

Special Troop 401

Chapter 401: Geng Hu Who Was Almost Sacrificed

Qin Yuan did not care about the boss and continued to skip in Geng Hu's direction.

Based on the system's feedback, he knew that Geng Hu was already injured. Although his life was not in danger, it was difficult for him to move.

"Come on, you sons of bitches. If I don't kill all of you, I'd be suffering this bullet for nothing."

Geng Hu leaned against an obstacle and shouted at the criminals not far away. He had been shot. Although it was not a big problem, it had indeed greatly reduced his strength.

Moreover, he did not have the time to bandage himself at this time. The wound on his right arm was still bleeding non-stop. In a short while, Geng Hu's right arm was already dyed red.

After hearing Geng Hu's words, the criminals around him kept moving in Geng Hu's direction. They did not realize that their boss had already died behind them.

Even though gunshots had sounded from the building behind them, their orders were to get rid of Geng Hu.

Now that Geng Hu had been shot, this was the best time for them to kill him.

At this moment, Qin Yuan had already appeared behind them.

"More than ten. Since you're here, then die!"

Looking at the system feedback, Qin Yuan picked up his pistol and shot at the criminals.

Bang! Bang! Bang!

As the gunshots rang out, the few criminals standing in Qin Yuan's line of sight fell to the ground. Their heads were shot by Qin Yuan one by one.

A few criminals in the other direction were shocked when they saw Qin Yuan behind them.

They did not know when a Chinese soldier had appeared behind them.

For a moment, they all hid in the obstacles around them.

They didn't bring too many guns with them this time because it was too difficult for them to get guns in China. Therefore, only those who went on missions and their boss had guns. Right now, they could only wait to be reaped.

"Die!"

Qin Yuan continued to ignore the criminals.

A few minutes later, as Qin Yuan's dagger slashed across, the last criminal died in Qin Yuan's hands.

"Captain?"

Geng Hu called out to the familiar figure nearby.

Seeing Qin Yuan rush over, Geng Hu was extremely excited.

If it wasn't for his boss reminding him, he might have really sacrificed himself just now.

"You brat, it seems like your training during this period of time has been in vain."

"Have you forgotten everything I taught you?"

Seeing Geng Hu walk over, Qin Yuan shouted.

He was indeed very angry because Geng Hu's actions just now were too rash.

If he had come a little later, or if Geng Hu hadn't reacted in time, he would have died here.

It would be a huge loss if the brothers he had brought along for so long were to die here.

Therefore, Qin Yuan was very angry.

"Team... Captain!"

"1..."

After hearing Qin Yuan's words, Geng Hu was a little embarrassed. He had indeed been too rash just now, and he did not realize that his gun was actually damaged.

This was a huge mistake, so it was only right for Qin Yuan to be angry.

"Stop talking. Drink this quickly to stop the bleeding."

"I'll deal with you when we get back!"

As he spoke, Qin Yuan directly exchanged a bottle of Physique Strengthening Liquid from the system store and handed it to Geng Hu.

This was not the time to blame Geng Hu.

It seemed that this was a vicious kidnapping with a purpose. Qin Yuan pondered for a few seconds and then shouted into his earpiece,

"Leng Feng, you guys come over."

"Yes, captain!"

At this moment, Leng Feng's reply sounded in the earpiece.

As for what kind of organization this criminal was, Qin Yuan was very curious.

Since such an organization dared to send people to China, they must not be allowed to live. They had to be uprooted.

He had to get the higher-ups to investigate this properly.

"Let's go and treat the gunshot wound first."

Looking at Geng Hu's pale lips, Qin Yuan knew that Geng Hu had lost a lot of blood. Now, he had to take out the bullet before bandaging it.

“Yes, captain!”

Seeing that Qin Yuan did not continue to blame him, Geng Hu heaved a sigh of relief.

Thinking of what had just happened, if not for his captain reminding him, he might really have died here.

“However...”

“How did Captain know about the situation just now?”

“Isn’t Captain’s perception ability too abnormal?”

Looking at Qin Yuan, Geng Hu fell into deep thought. The captain’s voice was at least dozens of meters away.

For a moment, Geng Hu’s admiration for Qin Yuan grew deeper and deeper. A few minutes later, Leng Feng, He Chenguang, and the others rushed over.

“Geng Hu, are you injured?”

Seeing Geng Hu’s right arm covered in blood, Leng Feng asked worriedly.

“Yeah, what happened?”

For a moment, everyone who had rushed over was worried.

“I’m fine, just a small injury. I accidentally fell into their ambush just now, and I didn’t expect that they would still have people here.”

Looking at the nervous crowd in front of him, Geng Hu felt a warmth in his heart. Their deep camaraderie made him feel comfortable.

“Hurry up and bandage your wound. The medical vehicle is just outside.” Seeing that Geng Hu and Qin Yuan were fine, everyone felt much more relaxed.

“Alright!”

He Chenguang brought Geng Hu to the ambulance.

“Captain, these people are from some organization.”

“We found some tattoos on the bodies of the people we killed just now. They seem to belong to some organization.”

At this moment, Leng Feng walked to Qin Yuan’s side and said softly.

“I just found out about this. I’ll report this to my superiors and ask them to send someone to investigate this information.”

“It seems that some people want to extend their hands into our motherland.

This time, we will let the world know about the existence of Battle wolf.”

Qin Yuan had thought about Leng Feng's question for a while. These organizations must have other motives for daring to come to China to commit crimes.

"Captain! You mean..."

After hearing Qin Yuan's words, Leng Feng was a little excited.

Qin Yuan seemed to be planning to bring them to destroy the forces behind these criminals.

"That's right. Let everyone deal with this place first! Then, we'll return to the base immediately."

Qin Yuan did not say too much. After all, he still needed to consult his superiors about this matter.

"Yes, sir! Captain!"

With that, Leng Feng led the others to clean up the corpses. "Captain Qin! It's been really hard on you guys this time." "If it weren't for you guys, we really wouldn't know what to do."

"These criminals are all outlaws. They are very cruel and fierce."

At this moment, the captain of the special police unit, Huang Lei, walked forward and said.

The performance of Qin Yuan and the others in carrying out the mission just now had indeed made him feel a little worried. The entire mission was carried out without any sloppiness.

He could not help but feel admiration for such strength.

"Captain Huang, you're too polite. Our duty is to protect the motherland and the people."

"This is our duty, so you don't have to be so polite."

Qin Yuan said softly after hearing Huang Lei's words.

This was their duty as soldiers, not to mention that they were members of the elite special forces.

The purpose of their special forces was to carry out counter-terrorism and counter-violence.

"I still have to say thank you. Fortunately, the hostages were rescued safely."

Huang Lei was still very grateful to Qin Yuan and the others. This incident was sudden and the nature was very bad.

If Qin Yuan and the others had not come, he really could not guarantee the safety of the hostages.

"Are the two children alright?"

At this moment, Qin Yuan thought of the two children. Encountering such a thing at such a young age would easily cause serious psychological trauma to their young hearts.

"They're all fine, Captain Qin. We've already arranged for a psychological counselor to help them out."

“When we were guiding them, Captain Long joked with the children that this was a game and that they had to cooperate to fight the bad guys. When they left, the two children were very happy.”

“I believe they should be fine..”

Chapter 402: It's Time for the Baptism of War

Faced with Qin Yuan's question, Huang Lei immediately explained.

This sudden vicious kidnapping incident gave him a headache.

If it weren't for Qin Yuan and the Battle Wolf Special Forces, he wouldn't have known what to do.

“That's good!”

“There should be a purpose for this sudden incident.”

“Captain Huang, you have to continue to investigate the outsiders who came in during this period of time. These people are cruel and violent. If you don't deal with them, there will definitely be trouble.”

Qin Yuan was a little worried about this.

These people had not succeeded in their mission this time, so they would definitely continue to gather people.

Even if these people had been dealt with, they still had to take precautions.

Only in this way could they ensure the safety of the people's lives and property. “Don't worry, Captain Qin. I've already arranged for people to carry it out.”

“It's been hard on you guys this time.”

“It's fine. Since it's fine, I need to bring the team back.” “As for this matter, I'll get the higher-ups to help us investigate.” Qin Yuan said softly.

He knew that there must be some people behind these criminals.

What he wanted to do now was to find these organizations and destroy them.

Only in this way could he be at ease.

“Understood, Captain Qin.”

After hearing Qin Yuan's words, Huang Lei's expression turned solemn. If these criminals' operation succeeded this time, the consequences would be unimaginable.

Therefore, he had to take precautions this time and investigate the intention of these people.

“Good!”

“Then we'll go back first. I'll leave this place to you.”

Qin Yuan reminded Huang Lei, After all, he had to pay attention to these problems at all times.

“Okay, Captain Qin. I’ll find you guys for a drink when I have time!”

He had heard of Qin Yuan before, but he had never seen him in person.

However, after seeing him this time, he had a new understanding of Qin Yuan.

It was the first time he had seen someone with such strength.

To be honest, Huang Lei still admired Qin Yuan very much. Battle wolf’s team was a legend, a legend that started from the logistics company.

“Good!”

After saying that, Qin Yuan immediately recalled all his team members and boarded the plane back to the base.

“Qin Yuan, there must be an organization behind these criminals this time.”

“The symbols on these people seem to be the symbols of a drug trafficking organization outside the country.”

“But what I don’t know is why they kidnapped me this time.”

On the plane, Long Xiaoyun immediately analyzed her thoughts with Qin Yuan. “Yes, when you go back, immediately go to the military commander.”

“It’s time for Battle wolf’s sharp sword to drink blood.”

Qin Yuan’s face revealed a ruthless expression.

“You mean, you want to take them to deal with those organizations?”

After hearing Qin Yuan’s words, Long Xiaoyun’s face was a little surprised.

Battle wolf’s current strength was indeed not bad, but he still had too little experience on the battlefield.

Although their performance this time was not bad, there were only a dozen of them.

To be honest, Long Xiaoyun was still a little worried.

If they had trained for a period of time, she would have been able to let the Battle wolf members go out. However, in the current situation, she was truly worried.

“Don’t worry, it’ll be fine. With me around, they won’t be missing.”

“Since these criminals dare to come, let them know that China is a forbidden land that they can never set foot in!”

Qin Yuan knew what Long Xiaoyun was worried about, but if they wanted to become experts, they had to go through the baptism of war.

Otherwise, these guys from Battle wolf would never grow up.

What Qin Yuan wanted was a battle wolf that truly had the soul of a special forces soldier.

“Alright, since you’ve made your decision, we’ll do as you say.”

Looking at Qin Yuan, Long Xiaoyun knew that Qin Yuan was right.

A real special force had to be baptized by war, because the cruelty of the real battlefield could not be trained no matter how hard they trained.

In that case, it was better to let Qin Yuan bring them out to give it a try. Moreover, with Qin Yuan around, she believed that Qin Yuan could protect them well.

During this period of time, she finally realized how terrifying Qin Yuan was. He was simply not human.

With this kind of strength, even ten of her might not be Qin Yuan’s match. “Alright, remember to get some high-tech equipment. These kids will need it!”

As he spoke, Qin Yuan immediately instructed. He had heard that some high-tech individual combat equipment had been developed recently, so he wanted to let the Battle Wolf guys try it out.

“Understood. I will apply for it.”

After hearing Qin Yuan’s words, Long Xiaoyun nodded. She had heard of these high-tech individual combat weapons, but she had never had the chance to try them out.

It just so happened that Qin Yuan had said so, so she could apply for it and give it a try.

“Alright!”

Half an hour later, Qin Yuan and the others returned to Battle Wolf Base.

“Gather!”

As soon as they got off the plane, Qin Yuan immediately gathered everyone.

Although this operation was successfully completed, there were still many problems.

If he had not arrived last, perhaps they would have come back today to hold a memorial service for Geng Hu.

In that situation, Qin Yuan was very angry because Geng Hu was too careless and underestimated his enemy..

Chapter 403: It’s Time for the Baptism of War

“What do you think of your mission today?”

Qin Yuan glanced at everyone with a dark expression.

“Captain, I... I’ve let everyone down!”

“Captain, if you’re angry, just be angry at me.”

Seeing Qin Yuan’s face darken, Geng Hu immediately said to Qin Yuan.

It was because he was too careless that he encountered such a thing. If it was not for Qin Yuan in the end, he might have really sacrificed himself.

Therefore, he knew that Qin Yuan was angry with him now.

“Attention. Now, immediately, everyone carry your weights and run 20 kilometers for me.”

“Gather here in an hour. If anyone can’t complete it, you don’t have to rest tonight.’

Qin Yuan did not say much, but immediately gave the order to everyone.

Battle wolf was a team, and they were bound together for good or bad.

Therefore, Qin Yuan would not specifically blame anyone. Qin Yuan wanted them to know that they were a team. If any one of them made a mistake, it would implicate the other comrades.

Because the battlefield was cruel and your comrades trusted you. If your problem implicated your teammates, then it was your fault.

It was just a mission now, but in the future, they would have to face more difficult missions than this.

Then it would be too late. One mistake and a corpse would return.

“Captain, it’s all my fault. It has nothing to do with them. Captain, just punish me!”

After hearing Qin Yuan’s words, Geng Hu immediately explained. He was the only one who had made a mistake, and now he had implicated everyone. He really felt bad.

“If you can’t finish 30 kilometers, I’ll teach you a lesson tonight!”

Qin Yuan did not continue to explain. “If you keep talking, it’ll be 40 kilometers!”

“What are you waiting for?”

As he spoke, Qin Yuan picked up the gun in his hand and aimed it at all the team members.

“Waiting to get shot?”

After a series of gunshots, everyone was shocked. Then, they immediately carried their weights and ran out according to Qin Yuan’s request.

This time, they knew that it was their fault, so they did not dare to say anything.

“I’m sorry, brothers. I’ve let everyone down. I’m really sorry.”

Along the way, Geng Hu apologized to the Battle wolf members. Because of his mistake, everyone was punished.

“It’s okay, Geng Hu. You know what Captain means. He’s telling us that we’re a team, so don’t apologize anymore.”

At this moment, Leng Feng immediately consoled him.

“Yes, Geng Hu, don’t be so longwinded. We’re brothers. You want to enjoy such a good thing alone?”

At this moment, He Chenguang, who was at the side, said loudly.

‘Yes!’

“Yes!”

“Hurry up and run. Captain is still instructing the kitchen to prepare delicious food for us! Hurry up and finish running. Go back and eat.”

Everyone burst into laughter.

When Geng Hu saw this scene, he felt very gratified and his eyes turned slightly red.

“Thank you, brothers!”

Being able to get to know these brothers, Geng Hu’s heart was touched. That kind of comrade-in-arms relationship instantly filled his entire heart. “What are you thanking me for? Let’s go. Are your injuries okay?” Leng Feng asked worriedly as he looked at Geng Hut s wound.

“I’m fine. This injury is not a big deal!”

Geng Hu smiled.

“Good! Let’s go, brothers!”

After saying that, the group of people immediately ran into the distance.

Although they had completed their mission this time, they had not done it perfectly.

In addition to their captain Qin Yuan’s intention this time, they could clearly tell that they were a team no matter what.

An hour later, everyone returned to the base according to Qin Yuan’s request.

“I hope you can remember that you are a team. No matter what, behind you are your comrades.”

“The battlefield is not as simple as you think. The sudden incident today is only superficial. ”

“Go back to sleep now and wait for orders!”

Looking at everyone’s exhausted appearance, Qin Yuan did not continue to punish them.

What Battle wolf needed now was the baptism of the battlefield. Only by going through the baptism of the real battlefield could they truly mature.

This process was something that Qin Yuan could not bring to them through training. Only by experiencing it themselves could they know what a battlefield was. “Yes, sir!”

“Yes, sir!”

After saying that, everyone answered loudly.

Then, he dragged his exhausted body toward the treehouse.

“Leng Feng, do you think Captain is preparing to take us on a mission again?”

“Why do I feel like Captain is implying something?”

At this moment, He Chenguang had some thoughts and asked Leng Feng.

“I think Captain might be bringing us to the battlefield!”

Leng Feng replied indifferently after hearing He Chenguang’s words.

He knew that there must be an organization behind the rescue mission.

Moreover, when he returned on the plane , he noticed what Qin Yuan and Long Xiaoyun were discussing.

Moreover, it seemed that Long Xiaoyun was very worried.

“Battlefield?”

“Do you think it has something to do with those criminals?” At this moment, He Chenguang seemed to have thought of something.

“That’s right. If I’m not wrong, Captain means that he might bring us to the battlefield this time.”

“After all, a real war wolf needs to be baptized by war.”

“You know, we all have to go through it.”

Seeing He Chenguang’s thoughtful look, Leng Feng smiled faintly.

“I know!”

Looking at Leng Feng’s eyes, He Chenguang was looking forward to it. After all, only actual combat could effectively test his current strength.

“Alright, let’s rest first!”

“As for how, we’ll know when the time comes!”

Seeing He Chenguang’s expectant eyes, Leng Feng smiled and said.

However, he was a little worried because people would die in war.

Although he was not afraid of death, he would feel very sad if any of his comrades who fought together were missing.

But this was what they should do, because they were soldiers.

This was their duty and mission!

“Good! Then I’ll rest first.’

After saying that, the two of them walked back to their treehouse.

In the office of the military commander!

As soon as Long Xiaoyun returned to Battle wolf Base, she rushed over to the commander.

“Are you saying that Qin brat is planning to let Battle wolf and the others come out at this time?”

After hearing Long Xiaoyun’s report, Gao Shiwei asked in surprise.

“Yes, Bureau Chief. You know that although Battle wolf was established not long ago, their strength has indeed increased very quickly!”

“Moreover, Battle wolf needs to be baptized by actual combat. This is the time!”

From Gao Shiwei’s expression, Long Xiaoyun knew that the Bureau Chief was worried.

After all, Battle wolf hadn’t been established for long.

“Alright, your Battle wolf’s performance has really impressed me. Since you’ve decided, then go ahead and execute it!”

“As for the power behind these people, I will get someone to investigate and give you information later.”

“Go back and make preparations first!”

He knew that Battle wolf had gone on a rescue mission, and the purpose of these criminals was to challenge China’s authority.

This organization had to teach these criminals a bloody lesson. China was not a place where they could cause trouble.

“Yes, sir!”

“Oh right, tell Qin brat to bring everyone back for me. This kind of mission won’t cause Battle wolf to suffer any losses.” At this moment, Gao Shiwei immediately warned.

“Understood, Chief!”

“We will definitely complete the mission!”

Although Long Xiaoyun was worried about Qin Yuan’s choice this time, she still supported him.

This was because Battle wolf needed to be baptized by war.

Only war could make Battle wolf stronger..

Chapter 404: Only The Fearless Can Win

“Alright, go!”

“Wait for my order.”

As for the information provided by Long Xiaoyun, Gao Shiwei had to send someone to investigate.

After all, it was not good to go blindly.

These organizations should belong to some foreign organizations. For some reason, the Chief felt that this tattoo was very familiar.

“Yes, sir!”

“Oh right, Chief, can we give the newly developed equipment from the Chinese Academy of Sciences a try?”

At this moment, Long Xiaoyun immediately asked.

This time, Qin Yuan said that he wanted to apply for some new special combat equipment, so Long Xiaoyun wanted to try out the new equipment. After all, modern wars could not be separated from high-tech weapons.

“Sure, I’ll get someone to send it to you in a while.”

After hearing Long Xiaoyun’s words, Bureau Chief Gao nodded with a smile.

He had indeed gone to take a look at these high-tech weapons and equipment. He had to admit that those high-tech weapons and equipment were indeed very helpful in improving the strength of the soldiers.

Battle wolf belonged to the special forces of the Southeast Military Region, so there was no problem in applying for it.

Moreover, Gao Shiwei had high hopes for Battle wolf.

“Thank you, Chief!”

“Then I’ll go back first. Goodbye, Chief!” After saying that, Long Xiaoyun saluted and left.

In Battle wolf Base!

As soon as Long Xiaoyun returned, she came to look for Qin Yuan.

“What does the Chief think?”

Qin Yuan asked impatiently when he saw Long Xiaoyun return.

He hoped that his plan would be approved by the chief, and then he could lead the troops to destroy the organization behind these criminals.

Battle wolf was in desperate need of a large number of actual battles to baptize them.

“The Bureau Chief agreed, but now he needs to send some intelligence personnel to gather some information on the organizations behind these criminals.”

“Also, the Bureau Chief said that if you want to bring the Battle wolf brothers, you must bring them all back.”

“The Bureau Chief said that such a mission wouldn’t cause Battle wolf to suffer any losses!”

After hearing Qin Yuan's question, Long Xiaoyun immediately told Qin Yuan what the Bureau Chief said.

"Don't worry! Nothing will happen to them as long as I'm here."

"This time, after the chief gives the order, I'll lead the team out. I'll leave the base to you."

Qin Yuan would immediately say to Long Xiaoyun.

"I understand, just take them with you. However, when you make a choice, you must not cross the border. Otherwise, it will cause unnecessary influence."

Long Xiaoyun knew that Qin Yuan must have thought about it for a long time. That was why he let the members of Battle wolf go out to experience actual combat at this time. "Don't worry about that. I won't do such a thing." "I know what to do!"

Qin Yuan could understand Long Xiaoyun's worry.

From the criminals, Qin Yuan could sense that they were members of some foreign organizations. As for why they chose to carry out a vicious kidnapping in China, Qin Yuan was still not very clear.

But this time, what Qin Yuan wanted to do was to bring Battle wolf and the others to the border for a period of time.

There were many organizations at the border that had been thinking of sneaking in.

This was the perfect opportunity for these people to temper Battle wolf's soul.

An iron-blooded team couldn't be separated from constantly receiving actual combat and constantly becoming stronger.

"That's good. Since you've already decided, I'll always support you."

Seeing Qin Yuan's determined gaze, Long Xiaoyun said softly.

However, when he looked at Qin Yuan, he did not feel any pressure from Qin Yuan at all. It was as if everything was under Qin Yuan's control.

"Let's go back and rest. We'll just wait for the Bureau Chief's orders." Seeing that it was already late at night, Qin Yuan immediately said to Long Xiaoyun.

"Alright! See you tomorrow!"

"See you tomorrow!"

After saying goodbye, the two of them returned to their own bookstores.

The only thing they could do now was to recover their spirits and wait for the order to be given before leading the team out.

Early the next morning, Long Xiaoyun hurriedly pried open Qin Yuan's door with an order.

"What's wrong? Has the chief given the order?"

As soon as Qin Yuan opened the door, he saw Long Xiaoyun standing outside, so he immediately asked.

“They’re down. The Bureau Chief has helped us investigate the background of those criminals.”

“These criminals are all members of an organization called Red Spider.”

“Over the years, this organization has been transporting drugs and making drugs in areas outside our borders.”

“The purpose of their kidnapping this time is to divert China’s attention.” “Then, they want to transport the drugs into China through the border.”

For a moment, Long Xiaoyun immediately explained to Qin Yuan.

“Red Spider?”

“I’ve never heard of this organization before!”

Hearing the information that Long Xiaoyun said, Qin Yuan thought for a long time, but he still had not heard of this organization.

“Yes, this organization has just been established. In other words, it has already integrated all the forces in the area that is not controlled by the government.” “As for who is behind them, our intelligence department is still investigating.” “Right now, we only know that the leader of their organization is called Shang

Kun!”

“It’s the person in this photo!”

Chapter 405: Only The Fearless Can Win

As she spoke, Long Xiaoyun immediately handed a photo to Qin Yuan. “This person should be from the special forces!”

After taking Long Xiaoyun’s photo and taking a look, Qin Yuan knew that the person in the photo must have been from the special forces.

“You are really sharp. You’re right!”

“This person is a retired special forces soldier. He has been serving in the special forces of Country N for many years.”

“Until two years ago, when he retired from the special forces of Country N and joined this organization.”

“So this person is very dangerous!”

At this moment, Long Xiaoyun’s forehead was tightly wrinkled.

This kind of person was too dangerous. Although the members of Battle wolf were strong, it was still a little difficult to face such a veteran with rich combat experience.

“It’s okay, I’m here!”

“It’s good to have such a person to broaden the horizons of these kids.” Qin Yuan smiled faintly.

Towards such a retired special forces soldier, Qin Yuan did not have a trace of panic in his eyes. Instead, he was a little excited.

“Why aren’t you worried at all?”

Seeing that Qin Yuan’s eyes were still glowing, Long Xiaoyun could not understand Qin Yuan.

“Worried? What’s there to worry about?”

“Do we have to be afraid just because the enemy is strong?”

“This isn’t Battle wolf’s style!”

After hearing Long Xiaoyun’s question, Qin Yuan smiled.

It was true that the enemy was powerful, but that didn’t mean that they had to retreat. Instead, they had to keep chasing and then defeat him. As long as the enemy dared to invade, no matter how strong they were, they would die.

“I didn’t mean that!”

Hearing Qin Yuan’s words, Long Xiaoyun was a little embarrassed. Qin Yuan was right. No matter how strong the enemy was, they could not be afraid.

Because fear would only make people lose confidence and never be able to win!

“I don’t blame you. It’s normal for you to be worried. It’s just that these kids aren’t as weak as you think.”

“What they need is the constant baptism of actual combat. Only when the enemy is strong will they grow faster.”

Seeing Long Xiaoyun’s expression darken, Qin Yuan immediately explained.

“Oh right, let those guys get ready first. We’ll set off now. After all, they’ll have to stay at the border for a while.”

As he spoke, Qin Yuan immediately instructed. “Good! I’ll go prepare it now!”

Long Xiaoyun nodded and went to prepare.

“It seems that there are many big fish behind these people!”

Qin Yuan looked at the photo in his hand and muttered softly. To be able to integrate the forces of all sizes in such a chaotic area in such a short period of time.

The strength behind such an organization must not be underestimated.

Half an hour later, Qin Yuan arrived at the training ground. "Today, I'll take you to a place!"

"That's where we soldiers have to guard for the rest of our lives!"

"That place is filled with all kinds of dangers."

After arriving at the training ground, Qin Yuan said to the members of Battle wolf.

"I'm not afraid!"

"I'm not afraid!"

"Battle wolf is never afraid! Never afraid!"

In an instant, the entire Battle wolf's voice enveloped the sky above the base, echoing for a long time.

"Very good! Battle wolf only needs fearless experts, so I want you to face all enemies and destroy them."

"Can you do it?"

Qin Yuan knew that what was needed at this time was for the Battle wolf members to experience it, to fight in actual combat, and to become stronger.

Therefore, this was the path they had to take, the path of growth.

"Yes!"

"Yes!"

Everyone answered Qin Yuan with high morale.

"Good! Very good! Everyone is on the plane!"

With Qin Yuan's order, everyone quickly boarded the plane without asking anything.

"Chenguang, where do you think Captain is taking us?"

On the plane, Wang Yanbing asked He Chenguang, who was beside him, in confusion.

Many of them were still very puzzled to gather early in the morning and board the plane just like that.

"Go to a place we should go!"

"And that place is full of unknowns, but it can make us stronger!"

He Chenguang knew that they were going to the border this time, but he did not tell others about it.

Anyway, he would know when he went. It was useless whether he said it or not.

"Become stronger?"

After hearing He Chenguang's words, Wang Yanbing looked helpless.

Of course, it was good to become stronger, but they had to know where they were going. They didn't know anything now, and no one said anything. "Alright, you'll know when you get there. There's no need to think so much. Anyway, you have to know that Captain definitely has his own plans for doing this."

Old Wang Yanbing had a helpless look on her face while Leng Feng smiled and said.

"Alright, you guys are smart, but I'm not."

Seeing that He Chenguang and Leng Feng knew that she was the only one who couldn't guess, Wang Yanbing felt a little awkward.

"Geng Hu, did you know?"

At this moment, Wang Yanbing asked Geng Hu.

"I don't know. I'll go wherever Captain wants me to go. Why are you asking so much?"

Although Geng Hu was injured, he still followed them out. He never cared about where they went.

As long as Qin Yuan asked him to, he would do it directly. There was no reason, no conditions, and he would obey everything.

"Alright..."

Wang Yanbing felt helpless when she saw everyone acting like this.

"Yan Bing, don't ask. We'll know when we get there."

At this moment, Li Erniu saw that Wang Yanbing's expression was not good and comforted her.

"Alright, sleep, sleep!"

As she spoke, Wang Yanbing closed her eyes and stopped asking because she couldn't get anything out of him.

Two hours later, the helicopter landed next to the border post.

"Everyone, check your equipment immediately and get off the plane!"

After the plane stopped, Qin Yuan ordered.

"Yes, sir!"

"Yes, sir!"

Everyone woke up and quickly checked their equipment before running down the plane.

Five minutes later, all the members of Battle wolf had gathered at the hangar.

"I think you should know where this is, right?"

At this moment, Qin Yuan asked everyone.

"This... This is..."

"Captain, what is this place?"

At this moment, Wang Yanbing looked around and immediately asked loudly.

“Leng Feng, tell him!”

“Yes, sir!”

“Report, this is our southeast border outpost!”

Leng Feng replied loudly.

He had guessed correctly. Qin Yuan had brought them to the border.

This was because this place was really filled with all kinds of dangers, and they often encountered actual combat here.

There have always been many criminal groups and drug trafficking groups trying to break through the border blockade and bring drugs into China’s territory.

For the sake of benefits, these people were already unscrupulous.

Therefore, in times of peace, the border was the place where the most actual combat occurred.

“Do you understand?”

As he spoke, Qin Yuan looked at Wang Yanbing and Battle wolf’s group.

“Report, I understand!”

Wang Yanbing was a little surprised. He did not expect Qin Yuan to bring them to the border.

He knew that this was a place where they could really fight. He finally understood why He Chenguang said that this place would make them stronger. “Good! Since you already know, then I don’t need to say more.”

“This is our southeast border. There are many criminals who want to enter our territory to commit crimes.”

“Do you know what is behind you?”

At this moment, Qin Yuan asked everyone loudly.

“Report! It’s the motherland and the people!”

At this moment, the members of Battle wolf replied loudly. “Since you all know, then you know why I brought you here.”

“As soldiers, our duty is to protect the motherland and the people.”

“On the other side of this line, there have always been some enemies who want to cross this line to harm our motherland and people!”

“As soldiers, what should we do?”

Chapter 406: Ambush and Defence

Since he had brought the entire Battle wolf here today, he wanted to let them know the meaning of their presence.

Qin Yuan could only teach them tactics and killing techniques, but this kind of spiritual improvement required each of them to have a deeper understanding of their responsibilities and mission.

“Kill, kill, kill!”

“Kill, kill, kill!”

At that moment, all the members of the Battle wolf chanted loudly. They were very clear about their mission.

This was their first lesson since they entered the army.

“Good!”

“Attention. This time, the training subjects are concealment and ambush!” “I want you to hide in the dense forest behind you for a month.”

“There will be no food supplies during this period. Think of a way to survive!”

“And... If you dare to let a fly step into your area, there’s no need for you to stay in Battle wolf anymore!”

Qin Yuan wanted them to guard the border for a month because there were often many lawless people who wanted to cross the border from here.

Therefore, what Qin Yuan wanted was to train Battle wolf and the others in their concealment ability and cooperative combat ability.

“Yes, sir!”

“Yes, sir!”

After hearing Qin Yuan’s order, everyone could understand the purpose of Qin Yuan’s training this time.

“Report! ”

At this moment, Wang Yanbing shouted from the team.

“Speak!”

“Captain, are we using live ammunition this time?”

Wang Yanbing was very curious. Was this training or actual combat? To be honest, most of the training usually used blank bullets, but the situation here seemed to be different.

After all, this was the border region.

“Live ammunition!”

Qin Yuan replied indifferently to Wang Yanbing’s question.

The training here was different from the usual training, so every soldier's gun was loaded with live ammunition to prevent emergencies.

Also, from now on, Qin Yuan planned to equip Battle wolf with live ammunition.

"Yes, sir!"

"Any other questions?"

After explaining, Qin Yuan asked again. "Report! No problem!"

"Alright, since there's no problem, let's set off!"

After Qin Yuan saw that everyone had no problems, he waved his hand and let the Battle wolf members enter the forest.

The dense forest at the border was very dense. Because there was no man-made destruction, the forest here had the smell of a primitive forest.

The members of Battle wolf slowly followed their tactical formation and continued to advance deeper into the forest.

This border region was filled with danger. There were even mines left behind in some dense forests.

Therefore, everyone had to move forward carefully.

"Captain Qin, there are no surveillance cameras in this area. Isn't it too dangerous?"

After the Battle wolf members left, Zhou Qing immediately asked Qin Yuan.

This time, Qin Yuan suddenly chose such an area for Battle wolf to train. To be honest, Zhou Qing was still a little worried.

"It's okay. It's time for them to grow up."

"As their captain and instructor, we can't let them live in a greenhouse forever."

"You must know that if they want to become a powerful special forces soldier, some blood must be shed."

Qin Yuan could understand Zhou Qing's worries. After all, this area was indeed filled with danger. Not only did he have to pay attention to the mines that had been left behind, but he had to pay attention to people who wanted to cross the border.

However, it was only in this environment that the members of the Battle wolf could get closer to actual combat and adapt to it faster. Only in this way could Battle wolf grow rapidly.

"Then what should we do next?"

Zhou Qing did not say anything about Qin Yuan's decision because Qin Yuan was right.

If they wanted to grow quickly, this was the only way. The crueller it was, the better it would be for the Battle wolf.

"Old Zhou, next, you should pay attention to the high-tech equipment that Captain Long just applied for in the command center."

“Each of them is equipped with the latest high -tech testing equipment. It will record the physical data of each of them in detail.” “I’ll leave this to you. I still have things to do!”

As he spoke, Qin Yuan immediately instructed.

In fact, Qin Yuan wanted to see if the current high-end weapons and equipment could greatly improve the combat strength of the special forces.

“High-tech equipment?”

“Captain Qin, you already have a plan.”

After hearing Qin Yuan’s words, Zhou Qing was stunned for a moment, then he suddenly laughed.

It seemed that Qin Yuan wanted to try these equipment this time.

“Yes, these new equipment must be perfectly matched for the special forces.”

“Although we have these high -tech weapons and equipment, the most important thing is still the people.”

“Only when a person is strong can he be truly strong. Although these equipment can be used to provide precise support, if these equipment break down, it will be impossible for him to use them.”

“On the battlefield, it’s all about individual strength, so we can’t completely rely on weapons and equipment.”

Although Qin Yuan knew very well that these new weapons and equipment would subvert many special operations methods, there were advantages and disadvantages.

As a special forces soldier, the most reliable person was still himself. Therefore, Qin Yuan had to let the members of Battle Wolf learn to use these equipment..

Chapter 407: Ambush and Defence

At the same time, they needed to constantly improve their strength.

“Alright, I understand. Captain Qin, don’t worry. Leave the rear to me.” Looking at Qin Yuan’s expression, Zhou Qing knew that Qin Yuan was planning to enter the dense forest.

“Old Zhou, thank you for your hard work!”

“It’s okay. This is what I should do!”

After Qin Yuan continued to give a few more instructions, he put on his ghillie suit and entered the dense forest with a sniper rifle.

At this moment, the members of the Battle wolf had already advanced more than ten kilometers into the forest.

“Leng Feng, why do you think Captain wants us here? There’s nobody here.” Shi Sanba asked curiously.

Although there were indeed many dangers in this border area, it was not a good idea for them to continue walking aimlessly like this.

“Keep your voice down. Captain wants us to train how to integrate with this area.”

“As a special forces soldier, if we really want to be stronger, we need too many things.”

Leng Feng immediately explained after hearing Shi Sanba’s question.

The moment they entered, they split into 10 small teams of 10 people and spread out towards the border area.

“That’s true, but what are we going to do next? Don’t tell me we’re just going to wander around in this forest foolishly?”

“What do we need to do for this kind of aimless operation?”

Many of them were actually a little confused about Qin Yuan’s training this time.

This was because they had no purpose this time. They just wanted to hide in this area for a month and then defend here.

As for whether there were any flies that came looking for death, they didn’t know.

“Alright, follow me closely. We’ll go to our area and hide. Regardless of whether there are flies or not, this is a compulsory lesson!”

“Everyone, don’t let your guard down. There are still many mines left in this area, so everyone should be careful!”

Leng Feng looked at the dense forest not far away and immediately reminded his party members.

“Yes, sir!”

“Yes, sir!”

On the other side, He Chenguang and Wang Yanbing’s team were about to reach the area they needed to go to.

“Beep. ”

With a soft sound, the entire team instantly stopped.

“Brother Niu? Don’t move!”

At this moment, He Chenguang looked at Li Erniu and immediately reminded him.

Although the voice was very soft, they could tell that they had stepped on a landmine.

“My dear mother, I was very careful, but I still stepped on it!”

At this moment, Li Erniu knew that he had stepped on a landmine. He stood there, not daring to move.

“Brother Niu, don’t panic. Let me take a look!”

As he spoke, He Chenguang quickly took off his equipment and took the dagger directly to Li Erniu’s feet to check.

“Brother Niu, don’t move. This is an anti-personnel mine. I need 20 minutes.”

At this moment, He Chenguang was sweating profusely. This kind of landmine would explode immediately if he moved too much, so he had to be careful.

“Everyone else, stay alert!”

At this moment, Wang Yanbing told the others to immediately come over and help He Chenguang hold Li Erniu. She was deeply afraid that this guy’s legs would go weak accidentally and he would be finished.

“Yes, sir!”

For a moment, everyone fell silent, afraid that they would disturb He Chenguang’s demolition.

“Chenguang, Yanbing, I’m sorry!”

“If it doesn’t work, you can go further away.”

After ten minutes, Li Erniu said to the two of them in embarrassment.

If he had not been so careless, he would not have stepped on a landmine.

If they couldn’t tear it down, then the three of them might die here.

Therefore, Li Erniu hoped that He Chenguang and the others would stay far away. If he died, he would die. He would not implicate his teammates.

“Brother Niu, save your strength and stop talking. If you die, what will happen to your Cuifen?”

At this moment, He Chenguang comforted him. Because this landmine had been buried for too long, many of its tiny parts had already corroded, so it was especially difficult to clean it up.

Moreover, if he was not careful, it would explode directly. Therefore, He

Chenguang did not successfully remove the landmine after twenty minutes.

“That’s right, Brother Niu, you still have to go back alive to marry Cuifen. She’s been waiting for you.”

Looking at He Chenguang’s sweaty face, Wang Yanbing knew that this landmine might have encountered a big problem.

After all, He Chenguang’s bomb disposal speed was usually the fastest in the entire team.

It had been twenty minutes, so Wang Yanbing knew that if they were not careful this time, the three of them would be lying here.

“I know you care about me, but there must be something wrong with this mine.

If you don't believe me, go away.”

“I, Erniu, am already satisfied with knowing you as brothers.”

“Right, Chenguang, Yanbing, if I die, please tell Cuifen not to wait for me.” “Just say that I've been sent on a mission and won't be back for a while.”

“Let her find someone to marry!”

Li Erniu stood there, feeling very down. However, there was nothing he could do about it. Soldiers had risks, so sometimes sacrifices were inevitable.

“Brother Niu, you should go and tell her yourself!”

At this moment, He Chenguang stood up and patted Li Erniu's shoulder.

“This... Chenguang, did you successfully dismantle it?”

After hearing He Chenguang's words, Li Erniu heaved a sigh of relief. His entire body was drenched in sweat.

“It's okay now. It's safe!”

At this time, He Chenguang picked up the dismantled mine in his hand and said.

“Thank you, Chenguang, Yanbing!”

At this time, Li Erniu expressed his gratitude after he had recovered.

“There's no need to thank each other. We're comrades, comrades for life. How can we leave you alone?”

“We can't abandon our comrades.”

Wang Yanbing smiled and patted Li Erniu 's shoulder.

“Alright, let's go. It looks like it's going to rain heavily, so we have to reach our area as soon as possible and find a place to hide.”

He Chenguang looked up at the sky. It was already covered with dark clouds, and the sky had darkened. “Chenguang is right. Let's go!”

“Is this place suitable for shelter?” Wang Yanbing immediately walked forward.

“Beep...”

Before everyone could walk 100 meters, another sound rang out! A soft sound came from under Wang Yanbing's feet.

“No way! You didn't step on dog shit when you went out today, did you?”

“Isn't his luck a little too good?”

For a moment, everyone in the team felt helpless.

He had just solved one, and now he had won another prize.

However, they had to admit that the danger here was beyond their imagination.

As he spoke, He Chenguang took off the equipment that he had just put on.

“Looks like we’ll have to spend the night here.”

Facing such a situation, He Chenguang shook his head helplessly.

Then, he could only continue to clear the mines...

“Looks like these guys are quite capable.”

On a towering tree, Qin Yuan was holding the scope of a sniper rifle and observing the situation of each team.

Although he had allowed the Battle wolf to enter the area, he had to keep an eye on their every move.

“Looks like it’s going to rain heavily in the next few days. These guys might not be having a good time!”

Looking at the dark sky, Qin Yuan shook his head. If it kept raining in the dense forest, the members of Battle wolf would be in much greater danger.

If they could not maintain a normal body temperature, they would not be able to stay in this dense forest for a month.

However, there was nothing they could do about it. The situation on the battlefield was ever-changing. This was something that none of them could predict.

As a special forces soldier, only by constantly adapting to all kinds of unexpected situations could they have an advantage in the future battlefield. This was their compulsory path.

Qin Yuan jumped down from the giant tree and then disappeared in a direction not far away..

Chapter 408: Waiting for Hare

Half an hour later, Qin Yuan arrived one kilometer away from the border and found the highest position.

Therefore, he set up his sniper rifle and turned on the system radar to hide.

He had just received Long Xiaoyun’s intelligence. It was said that Shang Kun was constantly sending people to investigate the situation at the border.

According to the information, Qin Yuan guessed that Shang Kun was trying to find a hidden route.

The border was thousands of kilometers long, but this area was the most secretive location.

Therefore, Qin Yuan came here to try waiting for them to come. He wanted to see if he could meet these guys.

Somehow, he felt that the next two days would not be peaceful because there would be heavy rain in the next few days.

After all, rats always liked to come out to look for food in this kind of weather and at night.

After disguising his surroundings, Qin Yuan quietly lay down. He did not move as if he had fused with the surrounding environment.

Qin Yuan's camouflage skill had already reached the peak realm. Now, even some special veterans who had been on the battlefield all year round could not see through Qin Yuan's camouflage skill.

Just like that, time passed.

Qin Yuan had been lying there motionless for the entire night.

Battle wolf temporary command center!

"Captain Long, why are you here?"

Seeing Long Xiaoyun walk in, Zhou Qing asked in surprise.

Long Xiaoyun was staying in the base for this training. However, he unexpectedly saw her here.

"It's fine. I was a little worried, so I applied to come over."

"Gong Jian is in the base!"

Seeing Zhou Qing's puzzled expression, Long Xiaoyun immediately explained.

"Alright."

Zhou Qing did not say anything. After all, it was normal for Long Xiaoyun to be worried because Qin Yuan's training this time was indeed a little risky.

"Did Qin Yuan and the others go out?"

Seeing that there were only ten people in the command center, Long Xiaoyun immediately asked.

"Yes, Captain Qin has already brought the members of Battle wolf Team 1 and Team 2 to the border."

"How are they now?"

Seeing that there were no video cameras in the command center, Long Xiaoyun knew that there were no monitoring facilities for this training. If anything happened, they would not know at all.

This increased the risk for the members of Battle wolf. If they were to encounter an emergency and were not given emergency treatment in time, it would be very serious.

"Don't worry, Captain Long. These sophisticated instruments display the physical information and location of the team members."

"If something really happens, we can find them."

Seeing Long Xiaoyun's worried expression, Zhou Qing immediately said. These equipment were applied for by Long Xiaoyun, but they were still quite useful.

"That's good. It's just that they'll be having a rough time in the future."

Before coming here, Long Xiaoyun had checked the weather forecast. It would be a rainstorm in the near future.

It would be difficult for Battle wolf to survive for a month here.

However, this was a challenge for them.

“What about Qin Yuan’s information? Is it there?”

At this moment, Long Xiaoyun looked at the information on the big screen of the command center. There did not seem to be any information about Qin

Yuan.

“Captain Qin?”

“He... He doesn’t have one.”

“The main thing is, does he still need these?”

Zhou Qing felt that it was a little unnecessary.

He did not dare to say it to others, but he was a comrade who had been with Qin Yuan all the way. There was nothing that Qin Yuan could not accomplish in his heart.

Moreover, he was still not very clear about Qin Yuan’s strength, because Qin Yuan’s strength could refresh his three views every time.

Over time, Zhou Qing had gotten used to it. Anyway, he knew that Qin Yuan was strong!

“That’s true. I really don’t know what this guy is up to.”

After hearing Zhou Qing’s words, Long Xiaoyun sighed softly.

She had always been competing with Qin Yuan, but no matter what, she could not surpass Qin Yuan.

It was as if Qin Yuan had started training in his mother’s womb.

His strength did not match his age at all. She had seen many strong people, but it was the first time she had seen someone like Qin Yuan.

“Right, you must always pay attention to the information of the team members.”

“Instructor Zhou, I’ll leave this to you.”

Long Xiaoyun walked to the weapons rack and took a sniper rifle and some equipment.

“Captain Long, what are you doing?”

“Don’t tell me you’re planning to go in too?”

Seeing Long Xiaoyun’s actions, Zhou Qing immediately asked.

“Yes, they all went in. How could I be missing?”

She couldn’t stay here. She loved the jungle because it reminded her of her life in the International Special Forces School.

“Captain Long, why don’t you follow me here and wait for them? Most of this area is a minefield.”

Looking at Long Xiaoyun’s determined gaze, Zhou Qing kindly reminded her. After all, Long Xiaoyun didn’t need to go in.

“It’s fine. If all of these can stop me, then I’m not suitable to be one of the commanders of Battle wolf.”

After saying that, Long Xiaoyun put on the ghillie suit and walked out.

She just wanted to see how Qin Yuan was going to arrange these Battle wolf.

Also, she wanted to see if she could find any traces of Qin Yuan.

Soon, Long Xiaoyun disappeared into the forest.

“Geng Hu, how are your injuries?”

Zheng Xiaohu and Geng Hu had brought their team to the high ground five kilometers away from the border.

Zheng Xiaohu asked worriedly when he saw that Geng Hu’s arm was still bleeding.

Geng Hu, this fellow, was originally not allowed to come by the captain, but this brat insisted on coming.

The environment here was really too harsh. Moreover, it had rained the entire night last night. They had already stayed up all night here.

“Platoon leader, I’m fine. Don’t worry. When I came, the captain had already arranged a first aid kit for me.”

“What’s the big deal with this little injury? I don’t want to miss this opportunity to train with you.”

Geng Hu said softly when he saw Zheng Xiaohu’s worried expression.

“Alright, kid, I really have nothing to say. To be honest, do you really think that our captain is blaming you for bringing us here for our training this time?”

“Regardless of whether you made a mistake in the last mission or not, this training will be the only path we have to take.”

Zheng Xiaohu knew that because of the last mission, Geng Hu had always felt that he owed his comrades.

However, this kind of weather was not good for Geng Hu’s injuries. If he was infected, it would be serious.

“It’s okay, platoon leader. Don’t worry. If I really can’t hold on anymore, I’ll go back by myself.”

As he spoke, Geng Hu smiled and looked at Zheng Xiaohu, indicating that he did not need to worry about him.

“Alright, let’s go. We’re still two kilometers away from our destination. Let’s hide there.”

Zheng Xiaohu turned his head and said to the crowd.

“Yes, sir!”

“Yes, sir!”

With that, the entire team slowly moved towards their destination.

Just like that, every team immediately hid in the designated area.

Each team had been lying quietly in the designated area for two days and two nights.

Some of the team members were covered in leaves that had fallen from the rain.

“Is there really no trace of Qin Yuan?”

On the other side, Long Xiaoyun had been searching for traces of Qin Yuan in the dense forest, but she could not find any traces.

As for the direction and traces of every other team, she had found them. Only Qin Yuan seemed to have disappeared.

This kind of disguise and the ability to deal with traces simply exceeded Long Xiaoyun’s understanding.

This was because as long as someone passed by, there would definitely be traces left behind. However, she had been searching for two days and there was no trace of Qin Yuan at all. This was too strange.

“Comrade Xiao Yun, can you not just stand here? You have been stepping on my hand for more than ten minutes.”

At this moment, a familiar voice entered Long Xiaoyun’s ears.

“Qin Yuan?”

This voice gave Long Xiaoyun a fright. She looked down and realized that Qin Yuan had drawn the same body pattern as the surrounding environment.

She did not notice anything different just now. “What else? Shouldn’t you be at the base?”

“Why are you here?”

Qin Yuan stood up and rubbed his fingers as he asked curiously.

He told her to stay at the Battle Wolf Base. Why did she suddenly come here? “I... I don’t have to report to you where I want to go, right?”

Moreover, she had stepped on Qin Yuan for more than ten minutes without realizing it. This was a very embarrassing thing for her.

“Fine, you and I are both captains of Battle wolf, I have no right to control you.

Besides, according to your rank, you’re still a general.” “Oh right, when you come, stay here with me quietly.” “These rats should be coming out of their nests.”

Since Long Xiaoyun was already here, he had nothing to say.

However, Qin Yuan had a vague feeling that those members of the organization would definitely come here.

“Are you so sure that they will come to this area?” “Although this area is very hidden, it is a minefield.”

“Shang Kun wouldn’t send people to scout this area, right?”

Long Xiaoyun was a little curious about Qin Yuan’s determination.

After all, this was a minefield. If they were not careful, they would be swallowed by this minefield.

“This isn’t confidence. They can think of whatever we thought of.”

“We always thought that this minefield could stop them, and they would think so too.”

“This means that the most dangerous place has become the safest place.” Facing Long Xiaoyun’s doubts, Qin Yuan explained.

It was true that there was a minefield here, but these organizations would definitely be able to think of it as well. “He’s here!”

“Hurry up and disguise yourself!”

At this moment, Qin Yuan’s early warning radar rang.

After more than ten minutes, there were more than ten figures on the mountain opposite them.

“As expected!”

Long Xiaoyun exclaimed in surprise when these people approached.

Judging from his clothes and the symbol on his arm, he should be a member of those organizations.

“Should we make a move now?”

Long Xiaoyun immediately asked when she saw the dozen figures approaching.

“There’s no hurry. Let them in first.”

“These people have already come in, but the distance is not enough. Don’t let any of them go back.”

As he spoke, a trace of ruthlessness flashed through Qin Yuan’s eyes.

To Qin Yuan, the people from these organizations were enemies. Moreover, if they dared to step into China’s territory, they would never return.

Chapter 409: You Are No Exception!

Following the soft sound of a sniper gunshot, a sniper bullet quickly shot out from the barrel.

A wave of heat instantly formed in the surroundings.

Two seconds later, the bullet hit a landmine under Shane Biao's feet.

Bang... Bang...

Bang...

In an instant, the mines buried in the surroundings were detonated, and shrapnel scattered in all directions.

The seven or eight people closest to the explosion were instantly killed.

"Not good! There's a sniper here. We've been ambushed."

Shang Biao immediately rolled and hid behind a large rock.

Looking at the heavy casualties of his subordinates, he was furious.

He did not expect that someone would ambush them here. After all, this was the most secretive location.

Moreover, there was a minefield around this place. Why were there still Chinese soldiers hiding here?

"Brother Biao, we've been ambushed. What should we do?"

The bespectacled man next to Shang Biao asked in shock.

He had been trying to persuade Shang Biao not to act rashly. After all, their big brother Shang Kun never needed them to act on their own.

However, Shang Biao didn't listen. They were ambushed and didn't even have any reinforcements.

This was because only they knew about their operation this time.

"What are you panicking for? There shouldn't be many people ambushing us here. It's just a sniper."

Shang Biao said immediately when he saw his subordinates panicking.

There was only one gunshot just now. If there were more people ambushing them, they might have been killed just now.

"No. not. Brother Biao, this is a sniper.."

After hearing Shang Biao's words, the bespectacled man stammered. This sniper was different from ordinary soldiers.

The strength of a sniper could rival a company.

With so few of them exposed to the sniper's shooting range, only death awaited them.

Although he had been hiding behind cover, that was not a solution.

“Where’s our sniper? Find his location and destroy him!”

Shang Biao immediately asked around!

This time, they had brought a sniper with them. Although his strength was not that great, he could at least suppress them and make them retreat.

“Biao. Brother Biao, our sniper was just blown up!”

After hearing Shang Biao’s words, the bespectacled man reported helplessly. They had just entered the place, who would have thought that they would be ambushed just like that?

The sniper was killed before he could even move.

After hearing the report from the glasses man, Shang Biao’s expression was not too good. He knew that they had to find the sniper’s position and suppress him.

Otherwise, they wouldn’t have been able to retreat at all. Now, they didn’t even dare to stick their heads out.

“I’m going up.”

Seeing Shang Biao and the others hiding behind cover, Long Xiaoyun couldn’t control her temper anymore. “No hurry, I’m just teasing them.”

“Don’t let these guys die so easily.”

“Huaxia isn’t a place they can enter just because they want to. If they come, they’ll suffer the consequences!”

Qin Yuan directly pulled Long Xiaoyun, who was about to rush out. The group of people in front of him were just some shrimp soldiers and crab generals.

It would be easy to deal with these people.

However, Qin Yuan did not want them to die like this. He wanted to torture these guys to death bit by bit.

“You...”

Looking at Qin Yuan’s eyes, Long Xiaoyun suddenly realized that Qin Yuan was ruthless.

She knew what Qin Yuan was planning to do. This kind of torture would indeed drive people crazy.

“Just watch!”

“Let them understand that even if they become ghosts, they won’t dare to take half a step here!”

As he spoke, Qin Yuan immediately calmed down. He held his sniper rifle and kept observing the situation on Shang Biao’s side.

Shang Biao and the others’ every move was under Qin Yuan’s control.

“Then I’ll play with you too!”

As she spoke, Long Xiaoyun laid down with her sniper rifle. Just like that, an hour passed quietly. The surroundings seemed to have returned to the silence at the beginning.

The animals that were frightened by the explosion began to cry again.

It had just rained, so when the sun came out, the surrounding environment was extremely hot and stuffy, making people feel extremely irritable. Staying in such an environment for too long would drive people crazy.

“Brother Biao, what should we do?”

“We can’t go on like this.”

They had been hiding here for almost an hour. Their legs were numb, but they did not dare to poke their heads out.

At this moment, once they stuck their heads out, they would be greeted by a sniper bullet.

“You...And you, go around from both sides and lure him to shoot. I’ll find his position as soon as possible.”

Shang Biao said to the two men behind the bespectacled man.

He knew that it was not a solution to continue like this.

This stuffy environment made him particularly irritable. He couldn’t stand it anymore.

The only way was to use people to attract the firepower and take advantage of the gap to retreat bit by bit.

“Hurry! ”

Looking at his two subordinates standing there, trembling and motionless, Shang Biao was furious. He pointed his gun at them.

“Run out and snake around. Try your best to attract him to shoot!”

“Yes, sir!”

“Yes, sir!”

After saying that, the two subordinates quickly rolled away.

Chapter 410: You Are No Exception!

Bang...

Following the sound of two sniper shots, the two subordinates were directly shot in the head.

“F * ck, why are there two snipers!”

When he saw his two subordinates get shot in the head, Shang Biao realized that it wasn’t just a sniper who ambushed them.

If that was the case, it would be very difficult for them to leave this place today.

“Your marksmanship is not bad.”

On the other side, Qin Yuan said to Long Xiaoyun with a smile. He did not expect Long Xiaoyun’s shooting skills to be so good. She did not hesitate at all just now.

“Compared to a pervert like you, I think I’ll pass.”

Long Xiaoyun did not take Qin Yuan’s praise seriously at all. At that moment, Qin Yuan did not even take aim before shooting.

With this kind of strength, she simply did not want to speak anymore, because she knew that this kind of sniping realm could not be achieved without ten years of practice. Moreover, she felt that Qin Yuan seemed to have become one with the gun.

“Then let’s compete and see who can kill more. There are still 9 people left.” Seeing that Long Xiaoyun was still expressionless, Qin Yuan said with a smile.

“Sure!”

As they spoke, the two of them turned their attention to Shang Biao and the others.

“Brother Biao, what should we do now? If there are two snipers, we can’t retreat at all.”

For a moment, the bespectacled man panicked and hid behind the big rock, not daring to move at all.

“You’re asking me? How would I know?”

“When did they send two snipers to ambush us?”

Shang Biao was very depressed. He didn’t expect to encounter such a situation during this operation.

“Brother Biao, why don’t we call Boss Kun for backup?”

“Otherwise, we will die here today.”

The bespectacled man immediately suggested.

“No! Big Brother warned us repeatedly not to come out and take action. If we ask him for help now, we’re courting death.”

After hearing the glasses man’s words, Shang Biao cursed. He knew his big brother’s personality very well.

Even if he was his brother’s biological brother, he would not let him off easily.

This was a serious violation of his brother’s orders.

“But...But if we don’t ask for help, how are we going to break out of this encirclement?”

“Right now, we only have less than ten people.”

The bespectacled man was panicking. He knew that their operation this time was very dangerous, but for the sake of money, he wanted to get lucky.

However, he did not expect to encounter such a situation.

“Everyone, fire at the 7 o’clock direction.”

“Both of them should be in that area.”

Shang Biao immediately gave an order to everyone.

From the gunshots just now, he knew that the two snipers were in the same position.

Right now, all they could do was suppress it as much as possible.

“Yes, sir!”

“Yes, sir!”

At that moment, the remaining subordinates exposed their muzzles and kept firing wildly outside.

No one dared to show their heads.

Bang...

Bang...

Following two gunshots, two more subordinates were shot in the head.

Shang Biao felt that something was wrong when he saw this situation.

If this continued, they would be dragged to death here.

Moreover, it was obvious that the two snipers were just toying with them. They had no intention of killing them all at once.

“Get out of here. They’re in the seven o’clock direction.”

At this moment, Shang Biao didn’t want to drag this out any longer. He wanted to let his subordinates attract the firepower and take the opportunity to escape.

“Yes, sir!”

“Yes, sir!”

“Kill them!”

At this moment, the remaining subordinates rushed out. They were almost driven crazy. In addition, in this environment, their hearts were extremely tormented.

In the end, they all broke down and rushed out.

Bang...

Bang...

As the gunshots rang out, Shang Biao’s men fell one after another.

Shang Biao took this opportunity to escape.

Seeing Shang Biao run away, the bespectacled man hurriedly followed him out.

“I’ll go after him!”

After dealing with the others, Long Xiaoyun saw Shang Biao fleeing.

Bang...

Following the gunshot, a sniper bullet flew into the distance.

The bullets quickly pierced through the layers of leaves and tree trunks and directly penetrated Shang Biao and the bespectacled man’s heads.

Until his death, Shang Biao didn’t know how he died. The phone that he had just dialed dropped to the ground.

“Shang Biao? Shang Biao?”

A cold voice kept calling Shang Biao’s name.

A few minutes later, Qin Yuan and Long Xiaoyun arrived beside Shang Biao’s corpse.

Seeing that the phone was still calling, Qin Yuan picked up his phone. “He came to a place he shouldn’t have come to. There’s only one word for him death!”

Qin Yuan said coldly into the phone. The killing intent on his body was dyed red.

“Who are you?”

“I don’t care who you are, you won’t live long if you kill my brother.”

At this moment, after hearing a response, the other party asked in a deep voice.

“You don’t deserve to know.”

“Also, I will be waiting for you. If you dare to take a step forward, I will make you all stay here.”

“You! Are no exception!”

Facing Shang Kun’s threat, Qin Yuan did not care at all. Even if Shang Kun had led his own team here today, it would be easy for Qin Yuan to destroy them.

“Alright, just you wait!”

Before Shang Kun could finish, Qin Yuan hung up the phone.

“Qin Yuan, how did you do that?”

Long Xiaoyun asked in surprise.

Qin Yuan’s shot just now was too divine. Shang Biao and the others had clearly left their line of sight just now.

However, Qin Yuan had actually killed Shang Biao and the others with a single shot.

Was this kind of prediction possible for humans? For a moment, Long Xiaoyun was so shocked that she couldn't even speak.

"How did you do it?"

"This is it..."

As he spoke, Qin Yuan looked at Long Xiaoyun's chest and pointed at his own chest.

"Hooligan!"

Seeing Qin Yuan staring at her chest, Long Xiaoyun's expression darkened.

Then, he turned around and left.

"Hey, hey, hey...I'm talking about the heart, the unity of mind and spirit!" Seeing Long Xiaoyun leave in anger, Qin Yuan immediately explained.

Seeing Long Xiaoyun leave without looking back and ignoring him, Qin Yuan was very helpless.

"But...This Long Xiaoyun is really something!"

Qin Yuan sighed softly in his heart. Because of the hot and humid weather, Long Xiaoyun was only wearing a military vest, so what should be revealed was still revealed. It was not Qin Yuan's fault for seeing it, right?

As he spoke, Qin Yuan took the boxes in Shang Kun and the others' hands and went back.

There was a small base in a deep mountain in the no-man's land.

In the room, Shang Kun was interrogating one of his younger brother's trusted subordinates.

"Where did they go?"

Shang Kun's eyes were cold. From the phone call just now, he knew that his brother was dead.

Therefore, he had to find out where his brother had gone.

"Old...Boss, I really don't know where Brother Biao went. He didn't even let me follow him out tonight."

On the ground, a lackey who was kneeling there kept explaining as he spat out blood.

He really didn't know where Shang Biao had gone.

"In that case, you can die!" Bang...

A gunshot rang out.

The subordinate's head was directly shot off. "Drag him out to feed the dogs!"

Shang Kun put away his gun and said to his lackeys.

"Brother Kun, I think Ah Biao must have gone to scout the way. You kept telling him not to go, but I keep feeling that he will be blinded by profit." At this moment, a big guy beside Shang Kunsheng immediately analyzed.

“It seems that Shang Biao didn't listen to my words at all. Is it really that easy to enter that place?”

At this moment, Shang Kun was thinking about what he had said on the phone.

He could guess that his younger brother had gone to scout the way behind his back.

Shang Kun's eyes turned cold..
