

## Special Troop 441

### Chapter 441: You 've Got the Wrong Target!

Sang Gou looked at Qin Yuan who suddenly appeared in front of him and felt a little afraid.

It could be said that this was the first time in his years as an assassin that he had encountered someone who could escape his vigilance.

Therefore, he had a much higher opinion of Qin Yuan's strength.

"It doesn't matter if you're strong or not. I just want to know if you're lying here waiting for me, right? Shang Kun hired you to kill me, right?"

Looking at Sang Gou, Qin Yuan could feel the hostility and killing intent from him.

Such a person was most likely an assassin. Moreover, when Shang Kun was mentioned, Qin Yuan knew that this person was here for him.

"That's right. I just didn't expect you to be so strong!"

Hearing Qin Yuan's words, Sang Gou directly admitted his purpose for coming here. However, the mission this time might be difficult to complete. This was because even Sang Gou did not expect Qin Yuan to be so strong.

"Then let's cut the crap. Since you're here, let me see what qualifications you have to accept this mission!"

Qin Yuan did not want to talk too much nonsense with Sang Gou. Qin Yuan only wanted these people to know what it meant to never return.

"I admit that you are very strong, but if you want to deal with me, you are underestimating the people on the assassin ranking."

Looking at Qin Yuan's confident look, Sang Gou said with a smile.

Qin Yuan was very strong, but he was not at the level where he could deal with him.

Although Qin Yuan's ability surprised him, it was not to the extent that he had no chance of escaping.

"Then let me see what you assassins are capable of!"

As he spoke, Qin Yuan picked up the dagger at his waist and shot towards Sang Gou.

"So fast!"

Seeing Qin Yuan suddenly attack him, Sang Gou immediately turned around and dodged.

Qin Yuan's speed was too fast. Even though he had used his fastest reaction speed to dodge, his right arm was still cut by the dagger.

"How is he so strong???"

After dodging Qin Yuan's fatal blow, Sang Gou's eyes were filled with fear.

Qin Yuan's speed was simply heaven-defying. He had experienced so many experts, but he had never met anyone like Qin Yuan.

If not for the fact that his greatest advantage had always been his reaction speed, he would have died here from Qin Yuan's attack just now.

"Not bad, this reaction speed is worthy of being an assassin on the assassin ranking list!"

"I want to know, what is your ranking on the assassin list?"

Seeing that Sang Gou had dodged his attack, Qin Yuan did not feel any disappointment.

If he couldn't even dodge this attack, then he would be too useless.

One had to know that Qin Yuan only wanted to see how strong the assassins on the assassin ranking were.

Otherwise, he would have killed Sang Gou with a single strike.

With the strength of Sang Gou, it was a piece of cake for Qin Yuan. However, after Qin Yuan came here, he had yet to see the strength of these people on the

Assassin Rankings.

Therefore, he was a little curious.

"I didn't expect you to be so strong. It seems that what Shang Kun said was true!"

"No wonder that guy is so afraid of you!"

After this battle, Sang Gou knew that he was no match for Qin Yuan. For a moment, he was thinking about how to escape from here. This time, he really did not expect Qin Yuan to be so powerful.

"Don't tell me you only have this much strength?"

Qin Yuan smiled as he looked at Sang Gou who was constantly observing its surroundings.

It was obvious that Sang Gou was trying to think of a way to escape.

"My strength is ranked 19th on the assassin ranking list, but according to your strength, you can at least be ranked in the top five. If you can join our assassin organization, you will definitely be able to enjoy glory and wealth." "When the time comes, we'll have money and women. Wouldn't it be great?"

"Why do you have to bend over here? Why don't you join our organization with me?"

Sang Gou knew that he was definitely not Qin Yuan's match. If he continued to waste time with Qin Yuan, he might die here today.

One had to know that there were still two teams not far away.

Therefore, he was now thinking about whether he could use money and benefits to tempt Qin Yuan. After all, with Qin Yuan's strength, he would not be able to get anything by foolishly serving a country.

"It seems like you're asking the wrong person!"

"Perhaps these things of yours will be very tempting to people from other countries."

"But you've got the wrong target!"

"Because we are Chinese soldiers!"

After hearing Sang Gou's words, Qin Yuan smiled and said to Sang Gou.

He didn't expect Sang Gou to start seducing him, but he had the wrong target.

After saying that, Qin Yuan took a big step forward and attacked the Sang Gou. A cold light flashed and blood sprayed out.

Just like that, the top 20 assassin on the assassin list, Sang Gou, died at Qin Yuan's hands.

Looking at Sang Gou that was slowly falling to the ground, Qin Yuan did not have a trace of pity. Qin Yuan would not show mercy to such a person.

Because he knew that anyone who dared to take on the mission to deal with the Chinese soldiers would only die!

It was not that Sang Gou was not strong enough, but that Qin Yuan was too strong.

After the baptism of the system and training during this period of time, Qin Yuan's current strength could be said to be extraordinary.

Even if there were a hundred people with the strength of Sang Gou, they would not be Qin Yuan's match..

Chapter 442: You 've Got the Wrong Target!

Qin Yuan just wanted to know how strong these assassins were.

"Looks like that's all. Shang Kun, I've overestimated you. I'll kill as many of these rookies as you can invite!"

As he spoke, Qin Yuan sighed softly.

Originally, he thought that he could at least exchange a few moves, but he did not expect these guys to be so weak.

"Xiaohu, bring some people over!"

After pondering for a while, Qin Yuan said into his earpiece.

"Yes, captain!"

Soon, Zheng Xiaohu brought his team to Qin Yuan's side.

“Captain...What is this?”

Seeing Sang Gou on the ground, Zheng Xiaohu asked curiously.

Qin Yuan had just arrived, right? Just like that, he directly killed the enemy?

“Assassins!”

Seeing Zheng Xiaohu’s question, Qin Yuan did not say anything and only explained calmly.

“Assassins? Captain, they’re here to deal with us?”

After hearing Qin Yuan’s words, Zheng Xiaohu was a little surprised. The assassins in this place were most likely here to deal with them.

“To be precise, he’s here for me!”

“Alright, deal with it and inform everyone to continue moving forward!”

“Find their hideout before tonight!”

Qin Yuan did not explain too much because this was what Shang Kun had hired to deal with him.

Now, Qin Yuan’s idea was to find Shang Kun and the others’ hideout as soon as possible and then destroy this organization.

Qin Yuan was not worried that Shang Kun would deal with him. Qin Yuan was just afraid that this guy would deal with others when he was desperate.

Although the killer’s strength did not affect Qin Yuan much, it was still very lethal when it came to dealing with the other members of Battle wolf. Qin Yuan could feel that this assassin was indeed much stronger than Shang

Kun.

“Understood ! ”

After saying that, Zheng Xiaohu immediately arranged for a few team members to deal with the corpse of Sang Gou. Then, he began to use the walkie-talkie to inform the other two teams.

“Looks like I have to deal with Shang Kun as soon as possible.”

“Moreover, the strength of these Battle wolf fellows still needs to be raised to another level. ”

After experiencing these two situations, Qin Yuan felt that although Battle wolf’s current strength was not bad, it was still not enough if he encountered some troublesome fellows.

He wouldn’t be able to be by these guys’ side all the time.

Therefore, after dealing with this mission, Qin Yuan had to start strengthening the training of the battle wolf.

“Platoon leader! Did you see that assassin just now?

“Captain is too strong.”

“Judging from the corpse, that person was killed with a single slash.”

“And I feel that guy’s strength is not low. In any case, he should be much stronger than us!”

At this moment, Geng Hu, who had finished dealing with the corpse of Sang Gou, walked to Zheng Xiaohu’s side and said softly.

“Do you think we can guess Captain’s strength?”

“How long has it been? It’s not like you don’t know Captain. He’s simply a god – like existence!”

“Anyway, I’m already used to it. As long as Captain is around, I feel that no matter how strong the opponent is, he won’t be a match for Captain!” Zheng Xiaohu smiled and said after hearing Geng Hu’s words.

It was not the first day he had met Qin Yuan, so he was already used to such things.

In any case, to him, Qin Yuan was simply “strong”.

“That’s true, but I’m really curious about how Captain trains.”

“I feel like I’ve been training very hard, but every time I fight with Captain, I feel more and more afraid!”

“I’m almost numb to that feeling.”

Geng Hu said with a smile after hearing Zheng Xiaohu’s words.

They had been following Qin Yuan since they were in the logistics company, but until now, they had not been able to withstand a single move from Qin

Yuan.

“Alright, just train well. We can’t compete with the captain, but we can’t embarrass him. ”

“You have to know that we are Battle wolf, the captain’s soldiers!”

At this moment, Zheng Xiaohu reminded him.

Qin Yuan was very strong, but as Qin Yuan’s soldiers, they could not embarrass Qin Yuan. Otherwise, it would be a waste of Qin Yuan’s time and effort.

They might still be farming vegetables and raising pigs. “I know. Don’t worry, platoon leader. I’m not embarrassing the captain.” After hearing Zheng Xiaohu’s words, Geng Hu said with a smile.

“Is everything settled?”

“We’ll set off once we’re done!”

“Looking at Captain’s expression, he should be trying to find those guys’ hideout as soon as possible.”

“We have to carry out the mission as soon as possible!”

Seeing that Qin Yuan had already walked forward, Zheng Xiaohu immediately asked.

“It’s all done. If it wasn’t for the captain saying that he didn’t want to smell the stench, this guy’s corpse would have been directly fed to the wolf.”

Geng Hu nodded and said.

“Good! Let’s go!”

After saying that, Zheng Xiaohu led his team and walked deeper into the forest.

r

Two hours later, Qin Yuan and Battle wolf’s three teams gathered together.

“I’m very satisfied with your performance this time, but your strength still needs to be raised to a higher level!”

“I think you should know this better than me!”

At this moment, Qin Yuan said to He Chenguang, Leng Feng, and Zheng Xiaohu.

This time, their alertness and investigative ability were already very good, but it was still not enough for Qin Yuan.

This was because Battle wolf might have to face an even stronger existence at any time.

“Yes, sir! Captain!”

“We understand!”

At this moment, the members of Battle wolf immediately replied.

They knew very well that without Qin Yuan, they would not be able to deal with many enemies with their strength.

Regardless of whether it was Shang Kun or this assassin, they still had no way to deal with these people directly.

However, they did not give up. They knew that if they were given some more time, they would be able to become stronger.

“Captain! The organization’s hideout is right in front of us. Should we make a move now or inform the other members to come over?”

At this moment, Leng Feng looked at a small village not far away and asked.

“There’s no hurry. Not only are there members of those organizations, but there are some commoners!”

“Shang Kun is crazy. He managed to establish the colony in a village of commoners.”

“We have to wait for an opportunity.”

After hearing Leng Feng’s words, Qin Yuan immediately explained.

After finding this place, Qin Yuan immediately turned on the radar system to scan the village.

In the end, they realized that there were not only members of Shang Kun’s organization but some civilians.

From the looks of it, Qin Yuan knew that Shang Kun was afraid of being surrounded.

That was why he used these civilians as a shield. If he encountered a situation where he was being exterminated, he would use these civilians to give him a chance to live.

“These organizations are despicable!”

“That’s right! He has no humanity at all!”

After hearing Qin Yuan’s words, the rest of Battle wolf’s members revealed angry expressions.

“Despicable? Humanity?”

“If these organizations had these things, we wouldn’t have to come here!” “If not for this, these organizations would not have existed until now!” Seeing the indignant looks of his team members, Qin Yuan said coldly to everyone.

These organizations were inhumane to begin with. There was nothing they could not do for the sake of profit.

“Captain! What should we do now?”

Seeing this situation, Zheng Xiaohu immediately asked Qin Yuan.

Now, there were not only people from those organizations inside, but some civilians. This made them not know how to attack at all.

“What would you do if it were you?”

“This is your experience. Tell me your plan!”

After hearing Zheng Xiaohu’s question, Qin Yuan said to everyone. After all, they would encounter all kinds of situations in their future missions.

They can’t look for him every time they encountered a problem, so Qin Yuan wanted to know how the members of Battle wolf would deal with the current situation..

Chapter 443: Deal?

“Captain, this...”

For a moment, everyone stared at each other, not knowing what to say.

After all, it would be fine if he said it right, but if he said it wrong, it would be awkward, especially in front of Qin Yuan.

“He Chenguang, tell me!”

Qin Yuan looked for a long time and saw that everyone was a little embarrassed to answer so Qin Yuan directly ordered.

“Captain, if it were me, I would send a small team of a few people to sneak in and investigate.”

“Then, identify those who are civilians and those who are members of those organizations.”

“Then, find the right time to investigate them one by one, especially the position of the leader of this organization.”

“Also, immediately inform the main forces behind us and have them provide us with support at any time.”

He Chenguang told him his thoughts.

In the current situation, they could not directly attack this organization. Otherwise, the members of these organizations would use the lives of civilians to contain them. This would be a serious problem.

“Not bad. What about you, Leng Feng?”

After hearing He Chenguang’s plan, he nodded and asked Leng Feng, who was standing beside him.

“Captain! My thoughts are similar to He Chenguang’s.”

Seeing Qin Yuan suddenly ask him, Leng Feng replied with a faint smile.

“What about you guys?”

At this moment, Qin Yuan’s gaze swept across every member of Battle Wolf.

“We’re about the same.”

“Yes, captain, we’re about the same...”

Seeing Qin Yuan look over, everyone replied in embarrassment.

“The plan that He Chenguang mentioned is indeed feasible, but there’s one thing that you haven’t noticed.”

“It’s an assessment of the strength of this organization.”

“These organizations do not lack powerful people. Some of them are even stronger than you.”

“Take Shang Kun for example. He alone can stop many of you.”

“So, this is the most important point. Moreover, such people are not too bad in terms of strength or strategy. They can think of what you can think of.” Seeing that no one could say anything, Qin Yuan immediately analyzed it for everyone.

This kind of emergency situation could happen anytime, anywhere, so when they encountered such an emergency situation, they had to pay attention to finding an effective plan quickly.

Otherwise, they could only wait for failure!

This was because the people from these organizations were not fools. “Captain, what do you think we should do?”

After hearing Qin Yuan’s words, Geng Hu immediately walked forward and asked.

They could understand what Qin Yuan said, but they did not know how to deal with this situation.

“First of all, when you find your destination, contact the rear immediately.”

“This situation has changed a lot, so we must pay attention to all kinds of details. ”

“If you’re not careful, you’ll lose the entire game.”

“A good plan of action is not only responsible for your teammates but for the mission.”

Looking at everyone’s expectant eyes, Qin Yuan started teaching on the spot.

“After informing the main forces in the rear, we will investigate and analyze the strength of the members of this organization according to the information we have gathered.”

“Then, we’ll formulate a battle plan.”

“Do you all understand?”

At this moment, Qin Yuan said softly to everyone.

“Understood, Captain.”

“We know.”

At this moment, everyone nodded after hearing Qin Yuan’s words.

Qin Yuan was right.

When carrying out every mission, one must understand the enemy’s situation. Blindness would only lead to death and even cause the mission to fail. As a special forces soldier, this was something that every one of them had to know.

“Captain, should we go in and investigate now?”

At this moment, Zheng Xiaohu immediately asked Qin Yuan. They had been here for almost an hour.

Now that they had discovered it, the only thing they could do was to go in and collect useful information.

“There’s no need. I’ve already found out everything just now.”

“Currently, there are 300 terrorists and 200 civilians in this village. Shang Kun is not here.”

Seeing Zheng Xiaohu ask, Qin Yuan immediately said.

He had already learned about the situation through the system’s feedback.

However, he was the only one who had this skill. No one else had it.

“Not here?”

“Captain, are you saying that their boss isn’t here?”

“Yeah, Captain, how do you know so much?”

At this moment, the Battle wolf members were very curious about how Qin Yuan knew about this situation. Qin Yuan had been here the entire time and had not left them.

For a moment, everyone from Battle wolf revealed a deep look of surprise. Qin Yuan was too powerful.

“I have my own way of doing this. When you have my strength, you will know.”

Seeing everyone’s dumbfounded expressions, Qin Yuan found it difficult to explain. After all, he was a person with a system.

“No way, Captain.”

“I originally wanted to learn this ability from you, but is that possible?” After hearing Qin Yuan’s words, Wang Yanbing shook his head helplessly. They still did not know Qin Yuan’s strength.

Moreover, they did not know when they would be able to reach Qin Yuan’s strength. This was simply a fantasy to them..

Chapter 444: A Deal?

“This is an experience, so you must constantly remind yourself that your current strength is not enough.”

“Like I said, the leader of this organization, Shang Kun, is much stronger than you.”

“So, who still dares to say that your training is tiring?”

After hearing Qin Yuan’s words, everyone from Battle wolf lowered their heads in shame. No one dared to look at Qin Yuan.

Previously, they had defeated many of their comrades in the army or in competitions. They felt that their strength was not very strong, but at least it was passable.

However, after experiencing these two actual battles with the enemy, they realized that they needed too many things now.

If Qin Yuan had not been here during these two experiences, perhaps there would have been fewer of these comrades in front of them.

"Don't worry! Captain, we'll definitely train well from now on."

"Yes, captain. We definitely won't let you down."

At this moment, the members of Battle wolf realized their own problem.

It was not that the enemy was strong, but that they were too weak.

It was like an enemy that they thought was very strong was just a pile of shit in Qin Yuan's eyes.

This was the difference between being powerful.

"Alright, this is not the time to talk about this."

"Xiaohu, inform Instructor Zhou that we have locked onto the gathering place of this organization."

"Tell him to bring the rest of the Battle wolf to support us!"

As he spoke, Qin Yuan immediately gave an order to Zheng Xiaohu.

This was not the time and place to talk about reasoning.

"Yes, sir!"

After saying that, Zheng Xiaohu immediately followed Qin Yuan's instructions to inform Zhou Qing and the others.

"Leng Feng, bring your team and pay attention to every move of this organization."

"Shang Kun isn't here at the moment. We have to find out where this guy went.

We can't let him escape this time."

"Inform me immediately if anything happens."

"Yes, sir!"

After hearing Qin Yuan's instructions, Leng Feng nodded and led his team to hide around the small village.

"He Chenguang, bring your team to observe these civilians and members of the organization."

With that, Qin Yuan said softly to He Chenguang's team.

“No. Captain, didn’t you say that there was no need to sneak in? And you know the difference between these people?”

After hearing Qin Yuan’s order, Wang Yanbing asked in surprise because Qin Yuan had already told her the exact number of people. Now, they were being asked to go to the screening.

“I know, but do you know?”

Seeing Wang Yanbing’s question, Qin Yuan asked back.

Qin Yuan knew, but it did not mean that the members of Battle wolf knew. Therefore, Qin Yuan had to let these guys identify it themselves.

“Yes, sir!”

“Understood!”

After hearing Qin Yuan’s words, Wang Yanbing replied Qin Yuan in embarrassment.

This question was really too idiotic.

“Geng Hu, bring the rest of your team to investigate the surrounding organizations.”

“Let’s see if Shang Kun is in those places.”

“Yes, sir! Captain.”

After saying that, Geng Hu led the team in different directions.

After arranging everything, Qin Yuan found a higher position and turned on the radar to observe.

“Shang Kun sure knows how to pick a place.”

Looking at the village not far away, Qin Yuan sighed softly.

The small village not far away was surrounded by mountains and the terrain was dangerous.

It could be said to be a place that was easy to defend and difficult to attack.

However, this was not a big problem for Qin Yuan and the others.

The most important thing now was to find out where Shang Kun was. This was obviously Shang Kun’s lair. To be honest, it was impossible for him to escape.

After all, no one knew that they were out on a mission. Moreover, the killer was dead. Shang Kun could not have known so quickly.

“Looks like we can only wait.”

After thinking for a while, Qin Yuan muttered softly and continued to observe his surroundings.

In the border command post.

At this moment, Zhou Qing received a call from Zheng Xiaohu.

“Inform all members to gather immediately!”

After Zheng Xiaohu’s call, Zhou Qing immediately gathered all the Battle wolf members.

“Instructor Zhou, is there news?”

At this time, Long Xiaoyun had just returned from Regiment Commander Li’s place with some documents in her hands.

She asked curiously when she heard Zhou Qing’s order.

“Captain Long? You’re back?”

“Captain Qin and the others have already found the location of the organization. They are now informing our Battle wolf to provide support.” Seeing Long Xiaoyun walk in, Zhou Qing immediately explained.

“Found it? So fast?”

After hearing Zhou Qing’s words, Long Xiaoyun was a little surprised. After all, that area was at least a hundred kilometers wide. How long had Qin Yuan and the others been out for?

He found it just like that. For a moment, Long Xiaoyun was a little amazed by Qin Yuan’s investigative ability.

“Yes, Captain Long, did you get the information?”

Looking at the documents in Long Xiaoyun’s hands, Zhou Qing guessed that he had obtained some information about this organization.

“Yes, this is the information that Regiment Commander Li just faxed over.”

“Also, I just received news from Commander Li’s informant that Shang Kun and the others are in the middle of a deal.”

“Therefore, we have to inform Qin Yuan of this news as soon as possible.” Long Xiaoyun explained when she heard Zhou Qing’s question.

“Deal?”

“Then let’s go together!”

Looking at Long Xiaoyun’s anxious expression, Zhou Qing knew that Shang Kun’s transaction this time was not simple.

“Alright!”

After saying that, Long Xiaoyun and Zhou Qing immediately walked out of the command center and led the Battle wolf members to Qin Yuan’s location. Two hours later, Long Xiaoyun and the others rushed to Qin Yuan’s location.

“Deal?”

“So this guy went out to make a deal.”

Qin Yuan looked at the documents that Long Xiaoyun brought and sighed softly.

Originally, he was curious about where Shang Kun had run off to. It turned out that he had gone to carry out a secret transaction. "What do you think Shang Kun's deal is this time?"

At this moment, Long Xiaoyun asked Qin Yuan with some doubts. She wanted to see what Qin Yuan thought of this transaction.

"Military Fire!"

Seeing Long Xiaoyun ask, Qin Yuan said two words indifferently.

"Military Fire?"

"Are you saying that Shang Kun's deal this time is an arms deal?"

"Isn't this area not allowed to conduct firearms transactions? Which arms dealer would dare to sell arms to this place?"

After hearing Qin Yuan's words, Long Xiaoyun looked at Qin Yuan in surprise.

Because arms trading was not allowed internationally, no matter which country's arms dealers would conduct arms trading in this area. Otherwise, they would be enemies with the entire world.

"Do you think that no one would dare to do such a trade?"

"You have to know that as long as there are benefits, someone will do it." "Therefore, there is no absolute in this world!"

Looking at Long Xiaoyun's surprised expression, Qin Yuan chuckled softly.

This world was a world that prioritized benefits. As long as there were benefits, there would be transactions.

Whether it was on the surface or in the dark.

"Then we have to stop Shang Kun. If he obtains so many Military arms, this place will become a purgatory."

After hearing Qin Yuan's words, Long Xiaoyun realized the problem. This was the rule of this world.

However, if Shang Kun had more firearms, the civilians here would suffer.

"It's okay. He won't live for long."

"By the way, did the informant provide any location information?"

At this moment, Qin Yuan turned around and asked. Since Shang Kun was not in his lair, he would go and find him directly.

Anyway, this time, no matter what, Qin Yuan would not let Shang Kun escape.

"Not yet. The informant only gave us information about the transaction." Seeing Qin Yuan's question, Long Xiaoyun shook her head.

This was what Regiment Commander Li told her when he received a call from an informant when they were about to leave..

Chapter 445: Die Together If We Have To!

“Alright, in that case, we have to go and take a look.”

“Looks like Shang Kun is prepared to invest a lot of money this time.” After hearing Long Xiaoyun’s words, Qin Yuan guessed in his heart.

Shang Kun’s motive for obtaining the Military arms was to expand his influence and to deal with the encirclement.

Qin Yuan would not let Shang Kun have his way with this. Otherwise, if Shang Kun obtained this batch of firearms, the ones who would be injured would be their Battle wolf.

Therefore, no matter what, Qin Yuan had to destroy this batch of firearms.

“Then what should we do now?”

At this moment, Long Xiaoyun immediately asked. At present, all they knew was that Shang Kun had gone to trade this time.

He did not know anything else. Even the things that were traded were told by Qin Yuan.

“I’ve already sent Geng Hu and the others to investigate. I believe they’ll soon find out where Shang Kun is.”

Seeing Long Xiaoyun ask, Qin Yuan explained.

“But the scope of this transaction is so large. Are you sure Geng Hu and the others can find Shang Kun?”

After hearing Qin Yuan’s words, Long Xiaoyun was a little surprised. After all, this area was at least a hundred kilometers wide.

How many people did Geng Hu have? Qin Yuan was so confident that Geng Hu and the others could detect Shang Kun’s trading location?

“Don’t worry, Geng Hu and the others’ investigative skills aren’t bad. Otherwise, I would have wasted so much time training them.” Qin Yuan was not worried about this at all.

Shang Kun definitely wouldn’t choose a place too far away.

After all, his forces were all here. It was impossible for him to leave too far away.

Therefore, Qin Yuan had Geng Hu and the others search within a radius of twenty to thirty miles from the beginning.

He believed that Geng Hu and the others would not disappoint him.

This was the trust he had in his comrades, as well as his own intuition.

“Alright, I believe you’re right!”

Seeing Qin Yuan so confident, Long Xiaoyun was used to it. Qin Yuan had always been like this, so she was not surprised.

“Inform the others to keep watch at their original positions. We’ll go there for two weeks and then set off.”

As he spoke, Qin Yuan turned around and said to Long Xiaoyun.

“Alright.”

After saying that, Qin Yuan and Long Xiaoyun walked towards Zhou Qing.

“Captain Qin, I’ve brought the rest of Battle wolf’s men over.” “Why don’t I see any other team members?”

Zhou Qing immediately asked when he saw Qin Yuan walking over.

He came here according to the location given by Zheng Xiaohu and realized that only Qin Yuan was here, so he asked curiously. “I’ve already assigned them a mission.”

Qin Yuan explained when he saw Zhou Qing’s question.

“What about us? What should we do next?”

“I heard from Xiao Hu that Captain Qin and the rest of you have found the organization’s hideout.”

“Are we going to make a move now?”

Now that they had found the location of the organization, and the main force of Battle wolf had arrived, it was time to begin the encirclement and sunnression of these organizations.

“There’s no rush. The leader of this organization, Shang Kun, is not in his lair.”

“Moreover, there are not only members of the organization, but many ordinary people. ”

“That’s why we have to investigate thoroughly before we can act against them.”

“Otherwise, it will hurt these ordinary people.”

Seeing Zhou Qing’s question, Qin Yuan told Zhou Qing about the situation here.

Now, he had already arranged for someone to go in and investigate the situation inside.

He believed that these guys would be able to bring out the situation inside very soon.

“There are civilians here?”

After hearing Qin Yuan’s words, Zhou Qing’s expression frowned.

This was not good news.

“Aren’t these guys too inhumane?”

“Why won’t you let the commoners off?”

Zhou Qing did not expect that the organization would build its base in a civilian village.

Zhou Qing said indignantly.

“Old Zhou, do you think it’s possible to talk about human nature with these people?”

“If they had humanity, they wouldn’t have done such heinous things.”

Seeing Zhou Qing’s indignant look, Qin Yuan said coldly.

These guys had no humanity to begin with.

Only these organizations could do such a thing. Moreover, Qin Yuan could not help but admire Shang Kun’s sinister nature.

“This time, we have to kill these animals no matter what.”

“Otherwise, if we keep them alive, who knows how many more innocent people will be harmed.”

Zhou Qing’s eyes were filled with rage when he thought of this. As a veteran, he had seen how these inhumane animals tortured innocent people. “Alright, Old Zhou, don’t worry! You won’t be spared for this mission.” “Right, I’m going to bring some people out to look for Shang Kun.” “Stay here and pay attention to the situation.”

“Leng Feng and He Chenguang’s teams are both here. You can make the decision when the time comes.”

Seeing Zhou Qing’s expression, Qin Yuan could tell how much Zhou Qing hated such an organization. It was obvious that Zhou Qing might have experienced such a thing in the past.

Otherwise, he wouldn’t be so angry.

“Captain Qin, do you mean to go out and look for him?”

“Why didn’t you just wait for them to come back?”

Zhou Qing asked in surprise when he heard that Qin Yuan was going to bring people to look for Shang Kun.

After all, they had already found Shang Kun’s lair, so they were not afraid that Shang Kun would not come back..

Chapter 446 - 446: Die Together If We Have To!(Two s Combined)

They could just wait here for the rabbit. Why did they have to go out? “I suspect that Shang Kun went out to trade firearms.”

“Therefore, I have to destroy this guy before he returns to his lair with these firearms.”

“Because I can’t guarantee that this guy’s arms deal doesn’t have any heavy firepower. ”

“If there is, then letting this guy bring it back to the gathering place is not good news for us.”

Seeing Zhou Qing’s puzzled question, Qin Yuan immediately explained.

Qin Yuan was worried that there would be heavy firepower in these firearms. If there was, it would not be good news.

He didn’t use them to encircle and annihilate the members of these organizations.

Although Qin Yuan was not afraid, it did not mean that the other members of Battle wolf were fine.

Qin Yuan would not gamble on such things. This concerned the safety of all the members of Battle Wolf.

Therefore, what Qin Yuan wanted was to destroy these firearms as much as possible.

“firearms?”

“Captain Qin, is what you said true?”

After hearing Qin Yuan’s words, Zhou Qing immediately looked at Qin Yuan in surprise.

Just like Long Xiaoyun at the beginning.

This was because they knew that this place prohibited arms dealers from selling arms here.

“Qin Yuan is right. They are most likely doing an arms deal.”

“Shang Kun has taken control of almost all the organizations here in such a short period of time, so he needs a large amount of weapons and equipment to maintain the status of his organization.”

“Moreover, with these firearms, they will be able to deal high damage when they surround them.”

“It’s not to the extent that he won’t even have the chance to resist.”

Seeing Zhou Qing so surprised at the beginning, Long Xiaoyun walked up to explain to him.

At first, she did not believe it, but after listening to Qin Yuan’s words, she understood that no matter where it was, there would be people who would do things that benefited them.

Moreover, these people were originally some outlaws who were desperate for benefits.

“I see. Then we can’t let them successfully obtain firearms.” “Captain Qin, how many people do you need?”

“Why don’t you take all the hundred people I brought with me?”

At this moment, Zhou Qing understood the importance of this matter. If it was really as Qin Yuan said, then it was impossible for Shang Kun to obtain these firearms. Otherwise, Battle wolf would be the one who would suffer.

“No need, there’s no need for so many people.”

“Besides, it’s not good to have too many people.”

“Just arrange ten people for me. In addition, Geng Hu and the others are already scouting outside. This number is enough.”

Qin Yuan said softly after hearing Zhou Qing’s words.

It would be more troublesome if there were more people. Moreover, Qin Yuan preferred to fight alone.

He wouldn’t be able to protect them if there were too many people.

“But, Captain Qin, Shang Kun should have brought quite a few people with him.’

“Just ten people and Geng Hu and the others, is that enough?”

Hearing Qin Yuan’s words, Zhou Qing was still a little worried.

After all, Shang Kun would definitely not bring only a few people with him this time. No matter what, there would be at least one or two hundred people.

Qin Yuan only brought so few people with him. Zhou Qing was a little worried about Qin Yuan and the others’ safety.

“It’s fine. I don’t think I need to explain too much about my strength.”

“Besides, if these guys from Battle wolf can’t even deal with the members of these organizations, then they don’t deserve to stay in our Battle wolf anymore.”

“Old Zhou, don’t worry.”

Seeing Zhou Qing’s worried expression, Qin Yuan comforted him.

To be honest, Qin Yuan alone was enough for such an organization and Shang Kun.

However, the most important thing now was to let these guys from Battle wolf experience more actual combat.

Otherwise, Qin Yuan would not have gone through so much trouble to destroy Shang Kun’s firearms.

Just kill him directly.

“Alright then! Captain Qin, I know your strength.”

“Be careful then.”

Seeing that Qin Yuan had said so, Zhou Qing did not say anything else.

After all, although he did not know how strong Qin Yuan was, he knew that Qin Yuan was very strong, even ridiculously strong.

One had to know that ever since he met Qin Yuan, he had been chasing after Qin Yuan's footsteps.

However, Qin Yuan used his strength to prove the difference between them every time. It was just that the gap was getting bigger and bigger.

"Alright, I'll leave this to you, Old Zhou."

"He Chenguang's team will bring the information out soon."

"After that, you can directly encircle and annihilate them when we return."

As he spoke, Qin Yuan continued to instruct. "I understand. Leave this to me."

After hearing Qin Yuan's words, Zhou Qing nodded.

After saying that, Qin Yuan and Long Xiaoyun led the ten members of Battle wolf out of the dense forest.

Soon, he disappeared from Zhou Qing's sight.

After a few kilometers, Qin Yuan stopped.

"What's wrong?"

Seeing Qin Yuan suddenly stop, Long Xiaoyun asked in confusion.

"I'm fine!"

"Geng Hu and the others should be back by now, but why haven't we seen them yet?"

"I suspect that these guys have made a move."

At this moment, Qin Yuan started to guess. According to the original order given to Geng Hu and the others, they were to report back immediately after the investigation.

However, it had been so long, and Qin Yuan and the others had already come out for a few miles, yet they had not met any of Geng Hu and the others.

Therefore, Qin Yuan felt that something was wrong.

"Could it be that they are still searching?"

"You have to know that the area here is not small, and it's all deep mountains and old forests. It's normal for them to be a little slower."

Hearing Qin Yuan's words, Long Xiaoyun immediately analyzed.

"That won't happen. I know Geng Hu and the others' strength and abilities very well."

"And even if they can't find it, they will immediately send someone back to agree with me."

"But the current situation is clearly not right."

As he spoke, Qin Yuan's face was filled with worry. If it was really as he had guessed, then Geng Hu and the others would be in danger.

"Follow me!"

As he spoke, Qin Yuan immediately said to the other team members. Then, he followed Geng Hu and the others 'tracks and quickly moved in a direction not far away.

On the other side.

Geng Hu and the others' situation was just as Qin Yuan had said.

Not long after they found this place, they were discovered by Shang Kun.

Then, a conflict broke out.

They had been fighting here for half an hour.

"Brother Hu, if this continues, we might all die here."

"You go first. Hurry up and inform the captain. We'll stay behind to cover him." Under a large rock, a team member shouted at Geng Hu.

From the start of their battle until now, five or six of them had already been injured.

Moreover, they had all lost their ability to fight.

After all, Shang Kun's gun technique was indeed much sharper than theirs.

The fact that they could last until now was already the result of their usual hard training.

"No, Zhang Dajun, hurry back and inform the captain."

"I can't leave!"

At this moment, Geng Hu looked at the members of the organization with a hint of anger.

"I'm not leaving either. I'm Captain's childhood friend. I can't leave my brothers behind."

"If we have to die, we'll die together."

"I won't embarrass the captain."

For a moment, none of the remaining people were willing to go back and inform Qin Yuan.

This was because they all knew that the person who went back to inform Qin Yuan would be able to survive.

None of them were willing to go for this opportunity. They all wanted to leave it to their comrades.

"Stop blabbering, hurry up and go."

"Captain asked me to bring you out for investigation, so you have to listen to me."

"Zhang Dajun, this is an order!"

Geng Hu's voice was filled with rage.

At this moment, he knew that these guys were not willing to abandon their brothers and escape by themselves.

However, someone had to go back and tell Qin Yuan about the situation here.

“I won’t!”

“Brother Hu, you know that no matter who it is, if they go back at this time, they will never be able to be a special forces soldier again.”

At this moment, Zhang Dajun’s words echoed in the hearts of the others. If they went back now, they would never be able to forgive themselves..

Chapter 447 - 447: Don’t Abandon, Don’t Give Up! (Two s combined)

At this time, whoever left would be equivalent to abandoning their brothers and comrades. At least, that was what they thought in their hearts. “You are a bunch of idiots. This is an order! Did you know? This is an order!” Seeing the determination in their eyes, Geng Hu was furious.

Now that they were being watched, and some of their injured teammates were still around, they had to defend to the death.

Otherwise, these brothers who had lost their ability to fight could only wait for death.

Therefore, they could not retreat.

No matter what, they had to defend it.

However, Shang Kun’s side clearly had too many people. In addition, with Shang Kun around, they were completely suppressed.

If Shang Kun was not still injured, perhaps Geng Hu and the others would not have lasted until now.

Perhaps they had all died long ago.

“Brother Hu, don’t worry about us.”

“I’m just waiting for them to come up and fight with them.”

“You guys leave quickly!!!”

At this moment, a Battle wolf member who was shot by Shang Kun shouted at Geng Hu and the rest from behind a rock.

He was still spitting out blood, and his left and right hands were shot.

His right leg was the same as well. It was bleeding profusely.

However, seeing him drag Geng Hu and the others down, he felt very uncomfortable.

He hated himself for not being strong enough. Otherwise, he wouldn’t have ended up like this.

Now, he finally knew why Qin Yuan kept saying those words.

On the battlefield, if one’s strength was not strong enough, it would really affect one’s brothers and comrades.

They might even sacrifice themselves for it.

The current situation completely reflected what Qin Yuan said. "That's right! Brother Hu, Dajun, leave quickly. Don't worry about us."

"Yes! Hurry up and leave..."

All of the members of the Battle wolf who had lost their mobility due to their injuries were shouting at Geng Hu and the others.

If not for them, Geng Hu and the others would have been able to escape.

The ones who stayed were all for them. "Don't talk, don't shout. Let's go back together."

"Captain will come and save us."

Geng Hu's eyes reddened when he heard the words of his injured comrades.

Geng Hu was very worried about their situation when he saw that some of them were covered in blood.

If this continued, even if Shang Kun did not kill him, he would bleed to death.

But there was no other way.

At this moment, as long as he revealed his head, Shang Kun's bullets would hit him.

Geng Hu shouted at Zhang Dajun. "Here! "

Zhang Dajun responded loudly.

"Cover me. I have to go over to them. If this continues, they will die."

Geng Hu said worriedly.

"Yes, sir!"

"Right, pay attention to the one o'clock direction. Suppress the fire. Shang Kun is there."

Geng Hu immediately added.

"Understood!"

After hearing Geng Hu's words, the rest of the team members immediately increased their firepower in the direction that Geng Hu had pointed out and fired non-stop.

Geng Hu rolled up his sleeves and jumped out, rolling around.

Then, he continued to snakeskin around to dodge the bullets.

"Good fellow. It's a pity that you met me."

"As long as that guy isn't around, you'll be nothing more than shrimp soldiers and crab generals."

Looking at Geng Hu rolling around, Shang Kun revealed a faint evil smile.

He didn't expect these guys to find him here.

When he was preparing to make the deal, he noticed the reflective sniper scope.

However, what he did not expect was that Geng Hu and the other Chinese soldiers would be killed.

At that time, he was afraid for a while, thinking that it was that person who had come.

In the end, they only realized that they were just some small soldiers.

Therefore, he immediately terminated the transaction and dealt with Geng Hu and the others first.

"You almost took my life with one shot, so I'll take care of your soldiers."

Shang Kun aimed his sniper rifle at Geng Hu again.

"Go to hell!"

Shang Kun sighed softly and pulled the trigger.

Bang!

With the sound of a sniper rifle, a bullet flew out at high speed.

At this moment, Geng Hu felt danger approaching him. In the end, he quickly moved to the left.

He only felt a wave of heat, and then his right arm felt a pain, and then blood kept flowing out.

"F \* Ck his grandmother. If Chenguang and the instructor were here, this bastard wouldn't be so arrogant."

Seeing that his right arm had been shot, Geng Hu cursed and complained.

The few of them who had come had snipers, but they were no match for Shang Kun.

Therefore, Shang Kun was shot after exchanging a few shots. He almost died in Shang Kun's hands.

"These guys' premonitions...He's really strong."

Shang Kun said in surprise when he saw Geng Hu escape his attack.

Although these guys were quite strong, they had too little combat experience. Logically speaking, his sniping shouldn't be unable to deal with these guys.

However, he realized that these guys' premonitions were indeed outstanding.

With Geng Hu and the others, as well as the previous battle, Shang Kun was shocked to discover this problem.

Every time he thought he could kill them with one strike, Li Bin would always have a premonition and think of ways to avoid them.

This wasn't the first time this had happened.. Although he was injured, his spear technique was a little off, but it shouldn't be like this every time, right?

## Chapter 448: Don 't Abandon, Don 't Give Up!

It was almost the same today.

Shang Kun was surprised.

However, what he did not know was that this was all thanks to Qin Yuan.

Qin Yuan used live ammunition every time he trained them.

Moreover, they were all heading towards them.

After a long time, these guys from Battle wolf had already gotten used to that kind of perception ability.

That was why they did not die in Shang Kun's hands today.

Otherwise, they might have all died today.

"Buttface, are you alright?"

Geng Hu immediately asked as he rushed to the side of an injured member.

"I'm fine. Brother Hu, you guys...You shouldn't be like this."

"It's all our fault for not being strong enough and implicating you."

At this moment, the Battle wolf member who saw Geng Hu pouncing over said with red eyes.

Blood was still coming out of his mouth, and his voice was much weaker. "Stop talking. I'll stop the bleeding and bandage your wound first."

Geng Hu's heart was bleeding as he watched his comrade get injured like this.

If he hadn't been suppressed by Shang Kun, the sniper, he would have charged forward long ago.

Qin Yuan had given him this mission, so he had the responsibility to take good care of all the team members.

But now, five or six of them were seriously injured. Geng Hu was about to die of grievance.

"Hu. Brother Hu?"

"You...Why are you injured too?"

Seeing Geng Hu's bleeding right arm, the team member asked softly.

"I'm fine. This is just a small injury."

"Don't talk. Save your strength. I'll definitely bring you all back safely."

Geng Hu said worriedly as he looked at the pale face of his team member. He then took out medical supplies from his first aid kit and bandaged his team member.

After bandaging Buttface, Geng Hu rushed to the other wounded soldiers.

But every time, a bullet hole would be left on his body. After all, Shang Kun's spear technique wasn't just for show.

"F \* ck...I've seen a ghost today."

He fired four shots in a row, but Geng Hu managed to dodge all of them. Although he managed to hit all of them, it wasn't a one-shot kill.

This was a humiliation for Shang Kun. It was the first time he had encountered such a situation.

After so many years, he had failed once, but ever since he met the Chinese

sucuers, ne uegdll LO wonuer 11 lie lidU seen d gnost. Otherwise, how could he not kill these guys?

Shang Kun felt depressed as he spoke. "Mr. Shang Kun, why don't I let my people do it?"

"You guys have been delayed for almost an hour."

At this moment, Shang Kun heard the voice of the foreigner in his earpiece. This person was the person in charge of Shang Kun's transaction this time. "Mr. John, please give me a little more time."

"After half an hour, we'll deal with these troublesome fellows and immediately complete the deal."

Shang Kun felt a little awkward after hearing John's call.

He had just promised to take care of these Chinese soldiers in half an hour, but an hour had already passed.

However, Shang Kun had no other choice. He did not expect these Chinese soldiers to be so difficult to deal with.

This was a place where no one cared, so he was not afraid of what would happen to Huaxia Base.

But now, almost half of the 200 subordinates he had brought with him had been lost.

Although he had dealt with a few people, they were only seriously injured and did not die at all.

Therefore, how could Shang Kun not be angry?

"Immediately order everyone to attack. I want all of their lives in half an hour." At this moment, Shang Kun said to his trusted subordinate beside him.

After all, if this continued, he would lose a lot of face.

This was his territory to begin with. He thought that John and the others were guests, so he couldn't let them attack. But now, it was embarrassing.

"Yes, sir!"

After saying that, the trusted subordinate immediately retreated and relayed Shang Kun's order to his subordinates.

“Brother Hu! Not good.” “They’re all attacking now, and we don’t have many bullets left.” “What should I do...”

At this moment, a member of Battle wolf said to Geng Hu.

“Save some bullets and shoot when you get closer!”

“We’ve been gone for so long. Captain will definitely come to find us.”

At this moment, Geng Hu saw that the members of the organization were charging towards them in different directions.

Thus, he immediately ordered.

Now that they did not have many bullets left, they held on, hoping that Qin Yuan could rush over.

“Captain, I think you will definitely come back.”

“If he didn’t come. Then we’ll continue to be your soldiers in our next lives.”

At this moment, Geng Hu looked at the sky and sighed softly.

This was the only way out.

However, he had always been looking forward to it.

This was because he knew that Qin Yuan would definitely come to save them. This was the belief in his heart.

On the other side.

Qin Yuan and the others had already followed the trail to a place ten kilometers away from Geng Hu and the others.

At this moment, a few red messages flashed in Qin Yuan’s system.

This was the soldier’s physical condition.

Looking at his health bar continuously dropping, Qin Yuan was anxious. “Speed up. They should be in danger.”

At this moment, Qin Yuan turned around and said to Long Xiaoyun. “The team members behind haven’t caught up yet! ”

“You know where they are?” Hearing Qin Yuan’s words, Long Xiaoyun asked worriedly.

Qin Yuan’s speed was too fast. Long Xiaoyun could barely catch up to Qin Yuan.

The remaining 10 Battle wolf were left behind.

“Just leave a trace. Geng Hu and the others won’t be able to hold on for long.”

After hearing Long Xiaoyun’s words, Qin Yuan said indifferently.

Therefore, he immediately rushed toward Geng Hu and the others.

Normally, the system wouldn’t give a red alert unless the team members were on the verge of death.

Therefore, Qin Yuan had no choice but to become anxious.

“Brother Hu! I’m out of bullets.” “I don’t have any more either..”

“I’m done too!”

At this moment, Zhang Dajun and the others had finished reporting to Geng

They had already run out of bullets.

After fighting for so long, they had no other choice.

“Out of bullets?”

“Why can’t you guys use it sparingly?”

After hearing his team member’s words, Geng Hu felt a sense of danger.

Now that they had run out of bullets, they could only wait for these people from the organization to come up.

After hearing Geng Hu’s words, the other team members were helpless. Geng Hu had said to cover fire just now.

They had no other choice. Being able to hold on until now was already their limit.

“Brother Hu. you. Quickly retreat.” “Don’t bother about us anymore.”

“That’s right! Brother Hu. Hurry up and leave.” “They haven’t come up yet. It’s still too late for you to leave.” “We already know about your brotherhood.”

“Next life. We’ll still be brothers and comrades in our next life!”

“Yes. Hurry up and leave!”

At this moment, the injured members spoke to the others with red eyes.

For them, Geng Hu and the others had already fought here until now. If they did not leave now, everyone would die here.

In that case, not only them, but even Geng Hu and the others would have no chance of survival.

This was something they couldn’t bear. If they died like this, they wouldn’t be able to rest in peace.

“What are you talking about? We can still fight with them.”

“You all know that in close combat, apart from Captain Qin and Captain Long, I’m the strongest.”

“When they come up, if I don’t kill them all, I won’t be called Geng Hu.” After hearing the words of the injured, Geng Hu immediately shouted.

Geng Hu would never give up on them.

When they entered Battle wolf, they swore that they would not abandon any of their brothers.

Not abandoning, not giving up, that was the slogan of Battle wolf’s team.

Therefore, how could Geng Hu abandon them at this time? Not only Geng Hu, but the rest of the team members were the same.

“Brothers!”

“Are you afraid?”

At this moment, Geng Hu rolled up his sleeves and said to the rest of the team..

Chapter 449: Qjn Yuan Arrives!

“Afraid?”

“Brother Hu! This captain has never seen us before!”

At this moment, Zhang Dajun put down the gun in his hand and took out a dagger from his pocket. He smiled at Geng Hu. “Da Jun is right. Brother Hu, we have nothing to be afraid of.”

“No matter what, we won’t lose Battle wolf’s face.”

“When I joined the army, I knew that this day would come. But I believe that Captain will remember us, Battle wolf will remember us, and China will remember us.”

“Because we are Chinese soldiers!”

At this moment, the rest of the team members said one after another.

For a moment, everyone seemed to have seen through life and death.

To them, death didn’t seem so scary anymore.

“Well said!”

“It’s worth it for me to be able to enter Battle wolf and get to know you brothers!”

“When they come up later, let them enter and then fight.”

“Anyway, we have already profited. I just killed more than ten of them.” Geng Hu burst into laughter when he saw how unafraid everyone was of death.

At this time, all he could do was to fight with his brothers.

“Haha, Brother Hu! Let’s not talk about anything else, but I have to say that your marksmanship is really f \* cking terrible.”

“You were the one with the most bullets just now. Where did you shoot?”

“Did you shoot a bird?”

At this moment, Zhang Dajun laughed and teased Geng Hu’s marksmanship. Anyway, at this point, he was not afraid that Geng Hu would be angry.

“Hahaha! Da Jun is right.”

“Brother Hu, we have nothing to say about your hand-to-hand combat, but your marksmanship is really terrible.”

The rest of the team members burst into laughter.

The entire scene was like a group of people bragging in the camp. It did not look like they were going to fight to the death.

“Good. Zhang Dajun, don’t think that just because you’re the captain’s childhood friend, I won’t dare to slap you.”

“You’re actually teasing me?”

“I really don’t know which kid was so scared that he almost peed his pants on the cliff.”

After hearing Zhang Dajun’s words, Geng Hu dug up Zhang Dajun’s scandal unwillingly.

“Hahaha! I’m not afraid now. Do you think I’m still the same as before?”

Zhang Dajun burst into laughter when he heard Geng Hu talking about him. These were all his beautiful memories and bits and pieces of his life as a soldier.

Therefore, they missed it dearly.

“In our next life, we will still be brothers.”

At this moment, Zhang Dajun spoke to everyone, and there was a hint of determination in his eyes.

“Yes! Next life! We can still be comrades and brothers.”

At once, everyone said in unison.

“You guys seem to be quite happy?”

“It seems that I came at the wrong time and affected your brotherhood.” Just as everyone was prepared to die, a familiar voice entered their ears.

“Brotherhood?”

“It’s the captain’s voice!!!”

For a moment, everyone’s eyes were focused on the source of the sound.

“Captain! You’re finally here.”

“I missed you so much...”

At this moment, Geng Hu said eagerly.

Seeing that Qin Yuan had arrived, everyone’s hearts calmed down. This meant that their reinforcements had arrived.

They did not have to die.

“That’s right! Captain, you’re finally here. If you hadn’t come, we would have been separated by Yin and Yang.”

After seeing Qin Yuan, Zhang Dajun heaved a sigh of relief and muttered to Qin Yuan.

“Captain! ”

“Captain!”

For a moment, all the team members greeted Qin Yuan with a smile. Even the already weak injured ones were energized.

This was their trust in Qin Yuan. Qin Yuan was their spiritual pillar.

“What’s wrong? Aren’t you guys planning to be brothers in your next life?”

“I heard your spiritual slogan from afar.”

“I think I’m disturbing you.”

Seeing that no one had sacrificed themselves and that some of them were only slightly injured, Qin Yuan’s worried heart calmed down.

Fortunately, he had arrived at the last moment. Otherwise, these guys would really meet only in their next lives.

“Captain! You’re here?”

“As long as you’re here, these guys are nothing.”

“Brothers, don’t you think so?”

At this moment, Geng Hu smiled and flattered.

“Yes! Brother Hu was right. Captain, you are a god. They will be finished.”

“That’s right, captain. You’re a ray of light. Wherever you go, it’s filled with warmth.”

At this moment, the rest of the team members followed Geng Hu and started cheering.

Qin Yuan’s arrival calmed everyone’s hearts. “You guys, I asked you to investigate.” “But you guys decided to fight them directly.”

“And you’re being bullied to this state.”

“In the future, don’t say that you are my soldiers, Battle wolf’s soldiers.”

Seeing that everyone was still in the mood to joke, Qin Yuan was relieved. However, when he saw the injuries of some of his team members, Qin Yuan was furious.

Unknowingly, a murderous aura began to spread.

“Captain...”

“We didn’t expect Shang Kun’s anti-reconnaissance ability to be so strong.” “We were discovered not long after we arrived, and then we were attacked.”

“You...Don’t be angry.”

“It’s all my fault. I didn’t bring them back safely..”

Chapter 450: Qin Yuan Arrives!

Seeing Qin Yuan’s expression sink, the surrounding air instantly turned much colder. Geng Hu thought that Qin Yuan was angry with them.

For a moment, he immediately admitted his mistake.

When the other team members saw Qin Yuan’s appearance, they lowered their heads and did not dare to speak because Qin Yuan’s killing intent filled the entire scene.

What they did not know was that Qin Yuan was mad at himself for allowing Shang Kun to injure his soldiers.

“I’ll leave them to you. Take them back first.”

“Leave Shang Kun and the others to me.”

At this moment, Qin Yuan said softly to Long Xiaoyun as soon as she arrived.

“Alright, be careful.”

Looking at Qin Yuan’s murderous aura, Long Xiaoyun knew that Qin Yuan was really angry.

Therefore, he immediately responded.

She knew Qin Yuan’s strength. He would have no problem dealing with these guys, so there was nothing to worry about.

Besides, it was useless to worry. As long as Qin Yuan was in this state, he would not stop until he resolved the killing intent in his heart.

“Captain, we will fight with you!”

“Yes, we can fight!”

Geng Hu, Zhang Dajun, and the others immediately said.

Now that Qin Yuan was here, it was time for them to counterattack.

With Qin Yuan around, their combat strength would be several times higher than before. This was the benefit of Qin Yuan’s presence.

“Alright, but we’ll follow orders.”

After hearing Geng Hu’s quick words, Qin Yuan thought for a moment and nodded.

Although Qin Yuan knew that Shang Kun and the others might have some heavy firepower, this was training for Geng Hu and the others.

Qin Yuan felt that he could guarantee the safety of Geng Hu and the others, so he was very confident.

“Yes, sir!”

“Yes, sir!”

As he said that, everyone immediately nodded.

Everyone’s face was filled with smiles. This time, they finally didn’t have to be so sullen.

“Captain, we’re out of bullets.”

At this moment, Zhang Dajun informed Qin Yuan of their situation.

They had already run out of bullets.

“It’s okay. If there’s nothing left, then just snatch it. There are many of these guys in front!”

Qin Yuan had long known about this situation.

“Them?”

“Captain, Shang Kun has been sniping at us from one o’clock. You have to be careful.”

At this moment, Geng Hu understood Qin Yuan’s meaning.

However, he still had to remind Qin Yuan.

“It’s okay, leave it to me!”

“You guys wait here for a while.”

After saying that, Qin Yuan looked at the members of the organization who had rushed up and had come up with an idea.

When he saw that the gunshots had suddenly stopped, Shang Kun’s lips curled up slightly.

“Spread the word: they’re out of ammunition. Get in there and try to capture them alive.”

At this moment, Shang Kun was observing Geng Hu’s actions through his sniper scope.

However, Shang Kun did not notice Qin Yuan’s arrival. He immediately ordered his trusted subordinate.

“Yes, sir!”

After receiving Shang Kun’s order, the trusted subordinate immediately led the members of the organization to surround Geng Hu and the others.

“Brothers, those guys are out of bullets. Charge!!!!” “Boss said to capture them alive.”

“If you catch the boss alive, you’ll be rewarded!”

At once, the remaining 100 members heard the order and rushed forward like crazy.

They had joined the organization for the money. Now that such a good thing had suddenly appeared, how could they not be excited? Therefore, all of them rushed towards Geng Hu and the others.

“Good!”

“Brothers, start harvesting.”

Seeing the group of people pouncing over, Qin Yuan turned his head and said to the uninjured Battle Wolf members with a smile.

“Yes, sir!”

“Yes, sir!”

As they spoke, everyone nodded and took out their special daggers to glare at the members of the organization. “Leave Shang Kun to me!”

“Captain Long, lend me your sniper rifle.”

As he spoke, Qin Yuan said to Long Xiaoyun behind him.

“Alright!”

After hearing Qin Yuan’s words, Long Xiaoyun handed her sniper rifle to Qin Yuan.

“Oh right, when the other members arrive, lead them to surround and annihilate these organization members.”

“The members of these organizations are just a bunch of motley crew. To these Battle wolf guys, dealing with them is not a problem.” At this moment, Qin Yuan immediately instructed Long Xiaoyun.

“Understood ! ”

“Oh right, according to our informant, Shang Kun is dealing with an American firearms group.”

“It’s very likely that it’s not just Shang Kun and the others. We have to pay more attention and be prepared.”

At this moment, Long Xiaoyun immediately told Qin Yuan what she knew.

Although they had yet to see the shadow of the Americans.

However, since they were fighting against Shang Kun and the others, they couldn’t guarantee that these guys wouldn’t assist Shang Kun in dealing with them.

“Don’t worry! I knew they were here.”

“However, it seems like they have no intention of helping Shang Kun.” “It’s possible that Shang Kun doesn’t want to embarrass himself.”

Qin Yuan had long known about what Long Xiaoyun mentioned. The moment he arrived, the system radar had already detected the existence of these people.

Therefore, Qin Yuan knew the location of these people long ago.

However, based on the current situation, Shang Kun probably did not want to embarrass himself in his territory.

After all, this was his territory. If he couldn't even solve this small matter, he would be embarrassed to cooperate with the Americans.

"You knew?"

Looking at Qin Yuan's confident expression, Long Xiaoyun revealed a surprised expression.

This was because only Shang Kun's men had appeared. How did Qin Yuan know the location of those Americans?

However, after thinking about it, Long Xiaoyun felt relieved.

This was because Qin Yuan had always been like this. He always had the ability to predict the future.

"Alright, let's deal with Shang Kun's men first. As for the Americans, if they dare to interfere, we don't mind taking care of them too." As he spoke, Qin Yuan smiled at Long Xiaoyun. "Wouldn't it be bad to attack them?"

"After all..."

Hearing Qin Yuan's words, Long Xiaoyun was a little worried. After all, if there were a conflict with the Americans here, it would not be easy to deal with it internationally.

"After all what?"

"After all, they are Americans?"

"Don't worry. In this place, who knows if they're Americans?"

"Moreover, these guys dared to violate international law and give Shang Kun firearms. Even if we kill them, they won't dare to cause trouble."

"At most, they'll play dirty behind my back."

Seeing Long Xiaoyun's worried expression, Qin Yuan knew what Long Xiaoyun was thinking and worried about.

However, Qin Yuan would not care.

No matter what, Shang Kun and his organization were going to be destroyed by Qin Yuan today.

As for these Americans, it was best not to make a move. Otherwise, Qin Yuan would not spoil them.

"Alright then! I'll listen to you."

Seeing that Qin Yuan had said so, Long Xiaoyun did not want to say anything else. After all, she could not admit defeat in this place.

So what if they were Americans? If they dared to attack, they would not care about anything else.

“Alright, that’s the arrangement then.”

“Don’t worry, pay attention to my orders at all times.” “If those Americans dare to help Shang Kun, then there’s no need to be polite.”

As he spoke, Qin Yuan immediately instructed.

“Good!”

After saying that, Qin Yuan held the sniper rifle and ran forward quickly.

After Qin Yuan left, Geng Hu and the others hid in the surroundings.

Now that they were out of bullets, they could only wait for the members of the organization to come within their attack range.

“Captain Long!”

“Captain Long!”

A few minutes later, the ten Battle wolf members who had fallen behind arrived.

“You’re here!”

“The ten of you will split into two groups and hide on the left slope and the right dense forest.”

“We’ll fight them when they’re close.”

“Right, you must pay attention to Geng Hu and the others’ positions. Don’t accidentally injure them..”
