

## Special Troop 51

Chapter 51: Second-Class Merit!

After Zheng Xiaohu and the other man left, Qin Yuan returned to the system page again.

“System, organize personal data!” “System received! Calculating for you ...”

[Host: Qin Yuan] [Position: Iron Fist Regiment Logistics Company Commander]

[Military Rank: Captain]

[Physique: 55(Normal person: 10)]

[Skills: Elementary Eagle Eye (1000 meters), Elementary radar warning system (200 meters), Intermediate special combat technique. (8 times the physical fitness of an ordinary person)

[Advanced computer programming] [Skill Points: 205840]

“If this hadn’t happened, I would have over 400,000 Skill Points.”

“I originally wanted to give them some more body-strengthening liquid!” Qin Yuan looked at the 200,000 skill points that he had lost and felt a little heartache!

Originally, he had planned to use his skills to exchange for some body-strengthening liquid before bringing his soldiers into the wilderness to strengthen their physiques. However, it seemed that his plan had failed.

Qin Yuan then glanced down at the skill page.

“It’s time to upgrade the Eagle Eye and Radar Warning system!”

Qin Yuan looked at the two skills that were still in the beginner state and did not hesitate. He spent 200,000 skill points to immediately upgrade the two skills to the intermediate level.

Next, he would bring the soldiers to the wilderness survival training. The more advanced these two skills were, the more secure he would be. This way, the training would be easier.

“Ding! Congratulations to the host for upgrading the Eagle Eye skill to Intermediate Level. [Eagle Eye Range: 2000 meters]

“Ding! Congratulations to the host for upgrading the early warning radar system to the intermediate level. (The radar covers a radius of 500 meters.)”

The moment the system notification sounded, the early warning radar was activated. The sounds and matters within a kilometer were clearly imprinted in

Qin Yuan’s mind.

“The warning range has increased several times!”

Qin Yuan was very satisfied with the warning range of the early warning radar.

“System reporting the information of the soldiers of the logistics company!”

“Roger!”

“Currently, the host is the only one who has broken through to a physique of 50 and above.”

“There are currently two people who have broken through to a physique of 40 and above: Geng Hu (42) Zhou Qing (40)”

“Three people who broke through to a Physique of 35: Liu Ye (36), Zheng Xiaohu (37), Zhao Xiaowu (35)”

“The remaining soldiers have all reached level 30!” the system reported.

Qin Yuan was relatively satisfied with the information of the soldiers reported by the system. The physique of the soldiers had improved significantly in the past two months.

“Looks like the effect of the body-strengthening liquid is very obvious!”

Qin Yuan did not expect Zhou Qing to have also broken through to 40. Geng Hu was a little abnormal, but the effect of Zhou Qing’s transformation with the body-strengthening liquid was very obvious. Zheng Xiaohu and the others had also reached the physical requirements of ordinary special forces soldiers.

“There’s still a month left. I believe they can all reach the standards of the special forces!”

Qin Yuan believed that before the military exercise, he would definitely raise the physique of the entire logistics company to the standard of a special forces soldier.

The higher the upgrade, the more difficult it becomes, even if it’s just one point in physique, the effects are quite noticeable.

Although Qin Yuan’s physique is only in the 50s now, he can easily defeat opponents like Geng Hu who are much stronger in terms of strength, skills, and agility just by having one more point in physique.

“Looks like this is the only way for the next few days!”

Qin Yuan looked at his injuries. The Vitality liquid was currently repairing his bones. Judging from the recovery speed, he would have to lie down for at least two to three days before he could support his body.

Although the process of recovery was accompanied by intense pain, he could only endure it. This time, he was also very glad that he was able to survive. Now that he thought about it, he felt a little scared. He almost confessed.

He did not think too much about it. After logging out of the system, Qin Yuan lay on the hospital bed and fell into a deep sleep.

Early the next morning, Zheng Xiaohu and Geng Hu came to Qin Yuan’s ward with the porridge they had bought.

“Company commander! How are you feeling today?” Zheng Xiaohu picked up the hot porridge he had just bought and fed it to Qin Yuan.

“I feel much better!”

“Right! How is Jiang Feng?”

Qin Yuan instantly remembered that the platoon leader of the sixth company he had saved and immediately asked about his situation. “He’s fine! He has three broken ribs and is now in the next ward.” “He hasn’t woken up yet. I went over to take a look just now!”

“That’s good!”

As the three of them were talking, Commander Kang Lei walked in, travel-worn. When he entered, the corners of his mouth curled up into a smile.

“Qin Yuan! Let me tell you some good news!”

Kang Lei laughed loudly. As soon as he arrived, he wanted to tell Qin Yuan and the others about the notice that was issued by the higher-ups this morning.

“I just received a notice from the higher-ups this morning. After a serious discussion with the higher-ups, you have saved someone this time!”

“The higher-ups have decided to award you with second-class merit! Your military rank is still a captain. After all, you’re still too young. However, this credit will still be remembered for you. The military chief personally rewarded you and said that when you recover, he wants to see you at the military headquarters!”

Kang Lei was also very gratified. Qin Yuan was still so young, but he had already received such a commendation. Moreover, he had won the favor of the military commander.

However, as he spoke, Kang Lei’s expression darkened. When he thought of Qin Yuan’s injury this time, he also felt very regretful.

Qin Yuan was such a good soldier! However, this injury could very well ruin his future.

Qin Yuan saw that Kang Lei’s smiling face turned into a sour face in a second. He knew that Kang Lei was probably thinking about his health. After all, with such an injury, even though he didn’t die, it would be very difficult for him to make a difference in the military in the future.

Qin Yuan suspected that he wanted to transfer him to the rear after he was promoted.

“Sir! I’m fine. Aren’t I recovering now?”

“Moreover, I, Qin Yuan, have recovered quite quickly from my injuries since I was young. Don’t worry!”

Kang Lei knew that Qin Yuan was comforting him. Qin Yuan’s mentality was still good. If it were anyone else, they might have collapsed.

For a soldier, if he couldn’t continue to be a soldier, it would be a huge blow.

“Yes! Rest assured, I will do my best.”

Kang Lei knew that even if Qin Yuan was transferred out of the combat unit, he would do his best to arrange a good position for Qin Yuan.

“Yes, I am. Don’t worry, Regiment Commander. I won’t go anywhere except for logistics!”

“I haven’t finished what I promised you. How dare I go back on my word!” Kang Lei saw that Qin Yuan’s gaze was firm and did not give up on himself because of his injured body, so he did not say anything else. At this moment, Qin Yuan’s mentality was the most important. “Yes! Then rest well, I’ll leave the logistics company to you!”

“I’ll treat you to a drink after this military exercise!”

Kang Lei also tossed away his low mood. Since Qin Yuan was confident in himself, he could not have this mentality..

## Chapter 52: Geng Hu, Go Get Her Phone Number?

“Yes! Alright, just you wait and see, Commander!”

Qin Yuan did not say too much. Even if Qin Yuan was not around in this military exercise, the logistics company’s current strength would still be able to stand out in this military exercise. His body would also recover under the effect of the Vitality liquid, but he couldn’t tell everyone that.

The system was his biggest secret. Moreover, they wouldn’t believe him even if he told them. He might as well not tell them. He just needed to understand his body’s condition.

Kang Lei saw that Qin Yuan was fine, and his mentality was also very good. He did not give up on himself as he had worried.

There was nothing to worry about. This morning, he was worried that Qin Yuan would not be able to accept the fact that he was in a bad condition after waking up.

As soon as he received the good news from the military, he rushed over, hoping that this good news would calm Qin Yuan’s emotions. However, when he saw Qin Yuan’s state of mind, he was relieved.

“Yes! Then you should rest well. I’ll go back first! I’ll come and see you when I’m done.”

“Alright, Guild Leader!”

Seeing that Qin Yuan was fine, Kang Lei finished speaking to Qin Yuan and walked out of the ward.

After Kang Lei left, Jiang Feng, who had woken up, was pushed in by the nurses.

The first thing Jiang Feng did after waking up was to ask about Qin Yuan’s situation.

Even if they couldn't move, under Jiang Feng's forceful request, the nurses could only agree to his request and push Jiang Feng's bed toward Qin Yuan's ward.

Zheng Xiaohu and the other two were also dumbfounded when they saw Jiang Feng being pushed in.

"You're awake?"

Zheng Xiaohu looked at Jiang Feng lying on the hospital bed and said.

"Yes! Where's Company Commander Qin? How is he?"

"The commander is awake too."

Zheng Xiaohu also replied, but he did not tell Jiang Feng about Qin Yuan's actual situation.

"Jiang Feng, why are you here?"

Qin Yuan asked when he saw Jiang Feng being pushed in by the nurses.

"Reporting, Company Commander! As soon as he woke up, he forced himself to come here. We couldn't stop him, so we agreed!" The nurse immediately explained the situation.

"Yes! I'm fine!"

"Company Commander Qin, are you alright?" Jiang Feng looked at Qin Yuan with slightly red eyes.

When he thought of how Qin Yuan had used his life to protect his life at the last moment, tears flowed from the corners of Jiang Feng's eyes.

He knew how terrifying the impact of the waves was. At the last moment, he gave up.

However, Qin Yuan used his body to protect him at the last moment. Even so, he had broken three ribs. It was hard to imagine how serious Qin Yuan's injuries were.

"I'm fine! Don't worry!" Qin Yuan comforted her. "Company Commander Qin, thank you. You saved my life." "I, Jiang Feng, will definitely repay you in the future!"

"We're all comrades. What's there to repay? We're all Chinese soldiers, brothers!"

"Yes! Company Commander Qin, thank you!"

Jiang Feng understood a lot of things after this experience, and he admired Qin Yuan more and more.

He did not expect that after this, the idea of following Qin Yuan would grow in his heart.

Qin Yuan did not expect that one day, Jiang Feng would use his life to exchange for the person he loved the most, but that was all in the future.

"Company Commander Qin, I'll go back first. I'll come back when I'm better!"

When Jiang Feng saw that Qin Yuan was fine, the huge rock in his heart was finally put down.

“Yes! Rest well!”

With that, Jiang Feng was pushed back to his ward with the help of the nurse.

“Company commander! When you recover, will you have to leave our logistics company?”

Geng Hu also started to worry. He had been a soldier for so long, and Qin Yuan was the only person he admired.

However, according to the conversation between the regiment commander and Qin Yuan just now, he could sense the meaning in the regiment commander’s words.

The higher-ups might transfer Qin Yuan out of the logistics company.

Zheng Xiaohu also looked at Qin Yuan worriedly. They also knew about the company commander’s physical condition.

In the beginning, they couldn’t accept that their commander’s future would be ruined because of this injury.

However, Qin Yuan’s optimism was far beyond their imagination. The two of them were originally sad, but their emotions were also affected by Qin Yuan’s optimistic attitude.

“Don’t worry! I won’t go anywhere except for logistics!”

“Besides, without me, who can control you guys!”

Qin Yuan saw that the two of them had dark expressions and comforted them. “Yes! If you’re not here, I’ll beat up whoever comes!”

“Only you can be our company commander. Other than you, no one else can come!”

Geng Hu said loudly. Qin Yuan was furious when he saw Geng Hu’s expression.

“You brat! Can you not think of using your fists to solve anything!” “Hehe! Commander, I’m used to it!”

“Besides, what kind of good words can I think of with my brain? It’s more practical to use my fists to speak!”

Geng Hu grinned. He didn’t feel that there was anything wrong with using his fists to solve the problem!

In the past, whether it was in school or in the ring, fists were his greatest guarantee and advantage.

“Company commander! You really won’t leave the logistics company, right?”

“If you leave, we will definitely make a fuss at the regimental headquarters. Our company commander can only be you.” Zheng Xiaohu also voiced his thoughts.

After Qin Yuan came, their logistics company had changed too much, and Qin Yuan was not like the previous company commanders.

In just two months, Qin Yuan had almost become the backbone of their logistics company.

Regardless of whether it was his strength or style, Qin Yuan was deeply loved by all the soldiers in the logistics company.

“You brat, when did you become as stupid as Geng Hu?”

“You still want to cause trouble at the regimental headquarters or even higher?

Have you forgotten the duty of a soldier?”

Qin Yuan was also very helpless. Zheng Xiaohu could be considered one of the more rational people in the logistics company.

“Company Commander! ...”

Zheng Xiaohu wanted to say something but hesitated. In his heart, he was the same as Geng Hu and the others. He only admired Qin Yuan. Qin Yuan looked at the two of them and knew how they were feeling.

“Don’t worry! I won’t leave!”

“The two of you can go back in two days!”

“The military exercise is coming. Training can’t be delayed. I’ll be back in half a month at most!”

“Yes! As long as you don’t leave, I’ll do whatever you want!”

Geng Hu was in a much better mood after receiving Qin Yuan’s affirmative answer.

“Do whatever I tell you to do?”

“I saw you flirting with that nurse just now. Why don’t you go get her number?”

Hearing Qin Yuan’s words, Geng Hu

t

s face instantly turned red.

“Company commander...This was...This...”

Geng Hu did not expect Qin Yuan to find out about this. Just yesterday, Geng Hu

l

s burly personality also caught the attention of the nurse. This morning, the nurse confessed to Geng Hu immediately.

Who knew that when Qin Yuan was seriously injured, Geng Hu’s bad temper made the nurse think that he was very manly and had the temperament of a soldier.

“Coward...”

Qin Yuan smiled. When he saw Geng Hu and the nurse’s condition early this morning, he knew that they were not simple..

## Chapter 53: Aiyo! My Brain!

“Fine!”

Geng Hu was provoked by Qin Yuan and hurriedly walked out of the door.

Zheng Xiaohu immediately laughed.

“Company Commander, you don’t know that Geng Hu is a fool!”

“The nurse asked him for his WeChat this morning. You know what he said!” “What do you mean?” Qin Yuan also asked with a smile.

“He actually told her that he only has one WeChat account and asked the nurse to apply for one herself!” “Tell me...There’s actually someone who likes someone like him! ”

“The heavens are really unfair!”

Zheng Xiaohu laughed and complained, he didn’t expect Geng Hu to be such a typical straight man.

“That’s just how he is. I suspect that he’s never been in a relationship before, and he doesn’t really talk to girls.”

“I’m afraid if we ask him to get someone’s phone number, he would just take their phone directly!”

Just as the two of them were still discussing, Geng Hu, with a red face, rushed into the ward.

“Company commander! Quick, I’ve brought the phone. She said that she can only lend it to me for three minutes.”

“Call whoever you want! I have to return it!” Geng Hu said confidently.

Qin Yuan was speechless.

Zheng Xiaohu was speechless.

“Company commander! You’re a true god.

The two of them looked at Geng Hu in confusion. They did not expect it to be as Qin Yuan had said. Geng Hu actually came with her phone.

“Company commander, platoon leader!” “Why are you looking at me like that?”

“Commander, are you still going to make the call?”

Geng Hu asked Qin Yuan seriously, not feeling like he had done anything wrong!

“Aiyo, my brain!” Zheng Xiaohu scratched his head and laughed.

“No! I’m not going to make a call anymore. You should return it!”

Qin Yuan was instantly speechless. Looking at the honest Geng Hu, he did not know what to say.

“Company commander... Why did you ask me to get her phone number then?”

“You don’t know how awkward this is...”

Geng Hu blushed and walked out with the phone.

“Company commander! Do you think he can still be saved?”

Zheng Xiaohu looked at Geng Hu who had walked out and immediately asked

Qin Yuan.

“I don’t know...”

“This brain... I’m also helpless...”

Time passed quickly. Just like that, Qin Yuan had been lying on the hospital bed for five days.

Now, Qin Yuan’s bones had been repaired by the Vitality Liquid, but a white warm current was still wrapped around Qin Yuan’s bones.

Qin Yuan slowly got up and adapted to the newly repaired bones. Although it was still a little painful, at least he could support his body.

Geng Hu and the other two were also forced by Qin Yuan to rush back to the logistics company. The nurses had been taking care of him for the past two days!

“Why did you get up?”

“Something’s not right... You can actually move?”

A nurse walked in and saw Qin Yuan sitting up with a shocked expression. Qin Yuan’s bones were almost shattered! How many days had it been! He could sit

“Yeah, I’ve been lying down for too long. I saw that I could move so I moved around!”

“This is too bizarre. Don’t move first. I’ll call the doctor over now.” The nurse ran out in shock.

After a while, the nurse rushed over with the attending doctor.

“Company Commander Qin, you can’t move now!”

“Although your bones can repair themselves, it’s only been a few days!”

The attending doctor rushed over when he heard the nurse’s summons. As soon as he entered the door, he saw Qin Yuan sitting on the hospital bed and hurriedly reminded Qin Yuan.

“I’m fine. I really can’t take it anymore!”

The attending doctor saw that Qin Yuan was fine and was a little curious. He immediately brought the equipment to check on Qin Yuan.

“What’s going on?”

“It’s only been a few days! His bones have already recovered to such an extent?” “This is unbelievable! It was a miracle! It’s a miracle!”

The attending doctor exclaimed repeatedly. From the moment he entered the door, the expression on his face had not changed. Qin Yuan’s perversion was far beyond his imagination.

Qin Yuan looked at the dumbfounded crowd and did not know what to say or do.

“Company Commander Qin, you are the most incredible person I have ever seen in my medical career!”

“I didn’t expect your condition to completely exceed my medical knowledge!”

Looking at the attending doctor’s expression, if Qin Yuan was not a sergeant, he might have been immediately arranged to do hospital research.

In this situation, it was impossible for ordinary people to do this. The doctors and nurses looked at Qin Yuan as if they were looking at a monster.

“Doctor! Don’t look at me like that! I’ll be embarrassed!”

After hearing Qin Yuan’s words, the attending doctor finally reacted, and his face was slightly awkward!

“I’m sorry! Company Commander Qin, we’ve lost our composure!”

The attending doctor said apologetically. After all, Qin Yuan’s condition was really worth studying. If they could figure out how Qin Yuan recovered, it would cause a huge shock in the medical field. If they could develop a medical theory, it would be a medical achievement that would benefit the world.

“I’m fine! I’ve recovered quickly since I was young.”

Qin Yuan covered it up. It was impossible for him to tell them that he had a system!

“Then Company Commander Qin, you’re really different from ordinary people!”

“With your current condition, you will definitely recover in less than half a year. Moreover, there is still hope for you to enter the army again!”

“Yes! Thank you, doctor!”

“Company Commander Qin, you don’t have to be polite! This is what we should

“When you’re better, can you promise me a small request?”

The attending doctor looked at Qin Yuan expectantly, hoping that Qin Yuan would agree to his request. He really wanted to seriously examine Qin Yuan’s physique, hoping to find something useful.

Qin Yuan looked at the attending doctor with anticipation. He knew that the attending doctor was curious about how he could recover so quickly.

This request should be to check his physical fitness.

“Alright! Doctor, if I, Qin Yuan, can do it, I will do it!”

Qin Yuan immediately agreed.

“Good! Good! Company Commander Qin, when you’re better, I want to give you a systematic check.”

“Don’t worry, this process won’t affect your body in any way.”

“If there are any valuable discoveries, it will be for the benefit of the people.

Moreover, the hospital will also give you the corresponding remuneration!”

The attending doctor expressed his thoughts, as he was curious about Qin Yuan’s physical condition and what kind of physique would result in Qin Yuan’s current situation.

“Good!”

Qin Yuan also agreed, although he knew that no matter what kind of examination they did, the doctors would not get any useful value.

Not anyone could have the system. Qin Yuan was an exception, but Qin Yuan did not say it out loud, so he could only agree to the attending doctor’s request.

“Good! Thank you, Company Commander Qin!”

“Then Commander Qin, you should rest well first! We’ll go out first!”

The attending doctor instantly smiled. He was also very happy to get Qin Yuan’s permission.

With that, he led everyone out of Qin Yuan’s ward!

## Chapter 54: Isn’t This the Company Commander?

Just like that, Qin Yuan stayed in the hospital for half a month.

During this period, all the soldiers of the logistics company had to run more than 60 kilometers to the hospital to visit Qin Yuan.

After Qin Yuan was injured, the soldiers of the logistics company trained even harder. They hoped to see a different side of them when Qin Yuan returned!

The sixth company commander also came. His grandfather and the regiment commander were the most diligent, but they were numb to Qin Yuan’s recovery. Every time they came to see Qin Yuan, they did not look the same.

Yesterday, he was still limping. This morning, he was seen running on the hospital’s field, and Jiang Feng was still lying in bed! Qin Yuan naturally became the focus of the entire hospital.

“Is Company Commander Qin even human?”

Jiang Feng, with the help of a nurse, watched Qin Yuan running on the playground, feeling extremely unfair.

Qin Yuan's injuries were much more severe than his, and it hadn't been long since the incident! Yet here he was, running on the playground, while he was still lying in bed unable to get up.

These days, he had also heard the nurses talking about Qin Yuan's condition, and he was extremely shocked.

He tried to get up, but he couldn't move. The pain in his chest made him unable to stand up.

"Don't force yourself. If you continue like this, I don't know when your wound will recover!"

The nurse beside Jiang Feng immediately reminded him. Jiang Feng had tried countless times in the past few days, and every time the wound that had just healed was torn open by him, the nurse beside him felt heartache.

"F \* ck! Why can't I?!"

Jiang Feng looked at Qin Yuan on the field and felt puzzled.

For some reason, he actually had the idea of following Qin Yuan.

During this period of time, whether it was the logistics company or Qin Yuan himself, they were all extremely abnormal.

He knew that this must be because of Qin Yuan. Unknowingly, he had developed a serious curiosity about Qin Yuan.

"You should recuperate first! Company Commander Qin is a pervert. How can you compare yourself to him!"

The nurse looked at Jiang Feng and advised him. Jiang Feng fell silent and did not say anything else. He really understood Qin Yuan's perversion.

"Looks like I should go back!"

"Don't know what's happening to those kids in the logistics department but during this period of time, their physiques have broken through!"

After Qin Yuan finished his morning exercise, the system's rewards kept ringing in his mind.

In the past few days, the physiques of the soldiers in the logistics company had actually broken through the standard physique of the special forces.

He could imagine how hard they trained.

Although his body had not fully recovered, it would not take long.

After saying that, Qin Yuan walked to the attending doctor's office and prepared to go through the discharge procedures.

"Company Commander Qin, aren't you going to rest for a while longer?"

Seeing that Qin Yuan had come to settle the discharge procedures, the attending doctor did not say anything else. During this period of time, he had been so shocked by Qin Yuan that he did not want to talk anymore.

He had recovered in just ten days. He could only say that it was a miracle.

Qin Yuan had already cooperated with him to complete all the checks!

Although he didn't find anything valuable, he was already very satisfied.

Soon, she helped Qin Yuan settle the discharge procedures. After settling the discharge procedures, Qin Yuan also went to visit Jiang Feng.

He casually gave Jiang Feng a bottle of the homemade recipe that he had exchanged from the system.

Qin Yuan also went home. After eating at home, he went back to the logistics company without stopping.

He didn't see Miao Xiaoxiao when he went back this time. He heard from his grandfather that she had gone to participate in some art competition.

It was already evening when Qin Yuan returned to the logistics company! Night had already enveloped the entire logistics company.

"Are you tired?"

"I'm not tired!"

"The company commander is not here, but our training cannot be lagging behind!"

"Before the company commander returns, I want you to give him a different logistics company!"

"Can you do it?"

Qin Yuan had just returned to the gate when he heard Liu Ye's roar from the camp's training ground.

"Yes!"

"We're not tired! We can still hold on!"

Qin Yuan used the early warning radar to quickly scan the training ground.

The soldiers of the logistics company were each carrying about 200 pounds of wood and moving up and down in the mud.

After not seeing each other for a few days, the soldiers of the logistics company looked more determined.

Their eyes were filled with killing intent. The current logistics company was more like a steel and fierce army.

"These brats are not bad!"

Qin Yuan thought about it and began to plan to train these soldiers later.

Qin Yuan walked in. Instead of going to the training ground, he returned to his dormitory.

Tonight, Qin Yuan would begin training the soldiers of the logistics company in special tactics.

Qin Yuan scanned the soldiers of the sixth company and saw that the sixth company commander was leading the soldiers of the sixth company to cook.

The Sixth Company was about to take over the work of their logistics company. In fact, what Qin Yuan did not know was that the soldiers of the Sixth Company had long been numb to it.

They did not expect that the soldiers of the logistics company would train at such a pace that they did not care about their lives.

In the beginning, the soldiers of the 6th Company still persisted in competing with the soldiers logistics company every day. However, in the end, they realized that the training of the logistics company was insane.

Climbing glass shards, soaking in alcohol, and even using live ammunition for training. The training method was as perverted as it could be. The sixth company commander was also shocked by this scene at the beginning.

In the beginning, he had brought the soldiers of the Sixth Company to train together, but it had only been a few days. There were only twenty or so people left in their sixth company who were unharmed.

The others were all hospitalized. In the end, the sixth company commander had no choice but to stop their training.

Looking at the logistics company that Qin Yuan had groomed, they could only be deeply shocked. The Sixth Company could not last as long as the Logistics Company, so they brought the Sixth Company to cook.

“Company Commander Qin is back?”

Zhou Qing had just walked back to his dormitory from his office when he realized that Qin Yuan’s dormitory had been opened by someone. Zhou Qing gently opened the door and saw a figure in front of the window.

“Who is it?”

Zhou Qing took a step forward and quickly raised his right leg to kick.

Qin Yuan turned around and dodged Zhou Qing’s attack. He immediately stopped Zhou Qing.

“Old Zhou! It’s me!”

Qin Yuan immediately said.

“Company Commander Qin? Why are you back?”

“Are you feeling better? Why are you back so soon?”

Zhou Qing was overjoyed when he heard Qin Yuan’s voice and realized that the black shadow was Qin Yuan.

Qin Yuan turned on the lights in his room.

“Of course I’m fine! If you don’t come back, I’m afraid you won’t be able to hold on alone!”

“Company Commander Qin, your injury?” Zhou Qing also asked Qin Yuan worriedly.

“I’m fine! It’s almost better now!” Qin Yuan explained.

Zhou Qing looked at Qin Yuan, who seemed to be just as Qin Yuan had said. He was overjoyed that he was fine. He did not expect Qin Yuan to return so quickly.

During the period when Qin Yuan was not around, the entire logistics department had been entrusted to him alone.

He had only visited Qin Yuan once during this period of time. He had originally planned to visit Qin Yuan after he was done with his work.

He did not expect Qin Yuan to return. Looking at Qin Yuan’s condition, his recovery speed was too abnormal. Zhou Qing looked at Qin Yuan in shock. “Company Commander Qin! Why don’t you take a break for a while?”

“The logistics company is fine now. After your accident, the soldiers of the logistics company also trained very hard!”

“Old Zhou, are you saying that they train harder without me?” Qin Yuan smiled.

“Company Commander Qin! What are you thinking? Aren’t they all afraid that you’ll be transferred out of the company?”

“That’s why they’re all training with all their might!”

Zhou Qing smiled. Seeing Qin Yuan return meant that Qin Yuan was fine. “It’s been hard on you during this period of time!”

“Company Commander Qin, what are you talking about? We’re all commanders company.. This is my duty!”

## Chapter 55: Company Commander... This Is Not Good!

Zhou Qing sized up Qin Yuan from head to toe. He could not sense any change in Qin Yuan from before.

“Company Commander Qin was so seriously injured? He actually recovered to such a state in such a short period of time. This is too unbelievable!” Zhou Qing was shocked. Qin Yuan was simply a perverted existence!

But as soon as he thought about his own hidden ailment being cured by the homemade secret formula provided by Qin Yuan, he could understand.

That mysterious and powerful potion should be able to heal Commander Qin’s injuries as well.

Not to mention, the effect of that homemade secret formula was truly astonishing. Ever since he took it, his previous hidden ailment had been completely cured.

Moreover, the speed at which his physique was improving was much faster than before.

Therefore, it should be normal for Qin Yuan to be so abnormal. Zhou Qing glanced at Qin Yuan and was also a little curious as to why Qin Yuan had sneaked back.

“Company Commander Qin, the soldiers were very worried about you when you were injured. Aren’t you going to visit them?”

“I don’t know how many times they’ve been asking to see you during this period of time. You said that they couldn’t slack off in their training, so I suppressed it every time!”

“Yes, I know. I’ll give them a surprise tonight!” The corners of Qin Yuan’s mouth curled up slightly.

“Surprise? Tonight?”

Zhou Qing raised his eyebrows and looked at Qin Yuan curiously. Judging from Qin Yuan’s appearance, he would probably start torturing these soldiers again tonight.

Qin Yuan was still the same as before. As long as there was a chance, it was impossible not to torture these soldiers!

“Yes, I am! Old Zhou, go back and rest first! I’ll call you tonight!”

“Okay, Commander Qin, you just came back and you need to rest well. I’ll go back first!”

Zhou Qing turned around and walked out of Qin Yuan’s room.

With Qin Yuan back, he could relax slightly. During the period when Qin Yuan was not around, he racked his brains to think of how to train the soldiers. Now that Qin Yuan was back, the training was handed over to Qin Yuan.

Only Qin Yuan could think of such perverted training methods and only he dared to train like this.

After Zhou Qing left, Qin Yuan tidied up his room. He had not been around for half a month, and the table was covered in dust. After cleaning, he turned off the lights and lay on the bed to sleep. He did not even eat dinner.

Three in the morning.

The soldiers logistics company who had trained for a day had long fallen

asleep. They were exhausted and did not realize that Qin Yuan had already returned to the camp. After Qin Yuan woke up, he put on his clothes and walked towards Zhou Qing’s dormitory.

Dong dong dong...

Qin Yuan gently knocked on Zhou Qing’s door.

“Old Zhou, it’s time to get to work!”

Zhou Qing woke up from his sleep and heard Qin Yuan's voice outside the door. He got up and opened the door.

"Company Commander Qin, it's so late! What subject are you planning to train

Zhou Qing looked at his watch. It was already past three in the morning, so he asked curiously.

"Put on your clothes and follow me!"

"The military exercise is coming soon. We have to quickly strengthen the overall strength of our logistics company!"

"Good!"

Zhou Qing nodded, put on his clothes, and followed Qin Yuan to the soldiers' dormitory.

Zhou Qing also knew that Qin Yuan's goal was to bring the entire logistics company into the special forces. Now, all of Qin Yuan's training was to prepare for this goal.

During this period, the two of them also woke up the deputy company commander, Liu Ye. However, when Liu Ye saw that Qin Yuan had returned, he was not as calm as Zhou Qing.

Qin Yuan was so seriously injured. How long had it been? A normal person would have to lie in bed for a few months or even a year.

Who could be as abnormal as Qin Yuan! It had only been ten days, and he had already come back as if nothing had happened to him. After ten days, a normal person would not be able to stand up. It would be good enough if they could move in bed.

"Company commander! Are you really alright?"

Liu Ye looked at Qin Yuan with bulging eyes. He was shocked and worried about Qin Yuan's health.

"I'm fine, don't worry! I've recovered very quickly since I was young."

Qin Yuan could only respond to Liu Ye like this. Even if he told them about his system, they would not believe it.

His bones had not fully recovered, but they were almost healed. The effect of the Vitality Liquid was amazing. It was still nourishing Qin Yuan's bones, organs, and meridians. It seemed that he would recover in a few days at most.

"I really don't know how to describe you, Commander. You're really too abnormal."

Looking at Qin Yuan's abnormal recovery speed, Liu Ye could only silently envy him.

"Alright, I'm the chosen one. How can you compare yourself to me?" Qin Yuan could only smile helplessly.

"Forget it, I can't compare to a cheater like you, commander! Just accept reality! "

"By the way, I've already prepared the individual combat equipment that you asked me to prepare before!"

“I’ve already done it after you instructed me to do it, but I didn’t expect to encounter such a thing during training! ”

“Yes, alright.”

“We have to be prepared for the jungle survival. When we return, we will be in time for the military exercise. It’s time for others to see the sharp sword of the logistics company!”

Qin Yuan raised his head to look at the moonlight tonight. His eyes were filled with determination. In the past two to three months, after high-intensity training, the strength of the logistics company had also undergone a qualitative change.

“Yes! Company Commander!”

“This time, it’s finally our Logistics Company’s chance to shine! We used to be laughed at by others!”

“This year, we’ll let them see that the soldiers of our logistics company are not cowards! ”

Liu Ye was overjoyed. In the past, he did not dare to imagine that the logistics company would rise one day. Ever since Qin Yuan came, this dream had become a reality.

“That’s right! Everything changed after Company Commander Qin came.”

Zhou Qing and Liu Ye were all smiles. They were very happy when they thought that they could make the people who had laughed at them drop their jaws this time.

Qin Yuan looked at the two of them who were smiling and did not say anything. He knew that Liu Ye and the others had been sullen for so many years. Now that they had the chance to prove themselves, how could they not be happy?

“Let’s go! Let’s teach these guys a lesson first!”

“Deputy Commander Liu, please bring 20 smoke grenades and 20 tear gas grenades over!”

“I’ve been away for more than ten days. It’s time for them to miss me. I’m afraid they’ve forgotten me as a company commander!”

The corners of Qin Yuan’s mouth curled up. He was going to teach these guys from the logistics company a good lesson and teach them what special infiltration was.

“Yes, sir! Captain, wait for me here. I’ll be right back.”

After he finished speaking, Liu Ye grinned and ran towards the armory. He knew that when it came to training soldiers, it was most effective with Qin Yuan around because Qin Yuan was truly ruthless!

Seeing Qin Yuan’s smirk, Zhou Qing knew that the soldiers from the Logistics Company were in for it again. When Qin Yuan smiled, it usually meant trouble, so they were in for some tough training!

Soon, Liu Ye came back with a small box of smoke grenades and tear gas grenades.

“Old Zhou, Deputy Commander Liu, why don’t we...”

Qin Yuan immediately walked forward and whispered into their ears.

“Company commander! This isn’t good...”

“But.... I think I like it!”

## Chapter 56: These Things Are Too Pure!

Liu Ye laughed excitedly after hearing Qin Yuan’s words. Qin Yuan was too ruthless. He could even think of such a training method.

“Old Zhou, go get two fire pipes.”

“Deputy Company Commander Liu, you’ll have to trouble you to take care of the things we discussed earlier!”

“Gather here in ten minutes!” Qin Yuan quickly instructed the two of them.

“Alright, Company Commander Qin!”

“Company commander, just wait here for my triumphant return!”

After saying that, Zhou Qing and the other two quickly ran out to prepare for Qin Yuan’s instructions.

Soon, the two of them brought over everything that Qin Yuan had instructed them to do.

“Company commander, these goods are too f \* cking pure.”

Liu Ye covered his nose, and a refreshing smell wafted over. The pungent smell even stung his eyes.

“Company Commander Qin, is this really good?”

Zhou Qing’s eyes hurt from the pungent smell.

“Listen to me! Tonight, we’ll teach them what it takes to be a qualified soldier!” Qin Yuan said indifferently.

Zhou Qing and Liu Ye looked at each other helplessly and could only smile bitterly in their hearts. It was a surprise attack in the middle of the night, and the two barrels of goods that Liu Ye brought were really too pure. Only Qin Yuan could think of such things.

“Let’s go! Let’s go!”

After saying that, Qin Yuan walked towards the logistics company’s soldiers’ dormitory. Zhou Qing and the other two had bitter smiles on their faces. They could only follow behind Qin Yuan silently with their things.

After a while, the three of them quietly arrived in front of the logistics company's dormitory. After the sixth company arrived, the logistics company slept in a large dormitory, which saved them from running from dormitory to dormitory.

"Old Zhou, Vice Company Commander Liu! Take this!"

As he spoke, Qin Yuan took out two red watercolor pens from his pocket and handed them to them.

"Company commander! What are you doing?"

The two of them were also stunned when they saw the watercolor pen Qin Yuan handed over.

"After we go in, we'll use a red watercolor pen to 'slit' their throats one by one!"

"Special infiltration is also a skill that we should learn next. The two of you don't have any issues with this, right?" Qin Yuan said indifferently.

"No problem!"

"Don't worry, Company Commander!"

"Alright! Remember to be careful later. Don't let them wake up!" Qin Yuan instructed.

"Yes! Don't worry, Company Commander Qin. We can still handle it."

"Alright! Start moving!"

After Qin Yuan finished speaking, Zhou Qing and the other two took the watercolor pen that Qin Yuan handed over and gently pushed open the door of the soldiers' dormitory.

A few minutes later, Qin Yuan and the other two walked out of the soldier's dormitory.

"Why are these guys sleeping like dead pigs!"

"Based on the situation tonight, the entire company would be wiped out!" Liu Ye sighed helplessly.

"Yes, that's why Commander Qin told us to be vigilant!"

"With their current state, once the enemy infiltrated, they would have already sacrificed themselves!"

Zhou Qing was helpless. In just a few minutes, the three of them had killed all the soldiers in the logistics company. In a sense, it was equivalent to death. All of them slept like dead pigs, not realizing that a red line had been drawn on their necks.

"So ... We can only train them non-stop. Otherwise, when the war comes, we can only wait for death!"

"Vice Company Commander Liu, wake them up!" Qin Yuan said coldly.

"Yes, sir!"

After saying that, Zhou Qing and Liu Ye looked at each other. They suddenly opened the door and threw the smoke grenade and tear gas grenade in.

Fafa fa ...

Smoke grenades and tear gas grenades were thrown in by the two of them, and the soldiers' dormitory was instantly filled with smoke. A thick smoke with a choking smell instantly woke everyone up.

"What is it? Is there a fire?" "No, what is this smell?"

"F \* ck, this is smoke and tear gas! "

"Quickly get up..."

The dormitory was instantly in chaos. The thick smoke stimulated everyone, and the tear gas kept choking them until they were in tears.

"What's going on? Isn't the company commander still in the hospital? This kind of surprise attack shouldn't only be done by the company commander!"

After Geng Hu woke up, he saw that everyone in the dormitory was in a mess. He hurriedly got up and wanted to jump off the bed, but the thick smoke spread throughout the room. He did not realize that one of his feet had been tied to the foot of the bed by Qin Yuan with a hemp rope.

Bang...

"F \* Ck your grandpa..."

Geng Hu jumped off the bed and his face was already kissing the floor. Geng Hu's nearly 200-pound body hung upside down like a dead pig.

Most of the people in the logistics company were the same as Geng Hu. The scene was like entering a slaughterhouse, hanging there one by one.

"F \* ck, when did the deputy company commander and instructor become as perverted as the company commander?"

"That's right! It hurts!"

"Stop talking and get out quickly. If this continues, you'll soon become a smoked pig!" Zheng Xiaohu immediately instructed everyone, but when they untied the ropes, they realized that all their clothes had disappeared without a trace...

One by one, they ran out of the door in their underpants.

Whoosh...

The two barrels of pure goods hanging on the door instantly poured down...

"F \* ck, what is this thing!"

Zhao Xiaowu and Geng Hu, who were running at the front, were directly drenched in the water. The pungent smell instantly surged into everyone's noses.

“F \* ck! Platoon leader... “This is f \* cking shit!” “That’s right! This taste is absolutely real. It can’t be purer.”

The soldiers behind Zhao Xiaowu, who had been watering the vegetable fields every day, immediately reacted when they smelled the pungent smell.

After listening to his comrade, he touched the top of his head and found that there was still an unknown object hanging on his head. He grabbed it with his hand and looked at it under the faint light.

Isn’t this a pile of sh \* t? “Ugh..

Geng Hu instantly vomited..

“This kind of abnormal operation must have been thought of by the company commander.”

“That’s right! This training method is undoubtedly a company commander...”

“But isn’t the captain still in the hospital?”

Looking at the abnormal training in front of them, a smile appeared on everyone’s face. It was Qin Yuan.

“Stop talking. Let’s go out and take a look.”

Zheng Xiaohu also felt that only Qin Yuan, the company commander, would train them like this. Could it be that the company commander had returned? “I can’t take it anymore. My clothes are gone, and I’ve even been splashed with

“Let’s go out of the bathhouse first...”

Geng Hu and Zhao Xiaowu ran out in an instant. They could not care less that they were only wearing a pair of underpants. Even if they were not wearing anything, they would still run to the bathhouse first.

The group of people covered their noses and rushed out with all their might.

However, just as they ran to the corridor, they saw a scene that made their bodies tremble.

On both sides of the corridor, Zhou Qing and Liu Ye each held a high-pressure water gun, and the black muzzles were pointed at them.

“F \* ck...Run back! Hurry back to the dormitory...”

Geng Hu immediately turned around and ran towards the dormitory, shouting at the top of his lungs as he ran...

## Chapter 57: My Underpants...

Everyone watched Geng Hu and Zhao Xiaowu run out in a hurry and then run back, but they didn’t notice what had happened.

They were still rushing out one by one. When they saw Zhou Qing and Liu Ye, it was already too late.

Peng...

Peng...

The high-pressure water gun roared, and two water dragons spewed out. The few people who were walking at the front were directly swept to the ground.

The power of the high-pressure water gun was very terrifying. Just like that, red marks immediately appeared on their bodies.

"F \* ck! Instructor, deputy company commander...You can't play like this!"

"That's right! The company commander didn't come back! Why are you guys so perverted!"

"Deputy Company Commander, don't charge... My pants are gone..."

Zhou Qing and Liu Ye did not care much. Since Qin Yuan had already instructed them, they would spray them hard...

The two of them held the high-pressure water gun and fired at the crowd without caring about anything. The recoil of the high-pressure water gun made the two of them take a few steps back.

"Deputy Company Commander..."

"Instructor..."

"When did you become as perverted as the company commander..."

The group of people wailed, hoping that Zhou Qing and Liu Ye would stop attacking them.

Because of the impact of the high-pressure water gun, their small underpants could not withstand it at all. Several people hugged their naked buttocks and wailed bitterly.

Geng Hu was unable to escape Zhou Qing's water gun. He slipped to the ground in a hurry to escape, but when he got up, he was hit by Zhou Qing's water gun and fell to the ground. He fell heavily to the ground.

The crowd was also thrown into a mess by the water gun. They grabbed onto the only remaining underwear on their bodies to prevent themselves from being washed away.

"It's still better when the company commander is around! Training is really fun..."

Liu Ye looked at the tragic scene in the corridor and laughed. He did not show any sympathy or pity.

After a while, the high-pressure water guns in Zhou Qing and Liu Ye's hands gradually died down, and everyone stopped wailing.

Just as everyone recovered, they saw a familiar figure walking over.

"Company commander???"

"It's the company commander!"

When everyone saw that the familiar figure was Qin Yuan, they shouted.

“Company commander?”

Geng Hu, who was lying on the ground, immediately jumped up.

“Commander, why are you back? Why didn’t you tell us that you were back?”

“Are you all better?”

Geng Hu

t

His eyes were fixed on Qin Yuan. He was overjoyed when he saw Qin Yuan walk out. He did not care about his tattered pants and pounced on Qin

Yuan.

“If I don’t come back, how relaxed would you guys be?!” “Look at all of you now, and look at the red marks on your neck!”

Qin Yuan said coldly with a hint of anger.

Only then did everyone realize that a red line had been drawn on their necks.

Although it was diluted by the high-pressure water gun, the faint red marks were still eye-catching.

“Company commander... We...”

Everyone’s faces turned red. They looked at each other speechlessly.

“Take a look for yourselves. Tonight, just me, the instructor, and the deputy company commander wiped out your entire company.”

“All of you were sleeping like dead pigs. When the war comes, the enemy’s special forces team of a few people will be able to wipe all of you out.”

“That’s it! How can you talk about going to the battlefield, how can you talk about serving the motherland and the people?”

Qin Yuan looked at everyone and lectured them. He had already told them many times about their alertness, but this time, no one realized that they had sneaked in.

Realizing their mistake, everyone lowered their heads in shame. They blushed and did not dare to respond to Qin Yuan.

Seeing everyone lower their heads in shame, Qin Yuan knew that they would learn their lesson after this. His eyes were sharp as he said, “I’ll give you 10 minutes. Wash up immediately, collect your equipment from the deputy company commander, and gather here!”

“Yes, sir!”

“Yes, sir!”

Everyone responded loudly, turned around, and went back to wash up. They were very happy that Qin Yuan was back, and smiles appeared on their faces.

However, they were already used to Qin Yuan's training method. They all ran back with smiles on their faces.

"Whose Crayon Shin-chan's pants? Take it back!"

Qin Yuan saw that there was still a pair of pants lying in the water on the ground and shouted at everyone.

Zhao Xiaowu covered his lower body and ran over obediently.

"Co... Company commander! It's mine!"

"Hurry up and take it back!"

"Yes, sir!"

Soon, everyone washed up and stood neatly in front of the dormitory. All of them had smiles on their faces. They were extremely happy that their company commander had returned safely. They were looking forward to Qin Yuan's orders.

"Next, we'll be conducting 15 days of wilderness survival training. During this period, I'll teach you what special operations are. Next, it's time to test the results of your training."

"The annual military exercise will be held in 15 days. If you want everyone to look up to you and take off your clothes among all the soldiers, you'd better buck up and learn your skills in the following training."

"Yes, sir!"

"Understood, Company Commander!"

"Good! Since you all understand, we will set off now with heavy weights and try to reach the Seventh Company's jurisdiction before dawn. During this period, we cannot be discovered by any company and can only sneak in."

"Let's go!" "Yes, sir!"

"Yes, sir!"

Everyone was in high spirits. As soon as Qin Yuan finished speaking, he carried his heavy backpack and ran into the forest.

The 7th Company's jurisdiction was more than 30 kilometers away from their logistics company. If they wanted to avoid being discovered, they could only choose to enter the forest. With dozens of people like them, they could only go into the forest to hide their tracks.

Qin Yuan had taught them how to survive in the forest and hide their tracks before, so they did not seem to be at a loss.

Soon, the entire logistics company disappeared into the forest under Qin Yuan's leadership.

Early the next morning, the soldiers of the Sixth Company realized that the entire logistics company had disappeared. Only the Sixth Company was left in the encampment.

The sixth company commander woke up early in the morning and saw a letter on the table in his room. This letter was placed by Qin Yuan last night.

The sixth company commander opened it and saw that it was written by Qin Yuan. The general idea was to ask the sixth company to help manage the logistics company's station.

"Company Commander Qin? He recovered so quickly? How many days has it been!"

The sixth company commander read the contents of the letter in shock. "No! I locked the door last night. How did Qin Yuan come in?"

The sixth company commander looked at the intact door and the window, and his eyes were filled with horror.

"Sigh! What kind of person is he!"

The sixth company commander sighed softly. After a while, the door was knocked on by the soldiers of the sixth company..

## Chapter 58: Survival Training!

"Company commander! Not good!"

"The soldiers of the logistics company are all gone!"

Outside the door, the soldiers of the Sixth Company hurriedly shouted into the room.

"What are you shouting for? I know!"

The sixth company commander opened the door and was furious when he saw the panicked soldiers.

"The people from the logistics company have left, and none of you noticed?" "No, Commander!"

"Last night, we heard wailings from their dormitory. When we woke up early in the morning, they were gone." The soldier looked flustered and didn't know how to explain himself.

"Emergency training in 10 minutes!"

The sixth company commander immediately gave the order. Looking at the comparison between his sixth company and Qin Yuan's logistics company, he was furious.

"Yes, sir! I'll go and pass on the order now."

With that, the soldier hurriedly ran out.

On another flat ground in the forest, the logistics company members were lying on the ground, panting and resting. They had run more than 30 kilometers with weights, and they were exhausted. "Company commander, we are almost at the 7th Company's camp." Liu Ye walked forward with the map and said to Qin Yuan.

"Yes! Everyone, rest up on the spot. Oh right, Old Zhou, Deputy Company Commander Liu, let's go get them some breakfast."

"Breakfast? Where can I find breakfast in this wilderness!"

Liu Ye looked at Qin Yuan in confusion. His stomach was growling.

"Follow me! I'll bring the two of you to eat first." The corners of Qin Yuan's mouth curled up slightly as he walked into the forest. "Good! Commander, you treat us the best!"

"Let's go! Let's go! Old Zhou, let's go eat first!"

Liu Ye was overjoyed. After instructing everyone to rest, he pushed Zhou Qing and followed closely behind Qin Yuan.

Zhou Qing looked at Qin Yuan, who was smiling evilly, and knew that the breakfast was not simple. Under Liu Ye's urging, he helplessly followed Qin Yuan into the forest.

Not long after, Qin Yuan walked out with a few gray "Spicy Strips" and handed them to Liu Ye and Zhou Qing without saying a word.

With the help of the radar warning skill, all the creatures within a kilometer could not escape Qin Yuan's demonic claws.

"What? Company commander? This is the breakfast you were talking about!"

Liu Ye looked at the few grayish-brown snakes that Qin Yuan handed over. Seeing that the snakes were still rolling around, he immediately felt a chill in his heart. He admitted that he was a little scared.

"What else?" Qin Yuan replied with a smile.

"Commander, I'll start a fire now. Trust me, I'll make sure it'll taste good!" Liu Ye took the snakes that Qin Yuan handed over and thought of roasting them. They would definitely be crunchy.

"Deputy Company Commander Liu, this thing must be eaten raw."

"When the special forces fight in the wild, they sometimes go deep into the enemy's territory. Once they start a fire, they will be discovered by the enemy, so they can only eat it raw!" Qin Yuan instructed indifferently.

"What is it? Eat it raw?"

Liu Ye was dumbfounded. He felt his stomach churn when he saw these living snakes being eaten raw.

“Yes!”

As he spoke, Qin Yuan picked up a snake and immediately skinned it, eating it bite by bite.

Liu Ye looked at Qin Yuan eating with relish and felt a sense of resistance in his heart. Zhou Qing also took one and started eating, but his expression was not as calm.

Liu Ye saw that Qin Yuan and Zhou Qing had already eaten. If he didn’t do anything, it would seem like he was afraid.

He picked up a snake, skinned it, and put it into his mouth with great difficulty. He vomited a few times during the process. This was the first time he had eaten raw food like this. There was still snake blood at the corner of his mouth. Seeing that Qin Yuan and Zhou Qing had finished eating, he began to chew with difficulty.

“Alright! I’ll get some more for them! Wait for me here for a while. ”

After saying that, Qin Yuan took a big step forward and darted into the forest. Soon, he disappeared without a trace.

About 10 minutes later, Qin Yuan came out with a small sack.

He handed the bag to Liu Ye, who opened it curiously. There were dozens of “Spicy Strips” inside.

There was also a pile of frogs. Liu Ye looked at the mixed things in the bag and directly vomited.

“Looks like Old Liu still has to adapt!”

Zhou Qing sighed as he looked at Liu Ye, who was vomiting.

“This is the only way! If you want to become stronger, you have to constantly overcome your psychological barriers.”

“Let’s go! Old Zhou, let’s send it to those guys first.”

“Good!”

After saying that, Qin Yuan picked up the bag and walked towards the soldiers’ resting area, leaving Liu Ye still vomiting.

Not long after, Qin Yuan and the other man quickly returned to the place where everyone was resting. Qin Yuan threw the things in the bag in front of the soldiers.

“Everyone, eat something! Arrange for a combat mission in 10 minutes!” Qin Yuan immediately instructed.

Everyone was overjoyed when they heard that there was something to eat. They had not eaten anything since last night, and their stomachs were already growling with hunger.

The group of people rushed into the bags impatiently. They couldn’t stand the burden of traveling in the morning.

Geng Hu went forward to open the bag and took a look. The things in the bag shocked him and he immediately threw them on the ground.

“Damn, what the hell is this! You scared me to death!”

Everyone was also dumbfounded when they saw Geng Hu suddenly jump up and throw the bag on the ground.

Didn't they say that they were going to eat? Did they have to be so scared? Just as everyone was curious, the snake crawled out of the bag.

“F \* ck! Snakes?”

“And toads? How are we going to eat these things!”

“It looks terrifying and disgusting!”

Everyone was also shocked by the things in front of them. Just as everyone was still in a daze, Zheng Xiaohu walked over with a smile.

He picked up the things on the ground and said, “What do you know? This is good stuff. And this is a frog. Who told you that toads can be eaten? Wait for me, I'll start a fire and cook it!”

After saying that, Zheng Xiaohu was ready to carry him to the stream.

“Wait, Second Platoon Leader!”

“You have to eat these things raw! When we fight in the wild, we will often go deep into the enemy's territory. In that case, we can't start a fire.”

“So, you must all eat them raw! If anyone can't overcome it, then withdraw from the logistics company!” Qin Yuan's expression immediately became serious.

“Eat it raw? Company commander... Don't!”

When everyone heard Qin Yuan's request to eat it raw, they immediately resisted. At the thought of eating it raw, everyone retched.

“Don't dawdle! I'll give you 10 minutes. Clean up one fish each and eat them all!”

“If you can't even overcome this little difficulty, then don't stay in the logistics company!”

“The instructor and I have already eaten. I'll give you 10 minutes.”

“After 10 minutes, arrange the training mission!” Qin Yuan instructed everyone with a hint of sternness in his eyes.

“Yes .... ”

Chapter 59: Camouflage Training!

Everyone looked at Qin Yuan's serious face and did not dare to complain at all.

They took the bag from Zheng Xiaohu's hands and each of them took out a "spicy stick" from inside. They immediately peeled it and swallowed it with tears in their eyes. During this period, many people still could not get used to the bloody smell. After a while, a group of people started vomiting crazily.

"Gather! "

Qin Yuan did not give everyone any chance to catch their breath. He wanted to become stronger! Become stronger than others! They could only endure the pain that ordinary people could not endure and endure the training that ordinary people could not endure.

Soon, everyone got into their formation.

"Next, I will explain to you what special operations are! This wilderness training will further strengthen your combat strength! So you have to listen carefully!"

This special training in the wilderness was to train their cooperative combat ability and teach them what special operations were. He had taught them some special operations concepts before, and Qin Yuan was bringing them here to practice.

"Yes, sir!"

"Yes, sir!"

' Special operations refer to operations that are carried out by special forces or temporarily assigned special tasks to achieve specific goals.

" Including attacks on the head office, important military facilities, and other vital targets, as well as special operations to rescue hostages. "

"One of the special combat tactics is to infiltrate secretly and launch a surprise attack. We'll use all kinds of covert maneuvers to enter the enemy's rear or the vicinity of the intended attack target. We'll quickly subdue the enemy."

"This is a tactical method commonly used by the special forces to carry out operations behind enemy lines. Its main purpose is to directly achieve the specific purpose of the strategy and campaign or create favorable conditions for the strategy and campaign operations by concealing and suddenly attacking the enemy's important targets."

"So, I'll teach you all these things one by one. Do you understand?"

As soon as Qin Yuan finished speaking, everyone in the team looked excited. The special forces was their dream. Who wouldn't want to be a special forces soldier after joining the army?

"Company commander? Are we going to start learning special operations now?"

"Yes, Commander. Can we really join the special forces?"

Some soldiers in the team asked Qin Yuan excitedly. Before Qin Yuan came, they did not even dare to think about it.

“Do you want to be laughed at? If you don’t want to, then train well. This military exercise is the time to prove yourself!”

“If others can do it, why can’t you?”

Qin Yuan looked at everyone with a determined gaze. Everyone saw strong confidence in Qin Yuan’s eyes.

Qin Yuan knew deep down that although the overall strength of their logistics company was already high, the soldiers in their logistics battalion hadn’t had a chance to prove themselves yet, so they still carried the shadow of being ridiculed in the past.

“Company commander! We can definitely do it!”

“Yes, we can! We will definitely train well.”

When the soldiers of the logistics company thought of this military exercise, they also hoped to prove themselves in this military exercise and let others know that the people of the logistics company were not only good at raising pigs and vegetables.

“I’ll give you 20 minutes to use everything in the surroundings to hide within a 3-kilometer radius!”

“In 20 minutes, I’ll go find you with the instructor and the deputy company commander! The first 30 people to be discovered would be punished with 300 push-ups each! 500 frog jumps!”

“Let’s go now!” Qin Yuan immediately ordered.

“Yes, sir!”

“Yes, sir!”

Soon, everyone rushed into the forest and disappeared from the sight of Qin Yuan and the others.

Qin Yuan looked at everyone who had disappeared and also activated his early warning radar skill. Although his current radar scanning range was only one kilometer, it was enough for now.

After the early warning radar was activated, everything within a kilometer of him was clearly imprinted in his mind.

There were more than 20 soldiers hidden within a kilometer. Their every move could not escape Qin Yuan’s early warning radar.

“Company commander! It’s already been 20 minutes. Shall we start?” Liu Ye looked at his watch, walked to Qin Yuan’s side, and asked.

“Let’s begin!”

After saying that, Qin Yuan and the other two walked into the forest.

Soon, more than a dozen soldiers were pulled out by Qin Yuan like they were chicks. It was not because Qin Yuan had the early warning radar skill to cheat, but because Qin Yuan could not stand it anymore.

The dozen or so people who had used everything around them to disguise themselves were all wearing dark green combat uniforms and hiding behind rocks and trees. They did not have any disguise on them at all.

“You guys think this is a game of hide-and-seek?”

“Everyone will receive an additional 100 points on top of the original punishment!”

Qin Yuan looked at the dozen or so people with a sharp gaze.

“Yes, sir!”

More than ten people could only lower their heads helplessly, not daring to look at Qin Yuan! They really did not know how to hide. It was really difficult to hide in this dense forest in just 20 minutes. The better positions were all taken by other comrades.

Not long after, Zhou Qing and Liu Ye’s voices came from Qin Yuan’s earpiece.

In just five minutes, nearly 30 of the 40-odd soldiers of the logistics company had been captured.

Qin Yuan quickly walked forward. His early warning radar only had a range of one kilometer. Within this range of one kilometer, he did not find any soldiers from the logistics company. It seemed that many people had hidden outside.

“Di di di...”

Not long after, a system notification sounded in Qin Yuan’s mind.

A few red dots flashed in his mind within the range of the early warning radar.

Each red dot represented a soldier. Qin Yuan quickly walked towards the warning point of the early warning radar.

“Hiding your head but not your bum?”

Qin Yuan walked to the edge of the haystack and kicked it. A soldier shouted and crawled out of the haystack while covering his butt. Seeing Qin Yuan’s serious expression, he did not dare to speak and lowered his head helplessly.

Qin Yuan picked up a stone from the ground and threw it at the big tree in front of him.

Peng...

A soldier fell from the tree.

“Aiyo...It hurts! Company commander, the leaves are so lush. How did you find me?!”

The soldier clutched his chest and wailed.

“The tree is so conspicuous. Do you think your clothes match the surroundings?”

“Or do you think the enemy is blind?”

Faced with Qin Yuan's question, the soldier did not dare to say anything else. He could only limp up from the ground.

Qin Yuan quickly scanned the surrounding logistics company soldiers. At this moment, Zhou Qing and Liu Ye's voices came from his earpiece again.

In 10 minutes, the three of them had already discovered almost 40 people. Although Qin Yuan had the early warning radar, Zhou Qing and the others did not!

In such a short period of time, Zhou Qing and the others had discovered more than 20 people. It could be said that their camouflage skills were really bad..

## Chapter 60: Company Commander, You're a Big Hoodwinker!

Qin Yuan continued to go deeper, searching in the area where he was not looking.

The number of people decreased. Qin Yuan's early warning radar had been silent for almost two minutes!

There was no one in his direction now.

"Old Zhou, how many people have you captured?"

Qin Yuan immediately asked Zhou Qing and Liu Ye.

"Company Commander Qin! I've already discovered 12 soldiers! I've finished searching in this direction, and I didn't find any soldiers!"

"Company commander! I found 10! We've also finished searching, but we didn't find any other soldiers."

"Alright, I've caught 20 of them. Let's speed up! Search carefully again."

"Yes, sir!"

"Alright!"

After Qin Yuan heard the reports from the two of them, there were only six people left who had not been found. It seemed that someone had hidden well and could escape Zhou Qing and Liu Ye's search.

Qin Yuan quickly walked towards the area where Zhou Qing and Liu Ye were searching. He believed that Zhou Qing and the others should have finished searching. Since the two of them did not find anything, it meant that these soldiers were hiding well.

Soon, Qin Yuan met Zhou Qing.

"Company Commander Qin, I don't see any soldiers here!"

"Yes! Let's go to Deputy Company Commander Liu's side and take a look!"

"Okay!"

Qin Yuan did not receive any warning sounds from the early warning radar along the way, which meant that the remaining people were not in this area. The two of them quickly walked in Liu Ye's direction and soon met him.

"F \* ck, these brats hid well!"

"I've already searched back and forth several times, but I still haven't found them hiding there!"

Seeing Qin Yuan and the others walk over, Liu Ye was also a little embarrassed.

Qin Yuan's arrival meant that he and Zhou Qing had not discovered any soldiers. He did not know why he had a brainless trust and admiration for Qin Yuan. He did not believe that anyone in the logistics company could disguise themselves and escape Qin Yuan's vicious eyes.

"Deputy Company Commander Liu! You have to pay attention to the changes in everything around you."

"When tracking in the dense forest, you must be good at observing everything around you."

"Everything around here is alive. Trust me, they will tell us who doesn't belong here! "

Liu Ye looked at Qin Yuan and scratched his head, not understanding what Qin Yuan meant.

"Company commander! The things around here can't speak. How can they tell us where the soldiers are hiding?"

Looking at the confused Liu Ye, Qin Yuan walked towards a place not far away from Liu Ye. After walking for about 10 meters, Qin Yuan stopped.

"Deputy Company Commander Liu! Do you see any changes in the surrounding environment?"

"Change? This place is bare, and there is also a pile of withered grass and leaves! How can someone hide here?"

Liu Ye looked at the surrounding environment. Other than dead trees and leaves, it was impossible for anyone to hide here because it was too easy to be discovered.

Qin Yuanyuan took a few steps forward and twisted his right foot in a particular spot several times.

"Come out! Geng Hu!"

Qin Yuan's voice rang out, but there was still no reaction from the crowd. Liu Ye and Zhou Qing also looked at Qin Yuan curiously. There was no one here!

"Looks like you can endure it! In that case, I'll step on you a few more times and see how long you can endure!"

Qin Yuan smiled in his heart. When he arrived here, Qin Yuan received the warning sound of the early warning radar. He looked at his surroundings and the dead leaves in this position had obviously been flipped by someone. Some of the dead leaves were still wet.

With such a strong sun shining directly on the dry leaves, it was obvious that someone had flipped them. Seeing that Geng Hu was still unwilling to come out, Qin Yuan twisted the leaves with his right foot a few more times.

“F \* ck! I hid so well, how could the company commander find me? The instructor and the deputy company commander didn't find me hiding here. The company commander must be trying to trick me out again.”

“Endure it! This bit of pain is nothing!”

“Who am I? I am Geng Hu, this bit of pain is nothing..

Geng Hu endured the intense pain in his hand. He was stepped on by Qin Yuan dozens of times, but he was still unwilling to come out.

This was because he did not believe that Qin Yuan would discover him as soon as he arrived.

“Still not coming out?”

Qin Yuan once again said to the pile of dead leaves under his feet. Seeing this, Liu Ye also ran over and saw that other than the pile of dead leaves under Qin Yuan's feet, there was nothing strange about the huge dead tree!

Swoosh...

A figure crawled out of the withered tree hole.

“Company commander! Deputy Company Commander, stop stepping on me.

My hands are almost crippled!”

Geng Hu, who suddenly crawled out, also gave Liu Ye a fright.

“F \* ck! Geng Hu, you're really hiding here!”

“Commander, how did you find me? The deputy company commander went back and forth several times but didn't notice me. He stepped on my hand twice! ”

Geng Hu also asked curiously. When he arrived, he realized that the heart of the withered tree was empty.

Therefore, he made use of the bare environment around him to make many people think that this was an illusion that could not hide people. He hid in the tree hole.

However, the space in the heart of the tree was a little small. He could only leave his hands outside and curl up inside. However, he also used the withered leaves to cover it well.

“Actually...I was just fooling you!” Qin Yuan replied indifferently.

“F \* ck! Company commander, you big liar!”

“If I had known earlier, I would have endured it! I thought I was discovered!”

Hearing Qin Yuan’s words, Geng Hu’s face turned bitter.

“Alright! Do you really think you hid well?”

“Look at the wet dead leaves on the ground. It’s obvious that someone has flipped them over.”

“Do you think these dead leaves can still be so moist under such a strong sun?”

Seeing Geng Hu’s unconvinced look, Qin Yuan began to explain to everyone.

“So that’s how it is! Why didn’t I think of that!” Geng Hu scratched his head and instantly lost his temper.

“That’s why we must make good use of the surrounding environment no matter where we are. Also, we must pay attention to things that don’t match the surrounding environment.” Qin Yuan explained to the three of them again.

“Looks like I have to practice my investigation and counter-investigation.” Liu Ye came to a realization and was more and more convinced of Qin Yuan.

“Company Commander Qin, we have basically finished searching within a three-kilometer radius, but there are still a few other people who have not been found! Could it be that they have gone beyond the predetermined range?” Zhou Qing said what he was thinking.

When Geng Hu heard the instructor say this, the corners of his mouth immediately curled up slightly.

“Hehe! The rest should be the platoon leader and the others!”

When Zhou Qing saw Geng Hu’s smug expression, he recalled that the people they had caught and the people Qin Yuan had caught seemed to be Zheng Xiaohu and the others.

“It seems that you know where they are hiding?” Qin Yuan said with a smile.

“Of course, the platoon leader and the others are now...”

“No, Commander, are you still trying to fool me?”

“Commander, don’t even think about it. Even if you kill me, I won’t tell you..”
