

Special Troop 761

Chapter 761 - 761: Encirclement and Suppression (2)

Looking at the deep scratches on the ground, the few people at the scene broke out in cold sweat.

The two of them continued to tremble on the spot. After an unknown period of time, one of them shouted and the two of them separated. Both of them flew in the opposite direction.

“Is it going to end? The battle between these two monsters?”

Song Lan exclaimed.

However, before he could finish his sentence, he saw the two of them jump up again and charge forward again, colliding violently.

This time, the two of them engaged in a storm-like attack. Both sides did not give in to each other. They punched and kicked each other. In the originally quiet paddy field, waves of pale-yellow tornadoes of punches and kicks were set off.

“I didn’t expect Captain Zhu to meet a real opponent.” The slightly smaller man beside Captain Zhu said.

“This is the first time I’ve seen Captain Zhu fight so fiercely! In the past, I would directly finish my opponent in two moves!”

Song Lan frowned.

“This Qin Yuan is indeed a tough nut to crack. No wonder he’s so capable. He dealt with Lin Hai and even led the logistics company to make a name for himself.” the short man said.

In the middle of the paddy field, the two of them were still fighting indiscriminately. A few minutes had already passed, but it was still difficult to determine who was better. I could only hear the sound of the wind lingering in my ears as the fists and feet danced.

As Captain Zhu fought, he was calculating how to break the deadlock and give the other party a fatal blow.

He was going all out now because the order from above was to kill him and not leave anyone alive.

Therefore, from the very beginning, he had already displayed 100% of his combat strength.

However, she did not expect that Qin Yuan was hiding his strength. Although his figure was far from hers, his combat strength was not inferior to hers at all.

If they continued to fight like this, although he was not at a disadvantage, he did not know what strange moves the other party would use. Moreover,

Captain Zhu could clearly feel that Qin Yuan had not used his full strength!

He still had the spare energy to carry out an even more intense attack!

This was what made Captain Zhu more and more anxious. He was running out of bullets! However, the other party still had sufficient stock. He did not know when they would deal him a fatal blow!

As the saying goes, the first to strike is the strongest. When you know that you don't have enough confidence to take him down, you have to change your way of thinking and find another way!

Thinking of this, Captain Zhu secretly took out a pistol from his pocket and held it in his hand.

Liu Rui, who had sharp eyes, saw this scene and could not help but shout anxiously to Qin Yuan.

"Captain Qin, be careful! He wants to play dirty tricks!"

Qin Yuan fought fiercely with him, and Captain Zhu took out his gun from behind. Qin Yuan should not have seen it.

However, Qin Yuan had a habit. Before fighting with others, he would observe the other party's clothes and items to prevent the other party from hiding hidden weapons.

When he started the battle with Captain Zhu just now, he still realized that the pocket on his back was bulged more than the other parts. Qin Yuan suspected that there was a weapon hidden inside.

This time, Qin Yuan, who had outstanding observation skills, realized that the other party had secretly moved his hand behind his back, which further confirmed his thoughts.

The other party must be thinking of some dirty tricks.

Therefore, Qin Yuan was already prepared.

Captain Zhu sneered and took out a pistol from his back at lightning speed. He pointed it at Qin Yuan's chest and was about to shoot.

At this critical moment, Qin Yuan's right hand flashed out like a bolt of lightning and reached out to the other party's right hand that was holding the gun. He grabbed hard and instantly grabbed the other party's wrist. Captain Zhu's eyes were filled with fear, and his mind went blank.

How did he do it?

He had secretly taken out the gun from his back. Moreover, this series of actions only took less than two seconds!

It was impossible for a normal person to make a judgment in such a short period of time and then make an action based on the judgment!

At this moment, Captain Zhu's mind was completely stunned by Qin Yuan's actions. He could not think of what he should do next!

It had to be said that this was the biggest mistake Captain Zhu had made so far.

His brain short-circuited, and he completely ruined his formation.

Before he could react, Qin Yuan flipped his hand and grabbed Captain Zhu's arm, pulling him behind him.

There was only a crisp "Ka"!

Captain Zhu's arm was held behind him by Qin Yuan in an extremely twisted position. It was obvious that his arm had been fractured.

Immediately, Captain Zhu shouted and collapsed to the ground, his face revealing a frightened and angry expression.

“Bastard! How dare you touch our Captain Zhu!”

When Song Lan saw this, she cried out in shock.

However, the fear in his heart had already spread uncontrollably.

Captain Zhu was the person with the highest combat strength here. Now that he was subdued by Qin Yuan, no one could stop Qin Yuan anymore!

The short leader of Daybreak was also shocked when he saw this. This was an outcome he had never expected. Captain Zhu was considered the strongest subordinate of Green Snake, but he had lost so completely. It was really unacceptable.

Seeing that his side was already at an absolute disadvantage, his eyes focused. “Now that things have come to this, we can only fight it out with him!”

As soon as he finished speaking, the short man and Song Lan looked at each other. Both of them took out a submachine gun from their waists and said fiercely to Qin Yuan,

“Qin Yuan! No matter how fast you are! Can it be faster than my bullets?”

“If you know what’s good for you, kneel down, hold your head with your hands, and surrender obediently!”

When Qin Yuan saw this, his eyes lit up, but his body did not move.

Originally, he could have used his radar function to dodge the other party’s bullets.

However, he was not alone this time.

Beside him was Liu Rui, who had no strength at all. He could dodge the bullet, but Liu Rui could not. For the sake of the big picture, he had to compromise.

“I’ll count to three! If you don’t give in, I’ll shoot!”

The short man shouted.

“Three!”

As soon as the other party shouted, Qin Yuan slowly put down the gun in Captain Zhu’s hand and placed him on the ground.

He raised his hands above his head and slowly walked toward the other party.

Don’t shoot. I surrender.”

Qin Yuan said in a low voice.

Don’t move. Stay where you are and don’t move. Kneel down and put your hands on your head!”

The short man gave another ultimatum. Qin Yuan followed his instructions and slowly knelt down, placing his hands on his head.

When the other party saw that Qin Yuan had given in, he was very proud and slowly walked to his side.

“Captain Qin! How can you surrender just like that...”

Liu Rui, who was beside him, also felt very uncomfortable when she saw this.

However, he did not dare to shout out loud.

The short man gave Song Lan a look, indicating for him to capture Liu Rui and deal with Qin Yuan himself.

Song Lan understood and walked to Song Lan’s side with a sinister smile. “Little girl, this time, I’ll let you have a taste of what true pain feels like.” As he spoke, he took out a pair of shiny handcuffs from his back pocket.

Liu Rui’s expression was pained. She looked at the person in front of her who had once helped her through thick and thin. She was both regretful and angry.

“Bah! Shameless thing!”

When Song Lan walked in front of her, Liu Rui spat at him and said disdainfully.

“Humph! Bitch! Don’t be so shameless!”

Song Lan used her power to bully Liu Rui and gave her a slap.

On Qin Yuan’s side, the short man held a gun and pointed it at Qin Yuan’s head. Then, he took out a pair of handcuffs from behind with his other hand and extended it to Qin Yuan’s hand, preparing to handcuff him.

Just as his left hand reached out to Qin Yuan’s hands, he heard a tragic scream.

Then, the short man flew a few meters away.

Song Lan and Liu Rui turned their heads in shock and saw that the short man had fallen heavily to the ground and was unconscious. Qin Yuan had already seized the other party’s submachine gun. His eyes were like torches as he stared at Song Lan..

Chapter 762 - 762: Heading to C city!

“You...! Captain Xiong!”

Song Lan looked at Qin Yuan, his eyes filled with disbelief and despair.

How is that possible??”

“How did you do it?”

Song Lan was shocked. She could not care less about the safety of the two leaders. When she saw Qin Yuan, she ran away as if she had seen a lonely star.

It was no wonder that an ordinary person like Song Lan could not see the situation clearly.

This was because Qin Yuan had completed all his actions in a second at a swift and decisive speed.

This included snatching Captain Xiong's pistol and suppressing him firmly.

Song Lan, who was in front of him, turned around and wanted to run. Qin Yuan's eyes narrowed. Who was he? How could he let such a despicable person off so easily?

Qin Yuan smiled and shot Song Lan's calf with the pistol he had snatched.

There was a muffled sound and a bang. The other party screamed and fell to the ground.

Song Lan touched her calf and screamed in pain.

Liu Rui, who was at the side, was also stunned by Qin Yuan's skillful combat skills.

"Captain Qin! Are you alright?"

Liu Rui immediately ran over and asked with concern.

"I'm fine."

Qin Yuan held a pistol in his hand and looked at the spoils of war on the ground. A trace of satisfaction appeared on his face.

"The battle just now was really exciting!"

Liu Rui stood beside Qin Yuan and kept praising him.

"They're so right. I was really worried about you just now!"

Liu Rui said with lingering fear.

"If they succeed today, no one in the world will be able to deal with them!"

"Let's go. We'll bring her back to the police station."

Qin Yuan said seriously without any delay.

He had already subdued everyone, so he had to hurry back. Otherwise, the longer he stayed here, the greater the possibility of something happening.

"Yes!"

Then, Liu Rui immediately called Team Leader Jin.

After Team Leader Jin learned of the situation, he immediately drove over.

A few minutes later, Team Leader Jin arrived at the scene.

"Captain Qin! Are you alright? It's been hard on you!"

Team Leader Jin looked terrified when she saw the situation at the scene.

There were a little blood stains on Qin Yuan's body, and his originally bright clothes had become tattered. However, he was exceptionally energetic.

"It's fine. They're just a few small fries."

Qin Yuan wiped the sweat off his body and wrote lightly.

"A small fry?"

Liu Rui muttered.

She had seen everything that had happened just now.

These two officers were not small fries.

Liu Rui said to Team Leader Jin.

“If it weren’t for Qin Yuan’s bravery just now, we would have been killed by Song Lan!”

“What is it? Song Lan?”

Team Leader Jin was furious.

“This bastard, how dare he play the secret game in my territory! I’ll teach him a lesson when I get back!”

Team Leader Jin said angrily.

As he spoke, Team Leader Jin ordered a few policemen to escort the three people back.

After Qin Yuan tidied up his clothes, he returned to the car and followed Team Leader Jin back to the police station with Liu Rui.

Back at the station, the group of people did not stop and immediately began to interrogate the people from the Daybreak Organization.

In the interrogation room, three people were in three separate rooms, waiting for Qin Yuan and Team Leader Jin to interrogate them.

They went to Song Lan’s room first.

Because she had been hit in the foot by Qin Yuan, and her body was not as strong as the other two, Song Lan’s current condition was the weakest among them.

When the two of them arrived in front of him, Song Lan was already slumped on the chair, breathing weakly.

The police station had no intention of abusing the prisoner. Team Leader Jin had already instructed the police officers to bandage him up. In fact, he was no longer in any serious condition.

“Song Lan, wake up.”

A police officer walked over and patted him on the shoulder.

Seeing that Song Lan was still asleep, she patted his face hard.

This time, Song Lan was completely awakened.

“This is...”

Song Lan said in surprise.

Then, he looked around and slowly realized his current situation.

It had to be said that this Song Lan looked handsome, but her personality was really a soft egg, a fence-sitter.

Knowing that he was in prison, he looked very flustered and said in a trembling voice,

"I'll tell you everything I know. Don't kill me!" His tone was almost pleading. "That depends on your performance." Team Leader Jin said coldly.

"Tell me everything you know."

"My name is Song Lan. I was originally an ordinary employee of a pharmaceutical company. Due to an accident, I joined the Daybreak Organization."

"What is the reason? Tell me clearly." Team Leader Jin reminded.

"I... I don't know. They coerced and lured him in."

When Song Lan said this, a trace of shame flashed across her face. Qin Yuan keenly captured this detail.

According to his experience and intuition, the other party was lying. However, how Song Lan entered the organization was not important to him.

"Continue."

Qin Yuan reminded.

"After that, the task assigned to me by the street organization arranged for me to get close to the scientist, Liu Rui, to gain her trust and obtain information about the drug from her."

"After that, I spent the past year trying to get close to her and win her favor."

"Also, after the organization found out that Liu Rui was rescued by Qin Yuan, they gave me another order to continue to get close to Liu Rui and Qin Yuan and gain their favor. Then, they will lure you out and capture you all in one fell swoop.."

Chapter 763 - 763: Heading to C city!

"You all know what happened after that. This is all I know. I really didn't lie!"

Song Lan said sincerely.

This time, Qin Yuan could tell from his eyes that Song Lan was not lying.

"Do you know anything else?"

Team Leader Jin asked.

"I don't know! I swear! This is all I know!" Song Lan said confidently.

Qin Yuan also turned his head and whispered to Team Leader Jin,

He's basically told us everything he knows. He's just a small fry. We're mainly interrogating the other two officers."

Team Leader Jin nodded.

Then, the two of them went to Captain Zhu's interrogation room.

Although Captain Zhu was heavily injured by Qin Yuan, he relied on his strong physical fitness to hold on. When the two of them arrived, Captain Zhu was still conscious.

Seeing the two of them coming over, Captain Zhu glanced at them with a hint of disdain in his eyes. Then, he lowered his head and closed his eyes to rest.

"Hey! Wake up! What's your name?"

The police officer next to Team Leader Jin stepped forward and patted him on the shoulder.

Captain Zhu shook his shoulders, then twisted his neck and slowly got up. He looked at the young policeman beside him with a sharp gaze. His rough and evil expression looked even more ferocious under the sunlight from the window.

The young policeman was so frightened that he subconsciously took a step back.

"I'm asking you a question. What's your name?"

Team Leader Jin added.

"Don't show off your tricks in front of me. I don't know where you were when I executed the prisoner!"

Captain Zhu still looked disdainful, like a dead pig that was not afraid of boiling water.

Qin Yuan could feel that Captain Zhu was even more troublesome than Song Lan, and the difficulty was not just a little higher.

However, since Qin Yuan had already subdued the other party once, he naturally had his own way to deal with it.

Qin Yuan did not say anything. Instead, he slowly stood up and walked to the position in front of Captain Zhu.

In an instant, Captain Zhu felt an indescribable pressure surge through his body. After all, this was the person who had defeated him before. Captain Zhu felt an inexplicable pressure in his heart.

Are you sure you don't want to answer?"

"You have to know that although you have committed a heinous crime, if you refuse to cooperate, it will add to your crime. Your family and relatives will be disgraced because of this."

Qin Yuan said sternly.

Hearing this, Captain Zhu frowned.

Although there was no obvious change in his expression, his heart was already surging with emotions.

He was definitely unpardonable, but no matter what, his family was innocent. If he still had a little conscience, he would not let this matter involve his family.

“You decide for yourself. At this point, you can choose to continue to be loyal to your sugar daddy, or you can choose to abandon the dark side and come to the light. We won’t interfere with your choice. We’ll just analyze the stakes for you.”

Hearing Qin Yuan’s words, Captain Zhu’s heart was in turmoil.

Her mood, which had already wavered, was even more inclined to Qin Yuan’s side after hearing what Qin Yuan said.

After a long silence, Captain Zhu finally relented.

He said slowly,

“My name is Zhu Zhihui. I’m a subordinate of Green Snake from Daybreak Organization.”

“I’ve been in this organization for three years and have made many contributions to the organization.”

” You might feel resentful if I tell you this. Many people in the military are the souls of my men.”

At this point, Team Leader Jin seemed to be moved.

“Where is the area of activity of your gang?

Team Leader Jin asked. “It’s just that I’ve never been to other places.”

Zhu Zhihui said firmly.

Qin Yuan could tell from his expression that Zhu Zhihui was not lying.

“Why didn’t you guys go and support him during the incident with Overgrown Forest?”

Qin Yuan voiced out the doubts in his heart.

” As I said just now, our organization is very special. Every officer has nothing to do with each other. Overgrown Forest is not under the jurisdiction of our team.”

“Whether he lives or dies has nothing to do with us.”

“Then who was the one who planned and organized the incident of luring Captain Qin Yuan?”

“Green Snake.”

Zhu Zhihui said simply.

Qin Yuan was relieved. Only such an officer could send out such a big bait, almost causing Qin Yuan to be separated from the outside world.

“Where is your stronghold?”

Team Leader Jin asked a crucial question. In a technology building in the city.” ‘Give me the map, I’ll mark the location for you.”

Team Leader Jin handed him a map.

Zhu Zhihui waved his hand and marked the specific location on the map.

Qin Yuan and Team Leader Jin took a closer look. This place was actually located in the most prosperous area of the city center. Such a bold arrangement was simply shocking.

“Is Green Snake in there as well?”

Team Leader Jin wanted to get to the bottom of it.

‘Yes.”

“What’s his name? What are his physical characteristics?”

” I don’t know the exact name, but there’s one obvious thing about his appearance. There’s a green scar on his arm that’s dozens of centimeters long.

It’s because of this scar that he’s called Green Snake.”

“Actually, you don’t have to look for him. Based on his personality, I think he won’t let it go after knowing that we’ve been arrested. It won’t be long before they make a comeback.”

At this point, Zhu Zhihui’s face revealed an uncomfortable smile.

I can’t. They’re already on their way.”

“Hahaha! ”

At this point, he basically understood the information he wanted to get. The short cadre probably had similar information as Zhu Zhijun.

Qin Yuan walked out of the interrogation room, and Team Leader Jin followed him out.

How is it? The news we got this time is considered important, right?”

“What should we do next?”

Team Leader Jin asked.

“In my opinion, Zhu Zhihui’s words are completely credible.”

“They will definitely take corresponding actions. Team Leader Jin, you must take good care of these two people during this period of time.” “We still have to continue interrogating another officer later.”

Team Leader Jin reminded.

“The information on him should be similar to Zhu Zhihui’s, but we can’t miss out on it. You guys can interrogate this person. Regarding the note that Lin Hai left behind, the agreed date will be tomorrow. I have to prepare for the appointment. ”

Qin Yuan said seriously.

“Alright, I understand. Let’s split the work.”

Team Leader Jin understood what he meant and nodded.

Qin Yuan returned to his room and took out the note again. He checked and confirmed the contents.

“Not bad, the higher-ups are very satisfied. They seem to have fallen into your trap. Come to C City’s Mord Building in a week.”

C City was a neighboring city. Although it was not far from there, it would still take a few hours.

There were still more than ten hours before the agreed time to meet tomorrow. Qin Yuan was leaving tonight, so he had to make preparations in advance.

It was Qin Yuan’s usual style to plan ahead and try to control things in his own hands.

Qin Yuan ate a simple meal and informed his brothers in the company. Then, he drove to City C overnight.

Everything went smoothly. About two hours later, Qin Yuan arrived at City C, 200 kilometers away.

This was a city that was smaller than the city Qin Yuan was in. The

construction and development level were also much lower than before. Qin

Yuan did not hesitate and directly checked into a hotel near the target location, Mord Building, to plan the details of this operation.

It was a peaceful night, and soon the next morning arrived.

Qin Yuan quickly discovered the problem. The letter did not mention the specific time and place of the meeting, nor did it mention who was meeting him. Such a letter was 90% suspicious.

It could even be said that they had clearly set a trap and were waiting for Qin Yuan to take the bait.

Thinking of this, Qin Yuan did not think too much about it. He brazenly came to the entrance of the Morde Building and sat on the stairs, waiting for the other party to appear..

Chapter 764 - 764: Obtaining Information

Sure enough, as Qin Yuan expected, not long after, around noon, a person in casual clothes passed by him and stuffed a small note into his hand before walking away without saying a word.

Qin Yuan took the note and saw a simple line of words written on it, “Come to Room 1703 on the 17th floor.”

Qin Yuan’s gaze focused and he immediately understood what she meant. He immediately stood up and walked upstairs.

Soon, Qin Yuan arrived at the door of Room 1703 mentioned in the note.

The door was closed.

The nameplate next to it had the name of an unknown small company written on it.

Qin Yuan prepared himself for all possible situations in his mind, then slowly opened the door.

When he entered, the scene was completely different from what he had imagined.

There was no threat of open fire, nor was there any intimidation.

What greeted his eyes were only a few ordinary people dressed formally.

When they saw Qin Yuan barge in rashly, they could not help but be shocked.

” You are?...

One of them asked doubtfully.

This was also the question Qin Yuan wanted to ask.

Did he enter the wrong room, or was the other party simply toying with him?

“This is...

Qin Yuan frowned and asked.

“This is our company. Who are you? Why didn’t you say anything and suddenly barged in? You gave us a big fright!”

Another employee spoke up.

Qin Yuan realized that he had been tricked by the “Daybreak” organization.

Only then did he apologize to the other party and walk out of the office.

Could it be that the other party only sent this note to fool him?

Qin Yuan expressed his doubts. He had a strong feeling that something else would definitely happen.

Qin Yuan walked back to the front desk of the building and sat at the reception table.

He picked up a newspaper and started reading.

Logically speaking, today would definitely not be a peaceful day. All the silence was just a protective film covering the truth of the undercurrent.

Qin Yuan looked at the newspaper. It was about what had happened in C City over the past few days. All the things were trivial matters in the city, and there was nothing particularly noteworthy.

Just like that, he continued to read in boredom. Suddenly, he discovered something worth paying attention to.

Last night, there was a gas leak in an apartment in the city. Fortunately, there were no casualties.”

The location was exactly the location written on the note given by the organization.

Qin Yuan frowned. This matter was indeed not simple!

Then, Qin Yuan decided to go back and check again.

A few minutes later, Qin Yuan arrived at the company's office.

After knocking on the door, it was the two employees who opened the door for him.

"Why is it you again? Who are you? What are you doing?"

"My name is Wang Kun. I'm a police officer. I heard that there was a gas leak here yesterday, so I came here to investigate."

Qin Yuan said seriously. As he spoke, he took out the police officer's ID that he had borrowed from Team Leader Jin and showed it to the other party.

"Oh, didn't the police come yesterday? We've also investigated the scene and said that it was an accident. At that time, the company's gas pipeline leaked because of damage. Fortunately, it was past nine o'clock at night, and there was no one in the company. The company had a gas concentration detection system, so the specialized security personnel rushed to the scene immediately after receiving the alarm. The accident was controlled in time and did not worsen."

After the employee learned that Qin Yuan was a police officer, his attitude softened a lot and he explained to him seriously.

"Yes, we came here today to confirm the cause of the damage to the gas pipeline. You know, there are very important factors. We have to find out if it's man-made or natural."

Qin Yuan said.

"Alright, follow me."

The employee led Qin Yuan over.

"Here, this is it." the employee stopped and said.

The two of them came to the small balcony outside the kitchen. It was a small empty space outside the room. It was only about a few square meters in size. There was a gas pipe hanging on the wall. The surface had been neatly repaired. The marks were very fresh. It must have been left behind by the security personnel yesterday.

Qin Yuan looked at the surface of the pipe. Other than the damaged parts, there was nothing suspicious.

Qin Yuan's gaze moved away from the pipe and observed the surroundings. As expected, he found an important clue.

"Are the items here in their original state?"

Qin Yuan asked.

"Yes, we haven't touched it. Yesterday, the police also asked us to maintain the integrity of the crime scene." the employee said.

“Alright.”

After Qin Yuan confirmed it, he slowly squatted down.

In an inconspicuous corner of the small balcony, he found an unusual item—a small detection device.

This was discovered by Qin Yuan through his own technology, the microscope.

This was something that ordinary people would not be able to discover.

Qin Yuan carefully picked up the little thing with a pair of gloves and tweezers. He looked at it carefully and confirmed its function. It was used to monitor every move here.

However, what puzzled him was why the person who installed this setting had set it on the balcony.

Generally speaking, if one wanted to monitor others, they would definitely install it indoors.

However, this device had an ulterior motive and was installed outdoors where ordinary people would not go..

Chapter 765 - 765: Obtaining Information (2)

There was only one explanation, which was that it was only used to monitor the people who came to the balcony.

Who would come to the balcony?

The people who checked the safety of the pipeline, the police officers who came to investigate the scene, and Qin Yuan himself.

Thinking of this, Qin Yuan could not help but feel a little afraid. At this point, his actions were still in the hands of the other party. This was an extremely dangerous thing.

He was afraid that the fact that he had discovered the surveillance camera was also a flaw that the other party had deliberately sold him. Everything was under the other party's control!

Qin Yuan only felt that he was being stared at by countless pairs of eyes, and he felt uncomfortable all over.

Any new discoveries, Detective?”

The staff member saw Qin Yuan's solemn expression and asked curiously.

“No, thank you for your cooperation. I'll go back first.”

Qin Yuan said.

After that, he walked out of the company.

He planned to go back and study the surveillance camera.

There must be some secret hidden in this.

After returning to the hotel, Qin Yuan took out the miniature monitor and fiddled with it on the table.

After fiddling with it for a long time, he did not find any valuable clues.

Qin Yuan sighed softly. If only Lin Xiaoxiao was here. She would definitely be able to solve this technical problem perfectly. Perhaps she could even find the location of the other party's monitor.

Just as Qin Yuan was at his wit's end, he made a new discovery.

When he used a magnifying glass to carefully observe the camera, he found a white flame-shaped symbol on the side.

Qin Yuan frowned. He couldn't be more familiar with this symbol!

This also verified his guess-everything behind this was an organization's doing!

Daybreak Organization !

However, what he couldn't figure out was that this time, they were the ones who lured him to C City. However, when he arrived, he found that the other party didn't make any requests from him. Instead, they were playing guerrilla warfare with him.

What was the other party trying to do?

What was certain was that Qin Yuan did not have time to talk to Zhou Xuan.

There were still many things in his logistics company that he needed to go back to deal with.

If he could not find any traces of the other party by today, then Qin Yuan would return home and give up on this pursuit.

Soon, the other party seemed to have seen through Qin Yuan's thoughts and quickly made a further move.

At around six o'clock in the evening, Qin Yuan received a text message on his phone. The content was similar to before. It was still asking him to meet him at a hotel in the city.

The difference was that this time, the message was sent to him through a text message. Moreover, there was a very eye-catching icon at the bottom of the message-a white flame-shaped object.

Obviously, this time, the other party did not want to play hide-and-seek with him anymore and sent him a final invitation.

Qin Yuan was secretly delighted. What he wanted was such straightforward and undisguised contact.

The time set by the other party was seven o'clock in the evening, and the location was a room in a five-star hotel in the city.

Qin Yuan quickly arrived at the target location specified by the other party. It was already 6:50 pm.

Qin Yuan came to the door of the designated room and rang the doorbell.

Soon, the door opened. A burly man in black clothes opened the door. He looked fierce.

Qin Yuan understood in his heart that this time, he had really come into contact with them. There was no intention of playing around.

Just as Qin Yuan was about to enter the room, the burly man in front of him stretched out his right palm and placed it in front of him. Then, he said in a low and emotionless tone,

" Check your belongings. No sharp weapons are allowed in this room."

Qin Yuan frowned. This was not a problem. He did not bring any weapons with him because he believed in his strength and the system's secret weapon. With such a powerful function, he did not need to bring anything else.

Qin Yuan opened his hands and stretched them out in front of him, letting the other party come up and search.

This time, he was here to negotiate, not to fight, so he did not need extra weapons.

After the body search, the other party nodded at him and gestured for him to enter the room.

Qin Yuan walked in silently. After entering the room, Qin Yuan looked around. This was a structure that was basically the same as an ordinary hotel suite. There were two big beds in the middle, and two middle-aged men in luxurious clothes and glasses sat by the bed.

He reckoned that these two were the members of Daybreak who were negotiating with him this time.

"You're Qin Yuan?"

A skinny middle-aged man asked in a low voice. Qin Yuan did not answer. Instead, he asked,

"Who are you?"

"You already know."

Another slightly plump man said disdainfully.

"Other than that, who else could have made you come here?"

"Who are you in the organization?"

Qin Yuan frowned and asked.

He knew that the other party was from Daybreak Organization, but he guessed that these two were just chess pieces. The officers in the organization would not come directly to negotiate with him.

"You injured our people so badly. Aren't you afraid that we'll take revenge?"

The slightly plump man asked.

"Even if all of you attack together, you're still not my match."

Qin Yuan said indifferently.

At this point, he was even more certain of the other party's identity. From the tone of these two people, they were indeed just two small fries. He did not know why Daybreak Organization had arranged this meeting.

"Hahaha! As expected of the captain of the logistics company. He's so domineering!"

The thin man laughed loudly.

"What do you want to do this time?"

Qin Yuan asked.

“Get to the point. I don’t have time to play guessing games with you.”

“Hahaha! I didn’t expect you to be so impatient.”

Fatty started to laugh.

Don’t worry. We’re not as serious as you think we are. We’re just here to chat and have a heart-to-heart talk.”

” I told you, I don’t have time to play guessing games with you. Don’t make me repeat myself a third time.”

Qin Yuan said word by word. His voice was not loud, but everyone present felt a chill from the bottom of their hearts.

In an instant, the people from Daybreak Organization understood that Qin Yuan was serious.

“Our visit this time is arranged by the organization. They want to ask if you’re willing to live with us.”

Fatty told him the reason for this.

“Coexist with you?”

“What are the conditions?”

Qin Yuan asked coldly with an expressionless face.

“We will withdraw from the foundation in A City.”

Fatty’s tone also became calm. “Is this the only thing here?”

Qin Yuan continued to ask.

“What else do you want? This is already the biggest concession we can make!” “Don’t push your luck! He didn’t want face! Our superiors hate your actions very much!”

The thin man at the side also echoed loudly.

“Hahaha! You are the ones who came to me to ask for help. I have no obligation to cooperate with you.” Qin Yuan said sternly.

‘You!’

The two of them were speechless.

“You underestimate us! Don’t go too far!” The two of them said angrily.

Qin Yuan naturally knew the stakes.

In such a place, it was impossible for both sides to fight, which was why he was so bold.

They were in a hotel, and there was a very tight surveillance area outside. Qin Yuan was certain that the other party would not commit a crime here, and he could also fight for the highest benefits for the military to the greatest extent. If you withdraw from all the bases in the country, I promise you that I won’t hold you accountable.”

Qin Yuan sneered.

“Impossible! You’re simply dreaming!”

The two of them exclaimed at the same time.

Of course, Qin Yuan knew that this was impossible. He was actually just stalling for time with Zhou Xuan.

He wanted to get all the useful information about these two people.

He had never believed such a ridiculous thing from the beginning.

Of course, he would not make a move. Since the other party dared to send these small fries out to negotiate with him, there must be backup forces secretly monitoring him. He could not let his guard down just because the other party was weak.

Moreover, their purpose this time was to obtain information, not to fight..

Chapter 766 - 766: “Green Snake” Appears

“Are you here to find trouble?”

Seeing Qin Yuan’s teasing look, the two of them said angrily.

“I’m here to negotiate.”

Qin Yuan said calmly.

” Whether the conditions are met or not is your problem. Don’t use your attitude to determine the accuracy of the matter.”

Qin Yuan raised his eyebrows.

“Just wait for the organization to vent their anger on you!”

With that, the two of them left the room in a rage without looking back.

Looking at the other party’s back as he left, Qin Yuan felt an indescribable sense of pleasure in his heart.

This was the effect he wanted. It was really satisfying to defeat the enemy from the psychological level!

Qin Yuan also walked out of the room.

However, a trace of uneasiness that could not be ignored suddenly flashed in his heart.

This matter could not be so simple. This was the first thought that flashed through Qin Yuan’s mind.

It was impossible for the other party to go through so much trouble to lure him over and then use two small fries to deal with him. As expected, Qin Yuan’s worries came true very quickly.

A phone call broke Qin Yuan’s thoughts.

It was Long Xiaoyun from the logistics company.

Qin Yuan picked up the phone.

“Hey! Captain Qin! Not good!”

As soon as the call connected, there was a loud shout from the other party.

“What’s wrong?”

“Something happened at the police station!”

A hazy fog suddenly rose in Qin Yuan’s heart.

“The people from Daybreak Organization took advantage of your absence to attack Team Leader Jin! They’re trapped in the police station and can’t get out!”

“The other party even threatened to blow up the police station if they didn’t let Zhu Zhihui and the other two go!”

Geng Hu sounded very excited.

“Many of our brothers in the police station were injured by them!”

“Captain Qin, come back quickly!”

” I understand. Hold on a little longer. I’ll rush back now.”

Qin Yuan immediately replied.

After hanging up the phone, Qin Yuan immediately set off for City A.

His previous premonition was indeed right. This incident was a ploy by the other party to lure the tiger away from the mountain. The ultimate goal was to let Qin Yuan leave A City and save Zhu Zhihui and his wife.

It had to be said that the other party’s scheme was truly superb.

Qin Yuan did not stop. Two hours later, he returned to City A.

Then, he sped off to the police station.

Sure enough, before they reached the police station, they saw that the entrance was already surrounded by a few layers of people from afar.

From afar, it looked like an execution site.

Due to the strength of the other party, the nearby people had already evacuated from the scene. Within a radius of one kilometer, there were only soldiers wearing white flame clothes with the Daybreak organization printed on them.

They were holding guns and weapons in their hands.

Other than these people, there was only the sound of the cold wind whistling past.

The sharp-eyed Qin Yuan saw a few people from the logistics company in a hidden corner.

Geng Hu, Long Xiaoyun, and He Chenguang.

The few of them also saw Qin Yuan and hurriedly waved for him to go over.

Qin Yuan jogged to them.

“Captain Qin! You’re finally back!”

When Geng Hu saw Qin Yuan, his face could not help but reveal a look of joy.

“Tell me the details!”

Qin Yuan said seriously with a solemn expression.

Half a day after you set off, Daybreak Organization surrounded and attacked the police station. ”

” They were led by ‘Green Snake’. There were at least hundreds of them, and every one of them was armed. The police station could have fought them, but as time passed, the supplies in the police station became weaker and weaker. In the end, they were at the end of their rope. They could only shut themselves in and wait for help!”

‘ Why didn’t you ask for backup from other police departments?!”

Qin Yuan asked.

“The bureau has already tried! However, they seem to have sent out some kind of interference signal. All the cell phone signals within a ten-kilometer radius of the police station have failed!”

Long Xiaoyun said in a disappointed tone.

” We don’t dare to act rashly either. We’re afraid that if we attack rashly, we’ll make them fly into a rage out of humiliation and cause even greater losses.”

“Your actions are correct.”

Qin Yuan nodded in agreement.

“How long have they been besieging the police station?”

“About a field of time.” The few of them answered.

“Where is their leader, Green Snake?”

“According to our understanding, it’s in that black car.”

Geng Hu pointed at a black car with an outstanding appearance at the entrance of the police station.

Qin Yuan looked over there. At the entrance of the police station, there were several armored vehicles. Among them, a black Lilang sedan was in the middle of the armored vehicles, which was particularly eye-catching.

“They didn’t do anything? Have you been suppressing the police station at the entrance?”

” That’s right. From the day of the attack. they have been suppressing the police station with firepower at the entrance. They have never stopped.”

Qin Yuan was a little surprised. Logically speaking, the suppression of firepower from a general attack would only last for a short period of time. It was rare to see someone who could suppress the enemy with firepower for an entire day.

The other party's ammunition inventory was very sufficient.

Qin Yuan's first thought was that he had to quickly break the deadlock and rescue Team Leader Jin and the others. The battle had lasted for a day and night, so there must be many injured people inside.

However, he also knew that he could not rush things now. He still had so many comrades by his side. He could formulate a battle plan and take advantage of the collective battle.

Qin Yuan turned his head to look at the people around him. There were Geng Hu, Long Xiaoyun, He Chenguang, and himself.

The four of them could work together and infiltrate the enemy's troops..

Chapter 767 - 767: "Green Snake" Appears (Two s Combined)

Qin Yuan thought carefully for a while and immediately said,

How about this, the four of us will split into four groups. Geng Hu will take a few brothers to act as bait to attract the attention of their main group. Long Xiaoyun will find their signal interference devices and destroy them."

He Chenguang will bring another group of brothers and ambush Green Snake's troops in the chaos. I will be the last to enter the police station and rescue them when they are distracted." "Does everyone think it's feasible?"

Qin Yuan asked seriously.

"Of course! This plan brings out the advantages of each of us. Geng Hu's bravery, Long Xiaoyun's astuteness, my own decisiveness, and Captain Qin's intelligence. This plan will definitely succeed!"

He Chenguang immediately agreed.

"Then let's act immediately! Every second later, the lives of our brothers in the bureau will be in danger!"

Geng Hu said anxiously.

' Alright, everyone should understand who you are now. Let's take action immediately! "

Geng Hu and Long Xiaoyun will attack first. He Chenguang and I will wait here for an opportunity."

"Logistics Company! Attack!"

After Qin Yuan finished speaking, the few of them began to spread out and set off at the same time.

A few minutes later, Geng Hu was fully armed. He brought dozens of his brothers from the logistics company and sat in the armored vehicle of the logistics company. They swaggered in front of Xiao Yan.

Geng Hu poked his head out of the car with a submachine gun in his hand. He fired two shots into the sky and shouted,

“Daybreak bastards! Our logistics company has tolerated you for a long time! Today is your death anniversary!”

With that, he shouted and waved his hand. His subordinates also raised their submachine guns and attacked the other party.

When the other party saw this, they were also shocked. The few people at the front immediately hid behind the car and shouted,

“The logistics company is here! Quickly inform Lord Green Snake!”

As he said that, he dodged the attacks of Geng Hu’s troops while taking out his guns from behind the car to counterattack.

In an instant, a battlefield with smoke rising from all directions was formed on the other side. Gunfire rained down, and the scene was instantly chaotic.

“Now! ”

Long Xiaoyun, who had been hiding in the dark for a long time, flashed past like a ghost.

Within a few seconds, Long Xiaoyun had dashed into the enemy’s camp in the chaotic crowd.

“Good! Long Xiaoyun successfully infiltrated! It’s up to her now!”

Seeing this, He Chenguang shouted happily.

Seeing that Green Snake had already sent a group of people to Geng Hu’s side, He Chenguang also realized that it was his turn to appear.

“I’m leaving!”

He Chenguang gave Qin Yuan a look.

Qin Yuan returned his smile.

“Go! I believe you can do it.”

He Chenguang turned around and waved at his brothers from the logistics company who were already ready. Then, under the leadership of He Chenguang, the dozen brothers behind him rushed into the outer layer of the organization’s defense and directly rushed to Green Snake’s base camp.

When the other party saw the sudden arrival of the troops, they were also a little flustered.

However, they did not panic.

The few generals in front of Green Snake stood in front of their leader, took out their guns, and shouted,”

“Don’t let them come over! Stop them!”

Then, his subordinates immediately picked up their weapons and rushed in front of the general. They took out their weapons and armor and counterattacked He Chenguang’s troops.

Immediately after, both sides engaged in a fierce battle. The scene immediately produced countless smoke and flames of war, and it was extremely chaotic.

As Geng Hu and He Chenguang both played their role in disrupting the situation, different degrees of chaos appeared around the police station. The scene was out of Xiaoyan’s control for a moment. Qin Yuan’s gaze focused. He understood that it was his turn to appear.

Qin Yuan changed into plain clothes and elegantly flashed into the battlefield. He moved through the vines and soon arrived at the entrance of the police station.

Due to the battle at the front, Daybreak Organization’s rear defense was empty. There were only a few guards and two guards guarding the police station’s entrance.

Qin Yuan nimbly kicked, and the two of them fell to the ground, unconscious.

Qin Yuan came to the door and gently pushed it. The door was unlocked.

Qin Yuan flashed into the door.

It was very quiet inside. The lights were dim and there was no one inside.

Only Qin Yuan’s quiet breathing echoed in the surroundings.

Qin Yuan felt very strange.

Logically speaking, with such an intense battle outside, the people inside should have some influence. They shouldn’t be so quiet.

According to what the brothers from the logistics company had said, the police station should not have been breached. Why was there not a single police officer here?

With a puzzled mood, Qin Yuan slowly fumbled towards Team Leader Jin’s office.

The scene along the way still made Qin Yuan feel very strange.

He didn’t see a single person, whether it was a police officer or someone from Daybreak Organization.

The entire police station was like an empty city, peaceful and quiet.

A few minutes later, Qin Yuan arrived at the door of Team Leader Jin’s office.

Through the crack of the door, Qin Yuan could vaguely see a dim light flashing inside.

Someone was inside.

This was Qin Yuan’s first thought.

Qin Yuan came to the door and gently knocked on it.

“Team Leader Jin? Was it you? I’m Qin Yuan.”

Qin Yuan whispered.

Soon, a reply came from inside.

No one responded.

“Team Leader Jin?”

Qin Yuan shouted a few more times.

Seeing that no one answered, Qin Yuan frowned.

He raised his guard and slowly pushed the door open.

As the door slowly opened, Qin Yuan’s vision slowly widened.

It was still a familiar room. Team Leader Jin’s upper body was lying on the table. No matter how Qin Yuan shouted, there was no answer, as if he had fainted.

Immediately, Qin Yuan felt an unprecedented sense of danger.

Sure enough, just as he was about to turn around, he felt a chill on his back. There was something hard pressing against his back.

A cold laugh came from behind.

“Qin Yuan, you didn’t expect this, did you? You still fell into my trap.”

The voice was very detailed, but it wasn’t the gentle kind. It was like a cold flowing water in the deep mountains and forests, making people shudder.

His intuition told him that this person was Green Snake.

Sure enough, just as Qin Yuan did not dare to move, a tall and burly figure slowly walked from behind him to the front of him.

Qin Yuan focused his eyes and saw that the person in front of him was at least 1.9 meters tall. He was burly and had a strange Mohican hairstyle. There were strange tattoos on his face. He was wearing a brown vest and a pair of black gloves.

In his left hand was a golden revolver.

She was wearing a pair of fluffy jeans and was looking at him with a sinister smile.

The most obvious feature was that he had a very obvious dark green scar on his right hand that extended from his shoulder to the back of his hand.

There was no doubt that this was the demon who killed without blinking- “Green Snake”.

“Nice to meet you.”

The green snake looked at Qin Yuan with a demonic charm.

Qin Yuan only felt an unprecedented pressure spread throughout his entire body, making every pore of his stand on end. He was extremely uncomfortable.

Qin Yuan instantly understood that he had fallen into the other party’s trap.

Ever since Qin Yuan returned to City A, his every move had been grasped by the other party. His sneak attack was also expected by the other party. The people here had long been waiting for him.

“What did you do to Team Leader Jin?”

Although Qin Yuan was a little surprised, the expression on his face did not change much. He only asked in a deep voice.

Nothing, he just tell asleep.” Green Snake said with a smile.

“However, his fate is now in your hands.”

Green Snake laughed even more wildly. His evil laughter echoed in the room..

Chapter 768 - 768: The Appearance of the “Raccoon

“What do you want?”

Qin Yuan asked with rapt attention.

“I heard that you went to City C. How was the scenery there?”

The green snake did not directly answer Qin Yuan’s question, but asked meaningfully.

The expression on Qin Yuan’s face did not change because of his teasing. He continued to stare at the other party with a calm gaze.

“Don’t be so nervous. If you and I weren’t on opposite sides, we would still be friends.”

Green Snake intended to rope in Qin Yuan.

“Don’t be sarcastic with me. I know who you are and what your purpose is. If you have something to say, just say it. Don’t beat around the bush.”

Qin Yuan said righteously.

“Hahaha! I heard that Captain Qin Yuan is a very generous person. Seeing him today, it’s true!”

The green snake stopped speaking in riddles.

” Then I’ll be frank with you. Our goal today is very clear. We’ll give you two choices. One is to submit to our Daybreak Organization and create a bright future. The other is to overestimate yourself and become our enemy. You’ll suffer the consequences.”

The green snake’s attitude became very bad, revealing its vicious nature.

After saying that, Green Snake walked to Team Leader Jin, who was lying on the table, and grabbed the back of his clothes with his hand, revealing Team Leader Jin’s face.

Team Leader Jin’s face was covered in bloody marks. It was obvious that he had been tortured by the organization’s people.

Green Snake grabbed Team Leader Jin's hair with his right hand and slapped his cheek with his left hand." Wake up, you pig!" he shouted. Then, Team Leader Jin was woken up by the sound of slapping.

He said groggily,

"And you are?"

"Green Snake!"

Team Leader Jin turned around and saw Qin Yuan.

"Captain Qin, you're back!"

"Don't act rashly! This is all their trap!"

It was obvious that Team Leader Jin was still in a daze and had not figured out the current situation.

"Look, he doesn't know anything anymore. He's basically out of his mind. Now, only you can make decisions here."

Green Snake laughed sinisterly.

"I didn't kill him myself. This is already the greatest mercy I can show you.

Don't be ungrateful."

Green Snake continued.

Qin Yuan looked at the bloodthirsty demon in front of him and revealed a look of disgust. However, he had to be patient and deal with the other party.

If it was any other time, he would have charged up and fought with his life on the line. But now, he had to consider the overall situation.

After all, the other party held the lives of more than a hundred people in the police station in his hands.

"Don't be rash. What do you want? Let's talk things out."

Qin Yuan said.

"Hahaha, you're smart. Where's that impulsive energy from before?"

Green Snake laughed proudly.

Qin Yuan held back the anger in his heart and looked at the other party with a forbearing gaze.

"What I want is very simple. I told you just now. If you knew what was good for you, you wouldn't have asked me so many questions. The answer would have been obvious long ago."

Green Snake said frankly.

"I promise you, but you have to promise me one condition. You have to let everyone in the police station go and not destroy a single blade of grass or tree here."

Qin Yuan said sternly.

“Hahaha! Since when did I say you have the right to bargain with us?”

Green Snake frowned.

“This is my bottom line. They have no enmity with you. You don’t have to force them to this point.”

Qin Yuan did not give in at all. His aura was overbearing, as if he was threatening the other party.

“Hahahaha! What a tough man! I admire your character! For this reason, I agree to your request!”

Qin Yuan smiled and compromised.

“Alright.”

Qin Yuan said without hesitation. Then, he stretched out his hands and made a gesture of surrender.

He knew that the only way now was to compromise with the other party. He could wait for an opportunity to attack later, but he had to give the other party a promise now to stabilize the current situation and not let it develop into a

bad situation.

“Hahaha! I didn’t expect the dignified logistics company captain to compromise!”

“Good! I like this behavior very much! Arrest him immediately! Return to our base!”

Green Snake smiled in satisfaction. His subordinates immediately went forward and tied Qin Yuan up with handcuffs and ankles.

When Team Leader Jin saw this, he felt despair in his heart.

“Captain Qin Yuan! Don’t worry about us! You should put the big picture first! A small police station was nothing compared to annihilating this organization! And our brothers in the police station are ready to sacrifice themselves!

You have to think carefully!”

Team Leader Jin shouted at the side.

“Stinky fatty, don’t talk too much!”

Green Snake looked at Team Leader Jin impatiently, then patted him on the back with the back of his hand. The latter immediately fainted again.

“You have no right to speak here!”

Qin Yuan smiled proudly.

“Today’s harvest is really plentiful! He had caught the biggest fish! Hahahaha!”

“Brothers, let’s go home and serve you good wine and food tonight! Today is a day worth celebrating!”

With that, Green Snake stood up and walked out of the house. The few soldiers behind him firmly held Qin Yuan and followed closely behind.

Only the heavily injured brothers in the police station were left behind.

Qin Yuan took one last meaningful look at the police station, then silently followed Green Snake out.

Outside the gate, the brothers of the logistics company who were originally fighting with the organization could not help but shout in panic when they saw Qin Yuan being detained by the other party..

Chapter 769 - 769: “Raccoon” Appears (Two s Combined)(2)

“Captain Qin! What was going on? How did you get caught?”

In their impression, Qin Yuan had always been a brave and resourceful person who was not afraid of difficulties. They did not expect him to be captured by the other party today, which shocked them.

“How is that possible? Captain Qin, who has never failed before, has actually fallen into such a situation!”

When Geng Hu and He Chenguang saw this, they couldn’t help but tremble.

“Captain Qin Yuan! What’s going on?”

Looking at Qin Yuan in front of them, the two of them exclaimed in surprise.

“Don’t make a fuss. This is just a basic operation of our Green Snake team leader. If you know what’s good for you, surrender. The Lord is merciful and will let you off. Otherwise, if you fight head-on, you will definitely not have a good ending!”

Green Snake’s subordinate used his power to shout at the logistics company in front of him.

“Make way obediently! Otherwise, I’ll kill all of you!”

The people from Daybreak Organization in front continued to clamor.

“Brothers, retreat first and avoid the sharp edge of the opposite side for the time being.”

At this moment, Qin Yuan, who was in the enemy’s formation, spoke.

Geng Hu and He Chenguang also came to the front of the array. Looking at Qin Yuan, who had become a prisoner, their eyes revealed a look of pity.

“Captain Qin? How could this be? Didn’t we agree to go out together?” Geng Hu shouted.

“Geng Hu, things are not as simple as we thought. I am still your captain, right?”

Qin Yuan said.

“That’s right! You will always be the captain of our logistics company!”

Geng Hu replied immediately.

“Then listen to me. Retreat.”

Qin Yuan said sternly, his gaze filled with determination.

“Alright... Alright.”

Qin Yuan looked at He Chenguang with a firm gaze, as if there was a deep meaning behind it.

He Chenguang seemed to have understood something, and then immediately nodded and replied,

“Alright, we’ll listen to you, Captain Qin.”

“Hahaha! Your subordinates are really obedient. As expected of your

subordinates. That’s right. As long as they are obedient, I guarantee that everyone will be able to go home safely. Everyone will have a happy ending in the end.”

Green Snake said with satisfaction.

“Let’s go, obediently follow me back.”

Green Snake looked at Qin Yuan and said with a sinister smile.

Then, Qin Yuan walked in front and walked towards Green Snake’s black car.

Green Snake walked behind him while gesturing to his subordinates to retreat. The soldiers from the organization who were in the police station also slowly came out of the police station and returned to the vehicles in the organization one by one, preparing to withdraw.

The people from the logistics company also kept their promise and did not act rashly. They watched from the side as their car slowly drove out of the police station.

Qin Yuan also immediately arrived in front of the black car and prepared to get into it.

Seeing that the people of Daybreak Organization had already sounded the bell, He Chenguang and Geng Hu immediately entered the police station and rescued Team Leader Jin and the others one by one to check their injuries.

Because of Qin Yuan’s appearance, Long Xiaoyun, who was about to succeed, suddenly stopped what she was doing.

She narrowed her eyes and watched Qin Yuan slowly leave.

The three people from the logistics company walked together with Team Leader Jin and looked at the green snake that was gradually leaving. He Chenguang’s eyes focused as he said in a low voice,”

” The plan went smoothly. They didn’t discover our purpose.”

“Yes, Captain Qin Yuan’s acting skills are very good. I think there’s a high chance this time.”

Long Xiaoyun echoed.

“This is the most critical step of this operation. At least for now, it seems to have succeeded! Let’s wait for Captain Qin’s good news!”

Geng Hu said seriously.

It turned out that they had already secretly discussed the backup plan for this operation before they had even made a plan.

If the plan on the surface didn’t work, he would implement Plan B. He would sneak into the enemy’s camp and wait for an opportunity to break through.

Of course, this was Qin Yuan’s own idea.

He was the only one who could realize the idea of going deep into the forest alone.

None of them could stop him, so they could only agree.

This time, he had not expected that he would be right. The expected result had happened.

It was not a bad ending.

On the other hand, Qin Yuan was sitting in the back seat of Green Snake’s car. He was surrounded by two burly men and could not move at all.

Qin Yuan closed his eyes to rest, but he was not in a hurry.

He had already made preparations for this trip. Now, he was resting in the car. When he arrived at the other party’s base, he would take a look at the specific situation before making a plan.

To be honest, he could easily break free from the shackles on his hands and feet with his own ability, but this would ruin his plan. The most important thing now was to stay put and act according to the situation when he reached the other party’s territory.

Although he knew that the headquarters of the “Daybreak” organization was filled with danger, as the saying went, “Nothing ventured, nothing gained.” Opportunity and danger coexisted. This was also the situation that Qin Yuan had always encountered.

He was already used to it.

Qin Yuan’s eyes were covered, and the journey was bumpy. After an unknown period of time, he felt that the speed of the car seemed to have slowly stopped.

Then, the person next to him shouted,

“We’re here. Come down.”

Then, he was pulled out of the car by two burly men beside him.

However, the blindfold on his face was still on, and his eyes were still pitch-black.

“Take off his blindfold. He’s our guest. We have something to discuss with him.”

It was the green snake’s voice.

Then, Qin Yuan’s blindfold was taken off.

The darkness before his eyes instantly brightened.

Qin Yuan closed his eyes and sorted out his thoughts seriously before opening his eyes again.

This was an empty warehouse, surrounded by piles of stacked containers, accompanied by a foul smell. More than ten members of the organization dressed in strange clothes surrounded him.

In front of him were Green Snake and another tall man with an afro. From the way they sat, it seemed that this man was a cadre in the organization with the same status as Green Snake.

“Is the base of Daybreak so simple and crude?”

Qi Yi frowned.

“You’re too naive. How did you know that this is the organization’s base?”

Green Snake laughed loudly. “This is just an abandoned warehouse in the wilderness.”

“Then why did you get off here?”

Qin Yuan continued to ask.

Green Snake didn’t say anything. Instead, he looked at the afro beside him.

“Qin Yuan, do you know who I am?”

The afro man chuckled.

Qin Yuan looked at the other party carefully again. After confirming that it was the first time he had met her, he asked in confusion,

“Raccoon?”

“Hahahaha! As expected of the captain of the logistics company, you guessed it right.”

‘ That’s right, I am Raccoon. To see you, this is the first time I left my territory and stayed with another officer.”

“This is your privilege.”

Raccoon laughed loudly.

“Why are you here?”

Qin Yuan went straight to the point.

” We are both the best officers in the organization. The purpose of coming here today is very simple. It is to resolve the misunderstanding between you and us.”

Raccoon laughed.

Qin Yuan could tell.

Compared to the green snake, this raccoon was more intelligent and smarter. It was probably difficult to hide his thoughts in front of it.

In other words, this raccoon was a more dangerous existence than the green snake.

“You and I are both smart people. Let’s not beat around the bush and get straight to the point.”

“I believe that you know our organization very well, so I won’t go into detail. What I want you to know is that if you join us, your future will definitely be a hundred times brighter than yours in the logistics company.”

“Daybreak is dozens of times more powerful than the regular military in terms of manpower and financial resources. Our goal is to overthrow the current corrupt government and rebuild a capital that is full of peace and hope. I hope that you will consider it carefully and abandon the darkness for the light. The door of Daybreak will always be open for you.”

The raccoon’s language talent was indeed much higher than the green snake’s. When he said this, he looked like a winner, making people feel a sense of justice slowly surge into their hearts..

Chapter 770 - 770: Playing Hard to Get (Two s Combined)

This was a little different from what Qin Yuan had expected.

Qin Yuan originally thought that the other party would threaten him sternly. He did not expect the other party to negotiate with him in such a gentle way.

It made him feel a little helpless.

If the other party used a tough method to resolve it, he could use violence to deal with violence.

However, the other party used roundabout methods to persuade him, which was the most troublesome. “What if I don’t agree?”

Qin Yuan probed.

“If I were you, I wouldn’t say no.” “You’ve always been a smart person.”

“I believe you won’t do anything stupid.”

Raccoon said. His face faintly revealed a proud confidence that made people unable to refute him.

” I don’t understand. Although what you said is logical, it’s just a one-sided story. You know that you’re a pragmatic person. You have to give me some practical knowledge before I believe you.”

Qin Yuan said.

In fact, Qin Yuan believed what the other party said because the other party was a cadre of the “Daybreak” organization. He would definitely not do something stupid like speaking without thinking, especially when facing a person like Qin Yuan.

Qin Yuan was only stalling for time. He understood that the more time he spent dealing with the Daybreak Organization, the higher the chances of the military finding him.

“Haha! You’re Captain Qin after all, so you’re very thoughtful. No problem, since you’ve made your request, we’ll fulfill it.”

Raccoon laughed.

Brother Xiong, have you forgotten what Big Brother said?” Green Snake seemed to have some concerns as he whispered.

“It’s fine. Since we’ve invited someone else, we have to treat him the most honestly.”

The raccoon turned its head and said to Qin Yuan, “You want to see our strength, right?” Alright, get in the car with me. I’ll bring you around.”

With that, Qin Yuan led the way into the car.

Qin Yuan followed closely behind and got into the car.

He knew that this was the crucial stage to gain the other party’s trust. He had to make the other party completely believe in him, and he had to give the greatest sincerity.

Seeing his leader enter the car, his subordinates also entered their own cars and followed Raccoon’s car out.

Seeing this, Green Snake did not say anything else and followed silently.

“Where are we going?”

Qin Yuan sat in the back seat. This time, he was no longer affected by the blindfold, and no one was restraining him from both sides.

It seemed that he had gained a certain level of trust from Raccoon.

However, even if he wasn’t blindfolded, he couldn’t tell where he was. He could only see that it was dark outside, and only the palm trees on both sides of the road were swaying in the wind.

She didn’t know what time it was, but she could see faint stars flickering in the dark night sky outside the window.

Along the way, the raccoon sitting in the front row did not speak, as if it was conserving its energy, waiting for the storm to arrive.

After about an hour, the car slowed down.

Qin Yuan knew that he had arrived at his destination.

The driver said, “We’re here.”

The car door slowly opened, and a group of people slowly got out of the car under Raccoon’s lead.

A man in a suit respectfully opened the car door for Raccoon, and Raccoon slowly walked out.

After Raccoon got out of the car, he politely said to Qin Yuan in the back seat,

“Come down, we’re here.”

With that, the car door beside Qin Yuan was opened.

Qin Yuan turned around and got out of the car.

Looking around, the first thing that came into sight was a very huge building, like a huge factory.

He could only hear the light flashing inside and the rumbling sound of machinery working from time to time.

” This is an ordinary factory in the organization. There are about two hundred workers working twenty-four hours a day.”

As he spoke, Raccoon walked in front and led Qin Yuan to the entrance of the factory.

As they slowly walked in, they realized that although this was an ordinary factory, there were more than a dozen armed soldiers guarding the door. Every soldier was well-equipped, and the equipment on them was much better than the military’s.

Qin Yuan could not help but frown. The equipment of these soldiers was indeed as Raccoon had said, several times stronger than the military’s combat strength.

From this, it could be seen that Raccoon was not lying.

When the guards at the door saw the raccoon, they stood up straight and made a gesture of experience. They shouted,

“Good evening, Captain Raccoon!”

The raccoon nodded at the two of them and walked into the factory. Under the lead of Raccoon, Qin Yuan followed closely behind and walked into the factory.

” This is the factory that produces armaments in the organization. Tens of thousands of guns are produced every day. This output is far beyond the best arsenal in the country.”

Raccoon said calmly.

Qin Yuan did not say anything. As he walked, he looked at the production lines on both sides. After looking at them for a while, Qin Yuan had to admit that the work efficiency here was indeed at the top level in the country.

The most advanced production equipment, meticulous workers, and professional management were all things that the current domestic technology could not reach.

Qin Yuan felt as if he was being suppressed by an unknown pressure, making him unable to breathe for a moment.

It was no wonder that he was always a step behind in the competition with them. It turned out that he was facing an organization that was even more powerful than the military. Thinking about it this way, the outcome was already obvious.

“How is it? I didn’t lie to you, right? This is just an ordinary factory in our organization. There are many factories that are better and larger than this..”
