

## Special Troop 801

### Chapter 801: Prepare to Enter the Tiger's Den Again (2)

Qin Yuan smiled.

“This is the difference between our logistics company and your Daybreak.”

In the evening, Qin Yuan held a celebration party in the company as promised.

The scene was very lively. Everyone was drinking and chatting happily.

Team Leader Jin and Qin Yuan were sitting at the same table. He held a wine glass and gulped down wine and meat. He sang loudly and shouted, “This is a day worth celebrating! Long live the logistics company!” Qin Yuan looked at his expression. It was obvious that he was drunk.

He smiled and said,

“Team Leader Jin, the combat strength of your police department is not to be underestimated.”

Team Leader Jin's interest was piqued. As if he had been hit on the spot, he said loudly,

” That's right. Although our troops are not considered top-tier in the country, they are still the only fighting force in the city!” Daybreak is afraid of us!” Many members of Daybreak Flame lowered their heads and laughed when they heard this. However, they did not say anything. After all, they had already joined the logistics company.

Everyone could tell that Team Leader Jin had drunk too much.

Everyone knew that it was a joke to compete with Daybreak in terms of equipment.

Even Green Snake could not help but laugh out loud. “What's wrong? Is there a problem with what I said?”

Leader Jin shouted loudly with the help of the alcohol.

This action caused many people to be dissatisfied.

This fatty wasn't even from the logistics company. The people who had just joined the logistics company were even more dissatisfied with him.

This discovery was really very ironic. Even if you were drunk, you couldn't go overboard with your words.

“The police are more awesome than you!”

Team Leader Jin began to add fuel to the fire.

At this time, some of the people from Daybreak who had just joined the logistics company could no longer sit still.

A few of the bolder ones had already stood up. Their faces were very red, and they looked like they had drunk too much.

He shouted at Team Leader Jin,

“Fatty! What did you say? Although we have joined the logistics company, no one can deny the fact that Daybreak is well-equipped!”

That person from Daybreak said righteously.

“What is it? You, a surrendered soldier, still have the face to argue with me here?”

Team Leader Jin couldn’t stand this kind of mockery and reprimanded him loudly.

Since this soldier had already opened his temper, how could he stop?

He walked straight to the front and glared at Team Leader Jin. He said in an overbearing manner,

“What’s wrong? Was I wrong? Today’s victory wasn’t your credit. It belongs to a damn fatty like you, but you still shamelessly stay here. You’re so embarrassing! ”

When Team Leader Jin heard this, he was instantly furious. He shouted, picked up the wine glass beside him, and threw it at the other party.

The man raised his hand and threw the cup away. It shattered into pieces on the ground.

Team Leader Jin did not stop. He flew forward and punched at the other party.

The other party also lost his rationality and ran angrily towards Team Leader Jin.

The two of them instantly fought.

“Hey, hey! What’s going on? Isn’t it just drinking and talking nonsense? Why are they fighting?”

The people from the logistics company were obviously very high-quality people. Seeing that the situation was not right, they hurriedly went forward to stop the fight.

The two of them kept rolling on the ground. It could be seen that their faces were red and aggressive.

“What happened? You want to fight? We’ll accompany you to the end!”

“Motherf \* cker! It was already so exciting when he just arrived! I’ve also gone crazy today! If I don’t show you my might, I won’t be human!”

The people at the scene began to clamor loudly.

When some of the police and Daybreak Organization saw this scene, they all had the intention to protect their comrades and began to help their comrades.

The situation was getting out of control. Several people on both sides shouted and joined the battle.

As the situation was slowly getting out of control, Qin Yuan could not sit still anymore.

Team Leader Jin was their guest, and the people from ” Daybreak ” were their new recruits. He didn’t want to offend either side.

Qin Yuan frowned and shouted as he squeezed through the crowd. In an instant, he arrived in front of the two of them. He saw that the two of them were covered in mud, and there were already many

wounds on their bodies. There was even blood flowing out. Many parts of their faces were already bruised and purple, and they were very red and swollen.

If things continued to develop according to the situation, if Qin Yuan had not arrived in time, it would probably have caused an even more serious and irreparable situation.

Qin Yuan waved his two large hands, and the two of them were like two little chicks in his hands. They were torn apart by him.

The two of them landed on the ground in the distance with a bang. They crawled on the ground and panted heavily.

“Enough!”

Qin Yuan shouted and stood between the two of them.

The originally noisy scene suddenly quieted down, and everyone stopped what they were doing.

Everyone looked at Qin Yuan warily. After all, he was a war god that could not be underestimated. No one dared to offend him.

” This is happening in my territory. Do you still think I’m the captain?” Qin Yuan’s majestic voice spread to every corner of the camp.

“I invited you here to eat, not to fight!”

Qin Yuan continued to reprimand them and then glanced at the two of them.

Both of them knew how powerful Qin Yuan was, so they did not dare to look directly into his eyes. They had an embarrassed expression on their faces.

He did not dare to say a word, not even daring to breathe loudly.

‘ We just finished fighting, and you’re doing this again. Do you think this is a battlefield where you can fight as you please?!’

“The two of you are my guests, and I want to treat you well! I hope you can understand this! I’m not here for you to fight! Harmony breeds wealth!”

‘ From today onwards, if anyone dares to fight here without a reason, get out of the logistics company. No one is an exception!’

Qin Yuan’s voice echoed in the banquet and resounded in the night sky.

When the surrounding people heard this, their hearts trembled.

It was obvious that Qin Yuan was really angry.

This kind of behavior was really disrespectful to Qin Yuan and an insult to the logistics company. The military camp was a sacred place, not a place for them to fight and defile!

The two of them slowly stood up from the ground and came to Qin Yuan.

“I’m sorry, Captain Qin Yuan. It’s my fault. I drank too much and couldn’t control my mouth. I’m really sorry.”

Team Leader Jin lowered her head and said.

“I’m also at fault. I was too impulsive. I shouldn’t have bothered about such trivial matters.”

The soldiers of Daybreak also bowed their heads and apologized.

“From today onwards, all of you will be comrades who will stand shoulder to shoulder. Do you understand?”

As he spoke, Qin Yuan reached out their hands and held them tightly.

Both of their faces were moved.

Captain Qin Yuan was still so considerate! Not only did he help them resolve the crisis, but he also helped them pull strings and became a benefactor who shook hands and made peace. Where else could they find such an outstanding person?

“It’s still Captain Qin Yuan! If he hadn’t come forward, these two people would probably have caused some terrible things! Maybe we’ll have to fight later!”

“That’s right! It was really terrifying. The casualty camp was already overcrowded today! If there are any more injured people, we won’t be able to stay!”

“Captain Qin Yuan has resolved another potential crisis for us!”

The people at the side looked at Qin Yuan and could not help but praise him.

Under Qin Yuan’s urging, the two of them finally let go. Under the illumination of the fire at night, they hugged each other tightly.

At this point, the banquet finally resumed its previous joy and grandeur as it continued.

The banquet lasted until the next morning.

The hazy morning light shone on the ground of the logistics company.

Last night, Qin Yuan, Green Snake, and Weiwei did not indulge themselves. They returned to their rooms early to rest and prepare for today’s journey.

At eight o’clock in the morning, the three of them were ready to go.

The car was also ready. It was an old jeep.

Green Snake was the driver, Qin Yuan sat in the front passenger seat, and Weiwei sat in the back.

The people from the logistics company also came out to send him off..

Chapter 802: Chatting Along the Way

“Captain Qin! Miss Wei Wei, be careful on the way. I don’t know when we’ll see each other again!”

He Chenguang and the others watched Qin Yuan and the others walk into the car reluctantly.

Qin Yuan finally got closer to He Chenguang and whispered in his ear,

“I don’t know how long I’ll be taking this trip. During this period of time, I’ll leave the matters in the logistics company to you.”

“Let’s keep in touch.”

Qin Yuan said with a smile.

‘Yes! Good luck.’

He Chenguang shook hands with him for the last time and walked back to where he was. The group watched them leave.

Qin Yuan and Weiwei waved their hands behind them and said goodbye to the group of people.

After Qin Yuan’s car slowly left.

Behind them, He Chenguang and Long Xiaoyun were deep in thought.

“Why did you say that there were two people? There’s still one more.” Long Xiaoyun teased.

“Who asked him not to be one of us? I don’t care if he’s not one of us or not.’ He Chenguang said with a faint smile.

“You’re still looking down on others now? I’m not criticizing you, but I’m only saying this behind his back. We really shouldn’t treat him as an outsider.” Long Xiaoyun argued.

‘ After all, others have made great contributions to our logistics company. We shouldn’t look at them with colored eyes.”

Long Xiaoyun added.

“Cough, I only have this thought in my heart. I won’t say it out loud.”

“I understand the logic, but it’s hard to accept such a thing.”

He Chenguang said meaningfully.

On Qin Yuan’s side, the car was driving on the country road.

They drove for dozens of kilometers smoothly without any accidents. The group had already left A City and arrived at the suburbs of C City.

According to their plan, they planned to bypass the city and sneak into Daybreak’s headquarters from the suburbs.

However, it just so happened that the weather had been bad for the past few days. It had rained. Although they did not encounter any man-made difficulties, the weather had affected their speed.

The roads in the suburbs, which were generally not hardened, became very muddy all of a sudden, making it difficult for the car to move forward. Their speed also became slower and slower. In the

end, their speed was only about half of the original speed. This also meant that they might take twice as long as they planned to reach their destination.

“Hey, why didn’t we check the weather forecast when we came out?”

Green Snake was a little depressed. He got out of the car and leaned against the car door to look at the scenery in the distance.

‘Who said I didn’t? The weather forecast isn’t 100% accurate.

Qin Yuan also came out and stood at the side. He looked into the distance and said slowly.

“Yo, you’re all out.”

Seeing that both of them could not sit still anymore, Vivi walked out for a walk curiously.

“You’ve been in the car for hours. Why aren’t you coming out to get some fresh

Green Snake blew a breath and said.

“Besides, this weather is really annoying.”

“Just be content. You’re already lucky that you didn’t encounter any other difficulties.”

Wei Wei glanced at him and said angrily.

Qin Yuan frowned slightly. From what he said just now, it was obvious that Weiwei and Green Snake were quite familiar with each other.

“You know each other?”

Qin Yuan pretended to ask casually.

“Humph, I don’t just know him.” Vivian snorted.

“I’ve known her for several years.” Green Snake also said casually.

“Can you tell me?”

Qin Yuan raised his eyebrows and said. Then, he sat on a wooden stake at the side and looked at the two of them with interest.

I’m free now anyway, so I’ll tell you. It’s all because of my dad.”

Vivian said slowly.

‘Your dad?’

Qin Yuan was interested. He knew the relationship between the three of them, but he did not expect the key to this relationship to be Old Master Yang.

I’ve said it before. He and my dad are master and disciple, but it’s not as simple as that.”

“Because I already knew him before.” “Before? What before?”

Qin Yuan was a little confused.

“I knew him when I was still a student.”

Wei Wei once again said something that surprised Qin Yuan.

“Oh? Are you two classmates?”

Qin Yuan blurted out.

Although it did not look like Vivian’s age, he did not know the green snake’s age.

Vivian burst out laughing.

“Does he look like one?”

Qin Yuan frowned and spread his hands, making a noncommittal gesture.

“She is my student.”

At this moment, Green Snake said.

The shock on Qin Yuan’s face intensified.

He didn’t expect such a coincidence to happen in such a small world.

They were originally master and disciple. The disciple was the teacher of the master’s daughter?

“Are you sure? You’re a teacher?”

Qin Yuan looked at the green snake in disbelief.

“Aren’t you from the organization? Why do you still have time to be a teacher?” “Who said that I can’t have an identity in the organization?”

“Isn’t Old Mr. Yang also secretly researching in the organization? Isn’t he also a successful businessman outside?”

Green Snake retorted angrily.

‘ Haha, you’re different from the old man. Others look like academic scholars, but you’re a big and rough man. I can’t tell that you’re a teacher.”

Qin Yuan laughed out loud.

“Don’t interrupt. Let me finish.”

The green snake looked at Qin Yuan with disdain and continued..

Chapter 803: Chatting Along the Way (2)

“Because we have a teacher-student relationship, and it’s a compulsory course, we slowly got to know each other more. Only then did I realize that she’s actually my teacher’s daughter.”

“At the beginning, I didn’t pay much attention to this matter. After all, I had just joined the organization not long ago and hadn’t taken the old man as my master, so I

wasn't very familiar with the old man at that time. I only had an ordinary teacher-student relationship with his daughter."

' However, as time passed and I slowly retired, I gradually realized that she inherited the good IQgenes from her father. She must be much stronger than her classmates in the same year."

Slowly, I was convinced by Wei Wei's talent and taught her all my knowledge." "Later, I received a secret mission from the organization."

"I'm going to a place with Old Mr. Yang to get some drug samples from a trader of an organization."

"At that time, the organization was already very familiar with this contact, and the previous transactions were also very smooth. Therefore, this time, like before, we only brought a few subordinates to the appointment."

' However, danger often happens without warning. This time, we encountered an unprecedented crisis."

"The other party is secretly dissatisfied with our organization and wants to hurt us through this deal."

"Because we chose to trade in a secret building, this place is not under the jurisdiction of the organization, so their operation this time was very

successful. They trapped me and Old Mr. Yang in this building." " Wait, with your ability, are you afraid of these weak people?" Qin Yuan felt a little puzzled and asked with a frown.

"You might not know, but they were prepared. "

This time, the green snake did not blame Qin Yuan for talking too much. Instead, it explained seriously.

"Before we came, they had already laid an ambush near this building. They captured the few of our subordinates."

When Green Snake said this, there was still a trace of fear on his face that was difficult to detect.

It could be seen that he still had some lingering fear about this matter.

' Later, because they had the advantage in numbers, the old man and I thought it over and over again. We decided not to be too reckless, so we imprisoned them and waited for the organization's rescue."

However, after a few days of painful struggle, we didn't receive any help from the organization."

"At this time, they told us that if we didn't hand over the formula for the sample, they would kill us to silence us."

‘ Moreover, they have already taken action on the nearby communication facilities. The organization won’t be able to find this place for a while.”

‘ Therefore, we only have one day left.” ‘ Just as we were in despair, our savior appeared.”

Green Snake said excitedly.

“Let me guess, is this person Wei Wei?”

Qin Yuan smiled.

How did you know?!”

This time, it was Green Snake’s turn to look at Qin Yuan with an incredulous expression. Weiwei, who was beside him, also revealed a smug smile.

Qin Yuan also smiled and pointed at his head.

“With this.”

Qin Yuan rolled his eyes at him and continued,

” The key is that at that time, just as the one-day time limit was up and we were about to be dealt with, Weiwei appeared.” “ That feeling was like falling from the sky and landing on a soft sponge.” “My terrified heart has been redeemed.”

‘ We’ve been tortured to the point where we’re very weak. Weiwei stepped forward and saved us from the heat. She even captured these guys in one fell swoop.”

Green Snake’s tone showed great admiration.

Qin Yuan looked at Wei Wei, who had a calm expression on her face.

“How did you do it?”

Qin Yuan asked her with a smile.

He had never thought that what Green Snake and Old Master Yang couldn’t do, Wei Wei could do it so easily.

Wei Wei’s smile became even wider. Just like Qin Yuan, she also pointed at her head with her finger and said with a smile,

“It’s also here.”

Qin Yuan raised his head slightly and smiled knowingly.

“I see. Like father, like daughter.”

Qin Yuan sighed to himself. Wei Wei was not strong in terms of martial strength, but through her wisdom, she could achieve the same effect as her martial strength or even surpass it.

“So this is how you guys became fated?”

“That’s right. This is the source of my good feelings for her.”

“But at that time, she didn’t know that her father and I were from the organization.”

Qin Yuan nodded.

According to common sense, Old Mr. Yang would definitely not tell Wei Wei about the disgraceful matter of him being in the organization.

“She found out later?”

“That’s for sure. With her intelligence, it’s only a matter of time before she finds out. This matter just sped up her progress.”

“When she rescued us, she asked us why we were here and why the two of us were together in such a desolate place.”

” When we asked her how she found this place, she explained that she found this place by tracking her father’s phone.”

“We thought about it for a while and lied to her. We said that we were all partners of this group of people and were tricked by them to come here.”

” Although Wei Wei believed us with a dubious attitude, this reason was originally valid, but it was soon exposed.”

Green Snake looked at Vivian and said with a bitter smile.

Qin Yuan could not help but smile. “None of you are as intelligent as this little girl.”

Green Snake continued with a smile,”

“The reason is not because of Wei Wei, but because I accidentally knocked down the drug that we brought with us.”

“What a dramatic scene.”

“The outside of this drug is printed with the organization’s logo. This evidence made us unable to refute it, so we could only tell her everything.”

Qin Yuan touched his nose and smiled.

‘ I didn’t expect that a girl would be able to control you two men so well. You’re really defeated.”

“It’s my fault for knowing my father the best.”

Vivian couldn’t help but laugh.

“After learning about this, my attitude towards them changed quite a bit.” At this time, Vivian took over and said seriously.

“My father, who was originally pure and innocent in my heart, actually secretly did such a thing.”

“At that time, I even had the urge to cut ties with him.”

Qin Yuan narrowed his eyes. This kind of feeling was understandable. He had been deceived for so many years, who wouldn't be angry? “What happened after that? How did you reconcile?” ‘ Later, my father told me the true secret in his heart.”

Vivian said.

Green Snake's eyes widened as well. Even he himself did not know about this.

“My father joined the organization because of my mother.” Vivian's voice wasn't loud, but they heard it clearly.

“Your mother?”

“I've never heard you mention it before. I only know that she passed away a long time ago.”

Qin Yuan said in a deep voice.

“That's because my mother has a strange illness that has never been seen before. My father joined the organization to find an antidote to her illness.”

‘ However, she didn't receive any effective treatment, so she died of depression. ”

” When Mother passed away, I was very young and insensible. So, Father could only bear with it for so many years before telling me about it.” Vivian's voice was trembling, and her eyes were filled with regret. “It's not your fault. You've all tried your best.”

Qin Yuan walked over and patted her shoulder to comfort her.

“We will do our best to save your father.” Qin Yuan said confidently..

Chapter 804: Sudden Danger

Weiwei looked into the distance and didn't say anything.

“What's wrong? Why are you suddenly silent?”

Green Snake walked over and said.

“I wonder how my father is doing this time. I think I still have a lot to say to him, and a lot of things I want to do haven't been completed.”

“I hope this operation will go smoothly.” “I promised you. I can definitely do what I said.”

Qin Yuan repeated his words again.

“I believe you, but I don’t believe in myself. So many things have happened now, which has given me a new understanding of the current situation.”

I thought everything would be smooth sailing, but now, the future has become uncertain.”

Weiwei looked worried.

Weiwei said with a frown.

“What’s wrong with you? You were so optimistic and cheerful just now. Why did you suddenly become so depressed?”

Qin Yuan was a little surprised and asked with a frown.

“It’s nothing. I just told you about my father just now. Thinking of all the things in the past and connecting it to the rainy scene in front of me now, I can’t help but feel some negative emotions.”

Weiwei looked worried.

“There’s nothing to be afraid of! I’ve been in this organization for many years and have encountered all kinds of things. I also know this organization very well. Don’t worry. When the time comes, we’ll protect you!”

The green snake was comforting her.

I know that you’re an important person in this organization and will definitely play an important role in this operation. However, this is only a matter of our operation. There’s no other way to make up for my relationship with my father.”

Weiwei said calmly.

“Alright, we’ve rested enough. It’s getting late. Let’s continue on our way. We’ve already delayed quite a bit. If we don’t move now, we’ll arrive a day later.”

At this moment, Qin Yuan turned around and returned to the car, reminding them that the break time was over.

The two of them nodded in agreement. They stopped talking and returned to the car.

The car continued to move forward. The rain had stopped, but the ground in the village was still very muddy. The car did not speed up much.

As they moved slowly, the sky gradually darkened. Qin Yuan looked at the map and saw that there were still dozens of kilometers to the next city.

With their current speed, it was impossible for them to reach the city before midnight. They had no choice but to spend the cool night in the car. “I actually have to spend the night outside. It’s really uncomfortable!” Weiwei pouted.

This was probably the first time she had spent the night in such a harsh environment.

"I can't predict this. You forced me to come with you back then. Now that you've suffered, you can't blame me."

Qin Yuan turned on the lights and turned on the heater. He spread his legs and lay in the front seat as he said leisurely.

"Hmph, this little difficulty is not difficult for me."

Weiwei snorted and took out her luggage to rest on the side of the backseat.

"That's good. I'm just afraid that you won't be able to adapt to this windy environment and will shout to go home before you're halfway there."

Green Snake said jokingly. Like Qin Yuan, he stretched out his feet and lay down in the front seat.

"Are you guys bullying me?"

"I'm telling you, I'm not a spoiled child!"

Wei Wei pouted and fell asleep, ignoring the two of them.

Qin Yuan and the green snake both smiled lightly. They knew that this was the way to provoke Wei Wei to stimulate the tenacity in her heart. Only then could they reduce some unnecessary trouble.

Just like that, the three of them spent a long night in the wilderness.

The next morning, Qin Yuan woke up first and looked to the side. The other two were still sleeping soundly.

He looked at the time. It was past seven in the morning. He usually woke up naturally at this time. It was a habit.

They were different from Qin Yuan. They did not have his self-discipline. Qin Yuan saw that it was still early and did not intend to wake them up. He quietly got out of the car and planned to take a walk outside.

The morning breeze blew on his face, and Qin Yuan felt waves of comfortable coldness. His surroundings were covered in white mist, accompanied by waves of thick fog. His surroundings were very quiet, except for the occasional chirping of birds and the chirping of insects.

Qin Yuan had always had the habit of waking up in the morning to exercise. Although it was not as convenient as before, Qin Yuan still did some simple exercises on the spot.

Just as he walked into the roadside, he suddenly smelled something strange.

This smell was even more pungent than the nearby grass and soil. It was as if something had been burnt. Although it had been a long time, Qin Yuan's sharp sense of smell could still sense it.

Qin Yuan frowned and slowly walked along the flight path.

It seemed that the smell was hidden in a nearby bush. As he got closer to the target, the smell became stronger and stronger. Qin Yuan was even more convinced of his guess and immediately quickened his pace.

Sure enough, there was a place in front of him that seemed to have been deliberately hidden by a pile of grass. When Qin Yuan pushed away the pile of grass, the scene inside was exactly as he had expected.

This was a pile of burnt hay that had been deliberately buried by someone!

Chapter 805: Sudden Danger (2)

Someone had appeared here last night!

Qin Yuan frowned, and an inexplicable chill gradually surged into his heart.

Their whereabouts had been exposed!

Although they didn't know the reason or who the other party was, they were certain that they had to leave this place immediately!

Qin Yuan turned around and immediately ran towards the car.

When she returned to the car, she saw that the two of them were still sleeping soundly like a baby.

Qin Yuan heaved a sigh of relief.

Fortunately, this wasn't the other party's plan to lure him away.

Qin Yuan immediately got into the car and woke the two of them up.

"What's wrong? Why was he in such a hurry? It's only 7:30!"

Green Snake rubbed his sleepy eyes and said unhappily.

"Captain Qin Yuan, I know you're used to getting up early every day to exercise, but you have to consider the feelings of others. We don't like to exercise as much as you do!"

Weiwei was also a little unhappy and sat up from behind.

"I dropped my watch outside. Help me find it!"

Qin Yuan looked at the two of them from outside the car and shouted.

Then, his right eye looked at the green snake and blinked a few times.

The other party immediately understood Qin Yuan's meaning and immediately shouted,

"Aiya, what's wrong with you? Why are you causing so much trouble early in the morning?"

He got out of the car.

Although Wei Wei was a little impatient, she was no longer sleepy after being woken up and got out of the car.

The three of them came to an open space at the side.

Qin Yuan looked at the two of them with a sharp gaze and said in a low voice,

“It’s not safe here. We have to leave now.” “What?”

The green snake looked at Qin Yuan in disbelief.

‘ I checked the area within 500 meters before I went to bed last night. There can’t be anyone else.” “Then they came after we fell asleep.”

Qin Yuan replied.

“I found traces of someone starting a fire in the forest over there.”

Qin Yuan continued to explain.

Hearing this and looking at Qin Yuan’s serious expression, Green Snake and Weiwei fell silent.

From his expression, it could be seen that Qin Yuan was not joking.

“Then what should we do? Our operation has been discovered?”

” We can’t be sure if the other party is monitoring us, but I have to explain the situation to you here because I can’t be sure if the car has been installed with a listening device.”

“If only Xiaoxiao was here, she would definitely have a way to find the person who followed us!”

Weiwei frowned.

“You don’t have to worry about that.” Qin Yuan said confidently.

“I came prepared.”

As he spoke, Qin Yuan raised his arm, rolled down his sleeve, and showed his watch.

“This is the anti -detection device that Xiaoxiao prepared for us. It can detect any vehicles or surveillance equipment within a kilometer. If we’re being followed, it will definitely show up.”

As he spoke, Qin Yuan pressed the case beside him.

A red image slowly appeared in the middle of the watch.

Then, Qin Yuan pressed a few buttons beside him. Finally, some white dots slowly appeared on the display screen.

One, two, three...

Qin Yuan said in a deep voice,

“There are actually so many people monitoring us nearby!”

When Green Snake and Weiwei heard this , they were nervous. They immediately came in front of Qin Yuan and checked the digital watch together.

“What do you think?”

“Look, the white dots on the meter are the nearby vehicles. And look at the blue dots, they are our current location.”

Qin Yuan pointed at a more obvious blue dot on the screen.

“Yes, I saw it.”

“Then, look carefully.”

Qin Yuan touched the blue light spot with his finger again.

Then, the blue dot slowly spread out into a small circle, and a red dot kept shining.

“What does this mean?”

Green Snake, who knew nothing about high-tech, was confused by Weiwei ‘swords.

“This red dot means that there are surveillance cameras in our car.”

Qin Yuan said seriously. “What?”

Green Snake was shocked.

“We checked before we left. If there were surveillance cameras, how could we not have discovered it?”

‘ Even if it’s a pinhole camera, we can still find it!’ Green Snake’s voice carried a hint of fear.

“Maybe the other party’s skills are even better than ours.”

Qin Yuan held his chin with his hand and said with a contemplative look.

“We did check before we left.’

Weiwei said.

‘ But who can guarantee that it wasn’t tampered with on the way?”

“What do you mean?”

The green snake looked at Qin Yuan in surprise.

“That’s not right! We didn’t come into contact with anyone along the way. How could the other party have the opportunity to secretly install surveillance cameras for us?”

Green Snake retorted. “Have you forgotten about last night?”

Qin Yuan reminded.

Green Snake’s expression darkened as he came to a realization.

The other party must have secretly installed it when the three of them were sleeping last night!

Thinking about it this way, it was really terrifying!

Since the other party could install a camera on them without anyone noticing, they could also kill them in the same way!

Thinking of this, Green Snake could not help but break out in cold sweat.

“Then what should we do now?”

“The other party has completely grasped our whereabouts. If it’s someone from the organization, then we’ll be in danger at all times!”

Green Snake’s tone was very flustered, and he had completely lost his usual arrogant appearance.

“Let’s find it and destroy it!” “We’ll make plans for the rest!”

Weiwei suggested.

Qin Yuan did not say anything and paced back and forth on the spot for a while.

After a moment of silence, he slowly said,

I think we should maintain the status quo and carry out our plan quietly.” “This way, we won’t alert the enemy and catch a big fish.”

“What is it? Are you crazy? What if a team of people suddenly comes out and kills us?”

The green snake roared as if it had lost its mind.

“Calm down. If we expose ourselves now, they will be even more suspicious.”

Qin Yuan said in a deep voice,

“Think about it carefully. If they wanted our lives, we wouldn’t be here talking.

They obviously don’t have the thought or the ability.”

” The best thing we can do now is to beat them at their own game and follow their script. When the time comes, we’ll make our move and catch them all in one fell swoop.”

Qin Yuan analyzed the situation seriously for the green snake.

After Green Snake heard this, a calm expression slowly appeared on his face.

“I was impulsive just now. After careful consideration, your method is more reasonable. ”

Green Snake admitted.

Vivi, who was beside him, also thought about it seriously for a while.

“I agree with Captain Qin’s method.”

‘ But I have another idea.”

“Just say it.”

” We can remain silent and give them a chance to show their weakness.

However, we can make some changes to the plan later.”

Green Snake and Qin Yuan both revealed curious expressions.

“Didn’t we plan to go to the organization’s headquarters? Now that we’ve encountered these people, we can change our destination to make it easier to lure them out.”

Weiwei said casually.

“Change the destination? Where can we lure the other party out?”

Green Snake narrowed his eyes and asked.

‘You know that place too.’

Weiwei said with a smile.

“At my house.”

“What is it? Your house? Is there anything there that can attract the enemy’s attention?”

“After my father joined the team, I found some research samples at home.” Weiwei said softly.

Upon hearing this, the green snake’s eyes seemed to emit a colorful light.

“Experimental sample?”

“Yes, each of them is worth millions. I counted, there are at least dozens of them.”

“The other party will definitely not be able to resist such a temptation.”

Weiwei smiled confidently.

“This is indeed a feasible method!”

Green Snake thought for a moment and agreed.

“Isn’t there a listening device in the car? We can deliberately leak the news in the car and reveal our purpose. Then, when we get there, we can wait for the rabbit to fall into the trap and catch it all in one fell swoop!”

Qin Yuan was also a little happy and agreed with this suggestion.

“Alright! Then it’ll depend on our acting skills later!”

After saying that, the three of them smiled proudly and walked into the car..

Chapter 806: Sudden Attack

When they returned to the car, they were already prepared. Their faces were full of confidence.

Qin Yuan cleared his throat and was the first to speak.

“Our plan is to reach our destination in three days, right?”

“Yeah, but judging from the current situation, it’s a little difficult.”

“In this rainy weather, our speed is half as fast as planned. I’m afraid this plan has to be changed.”

Weiwei said in a worried tone.

“What should we do? We’ve been delayed. We’ve missed the best opportunity for our plan. I’m afraid something will go wrong.” Green Snake sighed and echoed.

“I have to think of a way to salvage this operation.”

Qin Yuan’s tone also showed a very worried expression.

After pretending to think for a while, Weiwei suddenly said,”

“There are many drugs developed by my father in my hometown. Some of them are fuel that can speed up cars. We might be able to catch up. We can go over and get them. Then, we can replenish them. It will definitely be faster than going over now!”

“There are also many samples from previous experiments. Take them out too.

They might be useful in the future!”

“Oh? I remember that Old Mr. Yang’s residence is also in the suburbs. It’s not far from us. This plan is completely feasible!”

Qin Yuan said happily.

“Then turn around and set off for the Yang residence!”

Green Snake also cheered loudly.

Then, they turned the car in the direction of the Yang residence and quickly drove there.

About half an hour later, they arrived at the Yang Residence.

It was still the same as before, in a lush forest.

The few of them got out of the car and walked forward slowly.

Qin Yuan gave the other two a look.

According to the plan they had discussed earlier, once they got out of the car, they would no longer be monitored. They would have to pay attention to their surroundings.

Qin Yuan consciously observed his surroundings. Everything was calm and peaceful, and he did not find any dangerous intentions.

Green Snake and Weiwei were the same as Qin Yuan. They deliberately observed their surroundings and came to the same conclusion as Qin Yuan.

The three of them looked at each other and nodded silently.

It was equivalent to acknowledging the other party's intentions and then walking into the house together.

"This house is still the same as before. It's so magnificent."

Qin Yuan was very relaxed and looked relaxed.

"Yes, my father asked someone to build this house with special materials, so it can last longer than ordinary buildings."

Weiwei said proudly.

"This is my first time here, but I feel that this place is much more high-end than the buildings in our organization!"

Green Snake was not stingy in praising the architectural style of this villa.

The three of them chatted casually.

She walked to the door, took out the key, and opened the door skillfully.

"You still have the key to this place with you."

Qin Yuan asked curiously.

Logically speaking, after his father went missing, most people would not come back to live here.

"That's right. This is my best memory. I come back here every week to clean up."

Weiwei explained.

The two of them suddenly realized that they were two grown men. Their thoughts were definitely not as meticulous as a girl.

After the door opened, the three of them entered the room.

Just as Weiwei had said, the place was very clean. It didn't look like it was empty.

The three of them were not in a hurry to enter. Anyway, the initiative had already been transferred to their hands. The other party could only wait for them to take out the item before making a move.

Weiwei made some hot tea on the table and served it to them.

Qin Yuan drank his tea while thinking about the timing of the other party's attack.

Since they had entered the room safely, the chances of them making a move now were not high.

Qin Yuan was thinking about how to deal with these "guests" who might suddenly appear.

Weiwei's words interrupted his thoughts.

"How is my tea?"

"Oh, not bad. It's rich and fragrant. It tastes like a very high-end tea leaf." Qin Yuan replied.

“This tea was personally planted by my father and cultivated by him. Of course it’s not bad.”

Weiwei smiled.

Qin Yuan immediately realized that Weiwei was deliberately stalling for time to try to make the other party give herself away.

Green Snake seemed to have realized it and immediately replied,

“I didn’t expect Teacher to have such a hobby. This is the first time I’ve heard of

“There are still many things you don’t know. You know too little about him.” Weiwei smiled at Green Snake and said softly.

Qin Yuan knew that the more relaxed he was, the more anxious the other party would be. This was because they were waiting for fatigue here, while the other party was outside. The longer they delayed, the more disadvantageous it would be for the other party.

After confirming their battle strategy, the three of them began to chat and drink tea in the room as if nothing had happened.

He even took a stroll in the spacious courtyard with great interest.

As long as they did not get the medicine, the other party would not dare to make a move. This was Qin Yuan’s conclusion.

Sure enough, they wandered aimlessly in the villa for an hour, but the other party did not appear, nor did he give himself away.

Qin Yuan felt that this cat-and-mouse game was a little boring..

Chapter 807: Sudden Attack (2)

However, In order to complete the mission properly, they could not act on impulse now. They had to carry out the battle strategy to the end and wait for fatigue. They definitely could not lose their temper and attack.

The few of them walked around outside and returned to the room. Qin Yuan knew that if he acted too deliberately, it would definitely make the other party suspicious. It was about time, so he gave the two of them a look.

He asked in a low voice,”

Are you ready? It’s almost time to get into the main topic. They might attack us at any time.”

“We can counterattack at any time.”

Green Snake said in a deep voice as he casually touched the pistol in his handbag.

“Wei Wei, hide behind me later and don’t come out. Do you understand?”

“Yes, I understand.”

Weiwei nodded and replied.

Then, the three of them cheered each other up and went to Old Master Yang's room outside.

Weiwei took out the corresponding key and opened the door.

The moment they entered the room, they felt as if the air had frozen. The air here was completely different from the air outside. 'What's this smell? It feels weird!'

Green Snake immediately covered his nose and said.

Although he had spent a lot of time in the organization and mixed in with the various research laboratories in the organization, he was also used to the smell of various drugs.

However, he had never smelled this unknown scent before!

"This is my father's laboratory. I won't find any smell strange."

Weiwei said.

After all, a researcher like Old Mr. Yang could be said to be a genius. His style was unique, and it was not surprising that he was different.

Of course, the three of them were now thinking about how to deal with the upcoming battle. Their research on this place was only superficial. "Wait for me at the door. I'll go inside to find what I need."

Weiwei said.

'Okay, be careful. We'll wait for you outside.'

Weiwei walked into the room.

Qin Yuan observed from the outside that the old man's private research room was not so much a room as a small research institute. The area inside was comparable to a small restaurant, at least 300 square meters in size. It was filled with all kinds of research materials, equipment, and drugs, making it a dizzying sight.

Because there were many things inside, it was not easy to find them. Weiwei spent a lot of time, about half an hour, before she hurriedly took out the things.

"You're looking for a beating."

Vivi came out with two jars in her hands, looking like she was in a terrible state.

"This is?"

"This is the combustion improver for cars. It contains nitrogen and some auxiliary supplies. Just add it directly to the fuel tank." "I guarantee that your car will be as fast as a spaceship."

Weiwei said confidently.

"Well, what about the medicine that we need from the old man's organization?"

“Aiya, one by one. Do you know how long I spent looking for this combustion improver? There are more things inside than you can imagine!”

Weiwei stretched her back and said with a tired look.

Qin Vilan and the green snake Innkpd at each other and nnderqtndd what ghe meant.

“Alright, we won’t rush you anymore. Take a rest for now. Let’s go in and look for it, shall we?”

“Why don’t you guys look for me instead? You guys don’t know anything about this place. I don’t know how long it will take you to find it.”

Weiwei said.

She originally wanted to use the excuse of resting to stall for time, but she didn’t expect the two of them to mistakenly think that she didn’t want to look for him and needed their help.

But now that they had said that, it was not a good idea to not let them go in and look for it.

Weiwei thought for a moment and said, ”

“Qin Yuan and I will go in and look for it. Green Snake, you stay outside and take a look.”

The green snake cast a questioning look at Qin Yuan, and the latter nodded slightly at him.

“Alright, I’ll stay here and watch. You guys go in and look for it. Don’t worry, I’ll call you guys immediately if anything happens.”

Green Snake patted his chest and said.

Qin Yuan nodded and walked into the room with Weiwei again.

When he entered, he felt that the temperature was a little lower than outside. Qin Yuan instantly shivered.

“It’s so cold here.”

Weiwei pointed at the white cabinets around her.

“There are many cold storage cabinets here because some medicines need to be frozen. ”

“I see. In such an environment, the damage to the human body is not small. No wonder I always feel that the old man is so weak when I see him.”

The two chatted for a while before they started searching the area Weiwei had pointed out.

The range that Wei Wei gave was not small. It was in the middle of a pile of cardboard boxes. Qin Yuan had to check the model number of each one to identify them, and it would take a lot of time.

About ten minutes later, Qin Yuan finally found the corresponding model in a pile of cardboard boxes. "I found it!"

Qin Yuan blurted out.

Weiwei quickly ran over to check.

"That's right, that's it!"

Weiwei said happily after confirming the model. "See how many there are. Take them all out."

"Hmm, let me see."

Qin Yuan checked all the cardboard boxes in detail.

"About five boxes!" "Move them all to the car!"

"Good!"

Qin Yuan shouted and called the green snake outside to come in and move the things out together.

"This thing is quite heavy. A box is more than ten catties." Green Snake weighed it with his hand and said excitedly.

"That's why I need you to do it. Now is the time for you to perform."

Qin Yuan smiled and looked at the green snake.

"Alright, watch me."

These words could be said to have a double meaning. Green Snake also smiled and began to get busy.

Not long after, Qin Yuan and Green Snake moved everything into the trunk of the car.

"With this, it can be considered that everything is settled." Green Snake said as he wiped the sweat off his forehead.

"Yeah, you don't say. It's really a little tiring."

Qin Yuan leaned against the car door and said.

His mind was rapidly calculating the other party's next move.

His eyes quickly scanned the surroundings, searching for any traces of the enemy.

But unfortunately, he did not find any valuable clues around him.

Weiwei also came out of her room and looked at the time. It was past five in the afternoon.

"Let's continue on our way. It's still early. With our current speed, we can reach our next destination before night." Qin Yuan thought for a moment and nodded.

"Alright, there's no need to stay here. Let's go."

Of course, this was all an act they put on together. This operation would definitely not go so smoothly.

Sure enough, just as they got into the car, Green Snake sat in the driver's seat and started the engine. The car was like a tired yak, making a rumbling sound. Even though Green Snake stepped on the accelerator, it still staggered forward for a short distance. Moreover, everyone felt that it was very bumpy.

The experienced Green Snake immediately realized that something was wrong and immediately shouted, "This car has been tampered with!" "Maybe the tires have been deflated!" he said anxiously.

Just as they were panicking, they saw a few black tubes suddenly extend from the side. It was obvious through the window that they were shiny muzzles.

There were a few people in black plainclothes outside. They had masks on their heads, so their age, gender, and identity could not be seen clearly.

The leader of the group was a big guy with a submachine gun. He gestured for them to get out of the car with his other hand.

Qin Yuan and the green snake looked at each other. Qin Yuan immediately opened the car door and slowly got out.

As soon as he landed on the ground, the other party's gun barrel pressed against Qin Yuan's chest and back.

"Let's talk things out. Why are you so irritable?"

Qin Yuan looked at these people and raised his eyebrows.

"Boss, the higher-ups said to keep them alive. How should we deal with them?"

A soldier asked the big guy in the lead..

Chapter 808: Clever Plan

"The higher-ups said that they didn't want their lives. However, we gave him half a life. Did we go against their request?"

The big guy in the lead smiled sinisterly.

He picked up the gun in his hand and stabbed Qin Yuan's back.

Qin Yuan staggered and immediately took a few steps forward.

When the few of them saw Qin Yuan's funny look, they could not help but laugh.

"You also have today."

The leader saw that Qin Yuan could not stand steadily, so he hurriedly pulled him back and patted Qin Yuan's back with force. He laughed loudly. "Qin Yuan, you didn't expect me to appear here, did you?"

The man took off his mask and revealed a familiar face.

When Qin Yuan and the green snake saw this, the market was surprised and angry!

It was actually a raccoon! It's actually you?!"

Green Snake angrily rebuked. "Why are you here?" "Why can't I be here?"

"I'm here to deal with you!"

"How did you know we were back here? You were the one who tampered with our car?"

Green Snake said in shock and hatred.

The civet cat held the submachine gun in its hand and laughed loudly.

"Aren't you too slow to react now?"

"If it's just you, Green Snake, there's nothing to be surprised about." Raccoon raised his eyebrows and said contemptuously.

The green snake should have been furious at this obvious provocation. However, because it already had a plan in mind with Qin Yuan, although it was angry, it only cursed on the spot and did not really make a move.

"Hmph, I didn't expect that after working with me for so long, you would actually be such a backstabbing beast. I was blind."

Green Snake's tone was sarcastic, but he did not make a move.

"Whoa? You still have the cheek to talk about me? Don't you know what kind of person you are?"

"This is the first time I've seen someone say betrayal in such a fresh and refined way."

"It's really the wicked who complain first! "

The raccoon's tone was very impatient. It seemed that it was angered by the green snake.

The green snake ignored him. Instead, it turned its head and looked elsewhere.

After all, he had already achieved his goal. The rest of the time was just waiting to watch a good show.

"However, I didn't expect you to be so obedient. You obediently let us follow you here and became qualified lambs."

"That's right. I saw that you were sanctimonious before, but I didn't expect you to be such a despicable and shameless person. You really can't judge a book by its cover."

Qin Yuan also looked at the other party with a disdainful expression.

"You guys better behave!"

When the civet cat saw how glib the two of them were, it became even angrier. It directly elbowed Qin Yuan's back.

' Let's see if you're still stubborn!'

The civet cat said fiercely.

Qin Yuan was hit hard like this and it really hurt a little. He did not say anything for a moment and lowered his head in silence.

“Hmph, if you had behaved earlier, you wouldn’t have suffered so much!”

The civet cat was still angry and elbowed the green snake again. With a slap, the latter fell to the ground.

“Hand over your things honestly. Otherwise, I’ll make you wish you were dead!”

“I heard everything just now. You took out Old Mr. Yang’s hidden medicine.

Where is it? Hand it over obediently.”

The civet cat didn’t stop its violence and continued to threaten them. It seemed that he was already a little impatient and didn’t want to tangle with them anymore.

He issued the final arrest warrant.

Qin Yuan and the green snake slowly got up from the ground.

They were secretly delighted. They understood that the other party had taken the bait.

Qin Yuan touched his face. It felt a little sticky. He must have scratched his skin.

He did not become impatient, but continued to say in a calm tone,

I didn’t say anything to stop you from doing anything. If you want it, go get it yourself. It’s in the trunk.”

Qin Yuan patted the dust off his body and said unhappily.

The civet cat looked at Qin Yuan in confusion and then looked at the green snake. The two of them turned their heads to the back, meaning that the things were there and that they should go and get them themselves.

What did this mean? If he really wanted to take it, he was still a little hesitant.

Was this the so-called playing hard to get?

The originally suspicious civet cat began to mutter in its heart. There must be a trap here!

Could there be a bomb or something inside?

He immediately made a decision. He would go down and open the door while he watched from the side. If there was really a problem, he would immediately settle the score with these two bastards.

Civet pulled over an unlucky subordinate from the side and shouted for him to open the door and get something.

The man walked to the trunk with trepidation.

With trembling hands, she slowly opened the trunk of the car.

Fortunately, there were no bombs or dangerous items inside. It was just an ordinary cardboard box that they had just carried up. It contained genuine medicine.

When the civet cat saw these medicines, its eyes emitted a strange light.

He immediately went to the front, picked up the box, and looked at it carefully.

After confirming the style and detailed data of the outer packaging, he smiled in satisfaction.

“Well, at least you’re obedient and didn’t play any tricks on me.”

“You guys did well this time. It’s rare to see you so obedient.”

Civet walked up to Qin Yuan in satisfaction and patted his face.

“Oh, you even got a scratch on your face. Did I do that just now? I’m really sorry.”

The civet cat laughed proudly..

Chapter 809: A Clever Plan (2)

“We won’t kill you now. The higher-ups said that we have to keep you alive.”

“However, they’re only talking about you and Green Snake. We can’t guarantee the safety of the beautiful girl inside.”

The civet cat’s laughter gradually became wild.

Then, he looked at Weiwei with evil eyes.

“Put them in the car!”

Civet shouted at his subordinates.

Qin Yuan and Green Snake were each detained by three burly men. Their hands and feet were shackled.

Even Qin Yuan was beaten up and injured.

Moreover, they had learned from their mistakes before. The Daybreak Organization had already strengthened their defensive measures this time. It was very difficult for Qin Yuan and Green Snake to resist the other party’s troops on their own again.

Qin Yuan had just seen that wherever his gaze went, there were about a hundred people from “Daybreak” this time. Moreover, they were all fully armed soldiers in heavy armor. Their equipment was even better than the soldiers he had seen before.

It was obvious that they couldn’t even guarantee their own safety in their current state, let alone save Weiwei.

“Take the things in the car away. The woman in the car, settle it on the spot! Return to the camp immediately!”

Civet ordered.

When the soldiers heard this, their faces revealed fierce expressions.

He immediately walked to the back of the car and opened the lid. He was about to take the box out and move it to his car.

However, just as they started moving and the box left the trunk of the car, a burst of blue smoke instantly appeared. A few soldiers who were moving the box instantly fell to the ground. "What's going on?"

A soldier at the side shouted.

The scene immediately became chaotic.

The tanuki in the distance also saw this scene and shouted,

"Don't panic! This could be a poisonous smoke bomb! Cover your mouth and nose! The other party is only one person!"

As soon as he finished speaking, the smoke from the trunk had already quickly filled the nearby venue. The scene was instantly hazy, and one could not even see their own fingers.

"Sir, I can't see anything clearly! What should we do?"

No one could see the scene in front of them clearly, and their voices were filled with extreme fear.

' Don't panic. Defend your position and judge the enemy's position based on the sound!"

Civet commanded loudly.

However, the people at the scene were not as shocked as him. In the panic, more and more people lost their rationality. Some of them slipped and fell to the ground.

After the first one, there was a second one. The soldiers of the Daybreak Organization fell to the ground three times in a row.

In the end, the scene was filled with painful wails. Almost all the soldiers were directly or indirectly knocked to the ground, moaning in pain.

No one knew who was possessed, but in the panic, they fired a shot. With the first shot, there would definitely be a second shot. No one could see the scene in front of them, and the gunshots rang out continuously in the chaos.

In an instant, the scene became even more chaotic. Almost all the soldiers started firing, and in the chaos, the words of the civet cat were drowned out by the chaotic shouts.

He had no way to control the situation and could only choose to protect himself first. He retreated to a hidden place at the side.

As for Weiwei, she had already put on her goggles and gas mask, so she could see everything clearly.

She quickly and calmly got out of the car and came in front of Qin Yuan and the green snake. She used the special master key to unlock their shackles.

He also handed them protective equipment.

"This move of yours is really effective!"

Green Snake kept on wearing his mask and praised.

“What do you think? This is a gift that my father carefully prepared.” Weiwei smiled sweetly.

“These things have been waiting for a long time for this day.” “I have to say that Weiwei really saved us this time. Well done!”

Qin Yuan could not help but praise.

“Let’s not talk about this for now. How long can this smoke last? We have to act immediately.”

Qin Yuan said seriously after taking off the shackles on his body. Weiwei looked at her watch and said,

“It can last for about five minutes. It’s enough for us to move.”

Weiwei said softly.

“Alright, let’s clean up the scene and leave this place.”

Qin Yuan said.

According to their plan, after they cleared these obstacles, they still had to rush to Daybreak.

Because these people were all old people he knew before, Qin Yuan did not plan to get too entangled with them. He had already informed He Chenguang and the others from the logistics company to come and take care of the civet cats. The three of them continued to head towards the headquarters of “Daybreak”.

Now, the obstacles on the road had been cleared, and they could go to the enemy’s lair without any obstruction.

As the car had been destroyed by the other party, Qin Yuan and the other two could only wait for the arrival of the logistics company.

Qin Yuan and Green Snake took advantage of the smoke to clean up all the soldiers of Dawn Flame. One by one, there were more than a hundred people in total, and they were all knocked out by them.

In the end, the two of them followed the flow of people to a small ravine at the side and found the civet cat that was struggling on its last breath. “Yo, you’re still here? Why didn’t you run away?”

Green Snake pointed his gun at the other party and said contemptuously.

When the civet cat heard this familiar voice, the muscles on its face couldn’t help but tremble. It said in a panicked voice,

“I didn’t expect you to have such a skill! I miscalculated!”

“You can’t kill me! I’m an important person in the organization! I know there are many useful clues!”

As he spoke, the civet cat’s face revealed an extremely terrified expression.

“Look at you, you’re about to pee your pants.”

Green Snake laughed loudly.

“These are just sleeping bombs. They won’t be poisonous.”

Qin Yuan said.

“What do you know? Tell me everything.”

“I’ll consider the situation and deal with you leniently.”

This was the first time Civet had been captured by Qin Yuan and the others. Of course, she did not know the depth of Qin Yuan’s logistics company. She only begged for mercy.

“I’ll tell you everything! Don’t kill me!”

“Yes, as long as you tell the truth, I won’t touch you.”

Qin Yuan promised.

“Alright, alright!”

“You’re looking for Mr. Yang, right? He’s in the organization!”

As soon as these words were said, Qin Yuan and the others were moved.

Civet knew the details of this matter!

“Continue.”

Qin Yuan’s expression did not change as he said calmly.

“He was locked up by Boss in the organization’s secret prison, the ‘Illusion Lan’.”

These words also surprised Qin Yuan and Green Snake. The main thing was Green Snake. Although he was also one of the four major officers in the organization, he had never heard of this place before!

‘ Moreover, Dong Zhejun will personally guard that place. Anyone who approaches that place will have to pass through that checkpoint first!’ The civet cat said firmly.

Qin Yuan and the green snake looked at each other. They could read the affirmation in each other’s eyes.

From the tone of the tanuki, it could be concluded that the other party was not lying.

At this time, the logistics company also rushed to the scene.

The sound of a helicopter engine slowly sounded in the sky. Then, a helicopter with the logo of the logistics company slowly landed.

He Chenguang walked down slowly with a few elite soldiers.

Coincidentally, the hypnotic smoke had basically dissipated. The scene was a mess at a glance. The ground was filled with the tragic deaths and injuries of the Daybreak Organization’s soldiers.

“How did it go?”

When He Chenguang came to the ground and saw this scene, he was also shocked. Seeing that Qin Yuan and the other two were wearing gas masks, He Chenguang hurriedly ran over to ask about the situation.

It’s already over. We’ve captured their general, Civet.”

Qin Yuan glanced at the civet cat in front of him and said to He Chenguang. He Chenguang turned to look at the civet cat and said to Qin Yuan, “I’ll bring them back, and then you guys continue to set off?”

“Yes, this matter is very important. We have to clean this place up. We can’t leave any traces.”

Qin Yuan said seriously.

“Alright, leave it to me. Be careful.”

He Chenguang then turned to look at Wei Wei and Green Snake..

Chapter 810: Weiwei is Injured

“It’s all thanks to your help this time.”

He Chenguang said to Green Snake and Weiwei with a smile. Green Snake did not say anything but looked at Weiwei.

“It’s all her credit. This time, she saved us.” Qin Yuan explained.

He Chenguang looked at Wei Wei in disbelief. “Our Miss Wei Wei also has such an ability?”

“What do you think? You’ve underestimated me!”

Wei Wei rolled her eyes at He Chenguang and complained.

“Ask them. If it weren’t for me, they would have long been separated from each other!”

Green Snake looked at Weiwei and nodded in agreement.

“Alright, hero, we should be on our way.”

Qin Yuan said from the side.

As Qin Yuan spoke, he took the key to the other party’s support vehicle from He Chenguang.

“We don’t have much time left. We have to hurry up and set off.”

Qin Yuan said.

“Yes, yes, yes.”

Weiwei tidied up her clothes and took off her gas mask.

Then, he walked into the car.

Green Snake also greeted He Chenguang and the others before entering the car.

Before Qin Yuan entered the car again, he pulled He Chenguang to the side and whispered to him, "This person has many secrets hidden on him. We must bring him back safely." Qin Yuan reminded again.

"Yes, I understand. Don't worry. I'll definitely keep a close eye on him."

He Chenguang walked in with the civet cat.

Qin Yuan nodded at him and got out of the car. They returned to Green Snake's car. "How do you feel?"

Qin Yuan asked the two of them.

"It's like a dream! I didn't even have time to react before I finished them off!" Weiwei said excitedly, obviously not satisfied.

"This is also the first time I've used a trick to defeat my opponent in a real battle. It's a wonderful feeling!"

"You will have more chances in the future. You are very talented in resourcefulness."

Qin Yuan said.

"Unlike a certain someone, who is just a brazen but foolish boor."

Qin Yuan smiled and looked at the green snake.

"What are you talking about? Everyone has their own strengths. How can you compare your strengths to the other party's weaknesses? How rude!"

Green Snake pouted.

"Hahaha! You're quite cute when you're angry!" Weiwei changed the topic with a smile.

"Have we decided on the route to their base camp?"

Qin Yuan asked.

"Yes, I want to take the national highway in the suburbs. The so-called most dangerous place is the safest place."

Green Snake said.

Qin Yuan nodded. He rested his chin on his hand and thought about it seriously. He felt that it was feasible.

"Sure, no problem. The characteristic of this road is that it's not that muddy. It can reduce the time spent on the road."

” The weakness is obvious. It’s easier to be exposed to the enemy.”

Qin Yuan analyzed.

It’s fine. We’ve even taken down the civet cats. Are we afraid that they’ll come back with some crab soldiers and crab generals?”

Weiwei said confidently.

“There’s a saying that goes, ‘Pride comes before a vanquish’. We must not be careless. They still have many unknown powers.” Qin Yuan interrupted Wei Wei and said seriously.

“That’s right. As their general, I have deep feelings about this matter.”

Green Snake, who was driving in front, echoed.

“I know. I’m just saying it to satisfy my craving.”

Weiwei made a face.

The three of them chatted with each other. The car had already left the place a few kilometers away and arrived at the suburbs of C City.

Beside them was an endless grassland. They were in a good mood. Weiwei even started humming a song.

“You’re in a good mood.”

Qin Yuan said.

‘ Of course, we must face all difficulties with the best attitude.”

Weiwei smiled.

Green Snake, who was sitting in the front seat, was also overjoyed and played the car music.

The cheerful music in the car suddenly sounded, and the entire car was immersed in a happy atmosphere.

“It’s too loud! Smaller!”

Qin Yuan felt the music getting louder and louder, so he reminded the green snake loudly.

However, the green snake in front of him was completely immersed in the world of music and did not hear Qin Yuan’s call at all.

Seeing that he did not react, Qin Yuan was a little anxious. He quickly stood up and reached out to pat his shoulder.

Weiwei closed her eyes and shook her head, immersed in the music.

“Slow down!”

Qin Yuan repeated.

At this moment, the green snake seemed to have woken up from a dream. It immediately changed gears and slowed down.

However, at this critical moment, the other party on the main road seemed to be slowly approaching a black shadow. It was extremely fast, and Qin Yuan did not see what it was.

With a swoosh, the car collided with the black object, instantly creating a dazzling spark.

The car suddenly tilted to the side and slid a few meters away.

Fortunately, Green Snake reacted quickly. He immediately turned the steering wheel in the limit of time and stepped on the brakes firmly. The car crashed into the grass at the side and was out of danger.

Qin Yuan slowly woke up from his dizziness and immediately looked to the side subconsciously.

This time, he finally saw it clearly. It was a black off-road vehicle, and it was also parked on the side of the road with wounds all over its body.

Two people in black slowly got out of the other party's car and walked over while cursing.

Qin Yuan was a little puzzled and also got out of the car..
