

Special Troop 781

Chapter 781 - 781: Meeting the Governor (2)

“Have you seen it before?”

Green Snake asked curiously.

‘Of course, I’m more experienced than you, so I’ve definitely seen it before. However, I only saw it in an accident.” the civet cat said slowly.

“Oh, in detail?”

Hai, it’s a long story. When the time comes, you’ll naturally know.”

The civet cat pouted.

Just like that, the few of them walked at a slow speed. They were in peace along the way and the surroundings were very quiet. However, they still entered the maze underground of Daybreak Organization’s headquarters.

There were 78,000 twists and turns on the road here. Ordinary people would not be able to tell the direction at all. Even the two soldiers leading the way had to look at the map they had prepared in advance and fumble forward step by step.

Although the road ahead was dimly lit, this strange environment gave people a chilling feeling.

Qin Yuan only felt that no matter how bright his surroundings were, his heart was always filled with an indescribable knot.

Could it be related to this big boss?

Qin Yuan was really interested in the identity of this boss, but he had no choice but to ask directly. He could only patiently follow them in.

“How much longer until we arrive?”

After walking for more than ten minutes, the green snake finally became impatient. The underground building was like a grotto. There was a small road in the middle, and the surroundings were basically strange-looking stones.

If he didn’t make it clear, it would be hard to imagine that this was the headquarters of the Daybreak Organization.

“We’ll be there soon.”

The soldier in front did not turn around and replied in a calm tone.

“Our boss lives in a place like this?”

Green Snake looked at the terrible environment around him and frowned.

” This is only the outermost layer of the building. The internal structure is completely different from here. ” A soldier replied with a smile.

“Then you said you were almost there?”

“We’re almost at the parking area at the entrance. When we get there, we can take the corresponding shuttle bus and go straight to your room.” another soldier explained.

“What is it? Did that mean they hadn’t arrived yet? You still want to take a ride?”

The outspoken Green Snake said unhappily.

Yes, because Boss’s room is in the innermost layer, and we’re only at the outermost layer of the base. If we walk there, we’ll have to walk another three kilometers. ”

“What is it? Three kilometers? You mean the base is 6,000 square meters?” Green Snake said with his eyes wide open.

If it really had such an area, it would be dozens of times larger than his own territory!

This was simply a large underground city!

No wonder he didn’t see any other soldiers or buildings just now. This was just a foot in the iceberg of the headquarters!

Green Snake could not help but suck in a breath of cold air. This was a grand scene that he had never seen in his life.

It was the same for Qin Yuan. He did not even dare to imagine such a large place underground.

He could not help but feel a strong sense of oppression in his heart.

Regardless of how close he was to the other party’s boss, even if he took ten thousand steps back, if he succeeded, there was no particularly good way to escape from this huge underground base in the end!

Green Snake also saw the worry in Qin Yuan’s eyes, and his expression was very miserable.

” Yes, including the protective area outside, it’s a total of more than 8,000 square meters.”

” There are also tens of thousands of soldiers and high-level management in the organization.”

The two soldiers replied proudly.

‘ Damn, I feel like I’ve been a cadre for nothing. I’ve been working hard outside without complaint and haven’t even enjoyed the luxury of my own headquarters.”

Green Snake didn’t know whether to laugh or cry.

“Haha!”

“Captain Green Snake, you’ve worked hard. Boss must have seen your performance. Moreover, you’ve also made the first contribution in this incident. When you meet Boss later, he will definitely praise you.”

The two soldiers praised.

“Alright, you’re making my heart itch. Let’s hurry up and set off. I can’t wait any longer.”

Green Snake laughed.

“Please follow me.”

The two soldiers led Qin Yuan, the green snake, and the civet cat to a rectangular metal door.

The soldier took out the key from his pocket and slowly opened the door.

The door slowly opened with a low metallic sound.

What greeted his eyes was a pitch-black enclosed space. He could not even see his fingers. He could only judge from the sound that came out that this was an extremely huge underground space. “This is our shuttle bus stop.” the soldier said.

Then, he used some unknown method to turn on the searchlight at the side.

The surroundings suddenly became bright.

The few of them looked carefully. It was indeed a very dark and spacious basement with an area of about 300 square meters. Around it were the organization’s armored vehicles lying quietly on the ground. There were also some off-road vehicles. Under the illumination of the searchlights, the walls reflected a series of strange black phantoms.

Roughly, there were at least thirty of them.

Two soldiers took the lead and walked to one of the green vans. They waved for them to get in.

The few of them followed the instructions and entered the car.

“This can be considered the final journey.”

Green Snake rubbed his nose and said.

“Yes, please fasten your seatbelts. The journey this time is steeper than the previous ones.”

The few of them fastened their seatbelts as instructed.

The three of them sat in the back seat, and in front of them were the two guards who led the way.

There were a few soldiers behind them who were responsible for monitoring them. They also got into an armored vehicle and set off together.

Just like that, the two cars passed through the door at the back of the station and slowly exited the station. They arrived at the underground road outside.

Although the road was underground, it was also covered with thick asphalt. The car drove on it steadily and was not as bumpy as expected.

A six-kilometer journey could be reached in ten minutes at normal speed.

The few of them were in the car. Other than the headlights in front of the car, their surroundings were pitch-black. There was no vision at all. Qin Yuan closed his eyes to rest, saving his energy for when they met later.

It was still silent along the way. The few of them were also silent, waiting for the final judgment to arrive.

The car drove through the stable asphalt road, and then Qin Yuan was woken up from his daze by a bumpy feeling.

Green Snake, who was at the side, also kept complaining, "What is this? Why is it so bumpy all of a sudden?"

"Lord Green Snake, this is the beast jurisdiction area that we must pass through to reach the central area. There are no hard roads on the road. It's all primitive underground structures, which is why it's so bumpy." "Just bear with it for a while. It'll be over in a few minutes."

The two soldiers explained.

However, what shocked everyone was not the mud on the ground, but the "beast jurisdiction" described by the soldier! "Beast jurisdiction? What does that mean?" Green Snake asked directly.

The two soldiers smiled awkwardly.

"Captain Green Snake, you're also a member of the organization. If you didn't participate in the organization's experiments, you should at least have heard about them, right?"

"The things inside are similar to the ones outside, but they can mutate."

The two soldiers said with a hidden meaning.

The few of them fell silent.

Green Snake and Civet definitely knew that the organization had experimented on humans, but they never expected the virus to spread to the animal world and involve even more victims.

Qin Yuan felt disgusted and almost vomited.

The green snake smacked its lips, not knowing what to say for a moment.

Then, there was another long silence.

When the soldier spoke again, a dazzling light had already lit up in front of him.

"Captain Green Snake, Captain Civet, we're here." the two soldiers said softly.

The three of them looked towards the light. It was a white high-rise building, like a huge white tower that towered into the clouds. Below it was an irregular circular base, and above it was the clouds. They could not see the top..

Chapter 782: The White Eagle

“This is...”

Looking at the astonishing building in front of him, Green Snake could not help but ask.

“This is Boss ‘territory.”

It’s called White Pheasant Tower. It’s an underground tower that has been built for more than thirty years.” “Underground tower? Why does it sound a little awkward?”

Green Snake asked curiously.

Because this tower not only extends underground, but it also leads directly to the building above ground.”

The two soldiers said as they walked.

“What is it? Directly to the ground?”

” What kind of construction principle is this?”

“It’s the architectural concept that Boss invented himself.”

“Does the building above belong to the organization?”

” No, it’s a landmark building in the city. It’s called the Nandou Bell Tower.” the soldier said slowly.

“Southern Dipper Bell Tower?”

“Isn’t that a famous building in E City? It has existed for more than a hundred years!”

“Yes, that clock tower was also designed by the former leader of the organization.”

Qin Yuan and the green snake’s eyes revealed a surprised expression.

He did not expect this organization to have existed for more than a hundred years!

This was shocking news!

If that was the case, then they would be facing an unprecedentedly powerful enemy!

“Alright, let’s go in. We can’t let Boss wait too long.”

As the two of them spoke, they led Qin Yuan and the others into the huge tower.

The tower was indeed magnificent, and there were many people working in the organization.

As soon as they entered the white stone gate, a group of people in gorgeous uniforms walked towards them.

“Captain Long!”

When the two soldiers saw each other, they immediately straightened their backs and saluted.

“Yes, thank you for your hard work.”

The other party waved at the two soldiers, then looked past them at Green

Snake and Qin Yuan.

“This is the criminal that Captain Green Snake caught?”

Captain Long asked in a low voice.

“This is...”

Green Snake turned to ask the soldier beside him.

‘ Oh, this is the Governor’s capable subordinate, Long Ying, Captain Long.”

The two soldiers hurriedly explained.

“Hello, you must be Captain Green Snake.”

Captain Long looked at the scar on Green Snake’s hand and said calmly.

Green Snake looked over. Captain Long was tall and thin, with a dignified appearance. He looked to be in his twenties. He was more like a refined scholar than a guard captain.

“Hello, I didn’t expect you to become the captain of the guards at such a young age. The younger generation is really formidable.”

Green Snake said slowly.

“It’s all because the governor thinks highly of me. I was just lucky.”

Captain Long said with a smile.

“Are you in charge of arranging our schedule this time?”

“Yes, the governor personally gave me an order to come and pick you up.”

“Alright, then lead the way.” Green Snake said.

“Please follow me.”

As he spoke, Captain Long walked in front and headed towards the tower.

Qin Yuan thought to himself as he walked ahead.

Wasn’t the other party being too polite?

He was a captive, but the other party’s attitude towards him was so sincere, which made him feel very surprised.

Was there a problem?

With doubts, Qin Yuan and Green Snake walked into the elevator in the tower and took it to the 35th floor.

After a bout of dizziness, the elevator stopped. Qin Yuan and the green snake only heard the hurried sound of the door opening.

The elevator door opened.

“We’re here.”

Captain Long's rumors spread to the ears of a few people.

The spacious elevator door slowly opened.

What greeted his eyes was a bright and thin scene.

This place had already left the ground, and there was a bright sky outside.

Why could he see the scene outside?

Because they were now in the position of a castle in the air!

Their current location was like a circular hall, surrounded by transparent glass windows, and in the middle was a room with closed doors.

"Where is this place?"

"This is the 25th floor of White Pheasant Tower, the guest hall. The governor is here. Please follow me. I'll bring you to see him now."

Captain Long led the way.

Qin Yuan and the green snake followed behind suspiciously.

After a while, the group arrived outside a white room. Captain Long gently knocked on the door. A few seconds later, the door slowly opened.

Inside was a servant dressed in dignified clothes.

"Please come in."

As Qin Yuan, Green Snake, and Civet entered the room, Captain Long left the room.

The three of them went inside and looked around.

The room was very spacious, covering an area of several hundred square meters. It had all the daily necessities.

A white-haired old man was sitting in front of a sandalwood table, drinking hot tea and looking at the teacup in his hand.

"You're Qin Yuan?"

The old man spoke, his voice like a dried-up well.

"Yes."

Qin Yuan's hands and feet were still bound by chains. His body was covered in injuries, but his voice was exceptionally calm.

"I didn't expect to see you like this." the old man said slowly.

As he spoke, he waved his hand to signal Green Snake and the other officers to leave.

Green Snake and the others understood and slowly left the room.

Only Qin Yuan and the old man were left in the room.

"Do you know who I am?" the old man said slowly.

“I know, the Governor that they are talking about.” Qin Yuan replied.

“Haha, this is just one of my many identities.”

The old man smiled.

“Then who are you?”

Chapter 783: White Eagle (2)

Qin Yuan asked in a low voice.

” As I said just now, I have many identities. I can’t explain them all in a few words. You can understand that I’m the boss of this organization.”

The old man narrowed his eyes and said.

“Oh, right, I forgot to introduce myself. My name is Dong Zhejun, the leader of Daybreak Organization. Everyone calls me White Eagle.”

Qin Yuan also frowned and looked at the other party. His actions this time were completely unexpected.

Not to mention the secrecy of this secret base, there was no information about it in society at all. Even the leader of their organization did not know the name at all. They did not even know their identity, age, and gender.

Even their own subordinates, the green snake and the civet cat, knew very little about it.

“What’s your purpose in meeting me this time?”

Qin Yuan asked tentatively.

Dong Zhejun didn’t answer. Instead, he turned around and walked to the window, looking out.

“Do you think there’s anything between us that needs to be discussed?”

“I know everything you have done.”

Hearing this, Qin Yuan’s heart could not help but tremble.

Did he know that he was here to spy on the military?

‘ Don’t show that surprised expression. That’s the truth.’

“All your actions are under my control.”

Dong Zhejun enunciated each word clearly. His face was full of wrinkles, and a sense of confidence seeped out.

Qin Yuan could strongly feel that he was not lying.

“Then how do you plan to deal with me?”

Qin Yuan asked in a low voice.

He understood that if the other party wanted his life now, it would be as easy as crushing an ant. He was currently powerless. Even if he was not captured, it would be difficult to win against such a powerful enemy.

Qin Yuan's expression was dark as he looked at the other party.

"Hahaha! Don't look at me with such a fierce gaze."

"I didn't say I was here to punish you."

Dong Zhejun changed the topic, and his tone became very calm and gentle.

He picked up the teacup and continued to drink the hot tea. He slowly said,

"I'm not here to make things difficult for you. I know our situation very well."

"And my thoughts are the opposite of yours. I still want to give you some benefits."

Dong Zhejun's face lit up.

"What do you want?"

"Let me say this first. I will remember what you have done to my subordinates. This hatred will not be eliminated just like that."

It would be best if you know how to repay kindness. If you don't know how to appreciate kindness, I'll kill you as easily as stepping on an ant."

Dong Zhejun said calmly.

"You mean you want me to join you?"

Qin Yuan asked.

"Since you're already here, would I still let you go?"

"If you want to leave, you have to leave horizontally."

Dong Zhejun's face revealed a sinister smile.

"What are your conditions?"

Qin Yuan continued to probe.

He knew that although he was a fish on the chopping board now, he had to try his best to fight for enough rights and interests for himself even if he was in a desperate situation.

"You really dare to say that."

"Right now, you're just someone who's slightly useful to us. What other conditions do you want?"

Dong Zhejun said sarcastically.

"Don't forget the crimes you've committed against our people. It's already very kind of me not to hold you accountable." "I advise you not to push your luck."

Dong Zhejun's face darkened.

Qin Yuan knew that the other party was not a kind person either. All he could do now was to stabilize the other party's emotions and buy himself more time to recover.

"Alright, I promise you. What are your plans?"

Qin Yuan said in a deep voice.

"This is more like the boldness and breadth of mind of a former captain."

Dong Zhejun smiled.

Then, he snapped his fingers.

A person slowly walked out from behind the bookshelf.

Qin Yuan's eyes instantly revealed a surprised expression.

It was Lin Hai, who had escaped earlier!

"It's you!"

Qin Yuan asked in surprise.

"Long time no see, Captain Qin."

Lin Hai wore a pair of high-rimmed glasses and said to him with a smile.

"Why are you here?"

"I'm from here. What are you asking?"

Lin Hai laughed. "I called him over."

Dong Zhejun added.

"Since you've decided to join our organization, of course I have to arrange a partner for you."

Qin Yuan narrowed his eyes and looked at the sea of trees in front of him in disbelief.

"You mean, he's my teammate?"

"That's right. I've already made a plan for you."

"Tomorrow, you and Lin Hai will return to A City to carry out the mission."

Dong Zhejun said in a deep voice.

"What mission?"

Qin Yuan asked.

Dong Zhejun didn't say anything and looked at Lin Hai.

Lin Hai understood. He took out a piece of paper from his pocket and handed it to Qin Yuan.

Qin Yuan took the note and took a closer look. Sweat could not help but appear on his forehead. "If you're sure, then get ready to set off."

Lin Hai laughed.

"Alright."

With that, Qin Yuan was about to leave.

"Wait, eat this."

Lin Hai took out a small transparent bottle from the side. There was a blue capsule inside.

"What is this?"

"This is a pill made to prevent the people in the organization from betraying us."

"As long as you join this organization, you must eat it."

Dong Zhejun said calmly,

"This medicine is a slow-acting poison made by Lin Hai."

"Those who take it must go to the headquarters to take the antidote once a week. Otherwise, they will be poisoned to death."

Dong Zhejun explained slowly.

Qin Yuan's eyes revealed deep worry, but it only flashed past for a moment. Without hesitation, he took the bottle, opened the cap, and ate the capsule.

"You're a man. Now, you're an official member of our team!"

"Congratulations! We'll be colleagues from now on!"

Lin Hai walked over and reached out his right hand to shake his hand.

Qin Yuan had no choice but to pretend to be happy and shake his hand.

"I've arranged a room for you to rest in. You can rest there tonight. Tomorrow morning, you'll set off with Lin Hai."

"I'll give you three days. If you can't complete the mission, the two of you don't have to come back."

After Dong Zhejun finished speaking, he leisurely walked through the small door in the room and disappeared without a trace.

Lin Hai smiled at Qin Yuan.

"You didn't expect to see me here, did you?"

"Were you the one who arranged everything before?"

Qin Yuan frowned and asked.

Smart. From the moment you stepped into my research institute, you've already fallen into my trap."

Lin Hai said embarrassedly.

Then, he pressed a button on the table that looked like a controller.

The door to the room opened in a short while.

Green Snake and Civet walked in.

"It's you?"

When the two of them saw Lin Hai, they were also very surprised.

"Hello, officers."

Lin Hai said with a smile.

"Why are you here?"

Green Snake asked in puzzlement.

"Since you guys are here, why can't I be here?"

Lin Hai asked.

It seemed that these officers were just colleagues and did not have any feelings for each other.

"Save the small talk. Let's discuss the next step of the plan."

"What did Boss say?"

He asked.

"He has already made a plan."

Lin Hai took out a small note and waved it in his hand.

"Alright, then we have nothing else to do here. Can we return to our own place?"

The civet cat asked.

"Yes, I will inform you if there is anything. Green Snake and Captain Civet can move freely now."

said 1-1ai Lin.

Then, the green snake released the chains for Qin Yuan and left with the civet cat.

Lin Hai took out a key from his pocket and handed it to Qin Yuan.

"This is the key to your temporary room. It's the third room on the east side of the 22nd floor."

"You can stay here tonight. There are all daily necessities in the room. I'll come to look for you tomorrow morning. We'll leave at nine in the morning."

“The success or failure of this mission is in your hands. You’re carrying the lives of two of us. You have to do your best.”

Lin Hai revealed a ghostly smile.

Qin Yuan did not say anything. He took the keys and walked into the elevator..

Chapter 784: Returning to the Logistics Company

There were indeed all kinds of daily necessities in this room. They were so small that even the buttons of his clothes were stored in the cabinet. Such a detailed arrangement made Qin Yuan click his tongue.

Dinner was brought in at seven o’clock in the evening.

The food was naturally first-class. This made Qin Yuan feel as if he was going to be fattened up before being slaughtered.

At night, Qin Yuan spent a peaceful night in a comfortable bed.

The next morning, at nine o’clock, Lin Hai knocked on the door punctually.

Today, Lin Hai was dressed very appropriately. He wore a simple casual suit and looked very capable. “Yo, good morning. Did you sleep well last night?”

Lin Hai asked cheerfully.

“What do you think?”

Qin Yuan rolled his eyes at him and said unhappily.

“Since we’re here, let’s take it as it is. Do you think that anyone who joins here willingly?”

“When I first came, I was the same as you. I was very unwilling and still felt nostalgic for my old subordinates.”

However, people have to look forward. No matter how much you miss it, it’s meaningless. You’ve already taken the medicine from the organization, so there’s no turning back.”

Lin Hai narrowed his eyes and advised.

“I didn’t even say anything, and you said so much. You’re overthinking it.” Qin Yuan replied unhappily.

“We’re just colleagues. You don’t have to deliberately get close to me.”

“We only need to do our work well. You don’t need to communicate with me about anything else.”

“Hmph, you’re still as stubborn as ever. I wonder if your bones or your mouth are harder.”

Lin Hai said embarrassedly.

“Alright, I can see that we are born to be enemies. Let’s not dwell on it anymore. Let’s go. Now, we have to pay attention to our personal safety.”

Then, the two of them came to the outside of the white tower. The soldiers of several organizations had been waiting there for a long time. Beside them was a black car. “Captain Lin Hai!”

“Captain Qin Yuan!”

When the few of them saw Qin Yuan and Lin Hai, they stood at attention and greeted them. “Is everything ready?”

Lin Hai asked.

“Yes! We’re just waiting for the two of you to set off!”

“Alright, let’s go!”

As he spoke, Lin Hai gave Qin Yuan a look and entered the car.

Qin Yuan tidied up his luggage and followed him into the car.

There was already a chauffeur in the driver’s seat. Lin Hai gave the order and the car drove out of the door.

He drove back the way he came.

“The key person in our mission this time is you.”

Lin Hai was in the car, doing nothing. He said a few words.

“I know. You’ve already said this twice. I’m not a newbie in this line of work. I don’t need your reminder.”

Qin Yuan frowned.

Of course, he knew the purpose of this mission, and he would naturally do something that would make them look satisfied.

Although he had already taken the poison given by the organization, this did not hinder Qin Yuan’s loyalty to the logistics company.

From the beginning to the end, Qin Yuan’s loyalty to the logistics company had never wavered.

This time, even if he had to take the poison of submission, he was prepared to do his best for the organization.

Of course, this was also the worst-case scenario.

Qin Yuan believed that there was always a way out. Qin Yuan could tell that there must be something fishy about Lin Hai’s erratic attitude.

The mission given by Dong Zhejun this time was to give Qin Yuan one last chance to pledge loyalty to the “Xiao Yan” organization. He would carry out an ambush plan against the logistics company

and the Public Security Bureau of City A, and then wait for an opportunity to eliminate Team Leader Jin and the other team leaders of the logistics company.

To put it bluntly, it was a mission impossible and anti-infiltration activity.

Qin Yuan could only pretend to accept it and set off with Lin Hai.

This operation was only known to Lin Hai and Qin Yuan. Even officers like Green Snake and Civet Cat did not know about it. Therefore, the success rate of the plan was very high.

Most importantly, this time, Lin Hai was only playing the role of accompanying and monitoring. He would not follow Qin Yuan, so the burden of all the affairs fell on Qin Yuan.

The experienced and vicious Dong Zhejun had long planned out the wishful thinking in his heart. This time, either the logistics company would be heavily injured, or Qin Yuan would die on the spot.

All the results were beneficial to Daybreak.

Qin Yuan could not help but sigh in his heart. This old man was really a ruthless character.

The most important thing was that one of the important goals of his operation this time—to obtain the whereabouts of Wei Wei's father, Old Master Yang, had not been achieved.

This made Qin Yuan feel very anxious.

He had to continue acting when he got back, and he was considering whether to tell the truth to his brothers in the company.

In the car, Qin Yuan was constantly struggling in his heart.

This time, he was facing the anger of his brothers in the logistics company, and even the anger of the people of City A.

Seeing that he had betrayed the logistics company, he would definitely face the wrath of the entire city.

This kind of thing could be hidden for a while, but it would definitely be discovered later. At that time, depending on the development of the situation, he definitely could not let down the expectations of the people in the city.

As Qin Yuan thought about this, he was already halfway through the journey.

They arrived at City C, which was more than 300 kilometers away from City A.

They had been driving for more than an hour. The driver stopped the car to rest for a few minutes.

They were near a gas station on a country road outside the city. It was surrounded by a vast expanse of farmland. Sporadically, farmers were walking on the road and did not deliberately notice the situation here..

Chapter 785: Returning to the Logistics Company

Lin Hai also got out of the car and went for a walk.

Qin Yuan wandered around the car and took a look at the situation nearby.

It seemed that this was the outskirts of C City, but Qin Yuan could not determine the exact location. If he could determine the approximate location, Qin Yuan could try to contact the people in the logistics company and get them to be prepared.

After all, he was now responsible for sneaking into his military camp, and “Daybreak” didn’t seal off his means of communication.

He could still contact the people in the company. He could find an opportunity to reveal this matter to He Chenguang or Geng

But he definitely didn’t know how to use a phone.

With the scientific power of the organization, his phone must have been set up with a surveillance device. He absolutely could not reveal any flaws.

It was already late autumn, and the temperature outside was already chilly after entering the night. People also put on some thicker coats.

As for Qin Yuan, Lin Hai, and the other members of the organization, they hid their firearms and weapons in this jacket.

When they entered the city for inspection, they would definitely be discovered. Therefore, they wanted Qin Yuan to reveal his identity.

The organization had already thought of this, so when they were about to enter C City, Lin Hai said to the driver,

“Stop the car outside the city. We won’t enter the city. Let Qin Yuan enter by himself.”

The driver nodded and the car stopped a kilometer away from the entrance. Qin Yuan had no choice but to get out of the car and walk towards the city entrance.

Qin Yuan knew that Lin Hai had long made up his mind. His mission this time was to monitor Qin Yuan’s actions. He must have surveillance equipment in his hands, and he must have a miniature surveillance device on him.

The most hateful thing was that he knew that he was being monitored, but he could only let it go. It was useless. If he dared to resist, he would definitely be severely punished.

Qin Yuan walked with heavy steps for more than ten minutes before arriving at the entrance of C City.

It was past six in the evening. Opposite them was a fenced entrance. In front of them was a team of police officers in blue uniforms.

The police officers did not recognize Qin Yuan when they saw him.

The police officer at the front immediately walked up and stretched out his hand to signal Qin Yuan to stop. Then, he asked in a stern voice,

“What are you doing? There’s a bandit suppression operation in the city now.

Anyone who enters or leaves the city has to go through a strict body search!”

Qin Yuan raised his head with a sharp gaze. He looked at the police officer in front of him and said indifferently,

“I’m Qin Yuan from the logistics company.”

The other party’s expression immediately became nervous and surprised.

“Qin Yuan? Captain Qin?”

Qin Yuan nodded and took out his badge for the other party to see.

A few police officers behind also surrounded him. After confirming Qin Yuan’s identity, their attitudes immediately became gentle.

“It’s really Captain Qin Yuan! Sorry for the disrespect!” “I didn’t expect to see you here!” “Why are you here? And you came here on foot?”

A few police officers asked. “It’s a long story. I escaped from the Daybreak Organization.”

“Then it’s been hard on you!”

The few of them welcomed Qin Yuan into the duty room.

“Do you want to rest here?”

Looking at Qin Yuan’s tired appearance, the few of them asked with concern.

“No need. If it’s convenient, can you lend me a car? I want to rush back to the logistics company overnight and tell my brothers about the situation.” Qin Yuan asked sincerely.

He didn’t dare to tell these people too many details. Firstly, they were all outsiders. Secondly, he was being monitored by Lin Hai from the beginning to the end. He couldn’t let the news leak. If he said too much, he would lose his footing.

“Alright! How dare we delay Captain Qin Yuan’s work!”

“It’s just that our cars are all public property. We have to get permission from the higher-ups to use them.”

“Captain Qin Yuan, why don’t you sit here and wait for a while? We’ll call the higher-ups and ask them. If they agree, we’ll pick up the car for you immediately.”

A young and thin police officer said to Qin Yuan.

Qin Yuan thought for a moment, then nodded and sat on a chair at the side, waiting for their call.

Then, a police officer who looked like an intern ran inside to make a phone call.

A few minutes later, the intern police officer ran out and said to the young police officer,”

“The higher-ups have agreed, but they want to send someone over to confirm the authenticity of this matter.”

Qin Yuan also heard this and could not help but reveal a surprised look on his face. He did not expect this matter to be so troublesome. After this round trip, he would be delayed for who knew how long.

When the young police officer heard this, he looked embarrassed.

However, there was nothing he could do. He could only smile and say to Qin

Yuan,

“Captain Qin, look, we’ve also asked the higher-ups for instructions. We can’t change the decision of the higher-ups. Do you want to wait here for a while?”

“How long will it take?”

Qin Yuan asked.

“According to the distance from the city to here, it should take about ten minutes if there’s no traffic jam.”

‘ Alright, I’ll wait then. Please inform them as soon as possible. This matter involves a major case.”

Qin Yuan said calmly.

He had calculated that if he left now and took public transportation outside the city, it would not be less than staying here and waiting for a bus.

He might as well wait here for a while. The police’s words could still be trusted.

“Alright, thank you, Captain Qin.”

The few of them hurriedly apologized and brought water for Qin Yuan to drink.

About ten minutes later, the sound of a car engine came from outside.

The people from the police station in C City were very punctual. They arrived on time.

He heard the sound of hurried footsteps outside.

A few police officers who were waiting immediately went outside to welcome him.

After a while, a police officer in his thirties walked in. He was wearing a well-ironed military uniform.

When she saw Qin Yuan, she went forward and said to him with a smile, “Hello! Captain Qin! It was their first meeting! My name is Ming Hao!”

“Hello ,

Qin Yuan also went forward and shook hands with the other party.

“It’s been hard on you! He went deep into the enemy’s rear and has now returned victorious!” Ming Hao asked with a smile. “No, this is what I should do.”

Qin Yuan replied indifferently.

“You must have received a lot of information after going deep into the enemy’s rear this time! I believe that with your strength, you definitely won’t return empty-handed!”

Ming Hao asked with a smile.

“Yes, I did get some useful information.”

Qin Yuan replied.

Qin Yuan looked into the other party’s eyes and felt that there was a hidden meaning in his words.

The two of them looked at each other for a while. Ming Hao’s eyes had a trace of unnoticeable light. He seemed to want to say something but hesitated. Then, he patted his thigh and said with a smile,

“Since I know that you’re the real person, I’m relieved. This time, I’ve also specially driven a police car for you to use. Please go outside and get it!”

“Then I’ll go back first.”

Qin Yuan nodded and did not say anything else. He went outside. Sure enough, he saw a Cherokee parked at the entrance.

The car was still very new and did not look like it had driven much.

Ming Hao said considerately.

“Thank you!”

“Then I’ll go back. When the matter is settled, I’ll return the car to you!” Qin Yuan said as he walked towards the car.

“It’s nothing. This is all for the people. Everyone understands. It’s not for personal reasons. Captain Qin Yuan, you don’t have to worry about it.”

Ming Hao watched Qin Yuan slowly leave, and a mysterious smile appeared on his face.

Qin Yuan drove slowly into the city.

After passing through C City, the neighboring city would reach A City. Qin Yuan drove overnight and when he returned to the downtown area of A City, it was already past 10 p. m.

Qin Yuan came to the logistics company’s camp again.

When the few soldiers guarding the door saw that Qin Yuan had returned, they could not help but be overjoyed.

“Captain Qin Yuan is back!” “Quickly inform Captain Geng Hu and the others!”

A few soldiers shouted happily..

Chapter 786: Encircle Lin Hai Again

When the people from the logistics company saw Qin Yuan return victorious again, they all looked happy.

Even though it was already past ten at night, the surroundings had already fallen silent.

Geng Hu, He Chenguang, Long Xiaoyun, He Chengguang, and almost all the team leaders of the logistics company came out to welcome Qin Yuan.

“Captain Qin Yuan! You’re finally back!”

“We’ve been waiting like crazy!”

“I didn’t expect you to be gone for five days! It’s completely different from our original plan!”

The few of them were very surprised.

Seeing that there was no one beside Qin Yuan, He Chenguang’s face revealed a trace of doubt.

He and Geng Hu knew the purpose of Qin Yuan’s visit.

The green snake had disappeared, and Qin Yuan was the only one who had returned. This was very different from their previous plan, causing waves of doubts to arise in their hearts.

“Yes, I’m back.”

Qin Yuan said as he slowly walked into the hall.

He immediately called Team Leader Jin.

Team Leader Jin also contacted the logistics company within five minutes.

“Captain Qin!”

As soon as she saw Qin Yuan, Team Leader Jin ran up excitedly.

“Team Leader Jin, you’re here.”

Team Leader Jin came in front of Qin Yuan and carefully sized him up. After confirming that Qin Yuan was not injured and was safe and sound, she beamed with joy.

“Team Leader Jin, I’m sorry. I failed to bring back the important criminal.” Qin Yuan said guiltily.

“Hey, it’s nothing. This is an uncertain matter. Your safety is more important than anything else! As long as there’s life, there’s hope!”

It was already past ten o’clock at night, and the cold wind was whistling outside.

The few of them chatted and felt their bodies turn cold. Then, they walked into the reception hall of the logistics company.

After returning to the hall, He Chenguang asked the others to disperse, leaving only Qin Yuan, He Chenguang, Geng Hu, Long Xiaoyun, and Team Leader Jin.

“Captain Qin, how did it go this time?” Geng Hu asked directly.

Qin Yuan had already thought of an answer.

He definitely couldn't reveal the truth to them. After all, he already had poison on him. However, he couldn't really kill his brothers in the logistics company.

He could only find a balance in this dilemma.

"How should I put it? It can be said that the mission has been completed, but it can also be said that it has not been completely completed."

Qin Yuan frowned.

"We did find the location of the base camp, but we didn't get any news about Old Yang."

"I see. What about the green snake?"

He Chenguang asked.

He didn't come out with me. He stayed there."

"Ever since I came out of the military camp with him, we first went to the territory of the tanuki. Then, through the tanuki, we arrived at the Daybreak Organization's headquarters."

"Then, at the headquarters, I met the leader of the other party and learned his identity."

"After that, I was placed under house arrest by them." "In the end, it was Green Snake who let me out."

Qin Yuan twisted the truth.

It was to protect the people of the logistics company, and also to protect himself.

God knows which corner Lin Hai was secretly monitoring him from.

"I see. It's really difficult for Captain Qin Yuan to judge whether he has gained anything this time."

"Although we got the news of the enemy's boss, we also lost the important clue of Green Snake." "Then what should we do next?"

He Chenguang asked.

According to Dong Zhejun's arrangement, Qin Yuan was asked to use the excuse of finding clues to trick the people from the logistics company into a secret base of an organization, and then the organization would destroy them in one fell swoop.

Now, Qin Yuan did not want to go against their wishes. On the contrary, Qin Yuan had thought of a wonderful way. Now, he only needed to beat them at their own game and follow their plan. At that time, he would have the corresponding countermeasures.

Thinking of this, Qin Yuan said confidently,

It's not completely empty. When I was in their camp, I found a secret stronghold. It's in an abandoned factory on the outskirts of our city. We can go there and look for clues." " You found another secret base?"

Geng Hu asked in surprise.

"I wonder if the other party is an ant nest? Why are there strongholds everywhere in the country? There's no end to them!"

"Captain Qin Yuan, are you sure about this?"

Because of the previous few rash advances, He Chenguang also had a little psychological resistance and could not help but ask.

"Yes, this is a clue I found in the confidential documents in the office of the boss of the other party's headquarters. It can't be wrong."

Qin Yuan said in a deep voice.

" We believe in Captain Qin. He's right!"

Long Xiaoyun and the other officers did not doubt him and trusted Qin Yuan very much.

"There's no time to lose. Let's plan and prepare to set off!"

Geng Hu saw that everyone agreed with Qin Yuan's opinion and did not object.

"Is this the same method of action as before?"

He Chenguang said while stroking his chin.

It was obvious that he had a deep sense of conflict with his previous actions, perhaps because they had all failed.

' No, I've learned my lesson from my previous failure. This time, I plan to lead my troops into battle."

Qin Yuan said in a low voice.

' Bring troops to battle?!"

The few of them were a little surprised when they heard that.

One had to know that Qin Yuan had always been alone. He did not expect him to say something unbelievable today..

Chapter 787: Encircle Lin Hai Again

"That's good too! After all, he had hit a wall previously! We can try other methods now!"

"As the saying goes! There was strength in numbers! Maybe we can succeed this time!"

Geng Hu laughed.

“Because this time, it’s very likely that Hai Lin is there.”

Qin Yuan’s expression did not change as he continued to speak in a deep voice.

“What? Overgrown forest?”

“This bastard!”

“Damn you!”

The few of them said angrily.

“If we catch this guy! I’ll definitely tear him into pieces!”

The person who hated Lin Hai the most was Team Leader Jin. Lin Hai had slipped away under Team Leader Jin’s eyes. Team Leader Jin could not help but grit his teeth and say.

It was no wonder that Lin Hai had set them up. From their point of view, Lin Hai was a sinful person.

Qin Yuan followed the script given by Dong Zhejun from the beginning to the end. He did not dare to neglect it at all. After all, Lin Hai was still monitoring his every move.

As long as he said something wrong, he might be killed. This was not the most important thing. The most important thing was that his recklessness would bring disaster to his brothers in the logistics company.

‘ But I have a question. Since it’s a sneak attack, wouldn’t it be too ostentatious if we attack with our entire army?

The meticulous Long Xiaoyun raised her own question.

” Actually, it doesn’t really affect us. Our logistics company is known for our orderly formation. All the enemies are afraid of our military might.”

“Let’s find a dark and windy night and catch him off guard. The other party will definitely not be on guard!”

“Besides, the other party doesn’t know that we know their address! I don’t believe that they are so godly that they can take precautions in advance!”

Geng Hu said confidently.

“That’s true.”

“Since everyone has agreed, there’s no problem. Let’s set off tomorrow night!” Qin Yuan lowered his head and said in a low voice.

“Captain Qin Yuan! Since you want to send troops, our police station will definitely not stand by and do our part. However, since you insist on sending troops, we will provide you with support!”

Team Leader Jin said righteously.

He Chenguang and Geng Hu's faces immediately revealed joyful looks.

"Alright, thank you, Team Leader Jin! We will remember this kindness in our hearts!"

Qin Yuan said gratefully.

"Good! Then let's reorganize our armaments and set off tomorrow night!" Geng Hu shouted after confirming the information.

The few leaders had no objections, and everyone unanimously agreed to the operation tomorrow night.

At night, the few of them discussed the plan for tomorrow's operation.

This plan was only spread in the logistics company. Even the police station in the city, Team Leader Jin did not release any information. The reason why he took the guns from the armory was just a random military exercise.

Geng Hu led the vanguard to charge forward. Qin Yuan was in the middle, and He Chenguang was at the rear. They surrounded Hai Lin's nest. The plan was flawless.

Although this was indeed a rather funny thing for Qin Yuan, he had no choice but to cooperate on the spot.

He already had another comprehensive plan in his heart.

Time passed quickly, and the next night arrived as scheduled.

At around 12 pm, a mighty army gathered at the entrance of the logistics company.

The people from the logistics company were divided into three teams, each team of ten people. They were all the most elite soldiers in the company. Geng Hu, Qin Yuan, and He Chenguang led the teams in order and quietly headed for the abandoned factory in the suburbs.

Qin Yuan stood on the rostrum of the field outside. Gao Sheng said,

"Brothers of the logistics company, today is a very important day for our logistics company!"

A wave of enthusiastic cheers instantly came from below the stage.

"We know! Captain Qin Yuan was wise and mighty! We'll definitely win today!"

"Today is the day we fight our enemy, Lin Hai! All the equipment has been given to you! At the most critical moment, the heavens have given us an excellent opportunity. We have been waiting for this day for a long time. Are you all ready?"

Qin Yuan's loud voice spread to every corner of the venue.

"I'm ready!"

The soldiers of the logistics company shouted in unison.

"Let's go!"

Qin Yuan shouted.

With that said, the group of people immediately moved in unison and rushed out.

After a unanimous discussion, the entire army decided to set off on foot for the sake of secrecy and safety.

Fortunately, the logistics company was not too far away from their destination in the suburbs. It was only about ten kilometers away. It would only take about an hour to reach the destination in the dark.

Although there were not many people in the entire army, less than 50 people, they were still in a very vigilant posture. Everyone wore black night clothes, like a long black dragon, slowly staggering towards their destination.

“Aiya, the weather is so cold today!”

Some of the soldiers began to complain during the march.

It was no wonder. This was the first time they had set off at night for so long. They were used to the warmth of the room in the past. It was understandable that something unusual had happened.

“Shh, don’t make a sound. Now is the time when we need you. Don’t complain.”

The soldier beside him reminded him.

“Aiya, I was just saying. Everyone knows that the mission is the most important thing.”

This person was still glib.

In an instant, there was a slap. The person’s head was heavily hit, and then he immediately fell to the ground.

He screamed in pain and was about to get up while cursing. Who knew that the person standing in front of him was actually Qin Yuan?

This person instantly shut up. He sat on the ground and stammered,

“Captain Qin Yuan...”

“What did I say during training?”

Qin Yuan narrowed his eyes and asked softly.

“Uh... Try to keep quiet during the march and don’t say anything unimportant.” This person had made a name for himself for his own rights.

Originally, he must have known about this rule, but he couldn’t control his mouth for a moment and made a big mistake.

Unfortunately, Qin Yuan found out and gave him a severe punishment.

“Don’t let me hear you say that again. This is your last chance.”

Qin Yuan said.

“Everyone, return to the team! If there’s no unexpected situation, no whispering!”

“Continue forward!”

The team resumed their normal journey.

The man heaved a sigh of relief and returned to his formation.

At least he did not receive a more severe punishment. This kind of punishment was considered merciful to him.

Qin Yuan also knew that something heavy was bound to happen this time. It would definitely not be easy. He did not want to waste his energy on such a trivial matter.

If this person was making a mistake, they could just kick him out of the team.

Fortunately, nothing unexpected happened. At about 1:30 pm, the group arrived near the abandoned factory in the suburbs.

The factory was about a kilometer away from them. The group hid in the bushes of a forest while Geng Hu peeked out to observe the situation in the factory.

The closer he was to his destination, the more solemn Qin Yuan felt.

He knew that the other party had already laid an ambush inside, waiting for the logistics company to fall into the tiger’s den.

The factory looked dark and lifeless from their direction. It was like a cold hell.

Qin Yuan took a deep breath and said in a deep voice.

“Split into three teams and surround the factory from three directions!”

After Qin Yuan’s order, Geng Hu and He Chenguang responded by splitting into three teams. The team slowly divided into three teams and slowly spread out the encirclement net, forming a circle and slowly surrounding the factory.

Soon, the group arrived at the protective net outside the factory. They crawled on the ground and slowly advanced silently. “There doesn’t seem to be any sound inside. How strange.”

Geng Hu softly voiced out the doubts in his heart.

“Let’s not care about it for now. We’ll count to three and immediately rush in to capture them.”

He Chenguang said..

Chapter 788: I’m Not As Stupid As You!

‘ Captain He, it’s pitch-black inside and there’s no movement. It feels strange!’

A talkative soldier beside him muttered. “Since we’re here, there’s no choice to retreat!”

He Chenguang reprimanded loudly.

“If you want to run, you can! But don’t ever appear in front of me again!”

“Yes... Yes!”

The soldier didn't say anything else.

He Chenguang held his breath and slowly chanted.

“Three!”

“Two!”

“One!”

As soon as He Chenguang finished speaking, the troops flashed into the house like a flock of crows.

The entire house was immediately surrounded by the noisy footsteps of the troops. A few soldiers in front of them held flashlights in their left hands and guns and weapons in their right hands, shining them into the darkness ahead.

In an instant, the solidified darkness around them dissipated, and everyone looked at the scene.

There was nothing in the surroundings except for the dilapidated machines in the factory lying quietly in the middle.

Judging from the environment, it didn't look like someone had lived here before.

He Chenguang also realized that he might have fallen into a trap.

He immediately shouted,

“Everyone, form a circle and maintain the highest level of vigilance! Go inside!” As he spoke, he led the way and slowly moved forward.

Qin Yuan followed beside him. He held his breath and walked carefully.

Of course, he knew what the situation would be like here.

However, when the conflict erupted later, how should he deal with it?

The plan that he had planned in his mind earlier gradually became clear in his mind.

Calm down, steady yourself. We must settle this matter properly later.

After the lights came on, everyone could see the scene in front of them clearly.

They were near the entrance of the main door. It was a wide reception hall. There was a small door in the middle, which seemed to lead directly to the main workshop inside.

It seemed that if he wanted to get the answer, he had to go deeper.

Qin Yuan took a few deep breaths and followed He Chenguang's footsteps. All the members formed a circular formation and continued to walk forward.

When they arrived at the metal door that led inside, Qin Yuan and He Chenguang looked at each other. The two of them counted to three in their hearts and then kicked open the metal door at the same time.

There was a loud bang.

The metal door burst open under the two's powerful feet.

Dust instantly scattered all over the surrounding ground.

Their vision was blurred by the smoke and fog in front of them, and they couldn't see anything.

It wasn't just the few people in front. The dust that scattered after the door was knocked open was abnormally thick. In an instant, the entire room was drowned in the smoke.

After waiting for about a minute, the smoke finally dispersed, and the scene gradually became clear.

However, as the thick smoke dissipated, the soldiers of the logistics company at the scene began to slowly collapse!

He Chenguang was shocked and immediately understood that this door was a trap!

It must have contained a gas similar to gas poison that poisoned the soldiers at the scene.

He Chenguang immediately covered his mouth and nose with his clothes and shouted at the top of his lungs,

“Everyone, soak your clothes with water immediately and cover your mouth and nose with force!”

However, his reaction was still a beat too slow.

A few soldiers behind him had already inhaled too much poison gas and could not hold on any longer. They collapsed to the ground and fainted.

The scene instantly turned into a poisonous purgatory filled with smoke and dust, and the soldiers complained endlessly.

There were originally more than thirty people, but more than ten of them had already fallen. Now, only about half of their combat strength was left.

Seeing this scene, the logistics company soldiers who had been through hundreds of battles were also a little surprised, and their bodies could not help but tremble.

He Chenguang frowned.

“Everyone, don't panic. Stay calm. Being too flustered will only make things worse!”

He Chenguang couldn't stop encouraging the soldiers at the scene.

“Everyone, follow me. Help the fallen comrade beside us and walk back! Hurry up and leave this place!”

Geng Hu also commanded loudly from the side.

However, it was all too late.

Just as they were about to turn around and walk back with the injured, they heard mocking laughter coming from around them.

Everyone recognized this familiar voice.

It was obviously the cunning Lin Hai.

Everyone was now terrified and did not have the time to care about who had appeared. They directly walked crazily towards the door.

However, as the laughter got closer and closer, the soldiers were horrified to find that the original position of the door was already filled with a team of soldiers from the Daybreak Organization!

And in the middle of the soldiers was the source of that hateful laughter-Hai Lin!

“Long time no see, brothers of the logistics company. I really missed you guys.”

Lin Hai held a pistol in his hand and kept turning it between his fingers, looking interested.

When they saw Lin Hai, He Chenguang and Geng Huts faces revealed a look of disgust.

“Comrade Qin Yuan, you did well this time. When we go back, the higher-ups will definitely reward you.”

After saying that, Lin Hai looked at the logistics company with disdain and then laughed out loud.

When He Chenguang heard this, he could not help but think quickly.

Then, his expression instantly froze as if he had understood something. Then, he turned his head to look at Qin Yuan woodenly.

Qin Yuan’s expression was very natural, as calm as water. There was no anger or sadness.

However, there was an unconcealable confidence on his face..

Chapter 789: I’m Not As Stupid As You!

“Captain Qin Yuan? You?”

He Chenguang looked at him in disbelief.

“Captain Qin Yuan? What was going on? Explain yourself!”

Geng Hut s eyes widened as he stared at Qin Yuan, waiting for his final explanation.

Qin Yuan sighed and smiled slightly.

“I betrayed the logistics company.”

“How is that possible? Captain Qin Yuan! You swore to protect the logistics company forever!”

“That’s right! We would rather die than believe that you are such a person!”

He Chenguang and Geng Hu did not want to believe the ridiculous scene in front of them.

Qin Yuan did not say anything, but maintained a smug smile.

Then, he took out the pistol he carried with him, raised the muzzle, and slowly faced He Chenguang beside him.

The other party’s eyes revealed a look of disbelief.

Geng Hu immediately took out his pistol and aimed it at Qin Yuan.

“Captain Qin Yuan! There must be some misunderstanding! You can’t betray the logistics company! Repent and be saved!”

Geng Hu was still unwilling to give up on his beliefs.

Qin Yuan did not listen to anyone’s persuasion. He pressed the trigger lightly with his finger.

A crisp gunshot resounded through the night sky.

A figure fell to the ground.

Everyone focused their eyes and saw that it was Lin Hai, who was directly opposite Qin Yuan!

“I say, Lin Hai, you’re still the same as before. You don’t have a good memory.”

As he spoke, Qin Yuan’s eyes shone with confidence.

“What?”

“What are you talking about? Have you forgotten our mission? Have you been blinded by the poisonous gas?”

Lin Hai clutched his bleeding leg, his face filled with fear and confusion.

“Hahaha! Do you really think that your little tricks can stump me?”

Qin Yuan could not help but laugh out loud. “Your biggest mistake is underestimating me.”

Qin Yuan continued to laugh out loud.

Then, they heard the sound of gunshots from outside. Then, a group of people dressed in the same clothes suddenly rushed into the room.

Lin Hai suddenly turned around and saw that Green Snake had brought people over!

‘ Captain Green Snake?!’

Lin Hai seemed to have seen a life-saving straw. He crawled a few meters forward and said to the other party in a happy tone,

“Come and save me! This traitor, he betrayed the organization. The mission has changed! Immediately execute him on the spot! Take his body back and report to the boss!”

Before Lin Hai could finish speaking, another clear gunshot sounded.

Lin Hai’s arm was heavily shot again.

Then, he couldn’t take the pain anymore and rolled back and forth on the ground a few times.

For a moment, he could not say a word. He looked at the other party with an almost desperate gaze.

“Brothers! Go! They were all enemies! Quickly finish them off! They were all poisoned!

There’s not much combat power left!”

Lin Hai used the last of his strength and Gao Sheng called for his last troops to attack.

However, no matter how hard Hai Lin shouted, the soldiers on his side did not react at all. It was as if all of them had disappeared in an instant.

“Are you looking for them?”

The green snake smiled hideously. It raised its right hand and waved it gently.

Behind him, soldiers escorted a group of people wearing Daybreak Organization uniforms into the room.

When Lin Hai saw this, the despair on his face instantly deepened by ten times. He was just short of biting his tongue and committing suicide on the spot!

Green Snake walked forward with a smile and gently tapped the back of his neck with the handle of his pistol. The other party fainted immediately.

“Thank you for your hard work.”

Qin Yuan’s expression was still very calm. Everything was under his control.

He walked up to the green snake and reached out his right hand to shake it. The two of them hugged each other to comfort each other.

“It’s what I should do. I’ve wanted to cut this bastard into pieces for a long time.”

Green Snake said resentfully.

“Captain Qin, this is...”

After He Chenguang and Geng Hu saw this scene, they were still so frightened that they did not dare to move. They asked Qin Yuan in a very puzzled tone.

Okay, let’s clean up the scene first. Many of our brothers have been poisoned and need immediate treatment. Bring these criminals back for interrogation. I’ll slowly explain everything to you on the way.”

Qin Yuan said.

Then, the rest of the people, the logistics company and Green Snake’s troops, detained the people from Hai Lin’s troops and brought them to the cars that

Green Snake drove over. Together with the injured brothers, they returned to City A.

In the car, Qin Yuan drank some water and sat beside He Chenguang. He slowly said,

“Like I told you before, I did enter the headquarters of the Daybreak Organization and was indeed captured by them.”

However, I was later recruited by their boss, a man named Dong Zhejun. I pretended to join them and secretly cooperated with Captain Green Snake to put on this ‘Infernal Secret’.

“I see!”

“So the idea of returning to the logistics company and coming here was also a script?”

“That’s right. In order to make this movie more realistic, I didn’t tell you anything. I hope you don’t mind.”

Qin Yuan smiled.

“Where? It’s precisely because of Captain Qin Yuan’s intelligence that we were able to deal with this organization until today! We should be grateful to you!” He Chenguang waved his hand.

“When did you become comrades with Green Snake? I remember that when you were interrogating him, you only maintained a neutral relationship with him.”

Genz Hu asked curiously.

“Yes, I also wanted to explain this matter to you in detail.”

Qin Yuan paused and continued.

“It was because of Weiwei that I knew him and knew that he was once the disciple of Weiwei’s father.”

‘ After that, I learned that he felt very guilty towards Wei Wei’s father.”

“Moreover, the most important thing is that Lin Hai once hurt Wei Wei and her father. This is the fuse between him and Lin Hai, and it is also the estrangement that the two of them can’t make up for.”

‘ So this conflict today was bound to happen sooner or later. I’m just using it to serve me.”

“I see! No wonder the green snake looked at Lin Hai as if it was facing a great enemy!”

He Chenguang exclaimed.

“Captain Qin Yuan is really far-sighted! As expected of you! The captain of the logistics company! Brave and resourceful! With a leader like you in our logistics company, we won’t have to worry about not being able to develop in the future!”

Geng Hu praised from the bottom of his heart.

“Alright, let’s focus on the current situation.”

“This is the second time that Lin Hai has come to our hands. He’s a stubborn person who won’t open his mouth.” Qin Yuan said softly.

“Yes, but this time, he has no hope.”

“When people are in despair, they will often waver. Maybe we can use this to find a way to break through his body.”

He Chenguang said as he held his chin and thought.

” This time, we’ll bring him back to the company. I want to interrogate him personally.
”

Qin Yuan said.

“Alright, let’s split up. I’ll bring the injured brother to the hospital, and you bring him back to the company.” He Chenguang suggested.

“Alright, see you later.”

As he spoke, He Chenguang waved his hand to stop the main group. Then, the two of them split up and headed in two directions.

Qin Yuan returned to the car and gestured for Green Snake to follow him back to the logistics company.

Half an hour later, Qin Yuan and Green Snake brought Lin Hai back to the logistics company.

Qin Yuan brought Lin Hai directly to his room.

Qin Yuan and Green Snake gave Lin Hai a simple treatment of his wounds with medical supplies. Of course, they had planned it in advance and did not hit Lin Hai’s vital points. Therefore, these two gunshot wounds were not fatal.

After treating Lin Hai’s wound, he slowly woke up.

“This is...

“You guys!”

When Lin Hai saw the two lone stars in front of him, he could not help but feel sad and put on a miserable appearance.

“Qin Yuan! You’ve taken Boss ‘poison! I didn’t expect you to want to die together with this logistics company! ”

Lin Hai said angrily.

“Hahaha! Don’t think too highly of yourself. I’m not as stupid as you!”

Qin Yuan laughed out loud..

Chapter 790: Great War Is Near

“What is it? There must be no antidote for this poison! I don’t have it either! I didn’t expect that I would die together with you this time!” Lin Hai said with an angry expression.

Qin Yuan turned his head and gave the green snake a look.

Green Snake understood and reached into his pocket. He took out a green bottle and held it in front of Lin Hai.

When he saw this item, Lin Hai's eyes revealed waves of surprise, which slowly turned into fear.

“Antidote...How did you get it?”

‘Hmph, I’ve said it before. Your biggest mistake was underestimating my ability.’

Qin Yuan said indifferently.

Don’t forget, I’m not fighting you all alone.” As he spoke, he looked at the green snake.

Lin Hai slowly understood what Qin Yuan meant.

It seemed that while Qin Yuan was in their organization, he had asked the green snake to go to the secret antidote location to get the medicine.

One had to know that even Lin Hai did not have this antidote. It was personally kept by the boss, Dong Zhejun.

Lin Hai was very puzzled. How did the green snake get it?

“How did you get it?”

Lin Hai asked in surprise.

“I have many ways to tease you.” Qin Yuan smiled awkwardly.

He was not bragging at all.

Even if he did not cooperate with Green Snake, he could still rely on the ability given by his system to achieve his goal.

In other words, Qin Yuan had a hundred ways to kill them.

However, he didn’t really want to disrupt the rules of the game.

He would not use the power of his cheat unless he had no other choice.

This time, he had indeed asked Green Snake to sneak into the organization’s medicine room and steal the antidote.

After all, Green Snake was one of the four great officers. Stealing something under the boss’s nose was as easy as flipping his hand.

“Don’t you understand? From the beginning to the end, all of your actions have been under our control.”

Qin Yuan said what Lin Hai had once said to him.

Lin Hai was instantly slapped in the face.

Lin Hai, who thought that he was once a strategist and played with Team Leader Jin in the palm of his hand, boasted that he was standing at the peak of wisdom. He did not expect that Qin Yuan had completely seen through him and even defeated him in a mess.

Lin Hai felt an endless sense of defeat.

However, Qin Yuan did not plan to punish Lin Hai on the spot. He did not have the right to do so. Even if he did, he would not do so.

This was because Lin Hai had a lot of information about the organization and even the research of drugs.

In the future, it would definitely be of corresponding value.

‘What are you planning to do to me?!’

Lin Hai had a terrified look on his face. From this dangerous moment, it could be seen that he was just a coward.

“What you will do will depend on your performance.”

Green Snake laughed.

Actually, the two of them had already discussed it before. Lin Hai would definitely be kept to play his role.

From his previous contact with Dong Zhejun in the organization’s headquarters, Lin Hai could be considered a technological talent in Daybreak Organization. He was an indispensable existence.

This time, Lin Hai fell into the hands of Qin Yuan and the others. He could be considered a big chess piece.

As long as Qin Yuan did not let her go, the other party would definitely become anxious and think of a way to save her.

This way, they would have a bargaining chip to confront the other party.

Thus, he could achieve the goal of finding a breakthrough.

Therefore, they only threatened Lin Hai. They would not punish him severely.

“You can’t hurt me! I’m a core member of the organization! If you hurt me, you will definitely be severely punished!”

Lin Hai said angrily with a fierce look in his eyes.

“Don’t pretend to be a big wolf with me. If you know what’s good for you, hurry up and tell us what you know. Otherwise, you’ll suffer!”

The green snake was not as polite as Qin Yuan and began to threaten him.

‘Green Snake, to think that our boss took such good care of you. You’re really a heartless ingrate!’

Lin Hai said fiercely.

“Hmph, you know what you’ve done. Don’t think that others don’t know anything!”

Green Snake said.

“It’s already very merciful that I didn’t tear you into pieces!”

“Lock him up for a few days and don’t give him anything to eat. Let’s see if he’s still stubborn!”

As the green snake spoke, it gave the other party an eardrop.

Looking at the situation, Lin Hai was still a little stubborn. The two of them were not in a hurry. As long as he was still there, there would always be a chance.

Qin Yuan arranged for someone to send Lin Hai to the prisoner supervision office in the logistics company.

He looked at the time. It was past 10 p. m.

She thought that she had been busy all day and should rest early. Let’s talk about other things tomorrow.

Hence, he bid farewell to Green Snake, then instructed He Chenguang, Geng Hu, and the others to arrange for people to watch over Lin Hai before returning to his residence to rest.

That night, Qin Yuan had the best sleep in recent months.

The next morning, Qin Yuan called Team Leader Jin over.

Everyone was discussing the next step of the battle plan in the logistics company’s conference room.

“Captain Qin! This time, you’re really wise and mighty!”

As soon as Team Leader Jin arrived, she could not help but praise Qin Yuan.

“Without your plan this time, we really wouldn’t have been able to catch that bastard Hai Lin!”

As he spoke, the Golden Team leader heaved a long sigh of relief.

“With this, our military’s prestige has been greatly boosted, and the enemy’s morale has been severely defeated! What an excellent move!”
