

## Special Troop 61

### Chapter 61: Company Commander Is Awesome

“Let’s go! Go back!” Qin Yuan said indifferently.

“Commander, are we not going to look for them?”

Hearing Qin Yuan say that he was going back, Liu Ye was also dumbfounded. He had not finished searching.

“They’re at our gathering place! ”

“What is it? That is impossible! Why are they there?” Liu Ye looked at Qin Yuan in shock.

“Deputy Company Commander Liu, did you forget that the second platoon leader was a scout?”

“They took advantage of the time when you were looking for the others to bypass you and return to the starting point.”

“Company commander! How did you know about the platoon leader’s plan?!”

When Geng Hu heard Qin Yuan’s words, he looked at Qin Yuan in shock. From the beginning, their platoon leader had wanted Geng Hu to follow him.

However, when Geng Hu discovered this place, he decided to stay here. After all, there were too many people, and the area was too big. However, he did not expect Qin Yuan to know Zheng Xiaohu’s thoughts.

“That’s right! I almost forgot that Xiaohu came from the reconnaissance company!” Liu Ye scratched his head, looking a little embarrassed.

“Let’s go! Go back!”

After saying that, the few of them followed Qin Yuan to the gathering place. Just as Qin Yuan had said, Zheng Xiaohu and the others were hiding in the gathering place.

“Your disguise skills have disappointed me in this disguise training! Although someone had played some tricks! However, disguises are used on the battlefield to kill the enemy!”

“Therefore, in the following period of time, you must all properly learn how to disguise yourself in various areas and environments! There is a document here that clearly tells you how to disguise yourself. Take it and circulate it!”

“Yes, sir!”

“Yes, sir!”

After Qin Yuan finished speaking, he took out a document from his backpack and handed it to everyone! This information was copied from the Camouflage skill that he had received from the system before he set off.

It included how to use the surrounding environment to disguise oneself in various environments and regions.

This time, the system rewarded him with two skills, namely Camouflage and a beginner climbing skill.

As the name suggested, the camouflage technique taught you all the camouflage techniques. Once Qin Yuan obtained them, these camouflage techniques were imprinted in his mind. If Qin Yuan disguised himself now, no one would be able to discover him.

As for the climbing skill, it allowed him to walk on rock walls and cliffs as if they were flat ground without any auxiliary tools. It could be said that he was like a gecko.

Just like that, Qin Yuan and the others had been training their camouflage skills in the forest for several days. Only when Qin Yuan was relatively satisfied did they stop their camouflage training.

Following that, Qin Yuan also taught all the tactics of special operations. Now, the strength of the logistics company was almost comparable to a real special forces unit.

“Next, it’s time to test you. I’ll only give you two days. Gather here in two days!”

“In platoons, I want you to go past the outposts and defenses of each company, enter the company commander’s office, and bring back a trophy for each company!”

“Do you have the confidence?” Qin Yuan immediately arranged the next training program for everyone.

“Yes!”

“I promise to complete the mission!”

The soldiers of the logistics company responded loudly. Their faces were filled with confidence. They had long wanted to try out the camouflage skills they had been training for the past few days.

“Good! The first platoon went to the three companies of the first battalion, and the second platoon went to the three companies of the second battalion! Third Platoon to Third Battalion!”

“This time, you will act on your own. The instructor, deputy company commander, and I will wait here for you to come back!”

“I hope you can complete the mission. Don’t make me bring you back! If that’s the case, you don’t have to come back!”

Qin Yuan instructed everyone with a serious expression. This time, he was going to test the combat coordination ability of the various teams in the logistics company.

Therefore, he was not prepared to move with the others. Qin Yuan was going to let them carry out the mission on their own because he could not be by their side all the time. The soldiers of the logistics company needed to resolve problems by themselves.

“Understood, Company Commander! We will definitely complete the mission!”

“Yes, Company Commander. You and the Deputy Company Commander can wait for our triumphant return!”

The people from the logistics company swore without any fear on their faces. After Qin Yuan’s systematic training during this period of time, they were still very confident in their combat ability.

“Good! Let’s go!”

“When you return, we will show everyone that the logistics company can be very dazzling!” “Yes, sir!”

“Yes, sir!”

The deafening voice of the logistics company reverberated through the entire jungle.

After a while, the soldiers of the logistics company went to their respective assignments and disappeared into the forest. In the distance, a single eye.

Qin Yuan, Zhou Qing, and the others set up their tents on the spot. Liu Ye also caught a few fish from the river. Soon, the three of them fell asleep after drinking and eating.

The soldiers were not around, so they had a rare moment of leisure. These few days, the three of them had barely slept because they were training the logistics company. This time, they were assigned to carry out a mission, so they could have a good sleep.

It was not until midnight that Qin Yuan was woken up by a commotion.

The early warning radar in Qin Yuan’s mind kept ringing. Qin Yuan saw a few figures walking towards their tent 500 meters away.

“This time, China’s Southeast Military Region will be conducting a large-scale exercise soon!”

“Boss, don’t worry! Our people are already spread all over the various areas of their exercise! The mission will be completed the mission!”

“Yes! Very good, we have to quickly infiltrate and try to reach the core area before their drill!”

“Hey...”

“This defence system is useless!!”

“Don’t be careless! Let’s hurry up. It won’t be convenient for us to make a move once the sun rises!”

“Hey...”

After the few of them finished speaking, they quickly walked over to Qin Yuan and the others.

“Enemies! They’re here to steal!”

Qin Yuan used the early warning radar to listen to their conversation and immediately knew their identities.

Qin Yuan immediately woke Zhou Qing and Liu Ye up. When the two of them woke up, they saw Qin Yuan gesturing for them to keep quiet.

“Commander, what’s wrong? It’s the middle of the night!” Liu Ye asked softly.

“Don’t talk, something’s wrong!”

How could Qin Yuan hear a voice 300 meters away? What kind of hearing is this!

“Yes! Follow me! Since they’re here, they must be plotting something!”

After saying that, the three of them put on their clothes and walked out of the tent. Under the moonlight, Zhou Qing and the others saw a few black shadows not far away. It was really as Qin Yuan had said, there were a few people walking towards them not far away..

## Chapter 62: Kill Them All!

Qin Yuan asked Zhou Qing and Liu Ye to split up to the left and right while he quietly sneaked over.

The night was especially bright under the moonlight. Qin Yuan quietly lay in the bushes.

The Japanese didn’t even notice that there was someone in front of them. After all, who would come to this desolate mountain at night?

“The opportunity has come!”

Seeing the few of them slowly approaching, Qin Yuan, who was lying in the grass, suddenly moved. All the strength in his body suddenly erupted. He stomped his left foot and rushed out like a cannonball in an instant. He picked up his dagger and pounced at the well in front.

“Baka! Enemies!”

Jing Dao’s expression changed drastically. The sudden appearance of the figure also gave him a fright. He didn’t stop at all. His right foot stomped on the ground and he rolled backward. His right hand immediately reached for the dagger at his waist. Having many years of infiltration experience, he reacted immediately.

The few people behind him were also shocked by this sudden situation and quickly dispersed.

Qin Yuan’s eyes were filled with killing intent when he saw that his sudden attack had failed.

“He’s an expert!”

Qin Yuan did not panic. He waved his right hand and the dagger instantly flew out.

A cold light flew past, and Jing Dao felt a deathly aura envelop his surroundings. Jing Dao did not have time to think too much and immediately dodged backwards, but Qin Yuan's dagger was too fast.

Jing Dao felt a piercing pain in his right hand as blood gushed out. The dagger he was holding instantly fell to the ground.

"Baka! Run, this is an expert!"

Jing Dao immediately said to the few people behind him. Qin Yuan gave him the feeling that he was an expert. If this continued, they would all die here. They did not have time to think before they fled. Qin Yuan immediately chased after them.

Seeing Qin Yuan chasing after him, a Japanese man picked up his AK and wanted to shoot at Qin Yuan, but he was immediately stopped by Jing Dao.

"Do you want to kill us all by shooting? The moment the gunshot rang out, the Chinese soldiers in the surrounding encampment would immediately rush over! If that happens, we'll all die, you idiot!"

"Hey..."

"Run!"

"Trying to run?"

"Old Zhou, Vice Company Commander Liu, they're running towards you. Immediately inform the Seventh Company to bring their men over! Be careful not to chase too closely. They have guns in their hands."

"Yes, sir!"

"Yes, sir!"

Qin Yuan immediately said into his earpiece, picked up the dagger, and chased after her.

Seeing that Qin Yuan was catching up, Yamamoto immediately asked the injured Jing Dao to leave with the others to stop Qin Yuan.

Yamamoto clenched his fist and swung it at Qin Yuan, trying to force Qin Yuan back.

But he had miscalculated.

Bang...

Qin Yuan's fist met Yamamoto's fist. With a muffled sound, Yamamoto's hand bones broke. The broken bones pierced through his muscles and appeared. It looked especially terrifying.

Yamamoto looked at Qin Yuan in shock. The power brought by that fist was too terrifying. It was like a surging flood. It was impossible to resist and made people despair. His right hand could not help but went down!

He did not expect Qin Yuan to be so terrifying. With one move, the bones in his hand were broken. The sharp pain from his hand made him sweat profusely.

Phew...

A muffled sound of air being torn sounded. Qin Yuan did not give the enemy a chance to think at all. He raised his right foot and swept over.

“We’re finished!”

Looking at Qin Yuan’s right foot sweeping over, Yamamoto knew that he would not have the chance to fight back at all. With Qin Yuan’s terrifying strength, he had no chance of survival at all.

Bang...

Yamamoto was sent flying, and a mouthful of blood spurted out.

“Long live the Emperor!”

Yamamoto was sent flying a few meters away and crashed heavily onto the ground. However, he gritted his teeth and his body trembled. A dark color appeared on his face.

“Suicide by poison?”

Qin Yuan walked in to take a look and found that Yamamoto was almost dead. Looking at Yamamoto’s dark face, he knew that he had committed suicide by taking poison.

“These Japanese are really ruthless!”

Qin Yuan did not think too much about it. He picked up the dagger and continued to chase after him. Since he dared to infiltrate, he could forget about returning alive.

Soon, Qin Yuan caught up with Jing Dao and the others. When Jing Dao saw that Qin Yuan had caught up, he knew that Yamamoto was already dead.

Otherwise, how could Qin Yuan catch up so quickly?

At this moment, Zhou Qing and Liu Ye also surrounded them. Qin Yuan and the others were here for training this time and did not bring live ammunition. He looked at the Japanese soldiers pointing their guns at the three of them.

“Baka...Since we can’t go back, let’s die together!”

Da da da da...

A series of gunshots sounded, and Qin Yuan immediately pushed the two of them away. A hot bullet brushed past Qin Yuan’s cheek, and soon the three of them hid behind a big tree.

“F \* ck! These Japanese really don’t want to live anymore!”

Liu Ye, who had reacted, was still in shock. If Qin Yuan had not pushed them away at the last moment, they would have been beaten into a sieve by now.

“These devils are very strong. You guys stay here and act according to the situation! I’ll deal with them first!” Qin Yuan immediately said to the person who came.

“Commander Qin, the brothers from the 7th Company are already here. Should we wait for them? Our guns are full of blanks. It’s useless.” Zhou Qing immediately looked at Qin Yuan.

“I’m fine! If it’s too late, I’m afraid they’ll escape. You guys, be careful!” After saying that, Qin Yuan rolled and jumped out.

Seeing Qin Yuan jump out, Jing Dao held the gun in his hand and fired at Qin Yuan. Qin Yuan suddenly rolled towards the ground.

Sand and mud flew around Qin Yuan’s feet. Bullets flew past him and sank into the ground. They did not stop until they reached a big tree not far away. He leaned against the big tree and breathed heavily.

“Baka...

Jing Dao cursed loudly. Such an intense shot actually did not hurt Qin Yuan. His eyes were filled with shock.

“Sir, if we don’t leave now, it’ll be too late!” A Japanese beside Jing Dao urged him in a low voice.

“You still want to run? Do you think that’s possible?”

When Qin Yuan heard that the Japanese were still thinking of escaping, he immediately jumped from behind the tree and swung his dagger.

Under the illumination of the moonlight, a cold light flashed as the dagger accurately pierced into Jing Dao’s forehead.

Jing Dao’s eyes widened. He could not forget that terrifying aura until he died.

Hurry up!

It was too fast!

The person standing beside Jing Dao only saw clearly that a cold dagger had been stabbed between his eyebrows the moment Jing Dao fell.

Before everyone could react, Qin Yuan had already jumped to their side and picked up the AK that Jing Dao had just used.

Dada dada...

## Chapter 63: Conspiracy!

A series of gunshots swept across, and a few more corpses appeared on the ground!

When Zhou Qing and Liu Ye saw that the gunshots had stopped, they ran towards Qin Yuan. They wanted to find a place to break through, but Qin Yuan did not give them a chance at all.

He was too strong. Qin Yuan’s smooth movements just now were really perfect.

“Company commander! You’re too awesome!”

“Your action just now felt like it was in a blockbuster movie.”

Liu Ye looked at Qin Yuan in shock. He had clearly seen the scene just now.

Qin Yuan’s series of smooth movements when he swung his saber was really awesome.

“Company Commander Qin! We all knew that you were very strong, but we didn’t expect you to be so strong!”

“I’m really impressed!”

Qin Yuan looked at the two of them with shining eyes and smiled helplessly.

Soon, Kang Lei boarded the helicopter and arrived at the Seventh Company’s base. At this moment, the sky was starting to turn white.

“Regiment Commander. ” “Regiment Commander.”

“Regiment Commander, you’re here!”

The Seventh Company Commander saw Kang Lei walk in and went up to him.

“Tell me what’s going on!”

“Let Company Commander Qin tell you!” The seventh company commander looked at Qin Yuan and said.

Qin Yuan briefly explained the situation to Kang Lei and handed over the specific information.

Kang Lei immediately looked at the information Qin Yuan handed over, and his expression changed drastically.

“Those people have been killed by Company Commander Qin. Now, the soldiers of the Seventh Company have brought the bodies back.”

“Good! These sons of bitches should all be killed. Since they dare to come in, don’t even think about leaving alive.”

“Qin Yuan, you guys did well!”

“Remember to keep this matter a secret. You must not leak anything.”

“Yes, sir!”

“Yes, sir! Understood, Sir!” Everyone knew the seriousness of this matter, so they understood that it was confidential.

Kang Lei looked at everyone with a gratified expression.

“Good! I’m going to the military region to report to the higher-ups now. You guys have a good rest first!”

After Kang Lei left, Qin Yuan and the others ate breakfast in the cafeteria of the Seventh Company.

They hadn't eaten properly during the days of training in the wilderness, so everyone had a particularly delicious breakfast today.

This matter was no longer up to them. The military would send someone to deal with this matter very quickly.

The next day, the sun was high in the sky.

Qin Yuan slowly woke up and looked at the watch in his hand. It was already past twelve o'clock. After washing up, he put on his clothes and walked out of the room.

"I wonder if those guys from the logistics company have completed their mission. Forget it, there's still a day left. I'll go and see if Old Zhou and the others have woken up." As he spoke, Qin Yuan walked towards the dormitory where Zhou Qing and the others were resting.

At this moment, the Seventh Company Commander was walking out of his office when he bumped into Qin Yuan, who was walking towards Zhou Qing's dormitory.

"Company Commander Qin, why are you up so early? Aren't you going to sleep a little longer? You worked hard last night."

"It's fine! I've already rested well. By the way, Seventh Company Commander, thank you for your hard work last night. I've troubled Seventh Company to make a trip last night." Qin Yuan also replied with a smile,

"Company Commander Qin, what are you talking about? This is the area that our camp should be guarding. It's our fault that we didn't notice them sneaking in. We have to thank you for discovering them and stopping them. Otherwise, the consequences would be unimaginable."

Qin Yuan did not say too much. No matter where he met him, he would not hesitate to do such a thing because he was a soldier, a soldier from China. "Company Commander Qin, where are you planning to go?"

The seventh company commander looked at Qin Yuan and asked curiously.

"I'm planning to go to Instructor Zhou's place to see if they're awake. If they are, we have to leave. The soldiers are still training outside. We have to hurry back."

"Thank you for your hospitality, Seventh Company Commander. Let's get together again if there's a chance."

"Alright, Company Commander Qin! If there's a chance, we must get together."

"Alright! Seventh Company Commander, I'll go over first!"

"Alright! Company Commander Qin, see you next time!"

After saying that, Qin Yuan turned around and walked towards Zhou Qing and the others' dormitory. The seventh company commander looked at Qin Yuan's back and was extremely shocked. This morning, he heard the soldiers report the situation of the battle last night.

He did not expect Qin Yuan's combat strength to be so powerful. He could feel Qin Yuan's abnormal strength from the corpses of the dead Japanese.

Moreover, their logistics company's training had actually gone to their 7th Company's area. It seemed that the logistics company might be different from before. The 7th Company's commander's eyes were filled with shock as he exclaimed silently in his heart!

Dong dong dong!

Qin Yuan knocked on the door where Zhou Qing and the others were resting.

Soon, Zhou Qing opened the door and saw Qin Yuan standing outside. "Company Commander Qin, why are you here?"

"Have you all rested well? After resting, we should go back. The soldiers' mission ends tonight."

"Alright! Company Commander Qin! We'll go wash up now. Wait for us."

After saying that, Zhou Qing and Liu Ye walked to the bathroom with their toiletries. Qin Yuan also walked into their room and sat down.

Soon, the three of them bid farewell to the 7th Company Commander and returned to their previous camp.

"Company commander! Do you think they can complete the mission?" After returning to the camp, Liu Ye asked Qin Yuan curiously.

"You guess!"

Qin Yuan smiled. Last night, a few familiar figures appeared on his early warning radar. Although they were all at the Seventh Company's station at that time, Qin Yuan did not interrupt the logistics company's mission.

After all, they were able to pass through seventh companies of guards, which proved that their camouflage and special combat skills were not in vain. "Commander, you didn't say anything!" Liu Ye glanced at Qin Yuan unhappily.

"Don't worry! We have to believe in them!"

Qin Yuan said to Liu Ye again.

"Yes, after these days of training, it's getting harder and harder for us to find them. Their camouflage skills and combat ability have been greatly improved!"

Liu Ye was also a little gratified. When he thought of the training over the past few days, for the first time, he felt that he trusted the soldiers of the logistics company so much. All of this was because of Qin Yuan's arrival, which had completely changed all of them.

“Yes, I am! Old Liu, don’t worry about it. We’ll just wait for them to return triumphantly!”

Zhou Qing smiled, picked up a harpoon he had made, and walked to the river.

Before the soldiers returned, he quickly went to get some food.

“Old Zhou! Wait for me, I’ll go with you!”

After saying that, Liu Ye followed Zhou Qing closely and the two of them walked towards the river.

Qin Yuan also walked into the tent and lay down. The system kept ringing with rewards. He knew that the mission assigned to the logistics company this time should be completed successfully.

The military exercise would begin in two days. Qin Yuan revealed a rare satisfied smile.

With the current strength of the logistics company, it might not be comparable to the special forces, but it was an existence that could do whatever it wanted in the regular forces.

Not long after, Zhou Qing and the others returned with a few fish. Now that the soldiers were not around, the three of them started a fire. The fresh fish were being roasted on the fire until they were sizzling. The fragrance instantly spread out.

However, the soldiers of the logistics company who were carrying out missions were different. They could only eat raw meat and drink muddy water.

They had always remembered Qin Yuan’s instructions and forced themselves to adapt to everything..

## Chapter 64: The Military Exercise Is Coming!

It was not until evening that the soldiers of the logistics company rushed back.

They were all in high spirits, and each of them had a smug smile on their faces.

Looking at everyone’s expressions, they knew that they had successfully completed the mission this time.

Soon, the trophies of the companies in front of the team were placed on the ground, except for the two trophies in the second platoon.

“What’s wrong? Did your Second Platoon fail the mission?”

Everyone asked the Second Platoon members curiously. They were also worried that if the Second Platoon messed up this matter, they would be beaten up by everyone!

“Who said we didn’t complete it!” Geng Hu was unconvinced when he heard everyone’s questions.

“The people from the Sixth Company are all in our logistics company now!

They brought the trophy with them!”

“So, in order not to take advantage of you guys, we directly removed the buttons on the sixth company commander’s military uniform and brought it back.”

Geng Hu had a smug look on his face. They had snuck into the sixth company commander’s room while he was sleeping.

“F \* ck! Not bad!”

Everyone laughed. Everyone had completed their mission. This time, they had used their actions to prove that they were not inferior to others.

Just as everyone was still immersed in the joy of completing the mission, Qin Yuan walked out of the hood.

“What are you all so happy about? It’s just a few trophies, and you’re already so smug?”

“You have to know that my office is still empty!” Qin Yuan immediately shouted.

What was this! They were so happy just because he asked them to get some things.

In the future, they would only have to face a hundred times more difficult than now. The level of danger would not be comparable to now.

“Yes, sir! Company commander! We will definitely bring you the biggest trophy in this military exercise!”

“Yes, Company Commander. Just wait and see!”

Everyone swore solemnly. Their faces were firm and determined, and there was no sign of the decadence they had in the past. From this moment on, their logistics company had completely broken away from their former appearance.

“Everyone, set up camp here. Relax tonight and return to the company’s base early tomorrow morning!”

“Yes, sir!”

“Yes, sir!”

“Dismissed!”

After saying that, everyone scattered like a swarm of bees. Tonight was free time, so they had to go and get some good stuff.

These days of training, they had been starving every day. They could not help but want to eat a big meal. Soon, they each walked into the forest, looking for tonight’s bonfire feast.

Qin Yuan looked at the people who had disappeared into the forest and felt a trace of relief. In these three months, he had watched the soldiers of the logistics company grow to such a level step by step!

Two hours later, the soldiers of the logistics company came back with all kinds of wild fruits and some meat. Geng Hu carried a wild boar weighing about 200 pounds and dashed out of the forest.

A group of people were happily preparing the food they had found.

The night gradually darkened, and the moon was exceptionally bright tonight. A group of people gathered around the bonfire to enjoy the feast they had found, chatting about their various experiences.

They had gone from being weak, to being mocked, to being looked down upon by others, all because of one person, and that was Qin Yuan. If not for Qin Yuan, they would still be living their lives without a goal or direction.

The group of people looked at Qin Yuan eagerly, tears of gratitude in their eyes. Qin Yuan looked at everyone's expressions and knew that they were grateful to him. He recalled that he had been a little harsh on them during the past three months.

However, he had long treated everyone in the logistics company as his brothers and family.

"From today onwards, I will lead you on the battlefield. For the sake of our country and our people, we will protect every inch of our country. We will make all our enemies tremble in fear when they hear our name!"

"Let the whole world consider whether they can withstand our fury before choosing to become enemies with us."

Qin Yuan spoke of his yearning in high spirits, and everyone was excited as they listened.

"Company commander! I won't abandon you, I won't give up!" "I won't abandon you, I won't give up!"

Someone in the crowd shouted, and everyone followed suit.

"Yes! I won't abandon you, I won't give up!" Qin Yuan shouted along with everyone!

Instantly, the deafening voice of the entire logistics company spread throughout the entire valley.

After chatting for an unknown amount of time, the soldiers all fell into a deep sleep by the bonfire.

The next day, everyone woke up before dawn.

This time, they wanted to surpass their own physiques once again and walk further and further on the path of becoming stronger.

Two hours later, the logistics company quietly returned to the camp. The soldiers of the sixth company did not notice that they had returned at all. The soldiers of the logistics company consciously took over their work.

Each of them was doing their own work in an orderly manner. It was not until dawn that the soldiers of the Sixth Company woke up and realized that the soldiers of the Logistics Company had returned and had even prepared breakfast.

"F \* ck! Is this logistics company a human or a ghost! Why are they always so elusive?"

"That's right! Leave quietly and come back quietly!"

“And have you realized that you can’t tell what’s their strength at all now? “That’s right! Why do I feel that they have become so strong!”

The soldiers of the Sixth Company discussed animatedly. They were shocked when they saw the soldiers of the Logistics Company. They were no longer the Logistics Company they knew.

“It seems that there will be a good show in this year’s exercise!” “That’s right! What have these people gone through?!”

“What are you guys talking about?”

The sudden voice made the soldiers of the Sixth Company tremble. They turned around and saw the Sixth Company Commander staring at them fiercely.

At this moment, the sixth company commander also realized that the soldiers of the logistics company had already returned. They had not noticed it last night. The sixth company commander’s heart shook, and he was so shocked that he could not speak!

The overall strength of the logistics company had completely exceeded his imagination. A company could actually walk and return silently. What kind of strength did it take to do this?

As he spoke, the sixth company commander walked towards Qin Yuan’s office. As expected, Qin Yuan was sitting in the office. The sixth company commander knocked on the door and walked in.

“Commander Qin, are you playing hide-and-seek with me? You didn’t say a word when you left, and you didn’t say a word when you came back,” Commander Liu smiled.

Qin Yuan looked at the sixth company commander who walked in with a smile and replied.

“Sixth Company Commander, you’re wrong. Didn’t I leave you a letter?” “When I came back this time, you were still sleeping soundly, so I didn’t disturb you.”

“Company Commander Qin, even I am shocked with their results after you took over the logistics company!” The sixth company commander directly said what he was thinking.

“I was just a little strict with them. That’s right! Sixth Company Commander, the military exercise is about to begin in two days. Has the higher-ups given us the Iron Fist Regiment a combat mission?” Qin Yuan immediately asked.

“I haven’t received any notice yet. Every year’s military exercise is only held at the last minute, so this year should be no exception!”

“Alright! Sixth Company Commander! It’s been hard on you, Sixth Company!”

“You’re welcome, Company Commander Qin! We’re all brothers, we’re all family! There’s no need to be so polite in the future.”

After the last accident at sea, the sixth company commander no longer had any distinction between them because Qin Yuan treated them the same way.. Because they were all brothers! They were all Chinese soldiers!

## Chapter 65: The Whetstone of the Three Armed Forces!

After chatting for a while, Qin Yuan was about to walk out of the door when he bumped into Xiao Wu, the guard who was here to convey the regimental commander's orders to the logistics company and the sixth company.

"Company Commander Qin! Sixth Company Commander! You're all here!"

"Xiao Wu? Why are you here?" The sixth company commander was also a little confused when he saw the regiment commander's guard, Xiao Wu.

"The annual military exercise of our Southeast Military Region has begun. The regimental commander and the political commissar have already rushed to the exercise area as soon as they received the notice. The regiment commander asked me to come over to deliver the exercise combat uniforms and give the battle notice to your two companies!"

"This military exercise is different from the past. In order to prevent the Blue Army from eavesdropping, the commander specially asked me to convey his orders."

Seeing the panting guard Xiao Wu, Qin Yuan and the other man finally came to their senses. The annual military exercise had already begun.

"Xiao Wu, what does the regiment commander want us to do this time?"

After hearing Xiao Wu's words, the sixth company commander immediately asked.

Usually, when the military exercise came, the regimental headquarters would call the companies to inform them and give them combat missions.

This time, the regiment commander had given up on the traditional way of conveying information. It seemed that he had learned from the failure of the previous military exercise.

"Sixth Company Commander, Company Commander Qin! Our military exercise this time is a confrontation between our A Group Army 801 Corps and our military region's V Group Army 808 Special Combat Brigade!"

"The drill stipulated that our 801st Army will be the Red Army, and we have to defend the 505th defense line of the Southeast Military Region. The Blue Army will be the 808th Special Combat Brigade. After the drill begins, they will attack our Red Army at any time. If we can defend the 505th defense line, we will win. If we can't defend it, we will lose!"

“What is it? Against the 808th Special Combat Brigade?”

The sixth company commander was shocked, and his face quickly darkened. The sixth company commander recalled the great defeat in the last military exercise. Their entire army was wiped out by the 808th Special Combat Brigade.

The 808th Special Combat Brigade was the trump card of the Southeastern Military Region. In the Southeastern Military Region, the 808th Special Combat Brigade was a well-known existence.

This unit had been established for a long time and was best at special operations. The 808th Special Combat Brigade was always present in every major military exercise, and they had never lost a single military exercise.

Therefore, when the 6th Company Commander heard that they were going to fight against the 808th Special Combat Brigade, he was terrified.

“808th Special Combat Brigade? A brigade against our entire army?”

Qin Yuan looked at the sixth company commander curiously. Qin Yuan had just joined the army this year, so he did not know how much trauma the 808th Special Combat Brigade had caused the sixth company commander and the others.

“Yes, Company Commander Qin!”

“Don’t underestimate the 808th Special Combat Brigade. Last year, our entire army was wiped out by them.”

“Their combat style and concept are different from our regular troops. They are extremely powerful! ”

“The 808th Special Combat Brigade is a well-known existence in the entire military region. Everyone calls it the ‘whetstone of the three armed forces’ of the Southeast Military Region.”

Xiao Wu frowned and explained. When he heard that they were going to fight the 808th Special Combat Brigade again, he felt a little worried. After all, he knew very well what kind of existence the 808th Special Combat Brigade was.

“Company Commander Qin! The 808th Special Combat Brigade is very strong in both aerial and naval battles. Last year, our entire army was wiped out in two days.”

“Also, the Wolf Fangs Special Forces are part of the 808th Special Combat Brigade.”

“The Wolf Fangs Special Forces are too powerful. Last year, when the military exercise started, the headquarters of our 801st division was directly beheaded by them. All communications were cut off by them, and the entire 801st division was instantly in chaos.”

“In the end, our 801st division was wiped out in less than two days. I didn’t expect to fight against the 808th Special Combat Brigade again.”

From the Sixth Company Commander's upset expression, Qin Yuan could tell how badly they had been beaten last year.

"808th Special Combat Brigade? Wolf Fangs Special Forces?"

"Looks like we're going to meet this time. Since that's the case, let's see what they're made of!"

Qin Yuan looked at the two of them thoughtfully. When he heard the Wolf Fangs Special Forces, he instantly understood what kind of existence the 808th Special Combat Brigade was.

In the past, he had only learned about the existence of the Wolf Fangs Special Forces in television dramas. Now that he was going to meet them, Qin Yuan had the urge to fight them.

Qin Yuan did not continue to talk to the two of them. At this moment, Zhou Qing and Liu Ye walked over and saw the regiment commander's guard, Xiao Wu, and were also puzzled.

"Xiao Wu, why are you free to come over?"

"Xiao Wu is here to convey the regiment commander's orders." Qin Yuan replied.

"Right! Xiao Wu, what mission did the regiment commander assign us?"

Since the regiment commander had asked his personal guard to come over personally, he must have a plan.

"The regiment commander wants your logistics company to go to the No. 3 exercise area and manage the logistics work of the entire army. The sixth company will also be defending the No. 3 exercise area. The regiment commander said that when necessary, all the officers and soldiers of the sixth company will fully cooperate with you, Company Commander Qin."

"The regiment commander said that if there's any chance to turn things around in this confrontation with the 808th Special Combat Brigade... it's you, Company Commander Qin."

"If anything really happens, the regiment commander said that you would know what to do, Company Commander Qin!"

After hearing Xiao Wu's words, everyone knew how much their commander valued Qin Yuan. The sixth company commander also looked at Qin Yuan thoughtfully. The regiment commander was right. With the current strength of the logistics company, they might really have a chance to give it a try.

During this period of time in the logistics company, the sixth company commander felt the strength of the logistics company. Although he did not know if the combat strength of the logistics company could compete with the Wolf Fangs Special Forces.

The sixth company commander knew very well that their sixth company would definitely not be able to defeat Qin Yuan's logistics company. Although Qin

Yuan only had 50 people, there should not be any company in the entire Iron Fist Regiment that could be a match for Qin Yuan's logistics company.

The sixth company commander did not refute the regiment commander's arrangements. He knew Qin Yuan's strength very well. He could accept listening to Qin Yuan's arrangements.

"Alright, then let's head to the exercise area first!"

"Deputy Company Commander Liu, sound the first level combat alert immediately! Bring our soldiers to the No. 3 exercise area."

"Yes, sir! Company Commander!"

Chapter 66: Chief of Staff, Bad News!

"Sixth Company Commander, we're all in the same exercise area. Let's go together! "

"Alright!"

"Company Commander Qin, Company Commander Liu! Since the mission has been passed to you, I will return to the Regiment commander."

He had already passed down the regiment commander's orders. It was time for him to return.

"Alright, Xiao Wu, thank you for making the trip!

"It's fine." "Be careful on the road!"

"Alright!"

After saying that, Qin Yuan and the sixth company commander each led their own companies to their drill area. Qin Yuan knew very well that since the overall strength of the 801st division could not compete with the 808th special forces brigade, they could only carry out special operations to fight.

From the fact that the 808th Special Forces Brigade could fight against the entire 801st division, it could be seen that sometimes a strong special forces team was as effective as an army. Qin Yuan understood that their opponent this time was the Wolf Fangs Special Forces.

Their only chance was to compete with the Wolf Fangs Special Red Army and then wait for an opportunity to take out the Blue Army's command center. Only then would they have a chance to turn the tables.

The Wolf Fang Special Forces were very powerful, but it was impossible for the entire brigade to be as strong as the Wolf Fangs Special Forces. As long as they could stall the Wolf Fangs Special Forces, then they would have a chance. After all, they were an army!

At this moment, in the command center of the 808th Special Combat Brigade of the Southeast Military Region.

“Brigadier General, you were looking for me! ”

The Chief of Staff of the 808th Special Combat Brigade, Fan Tianlei, pushed open the curtain and walked in.

“Chief of Staff? Sit down!” Brigadier General He Zhijun stood up and asked Fan Tianlei to sit down.

“I just received a call from Old Chief Qin. He asked us to take special care of the Iron Fist Regiment during this military exercise. What do you think about this?”

“Iron Fist? Isn’t that Kang Lei’s group?” Fan Tianlei thought for a moment and asked.

“Yes! It’s Kang Lei’s group.”

“The overall military strength of the Iron Fist Regiment is not bad, but in the eyes of our Special Combat Brigade, they are a little immature. I just don’t understand why the old general wants us to take special care of them!”

When he heard that the old chief had asked them to take special care of the Iron Fist Regiment, Fan Tianlei was confused.

“Since the old chief asked us to take special care of them, there must be a reason!”

“How about this? Immediately send out the Lone Wolf Assault Team and deal with all the officers above the commander of the 801st Army. Decapitate their command system. This time, the exercise with the 801st Army is to consider whether the 801st Army should be reformed!”

“The current wars are all modern wars. Many troops’ combat methods can’t keep up with the current level of warfare.”

“Our existence is to continuously train our current combat methods to adapt to modern warfare! We can’t leave any leeway for this military exercise! ”

“Yes, sir! Brigadier! I’ll make the arrangements now! ”

“Good!”

Fan Tianlei stood up and walked out of the command center.

Qin Yuan and the others had also arrived at the designated exercise area. According to Qin Yuan’s understanding of the Wolf Fang Special Forces, they had already arrived at the designated exercise area.

The Blue Army and Wolf Fang Special Forces would definitely decapitate the Red Army in this military exercise. He remembered that Kang Lei of the Iron Fist Group was captured by Fan Tianlei in the previous TV series.

Just as Qin Yuan was about to contact Commander Kang Lei to tell him to be careful, Zhou Qing ran into the logistics company’s combat camp in a panic.

“Company Commander Qin, we can’t contact the regiment headquarters at all.

All our communication systems have been hacked by the Blue Army.”

“The entire Red Army’s military communications have been cut off, but the Red Army’s command center will soon activate the emergency communications system! But now, we haven’t been able to contact the Regiment commander for almost an hour!”

“That long?”

“Old Zhou, get me a computer!” After hearing Zhou Qing’s report, Qin Yuan felt that something was wrong.

Since the Red Army had already activated the emergency communication system, why couldn’t they contact the regimental headquarters? There was only one possibility...The Red Army’s emergency system had also been hacked!

Soon, Zhou Qing came back with a laptop.

After Qin Yuan turned on the computer, he entered the military regional network of the Southeast Military Region after a while. Soon, a map of the Red and Blue Army’s combat confrontation was projected on the big screen.

The red dots representing the Red Army on the screen were in a mess and gradually turned into blue dots. The Red Army’s combat aircraft and missile units were bombarding their own Red Army troops.

“Company commander! What is going on? Why would our combat aircraft and missile forces bomb our own troops?

Liu Ye, Zhou Qing, and the others widened their eyes when they saw the situation on the screen. They looked at the big screen in shock.

“If I’m not wrong, our Red Army’s command center has been taken over by the Blue Army.”

“And they controlled the command system of our Red Army, commanding our air force and tanks to bomb our other units!” Qin Yuan looked at the situation on the big screen and instantly knew what had happened.

“What is it? If this continues, our Red Army will definitely lose!”

Seeing that the red dots on the map were getting fewer and fewer, Zhou Qing and the others were anxious.

“If I’m not wrong, our regiment commander might have been taken out! ”

Qin Yuan felt that since the highest command system of the Red Army had been occupied by the Blue Army, then the Blue Army must have already executed the commanders above the regimental level of the Red Army. “Then, Company Commander, what should we do now?”

Liu Ye was having a headache. He didn't expect that the commander of the entire Red Army would be beheaded just as the military exercise began. If this continued, the entire Red Army would be wiped out in a few hours.

"How about this, Old Zhou, go and call Xiaowu and the others who are in charge of network information operations in the company. Next, we have to snatch the entire Red Army's combat command system."

"Yes, sir!"

Soon, Zhou Qing called Xiaowu and the others over. Xiaowu and the others were the vanguard of the network information warfare that Qin Yuan had specially trained. They were in charge of intelligence and network in the logistics company. Under Qin Yuan's command, they began to attack the blue army's command system.

"Report! Chief of Staff! Our command system is being attacked."

In the command room of the 808th Special Combat Brigade, a soldier was anxiously reporting to Chief of Staff Fan Tianlei.

"What are you worried about? How can the 801st division compare to us in terms of network technology? Besides, we've already taken out their command center and commander!"

"Order the rest of the Special Combat Brigade to surround the Red Army immediately.. It's time to end the battle!"

## Chapter 67: An old Fox Like You will Fall?

Fan Tianwei did not panic at all. Facing Qin Yuan and the others' attacks, in his eyes, he thought that this was just the last struggle of the Red Army before they died.

However, after a while, something unexpected happened.

"Not good, Chief of Staff. The Red Army's command system has been taken back by the Red Army. Now, the Red Army has begun to attack our Blue Army's command system!"

"What?"

Fan Tianlei's expression changed drastically. He jumped up from the stool and immediately walked to the computer screen. He did not expect that the Red Army, which he thought was about to be destroyed, would actually come back to life.

Seeing that the Red Army's command system had been taken back by the Red Army and was now attacking the Blue Army's command system, Fan Tianlei's face revealed a touch of horror.

"Since when did the 801st division have such powerful network technicians?"

“I’m not sure. The opponent’s offense is very fierce, and his network technology is extremely powerful. The Red Army’s command system was quickly taken back by him. Based on his current level, none of us are his match!”

“What? What do you usually do? Aren’t you guys known as the top technicians in the entire military region?” Fan Tianlei was furious.

The command room instantly became quiet. Everyone sat in front of their computers with awkward expressions. They didn’t expect that the technology that they were so proud of would be slapped in the face by the 801st Army. This had never happened before.

“Can you find out where the Red Army that attacked us is?” Fan Tianlei asked.

“The moment the Red Army’s combat system was taken back, we also tracked their location. It was in the Red Army’s No. 3 exercise area.”

“Exercise Area No. 3?”

Fan Tianlei immediately walked to the map and was stunned when he saw the defensive troops in the No. 3 exercise area.

“Is this the defensive range of the Iron Fist Regiment’s Sixth Company and Logistics Company?”

“Call the Lone Wolf Assault Team over immediately!” Fan Tianlei immediately ordered.

“Yes, sir!”

“Also, immediately inform the special forces to surround the Red Army. Then, turn on radio silence and cut off our command system.”

“Right, immediately protect the brigade commander and the others in the battle zone and retreat. I believe that our command center has been leaked. After the Red Army recovers its command system, their planes and missiles will soon come.”

“Yes, sir!”

Coincidentally, Gao Shiwei from the Southeast Military Region was inspecting the Special Combat Brigade. He had come to see how the Special Combat Brigade would fight against an army.

Fan Tianlei didn’t expect such a thing to happen. He was glad that he wasn’t in the command center, or else they would lose all their face.

Fan Tianlei had never thought that his command center would be invaded one day. After giving his orders, Fan Tianlei hurried out of the command center and headed for the prisoner camp.

Soon, they arrived at the prisoner camp.

“Old Kang! Surprised! I must chop off your head no matter what. I just didn’t expect your Iron Fist Guild to still have a trick up their sleeve!”

Fan Tianlei looked at Kang Lei with a gloomy expression. The smug smile on his face had long disappeared.

Kang Lei was tied up on a chair and looked a little haggard. He had been tied up for several hours.

“Hmph, you guys only know how to steal chickens and dogs. If you have the ability, let’s do it openly. I, Kang Lei, will not admit defeat.” Kang Lei looked at Fan Tianlei with disdain and didn’t understand what Fan Tianlei’s last sentence meant.

“What do you mean by stealing? We are the special forces of the Special Combat Brigade! Do you think I, Old Fan, look like a fool when you let a brigade of mine go against your entire army?

“I just didn’t expect that your Iron Fist Guild would actually have a trick up your sleeve!”

Fan Tianlei was confused when he thought about how his plan had been ruined by the Iron Fist Gang. Who was it that ruined his plan?

“I didn’t expect an old fox like you to have a time when you fail miserably in the gutter!”

Kang Lei reacted and instantly laughed out loud. He had a certain guess in his heart. Looking at Fan Tianlei’s sour face, it must be Qin Yuan from the logistics company who gave Fan Tianlei, this old fox, a headache!

The only people who had the strength to give Fan Tianlei a headache were Qin Yuan and his logistics company. He had also learned a little about the strength of the logistics company through Zhou Qing.

Therefore, this time, he specially asked his personal guard, Xiao Wu, to give Qin Yuan an order. He wanted Qin Yuan to create some trouble to disgust the special forces brigade.

Although he did not dare to expect Qin Yuan to cause any big waves, he was already very happy to be able to give them a headache. Obviously, Qin Yuan had done it.

“Old Kang! What do you think your Iron Fist Regiment can do with just one or two companies?” Fan Tianlei smiled playfully. Although he knew that the Iron Fist Regiment had ruined his plan, they were still nothing in the eyes of the Special Combat Brigade.

This time, he planned to personally capture the Iron Fist Regiment soldiers in this battle for network command. He wanted to see who ruined his plan!

“Don’t be happy too early. Do you know what it means to be reborn after death?

Be careful, your head will be chopped off by my infantry!”

It was rare for Kang Lei to see Fan Tianlei being defeated. He felt comfortable seeing Fan Tianlei frown.

“Would you die if you didn’t brag?” Kang Lei was overjoyed.

“Then just you wait. I’ll go and destroy those little brats from your Iron Fist Regiment now!” Looking at Kang Lei who was laughing, Fan Tianlei felt a wave of depression in his heart! This was also the first time he had stumbled. “Alright, I’ll wait here! Let’s see how you destroy them!”

Fan Tianlei ignored Kang Lei and walked out. From Kang Lei’s eyes, he knew that the people who ruined his plan were undoubtedly from the Iron Fist Gang.

This time, he would personally lead a team to see who had ruined his plan.

At this time, the Lone Wolf Assault Team had gathered. Team A and Team B were ready for battle and were waiting for Fan Tianlei’s order. “The destination is the Red Army’s No. 3 exercise area! Let’s go!”

“Yes, sir!”

“Yes, sir!”

The voice of the Lone Wolf Commando Team echoed over the entire Blue Army command center. The deafening aura could prove what kind of unit this was!

Everyone boarded the assault helicopter in an instant. They did not ask what the target of this operation was. In their eyes, they only followed the orders of their superiors..

## Chapter 68: Retreat?

At this moment, after Qin Yuan and the others regained control of the Red Army’s command, they began to repair the Red Army’s command system. This would take half an hour to complete.

The Red Army now had to gather the remaining Red Army troops of the 801st Army together to effectively defend. They could not be defeated one by one anymore. They had to take the initiative to attack.

Qin Yuan understood that the remaining Red Army troops were no match for the entire 808th Special Combat Brigade. This time, after the Blue Army invaded the Red Army’s command system, and the commanders were all decapitated by the Blue Army, many of the Red Army troops suffered heavy losses.

Now that he knew the location of the Blues’ headquarters, he believed that with the Blues’ reaction speed, they would definitely change the headquarters! Their location had already been exposed. Perhaps the Wolf Fang Special Forces were already on their way.

Reality proved that Qin Yuan’s guess was correct. The Lone Wolf Commando Team was coming towards them.

Qin Yuan immediately ordered Zhou Qing to gather the troops of the logistics battalion. This time he planned to make a decisive counterattack and use a bait-and-switch tactic against the Wolf Fang Special Forces.

After the entire logistics company had gathered, Qin Yuan immediately instructed everyone about the combat mission.

“Old Zhou, you will bring Xiao Wu and the others to a hidden place to set up a command post to command the battle. This time, the entire Red Army will depend on you to command! Our location has been exposed. You have to bring them to a secret location to hide.”

Zhou Qing was shocked when he heard that. Did Qin Yuan want him to command the entire Red Army to engage in a simulated exercise with the Blue Army?

“Company Commander Qin. This was...This... How can I command them!”

Zhou Qing stammered and did not know how to answer Qin Yuan. He was a little flustered when he was asked to command the entire Red Army. After all, he had never commanded such a big battle.

Qin Yuan looked at Zhou Qing and said in a low voice,

“Old Zhou, I know your ability during this period of time. I believe in your commanding ability. This time, I have to lead the team to think of a way to destroy the Blue Army’s headquarters. Only then will we have a chance to win!”

“Other than me, you have the best commanding ability in our company! Old Zhou, you have to believe in yourself!”

Although the Red Army’s combat command system had been taken back, he had to issue various combat missions to the Red Army troops. He had to find a way to destroy the Blue Army’s command center and could not command the entire Red Army to fight.

This time, they wanted to destroy the Blue Army’s command center, but they were facing the Wolf Fang Special Forces. The task of commanding the battle could only be handed over to Zhou Qing!

“Company Commander Qin! Don’t worry, leave the commanding to me!”

Zhou Qing also understood that this time, Qin Yuan had to lead the team to fight against the Wolf Fang Special Forces. If they wanted to take down the Blue Army’s command center, no one else in the entire company could do it except Qin Yuan, who had the ability to lead the team to carry out the mission.

“Old Zhou, don’t worry! If we really take down the command center of the Blue Army, I will immediately send out a signal flare! When your radar detected the signal flare, you will begin to command the entire Red Army to counterattack and surround the Blue Army!”

“Our Red Army doesn’t have many combat troops left now. We can’t let them break through one by one. If that happens, we really won’t have a chance.”

“The Blue Army’s most outstanding ability is their special operations. As long as the Wolf Fang Special Forces stall us, we will have a chance to take down the Blue Army’s headquarters.”

“Alright! Company Commander Qin!”

After saying that, Zhou Qing immediately led Xiao Wu and the others into the deepest part of the forest. They wanted to find a secret location to hide before the Blue Army’s Wolf Fang Special Forces arrived.

“Deputy Company Commander Liu!”

“Here!”

“Take 1st Platoon and 3rd Platoon and stay here. Then take a few computers and pretend that this is our command center. Get him to bring the soldiers of the Sixth Company around and pretend to protect you! We have to set up a sentry post every 10 meters.”

“Create an illusion that this is our command center! This time, I will use a bait-and-switch tactic against the Blue Army!”

Liu Ye instantly understood Qin Yuan’s arrangement. He wanted the Blue Army to think that this was their command center and launch an attack on it, thus protecting Zhou Qing and their command system.

“Good! Second Platoon, follow me deep into the enemy’s territory and wait for an opportunity to strike! They must have discovered our current location just now! Therefore, the Blue Army will definitely send the Wolf Fang Special Forces to annihilate us!”

“So our mission is to take advantage of the time when their special forces come to search and attack our command center. Their command center’s defense will definitely be weakened.”

“We’ll go around them and ambush their headquarters. They won’t expect us to ambush their headquarters!” Based on Qin Yuan’s understanding of Fan Tianlei, he would definitely bring his troops to capture them personally.

“Yes, sir!”

Everyone was very excited after hearing Qin Yuan’s arrangements. They never expected that they would be able to compete with the special forces one day. Their faces were filled with excitement!

“Let’s go!”

“Yes, sir!”

Everyone immediately took action. Qin Yuan led the second platoon into the forest and disappeared into the forest in a short while!

Liu Ye also quickly arranged the combat missions left behind by Qin Yuan.

In the command center of the 808th Brigade Blue Army!

The soldiers of the Special Combat Brigade were tidying up their documents and retreating. The brigade commander, He Zhijun, who received the notice from the soldiers, ran to the command center in confusion.

“How did it become like this? Where’s my Chief of Staff?”

“Brigadier! The Chief of Staff personally led a team to capture the Red Army! The control of the Red Army’s command system was taken back by them a few minutes ago, and they launched an attack on our Blue Army’s command system!”

“The Chief of Staff instructed us to have the other units of the Special Combat Brigade surround the Red Army and activate radio silence! He led the Lone Wolf Assault Team to capture the Red Army that attacked our command system!”

After listening to the soldier’s report, He Zhijun was furious.

“Nonsense! How could he care about the gains and losses of a city? He couldn’t even accept a small failure at his age! Tell him to come back immediately!”

“Brigadier! The Chief of Staff has already activated radio silence. We can’t contact them now!”

“This is nonsense! Contact him and tell him to call me back immediately!”

He Zhijun did not expect his chief of staff to have led his team deep into the enemy’s rear.

“Yes, sir!”

“By the way, Brigadier, the Chief of Staff asked me to cover your retreat with the Military Region Commander. The Red Army will launch an attack on us as soon as their command system is restored!”

“What is it? Retreat?” He Zhijun was instantly furious..

## Chapter 69: Lone Wolf Assault Team

“When have you ever seen me retreat? And the commander of the military region is still here. You want me to retreat with him? Our Special Combat Brigade can’t afford to lose face like this!”

How could He Zhijun dare to retreat with the military commander! The military commander had come down to see how their special forces had wiped out an entire army. Now if he said that he was going to retreat, wouldn’t that be a slap in the face?

“Order the artillery units of our Special Combat Brigade to attack the missile units and air bases of the Red Army. They are in the open and we are in the dark. Since we can’t use them, we will paralyze them. No one can use them.” “Yes, sir!”

“There’s more! Find a way to contact the Chief of Staff and tell him to come back immediately!”

“Yes, sir! Brigadier!”

After saying that, the soldier quickly contacted Chief of Staff Fan Tianlei, afraid that the brigade commander would vent his anger on him again.

“Golden Condor! Golden Condor! This is the wolf den, please reply!”

“Golden Condor! Golden Condor! This is the wolf den, please reply!”

At this moment, Qin Yuan and the others had already infiltrated the Blue Army’s exercise area. They were only 10 kilometers away from the location of the command center that they had just tracked down!

Qin Yuan immediately ordered the soldiers of the Second Platoon to speed up their march because he wanted to destroy the Blue Army’s command center before the Wolf Fang Special Forces who were going to capture them discovered anything. He believed that if Fan Tianlei really went to capture them, they would have already reached the No. 3 exercise area.

Qin Yuan’s guess was not wrong. The Wolf Fang and Lone Wolf Commando Team had already arrived at the No. 3 exercise area!

Soon, they found the location of Liu Ye and the others! After the sixth company commander received Qin Yuan’s notice, he immediately brought the entire sixth company’s soldiers to help defend!

Fan Tianlei looked at the small place that was guarded by a company of soldiers. Every 10 meters, there was an open post, and there were many hidden posts. Fan Tianlei knew that this was the Iron Fist’s backup plan!

Although there was a company of soldiers guarding it, it was not enough for the Lone Wolf Assault Team to bite the teeth!

“Begin the operation! Get rid of everyone!” Fan Tianlei ordered through his earpiece.

“Team A received!”

“Team B received!”

After receiving the Chief of Staff’s order, Old Gao led the members of Team A and Team B to sneak in.

“Forest Wolf, take your team B members and surround them from behind! Stop them from escaping!”

“Yes, sir!”

After Geng Jihui received Captain Gao Da’s order, he brought Xiao Zhuang and the others to move behind Liu Ye and the others.

At this moment, the soldiers of the Sixth Company had no idea that the Lone Wolf Assault Team had already infiltrated the city. In a short while, some of the soldiers of the Sixth Company on the periphery were wiped out by the Lone Wolf Assault Team one by one.

“F \* ck, the Chief of Staff sent us here to deal with these small fries?”

After the paratroopers were done dealing with the soldiers of the Sixth Company, they felt upset.

“Why are you so depressed? You’re an ostrich!” the medical staff said with a smile.

“Go, go, go. You’re the one who’s so troublesome! Go to the side.” “I’m just afraid that if you call them names, we’ll get in trouble later!”

“Pay attention! Enemy attack..”

Until some of the patrolling soldiers from the 6th Company, who were in the middle, had not received the signal from their comrades in the outer perimeter for over five minutes, they knew something was wrong and shouted out in frustration.

“Damn it! Medic, did you jinx it?” A paratrooper exclaimed helplessly.

“Act immediately! There should be a secret signal between them every few minutes.”

Seeing the soldiers of the Sixth Company not far away roar, Geng Jihui understood something.

“Secret signal? Since when do regular troops know how to do this?” Xiao Zhuang was also a little confused. They only knew about this kind of reverse infiltration combat deployment after entering the special forces.

In fact, Qin Yuan had long taught this to the soldiers of the logistics company. Coincidentally, they had also told the soldiers of the sixth company this time.

“We have to act as soon as possible! Otherwise, they would run away later!

Hurry...”

“Yes, sir!”

After everyone heard Geng Jihui’s order, they sped up their marching speed. Since they had already been discovered, they could fight freely.

Soon, Lone Wolf Team A and Lone Wolf Team B charged in. The soldiers of the Sixth Company also began to suppress them with fire. However, it did not take long for the soldiers of the Sixth Company to be wiped out by the Lone Wolf Assault Team.

The first and third platoons of the logistics company stood guard outside the tent and kept firing at the members of the Lone Wolf Assault Team.

“F \* ck! How can their marksmanship be so accurate?”

The paratrooper complained as he clenched his arm. At this moment, he could clearly see the yellow mark of a blank bullet on his hand.

According to the rules of the drill, he was injured now, but it was not enough to withdraw from the drill.

“That’s right! Their marksmanship is very skillful. They must have gone through some special training.”

“I was almost killed many times. The bullet brushed past my head. Everyone, be careful.”

Geng Jihui saw that the paratrooper had been shot, so he voiced out the doubts in his heart. They had been in the Wolf Fang Special Forces for some time and had carried out many missions, but he had never encountered a situation like today.

“Why do I feel like their marksmanship isn’t any weaker than ours?”

Xiao Zhuang’s question instantly broke the line of defense in everyone’s hearts.

“Yes, it can be said that we just have more combat experience than them in dodging bullets.” The medic also said what he was thinking. At this moment, the few of them realized that there was an additional yellow mark on the tip of his foot.

“Which troop are they from? Why haven’t I heard of it before?”

“Are the regular troops so awesome now? This is unbelievable.”

The paratrooper was shocked. This was the first time he had encountered such a strong opponent since he became a special forces soldier.

“Lone Wolf Team B! Forest Wolf! Please reply if you receive it!”

The voice of Old Gao sounded in everyone’s earphones.

“Forest Wolf, copy!”

“Siberian Wolf received!” “Mountain Wolf, copy!” “Evil Wolf, copy!” “Big Tailed Wolf received!”

“Bald-tailed Wolf received!”

After receiving everyone’s reply, Old Gao’s anxious heart finally relaxed. Their situation was the same as Team B’s, but they were not shot like Team B. However, they were deeply shocked by the marksmanship of the logistics company.

“Report the situation!”

“Wild Wolf, the big-tailed wolf’s right arm was shot, and the bald wolf’s left toe was shot. ”

“The rest of the team is fine! But the enemy’s marksmanship is quite terrifying.

We can’t rush in without clear visibility ahead. Requesting instructions!

Requesting instructions!”

The Forest Wolf immediately reported the situation of their B team..

## Chapter 70: Encountering a Ghost Today (1)

After hearing the report from Lone Wolf Team B, Old Gao frowned, and a hint of horror gradually appeared in his eyes.

He had never thought that the soldiers of a regular army would be so skilled in shooting. Moreover, it was obvious that the soldiers stationed at the front had undergone a certain amount of special training.

From their marksmanship and defense, it could be seen that they were different from ordinary troops. It was just that they were still a little immature and had not experienced actual combat training.

“Everyone, be careful. They are very strong, and their marksmanship is no weaker than ours! It’s just that they don’t have enough experience!”

“Release the smoke grenade immediately and disrupt the enemy’s vision! Then, we’ll wait for an opportunity to move!”

“Yes, sir!”

‘Yes!’

Old Gao’s voice immediately sounded in everyone’s earphones. Hearing Old Gao’s evaluation, everyone’s hearts tightened.

“F \* ck, which unit are they from? Why haven’t I heard of them before? Their strength is almost comparable to the special forces!”

This was the first time the paratroopers had seen Old Gao evaluate a regular soldier like this. He stared at the troops in front of him in disbelief.

“I’m not sure. The 801st division doesn’t seem to have a special force, but their strength is almost on par with ours. It’s undeniable that they are very strong.”

“Release smoke grenades immediately and follow the smoke. We must end the battle quickly.”

Geng Jihui immediately ordered the members of Lone Wolf Team B to throw a circle of smoke grenades at the area in front of the logistics company.

In an instant, the entire battlefield was filled with smoke. The thick smoke directly blocked the vision of the logistics company soldiers.

“Deputy Company Commander! Not good, they released a smoke bomb. We can’t see their position at all.” The platoon leader’s expression changed drastically as he looked at the thick smoke in front of him. He could only see a few meters away.

“Then let’s fire at the smoke and throw grenades at where they were just now to suppress their speed. Remember to save some bullets. We don’t have a lot of bullets.”

“Also, pay attention to their whereabouts. The company commander said that they might be the special forces of the Blue Army. There is still a gap between our strength and theirs.”

“However, our mission this time is to stall them and buy as much time as possible for the company commander and the others.”

When Liu Ye heard the platoon leader’s report, he did not panic at all and commanded the soldiers of the logistics company in an orderly manner. After staying with Qin Yuan for a long time, he learned a lot.

On the battlefield, one had to remain calm. Even if the enemy was very strong, even if they couldn’t beat them, they had to make them lose a piece of meat! “Sixth Company Commander, how many soldiers do you have left?” Liu Ye asked immediately when he saw the Sixth Company Commander walking over.

“Our 6th Company is left with the first platoon soldiers in the inner circle. The second and third platoon soldiers in the outer circle should have sacrificed themselves and withdrawn from the exercise because we haven’t heard their reports for a while.”

The sixth company commander frowned. It had only been about 10 minutes since the battle started, and his two platoons of soldiers had almost been wiped out. He could not help but feel shocked by the strength of the blue army’s special forces.

“Alright, Company Commander. I’ll bring a platoon from the logistics company to their rear. You stay here to command the battle. We’ll try our best to pincer them from the front and back!”

“Their target should be our command center now. The troops in front should be the Blue Army’s special forces. They are very strong. We can only stall them as much as possible to buy time for the company commander and the others.”

Liu Ye immediately discussed with the sixth company commander. The Blue Army’s target was their command center. If they continued to confront them head-on, they would be wiped out by the Blue Army’s special forces sooner or later. It would be better to delay their speed if they went around and attacked them from the front and back.

“Alright, Deputy Company Commander Liu! Leave this place to me. You guys be careful!”

“Don’t worry, we have more people than them. It’s worth it even if 10 of us replace one of them! Our mission this time is to delay them!”

“Even if we can’t beat them, we have to make them lose a piece of meat!”

“Good!”

After saying that, Liu Ye led the soldiers of the Third Platoon of the Logistics Company and ran into the jungle behind the command post. Soon, they disappeared into the jungle.

The logistics company had gone through Qin Yuan’s cruel special training. Although their current military quality was not as good as the real special forces, their current strength was still very strong.

“Reporting to Wild Wolf! Report to Wild Wolf! Their firepower has weakened!”

After a while, Geng Jihui saw that the firepower in front of them had obviously weakened a lot, so he immediately reported the situation on their side.

“Attention, everyone. Smoke grenades are being thrown forward and grenades are being thrown at the firing point. The battle must be resolved within 10 minutes. The Chief of Staff is still waiting for our news! ”

“Yes, sir!”

“Roger!”

The members of the Lone Wolf Assault Team immediately carried out the order. They used smoke grenades to block the enemy’s line of sight and continued to advance toward the command center in front.

The members of Lone Wolf Team B saw that their firepower was obviously weaker than before and immediately rushed forward. After a while, the battle gradually entered a white-hot state.

“Deputy Company Commander! We’ve already circled around to their rear.”

In the bushes, Liu Ye was hiding with the soldiers of the Third Platoon. They could clearly see the members of Lone Wolf Team B not far ahead.

“The Wolf Fang Special Forces are indeed worthy of their reputation!”

Liu Ye was amazed by the powerful combat strength of the Lone Wolf Team B members not far away. The special forces team formed by just a few people had actually wiped out two platoons of soldiers from the Sixth Company in

11 +Gc’

“Deputy Company Commander, are we going to make a move?”

Zhao Xiaowu saw that Lone Wolf Team B was getting closer and closer to their command center, so he hurriedly asked Liu Ye.

“Let’s get closer. After the shooting, you two must keep an eye on a Blue Army special forces soldier.”

“Our current strength is not their match, but it’s worth it to replace one or two of the Blue Army’s special forces!”

Soon, the soldiers of the Third Platoon slowly approached the members of Lone Wolf Team B. They did not dare to go too deep. After all, the special forces of the Blue Army were real special forces. Their reaction speed and insight were not to be underestimated.

After a while, Liu Ye saw the paratroopers enter his shooting range and immediately gave the order to fire.

“Fire!”

Dada dada ...

A gunshot came from 50 meters behind Lone Wolf Team B. The soldiers of the logistics company followed Liu Ye's orders and started shooting crazily at a member of Lone Wolf Team B.

“Not good! Paratroopers, get down...” Xiao Zhuang shouted after he reacted.

Xiao Zhuang looked through the sniper scope and saw Liu Ye and the others shooting wildly at them. He picked up his gun and swept it at Liu Ye and the others, but Liu Ye and the others nimbly dodged it.

“There is a well-trained Red Army assault team 50 meters behind us! There are about a dozen of them. Their strength and reaction speed are very strong.” “Aiyo! Damn it, we must have encountered a ghost today!”

The paratrooper covered his chest and cried out in the grass. Although it was only a blank, it was still very painful to hit his body at such a distance. There were two obvious yellow bullet marks on the paratrooper's thigh, and there was also an obvious bullet mark on his chest about 8 cm away from his heart..
