

Special Troop 561

Chapter 561 - 561: Team 2 's Members Eliminated!

On the other side, Gong Jian of Team 2 was leading Leng Feng and the others in a dense forest.

The few of them each chose a tree to climb up and hide in it.

Firstly, it was safer than hiding on the ground. Secondly, he could observe the surroundings more clearly from a high altitude.

Wang Yanbing and Leng Feng were not far apart, so they started chatting.

“Hey, Leng Feng, do you think Captain Qin will notice us this time?”

Leng Feng thought for a while before answering Wang Yanbing’s question softly,

“Captain Qin will definitely find us, but I don’t know if we can outrun him this time!”

Gong Jian of Team 2 had formulated Plan B, which was that if they were discovered by Team Qin, everyone would split up and escape, as quickly as possible.

As for Qin Yuan, the members of Team 2 firmly believed that Qin Yuan would definitely be able to find them. However, they did not know that Qin Yuan had a system to assist him.

Under Qin Yuan’s radar scan, he knew everything he went.

While Leng Feng and Wang Yanbing were chatting, Captain Gong Jian’s voice suddenly came from the wireless earpiece in his ear.

“Attention, there’s movement 500 meters ahead. Someone is approaching!”

Everyone from Battle Wolf Team 2 looked over and saw that the birds on the trees had spread out. It was obvious that someone was approaching.

“Be alert. Once you are discovered by Captain Qin, everyone scatter and retreat immediately. Don’t panic!”

Gong Jian whispered through the walkie-talkie.

There was nothing they could do. Qin Yuan’s abnormal strength had already penetrated deep into the hearts of everyone in Battle Wolf Team 1 and Team 2, making them unable to muster up any resistance.

Even if they had to risk their lives to complete the mission, they didn’t want their enemy to be Captain Qin!

Just like that, the Battle wolf Team 2 members stared ahead, afraid that they would be a second slower.

After more than ten minutes, a figure finally appeared slowly.

The person who came was Qin Yuan.

Qin Yuan observed his surroundings. Under the radar's scanning range, he knew the number of people nearby, so he said unhurriedly to a tree, "Gong Jian, you're not bad, kid. You led the whole team up the tree."

That direction was where Gong Jian was hiding.

Gong Jian ignored Captain Qin and shouted,

"Run!"

In that instant, the members of Team 2 hurriedly jumped down from the tree and split up to run in all directions. They did not stay for a second longer, as if Qin Yuan was a terrifying person.

At that moment, the reaction of the Battle wolf Team 2 stunned Qin Yuan. Qin Yuan thought to himself,

I'm not a demon. Is there a need to run so fast?

If the members of Battle Wolf Team 2 knew what Qin Yuan was thinking, they would definitely shout,

Yes! You're not a demon, but you're more terrifying than a demon. Even Satan has to bow to you!

Qin Yuan saw that everyone was running in all directions, so he raised the gun in his hand and aimed it at Gong Jian.

In the next second,

A gunshot rang out.

White smoke rose from Gong Jian's back.

Gong Jian had already been eliminated. Seeing this, he stopped running.

No matter how powerful Qin Yuan was, he could not eliminate all of them the moment they split up and fled. Therefore, he could only kill Gong Jian first.

As the saying went, to capture the thief, one must first capture the king. Qin Yuan knew this very well.

Although there were still Leng Feng and a few others, without Gong Jian to plan and command everything, the strength of the Battle wolf was greatly reduced.

"This was your idea, right?"

Qin Yuan said to Gong Jian unhappily,

Gong Jian chuckled and replied in embarrassment,

"Hehe, that's right. This is the only way to prevent Captain Qin from eliminating everyone so quickly!"

After saying that, Gong Jian rubbed the back of his head to express his innocence.

Qin Yuan had no choice but to continue looking for others.

So far, all the members of the Battle wolf had been easily wiped out by Qin

Yuan.

Now, only Battle wolf Team 2 and Team 1 were left. With Gong Jian missing from Team 2, they still had 19 people left.

Qin Yuan raised his head and saw that the sky was gradually darkening. He knew that he had to speed up. If he did not eliminate everyone by tomorrow night, he would not be able to establish his prestige for the three teams.

On the other side, the members of Team 2 who had just fled quickly gathered by the river. When everyone gathered together and realized that they couldn't contact Gong Jian, they knew that Gong Jian had been eliminated.

"The instructor was probably caught by Captain Qin."

Li Erniu panted. Li Erniu was the last person to gather. He had just run a long distance and had yet to recover.

"Looks like Captain Qin wants us to be leaderless!" Wang Yanbing put on an exaggerated expression and said,

"Sigh! Does anyone have any good countermeasures?"

As soon as Wang Yanbing said this, everyone lowered their heads. Clearly, no one could think of any plan to compete with Qin Yuan for the time being.

"Why don't we admit defeat?"

Li Erniu said dejectedly.

When Wang Yanbing heard this, she was instantly angry. She fiercely patted Li Erniu's head and said angrily,

"Admit defeat? We can't afford to lose that person's face, understand? Look at you!"

Seeing this, Leng Feng quickly came out to smooth things over.

"Alright, Erniu didn't do it on purpose. But Li Erniu, I'm warning you, don't say such things again!"

Li Erniu knew that he had said something wrong and lowered his head to accept Leng Feng's reprimand..

Chapter 562 - 562: Team 2's Members Eliminated!

Seeing how everyone's morale was unstable, Leng Feng knew that someone had to come out and lead them.

Thus, Leng Feng said,

"Brothers, since we can't beat Captain Qin, why don't we follow the instructor's method and hide in all directions? Once Captain Qin finds us, we'll scatter immediately. This way, only one person will be eliminated, and we'll fight with Captain Qin to stall for time."

“Anyway, our mission is to survive more than five people and stall for time for Team 1. Perhaps we can still have a glimmer of hope of winning.”

After Leng Feng finished speaking, he looked around at the members of Team 2, wanting to see their reaction.

Wang Yanbing was the first to express her stance.

“Alright, that’s the only way now. I support this plan!”

With Wang Yanbing taking the lead, the others expressed their support.

Just like that, Leng Feng led the group to another dense forest. They spread out and hid in the trees.

Not long after, Qin Yuan found his way here through the traces of Team 2.

Although they were all special forces soldiers and could secretly erase their tracks, there would always be traces left behind. For Qin Yuan, he could still discover these traces if he was careful.

“He’s here! Attention everyone!”

Leng Feng stared at the person in front of him who was coming over. He did not need to think to know that it was Qin Yuan, so he used the wireless intercom to remind the people of Team 2.

Qin Yuan’s figure slowly appeared. He pointed his gun at Leng Feng on the tree.

“Run!”

Leng Feng shouted,

Everyone quickly jumped off the tree and ran in all directions.

Seeing this familiar scene, Qin Yuan shook his head helplessly.

Although such a tactic would sooner or later be completely wiped out by Qin Yuan, it could buy them a lot of time.

Even Qin Yuan felt a headache when faced with such a tactic. Qin Yuan had no choice but to shoot first to eliminate Leng Feng.

“Bang!”

White smoke rose from behind Leng Feng, and the rest of Team 2 had long disappeared.

“Not bad, your Team 2 has inherited Gong Jian’s true teachings!”

Qin Yuan teased Leng Feng,

Leng Feng smiled and said,

“Hehe! Although we can’t beat Captain Qin, we should at least create some obstacles for Captain Qin!”

“You brat, you didn’t even shoot me and you’re already admitting defeat? This is not the style of the special forces!”

Qin Yuan's tone had a hint of warning. He wanted Leng Feng to remember that it was taboo to admit defeat before the battle!

Qin Yuan did not immediately chase after him. Instead, he stood there and thought.

On the other side, Wang Yanbing and the others quickly gathered together.

"I can't contact Leng Feng either!"

Wang Yanbing continued,

"This tactic is useful, but it costs some comrades! "

After the members of Team 2 were gathered, they brought the members of Team 2 and planned to do the same thing. Then, they found a tree to hide.

After waiting for a long time, Qin Yuan did not catch up. Li Erniu could not help but be a little puzzled.

Hence, he contacted Wang Yanbing using the wireless intercom.

"Wang Yanbing, why do I feel a little uneasy?"

Wang Yanbing immediately interrupted Li Erniu, "Li Erniu, shut up. Every time you say something like this, it's always bad!" "Alright, alright, alright. I won't say anything!"

Li Erniu asked for a snub, so he shut his mouth and carefully observed his surroundings.

"Hey, are you tired? Come down and rest!"

Just as everyone in Team 2 was nervously waiting for Qin Yuan's arrival, Qin

Yuan's voice suddenly came from below,

Li Erniu and the others could not help but think too much. They quickly jumped down. In the end, as soon as everyone from Team 2 jumped down from the tree, they detonated the trap mines.

Of course, it was not a real mine, but a practice mine that emitted a muffled sound.

It turned out that Qin Yuan had already used his disguise and infiltration skill to sneak over. He had set up traps under everyone's trees and then spoke to lure everyone down.

When Team 2 jumped down, they would accidentally detonate the trap under the tree.

Qin Yuan's goal was to eliminate only one person like the previous two times and let the others escape.

Seeing that the members of Team 2 had been eliminated, Qin Yuan said,

"Let's see where you can run to!"

After saying that, he looked around and counted the number of people.

When Qin Yuan swept his gaze over Li Erniu, he realized that Li Erniu wanted to speak a few times, so he shouted at Li Erniu, Li Erniu, what are you trying to say?" Li Erniu stammered in response,

"No... It's nothing!"

“This is ridiculous!”

Qin Yuan muttered, then turned around to look for Team 1.

After Li Erniu’s distraction, Qin Yuan did not notice that Wang Yanbing was missing from the Team 2 under the tree.

Wang Yanbing almost jumped down as well. Suddenly, she felt that something was wrong, so she didn’t jump down in a hurry. Instead, she looked around the tree and found a trap.

It was too late to remind everyone. He could only hide in the tree and not dare to breathe.

After Qin Yuan walked far away, Wang Yanbing carefully came down from the tree. She looked at the people who had been eliminated in front of her and asked softly,

“Gone far?”

Li Erniu nodded. Wang Yanbing let out a sigh of relief and patted her chest to calm herself down.

“Yan Bing, why didn’t you remind us if you didn’t come down?”

One of them asked in confusion,

“How could I have the time? All of you are like the Flying Tigers in the movies. I didn’t even realize that all of you had jumped down. I couldn’t stop you even if I wanted to!”

Wang Yanbing retorted and continued,

“Besides, if Li Erniu didn’t attract Qin Yuan’s attention just now, Captain Qin might have noticed that something was wrong and discovered me.”

Everyone understood this logic.

Just as Wang Yanbing was about to look for Geng Hu from Team 1,

He turned around and asked everyone,

“Hey, where did Captain Qin go? I’m going in the opposite direction. If I bump into Captain Qin on the way, I’ll be in big trouble!”

Everyone did not say anything and just stared at him. To be precise, everyone was staring at Wang Yanbing’s back.

Seeing that everyone was ignoring her, Wang Yanbing shouted anxiously,

“Say it, why aren’t you guys talking?!” “He’s heading east! ”

At this moment, someone spoke,

“Oh, thank you!”

Wang Yanbing thanked him and was about to walk in the opposite direction to the west when she suddenly froze.

That was because the voice seemed to have come from behind him. Moreover, the voice was very familiar, so familiar that it sounded like someone.

Captain Qin!

Wang Yanbing slowly turned her head and looked at Qin Yuan with a harmless smile.

Wang Yanbing forced out a smile that was uglier than crying and said to Qin

Yuan,

“Alright... Coincidence... Ah!” Qin Yuan smiled and said,

“That’s right! What a coincidence!”

In the next second, Wang Yanbing raised the gun in her hand and pointed it at Qin Yuan, wanting to pull the trigger.

Qin Yuan was not to be trifled with. He reacted quickly and kicked the gun away from Wang Yanbing’s hand.

When Wang Yanbing saw this, she distanced herself from Qin Yuan. Then, she took off her equipment and planned to engage in close combat with Qin Yuan.

Although Wang Yanbing knew that she was no match for Qin Yuan, admitting defeat was not Wang Yanbing’s style.

When Qin Yuan saw that Wang Yanbing had such backbone, he could not help but praise her in his heart. Then, under Wang Yanbing’s dumbfounded expression, he slowly raised his pistol.

Bang!

With a gunshot, Wang Yanbing was eliminated.

Qin Yuan even symbolically shook the gun in his hand and looked at Wang Yanbing.

Wang Yanbing said unwillingly, “Captain Qin, you’re cheating!”

“Deceiving? What do you mean?”

Qin Yuan looked at Wang Yanbing as if he was looking at a fool and continued,

“On the battlefield, life and death are at stake. Who’s here to talk about loyalty with you? Why don’t you throw away your gun and fight with you in close quarters?”

When Wang Yanbing heard this, she lost her temper. Since ancient times, all was fair in war.

On the battlefield, no one cared if it was fair or not. They only cared about the results.

Just like that, the Battle wolf Team 2 was wiped out by Qin Yuan.

They were still lacking Battle wolf Team 1.

Qin Yuan did not have any good plans to easily and quickly subdue the entire Battle Wolf team.

After all, Team 1 had followed Qin Yuan for the longest time. They had evolved from the kitchen crew to the current Battle Wolf Special Forces.

The Battle wolf knew Qin Yuan very well, which made Qin Yuan unable to think

of a suitable plan for the time being. He could only take it one step at a time.

Qin Yuan simply did not want to go down. He left the eliminated members of Team 2 behind and walked into the depths of the forest alone..

Chapter 563 - 563: What Trick Are You Up To Now?

Qin Yuan walked and stopped in the forest. From time to time, he would observe the road to determine the location of the team.

Geng Hu was a big guy, and the traces he left behind were obviously different from the others.

Just like that, Qin Yuan followed the traces and circled around in the depths of the forest. This was the stupidest and fastest way to find the members of the Battle Wolf Team.

As long as they could find Geng Hu, they would be able to quickly end this battle.

Just as Qin Yuan was carefully observing the ground, he suddenly saw that the traces had disappeared not far ahead.

The vigilant Qin Yuan immediately rolled to the side.

In the next second,

A grenade exploded on the spot.

Just as Qin Yuan dodged, a grenade was thrown from somewhere.

Before Qin Yuan could recover, a few more grenades flew towards Qin Yuan from all directions.

Seeing this, Qin Yuan quickly climbed up the trees at the side. Fortunately, he was not hit by the grenade.

“Interesting! ”

Qin Yuan muttered to himself excitedly. It had been a long time since he had such a challenging moment.

As expected of the Battle wolf that Qin Yuan had personally brought up. All of them were the elites of the elites!

Soon, Qin Yuan locked onto a team member hiding behind the grass.

Qin Yuan raised his head and observed his surroundings. He realized that as long as he jumped from this tree to the opposite tree, he would be able to get close to that person.

There was a distance of ten meters between the two trees. Ordinary people would definitely not be able to jump over it. Even special forces soldiers might not be able to succeed, but Qin Yuan was not an ordinary person.

His powerful jumping ability allowed Qin Yuan to jump onto the tree opposite him. Before Qin Yuan could stabilize himself, Qin Yuan immediately raised his gun and pulled the trigger at the person under the tree!

After a gunshot, white smoke rose from behind the person under the tree. Before Qin Yuan could find his next target, someone shot at him with a gun.

“Da da da...”

Gunshots kept ringing out. Qin Yuan could only hide behind a tree and wait for an opportunity.

At this moment, Zhou Qing’s voice came from outside.

“Captain Qin! Stop hiding, come out and surrender! We will treat the captives well.”

It was obvious that Zhou Qing was teasing Qin Yuan.

Then, Liu Ye echoed,

“That’s right! Captain Qin, come out!”

Qin Yuan ignored him and thought to himself,

I’ll let you guys be smug for now, but I’ll make you cry later!

After most of them finished firing, they immediately reloaded, leaving a small group of people to continue firing at Qin Yuan.

During the few seconds of reloading, Qin Yuan knew that the time had come. He immediately picked up his gun and rushed to the side.

When Team 1 saw Qin Yuan running out, they raised their muzzles and swept them a little distance in front of Qin Yuan. According to the trajectory of the bullets, as long as Qin Yuan continued to run forward, he would definitely be hit.

In that instant, Qin Yuan suddenly stopped. He was running at high speed and then stopped as if he had been frozen, stunning everyone in Team 1.

It was understandable to stop, but to suddenly stop at a high speed was as if there was no inertia at all.

Qin Yuan raised his gun and began to sweep.

With Qin Yuan’s barrage of bullets, most of the members of Battle Wolf Team 1 found cover and hid. Only Zheng Xiaohu did not have time to find cover and was eliminated by Qin Yuan’s bullets.

“Retreat!”

Seeing this, Zhou Qing ordered to retreat. He knew that if he continued to stay here, he would be wiped out by Qin Yuan sooner or later, so he stopped the damage in time and asked everyone to retreat.

Moreover, their mission was to survive, so there was no need to fight Qin Yuan head-on.

Very quickly, other than Zheng Xiaohu, the other nine people in Team 1 quickly retreated. In a few seconds, they disappeared without a trace, as if no one had been here a second ago.

As expected of Battle Wolf Team 1, the elite of the elite special forces. Just the speed and efficiency of their retreat were far beyond that of Team 2 and Team 3.

After all, Battle Wolf Team 1 was personally led by Qin Yuan. The more powerful Team 1 was, the more pride Qin Yuan would gain.

Qin Yuan patted the dust off his body and looked at the eliminated Zheng Xiaohu. No one knew what he was thinking about. Then, he walked away in a direction.

“Captain Qin is still too abnormal. Ten of us ambushed him and he killed one of us!”

Liu Ye said emotionally,

“No matter how strong a person is, they will have weaknesses. There will always be a time when they reveal their flaws!”

Zhou Qing muttered to Liu Ye, as if he was talking to Liu Ye, but to himself.

At this moment, Geng Hu interjected,

“It’s been so long, when have you seen Captain Qin reveal his weakness?”

Hearing this, everyone fell silent.

That’s right, ever since Qin Yuan took over their cooking class, it was as if he had cheated.

What they did not know was that Qin Yuan had really relied on the system to achieve his current achievements. The system could not be removed from it. Of course, Qin Yuan himself played a part in it, but it was not too much to say that he was cheating!

“We survived this drill. There’s no need to fight Captain Qin head-on. We still have hope of winning!”

Zhou Qing encouraged everyone.

Zhou Qing’s words instantly woke everyone up.

Yeah,

It was almost impossible to eliminate Captain Qin.

However, even if we can’t afford to offend them, can’t we hide? There was less than a day left until the end. As long as five people survived, there was still a high chance of winning!

“Geng Hu! Try to contact the members of Teams 1 and 3 and find out how many people are left on their side!”

Chapter 564 - 564: What Trick Are You Up To Now?

Liu Ye said to Geng Hu. Their walkie-talkies had a team channel, and they could switch to the public channel. The public channel could be received by their own team members and allies except for the enemy.

“Yes, sir!”

Geng Hu then used the walkie-talkie to call the people from Team 2 and Team 3, but no one responded.

At this moment, Zhou Qing said,

“There’s no need to contact them. They should have been wiped out by Captain Qin. Otherwise, it wouldn’t have taken so long for Captain Qin to come and find us!”

Zhou Qing had known Qin Yuan for so long, so he knew Qin Yuan’s character.

“Does everyone have any good idea?”

Zhou Qing asked everyone. After all, sometimes it was better to think alone than in a group.

Everyone lowered their heads and thought,

After a while, Geng Hu stood up and said to Zhou Qing,

“Instructor, I have an idea!”

“What idea?”

Zhou Qing hurriedly asked,

Although Geng Hu was burly, he was very meticulous and had a very flexible mind.

“I think we can split up and hide!”

“Sigh, for Team Qin, scattering and hiding will only make it easier for Team

Qin to break us one by one!”

Zhou Qing sighed. He did not approve of this plan. He thought that Geng Hu had thought of something to suggest, but he did not expect to speak of this idea that was not approved by everyone.

After all, this plan was very simple and anyone could think of it. However, it was rejected by everyone at the first moment because it was not suitable for those who were much stronger than themselves.

It would only make it easier for the other party to break through them one by one. At that time, they would be wiped out.

“I haven’t finished speaking!”

Geng Hu couldn’t help but say,

“We can spread out a little further. Even if Captain Qin eliminated one of us, he still needs time to rush to the next place.”

“And we can keep in contact and form a circle. If we lose contact with someone, it means that they have been eliminated by Captain Qin. We can go to that person’s original position. The probability of him returning to check is low!”

Zhou Qing looked at Geng Hu and was extremely surprised. This method was very clever and was very suitable for delaying the battle!

“Sure, I support Geng Hu’s plan!”

Zhou Qing gave Geng Hu a thumbs up in agreement.

Seeing that no one had any better ideas, they decided to adopt Geng Hu’s suggestion.

Battle Wolf Team 1 immediately scattered in all directions.

On the other side, Qin Yuan followed the traces along the way and quickly arrived at the place where the Battle wolf had gathered. Just as he was about to continue checking,

Qin Yuan immediately found traces on the ground that indicated that a group of people had stopped here just now. Then, they split up in various directions.

Qin Yuan couldn't help but think on the spot.

"What are these people trying to do!"

After thinking for a while, Qin Yuan seemed to have thought of something. He looked up into the distance and had a guess in his heart.

Then, Qin Yuan followed the biggest trace and chased after it. This trace was more than twice as big as the others. It was obvious that it was in the direction where Geng Hu had retreated.

Qin Yuan planned to find Geng Hu first. After all, Geng Hu's strength was considered top-notch in Team 1.

"I see Captain Qin!"

After a while, Geng Hu's voice came from the wireless earphones in Team 1's ears.

Geng Hu stared fixedly at Qin Yuan in front of him.

Geng Hu aimed his gun at Qin Yuan and observed his every move.

Qin Yuan had the system and radar scanning skills, so he naturally knew Geng Hu's actions.

Qin Yuan suddenly stopped and carefully walked in the opposite direction of Geng Hu.

The reverse direction was a trace that Geng Hu had deliberately faked.

"Geng Hu, come out. I've found you!"

Qin Yuan shouted loudly. He raised his gun and pretended to push away the grass in front of him.

Behind Qin Yuan was where Geng Hu was hiding.

Geng Hu sneered in his heart.

Hmph, only a ghost would believe you. You didn't even know that I was behind you, and you still have the cheek to say that you found me!

Just as Geng Hu was about to pull the trigger and attack Qin Yuan from behind,

Qin Yuan suddenly slipped and fell.

"Aiyo, f * ck!"

Then, he lay on the ground. For a moment, Geng Hu did not know what Qin Yuan was putting on.

It was difficult for special forces soldiers to fall, let alone Qin Yuan.

No! There was an explosion!

Geng Hu reacted and was about to end the battle quickly as he pulled the trigger.

Qin Yuan suddenly turned around and rolled to the side.

It was at this moment that Geng Hu subconsciously pulled the trigger.

“Bang!”

After a gunshot, it hit Qin Yuan’s original position and missed him.

Geng Hu cursed in his heart!

Sure enough, Qin Yuan followed the gunshot and raised the gun in his hand to shoot at Geng Hu.
Geng Hu,

Eliminated!

“Geng Hu, you still want to launch a sneak attack!”

Qin Yuan happily shouted at Geng Hu,

Geng Hu could only reply,

“The sneak attack didn’t even succeed, sigh! What a failure! ”

His expression was filled with helplessness.

Qin Yuan knew that he could not attack Geng Hu too much. Otherwise, it might affect Geng Hu’s future growth, so he said,

“Not bad. Maybe after a few more years of hard training, you’ll be able to catch up to me!”

When Geng Hu heard this, his fighting spirit was reignited.

Geng Hu rarely heard Qin Yuan be so sure of a person, and Qin Yuan was telling the truth.

A good seedling like Geng Hu would sooner or later reach Qin Yuan’s current strength if he trained hard. However, by then, Qin Yuan might have already reached a higher level.

Now that time was tight, Qin Yuan did not stay any longer and hurriedly went to the next place.

He slowly found a few people in Team 1 and eliminated them.

Qin Yuan did not notice anyone.

There was still half a day left, and there were still six members in the team. As long as two more people were eliminated, Qin Yuan would win.

However, after searching for so long, Qin Yuan could not find a single one.

Logically speaking, this area was so large, but it had been searched by Qin Yuan. It was impossible that there were no traces of others.

Unless...

Thinking of this, Qin Yuan immediately sped up and ran back!

According to Qin Yuan’s thoughts, unless the members of Team 1 went to the place where Qin Yuan had eliminated the few people, they could indeed make Qin Yuan unable to find them!

As expected, when Qin Yuan ran to the previous location, he realized that a member of Team 1 had just arrived.

Qin Yuan fired without saying a word and eliminated him.

Then, he went to the previous location.

“Everyone gather!”

When Zhou Qing realized that there were only five players left, he immediately used his walkie-talkie to inform everyone to gather at the spot where Geng Hu had been eliminated.

Because now, if one more person was eliminated, they would lose. It would be better to gather all their strength.

Liu Ye looked at Zhou Qing and said,

“There are five people left. I hope we can last three hours!”

“Yeah, there are still three hours left. I’m afraid Captain Qin will find us soon!”

Zhou Qing said solemnly.

“Then what should we do?”

Liu Ye asked Zhou Qing anxiously.

“I don’t know. Looks like I can only fight to the death!”

Zhou Qing made up his mind to wait for Qin Yuan to come over. At the same time, he wanted to see how long the five of them could last under Captain Qin’s hands.

Not long after, Qin Yuan came looking for her. Zhou Qing gave the order the moment he saw Qin Yuan.

“Fire!”

In an instant, gunshots rang out in all directions, shooting towards Qin Yuan.

Qin Yuan hid behind a large rock as cover. Then, he found an opportunity to kill the remaining members of the Battle Wolf Team.

Slowly, everyone ran out of bullets. At this moment, only Qin Yuan and Zhou Qing were left on the battlefield.

Qin Yuan slowly walked towards Zhou Qing and said indifferently,

“Sure! The instructor even provoked me!”

At this moment, Zhou Qing was so regretful that his intestines turned green.

He regretted that he should not have provoked Qin Yuan proudly at that time. It seemed that it was inevitable for him to be beaten up by Qin Yuan.

Hence, Zhou Qing threw down the gun that had no bullets in his hand and got into a fighting stance. He said to Qin Yuan,

“Come on, Captain Qin, let’s see how long I can last under your hands this time!”

Then, the two of them engaged in close combat. In fact, Qin Yuan could have subdued Zhou Qing in the first ten moves, but Qin Yuan did not do so.

Instead, he slowly played with Zhou Qing and greeted Zhou Qing's face whenever he had the chance.

Towards the end, Zhou Qing could see through Qin Yuan's intentions. He hurriedly raised his hand and said vaguely,

"I admit defeat!"

Chapter 565 - 565: The Magical Meat Soup

"Is there anyone else who's not convinced?!"

The next morning, Qin Yuan gathered everyone from Battle wolf.

Looking at the people in front of him, Qin Yuan asked loudly,

Seeing that no one answered, Qin Yuan shouted again,

"Why aren't you saying anything? Zhou Qing!"

An unclear voice replied to Qin Yuan. Qin Yuan was stunned for a moment, then he turned to look at Zhou Qing and asked knowingly,

"Ya! Instructor, what's wrong with you? Who ambushed our Battle wolf Base last night? Why are you in this state?"

Zhou Qing's face was red and swollen. It was not that serious last night. After a night of fermentation, it was red and swollen.

This was all thanks to Qin Yuan last night. Now, Zhou Qing's words were even muffled. Zhou Qing swore to himself,

In the future, no matter who he offended, he could not offend Qin Yuan!

Qin Yuan placed his hands behind his back. There was no guilt on his face as he shouted,

"Being beaten up like this, you can only blame yourself for being inferior! Don't you all think that you're very awesome? Thirty people against me, I don't know how you have the face to stand in front of me!" "From now on, the training will be doubled!"

"Yes, sir!"

Everyone responded!

"Dismissed!"

After Qin Yuan disbanded the team, he went far away. Now that He

Chengguang was the captain of Battle Wolf Team 3, it was naturally He Chengguang who would train the members of Team 3. Therefore, there was no need for Qin Yuan to stay.

After Qin Yuan left, everyone looked at Zhou Qing with three words in their eyes.

Thank you for your hard work!

Then, they followed their respective captains to find a place to train.

He Chengguang asked Team 3 to run ten kilometers around the field.

After giving the order, everyone began to jog.

At this moment, Lin Muze leaned forward and whispered, "Hey, look at that instructor's face. It's too horrible to look at!" "Yeah, sure enough, Captain Qin can't be provoked!"

Luo Yong said with deep sympathy.

At this moment, a person who did not participate in the battle against Qin Yuan asked,

"Is Captain Qin really that terrifying? Tell us what happened!"

Lin Muze glanced at that person, then looked at everyone's expectant eyes, so he slowly told them everything that had happened during the exercise,

Because during training, after a segment, it was another person's turn to speak. Otherwise, Lin Muze would be exhausted to death.

Just like that, by the time the story was over, everyone had unknowingly run away halfway.

"Captain, why didn't the 30 of you gather together to deal with Captain Qin?"

One of them asked He Chengguang in confusion,

Before He Chengguang could say anything, Tian Liang said,

"Are you stupid? If we all stay together, Captain Qin will kill us all with just a few grenades. Captain Qin is like a ghost, gathering together will only speed up our death!"

When the others heard this, they came to a realization.

This was understandable. After they had experienced many battles, they would understand the pros and cons of these tactics. There were different tactics to deal with different enemies in different situations.

At this moment, Qin Yuan arrived at the field. He looked at the Battle wolf 'third team who were training, so he called He Chengguang out,

"He Chengguang!" "Here!"

"Come here for a moment!"

After saying that, Qin Yuan waved at He Chengguang to come over.

He Chengguang didn't understand, but he still walked over. "He Chengguang, how do you plan to train the soldiers of Team 3?" When He Chengguang walked in front of Qin Yuan, Qin Yuan said,

He Chengguang answered truthfully,

"Let them do long-distance running every day to train their physical fitness!

Only by building their physical foundation can they fight better!"

“En, not bad.”

Although Qin Yuan said that it was not bad, he still had a dissatisfied expression on his face.

He Chengguang was not a stupid person. When he saw Qin Yuan’s expression, he roughly guessed what Qin Yuan meant. He immediately asked Qin Yuan,

“Captain Qin, what advice do you have?”

Qin Yuan looked at He Chengguang’s clever appearance and grinned. “It’s not much advice. I just want to share some training experience with you.”

Then, the people of Team 3 saw He Chengguang and Qin Yuan talking mysteriously. Then, Qin Yuan stuffed something into He Chengguang’s hands. He Chengguang looked left and right before quickly kicking it into his pocket.

Then, Qin Yuan left, and He Chengguang returned to the team.

Lin Muze asked,

“Sigh! What the hell? It’s so mysterious, can you tell us about it?”

He Chengguang cleared his throat. Just when everyone thought he was going to say it, He Chengguang opened his mouth and said a few words,

“Cough, don’t ask what you shouldn’t ask! Train!”

Everyone instantly looked disappointed, but they didn’t blame He Chengguang for not saying anything. After all, there were many confidentiality agreements in the army, let alone the special forces.

After everyone finished running ten kilometers, He Chengguang dismissed everyone.

“Dismissed. I’ll let you have a good rest today!”

Then, He Chengguang revealed a meaningful expression.

Everyone did not think too much about it and left happily. Only Lin Muze, Lin Xiao, and the others seemed to have smelled something unusual, but they did not think too much about it and followed the crowd.

He Chengguang looked at the backs of the three teams as they left. He lowered his head and muttered,

“Sigh, the following days will be tough for everyone.”

If Qin Yuan knew that He Chengguang had specially let the people of Team 3 rest for half a day, he would definitely scold He Chengguang for being too merciful..

Chapter 566 - 566: The Magical Meat Soup (2)

The next day, He Chengguang gathered the people from the three teams.

“Gather!”

After everyone stabilized their feet, He Chengguang continued,

“Today’s training is very simple. It’s a long-distance run while carrying logs!”

When the people of Team 3 heard He Chengguang’s words, they were all delighted. Running with logs was simply too easy for special forces like them.

“Each of us will take one!”

He Chengguang added. Usually, it was two people taking one log. Now, each person took one log each. The difficulty had increased.

Everyone’s faces instantly turned sour! However, there was no other way. Everyone could reluctantly accept such training.

After He Chengguang finished speaking, he ordered the Battle wolf to carry a log each.

“Lin Xiao, why are these logs all wet?”

Just as Lin Muze was about to pick up the logs, he realized that the logs were darker than before. It was obvious that they had been drenched in water.

The logs were dark brown, and the logs that had not come into contact with water were generally light brown.

“Hmm?”

Lin Xiao stretched out his hand in confusion and touched a round log in front of him.

“It’s indeed wet!”

This scene played out among the members of Battle wolf Team 3.

He Chengguang walked over and said,

“Not bad! I soaked these logs in the water last night just to increase your weight!”

Everyone wailed,

“If we don’t increase the weight, how are we going to break through the limits of your body during training?” He Chengguang continued,

“Cut the crap. Let’s take one each. Let’s go!”

The members of Team 3 could only reluctantly carry a log that had been soaked in water and run behind He Chengguang.

Of course, He Chengguang also carried one and trained with them. Otherwise, how could he convince the crowd?

“He Chengguang, how many kilometers do we have to run?”

Lin Mu Ze asked He Chengguang as he ran.

He Chengguang said without turning his head, “Run until I’m satisfied!”

“Are you satisfied? How satisfied are you?”

Lin Muze asked in confusion,

He Chengguang said indifferently,

“It’s when all of you are tired and unable to move.”

When the members of Battle Wolf Team 3 heard this, their faces instantly turned sour. They knew that He Chengguang wasn’t joking.

Thus, the people of Team 3 carried the logs from noon to night. Everyone was so tired that they couldn’t run anymore. Gradually, some people stopped. In the end, He Chengguang was the only one who carried the log and ran.

Lin Muze advised,

“He Chengguang, that’s enough. You don’t have to work so hard!”

He Chengguang replied loudly with a firm gaze,

“I’m going to train hard. I can’t win two consecutive exercises. I’m ashamed of myself!”

When everyone heard this, they were infected by He Chengguang’s emotions. Lin Muze gritted his teeth and said,

“Let’s go all out! As long as you don’t die from training, then train to the death!”

After saying that, Lin Mu Ze picked up the log and continued his training.

Then, Lin Xiao also stood up, carried the log, and ran.

Tian Liang.

Luo Yong.

One by one, the members of Battle Wolf Team 3 gritted their teeth and carried the logs to continue their training.

They knew that only by being self-disciplined and training hard could they continuously improve themselves. Their current efforts were all for the sake of achieving outstanding achievements in the future.

When everyone had no more strength left to run, they lay on the floor to rest.

Lin Muze paused for a moment before he finally had the strength to ask He Chengguang,

“He Chengguang, are you still unhappy because you lost in the previous two exercises?”

Lin Muze knew He Chengguang very well because their relationship was even closer than brothers. They could be said to be life-and-death brothers.

Lin Muze knew that the reason He Chengguang was training so hard today was because he didn’t get good results in the previous two exercises. He

Chengguang was a very strong man, so he suffered a blow in his heart.

He Chengguang lay on the ground and looked up at the dark sky. The few stars were shining. After looking at them for a long time, He Chengguang slowly said,

"I just feel that I'm not outstanding enough now. I want to be an outstanding person!"

"Who doesn't want to be an outstanding person? He Chengguang, I think you're already very outstanding!"

Lin Xiao interrupted at this time.

"I don't think it's enough!"

Then, He Chengguang laughed at himself and said,

"Otherwise, I wouldn't have lost the ability to resist in the previous two exercises."

"You can't blame yourself!"

Lin Muze consoled.

"As long as we train hard, we will catch up to the people from the second team sooner or later. We might even catch up to the people from the first team!"

"Yes!"

He Chengguang responded and didn't say anything else.

Lin Muze knew that He Chengguang would not be able to let go of this matter for a while. As long as he trained hard and achieved good results one day in the future, perhaps He Chengguang would really let go of the grudge in his heart.

When everyone was almost done resting, He Chengguang asked everyone to go to the cafeteria to eat.

When they arrived at the canteen, He Chengguang secretly poured a few bottles of small medicine into the broth when no one was paying attention.

Those few bottles were the low-level physique-strengthening drug that Qin Yuan had stuffed into He Chengguang's hands the day before.

Of course, in order not to expose the existence of the system, Qin Yuan said that this was his family's ancestral potion.

He Chengguang did not know if this potion would work, but he believed that Qin Yuan would not harm everyone.

"Slow down, be careful not to choke!"

Lin Muze looked at Luo Yong wolfing down the food and could not help but remind him.

Coincidentally, after Lin Muze finished speaking, Luo Yong was just about to speak when he choked on the food in his mouth and coughed a few times.

Seeing this, Lin Muze could only get up to get a bowl of meat soup for Luo Yong to drink.

Soon, the meat soup was served.

Luo Yong took the meat soup that Lin Muze handed over and gulped it down.

After Luo Yong finished a bowl of meat soup in one go, he said,

“Thank you, I feel much better!”

In the next second, Luo Yong was stunned. Seeing this, Lin Muze hurriedly asked,

“Luo Yong! What’s wrong with you?”

Luo Yong came back to his senses and said in disbelief,

“I feel that after drinking this bowl of soup, I’m not as tired anymore. I even feel much more energetic!” “Really?”

Lin Muze asked in disbelief,

“I say, Luo Yong, you’re exaggerating, right? It’s just a bowl of soup, how can it be so miraculous!”

Luo Yong saw that Lin Muze did not believe him and shouted anxiously,

“It’s true! Why would I lie to you?”

Lin Muze looked at Luo Yong’s appearance and did not want to deliberately trick him. Hence, he also went to get a bowl of meat soup. Under Luo Yong’s expectant gaze, he drank it suspiciously.

Gulp, gulp, gulp.

The bowl of meat soup was quickly finished by Lin Muze. Luo Yong stared fixedly at Lin Muze, and the surrounding people also stared at Lin Muze.

Because of the commotion from Derore, everyone looked at Lin muze, wanting to know if it was really as miraculous as Luo Yong said, that a bowl of meat soup could make him lively.

After a few seconds, Lin Muze reminisced. He felt that the fatigue that he had been dragging on earlier had been swept away, and his entire person was much more energetic. Thus, he said in surprise,

“F * ck, really, Luo Yong, you actually didn’t lie to me!”

In an instant, everyone went to get a bowl of meat soup. After drinking it, everyone felt amazed. As expected, he felt much less fatigued, and he felt much more energetic when he walked.

As He Chengguang slowly drank the meat soup and watched this scene, he muttered,

“Captain Qin actually has such a good thing?”

Of course, all of this was thanks to the bottle of physique-strengthening drug that Qin Yuan had given him.

Because of the long period of high-intensity training, it was easy for everyone’s muscles to dissolve. With the constitution strengthening drug, everyone’s body constitution could be strengthened.

The current three teams were led by He Chengguang. In order to effectively improve everyone's bodies in the future, He Chengguang planned to ask Qin Yuan for more tomorrow.

However, Qin Yuan had told him that this was a medicine passed down from his ancestors. He did not know if Qin Yuan had any extra and would give it to him. This was what He Chengguang was worried about.

If Qin Yuan knew what He Chengguang was thinking, he would definitely wave his hand.

Heh, you can have as much of this low-level strengthening drug as you want. I can even get you a whole box.

After everyone was full, He Chengguang told everyone to go back and have a good sleep. They would continue training tomorrow. There was even more cruel training waiting for everyone..

Chapter 567: Sniper Training

Just like that, He Chengguang let everyone carry the logs and train for half a month. From carrying one log each to carrying two logs each, they could run for an entire day without any effort. He Chengguang did not have a better training method at the moment, so he planned to ask Qin Yuan for advice. At the same time, he wanted to ask if Qin Yuan still had any of those small potions.

"Captain Qin!"

He Chengguang found Captain Qin and saluted.

"Hmm? He Chengguang, what's wrong? Why didn't you train your soldiers in Team 3? Why did you have the time to look for me here?"

Qin Yuan sat in his office and looked at He Chengguang in front of him. He said in confusion. Qin Yuan knew very well that He Chengguang would not come to visit him without a reason. However, Qin Yuan did not know why He Chengguang suddenly came to look for him.

He Chengguang chuckled and sat on the stool in front of Qin Yuan's desk.

"I'm here to get some experience from you, Captain Qin! Now, each of our three teams can run for an entire day while carrying two logs soaked in water. I feel that this training method is no longer feasible. I want to ask Captain Qin if he has any good training methods!"

Only then did Qin Yuan understand that He Chengguang was here to ask him for advice. He shared his experience in training soldiers generously.

"He Chengguang, think about it. As a special forces soldier, what do you need to have?"

"What does it possess?"

He Chengguang asked in confusion.

"Sniper! It's necessary to be a qualified sniper, right?"

Qin Yuan said bluntly.

“Oh, I understand. Captain Qin wants me to train each of them into a qualified sniper!”

He Chengguang said in realization.

“However, how can we train them quickly and effectively? Captain Qin, tell me about it!”

He Chengguang continued to ask. Although he had a method to train snipers, he knew his capabilities. The effect of his training method was very different from Qin Yuan’s.

“You only need to do this...”

After Qin Yuan finished speaking, He Chengguang shouted.

“Captain Qin has a way. This training method is amazing!”

“Alright, stop flattering me. If there’s nothing else, hurry up and train the members of Team 3. Try to build a team that will make our enemies tremble in fear as soon as possible!” Qin Yuan interrupted He Chengguang,

“Alright, I’ll be leaving first!”

After saying that, He Chengguang stood up and walked out of the door. Just as he took half a step out of the door, he seemed to have thought of something, so He Chengguang turned around and came back.

Seeing this, Qin Yuan did not know what He Chengguang was up to, but he still asked,

“He Chengguang, is there anything else?”

He Chengguang looked around and then whispered mysteriously,

“Captain Qin, do you have any more of the ancestral potions you gave me last time? Can you give me some?”

When Qin Yuan heard this, he did not know whether to laugh or cry. He had thought that it was something mysterious. So it turned out that it was for the Physique Strengthening Liquid. Qin Yuan could have as much as he wanted.

Qin Yuan immediately said,

“Yes, wait a moment. I’ll get it for you!”

After saying that, he reached under the table and pretended to take out something. In order not to cause unnecessary trouble, Qin Yuan happened to have an empty box under the table. He immediately exchanged a box of physique strengthening drug from the system and placed it in the box. Then, Qin Yuan moved the box to the table and said to He Chengguang, “Take it! If it’s not enough, ask me for it!”

When He Chengguang saw this box, he was stunned on the spot. He originally thought that even Qin Yuan did not have much of this magical potion. He thought that it would be good if he could get

one or two bottles from Qin Yuan. He did not expect Qin Yuan to take out a box as if it was worthless.

Coincidentally, in Qin Yuan's eyes, these were worthless things.

"Captain Qin, isn't this passed down from your ancestors? It's embarrassing for you to take so many bottles. Isn't it a waste to use one bottle of this thing?"

It was He Chengguang's turn to be dumbfounded. When He Chengguang reacted, he immediately rejected it. There were so many potions. In He Chengguang's eyes, these things were very valuable. This box was probably all Qin Yuan had.

This much was too valuable. He Chengguang had his principles and bottom line. He couldn't accept it! After saying that, he waved his hand and pushed the box towards Qin Yuan.

Qin Yuan was stunned for a moment before he reacted. He Chengguang had misunderstood. This kind of thing was really not very valuable to him. Moreover, He Chengguang was doing this to better improve the members of Team 3 of Battle wolf. Team 3 was part of his Battle wolf, so Qin Yuan would not be stingy.

Then, Qin Yuan explained to He Chengguang.

"He Chengguang, although this thing is passed down from generation to generation, I have the secret recipe in hand! I can make as many of these as I want. These are all stored here before. If you want them, take them. When I have time, I'll make some myself. It's no big deal. Take them!"

"Really?"

He Chengguang confirmed with Qin Yuan again. No wonder there were so many of them. It turned out that Qin Yuan had the recipe in his hands. In that case, He Chengguang would have the cheek to take them all.

Seeing Qin Yuan nod, He Chengguang said excitedly,

"Thank you, Captain Qin! Then I'll take it first, I'll definitely build you an excellent Battle Wolf Team 3!"

He Chengguang promised Qin Yuan in a firm tone. After all, he had taken so many potions from Qin Yuan.. If he could not increase the strength of the people in Team 3, wouldn't he disappoint Qin Yuan's expectations of him?

Chapter 568: Sniper Training

Qin Yuan looked at He Chengguang's confident guarantee and smiled.

"En! Go! I trust you!"

Then, He Chengguang carried a box of potions and walked out of Qin Yuan's office happily as if he was carrying a box of treasures. To be precise, this box of potions was a box of treasures to He Chengguang!

“Brothers of Team 3! I feel that the training to resist the logs won’t be able to improve you by much. It’s meaningless to continue training like this!”

Early the next morning, He Chengguang said to the three teams in front of him.

Lin Muze looked at the pile of bricks behind He Chengguang and couldn’t help but think.

Are we supposed to carry bricks and run? This didn’t seem to be any different from running while carrying a log. It was just that he had changed an item. Lin Muze wasn’t the only one who thought so. Everyone in Team 3 thought the same.

He Chengguang looked at everyone’s puzzled expressions and slowly said,

“Do you want to become an excellent sniper?”

‘Yes!’

Everyone answered loudly. Becoming an outstanding sniper was the wish of every special forces soldier, and even every soldier. One had to know that being an outstanding sniper was something to be proud of.

“Good! Since everyone wants to be a sniper, from today onwards, I will train everyone to become an excellent sniper!”

“If you want to become an excellent sniper, you must meet many conditions. First of all, you must hold your guns steadily! So, we’ll start training with guns!”

After hearing He Chengguang’s words, everyone looked at the brick behind He Chengguang and vaguely thought of some connection.

He Chengguang didn’t explain much to the crowd. He started to ask everyone to raise their guns and maintain their positions. Then, he hung three bricks in front of everyone’s guns.

After doing all this, He Chengguang said unhurriedly.

“Now, I’ve hung three bricks on each of your muzzles. The training rules are very simple. You just have to remain in this position for two hours. If anyone moves, you’ll have to add another hour to the training!”

After saying that, He Chengguang hung three bricks on his muzzle. Although He Chengguang was the captain now, he still needed training. Otherwise, how could everyone in Team 3 be stronger than the captain?

An hour later, one of them suddenly couldn’t hold on any longer. The muzzle of the gun was slightly lowered. Although that person raised the muzzle in time, he was still noticed by the sharp-eyed He Chengguang.

“Everyone, add an hour!”

Hearing this, everyone revealed a bitter expression. However, they were all comrades after all, so no one blamed that person in their hearts. It was just that that person felt that he had implicated everyone and felt very guilty.

“Report!”

At this moment, Lin Muze spoke. Although he was holding a gun, it did not affect his speech.

“Speak!”

After receiving He Chengguang’s promise, Lin Muze asked,

“I don’t understand the meaning of practicing like this!”

He Chengguang still maintained his posture without moving. He stared ahead and explained loudly to Lin Muze,

“Snipers sometimes have to stay in one place for several days just to wait for the best opportunity to shoot! Training you like this is to let you have that endurance!”

He Chengguang said it for Lin Muze and for everyone to hear. This way, everyone would know the purpose of this training. If it were any other special forces veteran, they would not be so lenient as to answer everyone’s questions. Instead, they would directly let everyone train.

After all, soldiers had to obey orders unconditionally.

He Chengguang had just become the captain. If he were to establish his authority all of a sudden, it might only backfire. Fortunately, the team members were more obedient to He Chengguang from the bottom of their hearts.

The training continued until evening when everyone finally completed their training.

He Chengguang slowed down and slowly put down his gun.

“Today’s training is over. You can put down your guns now!”

One second.

Two seconds.

Seeing that no one had any reaction, He Chengguang said in confusion, “Do you want to continue training?”

After a while, Lin Xiao slowly put down his gun, followed by Lin Muze, one after another. It turned out that everyone had been holding their guns for too long, and their bodies were already numb. They could not recover for a while and could not control their limbs.

After disbanding the team, He Chengguang led everyone to the canteen. He secretly added the physique strengthening drug into the soup. He Chengguang had not told anyone about this until now.

Everyone scrambled to drink the meat soup.

They continued to train like this. Every few days, He Chengguang would increase the training time from the original two hours to three hours, then to four hours. Finally, when the members of Battle Wolf Team 3 could stand motionless for six hours with three bricks hanging from the muzzle of their guns, He Chengguang was satisfied and changed the training method.

A month later.

He Chengguang gathered the people from the three teams and asked them to circle a waterhole. Then, he raised his right hand and said loudly,

“Everyone, do you see the explosive bag in my hand? This explosive bag will explode 30 seconds after it is ignited!”

Then, in front of everyone, he lit up the explosive bag and began to count loudly,

“One!”

“Two!”

When he counted to 29 seconds, He Chengguang quickly threw the explosives into the puddle.

In the next second.

“Boom!”

With a loud bang, the water in the puddle was blown high and splashed on the faces of everyone in Team 3.

Everyone didn’t know why He Chengguang did this, and they all looked at him with puzzled gazes.

He Chengguang said,

“Later on, I will light another explosive pack and hand it to you. You can count together and pass the explosive pack to the next person in a counterclockwise manner. When the count reaches 29 seconds, whoever has the explosive pack will throw it into the waterhole!”

“Remember! When it’s twenty-nine seconds, you must drop the explosives!”

This training method was, of course, something He Chengguang had gone to consult Qin Yuan the day before. According to Qin Yuan, this training was to train the courage of the members of Team 3!

Then, He Chengguang lit up an explosive bag and counted.

“One!”

He handed the explosive bag in his hand to Lin Xiao. After Lin Xiao received the explosive bag, he began to count.

“Two!”

Then, he immediately handed it to the next person. When he counted to 18 seconds, it was Wang Yanbing’s turn to hand it to Luo Yong. At this time, Luo Yong’s face was pale and he did not dare to take it.

“Luo Yong, quickly pick it up!”

Wang Yanbing urged loudly.

At this time, Luo Yong was still unmoved. Both his hands were tightly clenched into fists. Everyone counted the numbers while breaking out in cold sweat for Luo Yong.

“Overcome the fear in your heart!”

When He Chengguang saw this, he immediately shouted loudly.

At this time, the members of the three teams all cheered Luo Yong on in unison.

“Good luck!”

“You can do it, Luo Yong!”

Luo Yong struggled in his heart for a while. Then, he gritted his teeth and took the explosive bag that Wang Yanbing handed over, shouting loudly.

“Twenty-four!”

At this time, everyone had already counted to twenty-four. Immediately after, Luo Yong passed the explosive bag to the next person,

“Twenty- nine! ”

When the number reached twenty-nine, it was passed to the last person. After the last person finished counting, he immediately threw the explosive bag into the waterhole. He was afraid that the explosive bag would explode in the air, so he increased the force so that the explosive bag could enter the waterhole faster.

“Boom!”

With a loud bang, the water was still blown up high and fell on everyone’s faces. What was different was that this time, everyone’s faces were filled with smiles after surviving a disaster.

After all, the power of this explosive bag was enough to hurt everyone once it exploded in the air. Even if they didn’t die, they would be crippled.

“Very good! Your performance was outstanding! At the same time, it reflects the friendship between comrades!”

He Chengguang praised. At the same time, he did not blame Luo Yong for the sudden situation that occurred midway. Because He Chengguang knew clearly in his heart that once he blamed Luo Yong, it would strike a blow to Luo Yong’s heart. This would make Luo Yong timid the next time he faced a similar situation. That would ultimately harm Luo Yong.

In the following days, He Chengguang led everyone through various methods to train their courage. Of course, all of this was built based on their safety..

Chapter 569 - 569: Ace Troop

Just like that, He Chengguang ran to Qin Yuan from time to time to ask for his special training method.

Under the training of He Chengguang's method given by Qin Yuan, the members of Team 3 slowly learned the necessary skills of the special forces, such as camouflage. concealment. mine clearance. and so on.

Although some of the skills had been learned at the beginning of their enlistment, most of them had only learned the basics. Under He Chengguang's training, everyone had raised these necessary skills to a superb level, almost catching up to the strength of the second team.

As expected, Qin Yuan's judgment was not wrong. He thought that the fresh blood in this batch of Battle wolf would be very outstanding. It really fulfilled the sentence from the beginning, the new waves pushed on the previous ones, and each wave was stronger than the previous.

According to Qin Yuan, after nearly half a year of training, it was time for everyone to practice shooting with sniper rifles.

And so, on this day, He Chengguang gathered everyone from Battle Wolf Team 3 and said,

"The current you all have undergone a huge change compared to before. We all have witnessed the improvement in your abilities. However, even if you all have abilities, it's still useless if you pick up a sniper rifle and don't know how to shoot!"

Then, under everyone's expectant gazes, he slowly said, "From today onwards, you will practice sniper shooting every day!"

"Phew!"

Everyone cheered. They had long wanted to practice shooting with their sniper rifles. They had even made this request to He Chengguang a few times, but He Chengguang had rejected them because the time was not fixed.

Of course, this was Qin Yuan's intention.

Therefore, He Chengguang distributed a sniper rifle to everyone before explaining the rules.

"You have to hit a balloon flying 800 meters away. If you miss a shot, you have to do 50 push-ups. Two people in a group, one person shooting, one person observing, supervise each other, take turns!"

"Let's begin!"

After saying that, He Chengguang got them to team up and start training. He trained himself. Every time he missed a shot, he would do 50 push-ups.

Previously, during the various training sessions, He Chengguang had been teaching everyone the general knowledge of sniping.

Sniper shots had to take into account various factors, such as air humidity, wind speed and direction within a radius, and the dispersion of bullet trajectories.

He had already memorized all the basic knowledge that a sniper had to know and had firmly committed it to his heart.

"He Chengguang!"

At this moment, Qin Yuan suddenly called out to He Chengguang not far away. He Chengguang turned around and saw that it was Qin Yuan calling him, so he hurriedly jogged over.

“Captain Qin! Why do I have to trouble you to come over personally? Just inform me over the phone and I’ll go over.”

He Chengguang said with a smile. He had received a lot of benefits from Qin Yuan in the past six months, so of course he had to welcome him with a smile.

“It’s nothing much. It’s just that you’ve been training the three teams for more than half a year. I wonder if they’re really capable on the battlefield. Whether they’re mules or horses, you have to pull them out for a walk, right?”

Qin Yuan said indifferently. When He Chengguang heard this, he immediately guessed Qin Yuan’s meaning.

“Captain Qin, do you mean to let them participate in a drill to show you their true abilities?”

After He Chengguang understood Qin Yuan’s meaning, he asked bluntly.

“Not bad! It just so happens that the ace special forces from other military regions want to challenge our Battle wolf Special Forces. I want you to bring the people from Team 3 to participate in this exercise!”

Qin Yuan briefly explained the purpose of looking for He Chengguang.

He Chengguang said hesitantly. It was obvious from his tone that he had no confidence in his three teams.

“If you don’t even have confidence in yourself, then what’s the point of your Battle wolf Team 31’s existence?”

Qin Yuan shouted sternly. He hated people who didn’t believe in their own strength and admitted defeat before the battle even started!

This was the first time He Chengguang had seen Qin Yuan so angry. His heart skipped a beat. He knew that Qin Yuan was so angry because He Chengguang did not even trust his own strength, so he hurriedly braced himself and said,

“I’m sorry, Captain Qin. I know I was wrong. I promise to work hard to complete the mission! Bring glory to our Battle wolf unit!”

When Qin Yuan heard this, his expression eased a little, but he still said indifferently,

“I’ll get Lin Xiaoxiao to give you the detailed information later. Get ready today.

Tomorrow is the drill!”

After saying that, Qin Yuan walked away unhurriedly without even looking back. It seemed that He Chengguang’s words just now were not enough to completely appease Qin Yuan.

He Chengguang immediately felt very guilty. He had taken so many potions from Qin Yuan and asked for so many training methods, but he was afraid of them. He had doubted himself before he even started. It was inevitable that Qin Yuan would be so angry.

It seemed that only by getting an excellent result in this exercise could he not let down Qin Yuan's expectations for himself and the entire Battle Wolf team.

He Chengguang secretly swore to himself that he would definitely obtain an outstanding result!

He Chengguang returned to the team dejectedly. Although He Chengguang adjusted his mentality in time and forced himself to look normal, this subtle change could not escape the eyes of the three teams. Everyone was brothers and understood each other very well.

Lin Muze and the others immediately surrounded him and asked,

"Captain, what's wrong? What did Captain Qin say to you just now? Why did you become like this when you came back?"

He Chengguang knew that he couldn't hide it from everyone, so he simply told them what had happened..

Chapter 570 - 570: Ace Troop (2)

"Don't worry, I feel that my overall strength has increased by a large margin. We will definitely win! Even if they are the ace special forces!"

Lin Muze consoled, and the others followed suit.

Seeing this, He Chengguang felt much better.

In today's training, the members of Team 3 were much more hardworking and serious than usual. They were doing this so that they could display their best strength in tomorrow's drill and not tarnish the honor of the Battle wolf unit!

The next day, He Chengguang looked at the people who were ready to go. He ordered everyone to board the plane and head to an island in the Fire Dragon Kingdom.

The members of the ace special forces went over. There were exactly 30 people on each side. The equipment was the same. It was fair and just.

This exercise was a competition of combat experience, marksmanship, jungle ambush, and other skills needed by special forces. It just so happened that the members of Battle Wolf Team 3 had almost maxed out on these skills.

The next day, Battle Wolf Team 3 boarded the transport plane under He Chengguang's lead. Everyone in Team 3 looked serious and determined to win.

He Chengguang reminded everyone once they got on the plane.

"This time, we're going to have a drill with the ace special forces of other military regions. The other side might be on par with us, or even stronger. We have to be

120% focused, listen to the command, and cooperate well to win this game. We don't want to embarrass Battle wolf, do you understand?"

"Understood!"

Everyone shouted in unison. Then, they clenched their right fists and stretched them out to encourage each other.

After doing all this, Lin Muze asked He Chengguang.

"Captain He, do you have any good battle plans?"

When the members of Team 3 heard this, they all turned to look at He Chengguang, waiting for their team leader to tell them the plan.

He Chengguang looked to the left, then turned to the right. He looked around and found that everyone was looking at him seriously, so he began to tell them the plan.

"Our destination this time is an island. We'll land in the east."

After saying that, he took out a satellite map of the island and pointed at a beach.

"It's here, and the ace special forces will land on the west side. I'm thinking that I'll bring ten people and go from the middle. Lin Muze, you take ten people and go around the reef to the back of the jungle. Lin Xiao, take the other ten people and go from the right side of the island. Surround the enemy at the lower left corner of this map!"

After saying that, He Chengguang even asked everyone if they had any better suggestions. Everyone shook their heads and waved their hands. What a joke. How did you think He Chengguang became the captain? It was because he was smart and convinced the masses.

If everyone present could come up with a better battle plan than He Chengguang, then He Chengguang's position as captain was somewhat unworthy of his name.

"Then let's set it as Plan A first. If there are any changes to the situation, we'll inform everyone. Everyone, act according to the situation!"

After saying that, He Chengguang told everyone a few more plans B and C. It was to prevent any accidents and leave a few more ways for himself.

When they arrived at the southern side of the island, Battle wolf and the others got off the plane. They packed up their equipment and looked at each other.

"Let's go!"

Following He Chengguang's order, they quickly divided into three teams and stepped into the depths of the forest from the seaside.

According to the plan, Lin Muze would bring Tian Liang and the others to speed up their pace and quickly circle the reef to the enemy's rear. They would cooperate with He Chengguang and Lin Xiao's team to surround the enemy from three sides.

At the moment, they were still unclear about the other party's combat strategy. It was very likely that the other party would be divided into several small teams. It was not impossible to meet them in the middle. Therefore, everyone kept their walkie-talkies on to keep in touch. If anything happened, they would be able to inform everyone immediately.

After Lin Muze led the team out, they went around the reef and entered the edge of the forest. They quickly shuttled through the forest like a beast that ran in the forest all year round without any hesitation.

All of this was due to He Chengguang's devil training, which improved everyone's physical strength, speed, and strength by a large margin.

"Lin Muze, I feel that something is wrong."

Luo Yong said uneasily.

"Stop!"

When Lin Muze heard Luo Yong's words, he immediately made a hand gesture to signal the team to stop.

"Lin Muze, do you feel that something is wrong?"

Luo Yong asked doubtfully. Otherwise, he really did not know why Lin Muze suddenly ordered the team to stop advancing. One had to know that what they had to do now was to quickly circle to the back of the enemy. A second later might cause the situation to become unfavorable.

"Didn't you say that something was wrong? Every time you say that, nothing good will happen!"

Every time Luo Yong felt that something was wrong, something must have happened. In the beginning, everyone did not believe this and thought that it was just a coincidence. Gradually, everyone realized that Luo Yong had never miscalculated. Something was wrong, so for the sake of safety, Lin Muze immediately stopped the team.

Lin Muze continued.

"Everyone, move forward slowly and observe every place carefully!"

It couldn't be helped. Luo Yong's words were like a curse, even more effective than a curse. It had to be small. Just as everyone was slowly moving forward, Tian Liang suddenly stretched out his hand to signal. Lin Muze hurried over to Tian Liang's side and asked softly.

"What's wrong?"

Tian Liang pointed to the ground not far away and found a very thin line on the ground. Lin Muze and the others quickly walked forward and observed it carefully. They found that this line was tied to a mine. Once it was touched, the mine next to it would explode.

Coincidentally, this line appeared on the path they had to pass. If they wanted to reach the depths of the forest, they had to pass through this section of the road. Just as Lin Muze was about to remove the mine, Tian Liang patted Lin Muze again and pointed into the distance.

Lin Muze stood up and looked up. He couldn't help but suck in a breath of cold air. He realized that there was a white line at every certain distance. There were at least 20 to 30 of them in front of him. If they passed by, his team would be completely wiped out.

If a party was wiped out before they even met, Battle wolf would lose a lot of face.

Thinking of this, Lin Muze could not help but turn his head to give Luo Yong a thumbs up and praise.

"Luo Yong, well done. You're our savior!"

Without Luo Yong, Lin Muze and the rest probably would not have had time to see those hidden lines on the ground clearly and directly step on them. This caused Luo Yong to rub the back of his head in embarrassment.

Lin Muze thought for a moment and slowly exhaled.

"It seems that this path won't work. We can only take a detour to the depths of the forest and meet up with He Chengguang first."

After that, Lin Muze used his walkie-talkie to inform He Chengguang and briefly explained the situation. After obtaining He Chengguang's permission, they began to retreat and change their route to find He Chengguang first.

Because there were too many of them, they could be removed, but it would take a lot of time, which would delay the overall situation.

At this moment, Lin Muze's team could not circle the enemy's back to surround them. This way, if the people from the Ace team could not defeat them, they would have a way out.

However, there was no other way. Lin Muze immediately led the team in the direction of He Chengguang.

On the other side, He Chengguang arrived at the center of the island, which was deep in the forest. Chen Shan asked.

He Chengguang made a gesture to stop moving forward and then said.

"Lin Muze has encountered mines along the way. It seems that there are already people lying in ambush there. That's why Lin Muze and the others took another route to join us!"

Then, He Chengguang turned around and said to everyone.

"Everyone, stay where you are and wait for Lin Muze and the others to come over!"

Chen Shan whispered.

"Then we can't go around to the back of the enemy. If that's the case, if those people from the Ace unit can't beat us and want to retreat, we can't do anything to them!"

He Chengguang said with a solemn expression.

“It’s already impossible to go around the back. It seems that this time it’s quite high. We might even be in a stalemate with the people from the Ace unit! We can only try our best to delay them. The longer we delay, the more advantageous it will be for us! I don’t believe that their physical fitness is better than ours! ”

The main reason was that He Chengguang knew that with the physique-strengthening drug given by Qin Yuan, he believed that everyone’s physical fitness was not something that ordinary special forces soldiers could compare to..
