

Special Troop 731

Chapter 731 - 731: Cleansing!(2)

If you sell all the things here, the money you get will be enough for you to live a luxurious life for the rest of your life!”

“No, your child won’t have to worry about food and clothing in his next life!”

Lin Hai’s expression was ferocious, and his tone was painful as he begged for mercy.

Who was Qin Yuan?

He had always been known for his righteousness and cynicism. When he encountered such a heinous person, he would not be able to resolve the hatred in his heart if he did not cut him into pieces!

Not to mention himself, the innocent people who were brutally killed by Lin Hai and the poor people who were still in deep water were still suffering. Even if Lin Hai died ten or a hundred times, it would not be enough to repay his sins!

“I don’t need you to speak anymore.”

Qin Yuan said indifferently.

Qin Yuan knew that he was the drug lord here, and he had a huge network of secrets and connections. Even if he hated him to the core, he had to maintain enough rationality and not annihilate him here.

The information in his mind was a hundred times more precious than his life.

He had to bring him back to the police station safely and reveal all the information he knew. This was the most correct way.

Now that his limbs were crippled, he would no longer pose any threat to him.

Then, he quickly walked forward and punched him in the face. Lin Hai immediately fainted.

At this point, all the enemies in this hiding place had been subdued by Qin

Yuan.

As for the remaining innocent victims, they could not help but cry when they saw this scene.

“Hero! You’re really our god!”

The few of them were shocked and admired as they praised loudly.

“You’re our savior!”

Qin Yuan handcuffed the unconscious Lin Hai and tied him to a pillar at the side.

Then, he hurried over to the workers.

“Are you guys alright? I’ll get you out immediately.”

Qin Yuan said with concern.

“We’re fine. There are still many people in the infirmary who have been hurt by them and even punished with violence. Hurry up and save them!”

“Compared to us, they have suffered a lot!”

The few of them said nervously.

Qin Yuan heard them and explained to them that he had already settled them down when he passed by.

Now, he was preparing to call Team Leader Jin in the county.

The two of them had made arrangements previously. After Qin Yuan destroyed Lin Hai’s lair, he would contact Team Leader Jin outside and ask them to send in the rescue personnel from the bureau to save the people trapped inside.

“Hello? Team Leader Jin.”

Qin Yuan called Team Leader Jin.

“Hello, Captain Qin?”

Team Leader Jin’s voice came from the other end. His tone was a little anxious.

I’ve already settled the matter here.”

Qin Yuan said seriously.

So fast?

Team Leader Jin was shocked.

It had only been more than ten minutes since he went in and called.

Before they started the operation, they had investigated this place. There were dozens of strong and armed criminals guarding the secret base!

Originally, they had planned to give Qin Yuan a full hour. They would lead the police to wait outside and be ready to receive Qin Yuan inside at any time. They did not expect that not only did he successfully complete this mission alone, but he also completed it two-thirds faster than the estimated time!

What kind of immortal was Qin Yuan? “Alright... Alright, shall we go in now?”

Team Leader Jin asked carefully.

Okay, hurry up and bring the medical team in. There are many people who have been tortured for a long time here and are in urgent need of treatment.”

Qin Yuan said.

“Alright! We will enter the scene in five minutes!”

Team Leader Jin immediately replied. Then, he led his subordinates and rushed into the house.

On the other hand, Qin Yuan had his own mission.

He was looking for Vivian.

He had made an agreement with her before that he would find her and bring her out safely.

Qin Yuan observed his surroundings. From the door to the innermost room, he did not miss a single corner.

However, he could not find Vivian.

He felt a little puzzled.

“Comrade, you saw a young girl here. Her name is Wei Wei.”

Qin Yuan asked the workers just now.

“A young girl?”

“I haven’t seen him.”

The few of them denied it.

Qin Yuan felt that it was very strange. He ran out again and searched all the rooms where the workers were imprisoned.

He still returned empty-handed.

That was strange. According to the previous information, Vivian was indeed here. This was absolutely true.

However, he had also searched this place thoroughly once, but he still found nothing.

Could it be that he was really killed and dumped?

Just as Qin Yuan was at his wit’s end, a child beside him suddenly spoke.

“Big brother, I think I saw the bad guy who was knocked down just now sometimes go to the wall over there to touch the lamp, and then the wall next to it will open.”

Hearing this, Qin Yuan frowned.

There was actually a secret passage?

“Thank you! Little friend!”

Qin Yuan hurriedly looked at the place the child had indicated. Sure enough, there was a different wall lamp there. The color was darker than ordinary ones.

Then, she started to fiddle with the table lamp according to the child’s instructions.

Sure enough, after a few seconds, Qin Yuan realized that the lamp could be pushed in!

After he slowly pushed the wall lamp a few centimeters into the wall, a hole slowly opened in the wall beside him, and finally a secret passage! It was dark inside and cold wind blew, making people feel cold and creepy.

“It’s here, right?”

Qin Yuan confirmed with the child behind him.

“Yes, big brother.”

The child nodded.

Okay, thank you. Later, you can go back with the uncle who came to pick you up. You’re free.”

Qin Yuan looked at these children and said with a smile.

“Okay, thank you, big brother.”

Hearing this, the workers were very happy.

Qin Yuan went deep into the base alone.

Qin Yuan took out the flashlight from his tool bag and walked deeper into the cave.

It was a narrow staircase that led down. It seemed like there was a basement at the bottom.

After walking for about two minutes, they arrived at the bottom. In front of them was a spacious room.

It was like a secret prison cell. It was dark all around, and only the flashlight in Qin Yuan’s hand emitted a weak light. “Weiwei! Weiwei!”

Qin Yuan was calling her name.

After shouting for a while, there was still no response.

Qin Yuan observed his surroundings through the light of the flashlight and found that he was in a prison cell that was about 30 square meters in size.

There were iron cages on both sides, and there was a person lying on each side. They were wearing tattered clothes and had their backs facing Qin Yuan.

He was shocked.

He immediately walked to the front of the cage and shouted into it,

“Weiwei, is that you?”

The person inside seemed to have fainted. No matter how loudly Qin Yuan shouted, there was no reaction.

Judging from her back and messy hair, she was indeed a woman. Judging from the tattered clothes, she must have suffered a lot of torture.

Qin Yuan saw that his cries were useless, so he ran to the other cell and began to call for another person. It was also a woman, but just like the one here, she was unconscious and did not hear Qin Yuan’s voice.

Qin Yuan was anxious. There were strong iron locks and thick chains on the cell door. It was very difficult to open it with human strength.

However, Qin Yuan was a professional after all. This level of lock was not difficult for him.

He took out a pair of large iron pliers from his tool bag and cut the iron chain directly.

In less than a minute, the chain was cut off by him.

Qin Yuan immediately rushed inside and helped the injured person up. He turned around and took a closer look. It was indeed Weiwei!

Using the same method, he rescued the other girl.

The most important thing now was to send these two people to the medical staff.

Qin Yuan supported one person with each hand and walked up..

Chapter 732 - 732: The Next Step

When he arrived at the room where Lin Hai was arrested, Qin Yuan saw Team Leader Jin leading a group of police officers to the scene.

“Captain Qin, are you alright? Who are these two?”

Team Leader Jin asked with concern.

“This is my friend Weiwei. This is the person who was imprisoned in this underground prison. They seem to be injured. Quickly get the medical staff to come and take a look!”

Qin Yuan said anxiously.

The situation of the two people in front of him was indeed not optimistic.

The other unknown girl was covered in blood. She was wearing a long coat that was also tattered. From her clothes, she looked like a medical worker.

Vivian was also covered in wounds. Not only her limbs, but even her face was covered in blood. It was obvious that she had been tortured inhumanely.

Both of their bodies were extremely weak, and their situation was extremely critical.

Team Leader Jin nodded and immediately called two medical staff over. Two professionals in white coats, masks, and white medical caps immediately ran over.

They opened their pupils and observed them for a while. Then, they roughly checked their external wounds. They turned their heads and said to the few of them,

” They have indeed fainted. According to the preliminary examination, they must have been mentally stimulated and suffered varying degrees of damage to their bodies. However, in general, there are no major injuries.”

“But we have to send him back to the hospital immediately for treatment. Otherwise, it will cause irreparable consequences.” the medical staff added.

“Okay, bring some people and send them back immediately. Just leave a few people here.”

Team Leader Jin instructed.

A tall and older medical staff gave a few instructions to the people around him.

Then, a few medical staff took out stretchers and carefully carried the two girls out.

“Captain Qin, this mission is all thanks to you. All of us have to thank your logistics team.”

Team Leader Jin said to Qin Yuan with a smile.

“This is what I should do.” “It’s our job to eliminate the evils.”

Qin Yuan said humbly.

“I’ll leave the follow-up work here to you. Settle the injured. I’ll go back and explain the work to my colleagues.”

Qin Yuan continued.

Alright, don’t worry, Captain Qin. Leave it to me!”

Team Leader Jin agreed.

Qin Yuan nodded at him and walked out.

His brothers in the company were still waiting for his news.

Although the situation with Vivian was quite serious, he still had to report the completion of the mission to his superiors as soon as possible.

More than ten minutes later, Qin Yuan returned to the logistics company.

Geng Hu, Long Xiaoyun, Liu Ye, and the others were all waiting for him inside.

“Captain Qin is back!”

The people outside saw Qin Yuan’s figure from afar and immediately reported to the leaders inside.

When they heard the news, they all came out to welcome Qin Yuan.

“You’re back!”

Geng Hu laughed.

“Yes!”

“You look really relaxed! Your clothes aren’t even dirty!” Geng Hu exclaimed.

“They’re just a few thieves. What’s so difficult to deal with?”

Qin Yuan raised his eyebrows and said.

“But your speed is shocking! He had only been out for less than an hour, and he had already completed the task! You’re really something!” Long Xiaoyun couldn’t help but praise.

Hey, is this the first day you’ve met me? It’s just a routine.”

Qin Yuan smiled.

I'm just here to inform you that I've settled the matter. However, Weiwei's condition hasn't stabilized yet. I still have to go to the hospital to confirm it so that I can explain it to her father."

Qin Yuan said seriously.

' Alright, I understand. We will take care of the company's matters. You can go ahead. When you're done with your work, we'll have a celebratory feast together and have a good drink!" Geng Hu laughed.

"Alright, I'll remember that."

Qin Yuan smiled and left the military camp.

He immediately called Team Leader Jin.

"Team Leader Jin, how are Weiwei and the others?"

Hey, Captain Qin, they haven't woken up yet, but the doctor said that their condition has improved."

Team Leader Jin's tone was gentler.

" Alright, he's in that hospital. I'll go over and take a look."

Qin Yuan said.

" The First Hospital of the People's Liberation Army." "Okay, I'll be there in ten minutes."

Qin Yuan put down the phone and immediately rushed over.

After all, Wei Wei was a very important friend of his. He had to make sure that she was well taken care of so that he could be at ease and give Elder Huang an explanation.

More than ten minutes later, Qin Yuan arrived at the hospital.

He went upstairs and came to Wei Wei's ward.

He went in and saw that Vivian was on an IV drip. Her mental state was much better than before, but she was still unconscious. Qin Yuan slowly walked over and carefully asked the nurse beside him, "Is she better? How long will it take for him to wake up?"

The nurse saw that Qin Yuan was dressed in a military uniform and was different from the ordinary soldiers under Team Leader Jin. She knew that he was also a famous figure in the army.

He said to Qin Yuan seriously,

"They suffered both physical and mental torture. The main reason is that the mental trauma is more serious, which is why they haven't woken up for so long. "

' Compared to physical treatment, he needs the care and help of his family and friends more. Only then can he make up for the mental damage."

"Okay, thank you for your advice."

Qin Yuan nodded at the nurse and thanked her..

Chapter 733 - 733: The Next Step

He came to the bed and called Vivian's name. Vivian was lying quietly on the bed with a calm expression. There was an IV tube in her hand and she did not respond.

Qin Yuan's expression was solemn. Then, he walked to the side and asked Team Leader Jin, "Have you found out the other woman's personal information?"

"She doesn't have any identification on her. From her clothes, she looks like a medical staff from the research institute. She probably had some dispute or conflict with Lin Hai and was plotted against by Lin Hai. I've already sent people to the research institute to continue investigating."

Team Leader Jin said seriously.

"Yes, thank you."

Qin Yuan replied.

"The people from the research institute have all been arrested and brought to justice. They will be punished to varying degrees."

"We will also interrogate Lin Hai as soon as possible. We will investigate all the information he knows."

Team Leader Jin continued.

"Yes, I'll have to trouble you with these things. I still have to discuss the next step of the work plan with my team members."

"This matter has come to an end. Our logistics company's work has basically ended. It has been hard on all of you for your support and cooperation." Qin Yuan thanked him.

"Don't worry, the main credit this time is still yours, Captain Qin! Without your bravery, we probably wouldn't have been able to successfully take down this matter for half a year. We have to thank you!" "Leave the rest to the police station!"

Team Leader Jin said gratefully.

"Oh, right! We'll hold a celebration party tonight. I wonder if Captain Qin and the brothers from the logistics company have time to come and have a meal together?"

Team Leader Jin sounded sincere. It seemed like he really wanted to get to know his brothers from the logistics company.

Although Qin Yuan rarely participated in such dinner events, the other party was also a police officer here after all. He could be considered a colleague and had a certain common topic with him. Moreover, his attitude was very sincere and sincere. He had no reason to refuse.

“Alright, I’ll go back and inform them. Let’s go over tonight.”

Qin Yuan agreed readily.

‘ Alright, there aren’t many good restaurants in the small county. Let’s have a gathering at the farmer’s restaurant next to our bureau in the county tonight!’

“Alright!”

After bidding farewell to Team Leader Jin, Qin Yuan returned to the company. Seeing that Qin Yuan had returned, Geng Hu, He Chenguang, and the others were very happy.

“Captain Qin! You’ve made a great contribution this time!”

He Chenguang, who had not seen Qin Yuan before, revealed a happy expression.

“I didn’t expect to barge into the enemy’s lair alone and wipe out the enemy’s camp by myself! You’re really something! ”

As he spoke, He Chenguang patted Qin Yuan’s shoulder in admiration.

“They’re all just a bunch of mobs. There’s nothing difficult about it.” Qin Yuan raised his eyebrows and smiled.

“You’ve set a good example for our brothers in the company this time! The higher-ups will definitely praise you!”

Sigh, we brothers are in the military. We don’t covet glory and wealth. It’s enough as long as we have a few close brothers who can live happily and punish evil for the motherland!”

Qin Yuan smiled.

These were his true thoughts. After all, who would go to the military for money?

“Well, you’re still the one with the correct style! Be it civil or military, they are the best role models for our company!”

“That’s right! From the first day I joined the logistics company, Captain Qin Yuan has been our good role model and idol!”

The few soldiers standing guard outside also felt great respect for Qin Yuan from the bottom of their hearts.

‘ Alright, alright. Save it, all of you. Spending your energy on training is better than anything else.’

Qin Yuan smiled.

Qin Yuan gathered all the soldiers in the army.

In the conference room.

“Tonight, Team Leader Jin is holding a banquet in the county to celebrate the success of this incident. He invited us all over. How is it? Are you all free tonight?”

Qin Yuan stated Patriarch Jin’s request.

“Captain Qin, do you think it’s okay? If we can, we’ll go over! After all, he invited us warmly, so we’ll listen to him!”

“That’s right! Captain Qin is our captain. We should obey his arrangements unconditionally!”

The comrades below said one after another.

I’m your leader, but eating is a personal matter. It has nothing to do with the army. It’s your own choice. I don’t have the responsibility or obligation to ask you to make any choice.”

Qin Yuan smiled.

“I don’t care! Anyway, we’ll follow Captain Qin! Follow the leader, there’s good food to eat!”

The warriors below were all in high spirits. When they heard that there was going to be a feast, they were very excited. “Okay, let’s gather at the restaurant over there at 7:30 pm! Don’t be late!”

Qin Yuan made an appointment with everyone.

“Dismissed!”

After everyone dispersed.

Only Long Xiaoyun, Geng Hu, Liu Ye, and He Chenguang were left behind.

The reason why Qin Yuan asked them to stay was to discuss the next step of the logistics company’s operation.

The few of them sat on the chairs.

Long Xiaoyun spoke first.

“We originally planned to start the autumn conscription plan after this operation is completed. If everything goes well, we’ll start conscription in two days. What do you think?”

“I think it’s fine. It’s the season for the school’s graduates to graduate. It’s the best time to recruit soldiers at this time. It can also replenish the army with fresh blood. After all, our logistics company hasn’t had any new blood in two years.”

Geng Hu agreed.

“Yes, there’s no problem with this plan.”

Liu Ye added.

“But there’s one more thing that needs to be dealt with first. Captain Hongyi of the 808th Brigade has also made an appointment with our company. He wants to talk to Captain Qin Yuan. This matter has been on the agenda for many days. I hope Captain Qin can take it seriously.”

In fact, Qin Yuan had always been thinking about Captain Hong Yi. After all, he had met him once before. In Qin Yuan’s eyes, he was also a rare military talent. The two of them hit it off and appreciated each other. This time, Qin Yuan had to go no matter what.

After thinking for a moment, Qin Yuan slowly said,

“How about this? We’ll deal with these two matters separately.”

“Long Xiaoyun and I will go receive Captain Hongyi.”

“Geng Hu, Liu Ye, He Chenguang, you guys go and prepare for the recruitment.”

“How is it?”

When everyone heard this, they lowered their heads and thought for a while.

The few people present were all Qin Yuan’s trusted friends and good comrades. Their ability to do things had all been recognized by Qin Yuan, so Qin Yuan could not be more assured to leave this matter to them. “I don’t think there’s a problem with this suggestion.” Long Xiaoyun was the first to raise her hand in agreement.

“I also think that this matter is feasible.”

He Chenguang agreed.

Seeing that half of the people agreed with this point of view, the remaining two people were too embarrassed to refuse.

They all agreed.

“Alright, it’s decided then. We’ll split up and contact each other if there’s anything.”

Qin Yuan said.

“Alright.”

The few of them agreed.

In the evening, everyone was invited to a small tavern in the county. They ate and drank, spending a happy and unforgettable night.

This was very rare in military life.

After all, as a soldier, their daily life was usually filled with training and drills. This kind of life was very rare.

The next day, because the incident in the sea of trees had just ended, the logistics company planned to rest up for a few more days.

Therefore, Qin Yuan had nothing to do that day.

In the morning, he got up as usual. After running and eating breakfast, he patrolled the training ground. The soldiers were still training hard as usual. Qin Yuan nodded in satisfaction.

At this moment, his phone rang.

Qin Yuan picked it up and saw that it was from Team Leader Jin in the county.

“Hello, Team Leader Jin?”

“Hey! Captain Qin! Good news! Miss Wei Wei is awake!”

Team Leader Jin’s excited voice came from the other end.

“Come over quickly! She has something to tell you!”

“Good! I’ll go over now!”

Qin Yuan immediately replied..

Chapter 734 - 734: Wake Up!

More than ten minutes later, Qin Yuan arrived at the People’s Liberation Army Hospital.

He went upstairs and arrived at a familiar room.

When he entered, he saw that Wei Wei was already sitting there drinking water, and Team Leader Jin was sitting beside her.

“Team Leader Jin.”

Qin Yuan said to him softly.

“Captain Qin, you’re here!”

When Team Leader Jin saw Qin Yuan coming over, her eyes revealed a happy expression.

“Miss Weiwei, Captain Qin is here.”

Vivian put down her glass and looked over.

“Captain Qin ! ”

Vivian called out softly.

“How are you? Are you feeling better?”

Qin Yuan walked up and asked with concern.

‘ Yes, I didn’t feel any discomfort after waking up. Thank you for your concern, Captain Qin.”

Vivian said with a sigh of relief.

I know that you’ve been treated inhumanely. I can understand how you’re feeling right now. What I can promise you now is that we’ll be by your side.”

“I hope you can return to your normal state as soon as possible.” Qin Yuan said gently.

Hearing such heartwarming words, Vivian couldn't help but cry.

“Thank you, Captain Qin Yuan.”

“It's my great fortune to have such a loyal friend like you.”

Vivian's voice was filled with gratitude.

” What are you talking about? You and I are considered friends. I just did what I should do.”

“Besides, even if you're a stranger to me, it's my duty as a police officer to serve the people.”

Qin Yuan smiled.

“Haha! Captain Qin was absolutely right! We are public servants who serve the people! ”

Team Leader Jin chimed in. “I'm a little embarrassed by what you're saying.”

Vivian was amused.

It could be seen that after Qin Yuan's psychological persuasion, her mood was much better than before.

“How did you get captured by Lin Hai and brought to that place?”

Team Leader Jin asked when he saw that Wei Wei's emotions were still stable.

“Well, it's a long story.”

Vivian did not mind, as if she had already let go of this sad past.

Suddenly, she seemed to have thought of something and subconsciously asked

Qin Yuan and Team Leader Jin, “Is there another girl? Did you see her?”

Vivian sounded anxious and worried.

Team Leader Jin and Qin Yuan looked at each other and smiled. They all smiled and replied in unison,

“She was rescued by us just like you. She's in the room next door.”

“Ah! That was good! She was also a victim of Lin Hail s capture. She's very pitiful. Just like me, she's an innocent person. I hope she's fine!” “She hasn't woken up yet. Can you tell me his identity?” Qin Yuan said seriously.

“She...I only met her when I came to the research institute.”

“According to her statement to me, her name is Liu Rui. She was originally a medical worker. Later, she was chosen by Lin Hai in a business cooperation. Because she didn’t know that Lin Hai was secretly doing such dirty things, she was tricked into joining this organization.”

“Later, I entered the research institute and was forced to do some outrageous human experiments here.”

‘ She was planning to escape from here every day. Later, by chance, I entered this place and met this girl. The two of us planned to escape from here together. However, as the saying goes, the devil is ten feet higher. We almost managed to escape, but in the end, all our efforts were in vain.”

Vivian said sadly.

“Fortunately, we met you, Captain Qin. Otherwise, we really don’t know what would have happened in the end.” “Speaking of which, Captain Qin is our savior!”

Vivian heaved a sigh of relief.

“You guys are lucky. If it were anyone else, they would have died long ago!” Team Leader Jin sighed.

“Hey, Team Leader Jin, the matter is already over. Why are you still saying this?”

“She’s a little girl after all. Don’t be frightened.”

Qin Yuan frowned.

“Hahaha! I’m sorry! I was just joking.”

“Now that you’ve woken up and your body is fine, I’m relieved. It’ll be easier to explain to your father.”

Qin Yuan looked at Wei Wei and said indifferently.

“What? My father knows about this too?”

When Wei Wei heard Qin Yuan’s words, her eyes revealed a surprised expression.

“Of course! Who do you want to hide such a big thing from?”

Qin Yuan said unhappily.

He knew that Wei Wei was a naughty girl. If he had not stepped forward, the consequences would have been unimaginable.

“Your dad is so worried about you. Call him now and let him know that you’re safe! Otherwise, when you go back, he will teach you a lesson!”

Qin Yuan said to him in a joking tone.

Wei Wei really did listen to him. Although she was a very naughty child, she was completely obedient to her strict father.

“Alright, I’ll call him now to tell him that I’m safe.”

Then, Wei Wei reached into her handbag to look for her phone.

“Eh? Where’s my phone?”

Vivian asked.

“Ah! That’s right! When I was imprisoned by Lin Hai, he threw my phone away!”

“Lend me Captain Qin’s phone!”

Vivian smiled bitterly.

“Alright.”

Qin Yuan did not hesitate. He took out his phone and handed it to Weiwei..

Chapter 735 - 735: Wake Up!

Then, Wei Wei called her father.

“Hello? Captain Qin Yuan?”

His father’s deep voice came from the other end.

“It’s me! Daddy!”

Vivian smiled.

“Wei Wei? You’re back? Where did he go before? Why did he disappear for so many days? Do you know how worried I was about you?”

Hearing that it was Vivian, the old man raised his voice.

“Yes! Sorry, I went outside to play! My phone was stolen and I couldn’t contact you in time! It’s my fault!”

The old man did not know that Wei Wei was imprisoned. He just thought that his daughter had gone out to play for a few days.

“You stinky girl! How many times have I told you! He had to get rid of this rash habit! Look! This would cause big trouble!

Did you meet Captain Qin Yuan?”

“Fortunately, you’re lucky! Otherwise, you’ll have to suffer even if the human traffickers kidnap you!”

The old man had guessed it correctly. Vivian smiled bitterly.

“Okay, Dad. It’s my fault. I’m at a friend’s house now. Wait for me to buy a phone and then I’ll go home. Don’t worry!”

Vivian lied.

“Come back quickly. The phone doesn’t matter. I just want to see you in person.

You have half a day to appear in front of me.”

The old man’s voice was very low and his tone was calm, as if there was no room for discussion.

Vivian looked troubled.

Her body was still recovering, so it was unrealistic for her to be discharged immediately. However, there was no suitable reason to avoid it.

She could only look at Qin Yuan with a troubled expression, asking him to help find a reason.

Qin Yuan understood what she meant. He pursed his lips slightly and reached out to take the phone from her. He said,

“Hey, Mr. Yang, I’m Qin Yuan.”

“Oh! Captain Qin! My daughter is by your side now. I’m relieved. Hurry up and let her come back! In case something happens again!”

When the old man heard Qin Yuan’s voice, his tone became gentler.

“Yes, Mr. Yang, listen to me.”

“Wei Wei, the case was reported today. She’s still in our police station for a statement.”

“Because there are more than ten people involved in the crime, the matter here won’t be resolved so quickly. It might take another three days. I would like to ask your daughter to stay here for two more days to cooperate with our work.

Is that okay?”

‘ We’ll help Wei Wei handle all her daily affairs for the next two days. You don’t have to worry about any problems. As long as she stays by my side, I promise you that she will return to you safe and sound.”

Qin Yuan’s words were sincere and he looked very sincere.

After hearing this, the other party fell silent for a moment.

After a long while, he slowly opened his mouth.

“Alright, Captain Qin Yuan, I believe you. After all, you’re also someone who saved my life.”

“I don’t trust anyone else to handle this matter, except you.” the old man said in relief.

“Okay, thank you for your understanding and trust, Mr. Yang. I will personally send Weiwei to your home in two days.”

Qin Yuan said.

‘ Alright, help me tell my naughty daughter not to cause any more trouble for the police!’

After saying that, the old man hung up.

“Alright, you can stay here and recuperate for the next two days. This is all I can help you with.”

Qin Yuan looked at Weiwei and said seriously.

“Alright

Vivian replied gratefully and rolled her eyes.

“I’ll go and take a look at the other injured person.” Qin Yuan turned his head and said to Team Leader Jin.

“Sure, it’s in Room 202 next door.”

Team Leader Jin said.

Qin Yuan went out and went to the ward next door.

It was also a single room. It was not big, only about 20 square meters.

There was a woman lying quietly on the white hospital bed. On the bedside table, someone had come over to deliver a bouquet of lilies.

Qin Yuan frowned. Did someone know about this woman?

Moreover, she had come here to deliver flowers without anyone noticing.

There were a few police officers guarding this place every day. Anyone who entered or left had to be confirmed by their identity and the consent of Team Leader Jin.

With doubt, Qin Yuan slowly walked to the bed.

The woman on the bed had changed into a white hospital gown. Her complexion was much better than before, and her face was much ruddy. At a glance, it could be seen that she was a beautiful woman.

She looked like she was only in her twenties, not much older than Vivian.

However, she was not awake yet, so it was not good for him to disturb her. Qin Yuan sighed. There was no other way. After all, her condition was important. Qin Yuan could only turn around and walk back.

Just as Qin Yuan turned around and took a few steps, a gentle voice suddenly came from behind.

“Is it Captain Qin Yuan?”

Qin Yuan was shocked and immediately turned his head to look.

The woman had already slowly moved a little closer to the head of the bed. Her neck was leaning on the pillow, and her expression was very calm as she looked at Qin Yuan.

“You’re awake?”

Qin Yuan said in surprise. ‘ Yeah, I didn’t fall asleep just now.’ the woman said with a smile. “It’s good that you’re fine. Is it convenient to talk to me now?”

Qin Yuan asked with concern.

“Of course it’s convenient. Otherwise, I wouldn’t have taken the initiative to talk to you.”

The woman smiled faintly.

” Then can you give me a rough description of your experience in the research institute?”

Qin Yuan went straight to the point.

“You’re really impatient. I’ve been lying here for a day and haven’t even drunk a drop of water.”

The woman frowned.

Only then did Qin Yuan see that there was only a bouquet of lilies on the bedside table beside her. There was really no cup for drinking water.

Qin Yuan hurriedly went to the water dispenser outside. He used a disposable cup to get a cup of warm water and handed it to her.

“Thank you.”

The woman picked up the cup and took a few sips.

She let out a sigh of relief.

Then, he slowly said.

“I was tricked by Lin Hai into coming to his territory since I was young.”

When Qin Yuan heard this, he was surprised.

This was completely different from what Vivian had described!

Wei Wei’s confession was that she only met Lin Hai after she became a medical worker and was tricked into joining the organization!

Whose confession was wrong?

‘Yes.’

Qin Yuan nodded and did not voice the doubts in his heart. He prompted her to continue.

“My name is Liu Rui. My parents have been abroad since I was young. I’ve always depended on my grandfather.”

“When I was in the fifth grade of elementary school, I was given an exception and entered junior high school because of my outstanding results.”

‘ And my junior high chemistry teacher is Lin Hai.”

‘ My outstanding results slowly attracted his attention. He often used the excuse of nurturing top students to give me individual tutoring.”

“At that time, I was only a ten-year-old child. I didn’t know his sinister intentions. Moreover, he was very gentle on the surface and was very attentive to my tutoring. With his help, my grades rose steadily. It only took me a year to finish the third year of junior high school.”

“And I have always maintained a respectful attitude towards him. Because of my outstanding performance, he was also rated as an outstanding teacher.”

“The school had already discussed that I would be given a special entrance examination in the second year of junior high school. Then, I would choose an excellent high school to continue my studies. However, an unexpected nightmare happened.”

‘ On a Sunday afternoon in the second year of junior high school, as usual, I went to Lin Hai’s office in school to review my chemistry homework.

“Originally, we were communicating and tutoring normally. During the learning process, I drank a mouthful of mineral water that I carried with me. I didn’t expect that Lin Hai would actually put knockout powder in the water. I immediately fell asleep.”

“When I woke up, I found myself in the hidden research institute in the wilderness.”

At this point, Liu Rui’s face turned pale. It was obvious that this dark past had been lingering in her heart for more than ten years.

” Until now, because of the drug incident, every time I drink water, I have an inexplicable sense of fear.”

Liu Rui said sadly.

‘ For so many years, every time I drink water, I have to go through careful observation and testing before I dare to speak.

“However, I’m afraid that I’ll have to do something. I don’t know why, but when I saw Captain Qin Yuan, I felt very relieved..”

Chapter 736 - 736: The Organization Behind Hai Lin!

Hearing this, Qin Yuan could not help but frown.

In his eyes, the woman in front of him was not as trustworthy as he had imagined.

First of all, her story was completely different from Wei Wei's.

To Qin Yuan, the person he trusted more now was Wei Wei.

Therefore, the truth about this matter.

Qin Yuan still could not completely believe Liu Rui's one-sided story.

However, he did not show any expression on his face.

He was still listening attentively to Liu Rui's explanation. "The rest of the story is pretty much what I know, right?"

Qin Yuan asked carefully.

"Well, as you can see, I've been in this dark place for more than ten years."

"After so many years, I feel like I'm no longer related to this world. I can't even remember what it's like outside."

When Qin Yuan heard this, he felt that he understood.

In such an isolated place, people would become irritable and even depressed after more than ten years.

If it was an ordinary person, they might really have an extreme imbalance in their hearts and do things that they couldn't think of.

However, what made Qin Yuan admire was Liu Rui's psychological endurance, or rather, her psychological quality was indeed excellent. She had maintained this good state until she was rescued today.

"Looks like you're also a person with a very strong heart. If it was anyone else, they definitely wouldn't have lasted as long as you. You must have some kind of belief to live until today, right?"

Qin Yuan sighed.

He felt the same way. A person with a strong heart definitely had a firm belief. This was without a doubt.

At the thought of this, a trace of respect rose in his heart when he faced the woman in front of him.

Hearing this, Liu Rui looked at Qin Yuan with surprise.

"I really didn't expect Captain Qin Yuan to have the same thoughts as me!" Liu Rui's eyes were filled with joy.

Now, from her eyes, it was impossible to tell that this was a patient who had just been saved from the brink of death.

It was more like a friend that he had not seen for a long time.

” That’s right. I survived in such a difficult environment because I had a very clear purpose.

Liu Rui said seriously. “For revenge?”

Qin Yuan asked curiously. ‘ Ha, this is indeed my goal, but it’s not the main one.’”

Liu Rui said with a smile.

However, after saying this, Liu Rui stopped without any warning.

He seemed to be thinking about something. Qin Yuan was a little puzzled and asked,

“Why did you suddenly stop talking?”

Liu Rui didn’t answer. She suddenly clutched her chest with a pained expression.

Qin Yuan was shocked when he saw this.

Could it be that she had another illness that was acting up now?

Qin Yuan did not delay. He immediately pulled the bell beside him and called the nurse over.

“What’s wrong?”

A young nurse arrived at the scene dozens of seconds later.

“She’s not feeling well!”

Qin Yuan hurriedly said.

The nurse looked at her and touched Liu Rui’s neck.

“It’s a pneumothorax!” the nurse said with a frown.

Then, he immediately called the doctor over.

After a while, the doctor brought an oxygen machine and gave Liu Rui oxygen. After a few minutes, her condition finally improved a little.

“Are you alright now?”

Qin Yuan patted her back gently and asked anxiously.

Liu Rui panted heavily.

Then, her face became slightly ruddy.

He said softly,

“I’m fine.”

“I didn’t expect you to still be so weak. I won’t disturb you now and let you rest well. I’ll come back when you’re better.”

Qin Yuan could not bear to let such a weak person communicate with him. "It's okay. I want to make it clear to you now."

As Liu Rui spoke, she reached out and tugged at the corner of Qin Yuan's clothes.

Liu Rui looked at the doctors and nurses around her. "I'm fine now. Thank you for your care."

As he spoke, he nodded at the doctors and nurses.

The latter understood what she meant and left the room after giving Liu Rui a few instructions.

After the doctors and nurses left, Liu Rui heaved a sigh of relief.

"I almost lost my life."

"I really didn't know that you were in such a situation. I'm really sorry." Qin Yuan apologized.

"It's fine. This is the root of my illness that has been lingering for a long time. There's no way to cure it. It just happened to act up just now."

Liu Rui said lightly.

"Where was I?"

"I don't really remember. It seems to be after you were kidnapped here."

Qin Yuan said.

"Yes! I'll continue."

Liu Rui's face revealed a subtle light.

"Later, as you said, I was imprisoned by Lin Hai in the research institute. After that, I was used by him to do human experiments." I've been looking for an opportunity to escape."

"Until one day, a man came here and changed my fate."

Qin Yuan finally understood why Liu Rui's face was glowing just now. It seemed that this man was a very important person in her life.

"Who is he?"

Qin Yuan asked curiously.

"Don't interrupt. Let me finish."

"Two years ago, a man came to the research institute and I met him." Liu Rui's tone became very gentle.

"Although we only spent a few days together, I never forgot him after that." "He was also kidnapped by Lin Hai into the research institute.

Chapter 737 - 737: The Organization Behind Hai Lin!

He wasn't locked up with me at first, but later on, due to work reasons, I accidentally came into contact with him."

"From the beginning, we had a good talk. In just one day, we came up with a complete plan to leave this place."

"The plan is going smoothly. We've already arrived at the last level's guard position."

"An accident happened."

"That old thief, Lin Hai, actually predicted this. At the last moment, he set up a trap to stop us."

"Under our full struggle, he finally ran out."

"He refused to leave at the last moment. I still tried my best to send him out and told him to live well."

"In the end, I was left behind."

"What awaits me is a severe punishment."

I'll skip a few hundred words of description."

"After that, I never contacted him again."

However, I've never forgotten the promise I made with him. I'm also looking forward to the day when he will appear by my side."

However, this wait will last for two years."

"Until a few days ago when you came to save me, he never appeared again." "Just when I was about to forget about him, he actually appeared yesterday."

At this point, Liu Rui's eyes lit up. ' His appearance surprised me."

"I asked him how he was doing outside."

"He told me that he had started a new life, but because he escaped, in order to avoid being reported to the police, Lin Hai cunningly changed the research site. He never forgot about me and has been looking for a way to re-enter the research institute."

"Then, he was surprised to find out that you had rescued me."

Qin Yuan suddenly realized that the flowers on the table were sent by that man.

It seemed that this person had a great connection with Liu Rui. Perhaps they would know some clues about Lin Hai. Thank you for telling me this information." Qin Yuan thanked him.

"I believe this information will be useful to you."

Liu Rui smiled.

“But why are you telling me this?”

Qin Yuan was a little puzzled. Normally, a person would not say such things to a stranger. You’ve asked the key point of the question.”

” As I said before, I have a special sense of trust in you. I don’t know why either.”

Liu Rui said seriously.

“Your deeds alone have already given me a great sense of trust.”

“Then I really have to thank you.”

“Do you know anything else about Lin Hai?” “ Yes, I’ve told you almost everything I know. The rest is about the experiment.” “I believe you already know most of it.”

“However, I can tell you for sure that there are still people working with Hai

Lin and other strongholds. Their group is very large. It is impossible for Hai

Lin alone to create such a large-scale criminal gang.”

Qin Yuan frowned. He had considered this matter in detail before. Liu Rui’s words did make sense. I know. They’re already interrogating him. Do you know the exact address?”

“No, before I came out, I had never seen the outside world.”

“I was blindfolded when I went out. I could only hear their voices.”

“However, my friend might know because he has been secretly investigating this matter for the past few years.”

As he spoke. Liu Rui’s eyes lit up.

“Your friend? Where was he now? Is it convenient for you to meet us?”

Qin Yuan asked.

“He said he’ll be back today. He’ll probably be here soon.” Liu Rui said as she looked out the window.

Qin Yuan could tell that Liu Rui valued his friend very much.

Okay, then we’ll wait for him here. His news should be very important to us.”

The two of them chatted for a while.

About half an hour later, the door opened.

A tall man entered the room.

“Song Lan, you’re here!”

Seeing the man, Liu Rui’s eyes revealed a hint of excitement.

“Liu Rui, you’re awake? How are you feeling? And this is?”

When the man saw Qin Yuan, his eyes also revealed a surprised expression. "This is Captain Qin Yuan. He was the one who saved me from Lin Hai."

"Ah! You're Captain Qin Yuan! I've long heard of your fame! It's my honor to see you today!"

The man named Song Lan knew that it was Qin Yuan, and his expression immediately became very respectful. He went forward and politely shook Qin

Yuan's hand.

"My name is Song Lan, a friend of Liu Rui. Thank you very much for saving her from the thief's den!"

Song Lan bowed deeply to Qin Yuan again to express her apology.

"It's okay. This is what I should do."

Qin Yuan said.

"You guys have been dealing with Hai Lin for so long. Do you know any relevant information?"

Qin Yuan asked.

"You've asked the right person, Captain Qin!"

Hearing this, Song Lan's face lit up.

"In order to get Liu Rui out, I have carefully studied their intelligence."

"I've basically grasped the network of their group."

Song Lan said confidently.

"That's great. We need this kind of information. The more detailed, the better.

We can take them all out."

Qin Yuan was also very excited.

After all, Lin Hai was the one interrogating them. It was very difficult to get the truth out of him.

Lin Hai was very smart. He knew what the police would do to him. He also knew what kind of result he would have. Everything was futile.

He was just a dead pig that was not afraid of boiling water.

Nothing could scare him.

Moreover, the country also had criminal laws that prohibited torture. Therefore, the only way now was to rely on this little brother Song Lan.

"Okay, wait for me."

Song Lan said.

Then, he took out his laptop and opened it. He found a folder on the laptop. There was some written information inside.

On it was a picture of a network of connections and some people's names.

Some were just names.

"This is their company's network. I've listed all the people on it, but I can't find their exact location and contact information."

"This is all I can help you with."

Song Lan said.

"Thank you. That was enough. Thank you for your hard work." Qin Yuan took the computer and looked at the picture.

It read:

Daybreak Organization.

There were three leaders at the top and four officers at the bottom, and Hai Lin was one of them.

The other three were Lu Jun, Song Jian, and Meng Gao.

They were all in China, but they were walking around the city. If they wanted to find them, they would have to split into four groups.

"Thank you for your information."

Qin Yuan thanked him again.

"This is much easier for us than searching like headless flies. "It's okay. This is what we commoners should do."

Song Lan laughed.

"We also hate this organization to the core. They destroyed the first half of my life."

Liu Rui also said angrily.

"We will definitely find them all and bring them to justice."

Qin Yuan's gaze was firm, giving off a strong and brave confidence.

"We believe in you! You have never disappointed us! The logistics company has always been the glory of the country!"

The two of them also trusted Qin Yuan very much.

"Alright, thank you for your cooperation today. Liu Rui, you can stay here and recuperate. We have specialized personnel to protect you. It's very safe here. When you recover and the storm passes, you can return to society and live a normal life. "

Qin Yuan stood up and prepared to say goodbye to the two of them.

“Alright! Thank you, Captain Qin Yuan, for your help! I hope you can eradicate this organization as soon as possible!”

The two of them also said goodbye to Qin Yuan in a grateful tone..

Chapter 738 - 738: Departing from A City

Qin Yuan left the room and went to the corridor.

He began to organize his thoughts.

This matter was very complicated to begin with.

Qin Yuan had a premonition that it would not be resolved so easily.

Now, he had received confirmation from Liu Rui and Song Lan.

It seemed that there would be changes to the Dlan.

He had originally planned to meet with Captain Hong Yi of the 808th Brigade, but now, he would probably have to delay it because of the matter with Daybreak.

Let’s ask Team Leader Jin about Lin Hai’s interrogation first.

However, Qin Yuan did not have much hope for Lin Hai.

Qin Yuan made a call.

“Hello? Team Leader Jin. ”

“Hey, Captain Qin, is everything done?”

“Yes, the girl here is awake too. Her name is Liu Rui, and her condition is still stable. She was previously a doctor who was captured by Lin Hai and brought to the research institute. You guys should pay more attention to her safety.”

Qin Yuan said carefully.

“Alright.”

Ancestor Jin was also a sensible person. He did not hesitate and immediately agreed.

Since Qin Yuan had asked for it, although he did not know who this woman was, he naturally would not ask in detail out of trust in Qin Yuan. He would obey unconditionally.

“Is there any progress on Lin Hai’s side? He definitely doesn’t have his own company.”

Qin Yuan asked carefully.

“Sigh, stop talking. This Lin Hai is a tough nut to crack. No matter how we interrogate him, we can’t pry his mouth open at all.”

“What a tough nut to crack. There’s nothing we can do. After interrogating him for two to three days, he refused to speak because the law forbids him from punishing criminals. We’ve really exhausted all our methods.”

“This is really difficult!”

At this point, Team Leader Jin could not help but sigh.

‘ Well, it’s okay. Even if he doesn’t want to talk, we can still investigate based on the existing clues.”

Qin Yuan said.

“There are so many items at the scene. There must be a lot of clues left behind.” “As long as we investigate seriously, we will definitely find relevant clues.”

“Yes! The other side had been completely sealed! I’ll send someone back today to investigate the situation at the scene!”

Team Leader Jin said seriously.

“Alright, I’ll go with you then.”

Qin Yuan said.

He was still very attentive to such cases. Compared to other drills or training, this kind of real criminal case was more important to him.

It was also the first priority.

“I’ll have to ask you to take care of Wei Wei as well. After all, this girl is very mischievous. If she’s not careful, she’ll cause a big mess. You must take good care of her.”

Qin Yuan added.

“Mm, leave it to me. Don’t worry, I’ll handle it.”

Team Leader Jin said confidently.

“Alright, I’m hanging up.”

After Qin Yuan finished speaking, he hung up the phone.

The most important thing now was to search for the remnants of Daybreak in the country. Everything else could be delayed for now.

At eight o’clock the next morning, Qin Yuan arrived at the entrance of the county police station and gathered with Team Leader Jin.

This time, Team Leader Jin did not bring many police officers with him. There were less than ten people, which was less than ten people compared to the nrevi011R nnpratinn

“We’re going to investigate this time, so we won’t bring so many people. Moreover, there’s another case today, so some people have gone to another side to investigate.”

Team Leader Jin said to Qin Yuan.

“It’s okay. Actually, these people are enough. We don’t need a lot of people to investigate.”

Qin Yuan said calmly.

“Alright, let’s go!”

The group got into two police cars and drove towards the research institute.

The car arrived at the scene after about ten minutes.

The previous research institute had been completely sealed off by the police. There was a barricade outside and a few guards guarding it.

When they saw Team Leader Jin and the others coming over, they greeted them politely.

“Thank you for your hard work.”

Team Leader Jin looked at them and nodded slightly.

“Hey, this is Captain Qin Yuan! I actually saw him in person today!”

A few young police officers saw Qin Yuan for the first time and exclaimed.

“What’s there to be surprised about? Captain Qin Yuan is also an ordinary person. You all have to learn from others! All of you have witnessed his hard work!”

Team Leader Jin said.

“Yes, sir! Team Leader!”

A few police officers answered loudly.

Then, a few people entered the scene again.

Although a few days had passed, the scene was sealed well, so the environment was almost the same as before.

Qin Yuan and Team Leader Jin led the way into the research institute. They started to investigate from the door, and the two of them looked for clues together.

Along the way, there were some unimportant clues, such as human experiments and some medical equipment that had been used many times.

After that, the two of them went to Lin Hails private office.

The things here were completely different from the things outside.

It was much more complicated than the room outside.

This was the largest room, with an area of about 100 square meters.

There was a large cabinet next to the wall of the room, and on it were all kinds of medicine samples.

Beside the cabinet was a large bed. It looked like an office and bedroom.

Opposite the cabinet was a large table. There were many glass bottles used for experiments on it, filled with all kinds of drugs. Beside it was a laptop. It seemed to be Lin Hai's personal computer.

“There must be important clues in this computer!”

Chapter 739 - 739: Set Off for City A (2)

Team Leader Jin looked at the computer and was pleasantly surprised. Then, she immediately went over to turn on the computer.

“Wait!”

Qin Yuan saw Team Leader Jin's actions and immediately shouted.

Qin Yuan was one step ahead of Team Leader Jin. He took out the plastic gloves he carried with him and touched the surface of the computer.

In an instant, the surface of the laptop flashed with the sound of electric shock.

There was also a little spark flashing in front of his eyes.

“This is...”

When Team Leader Jin saw this, he could not help but be shocked.

“This is the anti-theft device of the computer.”

Qin Yuan said calmly.

He was experienced and knowledgeable. He had encountered such a situation before, so he understood it very well. “Thank you for saving me, Captain Qin!”

Team Leader Jin quickly thanked him.

If it weren't for Qin Yuan's timely stop, Team Leader Jin's hand would probably have been crippled. If it was serious, it might even threaten her life.

“I didn't expect this old thief to be so cunning! Captain Qin is really far-sighted!”

Team Leader Jin said with lingering fear.

“Team Leader Jin, you have to be more careful. You can't act rashly. You have to think twice before you act. This place is full of traps. You have to be more careful next time.”

Qin Yuan reminded.

“Yes, yes.”

As he spoke, Qin Yuan turned on the power of his laptop.

Just as he had expected, the computer required a password.

He took out the password-cracking hard drive that he had prepared earlier and plugged it into the USB port.

After a while, he operated the computer and successfully entered the system interface.

“He’s really amazing! Captain Qin Yuan! I didn’t expect you to know so many things!”

The team leader praised.

“This saves me the time to find a professional to crack it!”

Qin Yuan smiled and did not answer. Instead, he opened the information folder on his computer.

And social media.

The good thing was that Lin Hai didn’t set any password lock on the computer.

Obviously, Lin Hai was very confident in his external anti-theft lock.

All the files in the hard drive could be opened freely.

Even the social media app had set up automatic login.

Qin Yuan checked the information on the computer’s hard disk.

It was all information related to medicine and did not have much practical use.

Then, Qin Yuan opened the social media app on his laptop.

He opened the app and saw a row of contacts.

However, the names on it were all fake names. None of them were real.

Qin Yuan opened the detailed chat records. Most of them were discussing the transaction of the medicine, as well as some research discussions.

Lin Hai had more than ten common contacts. Qin Yuan guessed that his communication with his colleagues in the organization must be among them.

Qin Yuan patiently flipped through the contact form.

Sure enough, when he flipped to the third most frequently used chat record, a conversation that caught their attention appeared in front of them.

It showed:

Lin Hai: ” Raccoon, the work here is almost done. We can prepare to evacuate at any time.”

Raccoon: How much more work do I need?

Lin Hai: About 10% left. After the last batch of samples was completed, they could leave.

Raccoon: Alright. I’ll give you two days. Contact me after you’re done. Lin Hai:

The time of the chat was two days ago at nine o’clock at night.

Although there was no specific name or location, it could be determined from this conversation that this person was a colleague of Lin Hai.

Judging from the tone of their conversation, they were at least at Lin Haiping's level.

This was a very important piece of information.

He could find out the other party's social media account from social media platforms. After knowing the other party's social media account, he could use the positioning system to find out the other party's specific location. This way, he could follow the clues and get further clues.

"This is a major discovery! Captain Qin!"

Team Leader Jin also realized the crux of the problem and said with bright eyes.

' Yes, let's bring the computer back and let the professional technicians analyze this account called 'Raccoon'."

Then, Qin Yuan carefully checked all the remaining chat records with Lin Hai. Unfortunately, he could not find any further information.

In order to prevent the other party from suspecting, Qin Yuan pretended to send a confirmation message to the other party in Lin Hai's tone. ' My mission here has been completed. When will we meet?'"

A few minutes later, Raccoon replied, "

" Tomorrow night at nine o'clock. See you at the usual place."

Qin Yuan pursed his lips and replied, "Got it."

"This can be considered as catching a fish."

Team Leader Jin said with a smile.

"We can't make a conclusion so quickly. There must be a reason why their organization can exist for so long. We have to be careful."

Qin Yuan's expression did not relax. He still had a solemn look on his face.

One had to know that he was facing a huge organization while he was alone. Moreover, he was in the open while the other party was in the dark. Clearly, his side was at an absolute disadvantage.

He absolutely could not let his guard down.

Ten minutes later, the group left the research institute.

" We've basically grasped all the information here. Next, we can completely seal this place."

Qin Yuan walked outside and said to Team Leader Jin.

"Alright, I'll arrange for someone to completely seal this place with a fence and prohibit all personnel from entering."

Team Leader Jin said.

‘ After all, this is a place where a very tragic accident happened. I think the government won’t use this land for the time being. They just need to prevent the nearby residents from approaching. ’

“Although this place is no longer as dangerous as it used to be, if the remaining medicine falls into the hands of an unsuspecting person, it will still cause unpredictable effects.”

Qin Yuan added.

“Yes, don’t worry. Leave it to me.”

Team Leader Jin replied.

‘ Next, I’m going to make a trip to ‘A’ to investigate the background of this ‘Raccoon’.’

Qin Yuan said seriously.

“Do you need me to arrange an entourage for you?”

Team Leader Jin asked carefully.

“No need. I’m used to doing things alone.”

Qin Yuan said.

Team Leader Jin was relieved. It was true that Qin Yuan had handled the case alone before, and his success rate was higher than when he was in a team. “When does Captain Qin plan to set off?”

“I’ll set off when your technical team has analyzed the exact location of the other party.”

“It’s best if we can get the results today.”

Qin Yuan said.

He knew that this kind of thing should be done sooner rather than later. Every night at 15 minutes, something unexpected could happen.

“Alright, we’ll go back now and hand it over to the technical team in the bureau for research.”

After that, the two of them returned to the county police station together.

To the technical team, it was very easy to find the IP addresses of online users.

After returning to the police station, it only took him half an hour to find out the GPS location of the Raccoon IP.

The location was near an underground parking lot in A City.

When Qin Yuan received the news, he immediately thanked Team Leader Jin and drove back to his home.

He changed into casual clothes, took the phone and luggage bag he found on Lin Hai, and bought a ticket to A City. He was leaving at night.

There was less than a day left before he could meet the other party. He had to rush to the scene as soon as possible to investigate the situation.

Before leaving, Qin Yuan also called his brothers in the logistics company to explain the specific situation.

Geng Hu, Long Xiaoyun, He Chenguang, and the others heard this and expressed their concern for Qin Yuan.

“Captain Qin, I think we should arrange for a confidant to go with you!”

“This matter is completely different from the previous ones. It was in another city! This level of danger was completely incomparable to the Overgrown Forest incident! After all, he was unfamiliar with this place! It’s always better to have someone to take care of you!”

Geng Hu and Long Xiaoyun both wanted Qin Yuan to discuss this matter.

“There’s no time. We’re meeting tomorrow night. I have to adjust to my best condition now.”

“Moreover, it’s easier and more convenient to do this kind of hasty thing alone. Didn’t I always work alone before? Trust me.”

Qin Yuan explained.

After hearing this, the few of them did not persuade him anymore. They knew that understanding Qin Yuan was the greatest respect for him..

Chapter 740 - 740: Arriving at City A

“Alright, Captain Qin. We know that you’ve made up your mind. There’s nothing we can do to persuade you.”

The few of them also said helplessly.

“Then I wish you a safe journey and everything goes well!”

“Thank you!”

After explaining things to the few of them, Qin Yuan set off for the train station.

After arriving at the train station, Qin Yuan got on the bus smoothly and arrived at A City after two hours of driving.

It was autumn in October, and the weather was a little cold. Qin Yuan found a cheap hotel and checked in.

City A was closer to the north than Qin Yuan's original city, so the temperature was lower. Qin Yuan did not prepare much clothing, but he felt a little cold. This was not a problem. After all, he was a soldier who had undergone strict training, so this level of cold did not affect him.

The cold night passed quickly.

The next morning, Qin Yuan planned to go to the agreed location to investigate.

He turned on his phone and found the location that the technician had given him. It was a few kilometers away from where he lived.

Qin Yuan planned to jog over and use it as his morning jog.

For an ordinary person, a few kilometers would take about an hour to run. For someone with a strong physique like Qin Yuan, it only took about half an hour to reach his destination.

At 6:30 in the morning, Qin Yuan left the house and began an extremely stable long-distance run.

About forty minutes later, Qin Yuan arrived at his destination, an old supermarket.

A few big words were written at the door: "Liandan Supermarket".

It was eight o'clock in the morning in an unknown shopping mall. At a glance, there were not many people inside.

Qin Yuan walked in and it was as he had expected. The guests inside were in twos and threes. At a glance, there were less than ten people.

Qin Yuan took the elevator to the third floor of the basement.

The supermarket wasn't big, but the garage below was full of cars.

Qin Yuan had some doubts in his heart. This shopping mall only had one floor, and there were no other residents upstairs. Why would there be a three-story basement? The area was not small, and it was even full of cars.

It was really puzzling.

Moreover, most of the cars parked here were ordinary trucks and not ordinary cars. This made Qin Yuan feel even more suspicious.

Qin Yuan walked around the underground parking lot a few times and did not find anything unusual. The ground here was very clean, and there were no other traces other than the tire marks of the car.

This was probably just a temporary place for the two sides to trade. There was nothing special about it.

However, this investigation was not in vain. He had basically grasped the situation around the basement and the main flow of people.

Qin Yuan continued to walk back and forth in the parking lot a few times. He used the corner of his eye to look for the location of the camera and recorded it.

Then, he found a hidden location, which was also the blind spot of the camera, and placed a miniature camera that he carried with him. In case of an accident.

Finally, a sensor was installed at every exit of the basement.

After everything was prepared, he left the scene as if nothing had happened.

All of this was within his plan. As long as the other party was human, there was no way to escape his control.

After returning to the hotel, Qin Yuan was considering whether to report it to the local police.

Because in this city, at least the police could still be trusted.

After thinking about it, Qin Yuan decided not to alert the enemy too much.

After all, the other party was not a fool. In fact, they were a criminal gang that was even more experienced than Hai Lin. The more secretive he could be, the more he could display his advantage as a single person.

During the day, Qin Yuan had nothing to do, so he had been lurking around the mall, observing the movements here.

After half a day of observation, there was nothing unusual happening here. Everything was as usual in the mall. There were no suspicious people or things. Qin Yuan took out Lin Hai's phone and sent him a message that he had arrived in City A.

The other party replied very quickly, saying that they would meet at the usual place at 10 pm.

Just like that, it was around 8:30 p. m. Qin Yuan installed a telescope on a building opposite the shopping mall to observe the movement of the shopping mall's door.

Because this shopping mall was very small, if one wanted to enter the basement, they could only enter from the front door or the entrance of the underground lane beside it. These two positions were in Qin Yuan's field of vision. He was constantly observing every move.

At 8: 50 pm, Qin Yuan sent a message to the other party, saying that he had arrived.

The other party did not answer.

Qin Yuan was patiently observing and waiting in the dark upstairs.

Previously, Qin Yuan had communicated with the technician in Team Leader

Jin's county. The technician had installed the gprs positioning system on Qin Yuan's phone, so now Qin Yuan could obtain the dynamic location information of the raccoon.

Qin Yuan turned on his phone and observed the other party's location.

The display above showed that the other party had already reached 500 meters away from the mall. Judging from the speed, he should have driven over.

Qin Yuan stared at the entrance of the mall and looked at the GPS on his hand again and again. Finally, Raccoon appeared. At around 9:05 pm, a black car slowly drove into the entrance of the basement..
