their captain had expressed her stance, the members of Team 2 were happy.

Although they had lost this time, they would definitely fight harder next time.

Long Xiaoyun understood one thing. In the same training, or even in the case where Team 2 was training harder, the group of people in Team 1 always seemed to be slightly better.

She could not help but look at Qin Yuan. She had to admit that Qin Yuan was very good at leading people.

And the belief in her heart to compete seemed to be gradually disappearing.

At this moment, she only had one thought in her mind, and that was to train Battle Wolf into an outstanding special forces unit with Qin Yuan!

As for these thoughts, she did not intend to tell Qin Yuan, let alone the Team 2.

Although Long Xiaoyun had gradually let go of her obsession to compete with Qin Yuan, the members of the Team 2 needed to rely on this energy to continue working hard!

After saying a few more words, Long Xiaoyun led the Team 2 towards Qin Yuan.

After the results were announced, the two teams separated.

After all, Qin Yuan and Long Xiaoyun had to say something to their team members.

When the two teams were together, some words were not easy to say.

Qin Yuan had just finished speaking.

Looking at the people from the Team 2 walking over, Qin Yuan said to Long Xiaoyun.

"Are you done?"

Long Xiaoyun nodded.

"Then you should take them back first. There are still a few brats in the Team

As Qin Yuan spoke, he pointed at a group of people.

"You're not going back?" Long Xiaoyun was confused.

Qin Yuan pulled Long Xiaoyun to the side and whispered a few words.

Long Xiaoyun was stunned, but she quickly reacted.

She did not say anything.

She knew very well that Qin Yuan did this because he had confidence in Battle Wolf and the others.

Then she should support them unconditionally and work with Qin Yuan to nurture Battle Wolf into what they wanted.

Thinking of this, Long Xiaoyun called out to everyone and prepared to leave.

Soon, Qin Yuan was the only one left under the tree.

Qin Yuan glanced at his watch and revealed a faint smile.

His deep eyes made it impossible to see through what he was thinking.

Only Qin Yuan knew that he would receive a call soon.

As expected.

The next second, Qin Yuan's phone rang.

"Where are you?"

A familiar voice sounded on the other end of the phone.

This person was Gao Shiwei.

"Chief, what's wrong?" Qin Yuan said nonchalantly.

"Don't give me that. I saw everything." "Where are you now?"

Gao Shiwei's voice became urgent.

"Just opposite the military zone."

"Come over."

Beep beep beep.

Gao Shiwei hung up the phone after saying that, not giving Qin Yuan a chance to refute.

In the office.

Gao Shiwei was pacing back and forth in front of his desk.

A knock on the door made Gao Shiwei stop.

"Chief."

Gao Shiwei glanced at the man. "Political commissar, you came at the right time."

Gao Shiwei's voice was filled with anger.

The political commissar looked at Gao Shiwei in confusion. He felt that the

Bureau Chief was acting strange today.

“What’s wrong, Chief?”

The political commissar asked carefully.

“Look at this.” Gao Shiwei said as he handed the note on the table to the political commissar.

The political commissar took the note, and his expression gradually became solemn..

Chapter 353: The Trophy Is Too Light!

“This... When did this happen?” The political commissar looked at Gao Shiwei in shock.

“Just now.” Gao Shiwei said in a deep voice.

The political commissar seemed to have remembered something.” Bureau Chief, before you came back, I met two soldiers at the door. They said that they came from the Iron Fist Regiment to deliver materials to you.”

“Don’t tell me those two were in it too?”

“Most likely.” Gao Shiwei frowned.

“How did they do it?” The shock on the political commissar’s face did not diminish at all.

“You...”

Bang! Bang! Bang!

A sudden knock on the door interrupted their conversation.

“Come in.”

The two of them looked at the door. It was Qin Yuan.

“Chief! Political commissar!” Qin Yuan saluted the two of them.

‘You brat, do you really think my office is your Battle wolf’s home? You can enter and leave as you please?’ Gao Shiwei pretended to be angry.

“Chief, I just wanted you to test our standards first.” Qin Yuan said with a smile.

“Look at this note yourself.” Gao Shiwei handed the note to Qin Yuan.

On it was written, “Chief, your trophy is too light. We don’t want it! Next time, please change the focus. It’s best if it’s the kind that can’t be moved. Battle wolf Team 1!”

Qin Yuan frowned slightly.

“These two fools, who asked them to write like this?” Qin Yuan cursed in his heart.

He had stopped Zheng Xiaohu and Geng Hu because he wanted them to leave a note to Gao Shiwei when they returned with the trophy.

However, he did not expect the two of them to write this. However, despite scolding, Qin Yuan was still happy.

Although it made Gao Shiwei a little angry, their words were very much in line with Qin Yuan's style.

"Chief, what they mean is that they want to bring a big trophy back for you next time." Qin Yuan explained with a smile.

"A big trophy?" Gao Shiwei was interested.

"Isn't the special forces competition coming up soon? I know what you expect of us, which is why we're doing this today."

"Do you think we are qualified?"

Qin Yuan still had a smile on his face.

Gao Shiwei nodded. "I hope you won't disappoint me."

Gao Shiwei was angry, but at the same time, he was shocked by the progress of the Battle wolf.

It was hard for him to imagine that these people could improve so quickly in such a short period of time.

He actually went back and forth in his office under the watchful eyes of so many people.

Most importantly, they had brought along the trophy on their table.

Gao Shiwei knew very well that there were not many people who could do it so flawlessly like them.

"Only your team came?" Gao Shiwei asked.

At this moment, the anger on Gao Shiwei's face had long disappeared.

"There are only ten people from our Team 1 and fifty people from Long Xiaoyun's Team 2."

Gao Shiwei smiled. It seemed that these people were more powerful than he had imagined.

Originally, he thought that only Team 1 led by Qin Yuan would come. He did not expect Long Xiaoyun's Team 2 to come as well.

Gao Shiwei was very clear that the Team 2 was mostly recruits of the recruit company. Now that they had such strength, it was indeed a rapid improvement.

"Alright, then I'll wait for you guys to bring me a big trophy." Gao Shiwei said with a smile.

After Qin Yuan came out of Gao Shiwei's office, he walked straight in the direction of the Iron Fist Gang.

The helicopter was still in the Iron Fist Regiment.

The special forces competition was coming up soon. He had to hurry back.

On the other side, everyone had returned to Battle wolf Base under Long Xiaoyun's lead.

"Brother Hu, who won?" As soon as Geng Hu and the others returned to the base, a group of people surrounded them. "Yeah, Brother Hu, did we win?"

Everyone asked excitedly.

Geng Hu kept a straight face and said nothing.

This was the first time that everyone had seen Geng Hu like this. After all, Geng Hu was usually all smiles.

Did they lose? A thought arose in everyone's mind.

Team 1 did not dare to ask Geng Hu any further.

They all turned to look at Zheng Xiaohu at the same time, wanting to get an answer from him.

Zheng Xiaohu had a serious expression on his face.

Everyone in the team was completely dumbfounded. It was rare to see these two people so serious.

Did he really lose? Everyone speculated again.

For a moment, the atmosphere became tense.

In the end, it was the other team members who broke the silence.

"It's fine if you lose. It's not a big deal."

"We've beaten them so many times. It's not embarrassing to let them win this time."

Team 1 said as they looked at Team 2 with disdain.

The Team 2 felt even more aggrieved. Could these people understand the situation? Team 2 was the one who lost the game, and in the end, they were the ones being ridiculed.

Originally, they had the mentality of watching a show, so they did not tell the truth.

In the end, Team I's group of people could mock them regardless of whether they won or lost.

"You guys! Can you..."

Just as Team 2 was about to reveal the truth, Geng Hu beat them to it.

"Who told you that we lost?" Geng Hu looked at the rest of the team.

"Then why did you look so lifeless just now?"

"I'm just fooling you." Zheng Xiaohu continued.

"Good boy, are you two lying to your brothers?"

As the team spoke, they lifted Geng Hu and Zheng Xiaohu.

The two of them were thrown up by a team of people.

“Alright, alright, put me down quickly.” Geng Hu urged.

After all, with his figure, he was really worried about his teammates.

“What are you guys doing!” A familiar voice interrupted everyone’s revelry.

Everyone hurriedly put Zheng Xiaohu and Geng Hu down.

Everyone followed the voice and looked over. It was Qin Yuan.

“Captain, why are you back so soon?” Geng Hu tidied his clothes and ran to Qin Yuan.

“If I didn’t come back, you would have torn down the base.” Qin Yuan said coldly.

“Are you proud of defeating your own family members who are less experienced, less experienced, and less trained than you?”

Qin Yuan said as he walked in front of everyone.

His sharp gaze swept across everyone in Team 1.

For a moment, everyone in Team 1 lowered their heads in silence.

“Let me tell you! If Team 2 had the same training time as you, they would be many times better than you!” Qin Yuan reprimanded mercilessly.

“The special forces competition is about to begin. If you are still rejoicing over defeating your own family, I advise you to quit as soon as possible.” “What’s wrong? Were they all mute now? Weren’t you quite happy just now?”

Qin Yuan added.

Everyone lowered their heads and remained silent.

The members of Team 2 at the side did not dare to breathe too loudly.

Although Qin Yuan’s words were criticizing Team 1, Team 2 knew very well that

Qin Yuan was warning them.

Team 1 won against Team 2 and was scolded.

If their Team 2 couldn’t beat their Team 1, the difference in strength could be imagined.

If they were to participate in the special forces competition, how would they stand out among the many outstanding special forces?

Thinking of this, the members of Team 2 made up their minds to train with all their might.

Long Xiaoyun was watching everything that was happening outside from the command room.

She had no intention of going out because she knew that Qin Yuan alone was enough.

After a while.

Everyone in the team raised their heads.

This time, the light in everyone’s eyes seemed to be different.

Everyone clenched their fists, and the veins on the back of their hands bulged.

Those who didn't know better would think that they were going to fight.

Unexpectedly, everyone only softly said six words.

"Captain, we understand."

As they spoke, everyone met Qin Yuan's gaze and did not have any intention of dodging.

"This group of people just have to keep beating them up." Qin Yuan held back his laughter and thought to himself.

In the next second, Qin Yuan's gaze became even sharper.

"Haven't you eaten?" Qin Yuan's tone was full of provocation. "We understand!" A group of people shouted at the top of their lungs.

Their voices echoed throughout the entire base.

"Everyone, run 20 kilometers with weights!" Qin Yuan said without any hesitation.

This group of people was too free, that was why they had so much time to smile mischievously.

If he didn't put in the effort, where would he get the results?

Chapter 354: Are You Ready to Begin?

As soon as Qin Yuan finished speaking, Team 2 was about to leave with Team 1.

"Team 2, stay behind." Qin Yuan stopped Team 2.

Although everyone was very puzzled, no one dared to show it at this moment.

"You lost today. Are you willing to lose?" Qin Yuan's tone suddenly became gentle.

For a moment, everyone in Team 2 was at a loss.

What was Captain Qin trying to do?

Qin Yuan saw everyone's nervousness and said with a smile.

"Relax."

"Did you lose to them today because you were weaker than them?" "Let me tell you, no."

"If you think that you are inferior to them, then you have really lost." Team 2 raised their heads to look at Qin Yuan, their eyes filled with confusion.

What is Captain Qin trying to say?

"In my opinion, if you train at the same time as Team 1, then you won't be worse than them. You might even be stronger than them!"

“Unfortunately, there are no ifs. However, it’s never too late to work hard!” Qin Yuan’s voice was sonorous and powerful, echoing in everyone’s ears.

Everyone understood what Qin Yuan meant.

It was never too late to work hard. They were not inferior to anyone.

At this moment, Team 2 looked at Qin Yuan with a hint of gratitude.

Originally, they thought that Qin Yuan would curse at them. After all, they had lost to Team 1.

Although Long Xiaoyun was their captain now, Qin Yuan was the company commander of most of them.

However, they did not expect Qin Yuan to encourage them instead of criticizing them.

Immediately, Team 2 was even more inspired by Qin Yuan.

“Captain Qin, we understand!” They did not know when it started, but everyone gradually changed to calling Qin Yuan ‘Captain Qin’.

Qin Yuan kept his mouth shut, but his gaze remained on the people from Team 2.

It was as if they were waiting for something.

Looking at the silent Qin Yuan, Team 2 suddenly realized something.

“Everyone! Twenty kilometers, get ready!” He Chenguang shouted.

Everyone knew what He Chenguang was thinking. This was exactly what they were thinking.

It was never too late to work hard.

If a team could run 20 kilometers, so could they!

Soon, Qin Yuan was the only one left in the base hall.

At the same time.

“Ding, congratulations to the host for obtaining 100000 skill points.” The system notification suddenly sounded in Qin Yuan’s ear.

What followed was the doubt in Qin Yuan’s heart.

Why would there be a sudden increase in skill points?

“Host, if there’s anything you don’t know how to do, why don’t you just ask me?” The system teased as usual.

Qin Yuan was already used to the system’s behavior.

However, the system had indeed provided him with a lot of help.

“Why did the skill points suddenly increase? Didn’t they say that it would become more and more difficult to improve in the end?” Qin Yuan voiced out the question in his heart.

“Because the people from Team 2 have a better impression of you.”

“I see.” Qin Yuan came to a realization.

It seemed that there would be unexpected gains if he spurred them on from time to time.

Qin Yuan’s lips curled up slightly.

In the next second, Qin Yuan opened the system’s personal information panel.

[Host: Qin Yuan]

[Position: Captain of the Battle Wolf Team 1, Instructor of the Battle Wolf

Special Forces]

[Military Rank: Captain]

[Physique: 72 (10 for an average person)]

[Skills: Intermediate Eagle Eye (2000 meters), Intermediate Early Warning System (1000 meters), Advanced Special Combat Technique. (10 times the physical fitness of an ordinary person.)

Advanced computer programming. Intermediate Climbing Skill, Intermediate Camouflage Skill, All-Weapon Firearm Equipment Proficiency, and Advanced Weapon Equipment Operation Skill.]

[Medical Skills: Compendium of Herbs, Taiyi Godly Needle Technique,

Traditional Chinese Medicine.]

[Skill Points: 2680400]

Although he had just gained 100,000 skill points, with Qin Yuan’s current skill points, he could only use it twice at most if he wanted to change skills.

After all, every time he changed a skill, it would cost at least one million. Qin Yuan could not help but curse in his heart, “The system is too much.” Even so, Qin Yuan still opened the skill panel.

Just as Qin Yuan was about to see what new skill he could use, Long Xiaoyun interrupted him.

“Qin Yuan.” Long Xiaoyun’s voice came from behind Qin Yuan.

Qin Yuan turned his head. “What’s the matter?”

“Why are you alone? Where are they?” Long Xiaoyun had just finished watching Qin Yuan reprimand Team 1 and returned to her treehouse.

The people from Team 1 and Team 2 were clearly here just now, but now only Qin Yuan was left. She was a little confused about the situation. “I told them to run 20 kilometers.” Qin Yuan explained.

“Team 2 took the initiative to go.” Qin Yuan added.

“Oh?” Long Xiaoyun looked at Qin Yuan with interest.

"I punished the people from Team 1. I was afraid that they would be complacent because of a small achievement."

"On the other hand, Team 2, you did a good job."

In just a few words, Qin Yuan explained the ins and outs of the matter clearly.

"Don't tell me Team 2 went on their own accord." Long Xiaoyun said.

From the meaning of Qin Yuan's words, this was the only reasonable answer she could think of.

Qin Yuan nodded. "It seems that the people in Team 2 are not bad, and the captain is even better."

Long Xiaoyun rolled her eyes at Qin Yuan. "I don't know if you're praising yourself or me."

Chapter 355: Are You Ready to Begin?

It was rare to see Qin Yuan so serious. Long Xiaoyun was stunned for a moment.

Then, he slowly said, "It's mainly their own efforts."

"You didn't come just to ask this, did you?" Qin Yuan suddenly asked.

"The time for the special forces competition is getting closer and closer." Long Xiaoyun frowned slightly.

Qin Yuan smiled. "Why? Don't you have confidence in them?"

"Not really. I recently heard that Dragon Soul has become much stronger." Long Xiaoyun's eyes became sharp.

"Then we need to meet them." Qin Yuan's gaze instantly became sharp.

"Don't worry, Battle wolf has just been established. Other than the people in our military region, there shouldn't be many people in the other military regions who know about it." Qin Yuan continued.

Long Xiaoyun thought about Qin Yuan's words.

"Do you mean to give them a surprise attack?"

Qin Yuan nodded.

"That's right. They still don't know that the second special force of our Southeast Military Region has been established."

"For us, this is an opportunity. Although we don't know their tactics, the enemy is in the open while we are in the dark."

"We have more opportunities to understand them because they have been exposed to the various special forces. We can more or less get some information and wait for an opportunity to act."

“But they know nothing about us. They don’t even know about our existence. Or perhaps they would think that we were just a newly formed team and couldn’t pose any threat to them.”

“This is our chance.”

Qin Yuan said word by word, looking confident.

“Bring Battle wolf and the others back to learn psychological warfare from you.” Long Xiaoyun teased.

Qin Yuan’s analysis was right.

Although the opponents they faced might be much stronger than them, they still had a chance.

As the saying goes, the world is uncertain, and you and I are both dark horses.

In the following period of time, Qin Yuan and Long Xiaoyun trained Battle wolf in all aspects.

In addition to the physical training, camouflage reconnaissance, and other practical training, they trained in the driving and use of advanced weapons such as armored vehicles, tanks, and armed helicopters.

These days, almost no one slept more than four hours.

Only they themselves knew the pain and tiredness involved.

Although they had collapsed from exhaustion and complained, none of them had given up. Everyone had persevered.

The day’s training ended.

As usual, everyone gathered together after the training.

Everyone was already used to it and allowed the sweat on their heads to drip down.

Soon, Qin Yuan and Long Xiaoyun appeared in front of everyone.

“The special forces competition is in three days!” Qin Yuan looked at the sweating crowd and said with a firm gaze.

“This is the first time we’re officially appearing in front of the people from the various military regions. Are you ready?”

“I’m ready!” Everyone answered loudly.

“In this regional special forces competition, we have many opponents. They might be better than us.”

“The brave will win!” Everyone’s faces were filled with determination.

“Well said! We might not be the strongest, but we are definitely the ones who are least afraid of losing!”

“As a new special force, no one will say anything if we lose. After all, our qualifications are not as good as others.”

“But have you ever thought about what others will think of us if we win?”

“If we win, then others will officially recognize our Battle wolf, and our reputation will be greatly shaken! Then you guys are the rising power of the Southeast Military Region!”

Qin Yuan’s voice gradually became louder, and the morale of Battle wolf’s team continued to rise.

“No matter how strong others are, fate is in our own hands. In my heart, you are the strongest!” Qin Yuan kept encouraging her.

Qin Yuan was not bragging. Over the past few days, he had been watching everyone’s performance.

He knew very well that the current Battle wolf was different from the previous Battle wolf.

Although he wasn’t sure of the dragon soul’s strength, he was confident in the Battle wolf that he had brought up.

Now was the time to encourage them.

Long Xiaoyun said.

“Captain Qin and I have witnessed your performance during this period of time.”

“Whether or not your sweat has been in vain will depend on three days later.” “Will you let your efforts go to waste?”

“Since you’ve put in so much effort, why can’t you do the most outstanding

Long Xiaoyun said as she paced around the crowd.

“Use ten times the effort to make one outstanding!” It was unknown who shouted, but everyone else shouted.

“With ten times the effort.”

Long Xiaoyun waved her hand, signaling everyone to stop.

“I hope that you will not only be Battle wolf of the Southeast Military Region, but spread the name of Battle wolf throughout China!”

Long Xiaoyun’s words made everyone’s blood boil.

Each and every one of them shouted with bloodshot eyes, “Battle wolf, Battle wolf, invincible!”

At this moment, they were no longer Team 1 or Team 2, but Battle wolf!

Looking at the high morale of the crowd, Qin Yuan and Long Xiaoyun looked at each other and smiled.

“Rest well for the next two days. Don’t drop the ball when the time comes!” After Qin Yuan finished speaking, he turned around and left.

Looking at Long Xiaoyun who remained in the same place, the members of Team 2 tactfully stayed behind.

He did not disband with Team 1.

“I told you a long time ago that I hope you can surpass one team and surpass more people.”

“But what I want you to know is that no matter who you surpass, your greatest opponent is yourself.”

“Team 1 is the whetstone for your improvement. They are your teammates!

With them around, you are the complete Battle wolf.”

Long Xiaoyun’s meaning was obvious. She wanted everyone to cooperate with Team 1 to win the Special Forces Competition, not to think about the competition with Team 1 that she had mentioned earlier!

They were opponents, but even more so a team.

The members of Team 2 understood the meaning behind Long Xiaoyun’s words. In fact, they were very clear in their hearts.

They understood that they and Team 1 were a team, and they all had a common goal.

That was to become the champion of the All-Army Special Forces Competition.

This first place was not only the glory of Battle wolf, but the glory of the entire Southeast Military Region.

They would definitely go all out!

In addition, during this period of training, Team 1 was like a lamp illuminating them.

It was precisely because of the existence of Team 1 that Team 2 could find a clearer direction for their efforts.

Therefore, even without Long Xiaoyun’s reminder, they would still cooperate with Team 1.

“Understood!”

Team 2 shouted.

Long Xiaoyun didn’t say anything else.

Team 2 returned to their treehouses.

On the other side.

Qin Yuan was lying on his bed, as if he was thinking about something.

“Di di di-”

A hurried ringtone interrupted Qin Yuan’s thoughts.

Qin Yuan took out his phone from his pocket and placed it beside his ear without even looking at it.

“Hello?” Qin Yuan said casually.

“Your wings have hardened, right?” A familiar voice came from the other end of the phone.

“Grandpa!” Qin Yuan sat up.

“Grandpa, why are you calling me? What happened?” Qin Yuan asked in confusion.

“Can’t I call you for nothing? If you don’t let an old man like me hit you, can’t I?” Old Master Qin pretended to be angry.

Qin Yuan knew that his grandfather must have called him for something. “Grandpa, I know I was wrong. Just tell me directly. What happened?”

“Nothing much. I heard from Xiao Gao that the All-Army Special Forces Competition is in a few days. How are your preparations going?” Old Master Qin’s tone became more serious.

Qin Yuan knew what his grandfather wanted to say. As the old chief of the Southeast Military Region, his grandfather naturally hoped that the reputation of the Southeast Military Region could be further improved.

After all, in the past few years of the special forces competition, the results of the Wolf Fang special forces in the Southeast Military Region were not very good.

However, it was different now. They were now part of the Southeast Military Region.

Moreover, it was Qin Yuan who brought it himself. His grandfather’s mood was self-evident..

Chapter 356: The Eve of the Competition!

Qin Yuan knew that his grandfather wanted to see Battle wolf stand out in the special forces competition.

This was not only Qin Yuan’s matter, but also the honor of the Southeast Military Region.

“Grandpa, don’t worry.”

“I won’t embarrass you.”

Qin Yuan’s voice was calm and powerful. “That’s good. Have the documents been received?” “Not yet.”

“Should be reaching soon.” Old Master Qin said.

As the old commander of the Southeast Military Region, he was familiar with the process of the All-Army Special Forces Competition.

“Tonight at the latest.”

“Got it, Grandpa.”

“Then you go ahead. Grandpa won’t waste your time.”

“Grandpa, you can rest assured at home.” Qin Yuan promised.

Qin Yuan had just hung up when Gao Shiwei called.

“I’ve already sent you the documents regarding the All-Army Special Forces Competition.”

“The venue, rules, and so on are all written clearly on it.”

Gao Shiwei said slowly.

“I know. I’ll go take a look later.”

“Hmm, how are the preparations?” Gao Shiwei’s tone was full of concern.

To be honest, Gao Shiwei was a little nervous.

Although he had seen all kinds of storms over the years, for some reason, Gao Shiwei felt a little uneasy this time.

Perhaps it was because the Southeast Military Region hadn’t done very well in the All-Army Special Forces Competition for a long time, but now, the second special force of the Southeast Military Region had been established.

As the commander of the Southeastern Military Region, he naturally hoped that Battle wolf would give him a surprise.

However, as a new special forces unit, Battle wolf was participating in the All-Army Special Forces Competition for the first time. Naturally, they were not as good as the experienced special forces from other military regions.

However, Qin Yuan was Battle wolf’s chief instructor.

In addition, there was Long Xiaoyun’s assistance.

Gao Shiwei felt that perhaps Battle wolf could really give him a surprise.

“Don’t worry, Chief!” Qin Yuan said firmly.

Gao Shiwei’s laughter came from the other end of the phone. “Haha, I’m waiting to see you guys.”

After talking to Gao Shiwei, Qin Yuan went to the command room.

He looked at the document that had been uploaded to his computer. It was written with the words “All-Army Special Forces Competition.”

Qin Yuan slowly scrolled down, memorizing every line and word in his heart.

After about ten minutes, Qin Yuan turned off the computer.

He turned around and walked towards Long Xiaoyun’s treehouse.

Bang! Bang! Bang!

Qin Yuan politely knocked on the door of Long Xiaoyun’s treehouse.

After all, Long Xiaoyun was a woman.

“Come in.”

Long Xiaoyun did not need to ask to know that the person outside the door was Qin Yuan. After all, Qin Yuan was the only one who would come to her treehouse to look for her.

“What’s wrong?” Long Xiaoyun asked after seeing Qin Yuan enter.

“The documents are here.”

“What do you mean?”

Qin Yuan told Long Xiaoyun the main contents of the document in detail.

“It’s almost the same as before.” Long Xiaoyun said.

Long Xiaoyun, who had been the instructor of the Wolf Fang Special Forces, was no stranger to the content of the All-Army Special Forces Competition.

“Then you knew from the start that only fifteen people were needed to participate?”

Qin Yuan looked at Long Xiaoyun.

Long Xiaoyun nodded. “It’s the same every year. I was afraid that there would be changes this year, so I didn’t say anything.”

After all, the rules would not always be fixed. Before the matter was settled, no one could say what would happen.

“What’s wrong? Are we not going to participate in the competition if we only need fifteen people?” Long Xiaoyun asked.

Qin Yuan shook his head. “I’m just thinking about how to tell them.”

After all, everyone had been training like crazy for this competition.

But now, only fifteen people could participate. It was a big blow to the others.

Long Xiaoyun looked at Qin Yuan in shock. She suddenly felt that Qin Yuan seemed to have changed into a different person.

In her opinion, it was impossible for Qin Yuan not to understand this principle.

“Perhaps there have been too many things to do these days.” Long Xiaoyun thought to herself.

Therefore, she looked at Qin Yuan and said, “Are they training just for this competition?”

“If there wasn’t this competition, would they stop training?”

Long Xiaoyun’s voice was very soft, but it was like a heavy hammer that woke Qin Yuan up.

“You’re right. My mind was in a mess just now.” Qin Yuan patted his head.

This was the first time Long Xiaoyun had seen Qin Yuan like this.

"It's okay. You've been tired during this period of time." Long Xiaoyun's eyes showed a trace of concern.

"Then let's choose some people from both teams." Qin Yuan said.

"You have some candidates in mind?"

"I think you already have an answer in your heart." Qin Yuan said with a smile. The two of them smiled at each other and walked out of the treehouse.

Very quickly.

The whistle for the assembly sounded.

Everyone who was resting in the treehouse hurriedly ran out. "What happened? Why did they suddenly gather?" "Didn't you say that we should rest well for the next two days?" "I don't know. Let's see what the captain has to say." As everyone discussed, they quickly lined up.

Unlike usual, the team was strangely quiet at this moment.

Everyone was waiting for Qin Yuan to speak because of the curiosity in their hearts.

"I just received news that we can only send 15 people to the All-Army Special Forces Competition." Qin Yuan's expression was very serious.

Fifteen? As soon as Qin Yuan said this, everyone looked at each other. In other words, many of them had been training so hard for nothing..

Chapter 357: The Eve of the Competition!

For a moment, everyone's expressions became solemn.

Everyone was a hot-blooded man. Who didn't want to contribute to their own troops?

"Our training is not only for this special forces competition but for future combat."

Qin Yuan knew very well what they were thinking, but he had no choice. This was reality.

"This All-Army Special Forces Competition is the first step for our Battle wolf to enter the public eye. It is related to the honor of our Southeast Military Region. "

"I believe that each of you has the ability to do so, but opportunity and ability do not coexist. So now, you have two choices."

"First, we'll have internal competitions in the next two days. Those who rank in the top fifteen will participate in this competition."

"Second, you can choose fifteen people to represent Battle wolf and fight for our honor!"

Qin Yuan threw the choice to everyone. This way, nobody would be upset.

Everyone thought about Qin Yuan's words. They looked at each other as if they wanted to get an answer from each other's faces. After about a minute, the team became restless. "Captain, I choose the second option!" "I agree too. We'll pick fifteen people!"

"The second option!"

Unexpectedly, everyone chose the second option.

Qin Yuan and Long Xiaoyun originally thought that some people would choose the first option.

After all, it was very difficult for someone to easily give up their only chance to others.

To them, if they chose the first option, everyone still had a chance.

However, they chose the second option, which was equivalent to giving up their only chance.

Qin Yuan and Long Xiaoyun were a little touched. The two of them looked at Battle wolf and the others in unison.

"Captain, we know that all of us have put in a lot of effort for this special forces competition, but as you said, is our hard work just to participate in the special forces competition?"

"No, the purpose of training is for actual combat. Even if we can't participate in this competition, we will still work hard!"

"Furthermore, this is the first battle of our Battle wolf, and we all agree that if we send the strongest of our brothers, we will have a better chance!" someone said.

This was what everyone in Battle wolf was thinking.

Sometimes, in the face of collective interests, what was the point of sacrificing personal interests?

"Good job! Each and every one of you is a Battle wolf in my heart!" Qin Yuan said excitedly.

Qin Yuan had to admit that the words of Battle wolf and the others today had touched him.

After that, the fifteen people were quickly selected.

Geng Hu, Zheng Xiaohu, He Chenguang, Wang Yanbing, Li Erniu, Leng Feng, Fatty Zhang, Jiang Feng, Shi Sanba, and others were all on the list.

Basically, they were no different from the people chosen by Qin Yuan and Long Xiaoyun.

"The rest of you, stay in the base and train well according to my previous instructions!" Qin Yuan added.

"Yes, sir!"

After Qin Yuan gave a few simple instructions, he left with Long Xiaoyun.

Only Battle wolf and the others were left in the hall.

"Brothers, do your best!"

“That’s right, we’ll wait for you at home!” Battle wolf and the others said.

“Definitely! ”

“We won’t let you down!”

The few people who were chosen said with determination.

This opportunity was obtained by their brothers who sacrificed their own opportunities for them. Naturally, they would not let these brothers down!

Two days later.

Outside Battle wolf Base.

Geng Hu, Zheng Xiaohu, and the other 15 arrived outside the base early in the morning.

Qin Yuan and Long Xiaoyun were with them.

At this moment, Qin Yuan and Long Xiaoyun were already standing in front of everyone.

Qin Yuan looked at the people who were ready to go, his gaze very sharp.

“Today, we will be participating in the All-Army Special Forces Competition.

This is our first appearance as Battle wolf!”

“I told you before that your opponents in the All-Army Special Forces Competition are very strong! ”

“This competition will gather all the outstanding special forces from all the military regions, including the navy, air force, and armed police force!”

“All of you will be gathered together with these experts, and each of them will be your opponent! This is your chance to prove yourself, and the first shot to make Battle wolf famous!”

Qin Yuan’s voice was neither loud nor soft, just enough for everyone to hear.

“Before this, the Wolf Fang Special Forces represented our Southeast Military Region.”

“You all know about the Wolf Fang Special Forces, right? There were many people who had tried their best not to be selected for the Wolf Fang Special Forces. It was enough to show that the members of the Wolf Fang Special

Forces were extremely outstanding!”

Everyone nodded. They were still very clear about the strength of the Wolf Fang Special Forces.

“But such an excellent special force is not even considered average in the special forces competition!”

“This is the mental illness of our Southeast Military Region in recent years!” Everyone was a little lost in thought.

Wolf Fang was the only special force in the Southeast Military Region these years. Their strength was obvious to all.

However, such a unit would not even be considered average in the All-Army Special Forces Competition.

Then how powerful would the other troops be!?

Seeing everyone’s dumbfounded expressions, Qin Yuan continued.

“Therefore, the opponent you are facing is very strong!”

“However, each of you was brought up by me, Qin Yuan. I don’t think you’re any worse than them!”

“Are you confident?”

Qin Yuan’s voice gradually became louder.

“Yes!” Everyone shouted in unison.

Their eyes were filled with determination.

Soon, a military transport plane landed on the empty ground outside the Battle Wolf base.

This was prepared by Bureau Chief Gao Shiwei in advance. After speaking to Qin Yuan that day, he instructed his men to arrange everything.

The main reason was that the special forces competition was held in the Northwest Military Region.

It would take a lot of time if they took a helicopter.

Everyone did not delay and boarded the transport plane.

Soon, the military transport plane took off from the empty space outside the Battle Wolf Base and flew to the Northwest Military Region.

In the cabin.

“This time, the location is set at the Northwest Military Region. The environment there is very harsh, so your battle will be even more difficult.”Qin

Yuan reminded.

“Captain, it’s not that scary, right? Besides, aren’t the others in the same environment as us?”Geng Hu said with a smile.

Qin Yuan glared at Geng Hu.” Then can you compare to the people who stay in the Northwest Military Region all year round?”

Geng Hu realized that he had said something wrong and turned his head away dejectedly.

"I hope that you will not underestimate any of the factors. You will not only have to face the outstanding special forces of the various military regions but various other factors, such as the weather and unexpected situations."

"Just like how you shoot, wind speed, humidity, and so on will affect you. In the various events of the competition, there will be various factors that will affect you. You have to overcome all difficulties and complete the competition, understand?"

Qin Yuan seriously told everyone what to take note of. He did not want anyone to lose the big picture because of the small gains.

"Understood!"

"Captain, what are the rules of this competition?" He Chenguang asked.

He Chenguang's words reminded Qin Yuan.

Qin Yuan looked at Long Xiaoyun, "Captain Long, tell everyone the rules of the competition."

Long Xiaoyun nodded and looked at the crowd.

"The so-called All-Army Special Forces Competition naturally tests the strength of the special forces in all aspects."

"Therefore, the competition is divided into three segments."

"The first segment is mainly to test your individual adaptability and combat ability."

"At that time, you will be divided into groups of three and assigned to different places. On the way, you will need to defeat other opponents. In the end, the winner will be determined by the number of kills in each group." "The second segment is mainly to test your teamwork."

"When the time comes, the director department will announce the rules and requirements."

"The third segment is your favorite."

Long Xiaoyun deliberately dragged out her voice.

Everyone looked at Long Xiaoyun in confusion.

Our favorite?

Everyone couldn't figure out what Long Xiaoyun was talking about. After all, if they were to say what they liked the most, it would be that they didn't need to train.

Of course, they only thought about it in their hearts and would never say it out loud.

Long Xiaoyun didn't say anything for a long time, which made everyone even more curious.

What was the third segment?

Chapter 358: Battle Wolf? Never Heard of It

Long Xiaoyun's face was calm, which was a stark contrast to the curious faces of the others.

Her eyes were fixed on Battle wolf and the others, but no one could guess what the third segment Long Xiaoyun was talking about was.

Everyone's desire to know became even stronger.

"Captain Long, what is the third segment?" "Yeah, Captain, don't keep us in suspense."

"Hurry up and say it, Captain."

All of them looked at Long Xiaoyun impatiently.

"The third segment is confrontation training."

Long Xiaoyun said unhurriedly.

Confrontation training?

"It's similar to the usual military exercises between our troops. The participating teams have to do everything they can to eliminate the enemy."

"The difference is that once the captain of each team is eliminated, the entire team will announce their withdrawal."

"As for the rest, the director will tell you when we get there."

After listening to Long Xiaoyun's words, everyone basically grasped the flow of the competition.

As for the specific rules of each segment, no one asked further.

After all, Long Xiaoyun had said that the director's department would tell them the details when they arrived.

It was useless for them to be anxious now. All they could do now was wait for them to arrive at the designated location.

The plane continued to fly forward, and the sky outside gradually darkened.

In the evening, the military transport plane finally landed at a border defense base in the Northwest Military Region.

As soon as they got off the plane, the biting cold wind hit them head-on.

What greeted everyone's eyes was a vast expanse of whiteness, with no end in sight.

Everyone realized that Qin Yuan was right.

This environment was too harsh!

The temperature here was at least 20 degrees lower than in the Dark Forest!

The Dark Forest was 10 to 20 degrees Celsius all year round, which meant that the temperature here was below zero.

It was cold! It was bone-piercing cold!

Everyone could not help but shiver.

“I told you not to underestimate this place.” Qin Yuan noticed everyone’s small movements and said.

“This is a high-altitude area. The temperature is low all year round. The lowest temperature can reach -40 0 C. Naturally, it’s mostly snowy.”

Actually, even if Qin Yuan did not say this, everyone had already felt it.

The demonic wind whistled past everyone’s ears. Snow continued to drift in the air, showing no signs of stopping.

Moreover, as night fell, the temperature was even lower than when they had just gotten off the plane.

Even Qin Yuan, who had a physique that was seven times higher than ordinary people, felt a chill.

Soon, Qin Yuan led everyone to search for the area that was designated for their battle wolves.

There were many people here. Other than the participants, there were the

leaders of the various military regions, the people from the director’s department, and the staff in charge of technical tracking. There were a total of 700 people.

In addition, the border troops were not very large, so the participants could only camp outside according to the divided areas.

Fortunately, the director’s department had chosen a place to camp on the leeward side. This way, even if the wind was strong, it would not flip the tent over.

Just as Qin Yuan led everyone to find a place to set up their tents, the special forces from the various military regions arrived one after another. The border troops, who were usually very quiet, became unusually lively.

After everything was done, it was time to eat.

The food was prepared by the border guards and the director’s department, so he did not have to worry about it.

Qin Yuan and the others gathered in the tent to eat dinner.

It had to be said that their food in the Dark Forest was much better.

Mantou, potatoes, braised pork, and seaweed soup.

This mouthful of hot soup instantly warmed their frozen bodies.

“This feels so good.” Geng Hu sighed as he chewed on the steamed bun.

Qin Yuan glanced at him.”

Everyone laughed.

“Alright, hurry up and finish eating.” Qin Yuan’s gaze turned to the people who were laughing.

Everyone immediately stopped smiling and buried their heads in their bowls.

After dinner, Qin Yuan and Long Xiaoyun walked out together.

At this moment, the snow had stopped.

The two of them kept walking forward, enjoying the scenery of the Northwest Military Region’s plateau.

“How do you plan to group them?” Long Xiaoyun spoke first.

“I want to hear your thoughts.” Qin Yuan turned to look at Long Xiaoyun.

Qin Yuan’s sudden gaze made Long Xiaoyun a little at a loss.

She turned her head to look at the other side. “The Northwest is really different from us.”

“That’s right. Those who can stay here all year round are not ordinary people.” Qin Yuan followed Long Xiaoyun’s words.

“Let’s not talk about this. Let’s think about how to group up.” Long Xiaoyun returned to the main topic.

“For the first round, if we have three people in a group, my idea is for Team 1 and Team 2 to mix together.” Qin Yuan said.

Long Xiaoyun nodded. “I think so too.”

“Usually, we let them be opponents. This time, let them work together.” Qin Yuan said with a smile.

“That’s not right. If we want to win this time, they have to cooperate.” “Otherwise, how are we going to pass the next two segments?”

Long Xiaoyun said seriously.

“Yes, all we can do now is to divide them into groups. The rest is up to them.” After the two of them reached a consensus, they decided on the group list.

Suddenly.

“Hey, isn’t this Instructor Long?”

An ear-piercing voice came from behind the two of them.

Before Long Xiaoyun could turn around, that person had already walked in front of Qin Yuan and Long Xiaoyun..

Chapter 359: Battle Wolf? Never Heard of It

The man stared at Long Xiaoyun with disdain in his eyes.

A look of disdain appeared on his face.

Long Xiaoyun's expression remained unchanged in the face of the opponent's provocation.

He said coldly, "What's the matter?"

"Don't give me that look!" That person seemed to be angered by Long Xiaoyun's indifference and suddenly shouted loudly.

Qin Yuan, who was confused, glanced at the armband on the man's shoulder. It was a falcon.

The Falcon Special Forces of the Guangnan Military Region?

Qin Yuan's gaze stopped on that person as if he wanted to see through that person.

"Long Xiaoyun, no matter how arrogant you are, your Wolf Fang still lost to us." That person mocked.

"What's wrong? This year, you brought your Wolf Fang and the others to look for abuse?" Before Long Xiaoyun could say anything, that person chattered on.

"Watch your mouth." Long Xiaoyun glared at that person.

"I hope you remember that you beat Wolf Fang, but you didn't beat me." Long Xiaoyun said word by word. Especially when she said the last sentence, Long Xiaoyun emphasized.

'You!'

Seeing that he did not gain the upper hand against Long Xiaoyun, the person turned his gaze to Qin Yuan.

'Where's Fan Tianlei?'

"Why did you have a new pretty boy partner this year?"

That person's tone was full of provocation.

"Staff Officer Fan is downstairs." Qin Yuan smiled as he pointed in the direction where everyone was stationed in the distance.

"Also, if you want to find Wolf Fang, you should go down there, not here." What did he mean? That person did not understand what Qin Yuan meant.

"What do you mean?"

"I don't want to talk to someone who doesn't even know who his opponent is." Qin Yuan said coldly.

"We are here to represent Battle wolf, not Wolf Fang." Long Xiaoyun explained.

To be honest, she didn't want to talk to this person in front of her, but she didn't want to continue pestering him.

"Battle wolf? Never heard of it."

"When did Battle wolf appear? Nobody even knows who they are." After hearing Long Xiaoyun's words, the man became even more arrogant.

"It's fine if you don't know. When the competition is over, you will know even if you don't know." Qin Yuan said firmly.

"Is that so? I'm just afraid that your so-called Battle wolf will be the first to be eliminated." That person continued to mock.

"Then you don't have to worry about it." Qin Yuan said coldly and left with Long Xiaoyun.

He really didn't want to be entangled with this person because he couldn't get along with this kind of person.

After the two of them walked some distance away, Qin Yuan seemed to have thought of something and immediately let go of Long Xiaoyun's hand.

"I'm sorry, I was just..."

"No need to explain. I know." Long Xiaoyun interrupted Qin Yuan and continued.

"That man is called Zhang Fei. He's from the Falcon Special Forces of the Guangnan Military Region."

"When I was in Wolf Fang, we lost to them. But when I fought with him later, he lost to me."

"He felt that losing to me was very embarrassing, so he kept saying that Wolf Fang lost to them."

Long Xiaoyun explained the ins and outs of the matter to Qin Yuan.

Qin Yuan nodded.

"Don't worry, after this competition, I'll make sure he doesn't even dare to look at you." Qin Yuan's voice was sonorous and powerful.

Long Xiaoyun was stunned for a moment, and her heart throbbed inexplicably.

She wanted to say something, but she didn't know what to say. In the end, she only said softly, "Alright."

At this moment, snow suddenly began to fall from the sky.

Seeing that the snow was getting heavier, the two of them hurriedly walked in the direction of the tent.

In the tent, everyone was chatting.

When they first arrived at this place, they did not go out and wander around. After all, Qin Yuan had said that the geographical environment and weather here were very bad.

While everyone was chatting happily, Qin Yuan and Long Xiaoyun pushed open the curtain of the tent.

“Captain, you’re back!”

Everyone saw the two of them and shouted.

“What are you guys talking about?” Qin Yuan patted the snow off his body as he looked at everyone.

“Nothing much. We were just waiting for you and Captain Long to come back.”

Qin Yuan smiled and sat beside everyone with Long Xiaoyun.

“Let me briefly talk about tomorrow’s match.”

“Tomorrow should be the first segment. As I’ve already told you, the first segment is a group of three.”

“In the first segment, the main test is your individual combat ability and the ability to work together in a small team. Each of you has your own strengths, so I hope that those who are assigned to a group can make up for your shortcomings and use your strengths to make up for the shortcomings of your teammates.”

Everyone nodded.

“Captain Long and I have already divided you guys.”

“Geng Hu, Wang Yanbing, Leng Feng!”

As soon as Qin Yuan finished speaking, everyone’s surprised expressions were about to overflow from their faces.

Geng Hu and Wang Yanbing were in the same group? Was there a mistake?

Everyone widened their eyes in disbelief.

After all, Geng Hu and Zheng Xiaohu could be said to be a pair of enemies.

Anyone would find it ridiculous that these two people were working together to complete the mission.

“Everyone knows that Geng Hu is the strongest in Battle wolf, and Wang

Yanbing isn’t bad either. However, Wang Yanbing is easily impulsive, but with Geng Hu around, do you think Wang Yanbing would dare to be?” Qin Yuan explained with a smile.

Qin Yuan knew very well about the feud between Geng Hu and Wang Yanbing.

Wang Yanbing lowered his head silently. Even if he was unwilling, he didn’t have the guts to say it.

“Geng Hu, so be it. This time, we’re not his match. Is he going to torture me?” Wang Yanbing thought to herself.

“But Geng Hu is brainless. In other words, he was a boor.” Qin Yuan changed the topic and looked at Geng Hu.

Geng Hu scratched his head in embarrassment. The captain was right, he was a carefree person.

“Therefore, I arranged for Leng Feng to go with them. Leng Feng is meticulous and steady in his work. He is very suitable for their three-person team.” Qin Yuan explained.

Everyone was enlightened and understood Qin Yuan’s agreement.

“Alright, I won’t explain the rest of the groups one by one. If you have any objections, please raise them!”

“Zheng Xiaohu, He Chenguang, and Li Erniu form a group!”

“Fatty Zhang, Jiang Feng, and Shi Sanba form a group!”

Qin Yuan read the group list one by one.

“Oh right, the first person to be called is the team leader of each group.” Qin Yuan added.

“Does anyone have any objections?” Qin Yuan asked.

Everyone shook their heads.

“Since there isn’t, everyone should rest well tonight. The competition will start tomorrow morning.”

‘Yes, sir!’

No one slept soundly that night.

After all, this was their first time representing the Southeast Military Region in battle, and their first time competing with other special forces.

They didn’t know what the strength of the opponent waiting for them was.

However, they knew that they would definitely do their best.

With the anxiety in their hearts, everyone slowly fell asleep.

The next morning.

After a simple breakfast, the special forces gathered in the designated areas.

All five hundred special forces soldiers stood on the snowvvy ground in unison, their eyes fixed on the front.

Opposite them were the leaders of the headquarters, the production department, and the various military regions.

The captains of the special forces stood behind these leaders.

The scene was spectacular and solemn.

Soon, a man in a military uniform walked up to the microphone.

From the epaulets on his shoulders, one could tell that he was a general.

He had a smile on his face, but his eyes were unusually deep.

“Comrades, from the moment you stepped into this place, it means that you are the best special forces soldiers in the entire army! Although you come from different military regions and different types of troops, you all have a common goal, which is to win glory for your troops!”

“Today, everyone has come to the northwest border for this battle of honor! Although the geographical environment is very dangerous and the weather is very bad, I believe that you will not retreat! Because you are the best special forces soldiers!”

“Are you guys confident?”

“We are confident!” The five hundred special forces soldiers shouted in unison.

At this moment, it was as if they were the rulers of the border..

Chapter 360: The Competition Begins!

The general looked at all the special forces soldiers in the audience with a gratified expression.

“I hereby announce that the All-Army Special Forces Competition begins now!”

With the general’s order, the All-Army Special Forces Competition officially kicked off!

Then, a colonel walked up to the microphone.

“Everyone will draw lots according to the designated area. Three people will form a group and then head to the competition circle at different starting points.”

“According to the rules, everyone will be in a big circle. Your goal is to continuously kill the enemy and ensure that you survive until the end!”

“As time passes and members are eliminated, the area you are in will continue to shrink. The watch on your hand will give you a hint, and your kill count will be recorded through the watch.”

“Finally, the winner will be determined according to the number of kills and the survival time.”

“In addition, in order to test the combat ability of the soldiers, we will record the number of kills as 80% of the total score, and the survival time as 20%.”

“I know that everyone’s disguising and combat abilities are very strong, but in actual combat, victory is never won by hiding. What we need is a warrior who can fight against a hundred alone, not a pretender who hides at the end.”

“So, warriors, charge bravely!”

As soon as the colonel finished speaking, everyone understood why the conducting department had sent the watch overnight before they went to bed last night.

So it was for this!

In other words, if they wanted to get good results, they could only fight, or even take the initiative to find someone to fight.

The premise was that one could defeat the other.

If one couldn’t win, then he could only wait to be eliminated.

After all, the number of kills accounted for 80% of the total score.

Even if they could hide until the end, they would only achieve 20% of the total score. They would still not be able to obtain good results.

Therefore, the first segment might seem simple, but it actually had a very high requirement for one’s strength.

After understanding the rules, everyone walked to the designated area to draw lots.

Even the members of a team would have their own positions.

In other words, other than the three people in the same group, you had no idea where your teammates and opponents would be sent to.

After the first group was drawn, they were immediately taken away by helicopter.

Then, the next group was taken away by helicopter.

The cycle repeated.

After everyone left, the leaders of the various military regions, the conducting department, and the captains of the special forces came to the command room.

The command room was huge, with screens covering all four sides.

This was specially built by the border defense forces for this special forces competition.

It was truly a real-time monitoring of all aspects, ensuring the fairness of the competition and providing protection for the safety of the soldiers.

On the huge screen, the surveillance footage of each team was played.

On the screen, the whereabouts of different special forces teams were displayed at a glance.

There were more than 20 special forces, and each special force had five teams.

A special forces unit had five screens, and the captains were all staring at the screens of their own unit.

Everyone was still on their way to the competition circle, and the leaders of the various military regions were chatting.

“Old Gao, I heard that your military region sent two special forces this time.” The person who spoke was the Chief of Guangnan Military Region, Wang Honghui.

“You’re quite well-informed.”

Gao Shiwei did not hide anything.

“This time, we sent Wolf Fang and Battle wolf.”

Battle wolf?

Hearing the conversation between the two, the leaders of the other military regions were attracted.

They had heard the news that the Southeast Military Region had established a second special forces unit.

However, they did not expect Gao Shiwei to send Battle wolf to participate in the special forces competition.

After all, Battle wolf hadn’t been established for long.

The other participants were all veteran special forces.

Even Wolf Fang, the veteran special forces of the Southeast Military Region, had not achieved good results in the special forces competition.

Now that they had sent out a newly formed army, everyone was naturally a little surprised.

However, the leaders did not say anything else. In their opinion, this was a good thing for them.

On the other side.

Qin Yuan and Long Xiaoyun were staring at the scene of Battle wolf and the others.

“Are you guys waiting to see when you’ll be eliminated?” A voice suddenly sounded from the side.

Qin Yuan and the other two turned their heads to look. It was Zhang Fei, who had provoked Long Xiaoyun last night.

“If you’re so free, go and apply to the conducting department to fight with your team members.” Long Xiaoyun said with a cold face, not giving that person a good look at all.

“I want to see how long you can be arrogant.”

“I’ll wait here to see how you’ll be the first to be eliminated.”

Zhang Fei said.

“I’ll accompany you to the end.” Long Xiaoyun turned her head to look at the surveillance screen after saying those words.

Zhang Fei took advantage of the situation and stayed beside the two of them. He was waiting here to slap Long Xiaoyun’s face.

Very quickly.

The surveillance showed that everyone had already entered the ring.

“Let the competition begin!”

Everyone’s earphones rang at the start of the match.

The surveillance screen in the command room began to move.

The hidden cameras captured everyone clearly.

Qin Yuan quickly saw Geng Hu and the others on the surveillance camera.

From the surveillance footage, Geng Hu and the other two were at the edge of the competition area.

At the same time.

“We seem to be at the edge of the competition area.” Wang Yanbing said..
