

Special Troop 411

Chapter 411: A Strong Enemy

“Inform the others to see where Shang Biao and the others went.”

“Also, find out who killed Shang Biao.”

“I want to kill Shang Biao’s men.”

Shang Kun looked out of the window and said coldly to his subordinate.

“Yes, sir!”

“Understood, Boss!”

After saying that, his subordinates left. Shang Kun sat on the sofa and fell into deep thought.

“What do you plan to do next?”

On the other side, Long Xiaoyun’s expression was a little gloomy when she saw Qin Yuan carrying the box back.

It was filled with white powder, and it looked like it was about 50 kilograms.

It was obvious that these guys were trying to get these things behind them.

“Inform the higher-ups, and then have the members of Battle wolf hide at the border.”

“I can use this opportunity to train my combat ability.”

Looking at the white powder, Qin Yuan hated evil as if it was his enemy, because these things had destroyed countless families.

How many families had been torn apart?

“You brought them here because of this, right?”

At this time, Long Xiaoyun thought that the criminals killed in the last mission should be from the same organization as these people.

“Yes!”

“They’ve been so active during this period of time. They must have some purpose or big move.”

“Since they dare to step into China’s territory, we have to eradicate these malignant tumors no matter what.”

Qin Yuan had brought Battle wolf here this time to think of a way to destroy these people’s nests.

This time, it wasn’t just training. They were going to face actual combat at any time during training.

“Alright, but it has been raining heavily for a while now. If we let them hide here in such an environment, can they withstand it?”

To be honest, even if she stayed here for two days, she would still find the surrounding environment a little difficult to bear.

“It’s fine. Don’t worry. If these guys can endure this, they’ll become the strongest special forces.”

“It’s not that easy to become a strong person.”

Qin Yuan looked at the dense forest not far away and said indifferently.

“Alright, I’ll leave the training to you.”

“I’ll bring this back first and see what the higher-ups have to say.”

As she spoke, Long Xiaoyun looked at the box full of white powder on the ground.

This time, there was only so much white powder. One could imagine how much goods these organizations could usually produce. No matter what, this organization had to be eradicated.

“Alright, take this thing back first.”

“As for their hideout, I will pay attention to it during this period of time.” “If there’s any news, I’ll let you know as soon as possible.”

Qin Yuan knew that these organizations must have come again. This time, they had lost so many goods.

In addition, the identity of the person he had just killed seemed to have a high status in this organization.

“Good!”

“Then I’ll go back first. I’ll leave this place to you and Battle wolf.”

Originally, Long Xiaoyun had been worried about these Battle wolf members.

But now that Qin Yuan was here, she had nothing to worry about.

Qin Yuan’s strength once again refreshed her understanding of Qin Yuan.

To be honest, it was the first time he had seen that shot.

This kind of gun technique was simply already at the acme of perfection.

“Good!”

After saying that, Long Xiaoyun picked up the box on the ground and walked towards the direction of the command center.

Qin Yuan once again sneaked into the dense forest.

They moved in the direction of Battle wolf’s teams.

Just like that, Qin Yuan kept moving between the various teams, constantly paying attention to the hiding situation of these teams.

“Not bad. Although there are still some flaws, at least I haven’t forgotten what I gave them.”

Qin Yuan stood on a high mountain not far away and looked at the situation of the various teams. He was relatively satisfied.

“Chenguang, are we going to hide here forever?”

“It’s been a few days and we’ve run out of rations.”

“There doesn’t seem to be anyone here, and there’s no movement at all. I don’t know what Captain is preparing to do.”

At this moment, Li Erniu, who was hiding behind the pile of rocks, sighed softly to He Chenguang.

The training this time was very sudden, and they did not know the specific mission. They only knew that Qin Yuan asked them to board the plane and then let them hide at the destination after they arrived.

It had been almost a week, but there was no news or movement at all.

Although they had to survive here for a month, they knew that it would not be that simple.

“The captain has divided us into small teams to hide here. There must be a purpose.”

“We just need to follow the captain’s instructions.”

“It is indeed difficult to survive in this environment for a month.”

“There will definitely be heavy rain these few days, so everyone must pay attention to maintaining their body temperature. Don’t let their body temperature drop to the critical point.”

At this moment, He Chenguang reminded everyone that the temperature difference between day and night was very large. Coupled with the torrential rain, it was a test for them.

“Yes, sir!”

“Yes, sir!”

The rest of the members replied softly.

“Everyone, don’t move. There’s a situation.”

At this moment, He Chenguang noticed through the scope of his sniper rifle that there was a team of people pacing around the border..

Chapter 412.’ A yowernul Enemy

Moreover, they were all holding guns in their hands. It seemed that they were members of the same organization.

“Yan Bing, your position is at nine o’clock. Those people are very close to you.”

At this moment, He Chenguang reminded him.

“Understood. I’ve already seen them.”

Wang Yanbing was lying in the haystack and looking in the direction of He Chenguang. He noticed that there were many people walking towards him.

“Why do the symbols on these guys look so familiar?”

At this moment, Wang Yanbing saw that the leader and these people had some tattoos on their bodies, but he couldn’t remember where he had seen them before.

It felt especially familiar.

“Do you still remember the rescue mission we carried out?” “The tattoos on their bodies are the same as these people.”

“It looks like they are from the same organization.”

He Chenguang saw through the sniper scope that the tattoos on these people’s hands were exactly the same as those criminals they had encountered during their mission.

“Looks like these guys aren’t good people either. Why are they loitering around the border?”

“It looks like they are looking for something.”

Wang Yanbing saw a group of people wandering around the border not far away, but they didn’t come in. It felt like they were looking for something.

“I don’t know, but everyone be careful. If they dare to cross the border with guns, kill them immediately.”

Although he didn’t know what these people’s purpose was, He Chenguang knew in his heart that these people should be members of some illegal organization.

Since they were in contact with those criminals, they would not let these people off.

If these people were not outside the border, they might have directly attacked these people.

“Yes, sir!”

“Understood!”

Ten minutes later, the members of these organizations were wandering around the border. After a while, they left.

“Sigh.” He had been holding it in for a few days. It was not easy for some rats to come, but he still could not move his muscles.”

Wang Yanbing sighed softly into his earphones as he watched the people from the organizations leave.

“Alright, we can’t shoot them if they don’t come in.”

“But what are they looking for?”

After hearing Wang Yanbing’s sigh, He Chenguang said with some doubt.

These people were definitely looking for something, but the leader just now did not let these people step in but walked back.

“I’m not sure, but if they really stepped in just now, I would definitely kill them first.”

Wang Yanbing was a little helpless. They had arranged to stay here for almost a week. He had long been unable to hold it in. “No matter what it is, we have to be vigilant.”

“They will definitely come back.”

“From today onwards, we will be on duty 24 hours a day. We must not let our guard down.”

He Chenguang knew that since these guys were looking for something, they would definitely come back because they looked very nervous just now.

It seemed that this thing was very important to them.

“Understood!”

“Got it.”

Everyone expressed their agreement.

“Chenguang, should we inform the captain of this news?”

At this moment, Li Erniu immediately asked. After all, they should inform Qin Yuan of this situation.

“There’s no hurry. We don’t know their specific purpose yet. As long as they haven’t stepped in, don’t report it yet.”

“Alright!”

After saying that, everyone returned to their initial hiding state.

They continued to hide in the surroundings.

The other teams were in the same situation as He Chenguang’s team.

However, Leng Feng and the others were actually facing Shang Kun.

After careful consideration, Shang Kun had guessed that his brother had died in that area.

Because that was the most secret location, he personally led the team to the minefield area.

However, he noticed that there were some Chinese soldiers hiding in the mountains opposite him.

It looked like they were part of China's special forces.

However, for Shang Kun, who had been a veteran of the special forces for many years, it was still too immature.

"Boss, why did you stop?"

Seeing Shang Kun stop, his trusted subordinate asked in confusion. "There are some guys watching us."

"Since I'm already here, I'll find a few kids to accompany Shang Biao."

"Give me a sniper rifle!"

Looking at the dense forest on the other side of the mountain, Shang Kun's lips curled into a smile.

"Boss, are we going to fight them here?"

Hearing Shang Kun's words, his trusted subordinate immediately reminded him.

This was not the time to start a conflict.

"It's fine. You take the team to Shang Biao's location first, which is about 20 kilometers ahead."

Shang Kun understood that this was not the time to start a conflict, but he couldn't bear the feeling.

In addition, his younger brother had already been killed, so he was filled with anger.

Right now, he just wanted to meet Leng Feng and the others in the mountains.

"Yes, sir!"

Looking at Shang Kun's eyes and the murderous aura emanating from his body, the trusted subordinate immediately nodded and led the team in the direction Shang Kun had mentioned.

Shang Kun took his gun and disappeared into the forest.

"One person has disappeared. Everyone, pay attention. This person is agile and doesn't look like an ordinary person!"

"Shi Sanba, he's heading in your direction."

Seeing Shang Kun disappear into the dense forest, Leng Feng immediately reminded everyone.

"Understood."

"Understood."

For a moment, everyone became a little nervous.

And if he's not wrong, he was a soldier or a veteran.

Meanwhile, Leng Feng was constantly looking for Shang Kun through his sniper scope.

Suddenly, a figure flashed. Leng Feng saw a sniper rifle aimed directly at his position.

"Not good!"

Just as Leng Feng reacted, he dodged to the side.

However, he was still a step too slow. A bullet went straight through his left arm.

“Leng Feng!”

“Leng Feng!”

For a moment, everyone in the team was stunned. In just a short while, the person who had infiltrated the team had discovered their sniper’s position.

Moreover, he had fired at Leng Feng first.

A few seconds later, Leng Feng finally heaved a sigh of relief.

“I’m fine. This person is not simple. His investigative ability is extremely strong. He must be a retired special forces veteran.”

“We’ve met a formidable opponent this time.”

“If it wasn’t for Captain training my reaction speed, I might have died from that shot.”

Leng Feng covered his wound and was shocked. If he had reacted a little slower, he would have been instantly killed by the enemy.

“Are you alright?”

“How about now?”

All of a sudden, all the team members were asking about Leng Feng’s condition worriedly.

This sudden development shocked them.

This was the first time they had encountered such an opponent since entering the army.

Although they had often experienced Qin Yuan’s abnormal strength, that was their captain. This time, he was an enemy.

“I’m fine!”

For a moment, Leng Feng endured the pain in his arm. This time, they had to be extra careful because the enemy was too powerful.

“Interesting!”

Seeing that he did not manage to kill He Chenguang with one shot, Shang Kun was a little surprised. There were very few people who could survive his sniping.

Therefore, he felt that these guys who were lying in ambush here had some strength.

“What should we do now? We can’t find him at all!”

Shi Sanba asked worriedly.

Until now, they still had not found the enemy who had infiltrated..

Chapter 413: Fight!

“Don’t worry, hurry up and inform the captain!”

At this time, Lenz Fenz rolled and headed to the next sniper point.

He said to the other members.

This kind of enemy made him nervous. He had already lost the battle just now.

After training for so long, he finally understood the difference in strength that his captain had mentioned.

“Yes, sir!”

The other team members immediately contacted Qin Yuan and the command center.

“Everyone, be careful. Retreat first. Shi Sanba, I’ll think of a way to help you suppress it.”

At this moment, Leng Feng picked up his sniper rifle and kept looking for traces of the enemy.

“Understood!”

For a moment, everyone in Leng Feng’s team tensed up.

This was because the enemies they encountered this time had exceeded their imagination.

They did not expect to encounter such a powerful enemy.

“Not good!”

On the other side, Qin Yuan’s system was flashing a red alert.

Qin Yuan opened the system to check and found that Leng Feng had been shot.

At this moment, Qin Yuan knew that it seemed that the organization of the guys that he and Long Xiaoyun had sniped previously had come.

However, he didn’t expect them to be so fast.

Moreover, Leng Feng had been shot. It seemed that the person who had come was very strong. It might be Shang Kun.

“I didn’t expect you to come personally so soon.”

Qin Yuan sneered, he jumped down from the withered tree and quickly rushed toward Leng Feng and the others.

Qin Yuan knew that Leng Feng’s team was not Shang Kun’s match, so he had to rush over quickly.

“Pay attention, Shi Sanba, he’s already heading towards you.”

“Everyone, suppress him with fire and buy as much time as possible for Shi Sanba to retreat.”

Leng Feng fired a few shots in a row, but Shang Kun managed to dodge all of them. For a moment, Leng Feng was a little worried.

Shi Sanba was the closest to the enemy, and Shi Sanba was no match for such a strong opponent.

“Yes, sir!”

At this moment, the team members who were hiding in other locations were firing wildly in the direction not far away.

“These guys are quite skilled in shooting. It seems that they are not ordinary soldiers.”

Shang Kun hid behind a large rock and said in surprise.

Although he knew that the Chinese soldiers were very strong, ordinary soldiers couldn't have such marksmanship.

He had a vague feeling that the team in front of him might be soldiers from a special force.

“Looks like I have to deal with one or two as much as possible.”

“You killed Shang Biao, so you have to endure that feeling.”

Shang Kun then leaped into the dense forest and disappeared into it, heading toward Shi Sanba.

Shi Sanba was the closest to him, and he had noticed him when he entered.

However, he wanted to get rid of the sniper first.

But he did not expect that he would not kill the sniper with one shot.

Now that he was being targeted, a lot of firepower was directed at him, making it inconvenient for him to move.

However, he had been through hundreds of battles. This was not the first time he had experienced such a scene.

A few minutes later, Shi Sanba appeared in his line of sight. So, he raised his sniper rifle and fired in Shi Sanba's direction.

‘ Shi Sanba, be careful!!!’

After seeing Shang Kun shoot, Leng Feng fired a shot, but it still did not hit

Shang Kun.

“F * ck, this guy's marksmanship is almost as good as captain's.”

Shi Sanba cursed.

However, at this moment, his leg was hit by a bullet, and blood kept oozing out.

He had a premonition just now, but he still couldn't dodge this shot. Fortunately, he had evaded the attack just now. Otherwise, he would have died here.

“Shi Sanba, are you alright?”

At this moment, the team members saw Shi Sanba's condition and asked worriedly.

“He won’t die yet. We should think of a way to deal with him. Otherwise, we might not be able to defeat him!”

It was their first time facing such an opponent.

However, they did not expect that they would be completely defeated. One had to know that the combat strength of their team was not too bad.

For a moment, everyone realized how cruel the battlefield was. Usually, they always thought that they were strong enough, although they were not enough to face Qin Yuan.

However, when they faced a true expert, they were still beaten up.

“Suppress him with firepower. The captain should be nearby. I believe he can make it here.”

What Leng Feng could do now was to stall as long as possible until Qin Yuan arrived.

Because he knew very well in his heart that just the few of them were not a match for this person in front of him at all.

Therefore, he placed his hopes on Qin Yuan. Perhaps only Qin Yuan could defeat such an enemy.

“Yes, sir!”

“Yes, sir!”

As he spoke, everyone immediately began to suppress Shang Kun with their firepower.

“Hmph, just a little trick.”

Looking at Leng Feng and the others constantly changing positions to suppress his advance, Shang Kun’s lips curled into a faint smile.

At this moment, Shang Kun seized the opportunity.

“Now, die!”

Shang Kun raised his sniper rifle and fired a shot in Leng Feng’s direction.

Bang...

Following the sound of a gunshot, a bullet quickly flew towards Leng Feng..

Chapter 414: Fight!

“We’re finished!”

At this time, Leng Feng also had a premonition, but he could not dodge the bullet at all because it was too fast.

Leng Feng closed his eyes and waited for fate to decide.

At this moment, a bullet flew out quickly and collided with Shang Kun’s bullet in the air.

Then, he knocked away Shang Kun’s bullet.

“What?”

At this moment, Shang Kun, who was not far away, was stunned.

Hence, he immediately looked in the direction of the shot.

He saw a blurry figure rushing over.

“Team... Captain?”

Leng Feng, who had been waiting for death, slowly opened his eyes after a few seconds.

He thought that he would die here. However, he did not have time to dodge the enemy’s shot just now.

However, he was still fine. The most likely reason was that his captain, Qin Yuan, had come.

He had also heard a gunshot not far away from him.

“Hurry up and bandage yourself!”

“You guys are no match for this person. Just leave him to me!”

At this moment, Qin Yuan’s deep voice reached Leng Feng and the others’ earphones.

“Captain! ”

“Captain is here!!!”

All of a sudden, everyone heaved a sigh of relief because Qin Yuan’s arrival meant that everything was fine.

This was their Qin Yuan’s confidence. Qin Yuan also had that strength.

“Everyone, step back. This guy wants me to meet him.”

As he spoke, Qin Yuan turned on the system radar and kept approaching Shang Kun.

From the situation just now, Qin Yuan knew that the person who had come should be Shang Kun. Since he was here, he had to meet this guy properly.

“This guy’s gun technique is actually so amazing?”

At this moment, Shang Kun was shocked. He didn’t expect someone to be able to hit the bullet that flew out.

One had to know how fast the speed of a bullet was.

This made him feel a little afraid.

He was the only one here. If he got entangled with such an opponent, he might not be able to return today.

“It seems that Shang Biao died at the hands of this person.”

At this moment, Shang Kun also realized that his brother might have died at the hands of this person.

This was because he knew very well that this person's strength was very strong, and it was even possible that he could not surpass him.

"Retreat first!"

Shang Kun thought about it and made a decision.

He picked up the smoke grenade in his hand and threw it out.

Hence, he kept fleeing.

"You still want to escape?"

"You're already here. Do you think you can still escape?"

Seeing Shang Kun escape, Qin Yuan smiled.

He had thought that this person was not afraid of death, but he had escaped after one round.

Realizing that they were no match for him, the first thing they did was retreat.

"Is it possible to return alive after injuring my people?"

As he spoke, Qin Yuan also picked up his sniper rifle and fired in the direction Shang Kun had fled.

As the gunshot rang out, the bullet flew towards Shang Kun.

Puff...

As the bullet pierced through Shang Kun's chest, he spat out a mouthful of blood.

It was not that he did not want to dodge Qin Yuan's shot just now, but he could not dodge it at all, so he could only slightly adjust his posture.

Seeing that he had been shot in the chest, Shang Kun was glad that he had reacted quickly. Otherwise, the bullet would have gone straight through his heart.

"Interesting, this guy's reaction speed is worthy of being a special forces veteran."

Looking at Shang Kun's actions, Qin Yuan was also a little surprised, but he could understand.

If he didn't have such strength, he wouldn't dare to step foot here.

Hence, he quickly chased after her.

"What should we do?"

At this moment, Shang Kun also kept escaping. His mind was also constantly thinking about how to escape from Qin Yuan's pursuit.

This time, he did not expect to have such a strong opponent.

This was the first time he had encountered an opponent whom he could not defeat without even fighting.

This made him feel a serious panic. For the first time, he felt the fear of death.

After experiencing so many wars, he had never been so panicked.

“I got it!”

Shang Kun suddenly stopped and thought of something.

Therefore, he quickly skipped to Shi Sanba’s position, because this was the only way to keep him alive.

“This guy!!!”

Seeing Shang Kun suddenly stop and run in the direction of Shi Sanba, Qin

Yuan had a bad feeling.

As he spoke, Qin Yuan quickened his pace.

“It seems that this has always been your weakness!”

“I won’t die today!”

Seeing Qin Yuan running in this direction, Shang Kun knew that he would not die today.

Shi Sanba was within his sniping range. He had to use this gap to fight for his own survival.

Bang...

Shang Kun raised his sniper rifle and fired in Shi Sanba’s direction.

* Ck..”

As he spoke, Qin Yuan’s attention had to shift to Shi Sanba.

Therefore, he picked up his gun and fired to stop the bullet.

Seeing that his plan had succeeded, Shang Kun quickly jumped off the cliff because there was a big river below.

“I’ll let you live for a while!”

Seeing Shang Kun jump off the cliff, Qin Yuan stopped in his tracks because they had already reached the border.

Therefore, it could only end here.

Soon, Qin Yuan also walked in the direction of Shi Sanba.

“‘I’m... captain, I’ve embarrassed you.”

Shi Sanba said embarrassedly when he saw Qin Yuan.

They had always thought that they were strong enough, but who knew that this battle would directly cause all of them to be completely defeated?

It was his first time experiencing such a real battle, and he had already encountered such an opponent.

Only now did they know that there was always someone better than them. “Don’t talk. It’s fine. Let’s bandage the wound first.”

As he spoke, Qin Yuan took out a silver needle and stopped the bleeding for Shi Sanba. Then, he tore off a piece of clothing and bandaged Shi Sanba.

“Captain, don’t worry. We’ll definitely strengthen our training this time.” Shi Sanba said confidently.

“War is not as simple as you think. This is the reason I brought you here.” Qin Yuan did not say anything else. This was the result he wanted.

This was because he needed the Battle Wolf to understand what war was.

A few minutes later, Leng Feng’s team also rushed over.

“Captain!”

“Captain! We are indeed no match for him.”

At this moment, Leng Feng walked up and said with a bitter face.

Everyone’s expression was not any better.

If Qin Yuan had not arrived last, they might have all died here.

“Now you know why you have to train non-stop, right?”

“Because strength isn’t just talk; it’s developed through continuous real-world combat.”

At this moment, Qin Yuan said to everyone indifferently. Through this experience, they could clearly understand the gap between them and the experts. “Leng Feng!”

“Here!”

“Take the team back to the command center to treat their wounds! Your team will rest for the time being.”

As he spoke, Qin Yuan directly gave the order. He would summarize these things with these guys after this training was over.

“Yes, sir!”

Leng Feng replied loudly.

Both Shi Sanba and himself had been shot, so they couldn’t continue the training.

Seeing that Qin Yuan did not blame them, everyone heaved a sigh of relief.

However, after this time, they also knew the gap between them and others.

Therefore, if they wanted to become stronger, they knew that there was still a long way to go.

With that, Leng Feng led his team to the opposite direction of the command center.

Qin Yuan also returned to the position where Shang Kun had jumped off the cliff.

“Your strength is not bad. I didn’t expect you to be able to escape.”

“Then I’ll let you live a little longer!”

Looking down the cliff, Qin Yuan sighed softly. He had indeed been a little careless just now and had not considered Shi Sanba’s situation.

Otherwise, Shang Kun would not be able to escape today.

Qin Yuan was not in a hurry because he would destroy this organization in one fell swoop. He was just letting Shang Kun live for a while longer..

Chapter 415: Reputation Is Built Through Fighting

Qin Yuan looked at the river at the bottom of the cliff and fell into deep thought.

A few minutes later, Qin Yuan turned around and continued to sneak into the dense forest.

He needed to go over and take a look at the situation of the other teams.

Qin Yuan believed that after this experience, these guys from Battle wolf would be deeply aware of their own problems.

Real combat was always the only standard to test one’s strength.

In the command center.

At this time, Leng Feng had returned with his team.

“Leng Feng? What happened to you guys just now?”

Zhou Qing asked when he saw Leng Feng injured.

“We encountered a powerful enemy, but they were all taken care of by the captain.”

As he spoke, Leng Feng told Zhou Qing what had just happened.

“It seems like these guys are related to the people we carried out the last mission.”

“You said they were looking for something?”

After listening to Leng Feng’s report, Zhou Qing asked curiously.

Because what could there be in this place that would make these organizations mobilize so many people?

Moreover, they actually dared to step into this place.

“Yes, Instructor Zhou.”

“At the beginning, we discovered that they had been wandering outside the area and had never entered.”

“Later on, that person must have discovered us and attacked us.”

As he spoke, Leng Feng was a little curious as to why these people would come here in such a large number.

“Discovered you guys?”

“Do you mean that all of your injuries were caused by one person?”

Hearing Leng Feng’s words, Zhou Qing was surprised.

He was very clear about Battle wolf’s current strength.

To be able to discover Leng Feng and the others who were hiding and injure them, it could be seen how strong this person is.

“He is very strong. We are not his match at all.”

“It can be said that other than the two captains, we have never seen such a powerful expert.”

“I’m sure that this person is from the special forces!”

“Many of his tactical moves are special operations moves.”

Now that he thought about the time when he was shooting at that person, Leng Feng was still a little shocked.

“It seems that the captain knows who that is.”

“Oh right. Captain didn’t come back with you?”

Seeing that Qin Yuan did not return, Zhou Qing immediately asked. “Not yet. The captain is still there. He should have gone to check on the other teams.”

“Fortunately, Captain is here. Otherwise, we wouldn’t have been able to come back.”

“Yes, Captain’s marksmanship is simply godly.”

They might have witnessed the entire situation just now.

Their captain’s marksmanship had reached the acme of perfection. It was the first time they had seen someone shoot a bullet that had already been fired. It was from the battle just now that they had seen what it meant to be a battle between experts.

If Qin Yuan had not been wary of them, that person might have died under Qin Yuan’s gun.

“Alright, go to the infirmary to bandage your wounds and rest well.”

“This month of training will soon be over. We’ll wait for them here.”

Seeing that Leng Feng and the others ‘wounds had only been treated briefly, Zhou Qing immediately said to everyone.

“Yes, sir!”

“Yes, sir! Instructor Zhou!”

With that, Leng Feng led his team out of the command center.

“Everyone must pay attention to the physical condition of all the team members at all times.”

After Leng Feng and the others left, Zhou Qing immediately said to the people in the command center.

The people that Leng Feng and the others met this time should be from that organization, and Qin Yuan might know about these people.

Now, they could only wait for Qin Yuan to return before they knew what to do next.

Whether or not to report such a matter depended on what Qin Yuan said.

“Yes, sir!”

“Yes, sir!”

Everyone in the command center responded loudly and then began to get busy again.

In the office of the chief of the Southeast Military Region.

At this moment, Long Xiaoyun was coming here with the box that she had seized with Qin Yuan.

“Do you mean that these people actually want to enter through the minefield?”

Hearing Long Xiaoyun’s report, Gao Shiwei was a little surprised. He knew about the minefield.

It was precisely because that place was a minefield that they did not clear it out.

On the contrary, many more people went in. Because this was the natural defense barrier, they did not hesitate to leave this minefield behind.

He did not expect that these people would take the risk to enter through that minefield for the sake of benefits.

“Yes, Chief!”

“And we found out that they were in cahoots with the criminals from the previous case.”

“After they came in, they were killed by Qin Yuan and me. These were taken from them.”

“It seems that this is their mission.”

Long Xiaoyun looked at the box beside him and said.

“Poison?”

“It seems that there is a large scale behind these people.”

Looking at the things in the box, Gao Shiwei was very angry.

Wasn’t it obvious that he wanted to bring these things to China to harm the Chinese?

“Chief, that’s why I’m not here just to report this matter.”

“Also, we want to take Battle wolf out on a mission to uproot this organization..”

Chapter 416: Reputation Is Built Through Fighting

This was what Long Xiaoyun had discussed with Qin Yuan before coming.

After all, the people from the organization were in the no-man’s land. If they wanted to go out, they had to get permission from their superiors. “This is what Qin Yuan wants, right?”

“Why does he always make you come over to get permission?”

After hearing Long Xiaoyun’s words, Gao Shiwei knew what Long Xiaoyun and the others wanted to do this time.

However, he was still a little worried since Battle wolf had just been established.

If they were too hasty, the members of Battle wolf might not be able to adapt.

After all, if they really went out, it would be actual combat.

“I’ll think about it first.”

“You go back first. Oh right. Have the border guards strengthen their defenses.”

Given the current situation, Gao Shiwei couldn’t agree to Long Xiaoyun’s request right away.

After all, he could only give Long Xiaoyun an answer after careful consideration.

“Yes, sir!”

After saying that, Long Xiaoyun left.

He knew that as the commander of the military region, he would have to consider a lot of things if he sent Battle wolf to carry out such a mission.

“Guards!”

After Long Xiaoyun left, Gao Shiwei called the guards over.

“Here!”

“Go and make the arrangements. I’m going to G City!”

G City was the closest to the border area. Usually, G City would know something about any situation.

Since he wanted to uproot them, he had to be prepared.

“Yes, sir!”

After saying that, the guard immediately left.

Half an hour later, Gao Shiwei boarded the plane and set foot in the direction of G City.

“Geng Hu, hurry up and eat.”

In the dense forest, Zheng Xiaohu’s team had been hiding here for a very long time.

Now that they had finished all the dry food they could eat, they could only eat the rat meat and snake meat raw.

"I just ate it. Platoon leader, don't treat me as an injured person anymore." As he spoke, Geng Hu smiled in relief.

"By the way, platoon leader, what do you think these guys are doing? They've been pacing back and forth a few times."

"And it's especially active today. There's a group of people looking for something almost every ten minutes."

At this moment, Geng Hu asked in puzzlement.

They had been hiding here for a long time. Because these people had not stepped into this area, they did not act rashly.

But today's situation made them a little surprised.

"I'm not sure, but we have to pay attention at all times."

In fact, Zheng Xiaohu felt that today was especially strange because the people from these organizations were very nervous.

It seemed that what they were looking for was very important.

"Yes, sir!"

"I wonder where the captain is. Should we inform the captain first?"

Geng Hu felt that the situation today was not quite right. He immediately asked Zheng Xiaohu, who was beside him.

"No need!"

At this moment, a figure appeared behind them silently.

"Captain?"

"Captain! "

Seeing the familiar figure, everyone was delighted. "Captain, why are you here?"

Zheng Xiaohu asked curiously when he saw Qin Yuan. "I've always been here. It's just that you didn't notice me." Seeing Zheng Xiaohu ask excitedly, Qin Yuan smiled.

"That's true. With your strength, it's impossible for us to discover you."

That was the truth. With Qin Yuan's strength, it was easy for him not to be discovered by them.

"Right, captain, there have been quite a number of people wandering outside the area these past two days."

"It looks like they are looking for something."

“Especially today, they seem to be more frequent. They even went into the river to salvage something.”

After seeing Qin Yuan, everyone seemed to have a backbone. For a moment, everyone’s fatigue disappeared.

“I’m fine! Go back to the command center and wait for orders.”

Looking at the direction Zheng Xiaohu and the others were pointing in, Qin Yuan knew that these people should be looking for Shang Kun now.

That fellow had jumped into the river and fled after suffering such heavy injuries. It seemed that these guys had yet to find him.

However, Qin Yuan knew that he had to start preparing for everything.

Shang Kun would not die so easily. Moreover, he would probably make other moves next.

Therefore, Qin Yuan had to let the members of Battle wolf go back and rest.

If Long Xiaoyun’s mission application was successful, then Battle wolf would have to eliminate all these organizations.

As long as such an organization existed in this world, it would be a disaster for the world.

“Go back? Captain, didn’t you tell us to stay in this area for a month?”

“Why are you suddenly asking us to go back?”

After hearing Qin Yuan’s words, Geng Hu walked forward and asked curiously.

“This mission has changed at midnight, but it will be even more exciting. You guys go back first.”

Qin Yuan did not explain. Battle wolf and the others had been exhausted these few days. It was better for them to go back and rest first.

“This...”

For a moment, Zheng Xiaohu and the others were a little stunned. The mission had changed? Moreover, Qin Yuan looked very serious.

“Xiaohu, bring them back first.”

Seeing that Geng Hu and the others had not reacted, Qin Yuan ordered.

After saying that, Zheng Xiaohu immediately led Geng Hu and the others back. Although they did not know what the temporary mission Qin Yuan was talking about was, they knew that Qin Yuan should be making a big move next.

After Zheng Xiaohu and the others left, Qin Yuan immediately informed the various teams to return to the command center.

“Why are you all back?”

Zhou Qing asked in surprise when he saw that the members of Battle wolf had returned.

“Captain asked us to come back. He said that he had to change the mission at the last minute.”

At this moment, Zheng Xiaohu walked forward and said. Looking at Zhou Qing, he did not seem to know what Qin Yuan was planning to do.

“Captain Qin? Is he not back yet?”

Seeing this situation, Zhou Qing was puzzled, but he knew that Qin Yuan must have a motive for doing this.

“Not yet. Captain told us to come back and rest first. We’ll know when he comes back.”

“Alright, Xiaohu, you take the team down to rest.”

“Then let’s wait for Captain Qin to come back.”

“Right! Remember to boil some ginger soup. It has been raining heavily for the past few days. You have to warm your bodies first.”

Since Qin Yuan had asked the members of Battle wolf to come back, they would know everything when Qin Yuan returned.

“Yes, sir!”

After that, Zheng Xiaohu and the others followed Zhou Qing’s instructions and made the arrangements.

At this moment, Long Xiaoyun received the mission order and rushed straight to Qin Yuan and the others.

Qin Yuan, on the other hand, returned to the command center after patrolling the area a few times.

“Captain Qin, what are you planning to do next?”

When Zhou Qing saw Qin Yuan return, he immediately voiced out the doubts in his heart.

“Captain Long and I found some people from the organization with poison in the 325 minefield.”

“It seems like they want to sneak into our rear with the poison.”

Seeing Zhou Qing’s puzzled expression, Qin Yuan directly told Zhou Qing what had happened to him and Long Xiaoyun. “Poison?”

“You mean, they are scouting the way?”

After hearing Qin Yuan’s words, Zhou Qing thought of something.

“Yes, and this time it’s only 50 kilograms. In addition, these guys belong to the same organization as the previous criminals.”

“The organization behind them is not small.”

Qin Yuan knew that even someone with Shang Kun's strength was only the leader on the surface. One could imagine that the person behind this was not simple.

"You asked these fellows from Battle wolf to come back and rest. Could it be that you want to..."

At this moment, Zhou Qing realized Qin Yuan's purpose in letting Battle wolf's people come back to rest.

"That's right. This way, we can train their actual combat ability!"

Seeing that Zhou Qing wanted to say something but hesitated, Qin Yuan said with a smile.

"But...Would the higher-ups let us carry out this mission?"

Zhou Qing knew that this was not a small mission. Battle wolf had not been established for long, so they had very little actual combat experience.

They just didn't know if the Bureau Chief would agree to let Battle wolf carry out this mission.

"Don't worry, although Battle wolf hasn't been established for long, reputation needs to be built. The Bureau Chief knows this.."

Chapter 417: Sudden Situation, The Flood Is Here!

"Alright then!"

Hearing Qin Yuan's words, Zhou Qing did not say anything else. "Captain Qin, let's eat something first. The food is ready!"

"Alright!"

Qin Yuan nodded.

Now, it was up to Long Xiaoyun to complete the mission.

At the dining table, Zhou Qing had been talking to Qin Yuan about Battle wolf.

At this moment, it was raining heavily outside the command center.

The amount of rain during this period of time was really too much.

"There has been a lot of rain these past few days. If this continues, I'm really worried that there will be a flood."

Looking at the heavy rain outside, a hint of worry flashed across Qin Yuan's face.

"Yes, it's expected to be a rainstorm in the next few days."

Zhou Qing frowned when he heard Qin Yuan's sudden words. At this moment, the phone in the command center suddenly rang.

"What?"

"I understand. We'll rush over immediately!"

After Zhou Qing picked up the phone, he looked nervous.

“What’s wrong?”

Seeing Zhou Qing’s expression, Qin Yuan asked in confusion. It seemed that something had happened.

“A village more than 20 kilometers away from our location suddenly flooded.

The higher-ups asked us to rush over to provide support immediately!” At this moment, Zhou Qing immediately explained. Qin Yuan was right.

Whatever he was afraid of came true.

“A flood? How is the village now? Is there anyone injured?”

After hearing Zhou Qing’s words, Qin Yuan’s expression did not look too good. He was just worried that a flood would happen in such a situation, and now it really happened.

“I don’t know the details yet. I just received a call for help from the village director. ”

“The higher-ups have ordered us, Battle wolf, to immediately provide reinforcements! The rest of the troops would immediately rush to the rescue.”

Zhou Qing wasn’t too sure about the current situation because he didn’t say much over the phone.

“Immediately inform all members of Battle wolf to gather!” “We have to hurry over as soon as possible. Time is life!”

Qin Yuan immediately said to Zhou Qing.

“Sir”

After saying that, Zhou Qing immediately left.

After two minutes, all the members of Battle wolf should have gathered.

“Everyone, get in the car immediately. The destination is a village more than 20 kilometers away from us.”

“There was a sudden flood there. We have to go and rescue them immediately.” “We have to get there as fast as possible. Time is life!”

After everyone gathered, Qin Yuan told them the purpose of this gathering.

“What is it? A flood?”

For a moment, all the members of Battle wolf were nervous. It had been raining heavily for the past few days, but they did not expect a flood.

“Team 1, all of you prepare flood control equipment immediately. Go to the flood area immediately and try your best to stop the flood and find a way to release it.”

“Yes, sir!”

“Yes, sir!”

“Xiao Hu, this time, you will lead team 1. Remember, you must pay attention to your safety.”

“Also, I want to remind you that you must ensure the safety of the people.” “We must ensure their safety, even if it means death because this is our duty.”

In the heavy rain, Qin Yuan began to assign tasks. This time, the situation was sudden, and they did not have much time to make any preparations.

“Don’t worry, Captain!”

“We will definitely complete the mission. We will live up to our military uniforms!”

“Unless all of us die, we won’t let anything happen to the villagers!”

After receiving Qin Yuan’s order, Zheng Xiaohu immediately promised, because soldiers had to protect the lives of the people.

After saying that, Zheng Xiaohu immediately led his team members into the car and quickly drove towards their destination.

“Team 2, follow me and Instructor Zhou immediately. We’re leaving now!” After the members of team 1 left, Qin Yuan immediately said to the members of team 2.

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan immediately got into the car and led the members of the second team to the scene of the incident.

At this moment, hundreds of villagers were trapped on a small hill that was less than 200 square meters.

The surroundings were completely covered by the flood.

The flood was like a ferocious beast, constantly rushing down from the upper reaches.

As some huge trees and sand continuously impacted the small hill they were on.

As the flood grew bigger and bigger, the small hill they were on could collapse at any time.

If there was no rescue, such a huge flood could drown the small hill at any time.

If that was the case, they could be washed away by the flood at any time.

At this moment, the faces of the men, women, and children on the hill were filled with fear and unease.

Their eyes were filled with despair and helplessness. At this moment, they felt the insignificance of humans in the face of such a disaster.

Now that the flood was about to inundate the hill they were on, they might only be able to wait for death here if they didn’t get help.

The flood was too big. They had no way of swimming over at all. As long as they entered the water, they would be washed away by the flood.

On the mountain 100 meters away, dozens of people were stomping their feet anxiously because they had never gone over to rescue them.

When the flood came, they reacted quickly and escaped, but many people were still trapped inside.

“Village chief, didn’t you say that you’ve already informed the leaders? Why hasn’t the rescue arrived yet?”

Chapter 418: Sudden Situation, The Flood Is Here!

“If they were any later, they might have been washed away by the flood!”

“Yes, Village Chief. Please inform the soldiers of the People’s Liberation Army and ask them to send reinforcements. My husband and children are still inside.

I beg you...”

At this moment, a woman grabbed the village chief’s arm and cried.

“Village chief, our families are still inside. Quickly think of a way to save them!” For a moment, the villagers who had escaped pleaded.

Many of the people who escaped had gone out to work. When they came back, there was a flood, so they didn’t have time to save anyone.

At this moment, everyone was trembling and their faces were bruised.

Now, they could only pray that someone would come and save them.

Seeing this situation, the village chief immediately comforted everyone and said,

“Don’t worry, the country won’t abandon us. Someone will definitely come to save us. Everyone, calm down!”

“We must believe in our country!”

At this moment, Qin Yuan’s military vehicle drove into the scene of the incident.

“Everyone, look! That’s a military vehicle! It’s a military vehicle of the People’s Liberation Army!”

At this moment, a sharp-eyed villager saw Qin Yuan’s military vehicle and shouted excitedly.

“Yes, it’s a military vehicle. It’s our People’s Liberation Army. The comrades of the People’s Liberation Army have come to save us!”

“Yeah, our family is saved!”

“Comrades of the People’s Liberation Army, we are here!!! Here!”

At this moment, the villagers who had escaped waved their hands and ran towards Qin Yuan and the others.

After the car stopped, Qin Yuan and the others quickly got out of the car.

“Comrades of the People’s Liberation Army, you...You’re finally here. That’s great, that’s great.”

“Our villagers are saved!”

At this moment, the village chief immediately ran up to hold Qin Yuan’s hand and said excitedly. He was crying out loud.

“Fellow villager, don’t worry. We will definitely save all the villagers.”

“Please believe in the People’s Liberation Army! Reinforcements are on the way and will arrive soon. Don’t worry!”

Seeing this scene, Qin Yuan’s heart clenched. This kind of natural disaster was too heartless.

“Good! Good! We believe in you!”

After hearing Qin Yuan’s words, the village chief said very gratified because they always believed that the country would not abandon them, and neither would the People’s Liberation Army.

“Other than the villagers on the opposite slope, is there anyone else inside?”

At this moment, Qin Yuan immediately asked. As soon as he turned on the radar system, he discovered that there were hundreds of villagers trapped on the opposite hill.

“Yes, and I’m not sure how many there are.”

“It’s possible. They might have all been washed away by the flood!” As he spoke, the village chief choked up, and his eyes were red.

“Alright, we understand. You guys go to the back and rest first. Leave the rest to us. Don’t worry, we’ll definitely think of a way to save everyone.”

At this moment, Qin Yuan was comforting the surrounding villagers.

After Qin Yuan finished speaking, he said to the members of team 2,

“Is everything ready?”

“Alright!”

At this moment, the members of Team 2 responded.

“Captain, the current situation of the flood is too big. We have no way to go over. In addition, there are many obstacles in the flood.”

At this moment, He Chenguang said to Qin Yuan. This situation made it difficult for them.

Qin Yuan glanced at the flood and frowned.

The flood was indeed too big. Even he would have some trouble crossing such a rapid flood, let alone the soldiers.

But even if he could go over, it would be difficult for him to save everyone safely by himself.

At this moment, Qin Yuan deeply realized that humans were really insignificant in front of nature.

“That’s right! Captain, going down isn’t a solution. The motorboat can’t go over either. According to the flood, it will only take an hour at most before the small hill opposite will be submerged.”

At this moment, Wang Yanbing, who was standing at the side, started to analyze the situation.

“Bring me four ropes, now!!

As he spoke, Qin Yuan immediately instructed. There was really nothing he could do in this situation.

There was no time to delay for too long. Even if he died, he had to ensure the safety of the villagers.

Therefore, he had to go over now and secure the rope.

“Captain! ”

“Why don’t I go over?”

At this moment, He Chenguang immediately walked forward and said.

“Alright, you guys wait here. I’ll go over and fix the rope first.”

“No matter what, we have to bring the villagers here safely!”

Qin Yuan did not waste his breath. He knew that no one could pass through this place except him.

As he spoke, Qin Yuan took the rope and tied it around his waist. Then, he threw himself into the water.

“Captain, be careful!”

On the shore, seeing Qin Yuan directly dive into the water, everyone in Battle wolf became nervous. The flood was too fast.

“Comrade of the People’s Liberation Army, you must be careful!”

At this moment, the hundreds of trapped villagers noticed this scene, and their eyes turned red.

After Qin Yuan dived into the water, he was washed far away by the flood because there was no point of contact in the water.

Qin Yuan could only rely on his swimming skills to swim towards the opposite side.

At this moment, a huge tree was washed down by the flood and hit Qin Yuan’s body.

“Captain!”

“Captain! ”

For a moment, the team members on the shore saw Qin Yuan being knocked into the water. Their expressions changed drastically, and they shouted nervously.

After more than ten seconds, Qin Yuan's head emerged from the water again.

He had no time to dodge just now. The rope was still wrapped around his waist, so the giant wood had crashed into his arm.

Looking closely, Qin Yuan's arm had been cut open, and blood kept flowing out.

"Don't worry, I'm fine!"

At this moment, Qin Yuan was comforting the people on the shore, so he quickly swam toward the trapped villagers.

Twenty minutes later, Qin Yuan finally swam to the other side. Then, he tied the rope to a big tree on the other side.

"Attention everyone. Time is life!"

At this moment, Qin Yuan said to all the members of Battle Wolf. Time was tight. They had to quickly bring these villagers to the other side safely.

If they were any later, they would really be too late.

"Yes, sir!"

"Yes, sir!"

Seeing that Qin Yuan had safely reached the other side, everyone was relieved. Then, they quickly slid over the rope.

"Comrade of the People's Liberation Army, thank you. Thank you for coming to save us!"

At this moment, the trapped villagers surrounded Qin Yuan. "Don't worry, we'll definitely bring everyone there safely."

"Everyone, don't panic!"

"Now, everyone get ready. My comrades will be coming over in a while."

At this moment, Qin Yuan immediately said to everyone.

"Good, good, good!"

All of a sudden, all the villagers applauded excitedly.

Perhaps it was his trust in Qin Yuan and the People's Liberation Army.

Although everyone looked panicked, they believed that Qin Yuan would save them all.

At this moment, everyone from Battle wolf slid over through the ropes and began to bring the villagers back one by one.

"Captain! Your injuries!"

At this moment, He Chenguang, who was at the side, realized that Qin Yuan's arm had been cut open and was still bleeding.

For a moment, she asked about Qin Yuan's situation worriedly.

"I'm fine. Hurry up and send the villagers over safely."

"We have to be fast. The flood will soon drown this place."

After hearing He Chenguang's words, Qin Yuan immediately said. He did not have time to treat his wounds at all. Time was too tight. If he dragged on, it would be very dangerous.

"Yes, sir! I know!"

After hearing Qin Yuan's words, He Chenguang could only suppress his worry and immediately lead the villagers away from the small hill..

Chapter 419: This Is Our Mission!

At this moment, the flood was getting more and more intense as it continued to hit the mud layer of the small hill. At this speed, the small hill would only last for 20 minutes at most before it was submerged.

Therefore, time was running out. Every second that they dragged on would mean more danger.

"Everyone, let the elderly and children go first. Don't panic, don't be afraid, everyone go in an orderly manner."

"Please believe us. We will ensure everyone's safety."

Looking at the villagers who were huddled together, Qin Yuan shouted loudly. At this moment, he had to control the villagers 'panic.

"Everyone, listen to me. Don't be anxious. We have to believe in our comrades from the People's Liberation Army."

"They took the risk to save us, so we can't cause trouble for them."

At this moment, a young man in the crowd shouted at all the villagers.

Because of the panic, everyone was in a mess. This had already created some trouble for Qin Yuan and the others.

"Alright, alright. We will follow the instructions of the people's Liberation Army. Everyone, go over in an orderly manner. Let the elderly and children go over first."

Some of the villagers chimed in. They knew that it was very dangerous and wanted to live.

But who didn't have an old man and a child? For a moment, everyone fell silent. Then, according to Qin Yuan's request, the members of Battle wolf sent them to a safe place one by one.

As time passed, Qin Yuan's radar warning began to flash red.

Qin Yuan used the radar to scan the small hill. At this rate, the small hill could not hold on for long and could collapse at any time.

“Quick, speed up.”

At this moment, Qin Yuan frowned because there were still a few villagers who had not been escorted over.

However, this small hill felt like it could not hold on any longer.

“He Chenguang, Wang Yanbing, hurry up and bring the villagers over!!” At this moment, Qin Yuan shouted loudly.

This was because the small hill was about to collapse. It would only take a minute at most.

It would be too late if they went over one by one.

“Captain! Bring the villagers over first. You’re injured, I’ll bring up the rear!”

At this moment, He Chenguang noticed that the small hill under their feet would soon collapse.

“Cut the crap and hurry over. I’m fine!”

“This is an order!”

After hearing He Chenguang’s words, Qin Yuan knew what He Chenguang was thinking and immediately ordered angrily.

“Yes, sir!”

Looking at Qin Yuan’s expression, He Chenguang could only helplessly slide over with the remaining villagers.

Just as He Chenguang and the others reached the other side.

The entire hill collapsed in an instant and was soon submerged by the flood.

Qin Yuan was swept into the flood.

“Captain! ”

“Captain! ”

For a moment, when the entire Battle wolf saw this scene, their hearts turned cold. Each and every one of them was anxious to the point of their throats as they continuously shouted.

“Comrade of the People’s Liberation Army!!!”

At this moment, the villagers who were rescued shouted with red eyes.

They didn’t expect that this comrade of the People’s Liberation Army would be washed away by the flood just like that in order to save them and buy them time.

Everyone on the shore had tears in their eyes.

“Everyone, leave three people behind to look for the captain with me. The rest of you, immediately send the villagers to a safe place.”

At this moment, Leng Feng stepped forward and said to the Battle wolf members.

At this time, the captain was not around, so they could not panic. According to the surging flood, they would be submerged very quickly, and there might even be a landslide.

Now, they could only hope that Qin Yuan would be fine because they knew that Qin Yuan would not be conquered by the flood so easily.

“Comrade of the People’s Liberation Army, let us search together. We still have the strength!”

At this moment, a few teenagers who had just been rescued walked up to Leng Feng with red eyes.

“It’s fine. Don’t worry. We’ll find a way to find our captain.”

“Now, hurry up and evacuate to a safe place!”

“Don’t worry, our mission is to protect the lives and property of the people.”

“Retreat! It’s not safe here!”

Leng Feng said immediately.

“Everyone, follow us and retreat! Hurry up!”

At this moment, He Chenguang and Leng Feng exchanged glances and He Chenguang said to everyone.

“Brothers, take the villagers and evacuate first. Leave the captain to Leng Feng and the others!”

“Don’t worry, Captain will be fine.” He Chenguang said to the Battle wolf.

“Yes, sir!”

“Yes, sir!”

After hearing this, Wang Yanbing, Li Erniu, and the others could only carry some of the villagers who were unable to move and evacuate to a safe place with red eyes.

Their mission was to ensure the safety of the villagers.

At this moment, Qin Yuan was swept far away by the flood. Accompanied by the collision of some giant trees and boulders, Qin Yuan had more than ten wounds on his body.

“This impact is too terrifying.”

If not for his strong physical fitness, Qin Yuan might have been torn apart by the flood.

Under such a huge impact, ordinary people would not be able to survive at all.

Qin Yuan desperately activated his various skills and constantly struggled in the flood. Using some floating objects, Qin Yuan kept surging towards the shore..

Chapter 420: This Is An Order!

“Captain!”

“Captain!”

After He Chenguang and the others evacuated with the villagers, Leng Feng brought Shi Sanba and the other two along the direction of the flood to search for Qin Yuan.

“Leng Feng, do you think Captain will...”

After searching for about 20 minutes, he still did not see Qin Yuan. Shi Sanba had a bad feeling.

“No! Captain wouldn’t be sacrificed so easily!”

“He’s so powerful. How can he not be able to withstand the impact of this flood?”

“Hurry up and find it, quickly! There was a possibility of a landslide happening here very soon!”

Leng Feng’s eyes were red. He didn’t believe what Shi Sanba said.

However, he knew that very few could survive such a terrifying impact.

However, he felt that Qin Yuan was definitely fine.

“Yes, sir!”

“Yes, sir!”

After saying that, the few of them quickly started searching. Because they were in a hurry, they had to find Qin Yuan as quickly as possible.

Even if it was a corpse, they had to find it. Otherwise, it would be troublesome if the mountain collapsed later.

At this moment, Qin Yuan had already been washed a few hundred meters downstream. At this time, his body had already been hit by countless wounds, some deep and some shallow.

At this moment, Qin Yuan suddenly realized that not far ahead, there was a large rock standing in the middle of the flood. It was at most ten meters away from the shore.

After being washed away by the flood, he couldn’t find any foothold and therefore had no ability to exert force.

“Now!”

After saying that, Qin Yuan directly hit the stone along the driftwood. He used the driftwood to jump onto the stone and used the force to jump to the shore.

Bang...

With a roll, Qin Yuan directly rolled to the shore. At this moment, even though he had a strong body, he felt a little exhausted.

Looking at the wounds on his body, large and small, and some of them even had white bones, Qin Yuan could not help but sigh at the terrifying power of nature.

Qin Yuan lay down with difficulty and found a rock to sit down on.

He exchanged for a bottle of Physique Strengthening Liquid from the system store and consumed it. Right now, he could be said to be covered in wounds.

“Captain! ”

“Captain! ”

At this moment, Leng Feng and the others were constantly looking for Qin Yuan.

“Stop looking, I’m here!”

Hearing Leng Feng’s shout, Qin Yuan replied loudly.

“Captain?”

“It’s the captain’s voice!”

After hearing Qin Yuan’s voice, Leng Feng quivered, so he quickly ran in Qin Yuan’s direction!

“Captain! ” “You’re alive!”

“Cough. Cough..

“Do you still wish for me to die?”

“Hurry up and let go of me. It hurts so much!”

At this moment, Leng Feng heaved a sigh of relief. He calmed himself down and realized that Qin Yuan’s body was covered in wounds of all sizes. It was a shocking sight.

“Captain! you. How did you get so badly injured?!”

‘Yes. Sorry, I was too excited just now and didn’t notice.”

At this moment, Leng Feng felt a little awkward. He had been too excited just now and did not notice that Qin Yuan’s body was covered in wounds. “Alright, this injury is nothing. Have the villagers been brought out safely?” At this moment, Qin Yuan asked worriedly.

“Chenguang and the others have already brought the villagers out.”

“Then, Shi Sanba and I came to look for you. I knew that Captain was lucky and wouldn’t die!”

Leng Feng explained.

“You really want me to die? You keep talking about death!”

After hearing Leng Feng’s words, Qin Yuan said helplessly. If not for his strong physical fitness, he might have really died.

“Captain! That’s not what I meant!”

Hearing Qin Yuan’s words, Leng Feng shook his head and explained.

“Alright, let’s go back first. I don’t know what’s going on with Team 1.”

“We have to think of a way to discharge this flood. Otherwise, it will be even more dangerous!”

Qin Yuan knew that according to the amount of rain, it would only be more intense in the next two days.

If they could not divert the flood, more places would suffer.

“Yes, sir! Captain, I’ll carry you back!”

Seeing that Qin Yuan’s body was covered in wounds, Leng Feng immediately said worriedly.

“No need, I can still walk!”

With that, Qin Yuan stood up and walked towards the safe zone.

“Will Captain be alright?”

“Yes, let’s go in and search together. No matter what, we must find the captain! ”

“Yes, let’s go together!”

At this moment, the Battle wolf members, who had already led the villagers to the safe zone, spoke worriedly. “Since the villagers are safe, let’s go find the captain!”

Wang Yanbing said to He Chenguang.

Just now, in order to protect the villagers and evacuate safely, they could not find Qin Yuan.

Now that the villagers had safely evacuated, they could go and find their captain!

“Let’s go!”

He Chenguang did not say much. In any case, he just wanted to find Qin Yuan.

He did not believe that his captain would be drowned by the flood just like that.

As he spoke, He Chenguang and Wang Yanbing were prepared to run in the direction where Qin Yuan had been washed away by the flood. Behind them were all the members of Team 2.

“What are you doing?”

“Stop right there!”

At this time, Zhou Qing came out after dealing with the villagers and noticed

“Instructor Zhou, let’s go find the captain first!”

After hearing Zhou Qing’s words, everyone stopped.

“Yes, I am! Captain will definitely be fine. We’ll go and find him now!”

All of the team members shouted.

“Stop! This is an order!”

“I know that Captain Qin’s life and death are unknown, but you have a more important mission now! ”

“Look in that direction. The members of Team 1 are all guarding there.” “If we can’t protect that place, more people will suffer!”

“I know you guys are worried about Captain Qin. To be honest, I’m more worried than you guys because I met him earlier than you guys!”

“But now, you have to know what your mission is!”

“Everyone. Support the members of team 1 with me!”

“Teammate Qin will be fine. Even if something really happens, this is our mission and responsibility!”

“What we have to do is not let him down!”

At this moment, Zhou Qing said to all the members of Battle wolf with red eyes.

When he found out that Qin Yuan had been washed away by the flood at the last moment, his heart turned cold.

However, as soldiers, they had more important missions!

Although the villagers had been rescued, the flood had not been resolved!

If they didn’t divert the flood as soon as possible, all the villages there would suffer if another flood covered them!

“But...But Captain!”

“No buts! Everyone, support Team 1. This is an order!”

Just as someone in the team was about to say something, Zhou Qing interrupted them.

He knew in his heart that if all of them went to look for Qin Yuan now, perhaps Qin Yuan would still be found.

However, they had no choice. There were still more than ten villages and tens of thousands of people behind them that needed to be protected!

“Quickly execute the order!”

“Yes, sir!”

“Yes, sir!”

After saying that, everyone’s eyes turned red. They picked up their shovels and flood control equipment and immediately rushed in the direction of Team 1. “Captain Qin, I believe in you. You will definitely come back safely!”

Looking at the place where Qin Yuan was in trouble, Zhou Qing sighed with red eyes.

He had no choice. He had to do this because they were soldiers! “Call the higher-ups immediately and get all the reinforcements to speed up!!!” “We have to complete the flood discharge mission within 24 hours!” Zhou Qing ordered anxiously as soon as they returned to the temporary command tent.

Time was running out, so every second that was faster would mean one more second for the rescue!
