

Special Troop 571

Chapter 571: Ace Troop VS Battle Wolf Team 3

The 30 people sent by the Ace team this time were special forces soldiers who had just passed the selection not long ago.

Just like Battle Wolf Team 3, they had all joined the special forces at the same time.

However, they were Battle wolf's people. This time, they had promised Qin Yuan that they would win this exercise no matter what.

Otherwise, they would not be able to face Qin Yuan when they went back. Most importantly, they were afraid of Qin Yuan's punishment. They had not forgotten that sour feeling until now.

"Then what should we do next?"

Chen Shan immediately asked.

"Let's wait for Lin Muze and the others to come over and take a look. I have a feeling that there's something wrong with this exercise." He Chengguang immediately said.

"Good!"

"Brothers, spread out and hide." Chen Shan turned around and said to the team members.

"Yes, sir!"

"Yes, sir!"

Everyone immediately spread out and hid.

Battle Command Center!

Qin Yuan and the instructors of the ace troops were watching every team on the big screen.

"Captain Qin, do you think He Chengguang and the others can deal with the people from the Ace troop?"

"I heard that the special forces they recruited this time are all very strong."

"Especially that Lin Hu. I heard that he could kill a cow with one punch in the village."

"And that Li Zijun, he seems to be a black tier Taekwondo player. He's very good with his hands."

Zhou Qing looked at the screen and asked worriedly.

"What are you afraid of? Old Zhou, you have to have confidence in the members of Team 3."

Qin Yuan smiled faintly.

Ever since the formation of Team 3, Qin Yuan has been training the members.

The members of Team 3 were all good seedlings. After this period of training for the members, Qin Yuan was not worried at all.

“Captain Qin, you seem to be very confident in your Battle wolf?”

At this moment, the instructor of the ace troop walked over and said.

He had been paying attention to Qin Yuan’s expression just now.

However, she did not see the slightest worry on Qin Yuan’s face.

He had heard of Battle wolf’s achievements in the past two years. As the dark horse of the special forces, Battle wolf had refreshed their understanding of the training of special forces.

“Instructor Wu, I am very confident in my soldiers.”

“Besides, it’s just to deal with your Ace team. They’re enough to deal with it!”

Qin Yuan smiled at Wu Jiang from the Ace team. He knew very well about this exercise.

This was the reason why these veteran special forces wanted to cause trouble for Battle wolf.

That was why they had specially applied for the new recruits who had just entered the special forces this year to participate in the competition.

“It seems that Captain Qin is very arrogant!”

“Then we’ll wait and see!”

Wu Jiang did not expect Qin Yuan to look down on their Ace team. He was not afraid of hurting his tongue by saying such big words.

“Alright! Then just watch quietly, Instructor Wu!”

Qin Yuan did not say anything else. His eyes were constantly paying attention to the situation of the various teams.

Lin Muze’s team was currently moving in the direction of He Chengguang’s team.

“Where are we now?”

Right at this time, Luo Yong stopped and asked.

“We should be three kilometers away from He Chengguang and the others!” Lin Muze looked at the map and said.

As the nearest road was filled with mines, they had no choice but to take a detour.

However, going around them would increase the journey by about an hour.

“This Ace team might be divided into several teams. They might be entering the depths of the forest soon. We have to meet up with He Chengguang and the others as soon as possible.” Chen Shan immediately said.

“Alright, the first round of our exercise is to enter the depths of the forest through the minefield. If the number of people there is more, it will be considered a victory.”

“But I have a feeling that this Ace unit has come with ill intentions, so let’s meet up with He Chengguang and the others first.”

Lin Muze felt that something was wrong.

Just like that, they had been blindly trying to land the plane until now. The only mission they knew was to head to the central circle set up deep in the forest, and the team with the most people would win.

However, this competition would definitely not be so simple.

As expected, Lin Muze’s worries were not wrong. For the sake of this competition, the Bureau Chief had actually sent the Flying Tiger Special Forces veterans to arrest them.

However, the special forces of the ace troops and the members of Battle Wolf Team 3 who participated in the competition did not know about this. “Captain Liao, why would the Bureau Chief let us deal with these new recruits?”

“It didn’t take long for them to settle it.”

In a corner of the forest, a member of the Flying Tiger Special Forces asked with a smile.

“Don’t underestimate these guys. Battle wolf and the ace troops are quite something.”

“Especially Battle wolf’s men. It has only been two years since they were formed, but their combat strength is not weak.”

Liao Ming said in a deep voice.

The Ace Troop was an old rival. However, this exercise was a competition between the Ace Troop and Battle wolf, so the Flying Tigers could only not come over to be hired thugs.

“I heard that the captain of Battle wolf is a ruthless person. He formed Battle wolf at such a young age. In the past two years, they have won quite a few places in the special forces competition.”

“Looks like the captain of this Battle Wolf is quite something.”

A member of the Flying Tigers walked up to them and said.

“That’s right. This Qin Yuan is indeed very powerful. I’ve met him before. This person’s strength is immeasurable, so the people he trains must not be underestimated.”

Previously, during the competition between the special forces of the few major military regions, the members of the Flying Tigers who participated were defeated by Qin Yuan..

Chapter 572: Ace Troop VS Battle Wolf Team 3

Ace Troop VS Battle Wolf Team 3

Liao Ming was one of the participating members.

"I heard that the new recruits recruited by the Ace Troop this year are very powerful. I just don't know who is stronger in the Ace Troop compared to Battle wolf." Liao Ming said with a smile.

"Captain Liao, when are we going to attack them?"

"Zhao Mingliang and the others should be on it!" The members of the Flying Tigers immediately asked.

This time, the Flying Tigers had sent two teams of veterans. Each team was responsible for one side and was specifically responsible for intercepting Battle wolf and the members of the Ace team.

Although each team only had ten people, they were all veterans.

Dealing with these special forces soldiers who had just entered was a piece of cake for them.

"Let's wait a little longer. These little guys might still be clearing mines now." "We'll attack them after half an hour!" Liao Ming said indifferently.

"Yes, sir!"

"Yes, sir!"

After the Flying Tigers heard the order, they rested on the spot.

At this moment, the special forces of the Ace unit had split into three teams and advanced into the depths of the forest.

It was mainly to prevent unexpected situations and not eliminate all of them.

"Is this the Flying Tiger Special Forces?"

"Why are they here?"

In the command center, Wu Jiang looked at the team that appeared on the screen and couldn't help but exclaim in his heart.

Hearing this, Qin Yuan's gaze noticed the figure of the Flying Tiger Special Forces.

For a moment, he seemed to understand something.

"Looks like the Bureau Chief doesn't intend to just let us compete with the Ace unit this time!"

Qin Yuan knew that the Flying Tiger Special Forces must have been arranged by the chiefs. Moreover, Qin Yuan saw some familiar figures.

"Chief, didn't we agree that it would only be a confrontation between us and Battle wolf? Why are there people from the Flying Tiger Special Forces?"

Wu Jiang immediately turned around and walked towards the Bureau Chief who was sitting on the office chair.

Liao Ming was a member of the Flying Tigers Special Forces. Wu Jiang noticed that these Flying Tigers were all veterans.

Why didn't they tell us beforehand that the Flying Tigers would suddenly join the drill?

"What's so interesting about the new recruits of your ace troops and Battle wolf?"

"What's wrong? A powerful force suddenly appeared, and your Ace unit cowered?"

"Let me tell you, there are many unexpected situations on the battlefield. If you know everything in advance, there is no battle that you can't win."

Facing Wu Jiang's doubts, the Bureau Chief immediately explained.

The Flying Tiger Special Forces were specially arranged by them. Since they wanted to see who was stronger, they had to increase the difficulty. Only then could they test who was stronger and who was weaker.

"Bureau Chief, isn't this a bad idea?"

The Flying Tiger Special Forces were all veterans, while the Ace Troop and Battle wolf were all new recruits. This was simply not symmetrical.

"Qin Yuan! You Battle wolf have nothing to say?"

The Bureau Chief did not answer Wu Jiang's question. Instead, he looked at Qin Yuan and asked.

From the beginning to the end, Qin Yuan did not say a word, which made the Bureau Chief curious.

"Reporting to the chief! "

"I believe in my soldiers. They can complete the mission successfully!" Qin Yuan replied indifferently.

Although the Flying Tiger Special Forces had suddenly appeared, there were only ten people on each side. One had to know that Team 3 had thirty people.

He believed that He Chengguang, Lin Xiao, Lin Muze, and the others would have a way to deal with it themselves.

He had confidence in himself, but he had confidence in the members of Team 3.

"Not bad, this is what a commander should be like!"

The Bureau Chief could not help but look at Qin Yuan with admiration.

When Wu Jiang heard this, his face turned red. He had lost to Qin Yuan in this round alone.

At this moment, Lin Muze led his team to meet up with He Chengguang and the others.

“He Chengguang, I feel that something is wrong with this exercise.” After meeting He Chengguang, Lin Muze voiced his doubts.

“You’re right. I have the same feeling now. The current rule we know is to head to the central area of the forest. If there are more people on that side, we will win. But is it really that simple?”

“I don’t believe in this competition. We are only competing in mine clearance and marching speed.”

“Even when Captain trained us, it wasn’t that simple, let alone this competition.” He Chengguang said in a deep voice.

He had felt that something was wrong ever since they stepped into the minefield.

Moreover, they felt that there was a pair of eyes staring at them in the dark.

“But the current rule is to pass through the minefield and then head to the center of the forest. Will there be any unexpected situations?” Lin Muze said.

“There’s nothing wrong with being vigilant. This is what the captain has always instructed us to do.”

“Where are Lin Xiao and the others now?”

“I haven’t been able to contact them for an hour. Have you been able to contact them?”

He Chengguang immediately asked. Ever since they entered the minefield, there had been no news of Lin Xiao and the others. No matter how hard they tried, they could not contact them.

“I can’t contact them either. Maybe the signal in their direction has been blocked or they’ve entered a zone without signal.”

Lin Muze did not contact Lin Xiao either. Their situation was the same as He Chengguang’s.

“Alright, let’s go in first. Everyone, be careful. This exercise is definitely not that simple.”

He Chengguang said to everyone.

“Understood ! ”

“Roger!”

After saying that, everyone slowly walked towards the center of the forest. “Captain! The rookies are here. There are twenty of them.”

At this moment, a member of the Flying Tigers reported into his earpiece in the grass not far away.

“Roger!”

“Brothers, it’s time to work!”

Liao Ming said to the team members behind him after receiving the news. “Sigh, this manual labor is really not easy to do.”

“Yeah, I have to beat up these rookies to vent my anger. Otherwise, I’m still on vacation.”

After waiting for so long, they could finally take action.

The members of the Flying Tigers complained.

“Alright, you guys better be careful. Don’t fail miserably.”

“If you can’t even deal with this bunch of rookies, watch how I deal with you when I get back!”

Liao Ming looked at them and immediately instructed.

For some reason, Qin Yuan’s shadow had always been in his mind. After being eliminated by Qin Yuan last time, he was more or less afraid of Qin Yuan.

That kind of strength was really too powerful. It was not a combat strength that a human could possess at all.

“Don’t worry, Captain. It’s just a group of recruits. Do you think they can escape from us?”

“Yeah, the battle will end in half an hour!”

Seeing how nervous Liao Ming was, one of the team members said.

They all felt that their captain was too worried.

“Let’s go!”

Liao Ming didn’t say anything else. He led the team in the direction of He Chengguang and Lin Muze.

“Stop advancing! ”

He Chengguang looked at the forest not far away and said to everyone.

“What’s wrong?”

Seeing He Chengguang suddenly stop, Lin Muze immediately asked.

“Something’s not right. It’s too quiet. I feel like there’s an ambush ahead!” He Chengguang explained.

They had trained in the jungle for more than a hundred times, and Qin Yuan had taught them everything they needed to know.

“You’re right. We’ve experienced this scene before. Moreover, it was only Team 2 who ambushed us that time.”

Lin Muze scanned the area in front of him and felt it.

Ever since they had joined Battle wolf, they had lost count of how many times their members had been tortured by the Battle wolf from Team 2 and Team 1.

This scene was still fresh in his mind.

Such a quiet forest could only mean that there was a problem ahead. They had encountered such a scene before during their training.

What was even more abnormal was the disguise of Team 1 members and Qin Yuan.

After hiding in the forest, he almost became one with nature.

They did not know how many times they had been silently beaten up by Qin Yuan and the members of Team 1.

“That’s right!”

“If the people in front of us are like the captain and Team 1, then we can only wait for death.”

“Fortunately, they can’t hide like Captain and Team 1.”

He Chengguang sighed softly.

“Then what should we do?”

Since they knew that there was someone ahead, they definitely couldn’t step in like this. Perhaps there was a trap waiting for them..

Chapter 573 - 573: Because They Are My Soldiers

“Do you still remember the time you practiced with Team 1?”

He Chengguang smiled faintly.

“Captain, are you saying... Use the method Team 1 taught us to deal with them?” Lin Muze asked.

“That’s right. I believe you haven’t forgotten how we were beaten up by Team

When they first entered Battle wolf, they encountered such a situation during training.

“Of course I didn’t forget. I was bedridden for two days that time.”

Lin Muze was a little scared when he thought about what happened during that training.

That was when they first joined Battle Wolf. They had once trained with the members of Battle Wolf Team 1. Who would have thought that the members of Team 1 would be able to blend in with nature when they were hiding? There were no flaws at all.

Just like that, they walked into a trap that had been set up in advance. Lin Muze was even worse. He stepped on Geng Hu's hand and did not even notice anyone.

In the end, Lin Muze was beaten up by Geng Hu.

However, the people ambushing them weren't as good as Battle wolf Team 1, and their concealment skills weren't even comparable to Battle wolf Team 2.

"Lin Muze, in a while, you take five people and retreat backward, then sneak towards their position from the right. Luo Yong, you take five people and retreat from the back towards their left."

"I'll bring the others to attract their attention."

"There are definitely people in the dense forest on the other side, but we don't know how many people there are. We have to be careful."

He Chengguang immediately said.

"Understood!"

"Understood!"

Lin Muze and Luo Yong immediately responded, then led their people to retreat.

"Everyone, be careful. Let's not advance yet. We'll just grind them down here." He Chengguang said to the remaining team members.

"Understood!"

Everyone immediately went into hiding.

Not far away, Liao Ming was puzzled after seeing this scene.

"These rookies are really interesting. As expected of Qin Yuan's soldiers." Liao Ming sighed softly.

It was obvious that their ambush had been discovered.

"Captain, what are these rookies doing?"

"Why did they all stop?"

A member of the Flying Tigers asked in confusion.

"What the hell?"

"They already know that we're hiding here. They've already spread out." Liao Ming explained calmly.

However, he was very surprised in his heart. One had to know that these were only Battle Wolf recruits. Their keen observation skills were simply terrifying.

"What?"

“How is this possible?”

“These rookies have discovered us?”

“That’s right, captain, that’s impossible, right? We’ve already disguised ourselves so well. How can these recruits discover us?”

For a moment, the members of the Flying Tigers could not believe that their ambush location had been exposed.

Even a veteran special forces soldier would not be able to discover their location so easily. Moreover, they were at least 200 meters away. How could they be discovered so easily? “Because they are Battle wolf’s people, Qin Yuan’s soldiers!”

Liao Ming said in a deep voice.

During the National Special Forces Competition, Liao Ming and the others had encountered Qin Yuan.

That time, the distance was much further than this. No matter what, it was 500 meters, but their ambush was discovered by Qin Yuan.

In the end, Qin Yuan ambushed them.

Qin Yuan’s terrifying insight was simply heaven-defying.

“Captain, why do I feel like you’re praising the Battle wolf too much? These rookies are just rookies who just joined Battle wolf.”

The Flying Tigers member asked curiously when he heard his captain praising the Battle wolf members.

“Don’t ask, you’ll know soon enough.”

“Let me tell you, don’t underestimate the people of Battle wolf, even if they are just new recruits.” Liao Ming immediately instructed everyone.

“Understood, Captain. But what should we do now?”

“If they don’t come in, why don’t we just go out? Wouldn’t it be easy for us ten people to deal with these recruits?”

Even though they didn’t know why Liao Ming was so worried about Battle wolf’s men, they still obeyed Liao Ming’s words.

The rest of the members of the International Special Forces Competition were not qualified to go, so they did not know why Liao Ming was so afraid of Battle wolf.

“Let’s see what these rookies are going to do. I want to know how Qin Yuan trained them.”

Liao Ming didn’t agree with his team member’s suggestion.

To be honest, it was not a problem to go out and deal with these recruits, but he was very curious about how Qin Yuan trained these recruits.

After all, their ambush was seen through by these recruits. This meant that Qin Yuan usually trained these recruits very strictly.

He wanted to see how these new recruits would respond. Everyone could only wait helplessly after Liao Ming said so.

“Why did Battle wolf stop?”

“Bring up Battle wolf’s image.”

In the combat exercise command center, the Bureau Chief looked at the red dot that had stopped for nearly 20 minutes and felt curious.

“Yes, sir!”

Soon, He Chengguang and the others appeared on the big screen. “Good fellow, these kids are not bad. They are so vigilant?” “Liao Ming’s ambush was discovered?”

Seeing the scene on the screen, the Bureau Chief smiled.

The members of the Flying Tigers were all veterans of the special forces. The one who had been in the special forces for the least amount of time had been there for more than two years.

He didn’t expect that his disguise would be discovered by a group of recruits who were only a few months old..

Chapter 574 - 574: Because They Are My Soldiers

‘Qin Yuan, it seems that you have tortured these kids quite a bit.’ The Bureau Chief smiled at Qin Yuan and said.

He was very surprised by Qin Yuan’s training.

“We didn’t train much. It’s just that the members of Team 1 and 2 prefer to spar with the brothers who just came in.”

Qin Yuan smiled faintly.

At present, Qin Yuan almost always let the members of Team 1 and 2 train Team 3.

He usually only paid attention to the changes of each soldier and gave them targeted suggestions.

However, the members of the three teams were carefully selected by him. Everyone was quite strong and their understanding was also very strong.

These were all the contents that Qin Yuan had trained Team 1 and 2 in the past so they naturally used them to abuse Team 3.

However, the effect was not bad. At least He Chengguang and the others’ observation skills did not disappoint him.

"I knew you would say that." The Bureau Chief laughed out loud.

Looking at the members of Battle Wolf Team 3 on the big screen, the Bureau Chief was looking forward to their performance.

"Looks like these little fellows are planning to counterattack?"

"If Liao Ming falls at the hands of these little guys, that would be interesting." The Bureau Chief laughed.

Looking at the red dots on the members of the Battle wolf, it was obvious that they had split into three groups. Two groups of people retreated 100 meters away from the Flying Tigers and hid on both sides.

Qin Yuan noticed this scene, but he did not have much hope that the members of Team 3 would choose such a method.

The main reason was that there was still a big gap between their strength and the members of the Flying Tigers.

However, this was indeed the best solution at the moment.

"Captain Qin, do you think they can get past the Flying Tigers?"

Looking at Qin Yuan's expressionless face, Zhou Qing wanted to see what Qin Yuan thought of this.

"They should be able to get through, but there are only five people at most. If Lin Xiao and the others can come over, then it's hard to say."

Looking at the big screen, Qin Yuan analyzed calmly.

According to Qin Yuan's understanding of the strength of the members of the Battle wolf, even if they counterattacked, He Chengguang, Lin Muze, and the others would at most be able to pass through.

After all, Qin Yuan was very clear about Liao Ming and the others' strength.

However, Lin Xiao's team was still in the valley to the south, three kilometers away from He Chengguang and the others. It was obvious that they had lost contact with He Chengguang and the others.

"This Lin Xiao sure knows how to choose a place. He followed the ravine all the way. However, they probably don't know the situation on He Chengguang's side."

Zhou Qing looked at Lin Xiao and the others and sighed softly.

"This kid is full of tricks. He used the loopholes in the geographical environment and didn't encounter a single grenade along the way."

"Even the Bureau Chief didn't expect that someone would choose to follow the gully all the way."

“Lin Xiao and the others should be out of the valley soon. After they leave the valley, they will only be 10 kilometers away from the center of the forest.”

Qin Yuan said with a smile. This ravine was very difficult to walk through. There were many cliffs and waterfalls along the way, but Lin Xiao just did not like to take the ordinary path.

“I hope they know about the situation on He Chengguang’s side and rush over to provide support.”

Zhou Qing said worriedly, while Qin Yuan just looked at the big screen indifferently and did not say anything.

“Brother Lin Xiao, we’ll be out of the valley after we cross this waterfall. There’s no signal in this ravine, and we can’t contact the captain and the others. I don’t know what’s going on with them.”

One of the team members said as he looked at the waterfall in front of him. “Don’t worry, Captain and Lin Muze are smart. I just don’t know if they’ve met anyone from the Ace team.”

“Contact them after we leave this valley!”

Lin Xiao said softly. He was very clear about He Chengguang and Lin Muze’s abilities. They should have no problem crossing the minefield.

However, what he did not expect was that the team that had originally thought that they would directly confront the Ace team would receive the rules of the drill command halfway. The team with the most people entering the central area would actually win.

That was why he chose to enter through this ravine.

“Why do I feel that this competition isn’t that simple? If it’s just a competition of mine clearance ability and marching speed, there’s no need to come to this small island, right?”

“That’s right! I thought we would directly fight against the Ace team until the last person on the other side is eliminated.”

The rest of the team members asked in confusion.

“It seems that the rules of this exercise might not be limited to this. Perhaps even the captain doesn’t know about it.”

“Let’s go up first and contact the others.”

Lin Xiao pondered for a moment and seemed to feel that this battle drill was not that simple.

“Alright!”

After saying that, everyone immediately took out their climbing equipment and walked towards the waterfall.

“Captain, we’ve reached their right. We’re about 200 meters away from them.” Lin Muze said into his earpiece as soon as he arrived.

“We have reached their left side. We haven’t seen many of them yet.” Luo Yong continued.

“Alright.”

“As long as they are here, they will come out. Even if they don’t come out, we have to blow them up.”

He Chengguang smiled faintly.

He knew that there were certainly people lying in ambush on the other side, but he was not sure who they were or how many people there were.

“Do you think they are from the Ace unit?”

At this moment, Lin Muze asked doubtfully.

This exercise only consisted of them and the special forces of the Ace unit. Other than them, there were only the people from the Ace unit left.

Therefore, Lin Muze felt that it was most likely that the Ace team was ambushing them.

“I don’t think so. The Ace Troop didn’t land in this direction. Moreover, they can’t possibly circle to deal with us.”

“The drill stipulated that the party with the most people entering the designated central area would win.”

“They have no reason to go through so much trouble to target us. Besides, can they clear the mines so quickly? We landed on this island at the same time, and in opposite directions.”

He Chengguang immediately analyzed after hearing Lin Muze’s guess.

He Chengguang didn’t believe that they were from the Ace unit. After all, they were all new recruits this year. In terms of mine clearance and marching speed, he didn’t think they would be any worse than the Ace unit.

“Then who are these people?”

“Could it be that this competition isn’t just between us and the people from the Ace team?”

Lin Muze seemed to have thought of something.

During the previous training, Qin Yuan had used the same method to deal with them.

If his guess was correct, there was a third party participating in this exercise.

“Your guess is right. That should be it.”

“Be careful later. Let’s surround them together.”

“Lin Muze, Luo Yong, I’ll attack them first in a while. At that time, you guys go hide. ”

“The grenades are ready. When the time comes, we’ll give them a good beating.”He Chengguang said into the earpiece.

“Understood!”

“Understood!”

Lin Muze and Luo Yong immediately responded.

After discussing the strategy, He Chengguang led the remaining ten members and slowly walked into the depths.

“There are ten of them. The other ten should have taken a detour.”

A member of the Flying Tigers immediately reported.

“Ten people?”

“Looks like they’re preserving their strength!”

“Captain, why don’t we just finish them off and then deal with the others?”

“We’ve been waiting here for almost half an hour. We don’t know where another member of their team is.”

A member of the Flying Tigers asked immediately.

They had been quietly waiting for 20 minutes, but they hadn’t seen the rookies do anything. It was obvious that their captain Liao Ming was overthinking.

“What are these guys doing?”

“Could it be that they have really spread out to preserve their strength?”

Liao Ming sighed in surprise. He originally thought that these Battle Wolf recruits would use some tactics to deal with it.

However, after more than 20 minutes, these rookies remained motionless.

“Move out!”

Liao Ming ordered after thinking for a while.

They had wasted too much time. After all, there were 30 people in the Battle wolf. They had to deal with the people here as soon as possible before dealing with the people in other directions.

“Yes, sir!”

“Yes, sir!”

After receiving Liao Ming’s order, everyone heaved a sigh of relief. After waiting for so long, they could finally take action..

Chapter 575 - 575: This Competition Is Not Simple!

If they continued to wait, they would lose their minds.

Dealing with a group of new recruits was like facing a great enemy. This made them more or less depressed.

Bang!

Following the sound of a sniper rifle, a member of Battle Wolf Team 3 was eliminated.

“There’s a sniper! Find cover immediately!”

Seeing the team member beside him being eliminated, He Chengguang shouted at the people behind him.

They were right. There was really someone ambushing them ahead.

He Chengguang hid behind a big rock and kept observing the sniper’s position.

Soon, they saw a few figures moving and hiding in their direction. “Pay attention, the people on the other side are coming! ”

After He Chengguang finished speaking, he aimed with the sniper rifle. Bang!

He Chengguang followed up with a shot, but unfortunately, he missed. The opponent’s speed was indeed a little too fast, and his position was not suitable for sniping.

This shot was more or less weak.

“Captain, isn’t your marksmanship too lousy today?”

He had seen He Chengguang’s shot just now.

“Cut the crap. You haven’t reached the predetermined location yet?”

Hearing Lin Muze’s mocking laughter, He Chengguang immediately said.

“I’ve seen five people so far. They’re very strong, and I feel like they’re about the same as the members of Team 2. They’re rapidly approaching your location.”

“As for the sniper’s position, we haven’t found it yet!” Lin Muze immediately said.

They could only see five people from their position.

“We only saw five people on our side.” On the other side, Luo Yong said into the earpiece.

“F * ck, only five people dare to ambush us.” “Lin Muze, Luo Yong, you guys continue to hide.”

“Let’s surround them!” He Chengguang immediately said.

Previously, he had thought that there would be several people, but he didn't expect that there would only be five people. No matter what, Battle wolf had at least twenty people, and only one had been eliminated.

19 to 5 was not a problem.

"Alright!"

"If we can't beat them 4 to 1, I'll wash the captain's socks for a month when we go back." Lin Muze smiled faintly.

Lin Muze, Luo Yong, and the rest swiftly moved toward the five members of the Flying Tigers.

"Captain, these rookies are very vigilant. They are all hiding behind cover and don't show their heads."

"I need to change the sniper position!" the sniper reported to Liao Ming.

The vigilance and reaction speed of the Battle Wolf recruits were too fast. He had only fired one shot, but before he could fire a second shot, these rookies had all hidden.

"Alright!"

"Xiao Biao, be careful."

Liao Ming agreed with the Sniper's report and then told the five players that the rookies had left out.

"Don't worry, Captain! "

"It'll only take a few minutes for these ten rookies!"

"That's not right. There are nine more!"

Xiao Biao's confident laughter came from the earpiece.

The Flying Tigers didn't think much of the 10 new recruits.

But for some reason, Liao Ming felt that something was wrong.

"Captain, we're here. We're currently more than 50 meters away from them.

They haven't discovered us yet."

"We're here too."

At this time, Lin Muze and Luo Yong's voices came from the earpiece.

Due to the lush forest and the fact that they thought the members of Battle wolf were right in front of them, the Flying Tigers did not notice Lin Muze and the others who were hiding on both sides.

"Attack! Let them have a taste of quaking thunder!"

He Chengguang immediately said.

"Good!"

“Good!”

After saying that, Lin Muze, Luo Yong, and the others immediately threw the grenades they carried at Xiao Biao and the others.

In an instant, 40 grenades flew out.

Boom!

Boom!

Boom!

“Not good, there’s a grenade!”

Only then did Xiao Biao react, but it was already too late.

Four of the five people instantly emitted green smoke from their bodies.

“F * ck, why are there people on both sides?”

For a moment, Xiao Biao and the others were all confused.

There were only 10 players from Battle wolf in front of them, so how could people be appearing from both sides? Moreover, they had not even noticed them.

“This group of rookies didn’t scatter. They even launched a counterattack!” Finally figuring out the reason, Xiao Biao was annoyed.

Being eliminated by a group of new recruits, he felt a little uncomfortable.

“Brothers, charge!”

“Capture the remaining one alive!”

Seeing four wisps of green smoke not far away, He Chengguang knew that dodging the quaking thunders had caused the enemy to lose four people.

With that, the group of people rushed forward with their guns.

He Chengguang was constantly paying attention to the position of the sniper.

“This group of little fellows is indeed worthy of being Battle wolf’s soldiers.

Their insidiousness is exactly the same as Qin Yuan’s!”

Looking at the scene in front of him, Liao Ming couldn’t help but exclaim.

He didn’t expect these rookies to ambush them.

Moreover, Xiao Biao and the other five had died in the hands of these rookies.

“Attack!” Liao Ming ordered.

Soon, the remaining members of the Flying Tigers started shooting at He Chengguang and the others.

The sniper of the Flying Tigers kept shooting at Lin Muze and the others.

“Not good, there are still people!”

“D * mn, there are only five of them. Lin Muze, how did you gather information?”

The sudden scene stunned He Chengguang.

Hence, he immediately found cover and hid while cursing Lin Muze..

Chapter 576 - 576: This Competition Is Not Simple!

At this moment, Lin Muze hid. The team members around him had all been eliminated from the pile of bullets just now.

He was the only one left among the five.

“Holy sh * t, how would I know that someone was hiding?”

“But from the gunshots, there should be four people and a sniper on the other side!”

Lin Muze quickly said.

He didn’t expect such a thing to happen.

This was a huge loss.

“These people shouldn’t be ordinary special forces soldiers.”

“It’s probably because of this drill- The chief arranged for them to deal with us.

Judging from their attire and armbands, they should be from the Flying Tiger Special Forces.” He Chengguang immediately analyzed.

Now that they had lost ten people in this wave, they had suffered a huge loss.

“Flying Tiger Special Forces?” “I knew that this exercise would not be so simple.”

Lin Muze sighed softly.

He knew about the Flying Tiger Special Forces. They were considered veteran special forces. However, he did not expect that the Flying Tiger Special Forces would be arranged to deal with them during this exercise.

“Lin Muze, don’t f * cking lie in the pit. Quickly look at their position!” He Chengguang said with a heavy expression.

Right now, they had already lost ten people, and only ten people were left. If they were all eliminated, then their Battle wolf team would be in trouble this time.

Although Lin Xiao and the others were not here, only God knew how many members of the Flying Tigers were sent to deal with them.

Moreover, these special forces were obviously very experienced veterans.

“How would I dare to show my head? The sniper on the other side is more accurate than you. Just now, our team members were the ones who suffered the most intense attack.”

Lin Muze immediately explained.

Their location had been exposed, and he was the one who had suffered the most.

“You brat, you can’t even get your information right!”

He Chengguang said helplessly.

“Captain, what should we do now?”

The earphones were filled with He Chengguang and Lin Muze’s voices. Luo Yong could only say helplessly to the two of them.

This situation was too sudden, and they didn’t even know where the other party was.

“Hey! Captain! Lin Muze! Where are you now?”

At this moment, Lin Xiao’s voice finally came through the earpiece. “Oh my god, you’re finally willing to show up!”

“Where did you and your team members go? I couldn’t contact you after so long?”

After hearing Lin Xiao’s voice, Lin Muze asked excitedly.

“After receiving the rules from the exercise command center, I led the team along the gully all the way to the center of the forest.”

“There’s no signal in this gully!” Lin Xiao explained indifferently.

“Gully?”

“You didn’t encounter any landmines along the way, did you?”

“He really doesn’t take the ordinary path!”

After hearing Lin Xiao’s explanation, He Chengguang could not help but marvel at Lin Xiao’s train of thought.

They were supposed to train them to clear the mines, but this kid didn’t even clear a single mine.

“What’s wrong? From your voice, you seem to be in a hurry. Are you fighting with the people from the Ace unit?” Lin Xiao asked with a smile.

It wasn’t that he didn’t want to clear the mine, but it was too time-consuming. It was better to go straight through the ravine and speed up.

“What do you mean by fighting with the people from the Ace team? I didn’t even see a single hair on those guys.” “Now I’m fighting with the Flying Tigers.”

“If you don’t come over and help, we’ll all die!”

Hearing Lin Xiao's question, Lin Muze immediately explained.

Who would have thought that a third party would join the exercise, and it was a veteran of the Flying Tigers?

They had lost ten members in one go. If Lin Xiao did not come over to help, their Battle Wolves would lose.

‘What?’

“Flying Tiger Special Forces?”

“As expected, this exercise is not that simple.”

“How is your situation now? Where is it?”

“I’ll bring my team members over immediately.”

Lin Xiao said in surprise after hearing Lin Muze’s words.

He didn’t expect He Chengguang and the others to fight with the Flying Tiger Special Forces.

At that moment, he understood the situation of this exercise.

“We’re in the dense forest in the northwest. If you’ve just left the valley, you should be more than two kilometers away from us.”

“Hurry up and come over. Otherwise, you’ll be punished by the captain when you go back.” He Chengguang immediately said.

If Lin Xiao and the others had arrived, perhaps they would not have been so passive.

There should only be about five people left in the Flying Tigers, so there was still a chance.

“Alright, hold on for ten minutes. We’ll be there soon.”

After saying that, Lin Xiao immediately led his team members in the direction of He Chengguang and the others.

“Captain, these brats are hiding again!”

The sniper of the Flying Tigers scanned the area and immediately reported. “It’s fine. We’ll slowly exhaust them to death!”

“This group of rookies is really surprising. They actually caused us to lose five people.”

“As expected of the soldiers brought out by Qin Yuan. In just a few months, they can reach this stage. It’s simply too terrifying.”

Liao Ming sighed softly. These Battle Wolf recruits were just as he had guessed.

At this moment, the remaining members of the Flying Tigers did not dare to say anything.

It was the first time they had encountered a special forces recruit who could kill five of them in one go.

His strength and tactics could be considered very powerful.

At this moment, they finally understood why their captain had said those words.

This Battle wolf was really not simple.

“Captain, how do you think these guys train? Is their captain really that powerful?”

A member of the Flying Tigers asked in confusion.

Witnessing this scene, everyone had less contempt.

“The captain of Battle wolf is the strongest special forces soldier I have ever
”

seen.

“After this drill is over, I’ll bring you guys to see it.” Liao Ming said softly.

He did not know how strong Qin Yuan was, but Qin Yuan was the strongest special forces soldier he had ever seen.

This was because among the special forces soldiers he knew, the strongest one was not Qin Yuan’s match.

“Good!”

“Good!”

Hearing that Liao Ming was going to bring them to meet the captain of Battle Wolves, Qin Yuan, everyone was looking forward to it.

What kind of person was able to train the special forces recruits to such a state in such a short period of time?

“Why aren’t these guys moving?”

Lin Muze hid in the pit and asked into the earpiece.

“Why don’t you show your head and let me know where the other party is?”

“Don’t worry, I’ll definitely avenge you if you’re eliminated.” He Chengguang said softly.

“This... Captain, forget about your marksmanship. Let’s wait for Lin Xiao and the others to come over.”

How could Lin Muze be willing to raise his head? At this moment, if he showed his head, he would be the one to die.

There were already very few people left, so he didn’t want to add to the number of people eliminated.

“Captain! Lin Muze, where are you?”

“We’re already at the location you mentioned.”

At this moment, Lin Xiao’s voice came from the earpiece again.

“Good heavens, you’ve finally arrived.”

“We’re being suppressed by the enemy sniper. Do you see a huge banyan tree?”

“We are to the northwest of him. The Flying Tiger Special Forces are about 70 meters away from us.”

Finally hearing Lin Xiao’s voice, Lin Muze spoke into the earpiece. “Lin Xiao, bring your team members and hide behind them. We don’t know their exact location at the moment. ”

“You guys go in ambush, and then we’ll pincer them from the front and back.”

“There are about five people left. They are all veterans of the Flying Tiger Special Forces. They are very strong.”

“We must try our best to preserve ourselves and eliminate them.” He

Chengguang continued.

“Alright, I got it!”

“Let’s go over now. We’ll move together later.”

After Lin Xiao understood the situation, he immediately led his team members to hide behind the Flying Tigers.

“Captain! Why don’t we just kill our way over and take care of them first? Battle wolf still has a ten-man team waiting for us to find them.”

A member of the Flying Tigers said to Liao Ming.

“Alright, there are only these guys left. The sooner we finish them off, the sooner we can go back.”

“Zhao Mingliang and the others should be finishing off the new recruits from the ace troop soon.” Liao Ming said indifferently..

Chapter 577: The Confidence of the Ace Troop!

Liao Ming didn’t expect to be ambushed by the new recruits of Battle wolf and even lose half of his men.

Although he had already expected such an outcome, he was surprised by the strength of these new recruits.

“They’re moving. Everyone, be careful!”

Through the sniper scope, He Chengguang noticed that the members of the Flying Tigers were rushing toward them.

That speed was indeed too fast. In addition, the environment here was not suitable for sniping. For a time, his sniping ability was greatly limited.

“Understood, Captain!”

After hearing He Chengguang’s words, the members of Battle Wolf Team 3 immediately tightened their grip on their guns and kept their eyes on their surroundings.

“Captain, I found them. There are about five of them. The sniper is under the giant tree in your northwest direction. There are four of them moving quickly towards your position.”

“I feel that they are very strong, similar to the members of Team 2. You guys be careful. I’ll take care of that sniper first.”

At this moment, Lin Xiao’s voice came from He Chengguang and the others’ earphones.

“Understood!”

“Everyone, pay attention. Change formation.”

After He Chengguang received Lin Xiao’s report, he immediately ordered the remaining ten members to form a 331 team and pay attention to their surroundings.

The dense forest here, coupled with the gradual rise of fog, greatly interfered with their vision.

“Captain, it’s foggy. I can’t see their exact movements now.” The sniper of the Flying Tigers immediately reported.

“It’s fine. It’s not a problem to deal with these recruits.”

“Ten minutes. Let’s end the battle quickly.” Liao Ming immediately ordered.

“Yes, sir!”

“Yes, sir!”

The remaining members of the Flying Tigers responded in unison and quickly rushed toward He Chengguang and the others.

“It’s foggy. They haven’t discovered us yet. Later, you guys go with the team leaders to deal with the four members of the Flying Tigers. Liang Zi, Xiao Yu, you two follow me. We’ll go and take out this sniper.”

Lin Xiao looked at the members of the Flying Tigers not far away and turned around to speak to his team members.

“Understood!”

“Understood!”

After saying that, Lin Xiao's team immediately split into two groups and headed in two different directions.

At this moment, the sniper of the Flying Tigers did not realize that Lin Xiao and the other two had already arrived behind him. They were only a dozen meters away from him.

On the other side, Liao Ming's group and He Chengguang's group met, and both sides immediately started fighting.

They did not use their guns. To prevent injuring their teammates, they chose to fight in close combat.

The moment Liao Ming came out, he attacked He Chengguang and Lin Muze.

He Chengguang and Lin Muze reacted quickly as well. Seeing Liao Ming suddenly appear, they immediately attacked him.

"F * ck, Captain, the Flying Tigers are really ruthless."

After exchanging a few moves with Liao Ming, Lin Muze was kicked away.

"It's no wonder that Qin Yuan brought out the soldiers. In just two or three months, their combat strength has reached this level." Liao Ming looked at Lin Muze and He Chengguang and sighed.

His sneak attack earlier was already fast enough, but he did not expect He Chengguang and the others to react so quickly.

"Be careful, this person is very strong!"

After Liao Ming appeared, He Chengguang's expression immediately darkened. After a few moves, he could feel that Liao Ming's strength was very strong.

At the very least, they were much stronger than the Battle wolf.

"If we let you grow for some time. we might not be able to take you down today."

"However, today, none of you Battle wolf will be able to enter the central area." Liao Ming said indifferently.

Although he was very surprised by the reaction speed and fighting strength of the new recruits like Battle wolf...

However, after exchanging a few moves with He Chengguang and the other two, he could roughly understand the strength of He Chengguang and the other two.

"It's not up to you to decide whether you can enter or not."

"I didn't expect to meet a veteran of the Flying Tigers in this competition."

"I heard from our captain that the members of the Flying Tigers are not very strong. They are only slightly stronger than cats."

“Why don't you guys just call yourselves the Flying Cat Special Forces? The name Flying Tigers is not suitable for you.”

He Chengguang replied coldly, his eyes fixed on Liao Ming's every move.

From Liao Ming's words, it was obvious that he knew their captain and had a grudge against him.

Since Liao Ming had said so, as Battle wolf's people, they naturally couldn't show weakness.

Even if they were facing these veterans, there was no reason for them to admit defeat.

“I didn't expect the recruits of Battle Wolf to have such a big tone. Didn't your captain Qin Yuan teach you to be polite to veterans?”

“If you surrender and withdraw from the competition, perhaps I won't attack you.”

After Liao Ming heard He Chengguang's words, a hint of anger appeared on his face.

He had admitted defeat in Qin Yuan's hands previously. After all, Qin Yuan really had that ability.

But these War Wolf rookies actually dared to say such words, how could he not be angry?

“Our captain taught us to be polite when facing the strong, but he never taught us to surrender.”

He Chengguang still replied to Liao Ming with a cold tone.

Surrender?

How was this possible?

Even if the Battle wolf soldiers died, they would not surrender. Even if they could not defeat them, they would tear off a piece of their flesh.

“Very good!”

“You guys are indeed very strong-willed, but I don't know if your bones are that hard to match the words you say..”

Chapter 578: The Confidence of the Ace Troop!

“Today, I'll teach you a lesson on behalf of your captain!” Liao Ming's eyes turned cold.

He hadn't planned to go too far, but He Chengguang's words had clearly poked his sore spot.

As he spoke, he immediately clenched his fist and attacked He Chengguang.

Seeing this, Lin Muze rushed towards Liao Ming.

Although He Chengguang and the others were in a group of three, they were obviously unable to withstand Liao Ming and the others.

Not long after, one of the team members was sent flying by Liao Ming's kick. He fell to the ground and could not get up.

With one person missing, He Chengguang and Lin Muze frowned.

Both of them were injured, and Lin Muze's right hand was trembling.

"Captain, what should we do?"

Lin Muze sighed softly.

The battle situation of the surrounding teams was similar.

Although the Flying Tigers only had four veterans, three of them had lost their combat ability. It could be said that they had been eliminated.

If this continued, Battle wolf would lose.

These Flying Tigers were obviously very ruthless to their men.

"It's okay. They are very strong, but we have more people!"

"I don't believe I can't beat them!"

"It's time to act."

He Chengguang immediately shouted into his earpiece.

He Chengguang had the seven team members that Lin Xiao had sent over hide not far away.

At present, the Flying Tigers did not know that Lin Xiao and the others had arrived.

He Chengguang planned to first exhaust the strength of the members of the Flying Tigers. When these members joined in, he did not believe that the four members of the Flying Tigers could deal with more than ten of them.

As He Chengguang's voice fell, seven people immediately jumped out from the grass behind Liao Ming and the others.

"Captain! Not good, their other team is coming. I have three on my side now, be careful on your side."

At this moment, the sniper's voice came from Liao Ming's earpiece.

"It seems that you guys have come a long time ago."

"He actually endured until now and only came out."

Liao Ming's eyes flashed with a trace of surprise. He did not expect that all the recruits from the Battle wolf would come.

He did not expect that he did not notice that there was someone not far behind them.

"Although you are very strong, don't forget that we are a pack of wolf!" He Chengguang said indifferently.

There were 14 of them on their side, while the Flying Tigers only had four veterans.

He didn't believe that he couldn't defeat the veterans of the Flying Tigers.

"I underestimated you, but I don't think much of you new recruits."

A hint of worry flashed across Liao Ming's eyes.

If all the members of the Flying Tigers were here, they wouldn't even need to worry about the 30 new recruits from Battle wolf.

He had just been careless and lost five members.

If they were to fight against three people at once, they would still be able to withstand it, but it would be different if there was one more person.

Although these were just newly recruited special forces soldiers, they were the best soldiers in each company.

Suddenly, the situation was clearly leaning toward the Battle wolf recruits.

"Good heavens, looks like Liao Ming is going to die in the hands of these little Battle wolf."

"Not bad, not bad. This is getting more and more interesting."

In the exercise command center.

The Bureau Chief looked at everything that was happening on the big screen and sighed with a smile.

"Qin Yuan, no wonder you're so calm. It seems that these little fellows have been tortured by you for the past three months!"

The Bureau Chief turned his head and said to Qin Yuan.

He had seen the entire battle process of these Battle Wolf recruits.

In such a short period of three months, he had such insight and reaction speed. It had to be said that the Bureau Chief was very shocked.

"Chief, you flatter me."

Qin Yuan said indifferently, not showing much surprise on his face. Ever since Lin Xiao and the others arrived, Qin Yuan knew that this would be the outcome.

Although Liao Ming and the others still had five people, the Sniper would soon be eliminated by Lin Xiao and the other two.

As for the rest of the Flying Tigers, other than Liao Ming, they could only last for about twenty minutes.

However, only about 10 to 12 members of the Battle Wolf Squad 3 could get past the Flying Tigers.

This was considered pretty good.

Compared to the Ace team, at least the members of Battle Wolf Team 3 were more united.

At this moment, Wu Jiang's face gradually revealed a worried look.

As the three squads of the Ace Troop were scattered, Zhao Mingliang and the rest of the Flying Tigers were able to break through them.

They had already lost one team, and Team 2 had lost seven people.

The current situation was much worse than the Battle wolf.

On the other hand, Zhao Mingliang's team only lost seven people.

The pressure suddenly appeared, but at this time, a smile gradually appeared on Wu Jiang's face.

"They finally rushed over." Wu Jiang heaved a sigh of relief.

On the big screen, Lin Hu had arrived with Team 3 of the Ace team, but Team 2 had not been destroyed.

"This person is Lin Hu. I heard that he is currently the strongest special forces soldier recruited by the Ace Troop this time. Moreover, I heard that even many veterans in the Ace Troop are not his match."

Looking at the muscular Lin Hu on the big screen, Zhou Qing immediately said to Qin Yuan.

"Looks like the Ace team has picked a good seedling this year."

The moment Lin Hu appeared, Qin Yuan knew that this person's strength was not bad. He was much stronger than the members of Battle Wolf Team 3.

He could even catch up to Zhao Mingliang and Liao Ming.

No wonder Wu Jiang was so excited when he saw Lin Hu arrive. It seemed that this person was Wu Jiang's confidence.

"This kid is not bad. Wu Jiang, your Ace team picked a good person this year."

"Looks like your Ace team will have to rise in ranking again soon."

It turned out that he had picked a good seedling.

"Thank you for your praise, Chief."

Hearing the Bureau Chief's praise, Wu Jiang's expression became less hostile.

Lin Hu was the most outstanding special forces soldier that their Ace unit had recruited in the past few years.

They were just waiting for Lin Hu to help their Ace Troop get a good ranking in the special forces competition at the end of the year.

The main reason why he came to compete with Battle wolf this time was to take revenge.

With Lin Hu around, Wu Jiang's confidence in this competition increased greatly.

Li Zijun, why are you guys so weak?"

"We were almost wiped out by them."

Lin Hu said with a faint smile after saving Li Zijun from Zhao Mingliang.

"Cut the crap, Lin Hu. Do you know who they are? These are all veterans of the Flying Tiger Special Forces."

"I didn't expect the Flying Tiger Special Forces to come and intercept us."

Li Zijun looked at Zhao Mingliang and the others and said in a deep voice. They didn't expect the drill to be like this.

Not long after Team 1 was wiped out, they were ambushed by Zhao Mingliang and the rest of the Flying Tigers.

"Who cares who they are? As long as you're strong enough, you don't have to be afraid of them."

Lin Hu didn't care about veterans.

It was just that he had entered the special forces a few years earlier than them. Besides, ever since he joined the Ace unit, he had beaten up many veterans.

"Do you think everyone is as perverted as you?"

"Team 1 didn't even last ten minutes against them before they were all eliminated." Li Zijun immediately explained.

He knew very well how strong Lin Hu was, but the veterans of the Flying Tigers were not weak either, especially Zhao Mingliang, who was leading the team. His hands were still trembling after exchanging a few moves with Zhao Mingliang.

"You're very strong, kid. Are you sure you just joined the Ace team this year?"

Zhao Mingliang looked at Lin Hu in surprise.

When Lin Hu saved Li Zijun, he had clashed with him.

One had to know that he had used 70% of his strength just now.

However, Lin Hu didn't look afraid at all.

"What's wrong? Are you veterans afraid of our new recruits?" Lin Hu smiled faintly.

From the clash just now, he knew that Zhao Mingliang wasn't easy to deal with. His strength should be on par with his. "Afraid?"

"You think too highly of yourself."

Zhao Mingliang didn't expect Lin Hu to say something like that. It was obvious that he didn't care about the veterans..

Chapter 579 - 579: Tell Qin Yuan that I, Liao Ming, am convinced!

Looking at Lin Hu's teasing eyes, Zhao Mingliang smiled faintly.

It had been so many years, but this was the first time he had encountered such a recruit. It seemed that the Ace team had recruited a good seedling this year.

Zhao Mingliang had to admit that even among the new recruits that the Flying Tiger Special Forces had recruited this year, no one could achieve such strength.

However, even if he was strong, he could forget about getting past them today.

“You’ll know if you think highly of yourself after trying.”

Lin Hu didn’t say a word and directly attacked Zhao Mingliang. The violent explosive force caused the air to tremble.

Bang!

Their fists collided violently, and the huge impact made both of them take a few steps back.

The two of them were evenly matched in their first official contest.

Zhao Mingliang frowned.

After this clash, he knew that Lin Hu’s strength was already on par with his.

Although his face was expressionless, his heart was still very shocked.

This was the first time he had seen such a recruit in so many years. His strength was really too terrifying.

“It seems like you veterans aren’t that great. You’ve been in the special forces for so long, and that’s all you’ve got?”

Lin Hu was a little surprised. Zhao Mingliang’s strength was almost on par with their instructor, Wu Jiang.

Ever since he joined the Ace unit, only Wu Jiang’s strength was similar to his.

It seemed that the person he was fighting with was on the same level as their instructor, Wu Jiang.

For a moment, Lin Hu could not help but take it seriously.

They had been ambushed by the Flying Tigers, and it seemed like Battle wolf was doing the same. However, they didn’t know if there were more people left in their Ace unit or Battle wolf.

After all, Team 1 had been eliminated after he arrived, leaving only Li Zijun and the other two in Team 2.

Currently, there were only thirteen people left in their Ace team who had not been eliminated.

“Li Zijun, I’ll hold him back later. The rest of you try to deal with the other seasoned soldiers.”

“The competition with Battle wolf this time is not about individual strength, but the number of people who can reach the central area in the end, so you’d better try your best to protect yourselves.”

Lin Hu turned around and said to Li Zijun.

There were still seven members of the Flying Tigers left. If he stalled Zhao Mingliang, the rest of them could still take on one of them.

It could be said that they did not have any advantage. The strength of these veterans was still very strong.

In the end, whether they could successfully pass through would depend on heaven's will. After all, they had lost quite a number of people previously.

"Bring me this kid's information later!"

In the drill command center, the Bureau Chief saw the battle between Lin Hu and Zhao Mingliang and immediately said to Wu Jiang.

A recruit who had just joined the special forces was actually able to fight Zhao Mingliang to a draw. This kind of strength was enough to make the Bureau Chief pay attention to it.

"Yes, sir! Chief."

Wu Jiang replied excitedly.

People who were valued by the Bureau Chief were different. Their future career would definitely be bright.

"This Lin Hu's strength is really terrifying. He's just a recruit and he's already reached such a level." Zhou Qing was shocked.

One had to know that if they had not relied on Qin Yuan back then, they would not have been able to reach such strength.

Even though Lin Hu wasn't his match and wasn't as strong as Team 1, it was enough to surprise him.

Lin Hu had just joined the special forces this year.

"Not bad indeed. This kid must have been a martial artist before he joined the army. He can barely fight against Leng Feng and the others. If he were to deal with Geng Hu and the others, he would be much weaker."

Qin Yuan was not too surprised. Qin Yuan did not lack such soldiers, but he needed time.

As for the members of Battle Wolf Squad 3, as long as they went through a period of training, they would be able to reach the same level.

However, Qin Yuan paid attention to training soldiers step by step. After every soldier had reached the perfect foundation, he would continue to strengthen and stimulate the potential of the soldiers.

Only in this way could the soldiers go further and become stronger.

"He Cheng Guang and the others seem to be ending the battle soon."

Zhou Qing looked at the situation on the screen and said in a low voice.

At this moment, He Chengguang and Lin Muze were continuously attacking Liao Ming.

Due to the advantage in numbers, the Flying Tigers had already lost two members.

After Lin Xiao finished off the sniper, he immediately rushed over to help He Chengguang and Lin Muze deal with Liao Ming.

With Lin Xiao's participation, Liao Ming gradually felt that it was very difficult.

Lin Xiao and He Chengguang's strength was about the same, and their leg techniques were especially powerful. The three of them took turns to attack, and Liao Ming's chest was heavily kicked with a few footprints.

"What do you think, veteran?"

"Do you still want us to surrender now?"

"Oh right, I forgot to tell you. Your team members are almost gone." At this moment, He Chengguang smiled faintly at Liao Ming.

After Lin Xiao came over to help, he and Lin Muze felt much more relaxed.

According to this situation, they were sure to win this battle.

"I underestimated you."

"You guys can go!"

Seeing the last member being eliminated by the Battle wolf, Liao Ming knew that they had lost.

He could barely handle He Cheng Guang and the other two by himself, but now that he had lost all his members and Battle wolf was left with 12 people, how could he fight?

"Thank you, veteran!"

He Chengguang heaved a sigh of relief when he heard that Liao Ming had given up. If they continued to fight Liao Ming, they would lose at least one or two

Chapter 580 - 580: Tell Qin Yuan that I, Liao Ming, am convinced!

This was the best result.

"Tell Qin Yuan that I, Liao Ming, am convinced."

Liao Ming said softly to the Battle wolf.

Originally, he had wanted to embarrass the new recruits of Battle Wolf, but he didn't expect that his entire team of veterans would lose to these new recruits. Liao Ming was truly convinced. After all, he really did not go easy on them.

This result would be the same even if it was a real battle.

For a moment, Liao Ming could not help but admire Qin Yuan's ability to lead troops.

"Don't worry, veteran. I'll definitely pass on your words!"

He Chengguang said with a smile. Then, he led the remaining team members toward the center of the forest.

"I wish you Battle wolf's little fellows good luck in the future."

He had just received news from Zhao Mingliang that a ruthless person had appeared among the new recruits in the Ace troop.

His strength was actually on par with Zhao Mingliang.

If that was the case, it was possible that the guy from the Ace team would enter the central area.

This competition was actually based on points.

The first round was to see how many people from the two teams could make it to the center.

Everyone got a point.

The final match was the chaotic battle.

It was a direct battle between the soldiers of both sides. Each person on the other side would get one point. The more people there were, the more points they would get.

If they were not strong enough, they would not be able to win in the end.

“These veterans of the Flying Tigers are indeed strong. If our three teams were too far apart, we might really have died here.”

After everyone had walked some distance, Lin Muze immediately began to preach to them.

If Lin Xiao had not arrived, Battle wolf would have lost today. Moreover, they would have been severely punished by Qin Yuan when they returned.

“This competition is no longer just a competition with the ace troop.”

“I wonder how the Ace Troop is doing. How many people are left?” He Chengguang said in a deep voice.

The battle with the Flying Tigers veteran had made him feel that this exercise was not simple.

Although they had won against these veterans, they had lost two-thirds of their team members.

If there were more people in the Ace unit than the ones under them, then their Battle wolf would lose this time.

“Don’t worry, Captain. The people from their Ace unit will definitely be intercepted like us.”

“Maybe they have less than us left.” Lin Muze said with a smile.

This time, they had already lost half of the Flying Tigers. If not for this, the remaining members of Battle wolf would have been even fewer.

Therefore, he felt that the people from the Ace team might not be any better than them.

“Captain, I feel like this match isn’t over yet.”

“There will definitely be another battle between us and the people from the Ace unit.”

Lin Xiao, who had been silent all this while, spoke up.

Since a veteran of the Flying Tigers had suddenly appeared in this competition, it would not be so easy to end this competition.

There would definitely be other tests waiting for them.

“Lin Xiao is right. This is only the beginning, so we have to be careful.”

After hearing Lin Xiao’s words, He Chengguang thought for a moment and immediately instructed. He had the same thoughts as Lin Xiao. This competition would not end so easily.

“What is this? The captain already said that it was a competition between two special forces recruits. Now, there’s actually a veteran from the Flying Tigers. Isn’t this clearly a prank on us recruits?”

Lin Muze complained.

How long had it been since they joined the special forces? He treated them like this right from the start.

“Alright, stop complaining.”

“There are many more unexpected situations on the real battlefield. This is to test our ability to respond to emergencies. As long as we are strong enough, we won’t have to worry about any unexpected situations.”

He Chengguang said to everyone.

This situation was indeed unexpected, but it was within reason.

In a real battlefield, any unexpected situation could happen, so if he wanted to complete the mission, he had to be strong enough. Only then could he successfully complete any mission.

“Let’s go! Everyone, be careful.”

“Yes, captain! ”

After saying that, everyone immediately walked towards the center of the forest.

“I didn’t expect Liao Ming and the others to fall at the hands of Battle wolf and the others.”

“Battle wolf’s team members are really good at cooperating.”

“Almost everyone’s strengths are used to make up for each other’s shortcomings.”

“As expected of a Battle wolf. This group of guys has the characteristics of a wolf pack. ”

The Bureau Chief praised Liao Ming as he watched Liao Ming give up on fighting the Battle wolf members.

In terms of individual strength, although He Chengguang and the others were not as strong as Lin Hu, in terms of team combat and cooperation between members, they were not as strong as Lin Hu.

Obviously, Battle wolf was a level higher.

“The soldiers were brought out by Qin Yuan, they’re definitely strong.”

"I still remember those guys from Team 1. There were a few special forces competitions. Didn't they rely on unity and ruthlessness?"

At this moment, the leaders of the other military regions smiled and said.

"That's right. All the special forces have changed a lot over the years. They all have their own characteristics."

"However, Qin Yuan has managed to build a newly established special forces into such a state in just a few years. He has even surpassed some of the established special forces." "I have to say that this kid is really a general."

The Bureau Chief praised.

Ever since Qin Yuan formed Battle wolf, Battle wolf's reputation had become more and more famous. In the special forces of the few major military regions, Battle wolf was like a dark horse killing its way up.

The Southeast Military Region, which had been relatively weak in the special forces, suddenly charged forward.

Now, Battle wolf's reputation had spread throughout the military regions.

"Old Gao is really lucky. With Qin Yuan around, the Southeast Military Region will be able to hold its head high in the future. Old Gao is considered lucky." A leader immediately said with a smile.

"Oh right, why didn't this old fellow come today?"

"This is a competition between the special forces of their military region. This guy actually didn't show up?" Only then did the Bureau Chief remember that Gao Shiwei didn't come today.

"Old Gao suddenly had something to deal with before he came. He wanted to tell you just now, but you were too engrossed in watching and didn't say anything." A leader from another military region immediately explained.

"Alright then!"

"Let's continue to see what kind of surprises these little guys will bring us."

After hearing that Gao Shiwei had something to deal with, the Bureau Chief's gaze continued to be fixed on the big screen.

On the side of the ace troop.

Due to the lack of numbers, it was difficult to deal with the arrival of the veterans of the Flying Tigers.

There were originally thirteen people left, but now there were only seven people left.

The Flying Tigers had eliminated three people. It could be said that they would lose two members for every veteran eliminated.

“Lin Hu, if this continues, we might lose.”

Li Zijun looked at the continuous loss of his team members and was very worried.

If this continued, they might not be able to reach the central area.

“This person’s strength is on par with mine. It will be difficult for me to finish him off in a short time.”

Lin Hu’s eyes were fixed on Zhao Mingliang. The two of them had been fighting for so long, but they were still evenly matched.

However, if they did not end the battle quickly, their Ace team might really lose this competition.

“Li Zijun, when I’m holding him back later, think of a way to sneak an attack on him. Otherwise, we’ll lose.”

After thinking for a moment, Lin Hu decided to deal with Zhao Mingliang together. Only by taking care of Zhao Mingliang would they have a chance to get past the Flying Tigers. “Understood!”

Li Zijun immediately agreed.

At this time, there was no fair battle. As long as they could pass smoothly, it would be fine.

“Good!”

After saying that, Lin Hu continued to gather his strength and then attacked Zhao Mingliang.

The two of them had fought for such a long time that both of them had exhausted a lot of their physical strength. Even Zhao Mingliang felt a little tired.

However, Lin Hu was indeed very strong. He could not do anything to Lin Hu.

Just as the two of them were locked in battle, a figure attacked Zhao Mingliang’s left side.

Zhao Mingliang didn’t have time to react. He was kicked hard in the chest, and he was sent flying back a dozen steps, crashing into a tree.

Blood surged in his body, but he forcefully swallowed it..
