

Special Troop 381

Chapter 381: Surnamed Qin?

Although the effect could only last for five minutes, it was enough.

After all, as long as either side fell to the ground and did not get up within a minute, they would lose.

If they really wanted to fight, Qin Yuan's strength was definitely above Ren Xian's.

But he did not want Ren Xian to lose too badly, so he thought of this method.

In his view, Ren Xian was indeed a rare expert.

He didn't want such a strong soldier, the Dragon Soul Captain that others were proud of, to lose face in front of everyone.

"2!?"

As the referee's countdown ended, Ren Xian did not stand up.

Even though he could get up with the strength of his feet.

However, he could not exert any strength with his hands. Even if he stood up, he could no longer fight against Qin Yuan.

But he really couldn't understand why his hands suddenly lost their strength. Under everyone's surprised and puzzled gazes, the referee announced the winner of this segment.

"Battle wolf wins this round!"

The referee's voice was neither loud nor soft, just enough for everyone to hear.

"Awesome! He didn't expect this Battle wolf captain to be so strong."

"Yeah, even the Dragon Soul Captain lost."

"This is unbelievable."

Everyone expressed their opinions.

"Who is the captain of your Battle wolf?" Wang Haifeng, the commander of the Beijing Military District, said.

This was the first time he had seen his Dragon Soul's captain lose to someone.

"He's quite capable at such a young age." The Northeast Military Region's commander praised.

Gao Shiwei smiled meaningfully.

"Surnamed Qin? Could it be..." Wang Haifeng suddenly remembered something.

Although they were not in the same military region, everyone had heard of the old commander of the Southeast Military Region.

They knew very well that the old commander of the Southeast Military Region had the surname Qin.

Gao Shiwei nodded. "You're right."

Although Wang Haifeng didn't finish his sentence, Gao Shiwei understood what he meant.

"Qin Yuan is the grandson of the old chief of our Southeast Military Region."

"No wonder."

"It's really like the new waves pushing on the previous ones, each wave getting higher and higher."

The officers praised him.

Putting aside the fact that Qin Yuan was the grandson of the old commander of the Southeast Military Region, Qin Yuan was a rare talent.

The strength he displayed in combat alone was already at a height that many people could not reach.

"Congratulations, you win."

At some point, Ren Xian had already stood up.

"You are very strong." Qin Yuan said with a firm gaze.

"Losing means that I'm not strong enough." Ren Xian smiled.

Although he lost, Ren Xian did not find Qin Yuan annoying.

Qin Yuan did not say anything else. He just leaned over and gave Ren Xian a hug.

Ren Xian was a little stunned, but he responded to Qin Yuan's hug.

Perhaps this was the mutual appreciation between experts.

Ren Xian suddenly realized that his hands had strength again.

This way, it would not affect the rest of the competition.

Although he still did not understand the reason, it was no longer important.

What was important was the competition that followed.

After a simple half-hour break, the match continued.

The second round! Shoot!

800-meter-long range sniping.

This was something that the special forces had to master.

However, shooting from 800 meters was still somewhat difficult.

Everyone chose the Type 88 sniper rifle at the same time.

The Type 88 sniper rifle had a caliber of 5.8mm. Its ammunition was the same as the Type 95 automatic rifle. It was designed without a support. It weighed 4.1kg, had a total length of 920mm, a barrel length of 620mm, a magazine capacity of 10 rounds, and an effective range of 800m. However, it could penetrate 3mm thick A3 steel plates from a distance of more than 1000m.

In other words, the maximum effective range of the Type 88 sniper rifle was 800 meters.

However, there were very few people who could hit beyond 1000 meters.

After all, the recoil of the Type 88 sniper rifle was extremely strong.

“Everyone fire 10 bullets! The one with the highest score wins!”

The referee announced the rules loudly.

“We have set up targets for the 800m, 1000m, and 1200m. If the captains have other ideas, you can choose!”

Although the 800-meter mark was mentioned at the beginning, the possibility that these captains wanted to prove their strength could not be ruled out. Therefore, the referee very cleverly set up targets in three positions.

After all, these were the captains of the special forces. Their strength was naturally about the same.

Following the referee’s order, the five of them stood in their seats almost at the same time.

Qin Yuan looked ahead without changing his expression. He did not hesitate at all and pulled the trigger.

It was so fast that it felt like he didn’t need to aim.

“Bang bang bang!”

Gunshots rang out continuously.

“Isn’t this too fast?”

“Why do I feel like the captain of the Battle wolf doesn’t even need to aim?”

“It’s only been a few seconds and he’s already done?”

Everyone sighed.

After all, a sniper rifle was different from other guns.

Before firing, a sniper had to consider many factors.

For example, the wind speed, the humidity of the air, and so on. Any inconspicuous factor would affect the accuracy.

This required the sniper to master extremely high computational ability and quickly calculate the most suitable trajectory.

This was the reason why there were so few outstanding snipers.

The other team leaders finished shooting.

Soon, the target reporter’s voice came from the walkie-talkie.

“800 meters target position, not a single shot!”

Everyone couldn't help but laugh. It seemed that these captains were all ruthless characters.

What did this mean?

This meant that the captains had chosen the 1000m or 1200m!

It was beyond the effective range of the Type 88 sniper rifle.

This was perhaps their pride as captains.

As the captain of the various special forces, he naturally had to be different.

“1000m target position 1, 9 out of 10 shots, 98 points!”

Target No. 1 was the captain of the Falcon Special Forces, Zhang Fei. At this time, the faces of the Falcon team revealed joy.

They had suffered losses in other categories, so they had to regain their pride in shooting!

98 points in 1000 meters was already very good.

After all, once the effective shooting range of the bullet was exceeded, the bullet would fall very quickly.

If one didn't have a superb grasp of the gun, it would be very difficult to hit the target.

Not to mention getting good results.

For Zhang Fei to be able to get 98 points, it meant that he had some foundation.

“1000m target position 2! 99 points!”

Target number two was the captain of the Ferocious Tiger Special Forces from the Northeast Military Region.

After hearing the results, everyone only had one thought, and that was that the Ferocious tiger was indeed very fierce.

“1000m target position 3! 99 points!”

Target number three was the captain of the Snow Leopard Special Forces of the Northwest Military Region.

Another 99 points.

The shocked expressions on everyone's faces did not change.

“How do you calculate this?”

“Both of them have 99 points in 1000m.”

“Aren't there still two teams? What's the hurry?”

While everyone was discussing, the target reporter continued.

“1200m target position 4! 100 points.”

When he said 100 points, the target reporter sounded a little excited.

After all, this was a 1200m 100-point test.

The maximum effective range of the Type 88 sniper rifle was 800 meters. It was already good enough to hit the target at 1000 meters.

Normally, if one didn't have good control over a 1200-meter distance, they wouldn't even know where the bullet would go.

Not to mention hitting the target.

But now, all 10 shots from target number 4 had hit the mark, and all 10 shots were 10 points!

This was too terrifying!

Everyone pricked up their ears and waited for the target reporter's voice.

They were eager to know who target number four was.

Was it Battle wolf's captain or Dragon Soul's captain?

"Target 4, Dragon Soul Special Forces Captain!" The target reporter's voice sounded.

"Captain is awesome!"

The Dragon Soul members couldn't help but shout.

Although this was not something worth showing off to them. But at this moment, they couldn't help but cheer for their captain. "The Dragon Soul Captain is simply inhumane."

"I want to know how many points Captain Battle wolf has!" "Why does it feel like these two teams are always at loggerheads?"

Everyone knew very well that Qin Yuan had chosen 1200 meters.

After all, the first two target tellers had already finished reporting, and they hadn't heard Battle wolf's name.

Now, only Battle wolf was left.

Everyone was curious as to what kind of results Battle wolf's captain would achieve..

Chapter 382: Shooting Black Hole?

Everyone anxiously waited for the target reporter's voice.

"1200 meters, target number 5! 0 points." The target reporter's voice became softer and softer, mixed with a trace of doubt.

Everyone's faces were filled with shock. They could not believe their ears at all.

They repeatedly recalled what the target reporter had said to confirm that they had not heard wrongly.

Looking at the shocked faces of the others, they realized that what the target reporter said was true. They did not hear wrongly.

But how was this possible?

They had clearly seen the captain of the Battle wolf shoot. After all, they were still amazed at the speed of the captain's shooting.

Now, he was telling them that Captain Battle wolf had zero points? How was this possible?

Or perhaps...

Everyone suddenly thought of something.

Could it be that the shooting speed was too fast, so it didn't hit the target at all?

It was not impossible. After all, hitting the target outside the effective range was a test of skill.

However, judging from the captain's performance, it wasn't as if he didn't get a shot.

Or was he shooting at the black hole?

For a moment, everyone's hearts were filled with doubts.

All of them looked at Qin Yuan, wanting to get an answer from him.

Long Xiaoyun kept staring at Qin Yuan on the screen, but her expression was completely different from the others.

Long Xiaoyun had a smile on her face the entire time. She knew that Qin Yuan would definitely not miss the target.

Looking at the puzzled crowd, Qin Yuan walked to the center.

"Tell the target reporter to move back another 300 meters. There's a tree there."

"I hit all the leaves."

Qin Yuan explained.

Everyone was stunned.

300 meters further, wouldn't that be 1500 meters?

The most terrifying thing was that Qin Yuan said that he had hit the leaves. If the truth was really as Qin Yuan said, then his strength was too terrifying.

1,500 meters.

They had never thought about it, let alone try.

Soon, the target reporter's voice came from the other end of the walkie-talkie.

"Yes. It's true!"

After hearing Qin Yuan's voice, the target reporter ran straight to verify it.

When he saw the scene of the leaf, he was a little stunned.

After a while, he remembered to tell everyone through the walkie-talkie.

“Wait here, I’ll be right there.” The target reporter sounded a little excited.

Everyone could hear the excitement in the target reporter’s tone. They were looking forward to what kind of scene would make the target reporter so excited.

A few minutes later, the target reporter appeared in front of everyone.

“You guys...Let me show you!” the target reporter said while panting heavily.

Normally, running 1500 meters was a piece of cake for the target reporter.

But today, he was anxious to let everyone know the truth, so he rushed over without stopping. Only then did he keep panting.

The nearest referee took the branch from the target reporter.

A few holes of the same size appeared on the sparse leaves.

Exactly ten, no more, no less.

The others came over and saw the ten neat holes. It was the bullet hole left behind by the shooting.

At this moment, everyone was stunned.

Other than shock, there was no other expression on their faces.

Everyone was shocked!

1500 meters, hitting ten leaves on the same branch, the bullet holes were still neat and tidy.

This sniping skill was simply terrifying.

For a moment, they did not know what words to use to describe Qin Yuan.

All the surrounding soldiers looked at Qin Yuan with admiration.

It was too awesome!

Battle wolf’s team members couldn’t suppress their excitement. Their captain was so awesome!

At this moment, the Battle wolf felt as if they were Qin Yuan who had completed a 1500-meter shooting.

However, as the person involved, Qin Yuan was much calmer.

1500 meters was nothing to him.

After all, he had obtained the Intermediate Eagle Eye skill from the system. He could easily take down any target within 2000 meters.

Of course, the others did not know about this.

“Amazing!” The Northeast Military Region’s chief sighed.

“Old Gao, this is really a rare talent.” The commander of the Northwest Military Region sighed.

“Looks like Ren Xian has met his match this time.” Wang Haifeng, the commander of the Beijing Military District, said.

For so long, Ren Xian had never lost in any competition, big or small.

But this time, Qin Yuan was like a stumbling block to Ren Xian.

Gao Shiwei smiled and said nothing.

If he said too much, others would think that he was showing off, so he might as well not say anything.

The few officers focused their attention on the screen again.

“Then how do we calculate the results now?” someone suddenly said.

According to the original rules, whoever had the highest number of rings would win.

Now that Qin Yuan had hit the tree leaf, how was his score calculated?

The referee looked at the other captains. This was a competition between them, and they had the right to make a decision.

Especially the captain of the Dragon Soul Special Forces, Ren Xian.

According to their previous results, Ren Xian was currently ranked first.

How Qin Yuan’s results were decided would affect the first-place candidate for this segment.

This time, the captains of the Falcon, Ferocious Tiger, and Snow Leopard Special Forces all looked at Ren Xian at the same time.

They handed the choice to Ren Xian.

For a moment, everyone’s gaze stopped on the Dragon Soul Special Forces’ captain, Ren Xian.

“I’m second.” Under everyone’s gaze, Ren Xian said these two words indifferently.

Ren Xian knew very well that Qin Yuan’s shooting skill was above his.

He had tried 1500 meters in the army before, but his accuracy was sometimes high and sometimes low..,

Chapter 383: Shooting Black Hole?

He knew better than anyone else that in order to hit a 1500-meter target, apart from having extremely high shooting standards, he needed extremely strong arm strength to support himself in completing the shot.

In other words, Qin Yuan’s shooting level and physical fitness were incomparable to ordinary people.

It was Ren Xian’s first time encountering an opponent with such terrifying strength.

He had never been someone who could not afford to lose. Even though he had hit the bullseye with all 10 shots in the 1200-meter distance, in his opinion, he still lost to Qin Yuan.

As soon as Ren Xian said that, Qin Yuan raised his head to look at Ren Xian.

The word neither arrogant nor impatient was vividly reflected in Ren Xian.

He was not proud as the captain of the strongest special forces, nor was he anxious because he had lost the game.

Instead, he treated his opponent calmly and acknowledged his opponent.

This was the demeanor of a powerhouse!

At this moment, Qin Yuan looked at Ren Xian with a hint of admiration.

“The second round, victory goes to Battlewolf captain!” The referee shouted.

There were a total of three rounds of competition, and Qin Yuan had already won first place in two rounds.

In fact, the final result was already very obvious.

It did not matter if Qin Yuan could get first place in the third round of the competition.

The final winner of this competition would be Qin Yuan.

Thinking of this, everyone felt that there was no need to continue the third round.

Anyway, no matter how they competed, the first place would belong to Battle wolf.

However, as special forces, they would not lose without a fight.

Even though they already knew the final result, they still had to finish this competition.

“Rumble

“Rumble

An IFV came roaring over and stopped in front of them.

“It’s a Type 04 Infantry Fighting Vehicle!” Some sharp-eyed people were the first to recognize it.

The Type 04 Infantry Fighting Vehicle was the second-generation tracked infantry fighting vehicle that was developed independently after the Type 86 Infantry Fighting Vehicle.

The vehicle was equipped with a loomm cannon and a 30mm cannon, as well as a 7.62mm machine gun. Its firepower was unrivaled among infantry fighting vehicles of the same type.

It was a pity that success depended on firepower, and failure depended on firepower too.

Due to the variety of weapons on the vehicle, the space inside the vehicle was very crowded, and the fire control was extremely complicated, the difficulty of driving the Type 04 IFV was the highest among all the active IFVs.

Very few people could pilot the Type 04 IFV skillfully.

When the Type 04 IFV stopped, someone asked.

“Didn’t you say that you were going to shoot through obstacles? There was no obstacle course here.”

The referee smiled. “Look over there.”

Everyone looked in the direction the referee was pointing at. Not far from their left, there were some undulating obstacle signs.

During the first two rounds of the competition, they had already set up the obstacle course.

Soon, everyone arrived at the arena that was filled with obstacles.

Including the Type 04 IFV.

On the obstacle course, the route and target had already been planned.

The driver of the Type 04 IFV jumped down, leaving only one gunner on it.

The gunner had been chosen in advance and had a wealth of experience.

Everything was up to the captains who were acting as pilots.

It was impossible to rely on a single pilot to complete the task of rapid obstacle shooting. A gunner was needed to operate the weapon.

The pilot needed to avoid a series of obstacles in extremely complicated road conditions and provide the gunner with a suitable attack angle to ensure that he could accurately hit the target.

According to the previous rules, the person who completed the test in the shortest time would be the winner of the competition.

Everyone couldn't help but break out in a cold sweat for their captain.

After all, the difficulty of driving the Type 04 IFV was too high.

Most importantly, they were still in the snow.

This not only tested the captain's driving skills but their ability to resist the cold.

While everyone was worried, the competition began.

The first to go on the field was the captain of the Falcon Special Forces, Zhang Fei. Under everyone's gaze, Zhang Fei completed the driving.

14 minutes and 30 seconds!

It wasn't very fast, but it wasn't slow either.

Then, the captain of the Ferocious Tiger Special Forces and the captain of the Snow Leopard Special Forces took turns going on stage.

The two of them performed better than Zhang Fei. At the very least, their speed was much faster.

"Ferocious Tiger Special Forces Captain, 12 minutes and 30 seconds!"

"Captain of the Snow Leopard Special Forces, 12 minutes and 25 seconds!"

The two of them used almost the same amount of time, but both of them used less time than Zhang Fei.

Soon, it was the Dragon Soul Special Forces Captain Ren Xian's turn.

The Type 04 IFV was no stranger to Ren Xian.

When Ren Xian was still a special forces soldier, in addition to completing the daily training of the army, Ren Xian would use all his spare time to learn how to drive various special vehicles.

All along, he had asked her to do far more than others.

This was one of the reasons why he was so powerful.

Under everyone's gaze, Ren Xian entered the IFV.

Soon, Ren Xian started the IFV.

The bumpy road, the quagmire, the half-melted snow, and the continuous obstacles covered the entire field.

It had to be said that these obstacles were very close to actual combat.

Under everyone's gaze, the IFV driven by Ren Xian moved freely through various obstacles and smoothly arrived at the designated shooting position.

It had to be said that Ren Xian's attack angle for the cannon captain was perfect.

The gunner, who was already prepared, operated the loomm cannon and attacked the designated target.

"Boom

"Boom

Hearing the constant sounds of artillery shells, everyone could not help but sigh.

"This is too fast!"

"It feels like it hasn't been long, but they're already firing."

"That must be because the Dragon Soul Captain drove faster. Otherwise, why would he start attacking so early?"

"Indeed, this Dragon Soul captain is fierce."

While everyone was talking, Ren Xian's IFV had successfully reached the finish line.

Only Qin Yuan was left.

The other troops could not help but look at Qin Yuan. They wanted to see how Qin Yuan, who had amazing strength in the previous two rounds, would perform in this round.

The Battle wolf members were looking forward to it. It was as if they had never seen their captain drive such an armored vehicle before.

However, they believed that Qin Yuan would not disappoint them. Soon, Ren Xian drove the IFV back to the starting point.

"It's your turn, Captain Qin."

Ren Xian jumped down from the IFV.

"Let the cannon captain come down as well."

Qin Yuan nodded.

“I can do it alone.”

Ren Xian was a little stunned.

The fire control of the Type 04 IFV was very complicated and could not be operated by one person.

Most importantly, the driver’s line of sight was very limited.

It was already very difficult to observe the entire environment around the tank, let alone complete the driving and firing alone.

“Can you really do it?” Ren Xian asked worriedly.

“Don’t worry.” Qin Yuan said indifferently.

He knew very well that Ren Xian was thinking of him from the bottom of his heart.

He did not see himself as an irreconcilable opponent.

Seeing Qin Yuan’s determined gaze, Ren Xian did not say anything else.

On the contrary, the other people around them all revealed puzzled expressions when they saw the gunner get out of the car.

What was going on?

Why did the cannon captain come down?

Could it be that the captain of the Battle wolf had to complete the piloting and fire control alone?

How was this possible?

Everyone wished they could run to Qin Yuan’s side at this moment to find out what was going on.

Under everyone’s puzzled gaze, Qin Yuan drove the Type 04 IFV and set off.

Under Qin Yuan’s control, the Type 04 IFV was extremely agile.

Moreover, when Qin Yuan encountered various obstacles, he did not slow down at all.

It was as if he could see nothing, and it felt like he was driving on flat ground.

Ren Xian was a little lost in thought. He knew very well that only by mastering the driving skills to the extreme could he achieve this.

Even he could not do what Qin Yuan did.

This person’s strength was too terrifying!

When he was about to reach the attack position, Qin Yuan made a perfect

The sound of tires rubbing against the ground attracted everyone’s attention.

This was too cool! At this moment.

“Boom!”

“Boom!”

Under Qin Yuan's control, the loomm cannon fired at full power.

For a moment, everyone wondered if Qin Yuan was the only one in the car..

Chapter 384: See You Again

The reason why everyone suspected that Qin Yuan was the only one in the car was that the interval between the cannonballs was too short.

What did this mean?

This meant that Qin Yuan's attack speed was ridiculously fast!

One had to know that accurate firepower required a fixed position to attack the target. It was not something that could be hit casually.

At the same time, after each shot, it needed to be readjusted to correct the trajectory of the next shot.

The speed at which Qin Yuan fired the cannonballs was so fast that it was as if he did not need to adjust or aim at all. But it was extremely accurate!

This was too abnormal.

Everyone could not help but be a little lost in thought. They suddenly wanted to know what Qin Yuan was not good at.

Under the shocked gazes of the crowd, Qin Yuan drove the Type 04 IFV to the finish line successfully.

"9-9 minutes and 16 seconds!"

The timekeeper's voice was trembling.

"Hiss -"

A series of gasps sounded.

The scene was silent.

Qin Yuan only spent less than 10 minutes to complete the obstacle shooting course.

While driving alone, he was in charge of firepower. In the end, it only took less than 10 minutes.

He was even faster than the captain of the Dragon Soul Special Forces, Ren Xian!

Originally, they thought that Ren Xian's 10 minutes and 30 seconds were fast enough, but they did not expect Qin Yuan to be faster than Ren Xian.

The most important thing was that Qin Yuan completed the obstacle shot alone.

This was too terrifying!

Everyone's faces were filled with shock!

Extremely shocked !

"Congratulations, you win." Ren Xian walked in front of Qin Yuan.

Qin Yuan smiled. "Thank you."

"You are very strong."

Qin Yuan was not stingy with his praise.

He rarely took the initiative to praise others, and Ren Xian was an exception.

This was the first time Qin Yuan had encountered such a strong opponent.

If not for the system, Qin Yuan felt that he might not have been able to defeat Ren Xian.

Unfortunately, Qin Yuan had the system with him.

From this, it could be seen that Ren Xian's strength could not be underestimated either.

"The loser doesn't deserve the word 'strong'." Ren Xian said lightly.

In Ren Xian's view, losing meant that he was not strong enough.

If he was really strong, then he would not lose to any opponent.

This was the first time in a long time that Ren Xian had lost to someone else.

However, he was convinced that Qin Yuan was indeed very strong.

Qin Yuan glanced at Ren Xian and patted his chest.

"You didn't lose to me."

Ren Xian looked at Qin Yuan in surprise, but he quickly regained his composure.

"Thank you, Captain Qin." Ren Xian said sincerely.

Losing was not a shameful thing, let alone losing to such a powerful Qin Yuan.

Ren Xian secretly made up his mind that he must become stronger.

The other members of the Dragon Soul were clearly disappointed.

After so many years, they had gotten used to the glory of being number one. It seemed that this thinking had become fixed.

They felt that once their troops made a move, victory would be theirs.

Until they met Battle wolf.

Only then did they feel a sense of danger.

And today's competition between the captains had refreshed their understanding of the past.

For a moment, the Dragon Soul members had mixed feelings.

"Good, your Southeast Military Region has nurtured a good seedling." Wang Haifeng, the commander of the Beijing Military District, said.

Although the Dragon Soul captain of the Beijing Military Region lost, Wang Haifeng had to admit that Qin Yuan was indeed very strong!

This sounded the alarm for them.

People couldn't always be strong. There will always be someone stronger than you.

Only by constantly improving himself would he not fall behind others.

"You flatter me. Your Ren Xian is still very strong." Gao Shiwei said seriously. Although Qin Yuan won, it was undeniable that Ren Xian was very strong.

It could be seen from their performance.

"Alright, stop being humble." The commander of the Northeast Military Region said with a smile.

"Haha, this special forces competition has really broadened my horizons." The commander of the Northwest Military Region said.

In previous years, the Dragon Soul had always been the champion.

Although the Dragon Soul was still in first place this time, they had seen a newborn calf that was not afraid of a tiger.

Furthermore, Battle wolf's performance was extremely eye-catching.

Especially today's battle between the captains.

Qin Yuan's performance shocked them even more.

They suddenly felt that under Qin Yuan's leadership, Battle wolf's strength would definitely rise to another level in a few days!

At that time, it would be hard to say who would be the strongest special forces in the entire army.

The next morning.

After everyone finished their breakfast, they couldn't wait to go to the gathering point.

That was because today was the day they returned.

After the general finished speaking, they were going to return to their respective bases.

After waiting for a while, the general's figure finally appeared in everyone's sight.

The general strode to the microphone and cleared his throat.

"Comrades! With the end of the competition between the captains, the All-Army Special Forces Competition has officially come to an end."

"Everyone knows that the champion of this competition is still the Dragon Soul Special Forces of the Beijing Military Region! It had to be said that they were a particularly strong team."

"However, they are not invincible!"

"Judging from Battle wolf's performance, the Dragon Soul should be feeling a sense of danger."

“This is a good start!”

“I hope that there will be more teams like this to contend with the dragon souls! We might even surpass them!”

The general said loudly.

Before Battle wolf was established, Dragon Soul had always suppressed the special forces of various military regions..

Chapter 385: See You Again

Compared to having a monopoly, the commanders of the general military region hoped that more powerful teams would appear!

This was the true intention of the special forces competition!

The general’s words stirred up the blood in everyone’s hearts.

They had always thought that the Dragon Soul was invincible, but Battle wolf gave them hope.

At the same time, they could feel the pressure that Battle wolf was giving them.

However, no one was willing to lose to others, especially soldiers like them.

As long as there was a glimmer of hope, they would work hard to realize it.

Even if they couldn’t beat the Dragon Soul and Battle wolf in the end, as long as they were better than before, it was an improvement.

Instantly, everyone’s fighting spirit was ignited.

Looking at the fighting spirit in the eyes of everyone below the stage, the general revealed a gratified smile.

This was the original intention of holding the special forces competition.

After saying a few more words, he dismissed the team and let everyone prepare to return.

Battle wolf and the others prepared to return to their tents to pack their things.

Qin Yuan walked in another direction.

“Captain, where are you going?” Geng Hu noticed Qin Yuan was walking in another direction and asked curiously.

“Don’t worry about me. You guys go back first.”

Qin Yuan did not intend to explain to everyone.

“Alright, let’s go. Why do you care so much about Captain’s matters?” Zheng Xiaohu said angrily.

Just like that, everyone walked towards the tent.

Qin Yuan caught up with Ren Xian, who was about to leave.

“Captain Ren!” Qin Yuan shouted as he strode forward.

After Ren Xian heard the shout, he turned around.

After seeing that it was Qin Yuan, Ren Xian’s face was obviously a little surprised.

“Captain Qin, why are you here?”

“I have a few words to say to you.” Qin Yuan said with a smile.

“Captain Ren, if you don’t become the captain of Dragon Soul one day, can you come to Wolf Fang?”

Hearing Qin Yuan’s words, Ren Xian was stunned.

Good heavens, was he here to poach him?

He did not understand why Qin Yuan would say such a thing. He had never thought of leaving the Dragon Soul.

If there was such a day, it would be the day he left the army.

“I don’t mean anything else. I just feel that for someone as strong as Captain Ren, I’d rather work with you than be your opponent.” Qin Yuan explained.

Ren Xian felt that Qin Yuan’s attitude towards him was indeed very friendly.

It would be good if she could work with Qin Yuan.

However, Dragon soul was the beginning of his dream, and it was brought out by him.

It was impossible for him to leave Dragon soul.

“Captain Qin, thank you for thinking so highly of me.”

Ren Xian said.

“We’ll meet again.”

Ren Xian did not answer Qin Yuan’s question directly, but his attitude was already very obvious.

Qin Yuan was a smart person. He naturally knew what Ren Xian meant.

“Mm, see you again.”

After bidding farewell to Ren Xian, Qin Yuan returned to his tent.

Battle wolf and the others had already packed up everything and were waiting for Qin Yuan.

“Captain, you’re back!”

“Captain! ”

Everyone shouted when they saw Qin Yuan.

“Are you done packing?” Qin Yuan asked.

Everyone nodded.

“Then let’s go.”

Just as everyone was about to leave, a figure suddenly barged into the tent.

“Chief?” Long Xiaoyun walked forward.

After hearing Long Xiaoyun’s voice, everyone from Battle wolf looked towards the door.

It was Gao Shiwei.

“Chief!”

“Hello, Chief!”

Everyone hurriedly greeted him.

“Chief, why are you here?” Qin Yuan asked.

“For this.” Gao Shiwei took out something from his pocket.

Everyone’s attention instantly shifted to the thing in Gao Shiwei’s hand.

A note.

Everyone could clearly see that Gao Shiwei was holding a piece of paper.

Everyone was stunned.

What did a note have to do with the Bureau Chief coming here?

Everyone was confused.

Other than Geng Hu, Zheng Xiaohu, and Qin Yuan.

Geng Hu and Zheng Xiaohu, who were standing at the front, saw the note in Gao Shiwei’s hand.

She couldn’t help but take a few steps back and stand behind the others.

Gao Shiwei noticed this scene and said with a smile. “What’s wrong? You two only remembered to be afraid now?” “I’m sorry, Chief! We were too rash.”

Geng Hu and Zheng Xiaohu lowered their heads and said.

If Gao Shiwei had not appeared with the note, they would have long forgotten about this matter.

At that time, they had only followed the captain’s request and didn’t expect the Bureau Chief to remember this.

So the Bureau Chief was here to settle scores with them today?

The two of them were a little flustered.

Seeing Geng Hu and Zheng Xiaohu’s reaction, the rest of Battle wolf were even more confused.

What was going on?

Gao Shiwei looked at the confused Battle wolf members.” You two explain to everyone.”

Geng Hu and Zheng Xiaohu winked at each other, wanting to signal the other to step forward and speak.

“Geng Hu! Don’t dawdle.” Qin Yuan reprimanded.

Geng Hu, who was called out by his captain, could only speak.

“Previously, when Captain brought us to steal the trophy, Captain asked Xiaohu and I to leave a note for the Bureau Chief.”

“It’s the one in the Bureau Chief’s hand.”

Geng Hu even stole a glance at Gao Shiwei to observe his expression.

“That’s it?”

“Aren’t you going to tell your teammates what’s written on it?”

Gao Shiwei said.

The other Battle wolf members nodded in agreement.

Most importantly, after hearing what Geng Hu said, they still did not understand what the note had to do with the Bureau Chief coming here.

“Um... The note said, ‘Chief, your trophy is too light. We don’t want it! Next time, please get a heavier one. It’s best if it’s the kind that can’t be moved.’” Geng Hu stammered.

Hearing this, the Battle wolf finally understood why Gao Shiwei had come here.

He was here to ask for the trophy.

But they didn’t get first place.

This was difficult. They didn’t know what the Bureau Chief would say.

Everyone could not help but look at Gao Shiwei, wanting to get an answer from his face.

“Although you didn’t get first place this time, to me, your results are already much more important than the trophy.”

“I hope you can bring me a heavyweight trophy next time!”

Gao Shiwei’s voice was sonorous and powerful, echoing in everyone’s ears.

Everyone looked up at Gao Shiwei and saw the determination in his eyes.

The sincerity to believe in them.

They knew that Gao Shiwei had high hopes for them.

Even without Gao Shiwei’s words, they would still work harder towards this goal.

Because they were Battle wolf!

He wanted to be the strongest special forces!

“Don’t worry, Chief. We will definitely do it!”

Everyone shouted in unison.

No matter how difficult the road ahead was, they would overcome all difficulties and obstacles to get closer to the goal in their hearts.

Gao Shiwei nodded.

Then, he called Qin Yuan and Long Xiaoyun outside the tent.

“Chief.”

“Chief!”

Qin Yuan and Long Xiaoyun shouted.

“There are no outsiders here, so there’s no need to be so polite.” Gao Shiwei said with a smile.

“Chief, I’m sorry to disappoint you.” Qin Yuan said.

After all, he had promised that he would not disappoint Gao Shiwei.

“Who said I was disappointed?” Gao Shiwei looked at Qin Yuan.

“A newly established unit almost took first place in the hands of the strongest special forces in the entire army. Who else could do that?” “You have already far exceeded my expectations.”

Gao Shiwei said.

He had never thought of letting this group of people win first place on their first time participating. Because it sounded too unbelievable.

After all, the Dragon Soul Special Forces had always been the strongest.

“If you really take them to first place, the entire military region will change.” Qin Yuan and Long Xiaoyun naturally knew what Gao Shiwei meant.

The two of them knew very well that it wasn’t that Gao Shiwei didn’t trust them, but the Dragon Soul’s strength had always been there.

In addition, Wolf Fang, who was from the Southeast Military Region, had an average performance in the special forces competition.

Gao Shiwei could only hope that Battle wolf could bring him a different result.

Obviously, Battle wolf had done it.

Just as Qin Yuan had said, he did not disappoint him.

“Don’t worry, Chief. I guarantee that there will be an extra trophy in your office next time.” Qin Yuan said with a smile, his gaze very firm.

“Then I’ll wait.”

Gao Shiwei laughed..

Chapter 386: A New Beginning

After watching Gao Shiwei leave, Qin Yuan and Long Xiaoyun brought Battle wolf and the others on their return journey.

In the cabin.

Geng Hu stole glances at Qin Yuan from time to time.

When their eyes met, Geng Hu quickly turned to look outside the plane.

“Tell me, what do you want this time?”

Qin Yuan said.

Along the way, Geng Hu kept staring at him. Qin Yuan knew that Geng Hu definitely had something to say.

“Captain, nothing much. I just want to know, what did the Bureau Chief say to you?”

Geng Hu stammered.

As a subordinate, he had no right to ask about his superior.

However, Gao Shiwei looked like he was here to collect a debt from the beginning. However, after Gao Shiwei chatted with Qin Yuan and Long Xiaoyun outside the tent, he left without saying anything else.

Geng Hu really wanted to know the reason behind this.

He was afraid that if he dodged this time, he would not be able to escape the next time.

What if Gao Shiwei settled the score after autumn?

“I knew you were still thinking about this.” Qin Yuan smiled.

“The Bureau Chief wants you to give him a trophy for first place next time and put it in his office. He’ll let you off with the note.”

“Otherwise... You know what will happen.”

When Qin Yuan said the last sentence, he deliberately dragged out his voice.

“Just like that?!” Geng Hu stood up from his seat and asked doubtfully.

“If you want to be punished, I have no objections.” Qin Yuan glanced at Geng Hu and said coldly.

“I will definitely do it!” Geng Hu said loudly.

Happiness came too suddenly!

Geng Hu thought that the Bureau Chief would be angry because of this, but he didn’t expect that the Bureau Chief wouldn’t.

He just wanted him to come back with a trophy for first place next time.

In Geng Huts opinion, this was not a difficult task.

With this experience, it would be very helpful for their future training.

No matter what kind of changes would happen in the future, he, Geng Hu, would be the strongest.

They had to lead their teammates to get first place.

“Alright, sit down.” Zheng Xiaohu tugged at the corner of Geng Hut s shirt.

As the conversation between Geng Hu and Qin Yuan ended, the atmosphere in the cabin became cheerful.

Everyone chatted and laughed.

Qin Yuan did not stop them. After all, this was their rare free time. In the evening, the plane finally landed in the open space of Battle Wolf Base.

“I’m finally back!”

“The air in our base is still the best.”

Everyone said as soon as they got off the plane.

Team One’s Vice Captain Liu Ye and Team Two’s Instructor Gong Jian had already brought the rest of the Battle wolf members to wait for them.

“Captain, you’re back!”

After seeing Qin Yuan’s figure, Liu Ye was the first to shout.

Qin Yuan nodded. “Why did you come out to pick us up?”

On the phone, Qin Yuan had instructed them not to come out to welcome him. They could just wait in the base.

Liu Ye touched his head. “Our brothers insisted on coming. Besides, isn’t waiting here just waiting?”

“Welcome home!” Gong Jian walked over and said with a smile.

When He Chenguang and the others saw Gong Jian, they were all surprised.

After all, they had not seen Gong Jian for a long time.

Other than the few days during the competition, they rarely saw their instructors when they were training at the base. “Instructor! I missed you so much.” Li Erniu shouted.

“Instructor!” Wang Yanbing shouted.

“Instructor, where have you been these past few days?” He Chenguang asked curiously.

Gong Jian looked at the curious faces of the few of them and smiled. “You’ll find out soon.”

After Gong Jian finished speaking, he walked to Qin Yuan’s side.

Everyone stared at Gong Jian’s back in confusion.

“What does the instructor mean?”

“If you ask me, who should I ask?”

“Alright, didn’t the instructor say that we’ll know soon enough? Let’s not make wild guesses here.”

On the other side, when Qin Yuan saw Gong Jian walking towards him, he sent the others around him away.

“Is it all done?” Qin Yuan asked with a smile.

“Do you want to go and take a look?”

“We’ll see tomorrow during training. Besides, you’ve never made me worry about you.”

Qin Yuan’s words made Gong Jian laugh.

“It’s rare for you to praise someone.”

Gong Jian recalled that when he was working with Qin Yuan in the recruit company, Qin Yuan had almost never praised anyone. Qin Yuan’s words were undoubtedly praising him.

Qin Yuan smiled and did not say anything.

The main thing was that he had never been worried about Gong Jian’s work. Moreover, it was already dark, so it was not convenient.

After everyone returned to the base.

After Qin Yuan instructed them to train according to their normal routine tomorrow morning, he disbanded the team.

Qin Yuan walked towards his treehouse.

“Qin Yuan!” Long Xiaoyun called him from behind.

“What’s the matter?” Qin Yuan turned around. “What are you going to train them for tomorrow?”

Long Xiaoyun was a little confused.

After all, they had just returned from the competition and were already training?

Most importantly, these people had almost finished training the basic subjects.

“Why don’t you ask your team’s instructor what he’s been busy with these days?” Qin Yuan said with a faint smile.

“Alright, stop keeping me in suspense.” Long Xiaoyun said coldly.

“CQB.” Qin Yuan said in a low voice.

“You know that if they want to become the strongest special forces, they have to master all these.”

“I’ve been preparing for the special forces competition for a while, so I didn’t mention this..”

Chapter 387: A New Beginning

Long Xiaoyun could not help but look at Qin Yuan. She did not expect Qin Yuan to have a new idea so quickly.

Long Xiaoyun nodded. “Is the venue ready?”

“Yeah, what else do you think the instructor of Team Two has been doing for so many days?”

Long Xiaoyun instantly understood why Gong Jian had disappeared these days.

It looked like they were preparing for the training ground for the CIQ.

“I wonder how they will react when they see it tomorrow.” Long Xiaoyun said thoughtfully.

“Won’t we know tomorrow?” Qin Yuan said with a smile.

The next morning.

Everyone had already gathered their teams and waited for Qin Yuan to speak.

“The special forces competition has come to an end. From today onwards, we will resume training!”

“This is a brand new beginning. I hope that all of you can be 200% spirited!” Qin Yuan said loudly.

Everyone naturally understood what Qin Yuan meant. The competition was over, but their journey had just begun.

And this was a new beginning!

“Understood!” Battle wolf and the others shouted in unison.

Soon, everyone arrived outside the base.

Everyone followed behind Gong Jian and Qin Yuan.

Halfway through, Li Erniu and the others could not help but feel puzzled.

“Brother Bing, where does Captain want us to ?????” Erniu nudged Wang Yanbing.

Wang Yanbing shook her head. “I was wondering about this too. We don’t usually train this way.”

The two of them looked at He Chenguang. After all, He Chenguang was the one with the most ideas among the three of them.

“Why are you all looking at me? Why don’t you just follow me?” He Chenguang said unhappily.

He was not a worm in Qin Yuan’s stomach, so how could he always know what Qin Yuan was thinking?

After hearing He Chenguang’s words, the two of them didn’t say anything else and continued walking with their heads lowered.

Soon, the team stopped.

What greeted everyone’s eyes were a few dilapidated buildings.

It was as if it had been abandoned.

Everyone was a little confused. Why would there be an abandoned building in this deep forest?

Moreover, they had come to this place on the first day they came to the Dark Forest.

He didn’t see any buildings at that time.

Everyone looked at the scene in front of them in disbelief. For a moment, they suspected that there was a deviation in their memories.

He Chenguang suddenly thought of something. “Could it be that the instructor went to build these venues when he disappeared?”

He Chenguang’s words reminded Wang Yanbing, “I think what you said makes sense.”

“Are we going to train here next?” Li Erniu muttered.

After everyone quieted down, Qin Yuan spoke.

“Everyone can see the buildings in front of you. These are all built by our team’s instructors and other brothers!”

“When everyone was complaining about the hard and tiring training, they personally built this field with bricks and tiles.” “Are they tired? Let me tell you, they sweat more than you eat salt!” “I hope that you will be worthy of their efforts!”

Qin Yuan said word by word, his voice echoing in everyone’s ears.

At this moment, Battle wolf Team One and Team Two were silent, not knowing what to say.

However, their eyes were unusually firm. They knew that they would not let down the painstaking efforts of their instructors and other brothers.

As he spoke, Qin Yuan sized up the venue.

Not bad!

It seemed that he had made the right decision to keep those soldiers who had not been selected for the Battle wolf.

“I believe some of you can guess what we will be training next.”

As Qin Yuan spoke, he looked at Battle wolf and the others.

“CQB?” Leng Feng suddenly said.

Hearing Leng Feng’s words, Long Xiaoyun looked at Leng Feng.

It seemed that this kid was very knowledgeable about special tactics.

“Not bad.” Qin Yuan nodded.

“Captain, stop playing dumb.” Geng Hu said.

Most of them were from the logistics company, so they had never heard of such things.

Moreover, they had never paid attention to this before.

After all, they only wanted to lie flat at that time.

“Captain Long, tell everyone about the training that will follow.” Qin Yuan looked at Long Xiaoyun.

Long Xiaoyun walked to the front of the crowd.

“CQB refers to Close-quarters combat. In our words, it’s indoor close-range combat. It’s a combat technique and tactical model developed by the commandos, anti-terrorist special forces, and other special service units of the military and police of various countries to cope with the needs of today’s environment. It’s used to deal with the continuous spread of terrorist activities, crimes, and special operations in the city.”

“This set of combat techniques and tactics is completely different from traditional field battles and jungle battles. It is mostly used in the enemy’s headquarters, buildings, residential areas, alleys, and other indoor narrow environments. Therefore, this tactic is called ‘indoor close-range combat’ or

‘Close-quarters combat’.”

Long Xiaoyun explained unhurriedly.

“Perhaps you will ask, we have been stationed in the deep mountains and forests all year round. Why do we still have to learn this tactic?” “Or perhaps you think that we are soldiers to fight and prepare for war.”

“What I want to tell you is that you are special forces! The special forces were an all-terrain, all-weather force.”

“As special forces, we will not only be deployed when war breaks out. Usually, if there is a riot or terrorist crime in the city, we will be deployed to solve all problems that threaten society and harm the people.”

“And what is the most common thing in the city? It was a building, a street! And the people!” How to determine the enemy’s position, how to block the enemy, how to

coordinate with the attack, what weapons to use, how to maintain communication, how to evacuate the people, and so on, these are all things that you must master!

“Therefore, you must master and be proficient in today’s CQB training!” Long Xiaoyun’s eyes were sharp.

She wasn’t exaggerating. With the development of the times, terrorist kidnappings occurred frequently, and most of them happened in cities.

In order to protect the safety and interests of the people, as special forces soldiers, they had to master this subject!

Moreover, this kind of battle method could further cultivate everyone’s cooperation ability.

“Does everyone understand what Captain Long said?!” Qin Yuan asked loudly.

Everyone nodded. “Understood!”

“Now, I need three people to cooperate with me and Captain Long. Anyone who knows about CQB can step forward.” Qin Yuan said as he looked at everyone.

Suddenly, a voice sounded.

“Captain! I know.”

Everyone followed the voice and looked over. It was Leng Feng.

Qin Yuan nodded.

“Captain, I can do it too.” He Chenguang said.

He had joined the army to become a special forces soldier.

Therefore, before he entered the army, He Chenguang had learned everything about the special forces.

Although he had never fought in actual combat, he knew more than others.

“Later, we and Captain Long will each bring two people to act as terrorists and special forces.”

“How about this, He Chenguang and Leng Feng, you two will follow Captain Long and be special forces.”

“Geng Hu, Zheng Xiaohu! Step forward!”

After hearing their captain’s voice, the two of them stood up without any hesitation.

“The two of you followed me as terrorists!”

“Team. Captain, we don’t know anything.” Geng Hu said awkwardly.

“What did I say? Just follow me!”

“The rest of you, follow the team playing the special forces. When we demonstrate later, you have to pay attention to our every move!”

Qin Yuan’s voice was filled with dignity, and there was no room for doubt.

“Yes, sir!”

Soon, Qin Yuan, Geng Hu, and Zheng Xiaohu entered the building fully armed.

The remaining members of Battle wolf followed behind Long Xiaoyun.

“When engaging in indoor close-range combat, people will usually be grouped according to the mission characteristics, such as attack, support, sniping, destruction, blockade, and so on.”

“And the attack team is the core member of the entire CQB’s operations. It is the key to determining the success of the mission.”

“Therefore, in a CQB battle, there is a high requirement for the strength of the members of the attack team.”

“I hope that each and every one of you can become elites.”

As Long Xiaoyun walked, he told everyone about the specific grouping and division of labor of the CQB..

Chapter 388: COE Training

“Take the division of labor in the attacking team for example. If it’s a two-man team, one person is responsible for attacking and the other is responsible for covering fire. However, the most suitable method was to form an attack group of four people. According to the specific needs of the mission, they could send out multiple attack groups at the same time.”

Long Xiaoyun continued to explain.

“The sabotage team is responsible for removing all obstacles that hinder the movement route, such as barbed wire, locked doors, walls, and so on. In addition to personal weapons and equipment, they needed to carry a hammer, a gun, a chainsaw, explosives, and other destructive tools to be ready to clear the obstacles at any time.”

“Usually, when a three-man team is formed, one person will be in charge of attacking, one person will be in charge of guarding and covering, and the remaining one will be in charge of destroying.”

“In the four-man team, the division of labor is still the same as before, but the extra person can better rescue the hostage and ensure the safety of the hostage.”

Long Xiaoyun explained the specific division of labor to everyone in detail.

Everyone listened with great interest, as if they were already rescuing the hostages.

“Later, I will form a team with He Chenguang and Leng Feng.” Long Xiaoyun took out the walkie-talkie in her pocket. “Are you ready?”

“Everything is ready.” Qin Yuan’s voice came from the other end of the walkie-talkie.

“Alright, we can start now.”

After talking to Qin Yuan, Long Xiaoyun took out a military tablet and handed it to Leng Feng.

“You and He Chenguang take a look first. There is information about the hostages in the wasteland, including the structure of this building. According to this information, they would rescue the hostages!”

“Yes, sir!”

Leng Feng took the tablet.

There were eight to nine rooms in this building. The windows were basically broken and there were many pieces of broken glass.

The robber was in the room on the rightmost side of the top floor.

This room only had one door and one window.

In other words, if they wanted to enter, they could only break through the door or jump through the window.

However, this window was not on the other side of the corridor.

Instead, it was suspended in the sky.

On the top floor again.

If he wanted to jump in through the window, it could be said to be extremely difficult.

It was already dangerous to hang in the air, not to mention hanging in the air in front of the robbers.

If the robbers suddenly opened fire, they would not be able to retaliate at all.

However, if you broke in, the robbers were not fools. They would not let you in so easily.

Moreover, they only knew that the robbers were in the room, but they did not know their exact location.

It would not be easy to rescue the hostages safely.

Fortunately, the materials of the door, window, and wall were all described on the tablet, making it easier for them to blow them up.

In the next second, the content on the tablet made Leng Feng and He Chen Guan frown.

[Mission Requirements: Kill the robbers and successfully rescue the hostages.] If the hostage is injured, the mission will fail!

“That’s all? How are we supposed to save him?” He Chenguang was a little worried.

“This is already considered good. If you really encounter robbers, you won’t even know the number of robbers, let alone get the structural map of the entire building.” Leng Feng said.

Before coming to the Battle wolf, he had come into contact with the CQB, so he knew the basics very well.

“But Captain Long, don’t you need to take a look?” Leng Feng said as he pointed at the tablet in his hand.

The moment Long Xiaoyun took out the tablet, she had already given it to them. In other words, Long Xiaoyun hadn’t had the time to study the structure of the building and the information about the kidnapers.

Long Xiaoyun shook her head. “No need. I won’t go with you.”

“Not coming with us?” Leng Feng and He Chenguang were somewhat puzzled.

“Captain Long, what do you mean?” He Chenguang looked at Long Xiaoyun.

“Here, you guys follow Captain Qin.” Long Xiaoyun said while pointing at the exit of the building.

Qin Yuan was walking towards everyone from the exit.

Seeing this scene, the others at the side were dumbfounded.

What was going on?

Didn’t Captain Long bring two people to be special forces soldiers and Captain Qin bring two people to be robbers?

Besides, Captain Qin was the kidnapper in the beginning, so he knew the location of the other two kidnapers and the situation of the hostages.

If he became a special forces soldier now, wouldn’t it be easy to save the hostages?

Everyone looked at Qin Yuan in confusion.

“Don’t worry, I just told them some things to take note of. As for which room they chose and what the specific arrangements were, I didn’t interfere and didn’t know.”

Qin Yuan could tell what everyone was thinking at a glance.

“When I communicated with your Captain Long, I had already come down. I just didn’t come over.”

After hearing Qin Yuan’s words, everyone understood that Qin Yuan knew nothing about the kidnapers.

Qin Yuan said with a smile.

“It just so happens that Captain Long is tired of looking at team two, so let’s change.”

Everyone knew that this was definitely not the real reason. Since Qin Yuan did not want to say anything, they would not get any results if they continued to ask.

In fact, Qin Yuan was thinking for Long Xiaoyun.

Because this was the first time the Battle wolf had come into contact with a CQB, Qin Yuan and Long Xiaoyun agreed that they needed a good start.

However, there were too many uncertain factors that they could not control.

However, Qin Yuan was different. He had the system.

It was definitely more convenient for him to do things than others.

Especially Long Xiaoyun. Although her strength was extraordinary, there was always a disparity in strength between men and women..

Chapter 389: CQB Training

Compared to bringing He Chenguang and Leng Feng to fight the bandits, it was better to let the meticulous Long Xiaoyun be the bandit.

Long Xiaoyun's mind was extremely meticulous. She could better guess the opponent's psychology and constantly change the hiding place, making it more difficult for the three special forces to rescue her.

At the same time, it could cultivate their thinking and adaptability, as well as improve their teamwork.

"Alright, you can go up." Qin Yuan said to Long Xiaoyun.

Long Xiaoyun glanced at the tablet briefly. After knowing which room Geng Hu and his wife were in, she turned around and left. As Long Xiaoyun left, Qin Yuan said.

"The rest of you, go to that low building over there!"

Go to the low building?

Everyone looked to the side. There was indeed a shorter building on the other side. It only had one floor.

The exterior of the building was dilapidated.

They did not understand why Qin Yuan wanted them to go to the low building.

After all, according to what Long Xiaoyun had said, they were going to observe here.

If they went to the low building, they wouldn't be able to learn anything.

"Captain, Captain Long said that we should follow behind and see how to rescue them." someone said.

"Then, if we are going to climb the rope later, will you follow us?"

Qin Yuan said coldly.

“Do whatever I tell you to do! Have you been living too comfortably recently?

Have you forgotten the military rules?”

Seeing Qin Yuan’s darkened face, everyone did not dare to delay any longer and walked towards the low building.

After entering the low building, everyone understood Qin Yuan’s intentions. A huge screen appeared in front of everyone. On the screen, they could clearly see the movements of Geng Hu and the other two.

It turned out that this short building was connected to the surveillance cameras of the other two buildings.

Compared to watching from behind, it was ten thousand times more convenient to watch the surveillance cameras here.

It was even more intuitive and clearer, allowing them to grasp the movements of Geng Hu and the other two at any time.

For a moment, they suddenly felt that Qin Yuan’s previous anger was reasonable.

They didn’t want the best opportunity to watch the battle and wanted to follow behind and create trouble. Anyone would be angry.

Soon, Qin Yuan and the other two appeared in front of the screen.

Qin Yuan and the other two began to move.

Qin Yuan was not in a hurry to bring the two of them to the room where the three robbers were. Instead, he said to Leng Feng and the other two.

“Do you two have any ideas?”

Leng Feng and He Chenguang looked at each other before Leng Feng spoke.

“Captain Qin, in this situation, I think there is only one way!”

“Oh?” Qin Yuan gestured for Leng Feng to continue.

“Attack! He could only attack forcefully! However, we need to know the exact location of the criminals in the room, and this will test our ability to cooperate.”

Leng Feng said as he looked at He Chenguang.

“I think so too. We have to work well together.”

He Chenguang said.

“The key is that we don’t know the exact location of the three bandits, so it’s a bit difficult.”

Qin Yuan nodded.”

“Normally, we can use a close-range thermal imaging detector to find out their exact location. However, if the enemy had anti-reconnaissance equipment, then the thermal imaging detector was undoubtedly a brick.”

“Besides, we don’t have any equipment now.”

“Therefore, we have to prepare for the worst in every training session. Because in actual combat, the situation we encounter will be even worse.”

The two nodded.

The two of them knew what Qin Yuan meant. In other words, they could only use the conventional weapons on them to complete the rescue mission.

“Captain Qin, what should we do now?”

Qin Yuan stared ahead thoughtfully.

In fact, Qin Yuan had the intermediate radar warning system given to him by the system. He could identify anyone or anything within 1000 meters.

However, he was currently training with Battle wolf and the others, so he couldn’t just use this skill to charge in with the two of them.

This was not beneficial to their progress at all.

However, Qin Yuan quickly had an idea.

“He Chenguang, go to the mountain behind the window and find a sniping position where you can see the specific situation in the room through the window!”

“When I was going downstairs, I observed the surrounding terrain. I can find a high point behind that window.”

“Leng Feng, you will be the main attacker and responsible for the explosives.

Cooperate with me to rescue the hostages!”

The two of them agreed with Qin Yuan’s arrangement. After all, He

Chenguang’s marksmanship was one of the best in Battle wolf’s team.

“Captain Qin, what are you responsible for?” The two of them asked curiously.

The two of them had made arrangements, but what about Qin Yuan?

“I’ll slide from the roof to the window and throw the smoke grenade. Then, I’ll find an opportunity to break through the window.”

“Of course, we need to confirm the location of the hostages and criminals first before we can better implement all of this. The key is to rely on He

Chenguang.”

Qin Yuan said seriously.

He Chenguang nodded. "I'll go now."

He Chenguang hugged his sniper rifle and quickly ran toward the mountain behind him.

About 400 meters away from the building, He Chenguang found a vantage point where he could see the environment inside the room clearly. It was a perfect sniping point.

"Captain, I'm in position." He Chenguang said through the earpiece.

Leng Feng followed the plan and sneaked upstairs with the weapons he needed.

"Captain, Leng Feng is in position!" Leng Feng said in a low voice as he pinched his earpiece.

"Alright, wait for my order at any time. Get ready!"

"Yes, sir!"

Qin Yuan was standing downstairs.

If he wanted to jump in through the window, he would have to climb up.

The height of a four-story building was neither high nor low.

The roof was flat, so there was no way to use a hook.

In other words, Qin Yuan's previous idea of using a rope to slide from the roof to the window was basically useless now.

"I didn't expect Gong Jian to be so smart." Qin Yuan thought to himself. If he couldn't use the rope, he could only climb with his bare hands.

Qin Yuan sized up the building again.

Soon, a smile appeared on Qin Yuan's face.

This was because Qin Yuan realized that the surface of the building was dilapidated and was basically full of potholes.

This was not difficult for a rock climbing expert.

He could climb to the roof without relying on ropes.

Or they could climb out of the window on the fourth floor.

However, if one wanted to climb up, one had to be an expert among experts and possess extremely skilled climbing techniques.

This was a piece of cake for Qin Yuan, who had the intermediate climbing skill.

Qin Yuan had already demonstrated his climbing skills in front of everyone, so he did not have to worry that everyone would suspect him.

After Qin Yuan fixed the equipment on his body, he looked up at the 12-meter-tall building and began to climb.

“Captain, are you going to climb up with your bare hands?”The people in front of the screen were a little surprised.

Although they had seen Qin Yuan’s skills before, they had ropes at that time.

But now, there was nothing.

There were only potholes on the wall.

Moreover, Qin Yuan did not have any heavy objects on him at that time.

And now, Qin Yuan’s equipment was at least 100 pounds.

How could he climb up?

Qin Yuan used the potholes on the wall as a foothold to climb up bit by bit.

Moreover, Qin Yuan’s speed was extremely fast!

It was as if he was walking on flat ground.

“Captain Qin is too scary. It’s just a small dot, but he’s carrying such a heavy thing and climbing up like nothing happened.”

“That’s right. It’s not the first day you’ve met our captain!”

Everyone stared intently at the screen, exclaiming from time to time.

Qin yuan suddenly stopped.

“Why did Captain stop?”

Everyone could not help but feel puzzled.

“I don’t know.”

“I think I know!” Wang Yanbing shouted.

After hearing Wang Yanbing’s words, everyone turned to look at her.

“Why?”

“Look carefully above the captain.”Wang Yanbing pointed at the screen.

Everyone looked in the direction Wang Yanbing was pointing.

Everyone was stunned.

Chapter 390: Too Perverted!

A smooth area of more than a meter appeared above Qin Yuan.

There was no support point at all!

Originally, Qin Yuan had used the small potholes on the wall as a pivot point, which was already very limited.

Now that there were no more potholes, how could he continue climbing?

“What should we do?”

“Captain is in a dilemma now.”

“But it’s better to come down now than to hang on forever. After all, the equipment on Captain’s back is not light.”

As the saying went, it was easy to go up the mountain but difficult to go down.

The same was true for rock climbing, especially for people like Qin Yuan who climbed without ropes.

Coming down was more difficult than going up.

If he was not careful, he would miss his step. Once he missed, the consequences would be unimaginable.

However, there was no better way than to come down now.

In everyone’s opinion, although the captain’s climbing skills were indeed impressive, this one-meter smooth area was no joke.

Just as everyone thought that Qin Yuan was about to come down.

Qin Yuan moved.

What happened next shocked everyone.

Qin Yuan did not choose to come down. Instead, he used the support point under his feet to push off the ground, and his entire body instantly jumped more than a meter.

At the same time, Qin Yuan’s left hand firmly grasped a pivot above.

Qin Yuan’s entire body was suspended in the air, and his entire body was supported by the two fingers that were holding the pivot.

His feet didn’t step on any support points!

“What, this works?”

“Awesome. Awesome!”

The eyes of the Battle wolf players in front of the screen widened, and their eyeballs almost fell out.

They could see very clearly that Qin Yuan only had his index finger and middle finger stuck on the pivot.

It was simply a fantasy to rely on two fingers to support himself.

But Qin Yuan did it!

Moreover, Qin Yuan’s equipment was at least 100 pounds.

Under such circumstances, he didn’t fall!

It was too terrifying.

How much strength did he need to use his fingers to do that?

Before everyone could come back to their senses, Qin Yuan's other hand grabbed a pivot above and climbed up bit by bit.

His hands kept alternating, and Qin Yuan's climbing speed increased again, even faster than at the beginning.

Everyone was dumbfounded.

Why did they feel that their captain was faster than them climbing with ropes? And it was not just a little bit faster.

Soon, Qin Yuan successfully climbed to the top floor under everyone's gaze.

This was too abnormal!

This was the only thought in everyone's mind.

This was the first time they had seen someone climb up to the top of a building with just a few hollows on the wall.

They couldn't think of another word to describe their captain other than a freak.

At this moment, everyone's understanding of Qin Yuan was refreshed.

"I've reached the roof. He Chenguang, tell me about the situation on your side." Qin Yuan said softly as he pinched his headphones.

"Captain, I can see Zheng Xiaohu and Geng Hu. Zheng Xiaohu is at the corner of the door while Geng Hu is sitting on the chair on the left, facing the door." "I can't see anything else, nor can I see the position of Captain Long."

"Then it seems that Captain Long is very likely to be at the window. The window is your blind spot." Qin Yuan said in a low voice.

"Captain, I don't see any hostages either." He Chenguang added.

"If Geng Hu is on the left, I guess the hostage should be on the right."

"How about this, I'll throw a stun grenade inside later. He Chenguang, find a chance to hit Zheng Xiaohu before I throw the stun grenade."

"Then, when the flashbang goes off, Leng Feng, you will immediately explode and cooperate with me to save the hostage!"

Qin Yuan changed his mind at the last minute. At first, he planned to throw a smoke grenade.

However, throwing a smoke grenade would affect the vision of the three of them at the same time, so Qin Yuan chose a flash grenade.

"Roger!"

“I promise to complete the mission!”

“Counting down now. We’ll take action in 30 seconds!”

As Qin Yuan spoke, he lay on the ground and slowly moved his body.

He did not dare to stand up and walk around, afraid that the three people below would hear him if he made too much noise.

“Move out!” When Qin Yuan said this, he was already leaning against the window.

As soon as Qin Yuan finished speaking, He Chenguang, who was more than 400 meters away, suddenly pulled the trigger of his sniper rifle.

A bullet whizzed out and instantly hit the edge of Zheng Xiaohu’s helmet, which was hiding behind the door.

Almost at the same time, two flashbangs were thrown through the window.

“Not good! Flash bang! Close your eyes!” Zheng Xiaohu shouted.

Bang!

Bang!

In an instant, the entire room was illuminated by a blinding light.

Boom!

At the same time, Leng Feng had successfully blasted the door open.

The moment Leng Feng rushed in, Qin Yuan jumped in from the window.

Bang!

Bang!

Immediately after, gunshots rang out in the room.

The moment the flash grenade was thrown in, Geng Hu and his brother had already used their arms to block their eyes to avoid being stimulated by the bright light.

After Qin Yuan and the others rushed in, they began to counterattack and shoot.

Qin Yuan’s speed was extremely fast. When he jumped in from the window, he held a pistol in one hand and a rifle in the other. When he flipped over, he had already fired. Bang!

Bang!

Qin Yuan fired two shots.

Zheng Xiaohu couldn’t react in time because the space behind the door was too small. He couldn’t move quickly.

He was directly shot in the center of the helmet by Qin Yuan.

According to the rules, being hit in the center of the helmet meant death.

In other words, Zheng Xiaohu had already been eliminated.

As long as they dealt with the remaining two people and ensured that they were not hit, Qin Yuan and the others would complete their mission..
