

Special Troop 711

Chapter 711 - 711: Interrogation (2)

The meeting room was suddenly filled with discussions.

“That’s right! This is outrageous!”

“How can the Mountain Leopard Brigade do this?”

“Do you still think this is ancient times? What do you mean by acting first and reporting later?”

“Do you still have any respect for us leaders!”

At this moment, Chief Long walked in.

The noisy meeting room instantly quieted down as everyone stood up.

Chief Long said.

“Is everyone here?”

Commissar Xing replied.

“Other than the two commanders of the Mountain Leopard Brigade, they are still on their way.”

Chief Long nodded.

“Alright, let’s start the meeting now.”

“Everyone, please take a seat!”

Then, Commissar Xing began to make a report.

“Today, gather all the leaders of your units for a meeting.”

“Last night, the Mountain Leopard Brigade held a small tactical exercise.”

” The unit that was attacked is a subordinate organization of Army Group C, a unit directly under the Army in the theater of operations.”

“Because I didn’t inform everyone beforehand, many comrades were dissatisfied and questioned me.”

” This incident has also alerted the army. They asked us to investigate the situation thoroughly and report it to the higher ups.” One of the leaders was already dissatisfied and interrupted.

“If this continues, what will happen?”

“How is this a drill?”

“What’s the difference between this and a terrorist attack?”

Another person echoed.

“I don’t object to the military reform.”

“But there must be rules and order.”

“Can the combat effectiveness of the troops be improved by the way the Mountain Leopard Brigade is doing things?” “That’s right!”

“I just can’t stand this kind of practice!”

Before Commissar Xing could finish his words, he was interrupted by these people.

Naturally, he felt uncomfortable.

However, it was not good to say anything.

He could only turn around and whisper to Chief Long beside him. “Chief, why don’t you say something?”

Chief Long said as he put down the plan for the operation.

“I invited everyone here today to listen to everyone’s opinions and views. Let’s treat it as a tea party!”

The leader in front of him refused to let it go and believed that this matter had to be dealt with seriously.

He said sarcastically.

‘ Such a big incident happened. A fuel depot and a war preparation yard with hundreds of vehicles were almost all taken out overnight.

“Just a tea party and it’s over?”

Seeing that someone objected, Chief Long was not angry and said calmly.

“It’s not over. I just want to hear you guys... Consider it a complaint from the victim!”

“Then Chief Yu, you go first.”

“Alright.”

“We have already reported the situation truthfully. We do not object to the exercise.”

If there’s a notice and a plan, we will definitely prepare actively and do our best to assist.”

“I hope that we can inform the leaders of our army.”

“Now that they’re doing this, we’re in a very passive position!”

From his words, it could be heard that he was also very opposed to the attack of the Mountain Leopard Brigade.

Another leader stood up and said.

“This Mountain Leopard Brigade can’t be too indulgent, right?”

Chief Long didn’t respond and continued.

“What other opinions do you have? Speak up.”

“Their opinions are also my views.”

“The state of war is different from that of non-war. I think this kind of sudden attack is just sensationalizing!”

I think the Mountain Leopard Brigade defeated the 808th and 909th regiments not by relying on their true abilities, but by relying on the evil path of the outer sect!”

If everything can be like this, what morality, justice, rules, and discipline are there to speak of?

“A drill is a drill. There’s no need to make it so sensational!”

Chief Long looked at Staff Officer Shen.

“Chief of Staff Shen, did you know about the Mountain Leopard Brigade’s plan?”

Staff Officer Shen nodded without thinking.

“I know.”

“Since you know about this, you should have told these chiefs about it in advance.”

“Even if it’s just to communicate with the commander of the army group.”

“Now everyone is covered in dust. It was a false alarm.” “I have a lot of opinions about the Mountain Leopard Brigade.”

Staff Officer Shen did not refuse.

“Bureau Chief, Political Commissar, I was the one who gave them this task.” Then, he turned to look at everyone present.

Chief of Staff Shen said rudely to these leaders who were questioning him. “Everyone, as a professional blue army, we must have a targeted choice!”

“Attack the weak points of the troops in the theater of operations!”

” This is to sound the alarm and serve as a warning!”

‘ Army Staff Department of the theater of operations. After more than two months of investigation, they found out.”

Some of the coastal border troops and the units directly under the army in the theater of operations have many loopholes in terms of security and confidentiality.”

The leader who spoke just now disagreed.

“How is that possible?”

Staff Officer Shen looked at him with a faint smile and continued.

“In fact, the army in the theater of operations had already issued the notice of the alarm a few days ago. It can't be that they didn't warn us beforehand, right?”

Then, he changed the topic and immediately became serious.

“But it just so happens that it didn't attract enough attention from some units!”

“I'm still waiting for the army in the theater of operations to tell you which unit the Mountain Leopard Brigade will attack at what time!”

If that's the case, can the loophole that we urgently need to guard against be exposed so clearly?”

“This is just an internal exercise!”

“If it's really an attack by foreign hackers, then you can think about the losses and consequences yourself!”

At this moment, Qin Yuan's car had just arrived at the gate of the headquarters.

As soon as Qin Yuan and Long Xiaoyun got out of the car, Staff Officer Yang ran over anxiously.

Brigade Commander Qin, Commissar Long, the Chief of Staff has been called to the conference room by the Bureau Chief for a meeting.”

“A big conference room?”

“Yes, I am!”

“The Bureau Chief and Political Commissar, the leaders of the Finance Department, the Personnel Department, the Intelligence Department, the Y Army Group, and the Security Department are all here!”

“Hold on tight!”

With that, he left.

Long Xiaoyun looked at Qin Yuan with a troubled expression.

“Looks like this matter is not small.

“When we meet later, don't say anything. Let me do the talking.” As he spoke, he was about to walk in before Qin Yuan.

Qin Yuan quickly pulled her back.

“Sigh! Can I not say anything about military training?”

” This isn't just a military issue. This is a violation of discipline!”

“It’s my political commissar’s business. It’s time for the Party Secretary to step in.”

Qin Yuan disagreed.

“No, I think you should stay out of this.”

Long Xiaoyun couldn’t be bothered with him. She broke free from his hand and walked in.

‘ Army Group Y is responsible for the combat missions in the important coastal strategic areas of the first war zone.’

It’s also the distribution center of intelligence and network information in this frontier fortress area.”

“Many computers, many nodes.”

“After an online investigation, we found that there are many loopholes in the defense. ”

” The Mountain Leopard Brigade’s hacker team easily hacked these loopholes a few days before the exercise!”

It’s just that we haven’t taken any concrete action.”

” The army in the theater of operations gave the Mountain Leopard Brigade some autonomy in this exercise.”

“In terms of tactics, the Mountain Leopard Brigade will decide for themselves.”

It should be said that the Mountain Leopard Brigade did not violate the rules.

It’s just that the training format is different from what we’re used to.”

Chief of Staff Shen had promised Qin Yuan that he would help him out.

This time, he was determined to stand on Qin Yuan’s side.

However, the leader was still unwilling to let it go.

“The Mountain Leopard Brigade launched an attack at three in the morning today. Even if it was an hour in advance, it would have been fine.”

“We really thought something big had happened!”

Staff Officer Shen sneered.

If I really told you in advance, then this exercise would be no different from going through the motions. It wouldn’t achieve the desired effect at all.”

After a pause, he continued.

“I can accept everyone’s opinions.”

“If I was really disturbed, I apologize to everyone here.”

Staff Officer Shen knew when to be tough and when to give in.

He had already explained the reason to them just now. If they continued to argue forcefully, it would cause more dissatisfaction.

This way, the Mountain Leopard Brigade would have more and more enemies in the future.

This was very disadvantageous to the future development of the Mountain Leopard Brigade..

Chapter 712 - 712: I Need To Tell You In Advance? Dream On!

Commissar Xing said.

‘Chief of Staff Shen has already explained to everyone why he didn’t inform us beforehand.’”

“Do you have any other opinions?”

His tone was not very friendly to the leaders of the army groups present.

It was obvious that he was on Staff Officer Shen’s side.

The others looked at each other, not saying a word.

Hence, Commissar Xing spoke again.

“Since no one has any objections, we will ask the commander for instructions!”

Commander Long took a sip of tea.

“Today, it’s a tea party, so it’s not an instruction.”

“After drinking the tea, I also want to talk about my feelings about this matter.”

“I received a report early this morning that the oil depot was burned and the parking lot was blown up.”

“As soon as I got to work, a few departments reported to me that important information had been stolen and that 20 million yuan had been deducted from their accounts!”

Commander Long sounded angry.

He looked at everyone present and asked.

“How could this happen?”

“To be honest, after such a big incident, I definitely can’t be the commander anymore.”

“I drank a cup of tea and calmed down to think about why such a situation would occur.”

‘What if it isn’t the Mountain Leopard Brigade, but a real foreign enemy?’”

” Think about it. Can we still sit here drinking tea, chatting, and complaining like we did today?”

“I won’t!”

“We can only meet in the military court!”

His voice grew louder and louder, hitting the nail on the head.

” Everyone felt that this kind of surprise attack disrupted the normal order of life and was not a way of life that should be in times of peace.”

‘ Everyone still thinks that they are victims who have been wronged, right?’

” The key is that you guys have caused the Mountain Leopard Brigade to lose all their prestige and face.”

In short, you are dissatisfied and angry. You even want to denounce the Mountain Leopard Brigade and accuse them of misbehaving.” “But have you thought about it?”

“Is the family business you are running your own private property?”

Commander Long shook his head.

“That belongs to the country and the people!”

“The country and the people trust you and hand over this precious wealth to you.”

“But what about you guys?”

“But you didn’t manage this family business well and let down the people’s trust in you!”

“Can I?”

This roar shocked everyone present.

It seemed that Commander Long was really angry today!

It was no wonder that none of the leaders realized their mistake at today’s tea party and were still angry at the Mountain Leopard Brigade.

“What is a sense of mission and responsibility?” “I think you guys are really confused today!” Commander Long felt his mouth go dry.

He took a sip of water and continued.

“We used to use a classic line from a movie to mock the foolishness of the foreign army.”

“What do you mean?”

” They said that it’s not that we’re incompetent, but that the Chinese soldiers are too cunning.”

“If this line is applied to today’s matter, can you say it like this?”

“It’s not that we don’t have vigilance, but the Mountain Leopard Brigade is too cunning?”

It’s not that we’re unprepared, but that we didn’t receive the notice to start the exercise at all?”

When Commander Long said this, none of the leaders present dared to raise their heads to look at him.

“Can we say that? Can I?”

The more Commander Long thought about it, the angrier he became. He pointed at them and scolded.

” A thief wants to steal your wallet. Would he tell you?” “Comrade, please pay attention. Am I going to steal your wallet?” Everyone lowered their heads in shame.

Commander Long was also tired of scolding and slowed down his tone.

“This is a very strange phenomenon.”

“Comrades, we have an important mission to shoulder. We have to shoulder the heavy responsibility of defending our territory, territorial waters, and airspace.”

‘ But you live with such a wonderful concept every day.” “This is something that I can’t figure out.”

As he spoke, he picked up the alarm plan on the table.

“I just flipped through this proposal.”

“Everything that the Mountain Leopard Brigade wanted to do was successfully attacked overnight.”

” This has exposed our awareness of defense. It is extremely weak!”

” The defensive measures are full of loopholes and holes. They are even vulnerable!

“Shouldn’t we sound the alarm for this kind of operation?”

“As the saying goes, if the upper beam is not straight, the lower beam will be crooked.”

“If our leadership has done something wrong, how can we have the face to ask the grassroots to do things?”

“Today, the Mountain Leopard Brigade’s alarm call was really enlightening for me.”

Commander Long patted his chest.

“I’m also a shameless person.”

“If you guys lose face, how can the political commissar, Chief of Staff, and I still have any face?”

Commander Long was also mentally tired after lecturing him to this point.

He said to Commissar Xing.

“Political commissar, do you have anything else to say?”

“No more.”

He then looked at Staff Officer Shen, who shook his head. Then, he turned his head back to look at the leaders.

“Alright.”

“Here is a cup of hot tea. I’ll treat everyone to drink with me to soak your lungs. ”

“After you go back, use your brains and reflect deeply. Perhaps your thoughts will change..”

Chapter 713 - 713: I Need To Tell You In Advance? Dream On!

“Let’s cut the crap here, okay?”

“Come. ”

As he spoke, he picked up the teacup on the table and drank it in one gulp.

The rest of the people didn’t dare to complain or complain. They hurriedly picked up their cups and drank.

Some of them were so scared that they couldn’t even hold their cups steadily.

For the leading officers of the army, this was not a tea party at all. It was clearly a ” Banquet at the Gate of a Banquet!”

He had originally thought that he could come over and complain and denounce him.

However, he did not expect to end up in such a situation.

After drinking the tea, Commander Long didn’t stand on ceremony and said directly.

“Meeting dismissed!”

Everyone was like a child being scolded as they hurriedly fled the meeting room.

Seeing that everyone was leaving, Staff Officer Shen turned his head and whispered into Commander Long’s ear.

“I wanted to report something to you, but...”

Before he could finish speaking, Staff Officer Yang hurriedly walked in.

“Chief, Chief of Staff, Qin Yuan and Commissar Long are waiting for you in the office!”

Commander Long said.

“Let them come in and have a chat!”

Staff Officer Shen wanted to go over and talk to them about the situation.

However, since Commander Long had said so, he couldn't say anything.

He could only nod.

“Staff Officer Yang, go and call them over.”

“Yes.”

Chief of Staff Shen thought to himself that Commander Long had called Qin Yuan over now to question him.

She had promised Qin Yuan before, so she could not ignore it now.

So he turned to the two people in the meeting room and said.

“Commander, political commissar, I didn't report this matter in time. I'm responsible.”

He wanted to take responsibility for it.

However, how could Commander Long not see it?

She sighed and said to him.

“Chief of Staff Shen, I can tell.”

“You've always been protecting the Mountain Leopard Brigade.”

Staff Officer Shen smiled and did not explain.

“The Mountain Leopard Brigade has just been established, and the officers are relatively young, so they are very enthusiastic.”

“However, it's inevitable that they will do something out of line.”

“Weren't you under a lot of pressure for the Mountain Leopard Brigade just now?”

Commander Long waved his hand.

“I don't want to take responsibility for anyone.”

“Once the alarm bell rings, the responsibility will be clear.” At this moment, Qin Yuan and Long Xiaoyun walked in.

He saluted the officers present.

“Hello, Chief!”

Commander Long asked directly.

“The sneak attack last night was done by your Mountain Leopard Brigade, right?”

Qin Yuan did not intend to hide it, and he did not look guilty at all.

“We did it.”

Commander Long’s expression turned ugly when he heard this answer. “Why didn’t you report it in advance?”

Qin Yuan was about to explain when Long Xiaoyun interrupted him.

“We’re going to report it.”

“But due to my negligence, I reported it late.”

Commander Long was not so easily fooled. He did not listen to her explanation at all.

He was still staring at Qin Yuan.

“I’m asking you, why didn’t you report to Chief Shen first?”

This was because he knew that this matter was planned by Qin Yuan and Chief of Staff Shen.

Qin Yuan went all out and admitted it directly.

“It’s like this, Chief.”

“I didn’t agree to report this matter in advance.”

Including the report to Chief of Staff Shen. I didn’t agree to it, so I stopped them from reporting on time.”

“The purpose is to test whether these units and departments have strong awareness of the enemy’s situation.”

‘ Have the alert level and network security standards met the standards?’

” This exercise caused some losses. The deputy director of Army N was injured.

I take full responsibility.”

Long Xiaoyun was a little dissatisfied when she saw that he had put all the responsibility on her and left her completely alone.

“I am the political commissar, I have responsibilities too.”

Commander Long held the teacup in his hand and watched the two of them play the “trick of suffering oneself” without saying anything.

Qin Yuan continued.

“Let’s not lie in front of the chiefs.”

It’s like this. Commissar Long has been insisting on reporting it to the higher authorities.”

“But because I didn’t agree, she couldn’t report it successfully.”

Long Xiaoyun rolled her eyes at him.

What kind of people were these!

Didn’t we agree before?

If something happened, everyone would shoulder it together.

Now, he had come up with this. Wasn't he fooling people?

Commander Long put down the cup in his hand and did not answer directly. Instead, he pointed at the bag in Long Xiaoyun's hand and asked.

"What's in your bag?"

"It can't be a new plan, right?"

If it was really a new plan, then he would have a big headache.

He had just dismissed the leaders and now, he threw a bomb at them.

Commander Long was afraid that they would go crazy.

Long Xiaoyun shook her head.

"No."

"This is the strategic implementation plan report and the battle situation analysis report for this operation."

"It's all here."

He took out the documents from his bag and handed them to Staff Officer Shen.

Commander Long was a little surprised.

The Mountain Leopard Brigade was so efficient?

It had only been a few hours since the drill, and the post-war summary report was already out!

"You guys are done so quickly?"

Commander Long took it and read it carefully. As he flipped through it, he could not help but praise.

"This report is good!"

' Not only did it indicate the secret investigation process, investigation methods, battle plan, and operation deployment of the units that were attacked.

" Mobilize the armed equipment and participate in the deployment of troops."

" The responsibilities of the commander, the cover after the attack, the evacuation route, and so on are all detailed."

Then, he smiled and handed the document to Commissar Xing.

"Take a look too."

" This is a very important point. You've thought of it."

“It’s the improvement measures and suggestions for the future security work of these attacked units.”

Chief of Staff Shen suddenly remembered something.

“Qin Yuan, where did you put the confidential documents and money that you stole from the Internet?”

Chief of Staff Shen was afraid that Qin Yuan would use these things to do some “terrifying” things.

Commander Long and the political commissar also turned to look at them.

Qin Yuan broke into a sweat.

It was all Lin Xiaoxiao’s fault that she had to clean up their mess.

He could only smile awkwardly.

“We didn’t touch those things. We just saved them in another place on the computer.”

Commissar Xing saw their restraint and encouraged them.

“Qin Yuan, Long Xiaoyun, the two of you can’t have any misgivings.”

“We’ve already spoken to the leaders of the few units that were ambushed just now.”

In the history of our army, there has never been a professional blue army.”

” We have been exploring how to build this troop and how to make it play a positive role in training.

” This operation is an exploration and experiment.”

“This kind of thing has never happened before.”

” This kind of drill is also an attempt.”

“Although it caused a huge commotion, it’s nothing impressive.”

” You can’t stop your exploration. You have to keep moving forward!”

“Do you understand?”

Commissar Xing’s words were like a calming pill, causing Long Xiaoyun’s previously worried heart to finally settle down.

Qin Yuan was not surprised. He had expected the chiefs to have such a reaction.

The two of them looked at each other and replied.

“Yes, sir!”

Commander Long said.

‘ Changing one’s mindset is a very difficult thing.

If we want to step into the modern era, we will not only have to use new equipment to solve the problem.

‘ Some units have already received new equipment.’

‘ But it was sealed in the warehouse and no one dared to use it for months.’

“He doesn’t feel comfortable using it!”

” That’s why I’m still using old equipment.”

” There are also many people and units who are used to the old command and management system because they are afraid of affecting the assessment results.

I agree with you guys for being proactive in the exercises and training!

As he spoke, he even gave them a thumbs up.

This made Long Xiaoyun’s confidence double. Staff Officer Shen stood up and said.

“Alright, the two of you can go back.”

“Bring the Bureau Chief’s spirit back and learn and understand it well!”

Chapter 714 - 714: Leader’s attitude

“But we have to face reality. Don’t be too hasty.”

“Let’s go back!”

“Yes.”

After saying that, Qin Yuan and Long Xiaoyun walked out of the meeting room together.

Commissar Xing said to Chief Long after they left.

“Chief, I have an email here.”

It’s all the truth, but it also reflects some practical problems.”

Chief Long nodded.

“Alright, read it.”

Commissar Xing began to read.

“Dear political commissar, we think that the sneak attack of the Mountain Leopard Brigade, no matter how good the starting point is, has indeed caused quite a stir.”

“Everyone’s antipathy is not small either. There are a few of them.”

Firstly, there’s no need to go overboard in times of peace.”

” After all, the war in reality is still very far away from us.”

After reading this, Commissar Xing could not help but snort coldly.

” Although the Mountain Leopard Brigade is a professional blue troop, the army of our theater of operations has also given it certain privileges.”

Second, we can launch a surprise attack during the training phase, but it’s not good to do this in our daily life.”

Chief Long and Staff Officer Shen couldn’t help but laugh.

Commissar Xing did the same. After laughing for a while, he continued to read.

” Third, the specialized blue army. It’s fine as an experiment, but as a new type of army and a regular existence, it’s still up for discussion.” Chief Long could not help but interject with a smile.

“That’s right, he’s indeed telling the truth!”

Then, he asked the two of them.

“I think we’ve set ourselves a big problem, haven’t we?”

“It’s like opening Pandora’s box. You’ve released the devil inside, and all kinds of trouble will follow.” Political Commissar Xing teased. “But is it too late for us to stop now?” Chief Long asked jokingly.

“Yes, I am!”

“The three of us lit this fire. In order to avoid getting burned, how about covering this lid now?”

Staff Officer Shen thought for a moment.

“If we close the box now, our only hope will not appear.”

Chief Long nodded in agreement.

” Yeah, the reason we opened Pandora’s box is because we saw a glimmer of hope inside.”

” We took the risk to release this hope, and we inevitably encountered a lot of trouble, troubles, resistance, and pressure. Commissar Xing felt a headache coming on.

He sighed.

“What an irreconcilable contradiction!”

Chief Long was more decisive and said directly.

“Since we can’t reconcile, then we might as well not reconcile.”

If you want to push the wheels of the army reform forward, you will inevitably encounter unexpected problems.”

Staff Officer Shen nodded in agreement.

‘ Now that the problem is clear on the table, I don’t think it’s a big deal.’

” I believe in the awareness of the soldiers. Print and distribute the battle situation of this operation so that everyone can observe and learn.”

” We must change our understanding into the understanding of all the officers and soldiers in the theater of operations!”

Chief of Staff Shen was very happy.

He had thought that this tea party was specially for him.

He had even prepared himself well to face the questioning of these two people.

However, he did not expect that Chief Long and Commissar Xing were already on his side.

“With the determination of the Bureau Chief and Political Commissar, I can rest assured.”

“I believe that this path will definitely be able to continue!”

He thought for a moment and continued.

“However, the self-construction of the Mountain Leopard Brigade is very important now.”

‘ Now, be it the military or society, all the attention is on them.’

“We must guide them well in this aspect to prevent some external factors from becoming a stumbling block to their growth.”

The two of them nodded.

After the meeting, Chief of Staff Shen and Commissar Xing walked out of the headquarters together.

Commissar Xing reminded him.

“Chief of Staff Shen, tell the spirit of the theater of operations Army Committee to the comrades of Mountain Leopard Brigade.”

“Don’t let them be discouraged. You have to give them encouragement.”

Staff Officer Shen nodded. “I know.”

Commissar Xing continued.

” You’ve seen the current situation. Just the determination of the Bureau Chief, you, and me is far from enough.”

” We have to form a mechanism to form a professional blue army. After all, this is a new creature. It can’t be perfect, right?”

” The training model hasn’t been formed yet, and the mechanisms and systems haven’t been perfected yet. Most people definitely won’t approve of it. It’s normal for everyone to have opinions.”

It’s much more difficult to establish a DA than it was decades ago.”

” There are some problems that we didn’t think of. They have already exceeded our imagination.”

“You and the comrades of the Mountain Leopard Brigade must carefully study the next step.”

Staff Officer Shen also told him the truth.

“Commissar Xing, to be honest, I like the young troops of the Mountain Leopard Brigade.”

“They have ideas and dare to put them into practice.”

Commissar Xing sighed.

But in the current environment, under our specific national conditions, how can we play the important role of an imaginary enemy?”

“We really don’t know how to control this.”

Staff Officer Shen could only smile helplessly.

After this tea party, the disturbance caused by Operation Alarm Bell finally calmed down..

Chapter 715 - 715: Leader’s attitude (2)

The Mountain Leopard Brigade would also be focused on building up their combat strength.

What worried Chief Shen the most were the 808th and 909th brigades.

These were the two fists of the army in the theater of operations.

The success of their reform and transformation would play an important role in guiding and demonstrating the establishment adjustment and training reform of the other troops in the battlefield.

However, the 909th Brigade seemed to be making a lot of noise, while the 808th Brigade didn’t seem to be making any noise at all.

Staff Officer Shen did not know what was going on.

Several military vehicles from the 909th Brigade arrived at the rock climbing training base.

The large group of warriors who came down quickly ran to the training ground without hesitation.

Captain Hong and Wang Zhigang also came down.

Wang Zhigang looked at the intense training in front of him and asked.

“Captain Hong, the selected team members will be participating in an international security mission.”

“You have to check them out one by one. You have to choose the elites of our brigade.”

Hong Yi nodded.

Brigadier General, don't worry about this. These soldiers will not embarrass our 909th Brigade, and they will not screw up.” Wang Zhigang laughed.

“Alright, I can rest assured with your guarantee.”

Hong Yi suddenly thought of something and asked.

“Brigade Commander, have you read the report I sent up last time?” Wang Zhigang is a man of noble status, but he often forgets things.

“What report?”

Hong Yi reminded him.

“It's about increasing the special forces training by 300 meters.”

Wang Zhigang said thoughtfully.

“There seems to be such a report, but...”

Hong Yi did not wait for him to finish and continued.

“I also have one for diving training.” Wang Zhigang was a little surprised.

“Diving?”

When Hong Yi heard this, he said unhappily.

” No, I've already sent it up for two months. Have you seen it or not?” Wang Zhigang saw that he was starting to get anxious and quickly replied.

“I did! I definitely saw it!”

“But why did you let it go?”

“Oh! Old Hong, I've read your report. This is what I think.”

” The basic plan that you proposed was to let all the soldiers of the special forces master the technique of jumping at a height of three hundred meters, right?

“Yes, I am!”

Hong Yi explained.

“This is an effective means for the special forces to send troops behind enemy lines and quickly approach the enemy.”

” The shorter the time the soldiers stay in the air, the better the concealment and the stronger the assault!”

Wang Zhigang nodded perfunctorily.

“Your method is good!”

” Also, you want the special forces to master the technique of diving 50 meters underwater.”

“Yes.”

” I shouldn’t object, because all of this is to improve the combat effectiveness of the troops.”

“Yes, sir!”

But have you considered another problem?”

Hong Yi didn’t even need to think to guess what he was going to say next.

“It’s dangerous, isn’t it?”

“Right!”

“This training is too dangerous!”

Hong Yi did not give up and continued to explain.

But we already have a lot of safety measures and a complete set of step-by-step training methods.”

Wang Zhigang smiled.

“Yes, I believe that.” “If you weren’t confident, you wouldn’t have reported this to the brigade.”

“Am I right?”

“Yes.”

“But we can’t force it. We can’t force the entire brigade to do such a perfect thing. ”

At this point, Wang Zhigang saw that his expression was not too good.

He thought of a compromise.

How about this? We can choose a few elites and form a small team to participate in various performance competitions.”

“Especially when the higher-ups come to visit, he will show off his unique skills.”

“I won’t object to this.”

“But there are too many people. What if something goes wrong?”

Hong Yi said impatiently.

“Didn’t I just say that?”

” We have a set of scientific training methods, coupled with perfect safety measures.”

Wang Zhigang said.

“No matter how scientific it is, there are still problems that science can’t solve, right?”

As soon as he said this, Hong Yi was so angry that he stood up and turned his back to him.

Wang Zhigang looked at his back and thought for a while. Then, he stood up and patted his shoulder.

“Most of the soldiers now are the only children of the 90s.”

” What if something happens during training? How are we going to explain this to their parents?”

” I advise you, don’t try to convince everyone to meet the requirements for low-altitude parachuting.”

“Your basic plan and idea are good, but we’ll talk about it later.”

Hong Yi could tell that no matter what Wang Zhigang did, he was always cautious and overcautious.

He only wanted to lead the 909th Brigade and put on a good show in front of the Bureau Chief to gain their approval.

However, he did not care about improving the combat effectiveness of the troops at all.

At this moment, he finally exploded and roared at him. “What’s the use of just having a few elite soldiers perform!”

“I want a team that can form a fighting force!”

Wang Zhigang still wanted to quibble.

” We didn’t use low-altitude parachuting in the past. Isn’t it still combat effective?”

Hong Yi felt sad for his ignorance.

“For foreign special forces, low altitude parachuting is a basic requirement!” Wang Zhigang still refused to walk.

Hong Yi, listen to me. The situation in our country is different from that of other countries.”

Hong Yi was still unwilling to let it go.

Does that mean that our military training standards must be lower than those of other countries?”

Wang Zhigang was also a little angry.

She had tried her best to persuade him for a long time, but she still could not pull his stubborn temper back.

She could not help but think that he was targeting her.

“Hong Yi! ”

“Why are you always bickering with me?”

He said it directly.

“Do I have to approve the things you want to do?”

Hong Yi couldn't help but explain when he saw that he had pushed the blame onto him.

“That's not what I wanted to do!”

“It's for the sake of winning future wars!”

Wang Zhigang did not believe him and pointed at him.

“No matter how big your hat is, it won't work!”

Hong Yi could tell that Wang Zhigang could not tolerate any opposition from others.

As long as it was someone else's suggestion that was slightly different from his own, he would not accept it.

Hong Yi went all out.

“You're just arbitrary and don't want to improve!”

Wang Zhigang was so angry that he glared at him.

“Hong Yi! ”

The two of them were like gunpowder and fire. As long as there was a little friction, they would explode.

After a moment of stalemate, Wang Zhigang turned around.

He took a deep breath and calmed himself down. Then, he turned around and said to him,

“Hong Yi, I don't have any personal grudges against you.”

“It's useless for you to use these great principles to pressure me. I've learned more than you've seen.”

“What's the harm in passing this year safely?”

“It won't affect the combat effectiveness of the special forces.”

“Do as you see fit!”

With that, he left without looking back.

In the end, Wang Zhigang still hadn't come out of the abyss of the confrontation with the Mountain Leopard Brigade.

He was still blindly confident in his own decisions and understanding.

In addition, she had misunderstood the attitude of the Bureau Chiefs during the summary meeting.

Wang Zhigang thought that his thoughts were very similar to those of the chiefs.

As long as they did well on the surface, they would be favored by the chiefs.

Besides, this year was very important to him.

It was the assessment year for his promotion, and he did not want to cause any trouble during this period.

In the end, it would affect his military career.

However, Hong Yi did not think that way. The only thing he could think of was that Wang Zhigang was not suitable to be his brigade commander.

Hong Yi was left standing on the spot in a huff, grabbing his hair in frustration.

How did I end up with such an unromantic brigade commander who doesn't understand the situation?

He was extremely disappointed in Wang Zhigang, and he had made up his mind to change jobs at this moment..

Chapter 716 - 716: Bringing in Fresh Blood, Poaching Someone?

The next day, Staff Officer Shen followed Commissar Xing's instructions and came to the Mountain Leopard Brigade to tell them what the leaders thought.

All the officers of the Mountain Leopard Brigade were present and listened quietly.

"The Bureau Chief and the Political Commissar have already confirmed your Mountain Leopard Brigade's actions." "You officers should know this in your hearts."

"Why would I say that?"

"What the chief means is to do more things and not be too ostentatious."

Liu Ye was puzzled.

"Chief, we didn't make a big deal out of it."

Liu Ye felt that the Mountain Leopard Brigade was being attacked while lying down.

He couldn't help but say.

"We don't even have a proper military history museum. What can we do to show off?"

"Of course, it's best not to be ostentatious."

"But you won the battle and ambushed the army in the war zone. The reputation of the Mountain Leopard Brigade is already Imown."

"Your every move makes people feel the domineering and arrogant aura you have."

"This is very disadvantageous to the development of your Mountain Leopard Brigade!"

Long Xiaoyun nodded. "This is indeed something we have to pay attention to."

Staff Officer Shen continued.

"This time, the army in the theater of operations held a conference with the theme of building a professional blue army."

"At the meeting, all the chiefs agreed and requested each department and unit of the theater of operations to find the reason from themselves."

"Don't be unconvinced, and don't be unreasonable."

"We have to look for gaps in the foreign army and find problems in the face of defeat."

"We need to put in a lot of effort in changing our mindset." Then, he changed the topic to the Mountain Leopard Brigade.

"But it's not like you guys are without problems."

Geng Hu was puzzled. "Our own problems?"

Staff Officer Shen smiled.

"See, this is the problem."

"At least you didn't think about it when you said that, right?"

"Or maybe he thinks that there's nothing wrong with him at all, that's why he said such irresponsible words."

Geng Hu scratched his head in shame after being lectured by Staff Officer Shen.

Staff Officer Shen continued.

"The head of the ground army in the theater of operations is hope. The comrades of the leadership of the Mountain Leopard Brigade should learn to face the reality."

"Some things shouldn't be rushed. You have to learn to stop."

Long Xiaoyun was a little confused.

"Stop?"

"Does that mean that the Bureau Chief wants to give up on the idea of a professional blue army and return to the original model of mutual blue army?"

Staff Officer Shen shook his head. "That's not what the chief meant." "It's just..."

At this moment, Qin Yuan interrupted.

"Is it just that the Bureau Chief has concerns?"

Staff Officer Shen smiled.

“The Bureau Chief believes that a change in mindset can't be completed in a day.”

“This will indeed take a long time.”

Liu Ye finally understood what Staff Officer Shen and the Bureau Chief meant.

“So, are we too advanced?”

Long Xiaoyun didn't agree with him.

“The foreign army has long been ahead of us, and they are still constantly developing and becoming stronger.”

“If we return to midnight now, we will be even more left in the dust.”

Qin Yuan nodded.

“Yes!”

“Of course we can't wait.”

Chief Shen explained.

‘ Why does the theater army want to establish a specialized Blue Army Brigade?’

“I just want to make the training closer to actual combat.”

“This has already been shown in the previous confrontation exercises.”

” The problems exposed by the various units have played a positive role in leading the training reform.

Then, Staff Officer Shen said mysteriously.

“But it has another function.’

‘ The appearance of the imaginary army will give the soldiers a sense of crisis.

“Let the soldiers realize that war can happen anytime, anywhere.”

“We have to be prepared to fight today and win!”

‘ There was nothing wrong with the previous training model of the blue army.”

” The base training, back-to-back exercises without any plans, has already achieved very good results. It's not outdated.”

” The establishment and exploration of the specialized blue army is a supplement and improvement to the original training exercise mode.

“It's the variety of training methods.”

“It's more realistic and closer to actual combat.”

” The emergence of the professional blue army and the traditional exercise mode should complement each other, not replace each other.

” The army in the theater has decided that the Mountain Leopard Brigade will not participate in the direct confrontation mission during the storm exercise in Chenghai this autumn.”

” The 908th Brigade and the Armored Brigade will be participating.”

Long Xiaoyun asked.

“Then what should we do?”

” The Mountain Leopard Brigade should use this time to familiarize themselves with the new equipment and form a battle force.”

“Alright, I’ve said what I wanted to say today. I’m leaving.”

Chief Shen stood up and was about to leave.

However, he suddenly thought of something and turned to Qin Yuan.

“Qin Yuan, your enrollment quota has been approved.”

“The standard hasn’t changed.”

It turned out that the army in the theater of operations had moved faster in order to build this specialized blue army.

He suggested that Qin Yuan send some fresh and powerful blood to the Mountain Leopard Brigade during this period of time.

Speed up the construction of the Mountain Leopard Brigade.

“However, my suggestion is that we should rather have no quality than to have too much.”

‘ Focus on highly educated talents, but also take care of some soldiers who are in special operations.”

“Soldiers are the main body of the battlefield.”

” Therefore, we have to pay attention to those with high academic qualifications and high IQ..

Chapter 717 - 717: Bringing in Fresh Blood and Poaching Others?(2)

“But at the same time, we can’t lack those small talents and those special talents who are small experts.” “Wisdom and strength, both are indispensable.”

“Wisdom and strength?”

“Yes.”

“It’s not bad for all of them to be university students.”

But we special forces soldiers have to bear the weight of guns every day. We have to crawl and fight.”

” Without a strong physique, without special explosive power and endurance, they are also not suitable for battlefield battles.”

“Choosing unique professionals is also an important part of the Blue Army’s construction.”

“Yes.”

“Alright, I still have something to do. I’ll leave first.”

After saying that, he got into his car and drove away.

All the officers of the Mountain Leopard Brigade stood up to send him off.

“Take care, Chief!”

Qin Yuan teased after Chief of Staff Shen left. “Why do I feel like we’re going to be frozen?”

Long Xiaoyun’s expression was not too good either.

“From the Bureau Chief’s words, the situation is indeed not optimistic.” Qin Yuan saw that there was a hidden meaning in her words and asked. “What smell do you have this time?”

Long Xiaoyun could not help but roll her eyes at him when she saw that he was still in the mood to tease her.

” According to the inside information, Chief of Staff Shen did a check on the army in the theater of operations and took all the responsibility.”

Qin Yuan was puzzled.

“What responsibility?”

Long Xiaoyun thought that he was still pretending to be confused and could not help but curse.

“It’s all because you didn’t report the alarm in time!”

Do you think that the alarm operation will calm down so quickly after setting off such a huge storm?” “It was Staff Officer Shen who took the thunder for you.”

Qin Yuan cried out.

“What is this!”

” The reason I didn’t report it in time was because I wanted Chief of Staff Shen to be able to escape unscathed after the incident!” However, at this point, Qin Yuan could only sigh.

“Hey!”

“You said that if there’s a check-up, I should be the one to reflect on myself.”

“Punishment or dismissal is fine.”

“How did this fall on Staff Officer Shen?”

Long Xiaoyun thought that he was still pretending to be obedient after getting a bargain, so she didn’t comfort him.

She followed his words and hit him when he was down.

“You should be fired!”

“If I remove you, I can go far away.”

“You don’t have to worry about your Mountain Leopard Brigade anymore.” “I’m so tired every day. I’m about to become an old woman.”

Qin Yuan saw that she was also complaining with him, so he quickly smiled apologetically.

“Hehe!”

“Aren’t you doing well as Political Commissar Long?”

“How can you say that you’re working for me?”

“Also, if you go far away, can you bear to leave these comrades who live together day and night?”

He didn’t blush and praised himself shamelessly.

“Is there such a reliable and handsome brigade commander like me?” Long Xiaoyun was so angry that she laughed at his shameless behavior.

She could not help but punch him.

But then again, Chief of Staff Shen is afraid that the new thing, the specialized blue army, will die.”

“If we make so many enemies at this stage, both inside and outside, then not only will our footsteps stagnate, but we might also be sent home.” Qin Yuan smiled.

“This Chief of Staff Shen is a good brother and a loyal friend!”

“It’s a little like a whistling saber light!” Long Xiaoyun asked.

” What’s a whistling saber light?”

Qin Yuan explained.

” I met a heroic netizen on the internet. His nickname is Howling Blade Light, and he often challenges me.”

Long Xiaoyun understood.

“You mean the one you had a heated argument with in the office last time?”

“Yes! It’s him!” “You still remember?”

“What do I not remember?”

“At that time, you even had the cheek to let me comment.”

Qin Yuan scratched his head awkwardly.

Long Xiaoyun said with a smile.

“You’re still a little unconvinced, aren’t you?”

“He always gets scolded by me, but he often speaks from a strategic point of view and has a broad mind that respects the wise and uses their abilities.”

“I have no choice but to follow his train of thought.”

“It’s strange. He’s often unpredictable to me.”

“Curse and respect him.”

Long Xiaoyun didn’t believe him when she saw how he described her online friend as a god.

“Alright, let’s be content!”

“We are now an iron camp and an official.” “Big leaders change every three to five years.”

“It’s already not easy for us to have such a good leader.”

Qin Yuan knew that she was talking about Chief of Staff Shen.

“Chief of Staff Shen told us to restrain ourselves. We just have to follow the rules.”

Qin Yuan suddenly thought of an idea and said. “I have an idea. I don’t know if you guys agree.”

Long Xiaoyun said warily. “What are you thinking about?” Qin Yuan’s face instantly fell. “Am I just a sneaky superior in your heart?”

Long Xiaoyun snorted. “It’s a little lower than this.”

Qin Yuan was speechless.

Long Xiaoyun thought that her words had hurt him when he didn’t say anything.

He hurriedly threatened. “Alright, alright, let’s get down to business!” “If you don’t say it, I’ll leave!”

With that, he stood up and was about to leave.

Qin Yuan saw that she was serious and quickly pulled her back.

“Alright, alright, I’ll tell you.” Long Xiaoyun rolled her eyes at him.

“That’s more like it!”

Therefore, Qin Yuan began to talk about his thoughts.

“I want to transfer a few core members from the other field troops.” Qin Yuan’s words were shocking, and it really verified what Long Xiaoyun had said just now.

“You want to poach her?” Qin Yuan did not explain further.

“Hong Yi from the 909th Brigade.”

Zheng Xiaohu walked over with a bottle of water and heard Qin Yuan mention Hong Yi.

Brigadier General, you’re talking about that Hong Yi who led the special forces to hide on Wolf’s Fang for six days and seven nights, but was eventually captured by us, right?”

“Yes, I am!”

He brought more than 300 people to lurk for six days and seven nights. Think about how difficult it was!”

Although Zheng Xiaohu agreed with him, he still felt that it was a little inappropriate.

“Although this Hong Yi is a talent, I heard that he’s a thorn in the side who’s not good at leading.”

Hearing his words, Long Xiaoyun also became curious about this person.

“Is that so?”

“Yes.”

“I heard from the 909th Brigade that Hong Yi is a very straightforward person.”

“Once they have any opinions or opinions, they will speak directly without caring about the feelings of others.”

” Moreover, he often contradicts his superior in meetings, causing internal conflicts.

Last time, during the exercise of the 909th Brigade Special Forces, they didn’t use their advantage. It was because of their conflict.”

“I think if we transfer Hong Yi over this time, will it cause a series of trouble?”

Qin Yuan smiled.

“Trouble?”

“Are you afraid that he will go against me?”

Long Xiaoyun said thoughtfully.

“There’s such a possibility. I advise you to think twice before you act!” Zheng Xiaohu thought so too.

“Besides, the deputy captain of our Mountain Leopard Brigade is not bad.”

Qin Yuan shook his head.

“This Hong Yi is definitely a talent!”

“And he has made great contributions to the current combat theory of the special forces.”

“I really hope that a few more talents like Hong Yi can come to our Mountain Leopard Brigade to improve our standards.” Long Xiaoyun finally understood. “Your taste is quite unruly.”

He had some understanding of Hong Yi.

“Hong Yi once won first place in several events in the International Special Forces Tournament!”

However, she was also a little worried.

“I don’t think Wang Zhigang will let such a talent go.” “Especially at this juncture, you still want to poach people under their noses.”

“At that time, it’ll be good if we don’t get rejected.”

Qin Yuan did not think so. “Hard to say.”

“If it’s really as Little Tiger said.”

“I think that Hong Yi’s intention to leave is much stronger than to stay.”

“If I sincerely invite him to join our Mountain Leopard Brigade, I think he might still come here.” “Besides, we’ve also relieved Wang Zhigang of a burden!”

“Why wouldn’t he be happy?”

“Don’t you agree?”

Long Xiaoyun still didn’t understand what he was thinking. “Look, you already said that he’s a burden. Why do you have to snatch him?”

“Besides, you think too simply about transferring people.” “How can a regimental officer be so easily transferred by you?”

Chapter 718 - 718: Meeting Again!

“Report! ”

“Come in!”

“Reporting to brigade commander and political commissar! Qin Yuan is here!”

Wang Zhigang was a little surprised.

“What is it? Qin Yuan?”

“Yes, the brigade commander of the Mountain Leopard Brigade, Qin Yuan, and their captain, Long Xiaoyun, brought a tactical summary of the drill.”

But before that, the army in the war zone also came to inform us.” “I didn’t expect him to really come this time.”

“Qin Yuan said that he wants to meet the brigade commander and political commissar. I’ve already arranged for them to go to the reception room.”

Wang Zhigang stood up.

“Good! You came at the right time!”

High standard, high grade, passionate!”

“But you have to be careful not to be servile or overbearing!”

“Yes, sir!”

Zhang Xiaoyu suggested.

“Brigadier General, how about this?”

Let the Chief of Staff, Captain Hong, and Commander Zhu participate.”

“Let’s take this opportunity to have a good exchange.”

Wang Zhigang smiled.

“Of course!”

” The Mountain Leopard Brigade has come to our 909th Brigade. This is a historic handshake and a strategic meeting. It’s of great significance!”

“We have to exchange techniques and tactics, but we can’t delay our relationship!”

In the reception room, Qin Yuan handed the summary report of the exercise to Wang Zhigang.

Wang Zhigang carefully flipped through it for a while and said.

Brigade Commander Qin, Commander Long, you sent me a goose feather from a thousand miles away. It’s a small gift, but it’s a big deal. Thank you very much!”

Qin Yuan smiled and said.

“Brigade Commander Wang, we are very grateful for your hospitality, but we are also very surprised.”

“I originally thought...”

Before he could finish, Wang Zhigang teased.

“Do you think we don’t even care about a bowl of rice or a cup of tea?” These words made Qin Yuan and Long Xiaoyun smile awkwardly.

Wang Zhigang continued.

“Actually, we’ve been looking forward to your arrival for a long time!”

Just now, we were having a summary meeting and had a deep analysis of our problems.

‘ I suggest that the results of the 909th Brigade should be split 70 – 70.” “Can you guess how these three and seven are opened?”

Long Xiaoyun had experienced this drill and fully understood Wang Zhigang’s character and nature.

“I think it should be 70% results and 30% problems, right?”

Wang Zhigang slapped his thigh and praised her.

” Captain Long is indeed the wonderful bag of Brigade Commander Qin. You guessed it right!”

” I thought so too at the beginning, but we all know each other.”

As he spoke, he turned his head towards Hong Yi.

Our Senior Captain Hong believes that the situation should be reversed. 30% of the results and 70% of the problems.”

Long Xiaoyun was a bit surprised to see that they attached so much importance to the problems in the drill.

Brigade Commander Wang, you’re too humble. It’s not that serious, right?” Wang Zhigang said with certainty.

“Of course! Of course, we have to be very strict when we look for our own problems!”

But whether it’s positive or negative, this exercise is worth a serious summary!

“Like I said, gifts are light but affection is heavy!”

Long Xiaoyun said humbly.

Brigade Commander Wang, we really aren’t here to give you any gifts.”

“The Bureau Chief asked us to give you the train of thought, tactics, and analysis of the tactics we used to fight you.”

” I hope you can understand more about the Blue Army’s plan and command process so that we can communicate further in the future.”

Wang Zhigang held the post-war summary that was as thick as a book in his hand and praised.

“That’s great!”

“You guys have sorted out such a thick pile so quickly, and our summary is just a verbal statement. It really makes us sigh!” “We must study hard!”

Then, he turned to look at Zhang Xiaoyu.

Political commissar, look at them. They’ve already sorted out such a thick pile of materials in just one drill!”

“Compared to your set of materials, I’m afraid we’re not splitting it 30 – 70.”

“I think it should be 20 – 80% or 10 – 90%!”

This made Long Xiaoyun a little embarrassed.

“I think we should learn from Brigadier Qin Yuan.”

“Otherwise, Brigadier Qin Yuan will definitely capture us as captives next time!”

Qin Yuan said politely when he saw how ridiculous he was.

“No, no, we’re just learning from each other.”

“Qin Yuan, I will definitely read this information of yours seriously when I go back and study hard!”

Seeing that he had given the order to leave, Qin Yuan and Long Xiaoyun did not want to stay any longer.

“Then, Brigade Commander Wang, we’ll take our leave first.”

“Alright, we’ll send you two off.”

After shaking hands and thanking them, he sent them out of the reception room.

Halfway there, Wang Zhigang threatened that he had something on and would not continue to send them off.

He instructed Zhang Xiaoyu and Commander Hong to send them off.

Wang Zhigang returned to his office and sat in his seat with a gloomy expression.

Compared to the warm reception just now, Qin Yuan and Long Xiaoyun’s feelings were completely different.

The summary of the Mountain Leopard Brigade in his hand didn’t show any signs of being opened. He directly put it into the drawer. At this moment, there was a knock on the door.

“Report! ”

“Come in.”

It was the Chief of Staff.

“Brigadier General, you’re looking for me?”

Seeing the Chief of Staff walk in, Wang Zhigang's gloomy expression disappeared and he put on a smiling face.

Oh, the summary. The army in the theater of operations is quite strict.”

” Can you find two advisors who are good at writing to sort out the speeches that were discussed in the past two days?”

Chapter 719 - 719: Meeting Again (2)

“The main thing is to correct your attitude and write down the measures for improvement.”

The chief of staff nodded.

“Alright, I got it.”

“Brigade Commander, why don't we take the materials sent by the Mountain Leopard Brigade as a reference? It might be more targeted.”

“What do you think?”

At the mention of the Mountain Leopard Brigade, Wang Zhigang's expression immediately collapsed as he said in a serious manner.

“It's best if it's our own thing. We'll do it ourselves.”

“The key to whether a material has a standard is whether there is an independent opinion.”

“If we follow the Mountain Leopard Brigade, the Bureau Chief might not be happy.”

The chief of staff smiled awkwardly.

“It can't be?”

“We're just making a reference. The problem shouldn't be that serious.”

Seeing that he actually dared to argue with him, Wang Zhigang pretended to cough.

” Cough cough, I believe that their materials must have been sent to the Bureau Chief.’

“If the problems we find or our views on certain problems are the same as theirs, there will be some similarities.”

“I think the Bureau Chief will think that we lack thinking and independent opinions when we do things. What do you think?”

He raised his head and smiled at the Chief of Staff.

In the eyes of the chief of staff, his smile was so scary.

He quickly replied.

“Brigadier is right!”

Seeing that he was no longer bickering, Wang Zhigang stood up and invited him to sit on the sofa. He even made him a cup of tea.

The chief of staff was overwhelmed by the unexpected favor and did not know what to do for a moment. He stood there in a daze.

Wang Zhigang saw that he was still standing there and patted the seat beside him.

“Don’t just stand there.”

“Come, let’s sit down and talk.”

The Chief of Staff walked to his side as if he was sitting on pins and needles.

Wang Zhigang patted his shoulder and said in a friendly manner. “You and Hong Yi can be considered old comrades, right?”

The chief of staff did not expect him to ask this question so suddenly. He nodded in confusion.

Wang Zhigang continued.

“Why do you think this Captain Hong is always at odds with me?” So it was this matter!

The chief of staff thought that he was looking for trouble.

He replied with a smile.

“Brigadier General, don’t mind it.”

“Captain Hong has such a bad temper.”

“It’s been so many years. It’s not like you don’t know.”

“He’s definitely not here for you. He’s here for work and training. I can guarantee that!”

Wang Zhigang nodded.

“I also believe that Old Hong is not here for me.”

“Moreover, I’ve already mentioned it to the commander at least twice to promote Hong Yi. He’s an outstanding military talent!”

“But he...Sigh! How should I put it?”

The chief of staff saw that he was in a difficult position and said. “Brigadier General, if you have anything to say, please say it directly!”

“If there’s anything I can help you with, I’ll definitely do it!”

Wang Zhigang was someone who often survived on the battlefield. It was easy for him to grasp the psychology of others.

He had been waiting for the Chief of Staff to say this.

“Why don’t you find a chance to talk to him and see what he thinks?”

He took the opportunity to complain.

“I’m the brigade commander, he’s the captain.”

“I believe that you can see it every time we have a meeting. It’s not that he’s afraid of me, but I’m afraid of him!” “I’m not lying to you! I’m really afraid of him!”

“He keeps choking me!”

“I’m the captain of a brigade after all. If I keep being scared by the captain like this, it won’t be easy for me to carry out my work!”

“Moreover, the brigade commander’s battle deployment must have been carefully thought out, right? It’s not an order that can be given so easily, right?”

The chief of staff laughed when he saw how miserable he was. “Where did you say it went?”

“However, isn’t it a little inappropriate for me to talk to Hong Yi?”

Wang Zhigang saw that he wanted to refuse and hurriedly said with a smile. “Amongst all the brigade leaders, you’re the closest to him, right?”

The chief of staff saw that he had already said this. If he continued to refuse, it would be a slap to his face. He could only say,

“Alright then, leave this matter to me.”

“Brigade Commander, if there’s nothing else, I’ll be leaving first.” Seeing that he had agreed, Wang Zhigang did not have anything to give him.

“Alright, then you can go and do your work first!”

“Yes, sir!”

After the chief of staff finished speaking, he was about to leave. Just as he was about to leave, Wang Zhigang reminded him again.

“Remember to find some time to talk to him!”

Hearing this, the chief of staff almost fell down.

Qin Yuan, Long Xiaoyun, and the others walked out of the gate of the 909th Brigade. Just as they were about to get into the car, Long Xiaoyun suddenly stopped.

Qin Yuan felt a little regretful.

“What’s wrong?”

“Did you leave something inside?”

Long Xiaoyun didn't answer. He turned around and asked Captain Hong who was behind him.

“Political Commissar Zhang, I have a few questions that I would like to ask

Captain Hong. Do you think...”

“Alright!”

“Captain Hong, you should communicate with Captain Long.”

“I didn't say anything when she tried to trick me. You have to communicate with her.”

“Yes, sir!”

Long Xiaoyun asked after getting permission.

Long Xiaoyun nodded.

“We didn't find anything at all.”

‘ And we've set up electronic surveillance in the forest, but there's no sign at all!’

“How did you guys hide? I'm very interested!”

“It's actually very simple.”

In order to prevent electromagnetic waves from leaking, I request all members of the special forces to turn off all wireless and wire communication devices after entering the ambush area.

“We only use the most primitive sign language and manual transmission to communicate.”

It was only before the general attack that the telephone was connected to the brigade command center.”

Only then did Long Xiaoyun and Qin Yuan come to a realization.

No wonder he could not find the special forces despite using all the methods he could.

Qin Yuan echoed from the side.

“All of you are places that our Mountain Leopard Brigade needs to learn from!”

“I'm sure that your survival skills are excellent. Otherwise, you wouldn't have been able to hide for so long.”

Hong Yi admitted and nodded as he explained.

“I learned some things from the foreign special forces in the International Hunter Training Camp. It's very helpful to us.”

“I see!”

‘ Captain Hong, I hope that one day, I will have the opportunity to exchange pointers with an elite captain like you!’

“There will definitely be!”

Qin Yuan looked at his watch and continued.

“I think it’s getting late. Captain Long and I still have something to do, so we’ll take our leave first.”

“Alright, take care. Have a safe trip!”

After saying that, Qin Yuan and Long Xiaoyun got into the car and left.

Long Xiaoyun couldn’t help but say after the car had driven for some distance.

” I didn’t expect there to be such an elite in the 909th Brigade. I thought everyone in this brigade was brainless idiots like Wang Zhigang!”

Qin Yuan smiled.

“You don’t understand, do you?”

” There are at least 5,000 people in the 909th Brigade. Why can’t there be a military genius?”

“Don’t underestimate him. You have to know that there’s always someone better.”

“But we can’t be arrogant. We have to be humble and eager to learn.” Maybe one day, we’ll have to fight against those elites. If we fail, don’t cry to me.”

Seeing that Qin Yuan was starting to scare her again, Long Xiaoyun quickly made a face at him.

“I don’t believe it!”

“If your entire regiment is made up of elites, then our Mountain Leopard Regiment won’t exist anymore.”

Isn’t the purpose of our existence to make our Huaxia soldiers elites?” Qin Yuan saw that he could not win against her in bickering, so he simply fell silent..

Chapter 720 - 720: Bad News Spreads Thousands of Miles

Qin Yuan did not say anything, but the corners of his mouth curled up slightly.

He would definitely recruit a talent like Hong Yi into their team.

It’s decided then. As for whether the 909th Brigade will let them go or not, leave it to me.”

Looking at Long Xiaoyun and Zheng Xiaohu’s worried expressions, Qin Yuan immediately comforted them.

“Alright, since you value Hong Yi so much, I’ll listen to you.”

Long Xiaoyun knew very well how capable Hong Yi was, so she also knew Qin Yuan's thoughts very well.

The next step was to add new blood to the Blue Army. Qin Yuan already had a plan in his heart.

While the few of them were discussing, the phone in Qin Yuan's office rang.

"Understood, Chief!"

After Qin Yuan picked up the phone, his expression darkened.

"What's wrong?"

Seeing Qin Yuan's ugly expression, Long Xiaoyun asked in surprise.

"Recently, a child trafficker has appeared. The police have been tracking these people for a long time."

However, they discovered that there was an even more powerful organization behind these people."

"And he even colluded with the outside world to sell human organs."

"The chief ordered us to cooperate with the police to eliminate this organization and save those abducted children."

Qin Yuan immediately explained.

After hearing this news, Qin Yuan guessed that this organization's ability should not be bad. Otherwise, they would not have been used to cooperate with the police.

"Since they want us to follow them, the organization behind these people must be very dangerous."

"Then what do you plan to do?"

After hearing Qin Yuan's words, Long Xiaoyun immediately understood the danger of the mission.

The Bureau Chief wouldn't send them for normal matters.

"Of course we're going to eliminate them. I'll go over and understand the situation first. You immediately gather the Battle Wolves and wait for orders." Qin Yuan immediately ordered.

Qin Yuan did not expect such an unexpected situation. However, although they were now a specialized blue army synthetic brigade, they usually had to deal with some missions that ordinary people could not complete.

"Good!"

Long Xiaoyun nodded.

After saying that, Qin Yuan immediately walked out of the office, got on the helicopter, and rushed towards the police team in charge of this mission. An hour later, Qin Yuan arrived at a small county town in City N.

“This must be Leader Qin?”

“I am the team leader in charge of this case. My name is Kim Jeong-Dong.” At this moment, a middle-aged man walked over and immediately asked when he saw Qin Yuan.

“Hello, Team Leader Jin. Can you tell me the details?”

Qin Yuan only wanted to quickly understand the specific situation.

“It’s like this. Recently, there have been many cases of children being abducted in our county.”

“After we received the call, we set up a task force as soon as possible.”

“After our investigation, we found out that these people were human traffickers from other provinces, and we have also identified a few suspects.”

“During the investigation, we found that there was an organization behind them that specialized in selling human organs.”

“And it seems to be connected to the outside world. That’s why we asked you to cooperate with us.”

Team Leader Jin immediately informed Qin Yuan of the situation. After all, these people definitely had heavy firepower, so he had no choice but to let the special forces deal with these people.

“Have you found the exact location of these people?”

After listening to Team Leader Jin’s explanation, Qin Yuan understood the general situation.

They were running out of time at the moment. They had to save these children before the human traffickers made the deal.

“At first, one of our police officers discovered them, but at the same time, these human traffickers also discovered our people.”

“In the end, our police officer also sacrificed himself in the battle. When we arrived, those people disappeared.”

“These people have obviously received professional training.”

For a moment, a trace of helplessness appeared on Team Leader Jin’s face.

In the beginning, when they discovered this group of people, in order not to alert the enemy, they had sent people to monitor them.

Obviously, this person was not simple.

“Can’t these surveillance cameras capture it?”

Qin Yuan immediately asked.

After listening to Team Leader Jin's description, Qin Yuan knew that these human traffickers were definitely not ordinary human traffickers.

Moreover, his anti-reconnaissance ability was so strong. It was obvious that he had received professional training.

Moreover, they were confronting the police so brazenly. This meant that this was not the first time these people had fought with the police.

This was a small county on the border, so some people often took risks in these places for the sake of profit.

"I understand. Leave this matter to us. You guys are responsible for collecting as much information as possible."

Qin Yuan thought for a moment and immediately said to Team Leader Jin.

He knew that this was not something that Team Leader Jin and the others could handle.

"Then I'll have to trouble you, Leader Qin."

Team Leader Jin immediately thanked him.

Because of these cases, he had not slept for three days and three nights.

However, the information he could obtain was useless.

"It's okay. We're all the same. This is our duty."

"Team Leader Jin, I'll get my team members to come over in a while. I'll go out and take a look around the county first." "Let's see if we can find any clues."

Qin Yuan said softly.

In such a small county, the surveillance cameras could not cover everywhere, so Qin Yuan wanted to go out and see if he could find any clues.

Try your best to find traces of this group of people.

"Alright."

"Leader Qin, do you want me to send someone to follow you out so that they can lead the way for you?"
