

Special Troop 741

Chapter 741 - 741: Arriving at City A (2)

According to GPS, Raccoon was in the car.

Qin Yuan immediately walked out of the building and went downstairs. He drove his rented white car and followed closely behind the car into the basement.

The black car drove very slowly. It took them a few minutes to reach the third basement floor.

The windows of the black car were specially made, so he couldn't see the people inside. For safety reasons, Qin Yuan parked the car when he reached the second floor and walked to the third floor.

Qin Yuan pretended to pass by the third floor. He noticed the black car beside him. He also remembered the license plate number very clearly. It was completely correct.

He hid not far from the black car, about 50 meters away. At this distance, he would not be discovered and could clearly observe all the movements over there.

Qin Yuan looked at the time. It was already 9:15. The other party did not see Lin Hai, so he was probably starting to get anxious.

The caller ID was Raccoon.

Of course, Qin Yuan did not choose to answer the call. Instead, he muted his phone and slowly walked toward the other party's car in the opposite direction.

Seeing that the other party's "Overgrown Forest" hadn't picked up the phone for a long time, the other party seemed to be anxious.

Perhaps he had guessed that something was wrong, but he heard the sound of the black car starting its engine.

From the looks of it, it seemed like they were going to team up!

Qin Yuan would not let him escape so easily!

He had expected this!

Qin Yuan took out a few specially made thin needles, aimed at the car's tires, and threw them out!

Before the driver could react, the two rear wheels of the car were punctured by thin needles!

The people in the car also understood the seriousness of the matter. The car door opened at once, and a fat man in a black suit and a black top hat ran out. He was holding a Type 54 pistol in his hand, but he had not seen Qin Yuan, who was hiding in the dark.

He didn't expect this person to shout, "Who is it?!" Where was he? Come out obediently! I'll spare you! Otherwise, the gun in my hand is no joke!

Be sensible! Come out and I'll spare your life!"

Qin Yuan frowned. He knew that this person was definitely not a raccoon, and there was no one else in the car.

At most, this was just a small fry under him.

This old fox was really scheming, sinister, and cunning. He only sent people over and held back.

If he appeared rashly now, it was very likely that he would fall into the other party's trap.

However, if he left now, he would return empty-handed and all his previous efforts would be in vain!

Qin Yuan frowned and gritted his teeth. Now, he could only fight it out!

So, he immediately shot forward and rushed behind the man before he could react. He grabbed the man's neck with his left hand and disarmed him with his right hand. His knees were firmly pressed against the other party's back.

"If you dare to move, your spine will be in danger."

Qin Yuan said coldly.

The situation instantly reversed. This fatty was completely intimidated by Qin

Yuan's aura and did not dare to move.

He said in a trembling voice,

"Who are you? Let me go! Do you know who I am? You actually dare to make a move here?"

"I don't know who you are, and I don't need to know."

Qin Yuan continued to speak in a cold voice.

"But you need to know who I am and obey my orders unconditionally."

"Otherwise... "

As he spoke, Qin Yuan used his right elbow to hit the other party's ribs. A crisp sound of bones was heard, and it was unknown how many ribs were broken.

The man screamed and fell to the ground, becoming much more obedient. "Big brother, spare me! I'm just an errand boy. I don't know anything!"

Qin Yuan's gaze was cold. He knew that he had to bring this person back to the local police station. It would not be too late to interrogate him there.

In this place, he was in the light while the other party was in the dark. It could be said that it was not good to stay here for long. He should go out first to avoid any more trouble.

Then, Qin Yuan walked forward and knocked the other party unconscious with the handle of the gun. Then, he carried the car, dragged the dry tires, and slowly drove out of the basement.

Although he was very worried along the way, he was still safe and sound.

Qin Yuan parked the car beside his own and put her in his car. Then, he prepared to drive to the city's Public Security Bureau.

Just as Qin Yuan left the black car and returned to his car, he heard a violent explosion resounding through the streets.

The black car that he was in just now exploded violently. In an instant, the entire car turned into a piece of black flaming scrap metal!

Qin Yuan, who was sitting in the car, also suffered a lot of impact. Fortunately, the car window was bulletproof glass, so Qin Yuan was not injured.

But if he had been a few seconds late, he would have become a vengeful spirit in the explosion!

The people of this organization were really ruthless! At a critical moment, he would even give up on his own people!

Thinking of this, Qin Yuan could not help but shudder.

The journey to the police station was quite smooth, and there were no accidents along the way.

More than ten minutes later, Qin Yuan followed the GPS and arrived at the police station in City A.

It was already past eleven o'clock at night.

Due to the explosion at the entrance of the supermarket, many police officers and several police cars were gathered at the entrance of the police station.

The two police officers at the door saw Qin Yuan's car driving straight towards the door and quickly went forward to stop it.

"What are you doing? Don't come over and get in the way. Can't you see that the police are on duty?"

A young and tall police officer ran to Qin Yuan's car and said impatiently to Qin Yuan.

Qin Yuan rolled down the car window and slowly said to him,

"I'm here to report a case."

"I caught someone from a criminal gang. He knows a lot of information about gangs."

With that, Qin Yuan got out of the car and dragged the person behind him out, carrying him in front of him.

The police officer had seen that although Qin Yuan was burly, he was wearing an ordinary person's uniform. He did not think that he was someone who had anything to do with the police. But now, when he saw the fat man lying limply on Qin Yuan's back, he could not help but be shocked.

"What's wrong with this person?" the police officer said in surprise. "He's fine. I just knocked him out."

Qin Yuan said calmly.

"Wait a moment!"

The police officer quickly ran inside to ask his superior about the situation.

After a while, a few more police officers ran out from inside. Including the thin police officer from before, there were a total of five people.

“Inspector Wang, it’s him!”

The young police officer looked at Qin Yuan and said to an older police officer beside him.

Inspector Wang looked at Qin Yuan and the man on his back and frowned.

This was a living person who had been knocked unconscious by Qin Yuan. This was not a joke. They had to go to the bureau to file a case.

“You guys come in first. Let’s talk inside.”

With that, the few of them entered the police station with Qin Yuan.

When they arrived inside, Qin Yuan entered the interrogation room with the police officers to make a statement.

“What’s your name?”

“Qin Yuan.”

“Qin Yuan?”

The police officer who was making the statement was shocked, and so was Inspector Wang, who was supervising them.

“Qin Yuan? Is it Captain Qin Yuan from the logistics company?”

Inspector Wang frowned and asked.

“Yes.”

Qin Yuan said calmly.

“I didn’t expect it to be Captain Qin himself! This was easy! We’re all in the same industry. Why do we have to make a statement? We can just work together!”

As he spoke, Inspector Wang hurriedly dismissed the recorder, leaving him, Qin Yuan, and the fat man from the Xiaoyan organization at the scene.

“Why are you in City A?”

Inspector Wang asked.

Qin Yuan told Inspector Wang everything that had happened.

He revealed his purpose for coming.

This was his original plan. He wanted the police station in City A to assist him in investigating the case..

Chapter 742 - 742: Begin the Interrogation

After hearing Qin Yuan's statement, the few of them could not help but be shocked.

What surprised Qin Yuan was that no one in the police station knew about the existence of the "Daybreak" organization!

It seemed that this organization was first discovered by Qin Yuan during the Lin Hai incident.

"Since it's such a terrifying organization, let's start interrogating this person immediately! "

Inspector Wang said hurriedly.

"There's no need to be in such a hurry."

Qin Yuan said.

"As the saying goes, haste makes waste."

' I might have to pour some cold water on you. From my contact with this person, the information he has is very limited."

Qin Yuan said softly.

"Then what should we do? We can't let this person go either!"

Inspector Wang said in disappointment.

"There's no need to worry so much. After all, no matter how small a mosquito is, it's still meat."

Qin Yuan comforted her.

"Although he doesn't know much, I think he still has some value."

"You can interrogate him properly. There will definitely be some gains." "Alright, this is a first-class case! We have to put all our energy into this!" Inspector Wang said seriously.

" The explosion outside the mall is also related to this case, right?" " Yes, it's the second time I've encountered danger. I think it's a revenge method they've implemented after discovering that something unexpected has happened."

"Ah! Captain Qin was really lucky! I brushed past the Grim Reaper!"

A few people exclaimed.

"I've encountered many dangerous situations. This small scene can't scare me." Qin Yuan touched his chin and smiled.

"Haha! Captain Qin was the most knowledgeable! We were too shallow!"

"Don't talk about this nonsense. Hurry up and start the interrogation! Inspector Wang!"

The police officer reminded him.

“Yes, bring the suspect in!”

Inspector Wang was also looking forward to the information contained in this prisoner.

It was already past one o’clock in the morning. The cold night wind blew on everyone’s faces, and everyone felt very cold.

Qin Yuan knew that if this person was like Lin Hai and insisted on keeping his mouth shut, then they could not do anything to him.

However, Qin Yuan did not think that this person could have Lin Hai’s tenacious willpower.

The interrogation began. The few of them and Fatty sat around a square table.

Fatty had already woken up, but his eyes were dull and lifeless, and his expression was numb.

It seemed that after being attacked by Qin Yuan just now, his body and mind had suffered serious damage.

“What should we do? I don’t think we can get anything out of him in a short time. Bring the police doctor over to take a look.”

Inspector Wang frowned.

“Alright.”

A few police officers agreed.

After a while, the police doctor came over with a medical kit.

“It’s him. Hurry up and show him.”

Inspector Wang looked at the fatty at the table and said.

His ribs are broken, his arm is fractured, and he has a slight concussion.”

“That’s about it.”

Qin Yuan explained.

The few people beside him looked at Qin Yuan in surprise. They did not expect Qin Yuan to know so much!

She didn’t expect him to be such a ruthless person!

Such a bulky man was crippled by him just like that. As expected of the captain of the logistics company!

“Alright... Alright. Let me check it carefully.”

The police doctor put on his glasses, took out a flashlight and medical equipment, and began to check.

The few people at the side looked at the doctor with trepidation, afraid that he would announce that this person was seriously ill and incurable later.

One had to know that if this person could not hold on any longer, then Qin Yuan might be charged with manslaughter!

Just as their hearts were about to jump into their throats, the doctor finished his examination. Then, he let out a long sigh and said,

“It’s alright. The patient just fainted. Other than the injuries that I mentioned just now, there are no other serious injuries.”

Hearing this, the huge stone in their hearts was finally lifted.

“It’s fine now! However, let’s let him rest for the night first. We’ll talk about the interrogation tomorrow.”

Inspector Wang thought for a moment and said.

“Yes, I agree.”

Qin Yuan said.

Although the gains from tonight were very limited, no matter what, things had developed further.

After that, no matter what, they would have a new exploration target. They probably wouldn’t have any free time after that.

“Captain Qin, why don’t you rest in our police station tonight? You’re probably on their wanted list now. It’s not as safe outside as here, right?” Inspector Wang suggested to Qin Yuan.

“It’s fine. I’m used to being alone. I’m not used to being here.”

“I’ve already opened a hotel in the city. I’m used to it. Don’t worry, I’ve encountered this kind of thing many times. It’s fine.”

Qin Yuan politely refused.

They had just met Qin Yuan today, so they were too embarrassed to force him to stay.

“We’ll discuss the arrangements tomorrow.”

After the police officers left, Qin Yuan privately looked for Inspector Wang.

“I still have some important things to discuss with you.”

Inspector Wang’s face was gloomy, as if he had expected this to happen. He walked out of the corridor and waited for Qin Yuan’s arrival in the cold wind.

“Tell me, I knew this matter wouldn’t be so simple.”

Qin Yuan also came to the corridor outside and took out his phone.

He turned on the screen and saw a text message that he had received a few minutes ago..

Chapter 743 - 743: Begin the Interrogation (2)

Qin Yuan moved the phone to Inspector Wang.

The latter leaned forward to take a closer look.

All of a sudden, he broke out in cold sweat!

It was written:

“Qin Yuan, you have no grudges with our organization. Why do you want to go against us?”

Since you’ve declared war on us, you’d better be prepared. You’ll taste the most vicious revenge in the world!”

It was an anonymous letter.

There was a red flame symbol at the bottom.

There was no doubt that this was a threatening letter from Daybreak.

“This is...Did you just send it?” Inspector Wang said in shock.

“Yes, I just sent it over.”

“Their investigation speed is too fast!”

“It’s only been a few hours, and he already has all your information! It’s really fast!”

It seems that this Daybreak Organization is not simple!”

Inspector Wang said with a heavy heart.

“Yes, this is a powerful opponent I have never encountered before.”

Qin Yuan also frowned.

Since they have my phone information, they probably know where I am now.”

” Then aren’t you in danger now?

“I think it’s better to lie low here!”

Inspector Wang said with concern.

“You can hide for a while, but you can’t hide forever. Sooner or later, you have to face what should come.”

Qin Yuan thought for a moment and said.

Besides, they know that I’m the captain of the logistics company. They’ve only lost a small chess piece. Due to my identity, they probably won’t act rashly for a while after weighing the pros and cons.”

‘What we need to do now is to stay put and not provoke them easily. The enemy advances and we retreat. We will use guerrilla tactics to play Tai Chi with them.”

“After we figure out their background, we’ll make our next move.”

Qin Yuan analyzed seriously.

“Captain Qin is right.”

Inspector Wang nodded in agreement.

” We’ll stick to the original plan. We’ll wait for an opportunity to strike. I’ll come to the police station again tomorrow. We’ll hold a special seminar on this matter.”

Qin Yuan said.

“Alright.”

Inspector Wang agreed readily.

After that, Qin Yuan drove back to his hotel.

Just as he had expected, the journey was smooth and unobstructed.

That threatening letter was actually just a warning.

It was already two o’clock in the morning when they returned to the hotel.

After washing up, Qin Yuan fell asleep peacefully.

She slept quite comfortably that night and didn’t let this matter affect her state of mind.

The next morning, at eight o’clock sharp, Qin Yuan finished washing up and fiddled with his computer. He mainly went online to look for relevant clues. As expected, there were no clues related to this organization on the internet. Then, Qin Yuan planned to call his brothers in the logistics company.

He first dialed Geng Hu’s number.

“Hello? Captain Qin? Are we there yet? How is it?”

” Yes, they arrived yesterday. The person named ‘Raccoon’ is very cunning. He used a substitute to appear, so I couldn’t get anything on him.” “Substitute? Too old! This organization is really difficult to deal with!”

Geng Hu said embarrassedly.

“Does this mean that our clues are cut off?”

“There’s still one contact we can interrogate for the time being, but I don’t think we’ll get anything substantial.”

Qin Yuan said.

‘ Yes, the people they are willing to give up are definitely of no practical value. So, Captain Qin, what do you plan to do next?’

Geng Hu asked curiously.

“Don’t move.”

Qin Yuan replied.

” We don’t have a clue now. We can only stabilize our position and wait for an opportunity to move. If we act rashly without a direction, it will only make things more troublesome.”

“Alright, I’ll do it. I’ll also investigate on my side. If I find anything, I’ll let you know immediately.”

“Alright, I’ll leave this matter to you to tell the brothers in the company. I think I’ll have to stay here for a few more days before I can go back. Let them handle the matters over there first. I’ll hang up first.”

Alright, leave the company’s matters to Long Xiaoyun and me. Captain Qin, don’t worry about carrying out the task.”

With that, Qin Yuan hung up the phone.

There was an indescribable confusion in his heart, but he did not know what it was.

He only felt that he was being pressed down by a huge rock, and it was difficult for him to breathe.

After a while, the police station in City A called.

It was an unfamiliar number.

“Hello? Hello.” “Hello, is this Captain Qin Yuan?”

“Yes, who are you?”

Qin Yuan had never heard this voice before. It was not Inspector Wang from yesterday.

“I’m the police chief, Liu Yi. Hello.”

The other party said in a calm voice.

“Hello ,

“Now, I’ll take over Inspector Wang’s work from last night. Today, I’ll interrogate this criminal personally. He’s already awake. Would Captain Qin Yuan like to come over and interrogate him together?”

Bureau Chief Liu asked in a deep voice.

“Okay, I’ll go over right away.”

Qin Yuan replied.

Then, he hung up the phone and immediately went out to get into the car, driving to the police station.

He didn’t expect the chief to come personally. The police station here had really mobilized a large number of people. This case didn’t need to be too ostentatious.

Everyone in the industry knew that the more complicated a case was, the more secretive it was to act.

However, since he was in a foreign country, he did not have any requirements for the people here. More than ten minutes later, Qin Yuan arrived at the police station.

The police officers at the door recognized him and politely invited him to the interrogation room.

Qin Yuan came to the interrogation room and saw a fat middle-aged man sitting inside. He was wearing a white police uniform.

Needless to say, he was Bureau Chief Liu.

Across the table in front of Bureau Chief Liu was the prisoner of Daybreak yesterday, the fatty.

After a night of recuperation, his spirit was much better than before. The injuries on his body had also been treated. His hands were wrapped in bandages and his face was plastered with band-aids. Although he looked depressed, at least he had the conditions to communicate.

There were a few officers from the bureau sitting beside Bureau Chief Liu. Qin Yuan did not know these people, except for Inspector Wang, who he had seen yesterday.

“What’s your name?”

Liu Yi asked when he saw Qin Yuan.

“Zhu Jun.”

Fatty did not raise his head. He lowered his head and replied in a low voice.

“Raise your head and talk to me.”

Liu Yi’s tone was firm and steady, and he had a dignified aura that could not be rejected.

After all, he was the director, and his aura had already overwhelmed most of the people at the scene.

When Fatty Zhu Jun heard this, his body could not help but tremble. He slowly raised his drooping head, revealing two lifeless eyes.

Although his face was a little ruddy, he still looked very pale and lacked blood.

He looked directly at Bureau Chief Liu with his misty eyes. The latter’s sharp gaze formed a sharp contrast with Jun Zhu’s. ” I only know the orders from my superior. I know nothing else.”

Zhu Jun said in an extremely calm tone.

It could be seen that this person had thought about it carefully last night and came prepared this morning.

“As a legal citizen of the country, you have the obligation to cooperate with us in investigating the case. Do you know the meaning of this?”

Bureau Chief Liu immediately started talking to him.

Although this fat Zhu Jun was a member of Daybreak, he was also a tool at the bottom. His own psychological quality and shrewdness were suitable for the level of ordinary people.

Bureau Chief Liu could use his IQ advantage to achieve the effect of intelligence crushing.

As expected, this move was very effective.

From Zhu Jun's eyes, it could be seen that he was wavering.

He was originally a person who wandered everywhere. Joining Daybreak was just a choice. It did not mean that he had a deep friendship with this organization.

Now that he was already a prisoner of the police, as the saying goes, a wise man understands the times. If he confessed, he might have a chance to receive a lighter punishment.

'You have to consider this carefully. You're in China now, and your organization is an extremely dangerous one that poses a huge threat to society.

I don't think I need to explain the pros and cons to you." Bureau Chief Liu began to slowly instigate Zhu Jun to defect..

Chapter 744: New Progress in Overgrown Forest

"Have you heard of this saying?"

"There are no eternal friends, nor are there eternal enemies. There are only eternal interests. A wise man who understands the times is a wise man." "If you can tell us what happened, we won't make things difficult for you."

When Director Liu said this, his tone was very kind and gentle, as if he was a friend.

This trick was very effective. Zhu Jun only hesitated for a moment before he let down his psychological guard.

"You... you're not a good person. Is that true?"

Zhu Jun looked at Liu Yi with a glimmer of light in his eyes.

His tone was very sincere.

Of course. I'm the chief of a police station. How could I lie to you in front of everyone?"

Liu Yi said righteously. His dignity could not be violated.

"Since I've already been honest with you, I hope you can open up to me too."

Liu Yi looked at Zhu Jun sincerely.

This person was now completely under Liu Yi's control.

Liu Yi looked at Zhu Jun seriously.

"I'm waiting for your confession."

The latter slowly heaved a sigh of relief and spoke.

“I was originally an ordinary citizen of this city and the manager of that supermarket. The reason why I became their chess piece was also because I was persecuted by them. It was something that I couldn’t help.”

” Two months ago, as usual, I got off work at six in the afternoon and returned home. I didn’t expect a nightmare to happen.”

At this point, Zhu Jun’s originally calm face slowly turned extremely gloomy. Clearly, this matter was a shadow that could not be erased for the rest of his life.

“When I got home, I found that my wife and daughter, who should have already returned home, were nowhere to be seen. I called them, but no one answered.”

Just then, my phone rang. I picked it up and saw that it was an unfamiliar number.”

“That’s right, the call came from the organization.”

“Because of an accident, they came to this city and needed to set up a temporary foothold in this city. Therefore, my supermarket and I were coincidentally targeted by them.”

“They told me that my wife and daughter were in their hands. If I didn’t do as they asked, they would vent their anger on them. I had no choice but to become their puppet.”

“From then on, my life was like hell on earth. I worked for them every day, and the only way to get news of my wife and daughter was through the phone. Previously, I could call once a week, but later on, it became two weeks or even once a month.”

“I live in pain every day. I want to end it countless times, but for my wife and daughter, I can only endure the pain and help them do things while thinking of ways to save my wife and daughter from their demonic claws.”

However, after a series of thoughts, this matter still came to an end. On the one hand, it was because I was not capable enough. On the other hand, my wife and daughter might be safer in their hands than with me.”

At this point, Zhu Jun’s face revealed a painful expression.

It was obvious that he was very annoyed by his incompetence, but there was nothing he could do.

” Three days ago, the higher-ups told me that they were going to the underground parking lot last night to meet someone called ‘Jade Hare’. They were going to receive the information from him and send it to ‘Raccoon’. “Then, you all know what happened after that.”

At this point, Zhu Jun’s face revealed a serious expression. It was obvious that he was not lying.

After hearing this, Qin Yuan, Bureau Chief Liu, and the others lowered their heads and pondered for a while.

This Zhu Jun was obviously a low-level flag. Now that the other party had given up on him, there was no value for the police to dig up.

Where did you meet up with Raccoon?” Qin Yuan frowned and asked.

This was the only valuable clue they had now.

Unfortunately, Zhu Jun shook his head helplessly.

“Every time they hand over to me, they send someone to my shop to trade with me. I don’t know their address.”

“What about the contact information of the person they contacted you with?”

Bureau Chief Liu asked carefully.

“That’s true.”

As he spoke, Zhu Jun took out his phone, scrolled to a number, and handed it to Liu Yi.

Liu Yi was about to call someone to the technical department to find out the GPS location of this number.

Qin Yuan waved his hand and said,

Don’t waste your time. They’ll definitely cut off all contact with Zhu Jun once they know that he’s been arrested.”

Liu Yi still did not give up. He found his subordinates and took his phone to the technical department to work.

Sure enough, a few minutes later, his subordinate came back to report that the phone was turned off and was located in an abandoned warehouse on the outskirts of the city.

At this point, all the clues were cut off again. Alright, you’re one of the victims. In a sense, you’re on the same side as us.”

“Besides, you’re injured now. You should rest here.”

Liu Yi looked at Zhu Jun and said earnestly.

In essence, Zhu Jun was also an innocent person. He was just unfortunate enough to encounter the Daybreak Organization and become their victim..

Chapter 745: Lin Hai’s New Progress (2)

Qin Yuan also walked over and patted his shoulder.

“I’m very sorry for what I did to you before.”

“Rest well. I will do my best to help you save your wife and daughter.”

Hearing that Qin Yuan had made a promise to him, his unbelieving brows relaxed.

“Thank you so much! Captain Qin! If you can save my wife and children, I’ll definitely do my best to repay you!”

Zhu Jun’s tone was extremely excited and filled with incomparable gratitude.

The matters in City A were almost over. Qin Yuan walked out of the room and went to the balcony outside.

Bureau Chief Liu also came out. The two of them stared ahead on the balcony, and there seemed to be endless melancholy in their hearts.

“This time, I made a wasted trip again.”

Qin Yuan frowned.

“Actually, it’s not a wasted trip. After all, if you didn’t come, you wouldn’t know that it was in vain, right?”

Liu Yi comforted him.

Qin Yuan ignored Liu Yi’s teasing. He closed his eyes and slowly thought about the entire incident.

“There must be something that we missed. There must be something. The clues won’t be lost just like that.”

Qin Yuan muttered to himself.

Suddenly, Qin Yuan’s mind seemed to have a flash of inspiration. A fleeting thought suddenly appeared in his heart!

Then, the hint of emotion in Qin Yuan’s eyes immediately disappeared, and it was replaced by a calm and composed look.

“What’s wrong? From the looks of it, you’ve thought of a good idea?” Liu Yi, who was watching from the side, also became curious.

“Yes, it was just a risky idea. Now that the clues have been cut off, we can’t sit still and wait for death. We have to take the initiative to attack. This is the only way and the last way.” Qin Yuan said sternly. “What do you want to do?”

Liu Yi continued.

“I can only catch the big fish by being the bait myself.”

Qin Yuan said calmly.

When he said this, his expression did not change at all. His tone was no different from when he spoke.

However, when Liu Yi heard this, not only did his thoughts surge, but his face also revealed an extremely shocked expression!

He was using his body as bait!

It was equivalent to gambling with his life!

Ordinary people wouldn't dare to do such a dangerous thing!

"Are you crazy?!"

"Is it worth it for such a thing?"

Let's not talk about how dangerous this organization is. Just think about your identity and status. You shouldn't have done such a reckless thing!" Liu Yi hurriedly walked in front of Qin Yuan and looked into his eyes.

Qin Yuan's expression was still calm as he slowly spoke.

I've already thought about it many times. This is the best choice now."

"I was born for this kind of case."

Liu Yi saw an unshakable determination in Qin Yuan's eyes.

Then, he sighed. "It seems that no one can persuade you."

Liu Yi smiled bitterly.

"I used to be like this too. Aren't I still fine now?" Qin Yuan also smiled and comforted her.

"But this time, you're facing an unprecedented strong enemy!"

Liu Yi still did not want Qin Yuan to take such a big risk. After all, he was the captain of the logistics company. There was only one in the entire company. It would be a pity to lose him.

"I can send a special elite to investigate this case. Give me some time. I believe I can definitely solve it."

Liu Yi said seriously.

"It's not that I don't trust you, Chief Liu."

"It's just that it's most appropriate for me to do this. It can save a lot of your energy and resources, and it can also achieve the corresponding goal in the shortest time."

I'm an expert in tracking."

Qin Yuan's eyes emitted a sharp light.

Alright, I can't persuade you. If you need anything, just tell me. I'll do my best to support you."

Liu Yi spread his hands and said.

"Yes, as long as you don't interfere with me."

Qin Yuan smiled.

"I'll leave Zhu Jun to you."

"Of course. He's also a victim in this matter. Both publicly and privately, we have the obligation to take care of him."

‘ So, what’s your plan?’ Liu Yi asked.

“I’m not sure yet.”

Qin Yuan smiled.

He had only confirmed the initial goal. As for the specific steps, he still had to go back and discuss it with his brothers in the company before making a decision.

After all, there were many strategists in the company. “The matter here has been resolved. I should go back.”

Qin Yuan said goodbye to Liu Yi.

“Alright, it’s still the same. If you need any help, just let us know. We’ll be at your beck and call.”

Liu Yi said seriously.

Then, Qin Yuan returned to the hotel.

He began to pack his luggage and planned to rush back to the logistics company overnight.

The next morning, Qin Yuan took the train back.

At noon, they arrived at the logistics company.

As soon as he returned to the company, he saw Geng Hu, Long Xiaoyun, He Chenguang, and his brothers coming out to welcome him.

“Captain Qin, you’re finally back!”

Long Xiaoyun said with a smile when she saw Qin Yuan from afar.

“Thank you for your hard work! This trip!”

Geng Hu also hurriedly came over to welcome Qin Yuan.

“Go back and take a shower. Let’s have a good meal tonight!”

He Chenguang said with a smile.

“Hey, don’t be so happy. This matter isn’t over yet.”

Although Qin Yuan did not want to interrupt their fun, he had no choice but to reveal his true purpose this time.

“No matter what, you’ve worked hard. Let’s go back to the house first.”

With that, the few of them returned to the meeting room with Qin Yuan.

Qin Yuan sat in the middle with a few subordinates on both sides.

” Although I dont want to admit it, I have to say that this attack was a failed journey.”

Qin Yuan looked at the people present and frowned.

“Other than spending time, I didn’t find any clues about Daybreak.”

“Ah?”

“This...”

The people below the stage exclaimed.

“Even Captain Qin Yuan couldn’t find any clues. This ‘organization’ is too mysterious.”

“We also roughly know the ins and outs of the matter.”

Long Xiaoyun and He Chenguang expressed their understanding.

“Captain Qin, you don’t have to blame yourself too much.”

” After all, you’re facing an entire organization. You’re just a weak individual, and they’re in the dark while you’re in the light. You’re at an absolute disadvantage.”

Everyone encouraged Qin Yuan.

“In order to make up for this failure, I came back this time to discuss with you to launch another trap operation to lure out their officers.”

Oh, right. Is there any new progress with Lin Hai on Team Leader Jin’s side?” Qin Yuan asked.

” We’re not sure yet. We haven’t received any news from Team Leader Jin.”

“Why don’t we call him now and ask?”

He Chenguang suggested.

“That’s fine too. After all, the sea of trees is the key to the entire matter.”

Qin Yuan said.

He Chenguang had just taken out his phone when Qin Yuan’s phone rang.

“He called first.”

Qin Yuan said.

The phone showed that it was a call from Team Leader Jin.

“Hello, Team Leader Jin?”

“Hey! Captain Qin! I heard that you’re back?”

“Yes, I just returned to the logistics company. What’s wrong?”

“Aiya! What a coincidence! Just now, there was a new development in Lin Hai’s interrogation!”

“Come over quickly! I can’t explain it clearly over the phone!”

“I’ll wait for you at the station!”

Then, Team Leader Jin hung up the phone.

Qin Yuan's eyes immediately lit up.

There was a new breakthrough!

This was Qin Yuan's first subconscious reaction!

"Lin Hai has made new progress. I'll go to the police station." Qin Yuan said to Geng Hu, Long Xiaoyun, and the others.

Then, he put on his coat and immediately walked out of the door.

"Alright, go ahead. If there's anything, just tell our brothers. We'll wait for you here."

Geng Hu and the others were also straightforward. They did not ask any more questions and were very supportive of Qin Yuan's actions.

A few minutes later, Qin Yuan drove to the police station. He entered the door and walked straight to the bureau chief's office.

Team Leader Jin was sitting in the office. When she saw Qin Yuan, the doubt on her forehead dissipated a little.

It seemed that even though they had received new information, why was Team Leader Jin still so worried? "What did he say?"

Qin Yuan asked directly..

Chapter 746 - 746: There's a Snitch?

"Follow me to the interrogation room. You'll know later."

Team Leader Jin said, a hint of hesitation flashing in his eyes.

With that, the two of them went straight to the interrogation room.

At the door of the interrogation room, Qin Yuan looked inside and saw that Lin Hai was alone.

He sat upright inside with a relaxed expression, as if he was not in prison, but enjoying himself.

Qin Yuan entered the room and came to Lin Hai.

"You look quite energetic."

Qin Yuan looked into Lin Hai's eyes and said with a smile.

"Exactly. The conditions here are much better than mine. I don't have to worry about food and clothing. I've gained two pounds."

Lin Hai also looked at Qin Yuan with a subtle expression. It was impossible to tell if he was happy or worried. "I heard that you have something to say to us."

Qin Yuan went straight to the point.

Lin Hai looked at Qin Yuan with the same calm expression.

"You're back from your work."

Lin Hai did not answer Qin Yuan's question directly, but asked instead.

"Yes, do you know what I went to do?"

Qin Yuan felt a little depressed. Lin Hai was now a prisoner. How could he know his whereabouts when he was in prison?

"Of course. Don't think that I'm not a threat just because I'm sitting here."

Lin Hai looked at Qin Yuan and revealed a strange smile.

Qin Yuan frowned.

"You seem to be implying something. Do you mean that you still have the right to negotiate with me?" Lin Hai smiled.

"You are a smart person."

"Up until now, my organization has not given up on me. They are very angry, and the consequences are very serious."

Qin Yuan looked at Lin Hai's expression. It was as if he was the prisoner and the other party was the interrogator.

Qin Yuan could not help but feel a chill.

It was as if he was being watched by a pair of eyes. An unexplainable discomfort spread throughout his body.

"What is your purpose?"

Qin Yuan thought for a moment and frowned.

"You're a smart person. I don't think I need to answer this question." "You want to trade your freedom for information?"

"Hmph, you're the smartest person I've ever met. It's a big loss that I didn't poach you into the organization."

"Cut the crap. I'm not here to chat with you. Tell me your purpose."

Haha, you're a straightforward person. I like you even more."

"Don't be anxious. Listen to me slowly. You can't eat hot tofu in a hurry."

As he spoke, Lin Hai's expression became even colder. He said in a mysterious voice,

"Let them out first."

As he spoke, he looked at Team Leader Jin and his subordinates.

Team Leader Jin understood what he meant. She glanced at Qin Yuan and walked out with her subordinates.

In the huge interrogation room, only Qin Yuan and Lin Hai were left. The atmosphere was exceptionally quiet.

“To be honest, I do feel a little sympathetic towards you.”

Lin Hai looked at Qin Yuan, his eyes filled with admiration.

‘ I said, don’t talk about this nonsense. Let’s get down to business. Don’t challenge my patience again and again.”

Qin Yuan said in a deep voice.

He knew that this Lin Hai was not a kind person. He was extremely shrewd. It was not a rational choice to communicate too much with him.

Haha, don’t worry. I’ll tell you slowly.”

Lin Hai laughed again.

Qin Yuan frowned, feeling that he was stalling for time.

He looked at his watch. It had been more than ten minutes since he arrived, but there was no progress at all.

A moment later, Lin Hai finally spoke. “Do you know why I know about you?” Lin Hai laughed coldly.

That’s because I have a third eye.”

He is secretly observing your every move. All your actions are under my control.”

” Therefore, your operation has no chance of winning.”

“All of you are just useless chess pieces.”

At this point, Lin Hai laughed out loud.

In the end, you guys don’t even have the right to negotiate with me. I’m only saying this out of pity.”

“Hahahaha!”

Lin Hai’s laughter echoed in the interrogation room.

Qin Yuan could tell from his eyes that he was definitely not arrogant. He could only say these words with absolute confidence. ” Then, what’s the point of your conversation with me?”

“Meaning?”

Lin Hai grinned and frowned.

‘ I guess he wanted to admire the painful expression of his prey when it struggled!”

“You’re really crazy!”

Qin Yuan said disdainfully.

“Is that all you wanted to say to me?”

Qin Yuan finally asked.

“Of course not.”

“Today’s theme hasn’t started yet.”

“Just now, it was just some waves before the climax.”

“You’ve already guessed what I wanted to negotiate with you about today.”

“It’s very simple. I’ll provide you with information, including the details of the other officers in the organization, and then you’ll release them.”

Lin Hai looked confident, as if Qin Yuan and the others could not refuse these conditions.

‘Aren’t you afraid that they’ll turn angry and attack you if you betray your organization like this?’

Qin Yuan asked.

Lin Hai sneered.

“You don’t have to worry about me. You won’t be able to understand my understanding of them. You just have to consider the feasibility of this deal.”

“What if I refuse?”

Lin Hai looked at Qin Yuan and slowly raised his right hand in front of him. Then, his eyes lit up and he slowly clenched his fist..

Chapter 747 - 747: There’s a Snitch?(2)

It meant that this was the most peaceful solution. If Qin Yuan refused, then both sides could only use the worst solution.

At that time, it would be a war. “What specific information can you provide us?”

Qin Yuan asked calmly.

“Let me think, I know a lot...”

I’ll give you a taste first. Other than Raccoon, the other officers are called

Civet Cat and Green Snake.”

Lin Hai said coldly.

Qin Yuan fell silent.

It seemed that this Lin Hai indeed held a huge amount of information.

This was a very tempting condition.

“This kind of thing needs to be discussed with Team Leader Jin. I can’t make the decision myself.”

“After all, this is his territory.”

“I only trust you. I’ll only negotiate with you on this matter. There’s no room for negotiation.”

Qin Yuan fell silent. This matter had no effect on him.

However, it was necessary for Team Leader Jin to communicate with him.

He had to make a decision now. Qin Yuan knew that if he was indecisive, then Lin Hai would also become impatient and might change his mind at any time.

The current situation did not allow him to think too much.

‘ I promise you. Tell me the information, and I’ll give you your freedom.”

Qin Yuan said.

“Hmph, you’ve thought it through, right? Good.”

First of all, I am one of the four officers. You already know the names of the other three.”

” Their territories are located in three cities in the country.

Raccoon is located in City A.”

“Civet is located in City B.”

“Green Snake is located in City C.”

“Their status and rank in the organization are the same.”

However, they are not related to each other. They have their own camps and are not related to each other.”

“This organization is like this. No one can guess what they are doing. The only thing we can do is to complete the mission given by the higher-ups.”

” Then why did you contact Raccoon before?” Qin Yuan was puzzled.

” That’s because something happened to Raccoon.”

“The higher-ups sent me to support him.”

Qin Yuan fell silent.

The affairs of this organization were too complicated, making him a little confused.

However, Qin Yuan had recorded the address that Lin had provided just now.

“Do you have any other information about these officers?

Qin Yuan asked.

"I can only tell you that they are a hundred times more difficult to deal with than me. I hope you will take care of yourself and not try to provoke any of them. Other than their positions, I know nothing about them."

"That's the truth. Ever since I joined this organization, I've never seen anyone other than my own subordinates."

"How long have you been in this organization?"

"One year."

"I've already told you everything I know. When do you plan to fulfill your promise?"

"I'll go out and talk to Team Leader Jin."

I'll give you half a day to consider. When the time comes, you have to give me a clear answer."

Lin Hai looked at Qin Yuan with an unquestionable gaze. Okay, I'll give you your freedom tomorrow morning."

With that, Qin Yuan stood up and left the interrogation room.

When he reached the door, he saw Team Leader Jin and his subordinates waiting for him outside.

Qin Yuan was about to explain the situation.

Team Leader Jin immediately beat him to it and said,

"I've already heard about your conversation through the surveillance camera."

"You had no choice but to make this choice. I can understand how you feel, so I won't blame you for your decision."

He didn't expect Team Leader Jin to already know about what happened between them and even show such magnanimity.

This made Qin Yuan very grateful.

"Thank you for your support, Team Leader Jin. Please forgive me for making my own decisions. I was really forced to do so."

Qin Yuan said gratefully.

"I can understand how you feel. After all, this is a decision made for the sake of the big picture. If it were me, I would do the same."

Team Leader Jin patted Qin Yuan's shoulder and said.

"Moreover, if we don't agree to his request, he won't cooperate with us in the future. If this continues, we'll only get half the results with twice the effort."

"Overall, this is the best choice."

Okay, then we've reached a consensus. Let's find a time to fulfill our promise."

Qin Yuan said.

“Since the matter has already been decided, let’s release her tomorrow morning. How about that?” Team Leader Jin said.

“Alright.”

After the two of them finished their discussion, Qin Yuan returned to his logistics company.

Hearing the news of the negotiations with Lin Hai today, the brothers in Lian Li couldn’t help but be shocked. “What is it? Release her?”

“Did I hear wrongly? Captain Qin?”

He’s a living criminal, and we’re letting him go just like that?”

The hot-tempered Geng Hu said excitedly.

“That’s right! Why? This is the first time I’ve heard of such a method!” Long Xiaoyun was also puzzled.

Qin Yuan did not answer them immediately. Instead, he picked up a glass of water on the table and took a sip of water. “Let’s play the long game to catch the big fish, understand?”

Qin Yuan narrowed his eyes and said.

Everyone was instantly enlightened.

“I see! This way, everything made sense! Captain Qin Yuan is really far-sighted!”

“If we keep him alive, it won’t be of any use to the progress of the case. Why don’t we beat him at his own game and sell him a flaw? Then, we can lure the snake out of its hole and finally catch them all! So Captain Qin Yuan had such a wishful thinking!”

“How clever!”

Everyone praised.

” This is just my personal plan. It might not be realized.”

Qin Yuan frowned.

“The most important problem now is that there are spies from Daybreak in the police station.”

Qin Yuan’s voice was very low, but it spread to everyone’s ears.

‘ What? You mean there’s a mole among Team Leader Jin’s men?!” He Chenguang was shocked.

” Yes, because I found out from my contact with Lin Hai that he knows our whereabouts like the back of his hand. Think about it, how can a person in prison have such detailed information? Unless there’s an insider, I can’t think of any other way to do it.”

Qin Yuan said indifferently.

“Have you told Team Leader Jin?”

“No, I wasn’t sure if it was safe to communicate with him in front of him, so I came back to tell you guys first.”

“We can’t continue like this! We have to think of a way to find this mole!” Everyone said anxiously.

“Otherwise, if this continues, this mole will keep causing trouble internally. Sooner or later, there will be big trouble!”

Geng Hu said loudly.

“That’s why I came back to discuss with you how to solve this problem.”

“The only people I can trust now are you guys.”

Qin Yuan frowned.

“Why don’t we invite Team Leader Jin over and discuss it together? There’s something wrong with Team Leader Jin’s men. He can be trusted, right?” Long Xiaoyun suggested.

Qin Yuan lowered his head and thought for a moment. He felt that this plan was feasible.

“Okay, I think this method is good. I’ll call him later and tell him.”

Everyone nodded in agreement.

Then, Qin Yuan called Team Leader Jin and asked him to come to the logistics company with the reason that he had something important to discuss. He also emphasized that he had to come alone.

About ten minutes later, Team Leader Jin arrived at the logistics company alone.

Qin Yuan welcomed him at the door.

“Team Leader Jin, welcome to the logistics company! Thank you for your hard work!”

Qin Yuan said with a smile.

“Where? It’s my honor to be able to come to this sacred place!”

Team Leader Jin was also very polite.

“I didn’t expect Captain Qin Yuan’s logistics company to be even more rigorous than the official military camp. It’s really like the rumors. The name of the Iron-Blooded Logistics Company is really like thunder!” Qin Yuan smiled.

“Team Leader Jin, you flatter me. Come in and sit.”

As he spoke, Qin Yuan pulled Team Leader Jin’s arm and went to the living room inside.

“I actually have something very important to discuss with you.”

Seeing that it was about time, Qin Yuan spoke.

“Oh? What is so mysterious that I have to come here alone to discuss it?”

Team Leader Jin narrowed his eyes..

Chapter 748 - 748: Find the Traitor!

“To be honest, Team Leader Jin, that’s what Lin Hai said to me.” “He said that everything I do is under his control.”

In other words, he has a third eye watching my every move.”

In that case, he has an insider in the police station. This matter is a fact that’s set in stone.”

Qin Yuan said in a deep voice.

“What is it? There’s actually a mole in my territory?”

Hearing this, Team Leader Jin Gao Sheng exclaimed.

“I don’t want to admit it, but this is the truth.”

Team Leader Jin lowered her head and fell silent for a moment.

“I’ve been upholding a fair and honest law enforcement attitude for so many years. I didn’t expect that in such an environment, there would be a mole in the bureau! It’s really my mistake!”

“If there’s really a mole, then I won’t be able to hold on to my position as team leader!”

Team Leader Jin said in annoyance.

“Team Leader Jin, don’t say that. You’ve been in the bureau for so many years, and you’ve maintained a very high rate of solving all the cases. You can be called a model unit in the city. The fault of this matter isn’t on you!” “You don’t have to blame yourself so much!”

Geng Hu, Long Xiaoyun, and a few others all spoke up for Team Leader Jin.

“They are right. No matter how strong a person is, it is impossible for him to control everything. Team Leader Jin, you have already tried your best. I believe that the people in the bureau will understand and support you. I believe that you have a clear conscience for your contributions to the bureau over the years.”

Qin Yuan also persuaded.

“Moreover, the most important thing now is to find the mole, not to blame yourself here. ”

“You’re right.”

Team Leader Jin came back to his senses and rubbed his temples.

“Finding the traitor is my last mission.”

“Captain Qin Yuan, have you thought of any good ideas?”

“My plan is still the same. Don’t alert the snake. We’ll use the most stable method to lure the snake out of its hole.”

“Beat them at their own game and finally catch them all in one fell swoop.”

Qin Yuan said seriously. “How do we implement it?”

Team Leader Jin asked.

“Investigate all the police officers who have come into contact with Lin Hai. We will definitely find useful clues among them.”

“Also, install a miniature tracker on Lin Hai and track his whereabouts. I’ll be able to find out a lot of details.” “Captain Qin Yuan is brilliant!” Team Leader Jin exclaimed.

“I’ll go back and investigate this matter now!”

With that, Team Leader Jin stood up and was about to leave.

“Wait!”

Qin Yuan hurriedly pulled him back.

“It’s your bureau’s mission to investigate the surveillance footage of Lin Hai. I’ll arrange for you to install a tracking device on Lin Hai.” As Qin Yuan spoke, a strange light appeared in his eyes.

“Alright, let’s split the work. This way, the efficiency will be higher.” At this point, Team Leader Jin already had unconditional trust in Qin Yuan.

“Okay, see you later.”

After bidding farewell to Team Leader Jin, Qin Yuan came to Long Xiaoyun.

” The advanced technology that Lin Xiaoxiao recommended last time can be put to use now.”

Qin Yuan smiled.

“Ah! That’s right! If you didn’t mention it, I would have forgotten!” Long Xiaoyun slapped her forehead and said in realization.

“I’ll call him right now!”

Long Xiaoyun then ran out.

Not long after, Long Xiaoyun brought Lin Xiaoxiao to Qin Yuan.

When Lin Xiaoxiao saw Qin Yuan, her face was filled with unconcealable joy.

“Captain Qin! I haven’t seen you for a long time!”

Lin Xiaoxiao said excitedly.

” Yes, I heard that you’re very powerful. I want to see it for myself today.”

Qin Yuan smiled and went straight to the point.

“Of course! I knew you were here for my invention! I’m ready!”

As she spoke, Lin Xiaoxiao took out a small box from her backpack.

Opening the box, there was a small round plate the size of a fingernail.

” This is my first invention, and also my strongest invention-the miniature tracker! ”

Lin Xiaoxiao said proudly. “How do I use it?”

Long Xiaoyun asked.

“It’s very simple. Let me demonstrate it to you.”

As Lin Xiaoxiao spoke, she picked up the tracker and put it on her body. Then, she took out a palm-sized circular display from another backpack.

Everyone looked up and saw a radar-like pattern.

A green dot was displayed in the middle, which should be the location of the tracker.

“This doesn’t seem to be any different from an ordinary tracking device.”

Long Xiaoyun was puzzled.

“Look carefully.”

They looked in the direction Lin Xiaoxiao was pointing.

There was a small number in the middle of the radar, which showed 1.03.

“What is the meaning of this?”

“This shows the distance between the radar and the tracking point. Now, this

1.03 is 1.03 meters between the two instruments.”

My tracking device has a maximum tracking distance of 30 kilometers. This distance is far beyond the reach of any trackers on the market.” “The trackers on the market can only reach up to ten kilometers.”

“Moreover, my tracking device is very stable. It’s made of special materials.

Whether it’s dissolved in fire or soaked in water, it won’t affect its function.”

Lin Xiaoxiao said proudly.

“Not bad!”

Long Xiaoyun exclaimed.

“Are there really no flaws?”

“Yes, if I have to say a weakness, it’s only that his system is too complicated.

Perhaps the person who uses it doesn’t know how to operate it.. Hahahaha!”

Chapter 749 - 749: Find the Traitor!(2)

Lin Xiaoxiao smiled.

“Haha! There was no need to worry about that. Captain Qin Yuan was very smart! This time! I can guarantee that everything will be foolproof!”

“Of course! My invention is not useless!”

Lin Xiaoxiao said proudly.

“Thank you so much!”

Qin Yuan was also very happy. His brothers in the company could finally be put to use.

“If everything goes well, Xiaoxiao, you’ve done a great deed!”

Qin Yuan smiled.

“When you return victorious, remember to invite me to a feast! Haha!” Lin Xiaoxiao said proudly.

“Yes, no problem at all. If everything goes well, it won’t just be a big meal. I’ll directly let you advance by two levels!” Qin Yuan smiled.

The few of them chatted for a while.

Qin Yuan left the logistics company and went to the police station.

It was three o’clock in the afternoon when they arrived at the police station.

Qin Yuan walked straight into Team Leader Jin’s office.

“Hey, Captain Qin, is it done?”

Team Leader Jin was sitting in a chair, looking at a computer file.

“Yes, I’ve already prepared the tracking device. How are things on your side?” Qin Yuan asked.

“I’ve already investigated all the videos! We’re preparing to get the relevant personnel to come over for an inspection! ” “I believe we will definitely gain something!”

Team Leader Jin said seriously.

“How many police officers have come into contact with Lin Hai?”

Qin Yuan asked.

” According to the recording and the arrangement, there are five of them.” Team Leader Jin replied.

“These five people have been with me for a long time. They are all my trusted subordinates. I really can’t accept that one of them is a spy of the other party.” Team Leader Jin was a little annoyed.

“Don’t be disappointed. The spy might be disguised as your subordinate. The real person might have already been imprisoned.”

Qin Yuan comforted her. “Yes, I also believe that this is the truth.”

“Have you gathered them all?”

“Yes, I’ll be there soon.”

The two chatted for about five minutes.

The door opened, and five people walked in according to Team Leader Jin’s instructions.

The first person was Liu Ming from the technical department. He was thirty-three years old this year and had worked in the bureau for more than ten years.

The second person was Zhu Jun from the Public Security Department. He was thirty-eight years old and had been an employee for more than ten years.

The third person was Wang Meng from the criminal department. He was the youngest, twenty-three years old. He was a fresh university graduate this year.

The fourth person was He Yuan from the population management department. He was 25 years old.

The fifth person was Li Jun from the internal security department. He was 28 years old.

Team Leader Jin briefly introduced the identities of these people to Qin Yuan.

Qin Yuan looked at these people. Everyone’s expressions were very calm. They all knew the purpose of his visit.

From their eyes, one could not tell why.

“In order, tell me in detail about your whereabouts over the past few days.” Team Leader Jin said.

The few of them explained their whereabouts and their own details over the past few days.

Liu Ming, who was in the technical department, had come into contact with Lin Hai once while he was monitoring him. According to him, he had come into contact with Lin Hai to confirm whether the technical items on Lin Hai had been completely removed.

The second person was Wang Meng from the Criminal Division. He was the person who had the most contact with Lin Hai. As long as Qin Yuan and Team Leader Jin had contact with Lin Hai, he

would be by the side. In theory, he was the person who had the most chance of colluding with Lin Hai.

The third person, Zhu Jun from the Public Security Department, had come into contact with Lin Hai three times during routine inspections. He was also suspected of committing the crime.

The fourth person was He Yuan from the population management department. He had come into contact with him once when he was investigating Lin Hai's social identity.

The fifth person was Li Jun from the Internal Security Department. This person had also had a brief contact with Lin Hai during the routine inspection, and there was no direct relationship between them.

All five of them described their interactions with Lin Hai.

After Qin Yuan and Team Leader Jin heard this, they felt that there was nothing suspicious.

This made the two of them very puzzled.

Just as they were at a loss, a piece of good news came from the monitoring room.

A Police officer rushed over and asked Team Leader Jin to go to the monitoring room, saying that there was a new discovery.

Qin Yuan and Team Leader Jin looked at each other and immediately asked a few people to watch the five of them. The two of them rushed to the surveillance room.

When they arrived at the monitoring room, the leader of the monitoring team was already waiting for them.

Seeing Qin Yuan and Team Leader Jin arrive, he hurriedly said.

"Team Leader Jin, look! There's something suspicious here!"

Team Leader Jin and Qin Yuan looked in the direction of the display screen.

It showed that it was past ten o'clock in the evening. A black shadow appeared in the originally empty prison cell at 10:25.

The black figure was not tall and was dressed in black clothes. His gender and age could not be seen. He held a gray briefcase and quietly walked to the door of Hai Lin's cell. He threw the briefcase into the cell through the gap and then turned around to leave. During this period, he did not have any contact with Hai Lin. He might not even know that someone was coming.

Team Leader Jin was shocked. There was actually someone who blatantly colluded with the prisoners like this. It was really too infuriating!

"Check the surveillance cameras immediately!"

Team Leader Jin berated.

"Yes!"

The few of them then pulled out the specific surveillance video of the prison entrance after 10 p. m. that night.

Then, he found the security officer who was on duty that day.

From the video, after 10 o'clock that day, there was indeed an unidentified police officer who entered the cell. Due to the angle, his face could not be seen. From the figure, it was basically the same as the man in black.

It seemed that this person was basically the police officer who colluded with Lin Hai. Moreover, he was someone who was familiar with the police officer. Otherwise, it was impossible for him to enter the prison so smoothly.

Furthermore, he was very familiar with the location of the prison's surveillance system.

It was not a coincidence that he had cleverly avoided the surveillance cameras.

Two police officers on duty came to Team Leader Jin.

"You should remember what happened yesterday very clearly."

Team Leader Jin said with an inviolable dignity.

"Yes, we all remember! Last night at around ten o'clock, Li Jun from the Internal Security Department said that it was your order, Team Leader Jin. He wanted him to come and confirm Lin Hai's safety, so he came in!"

Hearing this, Team Leader Jin was shocked.

He had never given Li Jun an order to meet Lin Hai!

"Arrest Li Jun immediately!"

Team Leader Jin immediately ordered.

"Yes, sir!"

A few police officers beside him received the order and immediately went to the interrogation room to arrest him.

Team Leader Jin and Qin Yuan followed closely behind and rushed to the interrogation room.

Just as they arrived at the door of the interrogation room, a police officer came out and said to Team Leader Jin with a sobbing tone,

"Team Leader Jin! Li Jun ran away!"

"What is it? What happened?"

Team Leader Jin was furious.

"Just now, Li Jun went to the bathroom and ran away through the small window! "

"Are you all useless!"

Team Leader Jin instantly flew into a rage.

"Immediately arrange for someone to chase after him! He can't have run far alone!"

"Yes, sir!"

A few people immediately gathered the police officers and went out to chase after them.

“We’re always a beat slower than each other.”

Qin Yuan sighed.

“I’m really sorry, Captain Qin. I didn’t make proper arrangements and let the prisoner escape.”

Team Leader Jin turned her head and said with an annoyed expression.

“It’s okay. This is something that normal people wouldn’t have thought of.

They’re just too cunning.” “What about Lin Hai?”

Team Leader Jin asked.

“We have no choice. Since we have promised him, we have to fulfill our promise. Let him go tomorrow morning.”

Qin Yuan said.

“Alright.”

“I’ll track Li Jun down the entire time. I’ll definitely arrest him.” Team Leader Jin said seriously.

Alright, then I’ll go back to the logistics company first. I’ll come back tomorrow morning.”

Qin Yuan said.

Then, Qin Yuan left the police station and returned to the company. “Captain Qin! I heard that there are new clues over there?”

Geng Hu immediately ran over and asked after returning to the company..

Chapter 750 - 750: Capture the Fugitive!

“Stop talking. It’s all for nothing.”

“In the end, it still depends on the strength of our brothers.”

Qin Yuan frowned.

“What’s wrong? Have you found the mole?”

Geng Hu, He Chenguang, and Long Xiaoyun rushed over and asked. “I found it, but from a certain perspective, I didn’t find it.”

“What do you mean?”

The few of them were puzzled.

“I just found out who it was, but the other party beat me to it and ran away.”

Qin Yuan frowned and spread his hands.

“Sigh! What a pity!”

“However, I also installed Xiaoxiao’s tracking device on him.”

Qin Yuan’s eyes lit up, and a smile appeared on his lips.

The few of them were shocked.

“Captain Qin is really thoughtful! I didn’t expect you to have a hidden card!”

“After all, it’s not stable to rely on Team Leader Jin and the others. It’s best to rely on your own ability.”

“Yes! Relying on yourself is the way!”

Get Xiaoxiao over here. Where has the target moved to?”

Qin Yuan said.

Long Xiaoyun immediately called Lin Xiaoxiao over.

“Captain Qin! You’re using it so quickly!”

Lin Xiaoxiao smiled.

“Well, this is my trust in you!”

Lin Xiaoxiao took out the radar and saw a small green dot on it.

The number next to it was 8.5.

“Does that mean he’s 8.5 kilometers away from us?”

Long Xiaoyun asked.

“Yes.”

As Lin Xiaoxiao spoke, she tapped on the monitor screen. The green radar detection circles on the screen slowly turned into a map of the city.

The two points directly showed a route with seven turns and eight turns.

“This device will automatically calculate the optimal distance between the two locations, saving you the time to navigate.”

Lin Xiaoxiao’s brows relaxed as she looked pleased with herself.

“It’s really high-tech! It was indeed extraordinary! Let’s set off immediately!

Maybe we can catch them before Team Leader Jin!”

Hey, we’re not here to compete with others. We’re all in the same field. Whoever completes the mission first can do it. There’s no competition!”

Qin Yuan corrected.

“Yes, sir! Then I’ll arrange for someone to set off immediately?”

Geng Hu asked. "I'll go with you."

Qin Yuan said calmly.

"Good! The two of them can take care of each other. There's no problem at all."

' Then I'll go back and tidy up my things. See you in five minutes!"

Geng Hu then returned to his room.

"I'll also go and prepare some things. We'll set off later."

Qin Yuan also returned to his room to get his weapons and props.

Since they were going to capture someone, they naturally had to be well-prepared.

Although he was just an insignificant police officer, he was still a member of the Daybreak Organization. He could not be underestimated.

Five minutes later, the two of them gathered at the entrance of the logistics company. "Let's go. Everything is ready."

Geng Hu said.

"Yes."

Qin Yuan touched the baton at his waist and said.

I'll drive. The target is an abandoned house in the suburbs nine kilometers away."

Geng Hu took out the radar that Lin Xiaoxiao gave him and looked at the map.

The two of them got into the car, and the engine started. With a whoosh, they drove to their destination.

The journey was not bumpy. The nine kilometers took about ten minutes.

"We're lucky today. There's no traffic jam!" Geng Hu said happily.

"Don't drive directly to your destination."

"There's still about a kilometer left. Let's get out of the car and walk there."

Qin Yuan said.

"Alright, Captain Qin is still cautious."

The two of them parked the car in a hidden forest on a field one kilometer away from the abandoned house of the bureau.

The two of them got out of the car and carefully walked over.

They were already in the countryside outside the city. They were surrounded by paddy fields planted by farmers. Between the paddy fields were scattered self-built houses. The two of them wore casual clothes and walked towards their destination as if nothing had happened.

As they got closer and closer to the abandoned house, there were fewer and fewer people around.

Originally, he could still see a few buildings on both sides of the road. Now, it was a desolate mountain wilderness.

As they got closer and closer to their destination, the two of them saw a two-story abandoned building in the distance.

According to the map, this was their destination.

“It’s dark here. It doesn’t look like there’s anyone here.”

The two of them went to a bush in front of the house and hid. Geng Hu frowned.

“Look at the radar, the real target is here. Are you questioning Xiaoxiao’s technology?”

Qin Yuan said coldly.

Geng Hu fell silent.

“But this place is dilapidated and simple. It’s airy on all sides. No matter how you look at it, it doesn’t look like it can hide people.”

Geng Hu asked, puzzled.

‘ Let’s ignore these external factors for now. We’ll slowly explore the place.

Don’t reveal any traces. When we get inside, we’ll act according to the situation. Remember, don’t be too harsh.”

Qin Yuan said in a low voice.

Then, the two of them slowly explored the house.

This abandoned house was a self-built house that had not been completed. It was only built in a rough shape, so it naturally did not have a lock. The two of them passed through the fence at the side and entered the first floor. It was dark and silent inside. At most, they could only hear the sound of insects nearby.

The area of the house was not considered big. There were a few cubicles on the first floor, which added up to about 200 square meters.

The two of them checked every corner of the first floor and did not find any clues..
