

Special Troop 391

Chapter 391: Too Perverted!

“Damn captain!” Zheng Xiaohu said in a low voice.

He had already been eliminated before the confrontation had even begun.

For a moment, Zheng Xiaohu felt very uncomfortable.

After Qin Yuan fired the gun, he realized that something was wrong.

There was no sign of Long Xiaoyun or the hostage in the room!

Leng Feng glanced around the room. “Captain, why don’t I see Captain Long and the hostage?”

Qin Yuan frowned slightly. It seemed that Long Xiaoyun still had a trick up her sleeve.

Bang!

Bang!

Bang!

Geng Hu took advantage of the time when the two were distracted to quickly fire.

He would not let go of any opportunity.

After all, he was now Qin Yuan and Leng Feng’s opponents, not teammates. Most importantly, Geng Hu was alone. If Leng Feng was alone, Geng Hu would be fine.

But now, Qin Yuan was still around.

Geng Hu knew very well that he was no match for his captain.

Leng Feng’s attention was focused on the disappearing Long Xiaoyun duo, and his reaction was slower by half a beat, allowing Geng Hu to hit his arm.

Qin Yuan quickly reacted and brushed past Geng Hu’s bullet.

“Not bad, you’ve grown up.”

A smile appeared on Qin Yuan’s face.

“Team.”

Just as Geng Hu was about to say something.

Qin Yuan kicked the rifle in Geng Hu’s hand away.

In the next second, Qin Yuan grabbed Geng Hu’s hands with one hand.

The entire process took Qin Yuan less than ten seconds. Everyone in front of the screen was dumbfounded.

“I didn’t even see how Captain moved.”

It wasn’t just them. Even Geng Hu, who was involved, was stunned.

Captain is too inhumane!

He originally wanted to say something after hearing his captain's words.

However, he did not expect the captain to take advantage of this gap and directly launch an attack on him.

It seemed that he would never be able to escape from the captain's clutches.

Geng Hu was instantly discouraged because he had no ability to fight back at all.

"Where's Captain Long?" Qin Yuan asked with a smile.

"Captain, although I'm no different from being eliminated now, I will never betray my teammates." Geng Hu said righteously.

If he told them where Captain Long was going now, what difference would he be from a traitor?

As a soldier, this was undoubtedly a disgrace to him.

"Captain, I don't know anything about you eliminating me, and I won't say anything." Geng Hu's tone was exceptionally firm.

Bang!

As the two of them spoke, a bullet whizzed over and hit Geng Hu's helmet in the center.

Geng Hu was stunned for a moment. When he saw that the captain and Leng Feng did not make any movements, he was stunned.

Geng Hu realized that it must have been He Chenguang!

It seemed that He Chenguang was hiding outside, ready to snipe at any time.

After all, He Chenguang hadn't appeared.

Qin Yuan and Leng Feng were stunned for a moment. They did not expect He Chenguang to suddenly shoot.

But it didn't matter. He could help them get rid of Geng Hu.

Although Geng Hu would be eliminated sooner or later, Qin Yuan did not want to do it himself.

"Are you sure you don't want to tell me?" Qin Yuan asked again.

Geng Hu shook his head. "Captain, I've already been eliminated. Dead people don't talk."

The corners of Qin Yuan's mouth curled up slightly. These were the soldiers he had brought out!

On the battlefield, many people might switch sides because of the tempting conditions thrown out by the other party, or they might not be able to endure the torture of the other party and reveal all the information on their side.

These were all taboos for soldiers.

No matter what kind of soldier it was, they needed to understand the righteousness of the country. Especially since they were special forces soldiers, they had to withstand all psychological tests and not do anything that would harm the interests of the country.

Although this was just a simple rescue operation, it could reflect a person's psychology.

Obviously, Geng Hu had done it.

"Captain, what should we do now?" Leng Feng asked.

Although they had already eliminated the two people on the other side, their mission had not been completed until the hostages were rescued!

Qin Yuan put away the gun in his hand and said into the earpiece.

"He Chenguang, walk to your left and right now. Look at the building and see if you can see Captain Long!"

"Yes, sir!"

After about two minutes, He Chenguang's voice came again.

"Captain, we didn't find Captain Long!"

After hearing He Chenguang's answer, Qin Yuan paced around the room.

In this case, there were only two possibilities. One was that Long Xiaoyun and the hostage were in one of the rooms in the row where they were, which happened to be in He Chenguang's blind spot.

The other possibility was that Long Xiaoyun was in a room on the other side of the building. He Chenguang couldn't see her from that direction.

Based on his understanding of Long Xiaoyun, the latter was more likely.

From the way Long Xiaoyun moved the hostages to another place, it could be seen that Long Xiaoyun had definitely guessed that Qin Yuan would jump in from the window.

It seemed that it was not a good thing to be partners for a long time.

Especially when the two of them were standing on opposite sides.

"He Chenguang, come over first. We'll move together!" Qin Yuan said in a deep voice.

"Roger!"

The people in front of the screen started discussing.

"This is too exciting."

"I feel that if we go, we won't be able to find anyone at all."

"Let's see when Captain and the others can find it."

With their omniscient view, they could clearly see that Long Xiaoyun was in another room on the same floor as the hostage.

Moreover, it was directly opposite the room where Qin Yuan and the others were.

They couldn't understand why Captain Long would choose such a close room.

Or was the most dangerous place the safest place?

Even though they had many questions in their hearts, they could only watch.

“Captain, should we split up?”

“Just start from the room on the other side.”

As they spoke, He Chenguang had already entered the room.

“Captain!”

Qin Yuan nodded. “There are eight rooms on the first floor, which means there are four rooms on both sides. Then we can each find one room and go to the remaining room together!”

“Be careful when you enter. After all, we don’t know the situation in the room.”

“Moreover, you know the skills of your Captain Long very well.”

Qin Yuan reminded.

“Yes, sir!”

“Yes, sir!”

After saying that, the three of them split up.

Leng Feng and He Chenguang walked straight to the two furthest rooms.

Qin Yuan stood at the door of the room. No one knew what he was thinking.

“Why isn’t Captain moving?”

“Captain, did you guess that Captain Long is in the opposite room?”

The people in front of the screen started discussing.

At this moment.

Qin Yuan walked straight to the opposite room.

Qin Yuan pushed the door open and found that it did not move at all.

Something was wrong!

The next second, Qin Yuan kicked open the door.

But he quickly moved behind the wall.

Bang bang bang!

The bullet was aimed at the door.

As expected, Long Xiaoyun was inside.

“Captain is so handsome!”

“Captain, you’re too cautious. If it were me, I would have gone in directly.”

“With that brain of yours, you would have been beaten up long ago if you went in directly.”

Qin Yuan smiled. Fortunately, he was prepared.

Otherwise, Long Xiaoyun's bullet would have landed on him.

Leng Feng and He Chenguang heard the gunshots and rushed over immediately.

"Captain Qin!" "Are you alright?" Qin Yuan shook his head. "I'm fine."

The two of them looked in the direction of the room. "Captain Long is inside?"

Qin Yuan nodded. "She should be in the leftmost corner of the room." Qin Yuan made a judgment from the direction where the bullet had shot from.

"Then what should we do now?" He Chenguang asked.

"Do you think the three of us can't beat one?" Leng Feng said.

"Although you say so, never underestimate your opponent." Qin Yuan said in a low voice.

It would not be a problem for the three of them to fight Long Xiaoyun alone.

After all, Qin Yuan was around.

However, Qin Yuan wanted everyone to remain vigilant at all times. Never let your opponent down, because you never know what will happen in the next second.

"Got it, Captain Qin!" Leng Feng realized that he had said something wrong and hurriedly said.

"You two stay outside. I'll go in alone."

As soon as Qin Yuan said that, everyone was a little puzzled.

Captain Qin wanted to fight one-on-one?

Chapter 392: Be the Strongest One!

Under everyone's puzzled gazes, Qin Yuan walked straight into Long Xiaoyun's room.

At this moment, everyone was even more puzzled.

Good heavens.

The captain himself told them to be extra vigilant when they entered the room, and now he walked in without any precautions.

Qin Yuan was right. There was nothing wrong with what he did because he believed in himself.

This was an affirmation of his strength.

As far as he was concerned, even if he didn't know the specific situation in the room, he should have no problem dealing with Long Xiaoyun with his strength.

Naturally, the others from Battle wolf didn't think of this.

Noticing the commotion at the door, Long Xiaoyun fired at them again.

Bang bang bang!

Fortunately, Qin Yuan reacted quickly and dodged Long Xiaoyun's bullet.

When he entered the room, Qin Yuan saw Long Xiaoyun standing in the leftmost corner of the room just as he had guessed.

"You came quite quickly." Long Xiaoyun said after seeing that the person who came in was Qin Yuan.

Qin Yuan smiled.

"You guys came faster than I expected." Long Xiaoyun met Qin Yuan's gaze.

At first, she had indeed wanted to do what she had planned, with the three of them staying in the room with the hostage.

After all, the best way for Qin Yuan and the other two to enter that room was through the door.

Because it would be too difficult to enter through the window.

Long Xiaoyun had observed the structure of the building before she came up. She knew that it would not be easy to climb up.

This way, Qin Yuan and the other two could only enter from the door.

In this case, it was a great advantage for Long Xiaoyun and the other two in the room.

However, Long Xiaoyun quickly denied this idea.

Based on her understanding of Qin Yuan, she believed that Qin Yuan would find a way to find an opportunity through the window.

Therefore, she changed her mind at the last minute.

He let Geng Hu and Zheng Xiaohu stay in the previous room to confuse the public.

He had brought Gong Jian, who was pretending to be a hostage, to this room.

However, there were only so many rooms in the building. It was only a matter of time before they were found.

However, she did not expect Qin Yuan and the others to arrive so quickly.

Qin Yuan did not say anything else. He took out his pistol and pointed it at Long Xiaoyun.

Long Xiaoyun did not want to be outdone and pulled the pistol in his hand.

Bang!

Bang!

The two of them fired almost at the same time.

Everyone stared at the screen nervously.

Long Xiaoyun's bullet missed a little and brushed past Qin Yuan's helmet.

Qin Yuan's bullet hit the center of Long Xiaoyun's helmet.

For a moment, the scene froze.

“It ended just like that?”

“I didn’t even see how they fired.”

“Captain Qin is quite ridiculous.”

The people in front of the screen discussed.

“You win.”

Long Xiaoyun said lightly.

Qin Yuan smiled.” I didn’t win. We saved her.””

After saying that, Qin Yuan looked at Gong Jian, who was the hostage.”

“Haha, thank you, Captain Qin.”

Gong Jian said with a smile.

He did not see clearly how Qin Yuan fired the gun.

Qin Yuan and Long Xiaoyun had fired at the same time.

Moreover, at that distance, Long Xiaoyun would definitely hit the target, but

Qin Yuan was unharmed.

Did Long Xiaoyun make a mistake?

Although Gong Jian didn’t know much about Long Xiaoyun, he knew that Long Xiaoyun was excellent in all aspects and would never make such a low-level mistake.

However, the truth was that Long Xiaoyun did not hit Qin Yuan.

Gong Jian was really confused.

What he did not know was that the moment Long Xiaoyun’s bullet came over, Qin Yuan tilted his head slightly.

However, Qin Yuan’s speed was extremely fast. Other than himself, no one should be able to see him.

This was the reason why Long Xiaoyun did not hit him.

It had to be said that Long Xiaoyun’s spear technique was very powerful.

However, she was facing Qin Yuan.

The few of them quickly arrived at the low building where Battle wolf and the others were.

“Captain Qin!”

“Team Dragon!”

“Instructor!”

Battle wolf and the others greeted him.

“Did you see it?” Qin Yuan asked.

Everyone nodded.” I understand the process.”

“There’s just one place that I didn’t see clearly. Captain, where did you fight Captain Dragon? Why didn’t Captain Dragon hit you?”

Qin Yuan smiled.” If you ask this, it seems like you’re questioning your Dragon Team’s marksmanship.”

The person who asked the question stole a glance at Long Xiaoyun. He didn’t mean that.

Long Xiaoyun remained expressionless. No one knew what she was thinking.

“Alright, for the rest of the time, you will be divided into groups of four and undergo training!” Qin Yuan’s tone became serious.

Looking at Qin Yuan’s stern face, no one dared to slack off.

“Remember, the rescue mode is the most basic and core tactic of a CQB!”

‘ But this requires a very high level of tacit cooperation and insight, as well as superb reflexes and superb marksmanship.”

“And these are the events that you have been training for so long. However, CQB training requires you to combine these events. It is a test of your comprehensive ability.”

Qin Yuan explained seriously.

“Therefore, I hope that you will not let down your previous efforts!”

“Since you have chosen this path, then be the strongest!”

Qin Yuan’s voice was sonorous and powerful, and every word he said touched everyone’s hearts.

What a good one. If he wanted to be the strongest, he would be the strongest.

Wasn’t this the original intention of them following Qin Yuan to Battle Wolf?

The captain was right. Since they had chosen this path, they would continue walking down it..

Chapter 393: Be the Strongest One!

No matter how difficult the road ahead was, they would not waver.

Because they wanted to be the strongest!

Soon, everyone followed Qin Yuan’s instructions and divided into groups of four and began to practice.

Qin Yuan and Long Xiaoyun stayed in the low building and used the footage sent back by the surveillance cameras to pay attention to everyone’s movements.

“It seems that you explained it to them very well.” Qin Yuan said to Long Xiaoyun with a smile.

From everyone’s performance, it could be seen that everyone had done a particularly good job in dividing the work.

This meant that Long Xiaoyun had put in a lot of effort when she explained to them just now.

And this group of people listened.

“Then it’s easier for you to demonstrate.” Long Xiaoyun replied.

No matter what it was, just theory was not enough. The most important thing was still the actual operation.

And this group of people acted well, thanks to Qin Yuan and the others’ words and deeds.

“Don’t be modest. Didn’t they learn the essence of your skills as kidnappers?”

Qin Yuan looked at the screen and said.

“Each one is more scheming than the last.”

Qin Yuan was right. On the screen, He Chenguang and the others, who were playing the role of robbers, were playing tricks this time.

Each one was more cunning than the other, hiding in the corners that were the least likely to be discovered.

“Likewise.”

Long Xiaoyun smiled. Although Qin Yuan’s words did not sound good, she enjoyed it.

After about three hours, everyone finally finished the first round of training. Qin Yuan and Long Xiaoyun walked to the empty space in front of the building and waited for everyone.

“Captain!”

“Captain Long!”

It could be seen that everyone was very excited.

“How do you feel?”

Qin Yuan asked.

“Captain, aren’t you asking the obvious?”

Geng Hu said.

“You and Captain Long should have seen our every move clearly on the surveillance screen.”

Qin Yuan smiled. “You’re getting smarter and smarter.”

“From the surveillance footage, you guys have basically passed.”

“That’s right.”

“We feel much better now.”

After hearing Qin Yuan’s words, everyone was a little excited.

After all, they felt that they were fully immersed in the practice.

It was as if they were really rescuing a hostage on the spot.

Coupled with Qin Yuan and Long Xiaoyun’s demonstration, they learned exactly what they had learned.

Therefore, everyone was quite satisfied with their performance.

“Then let me fight you.” Qin Yuan continued.

As soon as Qin Yuan’s words came out, everyone was a little dazed.

What did Captain mean?

“Geng Hu, Zheng Xiaohu, He Chenguang. The few of you will form a team of ten and act as kidnappers.” “I’ll save the hostage alone.”

Qin Yuan said indifferently.

As soon as Qin Yuan said this, everyone’s eyes widened.

He looked as if he had heard the biggest joke in the world. “Captain, are you joking?” Geng Hu had a look of disbelief.

“I never joke about this.”

After receiving Qin Yuan’s answer, everyone was even more confused.

Why did it feel like CQB was just a toy to Captain?

Although they knew Qin Yuan’s strength, they were in the house now.

It was not as easy to hide as they were in the forest.

In the building, once you were exposed, you would be killed immediately.

Unless you were faster and more accurate than them.

Moreover, the ten people that the captain had called out were all the top few people in Battle Wolf.

In everyone’s opinion, no matter how strong Qin Yuan was, he should not be able to withstand the siege of these ten people.

This was the first time they had such a feeling.

After all, they had gone through such a long period of training and were no longer at the same level as when they were in the logistics company and the recruit company.

No matter what, the ten of them should be able to defeat Qin Yuan.

At this moment, they only felt that Qin Yuan was joking.

However, looking at Qin Yuan's exceptionally firm gaze, everyone knew that their captain was serious.

"What, you ten people are afraid of Captain Qin?" Long Xiaoyun said. Long Xiaoyun knew that these ten people probably felt that Qin Yuan could not defeat them, so they were hesitant.

After all, it sounded ridiculous for one person to fight against ten special forces soldiers with extraordinary strength.

However, for some reason, Long Xiaoyun trusted Qin Yuan very much.

"This isn't the first day you've met Captain Qin. Or are you afraid that you can't beat him?"

Long Xiaoyun's words instantly provoked everyone.

"Impossible!"

"Alright then! We will listen to Captain."

Long Xiaoyun smiled. Her goading was indeed effective.

This was the way to deal with Battle wolf and the others.

Qin Yuan smiled at Long Xiaoyun, as if he was thanking her for her help.

But in fact, regardless of whether Long Xiaoyun opened her mouth or not, Qin Yuan would make these people agree in the end.

After all, it was a soldier's duty to obey orders.

"Captain, are we still in the same room as before?" Geng Hu asked.

"Up to you."

"Ten of you can stay together. That way, your chances of winning will be higher."

"You can spread out. My mission is to destroy all of you."

Qin Yuan said.

"On the contrary, as long as one of you hits me and triggers the elimination device, I will lose."

"Then we might as well not take the hostage." He Chenguang suggested.

According to Qin Yuan, they trained the CQB to test and improve everyone's cooperation ability and ability in all aspects. As long as they were strong enough to take down the kidnappers first, the hostages would not be harmed.

Therefore, for this confrontation, it was not important whether they had hostages or not.

Although they could not rule out the possibility that some kidnappers would kill the hostages, as long as they were strong enough, they could reduce the possibility of such a thing happening.

Right now, they only needed to complete this confrontation.

“I’ll give you three minutes to prepare. I’ll take action after three minutes.” Qin Yuan said to them. “Yes, sir!”

“Let’s go!”

The few of them entered the building under Geng Hu’s lead, while the rest followed Long Xiaoyun to the low building.

Qin Yuan began to stuff equipment into his bag, although he did not need any equipment.

But he didn’t want to strike a blow to their confidence.

Therefore, Qin Yuan symbolically put a pistol and a few grenades into his bag.

With a rifle in his hand, he walked towards the building.

Li Erniu and Fatty Zhang stood guard on both sides of the stairway. After all, there was only one stairway in this building.

Qin Yuan moved towards the stairs bit by bit.

The people in front of the screen could not help but break out in a sweat for Qin Yuan.

If Qin Yuan walked straight over, he would definitely lose.

Just as Qin Yuan was about to approach the stairs, he suddenly stopped.

At this moment, Li Erniu and Fatty Zhang were ready to pull the trigger.

However, the two of them were a little puzzled. Why did their captain stop?

However, they were not in a hurry because they knew that if the two of them were exposed in the captain’s line of sight, the two of them might not be able to beat him.

The reason why they didn’t choose to go together with ten people was that they wanted to improve themselves through this confrontation with their captain.

They naturally did not know that from the moment Qin Yuan stepped into the building, he already knew that the two of them were at the stairwell. After all, Qin Yuan had an intermediate early warning radar system.

Naturally, no one knew about this.

Qin Yuan chose to stop because he wanted to test their endurance.

Although he knew that there were two people at the staircase, he did not know who they were.

Therefore, Qin Yuan wanted to play with them.

“Captain Long, why did Captain Qin stop?”

The people in front of the screen looked at Long Xiaoyun and asked.

“He must have found someone at the stairwell.”

Long Xiaoyun said in a deep voice.

Qin Yuan took out a stun grenade from his bag and threw it in the direction of the stairs.

The moment Qin Yuan pulled the fuse of the flashbang, Li Erniu heard the sound.

At this moment, Qin Yuan's flashbang had already been thrown in front of the two of them.

"Hiss!"

A strong light flashed.

The two of them quickly covered their eyes. "Thank goodness it's not a bomb!"

The two of them heaved a sigh of relief.

If it had been a bomb, they would have been gone by now..

Chapter 394: Catch a Turtle in a Jar?

Boom!

Just as the two of them were still glad that it was not a grenade that was thrown in, another loud sound echoed throughout the entire staircase.

Then, blue smoke rose from their bodies.

That was because the death device on their bodies had been triggered.

The two of them were stunned. They were eliminated just like that?

They did not expect Qin Yuan's attack to be so fast.

They thought that Qin Yuan would slow down a little after throwing the flashbang.

In the end, Qin Yuan did not give the two of them a chance to react and threw another grenade at them.

The two of them did not have time to react and were directly triggered by the grenade.

The two of them looked at each other, their expressions indescribable.

"I told you to be vigilant at all times."

At this moment, Qin Yuan had already walked over.

"If it was on the battlefield, wouldn't the two of you be living targets?"

"This is the first time I've seen someone stay where they are even though their location has been exposed."

"I'm so embarrassed for you guys."

Qin Yuan's words deeply pierced their hearts, but they could not say anything to refute him.

This was indeed the case.

Both of them felt ashamed of their own performance.

They had underestimated their captain.

At the same time, his reaction and decision-making abilities were not enough.

“I’m sorry, Captain.” The two of them lowered their heads and said.

“You’re not sorry for me, you’re sorry for yourselves.” After saying that, Qin Yuan went upstairs.

He had no time to teach these two a lesson. After all, there were still eight people waiting for him.

Qin Yuan came to the second floor.

The design of the second floor was very different from the fourth floor. The fourth floor was a row of independent rooms.

On the second floor, there was a wall between each room.

Qin Yuan’s speed was very fast, but his footsteps were extremely light.

That scene could not help but make everyone suspect that Qin Yuan knew qinggong.

But they knew that it was impossible.

However, the strength Qin Yuan displayed was simply too ridiculous.

Generally speaking, people with extremely fast movement speed would make a lot of noise.

However, Qin Yuan did not make a sound.

Simply unbelievable!

However, looking at Qin Yuan’s direction, everyone broke out in a cold sweat for him.

This was because there was someone hiding in the room that Qin Yuan was about to step into.

He hid it in the left corner of the door.

With Qin Yuan’s perspective, he could not see that person at all.

However, as soon as Qin Yuan entered the door, that person could shoot and shoot Qin Yuan.

And that person was He Chenguang, who had an excellent spear technique.

This was the reason why everyone was so worried. If it were anyone else, they would not be so worried.

“Captain, be careful!” Someone in front of the screen could not help but shout.

“You’re making me nervous too.”

Everyone’s words naturally reached Long Xiaoyun’s ears. “You still don’t believe Captain Qin?”

Long Xiaoyun’s words woke everyone up.

“Right, that’s Captain Qin.”

“He Chenguang’s spear technique is very strong, but Captain’s strength...”

Everyone did not continue because they had seen Qin Yuan’s strength for themselves.

Just as Qin Yuan was about to step into He Chenguang's room, he suddenly stopped.

"Could it be that Captain is going to do the same thing again?"

"I remember that Captain only loaded two grenades and two flashbangs."

"Captain has already used one each. If he's dealing with He Chenguang alone, there shouldn't be a need for Captain to waste it, right?"

Just as everyone thought that Qin Yuan was going to use the same trick again,

Qin Yuan moved.

Qin Yuan took off his bag and threw it into the room.

Bang bang bang!

Gunshots instantly rang out in the room.

"Damn it! Why is it a backpack?" He Chenguang, who had been in a highly nervous state, realized that he was only using his backpack. He knew that he had exposed his position by firing.

He knew Qin Yuan's strength very well.

If he did not change his position, he would be shot into a sieve in the next second.

He Chenguang immediately moved toward the door and pressed his body against the wall.

They were waiting for Qin Yuan to appear.

At this moment, He Chenguang did not even dare to breathe loudly.

He was afraid that Qin Yuan would hear his breathing and expose him.

Qin Yuan did not hesitate anymore and rushed into the room.

At that moment, their eyes met.

In the next second, the two of them pulled out their pistols almost at the same time.

However, Qin Yuan was extremely fast. As he fired, his other hand pressed down on He Chenguang's hand that was holding the gun.

Qin Yuan's spear hit He Chenguang between his eyebrows.

"F * ck! How did Captain do it?"

"He single-handedly punished He Chenguang, and the other hand hit the center of his brows??"

The people in front of the screen were stunned.

This made their previous worries seem unnecessary.

"Team. Captain, let go." He Chenguang stammered.

If Qin Yuan did not let go, He Chenguang felt that his hand was about to break.

Captain's strength was too ridiculous!

He only used one hand to grab his own hand tightly.

He Chenguang couldn't even move his hand, let alone shoot.

Only then did Qin Yuan let go of his hand and leave the room without saying anything.

He Chenguang was left alone.

"Captain didn't say anything. It's really scary." He Chenguang thought to himself.

He had thought that his captain would definitely reprimand him, but his captain didn't say anything.

He Chenguang felt that the silent captain was even more frightening.

Because he didn't know what his captain was thinking, and he couldn't make up for it.

He had lost this round! He had lost completely!

Now, he could only place his hopes on his remaining teammates..

Chapter 395: Catch a Turtle in a Jar?

He wondered how they were doing.

He Chenguang thought as he walked to the first floor.

At the staircase on the first floor, He Chenguang saw Li Erniu and Fatty Zhang sitting on the ground.

"Erniu!" He Chenguang shouted and sat beside Li Erniu.

Looking at the two of them frowning, He Chenguang understood something.

He asked, "You two are gone as well?"

"As well? Looking at you, you won't be eliminated, right?" Li Erniu was shocked.

He Chenguang sighed.

"But what happened to the two of you?"

Li Erniu told He Chenguang everything that had just happened.

"Hahahaha, why are you two so dumb?" He Chenguang, who usually did not smile, laughed out loud.

Most importantly, he did not expect the two of them to be eliminated under such circumstances.

It was indeed a little embarrassing.

"Alright, stop laughing. Aren't you eliminated?" Li Erniu said unhappily.

It was one thing for him and Fatty Zhang to be reprimanded by Qin Yuan when they were eliminated, but now they were being laughed at by their teammate.

Li Erniu was really a little aggrieved.

“Speaking of which, how did you get eliminated?” Li Erniu said again.

“Don’t talk about it. You guys don’t know, but I was already prepared to give Captain a headshot.”

“In the end, Captain grabbed my hand with one hand and I couldn’t move.” He Chenguang’s tone was full of regret.

It was as if if Qin Yuan had not grabbed his hand, he would have definitely been able to take Qin Yuan’s head.

“Are you kidding me? You can’t move with just one hand?” Fatty Zhang could not help but ask.

He Chenguang nodded. “You guys don’t know how strong Captain’s grip is. It’s simply too terrifying. My wrist is hurting now.”

“Big brother is too fierce.” Fatty Zhang sighed in his heart. He realized that he was thousands of miles away from Qin Yuan.

But he would not stop moving forward.

While the three of them were talking, Qin Yuan had already reached the third floor.

The third floor was unusually quiet.

Qin Yuan sensed something unusual.

It was too quiet!

There were only two possibilities. One was that there was really no one here, and the other was that everyone had deliberately hidden themselves and even restrained themselves from making a sound.

Qin Yuan smiled. It seemed that these people had grown up.

Unfortunately, no matter how well they hid, they could not hide from Qin Yuan’s system.

Qin Yuan’s intermediate early warning radar system detected that there were five people on the third floor where he was.

The remaining two were on the fourth floor.

Qin Yuan searched the rooms one by one, but he did not find anyone.

Soon, there was only one room left.

However, Qin Yuan, who was standing at the door, did not hear any movement.

“You’re quite patient.”

Qin Yuan was very sure that the five of them were in this room.

They were just waiting for him to go in and the five of them would focus their fire on him and turn him into a sieve.

“You want to catch a turtle in a jar? It’s not that simple.” Qin Yuan smiled.

Qin Yuan quickly walked downstairs.

Looking at Qin Yuan who had turned around, the people in front of the screen were a little puzzled.

“Captain, what are you going to do?”

“If I knew, would I still be standing here with you? I went straight home to set up a fortune-telling stall.”

His words made everyone burst into laughter.

“Do you still have any rules?” Long Xiaoyun reprimanded.

Everyone shut their mouths. They didn’t want to provoke Captain Long.

However, they were really curious about what Qin Yuan wanted to do.

Qin Yuan came to the first floor and saw He Chenguang and the other two sitting on the ground.

Seeing Qin Yuan appear, He Chenguang and the other two were puzzled.

Why did Captain come down?

“Could it be that the others have been eliminated by you?” Li Erniu said in disbelief.

It had been less than half an hour since they were eliminated.

If the captain had already eliminated the remaining people, it would be too ridiculous.

Qin Yuan shook his head. “Are you guys so weak in your eyes?”

“Take off your clothes!” Qin Yuan looked at He Chenguang.

Take off your clothes?

The three of them were stunned.

What was going on?

“Just do whatever I tell you to do!”

Hearing Qin Yuan’s words again, He Chenguang did not dare to ask the doubts in his heart.

He took off his clothes, including his helmet.

Qin Yuan took off his clothes.

Seeing this scene, everyone seemed to understand what Qin Yuan was going to do, but they were not very sure.

After all, Battle wolf’s men were too familiar with Qin Yuan’s face.

Even if Qin Yuan wore He Chenguang’s clothes, others should be able to recognize him.

Therefore, everyone was a little uncertain about Qin Yuan’s intentions.

“Li Erniu, follow me.” Qin Yuan said as he wore He Chenguang’s clothes. “Captain, haven’t I already been eliminated?” Li Erniu was very puzzled.

He did not know what Qin Yuan wanted to do.

“You don’t have to say anything. Just stand in front of me.”

Hearing this, the three of them understood. The captain was using Li Erniu as bait.

In the beginning, the ten of them felt that it should not be a problem for them to deal with the captain.

Therefore, they did not prepare any earphones for communication. In other words, the others did not know that the three of them had been eliminated.

Although the explosion of the grenade might have attracted their attention, they did not know the exact situation.

Qin Yuan probably wanted Li Erniu to bring him into the room where the remaining people were.

Qin Yuan was wearing He Chenguang’s clothes. Before everyone could see his face clearly, Qin Yuan had a chance to take down the others.

As expected.

Qin Yuan brought Li Erniu to the remaining room.

The five people in the room were on high alert.

Hearing the commotion at the door, the five of them raised their guns one after another.

After seeing that it was Li Erniu, everyone put down their guns again.

“Erniu, why are you guys up here?” Jiang Feng, who was the first to see Li Erniu, said.

“Yeah, where’s Fatty Zhang? Aren’t you two together?” “When did you get together with He Chenguang?”

The others spoke.

Li Erniu remained silent, his expression grave.

“Why aren’t you saying anything?” Zheng Xiaohu approached Li Erniu.

Li Erniu was speechless. It wasn’t that he didn’t want to speak, but he couldn’t speak.

In Qin Yuan’s words, he was now a corpse, a dead man who could not speak.

“Stay away from me!” Li Erniu could only shout in his heart.

“Because he has already been eliminated.”

As Qin Yuan spoke, the pistol in his hand was already pointed at Zheng Xiaohu’s head.

Bang!

Before Zheng Xiaohu could react, Qin Yuan shot him in the head.

The others were dumbfounded. How could this be the captain?

However, they quickly reacted and raised their guns to shoot at Qin Yuan.

Qin Yuan quickly hid behind Li Erniu. At the same time, he pulled the fuse of the flashbang and threw it at them.

The bullets from the few of them all swept across Li Erniu's body.

"Captain really treats me like I'm dead." Li Erniu cried out in his heart.

Although everyone was using blanks, it would be a lie to say that it didn't hurt at such a close distance.

Everyone was affected by the flash bomb that Qin Yuan suddenly threw at them, and they covered their eyes one after another.

Qin Yuan had already remembered their locations clearly when he entered the room.

"It's my turn." Qin Yuan said in a low voice.

Bang! Bang!

Bang!

Bang!

As the fourth gunshot rang out, the entire scene fell silent.

At this time, the flash bomb's strong light had already ended.

The people in the room widened their eyes.

Everyone in front of the screen stared at the screen in disbelief.

Blue smoke rose from the bodies of Jiang Feng and the others.

They were all headshotted by Qin Yuan.

In other words, the four of them were eliminated just like Zheng Xiaohu.

Why didn't the bright light affect the captain at all? How did Captain manage to headshot every single one of them?

Everyone was still in a daze.

At this moment, Geng Hu and Leng Feng, who had heard the commotion, rushed to the third floor.

However, the two of them were very cautious. When they approached the room, their footsteps were extremely light.

They knew very well that their captain was inside!

Moreover, it was very likely that only the two of them were left out of the ten of them.

Therefore, they had to be extra careful..

Chapter 396: Taking on a task in a critical situation!

Geng Hu and Leng Feng slowly approached the room where Qin Yuan was.

They knew very well that if they faced Qin Yuan head-on, their chances of winning were not high.

After all. Geng Hu knew Qin Yuan's strength too well.

Therefore, they had to kill Qin Yuan before he discovered them.

Inside the room.

Qin Yuan looked at Zheng Xiaohu and the others with a smile.

The few of them looked at Qin Yuan's smile in horror.

The captain was too terrifying!

Not only was his strength terrifying, but he was so scheming.

How were they supposed to play?

However, no one dared to say anything. After all, so many of them had been killed by Qin Yuan.

Now, they only hoped that the only two people left, Geng Hu and Leng Feng, could help them vent their anger.

However, what they did not know was that Qin Yuan had long sensed the two of them approaching.

However, Qin Yuan remained silent. He wanted to see what kind of moves the last two people would use.

At the same time, the other members of Battle wolf were thinking about what Geng Hu would do next.

Especially the people in front of the screen, they were even more nervous than the participants.

"Oh my god, my heart hasn't stopped beating."

"What are you nervous about? You're acting like you're up there."

"I'm just worried about them."

The few of them smiled and said.

"Stop talking. Look."

When Geng Hu was about to leave, he walked straight in.

"How are you guys?" Geng Hu said as he stepped into the room. It was as if he did not know of Qin Yuan's existence at all.

Everyone was silent.

Only then did Geng Hu pretend to see Qin Yuan.

Qin Yuan smiled. "Don't play dumb with me. Didn't you hear the commotion just now?"

"Hehe, nothing can escape your eyes." Geng Hu said in embarrassment.

At this moment.

Bang!

The sound of a gunshot echoed throughout the room.

The bullet was shot straight at Qin Yuan.

At the same time, Geng Hu quickly picked up his rifle and pulled the trigger.

Bang!

Bang!

At that moment, bullets flew towards Qin Yuan one after another.

Qin Yuan did not expect the two of them to play along with him.

For a moment, everyone became worried about Qin Yuan.

Bullets came whistling from both sides. How could he dodge them?

It looked like the captain was going to lose.

However...

At this moment, Qin Yuan moved.

He quickly moved to the left and perfectly dodged the bullets coming from outside the door.

However, he was too close to Geng Hu, and Geng Hu's bullets never stopped.

Qin Yuan's right hand was grazed by Geng Hu's bullet.

But it was fine.

It did not trigger the death device.

"That was close!"

"Captain's reaction is too abnormal!"

"If I could have half of him, I would be satisfied."

Everyone in front of the screen sighed.

"However, Geng Hu and the others are very powerful. They were actually able to injure Captain."

"The few people in front didn't even touch a hair on the captain's head before they were eliminated."

It had to be said that Geng Hu and Leng Feng's strength was getting stronger and stronger.

For so long, there were very few people who could make their captain suffer. In fact, they had never seen that person appear.

However, now that the two of them had joined forces, they had caused the captain to suffer a little.

Qin Yuan looked at his arm and smiled.

Qin Yuan punched Geng Hu, and Geng Hu quickly reacted and hurriedly looked back.

Little did they know that this was just Qin Yuan's smokescreen.

The moment Geng Hu dodged Qin Yuan's fist, Qin Yuan raised his pistol with his other hand.

Bang!

The bullet hit Geng Hu.

In the next second.

Blue smoke rose from Geng Hu's body.

Everyone was a little stunned.

Geng Hu was filled with grievances. He thought that his captain wanted to fight with him for two rounds. He did not expect that his captain was using it to scare him.

Almost at the same time, Qin Yuan turned around and attacked the door.

Bang!

The people in the room did not understand Qin Yuan's actions.

Only Geng Hu and the people in front of the screen knew what their captain was doing.

Soon, Leng Feng, whose body was emitting blue smoke, walked into the room.

"Captain Qin, you win." Leng Feng said.

At this moment, the others in the room finally understood why Qin Yuan had fired at the door just now.

So he was attacking Leng Feng.

But how did the captain know Leng Feng's location?

Wasn't Captain always in the room with them?

Qin Yuan smiled. "You two did well."

Hearing Qin Yuan's words, Leng Feng and Geng Hu could not be happy at all.

The ten of them couldn't even defeat their captain. This was too embarrassing.

But the captain was indeed too strong!

They really wanted to know why their captain was so heaven-defying.

"Captain, how did you know Leng Feng's location?" Someone could not help but ask.

Most importantly, Leng Feng had never exposed his vision, and the captain had hit him with one shot. This was too ridiculous.

Qin Yuan pointed at his ears.

Hearing Qin Yuan's answer, everyone felt that their captain was bluffing.

It wasn't that they hadn't thought of this possibility. They could indeed determine the opponent's position by listening to the gunshot, but their captain had shot a headshot.

He even knew where Leng Feng's head was?

They obviously didn't believe their captain's words, but other than that, there didn't seem to be a better explanation.

"Captain, you even know where Leng Feng's head is?"

Qin Yuan nodded. "Of course." Everyone widened their eyes.

How could he know this?

“All of you shut up now and see what you can hear.” Qin Yuan said with a smile..

Chapter 397: Taking on a task in a critical situation!

The room instantly fell silent.

Only breathing and heartbeats could be heard.

“What did you hear?”

“Um... Does breathing count?” Geng Hu said. Qin Yuan nodded.

“Then I heard the sound of a heartbeat!”

“Now you know how I know the location of Leng Feng’s head, right?”

Everyone could not help but look at Qin Yuan, their faces filled with shock.

The captain meant that he had determined the position of Leng Feng’s head through his breathing and heartbeat.

However, the environment was so noisy at that time, yet the captain could even hear it. That was awesome!

At this moment, everyone understood how big the gap between them and their captain was.

“Alright, stop looking so gloomy. Do you know what to do next?”

Qin Yuan’s voice became serious.

Everyone nodded. “Understood!”

They knew better than anyone what they needed to do next.

Not only did they have to train with all their might, but they had to train to the best of their abilities.

In the short building.

“What do you think after watching?” Long Xiaoyun asked everyone.

“Captain Qin is too awesome!”

“I don’t think Captain Qin wants to hear you say this.” Long Xiaoyun said in a deep voice.

Everyone was silent for a moment.” Captain Qin has given us such a good demonstration. We will not let down the hopes of the two captains!”

Soon, the team gathered together.

Qin Yuan looked at everyone.

“You saw it just now. What was the key reason why I was able to defeat the ten of them?”

“You are too strong.” someone said.

Qin Yuan glared at that person, “If you say this, don’t you think that they’re strong? Isn’t Geng Hu strong?”

“Let me tell you, each of you is very strong, but it is not enough!”

“Especially in CQB training, there are still many things you need to practice!”

Everyone listened to Qin Yuan’s words and recalled the previous rounds of games.

Indeed.

Every time, the captain would discover their location first, but they did not know.

The captain who had their positions in his hands had the upperhand.

Looking at everyone’s thoughtful expressions, Qin Yuan continued.

“In a CQB battle, the most difficult thing is to find the enemy’s exact location.”

“Most of the time, we rely on our combat experience to rush into the room, find the enemy quickly, and then shoot them!”

“However, the risk of doing so is extremely high because the kidnappers are not fools.”

“The moment you rushed into the room, the kidnappers couldn’t have been indifferent. ‘

“If your judgment isn’t accurate or your reaction isn’t fast enough, not only will the hostages be threatened, but your lives will be threatened.”

“This is the scene we don’t want to see the most.”

“On the contrary, if you can determine their exact location by listening to their breathing or heartbeat, you can make preparations in advance and solve a lot of trouble for our rescue.”

After hearing Qin Yuan’s words, everyone understood Qin Yuan’s good intentions.

“Captain, we understand!”

“Captain, please rest assured!”

Everyone shouted in unison.

Although they knew that they could not do what Qin Yuan did, they would do their best.

They still remembered what they had said. If they wanted to do it, they had to be the strongest!

In the following period of time, the Battle Wolf members devoted themselves to CQB training.

Especially He Chenguang, Leng Feng, and the others. Even at night, they would drag Geng Hu and Zheng Xiaohu from the first team to practice with them.

He said that he wanted to be able to do his best in all kinds of situations.

After all, the visibility at night was much worse than during the day.

However, the kidnappers would not pick a time with you, so they had to be prepared.

Their actions led the other members of Battle wolf to join their training.

As a result, they could not even be seen in the Battle Wolf Base before eleven o'clock at night.

Qin Yuan and Long Xiaoyun did not say anything. Who would stop their soldiers from becoming stronger?

Soon, a month passed.

On this day, everyone went to the building to train as usual.

Just as everyone was engrossed in their training, an urgent alarm sounded.

"Everyone, gather!" Qin Yuan's voice came from the earpiece.

Everyone immediately ran to the empty space downstairs.

Qin Yuan and Long Xiaoyun stood at the front with serious expressions.

"Captain Qin, what's wrong?"

They realized that something was wrong. This was the first time they had heard the alarm in a long time.

Although the alarm just now was set by Qin Yuan in the monitoring room.

"I have a mission!"

Everyone was a little confused. There was no need to sound the alarm if there was a mission, right?

However, they did not dare to ask further and waited for Qin Yuan to speak.

"I've just received a notice that a vicious kidnapping incident has occurred in City A, which is the closest to us."

"Before this, these people have already killed ten citizens."

"According to the news, these people are very likely terrorists from neighboring countries who have infiltrated our side from the border."

"The higher-ups have asked us to set off immediately to assist the local special police team in killing the criminals and rescuing the hostages!"

Qin Yuan said with a solemn expression.

The veins on everyone's hands had already popped out. How could someone be so arrogant in their territory!

Those were lives. As soldiers, if they could not even guarantee the safety of the people, they would be letting down the hat on their heads!

“Yes, sir!” Everyone did not ask any more questions. They only knew that they wanted to rush to the scene as soon as possible!

Everyone quickly boarded the plane. There was a row of weapons in the cabin.

The moment they received the notice, Qin Yuan and Long Xiaoyun rushed over to inform Battle wolf and the others. Gong Jian arranged for people to prepare the weapons they needed.

“Check your weapons and prepare for battle.”

“If there are too many people, it will attract their attention. Later, it will be the same as before. The ten of you will go first!” Qin Yuan said to Geng Hu and the others.

“Yes, sir!”

On the plane, everyone understood that the terrorists were now in an old neighborhood.

Most of the residents were elderly people and young children.

“They’re cruel! They could kill the elderly and children.” Geng Hu roared with red eyes.

The others had solemn expressions on their faces.

These people were not worthy of being human at all.

“Captain, who are the people being kidnapped now?” He Chenguang asked.

Before the rescue, it was equally important to confirm the identity of the hostages.

“A five-year-old boy and a three-year-old girl.” Qin Yuan said with a frown.

Everyone could not help but clench their fists. They did not even let go of such a young child.

“Children will easily cry out of fear. According to these people’s ruthlessness, their cries will easily anger them. I’m afraid that these people will attack them.” Long Xiaoyun said seriously.

“You’re right. So when we arrive, you must use the fastest speed to rescue them!” Qin Yuan said to them.

Soon, the plane landed in A City.

The special police unit of A City, which had been waiting for them at the airport, drove them to the residential area.

In the car, Battle wolf and the others studied the building’s structure.

From the SWAT team, everyone learned that there were as many as ten terrorists.

It wasn’t like a normal kidnapping where there were only one or two people.

Moreover, their anti-reconnaissance ability was especially strong. Even now, the people from the special police team were still unable to determine the room they were in.

He could only confirm that they were on the sixth floor of the building.

Fortunately, the residents of Building 1, where the terrorists were located, had already been evacuated. Now, only the terrorists and the hostages were left in the entire building.

“Got it. Leave the rest to us.” Qin Yuan said to Huang Lei, the captain of the special forces team.

Soon, everyone got out of the car.

“Geng Hu and Leng Feng, follow me to the sixth floor to check out the situation!”

“The rest of you, follow Captain Long to the opposite building to find a sniper spot!”

After getting out of the car, Qin Yuan realized that the highest floor in this neighborhood was only six floors.

In other words, they could look for an opportunity from the rooftop.

However, it was better to wait until they understood the situation before making a decision.

After some discussion, everyone immediately split up and took action.

They couldn't afford to waste a single second!

Chapter 398: Don't Worry, I'm Here!

Qin Yuan brought Geng Hu and Leng Feng to the sixth floor.

There were three households on the sixth floor.

However, according to the SWAT team, the room where the criminal was in was not confirmed.

Moreover, the apartments on the sixth floor were all three bedrooms and one living room. They had no way of knowing the exact location of the criminals.

What Qin Yuan and the other two needed to do now was to immediately determine the location of the criminals and make arrangements.

When they reached the sixth floor, the three of them did not dare to make a sound for fear of alerting the criminals.

The three of them communicated with hand gestures.

Right now, they can only determine the location by listening to the sound.

If the other party was chatting, they would be able to determine the location of the criminal very quickly.

However, these criminals were cautious, the possibility of chatting was estimated to be zero.

The only way was to listen to the other party's breathing and heartbeat.

However, this was not their forte.

Although they had practiced for the past month, they could clearly feel that they could not reach Qin Yuan's level in judging the location by listening to the sound.

At this moment, Geng Hu and Leng Feng only hated themselves for not having talent.

At the same time, the two of them made up their minds to practice more when they returned. As the saying went, as long as one worked hard, an iron rod could be ground into a needle! They also believed that as long as they trained hard enough, they would definitely make a breakthrough.

But what should they do now?

Geng Hu and Leng Feng's expressions were extremely grave.

They didn't know if the criminal really hid well or if the criminal was in the innermost room.

A wave of anxiety rose in their hearts.

Qin Yuan seemed to have seen through their thoughts.

Qin Yuan wanted to see if they had become stronger after this month of training.

However, it was too urgent now. He could not take the hostages' lives as a joke.

Qin Yuan first touched the remaining room. He believed that the two of them's hearing level was not that bad.

Therefore, he first went to the room where the two of them were not close to.

Room 603.

Qin Yuan slowly closed his eyes and focused his attention on his ears.

There was no movement in the living room.

There was no movement in the nearest room.

There was still no movement in the kitchen.

There was a sound coming from the room on the far left!

Qin Yuan's early warning radar system also showed that the criminal was in Room 603.

With the help of the system, Qin Yuan could clearly hear the breathing of ten people.

Other than the two hostages, there were eight other people in the room.

In other words, this group of crazy people was a group of eight.

Qin Yuan realized that things might not be that simple.

However, the most important thing now was to save the hostage.

The three of them quickly went down to the first floor.

Qin Yuan said into his earpiece, "The target's location has been confirmed. He's in the leftmost room of Room 603."

"Got it. We'll prepare it immediately." Long Xiaoyun's voice came from the earpiece.

After Long Xiaoyun brought the rest of the people to the opposite building, they had been looking for sniping positions around the sixth floor.

He had already found the vantage point of all three rooms.

“No, Captain Long, we couldn’t see the room Captain Qin was talking about from the vantage point.” He Chenguang’s voice sounded.

“Have you checked every direction?” Long Xiaoyun asked.

“Yes, that room happens to be facing away from the building we’re in.” The conversation between the two of them was also transmitted into the ears of Qin Yuan and the other two through the earpiece.

“Captain, what do we do now?” Geng Hu asked worriedly.

“Go to the building behind Building 6 immediately and look for a sniper spot!” Qin Yuan said into his earpiece.

“What about you guys?”

“I’ll go down from the rooftop and break through the window. Geng Hu and Leng Feng will enter through the door! After you find the sniper position, cooperate with us!”

After everything was arranged, everyone hurriedly set off.

Soon, Qin Yuan arrived at the rooftop.

He took off his backpack, took out a rope from it, and looked for the best point to bear the weight.

Although he could have climbed down without a rope, he did not want to explain how he did it.

Just as Qin Yuan fixed the rope, Long Xiaoyun’s voice came from his earpiece.

“We have found the best sniping spot. Currently, we see four targets squatting under the window and four guarding the door.”

“The hostage is in a corner one meter away from the window.”

“Alright, get ready to move at any time.”

“Captain Qin!” He Chenguang’s voice suddenly came from Qin Yuan’s earpiece.

“Speak!”

“Captain Qin, I request to use the Type 10 sniper rifle.” He Chenguang said.

“According to my observation, the Type 117.62mm sniper rifle is not enough to kill the target in one shot!”

Hearing He Chenguang’s words, Qin Yuan’s mind spun rapidly.

The Type 117.62mm sniper rifle was very suitable for counter-terrorism operations, but it might be difficult to kill the criminal in one shot if the target was indoors.

The Type 10 sniper rifle was extremely powerful and was suitable for this situation.

However, the target was too close to the hostage, and there was a certain degree of danger.

Moreover, the hostages were all young children, so it was very likely that they would be frightened. However, they had no choice but to do so.

“Sure.”

Qin Yuan did not reject He Chenguang’s request. He knew better than anyone that there was no better choice now.

However, there was also a huge problem in front of them. They had to kill the eight people in the room at the same time.

If only one person was killed first, then the rest would definitely react.. If they were so angry that they directly killed the hostage, the consequences would be unimaginable!

Chapter 399: Don’t Worry, I’m Here!

“Do you have the confidence to kill two of them?” Qin Yuan said.

He Chenguang knew what his captain meant. He had always wanted to prove that his marksmanship was not inferior to anyone else.

“I promise to complete the mission!”

At this moment, Qin Yuan had already slid to the window along the rope.

The window was closed.

However, Qin Yuan already had an idea. When He Chenguang fired, he would break through the window and enter.

At this moment, Leng Feng and Geng Hu were already prepared to blow up the door.

“Move out!” Qin Yuan said in a low voice.

Bang!

A dull gunshot rang out, and a hole appeared in the window.

Qin Yuan slammed into the glass with force, and the glass instantly shattered into pieces.

He immediately threw a flashbang into the room and jumped in.

He Chenguang’s shot shot through the glass and killed one of them.

Boom!

At the same time, Leng Feng and Geng Hu rushed in from the door.

The moment Qin Yuan jumped into the room, he shot the person closest to the window.

Bang!

He Chenguang fired another shot, and one of them fell again.

Qin Yuan quickly kicked down the person closest to the hostages and hugged the two hostages in his arms.

The two children were frightened by the scene in front of them and cried loudly.

“It’s okay, it’s okay. Be good.” Qin Yuan patted their backs as he comforted them.

“I’ll leave it to you!”

Qin Yuan looked at Leng Feng and Geng Hu. He had to send the two hostages to a safe area first.

After saying that, Qin Yuan carried the two of them and rushed out of the door.

Only Geng Hu, Leng Feng, and the remaining criminals were left in the room.

A criminal with a scar on his face said, “Stinky special forces soldier, are you courting death?”

He looked at the three corpses on the ground and said. “My brother is dead. Don’t even think about walking out alive today!” After saying that, the scar-faced man pulled open his clothes.

A row of bombs was revealed.

Geng Hu and Leng Feng were stunned!

Not good! The situation had changed!

The news they received was that these people did not have any guns or ammunition on them. They only carried some knives.

But now, the situation was far more dangerous than they had imagined.

The other person pulled out a pistol and pointed it at the bomb on Scarface’s body, as if he wanted to die together with him.

At this moment, Leng Feng and Geng Hu could not be bothered to report the current situation to Qin Yuan. Their brains were spinning rapidly, thinking of a way to deal with it.

The two of them looked at each other as if they had a countermeasure.

In the next second, Geng Hu secretly pulled out a smoke grenade and threw it in the direction of those people.

At the same time, Leng Feng leaped up and threw Scarface to the ground. Bang!

Scarface’s head was instantly pierced through, and blood flowed out! Geng Hu kicked the other man’s pistol and punched him in the head.

The man fell straight to the ground!

Bang!

A gunshot suddenly rang out.

“F * ck! Who the f * ck ambushed me!” Geng Hu cursed.

Fortunately, it only hit Geng Hu’s backpack and was not injured.

Geng Hu looked around the room. “Why is there one person missing?”

He remembered that there were eight people. Other than the five people they killed, there should be three more criminals in the room, but now there were only two people.

These two people were captured by Leng Feng, unable to retaliate at all.

“Tell me, where did you come from?” Geng Hu slapped each of them.

“Bah! If you want to kill me or cut me up, it’s up to you!” The two of them said firmly.

“You’re not worth a thousand deaths! How can you lay your hands on so many lives?” Geng Hu angrily said.

“You Chinese people, your deaths are not worth pity!” one of them arrogantly replied.

“Bastard!” Geng Hu killed that person with a single shot.

“Looks like they snuck in from the border.” Leng Feng said.

Geng Hu nodded. “I don’t know what their intentions are.”

“This is bad. If that’s the case, they definitely have a mastermind behind them. The person who escaped must have gone back to get help!” Leng Feng suddenly realized this.

“I’ll leave this person to you. You report the situation to the captain and the others. I’ll go after that person now.”

Geng Hu said.

“He shouldn’t have run far!”

After Geng Hu finished speaking, he ran out!

“Geng.” Before Leng Feng could shout, Geng Hu had already disappeared from the room.

Leng Feng quickly said into the earpiece, “Captain Qin, bad news! One of them escaped!”

“We suspect that these people have accomplices. Now that Geng Hu has run out, I’m afraid he’ll be in danger.”

Qin Yuan frowned when he heard about the situation from Leng Feng. It seemed that things were really as he thought. It was not as simple as it seemed.

“Bring them to the SWAT team. I have something to do!” Qin Yuan said to Long Xiaoyun.

“Isn’t it all resolved? What else do you want?” Long Xiaoyun was a little confused.

“Just do as I say.”

After saying that, Qin Yuan ran out.

“Leng Feng, don’t tell anyone else about this!” Qin Yuan instructed.

The exact situation was not clear yet, so Qin Yuan did not want too many people to fall into panic.

“Yes, sir!”

Geng Hu followed the trail of blood to an abandoned factory. The bloodstained footprints disappeared outside the factory.

“Where did he go?” Geng Hu thought to himself.

He looked around and could tell that this place had been abandoned for a long time.

There weren't many people along the way. When they arrived at the factory, there weren't even many weeds.

However, it was strange. How did that person's footprints disappear into thin air?

Geng Hu's heart was filled with doubts.

However, looking at the empty space around him, there was no way for anyone to hide.

There was only one possibility. That person was hiding in the factory.

However, Geng Hu hesitated. He remembered what Leng Feng had said.

It was very likely that this group of people had a gang. If they entered rashly, it might be dangerous.

If there was only one person in the factory who had run away, he would definitely not be his match.

However, if it was the former, his situation would become dangerous.

However, if they let that person run away like this, they would definitely do something big later.

At that time, he would not be the only one in danger.

If he could exchange his life for the safety of others, it would be worth it!

Geng Hu thought of this and decided to enter the factory to investigate!

Geng Hu walked inside without turning back, but he was extra careful.

He slowly approached the factory but found that there was no one inside.

It was too quiet!

Geng Hu realized that something was wrong and immediately turned around to leave.

Suddenly, a group of people appeared at the door.

Geng Hu immediately recognized the person who had escaped.

“You're already here. Why are you leaving?” The person standing in the middle of the crowd said.

Geng Hu looked in the direction of the voice and saw a black triangular symbol on the person's neck.

It seemed to be the symbol of some organization.

“Boss, it's him! He took another person and killed all our brothers.” The escaped man pointed at Geng Hu and said.

“Kid, you’re quite capable. Today, I’ll see if you can walk out of this door.” The person called Boss said.

It was the person standing in the middle.

“Hehe, that depends on whether you have the ability to stop me!” Geng Hu said fearlessly.

“Brothers, give him a taste of his own medicine!” The leader said.

A dozen people instantly surrounded Geng Hu.

The boss sat on an abandoned cabinet at the side. He wanted to see how this kid would walk out alive.

Geng Hu smiled and kicked the two people closest to him to the ground.

The speed and strength were extraordinary. The two people clutched their stomachs and fell to the ground, their expressions very painful.

“You have some skills, but there are so many of us. Let’s see how you fight!”

The boss said calmly.

As they fought, the boss’s expression became ugly.

After a few rounds of fighting, their people did not have any advantage at all!

Instead, Geng Hu beat them up until their faces were swollen.

“Is this all you have? Go back to where you came from!” Geng Hu angrily rebuked.

As Geng Hu spoke, the group of people launched another attack.

Geng Hu focused all his attention on dealing with everyone. A sinister smile appeared on the boss’s face. “Goodbye..”

Chapter 400: Geng Hu Who Was Almost Sacrificed

At this moment, a black muzzle was already pointed at Geng Hu. Geng Hu’s attention was focused on dealing with the others, so he did not notice that danger was quietly approaching him.

“Go to hell!”

Looking at Geng Hu who was not far away, the boss’s face revealed a trace of ruthlessness.

They had already made ample preparations for this operation, but it was ruined by these Chinese soldiers.

They had suffered heavy losses. Almost all the people who had come to carry out the mission had died.

When he thought about how he would not be able to explain to the organization if he failed the mission, the boss’s eyes revealed a fierce light, filled with deep hatred.

“Di di di...”

At this moment, Qin Yuan’s system, which was rushing over in Geng Hu’s direction, immediately displayed a red alert.

“Not good!”

Qin Yuan used the system radar to continue probing deeper. He saw that Geng Hu was dealing with more than a dozen criminals dozens of meters ahead.

In a corner, a gun was pointed at Geng Hu’s face.

“Geng Hu!”

“One o’clock to the right.”

At this moment, Qin Yuan shouted.

Because at this moment, no matter how fast he was, it was already too late.

There was still a building between them, so Qin Yuan could not immediately rush over to stop the criminal’s gun.

Therefore, he could only shout to warn Geng Hu to avoid his vital points.

“Hmm? Captain?”

At this moment, Geng Hu reacted immediately.

He looked in the direction Qin Yuan said and saw a black muzzle aimed at him.

Bang...

A bullet had already been fired from the chamber, heading straight for him.

Looking at the bullets coming at him, Geng Hu cursed.

Then, he moved to the left because it was too late.

The bullet hit his right arm along with the heat wave.

Geng Hu broke out in cold sweat as he looked at the fresh blood that kept seeping out.

If he had not heard the captain’s voice just now, perhaps this bullet would have directly headshot him.

Now that he thought about it, he was shocked.

Geng Hu endured the pain in his right arm and dashed toward the two criminals at the front.

A heavy punch knocked down one of the criminals, followed by a flying kick that sent the other criminal flying.

At this moment, Geng Hu was already furious. He did not expect the boss of the criminals to pull such a sinister trick.

“F * ck, I was so close!”

Seeing that the bullet had only hit Geng Hu’s right arm, the boss’s face immediately turned furious.

He had been looking for an opportunity for so long, but it was actually destroyed by a loud shout. Otherwise, this shot could have taken the life of the Chinese soldier in front of him. Now that Geng Hu had reacted, he thought that a sneak attack was impossible.

“Quickly finish him off! Attack!”

At this moment, the boss gave the order to his subordinates to continue attacking Geng Hu. This was because their location should have been exposed by now.

The Chinese soldiers and armed police would arrive soon.

If this dragged on, they would all die here.

After saying that, the boss prepared to escape. He knew that their operation this time was a complete failure.

“You still want to leave?”

Just as the boss was about to retreat, a figure flashed past his voice.

Following the sound, he saw someone blocking his escape route.

“Looks like your reinforcements are very fast.”

Looking at the Chinese soldiers in front of him, the boss’s eyes were filled with shock.

The black shadow that had flashed past was too fast. Even he did not know how the Chinese soldier in front of him had arrived at his place in an instant.

“From the moment you stepped into China, your lives were already gone.”

Looking at the criminal boss in front of him, Qin Yuan’s eyes were filled with anger. A murderous aura erupted from Qin Yuan’s body.

These people actually dared to come to China to carry out a vicious kidnapping.

It seemed that there must be an organization behind them.

“So what if you keep us here today?”

“If we die, so be it. It’s no big deal.”

Seeing Qin Yuan’s arrival, the boss knew that their mission had failed.

Moreover, based on his judgment of Qin Yuan, he knew that Qin Yuan’s strength could easily kill him.

Although he wasn’t afraid of death, there was still a hint of fear in his eyes.

“Then die!”

Qin Yuan did not want to say too much nonsense. As for who else was behind these criminals.

He was too lazy to ask. Even if he asked these people, they wouldn’t say anything.

Moreover, if he had come a little later, perhaps Geng Hu would have already died.

Thinking of this, Qin Yuan's eyes were filled with anger.

Qin Yuan held the dagger in his hand and attacked the leader of the criminals not far away.

Bang! Bang! Bang!

Seeing Qin Yuan charging towards him, he immediately raised the gun in his hand and fired crazily at Qin Yuan.

Qin Yuan kept using this movement technique to dodge the bullets.

He continued to approach the leader of the criminals.

"In your next life, don't ever step into China's territory again."

Accompanied by a cold flash, Qin Yuan's dagger had already cut the neck of the leader of the criminals.

Blood splattered everywhere. The leader of the criminals widened his eyes and slowly knelt on the ground.

Until he died, he did not understand how Qin Yuan had dodged his fierce attack..
