

Special Troop 771

Chapter 771 - 771: Playing Hard to Get (2)

Raccoon chuckled. "I understand."

Qin Yuan nodded slightly.

The other party's sincerity was sufficient, and he had no reason to refuse.

However, as a member of the logistics company, he was a person alive and a ghost dead. It was absolutely impossible for him to transfer to another place.

Right now, he just needed to think of a way to stall for time.

"I see your sincerity. Since things have come to this, I agree to join Daybreak."

Qin Yuan said indifferently.

Upon hearing this, Raccoon couldn't help but be overjoyed.

"I've been waiting for you to say that. I knew you were a sensible person. Today is a day worth remembering!"

Raccoon was obviously very happy and relaxed.

"From today onwards, we are colleagues."

Raccoon laughed.

"With someone like you joining, the organization is like a tiger with wings. It's only a matter of time before the world is unified!"

With that, Raccoon stretched out its right hand and handed it to Qin Yuan.

Qin Yuan also understood and reached out to shake his hand to show his sincerity.

"Yo, I knew it. You'll definitely be a wise man who understands the times and abandon the darkness for the light."

Green Snake, who was at the side, saw Qin Yuan's decision and smiled.

"Welcome, our new colleague!"

Raccoon had already walked out of the factory and shouted at his brothers behind him.

"Welcome, Qin Yuan, to the Daybreak Organization."

Everyone cheered in unison.

They sat down outside the factory.

Qin Yuan asked softly.

"Where are we going next?"

Raccoon thought for a moment and immediately said,

‘ To prove your loyalty, the organization has just issued an order. We will go and annihilate the troops that the logistics company is chasing after.’ “The people from the logistics company are chasing after us?” Qin Yuan frowned and asked.

“Well, should I say that they are very clever or very stupid?”

Raccoon raised his eyebrows.

“We had already used the most secretive escape method, but we didn’t expect them to still pursue us. This is going to be difficult. They asked for it.”

“Since the higher-ups have already given the order, we have no choice but to complete the mission as soon as possible. ”

Qin Yuan’s expression did not change as he said indifferently.

“Yo, I didn’t expect you to be such a cold-blooded and heartless person. These are your brothers and sisters in the past, but I like people like this. Very good, let’s prepare for battle.”

“I’m looking forward to Qin Yuan’s first performance after joining the organization.”

The raccoon grinned hideously.

Qin Yuan did not say anything. The expression on his face was very firm.

Calmness and composure were engraved on his face. Everything was under his control.

About ten minutes later, the brothers from the logistics company caught up.

A few armored vehicles surrounded them.

Looking at the situation, there were about a hundred people. The two armored vehicles in the lead stopped directly opposite Raccoon, and the front of the car flashed with a dazzling light.

Geng Hu and He Chenguang, both in military uniforms, alighted from the car.

“Where’s Captain Qin Yuan?”

Geng Hu held a rifle and stared at the raccoon in front of him as he shouted.

Raccoon sat on the ground with his hands behind his back. He did not speak, but looked at Qin Yuan leisurely.

Qin Yuan stood up and slowly walked in front of him. His gaze met Geng Hu’s.

He said in a low voice.

“Geng Hu, I’m already a member of the organization. Since you don’t have to care about me anymore and we used to be colleagues, I’ll let you off today. Go back.”

When Geng Hu heard this, he looked at Qin Yuan in disbelief. Then, he asked with a trembling voice,

“Captain Qin, what did you say?”

“I said, I’m no longer a member of the logistics company. This matter has nothing to do with you. I hope you don’t meddle in other people’s business and take care of yourselves. ”

Qin Yuan’s tone was still cold.

“Captain Qin Yuan, have you forgotten all the happy times we had? We agreed to carry forward the logistics company together!” Geng Hu’s expression changed and his tone was sorrowful.

He Chenguang also walked forward.

“That’s right! Captain Qin Yuan, I risked my life to find this place for you!”

“How could you do such an ungrateful thing!”

He Chenguang’s attitude also became very indignant as he said indignantly.

I’ve already made up my mind to leave. There’s no need to play the emotional card with me. I’ll give you two choices now. Either you leave, or you die.” Qin Yuan said coldly.

Raccoon and Green Snake watched from the side as the few people from the logistics company slowly turned against each other, and their faces revealed a smug expression.

I didn’t expect the logistics company to have such a day. They were so united before. How ironic.”

Raccoon laughed.

“It’s all because our organization is so powerful that they have no choice but to submit. Hahaha!”

Green Snake laughed.

On the other side, Qin Yuan, Geng Hu, and He Chenguang looked at each other for a long time without saying a word. All of a sudden, a gunshot was heard.

A scream broke the silence.

Qin Yuan was holding a pistol in his hand, and white smoke was coming out of the muzzle.

Qin Yuan’s expression was solemn as he blew at the white smoke from the muzzle of the pistol.

Opposite him, Geng Hu sat paralyzed on the ground, his right hand clutching his calf in pain as he screamed.

“You! Qin Yuan! Our logistics company really misjudged you! You’re simply a beast! ”

He Chenguang rushed over to check on Geng Hu’s injuries and slowly helped him back to the camp.

“Captain He! He is no longer the Qin Yuan we know! Today, either he dies or we die! Don’t hesitate! Attack immediately!

Together with him, I will make them disappear from this wilderness today!” Geng Hu cursed and said angrily.

He Chenguang nodded with a determined expression on his face. Then, he turned around and gave orders to the troops around him.

“Brothers, charge! Get rid of this traitor and the Daybreak Organization together!”

“Yo, a good show is about to begin.”

Raccoon, who was sitting behind Qin Yuan, raised his eyebrows and smiled.

“Let’s just sit here and watch the tigers fight.”

Green Snake also laughed loudly.

Seeing the people from the logistics company rushing over, the people on Daybreak Flame’s side also got into formation and prepared to defend.

He Chenguang took the lead, holding a submachine gun and firing in Qin Yuan’s direction.

Qin Yuan’s eyes narrowed, and his figure flashed, instantly hiding in the bushes at the side.

“Heh, you don’t say. This Qin Yuan’s skills are indeed very agile. No wonder he could capture Lin Hai alone.”

When the green snake saw Qin Yuan’s skills, it could not help but praise him.

“There’s more to look at.”

Raccoon reminded.

The people from both sides instantly collided with each other, and the scene became very chaotic. There was a rain of bullets everywhere, accompanied by intense gunshots and explosions.

Qin Yuan saw an opportunity and moved in a flash to find cover in the chaos. He slowly approached He Chenguang and came behind him. Qin Yuan took a big step forward and stepped on He Chenguang’s back. With a tiger step, he stretched out his hands and firmly pressed down on the other party’s neck. With a shoulder throw, He Chenguang fell to the ground.

The latter immediately screamed and rolled on the ground in pain, losing his ability to fight.

When Raccoon and Green Snake saw this scene, they could not help but laugh.

“Just this? The captain of the logistics company was taken down by Qin Yuan in one move? This is too weak.”

“Is there no one in the logistics company who can fight except Qin Yuan?”

When the brothers of the logistics company saw that their captain, He Chenguang, was captured by Qin Yuan, they could not help but lose their momentum. The firepower in their hands also slowly slowed down, and they did not dare to move.

Then, Qin Yuan clasped He Chenguang’s hands and brought him to the raccoon and the green snake.

Qin Yuan threw He Chenguang to the ground. The latter lay on the ground in pain and moaned, looking very sad.

“Captain Qin Yuan, as expected of you. You took care of your old friend with one move. The organization needs a ruthless person like you.”

Green Snake laughed loudly.

“This can be considered the first trial the organization has given you. You have passed.”

Raccoon also said to Qin Yuan with a satisfied smile..

Chapter 772: Fierce Battle in the Wilderness

Looking at He Chenguang who was in pain on the ground, the green snake was proud. It turned to Raccoon and said,

“Brother Xiong, we should follow the original plan and destroy them on the spot, right?”

Raccoon nodded slightly.

The green snake immediately turned its head and said to Qin Yuan indifferently,

“According to the original plan, execute the logistics company on the spot.” Qin Yuan also nodded slightly.

Then, he took out the pistol he carried with him, opened the bolt, and aimed it at He Chenguang’s head.

Qin Yuan’s gaze was focused, and there was no expression on his face. He was like a mechanical killer.

He said word by word in a cold storage voice,

“Goodbye. ”

Then, a tragic gunshot was heard.

“Bang!”

With a scream and a thick red liquid splashing out, the scene instantly exploded!

The one who was shot was not He Chenguang, but Green Snake!

He held his abdomen in pain, and his face revealed an incredulous expression as he stared blankly at Qin Yuan in front of him.

The raccoon next to him was also seriously frightened, but it only took a few seconds for it to return to normal.

Then, he took out his pistol and prepared to shoot at Qin Yuan.

However, just as he took out his pistol, Qin Yuan had already helped He

Chenguang back to his headquarters, dozens of meters away from the raccoon.

Raccoon was amazed at Qin Yuan's terrifying movement speed. He flew into a rage out of humiliation and suddenly fired a few shots in that direction. It was completely to vent its anger. There was no order at all.

"What a counter-tactic. Qin Yuan, today, I'll make you pay for your stupidity!"

The raccoon snapped.

"Get the medic over here and save him!" "The rest of you, follow me and surround them!"

Raccoon shouted.

After all, Raccoon was still a big shot. When he encountered such an unexpected situation, he did not panic at all. In the current situation on the battlefield, although Qin Yuan had attacked first and gained the upper hand, switching sides with "Daybreak" and injuring Green Snake, Daybreak had the absolute advantage in terms of equipment and numbers. His decision was completely correct.

Hearing their boss's call, Xiao Yan's soldiers were greatly encouraged and instantly gathered a fierce aura.

"Charge! Brothers! Avenge Captain Green Snake!"

Daybreak Flame's soldiers shouted as they launched a barrage of firepower at the logistics company that was several times faster than before.

Qin Yuan sent He Chenguang to a safe place to settle down.

"Captain Qin Yuan, the mission has been successfully completed. It's been hard on you just now."

He Chenguang lay on the stretcher and said to Qin Yuan.

"My brothers in the company have worked hard. Without your cooperation, I wouldn't have been able to achieve this goal." Qin Yuan said humbly.

"Leave the rest to me. You guys just have a good rest."

Geng Hu also ran over from the side.

"Captain Qin! Your acting was not bad just now! It was so realistic that even the enemy's general was fooled!"

Captain He, are you alright?"

"It's fine. It's just for show. Captain Qin didn't really use his strength." He Chenguang patted Geng Hu's shoulder and gave him a thumbs up. "I don't care. Now doesn't seem to be the time for us to catch up."

As Geng Hu spoke, he turned his head to look at the other side of the battlefield. Under the fierce firepower of the other side, the brothers of the logistics company could not hold on any longer and retreated step by step. "Captain He, rest well in the rear. Leave the front line to Geng Hu and me."

Qin Yuan patted He Chenguang's shoulder and said.

“Okay, then I’ll leave it to you.”

He Chenguang reached out his hand and shook Qin Yuan and Geng Huts hands tightly.

Then, Qin Yuan and Geng Hu returned to the battlefield.

Looking at the other party’s powerful firepower, Qin Yuan did not panic. He calmly said loudly,

“Everyone, hold on a little longer. Our rescue is coming soon!”

Hearing this, the morale of the brothers in the logistics company immediately soared, and the momentum of their counterattack also began to become fierce.

After Qin Yuan finished speaking, he took the lead and charged forward. He picked up a rifle and rushed straight to the front of the formation. He shuttled back and forth in the rain of bullets. From time to time, he would sweep forward aggressively.

Under Qin Yuan’s leadership, the morale of the logistics company’s brothers was also very high. Under the situation where they did not have the advantage in numbers and equipment, they managed to block the opponent’s fierce attack.

Raccoon also saw the amazing battle scene.

Logically speaking, with their advantage in numbers and equipment, they should be able to take down the logistics company in a few minutes. Unexpectedly, from the beginning of the battle until now, the two sides had been fighting for more than ten minutes, and it was still difficult to determine who was stronger.

This made Raccoon very distressed. He also knew that although he had a natural advantage, this was the territory of the military after all. His troops were limited, and the support of the logistics company would arrive soon. At that time, it would really be difficult to predict the outcome.

Raccoon couldn’t help but feel anxious.

Since things had come to this, if he didn’t advance, he would retreat. Raccoon made up his mind, picked up a submachine gun beside him, and rushed to the front of the formation.

This was his last choice. For the sake of his brothers and subordinates, he definitely could not stand by and watch!

Raccoon grabbed two submachine guns from the side, one in each hand. He rushed to the front of the formation and fired wildly in the direction of the logistics company.

The soldiers of Daybreak were encouraged by their boss’s example and began to attack crazily..

Chapter 773: Fierce Battle in the Wilderness (2)

Originally, the situation was already leaning towards Xiao Yan’s side. With the addition of Raccoon, the soldiers in the front row of the logistics company had already begun to suffer casualties.

Qin Yuan saw all of this.

It was all part of his plan.

He had been waiting for this moment.

To be honest, half an hour ago, he was still worried that the other party had two generals guarding the headquarters. No matter how strong he was, it was impossible for him to deal with them alone.

However, because of the sneak attack just now, the green snake was already heavily injured and did not have the ability to fight.

Only the raccoon was left. From its appearance, the raccoon belonged to the intelligent type. It was on a completely different level of strength from the green snake, which belonged to the combat type.

As long as he found a chance to get rid of the remaining raccoons, this operation would be completed successfully.

Now that the raccoon had been provoked and had charged into battle, it was a good time for him to capture the enemy general.

Qin Yuan's eyes narrowed as he suddenly jumped up and dodged back and forth in the rain of bullets. In a short while, he had arrived near the raccoon.

Raccoon also saw Qin Yuan's strong figure and was shocked. He did not expect Qin Yuan to have such powerful athletic ability!

She did not expect Qin Yuan to still hide his strength!

The raccoon did not hesitate and fired wildly in Qin Yuan's direction.

Seeing this, Qin Yuan immediately hid behind a pile of goods beside him.

Raccoon was still unwilling to give up. He fired bullets continuously without stopping for a second.

He knew very well that if he fought Qin Yuan one-on-one, there was a high chance that he would not be Qin Yuan's match. Therefore, if he wanted to finish Qin Yuan off, he had to attack from a distance.

The firepower now could not be cut off!

Although these goods had a certain degree of damage tolerance, there was also a limit. As long as he maintained his firepower, the other party would not have a chance to turn the tables!

Sure enough, after more than ten seconds of shooting, the goods exploded with a loud bang.

A violent explosion was produced on the spot, releasing intense explosive sparks!

"Captain Qin Yuan!"

When the soldiers of the logistics company saw this scene, they began to worry.

When the fire gradually extinguished, green smoke rose from the ground.

"Captain Qin Yuan! Are you alright?"

The brothers of the logistics company looked over and shouted anxiously.

However, only the anxious shouts of the logistics company echoed in the air. Qin Yuan completely disappeared from where he was.

Raccoon was originally looking at the violent explosion in front of him, and his heart was still filled with confidence and pride. Under his powerful firepower suppression, the other party would not have a chance to escape. Qin Yuan would definitely die.

However, when the smoke slowly dissipated, the smile on his face had already begun to freeze.

She had clearly seen with her own eyes that Qin Yuan had already hidden behind an obstacle. Why was he gone after the bombing?

He wanted to see the person alive and the corpse dead!

The raccoon quickly reacted, and a sense of unease suddenly arose in its heart.

This feeling of unease soon came true.

A stalwart figure suddenly descended from the sky. It was Qin Yuan!

Qin Yuan roared angrily. He held the rifle in his hand, turned it around, and hit the raccoon's shoulder with the butt of the rifle.

Accompanied by the acceleration of gravity, the raccoon let out a miserable cry and its huge body fell heavily on the spot.

"Captain Qin Yuan is indeed a god! When did it move from that place to the

A few members of the logistics company exclaimed when they saw this scene.

"After all, he's Captain Qin Yuan! Combat skills were the ceiling of the logistics company! We won't be able to learn all his skills even if we learn them for a lifetime!"

Qin Yuan immediately rushed to Raccoon's side and used extremely fast speed to tie up his hands and feet with handcuffs.

When the soldiers on Daybreak Flame's side saw their captain captured, they were all shocked.

"Captain Raccoon!"

Green Snake, who was holding his abdomen and recuperating, was shocked when he saw this.

This was the first time he had seen his big brother, Raccoon, tied to the ground in such a sorry state.

"Big brother!"

Green Snake shouted. Then, he endured the pain and took out a pistol from his pocket. He suddenly shot at Qin Yuan.

However, perhaps because of his injury or because he was too far away, the first shot did not hit Qin Yuan. Instead, it hit the ground under Qin Yuan's feet.

Qin Yuan immediately felt danger. He frowned and immediately leaped up, turning towards the green snake.

He looked at the green snake with an extremely sharp gaze.

The green snake had already been severely injured by Qin Yuan. Now, when it met Qin Yuan's gaze, a chill instantly surged through its entire body.

The green snake endured the intense pain in its body and the fear in its heart. It focused its attention and fired a few more shots at Qin Yuan crazily.

Originally, when he was behind Qin Yuan, it was the best time for the green snake to launch a sneak attack. Unfortunately, he did not succeed and missed the best opportunity.

Attacking Qin Yuan now was simply hitting a rock with an egg.

Qin Yuan focused his energy and rushed towards the other party with all his might. In just a second or so, Qin Yuan passed through the bullets of the pistol and arrived in front of the green snake.

“The patient has to stay here obediently. Why should he get involved in other people’s business?”

Qin Yuan said in a low voice.

Then, he hit the green snake’s neck with the back of his palm, and the latter fainted.

This was a situation that Qin Yuan had no choice but to deal with, although he knew that the raccoon was his biggest threat now.

Sure enough, just as Qin Yuan was about to turn around to check on the raccoon after dealing with the green snake, the raccoon, which had been moaning on the spot just now, had already been rescued by the people of

Daybreak Organization. The chains on its body were also undone one by one.

“Raccoon Captain, are you alright?”

A few people from the organization were escorting Raccoon.

“I’m fine.”

Raccoon whispered.

” The situation is not right. Let’s leave a few brothers behind and retreat first!”

Then, he ordered in a deep voice.

“What about Captain Green Snake?”

“Give up! The most important thing now is for us to retreat! When we get back, we’ll find a chance to save him!”

Raccoon said resolutely.

“Good!”

His subordinates answered in unison.

The people from Daybreak Flame’s organization were very orderly when they retreated. First, a group of people used artillery to protect Raccoon and safely returned to his car.

Following that, the soldiers used their powerful firepower to suppress the logistics company. Then, they slowly entered their armored vehicles.

After getting into the car, they threw grenades from the car. The logistics company's position was instantly blown up. The powerful artillery suppression forced them to hide in the obstacles to avoid damage.

Even so, there were still many brothers who were injured because they could not dodge in time.

Although Qin Yuan was in the dominant position just now, he was unable to react in time because of the sudden retreat. He could not adjust his state to chase after them. He could only grab the green snake and hide in the gully to avoid the grenades.

When the artillery fire slowly stopped, everyone slowly poked their heads out of the obstacles. The people from Daybreak Organization had already escaped.

"Damn it! They actually escaped!"

The logistics company stomped their feet in anger.

"Damn it! He didn't expect them to still have a hand grenade! How cunning!"

Geng Hu said through gritted teeth.

"The duck in my hand is about to fly away!"

Qin Yuan also slowly crawled out of the gully, dragging the green snake that had been knocked out in his hand. "Although the plan failed, we still have him."

Qin Yuan said softly.

Everyone looked over at Qin Yuan.

Geng Hu and He Chenguang also came over.

"Green Snake! This can be considered a good harvest!"

He Chenguang was surprised.

"That's right! He was also one of the four officers under the big boss of Daybreak Organization! You can be considered a big fish!"

Geng Hu echoed.

"Yes!"

"Let's count the troops at the scene. There must be some gains."

Qin Yuan said.

The other side's equipment was better than their own. During the battle just now, the soldiers who were injured or killed must have guns and equipment on them. These were all extra gains today, which could bring a lot of weapons to

the logistics company..

Chapter 774 Plan Obstructed

It was unrealistic to chase after the raccoon troops now. In the following time, Qin Yuan and the logistics company searched for the remaining weapons left behind by the enemy.

After about half an hour of looting, they obtained about ten rifles, more than twenty submachine guns, and a few pistols.

There were also some undamaged bulletproof vests.

This was a considerable harvest.

However, more than a dozen of his brothers from the logistics company were injured. Some of them were even seriously injured and had lost their ability to move.

Qin Yuan arranged for the injured to be sent to the car immediately. He, He Chenguang, and Geng Hu got into the car together.

"Is this a failure or a success?"

He Chenguang frowned.

"It can only be considered average."

Qin Yuan said calmly.

"Both sides have their own gains and losses. If we don't profit, the other party won't lose either."

"No matter what, we have to go back and call Green Snake to the military."

Geng Hu added.

"That's right. Green Snake is the second most powerful person on the other side. He must be hiding countless valuable clues. We must interrogate him when we get back."

Qin Yuan echoed.

The group of people tidied up their things and returned to the logistics company.

In City A, Team Leader Jin had already contacted Qin Yuan and asked about the situation.

Team Leader Jin was very surprised by the development of the situation here.

"You actually caught Green Snake? This is a big move!"

"Originally, we planned to follow the clues and hide all the way to the other party's headquarters."

"I didn't expect the two leaders of the other party to be so powerful. We had no choice but to take a step back and start a war with them. That's why this is the end result."

Qin Yuan explained.

"This is pretty good! Although we didn't manage to enter the enemy camp, we should be able to obtain a lot of useful information from this person!"

Team Leader Jin said.

"Yes, we'll return to A City now and interrogate Green Snake overnight."

"Oh, and Team Leader Jin, I hope you don't make this matter public in the city. Otherwise, it might cause unnecessary sidelong glances and criticism."

"And prepare for the fierce battle that may come."

Qin Yuan said seriously.

"Understood. Just arrange it for me. It's good that you're back. I'll wait for you at the city gate."

Team Leader Jin said seriously.

This place was very far from City A, about 200 kilometers away. Qin Yuan and the others were very careful along the way. They followed some mountain paths back to their original place. There were even more flowers in the mountains.

Fortunately, nothing unexpected happened along the way. However, when they returned to A City, it was already past three in the morning.

"Captain Qin Yuan! You guys are finally back!"

"You've worked hard!"

Team Leader Jin and the others, who had been waiting at the intersection of the city, were very happy when they saw Qin Yuan and the others slowly entering their sights. They shouted loudly.

Qin Yuan saw that this time, Team Leader Jin had gathered a welcoming team of more than a hundred people. They were fully armed and were on guard. A cordon was formed around them, as if they were welcoming a big battle.

"I'm back."

Qin Yuan's car slowly drove in front of Team Leader Jin. Qin Yuan got out of the car and said to Team Leader Jin with a smile.

"No matter what, congratulations on your victory!"

"This time, we have completely broken off our relationship with each other."

Qin Yuan said indifferently.

Originally, there was still a chance to negotiate with Daybreak Organization. Now that both sides had already formed a deep hatred, the next time they met, it would definitely be a war.

"Why should we be afraid of them? Evil triumphs over good! Is our country unable to deal with a small evil organization?!"

Team Leader Jin said disapprovingly.

"Team Leader Jin, you might not know this, but their organization is very advanced. Their equipment and manpower are several times more than ours. If we really fight, our chances of winning are very low."

Qin Yuan said.

"I understand what you mean. Our country's absolute strength is definitely higher than this small organization, but if we force it, it's very likely that we'll get the opposite effect.""

"Their ability to escape is also extraordinary. They just escaped right under our noses. We couldn't do anything about it."

"You can say that. If they want to escape, none of us can stop them."

Qin Yuan said seriously.

Team Leader Jin could tell from his eyes.

Qin Yuan was not bragging.

Moreover, most importantly, this was the first time Team Leader Jin had seen someone or something that could make Qin Yuan say such humble words.

He could not help but shiver in his heart.

"I understand."

"However, since things have come to this, we can only take it one step at a time. The weather is cold. Let's find a place to sit down and discuss."

Team Leader Jin said.

"Okay, let's talk at the police station. Bring her to the police station first."

Qin Yuan said.

Then, the few of them brought the green snake out of the car. It had to be said that this green snake was really big.

It took a few people to move his huge body.

He was lying on a specially made stretcher, and four people were moving the four corners of the stretcher. They slowly put him on the police car and sent him back to the police station.

Fortunately, he was seriously injured and in a deep coma.

Qin Yuan had already ordered him to be anesthetized before he fell asleep.

If he was in a sober state, who knew what kind of accident he would cause.

"Send him to the military doctor for treatment. I shot him in the abdomen. If he isn't treated properly, his life will be in danger."

Chapter 775 - 775: Plan Obstructed (2)

Qin Yuan said to the police officers beside him.

"Alright."

The few of them carried Green Snake onto the medical police car.

Qin Yuan thought for a moment, but he was still worried. He waved at Geng Hu and said,

‘ Captain Geng, follow this matter the entire time. I’m worried about letting these people take care of it. I’ll go over to see him after I’m done here.’

"Alright, no problem. Leave it to me."

Geng Hu immediately agreed.

After settling down the green snake, Qin Yuan and Team Leader Jin returned to the police station together.

It was already past four in the morning, and the two of them finally returned to the police station.

Qin Yuan collapsed on the bench in the corridor.

“Today is the hardest day I’ve had in the past few years.”

Qin Yuan sighed.

“Why don’t you go home and rest first? We’ll discuss this tomorrow.” Team Leader Jin said with concern.

“After all, it’s already past four o’clock. It’s so late. I don’t have the energy to deal with anything else tomorrow.” “I’ll go back after I explain something to you.”

Qin Yuan said.

“Do you know why I did this today?”

Qin Yuan frowned and asked softly.

In order to infiltrate Daybreak Organization and obtain their information.”

Team Leader Jin said subconsciously.

” This is indeed one of my goals, but it’s not the main goal.”

Qin Yuan said.

“I snuck into their camp to find Weiwei’s biological father.”

Qin Yuan said softly.

“What is it? Didn’t we already confirm that Weiwei’s father isn’t in the organization?”

Team Leader Jin was a little surprised.

She did not expect Qin Yuan to secretly investigate this matter.

“According to the previous information, Weiwei’s father is indeed not in Daybreak Organization.”

‘ However, when I was fighting with them today, I found some clues.” Qin Yuan continued.

“Didn’t I enter their camp once before? I discovered the same problem during these two infiltration attempts.”

I’ve observed it carefully. Every time their soldiers use a pistol bullet, there’s a gray egret on the bullet.”

I saw this egret mark in Wei Wei’s father’s house. It was in the cabinet on the table in his room.”

“So I’m sure that the old master is very likely in their hands now.”

“What we should do now is not to plan how to eliminate the other party, but to rescue the hostages first.”

Qin Yuan analyzed.

Team Leader Jin seemed to have understood something and then said,

“Captain Qin Yuan is still the one who observed carefully. What’s our next plan?”

“Since we know that the old master is in the enemy’s formation, we can’t act rashly.”

“I’m sure they’ll definitely make a comeback for the Green Snake. Therefore, we have to do a good job of fortifications here so that we can achieve the effect of waiting for the rabbit.”

Qin Yuan analyzed and explained seriously.

“Moreover, things have already developed to this point. With our city’s weak strength, I’m afraid we won’t be able to resist the other party’s attack.”

“I would like to ask Team Leader Jin to ask the higher-ups to approve the mobilization of some military support. Otherwise, when they come next time, it may cause a very serious war situation.”

Qin Yuan continued to analyze.

Hearing Qin Yuan’s words, Team Leader Jin lowered her head and pondered for a while.

“Captain Qin, you have a point. Alright, I’ll report the situation to my superiors and ask them to send reinforcements as soon as possible.”

Team Leader Jin answered seriously.

“Alright, that’s about it for today. I have to call the hospital to check on Green Snake’s condition. Then, I’ll go back and rest for tomorrow morning.”

After explaining things to Team Leader Jin, Qin Yuan came out of the police station and returned to Geng Hu and He Chenguang’s hospital.

It was already past four in the morning when they arrived at the hospital. The cold wind whistled on the cold street, accompanied by waves of biting cold fog, making people feel very desolate.

After entering the hospital, Qin Yuan went straight to their ward. The surroundings were already guarded by the soldiers of the logistics company. Not a fly could enter or leave.

When he arrived outside the ward, Qin Yuan saw Green Snake lying alone inside. Geng Hu and a few brothers from the logistics company were guarding the door. It was very tight.

“How is he? Is he alright?”

Qin Yuan came in front of Geng Hu and asked carefully.

“I’m fine. I didn’t hit any vital parts. It’s just some infection. I’ll wake up soon.” Geng Hu replied.

“But Captain Qin’s marksmanship is really impressive. You intentionally avoided the vital parts, right?”

Geng Hu raised his eyebrows.

Qin Yuan smiled and did not say anything.

“You’ve worked hard tonight. I’ll be on duty now. Go back and have a good rest.”

Qin Yuan said.

“Hey, everyone has been busy all night. Why am I the only one going back to rest?”

Geng Hu immediately disagreed.

“I want to advance and retreat with Captain Qin!”

Qin Yuan smiled. He knew Geng Hu’s stubborn personality. It was useless for him to say anything more, so he sat down beside him.

“I didn’t expect that in the end, the two of us would be the ones who are tired. This prisoner is still lying comfortably in there sleeping.”

Geng Hu joked.

“Don’t laugh. Now, all the heavy responsibilities have fallen on our shoulders.” Qin Yuan also smiled.

“Indeed, now is the most critical time. We must keep watch until he wakes up.”

The two of them chatted, and time passed quickly. When it was past eight in the morning, the nurse’s shout came from inside.

“The patient is awake.”

Qin Yuan and Geng Hu, who were resting on the chair with their eyes closed, were suddenly jolted awake by this news. Then, they immediately stood up and looked inside.

As expected, the green snake was already awake. It was sitting up and drinking water on the bed.

“If you want to communicate with the patient, you have to be quieter. Be careful not to affect his condition. Otherwise, his condition might relapse.” the nurse reminded him in a friendly manner.

“Okay, thank you for the reminder.”

With that, Qin Yuan and Geng Hu entered the ward.

When the green snake saw the two of them enter, its face revealed a surprised expression, which then turned into disdain.

Then, he seemed to become very violent. He reached out to pull out the medical infusion tube on his body.

Seeing this, Qin Yuan immediately went up and stretched out his hand to stop it. Geng Hu followed closely behind and held down the green snake.

When the medical staff outside heard the commotion inside, they rushed into the ward.

“Quick, give him a tranquilizer.”

Qin Yuan said in a deep voice.

The nurse immediately took out a tranquilizer from the medicine box and injected it into the green snake.

“It seems that it will be difficult for us to communicate with him.”

Qin Yuan saw that the green snake had fallen asleep again and walked out of the corridor to speak to Geng Hu.

It can't be helped. That's just his personality. It's already good enough that he didn't commit suicide.”

Geng Hu also frowned.

“How about this? How's the situation on Captain He's side?” Qin Yuan asked.

‘ Captain He is fine now. He is resting in the ward downstairs.”

Geng Hu answered truthfully.

Qin Yuan nodded.

“You stay here and watch. I'll go talk to Captain He about something.” Then, Qin Yuan came to He Chenguang's ward.

As soon as he entered the door, He Chenguang looked at Qin Yuan with admiration.

“Captain Qin, why are you here?” “Hai, I still hit you. I feel guilty.”

Qin Yuan smiled and teased.

“Hey, don't joke around. If it wasn't for your plan, we would have returned empty-handed.”

He Chenguang said with a smile.

“How's the green snake up there?”

“He's awake, but his emotions are very unstable. We had to give him a sedative to keep him asleep.”

Qin Yuan said.

“Well, then there's nothing we can do. This person is famous for being a thorn in the side in Daybreak Organization. I'm afraid it will be difficult to negotiate smoothly in the future.”

He Chenguang looked worried.

Qin Yuan also understood that although this green snake had very important information, he was different from all the people he had interrogated before. He was a person who had a very difficult time communicating. He did not have any effective methods to deal with such a person.

As the saying goes, when a scholar meets a soldier, it's hard to explain the reason.

This was the case when he encountered the green snake..

Chapter 776: Old Master Yang and Weiwei's Origins

“There will always be a way. We will cross the bridge when we come to it. He is already in our hands. I don't believe that he can still play any tricks.”

Qin Yuan smiled and comforted her.

‘ Captain Qin, you've worked hard for a day and a night. You should go back and rest. We're not made of iron. Don't tire yourself out.’

He Chenguang reminded him. He sincerely hoped that Qin Yuan would go back and rest. After all, he was the pillar of the logistics company. He could not joke around with his health.

After Qin Yuan heard this, he was silent for a moment and lowered his head to express his understanding.

” Alright, I just came over to tell you. You and Geng Hu can watch over here. I'm more at ease. I'll go back and rest first. I'll change shifts in the afternoon.”

“No problem, just leave it to me. Geng Hu hasn't rested yet, right? I'll just stay here and watch. Let him go back and rest too.”

He Chenguang said understandingly.

Qin Yuan nodded and left the room. He walked out of the hospital and returned to the logistics company.

When he returned to the logistics company, it was already past nine o'clock. Qin Yuan fell asleep immediately. When he woke up, it was already past five in the afternoon.

The afterglow of the setting sun shone on the dusty window at the side.

Qin Yuan rubbed his misty eyes.

At this moment, the sound of a phone ringing brought his thoughts back to reality.

Qin Yuan struggled to sit up. He rubbed his sleepy eyes and picked up the phone to take a look. As expected, it was He Chenguang calling.

“Hello? Captain Qin, are you awake? I'm sorry to disturb you, but there's a situation in the hospital!”

He Chenguang's tone was slightly panicked.

“What's going on?”

After only sleeping for a few hours, Qin Yuan was still not fully awake. He could not even open his eyes.

“It's a little complicated. It's difficult to explain it in a few words. If you're free, come over!” He Chenguang said.

“Alright, I’ll be right there.”

Qin Yuan agreed.

After hanging up the phone, she washed up briefly and immediately went to the hospital.

When he arrived at the hospital, Qin Yuan saw a group of onlookers gathered at the entrance.

Qin Yuan hurriedly walked forward and grabbed a passerby to ask.

“What’s going on?”

“Aiya, there was a fight in the hospital just now!”

the passerby said in panic.

“What?”

Qin Yuan frowned and immediately quickened his pace. He passed through the crowd and ran to the third floor of the hospital’s inpatient department.

He saw a group of onlookers gathered at the door of Green Snake’s ward.

Qin Yuan hurriedly walked over and saw that He Chenguang and Geng Hu had already arrived at the door.

Qin Yuan walked over and asked,

“Captain Qin!”

He Chenguang and Geng Hu also saw Qin Yuan and walked towards him.

“You’re finally here!” “What happened?”

Qin Yuan asked anxiously. “Weiwei is here!”

He Chenguang hurriedly said.

“Speak slowly and make things clear.”

Qin Yuan patted He Chenguang’s back and said in a deep voice. “It’s like this. This morning, when Wei Wei heard the news that Green Snake was arrested, she ran over to him aggressively to reason with him.”

He Chenguang gasped.

“I think she knows Green Snake. She’s already arguing fiercely with him. Go in and take a look. Mediate it properly!”

He Chenguang said worriedly. His face was as dark as a dark cloud.

Qin Yuan nodded silently. He pushed through the crowd and walked into the ward.

Inside, he saw Vivian in a light green dress. She was standing in front of Green Snake’s bed and arguing with him.

The green snake looked at Wei Wei’s expression and was a little angry. However, it was not as fierce as it had been to him and Geng Hu.

From this detail, one could tell that something was fishy.

Qin Yuan did not directly interrupt their conversation. Instead, he listened to their conversation carefully. Why didn't you save my dad?"

Vivian cried.

"I've already done my part! It's your father who didn't seize the opportunity!"

The green snake looked helpless.

"Without my dad, you wouldn't have succeeded today!"

Vivian was still unwilling to give up.

Qin Yuan's first reaction was that there must be a very deep secret behind this.

However, this was not the right time to ask.

Qin Yuan looked around. There were some onlookers who did not know the truth.

He then waved his hand to clean up the scene and asked the police to disperse the crowd, leaving only Wei Wei and Green Snake.

Under the push of He Chenguang and Geng Hu, the audience who were watching the show were slowly driven out. The noisy scene now became quiet, leaving only Wei Wei, Green Snake, and Qin Yuan.

"Wei Wei, why are you here?"

Seeing that the surroundings had quieted down, Qin Yuan slowly walked to her side and said softly.

"I... I'm here because of my father."

Qin Yuan found a chair and placed it in front of Weiwei. He said to her,

"Sit down and tell me slowly."

Qin Yuan turned his head to look at the green snake beside him.

It seemed that Green Snake and Wei Wei had a great connection.

"I have plenty of time. Now, I need to know the details of this matter." Qin Yuan said in a deep voice.

Vivian rolled her big eyes as if she was sorting out the sequence of events. Then, she slowly said,"

"It's like this. My father and Mr. Green Snake used to be master and disciple."

As soon as he said that, the faces of the few people present revealed a surprised expression..

Chapter 777: Old Master Yang and Weiwei 's History (2)

"What is it? Old Master is actually Green Snake's master. This is very shocking!" Geng Hu exclaimed.

“My father used to be the most authoritative science professor in Daybreak. He has been working there for several years.”

‘ Later, for some reason, my father left the organization. He retired and quit.”

It was because of these things. I don’t know why, but later on, the people in the organization actually held a grudge against him. It was also because of the previous incident that my father was regarded as a thorn in their side. They thought that this matter was my father’s fault, so they kept chasing and beating him up, causing my father to fall into deep hardship. In the end, he was captured by them.”

It could be seen that Vivian hated this organization to the core.

“My father can be considered the founder of this organization, but they repaid their kindness with ingratitude and put all the responsibility on my father! I can’t stand such behavior, so I came to reason with him!”

Vivian’s face was filled with dissatisfaction.

“Why did you leave the organization?”

Qin Yuan frowned and asked.

According to common sense, most employees left the company because their own interests conflicted with the organization, or they were abandoned by the organization.

According to Wei Wei, the old man was a highly respected elder in the organization. It was usually impossible for the latter reason to be the reason. It was because his own ideas conflicted with the organization, so the outcome was obvious.

“My father protested because he couldn’t stand the organization using living people for human experiments. He didn’t expect the organization to ignore his protests and continue with the related malignant research. In the end, he couldn’t take it anymore and left the organization.”

‘ However, he has always been loyal to the organization and has never done anything harmful to the organization. He has a clear conscience in this regard. I didn’t expect that he would be bitten in the back. It’s really a waste of time.” Wei Wei said this with lingering fear.

Green Snake, who was listening silently at the side, did not interrupt. Qin Yuan observed his face. When Wei Wei spoke just now, he had intentionally or unintentionally revealed a look of shame. It seemed that everything Wei Wei said was true.

Qin Yuan turned to look at the green snake and asked softly,

“Do you have any objections to her statement?”

When the green snake heard this, it was as if it had been struck by lightning.

Its body suddenly twitched, and then its expression froze. It did not speak for a long time.

After a few dozen seconds, he slowly came back to his senses.

“No, she’s telling the truth.”

He did not expect this green snake to have a sense of shame. This was something that Qin Yuan did not expect at the moment. “Do you know how to repent for what you did to Wei Wei’s father?”

Qin Yuan took a step forward and asked tentatively.

I do feel guilty towards Elder Yang, but I still hate the military to the bone!” Green Snake frowned and replied.

“Old Master Yang is on the same side as us. He has already cut ties with you!”

He Chenguang couldn’t stand it anymore and reprimanded.

“So what?”

“This won’t affect our organization’s hatred for you!”

The green snake still refused to give up.

“Think about it carefully. If you hate us, you hate Old Master Yang. Do you still remember his kindness to you?”

“Now that his daughter is here, you still don’t have the heart to repent. Are you worthy of his kindness in raising you?”

Qin Yuan guided patiently.

He knew that people like Green Snake, who were brave but had no brains, mostly relied on persuasion.

As expected, Green Snake was also a person who was easily affected by emotions.

Hearing Qin Yuan’s words, her heart could not help but waver.

‘ Look at Wei Wei in front of you. It’s because of you that she’s in such a difficult situation. Now, she’s separated from her father.”

“Tell me, is this your fault? Do you have to bear the responsibility for your mistakes?”

If you have any sense of shame, you shouldn’t be so cold!”

Qin Yuan pursued.

These words were very effective. After hearing this, Green Snake’s face revealed a very embarrassed expression. After a fierce mental struggle, his psychological defense finally collapsed.

He heaved a sigh of relief and slowly said,

I’m willing to pay the corresponding price for my mistake.”

“This is what a responsible man should say.”

Seeing that Green Snake was convinced by Qin Yuan, the few people present heaved a sigh of relief.

He didn't expect that the opportunity to interrogate Green Snake was Vivian.

"Then, are you willing to help us find my father's whereabouts?" Vivian asked.

"Yes, I'm also very worried about Old Master Yang's safety."

Green Snake said.

"Where is he now?"

Qin Yuan asked.

It was Lin Hai's group who captured him. The higher-ups gave him a separate order. We didn't know about it."

Green Snake replied.

"Then what was the order given to you by the higher-ups?"

It's to attack the logistics company. We'll capture you and wait for an opportunity to turn you around. If it doesn't work, we'll kill you."

' Just like everything you see."

Green Snake said.

Where is your headquarters?"

"I've never been there. It's just hearsay." In a secret place between C City and D City."

Green Snake said indifferently.

From his tone and expression, it could be seen that he was not lying.

' You've been captured by us. Will the higher-ups send someone to rescue you?"

Qin Yuan asked a key question.

"I won't. "

He did not expect the green snake to answer so quickly and without any hesitation.

"Why?"

' Because there is a rule in the organization. As long as the person is defeated, he will be punished by the ruling." "No matter what his identity is."

Green Snake said in a deep voice. "So you were abandoned?"

"Yes."

Green Snake said resolutely.

"From the moment I was captured by you, I was no longer a member of Daybreak."

Qin Yuan and the others fell silent.

This was a situation that they had not expected.

From what they knew, the organization would at least conduct a rescue operation for the captives.

He did not expect this organization to be so cold, as if the people inside were completely emotionless chess pieces.

Moreover, this was one of the four great generals who were above ten thousand people.

It's impossible for you to get any information about the leader of the organization from me, because even the four generals know very little about him.'

Green Snake said indifferently.

Clearly, this was his heartfelt words.

Qin Yuan and the others were relieved.

"Then do you know where we should go to find Lin Hai and Wei Wei's father?" Qin Yuan continued to ask.

If I have to say, I only know that he went in the direction of E City. I don't know the exact location."

Qin Yuan and the others fell into deep thought. This was another operation that was close to failure.

There was no news of the leader of the organization. They didn't even know his name. They couldn't even find a trace of Hai Lin, who had escaped under their noses.

"Your organization is like a sticky soap. The harder you try, the more you can't catch it!"

He Chenguang could not help but sigh.

Hmph, I've said it before. Whether it's technology or military power, you're far from our match. If you insist on doing this, you'll be the ones to suffer sooner or later."

Green Snake laughed scornfully.

I'm telling you the truth because I'm Old Master Yang's disciple. I feel guilty towards him and his daughter. This is already the best thing I've done in my life. I hope you'll take care of yourself and don't hit a rock with an egg."

"This is my final advice."

After Green Snake finished speaking, he turned around and lay down, completely ignoring the stunned expressions of the people beside him. When Qin Yuan saw this, he sighed and walked out of the ward.

Wei Wei, He Chenguang, and a few others followed him out.

"What should we do next? The old man is still in their hands. Every second that passes, he's in more danger." Geng Hu couldn't help but frown..

Chapter 778 - 778: Going Deep into the Cat's Cave

“Everyone, don’t panic.”

“Things are not as bad as we thought.” Qin Yuan slowly comforted her.

“Actually, things are still within our control.”

“Although we have lost the clues to track them and have not gotten the opportunity to enter the enemy’s camp, we have learned that Old Master Yang has been captured by them.”

“This is very exciting news.”

” Moreover, we have a basic idea of their base camp’s location, so I think we can start with this clue.”

“There’s no problem with what Captain Qin Yuan said.”

He Chenguang echoed.

“We have to walk the path ourselves. If we don’t try, there will never be a result.”

“Yes, I’m here to discuss the next step with you.”

“How about we organize a rescue team and sneak into the other party’s base camp, waiting for an opportunity to rescue Old Mr. Yang?”

Geng Hu suggested.

“This method is too simple. It’s very easy for the other party to see through it.” ‘

Besides, this isn’t the first time we’ve used this method. We can ignore it.”

Qin Yuan shook his head.

“Then does Teacher Qin Yuan have any good ideas?” Everyone asked.

“Well, there is a way, but someone has to pay a price.”

“Oh? Why don’t you tell me?”

Everyone was interested.

Qin Yuan gestured for people to come over. A few people surrounded him. Qin Yuan lowered his head and quietly told everyone his idea.

After hearing this, everyone’s eyes revealed a strange light.

“Captain Qin! As expected of you! To think that he could come up with such a brilliant move. This time, he will definitely succeed!”

Geng Hu said happily.

“They definitely won’t think of this idea! Captain Qin Yuan is the resourceful star of our company!”

He Chenguang couldn't help but praise.

"Then we'll go and prepare immediately! Complete your departure within these two days!"

The next morning, Qin Yuan, Team Leader Jin, He Chenguang, and Geng Hu came to Green Snake's ward.

The green snake glanced at them when it saw them enter. It ignored them and turned around to continue sleeping.

"Green Snake, how are you feeling? Are you feeling better?"

He Chenguang asked.

The green snake still had its back to them, unwilling to be disturbed.

"I've already said what I wanted to say. You don't have to come looking for me anymore."

"No, you can do far more than that."

Qin Yuan stood behind him and said.

Hearing Qin Yuan's voice, the green snake's body seemed to move slightly.

However, he only moved slightly and did not move further.

"What do you want to do?"

The green snake did not turn around. Instead, it turned its back to them and said coldly.

Qin Yuan leaned closer and came behind the green snake. He whispered something into its ear.

After hearing Qin Yuan's words, the green snake's face was first filled with surprise, then it turned into incomparable surprise.

"This is your idea?"

Green Snake said in surprise.

"What else?"

"Hahaha, to think that you could think of such a method. You're really bold and meticulous."

Interesting. But aren't you afraid that I'll betray you?"

Green Snake asked with a smile.

I believe you. I've never been wrong in judging people. It's the same this time."

Qin Yuan said seriously.

"Haha, alright. Since you value me so much, I won't let you down."

"This is also a chance to make up for my mistakes." Green Snake said.

” Well, then we’ve happily reached an agreement.”

Green Snake shook hands with Qin Yuan for the first time.

Another day passed. On this day, Qin Yuan and the green snake were making arrangements for this plan.

The next day, early in the morning, the few of them set off together.

Among them was the green snake.

Under Green Snake’s guidance, the group of people traveled for a long time. After more than three hours, they arrived at the outskirts of D City.

“This is the place.”

Green Snake pointed at the abandoned workshop on the plains far away.

Although it was an abandoned workshop, it was more like an underground fortress. There was only a simple circular roof above, and it was impossible to see what was inside. There was only a small door outside.

Green Snake bent down and said softly,”

“That’s the place.”

Qin Yuan looked over there carefully. It was different from all the bases of the “Daybreak” organization that he had seen before. This place was clearly heavily guarded. From the outside, there were dozens of people guarding the building, looking like they were in a state of alert.

It could be seen that this was a very important base of the organization.

“This is the tanuki’s base?”

He Chenguang asked carefully.

“That’s right.”

Green snake’s eyes focused as ne replied soffly.

“Let’s go.”

Qin Yuan said without hesitation.

He and Green Snake exchanged glances, and the two of them understood each other.

Then, the two of them got out of the car and walked towards the base ahead.

A few minutes later.

Green Snake held a chain in his hand. One end of the chain was connected to Qin Yuan’s hand, and the latter’s hands and feet were bound by this chain.

Just like that, he was dragged by the green snake and slowly walked towards the fortress in front of him.

the first few

The soldiers in white saw people coming from afar and immediately became alert. They raised their guns and shouted,

“Who is it?”

Green Snake slowly walked towards the two soldiers. As they got closer, the other party slowly saw Green Snake’s face and Qin Yuan behind him.

‘ Captain Green Snake?!’

Chapter 779 - 779: Going Deep into the Cat’s Cave (2)

The two soldiers were surprised.

“Quick, let me in. I’ve caught him!”

Green Snake’s face was covered in blood, and he looked haggard. His clothes were tattered, and he looked exhausted. It seemed that he had just experienced a fierce battle.

When the soldiers saw this, they looked at Qin Yuan behind the green snake. Qin Yuan looked very weak. His head was drooping behind him, and he looked like he was on his last breath.

“What are you looking at?”

“Hurry up and let me in. I’m going to die later!”

Green Snake urged impatiently. ‘Yes... Yes!’

The two of them immediately replied.

Although Green Snake was listed as missing in the organization’s name list, the two soldiers still respected Green Snake more or less in their hearts when this tall and burly officer suddenly appeared in front of them. They did not dare to have any impudent attitude towards him.

“We’ll report the situation to Lord Civet immediately.”

After saying that, a soldier led the two of them into the base, and the other soldier ran inside quickly.

“Lord Green Snake, did you go deep into the enemy camp and capture their leader?”

Obviously, these two people did not know Qin Yuan.

Nonsense, other than their leader, who else can make me expend so much effort?! ”

As it spoke, Green Snake tugged at the chain on its hand.

‘ Sir System is also seriously injured. If you delay my treatment, can you bear the responsibility?!’

Green Snake said sternly.

When the soldier leading them heard this, he couldn’t help but be stunned. Then, he replied in a miserable voice,

“How would we dare? But we have to get the orders of the leader before we can act. I hope Lord Green Snake can understand. We’re also in a dilemma.”

At this point, he seemed to have thought of something and suddenly asked.

“Didn’t Lord Green Snake have a base in C City before? What’s the purpose of coming here today?”

” You don’t have to ask about this. I won’t tell you. When I see Civet later, I’ll naturally explain it to him.”

Green Snake glared at this person and said.

“Yes... Yes.”

After a while, the person who had just gone in to report the news came out. “Captain Green Snake, Captain Civet wants you to go in! Bring this person!” he panted.

The green snake nodded and did not say anything. It pulled Qin Yuan and walked inside.

“Lead the way, time is money!”

Green Snake said as he quickened his pace.

After a while, the two of them followed the soldiers through the winding internal passage and came to an alloy door. The soldier in front took out the key and slowly opened the door.

The architectural style here was similar to Lin Hail’s research institute. Inside, there were some medical workers in white coats doing their work silently. They only glanced at the arrival of these two people and did not pay much attention to them.

However, unlike Lin Hai’s research institute, the people here were all adults. There was no child labor like Lin Hai’s.

From this, it could be deduced that the research content here was even more profound than Lin Hai’s.

The alloy door was slowly opened by the soldiers, and the scene inside slowly appeared in front of Green Snake and Qin Yuan.

In front of him was a spacious hall. There was a work desk inside, a huge bookcase beside it, and another desk beside it.

A fat middle-aged man wearing glasses sat on the chair beside the table.

This person’s back was facing them. He was wearing dark gray work clothes. There were some traces of contamination on his clothes. It was obvious that he was still a workaholic. Now that Qin Yuan and Green Snake had arrived, he did not notice them. He was still seriously adjusting the test tube bottle in his hand.

“Lord Civet, I’ve brought the person! ”

The soldier said to the civet cat.

The civet cat didn’t say anything. Instead, it continued to fiddle with the items in its hands.

After a few seconds, he slowly reacted.

‘Civet’ waved his hand to signal his subordinates to leave the room and then closed the door.

“Oh! They’re here!”

As he spoke, he turned his head, took off his glasses, and narrowed his eyes to look at Qin Yuan and the green snake.

“You are Green Snake?” ‘Civet’ asked.

“Yes, are you a tanuki?”

Green Snake asked.

“I heard that you are a brave warrior. Seeing you today, you are indeed extraordinary.” Civet laughed.

“What are you here for today?”

‘Civet’ asked with a smile as he played with his glasses.

Green Snake shook the shackle on his hand and threw it in front of the other party.

“Here.”

Green Snake said softly.

Qin Yuan staggered and lost his balance, falling in front of the civet cat.

The “civet cat” blinked its eyes slightly and swept its gaze across Qin Yuan on the ground. A trace of surprise appeared on its face, and then it immediately returned to its normal expression.

“He’s Qin Yuan?”

“Yes.”

“Civet” stretched out its leg and kicked Qin Yuan’s body twice.

“Your body is quite strong. Did you fight?”

“Yeah, this kid is really powerful. Fortunately, my skills are better. I took him down in a few moves.”

As it spoke, Green Snake touched the tattoo on its hand. “Then, Captain Green Snake, are you here to take credit from me?” ‘Civet’ asked softly.

“No, actually, I came here this time because I have a request.” The green snake rubbed its head in embarrassment and said.

“Although I captured this person, I also paid a heavy price.”

“Brother Raccoon’s troops, who were with me, suffered heavy losses. I was originally captured by them. Now, I used my city to capture Qin Yuan and escaped.”

"I have nowhere to go and I can't contact Brother Raccoon. That's why I have no choice but to come to you for help."

Green Snake looked embarrassed.

"I see."

"I didn't expect this person to bring you to such a state."

'Civet "' said with narrowed eyes.

"You even lost your own base?"

"Sigh, it's been so many years. We've met a tough nut to crack."

Green Snake said angrily.

'But it's been so many years, and my base is already old and worn out. It's not a bad thing to change the location and make a comeback. It doesn't matter if I lose a few subordinates. As the saying goes, as long as there's life, there's hope."

"Compared to what I lost, the Qin Yuan I caught today is a big fish."

Green Snake laughed.

I know. He's the captain of the logistics company. He was the one who killed Hai Lin previously. Now, he's the public enemy of our organization. If you catch him, your meteoric rise will be just around the corner."

'Haha, it's nothing. I still need Big Brother Raccoon's help to tide me over. When the time comes, we'll report to Boss, and you and I will share the credit!"

Green Snake said patiently.

'Civet "' didn't say anything. Instead, he thought silently for a while.

"You know the rules of our organization, right? Without permission, the officers are not allowed to interact with each other."

"I'm already at the end of my rope. The situation is special, and the rules are set by people."

"If I continue to follow the rules now, the pigeon in my hand will fly away." green snake said disapprovingly.

The civet cat continued to think silently for a while.

"Alright, I understand how you feel, but I can't make the decision for this kind of thing. I have to ask the higher-ups for instructions. How about this? You can stay here for a few days. When the higher-ups give the order, we'll make the final decision."

“Sure, no problem. I think so too. Everyone understands each other. Let’s do it this way!”

Green Snake said in understanding.

“Okay, I’ll ask the boss now.”

With that, the civet cat walked out of the room.

Immediately, only Qin Yuan and the green snake were left in the room.

The two of them looked at each other and confirmed the information in each other’s eyes.

Everything went smoothly and was under their control. At this moment, both of them heaved a sigh of relief..

Chapter 780 - 780: Meeting the Governor

After a while, the civet cat pushed open the door and entered.

“What did Boss say?”

Green Snake asked.

“Boss is in a good mood. When he heard that you caught an important criminal, he immediately asked you to bring him to the headquarters.”

“He rarely has such a happy mood.”

Civet added.

“Indeed. It seems that Qin Yuan is also a very important person to him.”

Green Snake nodded in agreement.

“When do we set off?”

“Today.”

“Alright, let’s pack up and set off now.”

Green Snake said.

‘ Yes, I’ve arranged a car for you. It’s just outside the door. There’s already a driver. You can leave now.” “It will take a few hours to get there.”

The tanuki said.

“Yes, thank you for your hard work. We’ll set off immediately. Goodbye.” With that, the green snake pulled Qin Yuan out of the room.

Watching the two of them leave, the civet cat revealed a strange smile that was difficult to detect.

The two of them were led by the soldiers to the outside of the building. Although they saw many chilling scenes, Qin Yuan had no choice but to suppress the anger in his heart and follow behind the two of them silently.

The plan this time was precisely his trick to make himself suffer.

He and Green Snake acted together so that he could enter Daybreak's headquarters smoothly.

This was indeed the best opportunity to make up for his mistakes.

They had all planned it out and made preparations in advance. Their acting was very realistic, and so far, everything had gone smoothly.

The two of them entered the car that Civet had prepared for them. It was an old jeep.

The driver was an elderly man.

He spoke to them in broken Mandarin,

It's a few hours' journey. Rest well in the car. It won't be peaceful there."

Qin Yuan and the green snake could hear the hidden meaning in his words, but they did not have a suitable reason to ask, so they could only remain silent.

Green Snake looked to the side. There were a few soldiers beside them. Through the rear-view mirror, they could see that Civet's car was following them.

It seemed that the convoy escorting Qin Yuan was really not small. There was no conversation along the way.

Time passed very quickly. The group of three cars, Qin Yuan's escort car, another escort car, and the civet cat's car behind them, moved forward in an orderly manner. They were about to arrive at their destination, E City.

Although Qin Yuan was not tied up and blindfolded this time, the two soldiers beside him were both strong and muscular. They were even more tightly bound than the last time they escorted him, so he could not move at all. His gaze naturally could not be cast out of the car window, so he could not see the specific route.

As the car slowed down, Qin Yuan knew that this long journey was finally coming to an end.

"We'll be there soon. Get ready. We're getting off." the driver said.

Qin Yuan tried his best to turn his head to look at the sky outside. It had basically darkened, and he could conclude that it was about 6-7 p. m.

"Yes, thank you for your hard work."

The car arrived at the destination after Green Snake answered. The car door was opened by someone who was already waiting outside.

"Please get out of the car."

A few fully-armed Daybreak soldiers outside said politely to Green Snake.

Green Snake got out of the car, followed by Qin Yuan, who was firmly under control.

When they arrived outside, everything suddenly became clear.

This was also a desolate place.

Unlike the bases of the Daybreak Organization that he had been to before, they were all in the wilderness.

They were now in a dense forest.

A few Dawn Flame soldiers with guns walked in front.

"Please follow us."

An emotionless and stiff sentence came out of a soldier's mouth.

"To be honest, this is my first time coming to the headquarters. I didn't expect it to be like this."

Green Snake pouted.

"Captain Green Snake, you must be joking. Our place is similar to other places." the soldiers replied.

"I think, although it looks calm on the surface, I can feel it. In fact, there is already a fierce undercurrent surging below."

Green Snake said meaningfully.

The soldiers did not answer. They did not seem to understand what Green Snake meant and only frowned slightly.

"How long will it take for us to reach Boss's place?"

The green snake looked bored and asked intentionally or unintentionally.

"About fifteen minutes on foot." a soldier replied.

"So long?"

Green Snake blurted out.

"How far is this?"

"It's mainly because the underground roads are complicated. In order to defend against foreign enemies, we need to take so many detours."

"Yes, the underground maze here is several times more complicated than ours!"

Green Snake stroked his chin and said.

"By the way, Boss said that we can only meet Qin Yuan alone this time. Including Captain Green Snake and Captain Civet, we have to wait for news outside." "Hmm, is there such a request?"

"How strange."

“Is there anything you can’t say in front of us? Why are you so mysterious?”

Green Snake asked in puzzlement.

Civet answered slowly.

“You don’t know Boss’s personality, do you?”

“But it’s no wonder. After all, we haven’t seen each other for so many years. It’s been hard on you.”

I’ve gone through fire and water for the organization, but I’ve never even seen the boss ‘face..”
