

Special Troop 461

Chapter 461 - 461: The Battlefield is Always Cruel!

“F * ck! Where is this guy?!”

Looking at the current situation, Jack wanted to curse. They were stuck in this col. Other than some slightly larger rocks that could be used as cover, the rest were bare.

There was no place for them to dodge Qin Yuan’s bullets.

At this moment, the sound of sniper rifles could be heard continuously. Two members of the Reaper Team were unable to dodge Qin Yuan’s bullets and were killed in one shot.

“Gray, haven’t you found him yet?”

At this moment, Jack continued to ask Gray, his eyes filled with anger.

Now, Jack felt very aggrieved. Four or five of their members had already died, but they still could not find Qin Yuan’s location.

“Jack, this guy is too cunning. He keeps changing sniping positions.”

“It’s almost like one shot per position.”

Seeing that Jack was very angry, Gray had no choice.

As a sniper, he could feel Qin Yuan’s strength. With their current situation, as long as they showed their heads, what awaited them would be a fatal sniper bullet.

“Smoke grenades, quickly release them all.”

“Continue!”

“If this continues, we will be defeated by him one by one.”

At this moment, Jack shouted at the crowd not far away.

They had already released a few of them, but as soon as they showed their heads, they were almost all hit.

This made Jack feel a little afraid. How could Qin Yuan see them and kill them in such a thick smoke?

“Jack, this guy might really be able to reach the level of the world’s number one sniper. ”

“And even our previous world sniper champion was no match for him.”

“After all, a sniper who can still kill in the thick smoke doesn’t rely on his eyes anymore.”

At this moment, Gray was also very shocked, so he immediately reminded Jack.

It could be said that this was the first time Gray had encountered such sniping strength.

“Not relying on your eyes?”

“He can see our position without looking at his eyes?”

After hearing Gray’s words, Jack asked Gray in surprise.

It was also the first time he heard someone say that sniping could be done without the use of eyes.

“Yes, he has already reached the highest realm. He is using his heart to sense his surroundings.”

“Everything here has long been imprinted in his heart.”

“Even the wind and grass in the surroundings can’t be separated from his heart.”

“A sniper of this level is too strong.”

Looking at the situation just now, Gray immediately analyzed it.

At first, he thought that he should be able to have a sniping match with Qin Yuan, but now, he directly admitted defeat.

“Then what should we do now?”

“Are we just going to stay here and waste time with him?”

“This way, we’ll die a very ugly death.”

Hearing Gray’s analysis of Qin Yuan’s sniping skills, Jack really couldn’t think of a better way to deal with the current problem.

Not only him, Jack also saw a trace of fear in Gray’s eyes.

“At present, we have more people. We can only think of a way to deal with him.”

“Jack, I suggest we cancel this rescue mission!”

“We really aren’t his match.”

Seeing that another three members of the Reaper Squad had died in the thick smoke, Gray immediately reminded them.

He couldn’t remember if the company was willing to work hard, but he had to be alive to spend it!

Knowing that he could not fight Qin Yuan with his strength, Gray’s mind was filled with thoughts of retreating.

“Gray, I hope you know Mr. John’s temper.”

“If we go back like this, John’s bullets will welcome us.”

Hearing Gray say retreat, Jack’s face also showed a bitter expression.

Now, they were in a dilemma. There was a Sniper expert guarding this place. They could not enter or retreat.

Moreover, Gray had said that he was so strong, so Jack was not confident at all.

However, when they thought of John's personality, they could only think of a way to hold on.

"We have to retreat. Otherwise, we won't have a way out."

Seeing the number of members on his side continuously decreasing, Gray muttered in his heart.

Facing such a sniper, if they did not retreat, they would have no chance of survival.

"Fire cover, retreat!"

At this moment, Jack gritted his teeth and said helplessly to everyone.

How could he not know what Gray was talking about? Even if John died in John's hands when he went back, it was better than dying here.

"Yes, sir!"

"Yes, sir!"

At once, all the members of the Reaper Team responded loudly.

Their eyes were filled with fear. The cold and lonely aura from before was gone!

However, they couldn't be blamed. After all, this was the first time they had been tortured like this by a sniper.

Although Gray had practiced with them in the past, he didn't have such abnormal marksmanship.

After saying that, everyone immediately stood up and retreated. The members carrying the rocket launchers also kept firing at the surroundings..

Chapter 462: The Battlefield Is Cruel!

"You guys still want to run?"

"Can you escape?"

Looking at the chaotic Reaper Squad not far away, Qin Yuan chuckled softly.

Hence, he picked up his sniper rifle and aimed it at the people who were retreating.

Bang!

Bang! Bang!

With a few consecutive sniper shots, a few more members of the Reaper Squad fell directly. Some of them who did not die were seriously injured.

Almost no one could dodge Qin Yuan's bullets.

"Jack, you guys retreat first. We'll stay behind to cover the rear."

At this moment, a member of the Reaper team said to Jack and Gray.

With their current situation, there was no way for all of them to escape.

The only thing they could do was to let Jack and Gray leave first while they stayed behind to cover the rear.

“You guys are no match for him. At present, we have run out of heavy ammunition. If this continues, we will only die here.”

“We have to contact Mr. John and ask him to send someone to escort us out of here first.”

“This guy is too strong. If we can’t resist him, even Mr. John will die here.” Jack immediately said.

He really did not expect that China would have such a powerful expert other than the Dragon Soul. Even he had underestimated Qin Yuan’s strength just now.

He had blocked their Reaper Squad with a single gun. Only now did he know how strong such a person was.

“Sir, our communication equipment has been damaged. We can’t contact Mr. John at all.”

After hearing Jack’s words, a team member not far away told Jack about the situation.

“What?”

Hearing this news, Jack felt terrible. If he could not contact John in time, then the people who came here to trade might all die in Qin Yuan’s hands.

“Jack, retreat first. We’ll cover you.”

Gray said in a low voice.

To be honest, Gray didn’t want to die, but he had no choice.

In fact, the biggest reason why he was willing to join Jack’s group was that his wife and children were still in the hands of the group.

That was why he had retired from the army and joined the Reaper Squad.

“Gray!”

Looking at Gray’s eyes, Jack seemed to know something, because Gray’s eyes were filled with the smell of death.

“Jack, I hope you remember my kindness. Take my wife and children out of the company safely. You must ensure their safety.”

After saying this, Gray’s eyes were filled with coldness. He knew that he would definitely die here today.

If there was anyone who could leave, perhaps he was the only one. After all, he could use everyone here to buy time for him to escape.

After all, he was a veteran sniper.

“I... I will, don't worry!”

Jack immediately agreed when he saw Gray's expression.

He knew what Gray's gaze meant. According to today's situation, if Gray wanted to leave, only Gray could leave alive.

However, he knew why Gray was doing this.

Although Gray didn't join the Reaper Team wholeheartedly, it wasn't the first time Gray had saved his life.

Therefore, Jack was very grateful to Gray.

“Hurry up and leave!”

Seeing Jack agree to his conditions, Gray immediately dropped three grenades from his waist and threw them forward.

A few seconds later, the large rock not far away was blasted into countless fragments, and the surroundings were filled with flames.

Gray wanted to use these external factors to influence Qin Yuan's judgment as much as possible.

However, what Gray did not expect was that Qin Yuan had a system.

With his Eagle Eye skill, he no longer needed to consider these external factors.

Bang!

With the sound of a sniper rifle, a bullet flew past Gray's ear.

Along with it was the fragment of Gray's left ear.

He had already used his fastest reaction speed to dodge the shot just now, but he still couldn't dodge it.

Fortunately, he did not stand too high up just now. Otherwise, he might have died by now.

This was how a sniper battle was. The price of a mistake was life.

However, Gray felt that he was not facing a Sniper, but a Sniper God.

That spear technique was simply godlike.

Jack took advantage of this gap to run out. The members of the Reaper Squad kept holding their guns and firing in all directions to suppress them. “He ran away? That's exactly what I want! ”

Seeing that Jack had already run out, Qin Yuan smiled faintly.

In fact, he had long known Gray's plans. Qin Yuan was just playing along. After all, someone had to lead the way for him to destroy the firearms.

Although Qin Yuan knew where John and the others were, the firearms were not in their hands.

From the looks of it, Qin Yuan knew that John did not trust Shang Kun, so he did not bring the firearms from the beginning.

“You two, go over there!”

“You guys go over here.”

At this time, Gray was enduring the pain in his ear and commanding the Reaper Squad to fight.

All he could do now was to use these members of the Reaper Team to fight Qin Yuan as much as possible.

Although he knew very well that Qin Yuan was very strong, he was already prepared to die, so there was nothing to be afraid of.

Even if he had to die, he had to display his sniping ability as much as possible.

Qin Yuan smiled faintly when he saw this scene. Then, he raised his sniper rifle again. Bang!

Bang! Bang!

As the gunshots continued, the members of the Reaper Squad fell one after another.

After more than ten minutes, the entire battlefield finally quieted down. “You’re not a bad person, but there’s nothing we can do. This is a battlefield!” At this moment, Qin Yuan walked to the dying Gray and said slowly.

“You...You’re really... Strong!”

“I... I admire you.”

Seeing Qin Yuan walk to his side, Gray said his thoughts with difficulty.

If it was not for the fact that he had no choice, he would never have become enemies with Qin Yuan.

“Yes. Can you tell me your name?”

At this moment, Gray revealed a faint smile. He was now on his last breath, but before he died, he really wanted to know Qin Yuan’s name.

“Battle wolf! Qin Yuan!”

Looking at Gray’s expression, there was still a trace of respect in his eyes. Qin Yuan said his name indifferently.

The battlefield was cruel. Although he knew that some enemies were not bad, they were still enemies on the battlefield and had to be eliminated.

Qin Yuan would not choose to be merciful on such a problem. If he wanted to blame someone, he could only blame fate.

“Qin. Qin Yuan.”

“It is my honor to die under your gun.”

“Please. If there’s a chance in the future, please help me save them.”

At this moment, Gray slowly took out a yellowed photo from his pocket.

At this moment, it was already soaked in Gray's blood, but one could still see that it was a photo of a middle-aged woman and a seven or eight-year-old girl.

"What makes you think I'll help you?"

Looking at Gray's actions, Qin Yuan was a little surprised. After all, they were enemies.

Gray's actions clearly showed that he trusted Qin Yuan.

"Because I know Jack can't do it!" "He... He doesn't have the strength."

"And I know. You will!"

"My whole life. The ones I admire the most are the Chinese soldiers."

"But...Unfortunately, I'm not. Chinese."

As he spoke, a trace of loneliness flashed across Gray's eyes. Qin Yuan could see that Gray indeed had this kind of respect in his heart.

"Just based on your words, I'll help you!"

At this moment, Qin Yuan said indifferently.

Gray, on the other hand, was already dead.

"War is always cruel. If you can, I hope you'll be a member of China in your next life."

Seeing that Gray was no longer breathing, Qin Yuan slowly closed Gray's eyes. After Qin Yuan found a place to bury Gray, he took a look at the photo that Gray had just handed him.

Hence, he lit the photo with a lighter.

"I think you need this photo more than I do.."

Chapter 463: Finishing off John!

To Qin Yuan, as long as he had seen something once, this information would be imprinted in his mind.

Therefore, he did not need this photo at all.

He knew that Gray might need the photo more.

If it wasn't for his family, perhaps Gray wouldn't have chosen this path.

However, there was no other way. On the battlefield, if they were not comrades, they were enemies.

Death was a common occurrence on the battlefield. Therefore, some enemies could be respected, but not merciful.

However, if Qin Yuan really had the chance, he would help Gray settle this matter.

After all, he had already clashed with their group. Qin Yuan believed that he would definitely meet people from these groups in the coming days.

Moreover, if Qin Yuan destroyed John and the others, the group behind John would definitely come to seek revenge.

Battle wolf and them had a feud.

After burying Gray, Qin Yuan quickly chased after Jack.

At this time, Jack had returned to the camp where John and the others were.

“What?”

“You mean to say that you’re the only one who escaped from the entire Reaper Squad?”

After listening to Jack’s report, John was furious.

After all, he had paid a huge price for these members of the Reaper Team. The group had only given him a team of more than 20 people.

Moreover, in order to train these members of the Reaper Squad, the group had paid a lot of effort and price.

However, Jack told him that other than him, the others would not be able to return.

How could he not be furious at such news?

“Mr. John, the Chinese sniper we encountered was too terrifying.”

“Even...Even Gray said that it was the first time he had encountered such an opponent. He said that when he encountered such an opponent, there was only one outcome, and that was death.”

Jack’s voice was much softer when he saw John’s anger. After all, he knew how important the Reaper Team was and how much the company had spent to train them.

This trip had almost ruined the team that John had brought with him. It would be strange if John wasn’t angry. “A sniper with strong sniping abilities?”

“Did you meet the Dragon Soul Squad?”

“But, according to my understanding, there isn’t a single Sniper in the Dragon Soul Squad who has the ability to wipe out the Reaper Squad!”

At this moment, John’s eyes flashed with a cold light, and his tone was very cold.

According to Jack’s report, John knew that unless the Reaper Squad encountered the people from the Dragon Soul, they wouldn’t be afraid of any team with their combat strength.

However, he had a rough understanding of the Dragon Soul team. There was definitely no sniper among them who had such strength.

“Mr. John, I remember Gray saying that this person shouldn’t be from the Dragon Soul team. Moreover, among the team that Bott and the others encountered, this person should be the strongest.”

After hearing John's words, Jack thought of the traces of the battle that Gray had described when they had just arrived at the battlefield.

Judging from the traces of battle, most of them had died at the hands of this sniper.

"Check it for me. Investigate at all costs."

"I must make him die without a burial place!"

Mr. John was already extremely angry. This time, the group had sent him to make a deal, and he thought it would go smoothly.

However, who knew that they would encounter these Chinese soldiers as soon as they arrived? Moreover, Shang Kun couldn't even handle them.

Now, in order to save Shang Kun, his entire team was almost gone. What made him feel the most heartache was the members of the Reaper Team.

"There's no need to check. Aren't I here now?" At this moment, a voice broke the tense atmosphere.

"Who is it?"

The sudden voice startled John and Jack, so they looked around.

"Mr. John, it might be the sniper. He's coming!"

Jack said to John in horror.

Because other than them, the only other person who could have come here was the sniper from Huaxia Base.

"Haven't you been talking about me?"

"What's wrong? You're not going to say anything after I come?"

At this moment, Qin Yuan slowly walked into John's tent.

"You're the sniper who killed Burt and the others, as well as the Reaper Squad?"

At this moment, a figure appeared in front of everyone and slowly walked into the tent.

"That's right, it's me!"

Looking at John's surprised expression, Qin Yuan replied indifferently. "I didn't expect you to actually dare to follow me here and even appear in front of me."

"I didn't intend to have a conflict with you, but you chose a choice that you shouldn't have."

After seeing John, Qin Yuan said indifferently.

Originally, he did not intend to have a conflict with John and the others. Their purpose here was to eliminate Shang Kun's organization.

However, John and the others chose to help Shang Kun and fight against Huaxia.

Ever since John and the others started to make their choices, Qin Yuan had already thought about it and would not let anyone off..

Chapter 464 - 464: Finish John!

Since they dared to help Shang Kun offend China, they had to pay the price.

“I can say that I’m still very surprised that you’re here, but I feel that you seem to be too confident in yourself.”

John knew that according to Jack’s description, this Chinese soldier in front of him was only strong in sniping.

However, this did not mean that he was brave in close combat.

One had to know that Qin Yuan had come directly to their territory, and he had even come directly in front of him.

Although he had suffered heavy losses this time, he still had at least 30 members of the Reaper Party.

Even if Qin Yuan’s sniping ability was strong, it was useless. At this moment, his sniping ability was useless.

“I seem to have always been very confident!”

“Right, I came here to tell you that your choice will cause you and your men to die.”

Seeing John’s confident look, Qin Yuan said with a faint smile.

He knew that Shang Kun must have agreed to some conditions that John couldn’t refuse.

Otherwise, John wouldn’t have chosen to offend Chinese Base to help Shang Kun.

“You’re so confident, but I know that you won’t be able to go back today.”

Looking at Qin Yuan in front of him, John’s face revealed a trace of ruthlessness.

He did not expect Qin Yuan, a person with very strong sniping skills, to dare to face them at such a close distance.

Such people were either stupid or really strong, but John believed the latter.

However, he still recognized the combat strength of the Reaper Team.

He believed that no matter how strong Qin Yuan was, he could not do anything to him here.

“Then let’s try!”

After saying that, Qin Yuan quickly walked towards John. At this moment, Jack recovered from his surprise.

Seeing Qin Yuan rushing over, Jack immediately went up to him.

Bang!

After the two of them came into contact, Jack was sent flying backward, directly crashing out of the tent.

Then, he fainted.

“I told you, you made the wrong choice.”

Looking at Jack who was sent flying, Qin Yuan smiled faintly.

With these guys’ strength, Qin Yuan did not take them seriously at all.

He dared to come here and appear in front of John and the others openly. How could he let him go into danger?

“You...You!”

At this moment, the sudden scene shocked John so much that he couldn’t speak.

He knew Jack’s strength very well.

However, he did not expect that he could not withstand a single move from Qin Yuan.

John did not expect such a situation.

“What’s wrong? Are you still waiting for your Reaper squad members?” “I forgot to tell you. I’ve already sent them to see your God before I came in!” John looked surprised and kept looking outside.

Qin Yuan knew that John was definitely waiting for the members of the Reaper Team.

Unfortunately, John could not wait any longer.

“What is it? You... How could you?”

After hearing Qin Yuan’s words, John still looked at Qin Yuan in disbelief.

He did not expect Qin Yuan to be so strong without the help of the sniper rifle. Even he felt that he had seen wrongly. “It’s your turn. You’re the only one left.”

“How do you want to die?”

At this moment, Qin Yuan’s body emitted a murderous aura.

After all, John and the others were not good people, so Qin Yuan would not let anyone off.

“Don’t! You definitely want money. Tell me a number and I’ll give it to you!” After a few minutes, John looked at Qin Yuan in despair.

This was because Qin Yuan was right. Perhaps those members of the Reaper Team were already dead.

Otherwise, it wouldn’t have taken so long for him to come over.

One had to know that Qin Yuan’s actions just now were very big.

In this situation, John knew that the people from the Reaper Team outside might really have been killed by Qin Yuan.

Therefore, he became nervous.

This was because Qin Yuan's strength had indeed shocked him. "Money? Another guy who only knows money."

"Unfortunately, you made the wrong choice from the beginning." "Don't you know that you have to pay the price for making a choice?"

Looking at John's terrified expression, Qin Yuan smiled.

At this moment, John was no longer as calm as before.

"Don't come over. If you kill me, our group will definitely not let you off." "As long as you're willing, I'll give you money and wealth. Why not?"

Seeing Qin Yuan approaching him step by step, John tempted Qin Yuan again.

He hoped that he could use such conditions to move Qin Yuan.

However, he had forgotten who Qin Yuan was.

They were Chinese soldiers.

In the eyes of the Chinese soldiers, there was only mission and blame.

Against the Chinese soldiers, if you said that each person would pay a million to take down the mountain, not a single person would charge forward. In their eyes, as Chinese soldiers, they did not care about money at all.

"You seem to have the wrong target!"

After saying that, Qin Yuan took a big step forward and arrived beside John. He grabbed John's neck with one hand.

Then, he slowly lifted John up.

"I want to know where the weapons and equipment you brought are."

"If you tell me, I might let you go."

At this moment, Qin Yuan asked again.

Although John and the others had been taken care of, these weapons had to be destroyed. Otherwise, if they were left here and were discovered by some organizations, they would once again harm this area.

Although this place did not belong to China, the civilians were innocent. Qin Yuan did not want to see this place filled with war and darkness.

"Humph! You. Just give up!"

"I didn't expect to die here. But I know that if I die, you will come down to accompany me very soon."

John would not believe Qin Yuan's words either. If he really said it, then he would be useless.

That was true death.

He wasn't stupid. He understood these tricks very well.

"If that's the case, then you should die too!" As he spoke, Qin Yuan increased his strength.

"I... I said. Let me tell you."

At this moment, John was scared silly. Qin Yuan had really planned to kill him just now.

"Please don't kill me!"

"Don't kill me!"

For a moment, John's eyes were filled with fear as he begged Qin Yuan. "I've already given you a chance! But you don't cherish it! "

After saying that, Qin Yuan increased his strength and broke John's neck.

John never expected that he would die just like that.

Qin Yuan did not intend to spare John's life.

However, he remembered that there was another guy outside.

If Jack still remembered Gray's saving grace, he should be obedient.

Qin Yuan walked out.

"Time to wake up!"

Qin Yuan took a bucket of water and poured it on Jack's head.

"You!"

"Don't kill me. I didn't want to deal with you."

"This is all John's decision. I even stopped him in the beginning." After Jack woke up and saw Qin Yuan in front of him, he instantly went soft.

Facing Qin Yuan, he did not dare to say anything else.

After exchanging a move with Qin Yuan, he could clearly feel how strong Qin Yuan was.

It was simply a piece of cake for such an expert to kill him.

Therefore, he could only keep begging for mercy, hoping to get Qin Yuan's pity.

"Where are the weapons?"

"You only have one chance!"

Seeing that Jack was so scared that he went soft, Qin Yuan went straight to the point.

As John's trusted subordinate, Jack definitely knew where the firearms were.

"I... I'll talk."

"I'll bring you there now."

“But you must promise not to kill me!”

Chapter 465 - 465: Put Away Your Benevolence!

Qin Yuan did not say anything else. As for Jack, Qin Yuan did not intend to kill him.

Qin Yuan suddenly remembered that Gray had said that Jack knew where his wife and children were.

Therefore, Qin Yuan wanted Jack to go back and check on them. After all, Qin Yuan had already promised Gray that he would do it.

Qin Yuan rarely agreed to anything, but since Qin Yuan had already agreed to Gray's request, he would always remember it.

“Yes, sir!”

Qin Yuan's gaze seemed to have eased up a lot and so did Jack's worried heart.

Hence, he stood up and led the way for Qin Yuan.

Now that John was dead, it was useless to continue struggling. After all, they joined the group to make money.

They did not have the spirit to face death unflinchingly. Half an hour later, Jack brought Qin Yuan to a deep mountain.

“This is the place!”

As he spoke, Jack pointed to a place not far away. Qin Yuan looked around and saw a very hidden cave. If he did not pay attention, he would not have been able to see it.

“You guys really know how to hide things!”

“This place is so secretive, yet you guys were able to find it.”

Looking at the place Jack mentioned, Qin Yuan said indifferently. Jack did not lie to him. This was the place where John hid the firearms.

As soon as he arrived, Qin Yuan turned on the system radar to scan his surroundings.

He found that the cave Jack had mentioned did indeed have a lot of firearms. “This is our first deal with Shang Kun. John will not trust Shang Kun.” “That's why we found such a place to hide these firearms.”

Jack explained when he heard Qin Yuan's words.

“Aren't your firearms groups very powerful? You actually need to be afraid of Shang Kun?”

After hearing Jack's explanation, Qin Yuan was a little surprised. After all, Shang Kun was only the leader of the organization in this area.

As an arms dealer, John and the others would not be worried about such a small leader playing tricks.

“Actually, if it’s just Shang Kun, our group won’t be worried.”

“Most importantly, the people behind him. Shang Kun is just a puppet!”

“Those guys behind him are the ones who are difficult to deal with.”

“That’s why we’re so careful.”

To be honest, if it weren’t for the people behind Shang Kun, they wouldn’t have to be so cautious.

“It seems that the people behind Shang Kun are as powerful as your group, right?”

“Otherwise, I don’t think you would be like this!”

After hearing Jack’s explanation, Qin Yuan understood why.

From the looks of it, the people behind Shang Kun were definitely not weak.

Someone who could earn the respect of an arms dealer showed that they were very capable. “Yes, Mr. Sniper God!”

Jack nodded and said.

“Sniper God?”

After hearing Jack’s words, Qin Yuan smiled.

“By the way, I think you can do what Gray asked you to do, right?”

“I want to know where they are.”

Qin Yuan did not say anything about Jack calling him Sniper God and he immediately asked Jack about Gray’s family.

“Mr. Sniper God, how did you know?”

“He has already saved me several times.”

“Although people from organizations like us don’t really care about such feelings.”

“But Gray is my brother!”

Jack was a little surprised when he heard Qin Yuan suddenly ask about Gray.

One had to know that this was the wish that Gray had given him before he left, and Qin Yuan actually knew about it.

“Before he died, I promised him that I would save his family!”

Looking at Jack’s surprised gaze, Qin Yuan said indifferently.

“What?”

“Mr. Sniper God, we are your enemies. Why did you agree to our request?”

After hearing Qin Yuan’s explanation, Jack could not remain calm because he did not understand why Qin Yuan would agree to the enemy’s request.

“Although we are enemies, he is indeed worthy of my respect.”

“If you want to blame someone, blame yourself for coming here and choosing to become our enemy!”

At this moment, Qin Yuan turned around and his tone was very cold. He would not feel that there was anything wrong with killing Gray.

After all, this was war. Only one person would die among the enemies, but some people were worthy of respect.

“Mr. Sniper God, you’re too magnanimous.”

“I’m impressed!”

At this time, after Jack heard Qin Yuan’s words, he began to flatter Qin Yuan, but his eyes were still very respectful to Qin Yuan.

“But... Mr. Sniper God, although I know where Gray’s family is, it’ll be a little difficult to bring them away safely.”

“After all, Gray is dead now. The people from the group will definitely deal with this useless person.”

“But... I’ll definitely think of a way to protect his family.”

Hearing that Qin Yuan had agreed to Gray’s request, Jack felt that he had a better chance of fulfilling Gray’s wish.

In fact, in an organization like theirs, most of the powerful people were actually controlled by the group and worked for the group..

Chapter 466 - 466: Put Away Your Benevolence!

Gray was one of them.

“As long as you know where they are! This is the reason why I won’t kill you!”

After hearing Jack’s words, Qin Yuan emitted a murderous aura.

The surrounding air seemed to have become much colder.

“Sniper God...Mr. Sniper God, don’t worry. My life was exchanged for by Gray.”

“I, Jack, will do my best to fulfill his last wish!”

Looking at the killing intent emitted by Qin Yuan, Jack felt a chill run down his spine.

His aura was too powerful.

He could feel the cold aura from the side, and what Qin Yuan said was true.

Qin Yuan killed everyone except him, so it’s definitely not just for these firearms.

"This is my number. I want you to find out their location and let me know!" As he spoke, Qin Yuan took out a note and handed it to Jack.

"As for the deaths of John and the others, just tell them that I, Qin Yuan, killed them!"

"If you want to avenge them, come find me directly!"

This was what Qin Yuan needed. He just wanted to attract all the hatred onto himself.

"This..."

Hearing Qin Yuan directly reveal his name, Jack was a little stunned.

This was the first time he had seen someone reveal their name at a time like this.

If that was the case, Qin Yuan would have to face endless revenge in the coming days.

"Mr. Sniper God...If that's the case, it'll be very disadvantageous to you."

At this moment, Jack reminded Qin Yuan.

"I'm fine! Just do as I say!"

"As for you, I believe you know how to explain it to them when we get back!" "You should have the ability to save your life!"

Qin Yuan was very clear about Jack's reminder, but that was what Qin Yuan thought.

He wasn't afraid of others seeking revenge on him!

"Yes, sir!"

Seeing that Qin Yuan had said so, Jack did not say anything else.

"You can go now! I hope you will know what to do in the future."

"As for killing you, I can find you even if I have to go to the ends of the earth!"

Looking at Jack, Qin Yuan emphasized his tone.

"Yes, sir! Mr. Sniper God!"

"Don't worry, I know what I have to do."

"In the future, I will be your spy. If there is any news, I will inform you immediately."

Seeing Qin Yuan's emphasis on his tone, Jack tactfully promised. He knew that Qin Yuan was very strong, and he was the strongest person he had ever seen. He knew that Qin Yuan's words were not false.

If Qin Yuan really wanted to kill him, no matter where he went, Qin Yuan would definitely find him.

This was his intuition.

"Let's go!"

He didn't care much about Jack's words. The biggest reason for keeping Jack was to quickly find information about Gray's family.

"Yes, sir! Mr. Sniper God, take care!"

Jack bowed and left.

This time, when they came out to trade, everyone died. At present, he was the only one left.

It was indeed not easy to explain to the company if he went back.

After all, John was dead and he was the only one left. It was difficult to explain.

However, this was not a big problem for Jack.

Just as he was about to return, Jack took out his gun and shot himself in the chest.

Then, he stumbled toward the company's base.

Qin Yuan destroyed the firearms with a grenade.

Then, he returned to the gathering place of Shang Kun and the others.

"Captain?"

"Captain is back!"

"Captain! You're finally back!"

At this moment, seeing Qin Yuan walk over, Leng Feng shouted from afar.

"What's wrong? What's the matter?"

Looking at the group of people's excited expressions, Qin Yuan was a little surprised.

However, he soon understood what had happened.

"Is this little victory worth your happiness?"

At this moment, Qin Yuan smiled faintly.

He had just used the system to scan the village not far away and knew that Leng Feng and the others had already settled the battle here.

At this moment, Long Xiaoyun was treating the wounds of the injured soldiers.

"No. Captain!"

"In the situation just now, Captain Long was really powerful."

"If it wasn't for Captain Long, we would have been in danger just now." At this moment, Wang Yanbing, who was at the side, told Qin Yuan excitedly. "What happened? Where's Captain Long?"

At this moment, Qin Yuan was a little curious about what Long Xiaoyun had just done to make these guys from Battle wolf so excited.

It seemed that Long Xiaoyun had brought these guys back to settle the battle here.

“Captain. You don’t know how cool Captain Long was just now. That set of movements, that reaction.’

“This is simply the coolest move I’ve ever seen.”

Looking at Qin Yuan’s curious question, Wang Yanbing started gesturing excitedly.

His eyes were filled with infatuation.

“Very cool? Is she cooler than me?”

Looking at the group of people who were infatuated, Qin Yuan wanted to slap them. It was just a few cool moves. Did these guys have to be like this?

“Of course not!”

“Of course not. She’s not as cool as Captain Qin.”

Looking at Qin Yuan’s eyes, Wang Yanbing started to brag about Qin Yuan again.

This change in attitude was simply faster than flipping through a book.

“Coward...”

Looking at Wang Yanbing’s cowardly expression, He Chenguang chuckled softly.

Wang Yanbing had been the most excited just now, but now he looked like a coward.

“Why don’t you guys tell him then?”

Looking at the gazes that everyone was looking at him with, Wang Yanbing muttered in his heart. Just now, when Qin Yuan was not around, he could still brag for a while. Now that Qin Yuan was here, how could he dare to say good things about others in front of Qin Yuan? Wasn’t that purely asking for a beating! “Tell me!”

“What interesting thing happened just now?”

Looking at everyone, Qin Yuan smiled and spoke.

As for Long Xiaoyun’s moves, Qin Yuan was very clear that she had the strength.

However, in the face of a true expert, those were a little flashy.

“Just now, after Captain Long returned, we surrounded them according to the information we had previously obtained.”

“I didn’t expect that there would be a few members of Shang Kun’s organization among the commoners. Then, they shot us in the back.”

“It’s just some old people and children, so we didn’t pay too much attention to them.”

“In the end, if Captain Long hadn’t discovered it early, Er Niu might have died just now.”

“However, Captain Long’s reaction and moves are indeed very powerful.”

He Chenguang immediately explained.

“Then you still have the cheek to laugh here?”

“Such a big mistake, and you guys are still laughing. It seems like your usual training isn’t enough!”

After hearing He Chenguang’s explanation, Qin Yuan knew what had happened.

Actually, Qin Yuan had noticed it from the beginning, but he did not tell He Chenguang and the others.

This was a test for these guys.

However, they didn’t expect that the kindness in their hearts would affect their judgment.

“Captain, we... we...”

“We really didn’t expect that there would be elderly and children among the members of these organizations.”

Seeing Qin Yuan’s face suddenly darken, Wang Yanbing immediately explained.

“Let me tell you, this place is not like China.”

“This place is in turmoil all year round. The people are often harmed by war, so it has seriously affected the elderly and children here.”

“I just want to tell you to put away your kindness. Otherwise, it will only harm your own lives, and even the lives of your comrades.”

“And... Did you feed me the discerning ability I gave you?”

At this moment, Qin Yuan’s voice was very loud.

It was not that Qin Yuan wanted to be angry, but he wanted to let these guys from Battle wolf know.

There was a huge gap between reality and ideals.

Being in a different environment requires different judgment and analytical abilities..

Chapter 467 - 467: The International Special Forces Competition?

“I’m sorry. Captain!”

“We know we were wrong.”

After hearing Qin Yuan’s words, everyone from Battle wolf revealed awkward expressions.

Qin Yuan was right. They had been merciful from the beginning.

This wasn’t China. It could be said that this place was shrouded in war all year round.

The elderly and children here had long been affected by the environment. “I don’t need your apologies. Those words are the most useless.”

“I’ll teach you guys a lesson when we return!”

After saying that, Qin Yuan turned around and walked into the village without 100K1ng DaCK.

He had said what he needed to say, so he would let them reflect on the rest.

They needed to understand these principles themselves.

In a house in the village, the wounded were bandaging their wounds. Long Xiaoyun and Zhou Qing were there.

“Captain Qin? You’re back?”

Seeing Qin Yuan walk in, Zhou Qing immediately walked forward and said.

‘Yes!’

“Are they alright?”

Qin Yuan nodded and looked at the team members who were dealing with their injuries.

“Everything is fine. Are you done?”

At this moment, Long Xiaoyun asked in a low voice. Looking at Qin Yuan’s appearance, he should have finished dealing with it. Otherwise, this guy would not have come back.

“It’s all settled!”

“Where is Shang Kun now?”

Now that the mission here had been completed, the members of Shang Kun’s organization had been eliminated. As for Shang Kun, Qin Yuan planned to bring him back to Commander Li and the others.

Perhaps he could even implicate some of the people behind Shang Kun.

The most important thing now was still the person behind Shang Kun and the others. Shang Kun was just a puppet leader.

“We’ve already treated his wounds and sent people to guard him.”

“Now that we’ve dealt with Shang Kun’s organization, how are you going to deal with him?”

At this moment, Long Xiaoyun immediately asked.

“Take him back first and let Regiment Commander Li interrogate him!” “I believe that they are more professional than us in that!”

“Although Battle wolf has completed the mission, there are still many details that need to be studied!”

“Next, I plan to train them properly.”

Seeing Long Xiaoyun ask, Qin Yuan immediately explained.

Regiment Commander Li had more time to deal with the interrogation of Shang Kun.

Now, Qin Yuan was thinking about how to continue studying these Battle wolf members.

“It’s good to hand over the people to Commander Li and the others. After all, the border defense regiment is very familiar with these procedures.”

After hearing Qin Yuan’s words, Long Xiaoyun nodded and agreed. Commander Li and the others were from the border defense regiment, so they would know more about these organizations.

There was no need for Battle wolf to handle these matters.

“Oh right, how do you plan to train these guys from Battle wolf?”

Long Xiaoyun was a little interested when she heard Qin Yuan suddenly say that he was training the Battle wolf members.

This time, she had seen the problems of the Battle wolf members, but she didn’t know what to say about their behavior.

After all, who would know that those old people and children were members of Shang Kun’s organization?

Even for herself, if she hadn’t seen the calloused hands of an old man in the end, she wouldn’t have paid attention to these old people and children.

“This...You’ll know when the time comes.”

Qin Yuan could understand, but this could definitely be avoided. If the Battle wolf members paid more attention, they would be able to notice these problems.

This problem could be said to be neither small nor big, but it was fatal. If they were not careful, they might die in the hands of these people.

“Alright then! You’ve always been like this.”

Seeing that Qin Yuan was still keeping her in suspense, Long Xiaoyun stopped asking.

She knew that Qin Yuan had always been like this, but she could not deny that Qin Yuan was right.

“Alright, let everyone tidy up. Let’s go back too!”

“Chief, they’re still waiting for us to go back!”

Seeing that Long Xiaoyun no longer asked, Qin Yuan smiled.

“Okay!”

“Old Zhou, inform the team.”

“Let’s go home.”

As he spoke, Qin Yuan said to Zhou Qing.

“Alright, Captain Qin!”

After saying that, Zhou Qing immediately retreated and walked toward the Battle wolf members.

“Oh right, Qin Yuan, I forgot to tell you something.”

“In a few months, there will be an international special forces competition. This time, it will be held in America.”

“Chief, he said that we, Battle wolf and Wolf Fang, will each form a 10-man team to participate.”

At this moment, Long Xiaoyun remembered what the Bureau Chief had told her.

“International Special Forces Competition?”

After hearing Long Xiaoyun’s words, Qin Yuan said in a low voice.

He knew about this competition. To put it bluntly, this competition was a competition between the soldiers of each country in this peaceful era.

To put it bluntly, it was a battle between every country.

It was a competition of the military quality of the country’s soldiers.

“Yes!”

“In the past, it was usually Dragon soul.”

“I just don’t know why so many teams are needed this year.”

“According to the Bureau Chief, there are 10 special forces teams in China this time.”

“The other countries have more, but not less. In particular, the US has 16, and the Russia has 12.’

“Even some small countries have two or three of them.” Long Xiaoyun couldn’t understand this point either..

Chapter 468 - 468: International Special Forces Competition?

Why did they need so many special forces to join the competition?

This was almost all the special forces in the world.

“It seems that the Americans want to thoroughly understand the strength of the special forces of each country.”

After hearing Long Xiaoyun’s words, Qin Yuan’s expression darkened. He knew the intention of the US.

To put it bluntly, it was to let every country show their special forces.

“But if that’s the case, won’t we just send a few special forces?”

‘Why do we need to send so many special forces?’

She knew what Qin Yuan was talking about, but she just did not understand why the Bureau Chief would let so many special forces out.

Isn't this clearly falling into the trap of the Americans?

"Although, with so many special forces going, it might let the Americans know the strength of our special forces."

"But don't forget, this is an opportunity to show off the strength of our country and our troops."

"I want to. That must be the Bureau Chief's intention."

Qin Yuan knew why the United States did this, but Qin Yuan felt that sometimes, the strength that should be displayed still needed to be displayed. Otherwise, after a long period of peace, some countries would get restless.

"Alright then!"

"You can pick your own people for Battle Wolf! Give me the name list when it's out. I'll give it to the chief."

After hearing Qin Yuan's explanation, Long Xiaoyun understood the intention of doing so.

As for Battle Wolf, he would lead the team for Qin Yuan this time.

With Qin Yuan around, Battle Wolf might be a dark horse.

In the past few years, Dragon Soul had suffered a lot in the International Special Forces Competition.

And this year, Battle Wolf and Lang Ya were going to fight. Long Xiaoyun felt that with Qin Yuan around, Battle Wolf's ranking should not be too low.

"Alright, you're not going?"

Hearing Long Xiaoyun's words, Qin Yuan asked curiously.

"I won't go. You'll lead the team this time. My position will be left to the team members."

"We've made a deal. Don't disappoint me!"

Long Xiaoyun didn't have any thoughts about the International Special Forces Competition.

As someone who graduated from the International Special Forces Academy, she no longer needed to show her face internationally.

She felt that she could leave this to Qin Yuan and the other team members.

"That's not a problem. Battle Wolf might be number one."

Looking at Long Xiaoyun, Qin Yuan joked with a smile.

She knew what Long Xiaoyun was thinking. This was a rare opportunity. Whether it was the captain or the soldiers who participated, they were representing the country.

If the ranking was not bad, it could be considered a meritorious service for the country.

“Don’t be too arrogant, Battle wolf’s current condition is still far from perfect.” “The strength of those veteran special forces is not as simple as we imagined.”

“In every International Special Forces Competition, even Dragon Soul doesn’t get any benefits. What do you think we, Battle wolf, are going to face?”

“That’s why it’s good enough that the world knows about Battle wolf’s existence.”

Seeing that Qin Yuan was still full of confidence, Long Xiaoyun could not figure out where Qin Yuan’s confidence came from.

“Dragon soul is dragon soul, Battle wolf is Battle wolf.”

“You have to know who is leading Battle wolf? That’s me, Qin Yuan.” “With me around, you can rest assured!”

Seeing that Long Xiaoyun did not believe his words, Qin Yuan continued to brag.

A few months would be enough to raise Battle wolf’s team to another level.

Besides, with him around, these people were not a problem at all.

“Alright then! I know you can create miracles, so let’s see if you can continue this time.”

Long Xiaoyun was looking forward to it. She did not know what to say about Qin Yuan’s strength.

“Let’s go! We’re done here. We’ll go back first.” After saying that, Qin Yuan said to Long Xiaoyun.

“Okay!”

Therefore, Long Xiaoyun arranged for some people to carry the injured team members, and everyone returned to the place where they started training.

At this moment, Commander Li, who had received the news, came here to wait for Qin Yuan and the others.

“Qin Yuan, thank you for your hard work!”

As soon as Qin Yuan and the others returned, Commander Li came over and greeted Qin Yuan happily.

He didn’t expect Battle wolf to be so fast.

In just a few days, Shang Kun’s entire organization had been wiped out by Battle wolf.

Moreover, he had captured Shang Kun alive.

“Commander Li, this is our duty. There’s no need for you to thank us.” Qin Yuan replied with a smile when he saw Commander Li.

“This is because you are powerful. In such a short period of time, you managed to get rid of this tumor.”

“You have to know that we have organized a few operations to encircle and suppress them, but Shang Kun escaped every time.”

“I didn’t expect that this time, not only did you get rid of this tumor, but you caught this guy alive.”

“I can’t help but be surprised!”

Regiment Commander Li looked at Shang Kun on the stretcher in surprise. He knew how strong Shang Kun was.

He didn’t expect the newly formed Battle wolf Special Forces to have such strength.

“Regiment Commander Li, you flatter me.”

“I’ll leave Shang Kun to you!”

“There are many people behind him. I hope you can get some useful information from him!”

As he spoke, Qin Yuan gestured for the members of Battle wolf to hand Shang Kun over to Commander Li and the others.

“Don’t worry. If I don’t dig out the guys behind him this time, my surname won’t be Li!”

Commander Li said indignantly.

He knew that Shang Kun was just a puppet leader. He was very curious about the people behind Shang Kun.

“Alright, Regiment Commander Li, we’ll go back first.” “There are still many things to deal with in the base!”

At this moment, Qin Yuan said with a smile.

Shang Kun had already been handed over to the border guards. It was time for him to bring the Battle wolf members back to the base.

“Captain Qin, I’ve already informed the logistics department to prepare the food. Come back with us and eat before you leave!”

“It just so happens that I can have a few more drinks with you!”

Seeing that Qin Yuan suddenly said that he was leaving, Commander Li immediately said. Qin Yuan and the others had just finished their battle and needed to rest.

It was really unreasonable to bring him back as soon as he came back.

“No, Commander Li.”

“There will be plenty of opportunities to meet up in the future.”

“We really have to go back. Moreover, I need to report this operation to the chief as soon as possible.”

Seeing that Commander Li wanted him to stay, Qin Yuan immediately explained.

Now that everything was settled, he wanted to go back as soon as possible to make arrangements.

In the International Special Forces Competition, no matter what, Qin Yuan would make Battle wolf’s reputation resound throughout the world.

However, Battle wolf still needed a lot of training. He had to let Battle wolf grow as soon as possible.

“Alright then!”

“Captain Qin, you have a mission, I won’t keep you.”

“If you have the chance to come here in the future, remember to come to my place!”

Seeing that Qin Yuan seemed to be in a hurry to go back, Commander Li did not continue to ask Qin Yuan and the others to stay.

He knew that as a special forces unit, Qin Yuan and the others had a very tight mission.

“Sure! We’ll see you next time, Regiment Commander Li!”

“Alright, have a safe journey!”

After saying that, Qin Yuan brought the members of Battle Wolf and immediately boarded the plane.

Two hours later, Qin Yuan and the others returned to Battle wolf’s base.

“Everyone. I’ll give you all a night to rest. What I want to see next is a different Battle wolf.”

“I want each of you to take charge of your own side!”

After getting off the plane, Qin Yuan immediately said to all the Battle wolf members.

Although Qin Yuan was not very satisfied with this mission, he could not deny that it was already very good for them to have grown to this stage in such a short period of time.

After all, they were not like Qin Yuan, who had the help of the system.

‘Yes, sir!’

“Yes, sir!”

At once, everyone responded loudly.

They knew that Qin Yuan was not very satisfied with their actions this time.

However, they were not discouraged because they knew their current problem.

Moreover, they believed that in the future, they would definitely be able to satisfy Qin Yuan, the country, and the people..

Chapter 469 - 469: Battle Wolf, Heavenly Eye Battle Team!

After Qin Yuan finished speaking, he let the Battle wolf members go back to rest.

After returning to the treehouse, Qin Yuan immediately washed up. He had been out for so long and had not had the time to wash up properly.

“Captain Qin ! ”

At this moment, Gong Jian called out softly outside Qin Yuan’s treehouse.

After knowing that Qin Yuan and the others had returned, Gong Jian rushed over to Qin Yuan’s side immediately.

“Instructor Gong?”

After hearing Gong Jian’s voice, Qin Yuan washed up and opened the door.

“Why are you here? I was just thinking of going over to look for you after washing up.”

Qin Yuan said with a smile when he saw Gong Jian.

During this period of time, Gong Jian was in charge of the base. As the captain, he didn’t manage the Battle Wolf Base much.

“I just heard that you guys were back, so I came over immediately.”

“How was it? Did the operation go smoothly this time?”

Gong Jian said with a smile when he saw Qin Yuan.

During the period when Qin Yuan was not around, Gong Jian was extremely busy.

In order to cultivate technical talents in other fields that Qin Yuan had mentioned, he had spent a lot of effort during this period of time.

However, the other members of Battle wolf did not disappoint him.

These guys could learn 60 – 70% of the technology that Qin Yuan had taught them previously. At the very least, their Battle wolf’s technology in information warfare could now be used independently.

“It’s been hard on you during this period of time. You’ve been handling all the matters when we left the base.”

“How are those guys? It shouldn’t be disappointing, right?”

Looking at Gong Jian's smiling face, Qin Yuan knew that the recent results of the technical talents in these fields should not be disappointing.

"Captain Qin, ever since you told me that we were going to develop our technical talents in this field, I realized that these fields can be of great help to us in missions or battles."

At this moment, Gong Jian could not help but exclaim.

In modern warfare, these technologies were too important.

A good electronic network technology team, if used well, was comparable to an army and could even affect the entire battle.

This was why Gong Jian hacked into many of the military's systems when he asked the technicians to train.

He could even control a lot of control terminals.

Even though these weren't important systems, Gong Jian didn't dare to imagine what would happen if the technology was strong enough.

What kind of concept was this?

This meant that they could directly hack into the enemy's network terminal and order the enemy's troops to attack their own headquarters.

If such a thing happened during the war, the consequences would be unimaginable.

"In modern warfare, network information technology is crucial.

"Although we have our own technical team in the military."

"However, I hope that our Battle wolf has one." "We want to turn Battle wolf into a diverse special operations force."

"Battle wolf! It's not just a special forces unit!"

"I want to become a special forces force that is comparable to several armies." At this moment, Qin Yuan would say with strong fighting spirit.

One had to know that Qin Yuan's initial intention was to build Battle wolf into the world's strongest special forces.

"Captain Qin! I believe that with you around, Battle wolf will become the strongest Special Forces."

Seeing the determination in Qin Yuan's eyes, Gong Jian was deeply touched.

If not for Qin Yuan, he might still be an instructor in the fourth company of Sharpshooters.

As for the special forces, he really didn't dare to think about it.

But now, Qin Yuan had only used such a short period of time to train Battle wolf to this extent.

Even though the members of Battle wolf lacked actual combat experience.

However, as long as they trained and honed for a period of time, their strength would be stronger than many special forces.

Therefore, Gong Jian firmly believed that Qin Yuan could do it, and with his understanding of Qin Yuan.

What Qin Yuan said seemed to be coming true one by one.

“Let’s go. We’ve been away for so long, but we haven’t seen how those guys’ technical training is going.”

“I’ll go over and see their results too!”

At this moment, Qin Yuan said to Gong Jian with a smile.

He wanted to see how these guys had been training during this period of time.

One had to know that they were different from the members of the first and second teams.

However, they were still an important member of the Battle wolf. If they were used well, their influence would not be inferior to the members of the first and second teams.

“Okay! I believe you should be very satisfied.”

Gong Jian said with a smile when he heard Qin Yuan say that he was going to the information network room.

Although these techniques were all taught to them by Qin Yuan.

But during this period of time, these guys were very desperate.

After all, they had been eliminated from the qualifiers, and now they were still allowed to stay in Battle wolf. How could these guys not work hard?

After saying that, Gong Jian and Qin Yuan walked towards the information network room.

After this period of preparation, Battle wolf’s base was already on a large scale.

Some high-tech equipment was available to them at the first opportunity.

A few minutes later, Qin Yuan and Gong Jian arrived outside the information network room.

“Xiao Wu, I told you that it would be easy to deal with this website in Japan.

You just didn’t believe me.”

“Who doesn’t believe me? It’s just that aren’t you being a little too much?”

“Why didn’t you just hang this picture in the most eye-catching position for them!”

As soon as Qin Yuan and the others arrived outside the door, they heard a group of people in the information room laughing excitedly..

Chapter 470: Battle Wolf, Heavenly Eye Battle Team!

“What made you guys so happy?

At this moment, Qin Yuan opened the door of the network information room and walked in.

“Captain Qin?”

When they saw Qin Yuan walk in, the other members of Battle wolf greeted him in surprise.

They did not expect Qin Yuan to return.

“I heard from Instructor Gong that you guys seem to be working very hard recently!”

“Moreover, he is very proud of your results during this period of time.”

After seeing everyone, Qin Yuan said with a smile.

“This...

“Captain, ever since we were eliminated from the qualifiers, we thought that we were not fated to be with Battle wolf.”

“Later, you said that we could continue to stay in Battle wolf, so we definitely won’t let you down.”

At this moment, the Battle wolf member called Xiaowu laughed.

They were very satisfied with their results during this period of time.

Although they had not finished learning the techniques that Qin Yuan had taught them, at least they had some results.

“That’s right. Although you’re not in the first or second team, it doesn’t mean that what you’re learning now is necessarily bad!” “Let me see what you were doing just now!”

At this moment, Qin Yuan walked to Xiaowu’s computer.

At this moment, the big picture displayed on the page made Qin Yuan sigh. “You guys... you guys really know how to mess around huh?” “They actually put Teacher Jieyi on their military information website?”

At this moment, Qin Yuan smiled and said to everyone.

To be honest, Qin Yuan would not say anything about this.

The fact that they could do this proved that their skills had improved.

At the very least, he could make the other party feel helpless.

“That... Captain! We... We just thought that these guys were proud of it! We only taught them a lesson!”

Looking at the eye-catching big picture, Xiaowu explained in embarrassment. “I don’t blame you. I’ve longed disliked these Japanese guys.”

“However, I hope that if you want to do it, you will do it without leaving a trace!”

“I believe I don’t need to say more, right?”

Looking at everyone, Qin Yuan immediately instructed.

“Don’t worry! Captain!” “These guys are only good at talking.”

“Actually, it’s just some trash!”

“Yes, Captain. We’ve learned most of the techniques and skills you taught us.”

“Although we’re not as strong as you, we can still deal with some small guys.”

At this moment, everyone immediately said.

Qin Yuan’s strength had already stunned them from the beginning.

Perhaps the only man who could stay in the Swiss Bank system without being discovered was Qin Yuan.

The scene at that time was still lingering in their minds.

“Then, today, I want to see how your strength has improved recently.”

“Come on! ”

“All of you attacked my computer.”

“If you can do it today, I might have a different surprise for you!”

Seeing how confident everyone was, Qin Yuan’s hands were itching. He had not touched the computer and keyboard for a long time.

“Sure!”

“Captain, let’s make this clear first. If we can’t beat you, don’t be angry!”

Hearing Qin Yuan say that they would have a competition, everyone was interested.

One had to know that their dream was to be able to obtain Qin Yuan’s recognition in this aspect.

Therefore, he had been studying so hard recently just to wait for this day.

“Don’t worry! ”

“Come on!”

After saying that, Qin Yuan walked to an empty seat and sat down.

Hence, he turned on his computer.

“Let’s begin!”

With Qin Yuan’s order, everyone started to move.

The entire information network room was filled with the sound of typing.

Qin Yuan did not take action this time.

He watched as they began to hack his screen. Then, the computer was slowly controlled.

“That Panda Burning Incense virus seems pretty good.”

At this moment, Qin Yuan's mind actually flashed with the Panda Burning Incense virus that had invaded countless computers in his previous life.

He smiled and immediately started typing on the keyboard.

The speed at which Qin Yuan typed on the keyboard shocked Gong Jian.

"It's almost smoking, right?"

"This speed...Can you really do it?"

Looking at Qin Yuan's typing speed, Gong Jian did not know what to say.

"Comrades, hurry up. Don't let the captain slander you!"

At this moment, Xiaowu became nervous and said to everyone.

They had already hacked into Qin Yuan's computer screen just now, but now Qin Yuan was playing blindly!

Seeing Qin Yuan typing on the keyboard with a black screen, how could they not panic?

"This... Xiaowu, my computer is down!"

"Me too!"

"Us too..."

At this moment, the Panda kept popping up on the computers of the members. No matter how hard they tried to control the computers, there was no response. Even shutting them down was useless.

"What happened?"

"Mine is poisoned too!"

At this moment, Xiaowu said helplessly.

Looking at the panda that did not listen to him, Xiaowu sighed. They had failed in their competition with Qin Yuan this time.

It had been less than ten minutes.

"Captain! We lost!"

At this moment, Xiaowu turned around and said to Qin Yuan.

They knew that Qin Yuan was indeed very strong, but they did not expect him to be so strong.

One had to know that Qin Yuan was almost playing blindly just now.

This was the first time they had seen such an ability. It could be said that it was indeed shocking.

"Isn't it normal to lose?"

"You have to know that I taught you everything."

Looking at Xiaowu's dejected expression, Qin Yuan smiled.

“Captain, when can we reach your level?”

“When will you teach us?”

At this moment, the other members asked softly.

They had seen Qin Yuan blindly typing the code just now.

Therefore, they looked at Qin Yuan and were looking forward to Qin Yuan teaching them.

“This is nothing. In the future, you will all reach this level.” Looking at everyone’s expectant expressions, Qin Yuan smiled.

“Your performance this time was not bad! ”

“You must continue to study what I have given you. I believe that you will become Battle wolf’s sharp swords soon!”

“A sharp sword hidden in the dark!”

At this moment, Qin Yuan stood up and encouraged everyone.

Qin Yuan was still very satisfied with these guys in front of him.

One had to know that the future war could not be separated from these guys.

As long as they grew up, they would definitely become Battle wolf’s sharp swords.

Sometimes, their existence was even more valuable than the first or second team.

“Yes, sir! Captain!”

“Yes, sir! Captain, don’t worry, we won’t let you down!”

After hearing Qin Yuan’s words, everyone immediately agreed.

Although they didn’t go up to the front line to fight like the first and second teams.

However, their contributions weren’t small either. They believed that in the near future, they would become the pillars of Battle wolf.

It would become an invisible sharp blade, cutting the enemy’s throat in the dark.

“Good! Not bad!”

“Then I’ll tell you a piece of good news today!”

“From today onwards, the Battle Wolf Heavenly Eye battle team is officially established.”

As he spoke, Qin Yuan’s voice resounded throughout the entire information network room.

“Battle Wolf Heavenly Eye Battle Team?”

At this moment, everyone muttered in surprise.

“Lin Xiaowu!”

“You will be the squad leader!”

“Li Yuan, you will be the vice-captain!”

Before anyone could react, Qin Yuan continued to give the order.

“Yes, sir!”

“Yes, sir!”
