

Special Troop 541

Chapter 541 - 541: First Meeting with Lin Xiao

Qin Yuan successfully met Lin Xiao. Lin Xiao's rugged and tough appearance immediately attracted him. Wasn't this the tough guy talent that Battle wolf needed?

"Hello, Chief!"

When Lin Xiao saw Qin Yuan's military rank, he immediately stood up and saluted.

"Hello! Comrade Lin Xiao!" Qin Yuan said with a smile.

"Lin Xiao, have you heard of Battle wolf?"

"Report! I've heard of it! Battle wolf is an elite unit of the special forces." Lin Xiao replied seriously.

"That's right!"

"There's an opportunity now. Do you want to seize it?" Qin Yuan nodded.

"What opportunity?" Lin Xiao looked at Qin Yuan with a questioning gaze.

"Of course it's the chance to enter Battle wolf!" Qin Yuan revealed a confident smile.

A hint of doubt flashed across Lin Xiao's face." Do you have to personally come out to recruit new members?"

Qin Yuan patted Lin Xiao's shoulder from behind and said, "I've been paying attention to you since you showed your talents in the recruit company."

"Including your outstanding performance in the company, I know everything like the back of my hand. Otherwise, why would I come personally to recruit ordinary people?"

"I've taken a fancy to your inner potential. Our Battle wolf needs an all-rounded talent like you."

"It just so happens that I have a business mission recently, so I came by to see you in person."

Lin Xiao nodded silently as he listened. He seemed to be deep in thought, but he did not say anything.

Qin Yuan, who had keen observation skills, quickly noticed Lin Xiao's abnormality. He blinked meaningfully and asked, "How is it?" Are you interested in coming over and giving it a try?"

Lin Xiao hesitated for a moment, then said ambiguously, "This..." I might need to think about it."

"What are you worried about? Not everyone has the chance to enter Battle wolf like you." Qin Yuan immediately asked for the reason.

Qin Yuan did not want to make a wasted trip like this. This time, he had to bring Lin Xiao back.

“Lin Xiao! What was he thinking? Even the captain of the Battle wolf Company personally invited him, this is full of sincerity.”

A man with the rank of captain strode in and said to Lin Xiao.

“Company commander!” Lin Xiao immediately looked at his captain. “Lin Xiao! I know what you’re worried about.”

“Are you worried that you’ll be ashamed of me if you follow Captain Qin to Battle Wolf?” The company commander bluntly expressed Lin Xiao’s true thoughts.

“Company commander...”

Lin Xiao was about to explain when he was interrupted by the company commander. He had no choice but to swallow his words.

“Lin Xiao, it’s an honor for our company that you were selected by Battle wolf. Even if you didn’t join our company back then, with your strength, you would have been selected by the special forces sooner or later.”

“Yes, Company Commander!” Lin Xiao replied.

Lin Xiao thought for a moment before saying to Qin Yuan seriously, “Captain, I’ll go with you!”

“Good! It seems that my trip this time was not in vain.” Qin Yuan immediately said, “Go back and register immediately. You’ll participate in the selection in three days!”

“Yes, sir!”

After exhausting all his strength, he finally settled Lin Xiao’s side. Immediately after, Qin Yuan quickly went to another unit to continue his recruitment work.

After some twists and turns, Qin Yuan finally settled the other candidates on the list. These people did not have any problems.

Originally, everyone had been looking forward to Battle wolf, but now that Battle wolf’s captain had personally invited them, how could they reject him? Only Lin Xiao was a bit more troublesome.

By the time he was done with everything, it was already evening. At this time, he and Geng Hu had returned to Battle wolf Base.

When they entered the base, they bumped into Lin Xiaoxiao on her way back from training.

Qin Yuan stopped Geng Hu and walked down.

“Hello, Captain!”

Lin Xiaoxiao saluted.

After about a week of training, Lin Xiaoxiao had more or less the temperament of a soldier. Her delicate appearance was even more heroic.

“Not bad. You seem to be adapting well.” Qin Yuan praised Lin Xiaoxiao.

“It’s all thanks to the captain.” Lin Xiaoxiao said humbly.

“Go back and rest. I’ll take you to see him in a few days.” Qin Yuan said with a smile.

“Really?” Lin Xiaoxiao’s eyes immediately lit up.

When she heard that she would soon be able to see her boyfriend, who had joined the army before her, she was so excited that she wanted to jump up immediately.

It turned out that Lin Xiaoxiao was He Chengguang’s childhood sweetheart’s girlfriend. In addition, Lin Xiaoxiao studied science and engineering, so Qin Yuan wanted to recruit her into Battle wolf to recruit talents.

Firstly, it would help stabilize He Chengguang’s emotions in Battle wolf, and secondly, Battle wolf wouldn’t have to spend so much effort to search for talents in the relevant fields. “That must be true. A man of his word is a man of his word!”

“Yes, sir! Thank you, Captain!”

Lin Xiaoxiao saluted and thanked Qin Yuan loudly.

The next day.

The phone rang in Commander Kang’s office. He answered the call and said,

“This is Kang Lei.”

“Regiment Commander Kang, you have a few soldiers that need to be transferred away. Please receive the order document!” Section Chief Zhang’s voice came from the phone.

“Alright, Section Chief Zhang! ”

After hanging up the phone, he realized that He Chengguang, Lin Muze, Tian Liang, and Luo Yong had been targeted by the higher-ups during the exercise.

Naturally, they couldn’t keep them. To be honest, Commander Kang really couldn’t bear to part with these people. When he thought about how they were about to be poached by Battle wolf, he felt really sad.

However, for them, going to Battle wolf was undoubtedly the best choice. If they successfully passed the assessment and entered Battle wolf, they would have a better future..

Chapter 542 - 542: Meeting Lin Xiao for the First Time

“Captain Qin, you can send someone to pick her up tomorrow. I’ll let you know first.’

“Alright, thank you, Commander Kang. Actually, I already know about this matter. I’ll arrange it properly.”

Qin Yuan answered Commander Kang politely.

“Captain Qin, you said you wanted these soldiers. You could have just told me directly. Why did you alarm the higher-ups?” Commander Kang asked Qin Yuan in confusion.

Qin Yuan paused and said, “I just thought that everyone would come and snatch outstanding talents. I don’t want you to be in a difficult position on this matter, so I got someone to report it to you long ago.”

“It seems that Captain Qin has thought it through.”

Clearly, Commander Kang approved of Qin Yuan’s actions. “Since you’ve already transferred people through the procedures, I won’t say anymore nonsense.”

“Hurry up and get someone to come and get their files. I’ll immediately arrange for it to be sorted out.”

“Alright! Thank you, Commander Kang.”

Not long after he hung up, Commander Kang immediately got the files of these people to be sorted out.

The next day.

Battle Wolf Base quickly sent people to pick up He Chengguang and the others. The person in charge of picking them up brought them to the station.

He gave each of them a ticket to a different location and announced their next mission. He asked them not to reveal their military identity for two days.

After arriving at the designated location, if there was really no other way on the way, they could directly call the phone behind the ticket. However, dialing the phone meant that they would be eliminated and sent back to their original unit.

Just like that, He Chengguang and the other three received different tickets and rushed to different locations. The person in charge of the assessment and acceptance went straight to their destination, waiting for the Battle Wolf candidates who had successfully passed the assessment.

That night.

He Chengguang and Tian Liang reached their respective destinations to rendezvous with the members of the Battle Wolf team, commencing their

escape and heading towards the direction of their destinations.

Tian Liang had been scammed twice by the organization in one night. He was starting to doubt his life.

As for Luo Yong, it was even worse. This guy directly began to oversleep. After being woken up, he and the contact made a mess. In the end, he was almost brought to the police station.

Fortunately, at the critical moment, he had an idea and immediately escaped with the things.

Lin Muze’s side was considered to be going smoothly. Everything was going in an orderly manner.

The four of them began to head towards the gathering point of the Battle wolf from different locations.

Battle wolf Base.

In the information command center.

On the big screen that greeted his eyes, the soldier showed the images of the four candidates.

Qin Yuan pointed at the big screen and said to the four of them, "Although they are now Battle wolf's people regardless of whether they participate in the selection or not.

"But I still want them to experience the harshness of the selection assessment and dampen their morale."

"Captain, you've gone through so much trouble. Aren't you wasting money and manpower?" Chen Guowei stared at the big screen.

"When they really get close, will Battle wolf still worry about not having a chance to dampen their spirit?"

"No, no, no, that's different!" Qin Yuan replied to Chen Guowei perfunctorily. He didn't answer his question directly. He merely smiled and didn't say anything.

"I want to wait until they experience true despair before I can step forward. I want them to be pleasantly surprised that they have survived a desperate situation." Qin Yuan thought for a moment and continued.

"This way, when they join Battle wolf in the future, they will be 100% obedient to the organization."

"Strength is important to us, but absolute obedience and the emotional intelligence of a team is very important."

Chen Guowei was stunned as he listened. How could he understand the rules of employing people and using troops?

"You?"

"Captain, this move of yours is really amazing. It can be said to be killing people's hearts." Chen Guowei flattered Qin Yuan.

Pa, pa, pa—

Qin Yuan ignored the bootlicker Chen Guowei and clapped his hands at everyone, indicating for everyone to look over. He said, "Next, arrange the mission."

After making some arrangements, Qin Yuan sent people to secretly keep an eye on these four people. "Keep an eye on them as required. If they successfully pass the assessment and come to the assembly point, don't worry about them."

"If anyone fails and gives up the mission, go and fetch them."

“Yes, sir!”

Everyone shouted in unison.

Then, he turned around and left the information command center.

As for where they were now, Geng Hu and the others didn't seem too anxious. Instead, they got into a jeep and left the camp to contact the command center.

After they obtained the location of He Chengguang and the others, Geng Hu and the others headed to their respective destinations.

Two days, two whole days.

He Chengguang, Lin Muze, Tian Liang, Luo Yong, these few people's escape route could be said to be incomparably difficult.

Getting into a chicken coop and getting covered in chicken poop, disguising as a woman and mingling in a crowd to avoid being chased by the police, or pretending to be a beggar and begging all the way...

Finally, before the time was up.

Tian Liang stood tiredly in front of the Battle wolf 'gathering point, Da Cang, and was about to speak.

“Bang!” He crashed heavily onto the ground.

Geng Hu and Liu Zhenhua hurried forward to help him up.

“Let's go!”

The two of them helped Tian Liang into the jeep behind them and quickly drove away.

After a while...

Luo Yong crawled here with difficulty like a beggar and was brought into the car by the other two people to quickly drive away.

After all, after two days of escaping, they had not eaten enough and had not slept well. It was not easy for them to escape all the way to the assembly point.

After experiencing the torture along the way, their vigilance had long dropped to the lowest.

Just like that, the few of them were carried away by the people arranged by Qin

Yuan.

The next day, when they woke up, they were chased out of the car at the same place. They looked at each other, not knowing what had happened.

He had already escaped to the agreed rendezvous point. Why did he come to this godforsaken place halfway?

Before they could start complaining, what happened next made them even more desperate.

It turned out that the escape earlier was just an appetizer. Now was the important part of the assessment.

Boom! Boom! Boom!

A convoy of high-ranking soldiers came from all directions, and the soldiers who were participating in the selection jumped down from the convoy.

Of course, Lin Xiao was inside.

Du du du-

“Gather!” Long Xiaoyun shouted as she got out of a jeep.

Shi Sanba and the others quickly ran to stand behind Long Xiaoyun.

The candidates quickly gathered in front of Long Xiaoyun.

It was still the familiar opening speech, “Welcome to the Battle Wolf Squadron...” Next, you will have to face a three-day journey of 150 kilometers.”

“The final requirement is to successfully leave the plains within three days. After walking through about 50 kilometers of the forest, we will reach the camp area of the Battle Wolf Base in the west. It is recommended that the team take action.”

“Because there will be a combat company left here to chase and intercept you, including but not limited to real-time aerial reconnaissance by helicopters.”

“Everyone gets a portion of dry rations, an old-fashioned compass to identify directions, and a signal flare...”

Similarly, this time, only 30 people were needed.

After the announcement, He Chengguang and the other three instantly felt like they had been played.

“Report!” He Chengguang shouted angrily.

“Speak!” Long Xiaoyun replied seriously.

“The four of us just participated in the city escape. We haven’t eaten or rested well. It’s obviously unfair to us.”

“What did you say? You want fairness?”

Long Xiaoyun had a disdainful look on her face as she scrutinized the four unkempt candidates in front of her with a sharp gaze.

“When you go to the battlefield, will the enemy let you go because you’re hungry and didn’t sleep well?” “Answer me!

Long Xiaoyun shouted.

“No!” Everyone replied in unison.

He Chengguang and the others were rendered speechless. There was indeed no such thing as fairness on the battlefield. Only the winner was king and the loser was a bandit.

“Let’s go! Begin the countdown!”

Long Xiaoyun immediately announced.

After saying that, the group of people scattered and ran away.

“Follow me.”

He Chengguang brought the other three people and ran far away, quickly entering the haystack at the side..

Chapter 543 - 543: Battle Wolf Recruit Assessment

“Are you confident?”

Tian Liang asked He Chengguang softly.

He Chengguang looked at Tian Liang, glanced at him, and slowly spat out three words.

“Then what should we do?”

“Are you guys tired?”

He Chengguang looked at the other three and asked,

Tian Liang and the other two looked at He Chengguang in confusion. They didn’t know what he was up to, but they answered He Chengguang’s question.

‘Yes.’

“You just participated in the city escape, you must be tired.”

“Then let’s find a place nearby to sleep first.”

After He Chengguang finished speaking, he led them forward.

Although the others didn’t understand what was going on, they had full trust in He Chengguang. They knew that He Chengguang definitely had his reasons for doing so, so they didn’t ask much and chose to follow He Chengguang.

Soon, He Chengguang found a bush. The middle of the bush was empty and surrounded by bushes. As long as he didn’t carefully enter, he wouldn’t be able to find it.

At this time, Luo Yong suddenly understood something and said to everyone,

“I know. He Chengguang wants to hide and rest first. When the pursuit team leaves first, they definitely won’t expect us to rest not far from the starting point, so they won’t investigate this place...”

“When they’re in front, we’ll keep walking behind them. They’ll definitely not be able to find us. This way, we can rest, and the risk of being discovered by the pursuit team is much lower.”

Lin Muze glanced at Lin Yong and gave him a thumbs uD.

“Not bad, you’ve become smarter.”

“Alright, all of you should rest for a while. Take turns to rest and leave one of you on guard. I’ll be on guard. You guys rest first. We’ll set off at night.”

After He Chengguang finished speaking, he lay on the outermost layer and observed the surrounding situation. Tian Liang and the others did not refuse. They took off their equipment and simply disguised themselves before falling asleep.

In the evening, when Lin Muze was on guard, he heard a sound not far away. The sound was getting closer and closer, so Lin Muze quietly woke He Chengguang and the others.

The four of them lay in the bushes and stared at that direction. Soon, a figure jumped out. The sky had just darkened, so they couldn’t see who it was.

He Chengguang gave everyone a look, and everyone nodded to indicate that they had received it.

When the figure was only one step away from them, He Chengguang realized that there was no one else around except for the figure.

After confirming that the figure was alone, He Chengguang, Lin Muze, and the other three people jumped out of the bushes at the same time and attacked the figure.

Although the figure was on guard, one person could not withstand four of them and was instantly subdued.

When He Chengguang saw the figure clearly, he was stunned.

“Why is it you?”

“He Chengguang, do you know him?” Luo Yong asked He Chengguang.

“Let him go. He’s participating in the selection like us. His name is Lin Xiao.

He’s not from the pursuit team. I remember him.”

He Chengguang and the others released Lin Xiao apologetically. Fortunately, it was just a false alarm.

“Why are you guys here?”

“Why are you here?”

He Chengguang and Lin Xiao asked each other at the same time.

Lin Xiao answered first,

“I want to wait for the pursuit team to walk in front and I’ll walk behind. That way, it won’t be easy to get caught.”

“What a coincidence. We thought so too. We thought you were from the pursuit team. Hehe.”

Luo Yong scratched the back of his head and explained with a silly smile.

“In that case, why don’t you team up with us and set off?”

He Chengguang sent a team invitation to Lin Xiao.

Lin Xiao lowered his head and thought for a while, but he still shook his head and refused.

“No, I don’t think it’s possible to be exposed alone. It’s safer. I want to go alone.”

“Alright, we’ll see you at the finish line.”

“Yeah, ” he said.

He Chengguang did not force Lin Xiao to stay. After all, it was good to have fewer people. It was his choice.

After Lin Xiao left, Lin Muze asked He Chengguang,

“He Chengguang, where are we going next?”

“Head towards your destination. On the way, try to observe your surroundings as much as possible. It’s better to be safe than sorry. If there’s anything wrong, change routes. Take your things and let’s go.”

After He Chengguang finished speaking, he led Lin Muze and the other two to their destination.

In the special forces base, Qin Yuan and the others watched everything that happened through the main camera. Long Xiaoyun’s expression was calm as she said without any worry,

“Shi Sanba and the others will definitely come back if they can’t see him. He Chengguang and the others definitely can’t hide.”

“We can’t hide from Shi Sanba and the others, but He Chengguang and the others don’t have to hide.”

Qin Yuan spoke with a certain tone. He knew that He Chengguang must have his own way. After all, he was someone he thought highly of.

“What do you mean by not necessarily hiding? Captain Qin, what do you mean?”

Long Xiaoyun asked Qin Yuan in confusion. “You’ll know when you see it.”

After saying that, Qin Yuan stopped talking.

“He Chengguang’s method is still the best. It’s been two days and we haven’t been caught by the pursuit team. We’ll reach the end after passing through the forest in front.”

Luo Yong said cheerfully.

Tian Liang could not help but retort,

“Are you stupid? Do you think that the pursuit team is as stupid as you? Do you think that they will wait for us at the finish line if they don’t see us? They will definitely come back and search for us.”

“Then what should we do? He Chengguang, do you have any good ideas?”

Luo Yong realized that he had thought too simply..

Chapter 544 - 544: Battle Wolf Recruit Assessment (Two s Combined)

‘Yeah, He Chengguang, do you have any plans? Tell everyone.’

Lin Muze asked He Chengguang.

Now, everyone placed their hopes on He Chengguang because he had the most ideas.

He Chengguang saw that everyone was looking at him, so he told them the plan that he had been thinking about for the past two days.

“The pursuit team will definitely search back. Moreover, they are all special forces elites. If we fight them head-on, we definitely won’t be able to escape.

Why don’t we...”

“Alright,” she said.

“That’s right, He Chengguang has a way.”

“Alright, I agree.”

When He Chengguang’s plan was announced, everyone felt that it was feasible.

He Chengguang’s plan received unanimous support, so the four of them hid in the forest.

“Leng Feng, if you ask me, they must have fallen behind. If we slowly search, we will definitely find them.”

Li Erniu said to Leng Feng,

The participants had either reached the finish line or had been eliminated. There were still five people who were still missing.

It was already night time, and the next morning would be over. According to Shi Sanba’s judgment, the five people must have arrived at the forest, so he ordered three people to form a group and split into three groups to search the mountain.

Leng Feng, Li Erniu, and Wang Yanbing were in a group. They were currently searching every corner of the forest carefully.

Leng Feng didn’t answer Li Erniu’s question. He suddenly gestured to the other two to stop moving forward.

Everyone had gone through life and death together, so they were already familiar with each other. Li Erniu looked at Leng Feng, his eyes indicating what was going on.

Leng Feng raised his chin in a certain direction. Li Erniu and Wang Yanbing looked over.

There was a bush not far away, revealing a little camouflage equipment. It was difficult to notice if one did not have sharp eyes.

Hence, Leng Feng quickly gave the order with his hand gesture. Li Erniu would quietly go and investigate while he and Wang Yanbing would stay behind and guard the surroundings.

Li Erniu slowly approached. The moment he pulled the grass, Luo Yong knew that he had been discovered and stood up.

“Don’t hit me. I’m injured. I surrender!”

Luo Yong stood up and shouted with a panicked expression,

When Leng Feng and the others saw Luo Yong being so cowardly, they felt that something was amiss. But they could not pinpoint what was amiss either. Just as Leng Feng and the others tensed up,

He Chengguang and Lin Muze jumped out from both sides and hit the back of their necks in an attempt to knock Leng Feng and Wang Yanbing out.

This sudden scene made Li Erniu turn around.

At this time, Tian Liang stood up beside Luo Yong. Tian Liang and Luo Yong knocked Li Erniu unconscious with a hand chop.

On Leng Feng’s side, the sense of danger caused Leng Feng and Wang Yanbing to tilt their bodies to avoid the position where they could easily be stunned.

The two of them turned around and fought together with He Chengguang and Wang Mu Ze. Luo Yong and Tian Liang joined in when they saw this.

4v2, Leng Feng and Wang Yanbing were indeed well-trained special forces soldiers, while He Chengguang and the others were just recruits.

In a 4v2 situation, He Chengguang’s side gradually fell into a disadvantage.

Leng Feng seized a good opportunity to sweep his leg and kick He Chengguang to the ground.

Just as Leng Feng and Wang Yanbing thought they were about to win, a figure appeared and knocked Wang Yanbing unconscious with a hand knife. Then, he charged towards Leng Feng with Lin Muze and the others.

No matter how skilled Leng Feng was, he couldn’t resist the five people charging at him from all directions. It was difficult for two fists to fight against four hands, especially when there were five people here.

Soon, Leng Feng was stunned.

“Lin Xiao, why do you always appear and disappear like a ghost?”

He Chengguang panted heavily and asked Lin Xiao,

Lin Xiao’s sudden addition instantly reversed the situation. Without Lin Xiao, He Chengguang and the others would probably have been captured by Leng Feng and the others.

Originally, He Chengguang wanted Luo Yong to be bait, Tian Liang to deal with the sudden accident next to Luo Yong, and He Chengguang and Lin Muze to hide on both sides to make a sneak attack. He did not expect that the plan could not keep up with the changes. Fortunately, Lin Xiao suddenly appeared.

“It means that we’re fated. We’re not far from our destination. Let’s hurry over together. Otherwise, if we delay for too long, the other pursuit teams will come and surround us.”

After Lin Xiao finished speaking, he helped He Chengguang up and continued to walk forward. Tian Liang and the others followed closely behind.

“Like I said, you don’t have to hide. Sometimes, prey is not necessarily prey, and hunters are not necessarily hunters.”

Qin Yuan said to Long Xiaoyun indifferently.

“I really didn’t expect a recruit to beat a special forces soldier. After all, there’s a big gap between physical fitness and actual combat experience.”

Long Xiaoyun lowered her head and thought for a while before slowly saying what she thought.

“It’s just that Leng Feng and the others think that the other party is a new recruit, a rookie, and underestimated the enemy. This is a big taboo on the battlefield. Otherwise, even ten recruits wouldn’t be able to beat the three of them.”

“Alright, get ready to welcome the new recruits.”

Qin Yuan was not too angry. He believed that Leng Feng and the others would reflect on themselves.

Qin Yuan looked at the recruits in front of him.

“Very good. You guys managed to avoid the pursuit team’s search and arrived here. This shows that you guys aren’t too useless!”

“Is everyone tired? Do you want to rest? Do you want to have a good sleep?”

“Yes!”

Everyone replied in unison. “Then go back to the dormitory and have a good sleep.”

Qin Yuan said with a smile.

“Everyone, disperse!”

Everyone was in disbelief. They were letting us go just like that? Shouldn’t he have tortured them first?

Qin Yuan looked at the unmoved people in front of him and asked loudly, “What’s wrong? Don’t you want to rest?”

When everyone heard this, they quickly dispersed and ran back to the dormitory to have a good sleep.

“Captain Qin, why don’t you try to dampen the spirit of these little guys?”

Long Xiaoyun walked to Qin Yuan’s side and asked curiously. “Have you realized that you’re becoming more and more like a book?”

Qin Yuan whispered into Long Xiaoyun’s ear mysteriously.

“What book?”

“A Hundred Thousand Whys”

After saying that, Qin Yuan slipped away. Women were not to be trifled with.

“Qin Yuan, you...”

Long Xiaoyun was about to say a few words to Qin Yuan, but when she saw that Qin Yuan had walked far away, she did not finish.

Thinking about it carefully, Long Xiaoyun did not know why she had so many questions. Long Xiaoyun felt that it must be because of Qin Yuan, so she could not be bothered to think about it.

“Gather!”

Shi Sanba whistled and shouted for everyone to gather. The people who had just passed the selection today all stood up and quickly put on their clothes and equipment. They stood in neat rows outside.

“Do you know what time it is?”

Everyone looked at the pitch-black sky around them. They did not know what time it was, but they felt that they had not slept enough.

Shi Sanba continued,

“It’s midnight now. I can’t sleep. I can’t sleep. I want to see your training performance. Is there any problem?”

Everyone answered in unison. Even if they did, they could only say no.

“Report!”

At this moment, He Chengguang said indignantly,

“Speak!”

“We didn’t rest well. I think we should conserve our energy to complete the training better.”

Shi Sanba stared at He Chengguang for a while and said with a smile,

“You did a good job. It’s better to train with a good rest.”

The next second, Shi Sanba’s expression changed again.

“But will the enemy give you a good rest before starting a war with you? The special forces had to be ready to fight at any time! Everyone had to carry 20 pounds for 15 kilometers. If you feel that you can’t take it anymore, then go back to your original army and be a young soldier.”

“Begin! ”

They had no choice but to fill their backpacks with 20 pounds and start the 15-kilometer run.

After running, everyone sat on the ground in exhaustion.

After resting for half an hour, Shi Sanba called for them to gather again.

“Everyone must have trained shooting in the original unit. I heard that all of you are outstanding sharpshooters in the original unit. I want to see you today.”

“Shooting from three hundred meters, hitting the bullseye should be no problem, right?”

“No problem!”

Everyone replied.

“Good, you’re motivated. Split your guns.”

Shi Sanba ordered his men to distribute the guns to them. After they were distributed, they were all dumbfounded. It was just an ordinary rifle without a magnifying scope. In such a dark night, they might not even be able to see the target clearly, let alone hit the bullseye.

Everyone tried a few shots, but they all missed the target. Only Lin Xiao and He Chengguang could barely hit the target, but they only hit the fifth and seventh rings..

Chapter 545 - 545: Third-Party Force!

“Report!”

“Speak! ”

“It’s so far away and the sky is so dark. This rifle doesn’t even have a scope. We can’t even see the target clearly. We can’t shoot!”

He Chengguang stood up again to preach.

Shi Sanba looked at him and shot him without saying anything.

“Bang!”

After a gunshot, Shi Sanba turned to the person beside him and said,

“Go, bring the target over.”

After a while, the target was brought back. Shi Sanba walked up to He

Chengguang with the target and asked,

“How many rings is this?”

“Report! Nine Rings!”

“Then do you have anything else to say? Why aren’t you convinced about anything?”

Shi Sanba asked He Chengguang loudly.

“Report! You’re a veteran with rich experience. You can hit it with your senses.

We’re just recruits, so we can’t hit it!”

Shi Sanba wanted to say something, but Qin Yuan walked over.

“What happened?”

Shi Sanba explained,

“This recruit feels that it’s too dark to see the target and can’t practice shooting.”

Qin Yuan looked at He Chengguang beside him.

“Are you not convinced? It’s because you can’t hit the target, so you have to train. If you can hit the target, what’s the point of training?”

After saying that, Qin Yuan got someone to take a gun like He Chengguang’s. Then, he got someone to drive the car. He sat in the moving car and aimed at the target.

“Bang!”

When the target was brought over, he hit ten rings!

“Are you convinced now?”

Qin Yuan looked at He Chengguang.

“There’s nothing impossible in this world. There’s only something you don’t want to do. Don’t deny that you can’t do it. Practice more and you’ll be able to do it soon.”

This difficulty was too easy for him, who had a shooting skill. He Chengguang did not know that Qin Yuan had a system. Hence, he began to admire Qin Yuan from the bottom of his heart. “Sir! I’m convinced!” “Then let’s continue training.”

“Yes, sir!”

From this moment on, He Chengguang trained harder.

In the following shooting training, Shi Sanba only told everyone to go back to their dormitory to have a good night’s sleep after they had all reached the eighth ring.

In the next few days, everyone worked hard to break through their limits. In just a week, earth-shaking changes had occurred. Although the process was a little bitter, everyone felt that it was worth it to improve so much.

“Gather!”

When everyone heard the whistle, they quickly organized themselves and gathered. There was a huge difference from the beginning.

Qin Yuan looked at the recruits in front of him with satisfaction. It was as if he could see the iron-blooded teams in the future that could complete all kinds of difficult missions outstandingly.

“After a week of training, I’ve noticed that each of you has made great progress.”

“However, there are many factors to consider if a special forces soldier wants to complete the mission well. Terrain, teamwork, weather, and all kinds of unexpected situations.

“So, I think we should have a drill. As for the rules, I’ll tell you.”

“Thirty of you will face the pursuit of ten special forces veterans. If half of you survive for three days in the forest, you will win.”

“Are you confident?”

Everyone looked ahead firmly and shouted in a unified and loud voice, ‘Yes!’

“Alright, let’s begin. You guys set off first. Within a hundred kilometers, the special forces veterans will start chasing after you in two hours. Dismissed!”

After Qin Yuan finished speaking, the team began to tidy up their equipment and quickly set off to hide in the forest. They formed a team of three or two, and Lin Xiao still chose to be alone.

He Chengguang and Lin Muze chose to team up. After all, the few of them cooperated very well. Just before He Chengguang set off, Qin Yuan called He Chengguang to the side and asked him,

“Are you in a relationship?”

“Captain Qin, yes!”

He Chengguang replied. He was puzzled. Could it be that special forces soldiers couldn’t fall in love? If he couldn’t, He Chengguang didn’t know whether he should choose the army or his girlfriend.

Qin Yuan looked at He Chengguang, whose expression was constantly changing, and knew that he was thinking too much. In order to prevent He Chengguang from thinking too much, he opened his mouth to tell He Chengguang.

“He Chengguang, is your girlfriend Lin Xiaoxiao?”

“Yes, Captain Qin. How did you know?”

He Chengguang thought for a while and suddenly remembered that since he joined the army, he would definitely have to investigate that person’s information file. It was not strange to know. This made sense. He just didn’t know why Captain Qin asked this.

“Lin Xiaoxiao has been specially recruited by me. She is now in the Information Special Forces. If you can complete the mission after this exercise, I will let the two of you meet for a few days.”

Qin Yuan said with a smile. He was very optimistic about He Chengguang. These were the fresh blood of Battle wolf, and their future was uncertain. They would not be as good as these veterans.

“Really, Captain Qin? You recruited Lin Xiaoxiao?”

He Chengguang asked Qin Yuan in shock. He knew that Qin Yuan would not tease him casually, but he still could not help but want to confirm, “It’s true!”

“Reporting to Captain Qin, I will definitely complete the mission!”

After receiving Qin Yuan’s affirmative reply, He Chengguang valued this exercise a lot and vowed to complete the mission.

“Yes, sir!”

“Hey, Lin Muze, what do you think happened to He Chengguang?”

Luo Yong asked Lin Muze in confusion,

“He’s probably in love. Comrade He Chengguang, can you stop smiling? You’re so happy all the way. Tell us what happened.”

“That’s right. Let’s talk about it. It’s better to have fun with everyone than to have fun alone.” Tian Liang echoed.

“Do you really want to know?”

Chapter 546 - 546: The Third Party!

He Chengguang asked everyone with a mysterious look,

“Hurry up and tell us. Don’t dawdle like a girl.”

Lin Muze urged He Chengguang.

He Chengguang said,

“Lin Xiaoxiao is in Battle wolf too. Captain Qin said that if we complete this mission, he will give us a few days off to meet.”

“Really?”

“Yes!”

Then, Lin Muze and the other two asked He Chengguang in unison,

“Who is Lin Xiaoxiao?”

“Lin Xiaoxiao is my girlfriend!”

The three of them looked like they were watching a show.

Lin Muze patted He Chengguang's shoulder and said with a smile,

"For the happiness of Comrade He Chengguang, we must win this exercise, right, brothers?"

"Yes."

After knowing that He Chengguang's almost uncontrollable smile was because of this, everyone teased him for a while and continued to move forward vigilantly.

Soon, they arrived at an abandoned factory. He Chengguang and the others observed the surrounding environment and found that there were many excellent sniping spots inside.

"This place is too dangerous. If we guard it, we can have a good advantage. How about we hide here?"

Lin Muze suggested softly.

He Chengguang rejected Lin Muze's suggestion.

"Then let's go, let's go somewhere else."

He Chengguang's words enlightened Lin Muze, and Lin Muze planned to retreat.

"No need to evacuate."

He Chengguang explained to Lin Muze and the other two.

"Since those veterans know that this is an excellent sniper point, they will definitely come here to look for someone first. We'll lay in ambush outside. When the time comes, we can retreat immediately regardless of whether we succeed or not."

"That makes sense. It seems that Comrade He Chengguang's mind is getting clearer and clearer in order to see his beloved girl and win."

Tian Liang teased.

The three of them felt that He Chengguang's plan was very good. They could attack and retreat, so they set up an ambush in four directions outside.

Sure enough, two hours later, a jeep drove over and five people got out.

He Chengguang and the others immediately perked up and observed the situation at all times.

After waiting for them to come down, He Chengguang saw the people who came and was happy. Three of them were old acquaintances.

They were Wang Yanbing, Leng Feng, and Li Erniu. They had just fought not long ago.

Leng Feng made a gesture to everyone, then threw a few flashbangs at the door and windows, then rushed in and fired at a few places.

In an instant, a few smokes rose from inside. He Chengguang knew that there were people lying in ambush inside, but they were eliminated by Leng Feng and the others.

“Everyone, listen to my orders. We’ll shoot at the right time. Regardless of whether we succeed or not, we’ll split up and retreat immediately. We’ll gather at 217.”

He Chengguang’s voice came from the radio headset of Lin Muze and the other two. The location of 217 was an abandoned hut that they had agreed on.

“Tian Liang received.” “Lin Muze received.”

“Luo Yong received.”

Seeing that everyone had received the order, He Chengguang picked up his gun and aimed at Leng Feng, who was cleaning up the battlefield, from the window of the abandoned factory.

“Fire!”

He Chengguang gave the order, and four gunshots rang out at the same time. The bullets were shot at the four people in the factory.

Leng Feng and the other five were indeed special forces veterans. Sensing the danger, they immediately squatted down.

Luo Yong was originally aiming at Li Erniu. At the moment he fired, he suddenly trembled, thinking that he was going to miss. Just as he was about to retreat, he saw Li Erniu squat down and his bullet coincidentally hit Li Erniu. Smoke rose from Li Erniu’s back.

When Leng Feng heard the gunshots, he immediately determined that there were still people outside the factory. The few of them quickly found a hiding spot to hide and observe the situation outside.

He Chengguang couldn’t bear to see this happen, so he didn’t shoot. He immediately ordered through the walkie-talkie.

“Retreat! Gather!”

Then, He Chengguang and the others split up and rushed to 217.

Leng Feng and the others saw that there was no movement after a while.

“Didn’t you squat down too? Why were you eliminated?” Li Erniu complained,

“The kid who shot at me must have missed. He’s lucky.”

“Alright, you’re a dead man now. One of us was eliminated at the beginning.

Although three rookies were eliminated just now, they still have twenty-seven people left. We only have nine people left. Be careful from now on.”

Leng Feng left with Wang Yanbing and the others in a car, leaving Li Erniu to wait for the end of the exercise. The rules of the exercise were that those who were eliminated could only stay where they were.

On the other side, Qin Yuan and Long Xiaoyun looked at the screen in front of them. When they saw the scene of Li Erniu being eliminated, they said to Long

Xiaoyun,

“Captain Long, look at this recruit. He has a lot of ideas.”

Long Xiaoyun was about to say something when a person in charge of observing hurriedly walked up to Qin Yuan.

“Captain Qin, bad news! There’s been a sudden accident!”

After Qin Yuan heard this, he and Long Xiaoyun hurriedly went to another screen. Then, the image was zoomed in by the soldier from the Information Department.

On the screen, there was a small team groping their way through the forest. Everyone in the team seemed to be well-trained.

Long Xiaoyun said solemnly,

“Who is it? Can you see his face clearly?”

Just as the team was about to reach the camera, the screen flashed into a white blur.

“Captain Qin, did you arrange this?”

Long Xiaoyun asked.

“Yes!”

Qin Yuan replied and continued,

“This is the Battle Wolf Team I sent out to create some trouble for them.”

At this moment, Long Xiaoyun still asked Qin Yuan in confusion,

“Captain Qin, why are you doing this?”

Qin Yuan replied in an unquestionable tone,

“Anything can happen on the battlefield. The current war is not one-on-one like before. With a third party intervening, I just want to see how Team 2 and those recruits will react...”

Soon, the members of Battle Wolf Team One slowly approached Shi Sanba’s team.

Geng Hu sensed that there was someone in front of him, so he ordered everyone to lie in ambush.

“Stop advancing! ”

On the other side, Shi Sanba felt uneasy and ordered the team to stop.

“What’s wrong?”

Zhang Dajun couldn’t help but ask Shi Sanba when he didn’t see anything unusual.

“I feel a sense of danger.”

Shi Sanba said with a serious face. Shi Sanba was a veteran of the special forces and had a keen sense of danger.

Right at this moment,

Shi Sanba’s hair stood on end as he dodged to the side.

“Swish!”

A bullet brushed past him and hit a tree nearby.

“Enemy attack!”

Zhang Dajun looked at the trees and shouted. Shi Sanba and the other five quickly moved to the side for cover.

Shi Sanba was glad that he had reacted quickly. Otherwise, he would have been eliminated without even knowing who the enemy was.

At this moment, he was hiding behind a tree. Just as he was about to poke his head out to see what was going on,

Another “whoosh” hit the tree. Shi Sanba quickly retracted his head.

Shi Sanba quickly shouted,

“Not bad. You new recruits dare to fight us head-on. You have guts. I like it!”

Shi Sanba thought that the people opposite were new recruits and wanted to be hunters to eliminate them.

The response he got was a few bullets, which hit the tree he was hiding in.

Shi Sanba felt that something was wrong. This marksmanship was too practiced. It didn’t seem like a new recruit’s, but more like a special forces soldier who had been fighting for years.

Thus, Shi Sanba quietly moved to the bushes beside him.

Shi Sanba stuck his head out and searched carefully for a while. He found a big guy holding a gun in the distance, and the muzzle was pointed in his direction.

Then Shi Sanba blurted out,

“F * ck, you..

Before Shi Sanba could finish, he saw Geng Hu smirk. Shi Sanba quickly lowered his head and lay down..

Chapter 547: Acting Without Sportsmanship

“Geng Hu, you’re acting without sportsmanship!”

Shi Sanba shouted from behind a big rock,

Geng Hu showed an indifferent expression and retorted,

“Anything can happen on the battlefield. If you can’t even handle this, why are you still a special forces soldier?”

“Alright, you’re the one who didn’t care about sportsmanship first. Don’t blame me for being merciless!”

“Hehe, come, come, come! Grandpa is waiting for you.”

Geng Hu was still shouting with a smug look on his face, and he even fired a few shots at them.

Shi Sanba thought to himself that he could not continue to be passive like this. He had to fight back. Just as Shi Sanba was thinking of a countermeasure, Zhang Dajun anxiously contacted Shi Sanba through his walkie-talkie.

“Captain, what should we do? We can’t retreat. We’ve been beaten up all this time. Sooner or later, we’ll be kicked by the other side!” “I know! I’m thinking of a way!”

Shi Sanba responded to Zhang Dajun in a bad mood.

“I got it!”

Suddenly, Shi Sanba seemed to have thought of something, so he ordered through the walkie – talkie,

“Zhang Dajun, I’ll give you a count of three later. Stand up and shout to attract the firepower. Then, get down quickly. The rest of you take the opportunity to cover us with firepower. Do you understand?”

“Roger!”

“3”

“2”

When the countdown ended, Zhang Dajun immediately stood up and shouted, “Hey!

Geng Hu and the others heard the voice. He couldn’t help but look over. Seeing Zhang Dajun standing up, he moved his gun to Zhang Dajun, intending to kill him first,

The moment they moved their guns,

Shi Sanba and the other three immediately stood up from different directions and fired at Geng Hu and the others. Geng Hu and the others could only find a place to cover themselves.

Seeing that it was about time, Shi Sanba ordered through the wireless intercom,

“Retreat while providing cover. Don’t stay in battle!”

“Roger!”

Looking at Shi Sanba walking away, Geng Hu sighed.

“He ran away. How embarrassing!”

On the other side, He Chengguang and Lin Muze had successfully gathered at location 217.

“Heh, I accidentally eliminated a person. At that time, I missed and thought that it was a waste of time. Who knew that Li Erniu would suddenly squat down and hit me squarely.”

Luo Yong cheerfully recounted what happened just now.

“Not bad, Luo Yong. Eliminating a special elite at the beginning, although there is a part of luck in it, the battlefield only looks at the result.”

Lin Muze praised. Then, he turned to He Chengguang and Tian Liang and asked,

“I didn’t hit them. They reacted too quickly. What about you guys?”

“I didn’t hit them either.”

“Me too.”

He Chengguang and Tian Liang said helplessly. Such a good opportunity still didn’t come.

“He Chengguang, what other plans do you have next?”

Lin Muze asked He Chengguang curiously. Lin Muze knew that He Chengguang must have thought of the plan clearly.

“Everyone, come closer, ”

He Chengguang whispered to the few of them. Lin Muze and the others surrounded He Chengguang and leaned over to listen.

“Later, we’ll...”

After He Chengguang finished speaking, he realized that the others did not have any reaction. He looked up and saw that the others were dumbfounded. He then stretched out his hand and waved it in front of everyone.

“What are you thinking about? Did you hear what I said?”

Only then did everyone come back to their senses

“He Chengguang, your brain is too good. You actually thought of such a good idea. I, Lin Muze, will prostrate myself on the ground for you from now on.”

Lin Muze gave He Chengguang a thumbs up.

“Alright, is there a problem?”

He Chengguang asked for everyone’s opinion. Of course, everyone had no objections and agreed.

“No problem!”

“That’s it then. Let’s go!”

“Why did Geng Hu and the others suddenly join us?”

Zhang Dajun asked Shi Sanba in confusion,

“It must have been arranged by Captain Qin. It seems that the difficulty of this exercise is not low! Sigh!”

Shi Sanba sighed,

Originally, Shi Sanba thought that ten special forces veterans confronting thirty new recruits would be as simple as a cat catching a mouse.

Who would have thought that suddenly joining Battle wolf Team One would require them to eliminate the new recruits while thinking of ways to avoid them. They were afraid that when they confronted the new recruits, Battle wolf Team One would shoot them in the back.

Sigh,

Suddenly, Shi Sanba seemed to have thought of something. He turned around and asked Zhang Dajun,

“Da Jun, what do you think? We should hide and wait for Battle wolf Team 1 and the new recruits to be injured. Then, we can jump out and reap the benefits.

What do you think?”

“Good idea. I think it’ll work.”

Zhang Dajun thought it was a good idea, so he smiled evilly.

“Then hide?”

“Hide!”

Immediately, Shi Sanba and his team of five found a hidden place to hide. They planned to sweep the forest on the last day.

“Someone is approaching.”

Luo Yong’s voice sounded in He Chengguang, Lin Muze, and Tian Liang’s wireless earphones.

“Friend or foe?”

He Chengguang asked Luo Yong through the walkie-talkie.

“They are neither enemies nor allies. I’m not sure at the moment.”

Luo Yong picked up the binoculars and said after looking at it for a while.

He Chengguang was stunned, Lin Muze was stunned, and Tian Liang was stunned.

Neither allies nor enemies? What was going on?

“Hey, Luo Yong, do you know how to distinguish between an enemy and an ally? Enemies are enemies, allies are allies. What do you mean by not enemies, not allies? Our brains are buzzing.”

Lin Muze grumbled.

“He Chengguang, they are almost in your line of sight.. Look, what’s going on in the 11 O’clock direction?”

Chapter 548: Acting Without Sportsmanship!

Luo Yong could not tell if they were enemies or friends either. Coincidentally, that small team was already about to enter He Chengguang's line of sight, so he could only let He Chengguang take a look.

"Roger!"

He Chengguang responded and focused his attention on the 11 o'clock direction.

Very quickly. A team appeared in front of He Chengguang's field of vision.

Through the magnifying glass, he saw that each of them had a green badge on their wrists.

In the drill, there were usually two colors of badges, red and blue. Red represented the red side. He Chengguang was on the red side, while Shi Sanba and the others were on the blue side. "Green?"

He Chengguang said to himself in his heart,

After thinking for a while, He Chengguang still couldn't figure out what was going on, so he simply didn't care. "Lin Muze, Luo Yong, Tian Liang."

"Roger!"

"The badge on the wrist of the person who came is green. Since he is not our Red Army, then treat him as an enemy and act according to the plan."

"Lin Muze received!" "Luo Yong received!" "Tian Liang received!"

"Stop advancing! "

Geng Hu made a gesture to stop moving forward and looked at a piece of land not far ahead. The color of the land was different from the surrounding land. The surrounding land was dry, except for a large circle of land in the middle that was relatively moist. It looked like it had been turned over by someone.

Zhang Dajun walked up to take a look and could not help but feel a little angry.

"Do these recruits think we are fools? This is obviously a trap. Are we going to foolishly step into it? You don't even know how to disguise yourself. How did you pass the selection?"

"Something's wrong."

Geng Hu observed his surroundings. His keen intuition told him that things were not as simple as they seemed.

"Zheng Xiaohu!" "Here! What's wrong?"

"Go and take a look."

Geng Hu said. He wanted to send Zheng Xiaohu over to check if there was any explosion.

"Yes, sir."

Zheng Xiaohu received the order and was about to go forward to check the surroundings of the trap that looked ridiculously low in camouflage. Geng Hu continued to observe his surroundings. Suddenly, a white light flashed.

“Stop.”

Geng Hu suddenly ordered Zheng Xiaohu to stop. Zheng Xiaohu stopped immediately after receiving the order and did not take another step forward.

Geng Hu whispered to everyone,

“There’s a reflection high up ahead. It’s a magnifying scope. I’ll count to three and everyone will fire in that direction.”

“Roger that.”

“Three!”

“Two!”

“One!”

For a moment, everyone held their guns and focused fire in that direction. In just a few seconds, a cloud of smoke rose.

That was precisely Luo Yong’s hiding place. Very clearly, Luo Yong had already been eliminated.

After eliminating the target, Geng Hu still did not let down his guard. Instead, he let Zheng Xiaohu continue to scout forward.

Just as Zheng Xiaohu was about to reach the wet ground and was about to investigate it carefully, Zheng Xiaohu stepped into the air and fell into a pit. At the same time, a grenade was triggered in the pit. After a dull thud, Zheng Xiaohu was eliminated.

“I was tricked.”

Zheng Xiaohu’s voice came from the pit.

Zhang Dajun walked to Geng Hu’s side and said angrily,

“I didn’t expect that the wet land was actually a bait. In front of the wet land, there was a pit hidden under the camouflage of dry land. Who was so smart to make such a trap and disguise it so well?”

Geng Hu lowered his head and thought for a moment before slowly taking a deep breath.

“It should be those four recruits.” “Those four recruits are that powerful?”

Zhang Dajun asked,

“Don’t look down on the new recruits. The new waves push on the previous ones. Each wave is stronger than the last.”

Geng Hu said, then gave the order,

"It's impossible for them only to set up this one trap. There might be more traps waiting for us ahead. We can't rush forward without knowing the situation. Let's change our route and set off."

"Yes, sir."

After He Chengguang saw a burst of white smoke rising from Luo Yong's position, he knew that Luo Yong had already been discovered, so he immediately gave the order to retreat.

"Lin Muze, Tian Liang, retreat. Gather in the small wooden house."

"Yes, sir."

Soon, the three of them met at the small wooden house they had agreed on. Lin Muze asked He Chengguang,

"Now that Luo Yong is already dead, are we going to change our next plan?"

"Change!"

He Chengguang gave an affirmative answer and began to think on the spot.

"Lin Muze, why do you think a small team suddenly appeared? It was already difficult for us to fight against the blue army, and now we have to fight against the green army that suddenly appeared."

Tian Liang saw that He Chengguang had thought for a long time but didn't make any moves, so he asked Lin Muze.

Lin Muze said unhappily,

"How would I know if you ask me? The difficulty has increased. The three sides seem to be enemies but not friends. How are we going to fight? If we win, we won't have the strength to fight the other side. We'll suffer losses no matter what."

"I got it!"

He Chengguang suddenly stood up and said,

"What do you mean? Who has it?"

Lin Muze subconsciously asked,

"F * Ck you. Your brain is always thinking about these unrealistic things. I mean, there's a way."

He Chengguang lightly kicked Lin Muze.

"He Chengguang, have you thought of any good ideas?" Tian Liang asked.

"Of course. Think about how many forces there are now." He Chengguang said this and looked at Lin Muze.

Lin Muze said impatiently,

“Don’t keep me in suspense. Tell me what you’ve thought of.”

Seeing this, He Chengguang could only say what he thought,

“Now it’s the Red Team, Blue Team, and Green Team. There are three forces.

We can hide and wait for the Blue Team and the Green Team to meet and fight.

When both sides are injured, we can come out and enjoy the benefits.”

If Shi Sanba were here to hear this, he would definitely say, “Hey, good boy, you’re thinking the same thing as me.”

“But what if the Green Team is an ally of the Blue Team? The current situation is unclear.”

Lin Muze expressed his concern.

“No, I don’t believe that the higher-ups will add allies to the Blue Team. We’re just a bunch of rookies. If we add allies, we might as well just admit defeat. I guess the Green Team is neutral. They’ll kill whoever they see.”

He Chengguang voiced his guess.

“Alright, then let’s make a bet.” Tian Liang replied.

He Chengguang said to Lin Muze.

“Switch to the team channel and tell everyone to hide.”

“Okay!”

After saying that, Lin Muze switched to the team channel and told everyone on the red team about the situation. Everyone expressed that they would hide well after listening.

“Geng Hu, why haven’t we seen a single trace of them after walking for half a day? If you ask me, this forest is a little big, but it shouldn’t be to the extent that we can’t see a single one of the 40-odd people, right?”

Zhang Dajun’s team of nine originally had ten people. After Zheng Xiaohu was eliminated, there were only nine people left. After wandering in the forest for half a day, not to mention people, there was not even a trace of recent activity. He could not help but feel strange.

Geng Hu looked at the confused Zhang Dajun and whispered into his ear,

“Do you want to know?”

“Yes!”

“If you don’t know, how would I know!”

Geng Hu grinned.

Only then did Zhang Dajun realize that he had been played by Geng Hu.

“I’m serious. Don’t you think it’s strange?”

Geng Hu patted Zhang Dajun’s shoulder and said earnestly,

“Think about it. We met the blue team and the red team along the way, right?”

“Yeah, I know.”

Geng Hu continued,

“If they know about our existence, what would you do if you were them?”

Zhang Dajun thought for a while and then said with a sudden realization,

“If I find out that a third party has joined, I’ll hide and wait for the third party to fight with the second party until both of them are defeated. Then, I’ll come out and enjoy the benefits.”

“Now do you understand why he’s not here?”

Geng Hu looked at Zhang Dajun with an expression that said, “You’ve finally come to your senses.”

“I understand, but what if everyone hides and no one sees them? Three days is up, if two-thirds of the Red Team members are not eliminated, then Shi Sanba and the rest will not be able to complete the mission like us.”

“I clearly remember that the Red Team’s mission is to survive more than ten people. The Blue Team’s mission is to eliminate less than ten people from the Red Team. Our mission is to destroy everyone.”

Zhang Dajun asked Geng Hu anxiously,

Geng Hu answered.

“That’s why we have to cooperate!”

“Cooperate? With whom?”

Zhang Dajun didn’t understand who Geng Hu was talking about. They were all here, and there were nine of them.. What kind of cooperation did they need?

Chapter 549: The Red Army Counterattacks!

“Let’s go find Shi Sanba!”

Geng Hu packed up his equipment and prepared to set off.

“Why are you looking for him?”

Zhao Xiaowu was still confused.

“Cooperate!”

Geng Hu replied simply.

“Cooperate? Cooperate with Shi Sanba? Shi Sanba is our enemy now. Will he cooperate with us?”

Zhao Xiaowu looked at Geng Hu as if he was looking at a fool. He felt that Geng Hu had lost his mind.

When Geng Hu heard Zhao Xiaowu’s words, he stopped in his tracks and looked at Zhang Dajun as if he was looking at a fool.

The two of them stared at each other for a while before Geng Hu calmed down and said slowly,

“Why can’t you be smarter? You can’t understand what I mean. Have you ever heard of a saying that goes...”

“The enemy of my enemy is my friend. We can cooperate with Shi Sanba for the time being. Otherwise, it won’t be easy for us to find those new recruits in such a large forest. One more person means more strength, understand?”

“Oh, I see. Will Shi Sanba agree to cooperate with us?”

Zhao Xiaowu understood everything. He just felt that now that Shi Sanba was nowhere to be found, it was a problem to find him. Even if he found him, it was a problem whether he was willing to cooperate.

“I believe that Shi Sanba would have thought of it too. Otherwise, they wouldn’t have been able to complete the mission.”

Geng Hu led the team away after he finished speaking, but Zhao Xiaowu was still in a daze and asked those questions that Geng Hu thought were ignorant.

“Where can we find Shi Sanba?”

Zhao Xiaowu saw that Geng Hu ignored him and continued walking forward without even looking back, so he could only follow.

Who cares? Anyway, Geng Hu was leading the team now. They just had to listen to Geng Hu’s arrangements.

Zhao Xiaowu thought for a while and decided not to think about it.

Geng Hu was heading towards a small wooden house in the forest. That was the place where the veterans liked to gather. Geng Hu was confident that Shi Sanba would be waiting for him there.

At this moment, He Chengguang, Lin Muze, and the other two had just finished resting in the small wooden house. They were packing up and preparing to change places to hide. At this moment, Lin Muze suddenly patted He Chengguang and Tian Liang, then pointed out the window.

He Chengguang and Tian Liang looked in the direction that Lin Muze was pointing and saw a few figures walking toward He Chengguang. To be precise, they were walking towards this small wooden house.

He Chengguang and the others looked at the blue badge on the right hand of the newcomer and immediately became nervous. Then, the three of them looked at each other and slowly retreated from the other side of the small wooden house. They were afraid that they would make any noise and let the blue team and the others notice.

Soon, Shi Sanba and the others entered the wooden house, while He Chengguang and the other two hid behind a wall outside the wooden house.

There was nothing they could do. There was a small open space around the cabin. If they left, they would be discovered, so they could only hide behind the wall for the time being.

“Shi Sanba, why did you bring us here?”

Zhang Dajun looked at Shi Sanba in confusion. Shi Sanba brought Zhang Dajun and the others to the cabin without saying anything.

“This is a place that we special forces veterans like to come to. What if Geng Hu and the others come looking for us?”

Shi Sanba rolled his eyes at Zhang Dajun.

“We have to wait for Geng Hu to come.”

Just now, Shi Sanba had planned to hide and wait for the members of the first team to fight with the new recruits. Then, he would come out and reap the benefits. However, after hiding for a while, Shi Sanba felt that something was wrong.

After thinking for a while, he realized that his mission was to eliminate the Red Team. If they all hid, wouldn't they fail the mission? Although he didn't know what Geng Hu's mission was, Shi Sanba could guess that it was to wipe out the Red Team and Blue Team.

Instead of doing this, it would be better to join forces with Geng Hu to destroy the red team first. After his mission was completed, he would then fight with the blue team.

Thus, Shi Sanba led everyone to the wooden house and told Zhang Dajun and the others what he was thinking. Little did he know that He Chengguang and the other two could hear him clearly from behind the wooden house wall. After a while, Geng Hu's team arrived outside the small wooden house.

“Here, I'm coming.”

Shi Sanba raised his chin and said.

As soon as Geng Hu entered the small wooden house, he laughed out loud and said politely,

“Haha, sorry for the wait, Captain Shi.”

“It's fine. We just arrived!”

The two of them shook hands as if they had been old friends for many years. In fact, they were calculating how to eliminate each other after eliminating the red team.

“Presumably, you want to join forces with us to eliminate those new recruits, right?”

Shi Sanba went straight to the point.

“Shi Sanba, you’re so smart. I like how smart you are. Right now, there are still more than twenty people in the Red Team. Seeing that a day has passed, I think we have a common goal for the time being. Why don’t we join forces first?”

Geng Hu did not hide his purpose.

Shi Sanba continued cheerfully,

“That’s right. If we can’t even handle a group of rookies, wouldn’t we lose the face of our first and second teams, as well as our special forces veterans?” “We...

Geng Hu quickly revealed his plan and received the unanimous support of everyone.

He Chengguang and the other two heard the entire process from behind the wall, and their expressions could not help but become solemn. In the plan, Geng Hu and the others planned to wipe them out one by one.

Originally, the Blue Team was already enough to pressure the Red Team. Now, there was another Green Team, and they had even joined forces with the Blue Team. The current situation was not very good news for the Red Team.

Chapter 550: The Red Army Counterattacks!

After Geng Hu and Shi Sanba finalized their plan, they split into several teams and headed in different directions. Each team had people from the Blue Team and the Green Team to ensure that they could contact each other in time.

When He Chengguang heard that they were coming out, he quickly looked around. Suddenly, he saw a pile of wooden boxes, so he brought Lin Muze and Tian Liang to hide in the wooden boxes so that they were not discovered by Geng Hu and the others.

After Geng Hu left, He Chengguang hurriedly contacted everyone in the Red Team and briefly explained the matter. He asked everyone in the Red Team to gather at the abandoned factory.

Then, the red team members who had not been eliminated in the forest rushed to the factory. They all believed that He Chengguang wouldn’t cheat his teammates.

“Really?”

After everyone arrived, although everyone believed He Chengguang’s words, Lin Xiao still wanted to confirm it again.

‘Yes!’

He Chengguang looked into Lin Xiao’s eyes with determination and answered affirmatively.

"I can testify. It's true. We were there." Lin Muze and Tian Liang came out to testify.

"Then what should we do?"

At this moment, a thin and weak person in the crowd spoke up. That person was almost eliminated when he participated in the selection. His name was

Chen Shan.

At this moment, Chen Shan's expression seemed to be about to cry.

"We were already under a lot of pressure to avoid the blue army. Look, it's only been a day and we only have 23 people here. Now there's another green army. They're even ganging up to eliminate us first. How are we supposed to play?" "Alright, stop being a sissy. Can't you be a little more manly?"

Tian Liang stopped Chen Shan's words. Although what Chen Shan said was the truth, now was not the time to avoid the problem. Saying these words would only affect the morale of the army.

"I thought about it on the way here. Since they want to break through us one by one, why don't we join forces and form a company to take the initiative to attack? That way, there's still a glimmer of hope for survival."

He Chengguang gave a plan that he had thought about several times in his mind. This was the only plan he could think of to fight his way out. "That's the only way. He Chengguang, do you have any good tactics?"

Lin Xiao asked,

"Now we have a total of twenty-three people. Five people in a row, divided into four rows, observing the four directions. Three people are responsible for sniping in the dark. Lin Xiao, Chen Shan, and I are responsible for sniping."

He Chengguang quickly made tactical arrangements. Although Chen Shan was a little timid, his marksmanship was considered better among this batch of recruits, second only to He Chengguang and Lin Xiao.

After receiving the arrangements, the Red Team members began to take the initiative to attack. This was because everyone understood that they could not

hide. Instead of being defeated one by one, it was better to gather together and defeat the other party.

If it was still a plate of loose sand like before, there would probably be less than five Red Team members who survived and were not eliminated. Although the Red Team had a large number of people, they still had 18 people against the Blue Team and Green Team. Previously, He Chengguang and the others were lucky enough to eliminate two of them.

23 special forces recruits against 18 special forces veterans. There was a huge disparity in strength. The chances of winning were not high, but it was better than waiting for death.

Half a day passed, and it was almost evening. Lin Xiao was scouting ahead of the Red Team when he suddenly discovered a small team of the Blue-Green Coalition Army ahead.

“Everyone, pay attention. There’s a small team 500 meters ahead. There are five of them. Set up an ambush!”

Lin Xiao gave the order. In this gathered team, He Chengguang, Lin Xiao, and Chen Shan were temporarily in charge. The three of them had the right to speak. If there were any differences, they would vote.

Therefore, when everyone heard Lin Xiao’s order, they all hid in the bushes beside them.

The Blue and Green teams quickly arrived at the Red Team’s ambush site. One of them carefully observed the ground and suddenly shouted,

“Retreat!”

At the same time, the red team stood up and focused their fire on the team. Fortunately, the team was vigilant and managed to dodge the bullets. They all found a hidden place to hide.

He Chengguang and Lin Xiao could not help but sigh in their hearts.

A veteran was a veteran. Even this was noticed.

The reason why the team had noticed the ambush was because they saw many shallow footprints on the ground. It was obvious that many people had been here just now, but the footprints suddenly disappeared in front of them. The combat experience of the special forces made them understand.

There was an ambush here!

“Calling the Blue-Green Coalition Army, this is the Blue-Green Coalition Army’s Squad Two, we’ve been ambushed! The precise location is three kilometers away from the starting point’s seven o’clock direction. I estimate that there are twenty of them!”

“Requesting backup, requesting backup!”

One of them immediately used a walkie-talkie to call for backup.

“Blue-Green Coalition Army Squad One, copy!” “Blue-Green Coalition Army Squad Three, copy!”

“Blue-Green Coalition Army Squad Four, copy!”

According to the blue-green coalition army’s plan, they wouldn’t be too far away from each other. It would only take them ten minutes to arrive.

“Let’s go! Squad Two has been ambushed. The intelligence says that there are 20 people on the other side. It seems that they plan to gather and counterattack.”

Geng Hu said anxiously to Shi Sanba,

“We have to hurry over to provide support. This time, we must try to destroy the Red Team!”

Shi Sanba chuckled.

“Geng Hu, from the looks of it, the recruits are planning to turn the tables and become the hunters. Although I don’t know why they suddenly gathered everyone together, this will make it easier for us to take down the Red Team in one fell swoop.”

Geng Hu turned to look at Shi Sanba and whispered,

“Never underestimate your enemy on the battlefield, have you forgotten that?”

Shi Sanba realized the problem. He put away his nonchalant expression and became serious.

At the scene, He Chengguang looked at the people who were fighting and could not help but feel a little anxious.

If they continued to drag this out until the enemy reinforcements arrived, there was a high chance that they would be wiped out by the Blue and Green Coalition Army.

Soon, He Chengguang calmed down and aimed his sniper rifle at one of the people hiding behind the trees.

After waiting for a few minutes, when the man leaned out a little to shoot, He Chengguang seized this opportunity and pulled the trigger.

“Bang!”

After a clear gunshot, smoke rose from behind the person hiding behind the tree.

“Beautiful!”

He Chengguang thought to himself.

When the Red Team saw that one of their special forces veterans had been eliminated, their morale immediately rose.

“There’s a sniper at nine o’clock!”

A member of the Blue-Green Coalition Army shouted.

“Bang!”

Another gunshot rang out.

It was Chen Shan, but he missed.

Just as Chen Shan pulled the trigger and was about to fire another shot,

“There’s a sniper at six o’clock!”

“Roger that! Cover me!”

One of the blue-green coalition forces reported the location. After the other received it, he raised his gun and swept it over.

The special forces veteran’s marksmanship was very good. He eliminated Chen Shan in a few seconds.

Just as He Chengguang was looking for an opportunity to shoot a second time, Suddenly, many people appeared from different directions.

They were all from the Blue-Green Coalition Army, including Shi Sanba and Geng Hu.

Not good!

He Chengguang realized that something was wrong! “Everyone, retreat! The enemy’s reinforcements are here!” He Chengguang immediately gave the order to retreat.

“Lin Xiao and I will cover everyone’s retreat!”

“Roger!”

Lin Xiao replied.

As a result, the Red Team fired as they retreated. Lin Xiao and He Chengguang sniped the Blue-Green Coalition Army from the high ground to provide cover for the Red Team to buy time to retreat.

However, the Blue-Green Coalition Army were all veterans of the special forces. How could they let the Red Team retreat so easily?

In just a few minutes, the reinforcements had eliminated nearly half of the Red Team.

“Shi Sanba, there’s a sniper at six o’clock!” Geng Hu shouted at Shi Sanba.

“Understood!”

After Shi Sanba finished speaking, he picked up his gun and quickly hid to the side. He chose a favorable spot and set up his sniper rifle to aim at the six o’clock direction.

That was where Lin Xiao was hiding.

Shi Sanba stared at the magnifying glass and slowed down his breathing. He didn’t move. After a minute, Lin Xiao poked his head out to look for the enemy.

“Bang!”

Another clear gunshot rang out. But this time, it was from the Blue-Green Coalition Army.

Lin Xiao rolled his eyes.

He Chengguang saw that the survivors of the Red Team had all retreated, so he quickly put away his gun and left..
