

Special Troop 591

Chapter 591 - 591: What is Battle Wolf Relying On?

How could Qin Yuan take it when they sneaked into Battle wolf without saying a word and even said such ruthless words?

“Captain, I’m sorry for embarrassing you.”

When Geng Hu saw Qin Yuan’s expression, his face darkened.

The members of Team 1 could be said to be the strongest members of Battle wolf, but the strength of Dragon Shadow’s members was simply too strong. “Captain, Dragon Shadow’s people are indeed very strong. Initially, we found out that they didn’t make a move after that. Later on, they attacked us without saying anything. That’s why we chose to resist.” Zheng Xiaohu immediately explained.

They had discovered Dragon Shadow’s team after they had infiltrated the place. It was only after some identification that they realized that they were members of Dragon Shadow’s special forces.

That was why they didn’t choose to make a move at first. After all, they didn’t know the purpose of the Dragon Shadow team coming to Battle wolf Base.

Who knew that just as Zheng Xiaohu was about to ask, the members of the Dragon Shadow Squad made their move. “Where are the members of Team 2?”

“Why is it only your team?”

Qin Yuan did not blame Geng Hu and the others. He only felt that his heart ached when the members of Team 1 were injured to varying degrees.

“I didn’t let them go.”

“Since Dragon Shadow is here to kick up a fuss, we would be enough.” “Wouldn’t it be bullying them if we let Team 2 fight as well?”

“Besides, those guys from Team 2 aren’t strong enough to deal with Dragon Shadow.”

Geng Hu explained in embarrassment.

Originally, he thought that their team was enough. Who knew that the Dragon Shadow team would be so strong?

When he thought of the scene at that time, Geng Hu somewhat regretted saying those words before the battle.

In the end, the entire team of 50 people fought against the 30-odd members of Dragon Shadow, barely beating up everyone in the team. However, everyone in Team 1 was injured to varying degrees.

“Geng Hu, I realize that you are becoming more and more high-profile.” “When did I ever teach you guys how to fight in groups or one-on-one?”

“Leave the fifty people in Team 2.”

“If such a situation happens again in the future, just watch how I deal with you guys.”

Hearing Geng Hu’s explanation, Qin Yuan was speechless.

They were already at home, but Geng Hu, this idiot, was still so silly as to not let the people from Team 2 go up.

He really didn’t know what to say. He could not say he was stupid since he still won in the end. But he was stupid for not utilizing his resources.

He really deserved to be beaten up so badly.

“Captain, I was afraid that they would say that our Battle wolf won unfairly, so I didn’t let Team 2 go.”

Geng Hu explained softly to prevent Qin Yuan from getting angry again.

“You call this an unfair victory? When did I teach you guys to fight like this?”

“And Zheng Xiaohu, you too. You could have won completely, but you insisted that your team go up on their own.”

“Those guys from Team 2 are a bunch of idiots. Are they happy just watching?”

The more Qin Yuan thought about it, the more uncomfortable he felt. In fact, he was still very protective.

“Captain! I...”

“I think that it’s not good for both teams to go up together, so... So...” Zheng Xiaohu said awkwardly when he saw Qin Yuan’s expression.

Qin Yuan, Zhou Qing, and Liu Ye were not around. He was the commander of Team 1, so he was responsible for this situation.

At that time, Long Xiaoyun, Gong Jian, and the other leaders had gone to a meeting. In the entire base, only they and the people from Team 2, as well as the Network Information Warfare Department, were there.

Therefore, Zheng Xiaohu was the temporary commander of Battle wolf. “Alright, it’s a good thing you guys won. Otherwise, you guys would have suffered.”

“I’ve just received a notice that all the military regions will hold a joint military exercise at the end of the year.”

“In this military exercise, our Battle wolf will be facing the Central Military Region and the Northwest Military Region. You should know the strength of the Dragon Shadow Special Forces and the Mountain Leopard Special Forces very well.”

“So for the next three months, everyone in the Battle wolf will have to undergo intensive training.”

“The next time we meet them, they will still be like this. In the future, don’t mention that they are my troops.”

Qin Yuan instructed indifferently.

Next, Qin Yuan planned to carry out intensive training. This time, not only the members of Battle wolf, but Wolf Fang.

Qin Yuan had to win this year’s joint military exercise no matter what. Since he couldn’t keep a low profile, he would make a high-profile move.

“Yes, sir! Captain!”

“Yes, sir! Captain!”

All of the members of the Battle wolf responded in unison.

Hearing that they were going to face Dragon Shadow again at the end of the year, everyone’s faces became excited.

“Captain, don’t worry. I’ll definitely beat them the next time I meet them.”

“Yes, captain. If we don’t give them a discount this time, we won’t be Battle wolf anymore.”

The members of Team 1 said with a smile.

Although they had suffered quite a few injuries, most of them were superficial wounds. Compared to the members of the Dragon Shadow team, they were much better off.

“Alright, rest for three days. All of you will report in three days.”

Qin Yuan immediately ordered.

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan exchanged some physique recovery potions from the system store and handed them to Zheng Xiaohu for him to distribute to the members of Team 1.

Although the current physique strengthening fluid could not achieve a very obvious effect of increasing strength, it was a great way to recover from injuries.

The members of Team 1 still needed to break through the limits of their physiques.

After seeing the injuries of Team 1, Qin Yuan could not help but admire the members of the Dragon Shadow team.

Qin Yuan knew the strength of Team 1 the best, but if the number of members of the Dragon Shadow team was the same, the two sides would at most be tied..

Chapter 592 - 592: What Is Battle Wolf Relying On?

“It seems like I have to raise the strength of the Battle wolf members to a higher level.”

Qin Yuan sighed to himself.

Now, the physique of the team members had almost reached the critical point of breakthrough. Therefore, during this period of time, they should be able to make a breakthrough before the joint military exercise.

Only then would Qin Yuan have the confidence to face the Dragon Shadow Special Forces and the Mountain Leopard Special Forces.

After all, if Dragon Shadow was so strong, the Mountain Leopard Special Forces would not be any weaker.

“Old Zhou, let’s go to Team 2.”

After thinking for a moment, Qin Yuan immediately said to Zhou Qing.

These guys from Team 2 did not help when their comrades were suffering. This did not meet Qin Yuan’s requirements to be in Battle wolf.

Battle wolf were a pack of wolves. When was a wolf’s strength the strongest?

They were the strongest when they fought as a team.

Therefore, no matter what, Qin Yuan wanted to let them know Battle wolf’s wolf nature today.

“Good!”

Looking at Qin Yuan’s expression, Zhou Qing knew that those guys from Team 2 were going to suffer.

After saying that, he followed Qin Yuan in the direction of Team 2.

“Brother Guang, do you think the captain will be angry when he returns?” “I heard that the captain is back. I’m going to see Team 1 now.” In the treehouse of Team 2, a member of Team 2 asked worriedly.

“I think it’s a little hard to guess. I can’t guess the captain’s temper.

He Chengguang said indifferently.

Initially, he had wanted to bring the members of Team 2 to help, but Geng Hu insisted that Team 1 would go on their own. He even said that one team was enough.

In the end, when he saw Zheng Xiaohu, he did not say anything, so he suppressed the urge in his heart.

After all, there were only 30 or so members of the Dragon Shadow Squad.

Although the last team won, it was a miserable victory.

However, he could not guarantee that Qin Yuan would not be angry in such a situation.

"I feel a chill. I don't know why I keep feeling a chill on my back." "Chenguang, do you think so too? I feel a chill on my back like you." Li Erniu immediately said after hearing He Chenguang's words.

They did not know that Qin Yuan was outside the door at the moment.

"Alright, you guys. It's not like we don't want to go. Geng Hu said that he won't let us go, and Platoon Leader Zheng didn't say anything either. It's not good for us to go either, right?"

"Otherwise, when Geng Hu gets angry, we will all be beaten up."

At this moment, Wang Yanbing heard their conversation and immediately walked over.

However, in the end, when the situation went wrong, they did want to go up.

However, when they saw the determination in the eyes of Team 1, they stopped. After all, they had never seen Team 1 fight like this before. It could be said that Team 1 and Dragon Shadow were both experts fighting.

"You guys are quite leisurely. They're already at home, and only you guys are intact. It really doesn't make sense."

Just as Team 2 was still discussing, a familiar voice startled everyone.

"Big. Captain!"

"How did you...Why are you here?"

Li Erniu saw Qin Yuan walk in and immediately said with a smile.

Hearing Qin Yuan's tone, everyone's hearts turned cold.

"Everyone has one!"

"Carry 40 kilograms of weight and run 20 kilometers."

Qin Yuan immediately ordered the members of Team 2.

Although the members of Team 2 did not do anything wrong, Qin Yuan did not want them to play any heroism in their hearts. The Battle wolf were a group, and they would rise and fall together.

Therefore, Qin Yuan had to let each of them deeply realize that no matter how strong they were, they were still members of Battle wolf.

As long as there was a battle, no matter who the other party was, the priority was to beat them down.

Heroism wasn't something Battle wolf should have.

"This... Captain, we didn't do anything wrong."

After hearing Qin Yuan's words, Wang Yanbing said unhappily. It was not that they did not want to go up, but the members of Team 1 did not allow it. Qin Yuan had punished them the moment he returned. He felt a little aggrieved.

“Add another five kilometers!”

“I’ll tell you why after you’re done running.”

Qin Yuan’s tone became serious. At this time, he was not joking with everyone.

“Yes, sir!”

‘Yes, sir!’

After seeing Qin Yuan’s expression, He Chenguang immediately took the lead to put on the weights and led the team out.

He knew why Qin Yuan was angry. It was because they were Battle wolf.

wolf were a pack, and what they needed was team spirit.

And it was their biggest mistake not to attack. “Brother Guang, why do you think the captain is so angry?” “I haven’t seen him so angry in a long time.”

After everyone ran out, a member of Team 2 asked directly. “Because we are Battle wolf!”

He Chenguang replied indifferently and immediately ran forward.

He knew that they were really wrong this time. No matter what, no matter the situation, they could not abandon their teammates.

Although it was Dragon Shadow who came this time, he was one of them.

However, they did not belong to the same unit at the moment. In a sense, they could be considered imaginary enemies.

If the two teams had attacked together, Team 1 would not have suffered so many injuries. “Because we are Battle wolf?”

“Battle wolf?”

“Wolf?”

For a moment, the entire team seemed to understand why Qin Yuan was so angry.

Even Wang Yanbing, who was not convinced at first, felt that it was their fault this time.

It was no problem for a team member to face them on their own, but they did not know the strength of their opponents.

When they discovered it, they wanted to attack, but they were shocked by the willpower of Team 1.

“These guys seem to understand.”

Zhou Qing laughed as he looked at the members of Team 2 who kept running.

He understood what Qin Yuan meant. Although doing so was a little extreme, Battle wolf’s strongest point was never individual heroism.

It was wolf nature and team spirit!

For example, in the match between Team 3 and Team Ace, Battle wolf won because of their team spirit.

This was more important than anything else.

“At least these kids are smart.”

“It’s much better to know now than in actual combat in the future.” “No matter how strong a single soldier is, he’s still one person.”

“The biggest difference between Battle wolf and other special forces is their team spirit.”

“This will be a necessary factor for Battle wolf to win every battle in the future.”

Qin Yuan looked at the members of Team 2 on the training ground and a smile gradually appeared on his face.

“Can’t fight alone?”

“Captain Qin, what about you?”

“I’ve never seen anyone you can’t handle.”

After hearing Qin Yuan’s words, Zhou Qing smiled faintly.

In any case, ever since they met Qin Yuan and Battle wolf was established, they had never seen Qin Yuan lose to anyone.

In terms of individual combat ability, the entire Battle wolf team combined might not be Qin Yuan’s match.

Now, Qin Yuan actually said that it was useless if he was not strong enough to fight alone. Wasn’t this saying that he was not good enough?

“These guys can’t be compared to me. My talent was born in my mother’s womb.” Qin Yuan laughed loudly.

He had the system’s assistance. If he did not have this ability, then wouldn’t he have such a system for nothing?

However, Battle wolf members were different. They could only rely on their own strength to level up. To reach his level of strength, not a single Battle Wolf member could do it.

“Well, I really don’t know how Captain Qin trains.”

“Anyway, since I joined the army, I’ve never met anyone like you.”

“To be honest, I, Zhou Qing, originally thought that it would be good enough for me to stay in the logistics company until I retire.”

“This is all because of you, Captain Qin.”

At this point, Zhou Qing thought of everything that had happened along the way.

If not for Qin Yuan, he might still be an instructor in the logistics department and would have retired in two years.

“Alright, Old Zhou, why are you so emotional?”

“This group of brats can’t finish running every three hours.”

“Go back and have some tea.”

Qin Yuan smiled faintly.

He had promised everyone in the logistics company that he would bring them into the special forces, and he, Qin Yuan, had done it.

Now, he wanted to turn the Battle wolf into the strongest special forces..

Chapter 593 - 593: Emergency Combat Mission!

After saying that, Qin Yuan and Zhou Qing immediately walked towards the office.

“Captain Qin, what are your plans for the training of the Battle wolf and Wolf Fang members?”

After returning to the office, Zhou Qing remembered that Qin Yuan had said that the Wolf Fang Special Forces would need Qin Yuan to train them.

These two different teams trained in different ways.

“This isn’t a big problem. Our Battle wolf will continue to train according to the training plan that we’ve set up before.”

“However, we just need to gradually increase the difficulty of their training.”

“As for Wolf Fang, we’ve already given them a training plan. Currently, they should be using our Battle wolf’s training as a reference, so we just need some time to let them adapt.”

Qin Yuan immediately explained.

He had some understanding of Wolf Fang’s current situation.

Ever since Qin Yuan gave Wolf Fang the training plan, Chief of Staff Fan Tianlei has been training according to this training plan.

However, Qin Yuan still needed to see them before deciding on how to increase the combat strength of the Wolf Fang team members.

However, the system would analyze them and then formulate a targeted training plan.

“Alright, I got it.”

Zhou Qing knew that Qin Yuan would definitely have a way to deal with it. After all, Zhou Qing knew Qin Yuan’s ability to lead troops the best.

“Captain Qin, Old Zhou, you’re all here?”

“Hurry up and go to the battle command center. We just received an emergency combat mission.”

At this moment, Gong Jian walked in from outside the door and immediately said to Qin Yuan and the other two.

“Emergency combat mission?”

“What’s going on?”

After hearing this news, Qin Yuan immediately stood up and quickly walked out of the office as he asked.

“There were two robbers who drove away during the robbery. They were chased by the local police and later took a car full of hostages in the D8035 tunnel.”

“According to the information given by the police, there are about 20 hostages in this car. There are old people and children. They said that the two robbers placed a large amount of explosives in the tunnel.”

“That’s why they don’t dare to make a move at all. They’re asking for our military’s support.”

“The higher-ups have ordered us to attack immediately.”

Gong Jian immediately said.

“Tunnel?”

“Then isn’t it especially difficult to move?”

Zhou Qing frowned when he heard the news.

The tunnel was not like other places. Not only was the tunnel narrow, but the visibility was limited.

Their every move could be said to be within the robber’s line of sight, which was not conducive to their operation.

“How long has it been since the incident?” Qin Yuan immediately asked.

A case like this was obviously premeditated. These two robbers must have some purpose.

“It’s been an hour since the incident started. The higher-ups ordered us to arrive at the scene in 20 minutes.”

Gong Jian frowned. He knew how difficult this operation was. If he was not careful, the robbers would immediately detonate the explosives. In that case, the hostages would be buried under the mountain.

“Instructor Gong said to immediately inform the members of Team 2 to gather and prepare for battle.”

“We will depart in five minutes!”

Qin Yuan immediately instructed.

Time was tight. It would take at least 15 minutes to set off from their base, and they couldn't afford to delay.

It was obvious that the robbers planned to die together with the hostages. Otherwise, they would have left a way out for themselves.

“Yes, sir!”

After saying that, Gong Jian immediately ran toward the training ground.

Qin Yuan and Zhou Qing quickly walked towards the command center.

At this moment, Long Xiaoyun and Liu Ye had arrived at the battle command center.

“Qin Yuan, this operation is very difficult.”

“Is there any problem with the members of Team 2?”

Seeing Qin Yuan walk in, Long Xiaoyun immediately asked.

Originally, it was best to let the members of Team 1 take charge of such a difficult mission. However, the members of Team 1 were all lying in the infirmary now.

Team 2 was already very strong, but they had to fight in the tunnel this time, which was very difficult.

“It's fine. They'll be fine. It's not like this is the first time we've fought in real combat. You have to trust them.”

“And I'll be around.” Qin Yuan said softly.

“Alright, be careful!”

“Alright, let's go!”

After saying that, Qin Yuan took the information sent by the police and walked out.

At this moment, the members of Team 2 had all gathered.

Initially, everyone was still receiving their punishment in the training ground. Who knew that a mission would come directly.

After everyone went back to put on their equipment, they immediately rushed over to gather.

“There's a hostage situation at Tunnel D8035 in N City.”

“The two culprits. We know that they had a motive for committing the crime.

They planted a large amount of explosives in the tunnel.” “The higher-ups have ordered us to take action immediately.”

“Do you have the confidence?”

Qin Yuan walked in front of the members of Team 2 and immediately said to everyone. ‘Yes!’

“Yes!”

The members of Team 2 replied in unison.

“Good, very good!”

“This is the first time your second team has encountered this tunnel battle, but I believe you can successfully complete the mission.”

“Everyone, remember, this is a real battle, not a drill. I want you to be on your toes. ”

“Do you understand?”

Seeing that everyone was filled with information, Qin Yuan was very gratified. He repeatedly warned everyone about the nature of this operation.

“Understood ! ”

“Alright, let’s go!”

Chapter 594 - 594: Emergency Combat Mission!

With that, the members of Team 2 immediately took a helicopter and rushed to the scene of the incident.

15 minutes later, everyone from Battle wolf arrived at the crime scene.

At this moment, the entire road was blocked and the entrance of the tunnel was filled with police officers.

After Qin Yuan got off the plane, he immediately walked towards the police officer.

“Captain Huang, how is the situation now?”

After seeing the captain, Huang Lei, Qin Yuan immediately asked about the situation.

“Captain Qin, you’re finally here.”

“This case is very tricky. These two robbers have taken a car full of hostages. There are about 20 people. Moreover, they chose to set up a large number of explosives in the tunnel.”

“In order not to hurt the hostages, we didn’t dare to act rashly.”

These two people don’t seem to be repeat offenders. Moreover, they have already planned it in advance. They didn’t even plan to leave a way out for themselves. ”

“So we can only depend on your special forces.”

After seeing Qin Yuan, Huang Lei immediately told Qin Yuan about the situation.

They had no choice. They would not trouble the military if they could solve the usual cases.

“It’s okay. This is what we should do.”

“Have you figured out who the other party is?”

“After the robbers took the hostage, did they have any requests?”

Qin Yuan knew that such robbers usually had a motive. If they could not achieve it, they would rather die.

“The robbers are two brothers. The eldest is Zhao Yukun, and the second is Zhao Yujun.”

“People from Qingyang Town of N City are all unmarried.”

“It’s said that their father was killed by a car on the street some time ago. Later on, their mother died of grief.”

“But they insisted that it was a murder. They said that his father was murdered.”

“That’s why we have to seek justice now.”

“But the traffic police department has already completed the case investigation. This is obviously a car accident. The truck driver was sleepy and accidentally killed someone. Moreover, we’ve interrogated the truck driver before. He doesn’t know their father at all.”

“And the truck driver has no connection with their father, Zhao Jiaquan.”

“So, we can only conclude that it was a car accident.” Wu Lei immediately explained.

“Since they’re so sure that it’s murder, do they have a specific suspect?”

After hearing this, Qin Yuan finally understood why the two brothers would do this.

It was obvious that there must be a problem.

“They said it’s the chairman of Jiyuan Group, Wu Guitian.”

“Their company is in the jade business. Zhao Jiaquan’s family deals in jade. But they named the murderer without any evidence. We can’t do anything about it.” Huang Lei explained helplessly.

They had investigated Wu Guitian in the beginning, but there was no evidence to prove that the car accident was deliberately arranged.

Therefore, in the end, they still gave the nature of the car accident as a normal car accident.

“Alright, I understand.”

“Leave this place to us.”

“Take some men and immediately set up a perimeter to evacuate the crowd.”

Qin Yuan immediately said.

“Alright, be careful.”

Huang Lei immediately went to make arrangements.

Through Huang Lei’s explanation, Qin Yuan roughly understood the entire process.

The two Zhao brothers definitely knew something, and it was a secret that no one knew.

However, there should be no substantial evidence, so they chose this method.

Since he already knew the general situation, Qin Yuan had a way to deal with it.

“He Chenguang, you’re in charge of finding sniper position number one. Wang Yanbing, you’ll be He Chenguang’s observer.”

“Li Erniu, you are in charge of finding the second sniper position. Zhang Dajun, you are in charge of Li Erniu’s observer.”

“The rest of you, split into two teams. One team will enter the tunnel at the back and sneak into the robbers’ location through the maintenance tunnel.”

“Team 2, follow me and be responsible for the frontal attack.”

Qin Yuan gave the battle order to the members of Battle Wolf Team 2.

“Yes, sir!”

“Yes, sir!”

After receiving the order, everyone immediately dispersed and headed towards the designated location.

A few minutes later, everyone arrived at the designated location.

“Sniper position number one is in position.” “Sniper position number two is in position.”

“One group will take the position.”

At this moment, the voices of the various teams came from Qin Yuan’s earpiece.

“Good! I’ll communicate with the robbers first.” “No one is allowed to shoot without my order.”

“Do you understand?” Qin Yuan immediately instructed.

It was obvious that the Zhao brothers wanted to die together with the hostages. It was easy for such robbers to lose control of their emotions. If they did not handle it well, it would be dangerous.

“Roger!”

“Roger! ”

After everyone received the order, Qin Yuan walked towards the tunnel entrance.

At this moment, Qin Yuan had already called the system radar.

Soon, the system radar showed that two robbers were holding hostages in a bus in the tunnel.

There were twenty-one people in the car, and there were many bombs in the car.

“Team 1, there are many bombs 20 meters to the right of your position.

Dismantle them immediately. ”

Qin Yuan noticed that there were many bombs and gunpowder in the entire tunnel.

Hence, he immediately ordered Team 1 to remove the explosives first to prevent the entire tunnel from collapsing.

“Yes, sir!”

“Yes, sir!”

After receiving the order, the members of Team 1 immediately sneaked toward the location Qin Yuan had mentioned.

Qin Yuan continued to lead the members of Team 2 towards the bus.

“Don’t come any closer. If you come any closer, I’ll detonate the bomb and take the hostages down with me.”

At this moment, Zhao Yukun, who was in the car, noticed that Qin Yuan and the others were approaching them and immediately shouted.

“Brother, I know you have a grudge in your hearts.”

“How about this? Tell me what’s going on, and I can help you deal with it.”

“Are you sure you can live up to your conscience by doing this?”

“The people in the car all have families. What’s the difference between what you’re doing and the people you hate?”

After hearing Zhao Yukun’s words, Qin Yuan immediately shouted into the car.

He said that to get Zhao Yukun to tell him more about the situation, to see if his guess was correct.

“That murderer, Wu Guitian, bribed the truck driver to kill my father, but he disguised it as a car accident.”

“You police officers are with them. He bribed you too.”

If the police could believe what he said, they wouldn’t have made such a scene.

Since they couldn’t give them justice, they could only rely on themselves.

“Brother! Listen to me, it’s not that the police don’t want to help you, but you need evidence for everything. Without evidence, how can our police force uphold justice for you? Don’t you think so?”

Qin Yuan knew that there must be something going on, but whether it was the soldiers or the police, they needed evidence to do things. Without evidence, there was nothing they could do.

“Evidence? If I had evidence, would I still have to do this?”

“Wu Guitian is a hypocrite. He murdered my father for the sake of profit. Unless you arrest him, I’ll detonate the bomb immediately.”

Zhao Yukun was getting more and more agitated. They had no evidence to prove that Wu Guitian had hired someone to kill him. Otherwise, why would they be like this?

Moreover, the scene of the accident was handled very well. There was not a trace at all.

They could not find any evidence at all.

“Don’t be agitated. I’m a soldier of the People’s Liberation Army. My name is Qin Yuan. Please believe me. What you said is true. I will definitely help you get justice.”

“If you kill the hostage, you will die in the end. Then, don’t you think the murderer will always be at large?”

“Are you happy with this result?”

Qin Yuan continued to persuade Zhao Yukun, hoping that Zhao Yukun would choose to believe him.

“You, are you sure you believe us? Are you sure you’re not lying to us?” After hearing Qin Yuan’s words, Zhao Yunkun clearly hesitated.

Qin Yuan was right. If that is the case, the murderer would continue to be at large, and they would not be able to take revenge at all.

“I swear on the honor of the People’s Liberation Army that everything I said is true. If you are willing to put down your weapons and release the hostages, I will definitely uphold justice for you.”

“If what you said is true, then we will definitely bring the real murderer to justice.”

“I’ll give you justice..”

Chapter 595 - 595: Cause of the Incident

Qin Yuan immediately shouted through the loudspeaker.

No matter what, he had to stabilize the Zhao brothers’ emotions first.

As for whether or not there was a murder behind this, Qin Yuan still needed to personally go and find out.

“Captain, sniper position number one has locked onto target number one. Do you want to shoot?”

“Sniper position number two has also locked onto target number two. Do you wish to shoot?”

At this moment, He Chenguang and Li Erniu’s voices came from Qin Yuan’s earpiece.

“Wait, wait.”

After hearing their words, Qin Yuan immediately instructed.

For some reason, Qin Yuan felt that Zhao Yukun did not seem to be lying.

Therefore, he hoped that he could investigate this case. If it was really as Zhao Yukun had said, if Wu Guitian really hired someone to kill him, Qin Yuan would not let him off so easily.

“Brother, I know what you are thinking. How about this... Release the hostages first.”

“If you’re willing, I guarantee that I’ll definitely help you find out the truth.”

Qin Yuan continued, hoping that the two Zhao brothers would listen to him. If they did not, Qin Yuan would have to order the two of them to be killed.

After all, this concerned the safety of a carriage of hostages. Qin Yuan could not delay too long and miss the opportunity.

It would depend on whether the Zhao brothers would cherish this opportunity.

Qin Yuan was constantly paying attention to Zhao Yukun and his brother’s every move with his radar to prevent any unexpected situations from happening.

“Listen to you? Do you think I’m stupid? You are a soldier. If you lie to me, how can I fight back?”

Zhao Yukun immediately said after hearing Qin Yuan’s estimation.

He was not stupid. The combat strength of a soldier was not something they could compare to. If Qin Yuan lied to them and attacked them, they would have no chance to resist at all.

These hostages were weak and easy to control. He was not stupid enough to exchange them all for Qin Yuan alone.

“Zhao Yukun! Zhao Yujun!”

“I said that you only have one chance. I will help you find out the truth about your father’s case.”

“These hostages are all innocent. A man shouldn’t take these old people and children hostage. ”

Seeing Zhao Yukun’s fierce gaze, Qin Yuan shouted.

Qin Yuan could feel that these two people were not bad by nature. The biggest reason for their actions was their father’s case.

“Big brother, why don’t we believe him? He’s a soldier. Soldiers don’t lie.” At this moment, Zhao Yujun immediately walked over and said to Zhao

Yunkun.

“How about this? Come over and replace the old man and the child.”

“The rest can’t leave.”

“Also, get your soldiers to retreat.”

Zhao Yunkun thought for a moment and immediately explained to Qin Yuan.

To be honest, he didn’t want to do this, but if he didn’t, his father’s death would become an ordinary car accident.

He didn’t believe that this was just an ordinary car accident. His father had said that the Zhao family had the secret of the chairman of Jiyuan Group, Wu Guitian.

However, his father had told them personally after he left for Jiyuan Corporation that day, he never came back.

After waiting for a day, they received news that their father had been in a car accident.

They didn’t believe that it would be such a coincidence.

“Okay!”

Seeing that Zhao Yunkun had agreed, Qin Yuan heaved a sigh of relief. After all, these two brothers were not bad by nature.

The fact that they agreed to let the old man and the child go explained everything.

“All of you, retreat. Everyone listen up. Without my order, you are not allowed to shoot.”

Qin Yuan turned around and instructed all the members of Battle Wolf Team 2. “Captain, isn’t this a little too dangerous? If they really pressed the detonator, it wouldn’t be good.”

“Why don’t I go?”

“No, I’ll go. It’s too dangerous for the captain.”

For a moment, everyone from Battle wolf Team 2 was fighting to speak.

There were explosives all over the bus. If it really exploded, no one would be able to survive.

Now that Qin Yuan was going to put himself in danger, everyone started to worry.

“I’m fine!”

“Everyone, retreat. This is an order.” Qin Yuan ordered.

“Yes, sir!”

“Captain, be careful!”

After hearing Qin Yuan’s order, everyone could only leave helplessly.

After everyone left, Qin Yuan immediately took off all his equipment and guns and walked towards the bus.

Soon, all the elderly and children in the car were replaced.

“You’d better behave yourself, or I’ll press the trigger and die with you.” After pulling Qin Yuan over, Zhao Yukun immediately took out a rope and tied

Qin Yuan up.

“Tell me, why did you choose to do this?”

Qin Yuan had already noticed the detonator in Zhao Yunkun’s hand, but he knew that these two brothers were still doing this for his father.

Therefore, Qin Yuan also wanted to know what the connection was.

“The chairman of Jiyuan Group used to be the boss of a jade business. My father used to be his supervisor.”

“At that time, they found a jade mine, and Wu Guitian found a few people to start mining in secret. But for some reason, the mine suddenly stopped mining ten years ago.”

“After my father came back, he didn’t tell us what happened, but after that incident, our family’s financial situation started to improve. Moreover, every year, Wu Guitian gave us a lot of things.”

“At first, we didn’t think much of it..”

Chapter 596 - 596: The Cause of the Incident

“But on the day of my father’s accident, I guessed that my father might have found out some secret about them, so he was killed by them.”

“Later, the traffic police department gave us the result that Father’s car accident was an accident. The forensic doctor didn’t find anything on Father’s body.”

“But I don’t believe that this is an accident.”

Zhao Yunkun said to Qin Yuan in a low voice.

Such a coincidence was impossible. Moreover, his father looked very angry when he went.

“But you can’t do this. These hostages are all innocent. For your own benefit, do you know how many families and the country will suffer if you detonate this place?”

After hearing Zhao Yukun’s situation, Qin Yuan sighed softly. According to what Zhao Yunkun said, Qin Yuan could quickly analyze the problem.

Perhaps it was just as Zhao Yukun had said. Zhao Jiaquan’s death might not be so simple.

Since the chairman of the Jiyuan Group dared to mine the ore privately, it meant that this person was not an upright entrepreneur.

Zhao Jiaquan must have known some secret and was silenced because of benefits or other issues.
“We don’t want to either!”

“But what can we do?”

“Who would listen to the words of small figures like us?”

“Besides, we don’t have any evidence at all.”

Zhao Yunkun suddenly became agitated.

If there was a way or the police were willing to help them investigate, they wouldn’t have done this.
What he was doing now was to attract the attention of the public and the leaders.

“In that case, I promise you that I’ll help you investigate and release the hostages.”

Qin Yuan immediately persuaded.

Since he knew about this matter, he would definitely investigate further. After all, the chairman of Jiyuan Group might not be clean.

If such a person was not investigated, it would be a danger to the people.

“Do you think I will believe you? You are just a small officer. Even if you want to help, how can you help?”

Zhao Yunkun looked at Qin Yuan. Although he knew that Qin Yuan should be an officer, what could an ordinary officer do?

“In that case, I have no choice.”

Seeing that Zhao Yunkun was unwilling, Qin Yuan knew that he could only force it.

As he spoke, Qin Yuan’s body shook, and the ropes binding him broke.

Then, a hand grabbed Zhao Yunkun’s hand that was holding the detonator and twisted it forcefully to snatch it over.

Qin Yuan had just been checking if Zhao Yunkun and the others had any other detonators on them.
After discovering that there was only one, Qin Yuan was relieved.

“You lied to us! I’ll kill you!”

Seeing that his brother was suddenly attacked, Zhao Yujun rushed over with a knife.

The saber slashed fiercely at Qin Yuan’s head.

Bang!

Qin Yuan directly kicked Zhao Yujun, and Zhao Yujun was sent flying. He smashed heavily into the car door and fell limply.

“You! I’ll fight it out with you.”

Seeing his younger brother being kicked away by Qin Yuan, Zhao Yunkun raised his fist and attacked Qin Yuan.

Bang!

Qin Yuan did not waste too much time. In just a minute, Zhao Yunkun and Zhao Yujun both fell to the ground and lost their ability to fight.

Qin Yuan did not kill them. He only made the two brothers temporarily lose their combat strength.

“You guys retreat quickly. There’s someone outside to pick you up.”

After Qin Yuan finished dealing with the two of them, he turned around and said to the hostages in the car in a deep voice.

“Thank you! Thank you, comrade of the People’s Liberation Army.”

“Thank you for saving us.”

For a moment, the remaining hostages in the car thanked Qin Yuan repeatedly.

Everyone had yet to react to the situation just now, and most of them were shocked by today’s situation.

“This is the duty of our soldiers. We call for you to evacuate quickly. There are bombs in this car.” Qin Yuan immediately said to such a person.

“Yes. Yes!”

When they heard that there was a bomb in the car, everyone ran out in panic.

“You actually lied to us. I won’t let you off even if I become a ghost.” Zhao Yunkun clutched his chest as he lay on the ground and wailed.

He was really unwilling to let it end just like that.

“Alright, the situation you’re talking about might really exist, but what you’re doing is already illegal.’

“Even if I empathize with you, there are laws in the country and rules in the country.”

“Since I, Qin Yuan, have promised you this, I will do it. As for the outcome, I will give you an explanation.”

Qin Yuan instantly said seriously. Although he understood the feelings of the Zhao brothers, this was intolerable.

If everyone did what they did in the future, wouldn’t the country be in chaos?

However, he would do what Qin Yuan promised.

He would go back and investigate Zhao Jiaquan’s death, as well as Jiyuan Group’s chairman, Wu Guitian.

“Come in and deal with the scene!”

After Qin Yuan finished speaking to the two of them, he immediately said into the earpiece.

Soon, the members of Team 2 all rushed in.

“Captain, are you alright?”

He Chenguang and the others immediately asked when they arrived. “I’m fine. Take the two of them out and hand them over to Captain Huang.”

“Oh right, tell Captain Huang that they surrendered themselves. When the time comes, they will be sentenced.”

Qin Yuan immediately instructed.

Zhao Jia and his brother were not bad by nature, so Qin Yuan could still speak up for them.

“It’s the captain.”

After saying that, Wang Yanbing immediately led two people to tie up Zhao Yunkun and Zhao Yunjun.

“Don’t think that we’ll forgive you just because you said something to us. I won’t let you off even if I become a ghost. ”

Zhao Yunkun’s eyes were fierce as he branded Qin Yuan. They had failed because they trusted Qin Yuan too much just now.

Now, their plans were all ruined. How could they not hate Qin Yuan?

“If you speak again, I’ll shut your mouths. Leave.”

After hearing Zhao Yunkun’s words, Wang Yanbing shouted at the two of them.

He immediately escorted the two of them out.

Immediately dismantle the bombs and gunpowder in this car. You should have no problem with this.

After Wang Yanbing escorted the two of them away, Qin Yuan immediately instructed the remaining people.

This bomb was the simplest device, so the members of team 2 had no problem dealing with it. “Yes, sir!”

“It’s the captain!”

After saying that, He Chenguang immediately led everyone to investigate.

After putting on his equipment, Qin Yuan immediately walked out of the tunnel.

“Captain Qin, thank you so much.”

“If you hadn’t rushed over, we really wouldn’t know what to do.”

Seeing Qin Yuan walk out, Huang Lei immediately went up to him. He did not expect Qin Yuan to take care of the two robbers not long after he entered.

Huang Lei knew very well how dangerous it would be if these robbers detonated the bomb.

“It’s okay. This is what we should be doing.”

“Oh right, Captain Huang, how much do you know about Zhao Jia Quan’s death? There might really be something wrong behind this.”

Qin Yuan asked with a smile.

This was not under Qin Yuan’s jurisdiction, so he was not qualified to investigate this case.

“We’ve told you everything we know. Is there anything wrong with Captain Qin?”

Huang Lei immediately asked.

Although this was under his jurisdiction and Qin Yuan did not have much authority to deal with this matter, he knew very well what kind of person Qin Yuan was.

He had seen with his own eyes how much the chiefs valued Qin Yuan.

His future was limitless, so it was a good thing to be on good terms with Qin Yuan.

“I just learned from them that the chairman of Jiyuan Group, Wu Guitian, once secretly mined raw ores, so we have to investigate this person.” “As for Zhao Jiaquan’s car accident, can you bring me to the scene?” Qin Yuan immediately said.

There would definitely be traces at the scene of Zhao Jiaquan’s car accident, and the driver and Wu Guitian were both very suspicious. Qin Yuan had a feeling that this matter would not be so simple.

“This... Of course you can!”

“I can treat you to a meal, Captain Qin.”

“I didn’t even get to treat you to a meal the last time you helped. I know you’ve been very busy, Captain Qin.”

Huang Lei said excitedly when he heard Qin Yuan say that he wanted to stay. There was indeed something wrong with this case, but there was no trace or evidence. They had no way to start..

Chapter 597 - 597: This Was Not an Accident!

“Alright, I’ll go back with you guys later.”

The two Zhao brothers had settled it, but there was definitely a problem behind it.

Therefore, Qin Yuan had to find out. It was equivalent to giving the Zhao brothers an explanation.

Regardless of whether there was a problem behind Zhao Jiaquan’s death, he had to investigate it thoroughly.

“He Chengguang!”

As he spoke, Qin Yuan shouted not far away.

“Here!”

He Chengguang immediately ran over.

“After we’re done with the scene, bring the team back to the base first.”

Qin Yuan instructed.

“Captain, aren’t you going back with us?”

Hearing that Qin Yuan wanted to stay, He Chengguang immediately asked.

“I still have some things to deal with. You take the members of the second team back first and tell the Dragon Team that I should be at the base in two days.”

“Yes, sir!”

After saying that, He Chengguang left.

10 minutes later, team 2 members returned to Battle wolf Base after dealing with the bombs.

Qin Yuan followed Huang Lei to the city’s Public Security Bureau.

“Captain Qin, this is the information you asked for. There’s Zhao Jiaquan’s autopsy report, the car accident scene records, and some notes from this case.”

“Captain Qin, you said that we will immediately investigate the situation of the chairman of Jiyuan Group mining the ore privately.”

Huang Lei walked into the office with a document and handed it to Qin Yuan.

“Alright, thank you, Captain Huang.”

Qin Yuan took the information and immediately flipped through it.

“Captain Qin, do you think Zhao Jiaquan’s car accident was really not an accident?”

“But...The scene of the car accident and the conclusion given by the traffic police department are all accidental car accidents.”

“Previously, the Zhao Yunkun brothers came to report the case, but without evidence, we can’t file a case for investigation.”

Huang Lei asked in confusion. Qin Yuan was obviously investigating this case.

“There’s indeed no direct evidence to prove that this is a murder case, but I learned from the Zhao brothers that the chairman of Jiyuan Group is not as simple as we seem.”

“And according to Zhao Yunkun’s description, Zhao Jiaquan should have something on Jiyuan Group’s chairman, Wu Guitian.”

“And this time, Zhao Jiaquan got into a car accident right after he saw Wu Guitian leave. ”

“We can’t rule out the possibility that after Wu Guitian and Zhao Jiaquan broke down, Zhao Jiaquan was silenced.”

Qin Yuan immediately explained.

He had learned all this from Zhao Yunkun. Moreover, the two Zhao Yunkun brothers were not bad by nature. If there was really no problem, these two would not risk the death penalty just to get justice.

“Captain Qin, Zhao Yunkun has said what you said before, but they don’t have any evidence. Besides, we’ve investigated Jiyuan Corporation before, and there’s no problem at all.”

“It can be said that the Jiyuan Corporation has handled the issue very well, without leaving a trace.” Huang Lei explained helplessly.

When Zhao Yunkun came to report the case, they had investigated Jiyuan Group once, but they did not find anything illegal.

In the end, they could only leave helplessly. Who knew that the two Zhao brothers were not satisfied with their explanation.

He even organized this criminal activity.

“It’s because it’s too clean that it’s not simple.”

“According to Zhao Yunkun, this Zhao Jiaquan used to be Wu Guitian’s supervisor when he was privately mining ores.”

“Later on, for some reason, the mine stopped mining. Zhao Jiaquan’s family started to become rich from that time on, and they have been following Wu Guitian in the jade business ever since.”

“And every year, Wu Guitian would send a lot of things to Zhao Jiaquan’s house.”

“What does this mean?”

Qin Yuan said calmly. If there was no problem, why would Wu Guitian, the chairman of a group, need to suck up to someone like this?

“Captain Qin. Are you saying that Zhao Jiaquan really has something on Wu Guitian?”

After hearing Qin Yuan’s words, Huang Lei realized that something was amiss. Zhao Yukun had not told them about this before.

“That’s right. Perhaps it has something to do with their private mining of ores.”

“Zhao Yukun said that before Zhao Jiaquan went to Jiyuan Corporation to meet

Wu Guitian, he received a phone call. He was very angry and kept cursing Wu

Guitian for turning against him.”

“Perhaps Zhao Jiaquan’s appetite is getting bigger and bigger, and Wu Guitian finally chose to silence him.”

“When we were dealing with the Zhao brothers, Zhao Yukun told me about this. That’s why I think there must be a problem behind this.” Qin Yuan immediately explained.

If not for this, he would not have come here specially. After all, this was not within his scope of authority.

However, since he already knew, Qin Yuan would not sit idly by.

Moreover, he had promised the Zhao brothers that he would give them an explanation.

Therefore, he had to investigate this matter thoroughly no matter what.

“If it’s really like what you said, then Jiyuan Group’s Chairman Wu Guitian will be implicated.”

“But right now, we don’t have any evidence to prove that this is related to Wu Guitian.”

“That’s why we still need to investigate in secret.”

Huang Lei said after thinking for a moment.

“By the way, where is the driver who caused the accident, Captain Huang?” Qin Yuan immediately asked.

If they wanted to investigate this matter, they could only start with this driver.

After all, the driver was the one who caused the car accident. If Wu Guitian was really involved, then the driver must have known him.

“The driver is currently being detained in the detention center.. Captain Qin, do you want to go over and take a look?”

Chapter 598 - 598: This Was Not an Accident!

“We’ve asked the driver before, but he doesn’t know Wu Guitian. From the car recorder, we know that the driver was driving tiredly, which led to the accident.”

“At that time, we investigated the driver’s interpersonal relationship. The result was that there was no connection between them at all.”

Huang Lei immediately explained.

“This is indeed a problem.”

After hearing this news, Qin Yuan’s expression darkened.

He kept thinking about the connection between them. "Captain Huang, take me to see the driver first."

After thinking for a moment, Qin Yuan immediately said. He had a feeling that this driver was not that simple.

"Good!"

After saying that, Huang Lei immediately brought Qin Yuan to the detention center.

Although the case was ruled as an accident, the driver was still penalised. After his driver's license was revoked, he was detained for six months.

Half an hour later, Huang Lei and Qin Yuan also arrived at City N's First Prison.

After entering the detention center, Huang Lei explained the situation to the person in charge.

"Captain Huang, I've already called him over. He's in the reception room."

The director of the detention center said to Huang Lei. "Alright, thank you for your hard work, Inspector Wu." "It's okay. We're all comrades." Inspector Wu smiled.

He looked at Qin Yuan.

"Is this comrade a soldier?"

Looking at Qin Yuan's figure, Inspector Wu had a familiar feeling, so he immediately asked.

Because Qin Yuan had changed out of his military uniform and was now wearing plain clothes, Inspector Wu did not know Qin Yuan's identity.

"Inspector Wu, your eyes are really sharp."

"I was too anxious just now and forgot to introduce them to you."

Huang Lei said apologetically and continued,

"This is Qin Yuan, a comrade from the Southeast Military Region."

"This is Inspector Wu. He used to be a soldier. After he retired, he transferred to our city's detention center." "You guys used to be comrades."

Huang Lei said to the two of them.

"Hello, Inspector Wu. My name is Qin Yuan. Because I have something to do this time, I came over to understand the situation."

Qin Yuan smiled and reached out his hand.

"You're really a soldier. Are you currently serving in the Southeast Military Region?"

Inspector Wu laughed loudly and reached out to shake hands with Qin Yuan.

From the first time he saw Qin Yuan, he had a familiar feeling because Qin Yuan had the temperament of a soldier.

Although Qin Yuan was wearing plain clothes, he exuded the aura of a soldier.

He was all too familiar with that temperament.

“That’s right. Inspector Wu used to be like this too?”

For a moment, that kind of intimacy arose spontaneously.

“Yes, I was originally in the 359th Regiment of the 801st Army.”

“I was a soldier for more than ten years. Later, I was injured and came back.

Now, I’m working here.”

Inspector Wu replied with a smile.

“What about you? Which unit are you in now? We might even be from the same place.”

Inspector Wu continued to ask.

“It’s not convenient to say that.”

Qin Yuan smiled. After all, the Battle wolf Special Forces could not reveal the name of their troops to the public.

“Can’t say?”

After hearing Qin Yuan’s answer, Wu Quyou looked at Qin Yuan in surprise.

There was only one possibility for such a force that could not be mentioned, and that was the special forces or a particularly important military unit.

“Indeed. I’m really sorry, Inspector Wu.”

Qin Yuan smiled faintly.

It wasn’t that he didn’t want to say it, but he really couldn’t.

“I understand. I didn’t expect you to reach such a height at such a young age.

Your future is limitless.”

Inspector Wu replied in shock.

From Qin Yuan’s performance, his guess should be correct.

“Inspector Wu, you flatter me.”

Qin Yuan smiled faintly.

“You guys go ahead with your work. After this is over, Qin Yuan, don’t leave yet. I haven’t been able to drink with my comrades for a long time. After this is over, you, Captain Huang, will stay for a meal.”

Inspector Wu immediately said excitedly. He was very excited to be able to see the people from the army here.

Moreover, Qin Yuan had gone to such a military unit at such a young age. It was not bad to be able to make friends with him.

“Good! Let’s have dinner together after we’re done with work.” Qin Yuan said with a smile.

Qin Yuan knew that Inspector Wu missed his comrades. They were also in the army. Although Inspector Wu had retired, they were all soldiers, so Qin Yuan did not treat him as an outsider.

“Alright, it’s settled then.”

“I’ll go prepare now. You guys go ahead.”

With that, Inspector Wu walked out happily.

After Inspector Wu left, Qin Yuan and Huang Lei immediately walked into the meeting room.

As soon as he entered the door, Qin Yuan noticed the driver.

Qin Yuan seemed to have discovered something from the driver’s eyes.

Qin Yuan did not say anything. Instead, he took a stool and sat down.

“Li Youliang, tell me more about what happened that day.” Huang Lei asked immediately after he sat down.

“Officer Huang, I’ve already said everything that I need to say. I was just too sleepy at that time. When I reacted, I realized that I had hit someone.” “Besides, isn’t this matter already decided? Why are you here again?” Li Youliang said helplessly when he saw Huang Lei coming again.

Because of this, he had been interrogated countless times.

“Li Youliang, I advise you to be honest. Although this matter has been defined as an accident, there have been many discoveries. Some people say that this is a murder case.”

“So, you’d better explain yourself. If we find out that you have a problem, it won’t be as short as six months.”

Huang Lei immediately said when he saw Li Youliang getting impatient.

“This! How is this possible?”

“I don’t even know him, and we don’t have any grudges. How could I kill him on purpose?”

Li Youliang said excitedly.

After hearing this news, Li Youliang’s gaze was obviously a little evasive. Although it quickly flashed past, it was still discovered by Qin Yuan.

“I didn’t say that you killed him on purpose. I advise you to tell me the truth.” Huang Lei asked again.

“Officer Huang, I’ve said it countless times. If you really think it’s me, then show me the evidence. You have to have evidence to say that I killed someone on purpose, right?”

Li Youliang took a deep breath and said.

He knew very well that if there was really evidence, it would not be like this.

Therefore, he was sure that the police had no evidence to prove that this case was not an accident.

‘You!’

Huang Lei was furious when he heard Li Youliang’s words.

“Li Youliang, right? You’re very good at disguising yourself, but your acting skills still betrayed you.”

“When Captain Huang said that you had a new discovery, you obviously panicked. Although your reaction was fast, you still couldn’t escape my eyes. ”

“I know you’re certain that we don’t have any evidence, but soon... You’ll know that being stubborn won’t end well.”

“Captain Huang, let’s go!”

“I think the death penalty suits him more than a reduced sentence.”

Qin Yuan said coldly and walked out.

Qin Yuan knew that Li Youliang had obviously received professional training. Although his identity was very clean, Qin Yuan could feel that Li Youliang had received professional training.

It was very likely that this murder had been planned for a long time. This Li Youliang had started professional interrogation training a long time ago.

Therefore, even Huang Lei, who had been interrogating criminals all year round, did not notice it. If not for Qin Yuan’s system scanning, he might not have noticed it.

Because Li Youliang was too fast.

“Captain Qin, why did you leave just like that?”

Huang Lei immediately asked after they left the meeting room.

It was obvious that Li Youliang’s reaction was very big.

Moreover, what Qin Yuan said seemed to have touched Li Youliang’s heart. “He won’t say anything. Li Youliang has received professional training.” “Let’s get through him first.” Qin Yuan immediately explained.

Qin Yuan knew that Li Youliang was very certain that the police did not have any evidence, so it was useless to ask now.

To deal with such a person, one had to be even calmer than him.

Moreover, Qin Yuan did not believe that there were no clues at all. With the existence of the system, even if these traces were cleaned up, they could still be scanned..

Chapter 599 - 599: Clues!

Qin Yuan was still very confident about this. Unless these people are innocent, he was not afraid that he would not be able to find any traces.

“Then what should we do next?” Huang Lei asked doubtfully.

For some reason, he felt that Qin Yuan gave him an inexplicable sense of trust.

Although this matter should be settled by him as the captain, this was what he should do.

However, he had pondered this matter for a long time, but there was still no clue. In the end, he had no choice but to do so.

However, according to Qin Yuan’s analysis and Li Youliang’s actions just now, he understood that this was not an accident.

“Captain Huang, where is the car that was involved in the accident?”

Qin Yuan immediately asked. He planned to attack from the truck first. There would definitely be some traces on this truck.

“That car is currently being detained at the traffic police detachment. It’s getting late now. Why don’t we go together tomorrow?”

Huang Lei looked at his watch and realized that it was already past nine o’clock. Most of the comrades in the traffic police detachment had already gotten off work. Moreover, it was too late to see anything clearly.

“Alright, I’ve kept you busy since I arrived. I’m really sorry.” Qin Yuan smiled.

When she got busy, she forgot that they hadn’t eaten yet.

“It’s nothing. If this case is really a murder, then the nature of the case is different. ”

Huang Lei smiled. He was still a little surprised by Qin Yuan.

Qin Yuan had actually noticed Li Youliang’s subtle movements just now.

No wonder he became the captain of the Battle wolf at such a young age. “You two are out! How did things go?”

“It should be very difficult for you to get anything out of this Li Youliang. This guy hasn’t said a word since he came in.”

At this moment, Inspector Wu walked in with the takeaway dishes. He immediately said when he saw Qin Yuan and the other two walking out. “Inspector Wu, you’re right. This kid is still the same.”

“But I believe that even if he doesn’t say anything, we will still find evidence.” Huang Lei explained with a smile.

“Alright, you have to finish your meal even if you’re busy. There’s no hurry to deal with it tomorrow.”

After Chief Wu finished speaking, he immediately called Qin Yuan and Huang Lei over for dinner.

“Alright!”

Qin Yuan nodded and replied.

After saying that, he followed Superintendent Wu into the office.

“Come, come, Qin Yuan. Captain Huang, let’s drink this cup first.”

At the dining table, Inspector Wu raised his glass after eating a few mouthfuls.

It was rare for him to meet someone from the army, so he was especially happy today.

“Come, Qin Yuan, let’s do it together.”

Huang Lei raised his wine glass and said.

“Alright, I’ll be troubling you tonight, Inspector Wu.”

Qin Yuan smiled, then raised his wine glasses and clinked them.

During this period, Inspector Wu and Qin Yuan talked about a lot of things in the army. They were all in the army, so they had more topics about their days in the army.

Huang Lei could only laugh foolishly at the side. Listening to the two talk about life in the army, Huang Lei regretted not joining the army back then.

After three rounds of drinking, Qin Yuan, Huang Lei, and Inspector Wu said goodbye and rushed to the police station.

Originally, Huang Lei insisted on arranging a hotel for Qin Yuan, but Qin Yuan felt that it was better to forget about it. He would just stay in the reception room in the police station.

“Captain Qin, the conditions here are a little shabby. I hope you don’t mind.”

After returning to the police station, Huang Lei brought Qin Yuan to the reception room.

“It’s fine. It doesn’t matter where we live.”

“Captain Huang, you should go back and rest first. We still have to wake up early tomorrow.”

“I don’t have much time. I have to resolve this matter as soon as possible and return to the army.” Qin Yuan immediately said.

“Good!”

“Then I’ll go back first. See you tomorrow, Captain Qin.”

“See you tomorrow!”

After saying that, Huang Lei went back. Qin Yuan tidied up briefly, washed up, and lay down to sleep.

The next morning!

Huang Lei rushed over early in the morning.

After Qin Yuan got up and washed up, he immediately followed Huang Lei to the traffic police detachment.

Half an hour later, the two of them also saw the car that Li Youliang was driving. The front of the car had been dented, and the front of the car was stained with blood. It was a little scary to look at. “Captain Huang, this is the car. You guys can take a look. I’ll get busy first.” A traffic police officer said to Huang Lei and Wang Yao.

“Okay, Little Zhou, you go ahead. We’ll take a look around here ourselves.”

Huang Lei said with a smile.

“Alright, just call me if you need anything.”

After saying that, the traffic policeman left.

“Captain Qin, this is the car. Do you think there will be clues in the car?” Looking at the truck in front of him, Huang Lei asked with some doubt.

They had seen the car’s driving recorder. At that time, Li Youliang was driving tiredly, causing the car to lose control and crash into Zhao Jiaquan who was coming from the opposite direction. There shouldn’t be any problems.

“Let’s take a look first.’

After saying that, Qin Yuan immediately walked towards the truck and immediately called the system radar to scan the truck.

Suddenly, Qin Yuan realized that a position had obviously been moved by someone.

“So that’s how it is. It was indeed deliberately designed.” Qin Yuan said indifferently after looking at it for a while.

“Captain Qin, what did you find?”

Huang Lei asked in surprise after hearing Qin Yuan’s words.

Qin Yuan could see the problem just by looking at it? Did he have to be so perverted?

“Captain Huang, come and take a look.”

“The brakes and accelerator of this car were obviously moved. Although these marks were damaged later, I know that they were moved..”

Chapter 600 - 600: Clues!

“It’s also true that Li Youliang was driving when he was tired. They deliberately didn’t rest for a long time just to deceive the police.”

Qin Yuan immediately analyzed.

Judging from the condition of the truck, the brakes and accelerator were obviously adjusted on purpose.

Qin Yuan had also seen Li Youliang’s car recorder. On the surface, there was no problem at all.

However, Qin Yuan noticed one movement. At that time, Li Youliang’s gaze was clearly looking at Zhao Jiaquan’s position.

That action was obviously to confirm if it was Zhao Jiaquan.

Therefore, Qin Yuan was certain that this was a premeditated murder and not a simple car accident.

“This mark is already damaged, and you can even tell?”

“No way!”

After hearing Qin Yuan’s words, Huang Lei was stunned.

The front of the truck was dented, and the brakes and accelerator were severely damaged. How could Qin Yuan tell that it had been tampered with?

This was indeed a little unbelievable.

“This is very obvious. Although it was severely damaged, there are still some traces of movement on the screw.”

Qin Yuan explained calmly.

The most important thing was that the system had analyzed that it had definitely been touched. That was why Qin Yuan was so certain.

“Captain Huang, immediately send someone to visit the people around Li Youliang’s family. This Li Youliang must have been in contact with the person behind him.” Qin Yuan said indifferently.

On the surface, it seemed that Li Youliang had nothing to do with the chairman of Jiyuan Group, Wu Guitian.

However, Qin Yuan knew that they would definitely contact each other again, just that it was not Wu Guitian himself.

“Alright!”

After saying that, Huang Lei immediately called his subordinate.

“Xiao Zhang, immediately bring some people to visit the people around Li Youliang’s family and see if there are any suspicious clues.” Huang Lei immediately ordered after the call connected.

“Yes, captain!”

After receiving Huang Lei's call, Xiao Zhang immediately rushed to Li Youliang's house with his men.

'Qin Yuan, do the special forces also learn this?'

After hanging up the phone, Huang Lei asked in surprise. Even he did not notice these traces. After all, the traces were too subtle.

"The first thing we special forces have to learn is on-site investigation.

Creating traces and dealing with traces are compulsory courses."

"That's why I'm more sensitive to such traces."

Qin Yuan explained with a smile.

To be honest, the special forces really needed to learn how to investigate the scene, but it was still very difficult to be so detailed.

If not for the existence of the system, he would not have been so certain even if he had seen enough.

This kind of trace was too easy to ignore.

"I see. No wonder you guys are so strong."

After hearing Qin Yuan's explanation, Huang Lei sighed in a low voice.

She was more and more impressed by Qin Yuan and the special forces.

However, that was also the case. After all, the special forces were the strongest army in the entire country.

Be it in terms of individual strength or skills, they were the strongest.

"Captain Huang, that's all we have here. Let's go back first and wait for news."

Qin Yuan continued to scan the truck a few more times and found no other useful traces.

They could only wait for Huang Lei's team members to bring them some good news.

Otherwise, Qin Yuan would have to make a trip to Jiyuan Group personally.

"Good!"

With that, the two of them walked out.

After returning to the police station, Huang Lei immediately took out the footage of Li Youliang's truck's driving recorder and the recorder in the car. Later on, when he realized what Qin Yuan had said, Li Youliang's eyes flashed.

For a moment, Huang Lei admired Qin Yuan more and more.

Qin Yuan could notice such a subtle movement.

After all, he had seen this car recorder countless times.

Half an hour later, Huang Lei's phone rang.

“Captain! According to a villager, he saw Li Youliang get into a black car when he woke up in the middle of the night.”

“He looks so sneaky. Li Youliang went on a long trip a few months ago. He only came back on the day of the accident.”

Xiao Zhang immediately reported on the other end of the phone.

At that time, they had also visited, but the villager was not there, so they did not find out the news.

Later, there was no evidence to prove that this case was not an accident. In the end, they could only conclude that it was an accident.

“Alright, I know!”

After hearing this news, Huang Lei’s face was clearly a little excited.

If that was the case, it meant that Li Youliang really had a problem.

Otherwise, how could there be nothing wrong with sneaking into someone else’s car in the middle of the night?

“Qin Yuan, there’s a clue. Xiao Zhang and the others found out that Li Youliang got into a car a few months ago. His behavior was very suspicious, and after that, Li Youliang went on a long trip.”

“I just happened to come back on the day of the incident.”

Huang Lei immediately told Qin Yuan about the situation.

“Alright, this means that there’s really something wrong with Li Youliang.”

“Captain Huang, immediately ask about the approximate number, the color of the car plate, or the license plate number.”

“Then immediately pull the video recordings from that time.”

Qin Yuan immediately instructed.

Finally, there was a clue. Qin Yuan felt very happy.

At least his guesses were right.

“Good!”

“However, I don’t know if there are still any recordings from a few months ago.

Some civilian cameras only have records from three months ago.” “That’s why it’s still very difficult. It’ll be a little difficult if all of them are deleted. ”

Huang Lei immediately explained.

The past few months were still too long.

“It’s fine! I’ll go with you.”

“Let’s go directly to the scene!”

At this point, Qin Yuan smiled faintly.

He was an information technology expert. There was nothing that he could not recover.

As long as the entire storage wasn’t destroyed, he would be able to find it.

“Alright!”

After saying that, the two of them immediately walked out of the door and rushed to Li Youliang’s house.

An hour later, Qin Yuan and Huang Lei also arrived at the town where Li Youliang lived, Huang Town.

“Captain, this is the villager who saw it.”

Seeing Huang Lei and Qin Yuan get out of the car, Xiao Zhang immediately walked over and said.

“Officer, I did see Li Youliang get into a black car that day.” the villager said immediately after seeing Huang Lei.

“Hello, uncle. I want to ask, did you see what car it was?” Huang Lei immediately asked.

“I saw it. I remember that car. It’s a black Audi. The license plate is our local license plate. I think it’s N99.” the villager said after thinking for a while.

“Thank you. This clue is very important. If it’s really reliable, we’ll give you a certain reward.”

Huang Lei said excitedly.

With these clues, it would reduce their search time.

“What reward? We should cooperate with the country and the party.”

“I heard that Li Youliang killed someone. ” “It would be good if I could help you.” The middle-aged man said excitedly.

“Thank you so much, Uncle.”

Huang Lei immediately thanked him.

If every case had the cooperation of the common people, the speed of solving the case would be faster.

“You’re welcome!”

The villager said repeatedly.

“Captain Qin, we just have to look at the surrounding cameras. I hope that the data is still saved. Otherwise, we won’t be able to find any information about that car.”

Huang Lei turned his head and said to Qin Yuan. Now, he only hoped to find clues about that car.

“Let’s go, let’s go take a look first.” Qin Yuan said indifferently.

“Good!”

After saying that, the two of them immediately walked towards the place where there were cameras.

He quickly checked the surveillance camera records.

“These records are only for three months. What should we do?”

Just as Huang Lei had guessed, these cameras only had video recordings from three months ago.

There were no more after three months.

“Leave it to me!”

Qin Yuan smiled and immediately sat beside the computer.

A string of codes appeared on the computer screen.

Seeing Qin Yuan’s speed, the surrounding people were surprised.

“This hand speed is really too amazing, right?” Huang Lei sighed in surprise..
