

Special Troop 361

Chapter 361: The Competition Begins!

“Aren’t you stating the obvious? Isn’t it displayed on the watch?” Geng Hu rolled his eyes.

“Stop, stop! You two should stop bickering at this time.” Leng Feng interrupted their argument.

“We should be careful.” Leng Feng continued.

“We are currently at the edge of the competition zone. There is no guarantee that other teams will land next to us. We don’t know the strength of the other side, so it’s better to be careful.”

The two of them nodded. After all, before they came, the captain had said that although Geng Hu was the team leader, he must listen to Leng Feng’s opinions on everything.

Geng Hu wasn’t an unreasonable person, so he quickly became serious after Leng Feng’s reminder.

The three of them carefully walked forward, bit by bit towards the center of the competition area.

Not long after the three of them walked out, Leng Feng stopped.

“What’s wrong?” Geng Hu looked at Leng Feng in confusion.

Wang Yanbing’s face was filled with confusion.

“It seems like someone is coming.” Leng Feng’s face was solemn.

Before the three of them could confirm the situation, a mocking voice came from behind them.

“Yo, which unit are they from?”

Geng Hu and the other two turned around and saw the epaulets on the shoulders of the three people opposite them.

One captain and two lieutenants were wearing the totem of a falcon.

It was obvious that the three people in front of him were from the Falcon Special Forces.

On the plane, the captain said that the Falcon Special Forces were the special forces of the Guangnan Military Region, and their strength was above Wolf Fang.

However, Geng Hu and the other two didn’t show any signs of fear. Because, they weren’t Wolf Fang, they were Battle wolf!

Seeing that Geng Hu and the other two did not speak, the captain spoke again.

“We’ve never seen your epaulets before. Could it be that you’re a random army?”

The other two burst into laughter.

In fact, the three members of the Falcon Special Forces knew that Geng Hu and the other two were from the Wolf Fang Special Forces.

These three people were Zhang Fei's subordinates.

Last night, their captain told them about the existence of the Battle wolf Special Forces and gave them a death order to beat them down.

Therefore, the moment they met Geng Hu and the other two, they remembered what their captain had said.

After all, it was not illegal to mock him.

"Why are you guys talking so much nonsense? They were all men. Don't play tricks. Just do it directly." Geng Hu said loudly.

"Remember, we are from Wolf Fang."

For a moment, the atmosphere became tense.

In front of the screen, Qin Yuan and Long Xiaoyun were watching all of this.

"Haha, looks like your group is going to be eliminated." Zhang Fei mocked.

Last night, after he met Qin Yuan and the other two, he went back and told his subordinates to beat up Battle wolf members like they were from Wolf Fang. No one was allowed to show mercy.

Just as Zhang Fei was mocking them, the people on the screen started moving.

Geng Hu was the first to rush out and directly punch the face of the captain who was the most arrogant.

Geng Hu's punch was so fast that the captain did not even have time to react and took Geng Hu's punch head-on.

The captain covered his face. "Sneak attacks are for cowards!"

"Do I have to tell you before I hit you?" Geng Hu smiled.

The captain took advantage of the gap between Geng Hu's words and swept a kick at Geng Hu.

Geng Hu reacted quickly and dodged the kick. "You look like a big idiot. I didn't expect you to have such skills."

Geng Hu gave Wang Yanbing and Leng Feng a look.

"Let's end this quickly." These four simple words made Geng Hu's intention very clear.

This was what Wang Yanbing and Leng Feng were thinking.

The three of them didn't want to be entangled with these three people who mocked their opponents.

From the exchange just now, Geng Hu was very sure that the captain's strength was below his.

As for the other two, he would know after trying.

“Cut the crap. Just attack.” Geng Hu said to the three of them. After saying that, the few of them quickly entangled themselves.

Except for Geng Hu.

The three of them unanimously felt that with the standards of the three opponents, Leng Feng and Wang Yanbing were more than enough to deal with them.

In front of the screen, Zhang Fei’s expression turned ugly.

“What do you mean? Two against three? Who are you looking down on?”

“Captain Zhang, if the three of you fight against the two of us, wouldn’t it be as you wished to eliminate our group earlier?” Long Xiaoyun smiled.

You! Alright, I want to see how you two against three are going to be beaten to a pulp by us!” Zhang Fei said fiercely.

Wang Yanbing retreated and in the next second, she rushed towards the shorter first lieutenant opposite her.

When she was less than a meter away from the first lieutenant, Wang Yanbing swept her leg and kicked the first lieutenant in the face.

The speed was so fast that their eyes lit up.

However, the first lieutenant still reacted and retreated, dodging Wang Yanbing’s kick.

“The speed is good, but not enough! If you want to beat me, you still have to practice!” The first lieutenant mocked.

“It’s my turn. Be careful. Don’t say that I didn’t tell you!”

As the first lieutenant spoke, he quickly threw a punch at Wang Yanbing.

He was even faster than Wang Yanbing!

Seeing this scene, the ridicule on Zhang Fei’s face was almost overflowing.

“Is this all you have? You’re still too inexperienced.”

Qin Yuan and the other two ignored them and continued to stare at the surveillance footage in front of them.

Just as the fist was about to hit Wang Yanbing’s face, she tilted her head and dodged the punch.

The next second, Wang Yanbing grabbed the first lieutenant’s fist.

He exerted strength in his hand, causing the first lieutenant to retreat.

Wang Yanbing did not give him a chance to catch his breath. She rushed over and kicked the first lieutenant to the ground. The lieutenant fell heavily to the ground, his face pale.

At this moment, Zhang Fei’s expression became ugly.

"I don't have much ability. I only have this little ability to defeat your beloved general." Qin Yuan said with a smile.

"Hehe, there are still two more people." Zhang Fei said stubbornly. Leng Feng was surrounded by the remaining First Lieutenant and Captain.

"Kid, you want to fight two people at once?"

Leng Feng did not seem to hear the captain's mockery.

In the next second, the captain threw a punch at Leng Feng, while the other first lieutenant swept his leg from the other side.

The two of them were very fast, much faster than the first lieutenant from before.

Moreover, his strength was clearly much greater than that of the first lieutenant.

Under the pincer attack of the two, there was nowhere to hide. He could only counterattack or defend.

Leng Feng smiled lightly. "Too slow."

Leng Feng turned his body and charged forward.

His speed was even faster than the two people in front of him. The two people did not expect Leng Feng to still have the strength to retaliate under such circumstances.

Before the two people's moves landed on Leng Feng, Leng Feng's fist had already struck.

Leng Feng's fist landed on the lieutenant's abdomen, and the lieutenant retreated in pain, clutching his stomach.

At the same time, Leng Feng kicked the right leg of another lieutenant.

In the next second, Leng Feng attacked again.

This time, Leng Feng increased the strength of his hands and the speed of his legs.

Bang! Bang! Bang!

Bang! Bang! Bang!

A dull sound rang out.

Almost at the same time, the two of them flew in different directions and fell heavily to the ground.

In front of the screen, Zhang Fei's face turned pale.

How was this possible?

How could they have such powerful strength?

Zhang Fei could not believe his eyes.

However, it was very clear on the screen that his three strongest soldiers had been beaten down.

Moreover, he was a member of the new team that he had mocked in various ways. What was this?

At this moment, Zhang Fei's expression was already extremely ugly.

"I'm sorry, Captain Zhang. Looks like you Falcons aren't that strong after all?" Long Xiaoyun said with a smile.

"You!" Zhang Fei's voice was trembling.

But soon, he calmed himself down as much as possible.

"After beating this group, it's not like we're the entire team. Don't be happy too early." Zhang Fei quickly regained his composure and retorted.

"Yes, this is just an accident. There are other groups." Zhang Fei comforted himself in his heart.

After all, he didn't want to lose to Long Xiaoyun.

He did not want his Falcon Special Forces to lose to a team that had not been established for long.

That would be too embarrassing!

Chapter 362: Scratching an Itch for Yours Truly?

The three people who were knocked to the ground did not get up from the cold snow for a long time.

Because they realized that they couldn't move at all.

It was heart-wrenching pain!

They did not expect that the three people they looked down on in front of them were so skilled.

Especially the man behind them. He beat them up one-on-two.

Didn't they say that they were a newly established special forces unit? How could this be?

With such strength, it was hard to believe that they were a new team.

At this moment.

Wang Yanbing and Leng Feng's watch screens lit up, showing their kill count.

The two of them shook the watches on their hands at the three people who were paralyzed on the ground. "You're eliminated."

Geng Hu walked up to Wang Yanbing and Leng Feng.

"Good job! "

Geng Hu stood by the side and did not make a move, and Wang Yanbing and the other two did not disappoint him.

Especially Leng Feng.

After watching Leng Feng and the other two exchange blows, Geng Hu had some doubts. Was he still the strongest in Battle wolf?

Qin Yuan and Long Xiaoyun were a little surprised.

"I didn't expect Captain Long to be so good at nurturing talents." Qin Yuan joked.

"Don't be so garrulous. However, this brat Leng Feng is indeed not bad." Long Xiaoyun said seriously.

"You're improving very quickly." Qin Yuan said in a deep voice.

'Geng Hu didn't make a move.'

Qin Yuan was a little surprised. He had thought that according to Geng Hu's personality, he would teach these three people a lesson himself.

But Geng Hu did not.

"I wonder what this kid is up to." Qin Yuan thought to himself.

Over here.

Just as Geng Hu and the other two were about to leave...

"Wei Siyuan!" A voice came from behind.

Then, they rushed to the captain who was sitting on the ground.

Shan!"

The captain was delighted when he saw who it was.

"You came at the right time!"

At this moment, Wei Siyuan slowly got up from the ground and managed to stand up.

Looking at the scene before them, the three people who arrived later could vaguely guess what had happened before they arrived.

Wei Siyuan and the other two had never fought before?

The three people who arrived later did not dare to continue thinking.

After all, Wei Siyuan and the other two were the strongest members of the Falcon Special Forces.

Geng Hu and the other two saw the epaulets of these three uninvited guests. They were falcons.

In other words, they had come to life again.

"Are you leaving, or do you want to be like them?" Geng Hu said directly. Wu Shan, who was the leader, smiled. "He's quite big, and he's quite arrogant!" In the next second, Wu Shan got into a battle stance.

Although Wei Siyuan and the other two had lost, it did not mean that they would lose as well.

"Their strength is above Wolf Fang." Wei Siyuan reminded.

After all, the three of them had already suffered once.

They had underestimated Geng Hu and the other two, thinking that they would end up like Wolf Fang's people.

"I know." Wu Shan nodded.

"Yo, why is it so lively?" Another voice came from behind.

Soon, three special forces soldiers wearing the Tiger Special Forces armbands of the Northeast Military Region appeared in front of them.

"Li Hao!" Wei Siyuan saw the person clearly and immediately called out the name of the person in the lead.

The leader smiled and said to Wei Siyuan, "When did you become so unkempt?

They couldn't even defeat a new army that came out of nowhere?"

"Remember, we are Battle wolf." Geng Hu didn't wait for Wei Siyuan to speak as he spoke to that person with an angry expression.

"Battle wolf? I only know about Wolf Fang, but I've never heard of Battle wolf. "Li Hao looked at Geng Hu with disdain.

"You'll know soon enough." Geng Hu snorted coldly.

Li Hao looked at Wei Siyuan." I've always remembered the time you helped me.

Today, I'll treat it as a brother returning the favor.'"

Wei Siyuan knew what Li Hao meant. Li Hao wanted to avenge him.

After all, the three of them were the strongest members of the Falcon Special Forces, but they had already been eliminated.

Although Wu Shan and the other two were very strong, they were all below him.

Therefore, it would be difficult for them to win against Battle wolf and the other two.

However, Li Hao and the others were different. They came from the Northeast Military Region's Ferocious Tiger Special Forces, which was a strong team.

Moreover, Li Hao and the other two were the cream of the crop in their military region.

Wei Siyuan believed that with Li Hao around, Geng Hu and the other two would definitely be defeated.

"Alright, then I'll thank you in advance." Wei Siyuan nodded. "It's fine. After this, we're even." Li Hao said with a smile.

"Good!"

"Cut the crap, the six of you attack together!" Geng Hu said impatiently.

"Together? Do you take yourself seriously?"

The others couldn't help but sneer.

In their eyes, Geng Hu was simply overestimating his abilities.

They were all outstanding fighters.

It was not a smart choice to fight against many with fewer people.

Everyone looked at each other and smiled. "Then I'll satisfy you. Don't say that we bullied you when you lose!"

"Come on, you three ignorant brats!"

Li Hao looked coldly at Geng Hu and the other two.

In front of the screen, Gao Shiwei, the commander of the Southeast Military Region, and the commanders of the Northeast Military Region and Guangnan Military Region noticed Geng Hu.

"Why is this place so lively?" Gao Shiwei laughed.

"Commander Hui, there are three members of Battle wolf from your military region, three members of the Ferocious Tiger Special Forces from the Northeast Military Region, and six members of the Falcon Special Forces from the Guangnan Military Region." the technician in charge of tracking said..

Chapter 363: Scratching an Itch for Yours Truly?

"Old Gao, this is interesting." The commander of the Northeast Military Region smiled.

"You can't say that our two families are working together to bully you." The chief of Guangnan Military Region said.

Gao Shiwei smiled. "Let's take a look first."

Although the Ferocious Tiger Special Forces and the Falcon Special Forces were both strong teams, Gao Shiwei believed that Qin Yuan would not disappoint him, so his subordinates would not be too bad.

Moreover, with Ferocious Tiger and Falcon working together, even if Geng Hu and the others lost, it wouldn't be embarrassing.

Therefore, Gao Shiwei maintained his smile.

In any case, victory or defeat was not something he could decide. All he could do was wait, wait with his trust in Qin Yuan.

At this moment, Qin Yuan was staring at the screen.

"Be careful of that kid. Just now, the two of us couldn't even withstand one of his attacks!" Wei Siyuan pointed at Leng Feng. Geng Hu smiled. "Don't worry, he won't be playing."

Not going on stage?

What did he mean?

The moment Geng Hu's words came out, everyone was somewhat puzzled.

"What do you mean?!" Li Hao was confused. "I mean, I alone can fight the six of you."

Is he crazy?

The others subconsciously felt that Geng Hu was crazy.

One against six, what a joke.

Even the commanders of the other military regions in front of the screen laughed awkwardly.

"Old Gao, let's not talk about anything else. This soldier under you is very brave." The Northeast Military Region's chief said.

"Your courage is commendable, your courage is commendable!" The chief of the Guangnan Military Region followed the chief of the Northeast Military Region.

In the eyes of the two chiefs, it was impossible for one person to fight against six people.

After all, the opponents were all the best in their troops.

If they were to join forces, even the Northwest Military Region would have to give in!

Geng Hu was too lazy to explain to them and directly gestured for Wang Yanbing and Leng Feng to step aside.

"Can you?" Wang Yanbing asked.

"Have you forgotten how I beat you up?" Geng Hu smiled.

However, it was Geng Hu's words that made Wang Yanbing's originally somewhat anxious heart completely relax.

Recalling how Geng Hu had beaten up their entire team by himself, Wang Yanbing and Leng Feng did not say anything else.

In the next second, Geng Hu walked to the front alone.

Li Hao and Wu Shan, who were the leaders, stood on the opposite side of Geng

"Let's do it. Let's end this as soon as possible and find the next group of people. We'll try to get more click-kill points!" Li Hao said to Wu Shan and the others.

"Good!"

The others said in unison.

Then, everyone looked at Geng Hu. "Kid, I advise you to let your teammates fight with you. Otherwise, just surrender. Otherwise, you'll say that we bullied you if you lose!"

"You should suffer less!" Everyone added.

"Surrender?"

Geng Hu sneered, "There is no such thing as surrender in my dictionary! Just you guys? Even if ten of them came, they wouldn't be enough for me to fight!"

“Arrogant!”

Li Hao’s expression changed. “I won’t cry until I see the coffin! We gave you a chance to surrender, but you didn’t want it. Then don’t blame us for being rude.”

As Li Hao’s words fell, their eyes became fierce.

Immediately after, six people rushed towards Geng Hu from different directions.

In front of the screen, the three chiefs were staring at their movements. Long Xiaoyun could not help but glance at Qin Yuan. After all, Geng Hu was a soldier he had brought up.

Qin Yuan noticed Long Xiaoyun’s gaze.” It’s okay. You’ll know when you continue watching.”

“Nothing? You’re still trying to be brave at a time like this?” Zhang Fei immediately mocked when he heard Qin Yuan’s words.

“No wonder that soldier of yours was so arrogant. It turns out that he took after you as the captain.”

Qin Yuan and the other two ignored Zhang Fei and focused all their attention on Geng Hu.

Li Hao and Wu Shan were the first to rush up.

However, before Wu Shan could touch Geng Hu, he saw an afterimage appear in front of him.

Wu Shan’s expression changed drastically, but it was already too late.

Before he could react, the afterimage had already touched his body.

In the next second, his entire body was sent flying as if he had hit a wall.

Seeing this, Li Hao did not hesitate at all and swept his leg towards Geng Hu.

At the same time, another member of the Ferocious Tiger Special Forces kicked Geng Hu from another direction.

“Too slow!” Geng Hu said in his heart.

Geng Hu jumped up from the ground and dodged the two people’s sweeping kicks.

The two of them kicked empty air and their bodies did not stop.

Who would have thought that Geng Hu would take the opportunity to kick the two of them, the tip of his foot directly kicking their faces.

Following two muffled grunts, Li Hao and the other man were directly kicked flying and fell heavily to the ground.

At this moment, Geng Hu was standing firmly on the ground.

As Geng Hu landed on the ground, the remaining three people’s fists whistled through the air.

One of them smashed towards Geng Hu’s face, another smashed towards Geng Hu’s chest, and the last one smashed towards Geng Hu’s abdomen.

The current Geng Hu could be said to be attacked from both sides.

Everyone in front of the screen could not help but break out in a cold sweat for Geng Hu.

However, Geng Hu only smiled lightly.” Scratching an itch?”

Just as their fists were about to hit Geng Hu, he suddenly moved.

Geng Hu tilted his body slightly, perfectly dodging the three people’s fists.

The three of their fists brushed past Geng Hu’s face, chest, and abdomen.

Geng Hu stretched out his hands and grabbed the wrists of the other two.

The huge force made the two people’s arms completely unable to move.

Their expressions changed drastically, and they subconsciously wanted to pull it out, but no matter how hard they tried, they could not break free.

It was as if he had been clamped by a huge iron clamp.

At the same time, Geng Hu’s leg kicked out quickly and landed on the calf of the remaining person.

The sudden sweep did not allow the remaining person to react in time. He lost his balance and fell back.

“Scratching an itch for me?” Geng Hu sneered.

“Bastard! ”

Seeing that their hands could not break free, the two of them immediately stretched out their legs and kicked Geng Hu.

Before the two of them could kick Geng Hu, Geng Hu exerted force on his feet and kicked the two of them directly on their calves.

The two of them almost fell to the ground.

They knew very well that it was Geng Hu’s hands that had restrained them, preventing them from falling to the ground.

And how much strength was needed to do this?

They had to admit that Geng Hu’s strength was terrifying!

However, Geng Hu did not give them much time to think.

Geng Hu exerted strength in his hands and twisted their wrists.

Two cracking sounds rang out, and the two of them collapsed to the ground in pain.

It was obvious that their hands were dislocated.

“Aaaaaaaaaaaaaa!”

“It hurts!”

The two of them let out a series of miserable cries. Their faces turned pale in an instant, and cold sweat kept pouring out of their heads.

In such cold weather, the two of them broke out in a cold sweat. It was obvious how fierce Geng Hu was.

Of the six people, four were kicked to the ground, and two had their arms dislocated.

Most importantly, this was done by one person.

On the other hand, Geng Hu was completely unharmed.

For a moment, the few people who were knocked down and the military leaders in front of the screen looked at Geng Hu as if they were looking at a monster.

It was unbelievable!

They could not imagine that this young man in front of them had defeated six outstanding special forces soldiers with extraordinary strength by himself.

This strength was too terrifying!

In fact, Geng Hu's fighting moves were similar to those of the others, but Geng Hu's speed and strength were above theirs!

All of this, other than Geng Hu's reasons, was all due to Qin Yuan's tempering.

Gao Shiwei, on the other hand, laughed out loud under the surprise of the military leaders.

"Hahahahaha, it seems that even if you join forces, it won't work. The six of them couldn't even defeat a single soldier of mine."

"As the saying goes, the new waves in the Yangtze River surpass the previous ones, and each wave is higher than the previous." Gao Shiwei said slowly.

"It seems that this year's competition is more interesting than the previous years. What do you think?"

Gao Shiwei smiled as he looked at the commanders of the Northeast Military Region and Guangnan Military Region.

At this moment, the expressions of the two chiefs were extremely ugly..

Chapter 364: This Is Battle Wolf!

What was this?

The six of them joined forces, but they couldn't even beat a single person. That person was even unharmed.

The two chiefs of the Northeast Military Region and the Guangnan Military Region immediately had dark expressions.

Although they were angry, they had to admit that this Battle wolf kid was indeed a rare surprise.

"Old Gao, where did you find this talent?" The Northeast Military Region's chief was the first to calm down and asked with a smile.

“Yeah, when did you recruit such a treasure behind everyone’s back?”The chief of the Guangnan Military Region reacted.

In terms of shock, no one could be ranked first if the chief of the Guangnan Military Region was ranked second.

After all, the six elite soldiers of his military region had been defeated by Geng Hu.

What did this mean?

The six elite soldiers that he was so proud of couldn’t even compare to one of them!

Therefore, they were very curious as to where Gao Shiwei had recruited Geng

Gao Shiwei smiled.” You’ll never know.”

“Old Gao, don’t keep us in suspense.”

Gao Shiwei looked at the two people’s eager eyes and said three words unhurriedly. “Logistics Company.” What was that?

Logistics company?

At this moment, the shock on their faces was no less than when they had seen Geng Hu fight six people alone.

The two of them looked at Gao Shiwei in disbelief.

“Are you kidding me?”

Gao Shiwei shook his head.” What good would it do for me to lie to you?”

The two of them were stunned. A soldier from the logistics company had beaten them to pieces.

“Half of our Battle wolf people are from the logistics company, and the other half are from the recruit company.”Gao Shiwei added.

The two of them were completely dumbfounded. What did this mean?

The people he sent out were elites who had been in the special forces for several years, while Battle wolf and the others could be said to be a group of inexperienced rookies.

They suddenly realized that the special forces competition this time would be as Gao Shiwei had said. It would be more interesting than in previous years.

On the other side, Zhang Fei was completely dumbfounded.

How was this possible?

The arrogance on his face disappeared and was replaced by endless black lines.

At this moment, Zhang Fei’s expression was extremely ugly.

He had never expected such an outcome.

He didn't dare to meet Long Xiaoyun's eyes again. He only hoped that the remaining groups could get more points so that they wouldn't lose so badly.

Qin Yuan and Long Xiaoyun only smiled lightly. They were not so bored as to mock others.

Moreover, this was exactly what they wanted others to see.

This was Battle wolf!

Over here.

Geng Hu looked at the notification on his watch and clapped his hands in satisfaction.

"Let's go!"

Geng Hu said to Wang Yanbing and Leng Feng.

The three of them left without looking back, leaving the nine people who had been beaten down stunned on the spot.

"What's your name?" Li Hao, who was sitting on the ground, suddenly shouted from Geng Hu's back.

He had lost today, but he had to admit defeat.

He would never forget this humiliation.

If he didn't even know the name of his opponent, how could he take revenge?

At this moment, Geng Hu and the other two had already walked some distance away. Geng Hu did not want to have any more interactions with these people.

Therefore, Geng Hu acted as if he did not hear anything and continued to walk forward.

"Bastard! You didn't even tell me your name!" Li Hao, who didn't get a response, cursed angrily.

"This kid has some skills." Wei Siyuan looked at Geng Hu, who had left, and suddenly sighed.

"This time, I met a ghost. I met such a ruthless character."

After Li Hao finished speaking, he seemed to have thought of something and asked Wei Siyuan.

"Why didn't you say earlier that he was so perverted?"

"Me! How would I know that he was so perverted? He didn't even go up before." Wei Siyuan said with some grievance.

At the very front, Geng Hu, this kid, did not even go on stage. He only knew that Leng Feng was ruthless in a IV2.

How would he know that Geng Hu was even more ruthless than Leng Feng?

Unfortunately, even if they knew Geng Hu's strength from the start, they could not change the outcome.

As time passed, the circle kept shrinking.

Soon, the first segment ended.

However, they did not know who would win or lose this round.

Before the end of the competition, the results of each group were kept confidential.

No one knew the results of the other groups, and no one else knew their results.

According to the rules, after each segment ended, all participants had to return to the place where they gathered in the morning.

After about half an hour, everyone returned to the place where they had gathered in the morning.

The leaders of the various military regions and special forces had been waiting for a long time.

It was the same general who walked to the microphone.

“Everyone’s performance today was very good! I hope you can continue to work hard!”

After a few polite words, the general cut to the chase.

“I’m sure you’ve all heard of the second segment tomorrow. It’s mainly to test your teamwork.”

“In this segment, we only set up one project.” The admiral dragged out his voice.

The crowd below the stage began to discuss softly.

“Isn’t there a lot of subjects that we can choose from for the team cooperation test?”

“Wouldn’t it be easy if only one of us took the exam?” “In my opinion, things are not as simple as we think.”

Everyone’s curiosity was piqued.

“The second segment is group rock climbing!”

Group rock climbing?

As soon as the general said that, the contestants were a little stunned..

Chapter 365: This Is Battle Wolf!

It seemed very simple, but it wasn’t.

After all, rock climbing was no problem for any of them.

But group rock climbing was different.

Generally speaking, group rock climbing depended on the cooperation and strength of the entire team.

If one person did not reach the destination within the stipulated time, the entire team would be judged as a failure.

“Rather than testing their team’s ability to cooperate, it’s better to directly test their individual strength.” Everyone muttered in their hearts.

However, the next second, they realized that things were not as simple as they had imagined.

“Before the group rock climbing, we added a small segment. That is, our soldiers must pass through the barbed wire before they can start climbing.”

“Passing through the barbed wire fence is not difficult for you. Therefore, the same rope will be tied to each of your waists, and you will cross the barbed wire together.”

“To put it simply, you are like grasshoppers tied to the same rope.”

“Finally, the results will be calculated according to the time!”

The moment the general finished speaking, there was an uproar.

Whether it was rock climbing or crossing the barbed wire, they were all subjects that they trained repeatedly.

But this time, it was different.

Take crossing the barbed wire together as an example. If one person couldn’t keep up, the entire team’s speed would be dragged down.

On the contrary, if everyone in the team coordinated well, such as their pace and speed, the speed of the entire team would increase.

They finally understood why the second segment was a test of their teamwork.

Moreover, they still had a fatal problem in front of them.

That was the weather.

Although they had undergone cold-resistant training, the temperature in the snowy mountains in the northwest could be said to be extremely low.

Crossing the barbed wire meant that their bodies would have to come into close contact with the cold snow. In addition, their hands would be exposed to the cold wind when climbing.

However, this was what they had to face as special forces soldiers.

No matter how harsh the environment was, they had to overcome it.

“I look forward to your performance!”

As the general finished speaking, it announced the end of the day.

It was time to eat. Everyone gathered in the tent as before.

Everyone ate with a tacit understanding. In the end, Qin Yuan broke the silence.

Qin Yuan smiled and looked at Fatty Zhang and Li Erniu.

“Can you two do it?” Qin Yuan asked deliberately.

He just wanted them to face reality more easily.

Even if these two couldn’t do it, they had to.

Moreover, Qin Yuan believed that the two of them could definitely do it!

Li Erniu should have overcome his fear after the last parachute training.

Fatty Zhang didn’t need to be mentioned. From his performance last time, he had already crossed that hurdle in his heart.

“Don’t worry, Big...Captain!” Fatty Zhang looked at Qin Yuan’s concerned gaze and was about to blurt out the word ‘big brother’.

“I didn’t even blink when I parachuted last time!” Fatty Zhang patted his chest and said.

Qin Yuan smiled and gestured for him to continue eating. Immediately after, Qin Yuan turned to look at Li Erniu.

“What about you?”

“Don’t worry, Company Commander! No, I mean Captain!” Li Erniu said cheerfully.

After such a long time, although many people had changed their address to Qin Yuan, Li Erniu was still used to calling him company commander.

“Captain or company commander, it’s not about the title now. It’s about whether you have the confidence tomorrow.” Geng Hu said.

Although Geng Hu was not on the same team as Li Erniu and Fatty Zhang, he knew that these two were afraid of heights.

If the two of them fell ill during the climb tomorrow, then their entire team would be finished.

Therefore, Geng Hu asked anxiously.

Li Erniu put down his bowl and chopsticks and stood up.

He looked at his teammates around him, then at Qin Yuan and Long Xiaoyun.

“Captains and my teammates, please rest assured that I, Li Erniu, will not disappoint you tomorrow!”

“People have already said that things can’t happen more than three times. Then I, Li Erniu, definitely won’t fall in the same place three times!”

After Li Erniu finished speaking, everyone laughed.

This was the first time they had seen Li Erniu so serious. Everyone’s worried hearts were relieved.

“Alright, sit down and eat.”

“Hurry up and rest after eating. Do your best tomorrow!” Qin Yuan urged.

The next morning.

As the rules had been announced the morning before, everyone went straight to the competition venue after gathering.

What greeted everyone's eyes was the barbed wire that they were extremely familiar with.

Other than that, there were hemp ropes on the ground.

Everyone could not help but suck in a breath of cold air.

Before they came, each team had already drawn lots and determined their order of playing.

Soon, the fifteen people on each team had hemp ropes wrapped around their waists.

The first to go on stage was the Snow Leopard Special Forces of the Northwest Military Region.

The people from the other teams were even more amazed.

This was awesome!

The leaders of the various military regions in front of the screen praised him.

"Old Zhang, are you going to let us live?" Gao Shiwei said to the commander of the Northwest Military Region with a smile.

"That's right. With this cooperation, I think you guys are going to get first place." The Northeast Military Region's chief teased.

"What are you talking about? As the host, if we don't show some ability, where will I put my old face?" The commander of the Northwest Military Region laughed.

As time passed, the teams took turns to compete.

After the people from the Guangnan Military Region finished, it was finally the Battle wolf's turn!

Under everyone's watchful eyes, Battle wolf and the others made their preparations to set off.

As the starter gave the order, the Battle wolf team rushed out. Their crawling speed was even faster than the Snow Leopard Special Forces of the Northwest Military Region!

It was as if they were standing on flat ground. Everyone's movements were so orderly and consistent, and their speed was so fast. At this moment, everyone was admiring the scenery.

It was so awesome!

While everyone was still in awe, Battle wolf and the others had already reached the end of the barbed wire fence.

They quickly took off the ropes on their bodies and ran towards the snowy mountain not far away.

At this moment.

The originally bright sky suddenly darkened, and even the breeze that had been there a moment ago disappeared without a trace.

Qin Yuan, who was in front of the screen, noticed this. He frowned slightly.

“What’s wrong?” Long Xiaoyun sensed Qin Yuan’s change.

“Look at the weather outside. I have a bad feeling.”

The two of them walked directly to the command room. At this moment, the sky was even darker.

The sky looked like it was six or seven o’clock in the evening, but it was still morning.

“Not good, a blizzard is coming.” Qin Yuan said in a low voice.

Long Xiaoyun nodded. “I have the same thought.”

Although the two of them realized this, they could not change anything. The weather was an uncontrollable factor, which was a challenge they needed to face.

It was the same logic as how the battlefield was ever-changing.

As a special forces soldier, no matter how cruel and harsh the environment was, he had to find a way to complete the mission.

The two of them turned around and returned to the command center.

In the command room.

“Chief! Not good! According to the news that had just come, there would be a snowstorm soon, and it was said that the intensity of this snowstorm would be greater than before! “A technician ran up to the officers and said.

The commander of the military region, who had been delayed by some matters, had arrived at the command center.

He looked at the commanders of the various military regions who were frowning and said with some confusion, “What’s wrong?”

“Chief, a blizzard is coming.” the technician explained.

“Do we have to fight when it doesn’t snow?” The chief said in a deep voice.

“Our special forces have to deal with all kinds of unexpected situations!

Otherwise, are they still special forces?”

The commanders of the few military regions did not say anything else and looked at the screen..

Chapter 366: Meeting the Dragon Soul Special Forces for the First Time

The sky outside was getting darker and darker, and the biting cold wind was whistling.

The branches on the surrounding trees were swaying, as if they were going to fall down in the next second.

In the next second, the blizzard came at everyone like a sandstorm.

The other members of the special forces were worried for Battle wolf’s team.

After all, the visibility was too low.

“What should we do?” Someone looked at Geng Hu.

Geng Hu was the leader of these dozen people and was the backbone.

“What else can we do? Continue! If the game hasn’t been suspended, we have to continue. Don’t waste time!” Geng Hu said loudly.

The group no longer hesitated and rushed to the climbing rope at the foot of the mountain.

Geng Hu was the first. He quickly jumped up, giving people the feeling that the current wind and snow could not affect him at all.

Perhaps it was because of Geng Hu’s influence, but the people behind them were all extremely fast.

The people watching from the side were completely dumbfounded. What kind of monsters were these?

Even though they were standing in the snow, their vision was somewhat obstructed, and their faces hurt from the wind and snow.

As for Battle wolf and the others, they quickly climbed up despite the heavy snow and the dark sky.

It was too terrifying!

Just as everyone was exclaiming in amazement, an unexpected scene happened.

Li Erniu, who was at the end of the rope, suddenly slipped. He lost his grip on the rope and was about to fall.

“Be careful!”

The other special forces members who were watching from the side could not help but shout.

Although they were opponents, they were soldiers of flesh and blood.

They wanted to win the game, but they wanted their opponents to be safe!

Qin Yuan and Long Xiaoyun, who were in front of the screen, frowned.

If he really fell down, the consequences would be unimaginable.

Although Qin Yuan had the intermediate climbing skill given by the system, he was not present at the moment.

Even if they went over now, it would be too late.

For a moment, everyone in the crowd was extremely nervous.

Everyone’s eyes were fixed on Li Erniu as if they were afraid that Li Erniu would disappear in the next second.

Seeing that Li Erniu was about to fall down, everyone’s hearts were gripped.

In a flash, He Chenguang, who was on top of Li Erniu, grabbed him.

A hand pulled Li Erniu back.

While everyone heaved a sigh of relief, they all revealed shocked expressions.

What the f * ck?

What kind of pervert was this!

He grabbed the rope with one hand to stabilize himself, and with the other hand, he saved his teammate.

Most importantly, the current environment was still very harsh.

Before they could come back to their senses, Li Erniu had already climbed to the top of the mountain.

As the last team reached the top, it meant that the Battle wolf had completed the second round of the competition.

As for the results, they would only be announced after the last team finished competing.

At this moment.

The sky was gradually getting brighter.

The wind was not as strong, and the snow was lighter.

It was as if they had returned to the scene before the battle between Battle wolf and the others.

The Battle wolf instantly felt that they were too unlucky.

What was going on?

The weather was fine before the competition.

When he was competing, it was a blizzard.

When the competition ended, the weather instantly became better.

The heavens were really not doing it well!

But there was no other way. Sometimes, luck was a part of strength.

The last team to go on stage was the Dragon Soul Special Forces.

Meanwhile, the Dragon Soul Special Forces were ready.

Other than Battle wolf, the other special forces knew that the Dragon Soul Special Forces were currently the most powerful force in the entire military region.

Before anyone could react, the Dragon Soul Special Forces had already rushed out.

So fast!

It was indescribably fast!

Everyone was dumbfounded.

“Is this the Dragon Soul?”

“A dragon soul is still a dragon soul.”

“Otherwise, why would they be the strongest special forces in the entire military region?”

“I think the first place this year should still be Dragon Soul.”

From their discussion, Battle wolf and the others understood that Dragon Soul was the strongest among the special forces.

In other words, their strongest opponent had appeared!

Dragon Soul Special Forces!

Battle wolf and the others watched as they pondered.

Even though they were confident in themselves, they didn't have any confidence in themselves based on the performance of the Dragon Soul Special Forces.

However, they would not retreat, because they were Battle wolf!

“The dragon soul is still strong.”

“Looks like the Dragon Soul will be the champion again this year.”

The military commanders sighed.

“I think the team in front is not bad either.” The commander of the military region suddenly said.

Everyone realized that the general was talking about Gao Shiwei's subordinate, Battle wolf.

“That's Battle wolf from the Southeast Military Region. It was just established not long ago, and it's the first time it's participating in a competition this year.” the technician in charge of tracking said.

“So it's Battle wolf.” The general said in realization.

To be honest, the establishment of every special force had to be approved by him.

As the commander of the military, he knew about Battle wolf's existence.

However, he did not expect Gao Shiwei to send Battle wolf to participate in this competition.

After all, they had just been established.

“They were very fast just now, especially in that kind of bad situation. They performed very well!” The general praised.

“Chief, you're flattering me. They're just a bunch of brats.” Gao Shiwei said with a smile.

“Continue watching.” The chief said in a deep voice..

Chapter 367: Meeting the Dragon Soul Special Forces for the First Time

As the Dragon Soul Special Forces reached the top of the mountain, the second round of the competition ended.

“We will now announce the results of the teams.” The timekeeper shouted.

“Northwest Military Region Snow Leopard Special Forces, 15 minutes and 20 seconds!”

The scene was in an uproar.

“Too fierce! ”

“Why do I feel that everyone is very strong this year?”

“What are you talking about? The Northwest Military Region had always been this strong, alright?”

Everyone sighed.

After all, if they put barbed wire and rock climbing together, 25 minutes was the passing line, and 20 minutes was excellent.

Not to mention within 20 minutes.

In everyone’s eyes, the Northwest Military Region’s 15 minutes and 20 seconds were indeed too fierce!

“Alright, aren’t there still dragon souls behind?”It was unknown who mentioned it, but everyone quickly quieted down.

That’s right, the strength of Dragon soul was obvious to everyone.

Presumably, the results would definitely surprise them.

For a moment, everyone was looking forward to it.

Obviously, they had forgotten that they were competitors.

“Falcon Special Forces, 18 minutes and 26 seconds!”

“Ferocious Tiger Special Forces, 16 minutes and 14 seconds!”

“Battle Wolf Special Forces.” When he read out the results of the Battle wolf, the timer paused for a moment.

“Why didn’t you continue reading?”

“Yeah, I’m so anxious.”

“Could it be that it took too long and you’re afraid of being embarrassed?”

Everyone who didn’t know why started discussing.

This was the most reasonable explanation they could think of.

After all, the weather was bad during the battle just now, and there was a small incident.

Therefore, in their opinion, Battle wolf had taken too long, so the timekeeper did not read it out for their sake.

However, they seemed to have forgotten one thing. They had forgotten the first scene they saw.

The speed of Battle wolf's group was extremely fast.

While the other members of the special forces were puzzled, the timekeeper finally continued.

"Battle Wolf Special Forces, 13 minutes and 50 seconds!" Everyone was dumbfounded by the timekeeper's words.

Was this real?

Everyone had seen the situation that Battle wolf and the others were facing just now. They didn't expect them to be so fast.

They even surpassed the three strong teams.

Everyone looked at Battle wolf in disbelief, as if they were looking at a monster.

Everyone had yet to recover from their shock.

"Dragon Soul Special Forces, 13 minutes and 10 seconds!" The timekeeper read out the result of the last team.

The dragon soul team's results pulled everyone back from their shock. "Dragon Soul lived up to their name. They're too powerful."

"A solid first place."

Everyone began to praise him.

However, the Dragon Soul's results were within their expectations.

After all, the dragon soul was the strongest.

"Speaking of which, Battle wolf was only 40 seconds behind Dragon Soul!"

As soon as this sentence was said, everyone seemed to have discovered something extraordinary.

Battle wolf was a newly formed special forces unit.

It was only 40 seconds slower than the time taken by the strongest special forces in the entire military region!

Furthermore, the environment during the competition was very harsh.

There were so many special forces in the entire military region, but only Battle wolf was competing in bad weather.

The bad weather would more or less affect their speed.

Although Battle wolf's final result was already very fast, if Battle wolf hadn't been in such a bad environment, wouldn't he have been even faster?

Everyone suddenly realized that Battle wolf had become a powerful opponent for them.

"Alright, there are talents in the world. Old Gao, your subordinates are not bad!" The general in the command center laughed.

If even the soldiers could think of it, how could the chiefs not think of it?

They knew very well that if the weather Battle wolf experienced had been the same as the other teams, then it would be hard to say who would win the second round.

Meanwhile, the captain of the Dragon Soul Special Forces, Wang Chenggang, felt a sense of crisis for the first time.

The last segment was the key to winning the special forces competition.

He realized that if he wanted to win, he had to deal with this new army.

Battle wolf would be their biggest obstacle.

Thinking of this, Wang Chenggang had a new plan in his heart.

He had to adjust his previous deployment and come up with a new battle plan against Battle wolf.

Before this, he did not expect Battle wolf to be so eye-catching.

If they wanted to win this match, they had to take Battle wolf seriously and focus on him.

On the other side, Qin Yuan was much calmer.

“These people barely did not embarrass us.” Qin Yuan said with a faint smile. “Still not satisfied with their performance?” Long Xiaoyun glanced at Qin Yuan.

“What do you think?”

“It can be faster.”

Long Xiaoyun’s words expressed Qin Yuan’s thoughts.

If it wasn’t for the sudden change in weather, Battle wolf’s group would have been able to move even faster.

However, the two of them could barely accept this result.

Although there was still a certain gap between them and the dragon soul, Qin Yuan and Long Xiaoyun believed that it would change soon.

At that time, it was not certain who would be worse than who.

“What do you think about tomorrow’s game?” Long Xiaoyun seemed to have recalled something.

Long Xiaoyun knew very well that after today’s match, Battle wolf’s team would definitely receive special attention from the other special forces. At the very least, they wouldn’t underestimate Battle wolf like before.

Qin Yuan turned around and met Long Xiaoyun’s gaze.

“Everything is as usual.”

Qin Yuan only said four words, but he knew that with Long Xiaoyun’s intelligence, she would understand what he meant.

“Sure.” Long Xiaoyun smiled.

Their initial plan was to quickly eliminate the other teams if they encountered them and focus their energy on fighting the Dragon Soul Special Forces.

Of course, the two didn't have the time to tell Battle wolf about this.

In the beginning, they didn't tell the Battle wolf about the Dragon Soul Special Forces so that they could complete the competition better.

After today's match, even if they didn't say anything, Battle wolf would know who their strongest opponent was.

The two of them walked out of the command room as they spoke.

After all, the second segment had already ended.

Battle wolf and the others would be back soon, so they had to go and see them.

Soon, everyone returned to the tent.

"Captain! "

"Captain Long!"

Seeing Qin Yuan and Long Xiaoyun return, everyone shouted.

Except for Geng Hu.

Geng Hu sat in a corner with a worried expression, not saying a word.

Qin Yuan and Long Xiaoyun noticed this scene.

"He's been like this since he came back." Zheng Xiaohu saw their confusion and said.

Although Geng Hu was usually carefree, he was more stubborn than anyone else.

Qin Yuan walked in front of Geng Hu.

Geng Hu raised his head and shouted dejectedly, "Captain."

Qin Yuan was confused by Geng Hu.

Qin Yuan's tone became fierce.

Qin Yuan knew that Geng Hu would not listen to him at all.

Therefore, he pretended to be angry and asked.

Seeing that Qin Yuan was about to fly into a rage, Geng Hu hurriedly said.

"Captain, I'm sorry to you and Captain Long. We didn't get first place in the second round." Geng Hu said somewhat aggrievedly.

Geng Hu had promised that he would not disappoint Qin Yuan.

As the team leader of this competition, he did not lead the team to win first place in this segment.

Geng Hu sank into deep guilt.

Only then did everyone understand why Geng Hu was so dejected. They all looked at Geng Hu.

For the first time, they felt that Geng Hu was different from before.

Take Team 1 for example. Geng Hu had always been carefree and straightforward. He was their joy.

In the eyes of Team 2, Geng Hu had a fiery temper and liked to beat them up.

At this moment, Geng Hu gave them a very calm feeling.

They did not expect Geng Hu to be distressed because he could not lead them to first place.

At this moment, everyone felt that Geng Hu was the most suitable to be their squad leader.

Qin Yuan and Long Xiaoyun were surprised.

They did not realize when Geng Hu had become so responsible..

Chapter 368: Meeting the Falcon Again

Everyone did not speak, only looking at Geng Hu in a daze.

“Why are you all looking at me like that?” Geng Hu said with some embarrassment.

After all, anyone would feel embarrassed being stared at by so many people.

“Not bad, kid. It’s rare to see you so serious.” Zheng Xiaohu spoke first.

Usually, his relationship with Geng Hu was the best.

However, he did not expect Geng Hu to have such a realization this time.

“Stop talking. Think about how to win tomorrow.” Geng Hu looked at Zheng Xiaohu in disdain.

Qin Yuan patted Geng Hu’s shoulder, but his gaze stopped on the rest of Battle wolf.

“What do you think of Geng Hu now?”

Everyone knew what Qin Yuan meant and nodded.

What could Geng Hu say now?

They were truly shocked by Geng Hu’s change.

Right now, it could be said that they were completely convinced by Geng Hu.

However, they would never forget the promise they made to surpass Geng Hu.

Coupled with Geng Hu’s change, they had even more motivation to move forward.

They wanted to be people like Geng Hu!

Looking at everyone’s reaction, Qin Yuan understood what they were thinking.

“In that case, let’s satisfy Geng Hu’s request and discuss how to win tomorrow.” Qin Yuan joked.

Of course, Qin Yuan knew very well that if he wanted to win tomorrow, he only needed to take down the Dragon Soul Special Forces.

The teams from other military regions should be nothing to them. However, they had witnessed the strength of the Dragon Soul Special Forces today.

It was not so easy to control.

“As long as you take down the Dragon Soul Special Forces tomorrow, we can win the third round.” Qin Yuan said.

“Captain, we actually think so too.”

“But this Dragon Soul Special Forces seems to be very powerful.”

“I heard from the other military regions that the Dragon Soul Special Forces are the strongest in the entire military region.”

Battle wolf and the others started discussing.

“That’s right. The Dragon Soul Special Forces are currently the strongest special forces in the entire military region.”

“Are you afraid?” Qin Yuan glanced at everyone.

“Captain, besides you, we have never been afraid of anyone.” someone said loudly.

“Is that so?” Geng Hu asked.

“Um... And Geng Hu!” The man quickly added.

“Alright, stop talking nonsense.” Qin Yuan’s expression became serious.

“I believe that you are not inferior to anyone else.”

“The dragon soul is indeed very powerful, but it’s not impossible to surpass it.”

“Your performance today was very good!”

Qin Yuan encouraged everyone.

“Opponents are used to train yourself, not to mention such a strong opponent. It’s a good opportunity to test your training during this period of time and see if your efforts these days have been in vain.” “Even if we lose, it doesn’t matter. Losing to a powerhouse is not shameful.” Qin Yuan looked at everyone with a firm gaze.

Everyone suddenly felt that the pressure wasn’t as great, but they knew that the purpose of their captain saying this was to not let them feel too much pressure and play to their best level.

However, they knew that their captain definitely hoped that they could get first place.

After all, they were brought out by Qin Yuan.

Qin Yuan was so strong. As his subordinate, he naturally could not embarrass him.

Although Qin Yuan did not say it explicitly, they understood this very well.

Thinking of this, everyone secretly made up their minds to do their best to complete the competition tomorrow.

The next day.

After breakfast, everyone went to the assembly point as usual.

The other members of the special forces arrived.

Soon, the general from before stood in front of the microphone.

“Comrades, our competition is coming to an end. Many teams have performed very well. I hope that you can continue to maintain your performance!”

After the general gave a brief explanation, the colonel who was in charge of explaining the rules of the competition walked to the microphone.

“Our third segment will be similar to our usual military exercises!”

“What’s different is that we don’t have a command center for each team. You have to rely on yourself to command and communicate within the team. You can act together or separately.”

“But you all have a common goal, which is to kill the other party’s captain. This is the key to your victory!”

“In other words, as long as we get the head of the opposing team leader, no matter how many members are left, this team will be judged to be eliminated.”

“In other words, no matter how many players you kill, as long as their captain is still there, the game will continue.”

“The captain of each team will wear two epaulets. This will make it easier for you to determine your target during battle. In addition, the captain’s epaulets are not allowed to be worn by other team members to confuse their vision. This is my request to you.”

Everyone instantly understood that this requirement reduced the difficulty of the mission to a certain extent, but in fact, it was a high requirement for their strength.

If the captain was exposed to the public, the opponent could directly attack the captain, which was beneficial to the other teams.

As for the attacked party, it meant that they had to have extraordinary strength to kill the other party while protecting their captain.

This was a challenge to their strength and adaptability!

“Later, we will send you to different areas just like the first day of the competition.”

“Now, I announce the start of the competition!”

Chapter 369: Meeting the Falcon Again

As the colonel finished his speech, the teams began to move.

One by one, the teams boarded the planes and were sent to different places.

In fact, this was similar to the first round of the competition. It could be said that it was similar.

If they didn't set up a command center, they wouldn't be able to sneak an attack on the command center like they did in the drill.

Therefore, in essence, the confrontation exercise in the third segment was similar to the first segment.

The only difference was that this time, the entire team was moving together, and the team's strength would be maximized. Soon, all the teams were sent to the designated location.

In the command room.

"Tune the images of Battle wolf and Dragon Soul together," the military commander ordered.

"Yes, sir!" As the technician spoke, he adjusted the images of the two teams together.

The others understood what the general meant. After yesterday's match, Battle wolf had become one of the strongest opponents in the entire military region.

It could be seen that the Bureau Chief seemed to view Battle wolf in a different light.

Over here.

Battle wolf and the others arrived at the foot of the snowy mountain.

"Where are we going now?" Wang Yanbing said.

"We're near the snowy mountain, and we don't know which teams are around." He Chenguang glanced at his watch and said.

"Speaking of which, should we act separately or together?" Leng Feng, who had been silent all this while, spoke.

Leng Feng's words made everyone fall into deep thought.

This was indeed a question that they had not thought about just now, and this was a question that they had to think about.

They didn't know which teams were around them, nor did they know if these teams were moving separately or together.

It would be fine if they split up and met a team that split up as well.

If they split up and met the entire team, the difference in strength between the two sides would be too great.

For a moment, everyone could not make up their minds.

"How about this? Let's go together and take a look."

Geng Hu said in a deep voice.

“I think so. The other teams must be struggling with this problem like us.” He Chenguang agreed with Geng Hu.

After some discussion, everyone walked towards the center of the circle.

As they walked, they observed their surroundings.

“Look over there! Someone seems to be coming!” Li Erniu, who had always been sharp-eyed, said in a low voice.

Everyone looked in the direction Li Erniu was pointing. The figures of the group were particularly eye-catching in the white snow.

“A whole team.” He Chenguang said.

Everyone looked at Geng Hu, waiting for his instructions.

After all, Geng Hu was the captain.

“Let’s see which team it is first. It’s not too late for you to come out.” Zheng Xiaohu’s considerations were not without reason.

This way, even if they encountered a strong team, they would not be eliminated immediately if they did not win.

Because Geng Hu was still around.

If they encountered a weak team, then there was no need to worry at all.

“Why are you all so cowardly? What are you afraid of??” Geng Hu said unhappily.

Everyone knew that Geng Hu’s old habit was acting up again.

At this moment, they felt that Geng Hu had returned to the beginning.

“Have you forgotten what you said? Yesterday, she was crying and apologizing to Captain, but she had forgotten everything?” Zheng Xiaohu said mercilessly.

“I... My problem.” Geng Hu slapped himself, as if apologizing for his impulsive speech just now.

“Alright, don’t play this game. Hurry up and hide.” Zheng Xiaohu urged.

Even though he understood Geng Hu’s intentions, as there was nothing to worry about with his strength, they really wanted to win this match, so they had to be fully prepared.

It was better to be safe than sorry.

Just as Geng Hu hid under the slope, the other party walked towards Battle Wolf and the others.

As the team got closer, Battle Wolf’s team saw the epaulets on their bodies.

Falcon.

Obviously, the Falcon Special Forces had seen the epaulets of the Battle Wolves.

“Why are you guys here again?” The leader, Wei Siyuan, said.

Actually, Wei Siyuan didn’t even look at the epaulets on Battle wolf’s shoulders. He saw Leng Feng, who had beaten him to the ground that day, and immediately confirmed that this team was Battle wolf.

They were the ones who looked down on them, and their captain was the one who asked them to take down the enemy’s war wolves. It was the Battle wolf that they had been beaten up by.

Enemies really meet on a narrow road!

However, Wei Siyuan didn’t show the slightest fear. Even though they were beaten up that day, even though Battle wolf’s performance yesterday was very eye-catching.

Wei Siyuan realized that Geng Hu was not there.

He didn’t believe that Battle wolf’s group could all fight like Geng Hu.

If they could take this opportunity to finish off Geng Hu’s teammates, even if Geng Hu was not eliminated, only Geng Hu was left. Would Falcon’s dozen or so people not be able to handle Geng Hu alone?

Thinking of this, Wei Siyuan signaled his men to start moving.

“You guys started it first, so don’t blame us.” Leng Feng sneered.

The rest of Battle wolf didn’t know what kind of conflict they had with the Falcon Special Forces.

However, these people’s gazes made them very uncomfortable.

Moreover, no matter who the other party was, they were still their opponents!

After hearing Leng Feng’s words, Battle wolf and the others were ready for battle.

“You guys, surround him!” Wei Siyuan shouted at his five teammates.

He did not believe that Leng Feng could still withstand the attacks of so many people.

Just as they were about to surround Leng Feng, He Chenguang made his move.

He Chenguang directly kicked the person closest to Leng Feng. In the next second, Wang Yanbing punched the others.

The others joined the battle, and the scene instantly became chaotic. “Hahahaha, it seems that Falcon is going against Old Gao and the others.” The chief of the Northeast Military Region laughed at the chief of the Guangnan Military Region.

“What do you mean?” The commander of the military district was interested.

“Chief, you missed a good show on your first day.”

The commander of the Northeast Military Region said cheerfully. “That day, as soon as we got off the plane, Falcon and Battle wolf met. In the end, Battle wolf defeated the three strongest members of Falcon.”

“There’s such a thing?” The Bureau Chief narrowed his eyes and asked.

Although he had seen the performance of the Battle Wolves yesterday, it did sound a little ridiculous.

After all, he had heard of the three strongest soldiers in Falcon in Guangnan Military Region. They were very strong.

Two against one? It was a little unbelievable.

“Chief, don’t you believe me. Falcon sent three more people, but they still didn’t win.”The Northeast Military Region’s commander added.

“You! Well, why don’t you say that the three of you from the Northeast Military Region have never fought before?”The chief of the Guangnan Military Region was instantly unhappy and immediately asked.

They had already embarrassed themselves enough, so they would drag one of them down with them.

“What happened?” Hearing the words of the chief of Guangnan Military Region, the chief knew that this matter was not that simple.

“Chief, we Falcon didn’t beat Battle wolf and the others. I’m not afraid that you’ll laugh at us if I tell you. Later on, the three people from Falcon joined forces with the three people from the Northeast Military Region and didn’t win.”When he said the last few words, the chief of Guangnan Military Region lowered his voice a lot.

After all, this was not something to be proud of.

“What else?”

“Also, the six of them fought against one person, but they didn’t win.”Gao Shiwei said with a smile.

Seeing that his two old comrades had spoken, he naturally had to say something as well.

“What is it? Six people against one and you haven’t?”

The general looked at the three of them in shock.

“What do you two want me to say? It was a strong team. Six people couldn’t even beat a single person. What was going on!”The Bureau Chief said in a deep voice.

“Who is the soldier who fought against six people?” The Bureau Chief’s expression became a little better.

While he was angry, he was very happy. Battle wolf actually had such a talent.

“It’s not in the picture.” Gao Shiwei said.

At this moment, Geng Hu appeared out of nowhere.

Before anyone could see his movements, Geng Hu had already rushed in front of Wei Siyuan.

“Hiss! ”

A tearing sound rang out.

“You are eliminated.” Geng Hu waved the epaulet on his hand and said with a smile.

For a moment, the atmosphere froze..

Chapter 370: Fated to Meet Again!

The others who were originally in the middle of a fight stopped.

Everyone was stunned by the sudden scene in front of them.

Especially the members of the Falcon Special Forces. Everyone’s face revealed shock.

What was going on?

Where did this person come from?

Most importantly, he tore off his captain’s epaulet.

That meant that they had been eliminated.

Everyone’s faces were filled with disbelief. No one dared to believe all of this. Wei Siyuan’s expression changed drastically. “You... Where did you come from?”

“That’s not important.” Geng Hu said indifferently.

The important thing is that you have been eliminated.”

The officers in front of the screen were stunned.

Everything happened too quickly!

The face of the chief of Guangnan Military Region darkened completely.

What was this?

They were eliminated just like that?

“Bureau Chief, it’s this young man, the one who fought against six!” The commander of the Northeast Military Region pointed at Geng Hu and shouted.

The commander nodded. “That’s right.”

When he heard everyone say that Geng Hu was fighting six people at once, he was a little surprised.

After seeing this scene, he completely believed it.

His gaze towards Geng Hu was filled with appreciation.

“What’s his name?”

“Bureau Chief, why don’t you wait until the end of the competition and let him tell you personally?” Gao Shiwei said with a smile.

He knew that the Bureau Chief definitely favored Geng Hu. After the competition, he would naturally call Geng Hu over.

“You!” Hearing Gao Shiwei’s words, the Bureau Chief smiled.

Everyone turned their attention back to the screen.

“Falcon, we will accept your share.” Geng Hu put the epaulet he tore off Wei Siyuan into his pocket.

“Tear off their epaulets too!” Geng Hu gestured to Battle wolf and the others.

Just like that, while the rest of Falcon were still in a daze, their epaulets had already been torn off.

They could not resist, and they could not fight back.

According to the rules, the moment Wei Siyuan’s epaulet was torn off, the entire Falcon team would have been eliminated.

“Next time you see us, remember to run far away.” After Geng Hu said this, he left with Battle wolf and the others.

Only the Falcon Special Forces were left in a daze.

“Captain, we were eliminated just like that?” Someone asked in disbelief.

“How unlucky!” Wei Siyuan cursed.

He really couldn’t understand where Geng Hu, this brat, popped out from.

He had thought that Falcon would win according to his plan.

In the end, Geng Hu directly disrupted the situation.

This was the first time they had lost so miserably-

Everyone lowered their heads and didn’t dare to make a sound. They were all thinking about how to report back.

Before the competition, they had promised Zhang Fei, the captain of the Falcon Special Forces, that they would teach Battle wolf a lesson.

In the end, they were defeated by Battle wolf’s men.

“Since things have come to this, there’s nothing we can do.”

“We can only depend on the other troops. There’s still the Dragon Soul. I don’t believe that the Battle wolf can defeat the Dragon Soul.” Wei Siyuan said.

“Go back and train hard! The next time you meet Battle wolf and his gang, you’d better make up for what you’ve done today!”

As the team leader of this competition, Wei Siyuan comforted everyone.

After all, this was the only thing they could do now.

On the other side, Battle wolf and his men met the Ferocious Tiger Special Forces from the Northeast Military Region.

“What a coincidence.” Li Hao, the leader of the Ferocious Tiger Special Forces, recognized Geng Hu.

Actually, he was still a little nervous.

The scene of Geng Hu fighting against six people that day was still fresh in his mind.

However, since they had met, there was no reason to retreat. After all, they were part of the Ferocious Tiger Special Forces.

“It’s quite a coincidence.”

Geng Hu smiled faintly.

“Are you going to avenge them again this time?”

Geng Hu’s words stunned Li Hao.

“What do you mean?”

Li Hao asked in confusion.

Geng Hu took out Wei Siyuan’s epaulet from his pocket and waved it in front of Li Hao’s eyes.

After seeing that the epaulet on Geng Hu’s hand belonged to Falcon, Li Hao was even more shocked.

How was this possible? Falcon was eliminated so quickly?

He couldn’t help but take a few steps back.

He was too close to Geng Hu now. He did not know what would happen in the next second.

“Since we’ve met openly, let’s have a competition.” Geng Hu maintained his smile.

In Li Hao’s eyes, this was a dangerous signal.

But now, other than facing the challenge, there was no other way.

If they turned around and left, it would be too embarrassing for the Ferocious Tiger Special Forces.

They would never allow themselves to do that.

“Then let’s do it.” Li Hao replied, unwilling to be outdone.

The others consciously retreated to the side. They knew that with Li Hao’s personality, he would not ask for help this time.

Geng Hu glanced at the retreating Ferocious Tiger Special Forces and smiled.

Then, he looked at Li Hao and said, “You’d better ask your teammates to help you, lest you get eliminated early like the Falcons.”

Geng Hu’s words had infuriated Li Hao.

Li Hao rushed to Geng Hu with a big stride and was about to smash his fist down.

‘Your speed is not bad!’ The Bureau Chief praised in front of the screen.

“It still depends on you tigers.” The chief of Guangnan Military Region said. Falcon had already been eliminated, so he could only watch his old partners compete with Battle wolf.

He didn’t believe that Battle wolf and the others were really that good at fighting..
