

Special Troop 41

Chapter 41 Go to the Sixth Company? Then Can I Ever Come Back?

“This... You can ask him himself.”

“If he is willing to leave my logistics company, you can take him with you.” Qin Yuan said indifferently.

“Is that true?”

The 6th company commander looked at Qin Yuan in disbelief.

He did not expect Qin Yuan to be willing to let go of a soldier like Geng Hu.

“Yes! Really!”

After receiving Qin Yuan’s affirmative answer, the 6th company commander instantly laughed out loud.

“Haha! Company Commander Qin, from now on, our 6th Company and your logistics company will be brothers.”

“In the future, during the drill, I will definitely ask the brothers of the 6th Company to take care of the brothers of the Logistics Company.” The 6th company commander knew that the logistics company was not the same as before.

However, he believed that his 6th company was not something the current logistics company could compare to.

No matter what, his 6th Company was still an upper-middle company in the Ferocious Tiger Regiment.

He was still very confident in his 6th company.

He believed that Geng Hu would definitely follow him without hesitation.

“Well, if he’s really willing to go to the 6th Company with you, I won’t keep him!”

Qin Yuan replied indifferently and thought to himself, “This 6th Company Commander is really an old fox! When one encounters a good soldier, one’s true colors will be revealed.”

However, Qin Yuan’s face was still expressionless.

If Geng Hu was willing to go to the 6th Company, then he would not be a soldier that Qin Yuan had groomed.

“Good! Then it’s settled. I’ll go and ask now!”

The 6th company commander was all smiles. At this moment, he seemed happier than he was in love.

In his heart, he had already treated Geng Hu as a soldier of the 6th Company.

He couldn't think of any reason that Geng Hu would reject his invitation.

As long as they were soldiers, who wouldn't want to join a better company?

How many people would be willing to be a logistician in the logistics company?

Moreover, with Geng Hu's strength, wouldn't he be buried in the logistics company?

The 6th Company Commander excitedly walked towards Geng Hu.

Soon, he arrived in front of Geng Hu.

Geng Hu laid on the ground and opened his eyes. He saw the smiling face of the 6th Company Commander right in front of him.

Looking back, Qin Yuan was behind the 6th company commander. He immediately got up from the ground.

"Company commander! Mission completed!"

Geng Hu stood up and reported to Qin Yuan.

"Yes! 6th Company Commander has something to say to you!" Qin Yuan replied.

"Yes, sir!"

The 6th company commander looked at Geng Hu with a smile, his eyes filled with love. He looked like a cunning fox causing Geng Hu to feel a little uncomfortable.

"You must be Geng Hu!"

"Yes, sir!" Geng Hu replied.

"I want to ask if you are willing to come to our 6th Company."

"We, the 6th Battalion, are a standard infantry armored battalion."

"You can better showcase your abilities by coming to our battalion."

"You will definitely be better off with us than staying here." Geng Hu was stunned when he heard the 6th company commander's words. Could it be that he had angered Qin Yuan?

Qin Yuan wanted to kick him out of the logistics company?

Geng Hu immediately looked at Qin Yuan.

Seeing that Qin Yuan's face was calm, Geng Hu instantly became anxious.

"Company commander... Don't kick me out!"

"I will not cause trouble in the future..."

"Don't kick me out of the logistics company!"

"My mother is already 70... They're still waiting for me to glorify my ancestors as a soldier!"

“Right! I still have a wife and a two-month-old baby waiting for me at home.”

“They are waiting for me to become the Sergeant?”

“Company commander! Can you not kick me out of the logistics company...”

Geng Hu instantly thought that Qin Yuan had kicked him out of the logistics company.

She said a lot of nonsense and almost cried.

Qin Yuan was speechless.

The 6th company commander was speechless.

Everyone was speechless.

Everyone present was stunned by Geng Hu’s actions.

“What is this?”

“I’m just asking if you’re willing to go to the 6th Company with me?”

“Is there a need for such a big reaction?”

The 6th company commander was puzzled when he saw Geng Hu’s appearance.

“Geng Hu! You’re only 19 this year, aren’t you?”

“When did you have a two-month-old baby?” Qin Yuan was slightly surprised.

“Company commander! Don’t make me go to the 6th Company!”

“I won’t cause trouble for you in the future!” Geng Hu looked at Qin Yuan with anticipation, afraid that Qin Yuan would really kick him out of the logistics company.

Qin Yuan looked at Geng Hu in front of him and did not know whether to laugh or cry. He said indifferently, “6th Company Commander is just asking if you are willing to go to the 6th Company.”

“Just answer it yourself. Whether you’re willing or not is fine!”

Geng Hu’s anxious heart finally relaxed.

It turned out that the 6th Company Commander simply wanted to poach him. It was not that Qin Yuan wanted to chase him away.

6th Company Commander also reacted to Geng Hu’s actions and immediately asked Geng Hu, “Geng Hu! I just asked Captain Qin as well.”

“He said, as long as you want to go, you can come with me to the 6th Battalion!”

“Go to the 6th Battalion? If I go, I won’t be able to come back!”

Geng Hu’s gaze was resolute as he thought to himself, “Only a fool would go to the 6th Battalion! Can I even come back after going?”

“What? Come back?”

Geng Hu's answer stunned the 6th company commander. What was going on?

There was actually someone who came to be a soldier and only wanted to be in the logistics company?

Just now, Geng Hu seemed as if his life was at stake?

6th Company Commander had been in the army for so many years.

This was the first time he had encountered such a situation.

"6th Company Commander, don't ask me."

"I won't go to 6th Company with you. 6th Company Commander heard Geng Hu's firm reply.

Thinking that he was just reluctant to part with the logistics department, he comforted him, "Geng Hu, I know you can't bear to part with your comrades in the logistics company. "However, you will only receive better training when you reach the 6th Company."

"A better space for advancement. Don't you want to be a Sergeant?"

"Do you want to stay here forever?"

"Better training?" Geng Hu laughed in his heart.

No matter how good the training was, would it be as amazing as his company commander's training?

If he left the logistics company, he would be the biggest idiot in the company. Geng Hu looked at the 6th Company Commander who was still persevering and replied directly, "6th Company Commander!"

"I'm not the only one. If you don't believe me, you can ask the entire logistics company."

"No one would be willing to leave the logistics company.

The 6th company commander also looked at the soldiers of the logistics company behind Qin Yuan in confusion.

From their expressions, it was as Geng Hu had said.

If he really asked these people, none of them would be willing to go to the 6th Company with him.

"What kind of magic power does Qin Yuan have?!"

"He actually made the soldiers of the logistics company give up the chance to go to a proper company.

"I The 6th company commander was amazed.

In fact, the 6th Company Commander did not expect that one day in the future. Even he couldn't get into this company.

Chapter 42 6th Company VS Logistics Company

“Haha! Company Commander Qin, you’re really good at leading troops!”

The 6th company commander smiled, trying to hide the awkwardness of being rejected by Geng Hu.

“Nah! These guys are used to being lazy. They’re not willing to leave such a relaxed place like the logistics company!”

Qin Yuan glanced at the soldiers of the logistics company and was very pleased.

The logistics company still had some conscience. At least they did not let Qin Yuan down for taking care of them for the past two months.

In fact, the soldiers of the logistics company knew very well that although Qin Yuan’s training was very cruel, he was still a soldier.

However, Qin Yuan really cared about every soldier in their logistics company.

This was because Qin Yuan did not give up on them like the previous company commanders. Instead, he trained them very diligently.

Now, the soldiers of the logistics company could not have such strength without Qin Yuan.

It could be said that without Qin Yuan, there would not be the current logistics company. Moreover, the crueller Qin Yuan’s training was, the more they would improve. They enjoyed the process of becoming stronger.

“Company Commander Qin, how about this, let our two companies have a competition tomorrow?”

The 6th company commander saw the determination in the eyes of the soldiers of the logistics company and was eager to know how much Qin Yuan had trained the logistics company in two months.

“Alright! Let them have a competition tomorrow!”

“Otherwise, these youngsters will have nowhere to vent their energy and end up fighting each other.”

Qin Yuan also understood the thoughts of the commander of the 6th Battalion and accepted his suggestion. Besides, Qin Yuan also felt that it was time for the logistics battalion to come out and sharpen their skills.

The soldiers of the 6th Battalion would be a good choice.

“Commander of the 6th Battalion, since that’s the case, how about we sweeten the deal a bit?” Qin Yuan immediately proposed.

When the 6th company commander heard Qin Yuan’s suggestion, he was also a little surprised. Could it be that Qin Yuan was so confident in the logistics company?

No matter what, their 6th Company was still the top company in the Iron Fist Regiment. Although the logistics company had changed a lot, it had only been two months.

It was impossible to surpass his 6th company.

The 6th company commander did not think too much about it and immediately agreed to Qin Yuan's suggestion.

"Alright."

"Commander Qin, what are you planning?"

"My 6th Battalion is ready to accompany you."

Upon receiving the reply from the commander of the 6th Battalion, Qin Yuan directly expressed his thoughts.

"Then let's do it this way. If our logistics team loses in a row,"

"Then I'll give you the 200,000 bullets that the regiment commander gave me when I came to the logistics company."

"In addition to five Type 88 sniper rifles and 10,000 grenades?"

Hearing Qin Yuan's words, the 6th company commander was also shocked. He did not expect Qin Yuan to place such a big bet.

Even if it was their 6th company, that was almost three months' worth of military supplies.

The 6th Company Commander was hesitant about such a big bet. After all, their 6th Company did not have many military supplies.

"Company Commander Qin! Isn't that a little too much?"

The 6th company commander frowned. He did not dare to gamble with so many military supplies.

It was not that he did not trust the soldiers of the 6th Company, but he could not see through Qin Yuan. He did not believe that Qin Yuan would do something that he was not confident in.

It was better to be safe than sorry! If they were to lose by accident, then the 6th company would have to face the northwest wind for the next three months.

"6th Company Commander, don't worry, you don't need to bet the same stakes as me."

Seeing the furrowed brows of the commander of the 6th company, Qin Yuan also understood what he was hesitating about.

"So, shall we..."

The 6th company commander looked at Qin Yuan in confusion.

"If your 6th company loses, how about helping our logistics company manage the pigsty and vegetable fields for half a month?"

“What?”

“Just to help you manage the pigs and vegetables for half a month?”

The 6th company commander was surprised.

He did not expect Qin Yuan’s conditions to be so simple.

“Yes! 6th Company Commander, do you think this is okay?”

“Sure! Yes! It’s settled then.” The 6th company commander instantly laughed out loud. He walked up to Qin Yuan and patted him on the shoulder. “Company Commander Qin, it’s settled then. See you at the training ground tomorrow.”

“Alright! See you at the training ground tomorrow.” Qin Yuan replied.

After saying that, the 6th Company Commander immediately led the soldiers of the 6th Company back.

Before he left, he was all smiles and walked much faster, afraid that Qin Yuan would go back on his word the next second. To him, he believed that with the strength of the soldiers of the 6th Company, it was a certainty that they would win this competition. Moreover, even if they lost, they would only be helping Qin Yuan and the others raise pigs for half a month. It was not a loss. “Company Commander Qin! You tricked 6th Company into helping us raise pigs for half a month.”

“You want to...”

Zhou Qing knew that Qin Yuan must have thought of how to train the soldiers of the logistics company again. When Qin Yuan planned to bet with the 6th company commander, he knew that Qin Yuan must have his own plans. Logistics battalion losing? He had never thought about it before, maybe before they didn’t even have the qualifications to compete.

But now... He was very clear about the current strength of the logistics company. “It’s just the right time for 6th Company to verify the results of their efforts.”

“The military exercise is coming soon. We have to be prepared.”

After Qin Yuan finished speaking, he turned around and said to Liu Ye beside him, “Right, Deputy Commander Liu, go to the weapons room and prepare 50 sets of individual combat equipment.”

“After the competition with the 6th Company, we will have to carry out the next stage of training.”

“Alright, Company Commander!”

“Alright, everyone, go back and rest.”

With that, the logistics company went back to wash up. They all knew that this competition was what the company commander wanted the 6th Company to manage the camp for half a month.

They had no idea what kind of cruel training they would have to go through in the next half a month, and how many hardships awaited them!

The next day.

The sky had just turned slightly white.

The soldiers of the 6th Company and the Logistics Company had all gathered and were waiting for the instructions of their respective company commanders on the training ground.

“Company Commander Qin, since we want to compete, let’s start with the morning exercise.”

The 6th company commander walked over to Qin Yuan.

“Okay, why don’t you suggest how to compete?”

“Company Commander Qin, our 6th Company will not bully anyone. For the sake of fairness.”

“Let’s choose one event at a time. There will be five rounds in total. How about three wins out of five?” The 6th company commander immediately explained the rules of the competition.

“Alright!”

“Alright, your 6th Company can choose first since you are our guests,” replied Qin Yuan.

Qin Yuan showed no signs of panic on his face. With the current strength of the logistics company, they were not afraid of the 6th Company in any military event. Otherwise, the intense training of the logistics company over the past two months would have been in vain.

“Alright, then how about we compete in the first round of armed cross-country training?”

“Sure!” Qin Yuan replied indifferently.

“Alright, then let’s do a five-kilometer cross-country with a 50-kilogram weight. The end point is at the sea training ground. The team whose soldiers finish first will be considered the winner.”

“What? 50 kg?”

Just as the 6th company commander finished speaking about the rules of the competition, all the soldiers of the logistics company suddenly shouted.

“50 kg? Captain, are we really carrying 50 kilograms?”

“That’s right! Company Commander, really?”

The soldiers of the logistics company asked Qin Yuan directly.

It had been a long time since the logistics company had such a light load of 50 kilograms. Now, the entire company’s load had been replaced with iron, and the lightest was 95 kilograms.

Therefore, the moment the 6th company commander finished speaking, everyone hurriedly asked Qin Yuan.

When the soldiers of the 6th Company heard that the logistics company asked the soldiers to carry 50 kilograms of weight, they all laughed. "Exactly. The soldiers of their logistics company can carry 50 kilograms of weight? 30 kilograms is already too much for them."

"That's right! Company commander, isn't this bullying!"

"Our platoon leader is a real jerk, using any means necessary just for the sake of a bet."

"Alright, I don't even know why the captain wants us to compete with them."

"Finish the competition earlier and quickly start training."

"Yes, that's true."

The troops of the 6th Company thought that the soldiers of the Logistics Company were afraid of the 50 kilograms of weight. The group of people in the team discussed animatedly with a hint of playfulness in their tone.

Chapter 43 They Seemed to Be Doing It on Purpose

"6th Company Commander said 50 kilograms, so you guys should all carry 50 kilograms!"

Faced with the soldier's inquiry, Qin Yuan followed the 6th company commander's suggestion.

"Yes, sir!"

"Yes, sir!"

"Then, Company Commander Qin, shall we begin?"

When the 6th Company Commander saw that the soldiers of the logistics company were puzzled by the 50 kg weight, he instantly felt that the 6th Company would definitely win this time.

In their 6th Company, only those with strong physiques would often run with a weight of 50 kilograms.

The rest of them, with rifles or machine guns, weighed around thirty to thirty-five kilograms.

Of course, it wasn't that they hadn't run 50 kilograms before, but it was very rare. Moreover, they would be exhausted after running once!

Seeing that Qin Yuan did not object, the 6th company commander immediately gave orders to everyone.

"Then let's begin! In 2 minutes, each company will begin to load."

"Yes, sir!"

“Yes, sir!”

Two minutes later, the soldiers of the two companies had loaded their weights. This time, the soldiers of the logistics company had also changed to the same rocks as the soldiers of the 6th company because the iron blocks were not 50 kilograms.

“Everyone get ready. The end point is the sea training ground.”

“Yes, sir!”

“Yes, sir!”

After receiving the order to set off, the two teams immediately ran to the sea training ground in an orderly manner.

“6th Company, what is our slogan?”

“6th Company, 6th Company, march forward courageously.”

“Train hard and fight bravely!”

The soldiers of the 6th Company quickly shouted the company slogan and the loud sound spread over the entire camp.

They wanted to show the soldiers of the logistics company what a real soldier was.

As for the soldiers of the logistics company, they looked a little dispirited. It was not that they did not have a slogan, but they remembered what the company commander Qin Yuan had said. They had to keep a low profile.

The soldiers of the logistics company moved faster and faster, and the entire team instantly surpassed the 6th company.

Qin Yuan, Zhou Qing, and the others also carried weights on their backs and followed behind the team.

Since it was an all-company competition, everyone took part. In a short while, the logistics company had left the 6th company behind. This bit of weight was like nothing to the logistics company.

The soldiers of the 6th Company were not anxious when they saw the logistics company speeding up. In their opinion, the logistics company looked as if they had never run cross-country training before. Who would speed up at the beginning of a cross-country training?

“Hmph, they can only run for a short distance at most.”

“I won’t be able to run after I run out of stamina.”

“Yeah! They will learn how cross-country training is really done soon.”

A few taunts came from the 6th Company.

“It seems that although the logistics company is much better than before, they still have too little experience in cross-country training.”

“If we speed up now, how will we have the strength to sprint later!”

Seeing this, the 6th company commander did not think much of it. He was even more confident in winning this competition. “6th company, pick up your speed.”

“Yes, sir!”

“Yes, sir!”

Although he was not worried that the logistics company would beat them, it was only five kilometers away. It was not very far. It would be troublesome if Qin Yuan and the others forced their way through.

Qin Yuan had just caught up with everyone when the logistics company soldier asked. “Sir, this is too light. Why do we have to slow down?”

“That’s right! It’ll only take a few minutes to finish these five kilometers.”

Qin Yuan smiled and glanced at everyone.

“Have you forgotten what I told you?”

“No matter what, don’t expose your full strength?”

“Yes, sir! Understood, Company Commander!”

“Everyone, slow down!”

“Roger!”

The 6th company commander suddenly saw that the logistics company in front of him had slowed down and thought that the logistics company was starting to run out of strength.

This was the best time for their 6th Company to accelerate.

“6th Company, everyone begin to accelerate! They have already slowed down.”

“Yes, sir!”

“Yes, sir!”

The soldiers of the 6th Company quickened their pace, preparing to overtake the logistics company in one fell swoop.

However, after a few minutes of running at full speed... “Company commander? What’s going on!”

“Why did the logistics team speed up when we sped up?”

“We slowed down and they did the same.”

“He’s been keeping a distance from us!”

“That’s right! Captain, they don’t look tired at all.”

“And he deliberately kept the same distance from us.”

“This seems to be intentional.”

The soldiers of the 6th Company quickly realized the situation.

No matter how fast they ran, they could not catch up to the logistics company. The logistics company seemed to be deliberately not speeding up or slowing down, maintaining the distance between them and the 6th company.

“Increase your speed and run in front of them.”

“Yes, sir!”

The 6th company commander frowned. He had also noticed this situation. If this continued, they might really lose.

After a while, they were only about a kilometer away from the sea training ground. Some of the 6th Company’s teams were already beginning to lose their stamina and their speed had slowed down.

“F*ck, what are these people doing?”

“If we speed up, they will speed up as well.”

“We slowed down and they slowed down too.”

“This wasn’t intentional. I won’t believe it even if you beat me to death!”

“Could their weights be fake?”

“Yes? Otherwise, how could we not catch up to them?”

A wave of doubts came from the 6th company’s team.

Everyone felt that it was very strange. They had chased the logistics company soldiers for two kilometers, but they still hadn’t caught up. They wouldn’t believe that the logistics company soldiers were carrying the same weight as them.

“What are you guys still talking about?”

“If you lose, you’ll be punished.”

“Hurry up.” The 6th company commander said angrily.

He had never thought that their 6th Company would lose. It was fine if they lost and helped manage the logistics company for half a month. The most important thing was that if they lost, he could forget about raising his head in the Iron Fist Regiment in the future.

Just as they were about to increase their speed, the soldiers of the logistics company also increased their speed. After a while, the soldiers of the logistics company took the lead and ran to the sea training ground. They stood there neatly and waited for the people of the 6th company.

One minute later.

The soldiers of the 6th Company also ran to the sea training ground in a scattered manner. The team was no longer as orderly as it was at the beginning.

Some soldiers collapsed to the ground as soon as they arrived. The 6th company commander looked at his 6th company helplessly.

Looking at the soldiers of the logistics company again, the soldier was instantly shocked. The soldiers of the logistics company, besides having their clothes soaked in sweat, seemed to be unaffected by physical exhaustion. They didn't look like they had just finished a training exercise.

"Company Commander Qin, it seems like our 6th company lost this round!" The 6th company commander looked embarrassed. He no longer had the smile he had when they were gambling. He really didn't expect the soldiers of the logistics company to have trained to such a level in just two months.

Chapter 44 Platoon Leader, How Much Weight Do You Guys Carry Usually?

"We were lucky, 6th Company Commander!"

Qin Yuan replied politely.

"Company Commander Qin, how did you train them?"

"In two months, their physical fitness has actually reached this level."

While the 6th company commander was shocked, he was also very curious about Qin Yuan's training method. He knew what the logistics company was like before. He knew that Geng Hu was abnormal, but he did not expect the other soldiers to be the same. "I just intensified their training."

"There's nothing else."

Qin Yuan did not say too much. After all, his training method was to train special forces. There were very few regular troops that could do such high-intensity training.

"Haha! Not only are you cultured, but you're also very good at training soldiers."

"I'll ask you for advice after the competition."

"Alright!" Qin Yuan did not refuse.

"Although we lost this round, we still have other military skills."

"I don't believe that you can turn them all into all-rounded elite soldiers in just two months." The 6th company commander was not discouraged. Although they lost in this training exercise, they believed that their 6th company was the strongest in swimming. They were determined to regain their dignity in the next round.

"Alright, you can choose the next competition.' 11 Since the logistics platoon had already won one round, Qin Yuan let the 6th company choose the next challenge.

To Qin Yuan, no matter what competition the 6th Company chose, the logistics company would only have one outcome, and that was to "win". He was still very confident in the military strength of his logistics company. "Everyone, dump the weights!"

Qin Yuan immediately ordered.

The soldiers of the logistics company poured out the weights in their backpacks one after another, and the soldiers of the 6th company also poured out the weights in their backpacks.

As everyone finished unloading the weights, the soldiers of the 6th company suddenly noticed that the weights carried by the soldiers of the logistics company were of varying amounts, and even the smallest pile was heavier than what they had carried.

The soldiers of the 6th Company, who had been guessing that the logistics company's soldiers were not carrying any heavy weights, were also shocked by the scene in front of them. From the looks of it, the logistics company's minimum load was at least 60 kilograms, which was a little more than their 6th company's load.

Although the commander of the 6th Company had set a weight of 50 kilograms, the soldiers of the logistics company still increased the weight.

They felt that 50 kilograms were too light. Since it was training, they could not lower their standards.

When the commander of the 6th Company saw this scene, his expression darkened.

He never thought that the weight was too light for them. Looking at the soldiers in the logistics department, he felt that they had never carried such a heavy load before. No wonder someone asked if they could carry 50 kilograms.

At first, he thought that the logistics company had never carried 50 kilograms of weight before. It seemed that they had never carried such light weight before. He had been careless.

"Brother!"

"How much weight do you usually train with?"

A soldier from the 6th Company asked a soldier from the logistics company beside him in surprise.

"Uh ... This..."

"This... It seemed to be 70 kilograms, no... I think it's 60..."

The soldier from the logistics company stammered, not knowing what to say. He couldn't possibly tell them that the lowest weight they could carry was 95 kilograms. "Platoon leader! How many kilograms do we usually carry?"

The soldier immediately asked Zhao Xiaowu.

Zhao Xiaowu glanced at him.

"How much do you think we can carry huh! At most 65 kilograms!"

"Yes! 65 kilograms! We usually train at 65kg." Suddenly, the soldier from the logistics company said firmly.

"So much?"

"F * ck..."

“#@ ¥!#% @.....”

The soldiers from the 6th Company were all stunned. Asking their platoon leader about the training load? And even asking how many kilograms it should be?

It's obvious that it's more than 65 kilograms, come on...

The soldiers of the 6th Company were also helpless.

They did not expect the soldiers of the logistics company to surpass them in physical fitness in just two months.

The platoon leader of the 6th Company saw Qin Yuan and proposed another challenge. Qin Yuan graciously allowed them to choose. He didn't make a fuss.

“Company Commander Qin, let's compete in swimming!”

“Since we're already at the sea training ground, let's compete in their swimming skills.”

Swimming was the forte of the 6th company.

Although they belonged to the army, their 6th company was the vanguard of the Iron Fist Regiment's swimming skills.

Many of the soldiers in the 6th Company had been in the city's swimming team before joining the army. Some of them had grown up by the sea.

As for the 6th Company Commander, he had been in the sea since he was young. It was common for him to catch fish and prawns in the sea.

Qin Yuan was silent for a while. Sea swimming was considered their relatively weak link. He had originally planned to increase the time the soldiers spent in the sea, but during this period of time, they were basically training their physical fitness.

“Alright! We'll do as you say, 6th Company Commander.”

“Company Commander Qin, I won't hide it from you. Swimming is the strongest military skill of our 6th Company.”

“Let's do this. We'll each pick 10 soldiers from our teams and let them compete. How about that?” The 6th company commander said bluntly, not hiding anything from Qin Yuan. “Alright!” Qin Yuan nodded. “Good! Jiang Feng, pick 10 soldiers from the company to compete with your comrades from the logistics company.” The 6th company commander immediately shouted to the 6th company.

“Yes, sir!”

Qin Yuan also walked towards the logistics company.

“The 4th, 5th and 6th person in the first, second, and third rows.”

“Step forward!”

“Yes, sir!”

“Yes, sir!”

Second Platoon Leader, bring them to compete with the brothers of the 6th Company.

Qin Yuan immediately instructed. “Yes, sir!”

Very quickly.

The two companies quickly found good soldiers to compete with.

Qin Yuan did not specially choose soldiers.

Because he knew that no matter what, there would always be unexpected situations. On the battlefield, you would not be allowed to choose any location or area to fight.

It was impossible for others to let you off just because you were not strong enough. The 6th company commander then began to explain the rules of the competition to the soldiers participating in the competition. “Do you see that island in front of us?”

“It’s about two kilometers away from here.”

“You need to swim across from here and swim back.”

“The three people who return the fastest will decide the outcome of the competition.”

“Among the three, the company with the most people wins.”

“Does everyone understand?”

“Understood!” The soldiers replied.

“Good! Let the competition begin!”

“Beep...”

11 The 6th company commander blew his whistle.

The soldiers of the two companies, who were participating, jumped into the sea one after another.

The waves mercilessly hit every soldier. The soldiers of the logistics company had just swum out 10 meters when they were pushed back by the waves.

The 10 people stood on the shore, staring at each other.

“Second Platoon Leader, what should we do?”

“I just swam out and was hit back by the waves.”

“That’s right! We rarely train in the sea.”

The soldiers of the logistics company asked Zheng Xiaohu anxiously. Zheng Xiaohu was also a little helpless. Although the sea training ground was managed by their logistics company, he rarely came here to train.

The wind was very strong today, and the waves were very turbulent. The soldiers of the 6th Company also struggled to rush into the sea.

Even if they often soaked in the sea before, they would not go into the sea in such a big storm like today.

Chapter 45 Sudden Situation!

Zheng Xiaohu frowned. Seeing that the soldiers of the 6th Company had already swam dozens of meters away, he became nervous.

“Pay attention to the swimming technique of the soldiers of the 6th Company.”

“Even if you want to lie down, you have to lie down and reach the end.”

“We can’t lose this competition!”

“Yes, sir! Platoon leader!”

“Yes, sir! Second Platoon Leader!”

After saying that, the logistics company’s soldiers stared at the swimming techniques of the soldiers of the 6th company.

After the soldiers of the 6th Company entered the water, they immediately dived into the water and reappeared about a minute later.

Zheng Xiaohu also reacted. It turned out that the soldiers of the 6th Company were trying their best to avoid the impact of the waves on the sea.

“Quick, follow them!”

Zheng Xiaohu turned around and jumped into the sea. After jumping into the water, Zheng Xiaohu immediately dived underwater.

Although the density of the seawater was higher than that of the river, and it was more uncomfortable to hold your breath in the seawater, Zheng Xiaohu still managed to hold on for a full three minutes before he swam out of the water to take a breath.

Then, he repeated his actions and continued to chase after the soldiers of the 6th Company.

The soldiers of the 6th Company were led by Jiang Feng. They had already swam for about a kilometer, and the soldiers of the Logistics Company were constantly chasing after them.

This short distance of two kilometers had almost exhausted their physical strength.

Today’s waves were too strong. Every time they swam 10 meters, they would be pushed back by the waves. After an hour, the 20 soldiers finally reached the island and returned to the coast.

Originally, they thought that returning would be relatively simple, as they could ride the propulsion of the waves. However, they were all mistaken.

The current level of waves today far exceeded their expectations, and within a short time, a hurricane suddenly swept across the sea surface.

The powerful impact of the waves could easily sweep anyone to the distant cliffs, posing a deadly threat.

At this moment, all the soldiers had to carefully swim back, watching as dark clouds gathered over the sea and the winds grew stronger.

The people on the shore also became worried. The sudden change in the sea was unexpected, and within moments, one soldier from the 6th company was exhausted and swept away by the waves.

“Li Bing!”

A soldier from the 6th Company shouted when he saw the situation in front of him. He quickly swam towards the soldier who had been rolled up, wanting to pull him back.

Otherwise, he would be swept to the cliff wall in no time. If the surging waves hit the rock wall, it would be over.

A soldier from the logistics company beside him also noticed this situation and quickly swam toward the soldier from the 6th company.

For a moment, everyone who was participating in the competition discovered the sudden situation there.

The soldier was being swept towards the rock wall by the waves. If he were to follow the waves, he would definitely hit the rock wall in no time.

If that was the case, he would definitely die.

Zheng Xiaohu and Jiang Feng, who were swimming in front, immediately swam toward the soldier.

At this moment, on the surface of the sea.

The soldier from the 6th Company who had been swept away was already exhausted and would faint at any moment. In that case, he could only follow the waves and be swept toward the cliff.

A soldier from the 6th Company and a soldier from the Logistics Company swam to the side of the soldier and grabbed him tightly. However, they were also mercilessly carried away by the waves.

At this moment! Qin Yuan and the others quickly discovered the situation on the shore.

“Not good!”

“Save them... Hurry!”

“6th Company Commander, bring them to the rescue from the sea.

“I’ll bring a few people to the cliff and think of a way to save them before the waves hit.”

“Okay!”

Geng Hu and the others instantly brought their life jackets over.

They immediately followed the 6th company commander to the shore and pushed the rescue boat into the sea. Meanwhile, Qin Yuan led a few soldiers from the logistics company and ran in the direction of the cliff.

The sudden wave was too big. He felt that Geng Hu and the others would not be able to catch up. He could only run towards the rock wall and try his best to save them before they were swept by the wave.

In the sea, Zheng Xiaohu and Jiang Feng also swam to the side of the three soldiers. They held the three of them tightly with both hands.

However, the waves were too strong, and they were instantly swept toward the rock wall by the waves.

At this moment, Li Bing, the soldier from the 6th Company who was swept away, said in a weak voice, "Platoon Leader Jiang, let go."

"I don't have any strength left."

"Hurry up and let go of me. Otherwise, everyone will die."

Jiang Feng instantly roared, "What are you talking about? Everyone, follow me and swim to the shore."

"It's useless. The waves are too big."

"Hurry up and let go of me."

"You can still swim back."

"I'm already exhausted. If this continues, I'll only implicate everyone!"

The soldier struggled with his last bit of strength. He instantly broke free from their hands and was soon drowned by the waves. When Zheng Xiaohu saw this situation, he instantly turned around and pounced on the soldier again.

Jiang Feng immediately ordered the other soldiers of the 6th Company and the Logistics Company to wait for reinforcements while he followed closely behind Zheng Xiaohu. Zheng Xiaohu quickly held back the soldier from the 6th Company while Jiang Feng swam to the two of them.

At this moment, Zheng Xiaohu and Jiang Feng were about to run out of stamina.

"You brat! What are you doing?" Jiang Feng shouted angrily.

"Platoon leader.. You guys..." The soldier's tears washed down his face along with the seawater.

"Don't talk! I won't abandon you, I won't give up!" Zheng Xiaohu said immediately.

Jiang Feng looked at Zheng Xiaohu and was very touched. After all, Zheng Xiaohu was from the logistics company. He did not know this soldier from the 6th company at all.

"Thank you! If I don't die this time..."

"We are brothers through life and death!" Jiang Feng said to Zheng Xiaohu. "Haven't we always been brothers?"

"We are all Chinese soldiers, Chinese brothers!"

“Yes!”

Jiang Feng looked at Zheng Xiaohu with deep eyes, not hesitating for a moment. Zheng all Xiaohu was right – they were brothers, soldiers of the Chinese military. In no time, the three of them were swept to the edge of the cliffs by the waves, and the threat of death was getting closer and closer.

“Looks like we’re going to die together today!”

“Haha! Platoon Leader Zheng, we’ll still be brothers in our next life!”

“When the time comes, we can have a drink together.” Jiang Feng laughed. Zheng Xiaohu also looked at the distance between them and the rock wall. With this distance, the three of them would be mercilessly slapped against the rock wall when the next wave came. With the impact of this wave, the three of them would not be able to escape this time.

“Alright! We’ll still be brothers in our next life!” Zheng Xiaohu laughed. He did not have the slightest fear of facing death. He had long thought that there would be a day of sacrifice when he joined the army, but he did not expect it to come so quickly.

Swoosh...

A black shadow flew over the heads of the three of them and fell into the water.

Chapter 46 Severely Injured!

Thump...

There was a loud sound of water splashing on their faces. When the water cleared, Zheng Xiaohu realized that the black shadow that had just fallen was Qin Yuan.

“Company commander? Why did you jump down?”

Zheng Xiaohu was surprised. The cliff was at least twenty meters high, yet Qin Yuan jumped down just like that.

“Company commander! Why did you jump down...”

Zheng Xiaohu did not have time to be surprised before he came to his senses. The waves were about to hit them, and they had no time to swim toward the starting point. Qin Yuan would die with them by jumping down like that then?

“Stop talking! Put on your life jacket first!”

“Swim to the cliff. They’ve already lowered the rope.”

“The biggest wave will arrive in less than 20 seconds.”

“Hurry up!”

Qin Yuan did not have time to explain. They immediately helped the soldiers of the 6th Company swim towards the cliff. The cliff was only about 10 meters away from them, and they quickly swam to the edge of the cliff.

Qin Yuan and the others only brought one rope. In an emergency, Qin Yuan only found one rope. However, it was impossible for a rope to pull them all up at once. This rope could only support the weight of two people.

“Second Platoon Leader, take the soldiers of the 6th Company and tie them up with ropes.” “Company Commander, it’s better for you to lead your comrades from the 6th Company first.”

Zheng Xiaohu hurriedly said.

“Cut the crap! Hurry up!”

Qin Yuan immediately became serious.

“Yes, sir!”

Seeing Qin Yuan’s stern expression, Zheng Xiaohu did not say anything else and immediately tied the rope.

Seeing that Zheng Xiaohu and the others had already tied the ropes at the bottom of the cliff, the soldiers on the cliff immediately pulled them up. Seeing that a huge wave was approaching, the seawater on the surface of the sea surged even more violently.

At this moment, Qin Yuan and Jiang Feng were still in the sea.

Zheng Xiaohu had already helped the unconscious soldiers of the 6th Company up.

“It’s too late!”

Jiang Feng closed his eyes as he watched the huge wave that had already hit him. He was already prepared to face death. Facing this merciless wave, Jiang Feng was also helpless.

However, at least his comrades were saved. Humans are so weak, how could they compete with the power of nature?

Bang...

Peng...

Bang...

The huge waves crashed against the cliff wall like a ferocious beast fiercely biting its prey. The waves hit the cliff wall and made violent noises.

“Company Commander!!!”

“Jiang Feng!”

On the cliff, Zheng Xiaohu and the soldiers looked at the bottom of the cliff and roared. The waves had already drowned Qin Yuan and Jiang Feng. Looking at the surging momentum of the waves and

the violent sound of the huge impact of the waves hitting the cliff, they could see that Qin Yuan and Jiang Feng had already drowned.

Those standing on the cliff could feel the cliff trembling. One could imagine how terrifying the force was.

A normal person would definitely be smashed into pieces. In the face of these turbulent waves, there was definitely no chance of survival.

“Company Commander!!!”

Zheng Xiaohu’s eyes were red as he stood on the cliff and roared with all his might.

He didn’t dare to imagine what would happen next. If the commander hadn’t wanted to save them, he wouldn’t have jumped down.

The eyes of the few people from the logistics company standing on the cliff turned red. How could the company commander and Jiang Feng have a chance to survive?

For a moment, the people on the cliff were in tears.

After a while, the waves gradually receded.

Jiang Feng slowly opened his eyes. What greeted his eyes was still a vast ocean. Just now, he seemed to feel something hugging him. The impact of the waves hitting the cliff made him feel dizzy.

“Am I dead?”

Jiang Feng looked around and saw a pair of big hands hugging him tightly.

“Stop nagging! Quick... Tell them to put down the rope. “Otherwise... We... We’ll really die later!”

Qin Yuan’s weak voice instantly woke Jiang Feng up. Jiang Feng turned his head and saw that Qin Yuan was already covered in injuries, and blood was flowing everywhere. There was a 20-centimeter-long stone slab deeply embedded in his left shoulder. Blood was seeping out of his eyes, nose, and ears. It was a terrifying sight.

At the last moment when the waves hit them, Qin Yuan used his body to protect Jiang Feng and pulled him into his arms. The huge impact hit him directly, mercilessly slamming them onto the cliff. “Company Commander Qin?”

“You... You... Are you alright?”

“Thank... Thank you...”

“1 Only then did Jiang Feng realize that Qin Yuan had saved him.

The corners of his eyes were red, and he could not hold back his tears anymore. He did not expect Qin Yuan to save him at the last moment. In order to save him, Qin Yuan actually used his own body to protect him. Jiang Feng was also injured, but it was definitely not as serious as Qin Yuan’s injuries.

If not for Qin Yuan, he might have really been smashed into pieces.

“Hurry!”

Qin Yuan’s voice was very weak. He could feel that several of his ribs had been broken. Many of his bones were already broken, but he was still holding on.

Even though his physical fitness had already reached five times that of an ordinary person during this period of time. However, the impact of this wave was like a heavy object weighing dozens of tons smashing onto the body. If it was an ordinary person, they would have been slapped into pieces.

“Yes, sir!”

Jiang Feng’s eyes reddened as he immediately shouted crazily at Zheng Xiaohu and the others on the cliff.

“Platoon Leader Zheng! Platoon Leader Zheng!”

“Hurry up! Company Commander Qin is injured!”

Roars came from the bottom of the cliff.

“Hmm? Platoon leader, company commander, and the others are still alive.” The soldiers of the logistics company suddenly heard a roar coming from the bottom of the cliff and immediately cried out in surprise. “What?” Zheng Xiaohu was instantly surprised, but Jiang Feng’s voice came from the bottom of the cliff again.

He immediately shouted at the people on the cliff, “Hurry up! Put down the rope!”

“The waves are coming again!”

“Quickly pull the company commander and the others up.” Soon, Zheng Xiaohu and the others lowered the rope. Jiang Feng quickly tied himself up and quickly picked up Qin Yuan.

At this moment, Qin Yuan had already fainted.

Jiang Feng could only carry Qin Yuan. Soon, Zheng Xiaohu and the others pulled the two of them up.

The moment they saw Qin Yuan, the soldiers of the logistics company could not help but feel their hearts tighten. At this moment, Qin Yuan had countless wounds of various sizes on his body. His entire back had been smashed.

His eyes, nose, and ears were bleeding everywhere. The most eye-catching thing was the 20-centimeter stone piece, which was deeply embedded in Qin Yuan’s left arm. “Company Commander Qin!”

“Qin ... Company Commander, he ...”

“In order to save me, he has already suffered serious injuries.”

“Company Commander Qin has already fainted.”

“Hurry up... Quick... Send him to the hospital!”

Jiang Feng tried his best to finish his sentence before he fainted. Several of his ribs were broken. At first, he thought that his arm was only slightly injured.

Chapter 47 Unbelievable!

“Hurry up!”

“Send the company commander and the others to the military hospital!”

Zheng Xiaohu roared with all his might. His voice was already hoarse. The logistics team composed themselves and quickly carried Qin Yuan onto a stretcher and rushed to the sea training ground.

“What’s wrong?”

The 6th Company Commander and Geng Hu had just rescued their team members from the sea.

He saw Zheng Xiaohu and the others.

“The company commander jumped into the sea to save us.”

“At the last moment, the commander was still hit by the waves on the cliff.”

“I don’t know how many bones have been shattered.”

“He’s already unconscious.”

Zheng Xiaohu’s eyes were red and his voice was trembling.

“What?” The 6th Company Commander’s body trembled.

Looking at Qin Yuan on the stretcher, his eyes were filled with worry.

Qin Yuan was bleeding from his seven orifices, and his chest was obviously caved in. Blood kept seeping out, and the stone slab on his shoulder was deeply embedded in his right shoulder, making him look especially terrifying.

Jiang Feng looked fine, but Qin Yuan’s injuries were too serious.

The 6th company commander immediately checked Qin Yuan’s injuries. He saw that Qin Yuan’s breathing was gradually slowing down, and the frequency of his heartbeat was also weakening.

“Hurry up! Immediately inform the regiment headquarters to send a helicopter over.”

“Otherwise, it will be too late.”

“Yes, sir!”

The soldiers of the 6th Company immediately ran out.

“Company Commander!!!”

Not far away, Geng Hu also pushed through the crowd and rushed over.

The few of them had just put down the rescue boat when they saw the chaos. He did not expect his company commander to be so seriously injured.

At this moment, the soldiers of the logistics company surrounded Qin Yuan. Their eyes were red as they looked at the heavily injured Qin Yuan.

Everyone started to worry. They did not expect the company commander to be so injured despite being so strong. Looking at Qin Yuan, who was about to lose his vitality at any moment, everyone felt a wave of sadness in their hearts.

About 10 minutes later, the regiment's helicopter hovered over the sea training ground.

When everyone saw that the helicopter had arrived, they immediately carried Qin Yuan and Jiang Feng onto the helicopter and rushed to the military hospital.

Soon, they arrived at the military hospital.

The doctors and nurses of the military hospital had already been waiting at the airport after receiving the notice.

"Hurry up! Doctor! Come and save him!"

Geng Hu shouted at the doctors and medical staff the moment he got off the plane.

Seven to eight doctors and nurses immediately rushed over with stretchers. Soon, Qin Yuan and the others were pushed into the operating theater.

"Doctor! Doctor! You must save our company commander!"

"We must save him!"

Just as the door of the operating theater was about to close, Geng Hu grabbed the doctor's collar with red eyes.

He lost control of his emotions.

"Geng Hu! Calm down!"

Zheng Xiaohu looked at Geng Hu, who had lost control of his emotions, and immediately berated him.

"Comrade! Don't worry!"

"We will definitely do our best."

The doctor consoled him and closed the door of the operating theater.

Time passed by.

However, Zheng Xiaohu and the others outside the operating theater felt that it was exceptionally long. Outside the operating theater, two middle-aged figures walked toward them.

"How's the situation?"

After receiving the news, the Iron Fist Regiment Commander Kang Lei and Political Commissar Bi Guotao also rushed over.

“Regiment Commander, Political Commissar!” Zheng Xiaohu immediately stood up when he saw the two of them.

“How is Qin Yuan’s situation now?”

Kang Lei hurriedly asked.

“I’m not sure yet! But the commander’s injuries are too serious.”

Zheng Xiaohu’s eyes were filled with worry.

The impact of the waves was so terrifying that ordinary people would have been smashed into pieces.

Ka!

The door of the operating theater gradually opened, and the attending doctor walked out. “Doctor! Doctor!”

“How are our company commander and the others?”

“That’s right! Doctor! Are our company commander and the others alright?”

“Doctor...Say something!” When the few people from the logistics company saw the doctor walk out, they swarmed forward to ask about the situation.

“Don’t worry! The platoon leader is fine.”

“Three of his ribs are broken, and there are many wounds on his hands and other places.”

“I’ll be fine after resting for a month.”

“But! Then the company commander and sergeant will ...”

The doctor immediately explained the situation to everyone. “What happened to our company commander?”

“Doctor! You must save him!”

Hearing the doctor’s news, everyone’s hearts tightened.

They looked at the attending doctor with red eyes, and an ominous feeling spread in everyone’s hearts.

“Director He! How’s Qin Yuan’s condition?”

Kang Lei also hurriedly asked about the situation.

“Comrade regiment commander!”

“The commander’s bones were almost shattered. The shattered bones were all stuck in his muscles. ”

“All the capillaries have ruptured. There’s severe internal bleeding.”

“Other than the two ribs on the heart that are still intact, there is no other place that is intact.”

“If it was an ordinary person, they would have died long ago!”

“It’s a miracle that he’s still breathing!” The attending doctor kept inhaling cold air, his face full of shock. It was the first time he had seen someone who was so heavily injured and still able to hold on until now.

With such serious injuries, any one of them would have died immediately. Even now, Qin Yuan was still breathing. It was unbelievable!

“Doctor! No matter what, we have to save him!”

“In order to save his comrades during training, he got slammed into the rock wall by a huge wave!”

Bi Guotao also described the situation with red eyes.

“What?”

“The impact of the waves.”

“The impact force of those waves could be tens of tons or even more.” The attending physician was shocked. How did he manage to survive under such circumstances without being smashed into pieces?

“Don’t worry, we’ll definitely do our best to save him!”

“As long as there is still a glimmer of hope, we will never give up.”

The attending doctor said to everyone firmly.

Ka...

With that, he walked in and closed the door of the operating theater.

Outside the operating theater, the few people from the logistics company were already in tears. Their eyes were red as they hoped that the doctor would bring good news. “Old Kang! What should we do?”

“Should we inform Old Chief Qin?” Looking at Qin Yuan’s situation, Bi Guotao asked Kang Lei worriedly. “There’s no hurry! Let’s see how it goes.”

“Old Chief Qin is already old! I’m afraid that he won’t be able to take it if I inform him now.” Kang Lei’s expression was serious, and a few wrinkles appeared on his forehead. “Good!”

Ka...

The door to the operating theater was pushed open, and a nurse rushed out.

“Hurry up! Is the patient’s family here?”

“The patient is suffering from severe bleeding. The hospital’s blood reserves are running low.”

“We need to transfuse a large amount of blood.”

“Nurse!”

“Take mine! Hurry!”

“My...Take mine!”

When the people from the logistics company heard the nurse’s news, they immediately rushed over.

“Don’t be anxious!”

“O blood type, follow me.”

“Yes, sir!”

The few of them immediately followed the nurse to the blood transfusion room.

Chapter 48 Critical Situation!

Two hours later.

The door of the operating theater was pushed open again. The attending doctor took off his mask and walked out.

“Director He, how is Qin Yuan’s condition?”

Kang Lei hurriedly asked.

“How is he! Doctor!”

“Is our company commander alright?”

The people from the logistics company looked nervously at the attending doctor.

“His condition is stable now.”

“During the treatment, his heart stopped beating several times.”

“But miraculously, he regained signs of life.”

“This is also the first time I’ve seen someone with such tenacious vitality.”

“We’ve already cleaned up all the shattered bones.”

“Let’s see if he can survive this night.”

The attending doctor sighed in shock.

Qin Yuan’s vitality was too tenacious. The attending doctor had never seen such a person in his many years of medical practice.

“It’s good that you’re still alive!”

“Thank you for your hard work, Director He!”

“I believe that he will definitely be able to make it through.”

“The wind and waves are all lying down.”

Kang Lei’s tense expression also relaxed.

At least Qin Yuan was still alive.

However, his expression, which had just calmed down, frowned slightly again.

“Director He! Can he still be a soldier in the future?”

“What?”

The attending doctor was shocked.

“How can he still be a soldier in his current condition!”

“It’ll be fine if he recovers.”

“If he doesn’t recover well, he’ll have to spend the rest of his life in bed.”

The attending doctor’s expression was serious as he described Qin Yuan’s condition firmly. As a doctor, he would not hide Qin Yuan’s condition.

It was a miracle that Qin Yuan could survive in such a situation.

Qin Yuan’s physical fitness was different from ordinary people. A normal person would have died long ago if they encountered such a situation.

“It’s good that you’re alive, it’s good that you’re alive.”

Kang Lei sighed twice, his face still filled with regret.

“Qin Yuan is such a great soldier. If not for this unfortunate incident, considering his background and abilities, his future would have been very promising!”

“Sigh! The heavens are really jealous of talents!”

Bi Guotao’s face was dark and gloomy.

It was the first time he had encountered such a good soldier in so many years.

However, something like this happened.

At this moment, Zheng Xiaohu and the others rushed over from the blood transfusion room. After the blood transfusion, they lay down in the lounge for a while and immediately ran over.

“Doctor!”

“How is our company commander?”

The few of them hurriedly asked about Qin Yuan’s situation.

“He’s in a coma! It depends on his situation tonight.”

The attending doctor patiently told them about Qin Yuan’s condition.

“You guys go back and rest first!”

“The political commissar and I can stay here!”

Kang Lei looked at the exhausted people and comforted them.

“Sir! We’re not tired!”

“We’ll guard outside!”

“We’ll go back when the commander wakes up.”

“Yes, Sir!”

“We’ll wait outside!”

The eyes of the few people in the logistics company were red. They had just finished drawing blood, and their faces were slightly pale.

Kang Lei saw that he couldn’t dissuade them, so he let them be.

“Old Bi! You stay here and guard.”

“I’ll make a call!”

“Alright!” After saying that, Kang Lei picked up his phone and walked out of the door.

At this moment! In the courtyard of the Southeast Military Region.

An old man with a head full of white hair was reading today’s international military news on the table.

“Grandpa Qin! Come down quickly!”

“You promised me that you would bring me to Brother Qin Yuan today.”

“You can’t go back on your word!”

A young girl around the age of seventeen or eighteen called out from outside the door. The old man also took off his presbyopic glasses and looked at the girl who walked in from the door with a loving expression. “Xiaoxiao, why are you here?”

It was Miao Xiaoxiao, the granddaughter of his old comrade, Miao Zhenjiang.

She had grown up with Qin Yuan and could be considered childhood sweethearts with Qin Yuan.

“Grandpa Qin! How many times have you promised me?”

“Not once!”

“I don’t care. You have to bring me to see Brother Qin Yuan today!”

The young girl pouted her little mouth and snuggled up to the old man in a coquettish manner. She was very cute. "What's wrong?"

"How long has it been since we last met? Is the little girl starting to miss love?"

The old man grinned as he looked at the girl.

The more he looked at this granddaughter, the more he loved her!

"Annoying!"

"Grandpa Qin, you're disrespectful!" The girl's cheeks instantly flushed red.

Being provoked by the old man's words, the young girl's heart pounded.

Ring, ring, ring...

The old-fashioned phone on the table rang.

"Hey!"

"Old Qin, Qin Yuan is seriously injured!"

"The situation is critical!"

Kang Lei said shakily on the other end of the phone.

"What?"

The old man's face suddenly darkened. Hearing the news, the old man's expression instantly became serious.

The young girl was also frightened by the old man's sudden appearance.

"Grandpa Qin! What happened?"

The girl hurriedly asked. "Xiaoxiao! You go back first."

"Or you can stay here and ask your Grandma Qin to make you something to eat."

"There's something going on in the army. Grandpa has to go over!"

The old man put down his phone and immediately said to Miao Xiaoxiao. He did not dare to tell Miao Xiaoxiao about Qin Yuan. If this girl knew that something had happened to Qin Yuan, she would cry to death. "Grandpa Qin! I'll go too."

"You promised to bring me to the army to see Brother Qin Yuan!"

Miao Xiaoxiao did not know about Qin Yuan's injury and thought that the old man was patronizing her again. "Xiaoxiao! This is military!"

"Stay at home first. I'll definitely bring you there next time."

The old man looked at Miao Xiaoxiao kindly. "Alright then! Grandpa Qin!"

"Next time, don't go back on your word!"

Miao Xiaoxiao didn't try to be pretentious. From the old man's eyes and expression, she knew that something big must have happened.

The old man didn't say anything else. He picked up the military coat on the hanger and put it on before walking out. "Little Zhou! Buy me a train ticket to the military hospital now."

The old man walked to the door and immediately ordered.

"Old Chief..."

"It'll take five hours to get there by train!"

Xiao Zhou, the guard, was also stunned when he heard that.

Old Chief Qin was an old leader who had survived the Vietnam War. He had experienced the country's most difficult times. Now that the country's economy had developed, the old man had been thrifty. The spirit of thrift had always been engraved in his bones.

"Then send me to the military hospital as fast as you can!"

"Yes, sir!"

After saying that, Xiao Zhou immediately informed the security platoon of the military compound.

After a while, Xiao Zhou led the old man to the helicopter. After boarding the plane, they rushed to the military hospital. Half an hour later, the helicopter landed steadily at the airport of the military hospital.

Chapter 49 A Blessing in Disguise!

"Old Chief!"

"Hello, Old Chief!"

After informing Old Qin, they also knew that Old Chief Qin was coming over. Kang Lei and Bi Guotao had been waiting at the hospital's airport for a long time.

"Yes! How's the situation?"

The dignified voice of the old man echoed.

Despite being in his sixties, the aura of battlefield experience and authority emanated from him.

"Qin Yuan risked his life to save his comrades!"

"Now he is severely injured, with multiple broken bones in his body!"

"He's stable for now!"

"However, he might not be able to continue being a soldier in the future."

Kang Lei patiently explained Qin Yuan's situation.

"Bring me there!"

The old man looked sad.

The moment he received the notice, his heart tightened. In such a situation, it was already very fortunate that he could survive.

With that, the old man was led to the intensive care unit.

He looked at the people from the logistics company who were already sleeping on the ground at the door. The old man didn't say anything. He walked around them and walked into the intensive care unit.

Zheng Xiaohu immediately woke up when he heard the sound. He saw an old man with white hair. The old man's eyes were firm, and his body emitted a strong and dignified aura. Although he was already old, he still revealed a faint killing intent!

The regiment commander and political commissar followed closely behind the old man.

"Commander!"

Zheng Xiaohu called out.

"Okay, don't talk!"

"This is your company commander's grandfather!"

"He was once the God of War of our military region."

Kang Lei explained when he saw Zheng Xiaohu's puzzled expression.

"So, the Company Commander has such a background!"

Zheng Xiaohu didn't say anything. He thought that it made sense. Otherwise, how could the company commander be so strong? It turned out that his grandfather was very strong.

The old man quietly looked at Qin Yuan on the hospital bed. Tears welled up in the corners of her eyes. It was impossible to say that her heart did not ache.

He had watched Qin Yuan grow up. Qin Yuan had also inherited his beliefs and joined the army.

"Old Chief!"

"Don't worry...Qin Yuan will wake up."

Kang Lei looked at the old man's sad expression and comforted him.

"Yes! I'm fine!"

"That's right, that's what soldiers should do!"

"This kid didn't disappoint me!"

The old man forced himself to say it, but his tears kept falling. His wrinkled and old hands trembled as he stroked Qin Yuan's cheek.

Kang Lei and the others didn't say anything. They just quietly walked out of the ICU, leaving some private space for Elder Qin.

“You brat! I really don’t know if letting you join the army was right or wrong!”

The old man also had his own selfishness. Although Qin Yuan was a soldier, he was also his grandson.

Seeing Qin Yuan so seriously injured, the old man’s heart ached. The old man stayed in Qin Yuan’s ward for almost two hours before he got up and walked out.

“Old Chief...” When Kang Lei saw the old man walk out, he immediately went up to him.

“Yes! Let him have a good rest!”

“You guys can go back first! I’ll just stand guard here!” The old man said directly.

“Old Chief, you should go and rest first!”

“Leave this to us. We will inform you as soon as Qin Yuan wakes up!”

“I’m fine! You guys go back first!”

Kang Lei couldn’t say anything else. In Qin Yuan’s situation, even if the old general went back, he wouldn’t be able to sleep. After all, there were some matters in the army waiting for him.

He turned around and gave a few instructions to Zheng Xiaohu.

“Second Platoon Leader, find a soldier to guard here with you!”

“Let the others go back and rest first!”

“We don’t need so many people here.”

“Let them go back and have a good rest!”

Kang Lei looked at the exhausted soldiers lying on the ground and felt a little heartache.

“Yes, sir!”

In the end, Zheng Xiaohu and Geng Hu stayed behind.

The rest of the soldiers were unwilling to go back. In the end, when Zheng Xiaohu asked them to come over tomorrow morning to change shifts, they reluctantly went back to rest.

Inside the ward!

Qin Yuan still did not wake up, but his consciousness had already woken up. “Hmm? Am I dead?”

Qin Yuan was puzzled. “Host, you are now in a serious coma!”

“Your body is severely damaged.”

“The huge impact of the waves has almost shattered all the bones in the host’s body.”

“Without the system, the host would have died long ago!”

Qin Yuan was speechless. “Will it kill you to pretend huh!”

“What the system said is true!”

“The system activated the protection mechanism at the last moment!”

“I used half of the host’s skill points to exchange for the Vitality Liquid!”

“That’s how the host’s life was saved. A normal person would have died long ago!”

Qin Yuan thought about it and it seemed to be the case.

“Looks like the system is still the best!” Qin Yuan also praised.

He recalled the moment the wave hit him. He felt as if he had been hit by a huge rock that weighed a few thousand pounds.

He instantly felt it. His body could not withstand the huge impact at all. The moment he was rescued, he lost consciousness.

“No!”

“System, what did you just say?”

“Half?”

“You used up half of my skill points?”

“That’s 200,000 Skill Points!”

“I paid a great price to keep that.”

“Sh*t...”

The System was speechless.

“Host, I saved your life...”

“Your life...”

Not to mention the mere 200,000 yuan.

Even a million yuan would not be enough to buy a life! Qin Yuan did not argue with it and quickly checked his body. He would not know if he did not look, but when he saw himself, he was shocked.

Other than the two ribs in front of his heart, his little guy, and the bones in his head, the rest of his body was shattered.

Fortunately, there was a white warm current nourishing and repairing it. It should be the vitality liquid that the system mentioned. Seeing that his bones were slowly recovering, Qin Yuan asked again.

“System, how long will it take for me to wake up at this recovery speed?”

“The host needs two hours to wake up.’ “Then, when can I recover?”

Qin Yuan was also a little worried. He was too seriously injured this time. Looking at his injuries, there was still a month before the military exercise. If he could not recover, these two months would have been wasted.

“According to the recovery rate of the vitality liquid, the host will need at least half a month to recover.”

“Moreover, the bones and muscles repaired by the Vitality liquid will be different from ordinary people. The bones will be many times harder than others, and the muscles will be firmer! ”

“It’s no exaggeration to say that even if a bullet hits the bone, it won’t hurt at all.”

“You can do this?”

“Then the 200,000 you cheated me of is worth it!”

System: @# ¥ ¥ !#%.....

Qin Yuan also felt the benefits of the Vitality liquid.

Although the pain was very intense when his bones were being repaired, he did not make a sound. The main problem was also that he could not make a sound. He also knew that this was a blessing in disguise.

Chapter 50: “Love” Company Commander?

Until midnight.

Qin Yuan opened his eyes with difficulty.

Zheng Xiaohu and Geng Hu were sitting by the bed in the ward.

“Lian... Company Commander...”

“You’re awake!”

Zheng Xiaohu exclaimed when he saw Qin Yuan wake up.

His face was filled with excitement! The doctor said that Qin Yuan would only wake up the next day at the earliest.

Geng Hu was also awakened by Zheng Xiaohu’s voice. He quickly asked Qin Yuan, tears flowing from the corners of his eyes.

“Company commander! How do you feel now?”

“I’m fine!”

Qin Yuan was very weak, and his body could not move at all.

“I’ll call the doctor now!”

Geng Hu immediately ran out.

“Company commander! The old general is here.”

“He’s been by your side the whole time. Geng Hu and I just helped him to the lounge to rest.”

“I’ll tell him the news that you’ve woken up immediately!” After saying that, Zheng Xiaohu also ran out of the ward.

“Grandpa?”

A kind face immediately appeared in Qin Yuan’s mind.

Although Qin Yuan had transmigrated, his kinship with his family was still the same.

Although his grandfather was usually very strict with him, he also doted on him.

Not long after, the attending doctor and nurse ran in. The attending doctor was also very surprised to see Qin Yuan wake up.

He did not expect Qin Yuan to wake up so quickly and immediately checked on Qin Yuan.

“Hmm?”

“This... This was... This!”

The attending doctor was shocked. Qin Yuan’s bones were actually repairing themselves?

“Company Commander Qin?”

“Do you feel uncomfortable there?” The attending doctor immediately asked.

“It’s alright. I just can’t move my entire body.”

“It’s just that every part of my body hurts! It’s also accompanied by itching!”

“What a miracle!”

“This is unbelievable!”

“This is the first time I’ve encountered such a thing in my life! Your bones are healing themselves!”

The attending doctor was surprised and exclaimed that Qin Yuan was a pervert! If it was anyone else, they would have died long ago.

However, he survived. He thought that it would be difficult for him to recover, but he found that Qin Yuan could repair himself.

The attending doctor did not know how to describe his feelings.

Outside the ward, the old man rushed in. Seeing Qin Yuan wake up, the old man smiled.

“Brat! How are you feeling?” An old voice sounded.

“Grandpa! You... Why are you here?”

Qin Yuan looked at the haggard old man and knew how worried the old man was after he was injured.

“Do you think you can hide such a thing from me?”

That was true. How could anything in the army be hidden from the old man in front of him?

“Alright, rest well! Stop talking.”

“Doctor, how’s this kid’s condition now?”

After saying that, the old man turned to look at the doctor beside him. “Old general. Company Commander Qin is recovering well.”

“I didn’t expect Commander Qin’s broken bones to repair themselves!”

“This is unbelievable!”

The doctor shook his head. This was clearly beyond his medical knowledge.

“Self-repair?”

“You mean he still has hope of recovering?”

The old man’s heart shook. This news was also a shock to him.

“Theoretically, yes.”

“But I’ve never encountered such a thing before!”

“We can only wait for a few days. We can only confirm Company Commander Qin’s condition then.”

“Good! Good! Alright!”

The old man was overjoyed. This was indeed great news for him. He had thought that his grandson would be like this for the rest of his life. He did not expect that there would be a chance to recover. The heavens were really blessing the Qin family.

“Grandpa! Don’t worry.”

“How could your grandson be a coward?”

“If you don’t believe me, I’ll get up and dance for you in two days!” Qin Yuan looked at the worried old man and comforted him.

“Hmph, you brat!”

“You’re still joking with your grandfather at a time like this.” The old man snorted, but his eyes still revealed a deep love. “Grandpa, you didn’t tell Grandma and Dad and Mom, did you?”

“Your grandmother has heart disease. How could I dare to tell her!”

“I wonder where your father and your mother went on a business trip again!”

Qin Yuan’s family was like this. His father and grandfather had always been on bad terms. A few years ago, Qin Yuan’s father was also sent to the army by his grandfather.

However, he retired not long after. His heart was not in military life, but in business. Therefore, his father had chosen to go into business all these years and had also built up a lot of family businesses.

However, his grandfather still looked down on his father. Since he was young, Qin Yuan had been instilled with the idea that a good man should be a soldier.

“Right! After you recover this time, you have to go home.” “Your grandma talks about you every day. I’m so annoyed.” “And Xiaoxiao, that girl. She asked me to bring her to you every day.” “She was there when I received the news that you were injured.”

“But I didn’t dare to let her come.” The old man explained the situation at home in detail.

“Got it, Grandpa!”

“I’ll go back and see Grandma!”

In Qin Yuan’s mind, the snot that had been following him since he was young appeared.

“That girl! It seems like it’s been years since we last met!”

Ever since he entered military school, he rarely met Miao Xiaoxiao. This girl was very clingy to him. As long as he was at home, she would run to his house every two or three days without any restraint that a girl should have.

“Alright! Rest well and recuperate!”

“I have to go back too. Otherwise, I won’t be at ease with only your grandmother at home.”

“I’ll come and see you tomorrow!” “Yes! Grandpa, you can go back!”

“My comrades are here. Don’t worry!”

“Good! Then I’ll go back first!” After the old man finished speaking, he looked at Geng Hu and the other man.

“Thank you for your hard work!”

Geng Hu stood up straight. “Chief! It’s not hard at all!”

“We will definitely serve our motherland! We will definitely love the commander with all our hearts!” “We definitely won’t let him sneak out!”

Qin Yuan was speechless.

How could he run out with such heavy injuries? Besides, what love? What the hell is this!

“Not bad! Not bad! He’s a good guy!”

The old man laughed loudly, looking at the serious Geng Hu with great gratification.

After saying that, he walked out of the ward and boarded the helicopter to rush to the military compound.

“Second Platoon Leader! Did anything happen in the company?”

“Have you saved the team members?” After the old man left, Qin Yuan immediately asked.

“Company commander! Everything was fine! There are instructors and deputy company commanders in the company!”

“You don’t have to worry!”

“They were going to rush over here too! But the regiment commander didn’t give in. The company couldn’t do without a commanding officer.” Zheng Xiaohu immediately explained.

“Yes!”

“Right! Tell Instructor Zhou!”

“During the time I’m not around, let him lead the team to train well. We can’t slack off in training.”

“Tell them not to come and see me. I’m fine!”

“Yes, sir!” Zheng Xiaohu nodded.

“Right! Is the 6th Company still in our encampment?”

“Yes!”

“They’ve already applied to the colonel to train in our encampment for a month! The colonel has also approved it!”

“The soldiers of the entire 6th Company have also joined us in the logistics work.”

When Qin Yuan heard Zheng Xiaohu’s words, he knew that the 6th company commander was fulfilling his promise.

Although it could not be said that they had won, the 6th company commander’s actions still won Qin Yuan’s heart.

“Alright!”

“Then go and rest! I’m fine now!”

“I’ll sleep too!”

“Yes, sir!” “Commander, let me sleep here!”

“I’ll guard you!”

Geng Hu was also worried about Qin Yuan and asked to stay.

“I’m fine. I’ll call you if there’s anything!”

“Go and rest!” “This is an order!”

“Yes, sir!”

After saying that, Zheng Xiaohu and his wife walked out of the ward..
