

Special Troop 581

Chapter 581: Stunned When We Meet!

Lin Hu was delighted to see that the ambush had succeeded. He knew that Zhao Mingliang was injured, so he immediately turned around and attacked the rest of the Flying Tigers.

Soon, a member of the Flying Tigers was eliminated.

“Let them pass!”

Zhao Mingliang said to the other two members of the Flying Tigers.

The sneak attack from Li Zijun had already caused him to suffer internal injuries. He would not be able to join the battle for the time being. The remaining two members were no match for Lin Hu.

Therefore, they had lost this interception.

“Thank you, veteran.”

“I’m really sorry. If this was a real battle, there would be no fairness to speak of.

Therefore, it was a real battle. Veteran, you have already sacrificed yourself just now.”

After hearing Zhao Mingliang’s order to stop fighting, Lin Hu and the others immediately stopped.

Then, he turned to Zhao Mingliang and said.

It was indeed inappropriate for them to sneak attack just now, but this was a battle. If it was a real battle, the enemy would not fight you fairly.

“You’re very powerful. I hope everything will go smoothly for you guys.”

“We really lost!”

Zhao Mingliang wasn’t the kind of person who would get angry when he lost.

Lin Hu’s strength could no longer be treated like a new recruit.

Such a person would definitely reach a higher realm in the future.

This was a talent.

Lin Hu was born to be the king of the special forces.

“Goodbye!”

Lin Hu replied indifferently.

Then, he led the remaining six members toward the center of the forest.

This time, their Ace team had suffered heavy losses. Including Lin Hu, there were only six people left.

“Lin Hu, we only have six people left. I wonder how many of Battle wolf’s men are left. I wonder if we still have a chance.”

Li Zijun looked at the remaining team members and felt worried.

They were too scattered at first, and it was not long after they separated that they learned the rules of this exercise.

Moreover, there were still third-party forces intercepting them along the way.

These were all situations that they had not expected.

However, there was nothing they could do now. If they had known earlier, they would have gathered together to take action.

“Don’t worry. Since the drill didn’t go according to plan, it won’t end so easily.”

“We will have a battle with the Battle wolf.”

“I just don’t know how many of them will be left and how strong they will be.” Lin Hu immediately analyzed.

It was as if there were no rules in this competition, and some of the rules were fake. Perhaps the more people who went to the central area, the more likely they were to have an advantage, but it was definitely not the end of the competition. He understood when the Flying Tigers veterans suddenly appeared.

“From what I know, the captain of Battle Wolf Team 3, He Chengguang, Lin

Muze, and Lin Xiao are the strongest recruits in their team.”

“However, they shouldn’t be a match for you.”

Li Zijun immediately explained.

He had heard about this before, but he knew very well how strong Lin Hu was. None of the new recruits recruited by Battle wolf this year were a match for Lin

“I know all this, but you don’t understand Battle wolf.”

“This special forces has only been established for a few years. Their captain, Qin Yuan, is a very terrifying character.”

“Do you know what their team members used to do?” Lin Hu said in a deep voice.

Among the recruits of the special forces of the various military regions this year, Lin Hu believed that he would not be afraid of anyone. However, Battle wolf was the only one who worried him.

It was mainly because of the name Qin Yuan.

“What is it for? Aren’t they recruits selected from the regular army?” Li Zijun asked in confusion.

He was a recruit specially recruited from the sports school and had been selected to join the Ace unit within a year.

As for Battle wolf’s predecessor, he really didn’t know.

“It’s to feed pigs and grow vegetables.”

Lin Hu explained.

At this point, he could not help but admire Qin Yuan. “Feed pigs and grow vegetables?” “Isn’t that the work of the logistics company?”

“Why did you set up a special force?”

Li Zijun asked in surprise after hearing Lin Hu’s explanation.

This news was too shocking. When did a group of soldiers who fed pigs become special forces soldiers?

“Battle Wolf’s captain, Qin Yuan, graduated from Southeastern Military Academy. After he left the company, he became the company commander of the logistics company of the Iron Fist Regiment.”

“Battle Wolf Team 1 has 50 members, all of whom were soldiers from the Iron Fist Regiment’s logistics company.”

“Three months after Qin Yuan went down, he led the entire logistics company to become the strongest company in the Iron Fist Regiment.”

“And during a drill, they even relied on the soldiers of the logistics company to beat up Wolf Fang, the only veteran special force in the Southeast Military Region.”

“Do you think such a battle wolf is terrifying?”

Lin Hu explained.

He had seen this news before he joined the special forces. At that time, he was very surprised at what kind of person could do this.

Three months of strength had brought a group of soldiers with weak physiques to such a state.

He had wanted to go to Battle Wolf before joining the Ace unit.

However, in the end, he still agreed to their company commander’s request to join the Ace unit.

Only now did he know that he was very excited when he fought against Battle Wolf, but he was a little worried.

After all, Qin Yuan had touched him too much..

Chapter 582: Stunned When We Meet!

“Oh my god? Are you sure you’re not lying to me?”

“Is the captain of Battle Wolf really that ruthless?”

“Three months to make the logistics team the strongest company in the regiment. This is too ridiculous.”

Li Zijun said in surprise after hearing Lin Hu's words.

Because he didn't believe that anyone could do it.

"I advise you to go back to the archives and check Battle wolf's information."

Looking at Li Zijun's incredulous expression, Lin Hu could only helplessly say.

How long had Battle wolf been established? To be able to make the special forces of the various military regions so afraid, one could imagine how shocked the special forces of the various military regions were at that time. Moreover, the drill competition this time was requested by the instructor because he wanted revenge.

It was obvious that Battle wolf had suffered a lot in the past.

"Then according to what you said, aren't we going to lose for sure?" "Don't tell me all these new recruits from Battle wolf are stronger than you?" "If that's the case, what's the point of competing? Just admit defeat."

Li Zijun didn't dare to imagine that with such a captain around, the strength of the new recruits of Battle wolf would increase to various levels.

If it was really as Lin Hu said, then three months was enough for He

Chengguang and the others to raise their strength to a terrifying level. "Alright, think about it. This is a special force, not a regular force."

"In the past, the logistics company fought against the conventional ones. Moreover, the people who dealt with Wolf Fang at that time were recruits like you and me."

"After entering the special forces, everyone needs to break through themselves. Moreover, the further they go, the harder it is. Therefore, their speed of improvement is not so fast." "Otherwise, would he still be human?"

Lin Hu said angrily.

He was talking about the upgrade of the regular troops in the past. Now, they were the special forces, unlike the regular troops.

However, he was still in awe of Qin Yuan. Just this alone was already very terrifying.

This was why he was worried about the strength of the Battle wolf. "No matter what, we have to compete to know. Let's go."

After saying that, Lin Hu led everyone towards the central area.

In the exercise command center, Wu Jiang's heart sank after seeing the final result.

Their Ace team only had six people left, but Battle wolf still had twelve. It was obvious that they had lost.

"Damn. If we had known the rules of the competition in advance, our Ace team would definitely not have lost so many people."

“Battle wolf wins this match.” Wu Jiang walked to Qin Yuan’s side and said in a low voice.

However, he was still not convinced. The rules of the drill were announced at the last minute, and there were people from the Flying Tigers who intercepted them. These were not known in advance.

“Instructor Wu, you’re admitting defeat before the competition is over? If your soldiers knew, would they be disappointed?”

After hearing Wu Jiang’s words, Qin Yuan smiled faintly.

How could this competition be so simple?

The Flying Tigers had already been sent over. Would the officers be happy to end it like this?

Qin Yuan had long seen through it. The next battle might be the real competition between Battle wolf and the ace troop.

“What is it? It’s not over?”

“Didn’t the chief say that the team with the most people entering the central area will win?”

Wu Jiang said in surprise. This was what the Bureau Chief had said personally. How could he change his mind?

“Just watch. The rules for the next match will be out soon.”

Qin Yuan smiled faintly and did not continue speaking.

At this moment, the twelve members of Battle Wolf Team 3 and the six members of the Ace squad had all arrived at the designated central area.

After the two sides met, they all looked at each other.

“Holy sh * t! There are actually twelve more people from Battle wolf! How are these guys so strong?”

“Or are the veterans of the Flying Tigers who intercepted them weaker than the ones who intercepted us?”

Li Zijun sighed in surprise.

The number of people that Battle wolf had left behind was actually twice as many as theirs.

Was it really as Lin Hu said? Was the captain of the Battle wolf a god? How could he raise the strength of these recruits to such a terrifying level in just three months?

“The number and strength of the Flying Tigers should be the same. It should be fair. ”

“But I’m more curious about these guys. How did they get here from the hands of the Flying Tigers?”

Lin Hu quietly watched He Chengguang and the others.

From the members of Battle wolf, he could feel that none of them were as strong as him.

It was not as strong as he had imagined.

At the very least, he should have no problem dealing with the three people at the front by himself.

But with such strength, how did they manage to survive the Flying Tigers?

For a moment, Lin Hu couldn't figure it out. Could it be that the Flying Tigers veterans who intercepted Battle wolf weren't as strong as the ones who intercepted them?

"No? Didn't you say that their captain was a god? Isn't it normal that they can pass through twelve people?"

Li Zijun looked at Lin Hu in surprise.

What was so abnormal about this?

"None of them are stronger than me."

"Only the three closest to the front might be able to fight me if they join forces." Lin Hu explained.

"What?"

"None of them are stronger than you?"

"Isn't this pure nonsense? Could the people who intercepted them go easy on them? This competition is not fair at all."

"No, I have to reason with the leader of the command center. Isn't it obvious that they're trying to trick our Ace unit?"

Li Zijun said angrily after hearing Lin Hu's words.

If what Lin Hu said was true, Battle wolf and the others were not as strong as him.

Then how did these people manage to survive through the hands of the Flying Tigers?

Unless the Flying Tigers that intercepted Battle wolf were very weak. But if that was the case, wasn't it obvious that they were siding with Battle wolf and bullying their Ace unit?

"I don't think so. If that's the case, there's no need for this drill competition."

"The Flying Tigers soldiers who intercepted us should be of the same strength. However, Battle wolf's men must have used some kind of method to break out of their encirclement."

Lin Hu analyzed after thinking for a moment.

The commanders definitely wouldn't arrange this drill as it would be unfair. After all, it would still test their strength against Battle wolf.

"This... Did we win?"

Lin Muze saw that only six people from the ace team had come. According to the rules of the competition, didn't Battle wolf already win?

Moreover, there were more than half of the Ace troops.

"It shouldn't be over yet. The next match might be coming up." He Chengguang immediately said.

He did not believe that it would end like this.

"This person is so strong!"

Lin Xiao kept his eyes on Lin Hu. He realized that Lin Hu was the only person in the Ace team that made him feel a little dangerous.

And that feeling was very strong.

"You're right. This person's strength should be above ours. Even the two of us combined are not his match."

"In fact, this person's strength should be the same as the veteran who intercepted us."

He Chengguang expressed his agreement after hearing Lin Xiao's words.

The moment Lin Hu appeared, he could feel it.

"No way! If he's so strong, are there only so few people left in the Ace unit?" "Could it be that they've encountered someone more ruthless than us?" Lin Muze asked in surprise after hearing their conversation.

He could feel a hint of danger coming from Lin Hu's body. However, if it was really as Lin Xiao and the others said, there would not be only so few people left in the Ace team, right?

Unless their Ace unit was really unlucky enough to encounter a very strong veteran of the Flying Tigers.

Otherwise, this wouldn't have happened.

"I'm not sure. We don't know how many people have joined this time. We don't know how strong they are. If that's the case, then we're lucky." He Chengguang immediately said.

For a moment, the two groups of people began to guess in surprise.

All of them were confused and could not figure out why.

At this moment, the voice of the drill command center came through everyone's earphones..

Chapter 583 - 583: The Final Competition

"Congratulations on passing the first round of tests. The fact that you've made it this far represents your abilities."

“This test uses the points system.”

“If both of your teams can pass the first round of the test and reach the designated central area, each team will receive one point each.”

“The total number of Battle wolf players who have reached the designated central area is 12. Congratulations on obtaining 12 points.”

“6 members of the Ace team. Congratulations on obtaining 6 points.”

“The next round of the competition will be the final battle of this competition.”

“The two teams are engaged in a chaotic battle.” “Until the last person from the other party is eliminated.”

“Eliminating one person means two points.”

At this moment, the voice of the drill command center came through everyone’s earphones.

“I see. Looks like this is the real showdown between us and the ace troop.”

After hearing the rules of the drill command center, He Chengguang’s face darkened.

Although Battle wolf had more people than the ace troop by half, Lin Hu gave him a dangerous feeling.

Furthermore, the first two points meant that Battle wolf had to ensure that not too many people were eliminated.

Otherwise, the point advantage they had gained in the first round would be gone.

“Captain, with our 2:1 ratio, doesn’t that mean we can directly control the Ace unit?”

After hearing the second round of rules from the drill command center, Lin Muze’s face gradually revealed a smile.

Battle wolf had 12 players, while their Ace team only had 6 players. No matter what, they would definitely win the second round of the chaotic battle. “Don’t be too optimistic. This Lin Hu gives me a very strong feeling.” “Maybe he alone is enough to give us a headache.”

At this moment, Lin Xiao looked at Lin Hu and said indifferently.

Ever since he saw Lin Hu, he could feel that the strength that Lin Hu emitted was not simple.

It could be said that he was the strongest person they had ever seen among the recruits. They had only felt that kind of feeling from the veterans, and it was similar to Liao Ming, who they had just met.

“Lin Xiao is right. Although there are only six people in the Ace team, Lin Hu alone can turn the tide.”

He Chengguang thought for a moment and immediately said to everyone.

For a moment, everyone from Battle wolf was on high alert.

Not far away, Lin Hu heard the news.

The corners of his mouth curled up slightly.

This news was extremely good for him.

Although they were at a disadvantage in terms of numbers in the first round of the competition, the second round of the competition was a melee battle. That was his advantage.

“Lin Hu, this is not good news for us.” When Li Zijun heard the rules of the second round, he looked worried.

Their Ace troop did not have the advantage in numbers at all. In such a chaotic battle, they would be at a huge disadvantage.

“This is what I want.”

“Li Zijun, the five of you will huddle together and try to buy me as much time as possible. Don’t eliminate me.”

“I’ll be able to take care of half of them in half an hour.” Lin Hu ordered Li Zijun confidently.

He had seen all of Battle wolf’s members, and none of them were stronger than him. Although he didn’t know why so many of Battle wolf’s members had passed the first round, he wasn’t worried about the second round anymore.

With one kill and two points, Battle wolf’s advantage in numbers suddenly turned into a disadvantage. “This... Lin Hu, are you confident?”

“If we can’t do it, we’ll lose this time.”

Li Zijun was very clear about Lin Hu’s strength, but Battle wolf outnumbered them by twice.

Those who were able to pass the first round of the test were not ordinary people, so the pressure on them was still very great.

“Don’t worry!”

Lin Hu replied indifferently and then stopped talking.

At this moment, in the exercise command center.

After Wu Jiang heard the news, a smile immediately appeared on his face.

He did not expect that the competition would not end as Qin Yuan had said.

Moreover, when he heard that the two teams were engaged in close combat, the worry on his face disappeared in an instant.

On the contrary, he was full of confidence.

“Captain Qin, I didn’t expect it to be as you said. The competition isn’t over yet.”

“However, you Battle wolf won’t be so lucky.” Wu Jiang turned his head and smiled at Qin Yuan.

Although they only had six aces, he knew Lin Hu's strength very well. Lin Hu alone could obtain a lot of points.

Therefore, it was hard to say who would win or lose in the current situation.

However, Wu Jiang believed in Lin Hu's strength.

"Instructor Wu, I can't say for sure."

Qin Yuan did not show any worry on his face. This result was just as he had guessed.

In the end, the two teams would compete.

Qin Yuan was indeed a little surprised by Lin Hu's strength.

However, he knew very well how strong Battle wolf's teamwork was. Because of training Battle wolf, Qin Yuan had never paid attention to individual combat ability. Instead, he paid attention to teamwork while improving his own ability.

Battle wolf was a pack of wolf.

"Captain Qin, I'm sure you've seen Lin Hu's strength. Do you still think the Battle wolf will win?"

Wu Jiang was a little surprised when he saw that Qin Yuan did not have any worried expression.

Lin Hu was stronger than anyone else from Battle wolf. In this second round, Lin Hu still had the biggest advantage.

However, Qin Yuan did not show any worried expression until now, but Wu Jiang became a little nervous for a moment..

Chapter 584 - 584: The Final Competition (2)

This was because Qin Yuan was too calm. "Won't we know once we take a look?"

Qin Yuan smiled faintly.

Thus, he immediately focused on the situation on the big screen.

Seeing how confident Qin Yuan was, Wu Jiang did not say anything else. So what if Battle wolf had more people? He believed that Lin Hu could lead the Ace team to the final victory.

"Captain Qin, Lin Hu's combat ability is too strong. He's almost on par with those guys from Team 2. Can these guys from Team 3 handle him?"

Zhou Qing walked to Qin Yuan's side and asked indifferently.

From the start, he knew that Lin Hu was very strong, but he didn't expect him to be this strong.

This strength was already stronger than many veterans.

"Old Zhou, you have to have confidence in them."

"With the cooperation of Lin Xiao and the other two, even if no one in Team 2 can escape from them unscathed,"

“Even if it’s a team, there are still quite a few people who suffered losses at the hands of the three of them. So don’t worry, just watch quietly.”

Qin Yuan smiled faintly.

No matter how strong Lin Hu was, his strength was at most comparable to Wang Yanbing and the others from Team 2.

Therefore, Qin Yuan was not worried that the Battle wolf would lose.

At this moment, the camera on the big screen turned to the Battle wolf. “Lin Xiao, Lin Muze, the three of us will deal with Lin Hu later.” “The others will deal with the other Ace troop members.”

“Remember the coordination technique that the captain taught us.”

He Chengguang stared at Lin Hu who was not far away as he ordered Battle wolf’s men. “Yes, captain!”

“Understood ! ”

Battle wolf and the others replied in unison. “The second round of the competition has officially begun!” Following the voice of the drill command center.

Battle wolf and the Ace Troop started to move.

The first to rush out was Lin Hu.

They quickly attacked the other members of the Battle wolf.

Soon, a punch landed on the chest of a Battle Wolf member, who was sent flying for a few meters before losing his ability to fight.

He knew that Battle wolf’s strongest members were He Chengguang and the other two. These three would definitely keep a close eye on him.

Hence, he had set his sights on the other members of Battle wolf.

“Congratulations to Team Ace for obtaining the first two points.”

When the command center saw the Battle Wolf member lose his ability to fight, they immediately announced the news. “F * ck, this kid started with a sneak attack.” Seeing this scene, Lin Muze directly cursed.

“Lin Hu is too fast.”

Lin Xiao said in surprise. He stared at Lin Hu with a nervous expression.

They didn’t expect Lin Hu to be so fast. “Lin Muze, Lin Xiao, keep an eye on him.” He Chengguang immediately ordered.

“Yes, sir!”

“Yes, sir!”

He immediately attacked Lin Hu.

Moreover, the three of them were barely on par with Lin Hu.

When Lin Hu saw He Chengguang and the other two charging towards him, he immediately looked at the nearest Battle wolf member.

He had to deal with more Battle wolf members as quickly as possible.

Bang!

“You still want to ambush me huh?”

He Chengguang said indifferently after blocking Lin Hu's fist.

However, the attack just now caused him to feel pain in his arm.

Lin Hu's explosive power was too strong.

“You are not my match. You should admit defeat in this competition.” He saw He Chengguang and the other two surrounding him.

Lin Hu didn't look worried at all.

The sneak attack had eliminated two of Battle wolf's members.

Now, his score was only two points apart.

“Admit defeat? Lin Hu, you think too highly of yourself.”

He Chengguang endured the pain in his arm and said coldly.

He Chengguang gave the order and attacked Lin Hu.

Lin Xiao and Lin Muze followed closely behind.

The three of them worked closely together and immediately suppressed Lin Hu's attack.

After a few rounds, Lin Hu was kicked in the chest by Lin Xiao and retreated a few steps.

“Looks like I've underestimated you, Battle wolf.”

Lin Hu looked at He Chengguang and the other two in surprise.

The cooperation of the three of them had shocked him.

Although He Chengguang and the other two weren't his match, the three of them working together made it difficult for him to fight back. “Lin Hu, do you know why we are called Battle wolf?”

“Because we are a pack of wolves!”

He Chengguang smiled faintly.

After a few rounds of battle, they had a rough idea of Lin Hu's strength. Lin Hu's strength was at most similar to the members of Battle Wolf Team 2.

“In front of the strong, so what if it's a pack of wolves?”

After Lin Hu finished speaking, he charged towards He Chengguang and the other two.

Now, he was already entangled by He Chengguang and the other two.

It was impossible to ambush the other members of the Battle wolf now.

In this case, the other members of the Ace team would be under great pressure.

This was the situation. The remaining 9 players of Battle wolf immediately surrounded the remaining 5 players of Ace.

Moreover, the attack power was especially fierce. The ace team quickly eliminated one person.

Lin Hu knew that if they didn't deal with He Chengguang and the other two, their Ace team would lose.

"Good heavens, the Battle wolf is really like a pack of wolves. The cooperation between the team is really amazing."

In the drill command center, the Bureau Chief looked at the battle on the big screen and said in surprise.

Lin Hu was indeed very strong. If it was a one-on-one fight, no one in Battle wolf would be his match.

However, Battle wolf's soldiers were not afraid. Instead, they used their teamwork to surround Lin Hu and the others.

"Not bad indeed. This is the first time I've seen such close cooperation."

"Battle wolf is really something. "

The other leaders watched the battle on the big screen and expressed their thoughts.

He Chengguang and the other two's cooperation had already reached about 90%.

Such cooperation could be said to be the gathering of the strength of three people.

"Lin Hu! If we don't get serious, we're going to lose."

Li Zijun shouted at Lin Hu, who was standing not far away, when he saw that another member of his team had been eliminated by another Battle wolf member.

Originally, the five of them were grouped together, but now they were separated by Battle wolf's men.

If this continued, they would not be able to withstand the attacks and would be eliminated.

Lin Hu noticed this scene.

For a moment, they were shocked by Battle wolf's teamwork.

Such teamwork was truly terrifying.

It was as if Battle wolf's group had fused into one.

"So you came here relying on your own strength."

Lin Hu finally understood why so many people from Battle wolf had passed the first round.

It wasn't that the Flying Tigers veterans that Battle wolf had encountered were weaker than the ones they had encountered.

Furthermore, Battle wolf's teamwork was simply too strong.

“What else do you think?”

He Chengguang said with a faint smile.

Seeing that Lin Hu was about to run toward Li Zijun and the others, the three of them charged at him.

It wasn't easy for the other members of Battle wolf to separate the ace troops. How could He Chengguang and the rest let Lin Hu destroy them?

“Only you Battle wolf can force me to this point.”

Lin Hu's eyes turned cold when he saw that his ambush had failed.

For a moment, his body emitted a cold aura.

“We were all careless. Lin Hu should be prepared to use his full strength.”

Looking at the aura emitted by Lin Hu, He Chengguang immediately instructed the two people beside him.

“Understood.”

“Roger!”

Lin Xiao and Lin Muze noticed the change in Lin Hu.

Their expressions tensed up.

It could be said that Lin Hu was indeed very strong. They had felt this kind of aura from the members of Team 1 before.

They didn't expect Lin Hu, a recruit who had just joined the special forces this year, to have such terrifying combat strength.

As they spoke, the three of them started fighting Lin Hu again.

Lin Hu's attacks were clearly much more intense.

Moreover, his explosive power was even stronger than before.

After a few rounds of battle, the hands of He Chengguang and Lin Xiao's trio all started to tremble.

“How can this kid be so strong?”

Lin Muze sighed in surprise after retreating.

“Don't be nervous. We're not afraid of the veterans in Team 1. Why should we be afraid of him?” He Chengguang said indifferently..

Chapter 585 - 585: Battle Wolf's Greatest Strength!

“Captain is right. Lin Hu's combat ability is strong, but don't forget what we Battle wolf are best at.”

Lin Xiao looked at Lin Hu and said indifferently.

“Battle wolf is the strongest?”

“Don’t tell me you were beaten up?”

After hearing Lin Xiao’s words, Lin Muze helplessly spread his hands. Ever since they entered Battle wolf, the most they had suffered was being beaten up.

Other than being beaten up by Qin Yuan, he was also beaten up by the veterans of Team 1 and Team 2.

Two days before the start of the competition, their injuries had just recovered.

In terms of their current strength, their ability to resist attacks was the strongest.

“Don’t say such harsh words. Don’t forget that we’re Battle wolf!” “What is Battle wolf? Even if Lin Hu is a tiger, we have to tear him down.” Lin Xiao said with a smile after hearing Lin Muze’s words.

After this period of torture, their ability to resist attacks had greatly improved.

Moreover, every time Team 3 didn’t get beaten down, the veterans from Team 1 and Team 2 wouldn’t let them go.

Therefore, every time they trained, the entire team would fight until the last person. In order to last longer, the members of the three teams worked together more and more closely.

“There’s nothing wrong with that.”

“We’ve surrounded the captain before, why should we be afraid of Lin Hu?” Lin Muze immediately shouted.

Although they could not withstand a single move from Qin Yuan, Lin Hu’s strength was not as monstrous as Qin Yuan’s.

“You guys are right.”

“Tear him apart first.”

After listening to Lin Xiao and Lin Muze’s words, He Chengguang laughed out loud.

Then, he attacked Lin Hu first.

Seeing He Chengguang rush up, Lin Muze and Lin Xiao looked at each other for a second. After exchanging glances, they attacked Lin Hu’s left and right sides.

“Not bad! Not bad!”

“This little guy Battle wolf is really full of wolf nature!”

“Lin Hu of the Ace Troop is a rare seedling of the Ace Troop.”

“His strength should be about the same as Liao Ming and Zhao Mingliang’s. In fact, when this kid goes all out, he might even be stronger than them.”

“Soldiers are getting more and more powerful these days.”

“That’s right, Lin Hu is indeed not bad.”

“But the recruits of this Battle Wolf are also very terrifying. Such close cooperation is really rare.”

In the drill command center, the leaders sighed as they watched everything that happened on the big screen.

“Looks like the Ace unit and Battle wolf will be like dark horses again in the next two years-”

“The special forces of the other military regions should be under a lot of pressure.”

The Bureau Chief looked at the battle situation on the screen and smiled faintly.

He had witnessed Battle wolf’s rise in power in the past few years.

It could be said that Battle wolf was the fastest growing special forces force in the military region.

Meanwhile, the ace troop has been silent for a few years in the annual special forces competition.

He didn’t expect that there would be such a seedling this year.

“Qin Yuan’s ability is indeed too outstanding. How long has it been since he developed Battle wolf? You’ve already reached such a level.”

“Old Gao is really lucky.”

Thinking of Qin Yuan’s development history, a leader sighed.

From the logistics company all the way to the current Battle wolf.

Qin Yuan had always been creating miracles.

What kind of soldiers were there in the logistics department? It could be said that they were all soldiers with weak physiques.

However, in just three months, the soldiers of the logistics company had been promoted to the strongest company in the entire regiment. It could be said that this was the first time in the history of the major military regions.

“Why hasn’t this old fellow come over yet?”

“Seems like you have a lot of confidence in Battle wolf.”

One of the leaders immediately said when Gao Shiwei was mentioned.

“That’s right. Ever since the Battle wolf of the Southeastern Military Region was established, Gao has been very proud of himself.”

“And I heard that Wolf Fang is currently undergoing a reform. It can be said that it’s getting more and more interesting.” At this moment, another leader laughed.

In the past, in every special forces competition, the results of the Southeast Military Region were not outstanding.

In addition, they started later than the special forces of the other major military regions. All along, the Southeast Military Region only had one special force, Wolf Fang.

However, in the past two years, things have changed drastically.

This was all because of Qin Yuan.

“You old fellows are teasing me while I’m not around, right?”

At this moment, Gao Shiwei walked in from the door and said with a smile.

After settling the matter, he rushed over. As soon as he reached the door, he heard everyone talking about him.

“Hello, Chief.”

Gao Shiwei saluted the Bureau Chief.

“Hurry up and come over. The most exciting battle is about to begin.” The Bureau Chief smiled faintly and immediately looked at the big screen.

“Old Gao, can I discuss something with you?”

“Why don’t you lend me Qin Yuan for a period of time?”

“Recently, our military region also wants to carry out the reform of the special forces. We want to borrow him to check.”

As soon as Gao Shiwei sat down, a leader whispered into his ear.

“Borrow Qin Yuan?”

“Old Xu, didn’t you always fail to see through the special forces of our Southeast Military Region in the past?”

“At that time, you were the one who laughed the most.”

After hearing this, Gao Shiwei remembered that the Southeast Military Region had always been at the bottom of every special forces competition in the past few years.

At that time, these old fellows had laughed at him a lot.

“Old Gao, what are you talking about? Am I laughing? No?” After hearing Gao Shiwei’s words, the leader immediately defended himself.

“Not yet? Old Xu, I always remember that you were the best at talking back then..”

Chapter 586 - 586: Battle Wolf’s Greatest Strength!

“Old Gao, why don’t you lend him to me for a few months? There shouldn’t be a problem with our friendship, right?”

“Yeah, we need a few months.”

“Old Gao, you can’t refuse.”

At this moment, the leaders of the various military regions said one after another.

They had witnessed Qin Yuan’s reform of the Battle wolf special forces. For a moment, they were especially curious about Battle wolf’s training methods and techniques.

“Come on, do you still need our Southeast Military Region to help you carry out the reform?”

“Besides, all of you want to borrow him for a few months. Is Qin Yuan a god?

It’ll be a few years till he’s back.”

Gao Shiwei immediately laughed.

How could he not know what these old foxes were thinking? However, he did not object to letting Qin Yuan go over. However, it would not do if Qin Yuan left Battle wolf for too long.

Battle wolf could not leave Qin Yuan.

“Then we have to get Qin Yuan to hold an exchange meeting. When the time comes, everyone will see how this kid did it.” At this moment, a leader whispered to everyone. “Alright, let’s do that.”

“I’ll make the arrangements after this match ends.”

After hearing this suggestion, the leaders of the various military regions nodded in satisfaction.

“Alright, you guys, hurry up and teach these little fellows a lesson.”

“I’m here to see them today.”

Seeing that the leaders had been discussing Qin Yuan, the Bureau Chief said with a smile.

“Right, right, right. Guess who will win in the end?”

“I’ll bet on the Ace team. After all, Lin Hu’s strength is obvious. It’s obvious that he has been suppressing Battle wolf.”

“If one of the three Battle wolf’s teams is defeated, Lin Hu will be able to end the match very quickly.”

Leader Xu analyzed calmly.

Battle wolf’s teamwork was good, but Lin Hu was indeed much stronger than them.

“I think it will be Battle wolf.”

“Look, although Lin Hu is suppressing the three of them, have you noticed that Battle wolf and the other two are actually draining Lin Hu’s stamina?” “And Lin Hu’s fierce attacks didn’t even manage to defeat any of the three.” “Battle wolf’s ability to resist attacks is too shocking.”

He Chengguang and the other two on the screen were all injured. Lin Muze's face was swollen like a pig's head, but he still did not stop attacking Lin Hu. They couldn't help but admire his endurance and ability to take hits.

"Chief, what do you think?"

After listening to the analysis of the two leaders, Gao Shiwei slowly asked the Bureau Chief.

"The Ace team is going to lose."

"If there were two Lin Hu in the Ace unit, perhaps Battle wolf would not have a chance, but there's no other way."

The Bureau Chief's eyesight was extremely sharp. He could analyze the outcome at a glance.

As expected, Lin Hu's attacks gradually weakened.

He Chengguang and the other two's endurance and ability to take hits had indeed surprised him.

Lin Xiao's right hand was obviously dislocated. Lin Muze's face was so swollen that his eyes could not be seen. He Chengguang suffered quite a number of injuries.

However, the three of them were still fighting with their lives on the line. After hundreds of rounds, he had exhausted a lot of his stamina. "Lin Hu, we can't hold on much longer."

At this moment, Li Zijun shouted from the other side.

One of the three of them had already been eliminated by Battle wolf, and now there were only three people left in the entire Ace team.

How could Lin Hu not know the current situation? However, he just couldn't break through the entanglement of He Chengguang and the other two.

These three people were like undying cockroaches. After being knocked down, they climbed up again as if they would never be knocked down.

Lin Hu frowned.

"Stop struggling. You've lost."

He Chengguang said indifferently.

From Lin Hu's body, he could feel that Lin Hu's physical strength was severely exhausted.

If there were two people as strong as Lin Hu in the Ace team, even if Battle wolf could really lose.

However, there was no other way. Lin Hu was the strongest in the Ace team, and he was ridiculously strong.

As for the others, only Li Zijun was still able to hold his ground, but he was about to be eliminated by the other members of Battle wolf.

Battle wolf was a pack of wolves, and they focused on teamwork. This was Battle wolf's greatest advantage.

No matter how strong an individual was, unless they were as strong as Qin Yuan, they would still be surrounded and killed.

“Even if they were eliminated, I wouldn’t be afraid of you Battle wolf winning so easily.”

When Lin Hu saw this situation, he understood that their Ace team was powerless to turn the situation around.

Their Ace troop had already lost this match.

The cooperation of the Battle wolf truly surprised him.

This kind of cooperation directly displayed the strongest combat strength of the entire team.

Lin Hu knew that his Ace team couldn’t do such a thing. “Why is this kid so stubborn?”

“Just admit defeat. Why do you still want to fight?”

Lin Muze sighed when he saw Lin Hu attacking again.

His entire body was in pain, but he could still rely on his willpower to support This was all due to his experience in Battle wolf during this period.

During that training, they were forced to hold on until the last bit of strength left.

“Beat him down!”

He Chengguang stared at Lin Hu with determination.

At this moment, either Lin Hu or them would fall.

However, Battle wolf could not lose. This was what he had promised Qin Yuan.

“Yes, sir!”

“Yes, sir!”

After saying that, the three of them attacked Lin Hu.

At this moment, whether it was Lin Hu’s attack or He Chengguang’s group of three, all of their punches had hit the flesh.

Lin Hu’s stamina was severely overloaded under the concentrated attacks of the three.

Now, it was a competition of willpower. Once he fell, he would lose.

“How is this possible?”

Seeing this scene on the screen, Wu Jiang was stunned.

He Chengguang and the other two were obviously not Lin Hu’s match, but now they had forced Lin Hu into such a situation.

Lin Hu hadn’t been forced to this extent even when he was training in the team.

“The Ace team has already lost.”

Qin Yuan looked at the battle situation on the screen and said indifferently.

From the moment Lin Hu was pinned down by He Chengguang and the other two, Qin Yuan already knew that the battle had been decided.

Therefore, he was not worried that the Battle wolf would lose.

Moreover, the recent training for He Chengguang and the others was to strengthen their teamwork.

This had always been Battle wolf's greatest strength.

Gathering the strengths and weaknesses of the entire Battle wolf team, and then making them work together to make up for each other, thus bringing out the strongest combat strength of the entire team.

Sure enough, after a while, Li Zijun and another member of the Ace team were eliminated by the other members of Battle wolf. Seeing this, Lin Hu knew that he had lost the competition.

However, he did not give up.

Moreover, he was constantly fighting with He Chengguang and the other two.

The rest of the Battle wolf did not join in the battle.

This was a sign of respect for Lin Hu and his trust in He Chengguang and the other two.

Soon, Lin Hu revealed an opening and was hit by Lin Muze's kick. Then, Lin Hu's eyes darkened and he fell back.

As for Lin Muze, He Chengguang, and Lin Xiao, they all knelt down.

At this moment, the three of them felt as if they were floating on air. If there was a gust of wind now, it would be able to blow them all down.

When the rest of the Battle wolf saw Lin Hu fall, they immediately ran over to support He Chengguang and the other two. "Captain, are you alright?"

"Lin Muze, Lin Xiao! Are you two okay?"

The other members of Battle wolf immediately asked. "We're fine. Help us up."

He Chengguang took a deep breath and said to everyone.

The members of the Ace team had all been eliminated.

Battle wolf only had seven players left. It could be said that they had only eliminated five players, and their total points were two points higher than the ace team.

It could be said that they had already won this time.

"Not bad, not bad!"

'Quick, inform the medical team to go over and bring them back.'

After the battle ended, the Bureau Chief looked at the seven Battle wolf members who were still standing and praised.

This Battle wolf's teamwork was indeed very strong. It was obvious that this was the teamwork that a special forces team should have.

After all, teamwork was often more important than individual strength.

No matter how strong a person was, he would not be able to withstand the siege of so many enemies..

Chapter 587 - 587: The Competition Ends!

Soon, the medical team received the order and immediately rushed towards the exercise area.

“Captain! Did we win?”

“I can’t hold on much longer.”

At this moment, Lin Muze endured the pain in his body and asked.

Lin Hu’s attack power was not just for show. There was not a single part of He Chengguang, Lin Muze, and Lin Xiao’s bodies that did not hurt.

“Hurry up. Just wait for the drill command center to broadcast the results.” He Chengguang said in a deep voice.

They were fine while fighting just now, but now that they stopped, the pain in their entire bodies came, making them somewhat unable to hold on.

“Congratulations to Battle wolf for winning the competition with a 2 point advantage!”

The Bureau Chief announced the results of the competition.

He Chengguang and the other two’s eyes went black and they fell backward.

This competition had directly consumed the last bit of their strength. It was already very good that they could persist until now.

Soon, the medical team arrived at the scene.

They immediately carried all the fainted soldiers away.

“Captain Qin, we won!”

In the drill command center, Zhou Qing said to Qin Yuan excitedly.

This result was unexpected. Originally, Zhou Qing was worried about He Chengguang and the others because of Lin Hu’s strength.

But in the end, they still defeated Lin Hu of the Ace team.

“These guys didn’t disappoint me. This period of time has been very useful for their training. ”

Qin Yuan said with a faint smile. He knew that He Chengguang and the other two had already exhausted their strength.

However, after this, the three of them would have a certain increase in their strength, which was a good thing.

The three of them had achieved another breakthrough in their physiques.

“Captain Qin, it seems like your Battle wolf is still stronger. We lost this time.” Seeing this result, Wu Jiang was very helpless.

Originally, he thought that Lin Hu would be able to turn the tide of the battle, but who would have thought that the teamwork of the Battle wolf would be so outstanding?

However, they were still troops trained by Qin Yuan.

Battle wolf’s achievements over the years were indeed surprising, especially Qin Yuan’s strength.

“Instructor Wu, you flatter me.”

“Your ace troop isn’t bad either. Lin Hu is stronger than many veterans.”

“This soldier is rare!”

After hearing Wu Jiang’s words, Qin Yuan smiled faintly.

Lin Hu’s strength had indeed surprised him.

It was the first time he had encountered such a soldier since he joined the army.

However, Qin Yuan was not too shocked. After all, Qin Yuan did not lack such soldiers. At present, there were many people in Team 1 who were about the same age as Lin Hu.

Geng Hu, that brat, would not even be a match for two or three Lin Hu, let alone Lin Hu.

It was just that the three teams still needed a certain amount of time to increase their combat strength.

“Captain Qin, you must be joking. How many years have we waited for such a soldier?”

“But you Battle wolf have a lot of soldiers like this.”

“I heard that the members of Team 1 are already very powerful. The members of Team 2 are about the same as us veterans who have been around for six or seven years.”

“Captain Qin, your training method is really amazing.”

Wu Jiang said lightly.

This was not what he had heard, but the truth.

He heard that the strongest team of the Dragon Shadow Special Forces had challenged the members of the Battle Wolf Team.

In the end, Battle wolf won.

One had to know that the strength of Dragon Shadow’s strongest special forces team was enough to crush many of their special forces.

One could imagine how terrifying Battle wolf’s current combat strength was.

“That’s the result of their own hard work.” “I’m just giving some pointers on training.”

Qin Yuan smiled.

Battle wolf's reputation was very popular in the various military regions. Qin Yuan had always been relatively low-key.

Who knew that these special forces would keep challenging them?

In the end, even Dragon Shadow came.

If Zheng Xiaohu had not reacted faster, Battle wolf might not have been able to defeat Dragon Shadow.

Although he won, it was a miserable victory.

Qin Yuan knew very well how strong Dragon Shadow's team was.

"You two are still here?"

At this moment, the officers walked out.

Just now, Qin Yuan and Wu Jiang had retreated to the hall and were not in the office.

"Chief!"

"Chief!"

Qin Yuan and Wu Jiang immediately saluted.

"Alright, both of your teams performed well this time." "Lin Hu is indeed strong. You have to nurture your Ace team well."

The Bureau Chief said to Wu Jiang with a smile.

As a new recruit who had just joined the special forces, Lin Hu's strength was indeed amazing to everyone present.

"Yes, Chief. We will definitely nurture him well!"

Wu Jiang immediately replied.

After receiving the Bureau Chief's praise, Wu Jiang smiled. "Qin Yuan, you're amazing."

"Battle wolf's teamwork is the best I've seen in the special forces."

"Dragon Shadow and the others died in your hands?"

The Bureau Chief smiled faintly.

The more she looked at Qin Yuan, the more she liked him. Battle wolf had not been established for many years, and its training method was different from other veteran special forces.

However, its strength and power were extremely terrifying.

Furthermore, the most important thing for Battle wolf in every battle was to protect every single member of Battle wolf.

For example, there were 12 people from Battle wolf who passed the first round of the test, while only 6 people from the Ace team passed.

Although the individual strength of the Battle wolf was not as strong as the ace troops, their teamwork was very good..

Chapter 588 - 588: The Competition Ends!

The result was very obvious. The power of teamwork was very strong.

“Chief, we didn’t want to, but they have already infiltrated our house, so...” Qin Yuan only smiled faintly and did not reveal any smug expression.

The Dragon Shadow team had suddenly barged into the Battle Wolf base. If they were to let them go just like that, Qin Yuan would have no place to put his face.

“Not bad, not bad!”

“Those brats have never suffered such a big loss before.”

“They told me to wait for you at the joint exercise of the various military regions at the end of the year.”

“Are you afraid?”

The Bureau Chief immediately laughed.

Qin Yuan was indeed neither arrogant nor impatient. It would be strange if the subordinates of such a commander were not strong.

The Dragon Shadow Special Forces could be said to be the earliest special forces in China.

Their strength was one of the best. The only one that could compare to them was the Mountain Leopard Special Forces of the Northwest Military Region.

However, he didn’t expect that in these two years, Battle wolf would be like a dark horse that rose from the bottom to this position.

For a moment, these veteran special forces could not cope with it.

“Chief! The chief of our Southeast Military Region never taught us how to write the word ‘fear’.”

“So Battle wolf has never been afraid.”

Since the Bureau Chief had already said so, there was no need for Qin Yuan to be humble.

He really didn’t know how to write the word ‘fear’.

When Battle wolf was established, Qin Yuan had said that he would make Battle wolf the strongest special forces.

“Your chief?”

“Old Gao, looks like you have high expectations for Battle wolf?”

After hearing Qin Yuan’s words, the Bureau Chief looked at Gao Shiwei and laughed loudly.

“Chief, our Southeast Military Region’s special forces have been at the bottom for many years. Now that we’re finally getting better, you should be happy for me.”

Gao Shiwei said with a smile when he saw the Bureau Chief staring at him.

Battle wolf had given him a lot of face.

Now, he had more confidence wherever he went.

“Battle wolf’s reform is not bad.”

“Qin Yuan, in a few days, we will organize a speech on the reform of the special forces. The speaker will be you, kid.”

“When the time comes, you have to feed these old fellows. Otherwise, you might have to run around every military region for the next few years.” The Bureau Chief said calmly.

Just now, the leaders of these military regions were all fighting for Qin Yuan to give them guidance.

He might as well let Qin Yuan give a speech to this old fellow.

“Yes, sir!”

Qin Yuan immediately replied.

He had heard the leaders discussing just now.

Therefore, he had no reason to refuse. Battle wolf’s training method was indeed different from that of the veteran special forces, so he was willing to share his experience.

After all, they were all Chinese soldiers and Chinese special forces.

It was a good thing for the country that the strength of the various large troops had increased.

“Good! See you in a few days!”

With that, the officers immediately walked out.

“Qin Yuan, come to my office later. I have something to tell you.” After the Bureau Chief walked out, Gao Shiwei said softly to Qin Yuan.

“Yes, sir! Chief!”

Qin Yuan immediately nodded and replied.

Looking at Gao Shiwei’s expression, Qin Yuan guessed that he was called over this time to discuss the joint exercise of the various military regions at the end of the year.

The joint military exercise between the various military regions was the largest military exercise in China.

This time, not only would the navy, land, and air forces participate in the exercise, but their special forces would be one of them.

This was a major exercise that happened once every five years, so this exercise was indeed very important to the Southeast Military Region. "Captain Qin, the members of Team 3 have been brought back."

At this moment, Zhou Qing walked up and said.

"Good! Let's go and see them."

Qin Yuan said softly.

"Captain Qin, I'm going to go see my teammates. I'll definitely go to Battle wolf next time to have a drink with you." Wu Jiang said with a smile.

"Good!"

With that, the three of them walked out of the door and headed to where their team members were.

"Captain!"

"Instructor Zhou!"

When they saw Qin Yuan and Zhou Qing walk in, the members of Battle Wolf Team 3 shouted.

"Bandage it first."

"You did well this time. I'll give you two days off when we get back."

Qin Yuan looked at the bandaged people and immediately smiled in relief. This time, He Chengguang and the others' performance made Qin Yuan very happy.

"Thank you, captain!"

"Thank you, captain!"

Ever since he joined the special forces, he had been training every day. It was impossible for him to rest.

They finally got two days off, so how could they not be happy? "Captain, can you ask sister-in-law to introduce a girlfriend to us?"

"Look, we're still single."

At this moment, Lin Muze, who had woken up, endured the pain in his body and said.

"Girlfriend?"

"Looks like you still have the strength to think about such things."

"The rest of you can continue on your leave. You, kid, can come over and practice."

Qin Yuan said indifferently.

At this time, Lin Muze could still think of this matter. He was really heartless.

"Don't! Don't, Captain!" "Look at how badly injured I am."

"Stop torturing me."

When he heard Qin Yuan say that he would train more, Lin Muze immediately admitted defeat. He was just joking. If his vacation was gone, he would cry to death.

“Alright, let’s go back to Battle wolf Base after you’re done bandaging.”

Qin Yuan immediately said.

“Yes, sir!”

“Yes, sir!”

After everyone received the order, they immediately carried He Chengguang and the other two onto the plane with Qin Yuan and flew towards Battle Wolf Base.

After returning to Battle wolf Base, Qin Yuan immediately rushed to the military office.

An hour later, Qin Yuan rushed to Chief Wei’s office.

“Chief!”

Qin Yuan opened the door of Gao Shiwei’s office and said immediately.

“You’re here?”

“Come and sit!”

When he saw Qin Yuan, Bureau Chief Gao Shiwei immediately stood up and smiled.

“Chief, why did you call me over?”

Qin Yuan immediately asked.

Although he guessed that it had something to do with the year-end exercise, he still had to hear Chief Gao Shiwei say it before he could confirm it. “Your performance in the competition with the Ace team was not bad.” “Ever since your Battle wolf was established, the results you have achieved have made me very happy.”

“You heard what the chief said about the year-end drill.”

“Do you have the confidence to fight against the special forces of the various military regions?”

Gao Shiwei asked directly.

This military exercise was very important. It was not only a test of the cooperation between the various military units, but the importance of the special forces.

Although modern warfare was inseparable from high-tech and high-precision weapons, special operations were particularly important.

Until now, Commander Gao Shiwei still remembered the shadow of being dominated by the Dragon Shadow Special Forces during the military exercise. Not long after the drill began, the Dragon Shadow Special Forces directly

invaded the command center of the Southeast Military Region and carried out the decapitation operation.

Wolf Fang did not last long before it was eliminated by Dragon Shadow.

Later, Dragon Shadow directly took control of their command terminal and issued combat orders to the various troops.

At that time, Gao Shiwei was furious for a long time.

That was why he was determined to reform the special forces. This exercise was held once every five years, so he paid special attention to the results of this year's exercise.

He couldn't continue to look down on the bottom.

"Yes!"

"Chief, don't worry."

"Wolf Fang has changed a lot. Their strength has increased very quickly."

"Although our Battle wolf has only been established for two to three years, we don't need to worry about them." Qin Yuan smiled faintly.

Ever since he gave Wolf Fang his suggestion, Wolf Fang had carried out a comprehensive reform of the special forces.

Now, his strength had already increased quite well.

There was no need to mention Battle wolf. From the beginning to the end, Qin Yuan had never relaxed his training for them.

Compared to the special forces of the other military regions, Battle wolf did not panic at all.

"Not bad, your Battle wolf's results really surprised me."

"I wanted you guys to surprise the other military regions during the drill here. Who knew that those kids from the Dragon Shadow Squad would barge into your Battle Wolf Base."

"Now that your strength has been exposed, the various military regions will definitely be on guard."

"The element of surprise is gone." Gao Shiwei said calmly..

Chapter 589: The Five-year Joint Military Drill!

The battle results of the Battle wolf in the past two years were already very shocking. The news of the Dragon Shadow team being wiped out by the Battle wolf had already spread throughout the various military regions.

For a moment, all the military regions were on guard against the Battle wolf Special Forces.

It could be said that after hearing this news, the special forces of the various military regions were shocked.

They knew very well what kind of existence the Dragon Shadow Squad was. They were one of the top special forces in the country.

Now that they had been killed by Battle wolf, how could they not be surprised?

Although according to reliable sources, Battle wolf had won miserably, it was still a victory.

With such combat power, the various military regions had no choice but to raise their defenses against the Battle wolf.

“It can be said that after this incident, Battle wolf’s existence will attract the attention of the special forces in the various military regions.”

“We might even be targeted at that time.”

Gao Shiwei said immediately.

He couldn’t help but feel worried.

It wasn’t easy for the Southeastern Military Region to produce a dark horse. They couldn’t just let it be suppressed like this.

In the past few years, the Southeast Military Region had always been at the bottom of the joint military exercises of the major military regions. Originally, Gao Shiwei had wanted Battle wolf to turn the tables.

“Chief, you don’t have to worry too much.”

“We’ll deal with whatever comes our way.”

“Even if they join forces to target us, we, Battle wolf, will let them know that we are not to be trifled with. If they get angry, they will bite us.” Qin Yuan said indifferently.

Qin Yuan was very confident in Battle wolf’s current combat strength.

Moreover, the various types of soldiers of Battle wolf had already taken shape.

Therefore, Qin Yuan was not flustered at all.

The joint military exercise that was held once every five years should be divided into two camps, so these special forces were not considered opponents.

As long as he was not surrounded by all the special forces, Qin Yuan would not panic.

“I know you’re very confident, but you have to be careful.”

“During this period of time, you guys need to train hard.”

“I have already given the order to Wolf Fang. You will be in charge of the training for the next three months.”

“Is there a problem?”

Gao Shiwei asked directly.

“Hand Wolf Fang to me too? Would Chief of Staff Fan be happy to do that?” Qin Yuan asked after hearing Chief Gao Shi’s words.

Wolf Fang’s Chief of Staff Fan was still thinking of winning the match, and had even been clamoring to have another match with Battle wolf before.

It was only after the Dragon Shadow Squad was defeated at the Wolf Fang base that the voice died down.

“How can he not agree?”

“After the news of the Dragon Shadow team spread, this guy kept asking me to let you go over and guide him.” “He can’t wait for you to get there.”

Gao Shiwei smiled faintly.

Ever since Qin Yuan and Battle wolf appeared, the Southeast Military Region had become famous. Which soldier in the entire military region wouldn’t want to join Battle wolf?

“This... Alright!”

After hearing this, Qin Yuan hesitated for a moment and replied.

Chief of Staff Fan Tianlei’s expression changed so quickly.

“Alright, you can go over tomorrow and take over the training. After that, gather Battle wolf and Wolf Fang’s little fellows together for training.”

“Everyone from the special forces team has to participate in this competition, so it’s a test of the strength of each special forces team.”

Gao Shiwei ordered.

This military exercise was different from the past. Other than the land, sea, and air forces and missile forces, the special forces were all participating.

Therefore, this time, the focus was still on testing the influence of the special forces.

“Yes, Chief! ”

Qin Yuan immediately replied.

“Alright, you can go back first. I’ll send you the rules of this exercise through a fax.

“Gao Shiwei smiled faintly.

TO De honest, ne was very much looking forward to the surprise that the print military exercise Battle wolf would bring him.

“Yes, sir!”

After saying that, Qin Yuan immediately left the office.

“Looks like I need to prepare well this time.”

Qin Yuan sighed in his heart.

The Dragon Shadow Special Forces and the Mountain Leopard Special Forces were the strongest. According to the current situation, these two special forces were likely to be assigned to the same camp.

If that was the case, then the pressure would not be small.

An hour later, as soon as Qin Yuan returned to Battle Wolf Base, he immediately rushed to the combat command center.

At this moment, Zhou Qing, Long Xiaoyun, and Gong Jian were discussing the competition between the members of Team 3 and the trump card team in the Battle Command Center.

“You guys don’t know, but Team 3’s group really exceeded my expectations.”

Zhou Qing was explaining the situation of the drill to everyone.

“Old Zhou, is Lin Hu really that strong?”

Gong Jian asked in surprise.

According to Zhou Qing’s description, Lin Hu’s strength was comparable to the members of Team 2.

“Why would I lie to you?”

“That guy’s fighting strength. At first, I thought that Team 3 would be defeated by Lin Hu.”

“Fortunately, Captain Qin has always demanded that the training of the three teams be harsh. Otherwise, they would have lost this competition.”

Zhou Qing said with a smile. He was very happy that he had won this competition.

“You guys are still discussing!”

At this moment, a familiar voice reached everyone’s ears.

“Captain Qin?”

“You’re back so soon?”

Seeing Qin Yuan walk in, Zhou Qing asked in surprise.

Before he came back, the Bureau Chief had said that he was looking for Qin Yuan for something. He did not expect him to come back not long after he left.

“What did the chief say to you?”

Chapter 590: Joint Military Drill Once Every Five Years

Long Xiaoyun walked over and asked.

Usually, the Bureau Chief would not call Qin Yuan away casually. There would definitely be something going on.

“Nothing much. It’s just that the joint military exercise of the major military regions that happens once every five years is about to begin at the end of the year.” Qin Yuan immediately explained. “A joint military exercise that happens once every five years?”

“I almost forgot if you didn’t mention it.”

Gong Jian said in surprise.

“A joint military exercise of the various military regions? I still remember how badly we lost last time.”

Gong Jian and Zhou Qing lowered their heads at the thought of what happened five years ago.

“What did the chief say?”

Long Xiaoyun immediately said.

He knew about the joint military exercise that was held once every five years. It was to test the combat effectiveness of the major military regions.

This was a very important exercise, and it was on a very large scale.

“The Bureau Chief asked me to gather the members of Battle wolf and Wolf Fang for training.”

“So we’ll have a lot of work to do next.”

Qin Yuan could only smile helplessly.

Looking at everyone’s worried expressions, Qin Yuan felt like laughing.

From the looks of it, Zhou Qing, Gong Jian, and the others had been tortured badly in the past.

“You want us to train Wolf Fang?”

“Will Chief of Staff Fan of Wolf Fang agree?”

At this moment, Long Xiaoyun asked the same question as Qin Yuan. He asked Gao Shiwei.

“That’s right, he even said he wanted to have another match with our Battle wolf. He’s called many times already.” “But it seems like he hasn’t called for a week.”

Zhou Qing said calmly.

He was very surprised by this situation. After all, Wolf Fang and Battle wolf were two different special forces, each with their own training methods.

“It’s all Geng Huts fault. They didn’t know how to keep a low profile. What do you think?”

Qin Yuan smiled helplessly.

Qin Yuan had never thought of being so high-profile. All this while, Qin Yuan had been letting the members of Battle Wolf hide some of their strength, so they had only used 80% of their strength in each of the previous drills.

Who knew that Dragon Shadow would directly force Geng Hu and the others to reveal their true strength this time?

What kind of existence was the Dragon Shadow Squad? They were one of the top special forces. How could they not know that they were captured in Battle Wolf Base?

“This...”

“Captain Qin, you can’t blame them all for this. Dragon Shadow suddenly attacked. If you let them leave just like that, your Battle Wolf will lose face.” “That’s why Geng Hu and the others attacked when you weren’t around.” Gong Jian immediately explained.

Qin Yuan brought the three teams to participate in the competition with the ace troops, but they were not in the base.

They had already fought their way home. It would be unreasonable if they did not do something.

“Team 1 didn’t do anything wrong.”

“The Dragon Shadow Squad has always looked down on the other special forces, so they often raid the bases of the special forces in the various military regions.”

“It was indeed not very disciplined at first, but later on, the chief acquiesced to this practice and treated it as a test of the strength of the special forces of the various military regions.”

Long Xiaoyun immediately explained.

She didn’t think that she was wrong to fight Dragon Shadow this time. “That’s true, but you’re being targeted now.”

“Although our Battle wolf is not afraid of any of their special forces, if we are targeted during this military exercise, our actions will be somewhat restricted.”

“I’m guessing that the Dragon Shadow Special Forces and the Mountain

Leopard Special Forces will be assigned to the same camp.”

“And they are all on the opposite side of us.”

Qin Yuan said indifferently.

The main thing was that if these two special forces were to join forces, it would really be a headache.

“This... It can’t really be bad, right?”

After hearing Qin Yuan’s words, everyone realized that such a situation might really happen.

“Qin Yuan was really right.”

At this moment, Long Xiaoyun sighed softly.

Therefore, he directly projected the document issued by the Southeast Military Region's Chief's office.

Everyone sighed when they saw the distribution of the military regions.

The Northwest Military Region and the Central Military Region were assigned to the same camp, while the Southeast Military Region was assigned to the same camp as the Western and Eastern Military Regions.

With that, the Dragon Shadow Special Forces and the Mountain Leopard Special Forces were really assigned together.

After all, the Dragon Shadow Special Forces belonged to the Central Military Region, while the Mountain Leopard Special Forces belonged to the Northwest Military Region.

"It seems like the Bureau Chief wants to see our Battle wolf's ultimate ability."

After seeing this result, he knew that the Bureau Chief must have specially arranged this.

After all, the Dragon Shadow Squad had been defeated at Battle Wolf Base. It would be strange if they weren't shocked by such news.

"Then what should we do next?"

"With the two special forces combined, we'll be under a lot of pressure."

Zhou Qing immediately asked.

He had not expected such an outcome. "What are you afraid of? Isn't there still three months?"

"And the Battle wolf has already taken shape."

"By the way, Captain Long, how's the situation with the Cyber Information Warfare Department?"

Qin Yuan asked directly.

Ever since Team 3 came in, Qin Yuan had been integrating Battle wolf. Team 3 used to be part of the Network Information Warfare Department, but now it was directly transferred out to be managed by him alone.

Moreover, it was currently handed over to Long Xiaoyun to manage.

"With their current strength, they shouldn't be afraid of any troops in the country."

Long Xiaoyun explained lightly.

The Network Information Warfare Department was established by Qin Yuan a long time ago, and it had already taken shape.

Moreover, he was very powerful.

"That's good!"

"In that case, we'll let them know what it means to be a special force in this exercise."

Qin Yuan smiled faintly.

Qin Yuan's greatest confidence was that his Battle Wolf had an additional information warfare unit compared to the other special forces.

Cyber warfare and information warfare had a terrifying influence, especially in the information age.

The biggest reason why the Southeast Military Region lost so badly last time was because of the network information war.

"Alright! Then Captain Long, you will continue to be in charge of the network information operations team this time. Leave the training to us."

Qin Yuan immediately said.

"Okay!" Long Xiaoyun nodded.

This military exercise was very stressful for Battle wolf, and if they wanted to win this military exercise, they had to be well-prepared.

"Old Zhou, where is Team 1 now?"

Qin Yuan asked with a smile.

"Almost all the members of Team 1 were injured when they fought against the members of Dragon Shadow. They're lying in the infirmary now."Zhou Qing laughed.

As soon as he came back, he went back to take a look. Those guys from the Dragon Shadow team were quite ruthless.

"Let's go over and take a look."

Qin Yuan had received information from the base when he was competing with the ace troops, so he knew the situation of the battle. Moreover, almost everyone in Team 1 was injured.

After saying that, Qin Yuan, Zhou Qing, and Gong Jian immediately walked towards the infirmary. Long Xiaoyun returned to the network operations center and immediately strengthened the training of the network information operations troops.

More than ten minutes later, Qin Yuan walked into the infirmary and saw that Geng Hu, Zheng Xiaohu, and the others had bandages on their heads.

"Captain?"

"Captain, why are you back?"

Geng Hu immediately jumped up from the bed when he saw Qin Yuan and said with a smile.

"Captain! "

"Captain! "

Seeing Qin Yuan walk in, the members of Team 1 immediately greeted him.

"Are they all injured?"

"Why are you guys so embarrassing?"

Seeing that all of them were injured to varying degrees, Qin Yuan cursed.

“Captain Qin, don’t scold them.”

“The thirty over members of the Dragon Shadow Squad were even worse off.

When their captain came to pick them up, he had to carry them back.”

“I reckon that no member of the Dragon Shadow team will be able to get up in less than half a month.”

Gong Jian said with a smile.

In terms of injuries, the members of the Dragon Shadow Squad were even worse off.

“But it’s embarrassing for fifty people to be injured like this when fighting against twenty people.”

Qin Yuan cursed.

It would be strange if it wasn’t embarrassing for fifty people to fight against twenty people.

For a moment, the faces of the members of Team 1 darkened, and they did not dare to speak.

“Oh right, Captain Dragon Shadow said that he will be back by the end of the year.”

Gong Jian immediately said.

“They came without saying a word, and they’re still talking tough after losing?

“Let me tell you, if you can’t beat them up during the military exercise at the end of the year, you’ll all be punished.” Qin Yuan said loudly..
