

## Special Troop 721

### Chapter 721 - 721: Bad News Spreads A Thousand Mile (2)

After hearing Qin Yuan's words, Team Leader Jin slowly heaved a sigh of relief. He knew Qin Yuan's reputation.

Therefore, he knew very well that as long as Qin Yuan came, this matter would definitely be resolved.

"No need. I'll go out myself. Your people here are all familiar."

"This way, it will be easier for these people to notice."

Qin Yuan rejected Team Leader Jin's request to send someone to follow them because the police officers in this small county must be very familiar with them.

Otherwise, they wouldn't have discovered that the police had sent people to monitor them so quickly.

Therefore, Qin Yuan planned to go by himself. "In that case, that's good!"

Hearing Qin Yuan's words, Team Leader Jin nodded.

Qin Yuan was right. There were only dozens of official police officers here, and most of them were locals.

Many people here were familiar with them.

After saying that, Qin Yuan walked out.

Although this small county was not very developed, there were many people setting up stalls.

Along the way, he also saw many women or old people bringing their children out to buy things and play.

Generally speaking, human traffickers would target children who walked alone or were brought along by women and the elderly.

Because their reactions were relatively slow, even if they were discovered, they would not be easily caught.

Qin Yuan turned on the radar and scanned the entire scene. During this time, he also found many dirty children begging with bowls.

Originally, Qin Yuan did not think too much about these little beggars.

A little girl walked up to a man who was eating at a roadside stall and begged him pitifully, "Uncle, give me a dollar to buy bread." I haven't eaten for a day.

I'm so hungry."

The man couldn't help but sympathize with the little girl when he saw how pitiful she was.

However, he did not give the little girl any money. Instead, he picked up a fried dough stick from the table and handed it to the little girl." Here, this is for you."

The little girl looked at the youtiao and swallowed her saliva. A hint of desire flashed in her eyes. She wanted to reach out to take it, but she looked around again. In the end, her gaze stopped on a man standing in the corner in the distance for a moment.

The man who was smoking glared at her. The little girl was so scared that she quickly walked away. She didn't even take the youtiao and didn't ask the man for money.

"Hey, haven't you been starving for a day? I gave you fried dough sticks, but you didn't want them."

The man snorted and said,

"You didn't learn to be good at such a young age. Your parents are really despicable!"

Parents?

How many parents in the world would let their children beg?

Qin Yuan smiled coldly. His radar locked onto the man who was squatting in a corner not far away and smoking.

He was sure that this child was controlled by this person and made her beg for money.

Of course, if there was only one, Qin Yuan could not be sure. However, when he walked to other streets, he found one or two more.

Within a radius of one mile, he found four to five of them, and they were all being watched.

It was unknown whether these children were afraid or something else. They only dared to ask for money and not food.

Perhaps in their eyes, food was worthless.

Therefore, Qin Yuan was certain that these people were a group of low-level criminal gangs who kidnapped or controlled children to make money for them.

Qin Yuan had seen these things in movies in his previous life. He did not expect that they would really exist in reality.

Seeing this scene, Qin Yuan knew that there were more than a few human traffickers in this county.

Instead, this human trafficking organization was hidden among these people.

No wonder Team Leader Jin and the others found it difficult to find a breakthrough. Since these human traffickers were hidden among the people, they knew every move of the police.

Qin Yuan did not leave. He just waited quietly in this area, waiting for this group of people to get off work.

It wasn't until ten o'clock at night that the people who were shopping and setting up stalls in the county town went home one after another. Only then did the children gradually walk into a relatively dark street.

At this moment, there were already two men waiting there.

Soon, the seven children arrived at the alley one after another.

Qin Yuan was hiding on a roof in this alley, looking at the situation below.

The children looked at the two men with fear in their eyes. Two of them had lost an arm, and one of them was blind in one eye.

The others were also skinny and looked as if they had been starved for days.

The children took out the money they had begged for from their pockets and handed it to the two men.

Some were in the dozens, some in the hundreds, and even the smallest was in the fifties.

In total, it was more than a thousand yuan.

No wonder these people kidnapped the children and made them beg. In just one day, they managed to get more than 1,000 yuan. They just watched from the side, smoking and enjoying themselves. They used the smallest cost to earn the greatest profit.

As long as one was helpless, they would choose this path.

Although they wouldn't be able to make a fortune, they could still live a very comfortable life.

These people in front of him were just small fries under this group.

Moreover, these children must be from other places and not local.

The children that they kidnapped in the local area must have been transferred to other places.

"You have the least income today, so you only have one steamed bun today." One of the men took out a bag and threw a steamed bun the size of half a fist in front of a little girl.

The steamed bun rolled on the ground a few times before falling into a puddle of muddy water.

However, the little girl did not mind the dirt at all. She hurriedly ran over and picked up the steamed bun. She ate it in big mouthfuls. Even if there was mud and water on it, she did not hesitate to swallow it as if it was a delicacy.

As for the other six children, each of them was given two steamed buns to eat.

Looking at the way they wolfed down the food, the two men did not have any sympathy. Instead, they laughed mercilessly.

"Haha, a bunch of bastards! You deserve to earn money for us in this life! Eat! Eat your fill and get more money for us tomorrow. Maybe when we're happy, we'll reward you with a bowl of noodles."

A man grinned.

"You're all very obedient today. No one dares to take anything from the guests," said another man. Very good, maintain it. If I see you eating outside without permission, I'll break your legs when you go back!"

This shout scared the children so much that they shrank back against the wall one by one. They lowered their heads and did not dare to breathe loudly. They could only eat quietly.

“Damn it!”

When Qin Yuan, who was on the roof, saw this scene, his eyes were filled with shocking killing intent!

Soon, an old van stopped at the exit of the alley.

The two men led the seven children over quickly. After they got the children into the car, they drove away.

Qin Yuan knew that they were going to bring the child back to their den.

She had already gotten off work today. She would bring the child out tomorrow morning.

One could imagine what kind of suffering these children would suffer in their hands.

These human traffickers were very good at disguising themselves and were very vigilant. They usually avoided the police and let these children beg.

These children had not eaten anything for the entire day.

It wasn't easy for her to stay up until night, but she could eat two steamed buns.

Even an adult wouldn't be able to take it, let alone a child.

Qin Yuan was not in a hurry to save these children. Instead, he quickly locked onto the car and chased after them.

The car was not driving very fast. On the way, Qin Yuan locked onto the car and kept rushing towards the shortcut.

After running for nearly 30 kilometers, the car finally stopped outside a relatively remote and desolate suburb.

This place was deserted and overgrown with weeds. It was a very old fertilizer factory.

Perhaps it was because the pollution in this area was more serious, so basically no one would come here.

There were no villages within a radius of twenty miles.

It could be said that this was a good place to hide.

From inside, the barking of wolfdogs could be heard from time to time.

Outside the door, there were cameras and two people guarding it.

Qin Yuan turned on the radar and scanned the entire factory. He found that there were more than 30 children in the entire factory. There were eight adults in total.

There were four wolfhounds..

Chapter 722 - 722: Inhumane!

Soon, another van drove in.

Five children and two men got out of the car.

Qin Yuan immediately used his disguise skill and quickly sneaked in.

One of the five children, a little girl, was slapped in the face by a man.

The little girl was so dizzy from the slap that she rolled on the ground for two to three meters. Her small face was already covered in bloody handprints.

The other children were so scared that they quickly squatted down and lowered their heads, not daring to look.

"I won't dare to do it again! Sob, sob, sob... Don't hit me! Uncle, I beg you, don't hit me!" The little girl endured the pain as she knelt on the ground and begged the man.

"Motherf \* cker! How many times have I warned you, yet you still dare to do it.

See if I don't kick you to death, you little b \* tch!"

The man pounced forward and kicked the little girl to the ground.

"What happened? Why are you so angry?"

At this moment, a bald man walked out of the house with a cigarette in his mouth and asked.

"This little bastard took food from the customers in the evening. I saw it." The man who kicked the little girl cursed.

"Uncle, I beg you, don't hit me anymore! I promise I won't eat it again!" The little girl begged as she vomited blood.

The man wanted to kick him again but was stopped by the bald man. Do you want to kick her to death? If we kick them to death, who will make money for us? Throw her into the dog cage and sleep with the dog for a night. She'll be obedient in the future."

"No! Please, don't put me in a dog cage. I beg you! I won't steal food again!

Wuwuwu..."

The little girl hugged the bald man's calf and cried bitterly.

'Get lost!" the bald man shouted." Don't dirty my pants, you little bastard!" Hurry up and throw her into the dog cage. Come in and drink and eat. I'm starving!"

"Alright!"

The man who kicked the little girl picked her up and walked towards the iron cage nearby.

The iron cage wasn't big, and there was a huge wolfhound locked inside, but it was chained up.

No matter how much the little girl begged, the man still threw her in.

The little girl cried in fear and shrank into a corner.

The wolfhound kept roaring, wanting to pounce on the little girl and tear her apart.

It could be seen that this wolfhound was also very hungry and very ferocious.

Once the little girl was bitten by it, she would definitely be torn apart by its fangs!

The little girl was crying in the corner of the iron cage, her small body trembling.

Seeing the little girl being so frightened, the man laughed out loud excitedly.”

You little bastard, you’re stealing food.”

The man shouted at the other children,”See? This is the result of stealing food.”

If you dare to eat it again, chop it up and feed it to the dogs inside, do you hear

“I heard you.”

The group of children said submissively.

At this moment, Qin Yuan had already sneaked in. When he saw this scene, his eyes were so angry that they almost spat out blood.

This bunch of bastards!

Bastard!

Qin Yuan could no longer suppress the anger in his heart and directly revealed his figure.

At this moment, the men had already thrown the other children into the house and locked them up.

The others all entered their rooms, drinking wine and eating meat, laughing loudly.

Qin Yuan did not enter the house. Instead, he walked out of the dog cage.

“Wuwuwu... Uncle, please let me go. I won’t eat it again. Sob, sob, sob... I’m so scared. I’ll ask for money for you.”

When the little girl saw Qin Yuan, she cried and begged again.

The dog cage was locked. Qin Yuan grabbed the lock and twisted it hard.

The lock was torn apart.

When the wolfhound inside saw Qin Yuan, it barked even more fiercely.

Qin Yuan’s blood-red eyes stomped fiercely on the wolfhound, and killing intent instantly surged out of his body.

“Little friend, don’t be afraid. I’m a police officer, not a bad person. I’m here to save you. Come, big brother will carry you out.”

Qin Yuan reached out and carefully carried the little girl out.

The little girl’s face was filled with tears. She did not know if she believed Qin Yuan’s words or not. In short, as long as she was not locked in a dog cage, it was fine.

Qin Yuan gently wiped away the little girl’s tears and blood on her face and said softly,”Alright, it’s okay now.” Big brother is here to save you. Soon, I’ll be able to bring you back to see your parents.”

“Uncle, are you really a police officer?” The little girl gradually stopped crying and asked Qin Yuan with a choked voice.

Qin Yuan nodded. What's your name?"

"My name is Xiaoling. Uncle, can you bring me back to see my parents? I miss my parents. I'm so scared."

The little girl blinked her teary eyes and begged Qin Yuan.

"Don't worry. I said I'll bring you home. I'll definitely bring you home. You'll be able to see your parents soon."

Qin Yuan comforted her, "Be good, Xiaoling. Rest here for a while. I'll go catch those bad guys first, okay?"

"No! Uncle, I'm scared! Uncle, don't leave me!"

The little girl hugged Qin Yuan's neck tightly and refused to let go.

Qin Yuan sighed slightly." Alright, then stay in my arms.. When I ask you to close your eyes later, just close your eyes, okay?"

Chapter 723 - 723: Inhumane!(2)

"Good!"

The little girl nodded.

"Xiaoling is so obedient." Qin Yuan patted Xiaoling's little head, then carried her and walked towards the house where the beasts were.

"Why did the barking outside stop? Could it be that the little slut was bitten to death by a dog?"

At this moment, eight men were drinking in the room. One of them suddenly felt that something was wrong and said.

"It can't be, right? That little bitch is hiding in a corner, and the wolfhound is on a leash. It shouldn't be bitten, right?"

The man who had locked Xiaoling in the dog cage said.

"Fourth Bro, your people, go take a look.

Don't be bitten to death. This little b \* tch's physical condition is not bad. Yesterday, I heard Boss Lin say that the higher-ups are preparing to get a few corneas from our side. The corneas of that little slut are pretty good. They should be able to sell for a good price. That's our money tree. We can't lose it like this."

The bald boss said.

"You want corneas again?"

The other seven people's eyes lit up." Boss, do you only want corneas? How many pairs? How much can we get? Do they need their hearts, kidneys, and so on? Although some of these little

bastards have broken arms and legs and were blinded by us, their internal organs are still considered healthy. I'm sure it'll fetch a good price."

The fourth brother said.

"I want the corneas. These children were different from adults. The demand for organs in society is not high for children, but the demand for corneas is high."

"However, the price this time is still acceptable." Therefore, after we take out the corneas of these little bastards in a few days, we still have to take a look. We'll go to other remote villages or cities to get a few more to prevent our money tree from being cut off. Hehe..."

"Alright! Big brother, leave it to me. Tomorrow, I'll go and get a few back. A few days ago, when I went to scout the place, I found a village. Most of the people there were old and widows who were taking care of their children at home. Those old farts only care about doing farm work. The children either play at home or go to the mountains to play. It's the easiest to do it."

The bald man nodded." That's good. Try to go to a remote villa to catch them. Recently, the city has been very tense. Don't get caught by the cops."

"Boss, don't worry. We understand."

Everyone nodded.

"I'll go and see how that little slut is doing." Old Si gulped down a glass of wine, stood up with a cigarette in his mouth, and walked towards the door. At this moment, outside the door, Qin Yuan heard their words clearly.

Bang!

The wooden door flew in and knocked Fourth Brother, who was about to open the door, into the dining table. The food on the table splashed all over the ground.

The two or three people on the table were also affected, and they were all knocked over.

The expressions of the men inside changed.

"Who is it?"

Everyone got up and looked at the person standing at the door.

The moonlight was exceptionally cold and bright, so no one could see the appearance of the person who had come.

They only saw a black shadow holding a child. His eyes were like a hungry wolf, emitting a bloodthirsty killing intent. It was really enough to make one's scalp go numb.

"Who I am is not important. All you need to know is that I will be your nightmare for the rest of your lives."

Qin Yuan's voice was like ice, making the eight of them feel a chill all over their bodies. An inexplicable fear spread throughout their bodies.

"They're here to cause trouble! Brothers, grab your weapons!"

Seeing that Qin Yuan was alone, the bald boss forcefully suppressed the fear in his heart and roared loudly.

Clang!

The eight of them quickly picked up the fruit knives and iron rods in the room.

"Brat, I don't care who you are. If you dare to barge in, don't even think about getting out alive!"

The bald boss shouted angrily at Qin Yuan.

"I hope that later, you still have the courage to speak to me like this."

As Qin Yuan spoke, he patted Xiaoling in his arms and said gently, "Xiaoling, be good. Close your eyes. Don't open them."

Xiaoling nodded obediently and buried her head in Qin Yuan's shoulder. She hugged Qin Yuan tightly and closed her eyes. "Go! Chop off this bastard's limbs!" The bald boss shouted.

"Brat, you're courting death!"

Immediately, the two men rushed towards Qin Yuan and smashed his head.

Qin Yuan snorted coldly and attacked like lightning.

He kicked the man in front of him in the stomach. Then he reached out and

snatched the iron rod from the man's hand when he was flying. He turned around and swung the rod.

Bang!

Kacha!

Before the iron rod of the man behind him could touch Qin Yuan, his arm was already broken by Qin Yuan's rod.

They did not expect Qin Yuan to be so fast. They only saw a shadow appear before they flew out and were hit.

One of them had his arm broken and his bones shattered.

One of them had a few broken ribs and rolled on the ground, unable to get up again.

Instantly, wails of pain could be heard from the entire room.

"Bastard! Kill him!"

The bald boss did not expect that his two brothers would be defeated in just one round.

In addition to his fear, he also burst out with a killing intent that he had never seen before.

No matter how good or fast you are, can you withstand all of us attacking together?

The remaining six people pounced towards Qin Yuan.

But...

Bang!

Kacha! Bang!

Kacha!

The knives and iron pipes in their hands did not even touch Qin Yuan's clothes, but each of them was hit by Qin Yuan's rod.

Every strike of Qin Yuan's rod could directly break their arms or legs.

The intense pain made them unable to get up. One by one, they fell to the ground, inhaling cold air and howling in pain.

'Who the hell are you? We don't even know you. Why are you treating us like this? Did we offend you?' The bald boss endured the pain and roared at Qin Yuan ferociously.

Qin Yuan pointed at Xiaoling and the children who were locked up in the room next door and shouted, "Then who are they?" Do these children know you? Why are you doing this to them? Cut off their limbs and let them beg for money for you! Cut off their corneas and internal organs. Have your consciences been eaten by dogs?

These were a bunch of ignorant children! How could you do that?"

"They're just a bunch of little bastards without parents! We feed him and give him clothes. What's wrong with letting them earn some money for us?"

"Besides, what does this have to do with you?" retorted the bald man. You're not the police. What we do is our business!"

"Stubborn!"

Qin Yuan could not be bothered to talk nonsense with them.

No matter how much reasoning you give to a bunch of beasts, how could they understand?

"In my opinion, you are the ones without parents! Since that's the case, I'll deal with you guys the same way I deal with animals today! Don't you like to break people's limbs and throw them into cages to feed the dogs? Alright! Today, I'll let you experience what it feels like!"

Qin Yuan turned around and carried Xiaoling out.

"What does he want?"

The expressions of the bald man and the others changed drastically.

Qin Yuan walked to the room next door and unscrewed the lock. The children inside were lying on the broken wooden boards, covered with moldy blankets.

When they saw someone open the door, they stood up reflexively and looked at Qin Yuan in horror. Qin Yuan swept his gaze over them with their clear eyes that were filled with endless fear. His eyes were filled with softness and heartache.

“Children, wait here for a while. Soon, the police will come to save you.”

After saying that, Qin Yuan put Xiaoling down and comforted her. Then, he turned around and walked out, gently closing the door.

There were some things that were better not to be seen by children, even if they had already experienced the dirtiest and most terrifying things in the world.

As soon as he walked out, Qin Yuan saw a few human traffickers running more than 30 meters away, limping.

Qin Yuan picked up three stones from the ground and smashed them, shattering their calf bones. Immediately, the three of them could only lie on the ground and wail again.

Qin Yuan walked over and dragged their feet back expressionlessly.

“Please, let us go! We can give you money, we can take those little things...No, let go of all those children. I promise I won’t do such a thing again!”

The bald man pleaded in horror..

Chapter 724 - 724: Still Too Merciful!

He could tell from Qin Yuan’s eyes.

This guy really wanted to kill them!

The way they looked at them was the same as how they looked at those children.

Heartless, cold, without any compassion.

They were all too familiar with this gaze.

Now, such a gaze fell on them, making them feel a fear that they had never felt before.

“Let you go? Then who the f \* ck would let those children go? Who will compensate them for the injuries on their bodies, the broken limbs, the organs that were dug out, and the hardships they have suffered these days?”

Qin Yuan suppressed the anger in his heart and said in a very hoarse voice.

I’ll show you how you dug out their organs, how you broke their limbs, how you locked them in dog cages and tortured them. I’ll let you, who are worse than animals, experience all of it!”

“No, I can’t! No! Don’t be like this! We really don’t dare! This is illegal! He would go to jail! Don’t treat us like this!”

Everyone was shocked by Qin Yuan’s words. They actually said that it was illegal.

“Breaking the law?”

Qin Yuan smiled coldly.” Aren’t you afraid of breaking the law by doing such a thing? Why would I be afraid if I enforce justice on behalf of the heavens? Even if I really broke the law, I will still use this method to torture you tonight!”

After saying that, Qin Yuan had already picked up a knife and walked towards one of the men.

“No, I can’t! No! I beg you! Don’t cut off my limbs! I beg you!”

The first human trafficker that Qin Yuan walked over endured the pain and kept crawling back, begging.

However, Qin Yuan looked at him as if he was looking at a beast without any pity.

Then, he raised his hand and slashed his knee.

Even though his knee bones were very hard, under Qin Yuan’s saber, the bones and flesh below the knee were directly cut off.

The human trafficker let out a heart-wrenching scream. He held his broken calf with both hands, and his body kept trembling violently as he wailed.

“Bastard! Bastard! I’m a f \* cking human! A living person!”

The man whose leg was cut off by Qin Yuan shouted loudly.

“You’re a f \* cking human, but aren’t those children human? Have you ever thought about their pain when you cut off their limbs?”

Qin Yuan shouted coldly.

“They’re just a bunch of unwanted little bastards. Can they compare to us?”

“In my opinion, you are the bastards! So, tell me, why can’t I bear to treat a bastard?”

After saying that, Qin Yuan slashed down again and cut off one of his arms.

In an instant, blood spurted out from the entire scene, and a shocking wail resounded within a three-mile radius.

When the other human traffickers saw this scene, they were so scared that their faces turned pale. Their bodies trembled, and pale yellow liquid flowed out of their lower bodies.

Qin Yuan did not care about the pain of the man who had his limbs chopped off. He held his other foot in one hand and his severed limbs in the other. He walked towards the dog cage and threw the man and his severed limbs into it.

Instantly, the wolfhound inside let out an excited howl and bit his broken limbs.

The human trafficker screamed crazily as he bled.

“Don’t go! Don’t go! Let me out! Let me out!”

The man shouted at Qin Yuan.

“That little girl begged you to let her out just now. Did you let her go?” Qin Yuan asked.

“I was wrong! I was really wrong! If you really hate me so much, then please kill me. Don’t torture me like this. I don’t want to be bitten to death by a dog!” The human trafficker was really afraid because Qin Yuan was too cruel.

He had never thought that he would one day suffer such torture.

Qin Yuan smiled coldly.” It’s not that easy to die!”

After saying that, Qin Yuan directly cut off the dog’s leash, closed the iron cage, and turned to leave.

These wolfhounds were raised by them because they were hungry. They treated them like children and didn’t give them too much to eat. This way, they could maintain the viciousness of wild beasts and help them guard the house and scare the children.

However, they did not expect that in the end, their hungry wolfdogs would eat their bodies!

“Now, it’s your turn!”

Qin Yuan walked towards the other human traffickers, scaring them so much that they knelt down and begged for mercy, continuously retreating.

However, how could Qin Yuan let them off?

Although he did not see with his own eyes how these people cut off the children’s hands and feet and dug out their eyeballs, Qin Yuan, who had experienced so many life and death situations, could completely imagine the pain and misery these children had suffered at that time.

Compared to their cruelty to these children, Qin Yuan felt that his methods were considered merciful!

Immediately after, one after another, Qin Yuan cut off their limbs and threw them into the dog cages, letting the wolfdogs bite them.

The entire scene was a red with blood, and walls continued.

From the beginning to the end, Qin Yuan’s expression did not change.

Now, to him, killing people was a common occurrence. It was just a matter of numbers.

In the end, only the bald man was left. His face was pale, and he was trembling. He sat on the ground in endless fear.

Qin Yuan squatted down and patted his face with his blood-stained knife..”

Now, only you are left!”

Chapter 725 - 725: Too Merciful!(2)

“No, no, no. Don’t treat me like this. I can give you anything you want! Please, give me a way out! I’ll be your slave for the rest of my life!” The bald man begged.

“Be a cow or a horse? Are you worthy?” Qin Yuan sneered.

“Answer one of my questions. Perhaps I can consider letting you die a little easier than them. Otherwise, I guarantee that your ending will be a hundred times more miserable than theirs!”

“If I answer your question, can you let me go and not kill me?”

When the bald boss heard Qin Yuan’s words, a glimmer of hope was ignited.

Puchi!

The bald boss’s finger was cut off by Qin Yuan’s saber, and he immediately let out a painful wail.

“I don’t like to say it twice.”

Qin Yuan said coldly, “Letting you die a little more comfortably is already my bottom line. Otherwise, I guarantee that I will break all the bones in your body and cut off your flesh piece by piece when you wake up!” After hearing that, the bald boss fell into endless fear.

He knew that if Qin Yuan could say it, he would definitely do it!

When this demon chopped off his brother’s limbs just now, his cold and heartless expression was even more ruthless than those butchers in their organization!

If he did not do as he was told, his outcome would definitely be incomparably miserable.

“Good! I said, what do you want to know? Go ahead.”

The bald boss covered his finger and endured the pain.

Now, in front of Qin Yuan, the demon, he did not dare to beg for anything.

He only hoped that he could die a little more comfortably.

If he really dealt with him as Qin Yuan said just now, he would wish he was dead!

“Who is the person behind you?” Qin Yuan immediately asked.

His eyes were filled with killing intent!

“We all follow Boss Lin. Boss Lin’s name was Lin Hao. He runs a pig farm business. ”

“His pig farm is our base. Because there was an open business of raising pigs and killing pigs, it was difficult for the police to find out. For the past ten years, they had been living in peace. Moreover, business has been getting better and better over the years.”

“This is a border county. Business has always been good. I think you know this too. After we kidnapped the girl you mentioned, we sent her to the headquarters. In principle, in order to ensure safety, children abducted in the city were not allowed to be sent out to beg in the city. Moreover, those with slightly better quality will be sent to the underground base of the branch...”

Looking at the killing intent on Qin Yuan’s body, the bald boss immediately said.

Qin Yuan's eyes narrowed slightly." There are still some children in your branch base?"

"Anyway, that's what they said when they took him away," said the bald boss.

However, I'm not sure about the arrangements after that. "This is not something I can interfere with. Our mission is to capture the children. Firstly, we want them to beg for us. Secondly, we want to satisfy the supply chain of the branch base."

"Do you know where it is?"

Qin Yuan took a deep breath and asked in a deep voice.

He could only pray now.

He hoped that it was not too late to go over now.

"I know. His pig farm is quite big."

The bald boss said.

"Take me there. If it's as you say, I'll let you die a little more comfortably. However, if I find out that you're lying to me, I guarantee that I'll make you wish you were dead!"

Qin Yuan said in a deep voice.

"I'm already like this. Do I still dare to lie to you?"

The bald boss said bitterly.

Right now, he really only wished for death.

Qin Yuan threw him into the van and walked into the child's house.

The children must have heard the screams outside. They were all scared out of their wits, and none of them could sleep.

"Uncle!"

When Xiaoling saw Qin Yuan walk in, she immediately ran over excitedly and hugged his neck.

"Xiao Ling, be good. The bad guys outside have all been caught by Uncle. Later, more police officers will come to protect you and bring you home. You guys rest here for a while and wait for the police to come, okay?" Qin Yuan said gently to Xiaoling and the other children.

Xiaoling nodded. The other children did not move. They did not trust Qin Yuan either.

"Hmm?"

At this moment, Qin Yuan's radar scanned and saw a few police cars driving over.

"Alright, I'm going to catch the bad guys. Can you wait here for the other police officers? They'll be here soon!"

Qin Yuan comforted Xiaoling and the other children before turning around and walking out.

He did not care about the human traffickers who were locked in the dog cage and bitten by the wolf heads. He drove the car and took the bald boss away quickly.

He didn't want the police and his team members to move out for the time being before he found those children.

He was afraid that he would alert the enemy.

According to the bald boss, their branch was in the neighboring city, which was also outside the suburbs, in a pig farm in the mountains.

It was precisely because it was remote and there was a pig farm as a cover that it was difficult to be discovered.

Less than two minutes after Qin Yuan drove away, sirens came from the abandoned factory.

Soon, they saw the bloody side of the scene.

The seven human traffickers had their limbs chopped off and were being bitten by the wolfdogs in the dog cages from time to time. There were pieces of meat beside them.

The entire area around the dog cage was covered in their blood.

It was as bloody as it could get.

"Oh my god! What's going on?"

When the policemen saw this scene, they were extremely frightened. A few inexperienced policemen knelt on the ground and vomited.

The seven human traffickers were already on the verge of death. It was unknown if they had lost too much blood or if they had been bitten to death by the wolfdogs.

"Hurry up! Save them!"

' Call the ambulance!" a female captain shouted.

The police officers rushed forward and dragged the human traffickers down.

"Who are you? What happened here?"

The police officer asked as he stopped the bleeding of the human traffickers.

However, these human traffickers did not have the strength to speak. Even if they were pulled out, they would soon faint. They did not know whether they were alive or dead.

"Captain, there are children here!"

At this moment, a police officer rushed out and shouted at the policewoman.

The policewoman quickly walked over and saw that the children were looking at them with suspicion and fear.

"From the traces at the scene, these children should have been abducted and brought here. Moreover, judging from their clothes and the marks on their bodies,

someone must have asked them to beg on the streets. This is an organized crime!" A male police officer said to the policewoman.

"Are you the police?"

At this moment, Xiaoling slowly walked out and asked in a small voice, a little afraid.

When the policewoman heard Xiaoling's words, she couldn't help but squat down and smile gently. His sister was a police officer. Little girl, tell my sister, why are you here? What happened here?"

"We were captured," Xiaoling whispered. Those bad uncles outside beat us and scolded us every day. They even locked us in dog cages and made us beg on the streets..."

"This bunch of bastards!"

When the surrounding policemen heard this, they were all extremely angry. The sympathy they had for the seven human traffickers who were locked in the dog cage outside instantly disappeared without a trace.

Wait a minute!

However, how did they get locked up inside?

Who did this?

The policewoman looked at the miserable state of so many children and could not help but feel a lump in her throat.

There were only seven or eight of them, and their limbs were intact. "Report the situation to the team leader!" The policewoman immediately ordered..

Chapter 726 - 726: Send You All To Hell!

"Little girl, don't be afraid. I'm a police officer, and so are they. We're here to save you. In the future, these bad uncles won't bully you anymore." The female captain comforted her in a low voice.

"Yes." Xiaoling nodded heavily." That's what the uncle told Xiaoling just now.

She said that the police and uncles would bring us home to see our parents. Sister, will you take us home?"

"Just an uncle."

"Uncle said he went to catch the bad guys." She told us to wait here obediently for big sister to come over."

” What’s wrong?” The female captain frowned slightly and said to her subordinates, “Go and take a look around. Are there any traces?” Also, ask the other police teams if there were any actions tonight and if it was our own people who did it.”

“Yes, sir!”

“Also, drive the car over and bring the child back first.”

“Alright.”

“Xiaoling, I’ll take you back now, okay?” the policewoman said to Xiaoling and the other children.

“Good!”

Xiaoling said happily.

The female captain pulled Xiaoling’s little hand and walked out.

The other children were led by the other police officers to the police car outside.

In order to prevent the children from seeing the miserable state of the human traffickers, the police stood aside.

Suddenly, Xiaoling broke free from the policewoman captain’s hand and ran towards the police.

“Xiaoling, where are you going?”

The policewoman captain was stunned and quickly chased after him.

Xiaoling suddenly fell to the ground and picked up a moldy bun on the ground. She began to eat it in big mouthfuls.

At this moment, there were several moldy steamed buns beside him.

When the other children saw this, they also ran up.

Now, they knew that they had been saved by the police. They ate and would not be beaten again.

Therefore, they were hungry every day. When they saw something to eat, they would naturally rush over to snatch it.

The female captain and the other policemen’s expressions changed. They quickly went up and snatched the moldy and smelly buns from their hands. “Xiaoling, these steamed buns can’t be eaten. They’re already rotten. Spit it out!”

However, Xiaoling still swallowed the moldy bun in the end. She then looked longingly at the moldy bun in the policewoman captain’s hand and said, “Sister, can you return the bun to me?”

“This steamed bun is already moldy. It can’t be eaten,” the policewoman captain hurriedly said.

“It can be eaten. We usually eat these. You won’t get a stomachache.” Xiaoling said.

The other children also nodded their heads repeatedly. They swallowed their saliva and looked at the buns in the hands of the police officers. The policewoman and the other policemen felt their noses turn sour.

What kind of life were these children living here!

How could these beasts have the heart to treat them like this!

“Children, don’t worry. I’ll bring you back to eat delicious food later, okay?” The policewoman quickly comforted him.

“But sister...I’m so hungry now...”

Xiaoling’s eyes were red as she looked at the policewoman pleadingly, hoping that she could return the moldy steamed bun to her. Hearing Xiaoling’s helpless and yearning voice, the policewoman could no longer hold back her tears.

He pulled Xiaoling into his arms and hugged her tightly.” I know you’re hungry, but you can’t eat this anymore.” Very soon, I’ll give you guys something delicious to eat! Alright? Now, go back with your sister, eat something, and have a good sleep. Then, you can go home.”

Even the other male police officers felt as if sand had been blown into their eyes when they heard the little girl’s words. Their noses ached and tears flickered in their eyes.

These bastards should be executed by a thousand cuts!

After the policewoman comforted the children, she asked someone to bring them back quickly.

“Boss.”

At this moment, the police officer in charge of taking care of the human traffickers walked over and reported to the policewoman,”Those seven human traffickers are almost dying.” Five of them had already lost too much blood and were in a coma. Two of them had their throats bitten by a wolfhound.”

“They deserve to die!” A male police officer gritted his teeth and cursed.

The female captain glared at him fiercely. ” Go on,” she said to the police officer who came to report.

The policeman nodded and said,” From the traces at the scene, the person who dealt with them was very strong. Their hands and feet were cut off with a knife. The wounds are very sharp.”

“Moreover, we found a finger at the scene, but this finger doesn’t belong to this other person. In addition, there are other footprints and two car marks. From the car marks, the person should have left with one of the human traffickers a few minutes before we arrived. ”

“It seems like this person isn’t from our police force,” the female captain said in a deep voice. I suspect that they have other hideouts besides this one. The person who destroyed this den must have gone to another den.”

‘Yes, sir!’

Immediately, more than ten police officers drove their cars and followed the traces of Qin Yuan's car. The female police captain also contacted the police station and sent more people over.

"Have you checked the phone number that called the police?" The female captain asked.

"Yes, they used the cell phones of these human traffickers. He had already taken the phone back to verify the fingerprints. But it will take time." the subordinate reported..

Chapter 727 - 727: Send You All To Hell! (2)

The male police officer hesitated for a moment before saying, "Boss, this nameless hero..."

"What nameless hero?" "Although I admit that he did save these children, I'm afraid he's not the only one who saved them. However, if he did not have proper documents and legal identity, he would be committing a crime by killing seven people in this way!"

"But..."

"I know what you want to say."

The female captain interrupted the male officer and sighed slightly. "No matter what reason he had, if he killed these seven people out of self-defense, then it would naturally be fine." But now, from our preliminary judgment, he completely suppressed these seven people and resolutely wanted to kill them. This has already constituted the crime of intentional murder! No matter how many heinous crimes these human traffickers have committed, they should be handed over to the law to be severely punished."

"This person's act of saving the child is a great merit. However, murder was also a serious crime! Moreover, he had killed seven people in this way. So, no matter what, we have to find him or even capture him!"

Although the male police officer was unwilling and unwilling to do so, especially after they saw what happened to those children, he wanted to go up and cut those human traffickers a few times.

However, the captain was right. Qin Yuan's behavior had indeed constituted a crime. Regardless of whether he was a member of the system or not, as long as there was no legal permission, he could not do so!

What they did not know was that Qin Yuan had received an order to come over. Moreover, even if there was no order, Qin Yuan would be fine after killing these people.

' Captain, the people who chased the car said that they didn't find any traces of the car after chasing for a few kilometers."

One of the team members came over and reported to the female captain.

"That's right." The female captain frowned and said, "To be able to kill seven or eight strong adult men with just a knife alone, he must be quite skilled. He also has very high anti-reconnaissance abilities." Looks like he's an expert." "What do we do now?" the policeman asked.

"What else can we do? We can only settle the matters here first and then find this person through fingerprints or other clues to confirm his identity." the female captain said.

On the other side.

Qin Yuan was bringing the bald boss to the branch base.

"Let me ask you, where did they sell the victim's organs after they took them out? Didn't the police or the hospital find out?"

Qin Yuan asked the bald boss.

"Most of them are naturally sold to other countries in Asia. There are very few in our country. Even if there are, they are sold to some rich people."

"This kind of thing is very strict in China," said the bald boss. However, it was very common in Southeast Asian countries. Therefore, it's very difficult for the police to find them."

"Other than your den, how many other dens do you have in the pig farm?" Qin Yuan asked.

"There are two more. They are in different cities." The bald boss answered his question very honestly.

Qin Yuan found a pen and a piece of paper from the car and threw them to him." Write down the specific address."

Following that, through the bald boss's conversation, Qin Yuan also had a certain understanding of this criminal organization.

This criminal organization was neither big nor small.

At three o'clock in the morning, the car had already arrived at the periphery of the pig farm.

"It's inside, right?" Qin Yuan asked.

"Yes," said the bald boss. It's inside. Outside is the pig farm. Further in, Boss Lin has built a relatively large basement inside."

Qin Yuan swept his radar.

He found that the entire pig farm was very large. There were thousands of pigs, and there were many staff members guarding it.

Under the pig farm, he also scanned it. There was indeed a basement that was hundreds of square meters. There were many people in the basement, and among them were more than ten smaller figures. It seemed that it was the child they had kidnapped.

“I’ve told you everything I know. Do it.” The bald boss said to Qin Yuan.

The current him only wished for death.

Qin Yuan would definitely not let him off.

If he betrayed Lin Hao, he would also die.

If Lin Hao was not killed by Qin Yuan or arrested by the police this time, he would definitely be caught by Lin Hao. At that time, his outcome would not be any better than his subordinates.

Since that was the case, he would die anyway. It was better to die comfortably in Qin Yuan’s hands.

“Is Lin Hao inside?”

Qin Yuan asked.

“I’m not sure about that. It might be there, but it might not be there. He’s such a big boss. How would we know where he’s going?”

The bald boss said.

Bang!

As soon as the bald boss finished speaking, he felt a pain in his neck and fainted.

Qin Yuan tied him up and threw him into the car. He bypassed the pig farm in front and walked towards the underground base behind him.

He noticed that even though he was on the mountain, there was a stench of pig feces around him.

However, Lin Hao didn’t forget to set up a lot of cameras here.

It was also because Qin Yuan had radar scanning. Otherwise, he would have been captured.

“Hmm?”

Qin Yuan felt his legs go soft and he paused for a moment.

He had been walking all the way here. The soil here was relatively hard. Why was there suddenly a place where the soil was soft?

Even if it rained, there should be signs of soft soil everywhere.

There was a lot of pig feces on the ground nearby, but they were also extremely irregular. Clearly, someone had deliberately placed these pig feces on the ground.

Qin Yuan frowned and used the radar to carefully explore the situation here, afraid that something unexpected would happen.

After this exploration, Qin Yuan became unsettled.

Within a radius of a hundred meters, there were no less than ten places where the soil was slightly soft.

There was a huge pit 80 centimeters to 1 meter below the soil, and there were actually corpses all over it!

There were adults and children. Within a radius of 100 meters, there were no less than 40 corpses!

After these bastards killed people, they buried their bodies here.

This mountain was considered relatively desolate. With the pig farm and pig feces as a cover, no one would care about this area at all.

If he hadn't stepped on the soft soil, he wouldn't have cared at all.

Qin Yuan suppressed the anger in his heart and continued to move forward.

He noticed that there were a few men playing cards in the bungalows ahead.

In the other room was the monitoring room, which monitored the situation around the entire pig farm.

Obviously, these men were the gatekeepers. The basement passage was from the room where they played cards.

Qin Yuan first sneaked into the surveillance room.

"Who are you? How did you get in?"

When the two young and strong security guards in the monitoring room saw Qin Yuan, they immediately became vigilant. They stood up, took their sticks, and walked out.

Both of their eyes were filled with surprise.

They had been watching the surveillance camera all this time, but they did not see anyone enter the pig farm at all.

Where did this stranger come from?

"I'm the one who sent you bastards to hell!"

After Qin Yuan finished speaking, he suddenly attacked. Before one of the security guards could react, Qin Yuan had already covered his mouth. He grabbed his arm with one hand and twisted it forcefully.

Kacha!

The security guard's arm was broken 90 degrees in the opposite direction. Qin Yuan twisted it again, and the bones in his entire arm were broken..

Chapter 728: Going Deep into the Branch Base

The security guard let out a heart-wrenching cry, but his mouth was tightly covered by Qin Yuan, so he couldn't make a sound. The veins on his neck and face were bulging, and he almost burst.

Immediately after, Qin Yuan kicked one of his knees, breaking his kneecap.

In an instant, the security guard fainted from the pain.

Not killing people didn't mean that they weren't crippled.

Qin Yuan wanted them to lie in bed for the rest of their lives, making them wish they were dead!

The second security guard didn't expect to be so fast and ruthless. Before he could react, his companion was crippled. He was so scared that his face turned pale and he wanted to shout.

However, she realized that her chin had already been pinched by Qin Yuan.

Kacha!

His chin was crushed by Qin Yuan. Then, Qin Yuan followed suit and crippled his legs.

Other than the ordinary people who were in charge of feeding Lin Hao's pigs, the rest of the people in this place were definitely Lin Hao's subordinates.

These people deserved to die!

After dealing with the two people in the monitoring room, Qin Yuan came to another room that led to the basement.

The four men who were playing cards did not expect someone to barge in. Qin Yuan could not be bothered to waste his breath on them and quickly attacked.

With his current combat strength, not to mention these ordinary men, even a group of mercenaries would find it difficult to resist him for more than three seconds, let alone give them a chance to inform him.

Soon, the four of them were completely crippled by Qin Yuan and lay on the ground.

Qin Yuan swept his radar and quickly found the switch that led to the basement.

It was nothing more than a secret door. Once the secret door was opened, there would be a staircase to go down.

Standing at the door of the secret door, Qin Yuan could clearly smell the fishy smell and the faint smell of chemicals coming from inside.

Qin Yuan slowly walked down and realized that there were several cubicles inside. In one of the cubicles, there was a stench coming from it. He could see that there were several pigs hanging there.

At the same time, a pleading voice came from inside.

A man who looked to be in his twenties was tied to a chair. He was crying and begging for mercy from a few men in white coats and masks.

"I beg you! I will die! I beg you!"

However, the men in white coats did not even look at him. They were focused on silently preparing the surgical tools.

Scalpel, forceps, tourniquet...

Looking at these shiny tools, the man was so scared that his face turned pale, and yellow liquid began to flow out of his lower body.

"Are you ready?"

At this moment, a man with gray hair pushed open the door and walked in. His voice was emotionless.

"I'm ready." One of the men in the white coat replied.

"Alright, let's administer anesthesia. The heart organ has to be sent away in the morning, so we have to hurry." The man in the white coat said.

"Yes."

Immediately, two men in white robes walked towards the man tied to the chair with anesthetic needles.

"No! No! I don't want to die! Please, let me go! Wuwuwu..."

However, his pleas for mercy were useless. The two men in white coats pressed down on his arms and injected him with anesthetics.

Soon, the man struggled in fear and fell asleep.

A few men in white untied the ropes on his body, carried him to the operating table, and untied his upper body.

"Prepare for surgery!"

The man with gray hair said.

A few young men in white coats nodded and began to connect various medical equipment.

However, as they were fiddling with it, they suddenly stopped. They slowly turned their heads and looked behind the grayish-white man who was standing behind the chief surgeon.

"Why did you all stop?"

The man frowned and turned around.

Before she could see the person clearly, she felt a pain in her eyes.

Before he could scream, his chin was crushed by a hand.

The other men in white robes reacted immediately and wanted to make a sound and rush out.

However, Qin Yuan would not give them a chance. With a flash kick, he quickly shattered their teeth. Then, he went up and kicked them one by one, knocking them all unconscious.

The people in the other rooms were busy with their things and did not notice what was happening in the hidden medical room.

After dealing with these people, Qin Yuan went up and looked at the man on the operating table. He found that he was only anesthetized, so he did not care too much.

Behind this cubicle, there was a relatively large room. Qin Yuan pushed the door open and walked in. His eyes suddenly narrowed.

In the room at the back, there were a few children lying on the bed with their eyes covered with gauze.

Qin Yuan's body trembled slightly as he slowly walked over. He looked at the children and adults. They were still in a deep sleep, their faces were very pale, and their bodies were quite weak.

Qin Yuan gently stroked one of the children's forehead and hairline." Children,  
I will seek justice for you."

After saying that, Qin Yuan walked towards the hospital bed that was covered with a white cloth.  
He gently lifted two of the white cloths, revealing cold bodies.

Among them, there were two children who were killed by these beasts in such a cruel way.

What was waiting for them outside was to beg and squeeze out the last bit of value from them.

In the eyes of these criminals, these people's lives were not lives at all.. They were just tools for them to make money!

Chapter 729: Going Deep into the Branch Base!

After Qin Yuan looked at everyone, he did not find Weiwei.

There were only two reasons.

Or they had already killed and buried Wei Wei.

Or, they were still locked up here and waiting.

The entire medical room was extremely cold and the lights were dim. It was like hell.

Qin Yuan walked out and continued to walk forward.

During this period, there were also a few people in charge of patrolling who were silently crippled by Qin Yuan.

Finally, Qin Yuan stopped at the door of one of the rooms.

Waves of curses came from inside.

"Little slut, hurry up! You're the slowest here. If you can't complete the mission before dawn, I'll cripple you!"

A man wearing a gas mask whipped a girl.

Other than the little girl, there were other children and a few adults present.

Around them, there were seven or eight men wearing gas masks, constantly urging these children and adults to hurry up and help them synthesize.

Most of these children and adults had dull eyes and numb bodies.

Even if he was not poisoned, the long-term exposure to the smell would cause serious damage to his body and brain nerves.

Moreover, they were being strictly controlled by these people. They worked non-stop. Anyone else would not be able to withstand it. Otherwise, these people wouldn't be wearing gas masks.

Bang!

At this moment, a child suddenly fell to the ground, motionless.

A man wearing a gas mask walked up and kicked the child on the ground.” Little bastard, don’t play dead. Get up and continue working!” However, after a few kicks, the child still did not move.

“Boss, this little bastard fainted. He was probably poisoned. Do you want to take him out and let the doctor save him?” The man in the gas mask who kicked the child said to the man who was playing games in the corner.

“Boss, this little bastard fainted. He was probably poisoned. Do you want to take him out and let the doctor save him?” The man in the gas mask who kicked the child said to the man who was playing games in the corner.

“Save my ass! Don’t waste our money. Just carry him out and hand him over to the medical department. Then bury him quickly. Don’t waste it.” The man playing the game said emotionlessly without raising his head.

It was as if this child was not a person in his eyes at all. It was as if he was dispensable trash that could be killed at will.

“Alright!” The man wearing the gas mask grabbed the child’s clothes and lifted him up with one hand, walking towards the door.

The other children and adults only glanced at them before continuing to work.

Such a situation was already common here.

They had been stimulated to the point of numbness. It seemed that they did not feel much pain from the outside world and their own bodies.

The man holding the child’s gas mask opened the door and saw a terrifying face that he would never forget for the rest of his life.

That face looked calm, but its eyes were like the killing gods of the underworld. It was filled with endless killing intent as it looked at him.

Looking at this face made him feel as if he was being stared at by a hungry wolf. His scalp went numb and his back went cold. An unknown fear quickly rose from the bottom of his heart.

Crack!

Before the man in the gas mask could react, he felt his throat being grabbed tightly.

Qin Yuan, who had been holding back and not killing anyone, could not help but feel the killing intent in his body surge out again when he saw this scene.

If he did not kill these people on the spot, he would feel sorry for these children and adults.

Kacha!

Qin Yuan twisted his hand fiercely, and the neck of the man in the gas mask who was holding the unconscious child was instantly broken. His eyes widened, filled with unbelievable fear. He could not be any more dead.

Because it happened too quickly, the others did not react in time and looked at him in a daze.

When the man fell, Qin Yuan picked up the child in his hand with one hand.

Then, he turned around and gently placed him on the stool outside the door. He took off his coat and covered him.

He didn't care that there were other masked people behind him.

"Bastard! Who are you? Do you know whose territory this is? How did you get in here?"

The masked man in white who was playing the game suddenly stood up and pointed at Qin Yuan as he shouted angrily.

Qin Yuan just walked in very calmly. He did not look at him. Instead, he said to the children and adults, "You guys go out first."

The children and adults were still in a daze and did not move.

"Didn't you hear what I said? Brat, I think you're tired of living!"

The man in white shouted at Qin Yuan, "How dare you barge in and kill my people? If I don't chop you into pieces today, I'm not Lin Hai!" "Brother Hai, bad news! The people outside are all unconscious!" At this moment, a person rushed in and shouted at Lin Hai.

"Everything fainted?"

Lin Hai's expression changed.

"Security, the surveillance room, the medical department, and the other patrols have all fainted! My brothers are all lying on the ground."

Bang!

The person who rushed in to report was only focused on talking to Lin Hai. He did not realize that Qin Yuan, who was standing in front of him with his back facing him, was their enemy.

Qin Yuan directly kicked him from the back and instantly blew up his lower body. Then, he kicked him again and broke his waist and spine.

This time, even if this person was still alive, he could only be paralyzed in bed for the rest of his life.

He couldn't kill too many people, but he still wanted them to lie in bed for the rest of their lives, living a life worse than death.

"Bastard! Go, kill this bastard!"

From Qin Yuan's methods, Lin Hai could tell that Qin Yuan was definitely not a policeman.

They knew all the police in this city. No one could come in so quietly and kill so many of them.

No police would be so bold as to come in alone!

Therefore, in his opinion, this person was a mysterious figure. However, no matter who it was, stepping into his territory was equivalent to courting death! The few people wearing gas masks held their weapons and rushed towards Qin

Yuan.

However, a few small shrimps were not even enough to fill the gaps between Qin Yuan's teeth.

Qin Yuan did not stand on ceremony with them. His lower body and lumbar spine were all crippled, making them completely useless for the rest of their lives.

"Stop!"

At this moment, a trembling voice came out of Lin Hai's mouth.

After Qin Yuan finished off the last person, he slowly raised his head and saw Lin Hai holding a pistol and pointing it at him.

"Fight! Aren't you f\*cking cocky? Wasn't it very fast? Then let's see if you're faster or my gun is faster!"

Lin Hai shouted at Qin Yuan with a ferocious expression.

Qin Yuan looked at him expressionlessly, without any fear.

In his eyes, Lin Hai's pistol was no different from a fire stick. It was not threatening at all.

It would be fine if he was a top special forces soldier.

Unfortunately, he was just an ordinary person who was not even as good as an ordinary soldier. With this pistol in his hand, he could not shoot at himself at the fastest speed.

With such speed, he could easily dodge his shots even without using his radar skills..

Chapter 730 - 730: Cleansing!

"I'll give you two choices."

Lin Hai forcefully mustered up his aura and said to Qin Yuan with a cold gaze.

One: Obediently lay down your weapons and surrender. Seeing that you're a man, I'll be merciful and let bygones be bygones. I'll spare your life. If you stop, we'll be even!"

"Two: If you refuse a toast only to drink a forfeit, you can just wait to eat my stones!"

After saying this fiercely, Lin Hai's expression was ferocious, as if he did not give Qin Yuan any choice.

Qin Yuan's expression did not change at all. He just casually dug his ears with his fingers as if he did not hear these words.

His purpose for coming here was to eradicate these extremely evil people. To him, their choices had nothing to do with him.

Today, even if the emperor was old, he would not be able to protect this forest.

Therefore, in essence, he had no reason to negotiate with the other party.

Although the enslaved children and adults beside him were very surprised by Qin Yuan's arrival, they did not show any surprise on their faces. Instead, they continued to fiddle with the work in their hands.

This was because it was not as if no one had appeared like Qin Yuan in the past and done similar rescue operations.

However, in the end, they all fell short.

Hai Lin, this old traitor, was very cunning. This was his base camp. For his own safety, he naturally set up thorough security measures. Ordinary people would not be able to find him.

Even if there were some smart rescuers who could find this place, Lin Hai still had a foolproof backup plan.

Or rather, it was his last trump card. He had installed more than a hundred remote-controlled bombs in the underground and walls here. If someone could really come here and bring him to justice, he would be killed.

Lin Hai knew that if he was arrested, he would never have a chance to survive. Then, at that time, he would activate his final move, detonate this place, and die with the intruders!

This was the ultimate ability of a fugitive!

Seeing that Qin Yuan did not answer, Lin Hai revealed a strange smile.

Lin Hai held the gun in his right hand, while his left hand was behind his back. He felt for the remote control of the bomb in his pocket.

It would be best if he could kill this intruder later. If anything went wrong, everyone would die together!

"I'll give you one last chance! Which path do you choose?"

"I'll count down to three. If you don't decide, I'll shoot!"

Lin Hai's face was filled with hatred as he shouted fiercely, giving Qin Yuan an ultimatum.

"Three!"

"Two!"

"One!"

Lin Hails expression turned cold, and he pulled the trigger of the pistol in his hand without hesitation!

At this critical moment!

He suddenly felt his body leaning forward involuntarily.

It was as if he was pushed forward by some force.

At this moment, he focused his eyes and looked forward. Qin Yuan, who was in front of him, had suddenly disappeared from his sight! What kind of strange movement technique was this?

Lin Hai was shocked!

He was also a seasoned special forces soldier with more than ten years of combat experience, but this was the first time he had seen Qin Yuan's "unreasonable" movement speed!

It was simply a ghost-like figure!

This series of actions only took a short two seconds!

Even the workers who were working at the side stopped what they were doing when they saw this strange scene. They were stunned on the spot!

A flame of hope seemed to have ignited in their hearts!

In the next moment, Qin Yuan had already appeared behind Lin Hai.

His face was still expressionless.

At this moment, Qin Yuan was like a god of death, quietly waiting to reap the life of this evil person in front of him.

His foot had already landed heavily on Lin Hai's crotch. Even though Lin Hai was wearing a heavy protective suit, it could not weaken the powerful impact of Qin Yuan's leg technique.

In just a moment, Lin Hai had already been kicked a few meters away.

"Are you Lin Hai?"

These words floated out of Qin Yuan's mouth coldly.

There was no tone or emotion. He was like an ice cube, cold and bone-piercing.

In the distance, Lin Hai fell heavily to the ground. He covered his lower body with both hands and had an extremely painful expression on his face.

He had never expected that his plan would be flawless. Even the protective suit he was wearing had been specially made with a mixture of metal and had excellent protective effects. He did not expect that it would be useless in front of this demon!

It seemed that in the face of absolute strength, all resistance was futile!

She did not know when her hands had been crippled by Qin Yuan!

The current Lin Hai couldn't even crawl on the spot, let alone press the remote control!

Now, in front of the company, he was a lamb that could be slaughtered!

After careful consideration, Qin Yuan still activated his radar detection function.
