

Special Troop 651

Chapter 651 - 651: Crushing Wang Zhigang's Mental Defense!

"Impossible! Qin Yuan was still in the 535 command post a few minutes ago.

How could he have run to Chenghai City, which is more than a thousand kilometers away?"

Hearing this, Zhang Xiaoyu was a little puzzled. "How do you know that Qin Yuan is at Highland 535?"

The chief of staff said without thinking.

"The video of him at the Blue Army command post is on the big screen of the director's command post."

"My spy is in the hall of the director's headquarters. He has already seen Qin Yuan!"

"Did you send someone to the director's command center?"

The chief of staff took out his phone and pointed at it.

"It's the troops management office who transferred our brigade's soldiers to the base for support." "It just so happens that this soldier is my hometown."

Wang Zhigang interrupted.

"Let's not talk about this for now!"

"If it's not Qin Yuan himself, it might be someone else from the Mountain Leopard Brigade."

"Of course, this is just my speculation. I hope my speculation is correct."

"Secondly, something might have really happened to the family compound."

"No, if something really happened, Commander Lei of the Mobu 1st Battalion should know."

"If something really happens, he will definitely inform us immediately!" Zhang Xiaoyu said immediately.

"Chief of Staff, please call Battalion Commander Lei immediately and ask him what happened at the family residence!"

"Good!"

Wang Zhigang saw that he could not waste any more time here and said in a deep voice.

"The two of you discuss this matter. I'll rush to Wolf Fang first."

"This matter is currently only known to the three of us, especially not to

Commander Zhu!”

“He’s organizing an artillery regiment to cross the river!”

“Political commissar, what do you think?”

Zhang Xiaoyu pondered for a moment and felt that Wang Zhigang’s actions were somewhat inappropriate.

“Old Wang, how about this?”

“Are you leaving after your lover, Xiao Gu, calls back?”

“We can’t wait! After such a big incident, if the brigade commander takes care of his family first, is that reasonable?”

Wang Zhigang left after saying that.

The chief of staff looked at it and said to Zhang Xiaoyu. “I’ll give the battalion commander a call first.”

“Wait!”

If something really happened, Battalion Commander Lei would know. If nothing happened, or if he didn’t know about it, Battalion Commander Lei wouldn’t have called.”

“If I suddenly call him now, will it cause panic?” “Battalion Commander Lei is a hot-tempered person!”

The Chief of Staff sighed.

“I think we should call the police immediately and let the local police come forward to rescue them.’

“How do we call the police?”

I’m afraid it’s not appropriate to call the police just based on the information from Commander Zhu’s wife.”

“If it’s really like what Brigadier Wang said. and it’s a psychological war by the Blue Army, then we can report this matter to the Public Security Bureau.” “The last false alarm will be a big joke!”

“If the media gets involved and the news spreads on WeChat, it won’t be easy to end this.”

The chief of staff did not expect Zhang Xiaoyu to be so far-sighted.

“I really didn’t think so much.”

Wang Zhigang still didn’t know that the family members of the Red Army leaders had been deceived by the Blue Army’s Internet Information Department to come to the hotel to watch the “military-civilian party” that the Blue Army pretended to hold.

“Good!”

After the performance, the family members below the stage applauded. Lin Xiaoxiao, the performer on the stage, bowed and thanked everyone.

“Thank you! ”

The host, Zhang Dajun, stood on the stage.

“Thank you to our famous singer, Lin Xiaoxiao, for singing ‘Good Days’.”

” Today, I am very happy and honored to invite our relatives, the People’s Liberation Army, our military-civilian joint construction unit, and some family representatives of the 909th Brigade.”

“It’s a party to celebrate our company’s tenth anniversary! ”

“Our company’s performance today is inseparable from the selfless support of our 909th Brigade.”

“Yesterday, we heard that the army was out for a drill, so our superiors asked us to arrange for our family members to attend the party with us.”

“On behalf of our Blue Leopard Company, I would like to express my sincere gratitude to our military wife! ”

” Next, I would like to invite the military wife representative of the 909th Brigade, Ms. Li Haiying, to the stage!”

“Good!”

Li Haiying walked onto the stage and stood beside Zhang Dajun.

Zhang Dajun introduced.

“Ms. Li Haiying is the wife of our Commander Zhu.”

” Then today, let’s welcome Ms. Li Haiying and our singer, Lin Xiaoxiao, to sing ‘Me and My Motherland’! ”

“Everyone, welcome!”

“Good!”

Wang Zhigang’s judgment was undoubtedly correct, but the chief of staff did not believe it.

The Chief of Staff’s disbelief caused Wang Zhigang to doubt his own judgment.

This lack of self-confidence led to indecisiveness and indecisiveness.

Just as the light of victory was about to appear, unexpected situations happened one after another...

At this moment, he was sitting in a military vehicle on the way to Wolf Fang.

His expression was a little awful.

“Go to the highway intersection in front and wait for the political commissar and the others.”

Zhang Xiaoyu was sitting in a military vehicle behind him, waiting for a call from his family with a solemn expression.

Suddenly, his cell phone rang, scaring him into answering the call.

“Hey! Is it Xiao Gu?”

“I am Zhang Xiaoyu, Political Commissar Zhang.”

“What is it? Are you from Chenghai City’s Public Security Bureau’s Eastern Jiujiang Branch?”

However, they did not know that the people opposite them were the Blue Team’s Wolf Fang Team A, Old Gao and Aardwolf.

It turned out that they were using network information technology to impersonate the police officers of Chenghai City to call Zhang Xiaoyu..

Chapter 652: Crushing Wang Zhigang’s Mental Defense!

“Commissar Zhang, we have a vicious hostage-taking incident here. Ten of the hostages are the family members of your 909th Brigade.”

“The bus with the hostages has been intercepted, but the hostages are still being held in the building.”

“The scene has been surrounded by our special forces. We are negotiating with the criminals.”

“But some of the hostages are panicking and impatient. They are not willing to cooperate with our public security personnel.”

Zhang Xiaoyu asked anxiously.

“Who’s inside?”

“Is anyone injured? Is his life in danger?”

“A few people have minor injuries.” “What do you need our troops to do?”

“Tell us, we’ll definitely cooperate fully!”

“One of them is pregnant. She’s about six months pregnant. She’s in a bad mood and wants to fight the kidnappers to the death.”

” We’ve already called out to appease the hostages, but the effect isn’t obvious. I hope that the troops will immediately arrange for their relatives to rush to the scene and cooperate with the public security personnel to appease the hostages.”

“Otherwise, it will be more difficult for us to rescue them.”

Zhang Xiaoyu felt a little awkward. “Comrade, no!”

“We’re practicing outside now!”

It’s more than 1,300 kilometers away from Chenghai City now.”

“What is it? You’re not in Chenghai City?”

“What, what should we do?”

“Comrade, you must think of a way to ensure the safety of our family members.”

” That pregnant woman is most likely our Brigade Commander Wang’s lover!”

“What is it? The brigade commander’s wife?”

“Is this Brigadier Wang Zhigang?”

The situation was urgent. Zhang Xiaoyu did not hear the other meaning in the words of the aardwolf and said directly.

“Yes! It’s Brigadier Wang!”

“Can you let him answer the phone?”

“It’s like this. The two of us are not sitting in the same car now.” “Wait a moment. I’ll call you back as soon as I catch up with him, okay?”

With that, he hung up the phone.

“Xiao Li, speed up and catch up to the brigade commander!”

“Yes, sir!”

Not long after, the Chief of Staff called.

Chief of Staff, what’s the situation?”

‘ Commander Zhu, the commander of the ground artillery battalion, the commander of the rocket artillery battalion, and the deputy commander all received calls from their family members and learned that they were being held hostage!

” There’s still one battalion that hasn’t crossed the river. What should we do?” Before one wave had settled, another wave rose.

The situation with Wang Zhigang’s family had yet to be resolved, and now the family of the entire army leader had met with an accident!

Zhang Xiaoyu was also anxious.

“Let me ask you, how are the officers feeling now?”

“I’m not sure. They said they believe in the organization!”

‘ But Commander Zhu suggested that we send one of our officers back to Chenghai City to take a look.”

“Alright, I got it!”

After Zhang Xiaoyu caught up with Wang Zhigang, he quickly got out of the car.

Wang Zhigang followed closely behind, his expression so gloomy that it could drip water.

“What’s going on?”

Zhang Xiaoyu was also very anxious.

‘ Old Wang, it’s not a psychological battle. It’s true!”

“Right now, ten of our family members are tied up in a building. The SWAT team has surrounded the entire building.” Wang Zhigang was still a little suspicious.

“You called the Chenghai City Public Security Bureau?” “I didn’t hit them. They did. They’re in Eastern Jiujiang.”

“Who are the hostages? What’s the purpose of kidnapping?”

I’m not sure yet. I only know that Commander Zhu’s family, the families of the two battalion commanders, and the family of the deputy commander are among the hostages.”

“Commander Zhu and the others know?”

I don’t think we should hide it from them. The Chief of Staff has already received a call from the Artillery Regiment.”

‘ The mood of the troops has been affected.” Wang Zhigang wasn’t sure what was going on.

“How did this happen?”

“Is her life in danger?”

Hearing this, Zhang Xiaoyu looked at him with a complicated gaze and thought for a while.

“Forget it, Old Wang. I won’t hide it from you anymore.” Wang Zhigang immediately guessed what he was going to say next.

“Gu Xiaoyuan is also inside?”

Zhang Xiaoyu nodded heavily.

At this moment, a white van stopped not far from the two of them.

For a moment, the two of them did not notice.

“Did they say how Gu Xiaoyuan’s condition is?” “Now... Her emotions are very unstable now.”

“Old Wang, how about this?”

“Now that our family members are being held hostage, the mood of the army has also been affected.”

“Can I go back to Chenghai City?”

Wang Zhigang also became anxious.

“Good! That’s good too!”

“Go back immediately! Don’t let anyone know.”

“Go directly to the family compound and ask.”

“If there’s nothing else, come back immediately! It’s as if nothing happened!”

“If anything happens, I believe that the Public Security Department will handle this matter well!”

“We will also cooperate fully!”

“Good! I’ll go right away!”

Zhang Xiaoyu pretended to get into the car, but Wang Zhigang pulled him back and asked cautiously.

“Old Zhang, could this be Qin Yuan’s doing again?”

Zhang Xiaoyu thought about it.

“It can’t be, right? They’ve already used psychological warfare once. If they’re still using psychological warfare this time, aren’t they afraid that we’ll see through them?”

“It’s possible that all’s fair in war!”

“Old Wang, if it’s fake, it’ll delay our business. If it’s real, we’ll have an explanation to Commander Zhu.”

Wang Zhigang nodded.

“I’m not afraid of them playing tricks. I’m just worried that we’ll make the same mistake again!”

At this moment, Zhang Xiaoyu’s phone rang again.

“Hello, is this the Chenghai City Public Security Bureau?”

“Is it Political Commissar Zhang?”

“Yes, it’s me!”

” Your people are still being held captive by the robbers in the building. We’ve surrounded the building...”

Wang Zhigang, who was standing at the side, heard the conversation clearly. His expression was solemn.

When he got closer, he realized that the white van was actually the Blue Army’s Wolf Fang Team A!

Wang Zhigang and Zhang Xiaoyu’s every move was under their surveillance.

Seeing that they had not taken action yet, Old Gao immediately called Qin Yuan.

“It seems that the fish is still not cooked. The taste and heat are still a little lacking.”

“Wang Zhigang still doesn’t quite believe it.” “I understand. The customer is a northerner with a strong taste.”

“How about this, serve him a hard dish!”

“Now? Is that okay?”

“Now, customers are already desperate. If the taste is strong, the more they fight to eat.”

“If we let him taste it slowly, we’ll be exposed.”

“Alright, serve the hard dishes.”

As soon as he finished speaking, Aardwolf took action.

“Old Wang, it’s Gu Xiaoyuan calling!”

Wang Zhigang immediately snatched the phone.

“Xiao Yuan! Xiao Yuan, you have to calm down!”

“Hey! Xiao Yuan! Little...”

Before Wang Zhigang could finish speaking, the other party hung up.

Zhang Xiaoyu asked anxiously.

“Old Wang, is that your lover, Gu Xiaoyuan? Did you hear me clearly?”

At this moment, Wang Zhigang was a little flustered.

“It’s, it’s Xiao Yuan!”

“She... She was crying! She kept crying!”

Zhang Xiaoyu saw his uneasy look and hurriedly comforted him.

“Brigade Commander Wang, Brigade Commander Wang, you have to be steady!

Stabilize!”

How about this, Brigade Commander Wang? I’ll make a trip back to Chenghai City immediately!”

“The flight will take at most two to three hours. Everything will be revealed when we get back!”

“Hold on! Stabilize!”

Wang Zhigang’s face was already covered in cold sweat as he panted heavily.

“Hurry up! Prepare a car to the airport!”

Wang Zhigang was really about to break down when the Blue Army was served.

He was married to Gu Xiaoyuan for the second time. Gu Xiaoyuan was fifteen years younger than him.

After their second marriage, Wang Zhigang felt as young as an 80-year-old.

Now that his wife was five months pregnant, this kind of blow was like a mortar shell directly landing on the top of his head. Even if it did not explode, it would smash him to death!

At this point, Wang Zhigang had been completely defeated by the Mountain Leopard Brigade’s psychological warfare and had lost his ability to make correct judgments...

At this time, the Chief of Staff of the Red Army was doing psychological construction work for Commander Zhu of the artillery regiment.

“This battle is mainly up to your artillery regiment. You have worked hard during this period of time.”

“I know.”

“Something happened at the rear. I hope you can keep your cool.”

“Understood! It’s a huge responsibility!”

Chapter 653: Zhang Xiaoyu Was Captured!

“Chief of Staff, is there any news from the political commissar?”

” The political commissar just received a call from Chenghai City’s Public Security Bureau. The hostages are safe.”

” The negotiation expert is negotiating with the robbers about the conditions for the release of the hostages. Please don’t be anxious.”

” The brigade commander and political commissar called me over to convey the opinions of the brigade party committee. They want to express their full recognition of the courage of the troops on the right to fight and fight on the way.”

I would like to express my praise and admiration for your calmness and selflessness after the unexpected incident in the rear.

‘ Please believe that the political commissar will definitely deal with this matter properly with the local authorities after he returns to City B!’

“Chief of Staff, I have always suspected that this is a trap set by the Blue Army.

In fact, there is no need to stop the crossing of the river.”

“If we didn’t stop, our battalion would have already crossed the river.”

“That’s why I rushed over.”

Commander Zhu said disdainfully.

“What an unnecessary move.”

“Look, aren’t we still fine now?”

The soldier standing at the side echoed.

“That’s right! Even if something happens at home, we’re so far away. It won’t solve the problem if we rush back. It won’t help.”

‘ Besides, there are less than two days left until the end of the exercise.”

“If we delay any longer today, even if we arrive at the Wolf Fang Mountain tomorrow, we definitely won’t be able to fight well in a hurry.”

The chief of staff felt that it made sense. He nodded and said with relief.

“I can understand everyone’s feelings. Seeing that everyone’s mental state is so good, I’m relieved.”

“Good! Let’s not say anything more.”

“Second Battalion, cross the river immediately!”

“Yes, sir!”

At this time, Zhang Xiaoyu, who was rushing back to the Red Army family compound, happened to meet a guard quarreling with his wife. He hurriedly walked over to ask about the situation.

“Did you quarrel with your wife just now?”

The guard looked guilty.

“It’s just a family matter.”

Seeing his perfunctory look, she immediately became serious.

“Family matters?”

“Let me tell you! The safety of your family members is your responsibility!”

The guard nodded in a trembling manner.

“Yes!”

After chatting with him, the guard was a little puzzled.

“Political commissar, why are you back? Is the drill over?”

Zhang Xiaoyu was a little surprised to see that he did not know anything.

“What’s wrong? You don’t know?”

“Political commissar, if you have anything to say, just ask me directly.”

“Otherwise, if you ask me so suddenly, the back of my neck will feel cold!” “Ten people were kidnapped in our department. You didn’t know about this?” The guard thought for a moment.

“There are quite a lot of cars going in and out of this place today. There are also quite a number of people visiting their relatives and friends. I’ve never heard of this before!”

Zhang Xiaoyu handed the phone to him helplessly.

“Take a look!”

“This is from Commander Zhu’s wife, Li Haiying.”

The guard said in disbelief after taking a look.

“Impossible! Political commissar.” “You believe that?”

“Someone must be joking with you!”

“Think about it. Ten people were kidnapped in broad daylight.”

If it’s true, think about it. It would have been hyped up on the Internet a long time ago! ”

Hearing what he said, Zhang Xiaoyu also felt that something was wrong.

“Could this be... Another psychological battle?”

The guard did not participate in the exercise, so he naturally did not know what psychological warfare was. He asked in confusion. “What psychological warfare are you talking about?” Zhang Xiaoyu did not explain much to him. “Are you sure there’s no such thing?”

“Of course!”

“If you don’t believe me, I’ll get someone to verify it for you on the spot.” As he spoke, the guard took out his phone from his pocket and made a call.

“Chief Wang?”

“I’m a guard from Happiness District.”

“It’s like this. Our Political Commissar Zhang rushed back from the front line today. He has something to verify with you.”

” Yes, okay. Please wait a moment. I’ll pass the phone to him now.”

“Hey, political commissar, this is Director Wang, who is in charge of our film. If you have anything to say, just ask him directly.”

Zhang Xiaoyu took the phone. “Hey! Chief Wang?” “Hello! Hello!”

“I’m Zhang Xiaoyu.” “Political Commissar Zhang?”

“Yes! There is such a thing.”

“We received a call from Officer Zhang this morning. He said that you were handling a hostage kidnapping case related to the family of our soldier.”

“No! We’ve never taken this case!” “Was it this morning?”

“Yes! It happened this morning.”

Chief Wang explained over the phone.

“That’s even more impossible! It’s very likely that you received a scam call.”

” The swindlers nowadays have ridiculously high intelligence. They often use high-tech means to cheat people. If they call you with his phone, it might show the phone number of our Public Security Bureau.”

“Did this scammer say how much money you spent on your credit card and that she was in danger and asked you to transfer the money to her?”

“Just tell me, did you lose anything?”

Only then did Zhang Xiaoyu realize that this was really the psychological tactic of the Blue Army and said awkwardly. “Oh! We didn’t lose anything.”

“It’s good that there are no losses.”

“You just said that someone called you in the name of our public security police, claiming that someone was kidnapped..”

Chapter 654 - 654: Zhang Xiaoyu Was Caught! (2)

“Alright, I’ll report this to my superiors immediately.”

“Alright then! Thank you!”

After saying that, Zhang Xiaoyu absentmindedly returned the phone to the guard and fell into deep thought for a moment.

“Hey, political commissar, was this psychological warfare that you mentioned just now done by Qin Yuan and the others from the Mountain Leopard Brigade?”

Zhang Xiaoyu came back to his senses and sighed.

“Sigh! I’m sure they did it.”

“We’ve already been tricked once on the march, and the brigade commander saw through us.”

“I didn’t expect them to do it again! ”

Zhang Xiaoyu couldn’t help but feel a little regretful and annoyed.

“I didn’t expect this! I really didn’t expect this!”

Seeing him like this, the guard couldn’t help but recall a strange thing from before.

“Political commissar, the matter you mentioned...I don’t know if it has anything to do with an exception.”

It’s my wife, Xiao Lu. She just told me that more than a dozen family members were picked up by a company today. They said they were attending a gala, but Xiao Lu wasn’t invited.”

“Who went there?”

“There’s Li Haiying and the family members of the battalion commanders of the artillery regiment.”

“Oh! Oh right!”

“And the brigade commander’s wife, Gu Xiaoyuan!”

As soon as he finished speaking, Zhang Xiaoyu immediately rushed to Gu Xiaoyuan’s residence in the neighborhood and knocked on the door anxiously.

“Is anyone home?”

“Coming, coming!”

The person who came out to open the door was Wang Zhigang’s lover, Gu Xiaoyuan!

Gu Xiaoyuan looked at Zhang Xiaoyu in confusion.

“Political commissar? Why are you here?”

Zhang Xiaoyu looked at the person in front of him in shock. Gu Xiaoyuan was completely intact, and he was speechless for a moment. Gu Xiaoyuan saw him standing there in a daze. “Come in and sit!”

“What’s wrong with you? Political commissar?”

Zhang Xiaoyu walked into the room in a daze and looked around the room to see if there were any so-called robbers.

After realizing that there was nothing going on inside, he turned around and asked.

"Xiaoyuan, are you alright?" Gu Xiaoyuan did not understand.

"I'm fine!"

"When our Zhigang left, I told him not to worry about anything."

"The child in my stomach is only five months old. Just be careful."

"Sit down!"

Hearing her words, Zhang Xiaoyu's anxious heart also relaxed.

"Political commissar, could it be that something happened to our Zhigang?"

Seeing that she was worried about Wang Zhigang, Zhang Xiaoyu immediately comforted her.

"I'm fine! I'm fine!"

"I just came back for a meeting. The exercise will end in two days."

"I came back to see you."

Gu Xiaoyu patted her chest.

"You were so scary when you came back. I thought something had happened to our Zhigang!"

Seeing that she was no longer worried, Zhang Xiaoyu took the opportunity to ask.

"Xiaoyuan, I called you this morning. Why didn't you pick up?"

Gu Xiaoyuan finally reacted and said with a smile.

"You mean in the morning?"

"In the morning, a group of family members went to attend someone else's party."

"I just entered the house and you came over!"

"A party? Where is it?"

It seems to be a cosmetics company. They say that it's a joint unit of the military."

Zhang Xiaoyu was even more confused.

"Co-construction unit holding a party?"

"As a political commissar, why didn't I know?"

When Gu Xiaoyuan heard this, she thought that he was jealous and said with a smile.

"Where can I inform you?"

‘ You guys are practicing every day. Even if I inform you, do you have time to

“What’s the name of that company?

“It’s the Blue Leopard Company’s tenth anniversary celebration.”

“Blue Leopard Company?”

“That’s right! He even sent a gift over!”

As she spoke, Gu Xiaoyuan handed him a blue gift box on the sofa.

“Take a look at what’s inside.”

Zhang Xiaoyu opened the lid of the gift box. There was indeed a pile of cosmetics inside.

Other than that, there was also a blue greeting card hidden at the bottom.

“A gift from the mountain leopard?”

Zhang Xiaoyu muttered the words on it in a low voice.

Gu Xiaoyuan, who was at the side, also heard it.

“Mountain Leopard Brigade? What happened to the Mountain Leopard Brigade?”

As she spoke, she snatched the note from his hand.

At this moment, Zhang Xiaoyu was really sure that they had really fallen for the Blue Army’s psychological tactics!

“This is bad! It’s broken...”

Zhang Xiaoyu only wanted to rush back to the army as soon as possible to inform Wang Zhigang about this matter.

Not long after they left the neighborhood, a police car drove towards them.

Two police officers in uniforms came down. “Hello! Are you Political Commissar Zhang?”

“I am. Why?”

“An hour ago, you spoke to Director Wang on the phone and reported that someone was impersonating a public security officer to call you.” ‘Yes, there is such a thing.”

“Chief Wang asked us to come over to pick you up and talk to the Public Security Bureau.”

“The higher-ups took this matter very seriously after hearing about it. They immediately instructed Director Wang of the Political Department to clarify the situation as soon as possible.”

Zhang Xiaoyu smiled awkwardly.

“I’ve really troubled you!”

I've figured out this matter now. It's an internal matter of our army. It has nothing to do with you."

"Go back and tell Chief Wang to thank him!"

"I still have to catch my flight. Goodbye."

Zhang Xiaoyu was in a hurry. After explaining to them concisely, he planned to leave.

However, two police officers immediately came up to stop him.

"Political Commissar Zhang, because you reported this matter, the bureau has also filed a case."

"Moreover, it involves the relationship between the military, the police, and the people, so the higher-ups pay special attention to it."

"You should meet with Chief Wang and explain the situation clearly. It won't take up too much of your time."

"Our... I'm also carrying out orders." "Please don't make things difficult for the two of us." Zhang Xiaoyu looked at his watch.

"Chief Wang's place isn't far from here, right?" "Don't worry, it'll only take a few minutes." "We'll send you directly to the airport later."

"Alright, alright then. Hurry up!"

After saying that, she got into the police car with the two police officers.

Not long after, a white police car arrived at the Blue Army's Network Information Tactics Research Institute.

The people in the car were Zhang Xiaoyu and the two police officers!

After getting out of the car, Zhang Xiaoyu looked around the building and found that it was not a police station, so he asked in confusion.

"Aren't we going to the Public Security Bureau? What are you doing here?"

It turned out that Zhang Xiaoyu did not know about the Blue Army's research institute.

At this moment, a few uniformed police officers walked out of the building.

"Political Commissar Zhang, our leader is already waiting for you on the sixth floor. He would like to treat you to a meal and chat while eating."

"Don't worry, it won't affect your flight."

Only then did Zhang Xiaoyu dispel his doubts.

"Oh! Your leader is Chief Wang, right?"

The policeman who spoke thought for a moment.

"Our chief wants to see you. Please!"

Zhang Xiaoyu looked at the people around him and the environment in confusion. His expression was a little ugly, so he could only follow them into the building.

When the elevator door opened, three people in special forces uniforms appeared in front of him!

Zhang Xiaoyu looked at the three of them with his mouth agape. For a moment, he did not know what to do. His face was filled with shock and doubt.

After a long time, he finally regained his senses.

The shock on his face turned into helplessness and unwillingness.

“Hello, Political Commissar Zhang!” Zhang Xiaoyu asked gloomily.

“Who are you?”

In fact, he knew very well who it was. He just wanted to get the answer from these special forces soldiers.

The special forces soldier standing in front took off his sunglasses.

“I am He Chenguang, the vice-captain of the Mountain Leopard Special Forces.

He asked me to propose marriage and tell you that you have been captured.”

Zhang Xiaoyu was so angry that he turned his head away, not wanting to look at him.

He was inexplicably captured by the Blue Army, and the unwillingness in his heart was indescribable.

At this moment, Long Xiaoyun walked over from the corridor and said with a smile.

‘Commissar Zhang, please go to the dining room that we have prepared for you.’

Things had already come to this point. Even if Zhang Xiaoyu was unwilling, he could only give up.

He sighed and followed the guard to the dining room.

Chapter 655 - 655: Even More Grievous Than Having Your Nest Destroyed!

Night came.

The Red Army’s artillery regiment had already crossed the Anqi River and was resting on the other side of the river.

If not for the Blue Army’s psychological tactics, they would have been able to reach the Wolf Fang Mountain base today.

However, due to the problem of the family members behind the exercise, the time had to be delayed by another day.

“Chief of Staff! The 2nd Battalion’s artillery vehicles have all crossed the river!” “Do you want to wait for the fuel truck to cross the river and set off together?” a soldier reported.

The chief of staff looked at Commander Zhu, who was eating at the side, and Commander Zhu ordered.

“Wait for the fuel trucks to cross the river. Tonight, fill up all the vehicles with fuel before leaving.”

“Yes, sir!”

After seeing the soldiers leave, Commander Zhu’s expression did not look too good, as if he was thinking about something. “Alright, Old Zhu, let’s eat. Don’t think about it.” the chief of staff reminded.

Commander Zhu sighed.

Chief of Staff, did we make a particularly low-level mistake?”

” Then let me ask you, what’s the difference between a high-level mistake and a low-level mistake?”

“Low-level mistakes are mistakes that can be avoided.”

High-level mistakes are unintentional, unpredictable, and unavoidable.”

The Chief of Staff smiled.

” This is the first time I’ve heard of such a concept.”

It doesn’t matter if it’s low-level or high -level. A mistake is a mistake. Just remember the lesson.”

“We can definitely cross the river smoothly and reach Mount Lan Tu in one go.”

However, Commander Zhu was still not convinced.

“At the very least, we still have one day to choose a position to investigate. We’ve spent more than half a day doing this.”

“It will be at least two or three o’clock in the morning when all the cars are filled up!”

The chief of staff saw that he was getting irritable again and quickly comforted him.

“Old Zhu, you have to pay attention to your emotions.” “My wife and child are fine. Isn’t it good that they’re fine?” The vice commander also couldn’t take this lying down. “We woke up early, but we rushed to the evening market.” The other deputy battalion commander disagreed.

“How can you say it’s a market?”

It doesn’t matter if we’re going to the market or not. We set off from Chenghai City the earliest, and we took the longest detour. We fought the biggest battle, and we encountered the most things.”

“Do you think we can arrive early?”

The vice commander had been filled with resentment since he rushed here. Now, he was scolding them one by one.

Seeing that the Artillery Regiment officers were starting to get emotional, the Chief of Staff quickly comforted them.

“The brigade commander knows better than us how to fight when we get to the Wolf Fang Mountain.”

Besides, we are all familiar with the terrain of the mountain. It's not like we haven't defended the 535-point high ground before.”

‘ When the time comes, which position should the cannon carriage be placed at? You can recite the shooting elements with your eyes closed.”

As he spoke, he turned his head to Commander Zhu.

It's not the first time that you, Commander Zhu, hit the target in the first round, right?”

At this point, the deputy commander also became excited and began to talk about his heroic deeds back then.

“Of course! Back then, we also went to the Wolf Fang Mountain for a drill. At that time, Commander Zhu was still the battalion commander and I was the company commander.”

” At that time, Commander Zhu applied for leave to go home to get married. On the day sister-in-law married, he received a notice saying that the exercise had been brought forward.”

‘ Commander Zhu rushed back to the army the next day. He took three days and three nights to bring the artillery battalion to the Wolf Fang Mountain.”

“The first shot was a full house!”

As he said that, the Chief of Staff also burst into laughter.

“I remember this! After the drill, he even got a second-class military merit!”
Commander Zhu also stroked his hair proudly.

Just like that, the Red Army's low morale and unstable mood were instantly pulled back by the Chief of Staff...

At this time, Zhang Xiaoyu was eating in the dining room with Long Xiaoyun, the captain of the Blue Army's Network Warfare Information Department.

Long Xiaoyun raised her wine bottle.

“Come, pour some for our Political Commissar Zhang.”

Zhang Xiaoyu's mind was not on this meal, so he said with a straight face.

Captain Long, don't you know that drinking is not allowed in the army?”

Long Xiaoyun said with a smile.

“This is blueberry juice, not wine. I was joking.”

“Don't worry and drink!”

Zhang Xiaoyu looked around and asked with a straight face.

‘You used the name of the local public security bureau to publish a fake hostage-taking incident.’

“Aren’t you afraid of causing a bad influence among the masses?”

Long Xiaoyun would not be frightened by his words and push the blame to him instead.

“Haven’t you?”

“If you didn’t go to the police station to report it, who would know?”

” Moreover, the scope of our information attack this time has been strictly calculated.

“Only within ten kilometers of your Red Army command post and within ten kilometers of the Anqi ferry.”

‘ Moreover, the cell phone numbers bound to it are only the numbers of a few officers.’

“Oh, right! Also, it’s the family home where you talked to Director Wang from the Public Security Bureau.”

This time, it was Zhang Xiaoyu’s turn to be shocked.

“What?! Have you been monitoring my phone?”

Long Xiaoyun smiled.

“These are all small tricks. These equipment can be found online. Moreover, the secret education class has repeatedly emphasized that cell phones can leak secrets.”

‘ But no one believes that someone would monitor their phone every second, hoping to get lucky.’ “So today’s matter was also a fluke.”

Zhang Xiaoyu sneered. “Humph! Lucky?”

Geng Hu explained.

“In order to organize this gala, we have specially set up a wireless communication filtering system near your family courtyard..”

Chapter 656: It’s Even More Grievous Than Having Your Nest Destroyed!

” After the gala ended, we were about to dismantle the system when we accidentally received a call from you and Director Wang.”

‘ Because your audio frequency is stored in our database.’ “Since you’re going back to Chenghai City, of course we can’t let you go again.”

“So I added another scene outside of the movie and stole it.” Hearing this, Zhang Xiaoyu’s face darkened even more.

So I rushed back from afar just to jump into your trap?

“Of course, it was a fluke that I was able to invite you here. It could also be said to be a coincidence, or it could also be God’s will.”

How was this a coincidence? This was clearly a plot that had been planned for a long time.

However, Zhang Xiaoyu was also a little puzzled. Was the network information technology so powerful now? “That accurate?”

“Yes! Absolutely accurate!”

“Because it’s a drill, we try our best not to disturb the people or to disturb the people less.”

“But we are the Blue Army, your enemy.”

” And they are enemies living in the information age.”

‘ Our strategy is to use all the means, technology, equipment, weapons, and your living habits to stall you and slow you down.”

“Now, I can tell you without exaggeration, Political Commissar Zhang.”

“We have basically achieved our goal.”

After hearing this, Zhang Xiaoyu could only accept reality and sigh.

“I didn’t expect your plan to be so thorough and realistic. I can’t help but believe the authenticity of this matter.”

“Yes, the organizer and planner of this battle is me.”

“We’re in the same industry...”

As soon as she finished speaking, Zhang Xiaoyu revealed her true identity.

I’m a researcher at the Foreign Military Research Center of the School of International Relations. I’m a PhD supervisor. I’ve served as the secretary and deputy military officer of many military attachés. I have a good understanding of foreign military intelligence operations.”

Long Xiaoyun waved her hand and said modestly.

“I don’t deserve it, I don’t deserve it.”

“We only took a drop of the bucket and used it on the Red Army.” “But I didn’t expect the results to be so good, nor did I expect some of the troops of the People’s Liberation Army to be so vulnerable.”

Zhang Xiaoyu did not like hearing this.

‘ But you are also a member of the People’s Liberation Army. Do you think you can do anything to win?’ “This is exactly what makes me sad.”

“I don’t understand.”

Long Xiaoyun explained.

‘ Our Mountain Leopard Brigade is the youngest unit in the Chinese People’s Liberation Army. It is a unit that is different from other units that fight against the enemy.”

” We are an imaginary enemy force, a professional blue army force. Our mission is to temper the Red Army. Our aim is to defeat the People’s Liberation Army, which is the victory of the People’s Liberation Army!”

‘ This is our first time competing with the 808th Brigade.”

“The head of the ground forces in the theater of operations wants to tell all the ground forces in the theater of operations that a real enemy has appeared!”

“But you don’t treat us as enemies. You don’t think about what this enemy is like or how this enemy will attack you.”

“You haven’t thought about how to fight against us.”

” All of you are only slightly more aware than Captain Wu, but you are still thinking about how to achieve your goal. Attack the 535 defense line and win the exercise. ”

Zhang Xiaoyu was puzzled.

“Isn’t that right?”

Long Xiaoyun said patiently.

“No, it’s really not right.”

‘ Political Commissar Zhang, through my conversation with you, I feel that you still regard the victory of the exercise as the ultimate goal of training and illness, and honor is paramount.”

“Don’t misunderstand. I’m referring to those narrow honors.”

” The honor of the unit, the honor of some officers, and the honor that is linked to the individual rank.”

‘ Not the honor of the country, the nation, or the history.”

“Therefore, you will still think of us as the Blue Army of the past.”

“So you guys delayed yourselves.”

” You’re very surprised, very stunned, very angry, very unbelievable, completely unreasonable, and completely unable to agree.”

“I was thinking, how can I fight like this? How can you be so unreasonable?”

After listening to Long Xiaoyun’s words, Zhang Xiaoyu also realized that there was indeed an insurmountable gap between the Red Army and the Blue Army in terms of hostile thinking. He nodded.

Captain Long, you’re right. I think so too.”

‘ Captain Long, thank you for dinner. You’ve also given me a vivid lesson.

Goodbye!”

After saying that, he stood up and was about to leave.

Long Xiaoyun hurriedly called out to him.

“Sit, sit, sit!”

‘ Look, I’ve been talking for so long, but you still don’t have any awareness of war. You still treat the drill as a game.”

‘ Don’t forget that I’m your enemy now. You’re my prisoner of war.” ‘ Before the drill is over, you can’t leave the prisoner of war camp.” Only then did Zhang Xiaoyu realize the seriousness of the matter.

That’s right! Now, he was already a prisoner of war of the Blue Army.

He could only sit down helplessly.

“You can go back to your room to rest.”

” Although it’s a little luxurious, as a prisoner of war of our Mountain Leopard Brigade, let’s be extravagant for once!”

After saying that, he asked someone to lead Zhang Xiaoyu back to the hotel room to rest.

“Chief of Staff, I feel that this exercise is not going well. It’s not a good sign.”

“I’m afraid that if we start fighting, it won’t be us who get hit by the first team, but us who get hit by the first team!” Commander Zhu said worriedly.

“What are you talking about?”

“Whether we can successfully take down the 535 defense line depends on your artillery regiment.”

” The front of the 535 is a mountainous land. Tanks and armor can’t do anything. Our Red Army is counting on your dozens of artillery and rocket launchers to open the situation!”

“What do you mean by being hit by the starter?”

“Shut your jinx and eat!”

Seeing that Commander Zhu had already started to boost the morale of the others and diminish his own prestige before he even reached the mountain, the chief of staff could not help but berate him.

The deputy commander suddenly remembered that Zhang Xiaoyu had not returned to the team yet, so he asked.

“By the way, Chief of Staff, will the political commissar be able to make it back tonight?”

“Tomorrow is the last day of the drill. The political commissar will definitely come back.”

‘Brigade Commander Wang said that after we take down the 535 defense line, we’ll hold a celebration party for the entire brigade!’

“I’ll be the first to claim credit for your artillery regiment!”

As soon as he said this, all the officers of the Cannon Regiment clapped happily. “That’s great!”

‘Good! Alright!’

“Hurry up and eat, eat more!”

I’ll only have the strength to take down the 535 defense line tomorrow!” Commander Zhu laughed when he saw the morale increase.

Deputy Leader, I mentioned your sister-in-law just now. Let me show you the photos she sent me for this performance.”

As he spoke, he took out his phone from his pocket and showed the photo album to the deputy commander.

“Wow! Sister-in-law is too beautiful!”

“Come, come, come. You guys should take a look too!”

The deputy commander showed his phone to the others.

the chief of staff asked.

“Is this the experience of Li Haiying and the others being kidnapped?”

‘Yes.’

The chief of staff took the phone and carefully looked at the photo. “They seem to be from the Mountain Leopard Brigade, right?”

“Yes, this person is the captain of the psychological warfare team of the Mountain Leopard Brigade. His surname is Long.”

” That’s right. The beauty standing with your wife on the stage is Lin Xiaoxiao, the director of the Mountain Leopard Brigade Information Center.”

“How did they end up in Chenghai City?” The Chief of Staff was confused.

The vice commander said with a bitter face. “This Mountain Leopard Brigade’s psychological warfare is really godly!” “I think this is clearly destroying our nest!”

‘ He even left behind the strongest Mobu Battalion to guard the courtyard, but this is the result!”

The rest of the people were also a little angry.

At this moment, Commander Zhu’s expression was not too good. “This is even more aggrieved than destroying our nest!”

The morale that had just been ignited by the Chief of Staff was instantly extinguished by the psychological tactics of the Blue Army.

Commander Zhu couldn’t eat anymore and walked to the side. The chief of staff sighed and followed him, patting him on the shoulder. “Old Zhu, the brigade commander is waiting for me. I’ll take my leave first..”

Chapter 657: Losing the Wife and Losing the Soldier!

“See you tomorrow at Wolf Fang Mountain.”

Commander Zhu nodded.

Then, the Chief of Staff arrived at the Red Army command center.

“Brigadier..

Wang Zhigang crossed his arms in front of his chest and looked at the strategic deployment information in front of the screen. His expression was slightly haggard.

‘ Commander Zhu and the others, will there be any problems if we set off tomorrow morning?”

“The 3rd Battalion and the Cannon Regiment can set off at 3 AM.” “Alright, let them have a good rest.”

” When do we set off? Tell them to wait for further notice.’

“Yes, sir!”

Wang Zhigang turned around and asked.

“When will the latest flight arrive here?” “You mean when the political commissar will be back?”

The chief of staff looked at his watch.

“It should be landing now. Logically speaking, it should be back soon.”

‘ After the political commissar returns, we’ll confirm yesterday’s battle plan overnight and issue it to the troops at three o’clock this morning.”

The Chief of Staff was a little puzzled. “Why so late?”

Wang Zhigang said mysteriously.

“Keep it a secret!”

The chief of staff nodded.

“Yes.”

“The Blue Army’s means of penetration have already reached the point of being pervasive. We have to guard against it.”

“Brigadier general, I thought you would be camping at the Wolf Fang Mountain base.”

‘ Why did you suddenly listen to it halfway and spend the night in such an inappropriate place?”

“This place is only about a hundred kilometers away from Wolf Fang, right?” Wang Zhigang explained.

” We’ll wait for you and the political commissar to come back before we decide on tomorrow’s battle plan.”

At this moment, a man in casual clothes who looked like an ordinary citizen drove a motorcycle to the front of the Red Army camp.

The guards stopped him.

He took out an officer’s ID, which showed that he was from the Red Army camp.

The guard looked at him again and confirmed that he was the person in the officer’s photo.

“Follow me!”

Bring him to the command center of the Red Army. Report, Staff Officer Li of the special forces has arrived! ” The chief of staff shouted excitedly after hearing that.

‘Quick, quick, quick! Quickly let him in!”

Wang Zhigang, who was seriously looking at the strategic map, did not hear what they were talking about and asked in confusion.

“Who is it?”

“Li You, Staff Officer Li of the super large Squad!”

After hearing that, Wang Zhigang turned around and looked at the door in surprise.

Li You walked in and saluted him.

“Report! Comrade Brigade Commander!”

909th Brigade super large battle team staff officer Li You reporting for duty!”

The chief of staff held his hand excitedly.

“You guys have finally appeared!”

“Where is Senior Captain Hong?”

Wang Zhigang said in surprise when he saw his outfit.

“Little Li, if you didn’t tell me who you are, I wouldn’t have recognized you!” Staff Officer Li, who had rushed over overnight, was starving. He asked first.

“Is there anything to eat?”

“Yes! I’ll go get it for you now. Wait a moment.”

After saying that, the chief of staff quickly found him something to eat.

“Come, sit!”

Advisor Li sat down and said with a tired face.

“I saw our armored regiment arrive. The brigade commander and the political commissar’s command center should be here as well.”

“Commander Hong asked me to withdraw from the front line and contact the brigade immediately.”

“Have you been hiding in the Wolf Fang Mountain?”

“Yes, this is the sixth day.” The chief of staff was puzzled.

“Then why didn’t you report it in time?”

“You can also send a message or an encrypted telegram on your phone.”

Advisor Li shook his head.

“Absolutely not!”

“The blue army’s electronic reconnaissance will definitely detect it!”

Wang Zhigang said in a deep voice.

“Captain Hong is indeed a little paranoid sometimes, but this kind of caution is still necessary.”

Wang Zhigang reminded him as he watched Staff Officer Li wolfing down the dry bread.

“Eat slowly. I’ll cook you a bowl of hot noodle soup later.”

Advisor Li said as he ate.

‘ Captain Hong believes that all electronic means of communication are unreliable and could be intercepted by the Blue Army.’

‘ Especially when we were lurking right under the blue army’s nose. As soon as we arrived at Wolf Mountain Base, Commander Hong ordered all the radio stations and wireless terminal equipment to be shut down.’

“They also asked us to remove the batteries and hand over all our personal phones, burying them underground.” The Chief of Staff was a little surprised.

“Bury them all?”

” Yeah, put all the phones in sealed bottles and bury them.” “We’ll dig it out after the exercise.”

Wang Zhigang pondered for a moment after listening.

“Didn’t you contact the armored regiment?”

Advisor Li shook his head.

” We can’t contact them. Otherwise, they will definitely report to you that the special forces are lurking at the front of the 535 defense line.” “If the Blue Army spies on us, won’t our previous efforts be in vain?”

“So you dressed up like an ordinary villager?”

“I rented a motorcycle from my hometown and ran for more than 100 kilometers before I saw the General Staff Department’s car. That’s why I barged in. ”

The Chief of Staff patted him on the shoulder.

“Thank you for your hard work!”

“How are the physical conditions of Commander Hong and the soldiers?” Upon hearing this, Advisor Li looked pained.

“Our special forces only prepared food for three days. I didn’t expect you to be gone for so many days.”

In the last few days, we ate grass roots and wild vegetables, and drank dew.

“Catch mice, catch snakes, catch bugs...Eat whatever you catch.”

“Many of the warriors ‘hands and feet were bitten by the bugs! ”

Chapter 658 - 658: Losing the Wife and Losing the Soldier!

“But we can’t retreat. Once we retreat, it’s impossible to enter again.”

Hearing that the soldiers of the special forces were living a barbaric life, Wang Zhigang and the chief of staff blamed themselves.

As he spoke, Advisor Li took out a map that was wrapped in a transparent plastic bag from his sock.

“Captain Hong asked me to give this to you.”

It’s the investigation report of our special forces on the 535 defense line.”

” All the hidden forts, fortifications, and firing points are marked on it.” The three of them spread out the map and studied it carefully...

The few of them studied until dawn. Staff Officer Li was so tired that he had fallen asleep on the table.

Wang Zhigang rubbed his sleepy eyes and looked at the chief of staff.

“Help him to sleep on my bed.”

“Two men, help Staff Officer Li to the brigade commander’s bed to rest.”

Then, the two of them continued to work hard, carefully studying the tactical map.

At this moment, the sound of a car stopping suddenly came from outside the door.

The chief of staff looked out and thought that Zhang Xiaoyu had returned.

“The political commissar is back.”

The guard walked in and said.

‘ Reporting to the brigade commander, the political commissar has not returned. ’

The two of them immediately felt a little puzzled.

“What happened?”

“Didn’t you tell me the flight number?” The guards were not sure either.

“We waited until all the passengers on the last flight had left, but we still didn’t see the political commissar.”

“And the political commissar’s cell phone was turned off.”

“Later, we went to the airport to check. The result of the verification was that Political Commissar Zhang did not check in at all.” The chief of staff looked a little solemn.

“Got it. ”

‘Yes, sir!’

Wang Zhigang was a little puzzled.

“That’s strange...”

At this moment, a soldier in the command center suddenly received a call. "Yes, this is the 909th Brigade Command. "

Reporting, brigade commander. It's a call from the director department. They want you to answer the phone."

Wang Zhigang, who was still thinking about Zhang Xiaoyu, quickly got up to answer the phone.

"I am Brigade Commander Wang." "Director Fang from the Guidance and Investigation Center?"

"What is it? What did you say?"

"Political Commissar Zhang has already...Has he been captured by the Blue Army?"

Wang Zhigang could not believe it himself.

"That's impossible, right?"

"You must have made a mistake. It's absolutely impossible!"

Wang Zhigang thought he was joking.

"Director Fang, Political Commissar Zhang is my political commissar. He's not even in the exercise unit now."

"He's in Chenghai City now. How could he be captured by the Blue Army for no reason?"

"Director Fang, you can't joke about this."

Director Fang saw that he did not believe him and continued.

"Brigade Commander Wang, this can't be wrong."

' Zhang Xiaoyu was captured by the special forces of the Mountain Leopard Brigade in a star-rated hotel in Chenghai City."

" Moreover, the two directors of the drill director department were at the scene and saw it with their own eyes."

"Zhang Xiaoyu is currently staying in the temporary prisoner of war camp in Chenghai City."

"I am now officially reporting to you the decision of the final battle drill director department."

"The deputy commander-in-chief of the Red Army, Political Commissar Zhang Xiaoyu, has been captured! Withdraw from the exercise from now on!" "If you still don't believe me, you can check the exercise website."

At this moment, Wang Zhigang was already overwhelmed by the sudden bad news and shouted in a rage.

“What kind of drill is this?”

“It’s simply a group of hooligans fighting!”

After saying that, she angrily threw the phone on the ground.

He was so angry that he wanted to rush to the Blue Army Base immediately and wipe out the Blue Army!

“No, get me the drill command center!”

“Yes, sir!”

The chief of staff at the side hurriedly dissuaded him.

“Brigadier General, calm down!”

Wang Zhigang ignored him and picked up the phone.

I’m Wang Zhigang from the 909th Brigade. I’m looking for Chief Zhou of the base. Commander Zhou, pick up the phone!” Chief Zhou said calmly.

“I am. If you have anything to say, just say it.”

Wang Zhigang said angrily.

“I object!”

“Brigade Commander Wang, don’t get angry. Let’s talk things out.”

‘ First of all, the director department has determined that our political commissar Zhang Xiaoyu has been captured and it is wrong to withdraw from the exercise!”

‘ Secondly, if they use such despicable tricks, it will be considered a victory for the Blue Army.”

” Then our Red Army would rather withdraw from the exercise!” Bureau Chief Zhou understood his feelings and tried to persuade him.

“Brigade Commander Wang...”

Before he could finish, Staff Officer Shen, who was sitting next to him, snatched the phone away.

“Wang Zhigang, listen carefully!”

“If you withdraw from the exercise now, I will immediately sentence your

909th Brigade to be wiped out! ”

“I’ll also send you to the military court and convict you of desertion. Your outcome will be even worse than Wu Tian’s!”

Staff Officer Shen did not show any mercy and said firmly.

“I give you three minutes to make a decision!”

After saying that, he hung up the phone.

Wang Zhigang, who was on the other end of the phone, was dumbfounded by her words.

The chief of staff who was standing at the side also heard their conversation and was extremely shocked.

She took the microphone from Wang Zhigang’s hand with trembling hands and tried to persuade him again when she saw his stunned expression.

“Brigade Commander, you must calm down at this time. Calm down!”

“We’re about to win! The political commissar is no longer around, so don’t be rash!”

Wang Zhigang couldn’t even stand steadily. He quickly held onto the table beside him and closed his eyes.

the chief of staff asked. “Who was that on the phone just now?”

Wang Zhigang sighed.

“It’s Staff Officer Shen.”

Hearing this,

“Ah! This time, we’ve hit the muzzle of a gun!”

“Chief of Staff Shen, he...

He gave me three minutes...” the chief of staff said anxiously. “Brigadier General, we can’t back out!”

“This is a serious political issue!”

“Defeated is a sacrifice, but if you retreat, you’ll really become a deserter!”

“No, I have to report to the chief. We will never quit!” As he spoke, he was about to make a call.

Wang Zhigang thought for a moment and stopped him.

“Wait!”

“I was too rash!”

“You were right! I was too impulsive!”

“I should be the one to reflect on myself to the chief. I should still be the one to make this call!”

“Answer the phone!”

Wang Zhigang said righteously after the call was connected.

“Reporting to the chief! I was wrong!”

Staff Officer Shen interrupted.

“I know. If I say anything else, it’ll be nonsense.”

Then, he hung up the phone. Perhaps he was too disappointed with Wang Zhigang’s performance just now.

“Chief...”

Before he could finish his sentence, Staff Officer Shen hung up the phone.

Wang Zhigang was a little at a loss, and his mind was in a daze.

He asked the chief of staff beside him with a confused look.

“Just now...Did you hear that?” The chief of staff nodded.

“I heard you.”

“Chief of Staff Shen...What was the last sentence?” “It seems to be...If you say anything else, it’ll be nonsense.”

Wang Zhigang frowned in disbelief.

I haven’t even done a single self-reflection or self-criticism. He still doesn’t know if I’ve done a thorough self-reflection.” “Why... Do you think what I’m about to say is nonsense?” the chief of staff explained.

“The chief seems to be...I only asked you to make a decision. I didn’t ask you to do any self-reflection.”

Wang Zhigang looked at him in confusion.

“But I have to report my next decision and thoughts to him, right?”

“Didn’t you say you were wrong?”

” The Bureau Chief thinks that you’ve already denied your request to withdraw from the exercise. This matter ends here. Don’t mention it again.”

“So you’re not criticizing or pursuing the matter?”

“Maybe! This is my understanding.”

Wang Zhigang nodded as well. He was starting to admire Staff Officer Shen.

“Delightful! He’s a commander in war!”

Then, he regained his confidence and said seriously.

“If we don’t win this final battle well, then everything we say will be nonsense!”

After saying that, he turned around and returned to the map. He began to plan the strategy for tomorrow’s final battle at the Wolf Fang Mountain.

At this moment, Advisor Li, who was sleeping on Wang Zhigang's bed, slowly woke up.

‘ Brigade Commander, I have to rush back. Please give me your instructions! ’

Wang Zhigang quickly called him over.

“Come, Li, you come and join us!”

Staff Officer Li had just woken up and didn't know what was going on.

Wang Zhigang pointed at the map and said.

“In a while, you can directly bring back the combat deployment of this map.”

“Yes, sir!”

Chapter 659 - 659: The Final Battle Is Coming

Wang Zhigang continued to study the tactical map.

After a while, he seemed to have thought of something and looked up at Advisor Li in surprise.

“That's right! How could I forget that I still have a special forces team lurking below the 535 defense line!”

“Yes!”

” We've been lying low for six days!”

The chief of staff said.

“That's right!”

“This is something Qin Yuan never dreamed of.”

‘ Captain Hong asked me to come and ask for instructions. Our three squadrons are already hiding at the 535 defense line. We hope to start moving up during the artillery preparation phase.’

” When the artillery bombardment stops, the soldiers of our special forces can appear at the blue army's position and try to win by surprise!”

“This is a good idea!”

Wang Zhigang agreed with him.

“Good!”

“Captain Hong's idea is not bad. It can be used as one of the arrangements after the general attack begins.”

‘ Now, I'll talk about the tactical cooperation and cooperative battle plan for the final attack on the 535 defense line.’

Then, he pointed at the information on the tactical map and said.

” According to the intelligence we received, the Blue Army has deployed two battalions of troops at the 535 defense line.”

“After ten days of fortifications and recuperation, I’ll wait for fatigue.”

“And the remnants of the Mountain Leopard regiment that were repelled by our army at Anqi Crossing have also joined the defense of Dao 535. They can be used as the second echelon to join the battle at any time.”

“If our special forces attack alone, they will definitely suffer when faced with the blue army’s concentrated fire defense.”

‘ Moreover, the soldiers of the special forces are too exhausted after six to seven days of hiding in the wild. I think it’s not wise to move ahead of time.”

‘ So, you have to wait until our Red Army’s middle and right troops have all arrived at Wolf Fang Mountain. The 2nd Mobu Battalion will be the main attacker, and the special forces will be the secondary attacker.”

” The 3rd Battalion will be the reserve team and assist from the flank.”

“Wait until the armored regiment goes around to the back of the Blue Army and cuts off the Blue Army’s supply line.”

” The 1st and 2nd battalions of the Artillery Regiment that have arrived at the Wolf Fang Mountain will enter the 330 high ground on the east side of the 535 defense line as quickly as possible.”

‘ And quickly prepare for artillery bombardment!”

” The time of the general attack is 17:00 p. m. tomorrow.” The vice commander standing at the side was a little puzzled.

“Why didn’t you start earlier?”

‘ Our artillery regiment will set off at three in the morning. We will arrive at the Wolf Fang Mountain around noon. We will enter the camp to supplement our reconnaissance and correct the firing elements.” ‘ All preparations will be completed by 15 p. m.”

Wang Zhizanq shook his head.

“No, I just want to give the Blue Army an illusion. I want Qin Yuan to feel that his harassment along the way was very successful.”

On the other hand, the Red Army has advanced more than 1,500 kilometers and has been on a long journey for six to seven days. Even if they reach the Wolf Fang Mountain, they will only be at the end of their rope. It will be very difficult for them to launch a powerful offensive.

” And 7 O’clock is exactly the time for dinner. If we attack now, the Blue Army might be caught off guard.”

As expected of a veteran who often fought on the battlefield. Wang Zhigang’s meticulous and cautious thinking made everyone present admire him.

“Moreover, the sky is already dark. It’s also beneficial for Captain Hong’s special forces to launch an attack.”

” When the artillery fire is stopped, the 2nd Battalion will move forward quickly. When the artillery fire is finished, the 2nd Battalion will attack from the front. ”

” The special forces and the 3rd battalion of the infantry will assist from both sides, forming a pincer formation. The battle will end at 20 O’clock.” At this point, Advisor Li suddenly remembered something.

‘ Brigadier General, Commander Hong once led us to scout the 535 frontline and discovered a new gully.”

“We sent a special forces team to climb up from there. They can go straight to the command center of the blue army!”

Wang Zhigang smiled and shook his head.

” No, we can only achieve a small victory in this way, and it will easily disrupt the overall deployment.”

At this moment, in the command center of the Blue Army.

‘ Brigadier General, the Red Army has arrived outside the Wolf Fang Mountain, except for the armored battalion, logistics department, and hospital.’

” The Red Army’s middle road and command center are still 100 kilometers away from Wolf Fang Mountain. They are expected to arrive tomorrow morning. ”

‘ One of their artillery regiments and the infantry battalion are still at the Anqi ferry crossing. They can arrive at noon tomorrow at the earliest and enter the battle in the afternoon.”

A scout sat in his seat, looking at the reconnaissance information on the computer and reporting to Qin Yuan.

Qin Yuan, who was standing at the side, thought for a moment and felt that something was wrong.

” That’s not right. A while ago, Wang Zhigang was rushing to the Wolf Fang Mountain. ”

” There are less than twenty-four hours left, but he’s taking his time. There must be something going on.”

At this moment, Xiao Zhuang and Lao Pao of Blue Team Wolf Fang Team B walked into the command center.

Their mission this time was to scout for information on the missing special forces of the Red Army.

“Brigadier.”

Qin Yuan turned around and saw that they had returned. He quickly waved his hand.

“You came at the right time. Sit down!”

After the three of them sat down, Qin Yuan was the first to ask.

“Tell me about the situation.”

Old Pao replied dejectedly.

“I’m sorry, Brigadier General. We haven’t found out anything about the Red Army Special Forces yet.”

Xiao Zhuang also echoed.

“That’s right! We, Wolf Fang Team B, have been scouting the area around the Wolf Fang Mountain base for many days, but we haven’t found any traces of the Red Army’s special forces.”

It’s as if they’ve vanished from the face of the earth ever since they participated in the exercise..”

Chapter 660 - 660: The Final Battle Is Coming

Hearing this, Qin Yuan’s expression was a little heavy.

“The Red Army is so mysterious...”

” Their captain is called Hong Yi. He’s a colonel. We know him.”

Qin Yuan was a little surprised to hear Old Pao say this.

“How do you know him?”

“We met when we were participating in a peace-keeping mission in Africa. He was the commander of the Chinese peace-keeping battalion, and I was a military observer in the mission area.”

Xiao Zhuang had some understanding of Hong Yi and admired him very much.

‘ Colonel Hong Yi is very outstanding. His training methods have been included in the must-read textbooks of the International Special Forces Academy.”

Hearing Xiao Zhuang's praise for the captain of the Red Army's special forces, Qin Yuan's expression darkened even more.

"So you're saying that Hong Yi's disappearance is an extremely dangerous signal for us?"

"He's hidden very well. He's currently outside our surveillance range."

' And the human reconnaissance, network reconnaissance, electronic reconnaissance, satellite reconnaissance, and all the other means that we can use now have failed to find his whereabouts.

Qin Yuan also said in a deep voice.

"We have to find their location as soon as possible. Otherwise, when they appear in front of us, it will be too late." The two of them nodded.

At this moment, the scout sent a message.

' Brigadier General, we found that the armored battalion of the Red Army is moving south, which is behind our 535 defense line."

"Alright, I understand."

Then, he looked at the two of them.

"Do you think this special forces team is hidden in the armored battalion?"

"Moving behind us to ambush us?"

"That's possible."

But we have to keep scouting the armored battalion to find clues." Qin Yuan immediately said to Staff Officer Wu behind him.

' Staff Officer Wu, instruct Satellite No. 2 to lock onto the armored battalion of the Red Army!"

"Yes, sir!"

"Brigadier General, Commander Long should be back, right?"

Old Pao asked.

"The mission should be completed soon." After saying that, he gave her a call.

"Hello, President Qin, what's the matter?"

"I want to ask you, when will you be back?"

"Tomorrow."

"Oh, right, is CEO Wang here yet?"

It's still more than 100 kilometers away from the company. I reckon it'll arrive after noon tomorrow."

"CEO Wang has a big appetite this time. He brought a lot of people. I can't handle them."

Long Xiaoyun felt a little amused after hearing this.

"Don't worry, we'll definitely come back tomorrow. We won't let you receive him alone. How embarrassing would that be?"

"CEO Wang is such a big shot. We have to serve him well."

Qin Yuan was relieved to see that there was no big problem with Long Xiaoyun.

"I still have a small matter to trouble you with. CEO Wang said that we haven't received the Game Hunter CD that he sent over."

I'm worried that it might have been caught in the metal cabinet he sent over. Send someone to the shipping company to verify it. Who's responsible for it if it's lost?"

"This is all. I'll settle it in minutes!"

Lin Xiaoxiao, who was standing beside Long Xiaoyun, asked.

"What did the brigade commander say?"

"The whereabouts of the special forces of the 909th Brigade are unknown. We still don't know where they are hiding."

"Captain Geng, go to the train station tomorrow morning and find out the situation at the military representative office. See if they followed the armored battalion there by train."

"Alright."

At this moment, in the Red Army command post, Wang Zhigang had already reflected deeply on himself and his troops after being reprimanded by Chief of

Staff Shen.

He was explaining to everyone.

"Our 909th Brigade has advanced a thousand miles. What does the commander want to see in front of the big screen in the command center?"

"Have you considered it?"

Everyone shook their heads in confusion.

Wang Zhigang continued.

"What they want to see is the fighting spirit of our 909th Brigade!" "Where is the fighting spirit?"

“It’s the style of being brave and tenacious and fighting continuously!”

” Therefore, we have intentionally slowed down the speed of our advance. The middle and right roads must pay attention to the rhythm in tomorrow’s march.

We should not be too fast.”

‘ Moreover, we have to show that we’re exhausted. This way, the Blue Army will definitely think that we can’t attack immediately after we reach the Wolf

Fang Mountain. ”

‘ And we just so happened to not stop. We didn’t leave our saddles and quickly started our operation.”

If we arrive too early, the Blues and the chief will focus on our preparations.”

‘ Especially the Blue Army. They will have the opportunity to prepare for a decisive battle with us.” “We can’t give him this chance!” The others nodded.

The chief of staff explained.

“What the brigade commander means is to launch a sudden and swift battle.”

“Yes!”

” Therefore, from the moment we enter the camp, we must be fully prepared for artillery fire.”

” All the important targets on the 535 defense line must be destroyed one by one.”

” The command center and the 2nd Battalion of the Mobu Battalion advanced quickly. The main attack team formed an assault formation. The special forces suddenly jumped out. They appeared in front of the blue army like divine soldiers.”

“The tactical movements of the 3rd Battalion must be quick and precise.”

“And it should be done in one go. We should win and score points at the same time. Moreover, we have to get a high score!”

Wang Zhigang spoke frankly and confidently, explaining all the tactical plans for tomorrow to everyone present, looking forward to the victory of tomorrow’s decisive battle.

the chief of staff reminded.

“Did you all hear that?”

“In the advance order, you must clearly state the brigade commander’s intentions!”

“Understood!”

” That is to say, every battle process after the war starts must be seen clearly by the chiefs in the command center.

” The tactical movements must be complete. You must show good quality and a high attitude.”

The deputy commander seemed to understand what Wang Zhigang meant and explained.

Wang Zhigang smiled.

“This is the minimum requirement!”

” We rushed here from 1,500 kilometers away and rushed to Wolf Fang’s base like a swarm of bees. In less than half an hour, we ended the battle hastily.

” Then don’t you feel regretful that the coordinated movements and tactical plans that we usually practice are not displayed at all?”

‘ What kind of deep impression will the commanders in the command center have when they see us like this?”

The commander of the 3rd Battalion asked.

“Brigadier general, can you remind the soldiers to slow down a little in places with cameras and to walk in an orderly formation?”

“Don’t write it in the advance order. When the units are mobilizing, just explain it clearly to the soldiers.”

The others nodded in agreement.

Judging from Wang Zhigang’s strategic deployment, his commanding ability and military accomplishments were unquestionable.

At the same time, his many years in the army had taught him a principle. It was not difficult for the boss to pay attention to a long-standing problem.

Attracting the attention of the Bureau Chief would definitely be beneficial to the construction and development of the unit, as well as the improvement and growth of the talents!

If there was a chance to show off in front of the Bureau Chief, it should not be seen as showing off.

It was morning, and the Red Army’s artillery regiment was rushing towards Wolf Fang Mountain with great momentum.

‘ Regiment Commander, the Chief of Staff just called. He told us to get to Wolf’s Fang at around 18.”

” After entering the Wolf Fang base, don’t gather and mobilize anymore. Pull them directly to Hill 303.”

A guard at the side reported to Commander Zhu.

“Have you read the advance order?”

“Yes, why?”

“Do you understand the intention?”

“If you don’t understand, how can you execute it?”

” Alright, when we reach Highland 303, tell everyone to boil more water, wash their faces, cut their hair, and shave their faces.”

The guard was puzzled.

“Once we enter the camp, where will we find the time to clean up?”

“Didn’t the fight start at 19 0’clock?” Commander Zhu smiled.

“Of course!”

“Since you’re going to be on camera, you can’t be like this.”

“People who don’t understand might think that we just came back from the battlefield in Syria!”

“Yes, sir!”
