

Special Troop 661

Chapter 661 - 661: The Red Army's Communication Channel Was Broken

At this time, Zhang Xiaoyu was chatting with Long Xiaoyun at the seaside. "Come, Political Commissar Zhang, have a glass of orange juice."

"It's cold and delicious!"

As she spoke, Long Xiaoyun brought a glass of orange juice to Zhang Xiaoyu.

Zhang Xiaoyu wasn't in the mood to drink orange juice, but he could only accept it because of his pride.

He joked with a bitter face.

"That's right! It's so cold that my heart is completely cold."

"You can't drink it cold. Put it down first."

Zhang Xiaoyu looked at the folder in his hand and asked in confusion.

"Captain Long, where did you get this advance order?"

Long Xiaoyun replied.

It was your 909th Brigade. It was sent out at three o'clock this morning."

"What's wrong? Is it inappropriate?"

Zhang Xiaoyu was a little puzzled and frowned.

"The guiding ideology of this order is wrong!"

Long Xiaoyun felt helpless.

"Then there's nothing we can do. Who asked you, the political commissar, not to be at home?"

Zhang Xiaoyu was a little angry.

"How is this a drill?"

"This is clearly treating the drill as a performance!"

"Look, everything is centered around the good looks and the eyeballs of the leader. How can we win this battle?"

"No, I have to go back and take a look."

As Zhang Xiaoyu spoke, his anger had already clouded his mind. He had forgotten that he was still a captive and stood up to leave.

Long Xiaoyun quickly stopped him and reminded him.

"Sigh! Political Commissar Zhang, you take a seat first."

“The directing department has already informed Brigadier Wang that you have been captured and withdrawn from the exercise.” “I don’t think there’s a need to go back.”

“Come, come, drink some water. It’s good for us to chat.”

After hearing her words, Zhang Xiaoyu suddenly came to his senses and felt a little awkward.

“Thank you, but there’s no need.” “I’m not in the mood for that right now.”

Long Xiaoyun nodded and continued.

“They say that Wang Zhigang’s fishing skills are very high?” When Zhang Xiaoyu heard her mention Wang Zhigang, he got angry.

“Shouldn’t soldiers learn how to fight first before talking about fishing and planting flowers?”

Long Xiaoyun waved her hand and explained when she saw that he was still angry.

“Political Commissar Zhang, I have no intention of sowing discord between the two of you.”

‘ But if Brigade Commander Wang doesn’t change his mind, he will still lose in the future. ’

“Don’t you think so?”

‘You don’t have to say it. I’m more anxious than you are now!’ Speaking of this, Zhang Xiaoyu couldn’t help but feel a little puzzled.

“Captain Long, the war is about to start. Why are you still here leisurely?” Long Xiaoyun smiled.

“Nowadays, wars are all information based. It’s still possible to win a battle from a thousand miles away.”

Seeing Zhang Xiaoyu’s disbelief, Long Xiaoyun stopped joking with him and continued.

“It’s like this. Brigade Commander Wang originally decided to start at seven tonight.”

‘ Later, we felt that the soldiers of the 909th Brigade Artillery Regiment had been working too hard.

“That’s why I arranged for them to rest on the way.”

When he heard that the Blue Army’s Captain Long was actually thinking about his enemy out of kindness, he was definitely up to no good!

Zhang Xiaoyu was a little shocked.

“What?!”

“You arranged for them to rest on the way?”

Captain Geng explained.

“Commissar Zhang, since this morning, the radio communication between your brigade and the artillery regiment has not been interrupted.”

” Although it’s frequency-hopping encryption, it still gave us an opportunity to crack the frequency spectrum and use strong electromagnetic interference.”

“So far, your main communication channel has basically been controlled by us.”

Zhang Xiaoyu never thought that the Blue Army’s communication technology had already broken through the Red Army’s communication equipment. He was more or less worried about Wang Zhigang.

At this moment, Lin Xiaoxiao ran over.

Captain, we just intercepted a new order from the Red Army’s headquarters to Commander Zhu of the Artillery Regiment!”

‘ Asking the artillery regiment to speed up and reach Hill 330 by 6:30.”

‘ Set up an artillery position. Attack Position 535 at 7 p. m.”

” The artillery fire is ready at 7:30. Start the ground attack.”

Zhang Xiaoyu was very surprised.

“What?”

‘ Commissar Zhang, you’re not an outsider anymore. I’ll settle my work first before we talk about fishing.”

Then, he said to Lin Xiaoxiao and Zhang Xiaoyu.

“The two of you, use the tone of Brigadier Wang to issue an order.”

” Tell Commander Zhu to set up camp 50 kilometers away from Wolf Fang.

We’ll have a good meal and have a good rest.”

“Change the final battle to tomorrow morning at dawn.”

“Good!”

Zhang Xiaoyu was a little puzzled.

‘ Didn’t this exercise end at midnight?” Long Xiaoyun quickly introduced.

“Yes, yes, yes! I forgot that I almost exposed you.”

“Then let’s change it to ten o’clock tonight.”

“Good! Thank you, Political Commissar Zhang.”

“Let’s go.”

Zhang Xiaoyu, who was standing at the side, suddenly felt his head swell.

What was this!

So while he was captured by the Blue Army, he was also being ” reused ” by them, causing trouble for his own camp?

“Political Commissar Zhang, I forgot to introduce you.”

“Do you see that van?”

Long Xiaoyun pointed at the car that Geng Hu and Lin Xiaoxiao were walking towards.

” There’s an information warfare platform in there. We can get information about battles thousands of miles away from us.

” And it’s also the control center of an information station.”

“The order I just drafted will be sent out from that van and then directly enter the communication network system of the 909th Brigade and the Red Army..”

Chapter 662 - 662: The Red Army’s Communication Channel Has Been Broken

“And it’s hard to tell if it’s real or fake.”

Only then did Zhang Xiaoyu understand why his previous actions were known so clearly by the Blue Army. “I see!”

“This is unbelievable.”

Long Xiaoyun continued.

” This is the most advanced electronic warfare system in our army. It’s highly offensive and safe.”

” Moreover, while fighting against the Red Army, he was able to accurately implant the fake order I gave into the communication system of the 909th Brigade and the Red Army.”

Zhang Xiaoyu discovered that the Red Army actually had such an advanced electronic communication system.

However, there was no one in his team.

He was instantly unconvinced.

“Then why didn’t our unit distribute it?”

“Political Commissar Zhang, you misunderstood.”

“Our Blue Army’s equipment was not given to us by the director’s department.”

” This is a military-civilian integration high- tech product. It was jointly developed by several private high-tech companies and the People’s Liberation Army Information Engineering College.

“They were only transported to our Mountain Leopard Brigade before the battle began for actual combat testing.”

“I have to say, the effect is very good!” “It will probably be equipped for the troops soon.” Long Xiaoyun asked after a pause.

“Commissar Zhang, I’m going back to the front line soon.”

But there’s a mystery that I haven’t solved.”

Zhang Xiaoyu sneered.

Is there anything else you don’t know about the 909th Brigade?”

I really want to know where the mysterious special forces are.

Zhang Xiaoyu sneered in his heart.

“I won’t tell you!”

” At the very least, I won’t reveal any information about the special forces to you until the drill is over.

Long Xiaoyun sighed.

“Alright.’

“Just like how I won’t let you go now?”

Zhang Xiaoyu was speechless.

“Captain, the order to Commander Zhu of the 909th Brigade has been sent and received a call back.”

“Yes, thank you for your concern, brigade commander.”

When Zhang Xiaoyu heard this news, his heart turned cold.

Now, it seemed impossible for the Red Army to attack the Blues on time tonight.

“That’s enough.”

“Political Commissar Zhang, I’ll take my leave then.”

“I have to rush to Wolf Fang Mountain to receive your Brigade Commander Wang.”

“Your phone number. I’ll give it to you.”

Long Xiaoyun said as she handed a white phone on the table to Zhang Xiaoyu.

” You can give Wang Zhigang a call. If he really wants to fight, then he must get those two artillery battalions to join him.”

” Without artillery, it’s like a festival without fireworks. It’s dull and not exciting.”

With that, he stood up and left.

Zhang Xiaoyu, who was sitting in his seat, was angry and anxious, but he could do nothing about Long Xiaoyun’s words.

At this moment, the Red Army’s main force had already arrived at the front of the Wolf Fang Mountain.

Wang Zhigang stood outside the command center with a solemn expression. No one knew what he was thinking. At this moment, the Chief of Staff jogged over.

“Brigadier, come in. The battle is about to begin.”

“I’m just outside, I want to hear the sound of our cannons!”

Seeing this, the Chief of Staff did not say anything more and turned around to return to the command center.

The screen in the command post showed a countdown.

“Nine!”

“Eight!”

“Seven!”

“Six!”

“One!”

When the time was up, the chief of staff immediately pressed the switch.

“Fire!”

Following the order, everyone in the Red Army thought that the next second, they would bombard the Blue Army’s Wolf Fang Mountain base.

However, to their surprise, nothing happened.

Wang Zhigang, who was standing outside, thought that it was not time yet. He subconsciously looked at his watch.

He realized that it was indeed time for him to give the order, but why was there no response from the artillery regiment?

As he thought about it, he walked towards the command center.

The chief of staff in the command center was holding a phone and anxiously calling Commander Zhu of the artillery battalion. Wang Zhigang walked into the command center.

“What happened?”

The Chief of Staff put down the phone, not knowing what was going on.

“I can’t get through to Commander Zhu’s phone with either wire or wireless.”

Wang Zhigang was furious. The battle strategy he had carefully planned had gone awry at the critical moment.

Whoever this happened to would instantly lose their rationality.

“What happened?” “Quickly investigate ! ”

“Yes, sir!”

The chief of staff patted the chair of the combat intelligence officer beside him.

“Quickly investigate!”

Then, he followed Wang Zhigang outside and studied the tactical map again.

At this moment, Zhang Xiaoyu called.

“Brigade Commander, it’s the political commissar!”

“Hurry up and answer it!” “Hello, political commissar!”

“Where are you?”

As soon as the call was connected, the chief of staff immediately asked anxiously.

‘ Don’t ask me where I am. Commander Zhu’s two artillery battalions are still camping 50 kilometers away!’

“Political commissar, how did you know?”

“All the communication frequencies and networks of our Red Army have been cracked by the Blue Army.”

“Qin Yuan’s information mastermind has already infiltrated all of our communication systems.”

“All our orders have been switched by them.”

I can tell you that it was Captain Long of the Mountain Leopard Brigade, Long Xiaoyun, who told me personally.”

I’ve seen the message from Commander Zhu of the Artillery Regiment. You guys are still in the dark!”

“Hurry up and take measures! If you’re any later, it’ll be too late!”

The chief of staff said in disbelief.

“Captain Long of the Mountain Leopard Brigade went to Chenghai City?”

“Yes, our attention is all on Qin Yuan.”

‘ I didn’t expect this Captain Long to be so powerful!’

‘ She’s an expert in psychological warfare at the School of International Relations!’

“This time, she was the one who planned and directed all the fake kidnapping information!”

“They kept playing psychological warfare with us, but we thought they had stopped. ”

“It can’t be, right? Political commissar?” “How could this be?”

“Chief of Staff, you can’t be serious.” “You’re all going to die. Just you wait!” Zhang Xiaoyu hung up the phone.

The chief of staff panicked.

“Could it be Qin Yuan’s psychological warfare again?

“The Mountain Leopard Brigade’s psychological warfare has never stopped. ” It’s not just psychological warfare now, but also information warfare!”

Wang Zhigang had heard their conversation clearly.

He gritted his teeth and said.

“Psychological warfare, psychological warfare!”

“Are we that weak?”

“No matter what happens now, immediately send someone to find the artillery regiment along the way.”

” Tell them to get to Hill 330 before 22 0’clock no matter what!”

” The launch time of the general attack will be postponed to 22:30.” “Turn off all radio stations and use all landline phones!”

Wang Zhigang’s heart might have been completely unmoved by the Blue Army’s psychological warfare, but his rationality was still very clear.

He immediately issued new orders to deal with the current emergency situation.

The chief of staff was still a little worried.

“What if they can’t reach Highland 330?”

Wang Zhigang said in a deep voice.

“If the artillery regiment can’t make it in time, we have to launch a ground attack!”

“Yes, sir!”

“Staff Officer Yang, lead the vehicles along the highway and search in the direction of Anqi Crossing.”

“After we see Commander Zhu and the others, we must set off as soon as possible!”

“Yes, sir!”

After seeing Staff Officer Yang leave, Wang Zhigang continued to issue new orders.

” We don’t have much time left. Inform the 2nd Battalion of the Mobu Battalion to get to the 535 defense line immediately!”

“Yes, sir!”

With that, Wang Zhigang walked straight into the command center. “Advisor Lin, go to the second battalion of the infantry immediately.”

“I’ll just send a telegram to them using Radio 3.”

The chief of staff quickly stopped him.

“No! Absolutely not!”

If we activate any electromagnetic wave communication equipment now, there will be a risk of leakage and exposure!

“Yes, sir!”

Staff Officer Yang’s car had just left when it turned back.

“Chief of Staff, I’m just a small staff officer. What if Commander Zhu and the others don’t believe me when I give the order to the artillery regiment?” “It can’t be, right? It’s not like Commander Zhu doesn’t know you.”

Staff Officer Yang was in a difficult position.

“Can you write me a note or something? I’m afraid it’ll be a waste of time if I go.”

The chief of staff thought about it and agreed.

Now that the Red Army was in a mess due to the Blue Army’s psychological warfare and information warfare, caution had become a necessary psychological quality for everyone in the Red Army..

Chapter 663 - 663: Why Didn’t You Bring Out the Big Boss?

“Who is suitable to write a note for you?”

“You can drive. You’re the chief of staff.” “If I write it, Commander Zhu might not believe me, right?”

“It’s best to let the brigade commander drive.”

After saying that, he brought Staff Officer Yang into the command center and said to Wang Zhigang. "Brigade Commander, what Xiao Yang said makes sense."

"Which Xiao Yang?"

"It's Staff Officer Yang, who is going to the artillery regiment to convey your orders."

Wang Zhigang was a little surprised.

"What is it? He hasn't left yet?"

"He's back. He wants you to write a handwritten order for him."

' He said it without any evidence. He's afraid that Commander Zhu will suspect that he's up to no good."

Hearing this, Wang Zhigang snorted. "What kind of logic is this?"

"So it's not a scam to take my order?"

"If you think there's a scam, then the level of the scam is higher, and the deception is greater!"

The chief of staff was in a difficult position.

"Brigadier General, you can't blame Staff Officer Yang and the others for this."

"The Mountain Leopard Brigade's psychological warfare and information warfare these past few days have caused a crisis of trust in our troops."

"I'm afraid that he won't be able to mobilize the troops!"

Wang Zhigang felt a little helpless.

"What do you think this is?"

" This is the final battle drill. Chief of Staff, this is the 21st century!"

' An army that has advanced into a mechanized and information age. I need the brigade commander's personal order to convey an order!"

"If word gets out, wouldn't people laugh their teeth off?"

"If we go back a few centuries, wouldn't I have to send two fast horses and let you bring a few small items like tiger talismans?"

"Only then can you mobilize the soldiers I brought?" "Don't you feel embarrassed? Don't you think it's ridiculous?"

The chief of staff had no choice.

' But I can't use my cell phone right now. I can't turn on the radio either. The landline hasn't been connected yet."

‘Where exactly are Commander Zhu and the others now? What orders did they receive to dare to stop on the road?’

“The current situation is still unknown.”

I’m afraid it’s hard to believe what Staff Officer Yang says!” “What do you think? Brigadier?” If I were Commander Zhu, I wouldn’t believe it either!” Wang Zhigang found it funny.

She pointed at his chest and said word by word. If you don’t believe me, it’s because you’re not confident!” “You guys...Isn’t this forcing me to go back?”

“Tell the communications battalion commander to solve all the communications problems before the general attack begins!”

” The automatic command cabin and the communication cabin came along with the train.”

This was a little difficult.

“The location of the command center has just been confirmed and is being moved here, right?”

“But by the time it gets here, I’m afraid it’ll be too late!” Wang Zhigang only felt upset and shook his head sadly.

He compromised.

“Chief of Staff, then tell me, how should I write this handwritten order?”

“How should I phrase it?”

The sun gradually set, and in the blink of an eye, it was night.

At this time, 50 kilometers away from the Blue Army’s Wolf Fang Base, Commander Zhu, who had received a false order from the Blue Army but did not know about it, was standing in front of the Blue Army.

He was resting here with his artillery regiment!

Little did he know that Wang Zhigang was already as anxious as an ant on a hot pan.

“Noodles, hurry up! Hurry up!”

The deputy regiment commander was urging the cooks to hurry up and prepare the food.

‘ Guild Leader, dinner will be served in ten minutes.”

The deputy regiment commander walked to the simple dining table and said to Regiment Commander Zhu.

At this moment, Commander Zhu was still very happy.

He didn’t expect Brigadier Wang Zhigang to be so considerate of the Red Army officers and soldiers. He even let them recuperate on the eve of the decisive battle.

"Did you add more dishes?"

"Let the soldiers eat and drink well!"

I've already increased it. Each food unit will receive a subsidy of 300 yuan."

Hearing his words, everyone at the table laughed.

"Very good! Go!"

"Dinner will be served in ten minutes!" "Good!"

Staff Officer Lin was confused.

WIU we posLpone Lile unnu

"If it is, then it must be because the Bureau Chief has something on and can't come. "

"If no one sees it, it's useless to act."

Commander Zhu didn't know what was going on.

"The brigade commander's orders have been changing all day long. I still don't understand why he wants us to camp 50 kilometers away."

"Why don't we set up a cannon here and shoot over!"

I think it's fine. We'll use all the extended range missiles. It won't be a problem to hit the target within a hundred kilometers!"

"We don't have to run around all day. In this battle, the artillery has become running soldiers!"

"Leader, if we don't fight tonight, I'll go back and get everyone to wash their clothes."

"Sniff it, it's rancid!"

"This matter can be arranged by your camp." At this moment, the cook served the dishes.

"It's time to eat!"

"Good!"

"There's still one more fish to cook!"

"Guild Leader, why don't you do it yourself? Or should I do as you say?"

Commander Zhu stopped him and said happily. "This fish must be cooked by me personally!"

"Good! Alright!"

"Just you wait, you're in for a treat!"

Seeing Regiment Commander Zhu walking towards the stove, the officers at the table started discussing.

‘ The fish made by Guild Leader is really delicious!’

“I only had a fishbone left last time!”

“Exactly!”

While they were discussing fervently, a military vehicle drove up in front of them.

Staff Officer Yang came down with a briefcase.

He looked around but didn’t see Commander Zhu..

Chapter 664: Why Didn I t You Bring Out the Big Boss?

“Where is your Commander Zhu?”

“I’m cooking fish!”

“Xiao Yang, you’re good! Your nose is really long!”

“This dish has just been served on the table, and you came here after smelling the fragrance?”

“You’re in luck today!”

“Come, come, come! Sit down and eat together!”

The deputy regiment commander did not know that Staff Officer Yang had come with Wang Zhigang’s orders.

She thought that he was here to freeload, so she joked.

How could Staff Officer Yang still be in the mood to eat?

The command center was already anxious to start a war with the blue army, but the artillery regiment still had time to eat?

“Alright, alright!”

“Stop eating!” “The brigade commander has ordered us to set off immediately.”

“Set off?”

“Where to?”

‘ Highland 330. We must reach it before nine o’clock!’ “I say, Xiao Yang, if the food isn’t served, your order won’t come.”

“The fish will be stewed soon. You’ll be here soon.”

“Are you a cat?”

The deputy battalion commander joked.

Seeing that no one believed that the order was urgent, Staff Officer Yang’s expression turned ugly.

At this moment, the cook served the cooked fish.

“Come, Staff Officer Yang!”

“Let’s try the fish that the Guild Leader personally cooked! Very fresh!”

Staff Officer Yang said angrily.

“Alright!”

“I’m telling the truth!” “I still have the brigade commander’s personal order!”

No one believed it.

“Alright, stop fooling us.”

“If the brigade commander really had an order, he would have sent it over on the computer a long time ago.”

“Which phone call or telegram isn’t faster than you coming here personally?”

“That’s right. It’s better to come at the right time than to come early. Why don’t you just come with us here and taste the captain’s cooking!”

“That taste will definitely make you linger!” “Come, add a pair of chopsticks for Xiao Yang!”

“Come, come, come! Let’s sit down and eat first.”

“Even if the sky falls, you have to eat before you have the strength to resist, okay?”

As she spoke, she wanted to pull him over to sit down and eat together.

Staff Officer Yang flipped the table in anger.

“Stop eating!”

Commander Zhu, who was cooking fish, also noticed the commotion and looked up.

The deputy battalion commander grabbed Staff Officer Yang’s collar and questioned him.

“What do you mean by that!”

“You dare to come here and behave atrociously? I’ll beat you up.” As he spoke, he raised his fist and was about to punch. The rest of the people hurriedly pulled him back.

“Calm down!”

After pulling the two of them apart, Commander Zhu walked over with an unpleasant expression.

“Isn’t this Staff Officer Yang?”

Commander Zhu, I’m here with the brigade commander’s orders.” “This is the brigade commander’s personal order.”

Staff Officer Yang said as he showed him the briefcase in his hand.

This scene made Commander Zhu laugh.

“Xiao Yang!”

“Sigh! Little guy!”

“Why don’t you bring out the commander of the army in the theater of operations?”

The people at the side echoed.

“That’s right. We’ve been soldiers for so many years.”

“I’ve only heard of the orders of the national military officers, but I’ve never heard of the People’s Liberation Army having orders.”

Seeing that they still didn’t believe him, Advisor Yang took out an envelope.

“Take a look for yourself.”

Commander Zhu took it with a doubtful expression.

He looked at the handwriting and information on it.

“Commander Zhu, our communication system has been infiltrated and destroyed by the Blue Army.”

‘ For the sake of confidentiality, the wireless and wire communications of the brigade are temporarily shut down.”

“I’ve specially sent Staff Officer Yang to deliver my letter to your artillery regiment.”

Regiment Commander Zhu read out the information on it word by word.

In the end, he had no choice but to believe what Staff Officer Yang said.

As expected, Staff Officer Yang’s worries were not unnecessary.

If not for Wang Zhigang’s personal order, the Red Army Artillery Regiment might still be feasting!

He ordered with a solemn expression.

“First Battalion Commander, Second Battalion Commander, Support Battalion Commander!”

“Here!”

“Order the troops to set off immediately! ”

“Yes, sir!”

As soon as he finished speaking, everyone began to hurriedly prepare to set off.

The cook walked over.

“Then Guild Leader, are we not eating? Commander Zhu said with a frown.

“Just wait to get hit!”

“The troops will leave first. Find a way to send the food to Hill 330!”

“Let’s go!”

Immediately after, the tanks and cannons of the Artillery Regiment began to move towards Hill 330.

The cook was left dumbfounded.

“This steamed bun is lucky, but what about the noodles?”

Commander Zhu looked at the time on his watch and picked up the phone.

“Attention all battalions! Attention all battalions!”

“Enter the formation immediately!”

‘ Prepare to fire in 20 minutes!’

‘ Target is Highland 535. Wind direction is southwest, wind speed is 20 to 28!’

At this moment, Staff Officer Yang had returned to the tactical command center of the Red Army.

“Report! ”

“Come in!”

“Reporting to the brigade commander!”

” The artillery regiment has arrived at Hill 330. They are starting to deploy!”

“Alright, Staff Officer Yang.”

“I want to make a contribution to you!”

Wang Zhigang was very happy to see Staff Officer Yang successfully complete this mission.

“Brigadier General, this is your personal order for meritorious service.” “If it wasn’t for your order, those battalion commanders would have eaten me alive.”

Staff Officer Yang thought of the scene where he was almost beaten up and smiled obsequiously.

“Is there any problem with the artillery fire being prepared at 10 O’clock sharp?”

The chief of staff confirmed again.

“No problem!”

He thought about how Regiment Commander Zhu and the others had just eaten, so he said worriedly.

“However, when the artillery regiment set off this morning, they only had one breakfast. They haven’t eaten yet!”

“Will the soldiers be hungry?”

“They’ve been on the road for so long. Don’t they know how to cook?”

Wang Zhigang was a little angry.

Staff Officer Yang said helplessly.

“Your personal decree has just arrived. Who still has the mood to eat?”

“Good job, Cannon Regiment!”

“Any news from the 3rd Battalion?”

“No, I haven’t.”

“Maybe he received a fake telegram from the Blue Army and stopped somewhere along the way, just like Commander Zhu and the others.”

“Go ahead.”

“Yes, sir!”

After saying that, Wang Zhigang looked at the map with a heavy expression.

“Brigade Commander, what’s wrong?”

“Didn’t the artillery regiment arrive on time?”

“The 2nd Battalion and the Special Forces have also arrived at their designated positions.”

The chief of staff saw that Wang Zhigang was a little worried and asked.

“How should I put it...We shouldn’t have left the Mobu Battalion in Chenghai City.”

“If only the 1st Battalion was by my side right now.”

” The 1st Battalion and 2nd Battalion, the two Mobu Infantry Battalions, and the successful infiltration of the special forces, we have an absolute advantage over the Blue Army!”

Wang Zhigang said hatefully.

“What a pity...”

“Let’s not talk about the past. Leaving a battalion behind might not be a bad thing. ”

“At the very least, the Mountain Leopard Brigade did not dare to touch our brigade headquarters. They could only do some small tricks in the family courtyard.”

The chief of staff comforted him.

Wang Zhigang got angry at the thought of psychological warfare.

“Is this action still small?”

“Our political commissar has been implicated!”

“But now...”

Wang Zhigang saw that he was still trying to salvage the situation, so he reached out to stop him.

At this moment, the deputy commander of the artillery regiment arrived.

“Report!”

“Come in!”

“Commander Zhu asked me to send these two orders over.”

Brigadier General, Chief of Staff, we received a telegram from the brigade headquarters at five o’clock this afternoon.”

“They want me to stop 50 kilometers away from Wolf Fang mountain and set up camp on the spot.”

“This is the content of the telegram.”

The Chief of Staff was a little puzzled.

“What do you mean by sending these two orders over now?”

‘ Commander Zhu hopes that the brigade can explain why we are always the ones getting injured.”

The two of them did not expect that Commander Zhu would come to denounce them at this time.

Wang Zhigang was stunned for a long time before he smiled awkwardly.

“Why does this sound like a song?” After a while, he said seriously.

“Vice Guild Leader!”

“Here!”

“Go back and tell your Guild Leader that it’s all my fault!”

“Wrong, it’s all on me, Wang Zhigang!”

“No need to explain!”

“After the drill, I will personally go to the artillery regiment to do a self-review!”

“Please tell Commander Zhu again that if he can hit the target in the first round, I will apply for second-class merit for him!”

“Yes, sir!”

After the two of them saluted, the deputy regiment commander turned around and left.

Seeing him walk out of the tent, Wang Zhigang could not hold it in any longer.

He slapped the two orders on the table.

“What do you think this is?!”

“The fraud is all on me!”

“Qin Yuan, oh Qin Yuan!”

“There will be a day when I take care of you!”

As he spoke, he tore the note in his hand into pieces..

Chapter 665: A Great Battle Is About to Begin!

Brigadier, the Electronic Warfare Retaliation Battalion has implemented strong electromagnetic interference on the Blue Army.”

” The command center and the radio stations of the frontline troops have all been replaced with new modules. The wireless communications have all been restored.”

“Good!”

“Have the 2nd Battalion and the Special Forces contacted each other?”

At this moment, a voice came from outside.

“Report!”

“It’s Captain Hong!”

“Come in!”

Commander Hong walked in, his face covered in colored mud.

Wang Zhigang looked at him in shock.

‘ Special forces brigade captain Hong Yi reporting for duty!’ Wang Zhigang grabbed his shoulders with both hands.

“Hong Yi! ”

“It’s all thanks to your special forces!”

‘ Reporting to the brigade commander. Three squadrons of our special forces have already hidden themselves at 535 meters underground, along the 150-meter line and the western gully!’

“You can attack any target on the west side of 535 at any time!”

“Report!”

“Come in!” “Brigadier! Chief of Staff! Mobu Second Battalion reporting for duty!”

“Good!”

I invited you two here because I want to make the final deployment before the general attack!”

“From now on, we can only rely on the time nodes to see how the two of you work together! ”

Wang Zhigang looked at the two of them and said in a deep voice.

“Yes, sir!”

“Come here. ”

” Artillery preparations will begin immediately. After the artillery regiment begins to bombard the Blue Army’s position, the second battalion of the Mobu Army will begin to move towards the enemy’s front.”

“When the artillery stops firing, the 2nd Battalion will charge!”

“Wait until the second battalion occupies the first line of defense of the blue army and attracts the main force of the blue army.”

” The special forces are attacking from the west side of the forest.”

“Do you all understand?”

Wang Zhigang looked at the electronic information map and explained the next battle deployment to everyone in detail.

“Understood!”

“I’ll go prepare immediately!”

The battalion commander of the second battalion answered.

“Yes, sir!”

The captain of the super large team, Hong Yi, was a little puzzled.

“I don’t understand?”

“You don’t understand?”

‘ No, we’ve already hidden under the nose of the Blue Army.”

” We don’t have to wait for the 2nd Battalion to occupy the front line of the Blue Army. We can start the charge!”

‘ Especially our team members who are lying in ambush on both sides of the west gully. They can climb up the cliff and sneak up on the back of the blue army! ”

Captain Hong Yi anxiously voiced out his thoughts.

Wang Zhigang waved his hand and said.

‘ No, no, no. We’re already out of the exercise area.” “If you crawl through the ditch, who can see you?”

Hong Yi was puzzled.

“Who can see what?”

“Only when you can’t see it would you be able to launch a sneak attack!”

Wang Zhigang smiled.

“What I mean is that the Bureau Chief can’t see.” “What’s the point of you guys rushing over?” Hong Yi did not understand what he meant. “What do you mean the Bureau Chief can’t see?”

“I don’t care if he can see it or not!”

“Only after I go up will I have the chance to sneak attack his command center and disrupt his deployment!”

” This way, when the 2nd Battalion of the Mob Battalion charges forward, it will reduce a lot of pressure!”

” This is the perfect opportunity for us to utilize our special forces ‘advantage!”

Hong Yi poked the table heavily.

Wang Zhigang said calmly. You don’t understand the brigade’s intentions at all.”

“Why don’t I understand?”

As he spoke, he was about to continue arguing with Wang Zhigang.

The chief of staff advised.

“Captain Hong, let’s hear the brigade commander out first.”

Wang Zhigang patted his shoulder and explained.

“According to the brigade’s original plan, the 2nd Battalion would be the main attacker from the front.”

‘ Your Special Forces and the 3rd Battalion of the Mobu Battalion will assist from the east and west.”

‘ Armored Regiment Route 535, feint maneuver to the south.”

‘ But right now, the 3rd Battalion is following behind the artillery regiment. I don’t know where they went. We still can’t contact them.”

“We had no choice but to temporarily send a special agent company to attack from the east.”

“If we fight like this, it can be considered a decent offensive posture.”

Captain Hong said angrily.

“Back then, I objected to keeping the Mobu Battalion at home, but you refused to listen!”

” The Mobu 1st Battalion is the main battalion for mountain warfare. It’s perfect for attacking the 535 defense line! ”

‘ Why do you have to leave them in Chenghai City? What’s the point of guarding an empty barracks?’

Wang Zhigang was already regretting his decision to leave a battalion behind.

No one around him dared to mention this matter again, just like the scars on his body should not be opened again.

Coincidentally, Hong Yi himself was a one-track-minded person, so he brought up the matter.

As a result, Wang Zhigang was not in a good mood.

The war was imminent, but the Red Army was at odds, and the meeting reached a stalemate.

At this time, the Blue Army was not very calm.

This was because they did not have accurate and complete information about the Red Army.

Faced with the Red Army’s upcoming general attack, the battle plan had not been decided yet.

He Chenguang was checking the equipment before the battle.

At this moment, Liu Ye walked over.

“Captain He!”

“Chief of Staff, have we decided on the time for tonight’s attack?”

Liu Ye’s face was exposed.

“Sigh, don’t mention it.”

” The staff officers argued for twenty minutes about whether to scout first or fight first.”

“How can this be?”

“Hurry up and make a decision.”

‘ But both sides are right. I don’t know which side to listen to.”

He Chenguang thought about it.

“Why don’t I take a squadron and fly over first? Once we find the Red Army’s artillery position, we’ll immediately start fighting!”

“Save me the trouble of going back and forth.”

He Chenguang could not wait any longer. There was not much time left until the end of the exercise..

Chapter 666 - 666: A Great Battle Is About to Begin!

If they didn't act quickly, the Red Army might be fully prepared.

The Blue Army was likely to fall into a passive position.

Liu Ye nodded.

“I think your method is feasible.”

” Then I'll inform the Second Squadron to get ready. Just give the order!”

“Good!”

As soon as he finished speaking, Qin Yuan's car drove over.

“Well, the brigade commander is here.” “This matter still has to be decided by the brigade commander.”

As he spoke, Liu Ye ran towards Qin Yuan.

“Brigadier!”

“What's going on?”

“The plan to attack Highland 330 hasn't been decided yet.”

“Why?”

“Wang Yanbing and Zhang Dajun each proposed a plan.”

‘ One is to send out drones to scout first. We have to get the information accurate, and we have to consider the cost calculation. We can only send out troops after we achieve a precise strike.’ Qin Yuan said without thinking.

“Hurry up and implement this plan!”

“But Zhang Dajun's plan highlights the word 'quick'.”

He doesn't want to send out drones to scout first. Instead, he wants to use the satellite reconnaissance and positioning system to determine the Red Team's cannon position.”

” Then, send the data to the long-range rocket artillery battalion 210 kilometers away, and the long-range rocket artillery battalion will launch a direct bombardment. ”

“This way, the Red Army will have no chance to breathe!” After hearing this, Qin Yuan nodded.

” This plan works too. We’ll implement it immediately!”

“Yes, sir!”

‘ But Captain He Chenguang of Lu Hang also proposed a plan. I think it’s not bad. ”

“What’s his plan?”

As he spoke, Liu Ye called He Chenguang over.

“Brigadier!”

“Tell me your thoughts.”

“My idea is that instead of waiting here for them to come to a conclusion, why don’t I fly over with the second squadron first?”

“Investigate and attack at the same time. If you find the Red Army’s artillery position, attack!”

” Use the over-the-horizon air-to-ground missile first. After it gets close, use the rocket launcher.’

“If there are still remnants of the enemy who are stubbornly resisting, use the aerial cannons to launch another round of ground attacks!”

If we can’t completely destroy their artillery positions, we can at least prevent them from successfully launching an attack on Hill 535.”

Qin Yuan pointed at him and said.

“There’s no problem with your plan!” “Immediately implement it! Hurry!”

“Yes, sir!”

Liu Ye was dumbfounded.

“No, Brigadier General, the battle plan has been decided just like that?” “Let them fly first.”

” Think about it. It takes at least ten minutes to get to Highland 330.”

He can’t fly in a straight line either. He has to use the terrain to conceal himself and meet the enemy.”

“There are at least 20 minutes before the general attack!” “We can still do a lot of things in these twenty minutes!”

Liu Ye was puzzled.

“A lot of what?”

Qin Yuan rolled his eyes and did not explain further.

He asked.

“Where are Wang Yanbing and Zhang Dajun?”

Liu Ye immediately shouted.

“Advisor Han, quickly go and call the two of them over!”

Not long after, the two of them walked over.

They were still arguing along the way.

” Weapons, cannons, and ranged attacks can all be used to destroy!”

“Besides, why don't we use the drones? Isn't that a waste of natural resources?”

Zhang Dajun retorted.

“Do you think the Red Army is a fool?” “We're just scouting above their heads. Aren't they going to attack us?”

Wang Yanbing was not convinced.

“So what if we beat them down?”

“The cost of drones is low. Just send a few more!”

At this moment, the two of them had already walked in front of Qin Yuan. Zhang Dajun still wanted to argue, but Qin Yuan quickly stopped him.

“Stop arguing, stop arguing, okay?”

“Let me tell the two of you. The plans you two have mentioned make sense to a certain extent.”

‘ But we can't say which method is more effective and absolutely accurate! ‘ Highland 330 has a radius of ten kilometers. The terrain is very complicated.”

“Once the Red Army knows our intentions, they will immediately shift their position.”

“At that time, it will be very easy for us to miss.”

He paused.

“I will give the order.”

Send out two unmanned reconnaissance aircraft to conduct battlefield reconnaissance in airspace 330 immediately!”

‘ At the same time, monitor the effect of the attack and send all the data to the Far Fire Camp, the ground navigation command tower, and He Chenguang's crew!”

‘ Second, order the Second Squadron of the Army Air Force to launch air-to-ground missiles and rockets at the Red Army’s artillery position on the 330th highland!’

” The 3rd squadron of the Air Force, take off immediately and form the second echelon. ”

” After the fire covers the area, immediately approach the 330 high ground and launch a precise attack on the remaining enemies!”

“Yes, sir!”

It turned out that Qin Yuan had already planned his next action strategy in his heart. He just wanted to hear the opinions of others.

He did not expect the advice from the staff officer to be exactly what he wanted.

Therefore, he made some changes and improvements to his plan before telling them.

Wang Yanbing nodded.

“Good, this plan is good!”

However, Zhang Dajun still had some concerns.

“It’s good, but...”

“But what?”

Qin Yuan saw that he was stuttering and asked.

I’ll give you thirty seconds to explain your thoughts.”

“Brigadier general, I think we still have to carry out a precise strike in this battle.”

It’s difficult to find out the exact coordinates of the camouflaged enemy artillery position.”

‘ But as soon as they fire, the infrared wave will guide the missile to its target.”

” We’ll send at least two batches of assault helicopters to engage the enemy from ten kilometers away.”

‘ One minute before the Red Army’s artillery fire is ready, rise a kilometer into the air and launch an over-the-horizon attack on the Red Army’s artillery position with ground -to-ground missiles.”

‘ At the same time, the helicopter will transmit the precise data of the target to the database of the command center and guide the target for the long-range rocket launcher.

‘ Second attack from long-range rocket launchers!”

“Good! Very good!”

“We’ll do as you say!”

Hearing Qin Yuan's praise, Zhang Dajun smiled.

"Chief of Staff."

"Here! "

"The second batch of four helicopters will be led by you. You will be in the rear of He Chenguang's crew and command them from the air!"

"Yes, sir!"

After receiving Qin Yuan's instructions, the Blue Army quickly took action.

"The Red Army's command center has arrived. The radio communication between the two troops has been established."

"We've already analyzed that one of them is the 2nd Battalion of the 909th Brigade. They've been following the Red Army's command center in the middle."

"The other one is very unfamiliar. According to the intelligence center, it should be the special forces team that has been hiding."

Wang Yanbing, who was sitting in the front passenger seat, reported.

"Does that mean that his special forces are very secretive?"

Qin Yuan, who was driving, asked.

"Yes, sir!"

I also think that this might be Wang Zhigang's hidden trump card."

"After Wang Zhigang crossed the Anqi ferry, he suddenly slowed down the speed of the army. It seems like he has a purpose."

"That's right. He has enough confidence to take down the 535 defense line in one fell swoop."

"That's why we're pushing the team forward step by step."

Qin Yuan thought for a moment.

"Little Tan." "Yes." "Send the order!"

"Yes, sir!"

"The Red Army's artillery positions have suffered the first wave of our attack.

The artillery preparations are definitely insufficient."

"The time to launch the general attack will definitely be delayed."

"At this time, we can send a small number of troops to raid the front line of the

Red Army.”

“Find out the Red Army’s deployment and intentions.”

“After the second wave of attacks, gather 80% of the troops from the two battalions on the 535 defense line.”

Pounce down from the high ground and quickly cut off the communication channel between the 2nd Battalion and the Special Forces.”

“The main force will quickly launch a siege on the Red Army’s second battalion and other command posts to capture Wang Zhigang alive!”

“Yes, sir!”

Qin Yuan analyzed the current situation and quickly gave a straightforward response.

At this time, in the Red Army command center, the conflict between Wang Zhigang and Hong Yi had been resolved.

Wang Zhigang and Commander Hong shook hands.

“Hong Yi, the second battalion of the Mobu Battalion has already gone up.”

I hope that in two hours, the two of us can meet up at Highland 535 and shake hands again!”

Hong Yi had already untied the knot in his heart and replied.

‘ Please rest assured, brigade commander. I promise to complete the mission!”

With that, the two of them saluted and Wang Zhigang left..

Chapter 667 - 667: Practice Deeper and Longer Thoughts

Hong Yi and the Chief of Staff watched Wang Zhigang leave.

The Chief of Staff turned to Hong Yi and said.

“Captain Hong, you can see that the brigade commander is actually quite reasonable.”

“It’s just that the political commissar isn’t here. All the big and small matters in the brigade are on his shoulders. You have to understand him.” Hong Yi nodded.

“Chief of Staff, you don’t have to connect with the spies, right?”

“It’s okay. Let’s keep in touch.”

With that, the two shook hands and didn’t go.

Time passed in the blink of an eye, and the sky was already bright.

At this time, Long Xiaoyun had just rushed back to the Blue Army Command.

“Captain Long, you’re back!”

When the people in the command center saw Long Xiaoyun, they all stood up and saluted her.

Long Xiaoyun returned the favor with a smile.

"I was worried that I wouldn't be able to make it back before the battle!" "You came back just in time. This is an order from the brigade commander.

Please take a look."

Advisor Lin pointed at the information on the computer.

"Let me see."

Long Xiaoyun sat down and read carefully.

At this time, He Chenguang of the Blue Army was sitting in a combat helicopter with the squadron leader, flying to the 330 high ground.

Suddenly, the Company Leader seemed to have discovered something.

"Captain, it seems to be the radio station of the 909th Brigade command center. It's a moving trajectory!"

"Where is it?"

"9-45, 10 kilometers."

"101! 101!"

909th Brigade mobile command center discovered, moving towards 535!"

The four helicopters led by Liu Ye immediately gave the order after receiving the news from He Chenguang's rear.

101, follow them. Route 102 and 103 remain unchanged!"

"102 Understood!"

After Qin Yuan gave the orders, he dared to return to the blue army command center.

He opened the curtain and saw Long Xiaoyun already sitting inside.

He was pleasantly surprised.

"You're back?"

"I'm telling you, if you don't come back soon!"

"I'll really be at a loss!"

Long Xiaoyun did not believe his nonsense.

"Forget it."

"Don't say that. I'm really a little worried about you."

"What are you worried about?"

” Afraid that I’ll become a captive of the 909th Brigade?”

Long Xiaoyun joked.

Qin Yuan nodded.

“It’s not impossible.”

Hearing his words, Long Xiaoyun also laughed and threatened him.

” That’s great. I’ll abandon the darkness and join the 909th Brigade. I’ll give you a chance to return!”

“According to what you said, this exercise will be interesting? More exciting?”

Long Xiaoyun asked seriously.

“How are the Chief of Staff and the others

Hearing her talk about serious matters, Qin Yuan put away his playful heart.

‘ Chief of Staff and He Chenguang are approaching Hill 330.”

“Is there anything new?”

‘You don’t say. There’s really a new situation.”

” They seem to be tracking a new target.”

Long Xiaoyun was a little puzzled and said in a bad mood.

Why aren’t they keeping an eye on Hill 330? Why are they chasing after a new target?”

At this time, Liu Ye, who was sitting in the combat helicopter, could see the marching route of the Red Army’s mobile command center.

“101,102!”

103, important target discovered!”

At this moment, Wang Zhigang happened to be in the mobile command center.

On the phone with the Chief of Staff. “Chief of Staff, have you communicated with Commander Zhu of 330?”

“Communication is smooth!”

The tanks of the artillery regiment slowly arrived at the artillery position. Commander Zhu reported to the Chief of Staff in the command camp.

“Chief of Staff, please rest assured!”

” All the soldiers of the regiment will join the battle with full enthusiasm. I guarantee that the mission will be completed!”

Liu Ye followed the Red Army’s mobile command center.

“The 909th Brigade Command Vehicle has been locked on, requesting to attack! Requesting to attack!”

Liu Ye took the opportunity to give instructions to the other pilots.

At this moment, the directors in the director’s department could clearly see the battle situation of the exercise through the camera monitoring the big screen.

Commissar Long looked at Staff Officer Shen with a troubled expression and said.

“If this continues, the 909th Brigade and the 808th Brigade will end up the same!”

“Chief of Staff, look at Political Commissar Zhang Xiaoyu. He’s still locked up in the Mountain Leopard Brigade’s prisoner of war camp!”

“Wang Zhigang’s car has also been locked onto by their missile radar.”

” The moment Liu Ye pressed the launch button, Wang Zhigang was completely beheaded!”

Chief of Staff Shen nodded in agreement.

“Yes, if this continues, the two Red Army brigades will end up the same.”

The others also said.

“This is the situation we don’t want to see the most!”

Commissar Long looked helpless.

‘ But now is the reality that we must face! ’

“If this is a realistic battle at this moment, then we will...

Before he could finish, Staff Officer Shen spoke first.

“Then we really won’t have the face to go home and see others!” “Not only do we not have the face to go home, but we also have to go to the military court! ”

Wang Zhigang would never have thought that he would put in so much effort to gain the happiness and appreciation of the Bureau Chiefs, but he would never have expected that his current situation had already made the Bureau Chiefs very disappointed!

At this moment, he still did not know that he had been locked onto by the Blue Army’s artillery fire.

Liu Ye sat in the combat helicopter and continued to plead.

“001! 001!”

“I’ve locked onto the command vehicle of the 909th Brigade’s leader.

Requesting to attack! Requesting to attack!”

As he spoke, his finger had already moved to the launch button.

As soon as the command center of the Blue Army sent an order, he would immediately press the switch and only take the head of the Red Army!

Chapter 668 - 668: Practice Deeper and Longer Thoughts

Oh! No!

They wanted to capture Wang Zhigang alive!

Qin Yuan, who was sitting in the blue army command post, had already received Liu Ye's report. He calmly picked up the walkie-talkie.

"003! 1 am 001!"

Don't be in a hurry to launch the missiles. We'll attack when the target enters the No. 5 Road bid section!"

"003 understands!"

After receiving the order, Liu Ye released the button.

In the director's department, Political Commissar Long saw Qin Yuan's actions and praised him.

"Qin Yuan's order is good!"

"He wants Wang Zhigang's car to drive out of the dense forest and attack the open space in front."

"This way, in order to prevent the missile from touching the trees and ensure the success rate of the attack."

"What a good hand!"

In the blue army command post, Long Xiaoyun, who was sitting at the side, thought for a moment before standing up and walking to Qin Yuan.

"Sir, this order is inappropriate!"

Qin Yuan was a little puzzled.

"Why not?"

"Winning this exercise is not our goal. I hope you will reconsider."

After Long Xiaoyun finished speaking, she returned to her seat without turning back.

Qin Yuan knew that as long as he gave the order.

The two missiles on the hanger of Liu Ye's helicopter would shoot out.

At this moment, the destruction of the Red Army and Wang Zhigang was in front of them, and the Blue Army would once again be victorious.

For a soldier, it was natural to desire victory.

However, Long Xiaoyun's reminder calmed Qin Yuan down.

The purpose of the professional blue army was not to pursue the same ending as the 909th Brigade and 808th Brigade.

Instead, it was a deeper and further thought...

Not long after, Wang Zhigang's mobile command center's car arrived at the No. 5 Road bid section.

"001! 001!"

"The target has entered the fifth road sign! The target has entered the No. 5 road bidding section! "

"003 is ready to attack!"

"Requesting to attack! Requesting to attack!"

Liu Ye's voice kept coming from the broadcast in the command center of the Blue Army.

Looking at the strategic information in front of him, Qin Yuan had been thinking about what Long Xiaoyun had said just now. He did not give the order immediately.

Long Xiaoyun and the leaders of the directing department held their breaths as they looked at him.

After about ten seconds, Qin Yuan slowly picked up the walkie-talkie.

After taking a deep breath, he said word by word.

"003! 003!"

"This is 001!"

"Cancel the attack! Cancel the attack!"

"Follow the original plan!"

After Liu Ye received the order, a trace of doubt flashed across his mind.

However, he did not think too much about it.

"003 understands!"

"Cancel the attack! Cancel the attack!"

Seeing this scene, the directors in the director department heaved a sigh of relief.

"101!"

"We have reached the ambush area!"

"102,103,104! Be careful and stay hidden!"

The crew led by He Chenguang was faster and had already arrived at the designated area to ambush.

Liu Ye, who was following behind, replied.

"101 will immediately follow and meet up with you!"

“Eight kilometers ahead of 101 is the Red Army Artillery Regiment Position 330!”

“Hide on the spot!”

“102 Understood!”

The Red Army’s artillery regiment was still unaware that the Blue Army’s combat helicopters were hovering above their heads.

At this time, Wang Zhigang had already led his mobile command post to the Red Army artillery camp.

a guard introduced.

‘ The 535 defense line is up ahead.”

Wang Zhigang glanced at his watch and confirmed the time before calling the chief of staff. “Chief of Staff, follow the plan!”

“Understood!”

The Chief of Staff picked up another phone.

” Artillery Regiment Commander Zhu, brigade commander’s orders...”

After Commander Zhu received the order, he picked up the communication phone of the artillery regiment and calculated the time.

“First Battalion, prepare...”

He stared at the second hand on his watch. When it pointed to twelve, it was exactly twenty- two o’clock.

“Release!”

At Commander Zhu’s command, the tanks and cannons in the artillery regiment fired at the 535 defense line!

For a moment, the 535 defense line was filled with artillery fire.

It lit up the world.

After a round of artillery fire, the Red Army’s mechanical infantry battalion also began to charge!

Liu Ye and He Chenguang, who were in the air, saw everything clearly.

Liu Ye ordered.

“Prepare to attack!”

He Chenguang was very excited to receive the order to attack.

“That’s great!”

Commander Zhu, who was in the command center of the artillery regiment, was about to give the second order.

“Second Battalion, get ready...”

Before he could say the word “release”, there was a bombardment outside.

Commander Zhu immediately realized that he had been ambushed by the Blue Army.

He hurriedly grabbed another phone.

“Chief of Staff! Chief of Staff!”

“I was attacked by a blue missile! We’ve been attacked by Blue Team’s missiles!” After saying that, he threw down the phone and walked out of the camp.

They saw that their artillery and tanks had been buried in the flames of the enemy’s missiles.

For a moment, he was so shocked that his mouth was wide open, not knowing what to do.

Back then, he had promised Wang Zhigang that he would definitely hit the target in the first round.

Now that the cannons and tanks had been destroyed, how could he be the first to hit the target?

‘ Mission completed, 003. Requesting return!’

Liu Ye reported to Qin Yuan after almost destroying all the artillery regiments of the Red Army.

“We can return!”

“003 understands!”

At this moment, a scout walked into the Blue Army command post.

‘ Reporting, sir. All the frontlines have been destroyed. We are organizing emergency repairs! ’

When Qin Yuan heard this news, he was no longer shocked.

Because he knew in his heart that the Blue Army’s purpose in participating in this exercise was not to win.

“Alright, I got it.” “Get ready to attack!”

“Yes, sir!”

After the scout walked out, Qin Yuan picked up the walkie-talkie again.

“Yuanhuo! Far Fire!”

“001! 001!” “ Farfire has entered the coordinates. Requesting to fire!”

“You can fire!”

With Qin Yuan’s order, the Blue Army’s long-range missiles were fired at the Red Army’s artillery camp.

They destroyed the entire artillery battalion!

The fortifications of the artillery camp were also blown up.

At this moment, Wang Zhigang was still studying the strategic map.

A guard walked in.

‘Reporting to brigade commander, the 330 cannon position has been attacked by the blue army’s long-range rocket launcher again!’

”The two artillery battalions have been completely destroyed!”

Unexpectedly, Wang Zhigang’s expression was very calm when he heard the news.

‘Got it.’

”The directing department has ruled that our artillery regiment has lost its combat ability and is withdrawing from the exercise.” Wang Zhigang stood up and said in a deep voice. “Second Battalion, attack according to the original plan!”

“Yes, sir!”

It seemed that the loss of the Red Army artillery battalion was within Wang Zhigang’s expectations.

However, his strategic deployment for this decisive battle was not just limited to the artillery battalion.

After receiving the order, the 2nd Battalion of the Red Army began to charge towards the 535 defense line.

However, they did not expect the Blue Army to launch a counterattack against them.

Meanwhile, the special forces team led by Commander Hong was in the dark and saw everything clearly.

”Not good! The Blue Army is charging at the 2nd Battalion!” “Company Leader, the 2nd Battalion has also begun to charge!”

Seeing this scene, Hong Yi also expected it.

‘Looks like the artillery fire has failed. We can only rely on the infantry to charge.’

Hong Yi immediately ordered.

“Staff Officer Li, immediately inform the two squadrons to get close and cooperate with the 2nd Battalion to attack!”

“I’ll lead the 1st squadron to the west side of the ravine!”

‘Yes, sir!’

With that, he picked up the binoculars and continued to observe the battle.

The 2nd Battalion of the Red Army had just moved forward for a short while before they stepped on the fuse of a mine.

Following a burst of explosions, the Blue Army soldiers rushed to the front of the trenches and launched a fierce attack on the 2nd Battalion.

Both sides began to exchange fire!

At the same time, the Blues did not forget to use psychological tactics. A radio truck slowly drove over, and the loudspeaker on the car sounded loud.

“Soldiers of the Red Army!”

” Your 2nd Battalion and your 909th Brigade Command Center have been surrounded by our Mountain Brigade!”

“I advise you to put down your weapons and surrender!”

“Don’t struggle anymore..”

Chapter 669 - 669: Sit Down and Negotiate, A Feast at Hongmen?

“Stubborn resistance is futile!”

“Two days ago, your political commissar Zhang Xiaoyu became a captive of our Blue Army.”

” We’ve received a high-standard reception. We’re staying in a five-star hotel and enjoying delicious western food!”

Brothers of the 909th Brigade, put down your weapons and stop following Wang Zhigang.”

” Think about how hard it must be to travel 1,500 kilometers!

“But he didn’t even let you eat a mouthful of hot rice or drink a mouthful of hot soup!”

“Forcing you to come to this ravine to fight with our Mountain Leopard Brigade!”

Wang Zhigang himself had already arrived at the front line of the battle, and he could hear the blue army’s loudspeaker broadcast clearly.

Wang Zhigang looked at the messy battlefield with a gloomy expression. He was so angry that his lungs were about to explode.

“What the hell is Qin Yuan doing!”

” The army is having a drill. Does he think he’s having a scolding fight?!”

“Both the red and blue sides have a battlefield to persuade them to surrender, but he...How can he promote it like this!”

“Why didn’t you say so? Dear, please hand over your weapon. We’ll find you a wife and give you a good review!”

“What a scam!”

“Is this still politics?!”

Advisor Yang said.

“We can’t believe the Blue Army’s propaganda. ”

“But if it can really be fulfilled, it will be quite attractive.”

Wang Zhigang saw that he was also making sarcastic remarks at the side, so he immediately ordered.

“Use the rocket to destroy it!”

On the other side, Staff Officer Li was leading two squadrons of the special forces. They were using the ravines created by the heavy rain to carefully move toward the blue army’s position.

Who knew that they would encounter the Blue Army’s blockade team on the way.

Both sides immediately engaged in a fierce battle.

However, due to the unfavorable terrain, the Red Army had always been at a disadvantage.

a soldier said.

“Staff Officer Li, we can’t do it anymore!”

It seems that the Blue Army has already surrounded the 2nd Battalion. If this continues, it will be a protracted battle. Why don’t we go up and occupy the Blue Army’s position directly?” “Good! Looks like we can only fight it out!”

“Brothers, follow me! Charge!”

At the same time, the position of the Red Army’s mobile command post was also clearly grasped by the Blue Army.

He Chenguang, who hadn’t returned, led two squadrons and had been lying in ambush nearby.

“001! 001!”

” We found the Red Army mobile command vehicle!”

Qin Yuan immediately ordered. “Attack immediately! ” “Don’t let Wang Zhigang escape!”

“Yes, sir!”

As soon as he finished speaking, the two teams that were always hiding in the dark immediately surrounded the command vehicle on Cao Zhe Road.

If Wang Zhigang was in the car at this time, he would not be able to escape even if he had wings.

He Chenguang pointed his gun at the car door and shouted. “Wang Zhigang, come out!” “You have been surrounded by two squadrons of our blue army!”

“Hurry up and surrender!”

After a while, seeing that there was no response, he sent someone to open the car door.

However, to their surprise, there was no one in the car.

He Chenguang had some doubts. He thought that the cunning Wang Zhigang was hiding in the car and could not help but go in to take a look.

Who knew that he would be tricked by Wang Zhigang?

A soldier did not notice the fuse under his feet and stepped on it.

For a moment, the Red Army mobile command vehicle was directly blown to pieces.

The soldiers who went up to check were not spared either. They died and left the exercise.

At this moment, the Red Army troops hiding on the hill immediately rushed out and surrounded Chen Guang and the others.

It turned out that Wang Zhigang deliberately parked the Red Army's mobile command vehicle in such a conspicuous place to lure the Blue Army's troops over.

Then, they would send their own soldiers to ambush the Blue Army.

This brilliant move directly wiped out He Chenguang's troops.

The Blue Army also lost a general because of this.

When the directors in the director's department saw this scene, they were all shocked.

"There are still thirty minutes until the end of the drill. It seems like I really can't tell who will win."

Commissar Long said.

"Wang Zhigang's feint at this time must have another weapon!" "Let's wait and see first before making a conclusion!"

Staff Officer Shen echoed.

In the blue army command center, Qin Yuan looked at the battle information on the screen, and his expression was slightly solemn.

A guard walked in.

Report, the troops we split up have completed the encirclement and suppression of the Red Army's infantry battalion."

"They also stopped the Red Army Special Forces that attempted to sneak attack our front line."

'However, more than half of our two mecha infantry battalions have also suffered casualties. Therefore, the directing department has ruled that our 1st and 2nd mecha infantry battalions have suffered heavy losses and have lost the ability to continue fighting. We will withdraw from the exercise."

Qin Yuan nodded and asked.

"Then how many soldiers do we have left?"

‘ Sir, apart from the four main firing points and a platoon at the front line, we only have a reserve special forces unit under the command of Deputy Commander Geng Hu.’

After listening to him, Qin Yuan sighed.

“It’s all my fault. I shouldn’t have taken the initiative to attack too early.”

Inform Deputy Captain Geng Hu to cover Captain Long and the command center for the transfer!”

“Yes, sir!”

At this moment, Long Xiaoyun stood up.

“Sir, you should be the one retreating now, not me.”

Qin Yuan shook his head.

“I want to stay until the end.”

Long Xiaoyun was a little anxious.

“But the person Wang Zhigang wants to arrest is you.”

Qin Yuan did not mind.

“I know that.”

Long Xiaoyun continued to persuade him..

Chapter 670: Sit Down and Negotiate, A Feast at Hongmen?

“Qin Yuan...”

Qin Yuan interrupted her.

“Alright, don’t say anymore.”

“The Mountain Leopard Brigade only has one voice now. Please carry out my orders immediately!”

Seeing that Qin Yuan directly used his official position to pressure her, Wang Xiaoyun was also very helpless, so she did not say anything else.

As for the Red Army?

The Chief of Staff of the Red Army had already brought his men to the trenches near Hill 535 and set up an ambush.

“Report! The Chief of Staff is here!”

The chief of staff turned around and saw Wang Zhigang leading another group of people in his direction.

“Brigade Commander, I’m really worried about you!” Wang Zhigang asked seriously.

“Have you investigated the situation above?”

The chief of staff nodded.

“Qin Yuan’s main force has already left the mountain. I didn’t expect them to never return.”

Wang Zhigang knew that the Chief of Staff was referring to the Blue Army troops who wanted to go to his command vehicle and capture him alive.

‘ Less than a quarter of the troops are left on the high ground. There is only one squad on guard in the east.”

“He didn’t expect us to come up here!”

Wang Zhigang looked at the time on his watch and observed the situation on Hill 535. He immediately ordered.

“Attack immediately! Take down Position 535 as soon as possible!”

“Yes, sir!”

Then, the Chief of Staff led the soldiers to charge, while Wang Zhigang stayed where he was.

As the main forces of the Blue Army had retreated, the remaining forces were not enough to fight against the Red Army.

Not long after, the Blue Army soldiers at the front of Hill 535 were quickly annihilated by the troops led by the Red Army Chief of Staff.

” There’s only one firing point up there now. Go back and tell the brigade commander that you can come up again after I take out the last firing point.” The Chief of Staff, who was lying on the ground, said to a soldier beside him.

“Understood!”

As for Wang Zhigang?

He led another team to the other side and observed the Chief of Staff’s actions.

The Chief of Staff hurriedly climbed up Hill 535 and found that there was no one around.

In the tent of the command post, a person was sitting in front of the command computer with his back facing him.

The Chief of Staff raised his pistol and carefully approached the man.

After getting close to him, she pulled off his hat.

He realized that it was actually a dummy!

He immediately realized that he had fallen into the blue army’s trap.

He shouted.

“Not good!”

As soon as he finished speaking, the tent in the command center exploded. From Wang Zhigang's perspective, the Chief of Staff had already been buried in the flames.

Seeing this, Wang Zhigang immediately gave an order.

"Pay attention!"

"Yes, sir!"

A group of people directly rushed to the command post of the Blue Army and checked the situation inside each tent one by one.

"Brigadier! Qin Yuan is in this tent!" A soldier pointed at a tent beside him and said.

Wang Zhigang walked over.

'Qin Yuan is inside. I'm worried...'

Before he could finish, Wang Zhigang pulled him aside and walked in.

When Qin Yuan saw him walk in, there was not a trace of surprise on his face.

He walked up to him and saluted.

"Welcome to the command center, Brigade Commander of the 909th Brigade, Senior Colonel Wang Zhigang!"

"The commander of the Blue Army Mountain Leopard Brigade, Qin Yuan, has been waiting for you for many days."

Wang Zhigang narrowed his eyes and stared at him. He did not know what this kid was up to.

At this moment, an investigator beside Qin Yuan reported.

Reporting to the brigade commander, we have found the deceased Chief of Staff of the 909th Brigade and captured the captain of the 909th Brigade Special Forces, Hong Yi."

"Invite the two comrades in and take care of the Red Army officers and soldiers outside!"

"Yes, sir!"

Wang Zhigang looked at him expressionlessly. somewhat Duzzled.

Qin Yuan explained.

"Brigade Commander Wang, it's like this."

"Just now, on the path up the mountain, our blue army's special forces attacked one of your special forces teams and captured your special forces team leader,

Hong Yi. "

"At the same time, I found your Chief of Staff."

“In other words, from the moment you entered my command center, my second echelon had already carried out a counter-encirclement operation against you.”

Upon hearing this, Wang Zhigang realized that the people beside him had been completely wiped out.

At this moment, footsteps came from outside.

It was Hong Yi, the Red Army Chief of Staff and the captain of the special forces.

Geng Hu said to the two of them.

“Go in! The two brigade commanders are waiting for you!”

The two of them had ugly expressions on their faces, especially the Chief of Staff, who looked a little angry.

“Report!”

“Come in!”

The two of them answered and walked into the command center of the Blue Army.

Seeing his brigade commander and Qin Yuan standing face to face, he was still a little shocked.

Qin Yuan said when he saw that everyone was present.

“Sit!”

Wang Zhigang took off his hat, pulled out a chair, and sat down.

The two people beside him were the same.

Qin Yuan quickly poured water for the three of them.

When the directors of the production department saw this scene, they were a little confused.

Commissar Long said.

“What’s going on with these people?”

‘ This drill isn’t over yet. The outcome hasn’t been decided yet!’ “The two sides are just sitting down to drink water and negotiate?”

“Is this a handshake?”

The others shook their heads, not understanding the situation.

Chief of Staff Shen said.

‘ Commissar Long, there are still 15 minutes before the end of the drill. The winner is king and the loser is bandits. The outcome is clear. Let’s wait until the drill is over.”

The dispatch officer turned around and asked.

“Chief of Staff, do you think we should inform the extension now?” “I don’t think these two have any desire to continue fighting.”

Staff Officer Shen shook his head.

‘ According to the rules, it can’t be brought forward or delayed. Midnight is midnight.’

Commissar Long agreed with him.

“Right, maybe this is a trap?”

“Turn up the volume a little, let us hear what they are saying.”

Qin Yuan pushed the cup in front of them and said.

“Everyone, you’ve worked hard!”

“Where is your 909th Brigade? You came all the way from the southeast coast to our base at the Wolf Fang Mountain.”

“On this journey, the horses were fast and the soldiers were tired. I admire them very much.”

“And me? We are waiting for fatigue. We have no choice but to welcome you.”

“Right, let me tell you something.”

“I’ve already heard about it before I arrived at the First Battle Area.” “The spring water of the Wolf Fang Mountain is sweet and refreshing!” “After tasting it, it really lives up to its reputation!”

“So today, I’ll give you a cup of spring water to represent my feelings!” After saying that, he picked up the cup in front of him and drank it in one gulp.

After drinking, Qin Yuan looked at his watch and said. ‘ But now, it’s not the time for the study to end yet.’

“Oh right, there’s one more thing I forgot to tell you.”

“Your Red Army’s special forces have been captured by us. Haha, we’re bringing it along!”

“You guys don’t have to worry!”

As he spoke, Qin Yuan smiled.

Hong Yi and the Chief of Staff did not know what Qin Yuan was trying to do.

The drill was not over yet, and he was already pulling her and the brigade commander to sit down and chat?

Wang Zhigang sneered.

“Humph!”

“Qin Yuan, are you confused by me?”

“I was the one who attacked your 535 defense line. I was the one who attacked your command center!”

“What else do you have to say?”

The topic changed.

‘Qin Yuan, what right do you have to spout nonsense over the loudspeaker?’

“You said I want to be promoted?”

Qin Yuan was not angry. Instead, he laughed.

“Don’t you have such thoughts?”

“After Deputy Chief of Staff Li of your army was transferred away, did you not have any intention of taking over his position?”

Wang Zhigang’s expression was a little thought-provoking. However, he did not hide it and admitted it directly.

“Yes!”

“Everyone has their own requirements for improvement! ”

‘ But how could you use such despicable means to incite the warriors and bewitch the people?

“Also, how can you use money to bribe and corrupt our officers and soldiers?” “What you’re doing is very wrong! It’s also very clumsy!”

Wang Zhigang listed the so-called “despicable” methods that Qin Yuan had used in this battle drill as if he was listing his crimes.

Qin Yuan did not think so.

“That can only mean that my publicity methods have had a great effect on you.”

“Otherwise, you wouldn’t be in such a hurry to tell me this.”

It’s not an ordinary influence. It’s a very bad influence!”

It’s malicious propaganda that weakens the morale of the army and weakens their fighting spirit!”
