

Special Troop 431

Chapter 431: Precise Explosion!

After assigning tasks to everyone, Qin Yuan immediately led everyone to the small hill.

The small hill was one kilometer below the dam, and behind the hill was a huge ravine.

As long as the hill was blown up, the flood water stored in the dam could flow in this direction.

In this way, the amount of flood water would be shared by other tributaries, and the flood would be released perfectly.

More than ten minutes later, Qin Yuan and the others walked to the side of the small hill.

“In the past, I only heard my father say that the foolish old man moved mountains. I didn’t expect that we would be moving mountains now!”

Looking at the small hill in front of him, Li Erniu said with a smile. “This is the best solution at the moment!”

He Chenguang looked at the small hill and said in a deep voice. He had previously analyzed the problem of the flood discharge.

No matter which direction the flood came from, it would cause considerable damage to the village buildings and crops downstream.

Because the amount of flood water stored in the dam was too large.

However, if the small hill in front of him was flattened, it would be different.

There was a huge ravine behind the hill that led to several large tributaries. There were no villages or crops along the way.

“But this small hill is not small. The amount of work is not simple, right?”

“Even if we were to flatten it, it would take a lot of people to do it with just this wasteland and rocks.”

“How can such a project be completed without ten days to half a month?”

Wang Yanbing asked.

“This will depend on how the captain plans.”

“In this kind of weather, if there is a continuous rainstorm, the dam can only withstand it for a day at most!”

“If we don’t release the flood, the dam will collapse under the pressure of the water!”

After hearing Wang Yanbing’s words, He Chenguang sighed softly.

Although blowing up the small hill was a good choice, the amount of work could not be done in a short period of time.

“That’s right! Moreover, they were so close to the dam. If they were not careful, the aftermath of the explosion would affect the dam. That would be terrible!” At this moment, Wang Yanbing said worriedly. They were indeed too close to the dam.

From the looks of it, the mission this time was not simple.

It was not something that could be completed just because he wanted to.

“You’re right!”

For a moment, the entire team fell into deep thought.

Even Battle wolf would find it difficult to complete such a mission.

Although they could control the amount of explosives, they were not confident in such a precise thing.

“Captain Qin, although this hill isn’t big, it’s not small either!”

“We don’t have much time now, can our Battle wolf accomplish it?”

At this moment, Zhou Qing, who was beside Qin Yuan, asked worriedly. “Don’t worry. When you’re ready, just follow my instructions!”

“Since our Battle wolf has accepted the mission, we must complete it no matter what!”

Qin Yuan saw the expressions on Zhou Qing and the Battle wolf members’ faces and knew what they were thinking.

However, Qin Yuan did not panic at all. With the system’s precise calculations for him, he could use explosives to directly shatter the small hill in front of him.

As for the waste soil and broken stones, Qin Yuan could make them be washed away by the flood!

If it wasn’t for the system, he wouldn’t have dared to accept this mission.

“This?”

“Captain Qin, should we ask the new recruits who came to support us to help? Otherwise, it’s impossible for us to flatten this small hill in such a short period of time!”

Looking at Qin Yuan’s confident look, Zhou Qing was still a little worried. Because this was not something that could be done by a few people or dozens of people.

He knew that Qin Yuan was very strong, but this had nothing to do with whether he was strong or not!

No matter how strong a person was, it was impossible for him to flatten a mountain by himself, right?

This was not some cultivation world where mountains and seas could be moved with the wave of a hand.

“Don’t worry! I know what you’re worried about!”

“But when have I ever lied to you?”

At this moment, Qin Yuan immediately comforted everyone. He did not want to explain too much about this matter. After all, this was a little ridiculous and unrealistic!

“Company Commander Qin, I know you usually don’t do things that you’re not confident in, but this isn’t something that can be done so easily!”

Although Qin Yuan was very powerful and could create miracles in many things, he only needed a few dozen people from Battle wolf to solve such a large project.

No one would believe this, right?

“It’s fine. Just watch quietly!”

“By the way, is everyone ready?”

“When you’re ready, we’ll set off!”

Since he couldn’t explain it clearly, then he wouldn’t explain it. In a while, they would know if this was feasible!

“Alright then!”

“Captain Qin, we have prepared everything according to your request!”

“We’re just waiting for your arrangements now. We’ll listen to your arrangements!”

Zhou Qing saw that Qin Yuan did not look worried at all, so he could only do as

Qin Yuan said.

After all, Qin Yuan had never joked with them like this.

In that case, he would listen to Qin Yuan. Perhaps Qin Yuan could continue to create miracles.

After all, there were many such examples from Qin Yuan..

Chapter 432: Precise Explosion!

“Okay! Then let’s go up the mountain!”

At this moment, Qin Yuan immediately turned on the system radar and kept scanning the small hill.

He needed to input all the data of the small hill into the system.

The system would analyze the amount of explosives needed for each location.

This way, the explosives could be accurately used to crush this small hill. Half an hour later, Qin Yuan brought everyone to the top of the small hill.

“Here, hit 200 meters!” “Hit one every 10 meters!”

“Yes, sir!”

As soon as they reached the top of the mountain, Qin Yuan immediately ordered the members of the Battle wolf according to the system’s notification.

“Begin! ”

“Yes, sir!”

After saying that, the members of team 2 immediately began to drill according to the location marked by Qin Yuan.

Qin Yuan immediately headed to other locations and kept planting red flags according to the system’s location.

In this circle, there were hundreds of holes.

“Old Zhou, go back and report to the Bureau Chief that he has arranged for a few hundred soldiers to come over with drilling machines to help!”

“We have to hurry!”

Seeing the sky gradually darken, Qin Yuan immediately said to Zhou Qing.

Now that the location had been confirmed, the drilling speed could not keep up.

After all, it looked like it was going to rain again. Therefore, Qin Yuan had to speed up.

“Good!”

After saying that, Zhou Qing immediately walked towards the command center.

Twenty minutes later, Zhou Qing arrived with hundreds of soldiers and hundreds of drilling machines.

For a moment, the entire hill was filled with the booming sound of frames.

“Are you that confident in yourself? Even the most powerful geologists wouldn’t dare to do this.”

“After all, no one can guarantee that it will not affect the bearing capacity of the dam.”

At this time, Long Xiaoyun, who had arranged the task of guarding, came to Qin Yuan’s side to see how the situation was.

The moment she arrived, she saw such a scene!

“I’ve always been very confident in myself! As for this, you don’t have to worry.

I’ve already done a precise calculation. You’ll know the result in a while!”

Regarding Long Xiaoyun’s doubts, Qin Yuan did not need to explain too much. What he could prove now was the result.

Therefore, it was most effective to speak directly with the results!

“It looks like the storm will come soon!”

“If we can’t complete the flood discharge within 24 hours, the dam won’t be able to withstand it at all!”

Looking at the black sky, Long Xiaoyun immediately reminded him.

“I know! Have you arranged the explosives on Team One’s side?” At this moment, Qin Yuan immediately asked.

“Xiao Hu just said that everything has been prepared according to your requirements!”

“We’re waiting for your orders now!” Zhou Qing said immediately.

“Okay!”

“Immediately have Xiao Hu and the others load the explosives into the drilled holes.”

“Right, we must make sure they pay attention. Every drilling hole must be filled with explosives!”

“Also, it’s going to rain. We must make sure to prevent moisture!”

Qin Yuan immediately instructed. Now, he just had to load the explosives according to the ratio!

Then, he could just detonate it directly!

“Got it!”

After saying that, Zhou Qing immediately walked towards Team One.

“Let’s go too!”

As he spoke, Qin Yuan said to Long Xiaoyun beside him.

He had to go over and check on the loading of the explosives. After all, if something went wrong in one place, it would affect the other blasting points. This could not be careless, so Qin Yuan had to ensure that nothing went wrong.

“Good!”

After saying that, Long Xiaoyun followed Qin Yuan to the small hill.

Ten minutes later, Zhou Qing and the other members of Team One arrived at the top of the mountain.

“Captain! We are ready!”

“What should we do now?”

At this moment, Zheng Xiaohu walked to Qin Yuan’s side and said.

‘You guys fill it up according to the requirements and proportions!’ ‘You must pay attention to filling every well!’

Qin Yuan immediately said when he saw Zheng Xiaohu and the others.

‘Yes, sir! Captain, don’t worry. The instructor has already told us!’ ‘We will definitely complete the mission!’

After receiving Qin Yuan’s order, Zheng Xiaohu immediately led his team members to load the explosives according to Qin Yuan’s request.

At this moment, accompanied by a few intense thunderclaps, the sky completely darkened, and lightning kept flashing.

On the small hill, everyone was busy working.

Half an hour later, heavy rain fell, accompanied by a hurricane. The surrounding branches were shaking.

‘Report! Captain, all the missions have been completed!’

‘The explosives are all loaded! Please give me your instructions!’

At this moment, Zheng Xiaohu and the others immediately reported to Qin Yuan after loading all the explosives.

‘Good! Inform everyone to evacuate immediately!’

‘Immediately bring Battle wolf’s men to check the hill and tell everyone to retreat about a kilometer away!’

After hearing Zheng Xiaohu’s report, Qin Yuan immediately instructed.

‘Yes, sir!’

After saying that, Zheng Xiaohu led his team to patrol the small hill.

‘Go back to your alert position. Don’t let anyone get close. We’ll start bombing the mountain in half an hour!’

At this moment, Qin Yuan said to Long Xiaoyun beside him.

‘Good!’

After saying that, Long Xiaoyun immediately returned to her seat.

At this time, Qin Yuan turned on the system radar and constantly checked all the explosion points and the surrounding people.

After ensuring that there was no one left, Qin Yuan walked down the hill and returned to the vicinity of the command center.

‘Captain, this is the detonator!’

At this moment, Zheng Xiaohu walked to Qin Yuan's side and handed the remote control to Qin Yuan.

"Good!"

As he spoke, Qin Yuan took the detonator.

Then, he looked at the time.

"There are still ten minutes left. Inform the others to detonate in ten minutes."

At this moment, Qin Yuan instructed.

"Alright!"

After saying that, Zheng Xiaohu immediately retreated.

"Chief! He was ready. He just needed to detonate the explosives when the time was up!"

At this moment, Qin Yuan walked into the command center and reported to Chief Gao Shiwei.

"Qin Yuan, are you sure that the power of this explosive won't affect the dam?" After hearing Qin Yuan say that he was ready, Gao Shi asked worriedly.

After all, this was because he believed that Qin Yuan could complete the mission. After all, this was something that even a few geological experts could not guarantee would not affect!

Letting Qin Yuan do it was all because of his trust in Qin Yuan.

Therefore, it was impossible not to worry.

"Don't worry, Chief. I can guarantee that nothing will go wrong! Please believe me!"

At this moment, Qin Yuan immediately said. He knew that Chief Gao Shiwei must be very worried.

Because this was something that no one dared to guarantee.

However, this was the best way now. Moreover, Qin Yuan believed in the system's ability.

"Good! When the time comes, it will explode!"

"Now that it's raining heavily again, the flood in this dam will soon be filled up."

"Although we can release the flood directly, I hope that there will be a better way to reduce the losses."

"So it's up to you, kid!"

At this moment, Gao Shiwei took a deep breath and decided to believe Qin Yuan's words.

If Qin Yuan succeeded, then he would complete the flood discharge mission perfectly.

If it didn't succeed, then it would be the loss of another dam.

Therefore, Chief Gao hoped that Qin Yuan would succeed. This way, not only would he be able to complete the flood discharge mission, but he would be able to prevent the losses of the people downstream.

“Don’t worry, Chief! I promise to complete the mission!”

As he spoke, Qin Yuan promised very seriously. He knew that Chief Gao Shiwei had chosen to believe him, so he did not want to disappoint Chief Gao Shiwei!

“Good! Let’s go out!”

“The time is almost up. I want to see if you can really complete the explosion so accurately!”

“You have to know that this is not an ordinary difficulty!”

After thinking it through, Gao Shiwei was looking forward to whether Qin Yuan could really achieve such a precise explosion.

“Yes, sir!”

After saying that, Qin Yuan and Gao Shiwei walked out of the command center!

Chapter 433: Mission Completed!

Qin Yuan was very confident in this explosion mission.

After all, it was different to have a system’s analysis.

Qin Yuan had personally gone to check it. Now, as long as the explosives were successfully detonated, when the small hill was shattered, the floodgates could be opened.

“Attention all teams, prepare to detonate in two minutes!”

“Do not let anyone get close. Please reply if you received!”

As soon as he walked out of the door, Qin Yuan immediately instructed everyone through the walkie-talkie. “Yes, sir! Team One, copy!” “Team Two, copy!”

“Alert team, copy!”

After a while, all the teams and Long Xiaoyun answered immediately. “Good! Detonate in two minutes!”

After receiving Qin Yuan’s order, everyone immediately went to their respective posts.

“Chief, it’s time!”

Qin Yuan looked at the time on his hand and turned his head to say to Chief Gao Shiwei.

“Alright, let’s begin!”

After everything was ready, Gao Shiwei gave the order.

Now, he had given all his expectations to Qin Yuan. He hoped that Qin Yuan could create another miracle.

After all, ever since he knew Qin Yuan, Chief Wei had never seen Qin Yuan do anything he was not confident in.

For a moment, he was looking forward to seeing if Qin Yuan could continue to create miracles as usual.

“Yes, sir!”

After saying that, Qin Yuan took out the detonator in his hand!

“Attention all teams, the countdown begins!”

“3,2,1... Detonate!”

As Qin Yuan finished the countdown, he immediately pressed the button in his hand.

Bang...

Bang... Bang...

Bang...

As countless explosions sounded, the small hill in front of everyone collapsed!

For a moment, the entire scene was covered in dust, even though it was raining heavily.

After dozens of minutes, everyone could see the situation not far away.

“Oh my god, did the waste soil and stones directly shatter?”

“That’s right! This...”

“Isn’t this too awesome?”

“Captain, how did you learn such precise blasting skills! I want to learn too!”

When the dust settled, everyone saw that the small hill from before had been blown into pieces, and it was almost directly shattered into countless tiny stones and dust.

Such precise blasting techniques stunned everyone.

This was the first time they had encountered such a situation in their lives.

It could be said that this precise blasting technique was simply heaven-defying.

“Good! Good! Good!”

All the soldiers cheered in unison.

This was the first time they had encountered such a scene. Whether it was the veterans or the recruits, their eyes were filled with excitement.

Especially the veterans. After being in the army for so many years, it wasn’t like they hadn’t seen explosions before.

However, in the previous explosions, didn’t they have to clean up after the first explosion and then continue with the second explosion?

It was the first time they had seen someone settle it in one go.

“Brother, do you think we don’t even need to clean up?”

At this moment, a veteran among the soldiers asked the veteran beside him.

In any case, the situation he saw was that the small hill not far away was filled with some small stones and soil.

There was almost nothing that they needed to clean up at once.

“Alright... It seems like it!”

“This... This Captain Qin of the Battle wolf Special Forces is too awesome, right?”

At this time, the veteran who was questioned said in a daze.

This was indeed a little unreal, but the truth was right in front of him.

He had to believe it!

“That’s right! I heard that the captain of Battle wolf is only in his twenties!” “I didn’t expect you to be able to lead a special forces unit at such a young age!” At this moment, the veteran sighed softly.

“This Battle wolf seems to have just been established in our military region this year. I heard that the people of Battle wolf even made the Wolf Fang people suffer!”

“That’s why it’s true that young talents are born!”

For a time, the two of them were discussing Battle wolf’s past.

“Qin Yuan, doesn’t it seem like we don’t need to send people to clean up anymore?”

Gao Shiwei looked at the small hill that had disappeared in front of him and asked with uncertainty.

Although it was raining heavily, they could still see the situation not far away.

At the moment, there was only a pile of soil. There were not even any large stones.

There was only one reason for this situation, and that was that Qin Yuan was so precise that he directly shattered these stones.

“Yes, I am! There was no need. All he needed to do now was to guide the floodgates to open and release the flood!”

“With this amount of water, it will be washed away.”

Looking at the stunned Chief Wei, the corners of Qin Yuan’s mouth curled up slightly.

He was a person with a system. Qin Yuan was full of confidence in the accurate explosion.

Therefore, when he accepted this mission again, Qin Yuan was not worried about any problems at all.

“You still call yourself a fellow? You’ve simply refreshed my understanding of you once again.”

“It seems that you are an explosive expert!”

After hearing Qin Yuan’s confirmation, Gao Shiwei laughed out loud.

She looked at Qin Yuan with gratification in her eyes.

In this case, it meant that this flood discharge could complete the mission perfectly again.

Chapter 434: Mission Completed!

Moreover, he had never carried out such a satisfying disaster relief mission before.

In the past, he was so anxious about the mission that he was in a hurry. However, as long as Qin Yuan was around, there was nothing that he had to worry about.

“Old Qin has another general talent!”

Gao Shiwei exclaimed softly in his heart. Ever since Qin Yuan entered the army, he had been refreshing his understanding of Qin Yuan.

In any case, he had never really understood Qin Yuan’s background and abilities.

Every time he felt that he understood something, this kid would directly refresh his understanding.

Gao Shiwei wasn’t the only one who felt this way.

The members of Battle wolf were the same.

It could be said that up until now, no one from Battle wolf truly understood Qin Yuan’s ability and strength.

In any case, in their eyes, Qin Yuan was very strong. As for how strong he was, they could not guess how powerful he was.

“Good! Good! Good!”

“I’ll definitely ask you for credit after this mission is completed!”

“I’ll leave Battle wolf to you, I’m relieved!”

At this moment, Gao Shiwei was so excited that he said ‘good’ three times in a row. This was because it really could not express his current feelings. “Bureau Chief, you’re too kind. I only did what a Chinese soldier should do!” “Chief, it’s about time. Let’s open the floodgates and release the flood!” “With this storm, the dam won’t be able to withstand it in a few hours!” At this moment, Qin Yuan immediately reminded him.

As for the merits, he didn’t care. As long as it was something he could do, he would do it at all costs.

“Yes! That’s right! Yes!”

“I almost forgot about the important matter!”

“Let’s go, let’s hurry over!”

After hearing Qin Yuan’s reminder, Gao Shiwei came back to his senses and said.

Now that the flood discharge area had been settled, they were just waiting to discharge the flood. Then, their disaster relief mission this time could be considered to have been successfully completed.

“Immediately inform the others to open the dam valve and start the flood discharge!”

After Qin Yuan and the others arrived at the entrance of the dam, Gao Shiwei instructed the soldiers.

“Yes, sir!”

After saying that, a soldier walked towards the dam valve controller.

A few minutes later, as the dam’s valve opened, torrents of water gushed out.

The water pillar was at least 20 to 30 meters tall.

After all, with so much flood water accumulated, the pressure could be imagined.

“Captain is awesome!”

“Captain is awesome!”

At this moment, someone from Battle wolf’s team shouted as they watched the flood surge towards the small hill.

Instantly, the soldiers at the scene followed suit and shouted.

“Xiaohu, go and stop them!”

Seeing that everyone was shouting, Qin Yuan became embarrassed. Then, he immediately ordered Zheng Xiaohu to stop everyone from shouting. After all, Chief Gao was right beside them, so it was indeed a little awkward. “No need, just let them shout. The louder the better!”

“These guys all need some mental support, and you deserve their respect!”

Seeing that Qin Yuan wanted to stop such behavior, Gao Shiwei immediately stopped him.

The soldiers shouted like this to show their recognition and respect for Qin Yuan!

Qin Yuan was worthy of everyone’s respect, whether it was for rescuing the villagers or for releasing the flood this time.

Qin Yuan was well-deserved. It was normal for the soldiers to respect Qin Yuan.

This was a good thing.

“But... Bureau Chief, this isn’t all my work!”

“It’s all the result of everyone’s joint efforts!”

Qin Yuan said embarrassedly when he heard Chief Gao stop Zheng Xiaohu.

“I’m fine! This is a good thing!”

“Inform the logistics department that the disaster relief mission has been successfully completed.”

“Let them get ready. Let everyone have a good meal and rest before we go back!”

At this moment, Gao Shiwei would immediately turn around and say to the guard beside him.

“Yes, sir!”

After saying that, the guard immediately retreated.

“Good boy, drink with me later. I’m happy today and I still have some treasures.”

At this moment, Gao Shiwei smiled and patted Qin Yuan’s shoulder.

“Yes, sir! Then I’ll accept it respectfully!”

After hearing Chief Gao Shiwei’s words, Qin Yuan smiled.

This disaster relief mission could be considered to have been completed successfully for the time being. Qin Yuan was very happy. At least the property of the villagers downstream of the dam was guaranteed.

“Good!”

“Go back and rest first. I’ll get the guards to call you later!”

Seeing that Qin Yuan was still injured, Gao Shiwei said softly. “Alright! Chief, I’ll go back first!”

After saying that, Qin Yuan immediately left the command center. “Not bad. You’ve once again refreshed my understanding.”

“Do you think there’s anything in this world that you, Qin Yuan, can’t accomplish

Just as Qin Yuan went out, he met Long Xiaoyun. “This is a small matter. It’s all thanks to everyone. Don’t flatter me here.”

Seeing Long Xiaoyun ask, Qin Yuan replied with a smile.

“Alright, you did well this time! I’ll go and look for the Bureau Chief first.”

“Good!”

After saying that, Long Xiaoyun walked straight into the command center, and Qin Yuan walked towards his room.

“Captain, I have to say that your blasting skills were really amazing!”

“This is the first time I’ve seen such precise calculation ability!”

At this moment, Zheng Xiaohu followed closely behind Qin Yuan and sighed.

“So what? Want to learn? Then train harder. I’ll teach you well when the time comes!”

Qin Yuan said with a smile when he saw Zheng Xiaohu’s expectant look.

“Yes, sir! Captain, you said it yourself!”

After hearing Qin Yuan’s words, Zheng Xiaohu became energetic.

Who wouldn’t want to learn such precise blasting!

“Have you ever seen me lie to you?”

Qin Yuan shook his head helplessly. He had never been stingy with this fellow. They had taught Battle wolf their best techniques and training methods.

“Hehe!”

Zheng Xiaohu chuckled as he spoke.

He knew that whatever Qin Yuan said was true. He had never seen Qin Yuan lie to them.

Moreover, it was all thanks to Qin Yuan that they could get to where they were today.

If Qin Yuan had not come to the logistics company, would the people of the logistics company have been able to raise pigs and farm vegetables in the logistics company?

Zheng Xiaohu knew this very well. All of this was because of Qin Yuan.

In any case, Zheng Xiaohu knew that without Qin Yuan, there would not be the current logistics company, nor would there be the current Battle Wolf Team 1! Their logistics company could be said to have followed Qin Yuan until today. “Let’s go! Let’s go and take a look at those guys!”

With that, Qin Yuan and Zheng Xiaohu immediately walked towards the Battle wolf.

A few minutes later, Qin Yuan arrived at the location of the Battle wolf members. “Captain! ”

“Captain!”

Seeing Qin Yuan come over, everyone was delighted.

They all ran towards Qin Yuan.

“How is it? How do you feel about our duty as soldiers?” At this moment, Qin Yuan said to everyone.

After all, their mission as Chinese soldiers was not just to fight.

Most of the time, the real battlefield was these natural disasters.

In this era, they were the pioneers of protection.

“Captain! This time, he felt that no matter how powerful we humans are, we are insignificant in front of nature!”

“That’s right! Captain, this kind of natural disaster is indeed uncontrollable.”

“Not only do we have to be prepared for war, but we have to be prepared to accept any kind of mission!”

The members of Battle wolf whispered their opinions.

This time, Qin Yuan’s every move made them feel deeply.

Whether it was to save people or to release floods.

Qin Yuan was a very qualified and perfect captain!

Qin Yuan chose to go on many dangerous missions first..

Chapter 435: A New Mission

“Very good. It’s enough that you can think of this.”

“Have a good rest after dinner. Gather here at three in the morning!”

“We’ll leave tonight.”

Qin Yuan said softly when he saw the fatigue on the faces of the Battle wolf members.

These guys hadn’t had a good night’s sleep in the past two days.

“Tonight?”

“Captain, are we leaving?”

“There should still be a lot of post-disaster reconstruction work to be done here.

Aren’t we going to help finish it before leaving?”

“Yes Captain, are we leaving tonight?”

After hearing Qin Yuan’s words, everyone from Battle wolf asked in confusion.

Although the flood problem had been solved, there were still many things that needed to be done in the future.

It might not be good for him to leave like this.

“We’ll leave tonight. We’ll leave this to our comrades in the other troops.” “Our Battle wolf still has a mission, so we have to do what we need to do.”

Seeing everyone looking at him in confusion, Qin Yuan immediately explained.

At present, the matter of the border training area had not been resolved, so Qin Yuan wanted to see how to resolve this matter first.

During this period of time, there had been no movement from there. It was very likely because Shang Kun was injured.

However, Qin Yuan knew that as long as he did not completely deal with Shang Kun and the other organizations, they would definitely continue to harass him.

These guys were like malignant tumors that had to be eradicated.

“Mission?”

“Captain, what mission are we going to carry out?”

At this moment, Leng Feng asked Qin Yuan curiously.

They had just completed the flood mission, and now they were going to carry out a new mission?

“You’ll know when the time comes. Anyway, just wait for the notice tonight.

Have a good rest later and gather here at three o’clock tonight!”

Qin Yuan did not explain too much. He still had to ask Chief Gao Shiwei personally about this matter and see what he thought.

“Yes, sir!”

“Yes, sir!”

After hearing Qin Yuan’s words, everyone immediately agreed.

This was the life of Battle wolf, ready to receive all kinds of missions and battles.

After saying that, Qin Yuan returned to the temporary tent. He changed his gauze and cleaned his wound before changing into another military uniform. “Captain Qin, the Bureau Chief asked us to go over to his place for dinner.” More than ten minutes later, Zhou Qing walked into Qin Yuan’s tent and said.

“Alright, Old Zhou, let’s go!”

As he spoke, Qin Yuan followed Zhou Qing to Gao Shiwei’s tent.

“Come, come and sit.”

Seeing Qin Yuan walk in, Gao Shiwei immediately called Qin Yuan over to sit down.

At this moment, Long Xiaoyun had arrived. On the other side sat a middle-aged man in his forties.

Qin Yuan looked at the epaulets on the middle-aged man and knew that this person should be the captain of the border defense regiment.

“Come, come, come. Let me introduce to you, this is the commander of the 058 border defense regiment, Li Guoxiang!”

“This one, Guoxiang, I think you should know who he is without me introducing him!”

At this moment, Gao Shiwei immediately started introducing them to everyone.

“This should be Captain Qin Yuan of the Battle Wolf Special Forces, right?”

“I’ve heard a lot about you. Captain Qin, you’re really young and promising!”

“I’ve heard a lot about you.”

At this moment, the commander of the border defense regiment, Li Guoxiang, stood up and shook hands with Qin Yuan.

“Regiment Commander Li, don’t flatter me. I’ve only done what I should have done!”

“You’re the one who has really made outstanding contributions. This 058 border defense regiment is quite famous.”

Qin Yuan said with a smile when he heard Li Guoxiang praising him.

Qin Yuan knew Li Guoxiang. He was a ruthless person in the army.

He had been in charge of the border guards for many years, and he had caught many drug dealers.

It could be said that in the eyes of those drug dealers and organizations, Li Guoxiang was a thorn in their side.

“Haha, Captain Qin, you must be joking. I did what we should do just like you.”

After hearing Qin Yuan’s words, Li Guoxiang smiled with some relief. Qin Yuan was neither arrogant nor impatient at his age, so his future was immeasurable.

Moreover, with such a simple interaction, he liked Qin Yuan’s character very much.

“Alright, hurry up and sit down!”

“Let’s eat first. The dishes will be cold soon.”

Seeing that Qin Yuan and the other were still flattering each other, Chief Gao Shiwei smiled and said to the two of them.

“Alright, let’s eat first!”

At this moment, Li Guoxiang chimed in, and then everyone sat down.

“Captain Qin, let me toast you!”

“This time, the sudden flood, your Battle wolf completed it perfectly, especially you, your performance this time was very good.”

“He has displayed the image of a Chinese soldier.”

At this moment, Commander Li Guoxiang raised the cup in his hand and said to Qin Yuan.

“Regiment Commander Li, what are you saying? Since we’re wearing this military uniform, we have to live up to it.”

“We are soldiers, so we will not forget the military spirit passed down by our ancestors.”

“Regiment Commander Li, let’s toast to those amazing people!”

At this moment, Qin Yuan said softly. He did not feel that what he did was for the sudden flood.

And this was what soldiers should do.

“Qin Yuan is right. This toast is indeed for those amazing people first..”

Chapter 436: New Mission

“We are soldiers. The duty of a soldier is to protect the country and serve the people.”

“This is a Chinese soldier.”

Gao Shiwei nodded in agreement. Then, he raised his glass and poured the wine on the ground.

“Yes, to those who had gone before us.”

Li Guoxiang said with a smile.

Hence, everyone followed Gao Shiwei and toasted the first cup of wine to those outstanding people.

“Chief, I have something to discuss with you.”

After eating and drinking to his heart’s content, Qin Yuan immediately probed.

This time, the Bureau Chief had actually called the regiment commander of the border defense regiment over. It should be the same thing that he was thinking.

Regiment Commander Li was probably here for those drug dealers.

“Alright, I know what you want to say.”

“This time, I called Commander Li over for this matter.”

“As for your thoughts, we’ll talk about it later. Let Commander Li tell you about the current situation first!”

After hearing Qin Yuan’s words, Gao Shiwei knew what Qin Yuan wanted to ask.

“Alright.”

After hearing Chief Gao Shiwei’s words, Qin Yuan nodded. It seemed that Chief Gao Shiwei had been thinking about this matter.

“Guoxiang, tell Qin Yuan about the situation.”

Gao Shiwei said to Li Guo Xiang.

“Yes, Chief.”

“It’s like this. We’ve been receiving news from City N, City D, and some other cities in Province Y. They say that there are some drugs going into these cities.”

“And according to the situation they seized, the amount of drugs was quite a lot.’

“According to their analysis, the organization behind these drugs is definitely not small.”

“According to their intelligence, these organizations shouldn’t be in the country, so they have been requesting our border defense team to help them find these organizations and eliminate these tumors.”

At this moment, Li Guoxiang, the leader of the border defense regiment, sighed softly.

They had been cracking down on these drug dealers all these years, but these people had been especially rampant recently.

“Looks like it might be Shang Kun’s organization.”

After hearing Commander Li Guoxiang’s description, Qin Yuan seemed to have thought of something. Such a large quantity should undoubtedly be Shang Kun.

This was because only this organization had such strength. Moreover, this Shang Kun was sinister and cunning. Perhaps only he could do it.

“Didn’t you already fight him? How do you feel?”

After hearing Qin Yuan’s words, Gao Shiwei asked softly.

He knew about Qin Yuan and the others training in the border area last time.

“Very sinister and cunning.” “He’s a ruthless person.”

At this moment, Qin Yuan made a very fair evaluation.

To be honest, Shang Kun was indeed a cunning and ruthless person. He was not only ruthless to others, but to himself. Otherwise, Qin Yuan would not have let him escape.

“It seems that you have a very high evaluation of him.”

After hearing Qin Yuan’s evaluation of Shang Kun, Gao Shiwei nodded in relief.

Qin Yuan’s analysis was right. Shang Kun was famous for being sinister and cunning, and he was ruthless enough.

“This guy is very strong and ruthless. It’s not that we haven’t tried to eliminate him, but he always manages to escape.”

At this moment, Regiment Commander Li Guo Xiang sighed softly.

All these years, they had joined forces with other countries to get rid of Shang Kun.

But every time, this guy would escape. Therefore, this family has always been a cancer of the world.

“Do you think you’re stronger or he is stronger?”

At this moment, Chief Gao Shiwei smiled at Qin Yuan and said.

“Me and him? Bureau Chief, who do you think is stronger, compared to an injured person who escaped?”

“But this guy is really sinister.”

Qin Yuan was still very clear about this. (Qin Yuan never looked up to any enemy, nor did he look down on any enemy.

“You brat, he isn’t as simple as you think. Do you think a person who can escape from multiple sieges is simple?”

“That’s why I never allowed you to act rashly.”

“Even Wolf Fang suffered quite a bit at the hands of this person.”

After hearing Qin Yuan’s words, Gao Shiwei smiled.

He knew about the previous battle between Qin Yuan and Shang Kun. Shang Kun had used his comrades to restrain Qin Yuan. This was the cleverness of this guy.

“Chief, I think you called Regiment Commander Li over because of this person, right?”

Qin Yuan asked with a smile after hearing Chief Gao Shiwei’s words.

From the looks of it, Gao Shiwei was determined to get rid of this malignant tumor.

“That’s right, Commander Li is here because of this.”

“This time, I still plan to let you and your Battle wolf carry out this mission.”

“Are you confident?”

Seeing Qin Yuan’s words, Chief Gao Shiwei immediately said.

“Don’t worry, Chief. I’ve been waiting for you to say this for a long time.”

Hearing Gao Shiwei’s words, Qin Yuan immediately said. Battle wolf had been at the border all this time for this opportunity.

Therefore, this time, Gao Shiwei had already decided to let Battle wolf handle this mission. Of course, he happily agreed.

“Good, very good.”

“Then I’ll leave this mission to you, Battle wolf.’ Commander Li will cooperate with you.”

“By the way, Xiaoyun, you have to help Qin Yuan well.”

“For this organization to be able to integrate so many organizations in such a short period of time, its strength cannot be underestimated.”

“So when you carry out your mission, you must be extra careful.”

“Got it?”

As he spoke, Gao Shiwei turned to Long Xiaoyun.

“Yes, sir! Chief, don’t worry. We will definitely complete the mission.”

Long Xiaoyun immediately replied after hearing Chief Gao Shiwei’s words. “Alright.”

“In that case, Guoxiang, tell Qin Yuan about the news and information you have obtained. ”

“Your border defense regiment will fully cooperate with Qin Yuan and the others to carry out the mission!”

As he spoke, Gao Shiwei turned his head and instructed Li Guoxiang.

“Yes, Chief!”

Li Guoxiang nodded heavily after receiving the order from Gao Shiwei.

“Alright, let’s continue eating!”

The tasks had already been arranged. Gao Shiwei smiled and let everyone continue eating.

Half an hour later, Qin Yuan and the others walked out of Gao Shiwei’s tent after eating.

“You’ve been waiting for this mission for a long time, right?”

After leaving the tent, Long Xiaoyun immediately walked to Qin Yuan and asked.

“What else? Didn’t I ask you to apply for it?”

“Leng Feng and the others didn’t suffer their injuries for nothing. Since that’s the case, we’ll directly remove this tumor.”

“Such an organization and people will only harm people if they remain in this world.”

Hearing Long Xiaoyun’s question, Qin Yuan said softly.

“You’ve fought with him before, so you know what kind of opponent he is. We have to be careful this time.”

“Shang Kun was shot by you this time. With his personality, he will definitely think of a way to take revenge.”

“Moreover, he used ruthless methods.”

Seeing that Qin Yuan was still so confident, Long Xiaoyun immediately reminded Qin Yuan.

“Don’t worry, he won’t be able to negotiate this time. If he can still survive from my hands, then I’m not worthy to continue being the captain of Battle wolf!” Seeing Long Xiaoyun’s worried look, Qin Yuan immediately comforted her.

The last time Shang Kun escaped, it was because Qin Yuan did not expect his comrade to be injured.

However, it was different this time. No matter what, Qin Yuan would not let Shang Kun and this organization off.

“Alright, I will sort out all the information in a while. I just heard from those guys from Battle wolf that we are leaving tonight?”

Long Xiaoyun asked softly.

“Yes, I’m leaving tonight!”

“Leave the matters here to our brothers from the other troops.” “We have to carry out our mission.”

“This time, we must completely eliminate these guys from this world.” As he spoke, Qin Yuan said softly, and a faint sinister smile appeared on his face..

Chapter 437: Investigation!

“Good!”

Long Xiaoyun knew that Qin Yuan had been waiting for this mission. He had asked her to apply for it previously, but they had to deal with the sudden flood.

Now that the flood was under control, it was time to deal with Shang Kun’s organization.

“Go and prepare! We’ll set off at three in the morning.”

“Alright.”

After saying that, Qin Yuan and the other man walked towards their tents.

Three in the morning.

Everyone from Battle wolf quietly gathered in an empty space beside the tent.

This time, they did not wake up their comrades from the other troops because Qin Yuan had said that they wanted to leave quietly.

“Everyone, pay attention. The destination is the training ground from last time.”

“Run forward!”

At this moment, Qin Yuan walked forward and said softly to everyone.

“Yes, sir!”

‘Yes, sir!’

After saying that, everyone followed Qin Yuan’s orders and quietly ran out of the temporary camp.

“Qin Yuan, aren’t we going to greet the chief?”

On the way, Long Xiaoyun asked Qin Yuan. They left quietly like this. It seemed unreasonable not to say goodbye.

“Alright, Chief knows us!”

“The next day, they found out that we were gone, and they knew what we were doing.”

“Besides, isn’t it the Bureau Chief’s wish for Battle wolf to leave quietly?” Looking at Long Xiaoyun, Qin Yuan smiled.

What were they? But the Battle wolf Special Forces, what the special forces should do was what the special forces should do.

They came and went without a trace. This was what special forces should be like.

“Alright, I don’t know what to say.”

“Are we going to carry out the mission directly or what?”

The mission this time was not special, so Long Xiaoyun wanted to know what Qin Yuan's current arrangements were.

"Let's go back to the border training ground first."

"We don't know much about this organization at the moment, so we have to check clearly before we attack them."

"Oh right, remember to contact Commander Li when you go back. He has a lot of information that might be useful to us."

"When the time comes, I'll bring some people to investigate their situation first."

After hearing Long Xiaoyun's question, Qin Yuan immediately explained.

If they wanted to execute this mission perfectly, they had to be prepared.

This was mainly to allow the members of Battle wolf to adapt to the war, allowing these organizations to temper their minds.

Otherwise, Qin Yuan would have been able to settle these organizations by himself. He would not have to worry about his teammates getting injured.

After all, Qin Yuan was still very confident in his strength.

"Alright, I understand. I will contact Regiment Commander Li."

"By the way, Qin Yuan, are you sure you don't need to recuperate for a period of time with your current injuries?"

At this time, seeing that there were still some blood stains on Qin Yuan's military uniform, Long Xiaoyun asked worriedly.

Qin Yuan was so seriously injured that he went straight to the front line as soon as he woke up.

He did not stop for another fifteen minutes.

This was the first time she had met someone like this. If she had been so seriously injured, she would have needed at least ten days to recuperate. "I'm fine. Don't worry. I'll be fine in a few days."

"It's not like you don't know me. I've always recovered very quickly."

Qin Yuan smiled and immediately explained. According to the recovery speed of the physique strengthening liquid, his injuries would recover in a few days at most.

"Alright, I really don't know how to evaluate you. You're purely a pervert."

As he thought about it, he felt that Qin Yuan was a pervert. Be it his ability or strength, or even his recovery speed, it was indeed a little terrifying.

"Hey, hey, hey. Although you have prejudice against me, you can't attack me, right?"

"I didn't do anything. How am I a pervert?"

After hearing Long Xiaoyun's words, Qin Yuan shook his head helplessly. He just had some ability and strength. He shouldn't be called a pervert all the time!

"Stop talking nonsense. I realize that you have a very good mouth too!"

For a moment, she couldn't understand why so many good qualities befell a person.

"The heavens are really unfair."

Looking at Qin Yuan, Long Xiaoyun shook her head helplessly and sighed.

Three hours later.

Everyone returned to the training ground where they had set off from. At this moment, all the members of Battle Wolf were quietly waiting for Qin Yuan's next order.

"Next, according to the previous deployment, everyone return to their original positions and wait for orders!"

After everyone lined up, Qin Yuan walked forward and gave the order.

"Yes, sir!"

"Yes, sir!"

"Alright, next, those whose names I have called out will step forward. The rest will be deployed according to the original plan."

"Zheng Xiaohu!" "Here!"

"He Chenguang!"

"Here!"

"Geng Hu!"

"Here!"

"Wang Yanbing, Li Erniu, Leng Feng, Shi Sanba..."

"Yes. Here!"

"You guys stay here. The rest of you, return to your previous positions and wait for orders!"

"Yes, sir!"

"Yes, sir!"

After Qin Yuan gave the order, other than the people Qin Yuan had just left behind, the rest of the people immediately dispersed towards the area they were previously in charge of.

Soon, he disappeared into the forest.

"Chenguang, why do you think Captain asked us to stay?"

Chapter 438: Investigation!

At this moment, Wang Yanbing, who was beside He Chenguang, asked with some doubt.

“How would I know? Do you think we can guess Captain’s decision?”

Hearing Wang Yanbing’s question, He Chenguang was silent for a while before he said softly.

This time, he really could not guess what Qin Yuan was planning to do.

“If I’m not wrong, Captain is bringing us out to investigate!”

At this moment, Leng Feng whispered to the two of them.

Since Qin Yuan had brought them back here, it was very likely related to the last time.

The gunshot wound on his body was still hurting, so he guessed that Qin Yuan had brought them back to continue dealing with the enemy.

“Scouting?”

“Are you saying that Captain is going to take us to find the enemy you encountered last time?”

After hearing Leng Feng’s words, He Chenguang thought of something.

That’s right. This was the most likely reason why they came back here this time.

After all, Qin Yuan had always said that he wanted them to adapt to war.

“Those of you who stayed behind, listen up!” “I’ll give you five minutes to check your equipment.”

“Five minutes later, I’ll take you to a place!”

At this moment, Qin Yuan ordered the people who stayed behind.

“Yes, sir!”

“Yes, sir!”

After saying that, Zheng Xiaohu led the rest of the people to the equipment room and began to prepare the required equipment.

“Captain Qin, why don’t I go with you this time?”

At this moment, Zhou Qing walked up and said to Qin Yuan. He had not fought with Qin Yuan for a long time.

Ever since he joined Battle wolf, he had become a logistics nanny.

Qin Yuan had been bringing the others to the front line to carry out missions, and he could only watch over the rear. After all, Captain Long Xiaoyun was often elusive.

This made him and Gong Jian, the two instructors, cry.

He was still alright, as he could still hang out with them. Gong Jian, on the other hand, was in a terrible situation, as he had been staying in Battle wolf Base all this time.

“Alright, Old Zhou, it’s still the same. You stay behind and pay attention to their situation.”

“Comrade Long Xiaoyun, you should follow the agreement and contact Regiment Commander Li first.”

“I’ll take these guys to understand the enemy’s situation first.”

At this moment, Qin Yuan said to Zhou Qing and Long Xiaoyun with a smile.

He knew that Zhou Qing was itching to leave, but once he left, the other members of Battle wolf would need someone to watch over them, so this was the only way.

“Alright. Alright then. Looks like I won’t have the chance to fight anymore.”

Zhou Qing said helplessly after hearing Qin Yuan’s words.

This was something that could not be helped.

“Alright, I’ll go back and arrange. You guys be careful. That guy is not a good person.”

Long Xiaoyun replied softly.

“Don’t worry, I’m just bringing these guys to explore the bottom first. It’s not like I’m going to risk my life.”

“Let’s go!”

After Zheng Xiaohu and the others were ready, Qin Yuan immediately told Zhou Qing and Long Xiaoyun.

“Alright, be careful!”

After saying that, Qin Yuan quickly walked towards Zheng Xiaohu and the others. Soon, he disappeared into the forest with them.

“Captain Long, do you think we can complete this mission successfully?”

Looking at the disappearing backs of Qin Yuan and the others, Zhou Qing looked at Long Xiaoyun with some worry.

“Don’t worry, you should know Qin Yuan better than me. This guy will never do something he’s not confident in!”

“This guy, to be honest, the closer I get to him, the more I feel like I don’t understand him at all.”

Long Xiaoyun sighed softly after hearing Zhou Qing’s words.

That feeling was getting stronger and stronger.

“That’s true. Captain Qin’s strength and ability are very strong.”

“I won’t hide it from you. I’ve known him for so long, but I still don’t understand him.”

“Every time you think you know him, Captain Qin will refresh your knowledge.” After hearing Long Xiaoyun’s feelings, he felt the same way.

He had followed Qin Yuan the longest. Because of this, he felt as if he did not understand Qin Yuan at all.

“Alright, let’s not talk about him anymore. I think we’ll get used to it in the future.”

“Let’s do our things first!”

Long Xiaoyun simply did not want to think about it. Anyway, Qin Yuan was not an enemy. The stronger he was, the better it would be for Battle Wolf and the country.

Especially after the flood, Long Xiaoyun’s opinion of Qin Yuan improved a lot.

At the very least, Qin Yuan had the soul of a Chinese soldier imprinted in his bones.

“Alright then. Let’s report our matter first!”

After saying that, the two of them walked towards the border training center.

“Captain, if we walk another 800 meters, we’ll be out!”

An hour later, Zheng Xiaohu walked to Qin Yuan’s side and said.

“I know. Let’s continue walking. If we don’t go out, how can we investigate the situation of those organizations?”

After hearing Zheng Xiaohu’s report, Qin Yuan smiled and said to everyone.

“But...Captain! We’ll go out now... It doesn’t seem too good, right?”

At this moment, He Chenguang asked in confusion.

This place couldn’t be casually passed over.

“Don’t worry, this is approved by the Bureau Chief. After we go over, everyone has to pay attention at all times.”

“This time, I plan to let you guys lead the team.”

“Let’s see. You’ve been training for so long. Let’s see if you guys have learned the essence.”

Looking at everyone, Qin Yuan smiled. This time, not only did he have to complete the mission, but he had to baptize these guys in Battle Wolf’s cruelty.

“Xiao Hu, you take 5 people to the west, Leng Feng you take 6 people to the east.”

“He Chenguang, you take the one under you and walk straight.”

“This scouting mission will last for eight hours. Come here after eight hours!”

At this moment, Qin Yuan immediately instructed everyone.

“Yes, sir!”

“Yes, sir!”

“Yes, sir!”

Everyone nodded.

“Very good. Everyone, be careful. If you can’t do it, just retreat. Don’t act on impulse.”

“Let me make it clear first. This is considered your test.”

“Whoever messes me up, just wait for me to teach them a lesson.”

“Yes, sir!”

“Yes, sir!”

“Understood!”

“Let’s go!”

After saying that, the three teams went in different directions according to Qin Yuan’s request.

Qin Yuan moved forward. He had to quickly find the location of Shang Kun and the others.

At this time, in a small village in the north, Shang Kun was changing the dressing for his underling.

He was a little afraid that he had survived this disaster.

The last shot that Qin Yuan gave him almost killed him.

However, he would not give up on revenge.

He had suffered such a huge loss this time, how could he admit defeat?

In addition, his younger brother had already died in Qin Yuan’s hands, so he had to think of a way to find Qin Yuan to take revenge.

“How’s the investigation of the Chinese soldier I asked you to investigate?”

At this moment, Shang Kun’s expression was slightly angry. After so long, these subordinates had not been able to find Qin Yuan’s personal information for him, which made him even angrier.

“Boss, we have already investigated according to your description and instructions.”

“The person you’re talking about should be this person.”

“This person seems to be a member of China’s special forces. I think he’s called Battle wolf. ”

At this moment, the subordinate handed the photo in his hand to Shang Kun with a trembling hand.

They had spent a lot of money to collect information, but this was all they could gather.

They didn’t know anything else.

There was nothing he could do about it. After all, this person was from the Chinese special forces.

“Battle wolf?”

“Battle wolf? Why have I never heard of such a special force in China?”

“Are you guys courting death? Did you come up with an unknown thing to fool me?”

After hearing his subordinate’s report, Shang Kun flew into a rage.

He had never heard of Battle wolf before, and he had never seen a special force like China’s.

“Boss, this unit was just established.”

“This can be considered as some scattered information that I spent a lot of effort to collect..”

Chapter 439: Shang Kun I s Helper

Seeing Shang Kun’s rage, the lackey immediately explained. This was the information that they had paid a huge price to obtain.

“A new one?”

“Battle wolf?”

Seeing that his lackey did not seem to be lying, Shang Kun fell into deep thought.

As for the Battle wolf Special Forces, he had never heard of the existence of such a special force in China’s Southeast Military Region!

He knew what Wolf Fang was and he had fought with them a few times before.

However, it was obvious that the person who injured him was stronger than the Wolf Fang’s people!

However, he never expected that this would be a new special forces unit.

“That’s right, Boss, that’s the information we’ve gathered. As for the person you described, we really can’t find out his identity!”

At this moment, the lackey looked nervous, afraid that Shang Kun would fly into a rage again and directly take their lives.

“A bunch of trash! Continue investigating!”

“I want that person’s information in three days. If you don’t have it, there’s no point keeping you

After hearing his subordinate’s words, Shang Kun gave his final order.

He knew nothing about this unit at the moment, and in his opinion, this unit looked like a new unit.

That was because other than the person who injured him, the others did not seem to be very strong.

Although his strength wasn’t too bad, his experience in the battlefield was still too little.

As a veteran of the special forces for many years, he was very clear about this.

“Yes, sir!”

After saying that, the lackey immediately stood up and left, afraid that Shang Kun would take his life in the next second.

“Boss, it looks like the people you met this time should be a newly established special forces.”

“However, it’s unbelievable that someone in this army could hurt you!” After the lackey left, a man beside Shang Kun said softly.

He knew very well what kind of strength Shang Kun had. He was able to injure Shang Kun to such an extent and almost took his life.

It could be said that such a person’s strength was indeed somewhat powerful.

“That person’s eyes are indeed filled with fear. It’s the first time I’ve met such a person.”

“So we have to be careful next!”

“Although this special force is just a newly established special force, with that person around, the strength of this special force is not bad.”

A trace of fear flashed across Shang Kun’s eyes when he thought of his situation.

He didn’t know how to describe that feeling. If he hadn’t used the unique characteristics of the Chinese soldiers to restrain that person, he might have died in that person’s hands.

“Shang Kun, I think you think too highly of him.”

“You actually paid such a huge price to invite me over just for this person?” After hearing Shang Kun’s words, the man smiled and looked at Shang Kun.

He could feel the fear in Shang Kun’s eyes.

However, it was not to the extent of making that person sound so terrifying.

“Sang Gou, I know you won’t believe me, but I hope you don’t underestimate that Chinese soldier!”

“When you meet him, you’ll know what you’re facing.”

“I hope that you’ll be able to live to spend that money if I invite you here.”

Shang Kun suggested with a chuckle when he saw that Sang Gou didn’t believe him.

Shang Kun knew what he had been through the most.

Otherwise, he wouldn’t have spent a million dollars to hire Sang Gou to help him.

Sang Gou was a famous assassin and was ranked in the top 20 on the world’s assassin list.

This time, Shang Kun had spent so much money in the hope that Sang Gou would help him get rid of Qin Yuan.

“Don’t worry, as long as I take on a character, no one will be able to survive in my hands.”

“As for the person you’re talking about, I know that his strength should be pretty good, but it’s only pretty good.”

“Just prepare the rest of the payment!”

Sang Gou wasn’t angry at Shang Kun’s words. In his opinion, the Chinese soldier that Shang Kun mentioned was only a lot stronger than Shang Kun.

However, this was nothing in his eyes. Even if he wanted Shang Kun’s life, it would only take him a few seconds.

“Alright! After this is done, the remaining 500,000 USD will be immediately transferred to your account!”

“However, I still advise you to be more careful!”

Seeing that Sang Gou didn’t believe him, Shang Kun didn’t say anything more. He just kindly reminded Sang Gou.

He didn’t care whether or not Sang Gou took it to heart.

“Then I’ll go first! Just wait for me to bring that person’s head back to you!”

After saying that, Sang Gou grabbed his equipment and walked out of the house, disappearing into the forest.

“I really hope you can come back alive! Otherwise, I’ll have to pay a higher price!”

Shang Kun sighed in a gloomy voice as he watched him disappear into the depths of the forest.

Because he knew that even with his strength, he might not be a match for that person.

“You said that the captain directly asked us to come out and investigate. Is he trying to directly attack those organizations from before?”

Wang Yanbing looked at He Chenguang and asked softly.

In the depths of the forest, He Chenguang, Wang Yanbing, and the others had already walked for about ten kilometers.

“Probably! Otherwise, why would Captain bring us out?”

Chapter 440: Shang Kun’s Helper

“This is both a training and an actual battle to test us!”

“That’s why we can’t let our guard down!”

“Last time, when Leng Feng and the others were injured, that person was still able to escape from the captain’s hands. It can be said that his strength is not bad!”

“At the very least, it can be said that he’s much stronger than us!” Hearing Wang Yanbing’s question, He Chenguang immediately reminded everyone.

This was because the place they were at now was a battlefield.

“Got it!”

“Then should we continue to investigate deeper?”

At this moment, the other members of He Chenguang’s team asked softly.

“Wait a minute. I keep feeling that something is wrong on the mountain not far away!”

“So let’s stop and observe for a while!”

At this moment, He Chenguang looked at the mountain not far away and had a bad feeling.

It seemed to be a little quiet. After all, this was a dense forest, and the animals’ perception was much stronger than theirs.

“Alright!”

After saying that, everyone immediately found their positions and hid. “Interesting. I didn’t expect these guys to dare to come out.” “That’s good too. We don’t have to go in and search anymore!” On the opposite side of the mountain.

At this moment, Sang Gou was really lying there and hiding.

He had felt that something was wrong as soon as he arrived here, so he had stopped.

Sure enough, it didn’t take long for He Chenguang and the others to enter his line of sight.

However, Sang Gou didn’t attack He Chenguang and the others.

After observing for a while, he realized that He Chenguang and the others were not the Chinese soldiers he was looking for.

Therefore, he did not want to alert the enemy.

“Looks like these guys are preparing to attack Shang Kun and the others.”

After observing for a while, he realized that there was a small team of people on his left who were searching in this direction.

This team was Zheng Xiaohu and the others. As soon as they came out, they followed some trails and found their way here.

However, just like He Chenguang and the others, they stopped.

“Platoon leader! Why did we stop?”

“We’ve only come out for more than ten kilometers, and these traces are obviously here! ”

Seeing Zheng Xiaohu stop, Geng Hu asked Zheng Xiaohu curiously. "Looks like you haven't studied the things Captain taught us properly!"

Hearing Geng Hu's question, Zheng Xiaohu could only laugh and scold him helplessly.

"What's wrong?"

Hearing Zheng Xiaohu say that about him, Geng Hu scratched his head, not knowing what he had done wrong.

"Don't you feel that the environment here doesn't quite suit the environment of this dense forest?"

At this moment, Zheng Xiaohu immediately asked.

"The environment here? I don't feel anything! There doesn't seem to be anything wrong with the surroundings."

After hearing Zheng Xiaohu's words, Geng Hu immediately looked around and felt that everything was normal. There was nothing strange about this place.

"Alright, you'll have to practice more when you get back!"

"What season is it now?"

"Summer!"

"Normally, at this time, the most frequent sound in the forest is the chirping of cicadas. "

"But look at our position now. Do you hear the sound of cicadas?"

Zheng Xiaohu immediately explained.

It is summer now. Normally, there would be cicadas chirping around at this time. However, there were no cicadas chirping from where they were and not far away from them.

Therefore, Zheng Xiaohu felt that something was wrong.

"This... It seems like what you said is true! "

After hearing Zheng Xiaohu's explanation, Geng Hu began to observe and realized that there were no cicadas chirping in these two places.

"That's why if you don't study the things Captain teaches seriously, you'll die."

"Let's stop and observe for a while!"

At this moment, Zheng Xiaohu reminded the others.

"Yes, sir!"

"Yes, sir!"

What Qin Yuan gave them were almost all things that could save their lives on the battlefield.

As for the Disguise Technique, they could only become familiar with it. They could not integrate with the entire environment like Qin Yuan.

“Interesting, these guys are really alert! ”

“It seems that the instructor of these people is quite strong. It’s very likely that he’s the person Shang Kun mentioned.”

Seeing that Zheng Xiaohu’s team had stopped, Sang Gou praised softly.

After all, it was rare for a newly established special force to have such vigilance.

It had to be said that at this moment, Sang Gou was getting more and more interested in the person Shang Kun was talking about.

“Hmm?”

At this moment, Qin Yuan, who was behind He Chenguang and the others, noticed this phenomenon in He Chenguang and Zheng Xiaohu’s teams.

Coincidentally, Qin Yuan had arrived here. At this moment, the system radar kept flashing red alarms.

“Looks like...Another guy who’s courting death has come! ”

“Not bad, my alertness has increased a lot!”

As he spoke, Qin Yuan sighed softly.

Qin Yuan was very satisfied with Zheng Xiaohu and He Chenguang’s performance.

According to the location displayed on the system radar, Qin Yuan immediately moved towards that location.

From the position feedback from the system radar, Qin Yuan knew that this person was indeed an expert.

Choosing a hidden location was indeed a very good place.

“Xiaohu, Chenguang, tell the team to stay where they are and find cover!”

Just as He Chenguang and Zheng Xiaohu were about to lead their teams forward, Qin Yuan’s voice came from their earphones.

“Captain???”

After hearing Qin Yuan’s voice, the two of them were overjoyed. They had stopped for quite a while.

However, they still did not find anything in front of them, so the two of them decided to continue searching. “Captain, is there a situation ahead?”

Zheng Xiaohu asked excitedly.

With Qin Yuan here, they seemed to feel much more at ease.

“There’s a rat lying there, and you’re in his shooting range.”

“So tell the team members to find cover. I'll take care of this guy. You're not his match!”

At this moment, Qin Yuan immediately explained.

Someone who could choose such a location to hide was definitely not an ordinary person. “Yes, sir!”

“Yes, sir!”

After saying that, Zheng Xiaohu and He Chenguang immediately informed the rest of the team about the situation.

Soon, everyone found cover and hid.

“Have we been discovered? Impossible!”

Seeing that He Chenguang and Zheng Xiaohu had hidden themselves, Sang Gou sighed.

It was obvious that the two teams were prepared to continue moving forward.

However, they seemed to have received some kind of notification.

It seemed that his position had been exposed. For a moment, Sang Gou was a little surprised.

This was because it was obvious that there was an enemy in front of them. However, Sang Gou firmly believed that his position would not be discovered by these two teams.

It was very likely that it was the Chinese soldier that Shang Kun had mentioned.

However, wasn't this kind of alertness too strong?

“Let's retreat a little!”

At this moment, Sang Gou was a little worried, so he prepared to retreat a little.

His many years of experience told him that his location might have been exposed.

“Since you're already here, don't go back!”

Just as Sang Gou was about to leave, a cold voice came from behind him.

“You... Why are you here?”

Seeing Qin Yuan's sudden appearance, Sang Gou was shocked.

The person in front of him had actually sneaked up to his side at some point in time, and he did not even realize it.

This kind of concealment and disguise ability was an astonishing existence. He was an assassin, and his alertness was not something that ordinary people could compare to.

However, he still did not find Qin Yuan.

At this moment, Sang Gou finally understood why Shang Kun had said that this person was terrifying.

“Do I need to tell you where I'm going?”

Seeing Sang Gou's surprised expression, Qin Yuan sneered. "Looks like you're the Chinese soldier that Shang Kun mentioned!"

"I can say that you're really strong!"
