

Special Troop 551

Chapter 551: Green Team 's Victory!

“Interesting! ”

The blue-green coalition army was cleaning up the battlefield. Geng Hu looked in the direction He Chengguang had fled and said with a smile,

Although the Red Team had a few more people than the Blue-Green coalition Army, under the shooting of the Blue-Green coalition Army's special forces veterans, nearly half of them could still escape.

Geng Hu felt that these new recruits weren't as weak as he had originally thought. After all, Geng Hu and the others were people who often underwent high-intensity training.

“Count the number of people!”

He Chengguang looked at his Red Team teammates and couldn't help but feel a little depressed. When they retreated just now, they were like scattered sand. Everyone only cared about retreating in a panic. If everyone had retreated in unity and cooperation just now, many Red Team members wouldn't have been eliminated.

“We have a total of twelve people!”

Lin Muze counted the number of people and walked to He Chengguang's side. At the same time, he had a sullen expression on his face. Not only Lin Muze, but everyone in the Red Team had the same expression on their faces.

The Red Team still had 12 people left, and the Blue-Green coalition Army had just eliminated two people, so there were at least 16 people left. Now, as long as the Red Team had three more people eliminated, the Red Team would be eliminated.

“Phew!”

He Chengguang took a deep breath, then stood up and clapped his hands.

“Everyone, listen to me. We have a total of twelve people now. In other words, if three more people are eliminated, our Red Team will lose! So we'll take it...”

“Stop talking. If you hadn't blindly commanded everyone to gather and take the initiative to attack, we might have been able to survive for three days even if we split up!”

At this moment, one of them interrupted He Chengguang.

“What nonsense are you spouting? Do you think that we can escape by scattering and hiding?”

Lin Muze stood up angrily to defend He Chengguang.

“What’s the point of being wise after the fact now? Why didn’t you object at that time?”

That person knew that he was in the wrong. After complaining for a while, he stopped talking.

The scene fell into silence. For a long time, He Chengguang didn’t say anything. Clearly, the words that person said just now had pierced He Chengguang’s heart.

Lin Muze paced back and forth anxiously. Seeing that He Chengguang had been silent and was obviously distracted, he walked up to He Chengguang and shook him.

“He Chengguang, what should we do next? Say something.”

He Chengguang came back to his senses and looked at Lin Muze blankly. He opened his mouth to say something, but in the end, he shut it up.

“Sigh!”

Seeing this, Lin Muze had nothing to say. He sighed and sat to the side.

At this moment, Zhuge Liang saw that no one was talking, so he wanted to lead everyone and be the commander.

Therefore, Pan Tianyu took the opportunity to say,

“Everyone, why don’t you trust me this once? I’ll lead you all to survival!”

“Have you thought of a good plan?”

Lin Muze asked. He really couldn’t think of any good suggestions from Pan Tianyu. Although he hadn’t come into contact with this person much, his intuition told him that Pan Tianyu was just a person who only knew how to talk on paper.

“Everyone, listen to me. We can split up and hide. Scatter a little. There are too many people. Why don’t we each hide in a place? There’s still one day. As long as no more than three people are eliminated, we can win!”

Pan Tianyu told him his plan.

No one said anything and tacitly agreed to this method. Now that there was no leader, they would listen to whoever took the lead.

“There will be time for regrets, I’ll make a move first!”

Pan Tianyu cupped his fists and bowed symbolically before leaving with his equipment.

Gradually, everyone got up. One by one, they left. Only He Chengguang and Lin Muze were left.

Lin Muze asked He Chengguang doubtfully.

“He Chengguang, will this work?”

He Chengguang lowered his head and did not say anything. After a while, he said,

“No!”

Obviously, He Chengguang had not recovered from what had just happened. Anyone would have been shocked.

“Why?”

Lin Muze asked.

“Because the enemy is a veteran of the special forces. Once they start a carpet search, even a member of the Blue-Green Coalition Army alone can easily defeat us one by one!” He Chengguang analyzed.

“Lin Muze!”

“Hmm? What’s wrong, He Chengguang?”

“We can’t be separated. The Red Team won’t be able to complete the mission with more than ten survivors. We can only try our best not to be eliminated.”

“Good! I believe in you, He Chengguang!”

Thus, He Chengguang and Lin Muze walked together.

“Zhao Xiaowu! What do you think the Red Team will do next?”

Geng Hu asked Zhao Xiaowu beside him, wanting to see what Zhao Xiaowu was thinking.

Zhao Xiaowu thought for a moment and then replied.

“I think after the battle just now, they know that they can’t win against us in a head-on battle. If they team up, they’ll only be wiped out faster. They’ll probably scatter and hide!”

“If it was an ordinary person, they might think so. However, He Chengguang is not stupid. He knows to scatter and hide.

Geng Hu didn’t agree with what Zhao Xiaowu said.

If it were any other person, they would have done what Zhao Xiaowu said, but there was He Chengguang on the other side.

“Shi Sanba!”

“What’s wrong?”

Geng Hu shouted to Shi Sanba, who was not far away. Shi Sanba came over and asked Geng Hu what was the matter.

“Continue to form teams of two and search the northern side of the forest. Once you find the red team, call for backup immediately. Don’t be too far away from each other.. What do you think?”

Chapter 552: The Green Team Wins!

The northern side of the forest was the direction that the Red Team had retreated to.

“No problem. Is there anyone else here who has more experience fighting in the jungle than you, Geng Hu? Of course, our Blue Army will listen to your arrangements!”

Just as Geng Hu and Shi Sanba were about to decide on the battle plan, Leng Feng returned.

When the Red Team retreated, Leng Feng had quietly followed them. Now that Leng Feng had suddenly returned, he must have some information to tell them.

Shi Sanba and Geng Hu quickly went up to him. Shi Sanba asked,

“Leng Feng, how is it?”

“They’ve split up. I saw each of them leave alone. They’re probably planning to hide.”

Leng Feng replied.

“Separated? It shouldn’t be! Did you see it clearly, Leng Feng?”

Geng Hu asked uncertainly. If they fought separately, the advantage would definitely lean towards the special forces veterans. “I didn’t see wrongly. They really split up! ”

Leng Feng answered with certainty.

Hence, he told him everything he had seen while hiding in the dark.

“You mean, a recruit said a few words, and then He Chengguang sat by the rock without saying a word, as if he had lost his soul?” Shi Sanba said, as if he had guessed something.

“Yes!”

Geng Hu suddenly burst into laughter.

“Hahaha! Looks like the Red Team is having an internal conflict. If they split up, it will be too easy for us to defeat the Red Team...”

Geng Hu paused, then turned to Shi Sanba and said,

“Shi Sanba, in that case, I don’t think we need to cooperate, right? What do you think about us being on our own? Everyone, leave this place peacefully. Don’t blame us for being merciless when we meet again! ”

“Sure! Geng Hu wishes you good luck! Blue Team, let’s go!”

Shi Sanba smiled. He looked harmless on the surface, but there was a hint of strangeness in his smile.

Therefore, the blue team and the green team Dicked uD their guns and walked in two different directions. After walking for nearly a hundred meters, the blue team instantly wanted to shoot at the green team.

At the same time, the Green Team's players turned around and fired at the Blue Team. Gunshots rang out in an instant. The people on both sides fired as they looked for cover.

"Geng Hu, f * ck you! Didn't you say that we would leave peacefully?" Shi Sanba hid behind a tree and shouted at the green team.

"You f * cking stop! Didn't you plan to shoot me in the back? We're all the same, so don't point fingers!"

Geng Hu replied, unwilling to be outdone.

"Fine! You win!"

Shi Sanba had his fun talking and led his team to retreat.

Geng Hu was the same.

After half a day, from time to time, the red team would be eliminated by the blue team or the green team.

There were a few times when the Blue Team and the Green Team bumped into each other, but they were all veterans. For the time being, no one could do anything to the other, so there were no casualties for the time being.

At this moment, the Red Team only had three players left. They were He Chengguang, Lin Muze, and Pan Tianyu.

"There's someone in front! "

A small team from the blue team saw a person sitting under a tree in front of them. He seemed to be sleeping, so they immediately walked up quietly.

"Don't move!"

That person was Lin Muze. Lin Muze was startled awake. He saw two people from the blue team pointing guns at him, but he did not shoot immediately.

Lin Muze quickly stood up and shouted,

"I surrender!"

If Leng Feng was here, he would definitely exclaim, F * ck! It was a familiar routine and a familiar formula.

"Surrender? Why are you so cowardly?"

One of the Blue Team veterans said disdainfully. He looked down on people who surrendered the most. "Will you treat the captives well?"

Lin Muze asked with a smile.

The veteran did not understand why he was laughing. Just as he was about to fire and eliminate Lin Muze, Lin Muze shouted,

"There's someone behind you!" The two veteran soldiers were unmoved,

“Childish, you...”

Before he could finish speaking, one of the seasoned soldiers was knocked unconscious. The other seasoned soldier quickly turned around and saw He Chengguang looking at him with a smile.

“Hey! ”

He Chengguang smiled innocently and greeted,

In the next second, Lin Muze knocked out another veteran from behind.

“Perfect!”

He Chengguang and Lin Muze high-fived each other. Thus, two veterans were eliminated.

It didn’t take long for Shi Sanba to notice that something was wrong. He couldn’t contact a team.

“What happened?”

Wang Yanbing asked,

“Were they attacked by the Green Team?”

Shi Sanba pondered and didn’t say anything. Leng Feng spoke up,

“Even if they met the Green Team, they should have been able to call for help through the walkie-talkie. Could they have been ambushed?” Suddenly, a figure appeared in Leng Feng’s mind. It was He Chengguang.

“What about Leng Feng?”

Wang Yanbing asked curiously when she saw Leng Feng’s stunned expression.

“Wang Yanbing, do you still remember the ambush of the recruits that you encountered in the selection battle?”

“I remember. Oh, you mean...”

“I’m just guessing. Could it be that He Chengguang used the same trick as last time to attack our two veterans? Last time, if it wasn’t for our high vigilance, we would have almost fallen into his trap.” Leng Feng speculated.

Shi Sanba, who had been silent all this while, said,

“I think it’s him. This kid has a lot of ideas. We have to be careful. It’s very likely that He Chengguang did it.”

Then, Shi Sanba asked the reporter beside him, “Where is the team?”

“Report! Two kilometers away from the base!”

“Gather. Everyone, set off to search the area. He Chengguang and the others shouldn’t have gone too far.”

Shi Sanba ordered.

Soon, everyone from the blue team arrived at the spot where the two veterans were eliminated. They saw the two veterans leisurely playing poker.

When the veteran saw Shi Sanba, he wanted to say something, but he suddenly realized that he was dead, so he stopped.

Shi Sanba gave them a meaningful look. The two veterans knew that they were in trouble. After the drill, they would have to undergo inhumane training.

Suddenly,

“Bang!”

With a gunshot, white smoke rose from Wang Yanbing, who was at the back of the team. Wang Yanbing was eliminated.

“There’s someone at three o’clock! Find cover!”

Shi Sanba shouted, and the Blue Team players quickly found cover.

Shi Sanba was hiding behind a huge rock. Just as he poked his head out to see what was going on, the back of his head was pressed against by an iron lump.

“Shi Sanba, you’ve been eliminated!”

Geng Hu’s voice came from behind Shi Sanba.

Shi Sanba turned his head and saw Geng Hu pointing a gun at him. He knew that he had been eliminated.

Not only Shi Sanba, but all the blue teams were the same. Behind them, there were green teams that had appeared out of nowhere with guns pointed at them.

The Blue Team was completely annihilated!

“Hahahaha, Shi Sanba, you’ve been wiped out. Our team’s mission is complete!” Geng Hu laughed heartily, his tone revealing a trace of pride.

Shi Sanba looked at Geng Hu’s face and found it more and more unpleasant, but he had no choice but to be angry.

“Aren’t you going to eliminate those new recruits?”

Shi Sanba asked,

“I’ve already completed my mission. Why do I have to waste my energy?”

Geng Hu looked at Shi Sanba like he was an idiot.

“Do you think you can’t even handle a few new recruits?”

Shi Sanba mocked. He just wanted to goad Geng Hu into going to He Chengguang. Shi Sanba believed that even if Geng Hu won, he could still make him suffer a little. Although it was meaningless, Shi Sanba was happy to see such a scene.

The Green Team's mission was to prevent the Red Team from completing the mission and wipe out the Blue Team at the same time. Now that they had completed it, there was no need to look for He Chengguang.

However, Geng Hu was easily provoked and said confidently, "Let's go. I don't believe that our team can't handle a few recruits."

"Everyone, follow me! Go find a rookie!"

After saying that, Geng Hu led the Green Team members into the distance.

Shi Sanba looked at Geng Hu's proud back and was furious. He turned to look at the eliminated veterans of the second team and became more and more furious.

"Everyone, strengthen your training in the future. Don't be vigilant at all!"

"Are you looking for us?"

While searching for He Chengguang, two people suddenly jumped out in front of them. They were He Chengguang and Lin Muze.

When Geng Hu heard He Chengguang's voice, he fired two shots without a word. He Chengguang did not resist.

Just like that, He Chengguang and Lin Muze were eliminated. At the same time, He Chengguang anxiously said again,

"One of our team members is in danger. Can you help us transport him out?"

After saying that, he carried a person out from the bushes beside him. It was Pan Tianyu. He accidentally fell into the swamp. Fortunately, He Chengguang discovered him in time..

Chapter 553: Formation of Battle Wolf Team 3

Qin Yuan looked at the recruits in front of him. Although the recruits did not complete the mission of hiding from ten people for three days,

However, against the elites of Battle Wolf Team 1 and 2, it was already not bad to achieve such results. It did not matter. There were no bad soldiers, only instructors who could not lead them well. Qin Yuan believed that with more training, these recruits would all have a great breakthrough.

"You all did very well, but!"

Qin Yuan paused for a moment and then shouted sternly,

"You didn't complete the mission! So, for the next week, increase your training!"

"Ah?"

Everyone complained, their expressions bitter.

"What's wrong? Any objections?"

Qin Yuan narrowed his eyes and asked.

No one dared to have any objections. However, everyone had just returned from the drill and all of them wanted to have a good sleep. Pan Tianyu was lying in the infirmary.

“So, let’s give everyone a good rest for the next two days! ”

Just as everyone thought that they were about to start training, Qin Yuan suddenly changed the topic and decided to let everyone rest for a few days. After all, it was a balance of work and rest!

Everyone was stunned for a few seconds before they suddenly reacted. They could not help but cheer,

“Phew!”

“Dismissed!”

As Qin Yuan gave the order to disband, everyone rushed to the dormitory.

Qin Yuan saw that everyone had left, except for He Chengguang, who was stunned on the spot and looked down at the ground, thinking about something. Hence, he walked over and asked,

“He Chengguang, what are you thinking about?”

He Chengguang looked up and saw that it was Qin Yuan, so he came back to his senses and shouted,

“Reporting to Captain Qin! We didn’t complete the mission well. I’m sorry to disappoint you!”

When Qin Yuan heard this, he chuckled and said,

“Why are you so unhappy? Is it because you can’t see Lin Xiaoxiao? Go and talk to your girlfriend, Lin Xiaoxiao. I gave her two days off.”

When He Chengguang heard this, his eyes immediately became clear, and his expression carried a trace of disbelief.

“Really? Captain Qin, didn’t you say that you would only let us meet after completing the mission?”

Qin Yuan asked,

“I did say that I would let you meet Lin Xiaoxiao if you completed the mission, but did I say that I wouldn’t let you meet her if you didn’t?”

“Thank you, Captain Qin!”

He Chengguang understood at this moment. He straightened his body and bowed to Qin Yuan. His words could not hide his excitement. Then, he returned to the dormitory to put away his equipment.

Qin Yuan knew that He Chengguang was already working very hard.

Unfortunately, their special forces recruits were facing special forces veterans. Halfway through, Qin Yuan suddenly got excited and asked Geng Hu from team one to lead the team to join them. He knew that it would be very difficult for these recruits to complete the mission.

Qin Yuan's goal was to kill the spirit of these recruits. They were elites in the original army, so it was inevitable that they would be a little arrogant when they came to him.

"Reporting to Captain Qin!"

At this moment, Geng Hu walked over and saluted Qin Yuan.

"What is it?" "Chief Gao Shiwei is here!"

Geng Hu reported.

"Alright, I got it. Arrange for him to go to the office. I'll go receive him now."

After saying that, Qin Yuan was about to walk to the office when a voice came from behind him.

"No need, I came uninvited. Captain Qin, you don't mind, right?"

Gao Shiwei smiled politely.

Qin Yuan turned around and replied with a smile, "Chief, isn't it as if you're back at home?"

Gao Shiwei laughed and went straight to the point.

"Captain Qin, the higher-ups want to launch a joint military and police anti-terrorism exercise. It will be broadcast live. This is the first time in history that it will be broadcast live to the entire country. I want you to personally bring the members of the Battle Wolf Team to participate in this exercise."

Qin Yuan did not reply. Instead, he started to think about it. Gao Shiwei saw Qin Yuan's expression, so he hurriedly asked, "Qin Yuan, what's wrong? Was he afraid that he would feel pressured if he didn't do well? I want you to lead the team. After all, you are the best in the Southeast Military Region."

Qin Yuan came back to his senses. When he heard Gao Shiwei's words, he knew that Gao Shiwei had misunderstood. He hurriedly said,

"No, no. I was just thinking about whether to let those recruits participate and train them more."

"Let the recruits participate? Would this work? Captain Qin, let me tell you, if you screw this up, you'll lose the face of our military region!"

Gao Shiwei questioned. Although Gao Shiwei believed that Qin Yuan had his reasons for doing so, after all, this was a live broadcast to all the people of the Fire Dragon Kingdom. Any mistake would cause a bad impact.

"If even an instructor like me doesn't trust them, how can they trust themselves? Besides, isn't this the time to test the special forces from the bottom?"

"If you let Battle wolf Team 1 go, then there's no need for a drill. The battle will be over in a few minutes. Right, Chief?"

Qin Yuan looked at Gao Shiwei and said.

When Gao Shiwei heard that, he thought, Heh, that's true. If the elites of Battle Wolf Team 1 were to participate in the drill, they would be able to subdue the bandits in a few minutes. It would be like playing. If they wanted to find someone who was on par with the elites of Team 1 to act as the bandits, it could be said that they might not be able to find one in the entire country.

"Alright, we'll follow Captain Qin's arrangements."

Gao Shiwei did not dwell on this problem anymore. He believed in Qin Yuan.

"Captain Qin, you have to let those new recruits perform well. After all, this is related to the face of the entire Southeast Military Region." Gao Shiwei could not help but remind him again..

Chapter 554: Formation of Battle Wolf Team 3

Qin Yuan smiled and said,

"Bureau Chief, you should take the lead. I'll personally command the troops. If they can't even complete the drill, then my Battle wolf can be disbanded.

Haha."

After saying a few words, Gao Shiwei left, and Qin Yuan began to think about how to unite these recruits.

During the drill in the mountain forest, only He Chengguang and the few people led by him had outstanding performances. However, this team battle was not just about one person being outstanding. Qin Yuan knew that they were not the kind of people who could be life-and-death comrades.

"Hello comrade, I'm looking for someone!"

On the other side, He Chengguang came to the information command department and said to the guard at the door.

"Who are you looking for?"

"Recruit Lin Xiaoxiao from the Information Command Combat Department!"

He Chengguang said with a smile.

"Okay, please wait a moment."

After saying that, the guard made a call.

He Chengguang only heard the guard say a few words into the phone before hanging up.

"How did it go?"

He Chengguang asked,

"Wait a moment. She said she's coming out to look for you. She asked you to wait at the door."

After all, it was the special forces. Many places were classified and separated. He Chengguang could not enter casually.

“Alright, thank you!”

He Chengguang waited at the door with his back straight.

After a while, Lin Xiaoxiao came out and saw He Chengguang standing by the door, so she called out,

“Chengguang! ”

He Chengguang heard someone calling him, so he turned around and saw Lin Xiaoxiao running toward him.

“Xiaoxiao, why did you join Battle wolf Information Warfare Department?” He Chengguang looked at Lin Xiaoxiao and asked, his eyes full of affection.

“Captain Qin specially recruited me!”

Lin Xiaoxiao replied with a playful smile.

“Wow, you were specially recruited. Xiaoxiao is amazing!”

He Chengguang teased,

“How about we go for a walk? My Miss Lin!”

“Let’s go!”

After Lin Xiaoxiao finished speaking, she walked side by side with He Chengguang without holding hands. After all, they were still in the army.

Three days had passed, and the new recruits of Battle wolf were all rested and full of energy.

Qin Yuan gathered everyone again.

“Everyone, you’ve had a good rest. You’re all in high spirits, but! I wasn’t very satisfied with the last drill! Today, let’s play a game.”

After Qin Yuan finished speaking, he took out a box of grenades and took out a grenade from it. He looked at He Chengguang and smiled.

He Chengguang felt his hair stand on end. He did not know what Qin Yuan was up to. Could it be that Qin Yuan wanted to throw a grenade at him and blow him up?

In the next second, Qin Yuan said to He Chengguang,

“He Chengguang, here’s a small gift for you!”

After saying that, he pulled the safety on the grenade and threw it to He Chengguang.

He Chengguang saw the thing Qin Yuan threw over and subconsciously caught it with both hands. The moment he caught it, he suddenly realized that it was a grenade!

Hence, He Chengguang hurriedly threw the frag grenade to an empty place behind him. A few seconds later,

“Boom!”

The grenade exploded, creating a small crater in the soil.

The recruits were stunned! This was a real grenade! It was explosive! Just as everyone was looking at Qin Yuan in confusion, Qin Yuan spoke again.

“Very good, your reaction is very timely. You can catch one grenade. Let me see if you can react in time to ten grenades. It’s just catching one grenade. It’s not difficult, right?”

After saying that, Qin Yuan looked at the members of Battle Wolf Team 1 behind him and said,

“Team one, get ready!”

Geng Hu and the others stepped forward, each holding two grenades.

“Don’t, Captain Qin! People will die!”

“Yeah, isn’t this a little too much?”

“Captain Qin is crazy!”

The people below the stage all revealed panicked expressions, afraid that Qin Yuan was serious and wanted to kill them.

Qin Yuan ignored the recruits’ complaints and only responded with a meaningful smile.

“Begin! ”

When the Battle wolf heard the command, they immediately bit the pin off the grenade and threw it towards the crowd.

The recruits watched as the ten grenades fell between them. They tried their best to reach out to catch them and throw them to a place far away where no one was. One of them fell to the ground.

Seeing this, He Chengguang knew that it was too late to pick it up and throw it away, so he immediately pounced over and used his body to suppress the grenade as he shouted,

“Lie down!”

Lin Muze and Tian Liang pounced on He Chengguang like a human pyramid. If He Chengguang couldn’t block all the stray bullets from the grenade explosion alone, it wouldn’t be worth it if so many people here injured more people.

When the other recruits saw this, they could not be bothered to escape anymore. They all surrounded him and used their bodies to block. Every recruit had a thought in their minds.

Protect your team members!

After waiting for more than ten seconds, the grenade still did not explode. Everyone looked at each other, not understanding what was going on.

“Get up!”

Qin Yuan walked over and said cheerfully. At this moment, the members of Battle Wolf Team One laughed.

Only then did the recruits realize that they had been played.

It turned out that the box of grenades was fake. But Qin Yuan had put a real grenade in. The one that Qin Yuan had taken out at the beginning was a real grenade.

When the team gathered and stood up again,

Qin Yuan began to say with a serious expression and tone,

“All of you are elites, future elites of the special forces. I hope that all of you will be able to take bullets for your comrades no matter what, because all of you are wearing this military uniform!”

“You will face life and death in the future. The comrades beside you now will be your future comrades! We have to unite, don’t be so selfish!”

“Now, your team will be named Battle Wolf Team 3! He Chengguang will be the captain of the third team!”

“Yes, sir!”

Battle Wolf Team 3 replied in unison.

Qin Yuan was very satisfied when he saw this. Then, he continued,

“In a few days, we will be holding a joint military and police resistance exercise with the police. I plan to let the three of you participate. It can train your cooperation and let me see what you can do!”

“Next, I will choose seven people from you to participate. The names that are called out will step forward!”

“He Chengguang!” “Here!”

“Lin Muzel!”

“Here!”

“Lin Xiao!”

“Here!”

“Tian Liang!” “Here!”

“Luo Yong!”

“Here!”

“Chen Shan!”

“Here!”

“Pan Tianyu!”

“Here!”

Soon, the seven of them stepped out.

“Geng Hu!”

“Yes, sir!”

Geng Hu replied to Qin Yuan, and then he heard Qin Yuan continue, “The rest of you, lead the team to train! I’ll train the ones who are out alone!”

“Yes, sir!”

Geng Hu responded and brought the others to train, leaving He Chengguang and the others behind.

Qin Yuan looked at He Chengguang and the others and said,

“The joint anti-terrorism operation of the military and police will be broadcast live to the people of the country. I hope you won’t cause any trouble for me. Otherwise, it will embarrass our Southeast Military Region! He had embarrassed Battle wolf! You’ve embarrassed me, Qin Yuan! Do you understand?”

“Understood!”

He Chengguang and the others replied loudly.

“I don’t want you to just say it out loud. Louder, understand?”

“Understood!”

The seven of them shouted with all their might,

“Good! Next, I’ll teach you some experience training in fighting in the city. You have experience in fighting in the jungle, but! There is a difference between urban warfare and jungle warfare! ”

After saying that, Qin Yuan began to train He Chengguang and the others. He briefly taught them some important knowledge about city warfare.

In these three days, He Chengguang and the others had not only learned how to break windows, break doors, sneak into houses, and defend in the city.

Under Qin Yuan’s unique training method, they cooperated with each other to the extent of tacit understanding. They even formulated many code words and gestures that only they knew and made them remember them firmly.

Code words and hand gestures were not to be underestimated. In many special operations, the best cooperation was without making a sound. One could understand how to cooperate by hand gestures and code words. What was even more amazing was that comrades who often cooperated could understand many meanings through the other party’s eyes and expressions.

Three days later, under Qin Yuan's unique training, He Chengguang and the others' relationship became closer. This was Qin Yuan's intention. Only when they had a good relationship could everyone cooperate better.

Seeing the results of the training, Qin Yuan knew that it was enough. Tomorrow was the time to start the exercise, so he let He Chengguang and the others have a good sleep to replenish their energy..

Chapter 555 - 555: Military and Police Joint Drill

The next day, He Chengguang and the others took a military vehicle to a building in the city that was blocked by the police.

As soon as Qin Yuan got out of the car, a police officer walked over and saluted.

"Captain Qin, this isn't the first time we've worked together, but this is the first time we've done a global live broadcast. Not only must we let the people of the Fire Dragon Kingdom see that we're like a sharp blade against the terrorists, but many foreigners are watching. I hope we can have a pleasant cooperation!"

"Chief Zhao, I understand. What's the situation now?" Qin Yuan did not waste any time and went straight to the point.

Chief Zhao said with a heavy expression,

"It's not looking good. The criminals have more than ten hostages inside, and a few of them have remote-controlled bombs tied to them!"

Even if it was a drill, everyone had to treat it as a real thing. Only by being rigorous could they perform better and train.

Qin Yuan asked thoughtfully,

"Did the robbers make any requests?"

"This is the worst part. The robbers didn't mention anything. We don't know their motive for committing the crime. They didn't even mention their requests, so we have no way to start. Our people have already thrown a

walkie-talkie in and are waiting for the robbers to contact us."

As soon as Chief Zhao finished speaking, the police negotiation expert walked over and said,

"Chief Zhao! When the robbers saw the military approaching, they requested for the military to retreat! Otherwise, we'll kill a hostage every minute!" "What is it? This..."

Chief Zhao's expression changed after hearing that, so he turned to ask Qin

Yuan,

“Captain Qin, you heard it. Why don’t you guys retreat first? To ensure the safety of the hostages! It won’t be good if the robbers kill the hostages!”

“Alright!”

Qin Yuan agreed readily and then gave He Chengguang a look. Then, he instructed,

“Retreat!”

He Chengguang understood what he meant and led the Battle Wolf Team Three away in a military vehicle, while Qin Yuan remained where he was.

In the car, Lin Xiao asked He Chengguang,

“He Chengguang, are we really retreating?”

He Chengguang glanced at Lin Xiao and said with a smile,

“What are you thinking? If we really retreat, then this won’t be a joint military and police exercise. The hint that Captain Qin gave me just now was for us to stay away and then hide nearby.”

Of course, Qin Yuan would not really let the army retreat. Instead, he first appeased the bandits and pretended to retreat. Then, he let the Battle Wolf Team 3 quietly lurk over and wait for orders.

Qin Yuan had already thought of this situation during training. He and He Chengguo had already planned it out.

Outside the cordoned-off building, the police were on high alert. The negotiation expert was still holding a walkie-talkie, trying to contact the people inside.

“Aren’t you guys hungry? Why don’t I get someone to send you some food first? If anything happens to the hostages inside, you won’t have any bargaining chips with us.”

“We want to ensure the safety of the hostages inside. Otherwise, the police will break in!”

After saying that, the negotiation expert stopped and stared at the walkie-talkie to see if the other party would respond.

As if he heard the police preparing to force their way in, the walkie-talkie buzzed. The robber finally spoke.

“If you dare to come in, I’ll kill all the hostages here. It’s not impossible to talk about conditions. Send in 40 sets of food first. I’m telling you not to play any tricks!”

“There are only a dozen hostages inside. Do you want forty?”

The negotiation expert asked tentatively, trying to get the number of robbers out of them.

“Cut the crap. Can’t I eat more than 20 servings alone?”

The robber was not a fool. He had thought carefully about what he said and did not give himself away to the police.

After the negotiation expert heard this, he ran to report to Chief Zhao.

At this moment, Bureau Chief Zhao was discussing countermeasures with Qin

Yuan. The negotiation expert came to Bureau Chief Zhao and said,

“Chief Zhao, the robbers inside have relented. We can talk about the conditions, but we have to send 40 sets of rice in first.”

“Forty? There are only a dozen hostages inside. Could it be that there are more than 20 robbers?”

Chief Zhao asked in surprise.

Just as the negotiation expert was about to speak, Qin Yuan spoke first.

“Not necessarily. Maybe the robbers are just bluffing. Chief Zhao, arrange for 40 sets of food to be sent over first.”

“Yes!”

Bureau Chief Zhao had no choice but to follow the robber’s request. As long as the robber’s request was not excessive, everything could be discussed.

After contacting many businesses, forty meals were delivered in half an hour. Just as Chief Zhao was about to arrange for someone to go over, Qin Yuan stopped him.

“Wait, I’ll get someone to send it in!”

As soon as he finished speaking, a person in plain clothes walked over. It was Lin Muze.

Just now, Qin Yuan asked Lin Muze to change into plain clothes and rush over. “Chief Zhao, arrange for my men to go in. He has received special training and can react immediately in the face of an emergency.”

Qin Yuan asked Bureau Chief Zhao for his opinion. After all, it was a joint military and police force, and Bureau Chief Zhao had the right to command.

“Good!”

After Bureau Chief Zhao agreed, Qin Yuan asked Lin Muze to change into the police uniform and pushed a small cart over slowly. There were 40 servings of food, and one person would definitely not be able to carry them all, so he used a small cart to carry them in.

Moreover, the robbers would not allow too many people to enter.

Outside the gate, the negotiation expert used the walkie-talkie to contact the criminals inside.

“The food is here.. Come out and get it!”

Chapter 556 - 556: Military and Police Joint Drill (2)

There was no response. After a while, the door slowly opened. The two criminals saw Lin Muze pushing the cart and were stunned for a moment. Then, they were thinking about something.

After a while, one of the criminals pointed a gun at Lin Muze and asked him to put down the cart and leave.

At this moment, the negotiation writer used the walkie-talkie to contact the criminals inside.

“I request that one of our people go in and exchange for one of the hostages inside to ensure that the hostage is safe.”

“Do you think that’s possible?”

The criminal inside retorted. He rejected the negotiation expert’s request.

The negotiation expert continued,

“You have to know that negotiating conditions is a matter between both parties. You can’t just do whatever you want! I’ve already sent you the food. If you can’t change the hostage now, we can’t continue the negotiation. We can’t continue to be passive. You have to give us some benefits.”

The negotiation expert said in a tough tone.

The criminal stopped talking. After a long silence, the criminal’s voice came through the walkie – talkie.

“Alright, let’s change the hostage. If I find out that the person brought a weapon in, don’t blame me for dying with the hostage. You guys forced me to do this.”

When the negotiation expert heard this, he hurriedly ran to Chief Zhao and Qin

Yuan and asked anxiously,

“Chief Zhao, Captain Qin, the criminals have agreed to exchange hostages, but they said that if the person who went in brought a weapon, they would be desperate and die with all the hostages! Did the person who went in bring any weapons?”

Don’t worry, I didn’t bring any weapons.”

Qin Yuan said calmly. It was Qin Yuan’s idea to ask for a hostage exchange. He had already expected this to happen, so he let Lin Muze go in alone without bringing anything.

At the entrance of the building, the two criminals were about to ask Lin Muze to put down the cart and leave when their boss’s voice suddenly came from the Bluetooth earpiece in their ears, signaling for the person who delivered the food to come in.

The two criminals were just subordinates and listened to their boss’s arrangements, so they changed their words,

Lin Muze silently pushed the cart in. He did not speak the entire time. After entering, the criminals closed the door. Just as the door was about to close completely, they pushed out a person. It was the hostage inside.

Immediately, a police officer went up and comforted the hostage. He brought her to a safe place and asked about the situation inside the hostage. At the same time, he waited for Bureau Chief Zhao and Qin Yuan to come over.

Chief Zhao asked as soon as he came over, "What's the situation inside?"

A police officer stood up and reported seriously,

"According to the description of the hostages, there are a total of nineteen hostages inside. The robbers don't know how many there are, but the people who come in and out are all wearing masks. There are no less than four of them!"

"Alright, I got it."

After Chief Zhao heard the report, he agreed to a round to show that he understood, so he called over the negotiation expert and said,

"Is there still no other movement from the other party? It's hard to know what their motive is if they don't ask for it."

Even though he knew the answer, Chief Zhao still looked exhausted when he heard it. They had been in a stalemate for half a day, and they did not even know what the other party wanted to do.

Inside,

After Lin Muze followed them in, he was thoroughly searched. After he found that there was no problem, he was asked to go to the group of hostages and squat down. Then, he got someone to distribute the food.

In the hall on the second floor, a person who seemed to be the leader of this gang of criminals sat on the sofa and smiled at Lin Muze, who was wearing a police uniform.

"Newcomer! Aren't you afraid that I'll kill you if you come in to exchange for hostages?"

"We serve the people. Wherever there is a need, we will be there!"

Lin Muze replied firmly.

"Haha, good! Well said! However, you are now in my hands, and your life is in my hands. No matter how righteous you are, it's easy for me to kill you!"

The leader smiled proudly and took the lunch box from the person beside him. He was about to eat.

Suddenly, he smelled a rancid smell. He sniffed carefully and realized that the rancid smell was coming from the lunchbox in his hand. He threw it on the table at the side and cursed,

"What kind of unscrupulous merchant dares to sell rotten rice!"

"Alright, Viper, stop complaining. Anyway, we ordered so many more servings. It doesn't matter if we eat another serving."

Another bandit saw this scene and advised.

Hence, Viper changed to another serving and started eating.

Little did they know that Qin Yuan had deliberately arranged for the bento box to go bad. The box was black and had a few holes in it. It was installed with miniature cameras in all directions. It was very hidden and would not be discovered unless the food was poured out.

This scene was clearly seen by Qin Yuan and the others in the temporary command center outside. After observing for a while, they confirmed that there were a total of 19 hostages and 8 criminals inside, including Lin Muze. "Reporting to Captain Qin! He Chengguang is already in position!"

He Chengguang's voice came from Captain Qin's earpiece. He Chengguang was arranged by Qin Yuan to go to the stairs of another building nearby. From there, he could observe every move inside. Unfortunately, the windows were sealed by the criminals, so he could only wait for an opportunity with his sniper rifle.

"Stand by!"

Qin Yuan gave He Chengguang an order.

"Got it."

After Qin Yuan gave the order, he saw that Chief Zhao seemed to be thinking about something and had some ideas, so he waited quietly at the side.

After a while, Bureau Chief Zhao suddenly called over the negotiation expert and said to the negotiation expert,

"You negotiate with the bandits inside and ask them to send someone out to talk to us face to face! As long as the bandits come out and talk, the situation will slowly be under our control. We won't be so passive anymore."

"Yes, sir!"

The negotiation expert responded and used the wireless intercom to contact the criminals inside.

"You're kidnapping hostages inside because you want something. You can send someone out to talk to him face to face!"

"Why?"

An arrogant voice came from the walkie-talkie. It was Viper.

"Not talking? Then we won't agree to anything you want in the future?"

The negotiation expert said in a threatening tone.

"Alright, I'll arrange for someone to go out and talk to you!"

Hearing this, Viper could not agree. After all, they took the risk just to get something.

After ending the conversation, Viper said to the criminal who had tried to dissuade him,

"Centipede. Go out and negotiate with the police!"

“Why? Viper, if you agree to them like this, won’t we slowly turn from being the proactive one to being the passive one? It’s very disadvantageous to our future situation! I don’t agree!”

Centipede shouted in confusion!

“I know, but I have no choice. Do you think they are idiots? They won’t give up until they see the rabbit. They won’t agree to anything. If we force them, they won’t give us anything. Do you really want to kill the hostage? We’re here for money!”

Viper refuted Centipede.

Centipede knew that this was the only way, so he put on his mask and walked out with his gun.

The door slowly opened, and Centipede walked out. He shouted at the people outside,

“I’m here to negotiate with you!”

The guard immediately led him to a makeshift table and chair. Chief Zhao and Qin Yuan were sitting there, and a negotiation expert was sitting beside them. The centipede did not stand on ceremony. It sat down and said impatiently.

“Tell me, what do you want to talk about?”

“How should I address you?”

“Centipede!”

Everyone present knew that this was his code name, so they did not pursue the matter too deeply.

Qin Yuan released his aura and asked unhurriedly,

“Centipede, what do you need to do to release the hostage?”

Centipede was only a little uncomfortable facing Qin Yuan’s oppression. After all, Centipede and the others were acting as bandits from other military regions. They could handle this kind of situation.

Besides, all the outlaws wanted money more than their lives. Even the real criminals would not give in so easily.

Centipede raised his eyebrows and asked provocatively,

“You want to know?”

Qin Yuan and Bureau Chief Zhao ignored them, and the people present ignored Centipede. Originally, Centipede wanted to ask this question to make the people opposite him anxious and keep them in suspense. Unexpectedly, Qin Yuan did not buy it at all and drank his tea leisurely.

The centipede felt a little awkward when it saw that no one was talking to it.. It could not keep its expression on anymore, so it extended two fingers and shook them!

Chapter 557: Joint Military and Police Counter-terrorism Victory!

“What is it? Two hundred? That is too much!”

Qin Yuan slammed the table angrily, stood up, and shouted. Then, he touched his face with both hands and sighed. Then, he took out two 100-yuan red bills and threw them on the table. He continued,

“I’m sorry! Mr. Centipede, I’ve lost my composure just now. I’ll pay the two hundred yuan in my own name. Take the money and let her go!”

When the centipede saw Qin Yuan like this, the corners of its mouth twitched.

He thought to himself,

Who the f * Ck sent this person? Is he deliberately messing with my head?

Centipede looked at the people around him who were trying their best to hold back their laughter and put on a very serious expression. He became even more upset.

He’s already acting like this with 200 yuan, and the people around don’t seem to be joking. If I say that I want 20 million, won’t they chop me alive?

Centipede thought to himself, but now he could only go all out. He stretched out two fingers again and said carefully,

“20 million!”

After saying that, he carefully observed the change in Qin Yuan’s expression.

Qin Yuan’s expression did not change at all. He just kept staring at the centipede, which made the centipede’s hair stand on end. It felt that this calm was the prelude to a storm.

After a few seconds, Qin Yuan took out his gun. With one hand on the centipede’s forehead, he grabbed the centipede’s collar with the other and shouted,

“20 million? You really dare to say that! Believe it or not, I’ll kill you!” Centipede was throwing caution to the wind and shouted. “Up to you. If I don’t go back soon, Viper will kill all the hostages.”

Qin Yuan had no choice but to put the centipede down.

“20 million – where are we going to get that for you?”

Qin Yuan’s tone revealed that it was impossible.

Centipede still looked like a dead pig that was not afraid of boiling water and shouted,

“I don’t care. 20 million, not a single cent less. Also, prepare a helicopter for us!”

Bureau Chief Zhao said,

“Go back and tell Viper that it’s impossible. Think carefully before you talk to us!”

After saying that, he let the centipede go back. Qin Yuan even put the two hundred yuan on the table into his pocket. The corner of the centipede’s mouth twitched again.

Centipede returned to the building resentfully. After explaining the situation to

Viper, before he could explain anything, Viper scolded,

“Idiot! Do you really think that it’s impossible just because he said so? Is the hostage in their hands or ours? We have the upper hand. Are you panicking just because they’re trying to scare you?”

Only then did the centipede come to his senses.

Yes, the hostages were in his hands, so he should be the one laying out the conditions. It was all that damn person’s fault. The act he put on had made him confused.

“Negotiate again! I’ll go by myself this time! ”

Viper looked at Centipede and said resentfully.

Outside, Bureau Chief Zhao smiled and praised Qin Yuan,

“Captain Qin, you’re really something! You gained the upper hand in one session. Even the Oscars owe you a Golden Man Award!”

Qin Yuan smiled and said humbly, “No, no!”

Then, he changed the topic.

“It’s just that! It isn’t so easy. He will definitely come to his senses when he returns. They would still send people out to talk.”

As soon as he finished speaking, a guard walked over and reported,

“Chief Zhao, a person has come out of the building. He calls himself Viper and requests to negotiate!”

“Look, speak of the devil. Their boss, Viper, has come out personally. Chief

Zhao, I’ll go with you and see what Viper’s true abilities are.”

“Alright, let’s go take a look together.”

It was still the makeshift tables and chairs, and the same people. However, this time, the bandits were not centipedes, but poisonous snakes.

“Tell me your request.”

Qin Yuan said indifferently.

Viper did not waste any time and directly raised his request,

“20 million and a helicopter full of fuel.” “No problem! Is there anything else?”

“So straightforward?”

It was Viper’s turn to be unconfident. He could not believe that the other party was so straightforward, so he made a few more requests,

“USD!”

“No problem!” “A hundred catties of gold! ” “No problem!” “A box of grenades!”

“No problem!”

“Big Brother, you must be joking with me, right?”

Viper asked in confusion.

Qin Yuan looked at Viper with a serious expression and asked,

“Weren’t you the one who joked with me first?”

Hearing this, Viper instantly flew into a rage. He jumped up and pointed at Qin

Yuan as he roared,

“You dare to trick me?”

Qin Yuan was still unmoved. He sat on the chair and said indifferently,

“20 million and a helicopter. That’s not a problem, but what can you offer?” Viper thought for a while and said,

“I’ll release some of the hostages and keep two hostages with us. When we get off the plane and leave the territory of the Fire Dragon Kingdom, we’ll release

Lile LVVU UI Lilelll.

“Alright, I hope you keep your promise!”

Qin Yuan stood up and turned to leave.

When Viper returned to the building in a daze, he still had a look of disbelief on his face. How could he agree so readily? According to his thoughts, shouldn’t the other party reject him first and then start bargaining?

“Viper, how’s the discussion going?”

Centipede saw that Viper had returned so quickly. He probably did not come to an agreement, so he went forward and asked.

“That’s enough. The other party promised 20 million yuan and a helicopter.”

Viper replied.

“He agreed? So fast? Is there a bomb in it?”

Centipede couldn’t believe it.. How could the other party agree so quickly? It wasn’t even that fast when he went to the roadside to buy vegetables and bargain with the auntie!

Chapter 558: Joint Military and Police Counter-terrorism Victory!

“I was thinking about that too, but I don’t know what they’re going to do.”

Viper suddenly paused as he spoke. Seeing that there was nothing unusual around him, he moved closer to Centipede's ear and continued mysteriously,

"Besides, they can't do anything to us after we leave the Fire Dragon Kingdom with two hostages. They can't have planted explosives on the plane and blown up the hostages, right?"

Centipede thought about it and agreed. Their intuition told them that something was wrong, but they couldn't tell what was wrong. "Forget it! Forget it, let's take it one step at a time!"

Viper decided not to think about it and began to plan his next step.

On the other side, outside the building, Chief Zhao asked Qin Yuan in confusion,

"You agreed to give it to them just like that?"

Qin Yuan nodded and said,

"Yeah, give it to them, but"

Qin Yuan paused for a moment and continued,

"They might not be able to get it." "Why?"

Chief Zhao asked in confusion.

"Because my men have already infiltrated the building."

Qin Yuan explained briefly.

Chief Zhao didn't ask further. The special forces were good at subduing vicious criminals.

After more than an hour, a helicopter arrived and stopped on the roof of the building. There was a landing pad on the roof.

"Let's go, Centipede. Let go of the hostages and leave two of them with us."

Viper quickly put his gun on his back and turned to Centipede.

"Understood!"

Soon, the eight criminals took two hostages and walked to the roof. The other hostages ran out, and the police quickly went forward to welcome them.

"Viper, I feel like there's an explosion inside."

Centipede asked Viper in an uneasy voice,

Viper vaguely felt that something was wrong, but he could not figure out what was wrong. He could only shout at Centipede,

"What are you afraid of? As long as we get on the plane and leave the territory of the Fire Dragon Kingdom, we'll win. You better behave yourself and don't affect everyone's mood."

Centipede could only shut up.

The two hostages walked to the back, while Viper and Centipede led the way. They took the elevator to the 30th floor. The helipad was on the 31st floor, and they had to take the stairs to the last floor.

When he opened the door of the stairwell, Viper saw a helicopter parked on the helipad. In the middle of the helicopter were a few large bags.

It was obvious that the luggage bag contained the 20 million yuan they had asked for previously.

Viper, Centipede, and the others walked excitedly to the helicopter. They were so excited when they saw the money that they did not notice that there was not even a pilot on the helicopter.

Just as Viper, Centipede, and the others approached the helicopter, Centipede and Viper suddenly looked at each other.

Centipede seemed to want to say something but hesitated.

Viper thought Centipede was too excited to speak, so he patted Centipede on the shoulder and said,

“Don’t worry, brother. Calm down for such a small scene.”

“No, 1...”

“Alright, I know it’s your first time seeing such a scene, so it’s inevitable that you’ll be a little speechless. It’s okay. You’ll get used to it in the future.”

“No, Viper, 1...”

“You what? You’re very excited and happy, aren’t you? Me too!”

Centipede wanted to speak a few times, but it was interrupted by the poisonous snake. The anxious Centipede covered the poisonous snake’s mouth and said,

“Listen to me, Viper. Didn’t you notice something strange about this helicopter? There isn’t even a pilot! ”

When Viper heard this, he reacted. He pulled away Centipede’s hand and shouted,

“Why didn’t you f * cking say so earlier!” “I want to, but you keep interrupting me!”

Centipede said with an aggrieved expression.

Viper did not care so much. He hurriedly looked around and did not find anything unusual.

“Viper, how many of us are here?”

“Eight people, what’s wrong?”

Viper was puzzled. He didn’t know why Centipede would ask such a boring question.

“But there are only six of us here!”

After hearing Centipede’s words, Viper quickly looked at the crowd and realized that there were originally eight people, including the hostages, there were ten. However, there were only six people at the scene. The two criminals who walked at the back and the two hostages who were being held down had disappeared.

Viper had been busy observing his surroundings, so he did not look into the crowd. After hearing what Centipede said, he looked again and saw that there was indeed a problem.

“Where are they?”

Viper shouted and asked the other bandits.

The other criminals looked at Viper with an ‘I don’t know’ expression.

Viper shouted angrily,

“Where the f * Ck are you guys? The four of them disappeared just like that, and you guys didn’t even notice the slightest movement? Trash! ”

“Viper, what should we do now?”

Centipede asked Viper for help. Now that the hostage was not in his hands, he did not know what to do.

Viper looked at Centipede and shouted,

“Now that the hostages are gone, we’ll be in trouble if the police come. Hurry up get on the plane and escape!”

‘Quick, quick, quick. Get on the plane. Centipede, don’t you know how to fly a plane? You drive!’

After saying that, he pushed Centipede into the pilot’s seat and led the other four criminals to get on the plane. As soon as he opened the back door, he saw a few special forces soldiers sitting inside with guns pointed at them. From the outside, he could not see the people inside. One of them even smiled at Viper and said,

“Hey! ”

After saying that, he even waved his hand.

It was over!

Viper knew that he had lost, so he raised his hands. The other criminals followed suit.

Lin Xiao, Lin Muze, and the others were lying in ambush on the plane. Tian Liang, Luo Yong, and Pan Tianyu were guarding both sides of the stairwell door.

Just now, when Viper and the others saw the helicopter and the luggage on the ground, they were so excited that they stared straight ahead. They did not look around at all. When the last two criminals came out with hostages...

Tian Liang and the others immediately took down the two criminals silently and quietly transferred the hostages. The noise of the helicopter covered the small sound, so the other criminals did not notice.

When the people downstairs saw this scene, they cheered loudly. Even the netizens who were watching the live broadcast also exclaimed that it was wonderful.

Chief Zhao smiled and extended his hand to Qin Yuan.

“With the special forces of Team Qin, they quickly subdued the bandits. As expected of the famous Battle wolf!”

Qin Yuan also reached out to hold it and said humbly,

“Without the cooperation of the elites from Chief Zhao, it would be very difficult for our Battle wolf to win!”

The two of them praised each other and cleaned up the scene.

From then on, the Fire Dragon Kingdom’s orderly and anti-terrorism efforts were famous both at home and abroad.

He led He Chengguang and the others back to the Battle wolf. Everyone’s faces were filled with smiles. Qin Yuan did not take it seriously. He felt that everyone had won and brought honor to the Southeast Military Region. He planned to reward everyone well.

“Gather!”

Qin Yuan shouted,

In the past, everyone gathered quickly. Perhaps they were still immersed in joy, but today’s gathering was a little delayed. There were even some who walked over slowly.

When Qin Yuan saw this, he picked up the gun beside him and swept it towards the special forces soldier. The instant the gunshot appeared, everyone was shocked and immediately sped up.

Qin Yuan waited for everyone to gather.

He said slowly with a straight face,

“ungma11Y, you guys made our soutneast Military Negron proucl aurmng tms exercise, and made our Battle Wolf Regiment even more famous! I originally planned to reward you well.”

“But...”

“Your performance just now! I’m very dissatisfied!”

Qin Yuan paused for a moment and shouted at everyone,

“Do you think you are invincible? I don’t want to discourage you, but I have to tell you the truth. You can’t even defeat me alone!”

“You’ve only won a small victory, and you’re already proud? You have to know that there’s always someone better than you! ”

After saying that, Qin Yuan wanted to say something, but when he saw Pan Tianyu’s disdainful expression, he walked in front of Pan Tianyu and asked loudly,

“Pan Tianyu!”

“Here!”

“Do you not believe me? Are you not convinced?”

“Answer me honestly, what’s on your mind!”

Qin Yuan gave Pan Tianyu another chance to answer.

Pan Tianyu thought for a moment and said after a few seconds,

“Sir, I admire your ability, but I don’t believe that you can defeat all of us by yourself! As the saying goes, random punches can kill an old master!” When Qin Yuan heard this, he stared at Pan Tianyu, thinking about something..

Chapter 559 - 559: Battle Wolf Team 3 Eliminated

“You don’t believe me?”

Qin Yuan said with a smile. He was so angry that he laughed.

“Good! I’ll give you a week to train. After a week, each of your Battle wolf teams will send out their best ten players to fight against me.”

“It shouldn’t be difficult for thirty people to fight against me, right? I’ll show you your so-called pride! In my eyes, it’s worthless!”

“Dismissed!”

After saying that, Qin Yuan left.

After Qin Yuan left, Geng Hu went up to Pan Tianyu and complained,

“Sigh, I say, why do you have to question Captain Qin’s strength?” Pan Tianyu looked at Geng Hu and asked in confusion,

“Is Captain Qin really that strong?”

Geng Hu did not answer. Instead, he gestured for him to look at the members of Battle Wolf Team One and Team Two beside him. The longer he knew Qin Yuan, the more he knew how powerful Qin Yuan was.

Pan Tianyu looked at the people from Team One and Team Two around him with a bitter expression. He couldn’t help but believe it a little, but he couldn’t help but ask,

“Brother Hu! Even if Captain Qin is powerful, we 30 people might be able to put up a fight, right?”

Geng Hu laughed coldly.

“You just arrived and haven’t seen Captain Qin’s terrifying side. It’s normal for you to have such ignorant thoughts!”

After saying that, he patted Pan Tianyu’s shoulder and said earnestly,

“In a week, you will realize how ignorant and ridiculous you are now!”

With that, he left.

The people from Team Three were left stunned on the spot.

After hearing Geng Hu’s words, Pan Tianyu was dumbfounded. He asked He Chengguang,

“He Chengguang! Did I bring big trouble to our three teams?”

Seeing that things had come to this, He Chengguang could only comfort him,

“It’s okay. At most, we’ll lose. What’s the big deal?”

Unfortunately, they did not hear Geng Hu, who had walked far away, muttering to himself with his head lowered,

“I hope Captain Qin is gentler!”

He Chengguang comforted Pan Tianyu and made Pan Tianyu forget about this matter. Poor him, he didn’t know what he would face in a week!

In this week, the members of Team Three trained harder than ever so that they would not lose so badly after a week. They even had a glimmer of hope of winning.

As for the members of Battle Wolf Team 1 and Team 2, they were still the same. They were the same as they were in the past. Everyone knew in their hearts that no matter how hard they tried and how much they practiced Buddhism at the last minute, they would not be able to win against that abnormal existence, Qin Yuan.

Along the way, He Chengguang looked for Lin Xiaoxiao and mentioned this matter.

Lin Xiaoxiao was surprised and asked,

“What? He Chengguang! Did you offend Captain Qin?”

Seeing Lin Xiaoxiao call out He Chengguang’s full name, which she had always called Chengguang, it was obvious that this matter had shocked Lin Xiaoxiao.

He Chengguang helplessly explained the whole story,

Lin Xiaoxiao asked in disbelief,

“You guys are going to lose!”

He Chengguang didn’t know why his girlfriend, Lin Xiaoxiao, was so sure that they would lose. Even his boyfriend didn’t believe her. It seemed that Lin Xiaoxiao knew something, so he quickly asked Lin Xiaoxiao,

“Xiaoxiao, you look like you know something. Tell me quickly.”

Lin Xiaoxiao was puzzled.

“You don’t know who Captain Qin is?”

"I know, the leader of the Battle wolf. He commands everything!"

He Chengguang was confused. He didn't know why Lin Xiaoxiao asked this. Wasn't this something that everyone knew? Lin Xiaoxiao continued,

"I'm talking about Captain Qin's past!"

He Chengguang finally understood, so he hurriedly asked,

"Captain Qin's past? I really don't understand. Xiaoxiao, don't keep me in suspense. Tell me! What happened?"

"Alright then! No wonder you dare to doubt Captain Qin. It turns out that you don't even know Captain Qin's past."

So Lin Xiaoxiao cleared her throat and slowly talked about Captain Qin's past.

"Battle wolf Team One started off as a kitchen crew. Under the leadership of Captain Qin..

Lin Xiaoxiao gave a brief account of Captain Qin's glorious achievements from the beginning to the present. It took her more than an hour to finish.

There was nothing he could do. Qin Yuan's military achievements were outstanding. Many stories had spread in the army, and most people knew about it. Other than some extremely confidential matters, they did not spread. Therefore, there was no harm in saying it. After He Chengguang heard it, he had a headache.

"Xiaoxiao, after hearing what you said, I feel like we made the wrong choice by provoking Captain Qin!" "How do you feel? This is the wrong choice!"

Lin Xiaoxiao corrected him,

After that, He Chengguang was chatting with Lin Xiaoxiao casually.

Seeing this, Lin Xiaoxiao left first. After Lin Xiaoxiao left, He Chengguang immediately ran back to the dormitory and gathered the people from Team Three.

He told everyone what Lin Xiaoxiao had told him.

After hearing He Chengguang's words, everyone's first reaction was the same as He Chengguang's. They were all stunned.

Pan Tianyu's reaction was even more exaggerated. He looked up at the ceiling and roared,

"It's over! I have brought a terrifying existence to our team three. I have let down the brothers of team three, let down the brothers of Battle wolf!"

At this moment, Qin Yuan walked in. He happened to pass by and knew what was going on inside through his radar skill. After they finished speaking, he deliberately walked in.

Qin Yuan asked knowingly,

“Pan Tianyu, what terrifying existence did you encounter? Tell me and I’ll get my brothers to help you! Brothers, let’s work together!”

Chapter 560 - 560: Battle Wolf Team 3 Eliminated

When the people from Team 3 saw Qin Yuan suddenly walk in, they immediately stood up. Pan Tianyu smiled awkwardly and said,

“No, no, Captain Qin, we were just joking!”

Of course, Pan Tianyu did not dare to say that the terrifying existence he was talking about was Qin Yuan.

Seeing this, Qin Yuan stopped teasing them and reminded them,

“Tomorrow is the end of the deal. Everyone, have a good rest today. Don’t let tomorrow not be challenging at all. I’ll wait for you to defeat me!”

With that, he left.

Everyone was left wailing on the spot.

The next day, Qin Yuan looked at the people in front of him and said loudly,

“Because previously, there were some who thought that they were already very awesome and invincible! In order to let them experience what it means to have someone better than them, we’re holding a special exercise today!”

“Each team will pick ten elites, a total of 30 people, within a range of 50 kilometers. I will look for you. If two days later, the number of survivors reaches more than five, then I, Qin Yuan, will lose to you!”

“Do you understand?” “Understood!”

Everyone replied weakly, “Louder! Didn’t you eat?”

“Understood!”

Everyone cheered up and responded.

Then, Qin Yuan set off first. After an hour, the members of the three Battle wolf teams set off.

After seeing Qin Yuan set off, the members of the three teams cheered each other on.

Pan Tianyu shouted,

“Come on, we are the best!”

The members of Team 3 echoed.

Geng Hu watched from the side and shook his head.

“When you get beaten up by Captain Qin later, you better pray that he’s gentler!”

Li Erniu from Team 2 spoke,

“Thirty people, I wonder how long it will take for Captain Qin to wipe us out, sigh! ”

Lin Muze was unhappy and shouted at Geng Hu and the others,

“Hey, what’s wrong with you guys? How can you guys destroy your own team?”

When the people from Team 1 and Team 2 saw this, they did not say anything. They still felt sorry for them. Their ignorance did not understand how terrifying Qin Yuan was.

Battle wolf’s three teams set off separately because the people from Team 1 and Team 2 knew how terrifying Qin Yuan was. As long as team Qin performed well, his monstrous strength could wipe out an entire Team 1 by one.

If they grouped up, they would only fall into Qin Yuan’s trap more easily, resulting in the battle ending faster.

“Zhou Qing! What should we do? Do you have any good plans?”

Liu Ye asked Zhou Qing,

Zhou Qing was leading the team in this exercise, and Liu Ye was the vice-captain. He led Geng Hu and the others.

“What can we do? Let’s hide first.”

Zhou Qing replied unhappily. Although he knew that he would lose, as a special forces soldier, even if he knew that he would lose, he had to give it his all.

The same scene played out in Team Battle wolf.

The Team 2 was led by Gong Jian.

As for Team 3, they were new recruits and had not experienced the fear of being dominated by Qin Yuan. At this moment, they still had the illusion that they could win. At this moment, they were discussing countermeasures in an empty space. “He Chengguang, what should we do?”

Lin Muze asked,

He Chengguang thought for a moment, so he decided to test Qin Yuan’s strength first. He said,

“Let’s use the old trick and pick a bait first. Let’s see if Captain Qin will fall for

He Chengguang had been winning every time he used this tactic so far, and he had not lost at all.

Team 3 felt that this method was feasible for the time being.

“Then who will be the bait?”

Lin Xiao said from the side.

He Chengguang looked around at everyone and finally locked onto Luo Yong.

“Luo Yong! Why don’t you be the bait? Your acting skills are the best, and you’re the most suitable.”

He Chengguang asked Luo Yong for his opinion,

Although He Chengguang was the leader of the team, he still had to seek the opinion of the person involved in this act of letting others risk their lives as bait.

This wasn't a real battlefield, but the rules of the drill were that they had to treat it seriously.

Luo Yong did not reject it pretentiously and readily agreed,

“Alright.”

Just like that, the people from Team 3 got Luo Yong to pretend to be alone under a big tree nearby and fall asleep.

The other nine people were lying in ambush not far away.

Pan Tianyu went to the grass furthest away from Luo Yong. Just as he was about to lie down, he saw that there was already a person lying in ambush at his feet.

Therefore, Pan Tianyu said in a low voice,

“Hey, brother, not bad. You have good taste. You went to the place I found!”

Seeing that the person didn't respond, Pan Tianyu thought that the person didn't want to talk nonsense with him, so he didn't say anything more.

Then, he lay down. Just as he was about to set up his gun, he heard the person beside him say,

“Brother, your gunshots are too noisy!”

The voice sounded familiar to Pan Tianyu. He quickly ran through all the names of the members of the three teams in his mind.

He realized that none of them matched, but the voice was very familiar, as if he had heard this voice often.

Pan Tianyu turned his head to see who the person next to him was.

However, Pan Tianyu turned around and saw a knife pressed against his neck.

The knife glinted on Pan Tianyu's neck.

That person said softly,

“You have been eliminated!”

This person was Qin Yuan!

It turned out that Qin Yuan had long been lurking nearby and had seen through their plans. Now, he knew clearly who was hiding and where.

Unfortunately, Pan Tianyu had already been eliminated and could not remind his teammates.

He could only look at Qin Yuan with unwillingness in his eyes.

After a long time, He Chengguang saw that Qin Yuan did not appear. He couldn't help but feel a little anxious, but he had no choice. He could only endure his anxiety and be patient.

In order to prevent any accidents, He Chengguang contacted all the members of Team 3 using the wireless intercom to make sure that they were fine.

“Lin Xiao, is there anything unusual?”

“Roger, no abnormalities found!” “Lin Muze, is there anything unusual?”

“Roger, no abnormalities found!”

“Tian Liang...”

“Chen Shan...”

Pan Tianyu, did you notice anything unusual?”

After asking the last question, He Chengguang saw that no one noticed anything unusual, so he put his head in front of the sniper rifle and observed the surroundings through the magnifying scope.

Suddenly, He Chengguang raised his head and recalled that Pan Tianyu’s answer did not come from the walkie-talkie. It seemed to have come from behind him.

Moreover, that voice did not sound like Pan Tianyu at all. It sounded more like...

He Chengguang hurriedly turned around and saw a similarly glinting knife pressed against his neck.

“You have been eliminated!”

It was Qin Yuan. In an instant, two people from Team 3 had been eliminated. Qin Yuan did not stay idle. After eliminating He Chengguang, he fumbled in a direction from the side.

That direction was where Lin Xiao was hiding.

“Lin Xiao, have you eaten?”

“Hmm? No, I haven’t.”

Lin Xiao suddenly heard someone asking him a question in a low voice. He thought that it was someone from Team 3 asking him a question. He didn’t know what was going on, but he still answered sincerely.

“Then go eat. I’ll watch over here for you!”

“No need, you...”

Before Lin Xiao could finish, Qin Yuan pressed a knife against Lin Xiao’s neck.

“You have been eliminated!”

Next, Qin Yuan repeated the same thing and eliminated them one by one.

“You have been eliminated!”

“You have been eliminated!”

“You have been eliminated!”

“You have been eliminated!”

“You have been eliminated!”

“You have been eliminated!”

After a while, nine out of the ten people in Team 3 were eliminated. The remaining one, Luo Yong, was still sleeping under the tree.

Team 3 gathered together and looked at Luo Yong. In front of Luo Yong was Qin Yuan. Qin Yuan slowly walked over.

Lin Muze whispered to He Chengguang, “I thought we would be wiped out, but I didn’t expect it to be so easy!”

He Chengguang laughed at himself.

“We were too arrogant. Captain Qin was right. There’s always someone better!”

Under the tree,

Qin Yuan held a gun against Luo Yong and shouted in a low voice,

“Time to get up!”

Luo Yong shuddered. Before he could see what was happening in front of him, he saw Qin Yuan pointing a gun at him and saying,

“You have been eliminated!”

Luo Yong could only stand up resentfully. He saw He Chengguang and the others not far away.

He instantly understood that they had been wiped out by Captain Qin.

Just like that, the Battle wolf Team 3 was completely wiped out by Qin Yuan. The only ones left in the forest were the Battle wolf Team 1 and 2.

Qin Yuan did not say anything else. He picked up his gun and turned around to look for the people from Team 1 and Team 2..
