

Special Troop 641

Chapter 641 - 641: A Refreshing Blue Army!

At this moment, Liu Ye and Zheng Xiaohu, who were driving a few military vehicles, arrived at the location of the engineer platoon.

Seeing Liu Ye get out of the car, the captain of the first platoon of engineers immediately walked forward and saluted.

‘Reporting to the vice-captain, the engineering unit has stopped the Red Army convoy on both sides of the road 500 meters away.’

“The fixed-point blasting is ready!”

“We can carry out the mountain explosion at any time!”

Zheng Xiaohu, who was standing at the side, asked curiously.

“Directional explosion?”

The team leader explained.

”We’re going to use the mountain blasting to form a landslide to block this section of the road and stop the Red Army convoy from moving forward.”

Liu Ye interrupted.

It’s what I told you just now. Trash tactics.”

“Vice-captain, look.”

As he spoke, the team leader took out a communication device and handed it to Liu Ye.

The software on it demonstrated the garbage barrier formed after a landslide.

Liu Ye glanced at it and asked. “How many cubic meters of blocking objects can we create now?”

“Close to...10,000 cubic meters.”

“Then how long will it take for the Red Army to break through?”

“At least three hours.”

“Alright, how about this. Give me double the amount of earth and stone!”

The team leader thought for a moment. ‘But it will take time to refill the ammunition.’ Liu Ye turned to look at Zheng Xiaohu. “Call the special forces to replace the engineers.”

“Good!”

Then, he turned around and said to the team leader. “Gather your engineers and continue filling the explosives.”

“I’ll give you twenty minutes to get it done.”

“I want them to dig until dawn!”

‘ Engineer soldiers like to play with large quantities. No problem!’

Liu Ye thought about it and found it funny.

‘ Sigh, we call it Trash Tactics.’

“Isn’t this name not very nice?”

He turned his head and looked at the team leader beside him in confusion.

He said proudly.

“Our specialized blue army is like a piece of stinky tofu.”

“Although it smells bad, it tastes good!”

“Alright, go!”

“Yes, sir!”

The team leader saluted him and began to gather his engineering team to prepare the explosives.

Zheng Xiaohu led the special forces to the trenches where the engineers had defended the Red Army.

He replaced them and continued to observe and be on guard.

Liu Ye’s trash tactic was carried out in an orderly manner at night.

The team leader saw that one of the engineers was still stuffing TNT explosives into the cave and quickly reminded him.

‘ Sigh, no, there’s too much. Take one box down.’

The engineer soldier couldn’t help but feel puzzled.

“Wouldn’t it be more powerful if you release more?”

The team leader couldn’t help but give him a hard time as he explained. “If the power is too great, the mountain will be blown away.”

“If the blockage doesn’t land on both sides of the road, won’t we have worked for nothing?”

“Move it away quickly.”

The engineer soldier finally understood. He rubbed his head and moved the box of TNT away.

Seeing that all the explosives were ready, the team leader shouted outside.

“Men, seal the entrance!”

At this time, the Red Army troops at the foot of the mountain had already arrived in front of the Blue Army’s snioer Dosition and were engaged in a fierce exchange of fire with the special forces.

Suddenly, the Red Army signalman handed the microphone to the third battalion commander who was firing.

Battalion Commander Zhu's voice came from the microphone. "Third Battalion Commander, what happened to you?"

"It's already dark. Why haven't we taken down Mt. Tong Ling yet?" "Battalion Commander Zhu, we are approaching the Blue Army's position."

"But the Blue Army has sent reinforcements. Their firepower is very strong! We need artillery support!"

Commander Zhu, who was on the other side, was already impatient and said impatiently.

"Send the target's location over immediately!"

"Yes, sir!"

After saying that, he gave an order to the scout beside him.

"Target! Coordinates!"

The scout hurriedly took out his binoculars and observed.

Ten seconds later. "Are you done with the proofreading?"

"Proofreading complete! "

"Send it to the artillery regiment command post immediately!"

"Reporting to the vice-captain! The ammunition was loaded! Sealing the entrance!"

Liu Ye raised his hand to look at the time and ordered.

"Inform all personnel to leave the battlefield and withdraw from the battle!"

"Yes, sir!"

"Turn around! Run!"

The special forces team that was fighting with the Red Army immediately gave the order.

"Retreat!"

Then, all the special forces members quickly left the battlefield.

Not long after they left, the Red Army Artillery Regiment's shells arrived as scheduled.

In an instant, the artillery fire was dazzling. The shells flew over from all directions. For a moment, the flames shot in all directions. The loud sound directly drowned the Blue Army's sniper position.

After a while, the third battalion commander of the Red Army gave the order.

"Attack! "

All the soldiers of the 3rd Battalion of the Red Army pressed down on the mountain like a thick black cloud.

At this moment, Liu Ye, who was behind the Blue Army's sniper position, connected the communication device.

"This is Liu Ye. The special forces have all retreated. You can detonate now!" With his order, the team leader immediately pressed the switch.

With a rumble, sand and stones flew everywhere, causing a landslide.

A lot of sand and mud followed the rocks and slid along the mountain, rolling to the sides of the road.

It formed a small stone mountain that blocked the path.

The soldiers of the 3rd Battalion of the Red Army were still rushing up the mountain, accompanied by a series of violent sounds.

Everyone heard the announcement from the drill department.

At this moment, Wang Zhigang, who was still unaware of the defeat of the soldiers of the 3rd Battalion, stood beside a bulldozer and watched the tanks

slowly drive past on the highway..

Chapter 642: A Refreshing Blue Army!

He thought that with him personally taking action, the road would be smooth and unobstructed.

Zhang Xiaoyu walked over and handed him a bottle of water.

"Brigade Commander, why are you personally driving the car to scout the road?"

"This is too dangerous!"

Wang Zhigang did not mind and joked.

"If we didn't do this, wouldn't we have to walk until dawn?"

Zhang Xiaoyu looked at his watch and reminded him, afraid that he would be hungry.

"How about this, let's go to the campsite in front to eat something?"

"You haven't eaten for a day."

Wang Zhigang opened the bottle cap and gulped down half a bottle of water.

"Political commissar, the next step is to study the measures to deal with psychological tactics."

"If this continues, the army will be dragged down sooner or later."

Hearing this, Zhang Xiaoyu frowned and nodded.

"That's true. We've done too little training in this area."

"I always think that the enemy's psychological warfare is just political propaganda."

"I didn't expect it to turn out like this."

Wang Zhigang turned around and asked Staff Officer Zhang who was behind him. "Staff officer Zhang!"

"Here!"

"How far have we walked so far?"

"We've advanced 220 kilometers in the middle."

"220 kilometers?"

Seeing Wang Zhigang's confusion, Staff Officer Zhang immediately explained.

It's 220 kilometers to the campsite, and the speed is a little more than 23 kilometers per hour."

Hearing this, Wang Zhigang was so angry that he didn't know whether to laugh or cry.

"Even an ox cart is faster than this!" Zhang Xiaoyu also felt helpless.

Staff officer Zhang continued to report.

"I just received a call from Commander Zhu on the right."

Wang Zhigang thought that Commander Zhu would send a good report, so he quickly asked.

"Did they successfully pass through Mount Tong Ling?"

However, Staff Officer Zhang's next words almost angered him to death.

"The Blue Army engineers blew up a part of the Mount Tong Ling watershed, causing a landslide that buried the road."

"Currently connecting."

Wang Zhigang was shocked. "What?"

"They... The mountain exploded?"

"Yes."

At this moment, Zhang Xiaoyu was also furious.

"Too much! This is simply too much!" "It seems that Qin Yuan is loyal and wants to trap us here!"

"On the road of a thousand miles!" Wang Zhigang asked seriously.

"Then when can we get through?"

"It's estimated to be around eight o'clock tomorrow morning." Wang Zhigang was so angry that he laughed and shook his head.

” Tomorrow morning at eight...”

“If this goes on, will we still be able to reach the Anqi River ferry the day after tomorrow?”

At this moment, the captain of another team walked over.

“Reporting to the brigade commander!”

‘ Commander Zhu and the others have been blocked in the Mount Tong Lings.

They are asking if they can change their route?” Wang Zhigang looked at him and said indifferently.

“How do they want to go?”

“Take Provincial Road 702.”

“Go around Mount Tong Ling and Little Spear Mountain from the east.” “I estimate that we will have to walk another 130 kilometers.” Wang Zhigang said to Staff Officer Zhang without thinking.

“Map.”

Staff officer Zhang immediately took out a map from his pocket and handed it to him.

Wang Zhigang looked at the location on the map with a solemn expression and estimated the distance.

Zhang Xiaoyu asked directly.

“Is this road safe?”

” The road conditions are not bad. It was renovated last year, so there shouldn’t be any problems.”

“The key is that the Blues still don’t know where we’re going.”

“It’s impossible to set up an ambush.”

Zhang Xiaoyu immediately said to Wang Zhigang. “Brigadier General, what do you think?”

Wang Zhigang looked at the map thoughtfully.

Wang Zhigang had heard their conversation clearly.

He said in a deep voice.

“How about this, the 3rd Battalion of the Mobu Battalion will continue to stay behind and open up the Mount Tong Ling.”

“As for the artillery regiment, we can change its course.”

However, we have to send troops to the Anqi Crossing in advance to control the ferry and the sailboats!”

“Understood!”

Although the Wolf Fang Special Combat Brigade had put in a lot of effort, they had effectively stopped the Red Army from advancing.

However, Qin Yuan knew very well that Wang Zhigang, the leader of the Red Army, would not be easily stopped by his psychological tactics.

At most, it would only delay the Red Army’s journey for a day or two.

However, this result had already made Qin Yuan realize that the information space of modern warfare was infinitely vast, and there were countless methods.

This would have a strong and even subversive impact on the future of the battlefield.

At this time, Wang Zhigang and Zhang Xiaoyu had already arrived at the nearby campsite and were eating dinner.

The two of them sat in the Red Army’s network information warfare cabin and looked at the battle information of the Red Army and Blue Army on the screen in front of them.

Zhang Xiaoyu spoke first.

“Looks like the difference is huge.” Wang Zhigang was a little puzzled. “Who do you think the gap between us is big?”

Staff officer Zhang said as he ate.

“We are with the Mountain Leopard Special Combat Brigade.”

“I think their battle philosophy is quite new.”

“We’re really overwhelmed.”

Wang Zhigang did not agree with what he said.

“You! There’s still some leeway.”

“It’s not that I’m overwhelmed, but that I can’t handle it!”

“Right?”

She turned to look at him.

Zhang Xiaoyu could not help but smile bitterly.

Wang Zhigang continued.

Old Yu, you don’t look like the political commissar of our Mountain Leopard Special Combat Brigade anymore.”

When Zhang Xiaoyu heard this, he was immediately unconvinced.

“Why am I not like the political commissar of the Mountain Leopard Special Combat Brigade?”

Wang Zhigang looked at him indifferently.

“The battle hasn’t even started yet, and you’re already admitting defeat?”

Zhang Xiaoyu couldn’t help but snort when he heard that.

“Hey! I’m not admitting defeat.”

He put down his bowl and chopsticks and explained thoughtfully.

I do think that there is a reason for the army to send such a specialized blue army to participate in the confrontation training.”

“It’s refreshing.”

“At least to me.”

Wang Zhigao didn’t take his words seriously.

“Then tell me, how do you think I’ll be able to find something new?” Zhang Xiaoyu sighed.

“In the past, we’ve also fought in exercises and encountered the Blue Army.” ‘ But that Blue Army is a unit that we are extremely familiar with.”

‘ Familiar leader, familiar equipment.”

“Even the fighting style, combat techniques, and training methods are all products of a training program.”

“When it comes to war, we can still have a plan in our hearts.” “I know the route of the army like the back of my hand.”

“Winning or losing and luck are half and half.”

After a pause, he continued.

“Look, we are a special infantry regiment with a full set of strange equipment, and a newly formed...”

“To put it bluntly, it’s only half a special forces brigade’s strength.” “And we seem to be unable to do so.”

“What does this mean? It means that they are too unfamiliar to us, so unfamiliar that we are in a passive position.” “In the end, I was a little at a loss.”

He sighed and leaned back in his chair.

“It really feels like we’ve encountered a foreign army.” Wang Zhigang said affirmatively after listening to his rambling.

“I won’t deny it.”

“Currently, the Wolf Fang Special Combat Brigade has the initiative.”

Then, he retorted.

‘ But if it’s this model, it’s the most advanced model.”

“Isn’t it a little too early?”

Zhang Xiaoyu was speechless. “Is this modern warfare?”

“I think it’s another group fight!”

Wang Zhigang recalled the mountain that had been blown up by the Wolf Fang Special Combat Brigade and blocked the Red Army’s path. He was a little angry for a moment.

Zhang Xiaoyu couldn’t help but laugh when he said that.

“Old Wang! None of us have experienced what modern warfare is like.” I’ve only seen some local battlefields where wars have already taken place on the news. ”

“This can only be considered as watching the fire from afar.” “We didn’t expect that the fire would burn our heads.”

“I don’t even know where the fire will start!”

Wang Zhigang listened to his words and pondered for a moment. ” What you said is a little novel. In a sense, it makes sense.”

“However, it doesn’t conform to the national situation and military intelligence.”

“What do you think?”

Zhang Xiaoyu could only compromise.

“Alright, Old Wang, I won’t talk to you about this.”

“Have a good rest!”

Chapter 643: Wang Zhigang l s Thoughts!

“I’ll arrange for the command center to follow them.”

After Zhang Xiaoyu finished speaking, he stood up and was about to leave.

Wang Zhigang hurriedly called out to him.

‘ Sigh, that kid Hong Yi has been missing for a day, right?”

“Is that necessary?

“Alright, I’ll call him again.”

Zhang Xiaoyu said in a deep voice.

Then, he picked up his phone and dialed the number.

A few seconds later, a notification came from the other end of the phone.

‘ Sorry, the number you have dialed is unavailable...” Zhang Xiaoyu could only put down his phone and sigh.

“Aiya! Why did it stop ringing?”

“This kid is really something!”

Wang Zhigang, who was beside him, was a little shocked when he heard that.

“What is it? He declined?”

He was so angry that he knocked on the table twice. “It’s switched off during the day! Now it’s declined!”

“What do you mean?”

“It’s fine if Qin Yuan doesn’t understand me, but my own subordinates are messing with me?”

Zhang Xiaoyu couldn’t understand either.

“How did this happen?”

” The radio is silent, and I can’t get through to his phone.”

See if the other members of the special forces have their phones activated. Contact them as soon as possible!”

Wang Zhigang shouted angrily.

At this moment, Hong Yi, whom Wang Zhigang and the others were talking about, had already taken advantage of the night to lead a large group of people to hide not far from the 535 defense line.

He didn’t know that his “disappearance” had already made Wang Zhigang furious.

‘ Captain, there’s no sign of anything at the 535 frontline.”

The chief of staff, who was lying on the ground with Hong Yi, reported in a low voice.

Hong Yi did not respond to his report directly. He raised his hand and handed him a freshly killed, bloody snake.

“Try it. It tastes good!”

“In a few days, this will be our home-cooked dish.”

Then, he called over the captain of another team and instructed.

” Follow the slope ahead for 100 meters. You can receive a directional signal source. ”

If we follow the direction of the signal source, we’ll reach the 30th gully.”

“The people you brought are hiding on both sides of the gully. Go!”

“Yes, sir!”

Immediately after, he called two more squadron leaders over.

“You two squadrons, advance to the forest two hundred meters in front of 535 and hide.”

“I will contact you three days later.”

“Yes, sir!”

Just like that, the two groups of people rushed through the night and quickly rushed towards the place that Hong Yi had mentioned.

However, they did not know that on the way, there was an inconspicuous plastic bottle under their feet that was faintly flashing with a faint red light...

Zhang Xiaoyu made a few calls in succession, but none of them went through. He could only put down his phone helplessly.

” Tsk, the deputy commander, the chief of staff, and a few squadron leaders, their phones are either switched off or have no connection.”

“Looks like it! They’re doing this together.” Wang Zhigang rubbed his chin and shook his head.

“A unified operation?”

“Do we know what they are doing?”

Zhang Xiaoyu thought for a moment.

I’m afraid they’re afraid of exposing their target!” These words made Wang Zhigang laugh in anger.

‘Good! Alright!’

‘ He’s so well-hidden that even our brigade leaders can’t find him. If anything happens, you and I will be held responsible for losing control!’

Zhang Xiaoyu frowned.

“Hong Yi has always been serious and meticulous.”

“Humph! Sometimes, it’s just making a mountain out of a molehill!”

“Over three hundred people have gone out for more than a day. Where is the team? What are they doing?” “ Are there any problems with the weapons and equipment?”

“We don’t know anything!”

“They didn’t care about our progress.”

“If we really fight and he is annihilated by the enemy, we will still be in the dark!”

“Will this work?”

The more Wang Zhigang thought about it, the angrier he became. He directly and concisely pointed out the shortcomings of Hong Yi's loss of contact.

Zhang Xiaoyu smiled and comforted him when he saw how serious the matter was.

"I believe that the situation you mentioned won't happen. Don't worry!"

Isn't there an old saying in China that goes, 'A general who is outside will not accept the king's orders?'"

When Wang Zhigang heard what he said, he was instantly enraged.

"Outside?" "Haha! I'm not a general yet! Can Hong Yi be called a general?"

"Sesame paste!"

Zhang Xiaoyu could tell at a glance that there was a hidden meaning in his words.

"Old Wang, do you have any ideas?"

Wang Zhigang thought for a moment and nodded.

"I want to move Hong Yi's chess piece."

"What do you mean?"

"You want to move the special forces out of Wolf Mountain?" "Do you think it's necessary for us to send the special forces over so early?" Zhang Xiaoyu was about to retort when Wang Zhigang stopped him.

"I don't think it's necessary!"

"If we have a smooth journey."

"Hong Yi and the others secretly sent it over in advance. It's still very meaningful."

"But now, the main force has encountered trouble on the road, and the speed of advancement is slow."

"Do you think there's any point in them lying there for seven to eight days?"

"That's seven or eight days of hiding in the wild!" "Can the soldiers still get up?"

Zhang Xiaoyu had nothing to say and could only sigh.

Wang Zhigang continued.

"It's my fault. If only we could have a meeting to discuss it before making this decision."

However, Zhang Xiaoyu had a different view on this issue.

I still believe that our decision is correct. There's no need to doubt it."

"If we use this move correctly, we can win by surprise!"

Chapter 644: Wang Zhigang's Thoughts!

Wang Zhigang did not think much of it. "Do you know what I'm thinking now?"

"Tell me."

"I want Hong Yi's team to fiddle with the rear of the Blue Army." "At the same time, let him go south to provide cover for the main force to advance."

"Qin Yuan didn't expect this either!" Zhang Xiaoyu was a little surprised.

"This is a feasible step."

Wang Zhigang continued.

"As long as a Red Army special forces suddenly appears behind the Blue Army!"

"Think about it, can Qin Yuan not panic?"

"He will definitely give up or weaken his efforts. He will focus his attention on Hong Yi instead of harassing us."

Zhang Xiaoyu suddenly felt that his plan was feasible.

"Hey, Old Wang, this is a good idea!"

Wang Zhigang sighed.

"Yes, I am!"

"But now, Hong Yi has vanished into thin air without a trace."

"We want to contact him, but there's nothing we can do about changing the plan!"

"What is this? Tell me!"

Zhang Xiaoyu also smiled awkwardly.

"Old Wang, you should have explained this matter clearly before we set off."

"Doesn't he know that he has two missions?" Wang Zhigang snorted coldly.

"I didn't believe that he could successfully hide!"

"Now that the investigation methods are so powerful, it's a little tough to hide more than three hundred people under the blue army's nose!"

"Oh no! You should change 'a little' to 'very!'"

"But you still gave the order."

"Yes, I agreed to Hong Yi's suggestion at that time because I didn't want to dampen his enthusiasm."

"I don't want to leave the impression that the brigade commander can't listen to any objections!"

"Moreover, Hong Yi's explanation at that time was somewhat credible. How could I not support him?"

Zhang Xiaoyu asked suspiciously.

"So, your order is filled with distracting thoughts?" Wang Zhigang avoided her gaze and refused to admit it.

"It's not a distracting thought."

Zhang Xiaoyu did not believe him.

"You said that you're forcing yourself. Isn't it because Hong Yi objected to your plan of leaving the Mobu Battalion behind and advancing in three directions?"

Seeing that his thoughts had been exposed, Wang Zhigang was a little embarrassed and interrupted. "I'm only talking about the present."

"He's too willful!"

"I don't know if I can't find him or if he can't find me!"

"Ah, no, I'm just a brigade commander. I can't find the captain of my own team on the battlefield. I'm also drunk!"

After saying that, she turned her head away and did not want to say anything

"Old Wang! If you want to blame someone, you can only blame our brigade leader."

"When we set off, we should have explained everything clearly."

"Tell Hong Yi that other than hiding in the Wolf Tooth Mountain, there is another important mission."

"It means to mobilize your super large battle team at any time to carry out harassment and support missions."

"Hong Yi will definitely think of a way to keep in touch with us as long as he thinks it's safe."

Wang Zhigang saw that Zhang Xiaoyu was blaming him and quickly waved his hand.

"The idea of mobilizing the super large battle team only came to my mind when I was sweeping the mines just now."

"If I hadn't encountered this risk along the way, how could I have thought of this step!"

In the jungle not far from the front line of the Blue Army's 535 defense line, two soldiers in Blue Army uniforms suddenly appeared. They walked to an inconspicuous plastic bottle and took down the monitor with a red dot on it...

At this moment, another group of Mountain Leopard Special Forces had already arrived at a nearby train station and were ready to set off.

It's almost time. The dispatcher said that they've received the order from the main control room. They can start the train in twenty minutes."

The team leader who was patrolling on the train tracks looked at the time and said to the team members beside him.

At this moment, a train staff in yellow walked over.

"Chief, when are you leaving?"

"Master, we're not chiefs."

"Eh? The green light over there is a signal for us, right?" "Yes, it's the lights of the Nine Paths. It's ready!" "Then take care! People's Liberation Army uncle."

"Okay, thank you!"

"Let's go!"

After seeing the team leader leave with a few soldiers, the driver in yellow picked up the walkie-talkie and pretended to speak.

"The lights on the ninth lane are ready. We can start the car now!"

Then, he walked to the mobile control room and inserted an electric magnetic card into the control panel.

Then, he took off his hat, revealing a face that looked exactly like Lin Muze's.

He picked up his phone and dialed a number. Blackhand, I've already paid."

"Why is Number Nine's hat still green?"

"I'm telling you, I don't like green hats. I want red ones. Change them for me quickly!"

At this moment, He Chengguang and Lin Xiao from Team Three were sitting in a hotel closest to the train station.

The person on the phone with Lin Muze was Lin Xiao.

"Boss Sun, don't be so angry!"

"You haven't even found a wife. Who's going to make you wear a green hat and become a cuckold?"

"Don't you just want a red hat? It can be done in three minutes. Why hurt the harmony?"

“Hurry up and come over! ”

After saying that, Lin Xiao walked straight to the front of a network information expert and pointed at the position on the screen.

“Turn these nine lanes into red lights.” “Okay, what about the other lights?”

“Nothing else.”

‘ Changing too much will affect the operation of other normal trains.”

“We just need to stop the army at the station.”

“Understood!”

“Then how long will we control them?”

Lin Xiao didn’t answer immediately.

“Tomorrow morning...It will be automatically deactivated at 8:40.”

“Good!”

Not long after, Lin Muze took off his casual clothes and returned to the hotel.

“This is mine?”

He looked at the other cup of coffee in front of Lin Xiao’s table and sat on the sofa to drink it.

Wasn’t this asking for nothing?

Lin Xiao rolled his eyes at him.

“How can I miss out on yours?”

“How is it? Did you get in?”

It’s especially useful. This fault setting won’t be detected for a while, and it won’t affect its command center.” “The other vehicles are operating normally.”

Lin Muze nodded.

Less than two minutes after the Red Army started moving, they were forced to stop by the red light.

The team leader was so anxious that he ran straight to the command center of the train station.

He hurriedly asked when he saw the dispatcher walk out.

“Hello! Comrade Dispatcher, what’s going on? Why aren’t you leaving again?”

The dispatcher was also confused.

” This is the command from the control center. I don’t know either.”

“Then what should we do?”

“Let’s wait a little longer. It might be a problem with the circuit.”

"Then when will we have to wait?" "I guess I'll have to wait until dawn."

"Wait until dawn?"

At this moment, Wang Zhigang, who was personally leading the artillery regiment on the highway, was jolted awake by the sudden stop of the car.

"Why did you stop again?" the pilot replied.

"Commissar Zhang's car is parked in front."

Not long after, Zhang Xiaoyu got into Wang Zhigang's car.

Wang Zhigang asked.

"What's the situation?"

"The artillery regiment on the right will take a detour around the provincial road. Everything is normal on the road." "The middle troops are cheering and resting in front."

Wang Zhigang rubbed his sore neck.

"Good!"

"It seems that the railway transportation is safe and reliable."

"If I knew this would happen, I would have taken the railway."

At this moment, he was still unaware that the railway troops had already been ambushed by Qin Yuan's people, causing the train to stop. He said thankfully. Who knew that Zhang Xiaoyu's next words almost broke his defense.

"There's also a small problem with the railway." "What?"

"There's a problem with the railway too?" "Did the military representatives not coordinate well?"

"No, it's a technical problem with the railway." "The captain called and said that there was a problem with the signal light."

"The railway department is investigating."

"We can't let them pass before the malfunction is found." Wang Zhigang instantly felt that something was wrong.

"Could it be Qin Yuan and the others?"

Zhang Xiaoyu shook his head.

"It's unlikely. The military transport railway department is very concerned about this."

"The bridges and tunnels along the way have been strengthened." "It won't be so easy for the Blue Army to touch our steel transportation line."

Wang Zhigang thought about it and agreed.

“They’re still investigating!”

Upon hearing this, Lin Muze looked at Lin Xiao worriedly.

“Will they find out?”

Chapter 645: The Decisive Wang Zhigang Schemed Against the Blue Army!

The network technician explained.

“If we want to investigate, we will definitely be able to find out.”

“But I need some time.”

” They’re checking the system now, and then the software.”

‘ Lastly, there’s the hardware and circuits.”

As soon as the network technician finished speaking, Qin Yuan and Zhou Qing walked over.

Everyone hurriedly stood up to welcome him.

“Boss Qin! You’re here!”

“How is it? How’s business recently?”

Qin Yuan also greeted him with a smile and said in secret.

“It’s all settled!”

‘ However, they have already discovered the problem and are investigating it step by step.”

“The time we set is to automatically cancel it at around 8:30 tomorrow morning. ”

“Alright, let them investigate slowly.” “The two of you, go back and rest.”

Lin Muze said excitedly.

“I’m not sleepy! Boss.”

Lin Xiao, who was about to go back to sleep, looked at him in surprise when he heard that.

“Aren’t you sleepy?”

“This is fun!”

“Boss, don’t you think my acting is very realistic?”

Qin Yuan interrupted.

“Alright! Don’t stay on anymore.”

“The two of you haven’t closed your eyes for three days and three nights. We still have big business to do!”

“Let’s go!”

“Okay!”

After saying that, Qin Yuan left the hotel with these people.

The 909th Brigade’s three-way advance made the Blue Army attack from all directions.

They were delayed for two whole days on the road!

Qin Yuan knew that it was impossible to completely stop the Red Army from advancing with just these few moves.

Instructor Zhou Qing proposed a new plan, which was to organize a sniper battle of a certain scale at Anqi Ferry.

While the Red Army Artillery Regiment was crossing the river, they would block the Anqi River or block them on the south bank of the Anqi River.

Give them another day or two.

At this moment, in the general command room of the Blue Army’s headquarters, Qin Yuan was having a meeting with the key figures of the Blue Army.

‘ At present, in the contest between the Red Army and our side over the past few days, they have broken through the defense line that we have set up with information warfare, psychological warfare, and technical warfare as the main offensive forces.

” The three-way column has advanced 800 to 850 kilometers.”

Qin Yuan glanced at everyone and continued.

” We have to admit that the Red Army has gradually mastered our psychological warfare and information warfare in the process of competing with us.”

‘ And strengthened countermeasures.” “So we have to change.”

He paused and turned to look at Zhou Qing.

“Advisor Zhou, tell me your idea.”

Zhou Qing nodded.

” According to the current speed of the Red Army, at most two days, at least two of the three troops will reach the Wolf Mountain base.”

‘ And when the battle began, it was the last artillery regiment of the 909th Brigade. ”

“According to what we know, this artillery regiment will retreat after the exercise.”

“In other words, this is their last time participating in the battle.”

It is said that the soldiers of the artillery regiment are in high spirits and have a tenacious fighting spirit. They pose a great threat to us!”

“It is necessary for us to organize a sniping operation on the right side of the Anqi Ferry.”

‘ When the first batch of equipment of the Red Army is loaded onto the ship, our artillery will first concentrate their firepower and launch an attack on the ferry, sinking one or two of them.”

” Then, the artillery fire will be extended to cover the vehicles and docks equipped by the Red Army on the south bank. The docks will be destroyed.”

“After our infantry occupied the river embankment, they used heavy machines, light machine guns, rockets, and other light weapons to form a dense fire network to block the river surface, suppress the Red Army special forces, and force the assault boats to cross the river.”

Lin Xiao added.

“Ever since our Mountain Leopard Brigade was established, we have never fought a real head-on confrontation!”

“This time, I’ve really made my appearance.”

Zheng Xiaohu laughed and echoed.

“We have to win this battle well. We can’t let others say that we’re stealing chickens and dogs, right?”

The other members were also filled with confidence in this battle.

Early the next morning, the higher-ups of the Red Army held a regular meeting in a temporary conference room.

The team leader of Team One was standing in front of the table, reporting to Wang Zhigang and the others.

” According to the reconnaissance intelligence analysis sent by the drones and satellites, an artillery unit of the Blue Army has been dispersed into multiple routes and is heading towards the Anqi River ferry.”

As he spoke, he took a pen and gestured on the map on the table.

“A mecha battalion of the Blue Army is also quietly moving towards the Anqi Ferry.”

” This shows that the Blue Army is mobilizing their forces. They are trying to use the wide river surface of the Anqi River to stop our right-wing troops from crossing the river and heading north.” Wang Zhigang stared at the map and sneered.

“A chance! ”

“A once-in-a-lifetime opportunity!”

Zhang Xiaoyu looked at him in confusion, but Wang Zhigang did not immediately explain.

He motioned for him to continue reporting.

“The artillery battalion and the mecha battalion of the Mountain Leopard Brigade had already gathered at the Anqi ferry last night.”

“The goal is very obvious. They want to stop our right-wing troops from crossing the river.”

” Attack us while our army is crossing the river or when they are not standing firmly on the shore!”

Wang Zhigang asked in a deep voice.

“What is the current position of the Blue Military Infantry Battalion?”

“I’m not sure yet.”

Hearing such an ambiguous answer, Wang Zhigang slammed the table in anger, giving everyone a shock!

Chapter 646 - 646: Scheming Against the Blue Army, The Decisive Wang Zhigang!

“Not sure?”

The team leader hurriedly explained.

” The suspicious target of the Blue Army. After entering the hills and mountains, it will be difficult for our satellites to track him.”

Wang Zhigang’s expression was still very ugly.

How could this be? The enemy had always been under the surveillance of the Red Army, but now they were gone.

At that time, he would not even know if he had destroyed his own nest. “Send out drones to continue the investigation immediately!”

“Inform the artillery regiment to accelerate!”

“Yes, sir!”

At this time, the leaders of the various departments who were watching the Red and Blue Military Practice began to discuss Wang Zhigang’s decision. “Chief of Staff, this Wang Zhigang is quite decisive!”

“That’s right. Brigade Commander Wang has finally perked up this time.”

It hasn’t even been three days. If he’s calm and decisive, we’ll have a good fight in the future.”

‘ For many years, the army has been used to doing their work step by step. When they encounter an opponent who doesn’t play by the rules, they will panic and be in a daze.

“He’s not hesitating, he’s just impatient and irrational.”

‘ He has completely forgotten all the combat techniques that he had learned before!

“That was how Wu Tian was defeated previously.”

The Chief of Staff nodded in agreement.

At this time, the Blue Army camp was still making full preparations for the Red Army’s next attack.

The network information officer pointed at the map on the electronic version.

“The five hiding spots of the artillery battalion were all in place before three in the morning.”

” The mechanical infantry unit will also be in place before four o’clock in the morning. They will be hidden in the shelter belt two kilometers away from the river.”

” Artillery can enter the firing position within ten minutes of the battle.” “The mechanical infantry unit can reach the riverside in two minutes.”

Qin Yuan looked at the hidden location on the map and said thoughtfully.

“According to the speed of the 909th Brigade Artillery Regiment, they should have arrived at the Anqi ferry by now.”

If we don’t encounter any special circumstances on the way, her vanguard should have already arrived at the port and prepared to load.”

It seemed that both the Red and Blue troops had their eyes on the strategic location of the An Qi River crossing. Moreover, they had come prepared and planned to kill all the females here!

Inform the artillery regiment to stand by thirty kilometers south of the ferry!”

‘ Send out a ground cannon company and the 3rd battalion of the infantry to enter the Anqi River pier according to the original plan. Prepare to load and board the ship.”

The rest of the people were puzzled.

“If that’s the case, the artillery regiment won’t be able to cross the Anqi River before this evening.”

Wang Zhigang seemed to have seen through the Blue Army’s intentions and explained unhurriedly.

If the Blue Army’s artillery is really hiding in the hills and mountains of

Jiangbei, then the An Qi River is within her firing range.”

‘ Let’s eliminate a small portion of the artillery and rush to the dock first. We’ll be ready to board the ship and load it in advance.”

It’s to cooperate with the electronic reconnaissance team to carry out electronic reconnaissance on the scattered and hidden Blue Army artillery positions.”

At this moment, the blue army command center suddenly received a message from the scout at the ferry.

Brigadier General, the scout we sent to the ferry has sent a message!” “A company of the vanguard of the Red Army Artillery Regiment has arrived at the ferry. ”

“That’s great!”

” The intelligence also said that there was a Red Army infantry unit that arrived at the ferry with the artillery.”

Qin Yuan quickly gave the order.

“Inform the artillery battalion command center. As soon as the Red Army’s artillery boarded the ship, our five artillery groups would immediately enter the firing position!”

“Yes, sir!”

It was already noon, and the tanks and armored vehicles of the Red Army’s first ground artillery company had arrived at the Anqi River ferry and began loading.

The 3rd Battalion of the Mobu Battalion was also covering them as they boarded the ship.

Meanwhile, the infantry and artillery units of the Blue Army, which had been waiting in hiding for a long time, also began to take action.

“Attention all fire teams!”

” Three minutes to launch position!”

After receiving the information from the scout, the captain of the blue team gave an order into the walkie-talkie.

The Blue Army’s artillery regiment arrived at the designated firing position, ready to snipe the Red Army at any time.

At this moment, in the Red Army headquarters, an investigator reported.

‘ Electronic reconnaissance team reports that the Blue Army’s self-propelled artillery targets in the mountainous area on the north bank of the An Qi River have all been locked on.”

“Good! That’s great!”

“Inform Regiment Commander Zhu that the troops that have arrived at the Anqi ferry will only board the ship and not sail.” ‘ Order the Red Army’s aviation squadron to move out immediately!”

“Destroy all five of the Blue Army’s artillery targets!” Wang Zhigang gave the order without hesitation.

“Yes, sir!”

Qin Yuan looked at the map on the screen. The Red Army suddenly changed their route and immediately felt that something was wrong.

“Something’s not right!”

‘ Why did the Red Army’s infantry unit appear on his right?” “Where’s his special forces?”

Long Xiaoyun, who was beside him, was also a little puzzled.

“That’s right!”

Zheng Xiaohu also couldn’t figure out the Red Army’s plan. “Wang Zhigang is a sly old fox. Where is his special forces team hiding?” At this moment, the investigation team suddenly reported.

“Captain! The scouts sent a message that only one company of the Red Army Artillery Regiment boarded the ship. The follow-up troops have not appeared yet.”

“Only one company?”

“Yes, sir!”

Qin Yuan immediately felt that something was wrong.

“This is bad!”

“Hurry!”

Inform the mechanical infantry unit. The artillery company will immediately shift their position. The faster, the better!”

“Yes, sir!”

The other two also had solemn expressions.

They did not expect Wang Zhigang to use an empty fortress tactic!

At this time, the Red Army’s aviation squadron had already arrived above the launch site of the Blue Army’s infantry and artillery battalions. They fired missiles at the artillery vehicles and tanks that were about to evacuate.

For a moment, the fire from the artillery filled the sky.

The Blue Army’s artillery regiment and infantry battalion were completely annihilated by the Red Army!

‘ After verification, the Blue Army’s self-propelled artillery reinforcement company, command vehicles, tactical vehicles, and transport vehicles have all been destroyed by our air missiles!’

At this moment, the Red Army’s command camp received good news.

“Brigadier, should we inform the artillery regiment immediately to hurry up and cross the Anqi River?”

The team leader felt that this was a good time to cross the river and said impatiently.

Wang Zhigang glanced at him and sneered.

It’s still too early for the artillery regiment to cross the river. Let the 3rd Battalion cross the river first. The artillery regiment will provide cover across the river.”

‘ When we have complete control of Jiangbei, the artillery regiment will cross the river in batches.”

” We can’t attack the 535 defense line without sufficient artillery fire!” As expected of the wily Wang Zhigang, he was not so reckless.

Now that the battle had begun, even though his squadron had destroyed the enemy’s sniper cannon regiment, it was still not enough.

However, this was only a part of the Blue Army’s strength.

If he were to move all the artillery regiments to the other side with great fanfare, he believed that the Blue Army would definitely gather all their forces to stop him.

“Yes, sir!”

Qin Yuan looked at the information map. His mecha battalion and artillery regiment had been completely annihilated. He scratched his head in frustration.

Long Xiaoyun also sighed.

“You must have been beaten silly by the enemy?” Qin Yuan sat on the stool and sneered.

‘ Less than five minutes and I lost a cannon refinement.”

“Wang Zhigang is fast and ruthless. This is really worth learning from.” Zheng Xiaohu reminded.

‘ Brigadier General, the Red Army’s infantry unit has already begun crossing the river. Should we fight?”

“What do you think?”

‘ Our mechanical infantry unit is already lying in ambush by the river. We can completely block the river and prevent the ferry from reaching the shore!’ Long Xiaoyun interrupted.

‘ I think that even if the mechanical infantry unit has occupied the Jiangbei embankment, it is impossible to completely withstand the strong attack of the Red Army.’ “It’s better to retreat secretly.”

Qin Jun disagreed.

“Withdraw?”

“Then wouldn’t we have lost our cannon company for nothing?”

Long Xiaoyun continued to persuade him.

“If you want to fight it out, you can, but you can give the Red Army another mecha battalion.”

“No matter what, the mechanical infantry unit has already gone up. They should at least play a role!”

“If we don’t calculate the cost of war, we won’t be able to be a good boss or do a good business even if we change careers!” Long Xiaoyun didn’t think much of it.

“I’ll do my academic research, and you’ll be your boss.”

“Don’t worry, I won’t borrow money from you. Don’t come here to do research and development!”

Qin Yuan saw that Long Xiaoyun was a little angry and quickly explained.

“Am I not making an analogy?” “Brigadier! Brigadier!”

“Why don’t you listen to me?”

Chapter 647 - 647: First Fight, Red Army’s Complete Victory

“Tell me.”

“If we can’t stop the Red Army from crossing the river, we can at least stop him from crossing the river tonight.”

” This will consume half a day of the Red Army’s time.”

” Time is becoming more and more precious to the Red Army. It is also the only weapon we can use to suppress the Red Army’s combat power.”

” That’s why I think our battle is worth fighting.” “As expected of the Chief of Staff. Two to one.”

Long Xiaoyun could only sigh. "Then what about tomorrow?" Qin Yuan immediately said. "I'll listen to you tomorrow!"

"Listen to what?"

Qin Yuan stood up, walked to the map, and pointed at the location on it.

' Look, as long as Wang Zhigang crosses the river tomorrow, he'll be facing a flat road that leads to the Wolf Mountain base."

" Moreover, we can arrive in half a day."

"And what about the one in front of us? We'll just defend Highland 535 to the death. "

Long Xiaoyun answered.

"Alright! Then let's defend to the death!" "Prepare to fight the most brutal battle of defense." "That's the only way. There's no other way." Qin Yuan did not believe it. "Is there no other way? It can't be, right?"

"What do you mean?"

"No, you definitely have a way!"

"If you say you didn't do the opposite, then you must be being sarcastic."

Long Xiaoyun pointed at the map and repeated his words. "A flat road, half a day's journey. Didn't you just say that?"

"What if I can't defend it?"

"Are you going to leave me in the lurch?"

Long Xiaoyun ignored him and walked away.

This made Qin Yuan speechless, but there was nothing he could do.

He turned around and said to Zheng Xiaohu.

"Order the mechanical infantry unit to attack immediately. We must stop the blue army in the middle of the river!"

' Order Captain Geng Hu to deploy the assault helicopters for air support." 'We must hold on until nightfall and withdraw from the battle before dawn!"

"Yes, sir!"

On the surface of the Anqi River, the Red Army's Ground Cannon Company and the 3rd Battalion of the Mobu Army were sailing vigorously.

After receiving the order, the Blue Army's infantry unit rushed to the defense position at the Anqi River ferry in an orderly manner.

“First Company, Second Company, and Third Company’s infantrymen, fire on all vehicles to stop them!”

“Block the Red Army ferry on the Anqi River.”

With the order of the commander of the mechanical infantry battalion, the north bank of the Anqi River was instantly filled with gunfire. They opened fire on the Red Army ferry sailing on the river!

Wang Zhigang looked at the battle situation on the network information map and ordered.

“Fire cover!”

The team leader was a little worried.

“Brigadier general, the firepower of the Blue Military Infantry Battalion is very fierce! It’s difficult for the ferry to reach the shore.”

“Order the ferry to return immediately!”

“Let the artillery regiment concentrate their firepower on the Blue Army’s dike position!”

“At the same time, inform the air squadron to enter the battle!” “We have to destroy the Blue Army’s north shore position before dark!” Wang Zhigang understood the situation and said straightforwardly.

For a moment, the entire Anqi River became the first head-on confrontation between the Red and Blue Army during this exercise!

Although the Blue Army occupied favorable terrain conditions, they could not do anything about the fierce artillery attack of the Red Army.

Not long after, he was defeated.

The commander of the Blue Military Infantry Battalion took out his binoculars during the battle and saw that the ferry on the Red Army’s river had begun to return.

However, due to the disparity in strength between the Blue Army and the enemy, coupled with the heavy casualties of the Blue Army, he immediately ordered.

“Retreat!”

“Yes, sir!”

Regrettably, their objective of this operation was not achieved. The Red Army successfully took down the Anqi Ferry.

After taking down the Anqi ferry, Wang Zhigang finally heaved a sigh of relief.

These few days, the Blue Army had been tormented by sleepless nights. They had not been able to sleep well. Now, they could finally have a good sleep.

In the evening, only Zhang Xiaoyu and the team leader were left in the Red Army headquarters to study the next tactics.

“Political commissar, chief of staff.”

‘ Commander Zhu, report. The 3rd Battalion has reached the north bank of the Anqi River. They’ve occupied all five kilometers of the dike.”

The team leader glanced at Zhang Xiaoyu.

“Should we tell the brigade commander?” “No, no, Brigadier General is too tired!”

“Let him sleep a little longer!”

“Good!”

“Then I’ll get the artillery regiment to prepare to cross the river.”

At this moment, Wang Zhigang was lying on a reclining chair in the command post. He probably hadn’t slept for long. Hearing their discussion, he suddenly sat up.

“What about the Blue Army?”

” We don’t know where they are now, but we destroyed four chariots and lost 120 men.”

I reckon they’ve already been routed and retreated under the cover of the night.’

The team leader reported with a smile.

It was obvious that the Red Army had the upper hand in this battle.

Who knew that Wang Zhigang did not intend to pursue the victory and instead said in a deep voice.

‘ Don’t cross the river tonight. Have the mechanical infantry unit search in depth and scout north along the highway. Control at least 50 kilometers of the road.”

The captain was in a good mood.

Brigade Commander, tomorrow morning, the artillery regiment will cross the Anqi River. Our journey will be smooth!”

Wang Zhigang was also in a good mood, but when he thought of Hong Yi, he felt a little melancholic.

“I hate Hong Yi. He hasn’t contacted the brigade until now!”

“If the extra-large troops are mobilized, they will attack us from the north and south.”

” The Blue Army’s mecha battalion was not only defeated, but completely annihilated!”

” Yes, we’ve been trying to contact Captain Hong, but we didn’t succeed.”

“What about the 3rd Battalion?”

Receiving the notice from the director department, a quarter of the crew will be reduced.”

” Team leader, see if the command center can move overnight...” Before Wang Zhigang could finish, Zhang Xiaoyu interrupted him..

Chapter 648 - 648: First Fight, Red Army’s Complete Victory

“No, no, Old Wang! You’re too tired!”

“Let’s set off tomorrow morning! It’s only half a day’s journey.”

“Sleep well tonight!”

The team leader also tried to dissuade him.

“Brigadier general, the command center must not act in isolation against this blue army!”

It’s not too late to set off from the command center after the vanguard arrives tomorrow!”

“Alright then.”

Zhang Xiaoyu saw that it was getting late and reminded him.

“Brigade Commander, you haven’t eaten anything tonight. Why don’t you have supper?”

“If you didn’t say it, I really wouldn’t have felt it.”

“With your reminder, I really feel hungry! ”

Zhang Xiaoyu and the team leader looked at each other and smiled. “Reporter! Bring up the supper prepared for the brigade commander!” Wang Zhigang listened to their thoughts and opinions as he ate.

“Brigadier general, after the battle at An Qidu, we are starting to get used to it!” “Is that so?”

“Qin Yuan only played a few moves. We’ve all experienced them one by one.”

“What psychological warfare, network warfare, information station...Actually, it’s just a few moves.”

“When it comes to guns and bullets, he won’t be able to withstand it!” “Tomorrow, the artillery regiment has already crossed the river. Let’s see what else Qin Yuan has!”

Perhaps because the team leader had won a battle, he felt a little dizzy when he spoke.

Wang Zhigang smiled.

” Actually, those psychological warfare moves just now were really giving me a headache. I couldn’t figure them out.” “Just like that...It’s like a dog biting a hedgehog.” “We don’t even know where to start!”

This analogy made the other two people laugh out loud.

“Old Wang! Are you saying that the Red Army is a dog?”

Zhang Xiaoyu joked.

“Isn’t that a metaphor? The Blues were indeed tormenting people in the early stages.”

“Then let’s ignore him and charge forward boldly. We’ve already made it!”

Jokes aside, Wang Zhigang thought for a moment and turned to the team leader.

“Captain, let’s think about it more carefully.”

“Other than these few moves, what other moves will Qin Yuan use? What new combat techniques will he use?”

“If we think carefully, we will know how to deal with the next trouble.”

“The ancients said that when the soldiers come, we will block them. When the water comes, we will cover it with earth.”

The captain nodded.

“Alright, then I’ll ask the staff officers of the 1980s to use their brains and think about what else Qin Yuan can do!”

At this moment, Wu Tian was sitting on a stool in the brigade commander’s conference room. He had not eaten or drunk for two days and two nights!

At this moment, Du Dahai pushed open the door and entered. The soldiers who accompanied him were carrying dinner.

“Put it on the table.”

Then, she gestured for him to leave and closed the door.

Du Dahai walked to Wu Tian’s side and asked.

“After facing the wall for so many days, have you gained any insights?”

However, Wu Tian ignored him and stared at the white wall expressionlessly. “I heard that when you were in the hospital, you reflected on your push-ups.”

“Why did you come back and make things difficult for this wall?”

As he spoke, Du Dahai placed the bag in front of him and shook it.

Seeing that he still had no reaction, she walked to the side and started practicing Military Boxing.

“Hah! Hey!”

Wu Tian finally couldn’t take it anymore.

“Alright! Don’t bother me!”

Du Dahai saw that he was finally willing to speak, so he said seriously.

“Wu Tian, I’m talking to you in the name of the party secretary of the brigade!”

Seeing this, Wu Tian stood up, but he still faced the wall.

“Tell me.”

Du Dahai moved his chair to the table.

“Sit down first!”

Wu Tian sat down and turned his head away without looking at him.

“Tell me.”

“Let’s eat first. I’m here to eat with you.”

I made a military pledge at the Party Committee to accompany the brigade commander for three meals a day.” “If the brigade commander doesn’t eat, I won’t eat either.”

Wu Tian looked at him in confusion. “Didn’t you want to talk to me?” “That’s right! We’re done.” “What did he say?”

“You’re just letting me eat?”

“This is the collective decision of the brigade party committee. It’s to let you eat like a normal person.”

Wu Tian could only do as he was told. However, just as he picked up his chopsticks, he sighed.

“Do you think I can eat this?”

However, Du Dahai seemed to know him very well. He took out a small bottle of Erguotou from his pocket and placed it on the table.

“Same old rules, drink first before eating.” Wu Tian looked at him in surprise.

“Drink! I specially approved it!” “What do you mean? You won’t let me improve? I quit a long time ago!”

“Then I’ll break the precepts today!”

As he spoke, Du Dahai pretended to open the bottle cap.

Wu Tian directly snatched the bottle over and cursed angrily.

“Do you want to die? It’s only been a year since your liver cancer surgery. The doctor told me personally not to let you drink!”

“What do you mean by breaking the precepts in front of me today? You want me to collect your corpse, right?”

Du Dahai said softly after being scolded by him. “Risking my life to accompany me...”

“Risking my life for a little...Who is the villain?”

“Am I a villain?”

“Yes! You’re a villain now!”

Du Dahai stood up and pointed at him.

“I look down on you!”

“I want your wife. I’ll divorce you immediately!”

“If I were the commander of the army, I would immediately remove you from your post!”

After being scolded by him, Wu Tian began to doubt himself.

She quickly stood up and held his hand. “Political commissar, am I that bad?”

“Sit down!”

“All day... You’re running with the entire brigade all day long. It’s fine if you run eight to ten laps.”

“You ran fifty to sixty laps! Who are you tormenting?”

” When you return to the office, you’ll pretend to be dumb in front of the wall. Do you think you’re Dharma?”

“Losing a drill is like a frosted eggplant. Who are you pretending for? Why are you playing with the petty-minded atmosphere!”

After being scolded, Wu Tian had thought it through. “Alright, alright, political commissar, stop talking.” “If you want to make a mistake, drag me down with you.”

“Come on, isn’t it just eating? I’ll eat it now.”

With that, she sat down and ate.

Du Dahai smiled and pushed the glass of water in front of him.

“Come, gentlemen.”

Wu Tian hurriedly pushed it away. “Don’t, don’t, don’t. This is all Jianghu. I understand.”

“When you criticized me just now...” “I’m not criticizing you.”

“Then what you said is bullshit!”

“You eat first. I’ll talk to you about serious matters later.”

“I’ll eat, drink, and listen. I definitely won’t stuff food into my ears.”

“Wang Zhigang and Qin Yuan have been fighting for eight days and eight nights.” red and blue

"I've also been thinking hard for eight days and eight nights." "The red and blue teams have yet to determine the winner!"

"Even now, I still don't understand."

"Wang Zhigang is the same as you?" "He lived for at least eight days. I was captured on the same day."

"It's useless for you to just face the wall."

"I've thought about it. I might as well kill myself."

Du Dahai would not comfort him.

These words angered Wu Tian.

"Comrade, can you not be so harsh?"

Du Dahai pointed at him.

If the 808th Brigade can only win and cannot afford to lose, the root of the problem lies in you, the brigade commander!" Wu Tian slammed the table.

"Do you still look like a political commissar?"

"You didn't come to comfort me when I was feeling a little emotional. You didn't come out to smooth things over when I wasn't in place."

"The moment I entered the door, I was insulted and scolded from head to toe. Are you still going to let me get up?"

"Are you still going to let me turn over?" "Do you still have my dignity as a brigade leader?"

"Look at how persistent you are!"

Du Dahai quickly shouted for them to stop.

"Alright, alright, alright. If you still want to get up, turn over, and not kill yourself."

"Then let's have a good talk about getting up." Wu Tian calmed down after hearing his words.

"Alright, go ahead."

"Can Wang Zhigang defeat Qin Yuan this time?"

It was tough a few days ago, but I heard that the Blue Army suffered a crushing defeat in the battle at Anqi Crossing today." Wu Tian immediately became happy when he heard that.

"See, I told you! I'm thinking that my brother will definitely win!" "He promised to avenge me and let me vent my anger!"

Chapter 649 - 649: It's Easy to Dodge an Open Spear, But Hard to Defend Against an Arrow in the Dark

As he spoke, Wu Tian raised his glass and pretended to celebrate.

"Come! Let us wish the 909th Brigade victory!"

I finally understand why Brother Wu Tian failed."

' Actually, it's not that I underestimated the enemy. It's just that I didn't know where the battlefield was and what the enemy looked like."

"An open spear and a hidden arrow. I don't even know where they came from, but they became captives in a daze."

"To be honest, he lost unjustly."

Wang Zhigang put down his chopsticks and said thoughtfully.

" The brigade commander's analysis makes sense. The key to the failure of the 808th Brigade is that their psychological quality is not strong enough."

"But we are different. We have endured what Captain Wu has experienced. We have also endured what he has not encountered."

I believe that after eight days and eight nights of near-death experience and tribulations.

" The officers and soldiers of the 909th Brigade have greatly improved their ability to deal with information stations and psychological warfare!

"I have gained valuable experience!" Wang Zhigang nodded.

"Yes! It's worth a good summary!"

It must be raised to the height of theory."

"Yes, sir!"

At this moment, in the command center of the Blue Army, Zheng Xiaohu was reporting to Qin Yuan.

' Brigadier General, the mechanical infantry unit has been evacuated from Anqi Crossing under the cover of the army. They are now on their way back."

" Tell Lin Xiaoxiao that the three divisions of the Red Army will meet up at Wolf Fang Base tomorrow or the day after tomorrow. They will be communicating frequently."

' Let her seize this opportunity to find an electromagnetic breakthrough and carry out electromagnetic intervention."

"Yes, sir!"

Seeing Zheng Xiaohu start to take action, Long Xiaoyun looked at Qin Yuan and said.

“There was a hidden meaning in your words just now.”

“Did you hear what I mean?” “We underestimated Wang Zhigang.” “Yeah, he’s really imposing now.”

“We can’t stop them from advancing quickly now.”

“Then what do you think we should do?”

“You’re asking me?”

“Hey, are you really not going to do anything about it?”

“Hey, hey, hey, do you have an idea now?”

“You just won’t say it.”

Qin Yuan seemed to have seen through Long Xiaoyun and asked.

“I have already made my move when I should have.” “If we continue playing tricks, we’ll definitely be exposed!” Long Xiaoyun spread out her hands, looking very helpless.

Who knew that Qin Yuan would not let it go.

“You’re a little boring.”

This directly angered Long Xiaoyun.

“Hey, what do you mean?”

Qin Yuan looked at her indifferently.

“You have a card in your hand, but you’re unwilling to play it.”

“What cards?”

“Lin Xiaoxiao!”

This made Long Xiaoyun laugh out of anger.

“I wanted to press you up!”

“You want me to attack at the same time as Lin Xiaoxiao? Are you kidding me?” “I’m afraid they won’t be steady enough if they act alone.”

“If this fails, not only will all our previous efforts be wasted, but we might also lose the entire game.”

Qin Yuan thought she was joking.

“Alright, let’s not joke around anymore.”

“The thing that gives me the most headache right now is...”

Long Xiaoyun interrupted. ” The 909th Brigade Special Forces?”

Qin Yuan also smiled.

“Otherwise, why would you say that you’re the captain of our Blue Army’s Internet Information Department!”

‘ You said that a special forces troop of more than three hundred people has disappeared without a trace!”

“This kind of combat technique is already comparable to a stealth fighter!”

“I dare say that before the 909th Brigade starts their attack, if we still can’t find any traces of this unit, we will be able to kill them.”

“Humph! This special forces brigade is very likely to be the Sword of Damocles hanging above our blue army!”

Maybe it will land at the critical moment and smash us into pieces!”

Long Xiaoyun looked at him with a smile.

“Are you that afraid of the Heaven’s Wrath Sword?”

“It’s easy to dodge an open spear, but difficult to defend against a hidden arrow!”

“I have a feeling that this troop is definitely hiding around us now.” ” Moreover, they might rush out at any time and deal us a fatal blow!” Long Xiaoyun immediately gave a suggestion.

“Increase the search for electronic information. Collect the communication signals of the 909th Brigade 24/7 and monitor the main nodes of the wireless network and the cable network.”

“As long as they dare to contact the special forces, we will definitely be able to capture their tracks!”

Qin Yuan shook his head.

“This is very difficult. I’ve been searching for them for a day and a night.”

“I’ve been tracking and monitoring all the radio signals and cable networks of their units, but I don’t have any information on this unit.” “It’s as if they’ve evaporated from the face of the earth.”

“So you don’t dare to leave?”

“I can’t leave. I’m afraid that if I leave, something will happen here.”

“That makes sense...Oh right, there’s one more thing. We’ve discovered another special situation!”

“What’s going on?”

” There’s an internal spy activity in the exercise command center!”

“Is it an enemy spy activity?”

Long Xiaoyun smiled.

‘ If the enemy spies are active, we will report to our superiors and take action.”

“But it doesn’t seem like it at the moment. It might be a spy sent out during the confrontation between the Red and Blue Forces.”

It’s usually through civilian information to gather information about the other party.”

“None of us would do such a thing, right?”

“I can guarantee that.”

“So... I suspect that you have been targeted by the enemy.”

Qin Yuan did not mind.

“What’s the use of targeting me? I, Qin Yuan, don’t change my name.. What’s there to be afraid of?”

Chapter 650 - 650: It’s Easy to Dodge an Open Spear, But Hard to Defend Against an Arrow in the Dark

“If your operation is a military operation, then your whereabouts as the commander of the Blue Army will be too valuable!”

“Maybe one day, my head will be removed.”

As soon as Long Xiaoyun said this, Qin Yuan immediately lost his composure.

“You mean, they might behead me?”

“Yes.”

“The Red Army’s special forces come and go without a trace. They’ve followed us again.”

“Hmph, this Wang Zhigang is amazing!”

The sky had just turned bright when the Red Army’s artillery regiment and the 3rd battalion of the infantry had already used the ferry to ferry the soldiers and weapons across the Anqi River. At this moment, they were unloading the ship.

“How long do you think it will take?”

The patrolling captain asked the soldier beside him.

“The ferry company said that everyone can cross the river before and after lunch.”

“Can you coordinate with them and send us another boat? We’ll double the cost!”

” The ferry company’s manager said that they won’t ask for a single cent more from the People’s Liberation Army besides the fuel.”

“It’s just that the maritime department has regulations. The water flow in this section of the waterway is rapid, and there are many ships coming and going on the main waterway. It’s not safe if the density of the ferry crossing the river is too high.” ‘
Alright, I got it. Report it to the command center. I’ll go take a look.” “Yes, sir!”

“Brigade Commander, if there’s nothing else, I’ll take my leave first.”

After Zhang Xiaoyu finished speaking, he got up and was about to leave the command post.

Wang Zhigang waved his hand, signaling him not to be anxious.

“Wait for the captain’s situation.”

At this moment, a call came from the other side of Anqi River.

“Around noon? Can’t you go faster?” “Alright, I got it!”

The signalman walked to the table.

Brigadier General, there’s a call from the direction of Anqi river. It will take four hours for the two artillery battalions and ammunition to cross the river.” “Why don’t you and the political commissar leave first? I’ll guard here.”

Wang Zhigang said calmly.

“It’s not too late for us to leave after we cross the river.”

Seeing this, the signalman could only continue reporting.

” The left road is going very smoothly. Tonight at 19 O’clock, the first troop will arrive at Wolf Fang Mountain Station.”

” The second train will arrive at the station at 20:10...’

” The third armored battalion is in Liuzhuang Village, the second armored battalion is in Dujia Village, and the support battalion is in Hexi Village.”

“Is there still no news from Hong Yi?”

“No, I haven’t.”

Wang Zhigang stood up and took a deep breath.

“Does the mole know about the situation?”

The signalman glanced at him and walked out of the command center with him.

The two people outside the door were secretly talking about something.

” This is weird. Even the production team doesn’t know that Hong Yi has arrived at the mountain?”

“It’s hard to say if the extra-large monster has already entered the mountain and is hiding.”

‘ Hong Yi and the others took a commercial plane to Guangming City

International Airport. They didn’t contact the Wolf Fang Mountain Base at all.”

“It’s not good for us to ask the base about his whereabouts.”

“But our spy is currently in the command center of the base. If there’s any important information, he will send us a text message.”

“Find out where Qin Yuan is.”

“Okay!”

As he spoke, the communicator took out his phone and sent a message to the internal line.

“Alright, that’s it.”

The reporter handed the phone to Wang Zhigang.

“Is it reliable?”

” These are the soldiers that our brigade transferred to the base a month ago to provide support. Before they left, I specially assigned them a mission.”

“But I didn’t expect him to send me a text message a few days ago to tell me that he’s working in the command center!”

Wang Zhigang also smiled after hearing that.

“I didn’t expect you to plant your spies under the Bureau Chief’s nose.”

“If we fight according to the rules, we’ll follow the rules.”

“But we have to be more careful when fighting with the Mountain Leopard Brigade. He can steal, but we can’t do anything unorthodox?”

“That makes sense!”

At this moment, Zhang Xiaoyu walked out and saw the two of them acting mysteriously.

“What are you two whispering about?”

“Staff Officer Ding has marked the location of the artillery position. You two come over and confirm it.”

“Alright, got it.”

Then, he turned around and whispered to the signalman. “Don’t let the political commissar know about this first.”

“Alright.”

At this moment, the signalman’s hand rang.

“There’s news.”

However, Wang Zhigang could not understand the code words on it and asked.

“What is the meaning of this?” the signalman explained.

‘Qin Yuan is at the 535 defense line.’

“Good, great!”

“Since he is already waiting for me on the Wolf Fang, I have to pay him a visit.”

Zhang Xiaoyu, who was far away, could not hear clearly.

“What’s great?”

The two of them hurriedly turned around. Wang Zhigang said under the guise of a lie.

“Chief of Staff Ding said that Qin Yuan has been waiting for us at the 535 defense line for many days. We can’t keep dawdling on the road. I think we should go! ”

With that, the three of them returned to the command center and prepared to set off.

Of course, Qin Yuan was not idle either.

Since Long Xiaoyun had already sensed that there was a spy in the Blue Army, Qin Yuan naturally could not sit still and wait for death. He had sent Long Xiaoyun to the research institute early on.

“Wasn’t Brigade Commander Qin supposed to come personally? Why are you here?”

Lin Xiaoxiao asked.

” The brigade commander is likely to have been monitored and tracked by the other party. If he comes, it’s very likely that this operation will be exposed.” The Red Army is not interested in me, so I have more freedom of movement.”

Long Xiaoyun explained. “How could the brigade commander be monitored by them?”

Zhang Dajun guessed.

“There might be a mole in the 909th Brigade in the command hall. During the previous exercise, there were Red Army fellows who sent information to Blue Army fellows.”

“We should all be wary of this villain.”

Zhang Dajun had guessed it right.

It was just that he did not know if the Blue Army could find this mole.

At this time, the command center of the Red Army was ready to set off.

Just as he walked out of the door, Zhang Xiaoyu's phone sent a message.

"Ten of us have been kidnapped. Send someone to save Li Haiying!"

Wang Zhigang looked at these words in confusion.

"Li Haiying. Who is Haiying?"

"She's the wife of Commander Zhu of the Cannon Regiment!"

Wang Zhigang threw his phone at him after hearing that.

"How is that possible?"

Then, she immediately reacted and asked in a low voice.

"Does Commander Zhu know?"

"I'm not sure. I don't think so."

At this moment, the Chief of Staff opened the curtain and walked out. Seeing that the two of them were still there, he asked in confusion.

"You two haven't left yet?"

Zhang Xiaoyu hurriedly showed him his phone. After reading it, the Chief of Staff also became anxious.

"We have to call the police!"

However, Wang Zhigang was not that stupid. He said with a solemn expression.

"This is very likely Qin Yuan's psychological tactic. He's still trying to stall us and make us uneasy!"

"That's not possible. Didn't they just use this move? Are you planning to repeat the same trick?"

"Call Li Haiying first and ask about her condition."

"Good!"

"Turn it off!"

"Political commissar, are you sure that the phone number that sent the text message is Commander Zhu's family?"

"How can this be wrong?"

"The phone numbers of the families of all the officers above the battalion level are stored in my phone."

“I even called Li Haiying yesterday and told her that Old Zhu had a good fight. This is her number. It can't be wrong!”

Wang Zhigang said in a deep voice. “What do you mean by turned off? Ten people were kidnapped...”

“Old Zhang, call your wife and ask.”

“Oh, she went down to the island to do her rounds. She left three days ago.” “How about this, you can ask your Xiao Gu.”

“You can call her. I didn't bring my phone with me. She's at home. She won't be going out for the time being.”

Zhang Xiaoyu picked up his phone and dialed the number.

After dozens of seconds, there was still no answer. This time, Wang Zhigang also became a little nervous.

” That's weird. Why isn't she picking up?”

“Where did she go?”

“Old Wang, don't worry. I think she went to the streets to buy groceries. Just wait a little longer.”

Wang Zhigang wiped the sweat from his forehead.

“How about this, you first seal off all the news, especially not to affect the emotions of the other officers.”

I think there are two possibilities. The first possibility is that the Blue Army is using psychological warfare...”

Before he could finish, the chief of staff interrupted him..
