

Special Troop 751

Chapter 751 - 751: Capture the Fugitive!(2)

If someone had really stayed here, there would definitely be clues left behind, such as leftover food, used items, wiped floors or walls, and so on.

However, the two of them even secretly checked the scene with their flashlights, but they really couldn't find any useful clues.

Geng Hu began to mutter in his heart.

"Is there really something wrong with the radar?"

"There's still the second floor that we haven't seen yet. Let's go up and check first."

Qin yuan said In a IOW voice.

As they spoke, the two of them groped their way up to the second floor.

The architectural style of the second floor was similar to that of the first floor. The area was similar, but there were a few more balconies. The layout was not complicated. The two of them fumbled around for a few minutes and basically finished exploring. They still found nothing.

"Strange."

Geng Hu picked up the radar in his hand and looked at it.

The green dot on it was still shining on the spot.

"It clearly shows that it's here. Could it be that this person knows how to fly?"

Hearing Geng Hu's words, Qin Yuan's eyes suddenly lit up. "You're right. It's really possible that he can fly and burrow."

"We've overlooked an important clue."

Qin Yuan sneered.

It was as if he had found a breakthrough. "What did you say? We've already searched every inch of this house."

"Are we going to turn this house upside down?" Geng Hu frowned in confusion.

"No, there's another key factor that you've overlooked."

"The basement."

Qin Yuan said indifferently.

Geng Hu was enlightened.

"That's right! I forgot about this. Look at my memory!" "But the building doesn't look like it has a basement!"

Geng Hu looked around and rubbed his head.

The first floor of this abandoned house was surrounded by walls, and there was no passage leading down. Geng Hu was very puzzled.

Qin Yuan was very familiar with this situation. Previously, at Lin Hai's research institute, there was such a secret path.

Qin Yuan did not say anything. Instead, he observed his surroundings carefully.

Sure enough, with Qin Yuan's experience, he quickly found something fishy on the wall.

There was an inconspicuous dent on the originally dilapidated wall. If one did not touch it with one's hand, one would not be able to see it with the naked eye.

The position of this depression would naturally cave in when pressed down with one's hand.

As expected, after Qin Yuan's operation, a rumbling sound came from the ground on the first floor.

The stone slab on the ground moved to the side, and a passage leading down appeared.

"Your observation is really too detailed! Captain Qin! Why didn't I find it just

Geng Hu said in surprise.

The passage extended downwards. It was pitch-black inside, and he could only feel a slight breeze blowing. It was especially cool at night.

This underground cave was not shallow. Our destination is up ahead. Make the final preparations."

Qin Yuan stared inside and said in a deep voice.

"Although our target is inside, it doesn't mean that there are no others." Qin Yuan said sternly.

"I have to be extra careful. If I'm careless, it will cause irreparable consequences."

Geng Hu nodded seriously.

In order not to alert the enemy, the two of them did not turn on the flashlight and walked underground in the dark.

The path below was not complicated. There was only one path that extended into the depths of the darkness.

Geng Hu was walking in front. He wasn't looking at the radar in his hand. The target was only ten meters away from him.

The distance between the two sides was getting closer and closer, and his heart began to feel uneasy and nervous.

In such a dark environment, the naked eye could not see at all. They could only rely on their fingers and hearing to determine the direction they were going. Soon, the two of them followed the road and arrived at an exit ahead.

In front of them was a dimly lit house.

"We're here!"

Geng Hu whispered.

The small house in front of them emitted a dim light, and the situation inside could not be seen clearly.

The radar in Geng Hu's hand indicated that the target was inside.

"Let me walk in front."

"Take care of him from behind."

Qin Yuan said to Geng Hui. Then, he took a step forward and walked in front of Geng Hu, slowly exploring the small house.

Just as he stepped into the house, a black shadow appeared from the right.

"Captain Qin, be careful!"

Geng Hui shouted from behind.

Qin Yuan's brows tightened. He had already made all the preparations. His body instantly twisted and turned to the side in a spiral shape. Then, he stretched out his right hand and grabbed the other party's shoulder. He threw him to the side with a backhand.

The other party staggered and was flipped to the ground by Qin Yuan.

Seeing this, Geng Hu also rushed forward and subdued the criminal.

Then, he turned on the flashlight and shouted,

"Are you Li Jun?"

The man's eyes revealed a trace of anger, which then turned into fear.

"Impossible! You actually found this place!"

Qin Yuan walked forward and grabbed the other party's collar with one hand. He said in a deep voice,

"You are now my prisoner. Answer my question first."

"I... I don't know. I'm Li Jun."

"What do you want...? I don't know anything."

Li Jun had already changed into a black night suit, and his eyes revealed an unconcealable fear.

"You know our goal. I won't let you leave this place easily."

Qin Yuan said.

"Everyone has to be responsible for his actions."

As he spoke, Qin Yuan turned the back of his hand and struck the other party's neck. Li Jun immediately fainted.

"Take him back and hand him over to Team Leader Jin."

With that, Qin Yuan walked out of the basement.

The two of them escorted Li Jun back to the car and returned to the police station.

Team Leader Jin paced back and forth anxiously in the bureau. When he saw Qin Yuan and Geng Hu bring them back, he could not help but be surprised and happy.

“Captain Qin? You actually captured Li Jun?”

“I sent dozens of armed police officers to search the entire city! I didn’t expect the two of you to bring her back at an extraordinary speed!”

Team Leader Jin’s face revealed a look of reverence.

“Your efficiency can be said to be shocking!” Team Leader Jin couldn’t help but praise him.

Qin Yuan raised his eyebrows.

“I just used some efficient methods.”

“The process is not important. What we care about is the result.”

“Hurry up and bring him up for questioning. I have a feeling that he contains a huge amount of information.”

Qin Yuan said in a deep voice.

“Yes, she’s already in the interrogation room. We’ll go over now.”

They went to the interrogation room together.

Li Jun was sitting in the interrogation room with handcuffs on his hands.

“Li Jun, do you understand your current situation? Team Leader Jin frowned and asked in a low voice.

Hmph, the lackeys of the military, pui!”

Li Jun was a tough nut to crack. He scolded Team Leader Jin while spitting on the ground.

“I’ve treated you well for so many years, but I didn’t expect you to invite a wolf into your house! He had raised an ingrate! You’re really blind!”

Team Leader Jin was furious. He slammed his right hand on the table and stood up, shouting loudly.

“Team Leader Jin, don’t be angry. You’ll fall into his trap.” The auxiliary police officer reminded him.

“I know, but I just can’t take this lying down! Humph!”

Then, Team Leader Jin sat down again.

“Captain Qin, you do the interrogation. I think your method will be fairer than mine.”

Team Leader Jin sat to the side.

Seeing that Team Leader Jin was determined, Qin Yuan could not refuse. He went to Team Leader Jin's seat.

"Li Jun, what is your motive for doing such an extreme thing? Don't you have any feelings of good and evil in your heart?"

Qin Yuan asked.

"Humph! A bunch of hypocritical villains. Don't think that I don't know what bad things you're doing behind my back!"

Li Jun's gaze was not on Qin Yuan, but on Team Leader Jin.

Qin Yuan seemed to have noticed the abnormality.

There must be some unspeakable secret between Li Jun and Team Leader Jin.

Qin Yuan frowned and said sternly,

"We've always been open and aboveboard. You slandering us like this is a crime of slander.."

Chapter 752 - 752: Setting Out Again

"Humph! I'm not lying! If you don't believe me, ask the person beside you!" Li Jun's attitude was still very firm as he replied with a cold smile.

Qin Yuan frowned and looked at Team Leader Jin.

Just as Qin Yuan had expected, Team Leader Jin seemed to have been hit by an invisible weapon. His face was covered in bruises as he looked ahead solemnly.

It's our private matter. Don't get entangled here. Besides, even if you have resentment, you can only target me. You shouldn't vent it on others and bring negative effects and burdens to society."

After a long time, Team Leader Jin squeezed out this sentence.

"Hmph, no matter what you say, my hatred will never be eliminated! As long as I'm alive, I won't give up on my revenge! Just you wait!"

Li Jun gritted his teeth.

The interrogation had already gone on for more than a minute. Other than the grudge between the two of them, nothing else had been asked. This made Qin Yuan very angry.

"Alright, you're not going to tell us the truth, are you?" Li Jun rolled his eyes at Qin Yuan and did not say anything.

It meant that he did not intend to answer.

"I think as a former police officer, you should know that criminals have the obligation to cooperate with the police. If you don't report the case, you will face the risk of legal action."

Qin Yuan was not in a hurry and explained the reason to him.

When Li Jun heard this, he was stunned at first, then his face revealed a bitter expression that was difficult to hide.

Yes, if he refused to cooperate, the police would sue him for refusing to cooperate. In that case, his crime would be even more serious.

Looking at the panicking Li Jun in front of him, Qin Yuan's expression was calm.

"Think carefully now. Do you hate Team Leader Jin or the country? This kind of thing can't be solved by being impulsive." Qin Yuan said sternly.

After thinking for a while, Li Jun finally relented.

In the end, he still chose to look at the big picture.

"You win, I'll say it."

"The reason why I colluded with Lin Hai was because he offered me a generous condition that I couldn't refuse."

"He took advantage of the time when I was in contact with him to send me a note with his conditions written on it."

"His condition is that as long as I can provide him with information on the police's movements, he will seek a place for me in the organization. At the very least, I will be able to reach the position of a department."

"Do you trust him that much? And give up on the achievements that the police have accumulated over the years?"

Team Leader Jin widened her eyes and asked with an incredulous expression.

I've said before that I have a deep prejudice against you. It's only a matter of time before I leave this place. This incident has given me a sufficient reason."

It doesn't matter what conditions he offers. What's important is that I want to leave this place."

Li Jun's tone was firm.

"After that, just as you saw from the surveillance cameras, I had a closer relationship with him. After that, he was supposed to leave this place with me, but I didn't expect Qin Yuan to be one step ahead of me and find my traces."

"How preposterous!"

Team Leader Jin slammed the table and stood up again.

"How dare you do such dirty things under my nose! You're rebelling!" 'Team Leader Jin, now is not the time to be angry. We should consider what to do next.'

Qin Yuan reminded Team Leader Jin.

Team Leader Jin suppressed his raging anger and continued to ask Li Jun,”

“Do you know anything else about Daybreak?”

“I just joined two days ago. I’m not even a formal employee. What information do you think I can get?” Li Jun asked with a sneer.

“Humph!”

“Put him in jail!”

With Team Leader Jin’s order, two police officers brought Li Jun into the cell.

“Bring Lin Hai up! I want to have a good chat with this person!”

Team Leader Jin was furious.

The two police officers beside him immediately walked out and prepared to summon Hai Lin.

However, after a few minutes, the two of them rushed back with aggrieved expressions.

“Team Leader Jin! Lin Hai has escaped from prison!”

“What?”

Team Leader Jin was shocked.” Wasn’t he here yesterday?!” How did you manage the prisoners?”

“Then... He probably thought that when the police went out to arrest Li Jun yesterday, the bureau was empty, so Lin Hai took advantage of the loophole and sneaked away...”

The two of them looked aggrieved.

“Bring me to the scene immediately!”

Team Leader Jin shouted.

Then, Team Leader Jin brought the investigation team and Qin Yuan to Lin Hai’s cell.

When they arrived at the door, there were already a few police officers who had tape around the door. On it was written that no entry was allowed.

“Team Leader Jin!”

“Team Leader Jin!”

A few police officers guarding the door saw Team Leader Jin and greeted him loudly.

“When did she go missing?”

Team Leader Jin asked.

“Last night, around three o’clock in the morning!”

A young policeman at the front said.

“How did he escape?”

“I climbed out through the window on the wall!”

“How did he unlock the handcuffs?”

Team Leader Jin was getting angrier.

“This... We don’t know. When we came here, there was a pair of broken handcuffs on the ground.”

“The surveillance cameras and guards outside didn’t see Lin Hai escape?”

Because the lights were dim at night, he walked to the gate and attacked the guards before escaping.”

The two police officers said in annoyance..

Chapter 753 - 753: Set Off Again (2)

Team Leader Jin suppressed the anger in her heart and continued to ask.

“Are there any other clues?”

“No, there are only these handcuffs left at the scene.”

The two police officers whispered.

Qin Yuan walked inside and used his gloved hands to check the broken handcuffs. Then, he began to observe them carefully.

The handcuffs were no different from ordinary ones, except that there were some new scratches on the lock. It could be seen that someone had forcefully pried them open with a needle-like object.

Judging from the damage, the other party was an expert in picking locks.

Qin Yuan looked at the skylight at the side.

The rectangular skylight had been pried open, and the size was just enough to accommodate a person.

At this moment, another terrifying thought appeared in Qin Yuan’s heart.

There was more than one spy in Lin Hai.

Otherwise, he would not have been able to obtain such a sophisticated escape tool and a seamless escape route when Li Jun had already been arrested.

Thinking of this, Qin Yuan could not help but break out in cold sweat.

This Daybreak Organization was far more terrifying than he had imagined.

In fact, any action on his side now was in the other party’s hands.

Thinking of the current situation, combined with his conversation with Lin Hai, he felt like he was being played by the other party.

“Team Leader Jin, shall we go back to the office and talk?”

Qin Yuan said.

“Alright, there aren’t any valuable clues here, but you still have to lock this place down, understand?”

Team Leader Jin said to the police officers.

“Yes, team leader!”

The two of them returned to the office.

“How is it? Any leads?”

Team Leader Jin sat down and asked Qin Yuan anxiously without even taking a sip of water.

” Team Leader Jin, I have bad news for you. The bureau might have been infiltrated by ‘Xiao Yan’;.” Qin Yuan frowned.

“What do you mean?”

“Could it be that my police station has been completely controlled by Xiao Yan

Team Leader Jin was shocked.

“That’s hard to say. At least we can be sure that Li Jun is the only spy in Lin

Qin Yuan said in a deep voice.

“This organization is too scary!”

Team Leader Jin’s voice began to tremble. “Then what should we do?”

“Why don’t I ask the city for help?”

Team Leader Jin looked helpless.

“There’s no hurry. Give me half a day. I can still try to salvage the situation.”

“Ah, alright. Since Captain Qin Yuan has said so, I definitely won’t stop you. Let’s settle the matter like this. I’ll also clean up the mess that has been going on for the past two days.”

“Okay, then I’ll go back to the logistics company first. If there’s anything, we’ll discuss it over the phone.”

With that, Qin Yuan left the police station.

The reason why he asked for half a day from Team Leader Jin was not without reason.

This was because he had planted Lin Xiaoxiao’s tracking device on Lin Hai when he was in contact with him.

This time, he planned to use the same trick as bait again.

However, it was a big fish this time.

“Oh! Captain Qin Yuan is back!”

When the brothers in the company saw Qin Yuan, they greeted him warmly.

“Get Lin Xiaoxiao here.”

Qin Yuan returned to the meeting room and shouted to his subordinates.

Geng Hu, Long Xiaoyun, and the others also came over. They were well-informed and knew what had happened at the police station today.

After a while, Lin Xiaoxiao came over with a tracking device.

“Captain Qin, your efficiency is really high. It’s only been two days and you’ve already used it twice.”

Lin Xiaoxiao said with a smile.

“Isn’t that so? I have to thank you so much. Without your high technology, I don’t know where I would be suffering now.”

Qin Yuan teased.

“This is called using good steel on the blade!”

Lin Xiaoxiao smiled.

” This time, we’re chasing after Lin Hai. Do you have any leads on him?” Qin Yuan asked seriously.

Lin Haike was different from the previous people. He was an extremely troublesome person. He was a cadre in the organization. The arrest of him had to be planned carefully.

Lin Xiaoxiao took out her special tracking device.

The green dot displayed on it was about five kilometers away from the logistics company.

This surprised Qin Yuan.

“I didn’t expect this old thief to still be in the city! How bold! ” “The most dangerous place is the safest place, right?” Geng Hu and Long Xiaoyun exclaimed.

“No matter where he is, he can’t escape my palm.”

Lin Xiaoxiao said confidently.

“We’ll leave now. Team Leader Jin only gave us half a day. This matter must be resolved today.”

Qin Yuan said.

It was already past two in the afternoon.

There was not much time left for Qin Yuan and the others. “This time, come with me.”

Qin Yuan looked at Lin Xiaoxiao and said with a glint in his eyes.

“Lin Hai is an extremely dangerous person, and I need your professional knowledge.”

“Alright.”

Lin Xiaoxiao smiled.

“It’s rare for Captain Qin to take a fancy to me. I’ll do my best to help you.” “Alright, let’s pack up and set off immediately.”

A few minutes later, the two of them arrived at the entrance of the building and got into Qin Yuan’s car together.

Lin Xiaoxiao was carrying a big backpack. It looked like it was full of things.

“What’s in here? Do you need to bring so much equipment to catch someone?”

Qin Yuan teased.

“Don’t underestimate my treasures. They might be able to save your life later!” Lin Xiaoxiao snapped.

Qin Yuan smiled and did not say anything else. He started the engine and drove towards the destination marked on the radar.

They were very lucky along the way and didn’t encounter any traffic accidents.

Ten minutes later, the two of them arrived at their destination in the city center.

The car stopped about a kilometer away from the target building.

“Where is he exactly?”

Qin Yuan asked. In a commercial building in front.”

Lin Xiaoxiao replied.

“This old thief is really brazen enough to actually enter such a place.” Qin Yuan frowned.

It had to be known that Lin Hails imprisonment had been broadcasted throughout the city. It could be said that most people had gotten to know Lin Hai’s appearance through television. They did not expect him to appear in such a place. They did not know if he was brave or if he had walked into a trap.

Qin Yuan got out of the car. He was still wearing a casual suit today, like a business person who had come to do business.

Lin Xiaoxiao’s attire was basically the same as Qin Yuan’s. From an outsider’s point of view, there was basically no clue.

Lin Xiaoxiao walked beside Qin Yuan with a backpack on her back. She raised her head towards a tall building in front of her, indicating that Lin Hai was inside.

Qin Yuan understood and walked straight to the building. Lin Xiaoxiao followed closely behind him.

This was the most prosperous commercial street in the city center. The flow of people was rapid. If there was a commotion here, it would definitely cause panic.

The more panicked the crowd was, the higher the possibility of Lin Hai escaping.

Thinking about it, it wasn't completely unreasonable for Lin Hai to choose this place.

A few minutes later, the two of them arrived at the downstairs of the target building.

This was an inconspicuous commercial building nearby. It was only 20 stories tall and was the most ordinary existence among the nearby buildings.

The two of them walked into the lobby, and the hostess in front of them nodded and smiled at them to welcome them.

The decorations here were very magnificent. From the magnificence of the decorations, it could be seen that the people working here were all from the upper class of society. They were either rich or noble.

Lin Hails social circle was really wide, involving many fields of society. This made Qin Yuan have a new evaluation of Lin Hai in his heart.

Lin Xiaoxiao took out the radar and fiddled with it with her finger. The two-dimensional image became a three-dimensional image.

It showed the three-dimensional structure of this floor, and the target that was emitting green light was located in a room on the 20th floor.

"I really have foresight. Bringing you here has indeed saved me a lot of trouble."

Qin Yuan could not help but praise.

Hey, this instrument has many functions. There are some that you don't even dare to think about!"

Lin Xiaoxiao raised her eyebrows.

Then, the two of them took the elevator in the building together..

Chapter 754: Lin Xiaoxiao l s Great Creation

A minute later, the two of them arrived at the twentieth floor.

As expected, the architectural style of this floor was still very gorgeous and breathtaking.

Lin Hai actually managed to sneak into such a high-end building. This kid is really doing well!"

Lin Xiaoxiao praised.

"In the room in front."

Lin Xiaoxiao looked up at the room in front of her and said.

"What should we do? Old method?"

Lin Xiaoxiao asked in a low voice.

Qin Yuan's eyes focused as he nodded at Lin Xiaoxiao.

The two of them reached into their pockets and pulled out their pistols.

He slowly walked to the door of the office.

The two of them looked at each other and exchanged their opinions. Then, they nodded in tacit understanding and counted to three in their hearts.

Three, two, one!

The two of them knocked open the door at the same time and rushed into the room!

“Hands behind your head! Don't move!”

As soon as they entered, the two of them raised their pistols and pointed inside without saying anything. They shouted at the room.

The scene in front of them disappointed them greatly.

There was only a bespectacled old man sitting on the ground in shock.

“You... What are you doing?”

The other party said in a frightened tone.

Qin Yuan and Lin Xiaoxiao were stunned. The two of them looked at each other.

“What happened? Isn't it displayed here?”

Qin Yuan lowered his head and asked Lin Xiaoxiao in a low voice.

“That's right! It's here!”

Lin Xiaoxiao said firmly.

He even looked at the radar on his hand. It was indeed on the other party.

“Could it be that the other party discovered it and switched it? Did you set us up on purpose?”

Qin Yuan frowned.

“Yes! The error rate of my equipment is less than 1%. Let's go up and take a look!”

Lin Xiaoxiao was enlightened. ‘ Sir, we are police officers. Sorry to disturb you.’

Qin Yuan went forward and said.

“Oh, it's a case. Why did you come in in such a hurry and even raise a gun?” The old man was frightened.

Qin Yuan told the old man about his identity and the pursuit of Lin Hai.

The old man also introduced himself.

His name was Wang Ming, and he was the chief financial officer of the company here. Today, he was conducting a routine inspection of the company's finances.

With the old man's consent, the two of them found the signal tracker that Qin Yuan had secretly installed on Lin Hai.

"This is..."

Wang Ming looked extremely panicked.

"Why do I have this thing on me?"

"Try to recall if there was anything special when you interacted with others before."

Qin Yuan said.

"Yes."

Wang Ming woke up from the shock and slowly thought about his recent encounters.

' Last night, I went to the convenience store to buy something. On my way back, I accidentally bumped into a man. However, I wasn't injured, so I didn't investigate further.'

Qin Yuan's eyes lit up.

"If that's the case, it should be him."

"I didn't expect this Lin Hai to be so cunning. It's as if every step we take has been seen through by him."

"Every time, he gets there first."

Qin Yuan frowned.

"It's all for nothing again."

Lin Xiaoxiao said in frustration.

"This is the most troublesome enemy I have ever encountered."

Qin Yuan said.

The two bade Wang Ming farewell and returned to the logistics company.

"Captain Qin, did you catch anyone this time?"

Geng Hu asked when they returned to the company.

"Don't say anymore. It's always a mistake. Captain Qin Yuan is in a bad mood now. Don't disturb him."

Lin Xiaoxiao answered for Qin Yuan.

It's nothing. Victory and defeat are common in a war. It's not like I haven't failed before. I just need to sum up my experience. Besides, it's not like I've completely lost all clues." Qin Yuan said.

“Oh? What other clues are there?”

Geng Hu asked.

In fact, in Qin Yuan’s heart, 90% of the clues were already broken.

The only place that could be investigated was Wang Ming, the old man who had been in contact with Lin Hai. “We can only start with Wang Ming now.”

Qin Yuan looked at Lin Xiaoxiao and said.

It’s just that Team Leader Jin is going to be disappointed.” Qin Yuan smiled bitterly.

“I’ll go and tell Team Leader Jin about the situation.”

With that, Qin Yuan stood up and left the logistics company, heading to the police station.

When he arrived at the police station, Qin Yuan went straight to the bureau chief’s office.

“Captain Qin, you’re finally here.”

Team Leader Jin was sorting out the information in the office, looking extremely busy.

“Oh! Captain Qin! How are things on your side?”

Seeing that Qin Yuan had arrived, he looked happy.

“I’ve almost sorted out the things about Lin Hai here. I plan to report it to the city. Do you need any help?”

Team Leader Jin said.

“I’m sorry to disappoint you, Team Leader Jin. All my previous efforts have been in vain.”

Qin Yuan said embarrassedly.

“It’s okay. We shouldn’t have asked too much of you in the first place.”

“This is not part of your job scope.” “Captain Qin, you don’t have to blame yourself too much!” Team Leader Jin comforted.

” Thank you, Team Leader Jin. Do you have any new clues?”

Qin Yuan asked.

“Oh! This is also what I wanted to tell you !”

“It was discovered this morning. Our task force reported that they found a clue about Lin Hai in prison.”

“What is it?”

Qin Yuan asked.

“Come with me.”

Team Leader Jin replied.

The two of them returned to Lin Hails prison together.

After entering the scene, Team Leader Jin led Qin Yuan to Lin Hai's bed..

Chapter 755: Lin Xiaoxiao's Great Creation (2)

There was a small note wrapped in a plastic bag.

Qin Yuan frowned.

"This is...

"Captain Qin, take a look for yourself." Qin Yuan picked up the note and read it.

On it was written:

"Not bad, the higher-ups are very satisfied. They seem to have fallen into your trap. Come to C City's Mord Building in a week."

"Written by Green Snake."

"This is? The contact letter from the higher-ups and Lin Hai?" Qin Yuan said in surprise.

"Yes, we are also very surprised to have such a discovery."

"It's as if it was deliberately arranged."

Leader Jin muttered.

"Indeed, this is obviously a trap that was deliberately set up." Qin Yuan agreed.

"However, this is also an important clue that is hard to come by."

"Even if it's a trap, I'm going to try."

"As the saying goes, 'Nothing ventured, nothing gained.' This has always been my work philosophy. "

Qin Yuan said in a deep voice.

"But they must have planned and prepared for this!"

"If you go like this, you'll definitely be a sheep entering the tiger's mouth. The probability of success is very low!"

Team Leader Jin persuaded.

"Let's think about it again? I'll arrange for a few elite police officers to go with you to face this threat in the next two days?"

Team Leader Jin continued to persuade.

“If we miss this chance, there will be no possibility of investigation.”

‘ Nothing can stop my determination to explore.”

Qin Yuan said sternly.

“Even if it’s a mountain of blades and a sea of flames, I’ll still go.”

Sure. In my opinion, with Lin Hai’s cunning personality, he might think that we’ve set a trap for him. He might not expect us to come. Maybe we can catch him off guard.”

‘ Moreover, this kind of operation is carried out alone, which is more conducive to concealment and operation. The success rate is higher, and it is easy to give the game away if we make a big fuss.”

Qin Yuan said.

“Alright, I can’t win against you no matter what. I can only wish you success.” Team Leader Jin spread her hands.

” I won’t trouble Team Leader Jin this time. I’ll go back and pack my things before leaving. If there’s anything, call me.”

With that, Qin Yuan returned to the logistics company.

After returning to the company, Qin Yuan summoned Long Xiaoyun, Geng Hu, and the others.

They discussed this matter again.

“What is it? Lin Hai left another note?”

“This is obviously his trap! There was no silver here! With his cautious personality, it’s impossible for him to be so careless. This is clearly a trap!” Geng Hu questioned loudly.

“I know, but I have no choice now. I can only use the worst way to solve the problem.”

Qin Yuan lowered his head and said. “We understand how you feel, but is it really worth it?”

Long Xiaoyun asked doubtfully.

“They are all heinous villains. You will really be in danger if you are alone!” He Chenguang was also very worried.

” This is different from all the other situations we’ve encountered before. They’re not ordinary street thugs. They’re a notorious and powerful criminal organization!”

Zheng Xiaohu frowned.

Don’t worry. With my invention protecting Captain Qin, we will definitely return victorious.”

A confident voice came from the side.

Without looking, this was Lin Xiaoxiao.

He was the only person in the army who had won the National Science and Technology Award.

” Xiaoxiao?!”

He Chenguang was surprised.

“What good stuff did you prepare this time?”

Lin Xiaoxiao did not say anything. Instead, she placed a black triangular object on the table.

“I didn’t have the time to explain it to you last time. Now, let me properly introduce this item.”

Lin Xiaoxiao looked at Qin Yuan and said casually.

” This is called a balanced feed apparatus. You can treat it as an all-purpose tool. ”

“Skills can become weapons, but they can also become supporting tools.” As Lin Xiaoxiao spoke, she pressed the button on the side of the object in front of her. The object slowly transformed mechanically into a pistol.

Then, she pressed another button, and the objects turned into batons, long knives, and other weapons.

It even has a powerful rocket launcher effect.”

Lin Xiaoxiao pressed the button in the middle of the object, and a shiny operation panel appeared in front of her. Lin Xiaoxiao clicked on it a few times and chose the rocket launcher option.

Then, under everyone’s watchful eyes, the object slowly turned from a regular triangle into a threatening rocket launcher!

Other than the ability to transform into weapons, the balanced feed also has the ability to transform into defensive equipment, such as bulletproof vests, explosion-proof shields, and so on. It also has the ability to unlock locks and crack computer passwords. I won’t demonstrate them one by one here.” Lin Xiaoxiao said proudly.

The few of them only looked at it for a few seconds before they were already stunned by this thing!

He did not expect that there would be such an invention genius in his military camp!

“Lin Xiaoxiao! You’re much better than any scientist! With something like you, it’s almost like cheating!”

Geng Hu and Zheng Xiaohu were extremely surprised.

“Captain Qin, with such a divine weapon to help you, who would be afraid of not being able to take it down? Now, we can rest assured!” ” That’s right. Lin Xiaoxiao’s ability alone is comparable to an army!”

He Chenguang sighed.

Qin Yuan’s expression did not change.

” Are there any flaws in your invention?”

What he valued more was the stability of the item. The functionality was secondary. After all, he was also a very powerful person and did not need any powerful support items.

However, if the stability of the prop was insufficient and it dropped the ball at a critical moment, it would cause a very serious impact. This was an unacceptable consequence for Qin Yuan.

Hehe, Captain Qin is really smart. He immediately found the key to the problem.”

Lin Xiaoxiao giggled.

” That’s right. My invention looks perfect, but it has a fatal flaw.”

Lin Xiaoxiao paused.

” Although its functions are very powerful, it also requires a huge amount of energy as fuel.”

‘ And the energy it requires isn’t our usual energy, electricity or fuel.” Instead, it requires a special material-Flowing Brightness Oil.’

“Flowing Brightness Oil? What is that?”

Everyone asked curiously.

It’s a rare material that I found when I was exploring the mountains.”

“This material can only be extracted from the Flowing Brightness Stone in the waterfall cave deep in the mountain.”

” And it’s very rare. We can only extract a few hundred milliliters at a time.”

‘ And this item requires several hundred milliliters of Flowing Brightness Oil to be used.”

Everyone was shocked.

So, does that mean that the amount of Flowing Brightness Oil extracted is only enough for one use?”

“Yes.”

“That’s just flashy! If the fuel is insufficient, then it’s just a toy!”

Geng Hu frowned.

“I have 5 liters of Brightness Oil here. I collected it this year and preserved it.” “It can be used about ten times. I believe that at a critical moment. it will definitely be of help to Captain Qin Yuan.”

As she spoke, Lin Xiaoxiao took a sealed bottle from the ground.

There was a crystal clear blue liquid that was slowly moving inside. "I see. I understand now. This is an ultimate ultimate item. At the critical moment, it can defy the heavens and change fate!" He Chenguang couldn't help but nod and praise. "How is it, Captain Qin Yuan? Are you satisfied?"

Lin Xiaoxiao asked with a smile.

"Of course. This is the first time I've heard of such a powerful item. If I don't accept your kindness, I'll be letting you down."

Qin Yuan also smiled.

"I promise everyone that this time, I will definitely bring Lin Hai to justice and give everyone a satisfactory explanation."

Qin Yuan said confidently.

"Captain Qin Yuan, it's good that you do your best. Our brothers also believe in your character. We know that you will do your best. No matter what, we will support you without hesitation!"

Hearing Qin Yuan's oath, everyone's emotions were also very excited..

Chapter 756 - 756: An Unexpected Kidnapping Case

"This matter should be done sooner rather than later. I'll set off today and head to C City. I'll go there first to make sufficient preparations." Qin Yuan thought for a moment and said.

"Good! We'll wait for your good news in the company."

Qin Yuan returned to his room and tidied up his things.

He didn't need to bring many things with him when he went out. Besides the invention that Lin Xiaoxiao gave him, he didn't need anything else. He just needed to think about what had happened these days and plan his next move. A few minutes after Qin Yuan sat down, his phone rang. It was a call from Team Leader Jin.

"Hello, Team Leader Jin?"

"Captain Qin! There's a new situation!"

Team Leader Jin's anxious voice came from the other end.

"What's wrong?"

"Wasn't Miss Wei Wei recuperating in the hospital? She was discharged from the hospital today, but she couldn't contact her father!"

"What?"

Qin Yuan was puzzled.

“Where is Weiwei now?”

“She’s still in the hospital. Her emotions are not very stable! Come over quickly!”

“Alright, I’ll go over now.”

Qin Yuan hung up the phone. He did not care about his fatigue and immediately drove to the hospital.

When he arrived at the hospital, he went straight to Wei Wei’s ward.

There were already many people gathered inside.

There were some police officers, Team Leader Jin, and a few ordinary citizens who seemed to be Wei Wei’s relatives.

Wei Wei was lying on the bed, her expression dull and silent. Qin Yuan walked through the crowd and arrived in front of Weiwei.

“Wei Wei, are you alright? What happened?”

Qin Yuan asked with concern.

“I lost contact with Dad.”

After a long time, Vivian said.

“Don’t be anxious. Tell me slowly. Tell me everything you know.” Qin Yuan touched Wei Wei’s forehead and said softly.

” Yes, it’s like this. Last night was the day before I was discharged from the hospital. I wanted to tell my father about this news, but when I called, no one answered.”

” I think he was tired and fell asleep, so he didn’t think too much about it. This morning, I called him again, but I couldn’t get through. I was a little anxious and didn’t know what to do, so I told Team Leader Jin.”

‘ Later, this afternoon, Team Leader Jin couldn’t contact Father, so he sent someone to his house to look for him. However, he found that his house was empty. ’

Vivian couldn’t help but shed tears.

“Have you been in contact with him before? Did something happen yesterday?” Qin Yuan asked.

“That’s right. He used to come to care about my illness every day. Now that he suddenly disappeared for no reason, I’m very worried.” Vivian’s crystal clear eyes revealed a deep concern.

Qin Yuan nodded silently.

Then, he fell into deep thought.

“Did you find anything at the old master’s house?”

Qin Yuan turned his head and asked Team Leader Jin.

“Yes, everything in the house is very tidy. All the valuables are here, and the locks are intact. There doesn’t seem to be any signs of theft or robbery.” This was strange.

According to his understanding of the old man, he usually treated people very politely and did not have any enemies. If he did not come for money, why did he kidnap the old man?

“There’s no time to lose. Let’s go to his house and take a look.”

Qin Yuan said.

“Alright, we’ll set off immediately.” “Wei Wei, you stay here and wait for our news. I’ll be back soon.”

Qin Yuan comforted Wei Wei.

“Yes, I have high hopes for you!”

Vivian said.

Then, Qin Yuan and Team Leader Jin left the hospital and drove to Wei Wei’s house.

Vivian’s hometown was located at the edge of the suburbs, in the garden of a farmer’s house.

Although it was located in the suburbs, it was the most luxurious building in the vicinity. It was a five-story self-built villa that was very imposing.

The two of them brought a few police officers to the entrance of the villa.

Because of the case, Team Leader Jin had arranged for the police officers to surround the building.

The two of them entered the house through the door.

This was a retro building. The style of the building was similar to that of a European building. It was very gorgeous and grand.

An old woman in a maid’s uniform was crying softly at the door.

Team Leader Jin told Qin Yuan that this was the housekeeper of the villa. She was extremely sad because her master had disappeared

From the entrance to the hall, Qin Yuan observed all the way and did not find anything unusual. The items were neat and orderly, and the positions were also very reasonable.

Everything was normal. The cutlery on the table was still sparkling, and the chairs and sofas were also very clean.

It was obvious that Wei Wei’s father was a very clean person.

It was hard to imagine that this was a house without an owner.

Qin Yuan and Team Leader Jin went to the second floor to check.

Vivian and the old man’s room were on the second floor. The housekeeper followed behind the two of them. Qin Yuan asked her, “Auntie, when did you find out that your master was missing?” “I’m not sure...” The maid wiped the tears off her face and whispered.

” What I’m sure of is that Old Master talked to me last night. I woke up this morning to make breakfast, but I didn’t see Old Master when I made breakfast. Usually, Old Master would wake up to exercise before I made breakfast.”

‘ I felt it was strange, so I went to his room to check. However, his door was always closed. No matter how I called out, there was no response..”

Chapter 757 - 757: An Unexpected Kidnapping Case (2)

“In the end, I had no choice but to call the police.”

At this point, the housekeeper couldn’t hide the sadness on her face and burst into tears again.

Officer, my grandfather wouldn’t...”

“Auntie, don’t worry. We can’t confirm the old man’s condition yet. Don’t be too sad. We’ll definitely do our best to search.”

“The key is that you have to cooperate with us, understand?”

Team Leader Jin comforted.

“Alright... Alright.”

“When was the last time you saw the old man last night?”

” Around 11 0’clock. Because it’s my habit to check the lights in the corridor before he goes to bed, I’ll go back to sleep after I turn them off.”

” Usually, when I arrive at his door, I’ll say goodnight to him, and he’ll reply to me politely, so I can be sure that he’s still in the room.” the housekeeper said seriously.

“When did you find out that Master was not inside in the morning?”

“Around eight o’clock.” the housekeeper replied.

‘ What we can be sure of is that the old man went missing between 11 0’clock last night and 8 0’clock this morning.”

Team Leader Jin said. “Is there a camera at the door of the old man’s room?”

Qin Yuan asked.

” Yes, but for some reason, when the police came over to retrieve it today, the camera mysteriously malfunctioned.” Team Leader Jin replied.

“Traces of being tampered with again

Qin Yuan asked.

“No, I haven’t. We’ve investigated. It seems that something has interfered with the signal. Other than the video from last night, the other time periods are intact.”

“It seems like this is a premeditated kidnapping case.” Qin Yuan frowned.

It was a pity that an important clue had been lost.

“Is there anything unusual about the old master’s condition these two days? Or did he say something noteworthy?”

Qin Yuan continued to ask the housekeeper.

The housekeeper frowned and lowered her head to think carefully.

Then, he slowly said,

“There doesn’t seem to be anything special..

“Wait! Although I didn’t do anything special, when I was cleaning the living room two days ago, I realized that one of the decorative vases in the living room was missing.” the housekeeper murmured. “A vase is missing?”

Team Leader Jin frowned.

“Yes, these two vases are Master’s favorite. They were a birthday gift from Madam when she was alive, so I paid so much attention to them.”

“This is an important clue.”

Team Leader Jin looked at Qin Yuan and said.

Qin Yuan nodded.

“Do you know when they disappeared?”

“I’m very sure about this. It probably disappeared during the day yesterday.”

“Because I went out to buy groceries at around three in the afternoon, and these two vases were placed in a conspicuous position in the hall. I would take a look at them before I went out, so I can be sure that I saw them before three in the afternoon yesterday, but when I came back at five in the afternoon, one of them was gone.”

“So, Master took one of them between three and five in the afternoon yesterday.” the housekeeper said with certainty.

“Yes, I am. Let’s go to the scene to check.”

As he spoke, Qin Yuan and Team Leader Jin came to the hall on the first floor and arrived at the location of the missing vase.

There were indeed traces of something being moved in this position. The color of the floor where the vase was on the ground was obviously whiter than the other floors.

There were also some traces of dust on the ground that had been moved.

Unfortunately, there were no other clues.

“Can we detect human footprints outside?”

Team Leader Jin asked the police officer beside him.

” Yes, there are, but there are some scattered footprints that extend all the way to the fields outside. However, when they reach there, the footprints are washed away by the muddy soil.”

The police officers answered.

Team Leader Jin was silent. The clues were cut off again.

However, the two of them would definitely not give up. Thinking of Wei Wei’s longing eyes, Qin Yuan could not help but have a surging desire to explore.

As long as it was a person, there would definitely be some clues left behind. No one could do it flawlessly.

Qin Yuan’s mind began to spin rapidly.

He began to recall every detail of the case.

Old Master’s Dhone!

A thought flashed across Qin Yuan’s mind!

No matter what, the old man’s phone was definitely a big breakthrough!

“Does Old Ye have the habit of carrying his phone with him?”

Qin Yuan asked the housekeeper.

“Yes, because Miss has been out of town during this period of time, Old Master likes to carry his phone with him so that he can contact Miss conveniently.” the housekeeper replied.

“! Captain Qin! You mean...”

“That’s right. Let’s start with the phone.”

Qin Yuan smiled.

If the old man is in danger, then the phone is a very important tool for him to call for help.”

“In any case, we can get key clues through the phone. It’s either the old man’s location or clues about the suspect.”

Qin Yuan said.

Team Leader Jin arranged for the police officers to call the old man again.

This time, it showed that it was switched off.

“Go back to the police station immediately and investigate the GPS location of the old man’s phone number!”

Team Leader Jin immediately ordered.

The few of them returned to the police station swiftly.

He found the location of the old man’s phone number in the information security network system of the technical department.

It was located in a remote area in the suburbs, not far from the old man’s house. It was only a kilometer away.

Qin Yuan and Team Leader Jin rushed to the scene again.

As Qin Yuan had expected, the scene was an abandoned bridge in the countryside.

After a professional survey and everyone’s hard work, more than an hour later, everyone found the old man’s phone in the soil under the bridge.

From the looks of it, it seemed that the criminals had deliberately abandoned it here to prevent them from being tracked.

Everyone checked their surroundings again.

As expected, under everyone’s tireless efforts, they finally found an important clue!

A few meters away from the old man’s phone, he found an extinguished cigarette butt!

The few of them were very surprised and immediately returned to the police station.

After investigation, it was confirmed that the cigarette butt had been extinguished and thrown here about a day ago.

This time basically coincided with the time when the old man went missing!

Moreover, the DNA extracted from the cigarette butt did not belong to the old man, but to an unknown person.

This meant that it was very likely the DNA of the criminal in this case!

In the in-depth investigation, there was an even more exciting new discovery!

The DNA on the cigarette butt matched the DNA of a person with a criminal record in the police station’s DNA database!

This person was called Zhou Yang. He was 28 years old and was unemployed. However, what was puzzling was that he did not know the old man at all. They were just two people who had nothing to do with each other. No one could figure out his motive for committing the crime.

However, Team Leader Jin did not hesitate to immediately order the arrest overnight!

Soon, the armed police were dispatched and captured the suspect while the other party was still asleep!

Zhou Yang was crushed by the police car and brought back to the police station overnight.

When they arrived at the interrogation room, Zhou Yang vehemently denied the matter. He did not know Wei Wei or her grandfather.

However, when the police took out the evidence, Zhou Yang fell silent.

In the end, under the patient guidance of Qin Yuan and Team Leader Jin, Zhou Yang's psychological defense completely collapsed and he told the truth.

It turned out that Zhou Yang was instructed by a mysterious person to use the safety of his daughter Wei Wei as an excuse to get the old man out of the house. Then, he kidnapped the old man and sent him to a designated location. After handing him over, he received the reward and went home.

"So it's just a chess piece?"

Qin Yuan frowned when he heard this.

What kind of person would want to kidnap an old man who had no enmity with them? What was his motive?

Questions could not help but slowly rise in Qin Yuan's heart..

Chapter 758 - 758: Another New Discovery?

Unfortunately, this Zhou Yang knew nothing about his employer. He didn't know anything at all, and he didn't look like he was lying.

"How did your employer find you?"

Qin Yuan asked the key to the matter.

Zhou Yang was struck at his soft spot and was stunned.

"It was my uncle who dragged me into this matter..." Zhou Yang stammered.

"Complete your sentence. Don't try to test our patience."

Qin Yuan said in a deep voice.

"It's like this. Two days ago, my uncle called me to his house and said that he had a lucrative job for me."

"I went to his house. What happened after that was exactly as I said before. He lured me into doing this and then gave me some money as a reward." "I don't know anything else. Really, I'm just a person being controlled!" Zhou Yang said innocently.

It seemed that the spearhead of the matter was pointed at Zhou Yang's uncle again.

Team Leader Jin asked Zhou Yang for his uncle's phone number and immediately prepared to arrest him.

"This matter should be done sooner rather than later. Let's set off quickly!"

The police officers immediately went out to prepare the car.

“Let’s go. We’ll sneak in and catch him off guard!”

Team Leader Jin said as she walked out of the door.

The group soon arrived at Zhou Yang’s uncle’s house. Before the other party could react, he was detained by the police.

In the interrogation room of the police station.

Zhou Yang’s uncle sat opposite Qin Yuan and Team Leader Jin. His expression was surprisingly calm.

Hua Bin looked like a scholar. Ordinary people could not tell that he was a criminal with ulterior motives.

“What’s your name?” “Hua Bin.”

“Do you know him?”

Team Leader Jin turned to look at Zhou Yang.

“Yes, my nephew.”

“Do you know why we are looking for you?” Team Leader Jin went straight to the point.

“I know.”

Hua Bin was straightforward.

“That’s easy. You have two options now.”

Team Leader Jin said sternly.

“First, cooperate with our investigation and do a good job.” “The second is to be stubborn and fall into the abyss of regret.”

Team Leader Jin was very patient and explained the reason to him.

” I know, but I have my own stand. You won’t understand.”

Hua Bin said in a deep voice.

“You mean you don’t want to cooperate with us?”

“Why should I cooperate with you? Just because I’m here doesn’t mean I’ll obey you.”

Hua Bin said arrogantly.

“You... Don’t be too arrogant!”

Team Leader Jin was a little angry and frowned.

“Team Leader Jin, let me do it.”

Qin Yuan said.

Qin Yuan had seen many suspects who were so stubborn. He had many ways to deal with them.

” Think about your family and friends. If they knew that you betrayed the country, would they feel sorry for you?”

” Your parents raised you up painstakingly, but you’re using this method to repay them. Do you feel ashamed?”

Qin Yuan first used a psychological attack to open up the situation.

Hmph, don’t use such childish persuasion methods. I’m not a three-year-old child.”

Hua Bin snorted coldly.

“Don’t you have any sense of shame?”

“As the saying goes, the most despicable person is invincible.”

Qin Yuan did not panic at all. All of this was within his expectations.

There were shameless ways to deal with shameless people.

“You like to be domineering, right? I’ll fight you to the end. This is our territory.”

Qin Yuan’s eyes narrowed.

As she spoke, she stood up and approached Hua Bin.

Some people wouldn’t even know their own surname if they didn’t show them how powerful they were.

Qin Yuan directly approached Hua Bin by a meter, his sharp gaze staring straight at him.

Hua Bin felt a chill down his spine.

“You... What are you doing?”

Hua Bin’s voice was starting to sound a little timid compared to his previous arrogance.

“You know what I want to do. Some reasonable interrogation methods.”

Qin Yuan grinned hideously.

As he spoke, Qin Yuan pressed his index finger on the table. In an instant, a round hole the size of a finger appeared on the table.

Seeing this, Hua Bin could not help but break out in a cold sweat. He could feel that Qin Yuan was serious.

He had also heard of Qin Yuan’s swift and decisive personality. The captain of the logistics company was not someone to mess around with.

Hua Bin felt an indescribable pressure.

He understood that if he said no in the next moment, Qin Yuan’s fist would definitely follow closely behind and swing at his face.

The police station could not execute suspects, but that did not mean that they could not teach stubborn criminals a lesson! “Don’t do it! I’ll tell you!”

Finally, Hua Bin took off his tough armor. “Tell me everything you know.”

Qin Yuan took a deep breath and said slowly.

The relationship between Hua Bin and that organization was definitely not ordinary. Although his authority might not be comparable to a cadre like Lin Hai, it was definitely much higher than a small fry like Zhou Yang.

Hua Bin was silent for a while before he slowly said,”

“I am the deputy general of Green Snake.”

“This incident was also planned by him.”

Hearing this, Qin Yuan and Team Leader Jin’s brows began to relax. This was the most valuable information he had heard recently.

“Continue.”

Qin Yuan was pleasantly surprised, but his face was expressionless.

“Tell me everything from the beginning to the end.”

“I’m forty-three years old this year.”

“I got to know this organization a year ago. Because I had just lost my job at that time, I posted my application online and met him at a job fair.”

Chapter 759 - 759: Another New Discovery?(2)

“At that time, I didn’t know the identity of the other party either. I just felt that the conditions given by the other party were very good, and it was also a large company with a very strong capital.”

“Later, because of my outstanding personal ability and rich work experience, I successfully entered the company.”

“In the first few months, I didn’t find anything unusual in their company.

Everything was normal, and my life slowly began to get better.”

But, slowly, I discovered that the company was secretly conducting some unknown anti-human experiments.”

” At the beginning, I was also very disgusted and suspicious of this kind of experiment. However, after a long period of contact and brainwashing by the company’s higher-ups, I slowly became numb. Later, for the sake of benefits, as well as for my own survival and safety, I had no choice but to submit to their tyranny.

” Later on, because of my outstanding professional abilities, I became Green Snake’s assistant and performed some secret experiments for him. At this point, Hua Bin lowered his head in shame, not daring to look at the people present.

Qin Yuan could also feel that this person had truly repented.

“Can I have a glass of water? I’m getting a little thirsty.” Hua Bin asked.

“Of course, your performance now is worth a glass of water.” Team Leader Jin asked someone to bring him a glass of mineral water.

Hua Bin took a sip and continued.

“What I want to talk about next is the most critical factor in this case.”

“A few days ago, Green Snake asked me to investigate and kidnap this old man because he used to be a member of the organization.”

Hearing this, Qin Yuan and Team Leader Jin could not help but be shocked!

Wei Wei’s father was once a member of Daybreak?

This seemingly kind person was actually once a member of an extremely dangerous organization?

“After my investigation, I found out that the old man was originally a scientist in the organization who specialized in the development of drugs. Later, he escaped and lived in seclusion in the mountains because he had a conflict with the organization. This time, the organization captured him to settle the scores between the two sides.”

“I see. Where is the old master locked up?”

“I don’t know about that. I’m only responsible for handing him over to them. However, I’ve also investigated privately. The old man should have been sent to the organization’s headquarters, an underground space in City F.”

“City F?”

“That’s a very remote city in the country. The economy is very backward. The organization actually established a base there?”

Team Leader Jin frowned.

It’s indeed a high mountain and a long road over there. It’s a relatively weak area under the jurisdiction of the national army.”

“I didn’t expect the old master to be sent to such a far place in such a short period of time! We have a journey of nearly 2,000 kilometers here.”

“Now that the organization knows that I’ve been captured, they’ll definitely give up on me. Therefore, this information of mine was obtained through my own investigation.”

“I hope it will be of some help to you.”

“It’s still Captain Qin Yuan who has the ability to make Hua Bin tell us everything.”

Hua Bin, who was originally determined, was immediately convinced by Qin Yuan’s words. This time, the surrounding people could not help but praise Qin

Yuan.

As expected, it was Daybreak Organization who had been against him from the beginning.

Qin Yuan frowned deeply.

He was both happy and worried.

He was glad that he knew what to do next.

She was worried about how Vivian would explain this to her.

After all, Vivian had just recovered. If she knew that her father was in prison, she would definitely be hurt again. At that time, her illness might relapse again. This was not something she could try.

Just as he was thinking, a guard suddenly ran in and whispered something into Team Leader Jin’s ear.

Then, Team Leader Jin moved closer to Qin Yuan’s ear and whispered to him,

“Captain Qin, do you still remember Liu Rui from before? She came here and said that she had something to report to us.”

“The interrogation here is basically over. Team Leader Jin, you continue to investigate here. I’ll go and talk to her.”

Qin Yuan thought for a moment and said.

There might still be some details that needed to be explained to Hua Bin. Team Leader Jin could continue to accept it here. He had also interacted with Liu Rui before and had a certain understanding of her. In the past, it would be best for her to connect with him. “Alright.”

Team Leader Jin replied simply.

Qin Yuan left the interrogation room and walked towards the hall.

Liu Rui was sitting on a chair in the hall, looking around anxiously.

Seeing Qin Yuan come over, it was as if he had seen his savior. He stood up and walked towards Qin Yuan.

“Captain Qin Yuan!”

Liu Rui said as she walked.

“Liu Rui. Why are you here? When was he discharged? Has your body completely recovered?”

Qin Yuan also replied with concern.

“Thank you for your concern! He had already recovered! I heard that you’re investigating Weiwei’s father’s case!”

” Yes, why? Do you have any information?”

It’s not just intelligence. It’s huge intelligence!”

Liu Rui widened her eyes and made an exaggerated expression.

“I told you before that I met a friend at the Overgrown Forest Research Institute. Do you still remember?”

” Yes, of course I remember. Her name is Song Lan, right?”

“Yes! He contacted me just now and said that he had made a major discovery. He found the stronghold of the Daybreak Organization in a place in the city!”

Qin Yuan frowned.

“Really? Where is he now?”

Although he didn’t fully trust this person, he still had a very trusting attitude towards Liu Rui. “Just outside.”

“Let him in.”

Then, Liu Rui walked out and brought him in.

Just like last time, Song Lan was wearing tight-fitting sportswear. She was tall and handsome. No wonder she could capture the heart of the beautiful scientist, Liu Rui.

“Captain Qin!”

When she saw Qin Yuan, Song Lan looked very surprised.

Song Lan, what did you find?”

“Captain Qin! After I went out, I’ve been investigating this organization. After my tireless efforts, I finally found their stronghold in this city today!”

Song Lan said excitedly.

“Where is it?”

Qin Yuan went straight to the point.

It’s in the basement of an old warehouse in the suburbs!”

“Are you sure? Do you know how many people are there?”

I’m not sure about the number of people, but it’s very likely that Hai Lin is inside!”

Because he escaped, but he’s already on the wanted list. It’s not realistic for him to go far away. The most likely place for him now is to find a hidden corner in the city to hide. When the matter slowly dissipates, he’ll think of a way to escape from the province!”

Song Lan's analysis was not without reason. Lin Hai's escape was closely monitored by the provincial border. Unless he could fly, it would be difficult for him to escape. Therefore, the possibility of him being in the city was very high.

"Alright, I'll go with you right now."

Qin Yuan said.

"Should I tell Team Leader Jin?"

Liu Rui reminded.

' No need. Team Leader Jin is interrogating the prisoner. We don't have time to deal with it. We have to leave immediately. Every second later will increase the probability of failure."

Qin Yuan said with rapt attention.

It was not that he was eager to make contributions, but Qin Yuan knew that even if Team Leader Jin knew about this news, he would not take any action that would be of substantial help to him. In the end, he would still have to deal with it himself. Therefore, it was better to avoid trouble.

The success rate of acting alone was higher than acting as a group.

Qin Yuan packed his things and drove off with Liu Rui and Song Lan.

It was past nine o'clock in the evening. The few of them arrived at a remote mountainous area in the suburbs.

"The location is near here."

Song Lan looked ahead and said seriously.

Qin Yuan looked in the direction of his gaze. In front of him was a vast yellow rice straw field. The evening wind blew the branches of the grass, making hissing sounds from time to time.

Everything was so quiet and peaceful.

Only the occasional engine sound of the car was particularly abrupt..

Chapter 760 - 760: Encirclement and Suppression

"Where is it?"

Qin Yuan asked in a low voice. "In the middle of the wheat field." Song Lan replied in a low voice.

"Let's get out of the car and walk over slowly."

Qin Yuan said.

Then, the three of them got out of the car and slowly walked to their destination.

It was so quiet nearby that Qin Yuan felt a little strange. According to his many years of investigation experience, it did not seem like a place where people lived.

A few minutes later, the three of them arrived in the middle of the world. Qin Yuan looked around and did not see any traces of anyone having been there.

“Where is it?”

Qin Yuan asked in a low voice.

However, Qin Yuan did not get an answer.

Qin Yuan turned his head and looked back. Only Liu Rui was beside him. Song Lan had already disappeared.

In an instant, a cold chill rose up Qin Yuan’s body.

A strong sense of dazzle surged up between his eyebrows. His intuition told him that Song Lan had betrayed them.

“Be careful, we might be in danger.”

Qin Yuan said to Liu Rui in a deep voice.

Liu Rui, who was at the side, also seemed to have seen through the clues. She looked flustered and followed closely behind Qin Yuan.

“What’s going on?”

“Song Lan? Song Lan?”

Liu Rui began to call out softly, but in the silent night sky, only her lonely voice echoed leisurely.

“Damn it! This kid tricked us!”

Qin Yuan cursed fiercely.

Just as the two of them were worried, the worst thing happened.

A few blurry figures slowly appeared around the two of them, accompanied by sharp laughter.

“Hahaha! Someone walked right into the trap!” “It really didn’t take much effort to get it! We’ve caught a big fish!” This voice belonged to Song Lan when she was young.

He was wearing a well-ironed suit and standing with a few fierce-looking people. He sneered at Qin Yuan and Liu Rui.

“Song Lan! You!”

Liu Rui stomped her feet in anger.

“Do you think you’re so great just because I gave you some benefits? Hahaha!”

“Self-righteous fool!”

Song Lan looked at the two of them and mocked them.

“I’m sincere to you. I didn’t expect you to be such a despicable and shameless person!”

Liu Rui was filled with regret as she gritted her teeth.

“You’re Qin Yuan?”

A big man in black sportswear asked Song Lan in a low voice.

“Yes, Captain Zhu, it’s him.”

Song Lan turned his head and said respectfully to that person.

He looks like he can take a beating. I’d like to know how he subdued Minister Lin Hai.”

As he spoke, Captain Zhu walked to the front, shook his neck, and moved his limbs, looking like he wanted to fight.

“Are you the bastards of the Daybreak Organization?” Qin Yuan looked at the other party and smiled lightly. “Bastard! Watch your mouth! Do you know who you’re facing?”

“But he...”

Song Lan was about to say the other party’s name when Captain Zhu covered his mouth with one hand.

“It’s meaningless for a dying person to know.”

Captain Zhu rolled up his sleeves and slowly walked to the front.

He looked at Qin Yuan with a sinister smile.

“Old Zhu, be careful. I heard that he destroyed a stronghold in Overgrown Forest by himself. Don’t be careless!”

A slightly shorter man beside Captain Zhu whispered to him.

“It’s fine. Have you ever seen me lose a fight?”

Captain Zhu smiled.

” This time, didn’t you send me, the strongest fighter, for him?”

Then, before the few of them could react, he took a big stride and rushed in front of Qin Yuan.

Qin Yuan was a little surprised. Captain Zhu’s speed actually made him feel that he could not keep up.

The other party arrived in front of Qin Yuan in the blink of an eye, and the claypot sized fist in his hand instantly swung towards Qin Yuan’s face. Qin Yuan’s eyes narrowed as he forcefully twisted his body. He turned around

180% and dodged the swift punch.

Seeing Qin Yuan’s strange figure turn around, Captain Zhu could not help but frown.

Even though he had seen countless fighting scenes and countless opponents with strange moves, this was the first time he had seen such an unconstrained movement!

” What move is this?!”

Seeing Qin Yuan’s unconventional behavior, Captain Zhu panicked.

However, before he could react, Qin Yuan had already rushed to his side.

After all, he was a warrior who had experienced hundreds of battles. Although Qin Yuan had already rushed to the front of the other party at a very fast speed, he was still unable to completely attack Captain Zhu.

Captain Zhu also turned his body at an exaggerated angle. He flipped his arms and clasped his hands tightly with Qin Yuan’s.

This move also surprised Qin Yuan. The other party’s move was also very strange. He did not react in time.

He was the first person to receive Qin Yuan’s move with such skill.

Next, it was time for the two of them to compete in strength.

The two of them were locked in a deadly fight, neither giving way to the other. Both sides were using their full strength to suppress the other.

In an instant, deep scratches appeared on the ground caused by the friction between their feet.

“These two are monsters!”

Song Lan took a deep breath and said.

If someone who did not know anything was close to these two people, they would probably be intimidated by their aura..
