

Special Troop 621

Chapter 621 - 621: Taking Down the Enemy in One swoop

The soldiers who received Wu Tian's order immediately locked onto their targets in front of their computers.

At this moment, in the Blue Army command post.

"Escape failed!" The soldier reported the real-time situation of the drone.

Hawk has been locked onto by the Red Army's radar!"

"Detonate immediately!"

Qin Yuan ordered.

"Yes, sir!"

The soldiers tried to operate and detonate the drone

"The command signal has been blocked. Control failed!"

Due to the continuous interference of the Red Army's signal, the soldiers' detonation command signal could not be sent out, resulting in the failure of the detonation.

'Forget it. You can't catch a wolf if you don't give up the child. This drone can be considered a gift to the Red Army.'

As soon as Qin Yuan finished speaking, the Red Army shot accurately and shot their Eagle drone down to the ground.

Seeing this, Qin Yuan and the others turned around and walked to the side. They really could not bear to see that scene.

"Looks like this Captain Wu is really ruthless."

"Yes, he's indeed a ruthless person. If we were to fight them head-on, I'm afraid they would want to chew our bones to pieces."

Qin Yuan said half-jokingly.

"Yeah, but we don't have to simulate the strongest foreign army in this simulation."
Zhou Qing said.

"There are many tactics in modern warfare. We can refer to the tactics of small countries when they deal with powerful foreign enemies."

What Zhou Qing meant was that he wanted to use the famous tactics of historical military battles and flexibly apply them to this exercise. "Do you mean that flexible tactics that are not symmetrical in strength?"

Lin Xiaoxiao said, not fully understanding.

“That’s right! It’s just using tactics to avoid the enemy.”

“Yes! Zhou Qing, I agree with your thinking. Inferring from one instance to another, using tactics properly can make the effort twice the result with half the effort!”

Qin Yuan said in agreement.

“Although our Battle wolf is very young, it can be said that we are still wet behind the ears. The chief has ordered our Blue Army to attack in the face of danger.”

Qin Yuan continued.

” We don’t just want victory. We want the alarm bell to ring.”

It’s not to let us compete in strength, but to put us in an actual combat environment to temper ourselves and become the best whetstone.”

That’s right! The disparity in strength between the red and blue sides in this exercise was obviously intentional by the organization. It was not as simple as a showdown on the surface.

They wanted to use this exercise to practice the new combat ideas of the Blue Army.

He wanted to see if there were any differences between the technological warfare of this new era and the traditional tactics of the past, or how the two could complement each other better.

The Red Army soldiers immediately reported to Wu Fei after seeing the successful shooting down of the Blue Army’s Hawk drone.

“Report! The Blue Army’s Eagle drone has been successfully shot down by our army. A high-altitude camera has been discovered.”

The soldier reported the situation to Wu Fei through the intercom.

“Very good! Continue to stay alert on the radar.”

“Yes, sir!”

After Wu Fei ended his conversation with the soldier, he immediately dialed Du Dahai’s landline through the military landline in the car.

“Dahai, you know about the situation in the air defense camp, right?”

“I know.”

“It seems that the Blue Army has been following us.”

“Then let them follow.” Wu Tian sneered.

“When we get to Wolf Mountain Base, we’ll show them the power of the Dragon
Dragon Shadow Special Enropel”

However, their conversation had already been monitored by the Blue Army’s command center in real-time.

‘ Captain Qin, the radio showed that Dragon Shadow Wu Tian had a call with Du Dahai 30 seconds ago.’

Lin Xiaoxiao said as she stared at the monitoring system.

” The communication frequency has been successfully locked.”

” Track this frequency immediately and record the contents of every call in detail.”

“Yes, sir!”

At this time, Wu Fei stopped at the temporary parking spot where the Blue Army drone was shot down. Then, a soldier got out of an off-road vehicle.

He was holding the drone that he had shot down.

“Captain Wu, look.”

The soldier said as he handed the drone to Wu Tian.

Wu Tian took over the camera lens and looked at the high-altitude camera. He sneered mockingly again.

“These few kids still want to play a tracking game with me? You really don’t know the immensity of heaven and earth! ”

After saying that, Wu Tian returned the drone to the soldier.

“Captain Wu, it’s very likely that the Blue Army has sent the investigation information back to the headquarters in real-time.”

“With just a few little brats like them, how can they possibly find out anything beneficial about us? The route of our exercise is open to the public.”

Wu Tian retorted disapprovingly.

“If we really want to fight, let’s go to Wolf Mountain Base!”

“What’s the use of a rookie flying around halfway? It’s not even as good as me flying a kite! ”

“The Blue Army dares to call itself a professional Blue Army with such small skills.”

“If you ask me, this trick of theirs is something that our Dragon Shadow Special Forces used to play.”

Wu Tian’s words revealed his disapproval of the Blue Army, and he even underestimated the enemy.

” Next time you see this kind of rookie, don’t hesitate. Just shoot him down.

Don’t waste time asking for instructions.”

“Yes, sir!”

While they were talking, a drone from the Blue Army quietly flew past the Dragon Shadow Special Forces base.

“Drone reconnaissance report!”

” There are no defenses around the Dragon Shadow Special Forces base.”

When Qin Yuan heard this, he thought, “This is a good opportunity!” He immediately said to Liu Ye,

“Inform all teams to attack in ten minutes.”

“Yes, sir!”

Chapter 622 - 622: Taking Down the Enemy in One swoop

Du Dahai looked at the time on his watch and dialed Wu Tian’s number. “Captain Wu! We have been driving for four hours. Can we stop the troops and rest for twenty minutes?”

“Alright! Each department would choose the nearest service area to stop! We’ll set off again after resting for 20 minutes!”

At this moment, Wu Tian thought that everything was progressing in an orderly manner. Just as he was about to win, the Dragon Shadow Special Forces base was facing an incredible emergency.

The sentries of the Dragon Shadow Special Forces base saw the helicopters flying over from afar and rushed out to check them out in surprise.

At this moment, the phone on the watchtower rang. Advisor Jin immediately went back to answer the call.

“Hello, this is Staff Officer Jin.”

Taking advantage of the time when Staff Officer Jin was on the phone, the Wolf Fang Special Forces led the helicopter group to land quickly and stabilize. Under the leadership of Old Gao, they quickly set up control of the base.

Since the Red Army did not set up any defenses in the base, Wolf Fang took control of the entire base without any effort.

Old Gao led the team and rushed towards the administrative building of the base. He saw Staff Officer Jin rushing towards them.

After getting close, he pointed his gun at Staff Officer Jin without hesitation. The soldiers of the Red Army looked at the scene like a monk, confused.

“Which unit are you from?” Advisor Jin asked hurriedly.

“I’m sorry! We are the Blue Army!”

“You have been captured!” Old Gao said firmly. “Impossible! This is absolutely impossible!”

Advisor Jin said in disbelief.

” The Blue Army is at Wolf Mountain Base right now. How could they be here?”

When Old Gao heard this, in order to confirm his identity, he pointed to the blue army armband on his right hand.

“See that? This is the symbol of the Army Blue Army in the theater of operations.”

After saying that, he made an attack gesture, signaling the soldiers behind him to immediately go and take control of the administrative building.

At this moment, Advisor Jin was anxious.

“Hey. Hey, hey!”

Pointing at the Blue Army soldiers passing by, he said, ” You can’t mess around!”

Under the command of Old Gao, Wolf Fang quickly took down the last line of defense of Dragon Shadow Base, the administrative building.

At this moment, Qin Yuan followed closely behind and slowly landed on another tarmac in the base. Everyone walked down from the plane aggressively.

Qin Yuan led everyone straight to the administrative building. At this moment, Old Gao saw Qin Yuan and the others coming and immediately went up to report the situation to him.

“Captain Qin, the Dragon Shadow Special Forces base guards are all under my control.”

I’ve sealed off the ammunition and fuel depots!”

” After preliminary investigation, there are twelve carriages of camouflaged ammunition and fuel parked on the train transport line.”

“Blow up their ammunition and fuel depots!”

Qin Yuan instructed.

Report to the drill command immediately. The Blue Army has occupied the Red Army’s rear base. Report the situation later!”

“Yes, sir!”

“What kind of blue army are you?” ” What nonsense!” Advisor Jin complained angrily. They’re terrorists who don’t play by the rules!”

“I have the right to report a complaint to the head of the organization!” ”You just said that we are terrorists. Thank you for the compliment!”

Qin Yuan’s tone revealed some pride and disdain.

“This is not a drill at all.”

“Why aren’t we practicing?” Liu Ye added.

” There’s no such thing as a sneak attack in the drill rules. You’ve violated the drill rules and discipline.”

After listening to Advisor Jin’s complaint, everyone smiled disdainfully.

” Advisor Jin,” Liu Ye continued,” don’t be silly. Are you used to staying in the comfort zone?”

“When two armies fight, what rules are there to speak of?”

“I think you’ve lived a peaceful life for too long. The war in your brain has become a movie scene, right?”

Advisor Jin was rendered speechless by Liu Ye’s words. He didn’t know how to retort for a moment.

“If we were a terrorist organization today, there would be blood flowing like a river here today.”

Liu Ye suddenly changed his relaxed tone and said seriously.

“However…”

“It’s still necessary to report to your captain about the fire in the backyard!” Liu Ye said disdainfully.

“Alright!”

Qin Yuan signaled for Liu Ye to stop talking.

“There’s no need to talk nonsense with him!”

“Let’s go pay a visit to the Red Army’s Dragon Shadow Captain Wu!”

After saying that, everyone walked straight to Wu Tian’s office in the office building.

Geng Hu nudged Advisor Jin, who was standing rooted to the ground.

“Let’s go! What are you waiting for?”

Only then did Advisor Jin react and follow.

Qin Yuan pushed open Wu Fei’s office door and looked around the entire office environment. He swaggered towards the office desk. “Aiya! Captain Wu’s office is really grand!” “The field of vision is wide!”

Qin Yuan sat down in front of his desk.

“Aren’t you going to report the situation to your Captain Wu?”

“You can report now!”

Qin Yuan said as he gestured for Staff Officer Jin to come over.

Seeing this, Staff Officer Jin knew that he couldn't avoid it, so he picked up the landline and dialed Wu Tian's number.

"Please transfer me to Captain Wu's private line immediately. I have an urgent military report to report!"

"Hey! Captain Wu! I am Advisor Jin!"

Staff Officer Jin said hesitantly, "Our base. Our base has been..."

Qin Yuan saw that he couldn't say anything for a long time, so he gestured for Staff Officer Jin to pass the phone to him.

"Alright! Look at you, you can't open your mouth either. Let me report it!"

Lin Xiaoxiao snickered.

Advisor Jin reluctantly handed the phone to Qin Yuan.

"Captain Wu, hello!"

Wu Tian was shocked when he heard the stranger's greeting. He quickly confirmed the other party's identity.

"Who are you?"

"I'm Qin Yuan!"

Wu Tian's temper flared up when he heard that.

"Which Qin Yuan?" "Captain Wu, you just shot down my drone and forgot about me?"

"You're really forgetful!"

When Wu Tian heard this, he immediately reacted and turned pale with fright.

"You're Qin Yuan from the Blue Army and Battle wolf?"

"That's right! It's me!"

"I'm your opponent today, the captain of the Blue Army, Qin Yuan!"

"Captain Wu, you've had a tough journey. I specially brought my brothers to your office to report to you."

Qin Yuan's smug tone made Wu Tian even more flustered.

Qin Yuan casually took off his sunglasses and continued, "What a pity! You have been on the road for a long time, and we missed each other. It's extremely regretful."

Just like that, I regretfully missed the opportunity to communicate with you face to face."

"What?"

Wu Tian was surprised.

"You said you were in my office?"

At this moment, a few loud sounds came from outside the base. Qin Yuan and the others revealed smug smiles when they heard it. Only Advisor Jin had a bad feeling.

“What’s going on?” Advisor Jin asked in confusion.

“What was that sound just now?”

Liu Ye calmly confirmed the situation outside through the intercom and immediately reported to Qin Yuan.

“Captain Qin! The Red Army’s fuel and ammunition depots have been completely destroyed by our engineers!”

“We have also completely cut off the fuel supply train and the special transportation route.”

When Advisor Jin heard this, how could he believe such a big lineup? “What is it? You guys blew up the ammunition and fuel depots?”

“You guys are simply too lawless!”

Staff Officer Jin was so angry that he pointed at them.

“This is impossible. Why did they suddenly attack our base? Why aren’t you playing by the rules?”

Wu Tian was puzzled by this earth-shattering reversal.

Why didn’t you stay in Wolf Mountain Base? What are you doing in my office?”

Wu Tian questioned Qin Yuan.

“Captain Wu, please allow me to give you a brief report.”

” At 10:30 this morning, I led the special forces of the Blue Army’s helicopter combat group to capture your Dragon Shadow base.”

“Captured 30 of your men.”

‘ My engineering unit will blow up your fuel depot and ammunition depot.”

” Also, we’ve completely cut off your special transportation line that is filled with fuel and supplies.”

When Wu Tian heard that, he could no longer sit still and exploded.

“Qin Yuan! Who gave you the right?”

‘ The battlefield of the drill is at Wolf Mountain Base, not at Dragon Shadow Base!”

At this moment, Qin Yuan was leaning back in his office chair smugly. He did not directly respond to Wu Tian’s roar.

“I say, Captain Wu, are you satisfied with my gift?”

“I’m not satisfied! ”

“This is a serious violation of discipline! No organization, no discipline.”

“Besides, I don’t follow the rules, do I?”

Qin Yuan said disdainfully to Wu Tian, who was roaring crazily on the other end of the phone.

“I order you to get out of my office immediately.”

The exasperated Wu Tian’s words were filled with raging anger, but Qin Yuan did not intend to have a head-on conflict with him. Instead, he began to argue with him about the rules of the exercise.

“Captain Wu, don’t be angry. Follow the drill plan issued by the army.”

” You led your troops to attack the 535 defense line of Wolf Mountain. There was no problem with that at all. But now, the situation has changed.”

“We don’t want to stay on Hill 535 and wait for your long-range rocket artillery to blow us up.”

“Qin Yuan! What exactly do you do? What are you trying to do?”

The Blue Army’s unconventional behavior could still be said so logically. Wu Tian was furious when he heard that.

“Captain Wu, we are the Blue Army. What do you think we want?”

Qin Yuan did not know whether to laugh or cry.

“Cut the crap! I was also in the Blue Army back then!” “When I was playing the Blue Army, you were still wearing open-crotch pants!” Qin Yuan was amused when he heard Wu Tian’s words.

“I say, Captain Wu, you’re right about this. Many of the officers and men in our Blue Army are from the 80s, 90s, or even oos.” “This age should be about the same age as your son, right?”

Wu Tian wanted to say something but hesitated.

Qin Yuan continued.

“But! Today’s Blue Army is very different from the past. We are foreign enemies and invaders. It’s no longer as helpless as before.”

“So, the situation on the battlefield changed. You can swagger to Wolf Mountain Base and attack my 535 defense line. I can also take advantage of the situation and destroy your backyard!”

“Thank you. There’s no defense at all.”

” Those few sentries were all empty. They allowed me to sit on the throne in your office without any bloodshed.” “How is it? Captain Wu! You’ve never played like this before, right?” Qin Yuan said methodically.

Wu Tian was speechless when he heard Qin Yuan’s flawless explanation.

“Boring! Shameless!”

“Aiya! Since we don’t see eye to eye, let’s not talk anymore.” “I’ll get your subordinate to continue talking to you.”

As he spoke, Qin Yuan handed the phone to Staff Officer Jin.

Advisor Jin took the phone from Qin Yuan’s hand with a trembling hand. “Captain Wu, Captain Qin of the Blue Team is really sitting in your office.”

After Wu Tian confirmed the truth from Staff Officer Jin, he looked up at the sky and sighed. Although he was still angry, he had no choice but to accept the truth.

He didn’t say anything else and hung up the phone.

“Stop the car immediately.” Wu Tian ordered the soldiers who were driving.

‘Yes, sir!’

Wu Tian hung up in a hurry, causing the unprepared Advisor Jin to feel depressed.

Seeing this, Qin Yuan quickly asked with concern, “Hanging up?” Advisor Jin gave Qin Yuan a look and did not say anything.

“Your Captain Wu has a big temper. He’s not usually like this, right?”

Advisor Jin looked depressed and didn’t want to say anything.

At this moment, Lin Xiaoxiao began to report the real-time military situation to Qin Yuan in English.

“Captain Qin, we’ve been listening to Wu Tian and Du Dahai’s car conversation.”

“Combined with the satellite surveillance, the Red Army Du Dahai is driving to the front of the convoy to meet Wu Tian. This might be our best chance to strike.”

‘ As soon as they meet, we’ll have a chance to behead both of them.’

Liu Ye added in English.

The fluent English conversation stunned Advisor Jin, and his mind was filled with questions.

“What are you babbling about? Why don’t I understand anything?”

Advisor Jin asked them in confusion.

“We’re speaking the simplest international language. Can’t you understand?”

Liu Ye teased.

“This... I can understand simple English words and technical terms. Just now, I heard you guys talking about beheading.”

Advisor Jin tried to cover up his poor English by explaining himself.

“But why do you have to speak English and not Mandarin?”

“Advisor Jin, we are from the foreign army! Invaders! After all this time, you still don’t know who you’re fighting?” Lin Xiaoxiao said with disdain.

“Tell me, can you not be defeated like this?”

As she spoke, Lin Xiaoxiao was amused by the dumbfounded Advisor Jin.

“But this is a drill, not a real battlefield.”

“How can you guys still be so unpredictable?”

Advisor Jin angrily reprimanded Qin Yuan and the others for not following the rules of the exercise.

Qin Yuan listened at the side and silently put on his sunglasses to look at Staff Officer Jin.

“If this continues, you won’t even know why your head is gone.” After saying that, Qin Yuan turned to look at Lin Xiaoxiao.

“Xiaoxiao, did you get Captain Wu’s number?”

“I got it! He had just been given a military network 5G mobile phone. When we entered the digital network, we found that his mobile phone was activated. The signal shows that he is still in the territory of the Hongze Lake.”

“Not bad!”

“Comrade Xiao Jin! Can I borrow your phone?” Qin Yuan asked Advisor Jin in a negotiating tone..

Chapter 624 - 624: Network Information War!

How could Advisor Jin be willing to do this? He looked hesitant. Seeing this, Qin Yuan felt that he had to use force.

“Hand it over!” Qin Yuan said fiercely.

Seeing this, Staff Officer Jin quickly took out his phone and handed it to Qin Yuan.

Qin Yuan took the phone and nodded in satisfaction.

“Come, Xiaoxiao, take a picture of me!”

“Alright!”

Lin Xiaoxiao took the phone with a smile and turned on the camera skillfully.

“Captain Qin, make a handsome pose.”

Qin Yuan posed a few times in a row, and Lin Xiaoxiao was having a good time.

“Come! Zhou Qing, come over and take a photo with us!”

‘Yo! I’ll take a photo too?’

“Alright!”

Zhou Qing quickly went over and made a hand sign.

Kacha! Kacha!

Lin Xiaoxiao skillfully took a few more photos.

“Alright! Xiao Xiao, quickly pick a few good ones and send them to Captain Wui.”

“Roger that. I’ll arrange it immediately.”

Qin Yuan thought for a moment and said.

“Xiao Xiao, send me two more greetings.”

“Captain Wu, your Dragon Shadow Special Forces base has fallen into the hands of the Blue Army.”

Lin Xiaoxiao listened as she quickly typed on her phone.

‘ Please consider surrendering or admitting defeat as soon as possible.

Otherwise, your outcome will be very awkward!’

“The commander of the Blue Army, Qin Yuan!”

Lin Xiaoxiao typed the last word and immediately sent it!

At this moment, the soldiers who received Wu Tian’s order to stop the car quickly stopped the car nearby.

As soon as the car stopped, Wu Tian could not wait to get out of the car and breathe heavily. He tried to ease his depressed mood.

Soon, Du Dahai’s off-road vehicle arrived.

After Du Dahai got out of the car, he immediately went up to Wu Tian.

“Captain Wu!”

Wu Tian could not help but complain when he saw Du Dahai.

“It’s ridiculous and unreasonable!” “Captain Wu, calm down!”

“If only we had left the guard battalion behind!”

“Now is not the time to blame anyone! Neither of us can buy medicine for regret.”

Wu Tian was no longer muddle-headed. He knew that it was not the time to hold him accountable.

“Since you’re here, let’s discuss how to deal with this matter.”

“I’ve been thinking about it just now. Let’s rush back now and surround Qin Yuan and the others to take back control of the base.”

“Based on the current situation, this method is obviously too late.”

“We can only report to the drill command center and ask them to order Qin Yuan to withdraw from the base immediately and return control.” “And the Blues should be punished according to the rules. Let them return to the 535 defense line.”

‘Requesting the exercise to restart!’ “Good! Let’s do it this way!”

“Xiao Liu!”

“Here!”

“Immediately connect to the exercise command center.”

‘Yes, sir!’

“I want to talk to the commander-in-chief.”

After a while, a soldier jogged over with his phone. “Captain Wu! There’s a private message for you.”

“No!” Wu Tian refused.

“Not many people know my phone number. What information can they have?” “Are you sure?” Du Dahai questioned.

Wu Tian unlocked his phone to check. It would have been fine if he did not look, but he was shocked when he saw it.

The phone page was clearly a photo of Qin Yuan and the others in his office.

Wu Tian turned his face away and handed the phone to Du Dahai, indicating that he couldn’t bear to watch anymore.

“What’s wrong?” Du Dahai took the phone and asked in confusion.

“Look for yourself!”

Wu Tian was so angry that he didn’t want to say anything else.

Du Dahai carefully checked the message on his phone and asked Wu Tian in shock.

“This is from Qin Yuan?”

“This is simply nonsense. He’s extremely arrogant. Not only that, but he’s also causing trouble for me!”

” This phone of yours was issued just before the drill. Even I don’t know the number, so how did they know?”

“This is unbelievable!”

Du Dahai was in disbelief.

“Why else would I say that I saw a ghost?”

“Xiao Liu!”

“Here!”

‘ Has the drill command center’s phone been connected?’ “It’s connected! But it’s from the director’s department.”

“He wants you to answer the phone.”

Xiao Liu said as she handed the phone to Wu Tian.

Seeing this, Wu Tian jogged over to pick up the call.

“I’m Wu Tian, the captain of the Red Army’s Dragon Shadow Special Forces.”

“Captain Wu, the drill command center asked me to officially inform you.”

” The Red Army Brigade Headquarters has been successfully occupied by the Blue Army. The ammunition and fuel supply system has been paralyzed, and the logistics and transportation insurance has been completely cut off by the Blue Army.”

” The Red Army has lost its ability to sustain combat!”

“The Red Army has failed!”

” The Dragon Shadow Special Forces and the 1st Battalion of Army Engineer, the 10th Battalion of Rocket Launchers, and the Army Flight Failure Brigade attached to the Red Army have been notified to withdraw from the exercise immediately.”

When Wu Tian heard this, he refused!

The drill had just begun, and the battle had not even started yet, and he was already declared a failure. How could he swallow this humiliation!

“What is it? Withdraw from the exercise? Are you sure?” Wu Tian roared hysterically.

”Ine Blue Army broke the rules: they ran off the help to cause troupe.”

“Your ruling is wrong. I can’t accept it! I won’t accept it!”

“Captain Wu, I’m here! I’ll repeat it to you again!”

” This is the decision made by the drill command after careful study and has been reported to the theater’s Army Staff.”

“Please follow my instructions! Thank you for your cooperation!”

Wu Tian did not continue to refute. Suddenly, he was speechless and hung up the phone angrily.

This verdict was like a bolt from the blue, instantly stunning the two commanders of the Dragon Shadow Special Forces.

None of them could have expected that the Dragon Shadow Special Forces, which had created an undefeatable legend in succession, would fail so unexpectedly in this exercise.

It was like a nightmare. Both Wu Tian and Du Dahai could not accept it. They could not even bear it.

Du Dahai walked over and asked Wu Tian. “Captain Wu, what do you think?”

“Judgement! It’s completely wrong!”

Just as the Red Army was caught in the vortex of failure, the Blue Army’s command center was laughing with the fruits of victory.

“I really didn’t expect that our victory this time would come so quickly!” Liu Ye said to Qin Yuan with a smile.

“This is simply too much! It’s like a dream!”

At this moment, Qin Yuan was so happy that he wanted to grin from the corner of his mouth to his ears.

“Let me tell you! Only by being extraordinary can you win.”

“That’s right!”

“That’s right!”

Everyone agreed.

At this moment, Qin Yuan suddenly fell into deep thought. What are you thinking about?” “Get Captain Long on the phone immediately.”

“Yes, sir!”

After saying that, Lin Xiaoxiao immediately went to the call system and started to operate.

As Long Xiaoyun received new instructions midway, the exercise was transferred to the command center halfway, leaving Lin Xiaoxiao to continue fighting with the Blue Army.

“Team Dragon! Your phone!”

Long Xiaoyun put down what she was doing and went to answer the call.

“Hello? Captain Qin, you’ve worked hard! ” “Captain Long, do you know the result now?”

“What result?”

” The drill command center has informed us. Our Blue Army has won this big drill!

“That’s great! Captain Qin, you’re so efficient!”

Long Xiaoyun said excitedly.

“But I’m busy repairing and strengthening the fortifications in preparation for the battle. I’m going to get busy.”

“Alright! I won’t talk to you for now.”

Before Qin Yuan could finish, Long Xiaoyun had already hung up the phone.

The call was suddenly hung up, and Qin Yuan was dumbfounded.

“What’s going on!”

“Captain Long, what do you mean?” Liu Ye asked.

“He didn’t say anything. He just said that he was busy building fortifications and hung up after saying that.”

“Could it be that the drill isn’t over yet?”

“Maybe the Long Xiaoyun is right. In a sense, we don’t have any victory to speak of.”

Qin Yuan began to analyze.

“If you call it a victory, then there’s no practical meaning in forming our professional blue army.”

“Report!”

The soldier in charge of monitoring the satellite suddenly reported.

‘ Satellite reconnaissance shows that the Red Army’s route has not changed. They are still heading towards Wolf Mountain.’

Seeing this, Qin Yuan and the others surrounded the investigation computer page.

” The Red Army has already been defeated. Why are they still advancing?”

“What is the meaning of this Dragon Shadow Special Forces? The drill director department has already announced the results of this drill. The outcome has been decided. They should immediately withdraw from the drill.”

Lin Xiaoxiao said with a puzzled expression.

“This is not strange! Dragon Shadow has always been an undefeated existence in the army. This drill has not even officially started, and he has already lost to us. How can Wu Tian be willing?”

“I’m just saying, I really don’t know what bad tricks he has up his sleeve..”

Chapter 625 - 625: Capturing Captain Wu Alive!

“Dahai, lead the troops forward.”

Although the exercise command had clearly informed Wu Tian that the exercise had failed, he still did not give up.

He still ordered them to continue advancing toward Wolf Mountain Base according to the original plan.

This was the rhythm of being determined to fight the Blue Army to the end. “Inform the Far Fire Battalion to enter the camp according to the original plan.”

“I’m going to the General Staff Department of the theater of operations right now. Let the Bureau Chief judge this for us.”

“Our Dragon Shadow Special Forces can’t just stand by and watch.”

“I don’t believe it! There’s no way the Bureau Chief wouldn’t have an explanation. ”

“Yes! Even if we lose, we have to admit it clearly. If we go back like this, how cowardly would that be?”

Du Dahai agreed with Wu Tian.

“How are we going to explain to our brothers? How are we going to lead these soldiers in the future? How are we going to train?”

“How about...’

Du Dahai suddenly changed the topic.

“Captain Wu, why don’t I go to the army’s war zone to look for the chief while you lead the troops?”

“No, I can’t! I’ve thought about it. It’s better for me to go!”

“After so many years, the Bureau Chief knows my temper. Even if I go overboard, he will still care about my face and won’t do anything to me.” “Before the military reform, any military commander who wants to work in the

Southeast War Zone should come to our Dragon Shadow Special Forces base to take a look.”

Du Dahai nodded in agreement.

‘ If we really think about it, the Dragon Shadow Special Forces have given the army in the theater of operations a lot of honor, haven’t they?’ “Even if we don’t have any credit, we have to work hard, right?”

‘ Dahai, you might not know this, but the outcome of this exercise is very important to us. It’s not as simple as a mere exercise.”

“We can’t afford to lose!”

Wu Tian suddenly said this to Du Dahai in a meaningful manner. The simple-minded Du Dahai did not understand at all. "Important? Isn't it just a drill?"

"The seniors of Dragon Shadow are all looking at us!"

Du Dahai nodded.

' When you arrive at Wolf Mountain Base, proceed according to the established strategy." "Wait for my good news!" "Yes, sir!"

Du Dahai replied confidently.

"Don't worry!"

Wu Tian added.

I've already ordered the 10th Artillery Battalion to attack. In 10 minutes, we'll cover the Blue Army's 535 defense line with artillery fire." "Destroy all his fortifications in one fell swoop."

"What?" Du Dahai asked in surprise. " Artillery attacks on defense line 535?" "That's right!"

"I'm not willing to be defeated like this."

' But, we've already been ordered to withdraw from the exercise. Won't this violate the regulations?"

"I don't want to listen to his nonsense!"

' Besides, our mechanized infantry is still on the way. Even if we destroy the fortifications at Wolf Mountain, we won't be able to organize our forces to attack the 535 defense line."

" As long as the artillery of the 10th Battalion can flatten Hill 535, I bet the Blue Army won't be able to repair it in three days and three nights."

The more Wu Tian spoke, the more confident he became. He vowed every step of his plan.

"As soon as our vanguard enters Wolf Mountain Base, we will launch an all-out attack on the 535 defense line. Wouldn't it be as easy as walking on flat ground to capture the frontline of 535?"

"This... Will this work?"

Du Dahai was a little doubtful.

"Why not? If Qin Yuan dares to sneak attack my lair, why can't I attack the 535 defense line?"

' Dahai, you don't have to worry about the consequences of this. I'll definitely demand an explanation from the Bureau Chief."

“Xiao Liu!”

“Here!”

“Immediately call the army! Tell them to wait for me at the Longquan Ferry exit. I’m going to the Army Staff Headquarters.”

“Yes, sir!”

After receiving the order, the soldier Xiao Liu immediately returned to the car to operate the communication system.

The Red Army’s artillery received Wu Tian’s instructions and launched an artillery attack on the 535 frontline without hesitation.

At this moment, Qin Yuan’s helicopter command center was also monitoring the situation of the Red Army in real time.

” Team Qin, 535 command post reported that the front line has been completely destroyed by artillery fire.” Liu Ye immediately reported to Qin Yuan after receiving the report on the battle at the front line. “It seems that Captain Dragon’s thinking is right.”

“Immediately inform the troops at home to reinforce and repair the fortifications. ”

However, the front line has suffered continuous artillery attacks. It will be difficult to repair it in two to three days.” When Qin Yuan heard this, he was in a dilemma.

“Has Wu Tian run out of tricks? Is this human affairs?”

Just as Qin Yuan and Liu Ye were frowning, Lin Xiaoxiao discovered a new situation.

“Captain Qin! New situation!”

“What’s going on?” Qin Yuan asked impatiently.

” The Far Fire Battalion assigned to Dragon Shadow is advancing toward Wolf Mountain at an accelerated pace. It is very likely that they will launch a second round of artillery attacks on us.”

“There’s more! We’ve intercepted a new set of intelligence!”

Lin Xiaoxiao continued.

” Wu Tian didn’t carry out the decision of the exercise command center. He refused to carry out the decision to ask the Red Army to withdraw from the exercise.”

“Alright then.” Qin Yuan sighed helplessly.

“Since Wu Tian wants to fight to the death, don’t blame us for being merciless.” Qin Yuan said with a faint ruthlessness.

On the other side, Wu Tian drove non-stop to the exit of Longquan Ferry. Before he arrived, the transport helicopter had already landed and stopped on the helipad, waiting for his arrival.

When the SUV stopped, the officer who greeted him walked up to open the door for him. After getting out of the car, the two of them saluted each other.

“Captain Wu, the superiors have ordered the 03 crew of the 15th Brigade to come and carry out the support mission!”

Chapter 626 - 626: Capturing Captain Wu Alive!

“Please give your instructions!”

“Can you reach the Army Staff in an hour?” Wu Tian asked, “No problem! Captain Wu, please board the plane!”

“Let’s go! Let’s go!”

With that, Wu Tian successfully boarded the plane with the sergeant.

Wu Tian, who had boarded the plane and sat down, opened the curtains to take a look at the scenery outside. A soldier handed him a bottle of mineral water.

“Captain Wu, please have some water!”

“Good! Thank you!” Wu Tian politely took the water from the soldier’s hand and drank it.

At this moment, a call came in from the command center on the communicator, requesting to speak to Wu Tian.

“Yes, sir! Captain Wu is on my helicopter.”

“Who’s looking for me?” The sudden appearance of someone frightened Wu Tian.

“It’s the drill command center. They’re looking for you!”

When he heard that it was a call from the drill command center, Wu Tian took the headset from the soldier without saying anything.

“I’m Wu Tian!”

‘ Captain Wu, I’m Deputy Commander Liu of the drill command center. The head of the army in the theater asked me to inform you.’

‘ Please go to the training base on the corridor immediately. The head of the army in the theater will hold a summary meeting here at 10 O’clock tonight.’ “Please come as soon as possible! ”

“What did you say? Wrap-up meeting? The drill hadn’t even started yet, and they were already holding a summary meeting! What conclusion?”

“I’ve really seen a ghost!”

” This is an extremely unserious farce. It’s just treating the drill as a joke! Acting!”

Wu Tian angrily took off his headset. “Get Du Dahai on the phone right now!”

“Yes, sir!”

After a while, the call went through.

Wu Tian picked up his earpiece and said without any explanation.

“The sea! Where are you now?”

“Where am I?”

‘ Dahai, it’s like this. The drill headquarters just called me and asked me to rush to Wolf Mountain Base to attend the drill summary meeting.”

“Isn’t this nonsense? If you want to go, you go on my behalf. I’m going to the army soon.”

“Ah. You can’t just not go to this summary meeting. You’re the main character!”

Wu Tian could tell that something was wrong with the voice. It was obviously not Du Dahai’s tone.

‘Who are you?’ Wu Tian immediately asked.

“Captain Wu, you’re really forgetful. Can’t you recognize my voice?” Qin Yuan chuckled.

“I sent you a WeChat message just now, but you didn’t reply at all.”

Wu Tian listened carefully to the voice, and the more he heard, the more strange it sounded.

“I think you should be familiar with my voice.”

“Qin Yuan?”

“What else do you want?”

“Captain Wu, on behalf of all the officers and soldiers of the Blue Army, I welcome you as the first high-ranking officer captive of the Blue Army.”

“Bullshit!”

As soon as Wu Tian finished speaking, three to five people dressed like officers immediately surrounded him.

These people all stared at him with meaningful eyes.

Wu Tian was stunned. He could not understand what was going on.

“Aren’t you guys from Lu Hang?”

“Captain Wu, let me introduce myself.”

“I am Zhou Qing, the instructor of the Blue Army Battle Wolf Special Forces!” After saying that, Zhou Qing took off his hat and sat opposite Wu Tian.

Wu Tian had never seen such a scene before. However, he was immediately stunned. He opened his mouth wide and did not say a word, doubting everything in front of him.

“Our Captain Qin asked me to report to you the changes in the battlefield!”

” The situation is like this. After we destroyed the Dragon Shadow Special Forces base, we locked onto the frequency band between you and Du Dahai.”

“We learned that the two of you were going to meet on the highway. Originally, we planned to kill the two of you with air-to-ground missiles after the two of you met.”

However, our satellites later discovered that your convoy was still moving towards Wolf Mountain and did not carry out the command of the drill headquarters to withdraw from the drill.”

‘ So, Team Qin gave up on the plan to kill them and continued to track you and Du Dahai.”

“I also intercepted the information that you called for a helicopter to go to the head of the army in the war zone to report us. So we came up with a plan to capture you alive in the air.”

When Wu Tian heard this, he knew that his plan had long been known by them. A hint of disdain appeared in his eyes.

“We will temporarily pretend to be assigned to the Red Army Army Air Force 15 crew to protect them.”

I didn’t expect you to be so eager to tell on us that you didn’t see through our plan. That’s why this is happening.”

Zhou Qing clearly explained the entire process to Wu Tian.

“Despicable!”

Wu Tian forced out these two words after a long time.

“You’re absolutely right! As enemies, we need to be despicable!” Zhou Qing immediately retorted.

“But as a captive, what you need to do now is to admit defeat!”

“It’s not up to you who wins or loses! Let me tell you, the Dragon Shadow Special Forces will never lose! ”

Wu Tian retorted Zhou Qing indignantly.

Wu Tian's side had finally come to an end. Now that he was under the control of the Blue Army, it could be said that he had been quiet for a while.

Du Dahai led the convoy toward Wolf Mountain Base. While they were marching, they suddenly noticed a huge traffic jam in front of them.

Seeing this, the driver gradually slowed down. The convoy was thus hindered by the sudden incident in front of them.

Du Dahai immediately asked someone to get out of the car to check. 'What's the situation up ahead? Hurry up and get out of the car to take a look.'

"Yes, sir!"

Then, two officers got out of the car and jogged forward to understand the situation.

"When can we let them pass?"

The officer anxiously asked the staff at the scene.

"How can I be sure about that? If you don't have anything urgent, wait a moment."

"Comrade! We have an urgent mission and need to pass it immediately.

Otherwise..."

"Don't say otherwise. If everyone obeys the traffic rules, there won't be any accidents, right?" The staff on the scene interrupted the officer.

"Don't worry. The traffic police and insurance company will be here in an hour. After taking photos and drawing pictures, you will be able to pass immediately."

At this moment, Du Dahai, who was sitting in the car, saw that the sergeant he sent out had not returned to report the situation. He was as anxious as an ant on a hot pan and could not sit still anymore.

He immediately got out of the car and jogged forward to personally understand the situation in front of him. He hoped that he could pass smoothly as soon as possible to avoid any delays.

Du Dahai saw the officer who had just returned as soon as he got out of the car.

"Vice-Captain Du, there are often traffic accidents in front, so we can't let them pass."

"How can that be?" Du Dahai couldn't just let it go.

"We have to execute the second plan immediately."

The sergeant at the side immediately came up with an emergency plan. He glanced at the protective fences on both sides of the road.

"The slope is very small from here. As long as the guardrail is removed, the motorcade can go around from below."

"After the convoy passes, we'll let the engineer company restore them. If there are any losses, we'll compensate them according to the price."

Du Dahai listened to the sergeant's emergency plan and thought about it. It seemed that this was the most feasible solution.

"This is the only way."

"But we have to negotiate with the highway management department first."

"Deputy Captain Du, there are road workers ahead."

"Alright! I'll go and negotiate with them about this. Bring up the engineer company."

"Yes, sir!"

When Du Dahai saw the road administration staff, he went up to greet them politely.

"Comrade! You're from the road administration department, right?"

"Yes! I am!"

"I'm their leader." Du Dahai explained to the staff.

"Is there anything I can help you with?"

"Yes! It's like this. If we wait until the traffic accident is settled before we can pass, it might delay the big deal."

"So that's what happened. But my words don't count here. Our boss asked me to keep an eye on every car here and not let them pass."

"We're not allowed to destroy the scene before the traffic police arrive, so we'll have to wait until the traffic police and insurance company come to the scene to take photos and collect evidence."

Du Dahai was in a dilemma when he heard that.

"But comrade, we are going to participate in a military exercise. Our mission is very urgent."

"According to the wartime emergency mobilization regulations, we need to open this guardrail, go around it from below, and then restore it for you. There will definitely be no damage to the highway."

"If there's a loss, we'll compensate you according to the price!"

I don't have the final say. I have to report to our boss. You can only make a move if he agrees."

Seeing that the situation was getting more and more tense, Du Dahai realized that there was no progress after communicating for a long time. He suddenly fell into deep thought..

Chapter 627 - 627: Capturing Du Dahai!

Du Dahai and the others were obviously helpless in the face of the accident scene. They were even a little passive.

“Then please contact your boss as soon as possible and ask him to agree to let us pass urgently!”

“Alright! Wait a moment, I’ll call our boss right away.”

The road administration worker made a call and turned on the speaker.

“Boss! Boss! I’m Lu Lu! There’s a comrade from the People’s Liberation Army here. He said he wants to pry open our guardrail.” “What is it? Remove the guardrail? Isn’t this just sabotage?” “No, no, no! This is definitely not possible!”

A wave of rejection came from the other end of the phone.

Du Dahai frowned when he heard that.

“Look, our boss doesn’t agree!” The road administration worker said to Du Dahai helplessly.

“Who is your leader? Let me talk to him.”

At this moment, Du Dahai was completely unaware of the current situation. He was stepping into the trap that he had designed step by step.

“Our boss is the chief of this section. His surname is Qin, and he’s called Boss Qin! If he doesn’t agree, it’s useless even if the traffic police come.”

As he spoke, the road administration staff dialed the number and passed it to Du Dahai.

‘ Comrade Qin, I am Du Dahai, the vice-captain of the Dragon Shadow Special Forces. Our mission is very urgent and we need your help.’

“Vice-Captain Du, you’re from the Dragon Shadow Special Forces. Your captain is Wu Tian, right?”

When Du Dahai heard that he knew Wu Tian, a relaxed smile appeared on his face.

“Are you very familiar with our Captain Wu?”

“Of course I’m familiar with him. He can hold his liquor very well. When he comes, we have to have a good drink with him.”

“The army has a rule. You’re not allowed to drink now.”

A burst of hearty laughter came from the other end of the phone. “It’s fine if you don’t drink. Come and have some tea. I have good tea here!” ‘ Our engineers are here. Can we start tearing down the guardrail now?’

“How about this, Vice-Captain Du, come over and I’ll take care of this. Let’s go through the procedures.”

“After the procedures are completed, I’ll report it to my superiors. It’ll be legal.”

“We’re in a society ruled by law now. Please bear with the procedures.”

The road administration officer did not wait for Du Dahai to react before he said, “Leader, our station is in the town ahead. It’s not far. Please follow me!”

“Alright! I’ll go with you!”

“You guys wait here. I’ll start work after I’m done with the procedures.”

“Yes, sir!”

Du Dahai turned around and instructed the officer beside him.

After saying that, the road administration staff took Du Dahai to a sewer by the side of the road. As they walked, they did not forget to turn around to remind him.

“Leader, slow down...”

“It’s faster for us to go through this tunnel.”

“How far is it?”

“We’re almost there!”

After they walked into the tunnel, the road administration staff began to report to Boss Qin.

“Boss Qin, Boss Qin! Vice-Captain Du and I have already entered the tunnel.”

Then, they continued to walk in. The more they walked, the darker the light became. Du Dahai seemed a little uncertain.

“How far is it?” Du Dahai asked again.

“We’re almost there! He walked further in. The car is parked inside.”

The road administration staff answered Du Dahai seriously.

Suddenly, in the pitch-black tunnel, the glaring headlights of a car suddenly lit up. For a moment, Du Dahai could not open his eyes.

Du Dahai used his hand to block the strong light in front of him while trying to open his eyes to check the situation in front of him.

He could vaguely see two black figures getting out of the car and gradually approaching him. Through the dazzling lights, he could vaguely see that the black figures were actually wearing camouflage uniforms.

At this moment, Du Dahai’s heart skipped a beat. Just as he was about to pull out his gun and aim, the road administration staff, who had been prepared, quickly pulled out his gun and aimed at Du Dahai’s head.

The road administration staff looked as if their plan had succeeded.

It turned out that all of this was a trap set up by Qin Yuan early on. He was trying to lure Du Dahai in step by step. In the end, when the time was right, he would capture him alive.

The road administration worker was actually Battle wolf Geng Hu in disguise.

Du Dahai, who was in prison, finally realized what was going on.

Unfortunately, it was too late.

“Hello! Vice -Captain Du! I’m the vice-captain of the Blue Army Battle Wolf, Liu Ye.” Liu Ye introduced himself.

“We are here under Boss Qin’s orders to arrest you.”

“Arrest me? Boss Qin?” Du Dahai was dumbfounded.

“The person who spoke to you just now was our Blue Army Battle Wolf Captain, Qin Yuan!”

Only then did he realize that he had fallen into the Blue Army’s trap.

“No. 5, please pay attention. Vice-Captain Du is going through the formalities.

The road can be cleared normally! You can let them pass!”

Liu Ye arranged for them to pass through in an orderly manner.

” Vice-Captain Du, I’m sorry to inform you that your captain, Wu Tian, has been captured by the Blue Army Air Force.”

‘ He’s currently being escorted to the Wolf Mountain Training Base.”

“What did you say?”

Du Dahai was stunned when he heard the news that Wu Tian had been captured. He could not believe it at all.

“Our Captain Wu was... Captured?”

“Not only that, but unfortunately, you have already become the second high-ranking officer of the Blue Army captive.”

“Please!”

Liu Ye said to Du Dahai with a victorious attitude.

At this time, in the office of the political commissar of the organizer of this exercise, Feng Hai, the chief was worried about the outcome of the current battle..

Chapter 628: Capturing Du Dahai!

At this stage of the exercise, this was the result.

No one would have thought that the military and political officers of a trump card army with outstanding achievements would be captured by their opponents before they even arrived at the drill site.

This was too unbelievable. It was probably unprecedented in the history of the People's Liberation Army. No matter which side I favored, I felt ashamed, blushed, and frightened.

Not only Wu Tian and Du Dahai, but even I am deeply shocked and ashamed.

Soon, it was ten o'clock in the evening. The meeting hall of Wolf Mountain Base was filled with high-ranking officials from various military regions.

The Blue Army representatives who participated in this exercise, Qin Yuan and Long Xiaoyun, appeared on time at the conference site, but the Red Army did not appear for a long time.

The meeting began as scheduled.

"The conference officially begins! The summary meeting of the ground army combat exercise in the first war zone begins now."

' Other than the two commanders of the Red Army who are not present, everyone else has arrived. This shows that the leaders of the various units are still very concerned about the emergency notice issued by the army in the battle zone."

"Since it's a summary exercise, both the red and blue teams must be present."

"Blue Army Qin Yuan!"

"Here! "

Qin Yuan immediately stood up and replied.

"The first phase of the drill has ended. Please release the prisoners!" Feng Hai told Qin Yuan that he could release the Red Army prisoners.

"Yes, sir!"

"Release the prisoners immediately!"

Following Qin Yuan's order, Liu Ye, who had been waiting outside the conference hall, slowly pushed open the door after hearing the order.

Liu Ye led a group of people in an orderly manner. Wu Tian and Du Dahai followed at the back of the group. The two of them walked in step by step and sat down at their seats.

Feng Hai continued to speak.

' Comrades, all the leaders of the major units are invited to attend this meeting today. It's arranged to be held at night."

‘ Some of you may not understand. First of all, most of the units did not participate in this exercise. They don’t even know the content and scale of this exercise, let alone the true significance of this exercise.”

Feng Hai said earnestly.

‘ Secondly, the major units participating in this exercise are also unclear as to why this conclusion meeting is held tonight, which is the night the exercise begins.

“The commander will explain these two points to everyone during the evaluation.”

“There are three things in today’s meeting.”

‘ First, report the final results of the exercise. Second, give a review. Third, announce the deployment of the second phase of the exercise.” ‘ The three tasks must be completed within 30 minutes.”

“Next, let’s welcome Chief of Staff Shen to announce the announcement.”

I hereby announce that the first phase of this combat exercise has been successfully completed.”

” The exercise will begin at 6:00 this morning and end at 16:00 this afternoon.

The exercise is scheduled to last for three days.”

” The mission and content of the exercise is that the main force of the Red Army will attack the 535 defense line of the Wolf Mountain Training Base, which is defended by the Blue Army, within three days. It will be a victory for the Red Army. Otherwise, it will be a failure for the Red Army.” ‘ This is to test the overall military strength of the Red and Blue teams.”

“The exercise was completed within ten hours of the day and achieved a refreshing result. After the opinions of the exercise command center, the exercise director department, and the military experts of the Army.”

It was ruled that the Blue Army’s Battle Wolf and Wolf Fang Special Forces used a large fleet of helicopters to attack the Red Army’s base in less than four

hours and blew up the Red Army’s ammunition and fuel depots.”

‘ Completely cut off the Red Army’s logistics supply line, and effectively use camouflage tactics to slow down the Red Army’s march.”

” Under the condition that the Red Army has lost its ability to sustain mobile combat, the exercise director department has ruled that the Red Army has failed and issued an order for the Red Army to withdraw from the exercise.”

‘ But surprisingly, the Red Army did not carry it out. They continued to advance to Wolf Mountain according to the original plan.”

‘ He also ordered his artillery battalion to launch an artillery attack on the Blue Army’s position.”

“The Blue Army adapted to the situation and planned to capture the military and political chief of the Dragon Shadow Special Forces, the main force of the Red Army, alive.”

” The command system of the Red Army was completely paralyzed. The exercise ended successfully with the Blue Army winning.”

Staff Officer Shen passionately announced the results of the exercise.

‘ Now, on behalf of the theater’s Army Combat Department, I announce that the Army Dragon Shadow Special Forces will withdraw from the exercise and return to the station to seriously summarize.”

‘ Drill announcement, read out!”

Staff Officer Shen paused and continued,” Now!” I’ll announce another punishment.”

In this large-scale drill, because Comrade Wu Tian of the Dragon Shadow Special Forces refused to carry out the order issued by the drill director department to withdraw from the drill.”

” As a soldier, the nature of this is extremely serious. However, in view of Comrade Wu Tian’s disobedience of orders, which is still in a non-war period, he should be dealt with according to the relevant regulations of serious violation of military discipline. ”

“The Army Party Committee of the theater of operations has decided to give Wu Tian a severe warning.”

At this moment, Wu Tian’s heart was filled with 10,000 f * ckers. His emotions were so complicated that it was difficult to describe them.

After reading out Wu Tian’s punishment, he continued to read out the arrangements.

‘ Now, let’s move on to the second segment of the conference. Next, let’s invite Commander Xing to give his evaluation!”

Commander Xing adjusted the position of the microphone and sat upright as he began to speak.

‘ Comrades, Chief of Staff Shen has already explained the first phase of the exercise.”

‘ Since it’s a live commentary, let’s start from the scene. Chief of Staff Shen just read out Wu Tian’s punishment.”

“I think everyone heard it clearly.”

“This is not only a punishment for Wu Tian, but also a wake-up call for all the officers present.”

” After all, the military reform has already entered the deep waters, but some of our comrades ‘thinking is still stuck in the military district era before the military reform.”

‘ You think that just because you’ve made some contributions, have more experience, and were once an example of an advanced person, you can break the rules and disobey orders.”

“General Ji turned a blind eye! I’m here to remind those comrades who have fantasies to wake up immediately!”

“Wu Tian received punishment today, but it doesn’t mean that the flag of the Dragon Shadow Special Forces has fallen.”

‘ Don’t forget that the flag of the Dragon Shadow Special Forces has gone through many hardships and dangers. I hope you don’t forget your original intention.”

” The reason why Wu Tian made such a mistake today was because he was overwhelmed by this heavy honor.”

I also heard that he still hasn’t admitted defeat. He’s still not convinced.”

“Even now, I still don’t know how I lost.’

“Just like that, the Blue Army captured prisoners.” Commander Xing pointed in Wu Tian’s direction as he spoke.

“You even have to harden your neck and sue them! If this continues, how many more days can our Dragon Shadow Special Forces ‘flag last?” As he spoke, the commander subconsciously walked to Wu Tian’s side.

Wu Tian and Du Dahai immediately stood up.

“Captain Wu, I want to hear your thoughts.”

“I accept the punishment of the organization!”

Wu Tian’s words were concise and comprehensive. He did not want to say too much.

“Chief, on behalf of all the officers and soldiers of the Red Army, I solemnly admit that we have indeed failed this time, but all the officers and soldiers of our base will not fall because of this.”

“We will definitely pull ourselves together and carry the banner of the Dragon Shadow Special Forces.”

Du Dahai said. Commander Xing immediately took the lead in clapping in awe, causing everyone present to applaud. The thunderous applause lasted for a long time in the conference hall.

“Very good! It’s good that you have determination!”

“But do you know why I lost?”

Du Dahai was stunned when he heard that. Commander Xing quickly added.

I don't need your answer now, and I don't believe your answer now.”

“When you go back, you guys should sum up and study the reasons for your failure. It's okay if you fall, just get up.”

“I'm just afraid that if you don't know why you fell, you'll definitely fall again. At that time, you won't have that chance.”

Wu Tian did not say a word when he heard that. He was extremely depressed. Du Dahai immediately responded.

‘Yes, sir!’

” We'll definitely sum it up and find the problem when we get back.”

Commander Xing nodded in agreement. Sit down.”

“Comrades! The winner of this exercise is the newly formed specialized blue army unit of the first theater of operations. Battle wolf Special Forces and Wolf Fang Special Forces.”

“We congratulate them on their victory!”

With that, another round of thunderous applause rang out in the conference hall..

Chapter 629: The Second Stage of the Drill Is Ready

“Alright! Now, the first phase of the exercise has come to an end.”

‘ Now, I announce that the second phase of the exercise has officially begun!’

Feng Hai immediately stood up and said,” Although the Dragon Shadow Special Forces have been defeated in the first phase of the confrontation between the Red and Blue Forces, our Mountain Leopard Special Forces in the second phase are ready to go.”

“The second phase of the drill will begin on time in three days! Meeting dismissed!”

As the people in the venue gradually dispersed, Wu Tian and Du Dahai refused to leave their seats.

Wu Tian could not accept the defeat this time. If the drill had been an official opening fire at Wolf Mountain Base, he would have accepted it.

However, this time, they were on their way to Wolf Mountain Base, and the blue army had planned to capture them alive.

The original plan was to have a three-day drill, but in just four hours on the first day of the drill, two commanders were captured alive.

Who could swallow this anger?

However, the fact that the Red Army had lost was a foregone conclusion. Even if it was difficult to accept, what they needed to do now was to face reality.

Wu Tian sighed and looked at Du Dahai.

“Dahai, let’s go! Let’s go back and reflect on this exercise.”

“We can’t just fall like this.”

“Sigh, although the feeling of losing a battle is not good! However, as the commander of the army, we have to stand up at this time.”

When Du Dahai saw Wu Tian’s excited expression, he instantly became spirited.

“Yes, that’s right!”

“Captain Wu, we must pull ourselves together. We must not be defeated!”

After saying that, the two of them immediately stood up and strode out of the meeting room valiantly. They drove away from the Wolf Mountain Base that marked their defeat and humiliation.

Due to the failure of this drill and the punishment from the army, in order to let Dragon Shadow reflect more deeply, the military chief considered Wu Tian’s pride and gave him three days of leave to buffer his emotions.

At this time, the captain of the Mountain Leopard Special Forces, Wang Zhigang, was also preparing for the exercise in three days. He summarized the results of Dragon Shadow’s sudden defeat in the first phase.

Wang Zhigang thought that he could not figure out the reason even if he pondered here. He might as well make an appointment with Wu Tian to catch up and talk to him about the entire process of his failure in the exercise.

He wanted to learn a lesson from it and avoid making the same mistake in the exercise three days later. He also wanted to observe the Blue Army’s marching train of thought.

Wang Zhigang immediately called Wu Tian.

Du du du—

“Hey! Old Wu, I’m Wang Zhigang!”

“It’s you! Why? I just lost a battle and you’re already thinking of laughing at me?” Wu Tian said unhappily.

Speaking of the relationship between Wu Tian and Wang Zhigang, they were old classmates in the same university before entering the military camp. After entering the military camp, they led their own troops.

Although they were from the south and the north, they would often gather together to bond when they were free.

“What are you talking about? I saw that you were on vacation and wanted to take this opportunity to have a good meal with you to relax.”

“At least you have some conscience. Sigh, ever since I came back yesterday, I’ve been reflecting on the reason for my defeat.”

Wang Zhigang’s concern was just right. Wu Tian, who was originally depressed, felt a little relieved.

“You don’t know this, but I’ve never been so embarrassed in my entire life.”

“Hey, you said you were reflecting on yourself. What did you reflect on?” Wang Zhigang asked Wu Tian over the phone.

When Wu Tian heard that, he suddenly understood and said to Wu Zhigang on the other end of the phone.

“So this is why you wanted to treat me to a meal?”

“Who are we? Besides, the second stage is to arrange for me to directly confront the Blue Army. Shouldn’t I come to you to gain some combat experience?”

“Yes, yes, yes! How could I have forgotten about this!” Wu Tian slapped his forehead and said in realization.

“That’s great, that’s really great!”

“You have to help me beat up this Qin Yuan. He’s too arrogant. You have to help me vent my anger!”

“It’s a pity that I don’t have the chance now, but I’ve basically figured out Qin Yuan’s plan.”

Wu Tian seemed to have suddenly opened his mouth. When he mentioned Qin Yuan, he could not stop talking.

“Old Wu, how about this? Let’s pick a place to eat and chat. You can pick the place.”

Wu Tian thought about it and agreed. He could not talk about it over the phone. It was better to choose a place to eat and chat while reminiscing about the past.

“I know a place that makes good crayfish. Let’s go and try it with you.” “You mean Waning Moon Restaurant on Zhongshan Road?”

“Yes! That’s right!”

“Old Wu, speaking of which, if you want to eat fresh prawns, you have to eat them from our coastal areas. That’s the real seafood.”

“What’s so good about these crayfish? They grow in the mud pond and paddy fields. ”

“You don’t understand. We used to look down on crayfish. Ever since crayfish entered the mainland market, they even got on the dining table of the state banquet.”

“Alright, alright, alright! We’ll listen to you. Let’s go eat crayfish now.”

“Alright, I’ll set off now. See you later!”

After the two of them said goodbye to each other and hung up the phone, they set off to meet up at Waning Moon Restaurant.

At this moment, the technical center that Long Xiaoyun was in charge of was monitoring the conversation between Wang Zhigang and Wu Tian in real time. Qin Yuan happened to walk in from outside the door..

Chapter 630: The Second Stage of the Drill Is Ready

“Captain Qin! Quickly arrange for someone to set off to the restaurant of the Waning Moon Restaurant to monitor.” Long Xiaoyun immediately said to Qin Yuan when she saw him.

“Xiao Xiao, Geng Hu, you two immediately take some men to control the Waning Moon Restaurant.”

“Yes, sir!”

Lin Xiaoxiao and Geng Hu immediately set off after receiving the order.

Qin Yuan looked around at the newly decorated information technology center and asked doubtfully, “Captain Long, you’ve made this good technology center look like a spy movie.”

“Is there any meaning to this?”

“Using guns, cannons, and planes is considered actual combat?” Long Xiaoyun asked Qin Yuan.

” That’s right. How can the enemy track and infiltrate every officer in a peaceful era?” Qin Yuan refuted Long Xiaoyun’s point of view.

“How is it impossible? Our Chinese soldiers have fought too few battles and have little contact with the foreign army. We don’t understand what it’s like when the foreign army is preparing for war.”

‘ Do you really think that the foreign troops are sunbathing on the beach in Hawaii every day and drinking coffee in a coffee shop?’

Qin Yuan looked at the military system update on his phone indifferently.

“That’s a movie! That’s belittling her!” Long Xiaoyun explained to Qin Yuan reasonably.

“In fact, they have never relaxed their infiltration and reconnaissance for a minute.” As Long Xiaoyun spoke, she suddenly straightened her body and continued to speak to Qin Yuan.

‘ Let me tell you, from outer space to coastal waters, from open trade to tourist entry, from secret rebellion to open bribery, they use all kinds of methods.’

Seeing that Long Xiaoyun was getting more and more serious, Qin Yuan listened even more seriously.

‘This is just the most common method. As long as we soldiers are vigilant, it’s easy to guard against it.’

‘But if they want to rest easy every day, I don’t know what will happen.’

‘Captain Long, are you playing psychological warfare? Or is it an intelligence’
Qin Yuan asked curiously.

‘ There’s intelligence warfare in psychological warfare, and there’s psychological warfare in intelligence warfare. Only by combining the two tactics and having a good grasp of the opportunity can one achieve the best results on the battlefield.’

Long Xiaoyun explained to Qin Yuan confidently.

This surprised Qin Yuan. ‘ Why do I feel like what you’re studying is all biased?’

‘ The role of the media in modern warfare, fusion warfare, psychological warfare, intelligence warfare, they have to cooperate with each other...’

Long Xiaoyun interrupted Qin Yuan.

‘You’re not in this major, so don’t get involved.’

‘ According to psychological analysis, Wang Zhigang is eager to learn about the situation from Wu Tian in order to improve his chances of winning this drill.’

‘He wants to avoid making the same mistake as Wu Tian. This is his current psychological state.’

‘Is there a need to say that? Everyone knows what Sima Zhao is thinking.

Anyone would do the same.’

‘ This is the relationship between psychology and intelligence warfare.’

Long Xiaoyun paused for a moment before continuing, ‘ I think Wang Zhigang will definitely make the next strategic deployment and plan for us based on Wu Tian’s deployment mistakes.’

‘The political commissar of the Mountain Leopard Special Forces, Liu Xiu, is waiting for Captain Wang’s strategy. They will definitely communicate remotely to exchange opinions.’

‘Captain Long, that means that Wang Zhigang and Wu Tian will rush back to the base for an emergency military meeting after eating the crayfish.’

Qin Yuan followed Long Xiaoyun's train of thought and continued to predict.

If Wang Zhigang becomes anxious in the end, he might ignore the military confidentiality regulations and use civilian communication means to contact his family to study the marching plan."

' So you're saying that it's highly possible for us to obtain the latest intelligence on the Mountain Leopard Special Forces through this loophole."

"That's right!"

Long Xiaoyun and Qin Yuan predicted every step of the Mountain Leopard Special Forces 'strategy from a professional perspective.

Although Long Xiaoyun's analysis was very reasonable, Qin Yuan was still slightly worried.

' Captain Long, you have to know that Wang Zhigang is not Wu Tian. I don't think he would do something as important as this. You're making things a little out of hand."

Long Xiaoyun immediately explained," Of course I'm not 100% sure, but from Wang Zhigang's current psychological state, behavior logic, and his emotions when he accepted the mission, there are only two thoughts in his mind."

Long Xiaoyun continued to analyze Wang Zhigang's psychological activities professionally.

"First, how to avoid making the same mistake as Wu Tian. Because the Bureau Chief has already criticized him very harshly. He has to avoid the Bureau Chief's evil expression."

' Second, the route of the army and the prevention of ambushes should reach Wolf Mountain as soon as possible. As long as his main force reaches Wolf Mountain, it doesn't matter how they attack the 535 defense line."

' Because he got the information from Wu Tian. The Blue Army's actual combat strength is very weak. They can only rely on stealth methods to win."

"How did you know?"

Qin Yuan asked curiously.

" That's not difficult. I recorded everything that they said just now."

" After so many years of ringing the alarm in his ears every day, he's still sleepy. People who haven't lost their wallets won't hate thieves. It's a habit of peace created in peaceful times."

"As expected of Captain Long. You speak so well."

Qin Yuan was extremely impressed by Long Xiaoyun's analysis. Coincidentally, Lin Xiaoxiao, who had just gone out to set up control, had returned.

“Captain Qin, the surveillance cameras of the Waning Moon Restaurant have been connected. Quickly check the clarity.”

After hearing this, Qin Yuan operated the video surveillance camera in front of him to check. On the screen, Wang Zhigang and Wu Tian’s every move in the restaurant could be clearly seen.

Moreover, every word they said could be heard clearly.

“Old Wu, tell me, how did you and Du Dahai become captives?”

When Wu Tian heard that, he was unhappy and immediately rebuked Wang Zhigang.

“Who is the captive?”

Only then did Wang Zhigang react. He pretended to slap himself and joked, “It’s a mistake!” Stuck before the horse!”

With this teasing, Wu Tian finally smiled.

Geng Hu disguised himself as a waiter and served them drinks. He even poured drinks for them.

“Two customers, there are still two dishes behind you. I’ll help you rush them.”

“Actually, this Qin Yuan doesn’t have any new tricks. He’s also playing the beheading operation of the western countries. It’s also the thirty-six strategies of China. To capture the thief, we must first capture the king.”

Wu Tian began to tell Wang Zhigang about his understanding of Qin Yuan.

However, I never expected that he would come for Du Dahai and me as soon as he came up.”

“Don’t you have any vigilance?” Wang Zhigang questioned.

” Who would have thought that he would have such a move? At that time, all my attention was on how to attack the 535 defense line.”

” According to the reservation, I’ll get 535 in three days.”

“Old Wang, you know me. With my strength, I can take him down on the same day. I just didn’t expect Qin Yuan to trip me up halfway.”

“Now that the drill is done this way, it will be chaotic in the future. I’m definitely not convinced by this!”

After saying that, Wu Tian’s face was filled with unwillingness.

“I know you’re a person who doesn’t admit defeat, but there’s no need for you to block the Bureau Chief’s face.”

“I just feel that you’ve been punished unjustly this time.”

“Alright, let’s not talk about this anymore. The matter is already set in stone. There’s nothing more to say. I’m willing to accept the organization’s punishment.”

“By the way, Old Wu, how did Qin Yuan know about the traces of you and Du Dahai?” Wang Zhigang asked as he ate the crayfish.

“Dahai and I, I’ll take the lead, and he’ll bring up the rear. The two of us are 150 kilometers apart, and Qin Yuan intercepted the communication frequency of our two cars. It’s also possible that they have been monitored by the drones that they have successfully disguised.”

‘ Our encrypted frequency band has been successfully cracked by them...” “Then why don’t we switch to another frequency?” Wang Zhigang couldn’t help but interject.

‘ Change my ass. Who would have thought that he would attack on the road?

We’re in the middle of the march. The battle hasn’t even started yet!”

The more Wu Tian spoke, the more agitated he became. He was still furious when he recalled the incident of being accidentally captured alive during the march..
