

## Special Troop 81

Chapter 81: Host, Don't Just Look at the Bottom

Very quickly, the Sixth Company ended the competition with the result of the entire company being disqualified. Seeing the brothers of the logistics company acting as if nothing had happened completely aroused the desire of the soldiers of the Sixth Company for strength.

During the previous drill, they could say that they had only seen it, but now, they had truly experienced the strength of the logistics company. The 120 people in the company had never fought against the 10 people in the logistics company. One could imagine what kind of strength the logistics company had reached.

“How is it? Do you still think your training is tough?”

Looking at the ashen soldiers of the Sixth Company, the Sixth Company Commander felt a little helpless. Fortunately, this time, he had borrowed the hands of his brothers from the logistics company to give these soldiers of the Sixth Company a good lesson. He wanted them to know how the strong were cultivated and also to lower the arrogance of some of the soldiers of the Sixth Company.

“Company commander! We'll definitely train hard when we get back. We'll try our best not to embarrass you!”

“Yes, Company Commander! Next time, we will PK with our brothers from the logistics company.”

The soldiers of the 6th Company did not feel discouraged after losing to their brothers from the logistics company. This time, they felt the horror of the logistics company's strength, which also aroused their desire to become stronger. If their brothers from the logistics company could become stronger,

why couldn't they?

A soldier must have a heart that refused to admit defeat. He could accept defeat but could not become dispirited and become stronger.

“Good! Tonight, the brothers of the logistics company will be entertaining the brothers of our sixth company. Tonight, we will let you all relax! Train well when you get back!”

“Yes, sir!”

“Yes, sir!”

The sixth company commander saw that the soldiers of the sixth company had an air of unwillingness to admit defeat in their eyes, and a smile gradually appeared on his face. He knew that this was the effect he wanted. A soldier could lose, but he could not be dispirited!

Qin Yuan looked at the soldiers of the Sixth Company and was a little surprised.

“The soldiers of the Sixth Company are not bad. After this, perhaps they will have a qualitative change.”

Qin Yuan was also very happy to see everyone’s smiles. They had been busy with training during this period of time. Tonight was a good time for everyone to relax. This time, the strength of the logistics company had been exposed. Perhaps there would be a lot of things waiting for them next.

“Everyone, target the cafeteria! Let’s go!”

“Yes, sir!”

“Yes, sir!”

After Qin Yuan gave the order, a group of people poured into the canteen in an orderly manner. Qin Yuan and the others followed suit.

This time, the soldiers of the Sixth Company and the Logistics Company did not sit in two companies. Instead, the soldiers of the Logistics Company sat together with the soldiers of the Sixth Company. During this period of time, they had gradually become familiar with each other. Their relationship was also very good, which made it convenient for them to communicate! “Come! Company Commander Qin! I’ll toast you!”

As soon as he sat down, the sixth company commander raised his glass and toasted Qin Yuan.

Qin Yuan also raised his glass and clinked it with the sixth company commander. Then, the sixth company commander also clinked a few glasses with Zhou Qing, Liu Ye, and the others. During this period, the soldiers of the sixth company and the logistics company also came over to toast them a few times. Then, the group of people chatted and laughed as they sang military songs in the canteen.

After three rounds of drinking, the sixth company commander was escorted back to the dormitory by the soldiers of the sixth company. The soldiers of the two companies were arranged to have some soldiers who did not drink on duty. After all, they were in the army, and it was impossible for everyone to be drunk.

This time, they still reported their gathering to the leader. Fortunately, the leader, Kang Lei, was very happy this time. Otherwise, he would not have agreed to hold a gathering for Qin Yuan and the others.

Qin Yuan gave Zhou Qing and the others a few instructions before returning to his dormitory.

“System report personal data!”

“System received! I’m organizing the data for you..

[Host: Qin Yuan] [Position: Iron Fist Regiment Logistics Company Commander]

[Military Rank: Captain]

[Physique: 60 (Normal person: 10)]

[Skills: Intermediate Eagle Eye (2000 meters), Intermediate radar warning system (500 meters radius), Intermediate special combat technique. (8 times the physical fitness of an ordinary person.) Advanced computer programming. [Beginner Climbing Skill, Beginner Camouflage Skill, All Weapons and Firearm

Equipment Proficiency, and Advanced Weapon and Equipment Driving Skill] [Skill Points: 1205840]

“System, since the mission of managing the logistics company has been completed, what is the next mission?”

Qin Yuan was also very puzzled. The first mission given by the system was to take charge of the logistics company and raise its strength to the top of the entire regiment within three months. However, this mission had already been completed. Two days had passed, and the system still had not issued the mission.

“Host, the system mission is randomly triggered according to the world you are in. Before the system mission is triggered, the host can still rely on improving the combat ability of the logistics company soldiers to obtain skill points.”

“So that’s how it is!”

After Qin Yuan received the system’s reply, he did not think too much about it. Now that he had more than a million skill points, he could look at the system store to see if there were any skills that he needed.

“Firearms Forging and Modification Encyclopedia? All the gun modification plans could be modified and reforged according to different types of guns? By improving the accuracy and lifespan of the original firearms, and when reforging, we can use different materials to fuse them to lower the production cost of the firearms?”

“Various tank improvement plans? Fighter aircraft production encyclopedia?

An aircraft carrier upgrade blueprint?”

“Damn, aren’t these skills a little too awesome? If I had these abilities, wouldn’t I be able to build a military factory?”

Qin Yuan looked at the skills in the system store, and his eyes were burning!

The value of these skills was immeasurable.

After reading the introduction, Qin Yuan looked at the skill points he needed.

“One million? Five million? 10 million?”

“How many years will I take to accumulate the points! Isn’t this too much of a scam?”

“Even the grandson of a logistician can’t get 10 million!”

Looking at the skill points required for these skills, Qin Yuan only wanted to curse. After looking at them for an entire night, he felt lonely.

The System was speechless.

“Host, don’t just look at those below! Why don’t you look at the skills on top?”

In the end, Qin Yuan could only upgrade his skills. Looking at those skills, he could only leave them in the dust.

After spending 500,000 skill points to upgrade his Radar Warning radar skill to the Advanced (1000-meter radius) level, and spending 200,000 skill points to upgrade his two Basic Climbing and Camouflage skills to Intermediate, he could only helplessly get out the system.

The next day, after bidding farewell to the logistics company, the people of the 6th Company rushed back to their own camp. They had left their camp for more than a month. Moreover, the military commander would come down to inspect their companies in the next two days, so they had to rush back to

prepare..

Chapter 82: The Military Region Chief Personally Presents the Award

After Sixth Company left, the logistics company instantly felt much quieter.

During this period of time, Sixth Company had been very lively in the entire logistics company’s station. Now that they had suddenly left, they were not used to it.

All of their faces were filled with reluctance. Qin Yuan then continued to train the soldiers of the logistics company crazily. He had spent 700,000 skill points last night. Now that the system had not given him a mission, he could only get it back from the soldiers of the logistics company.

Qin Yuan also added the 50 bottles of body strengthening liquid rewarded by the system into the soybean milk for breakfast. The entire pot of soybean milk instantly turned green. The soldiers’ faces turned green. How was this soy milk?

“Company commander? Are you sure this soy milk hasn’t expired? The entire milky white soybean milk has turned green?”

“That’s right! Commander, you’re not doing some dark cuisine again, are you?”

Facing the soldiers’ doubts, Qin Yuan said coldly, “Stop wasting time. Drink three bowls each!”

“What? Three bowls? Company Commander, don’t...” “That’s right! Commander, can you let us go?”

“That’s right! Commander, can you let us go?”

“What are you waiting for? I added some special vegetable juice into it. Just let me drink it!”

The group of people could only brace themselves and line up with twitching expressions. Faced with this unflattering taste, everyone could only drink three bowls with tears in their eyes.

Only Zhou Qing knew what this familiar taste was. This was Company Commander Qin's home-made secret recipe. How could he miss such a good thing? He drank ten bowls alone, and only put down the big bowl in his hand when his stomach was bulging and he could not drink anymore.

After everyone finished drinking, they felt their bodies filled with heat. Their faces were red and their noses were still steaming. Seeing this, everyone thought that they had food poisoning.

"Company commander? What's going on!"

"That's right! My whole body is steaming and sweating. Why do I feel like my organs and tendons are twisting?"

"Me too!"

"Me too. What's going on? Could it be that I'm poisoned?"

"Go out and run 30 kilometers with weights! Come back when the heat in your body has dissipated."

Seeing the soldiers of the logistics company chattering away, Qin Yuan directly let everyone go out for training. They actually said that such a good thing was food poisoning, so he shall let them suffer for a while longer.

"Ah! Commander, don't we need to go to the hospital?"

"Yes, I am!"

"If you keep talking, then 40 kilometers!" Qin Yuan shouted angrily.

"Yes, sir!"

"Yes, sir!"

The group of people could only endure the pain brought by their bodies and run out of the door. After running 30 kilometers of cross-country training, they realized that their body functions had become different from before.

It wasn't until the heat and pain disappeared that they realized that their muscles had become firmer and their bodies were filled with vitality. After taking a shower one by one, they realized that there must be something wrong with the company commander's soybean milk.

Qin Yuan kept listening to the system reward notification in his mind, and the smile on his face never stopped. Just the body strengthening liquid alone had given him 200,000 Skill Points, and the soldiers' physiques had also improved by leaps and bounds.

"Company commander! Do you still have the soy milk from this morning?"

"That's right! Commander, we can still want three bowls, no! 10 bowls!"

After the soldiers of the logistics company took a shower, they went to the training ground and surrounded Qin Yuan to ask questions.

“Do you think that you can drink it whenever you want? I gathered hundreds of herbs, toads, centipedes, venomous snakes, spiders, and other things to brew this for you.” Qin Yuan joked. He would not tell them about his body strengthening liquid. Since he had already lied before, he shall do it again.

“Ah... What?”

“Ugh..

“How could the commander add those damn things!”

When the group of people heard Qin Yuan’s words, their stomachs churned and they started vomiting. When they thought of what Qin Yuan had said, how could they stand it? They all held their stomachs and vomited.

Just like that, Qin Yuan and the others continued to train as usual. It was not until the afternoon of the third day that they received a notice from the regiment headquarters that the commanders of the military region had come down and were now rushing to their logistics company’s station.

At around three o’clock in the afternoon, Gao Shiwei and the other military officers walked into the logistics company’s station under the lead of Kang Lei, the commander of the Iron Fist Regiment. Fan Tianlei, the chief of staff of the Wolf Fang Special Forces, was also with them.

Qin Yuan immediately organized his team and walked towards the few chiefs.

“Reporting to the chief! The logistics company of the Iron Fist Regiment has assembled. Please give your instructions! Company commander Qin Yuan is reporting to you!”

Chief Gao Shiwei looked at Qin Yuan and the other logistics company’s standard military postures. A soldier’s aura was emitted from the logistics company, and his eyes revealed some admiration.

“This time, your logistics company has been awarded a collective third-class merit after our repeated discussions in this military exercise. Every soldier’s military rank will be promoted by one rank!”

“There’s more! Qin Yuan, your military rank will not change, but you will be given second-class merit!”

Chief Gao Shiwei read the awards given to their logistics company for this military exercise. Everyone smiled when they heard the commendation.

“Company commander? Does that mean I’m not a conscripted soldier now? I’ve become a senior private?”

Geng Hu laughed and asked Qin Yuan.

“None of you are privates any more!”

Qin Yuan was also happy for them when he saw the rewards given to the logistics company by the military leaders. This was the military region's affirmation of them. Although his military rank had not changed, he had still received second-class merit. After all, he was still too young to accumulate these merits.

All the members of the logistics company had smiles on their faces. To them, there was nothing more practical than being affirmed by others. Their logistics company had been ridiculed for countless years. Now, they could finally hold their heads high and vent their anger.

Zhou Qing, Liu Ye, and the other veterans had tears in their eyes. They looked at Qin Yuan with gratitude. If not for Qin Yuan, they might still be the same as before.

It was Qin Yuan who had changed them, allowing them to receive unprecedented respect. The emotions that had been suppressed in their hearts for too many years erupted at this moment.

Gao Shiwei and the other officers looked at the people in front of them and could understand why they were like this. It was the same in their unit; everyone would only respect the strong. If you were weak, you wouldn't be respected by others. The experiences of their logistics company were the same as other logistics companies, but there was no other way. Soldiers only admired the strong.

A few minutes later, Bureau Chief Gao Shiwei told Qin Yuan the purpose of his trip..

Chapter 83: Competing with Fan Tianlei!

"Qin Yuan! We're here today to see how you train the troops!"

"Next, you will lead the troops to carry out a few military projects. Let us see your specific strength."

"Yes, sir!"

"Chief! Please choose your soldiers!"

After Qin Yuan finished speaking, he directly let chief Gao Shiwei choose the soldiers of the logistics company to demonstrate. After all, if he were to choose, he would not be able to show the standard of the logistics company at all. Letting the chief choose himself would be more effective in proving the overall strength of the logistics company.

"Good! Then I'll choose the people. Otherwise, it's meaningless for you to only arrange a few strong ones."

After saying that, Gao Shiwei looked at the logistics company beside him. "You! You were the one who pointed a gun at my head last time, right?"

Bureau Chief Gao Shiwei looked at Geng Hu with a sharp gaze. The last time, Geng Hu had left a deep impression on him, so this time, he wanted to see how strong Geng Hu was.

His defenses were instantly broken when Geng Hu saw that Bureau Chief Gao Shiwei had chosen him.

"Is the military commander here to find trouble with me? I really didn't know he was the commander of the military!"

Geng Hu walked out of the group with a trembling body. He did not dare to look at Bureau Chief Gao Shiwei.

“Good! And the last two soldiers, step forward!”

“Yes, sir!”

“Yes, sir!”

Gao Shiwei picked the last two soldiers of the logistics company. The two soldiers quickly walked out of the team and walked forward.

“Do you have any subjects that you are good at? Or should I choose randomly” Gao Shiwei looked at Geng Hu and the other two.

“Chief...Chief, you can choose whatever you want!”

Geng Hu stammered. After the previous incident, he did not even dare to breathe loudly in front of Chief Gao Shiwei.

“Aren’t you fearless?”

“Alright, I won’t hold it against you. You can rest assured and display it!”

Gao Shiwei looked at Geng Hu and knew that Geng Hu was frightened by what happened last time. He comforted him.

“Yes, sir!”

“Then you guys can start your shooting practice first! 50-meter pistol moving target, 100 -meter rapid-fire moving target, and 200-meter fixed target!”

“Do you have any problems with these military exercises?” Bureau Chief Gao Shiwei immediately told him the training subject. “Reporting to the chief! We don’t have any problems.”

“Reporting to the chief! No problem!”

“Reporting to the chief! No problem!”

Geng Hu and the other two, who were selected by Gao Shiwei, answered confidently. The company commander had given them high-intensity training for these military exercises when they first arrived. Almost all the people in the logistics company had ten points in these military exercises, and the worst was nine points.

“Good! Then let’s begin!”

As soon as Gao Shiwei gave the order, Geng Hu and the other two quickly rushed forward. Their skillful movements and fast shooting skills made Gao Shiwei and the others’ eyes light up.

Especially Fan Tianlei, his eyes were shining. Geng Hu and the others’ skillful movements and shooting skills were comparable to the Wolf Fang Special Forces.

“How is it? Staff Officer Fan, these kids are not inferior to your pack of wolf cubs, right?”

Gao Shiwei smiled and turned to look at Fan Tianlei.

“Chief! Their shooting movements and techniques are quite good, but I wonder how accurate they are. ”

Fan Tianlei praised in surprise. After all, Geng Hu and his men’s shooting skills were not inferior to the Wolf Fang Special Forces.

“Then let’s see how their results are!”

“Yes!”

“Qin Yuan, have the targets report their scores!” ordered Chief Gao Shiwei.

“Yes, sir!”

“Yes!” replied Qin Yuan, and he asked the target range to report the scores of Geng Hu and his team. Soon, the voice from the target range came through the radio.

“Report! At the first target, 6 shots on the moving target at 50 meters all hit the 10-ring. At the moving target at 100 meters, all 10 shots hit the 10-ring. At the fixed target at 200 meters, 8 shots hit the 10 -ring, one shot hit the 9-ring, and one shot hit the 8-ring.”

Geng Hu’s heart trembled when he heard his target count. He did not know what small animal had flown into his eyes during the last two shots, which caused him to miss the last two shots.

If such results were under normal circumstances, he would have been punished by Qin Yuan to do 200 push-ups. Geng Hu narrowed his small eyes and looked at Qin Yuan’s expression, afraid that his mistake would make Qin Yuan angry.

However, Qin Yuan already knew about Geng Hu’s situation just now. His radar warning system was not for show. Qin Yuan did not blame Geng Hu. This result would not affect the views of the few officers in their logistics company.

However, they still had to strengthen their training in the future. A good shooter not only relies on skill, but also on feeling. If we are executing a rescue mission, even a small deviation can cause a major mistake. “Report! Number 2 target hit all IOS in all 3 training programs.”

“Report! Number 3 target also hit all IOS.”

In Qin Yuan’s walkie-talkie, the sound of target reporting kept coming in.

“Good! Good! Good!”

“Not bad. Your shooting skills are almost at the level of a sharpshooter. It seems that the overall shooting skills of your logistics company are not bad. ‘

Bureau Chief Gao Shiwei shouted three times in a row. From the shooting results of Geng Hu and the other two, it was clear that the overall shooting standard of Qin Yuan's logistics company was definitely not bad. After all, these were soldiers randomly selected by him!

Fan Tianlei was also very shocked. Geng Hu and the others' shooting results were no different from the members of Lone Wolf Group B. Now, he liked Qin Yuan's company more and more.

"Since your shooting skills are good, your sniping skills shouldn't be too bad either."

"Qin Yuan, I haven't seen you fight yet. Although I know that you brought them out, I still want to see your shooting standard with my own eyes."

"How about this? Advisor Fan, weren't you curious about how this kid defeated you?"

"Then how about you compete with Qin Yuan in sniping?"

In the face of Gao Shiwei's proposal, Fan Tianlei's lips curved into a smile. He had long wanted to test Qin Yuan, for some reason he always felt that Qin Yuan gave him an unfathomable feeling that he could not figure out.

After all these years, Qin Yuan was the first person to make him feel this way.

Qin Yuan did not hesitate either.. Since General Gao had spoken, why not compete with Fan Tianlei?

#### Chapter 84: Qin Yuan's Sniping Ability

"Good! Then you can choose your own shooting range!"

Seeing that Qin Yuan did not object, Bureau Chief Gao Shiwei preached to the two of them.  
"Good!"

"Yes, sir!"

Fan Tianlei and Qin Yuan nodded, so Fan Tianlei walked forward and picked up the sniper rifle. He turned around and looked at Qin Yuan with a smile.

"Qin Yuan, I don't want to take advantage of you either. You can choose the distance from 1000 meters away. After you've chosen, you can just say it."

Qin Yuan looked at Fan Tianlei's confident expression and a smile appeared on his face. His Eagle Eye auxiliary shooting ability was just within 2000 meters. As long as he was within 2000 meters, he would not panic at all.

"Chief of Staff Fan, you should choose first! I can do anything!"

Looking at Qin Yuan's confident expression, Fan Tianlei was also a little curious. Could it be that Qin Yuan was so confident in his sniping ability? However, as the chief of staff of the Wolf Fang Special Forces, his sniping ability within 1500 meters was unquestionable.

I ranstator: Dragon Boat I ranstatlon Editor: uragon Boat I ranstatlon

“Good! Then you can choose your own shooting range!”

Seeing that Qin Yuan did not object, Bureau Chief Gao Shiwei preached to the two of them.

“Good!”

“Yes, sir!”

Fan Tianlei and Qin Yuan nodded, so Fan Tianlei walked forward and picked up the sniper rifle. He turned around and looked at Qin Yuan with a smile.

“Qin Yuan, I don’t want to take advantage of you either. You can choose the distance from 1000 meters away. After you’ve chosen, you can just say it.”

Qin Yuan looked at Fan Tianlei’s confident expression and a smile appeared on his face. His Eagle Eye auxiliary shooting ability was just within 2000 meters. As long as he was within 2000 meters, he would not panic at all.

“Chief of Staff Fan, you should choose first! I can do anything!”

Looking at Qin Yuan’s confident expression, Fan Tianlei was also a little curious. Could it be that Qin Yuan was so confident in his sniping ability? However, as the chief of staff of the Wolf Fang Special Forces, his sniping ability within 1500 meters was unquestionable.

“Alright then, let’s shoot three shots from the 1500-meter sniper target position. The one with the best score wins. How about that?”

Fan Tianlei immediately suggested.

“Alright! Then Chief of Staff Fan, you can start first!”

“Good! Then I’ll go first.”

Qin Yuan immediately got the target area set up. Fan Tianlei took the gun and walked to the sniper position. He lay down, picked up a handful of sand, and looked at the weather today.

Bang... Bang... Bang...

After three gunshots, Fan Tianlei stood up confidently. His years of sniping experience told him that his three shots were definitely at the tenth circle.

Soon, Qin Yuan’s walkie-talkie rang with the sound of the target’s location.

“Report! Three shots, 10 points!”

A burst of applause rang out in the team. Fan Tianlei’s fast speed and accurate hit on the target showed how strong his sniping ability was.

While everyone was still in shock, Fan Tianlei walked to Qin Yuan’s side and handed the sniper rifle to him.

“Young man, it’s your turn!”

Qin Yuan felt that Fan Tianlei's sniping results were within his expectations. Fan Tianlei was the chief of staff of the Wolf Fang Special Forces. It would be strange if he could not hit the target from a sniping distance of 1,500 meters.

Qin Yuan took the sniper rifle from Fan Tianlei's hand. The Eagle Eye shooting skill instantly radiated out. The surrounding air humidity and wind speed were all accurately analyzed by the Eagle Eye skill in Qin Yuan's mind.

Bang...

Bang...

Bang...

After three consecutive gunshots, Qin Yuan did not take more than three seconds from firing to retracting his gun. Fan Tianlei's face revealed a puzzled expression.

"What is this kid doing? Don't you need to aim?"

Fan Tianlei looked at Qin Yuan's confident expression and could not decipher Qin Yuan at all.

Bureau Chief Gao Shiwei and the others also looked at Qin Yuan in shock. From the time Qin Yuan fired to the time he retracted his gun, it had not taken more than ten seconds. Was Qin Yuan so confident in his sniping skills?

Following that, the target's voice came from the walkie-talkie in Qin Yuan's hand, and everyone was even more puzzled.

"Reporting... There was only one bullet hole on the target that hit the tenth ring."

"What is it? Only one bullet hole? That's impossible!"

"How can the captain only hit one out of three shots with his sniping skills?"

"That's right. Usually, the commander would hit wherever he pointed. How could he only hit once?"

The doubts of the soldiers came from the logistics company. When Fan Tianlei saw the doubts of the soldiers, an impossible thought instantly surged in his mind.

"Could it be..."

"This is impossible!"

Gao Shiwei asked when he saw the shocked Fan Tianlei.

"Chief of Staff Fan, do you think this result doesn't match Qin Yuan's ability?"

"Bureau Chief, you should ask Qin Yuan to bring the targets over to take a look." Fan Tianlei hurriedly explained.

"Qin Yuan, ask them to bring the targets over to take a look." Gao Shiwei immediately said to Qin Yuan. He did not believe that Qin Yuan had only hit once.

Soon, the target position brought over the targets that Fan Tianlei and Qin Yuan were shooting at. Fan Tianlei immediately took Qin Yuan's target and looked at it carefully. His expression gradually became serious.

“How is this possible?”

Fan Tianlei looked at Qin Yuan's target in shock. There was only one obvious bullet hole on Qin Yuan's target, but Qin Yuan's bullet hole was obviously different from the one he shot.

It was obvious that the bullet hole in Qin Yuan's target was much bigger than one he shot, and the surrounding one was very smooth. It was obvious that all three bullets had hit one bullet hole.

“What's going on?”

Bureau Chief Gao Shiwei walked forward with a puzzled expression.

“Company Commander Qin Yuan won this competition!” Fan Tianlei said in a deep voice.

Bureau Chief Gao Shiwei walked in and saw that there was only a very obvious and smooth bullet hole on Qin Yuan's target. He instantly knew what had happened.

“Not bad! You have a bright future! This is the first time I've seen such a sniping ability.”

Everyone knew how difficult it was to hit the same spot, because the moment each bullet was fired from the barrel, it would be affected by the individual's breathing rate and the surrounding environment.

Therefore, they knew very well how high the requirements for a sniper's sniping skills were for the bullets to hit a single spot.

“Looks like you're still hiding your strength! How do you usually train? You haven't been in the army for more than a year, right?”

Chief Gao Shiwei did not expect Fan Tianlei, the chief of staff of the Wolf Fang Special Forces, to lose to Qin Yuan.

“Chief, you're flattering me. I just train more often.” Facing the doubts of Gao Shiwei's officers, Qin Yuan could only explain it this way.

“Good! Good! Good! You guys are all very good.”

Gao Shiwei looked at everyone with gratified eyes. The strength of Qin Yuan's team exceeded his expectations. Gao Shiwei looked at Qin Yuan and the others with excitement as if he was thinking about something.

Kang Lei looked at the satisfied expressions of Gao Shiwei and the other officers. He was also very happy that Qin Yuan was from their Iron Fist Regiment. If the officers were satisfied with them, it would also bring glory to the Iron Fist Regiment.

“It's getting late. We have to go back.”

“You guys have to train well. I believe we will meet again soon.” Gao Shiwei said to the soldiers of the logistics company.

“Yes, sir! Take care, Chief!”

“Got it, Chief! We will definitely not let you down!”

Gao Shiwei walked to Qin Yuan’s side and patted him on the shoulder. “Brat! We’ll meet again soon. It’s getting late, so we’ll go back first.”

“Alright, Chief! Take care.”

Bureau Chief Gao Shiwei saw that it was getting late. He said a few words to Qin Yuan and left with everyone. Qin Yuan was also very curious about Chief Gao Shiwei’s last sentence.. What did he mean by they would meet again soon?

#### Chapter 85: Taking Over the Sharpshooter Fourth Company

After Gao Shiwei and the other officers left, Qin Yuan saw that it was getting late and dismissed the team.

From Chief Gao Shiwei’s words, Qin Yuan could feel that Chief Gao Shiwei approved of the strength of their unit. As for his last sentence, it should be that Chief Gao Shiwei had made certain arrangements for their logistics company, but he was not sure about it.

Early the next morning, Qin Yuan received a call from the regiment commander asking him to rush to the regiment headquarters. After washing up, Qin Yuan rushed to the regiment headquarters.

In the office of the regiment commander, Kang Lei was holding a document in his hand and carefully considering it.

Dong dong dong...

There was a short knock on the door of the office.

“Come in!”

Qin Yuan opened the office door and walked in. “Regiment Commander! Why did you call me over?”

“Qin Yuan, you’re here? Come and sit.”

Seeing Qin Yuan walk in, Kang Lei stood up and walked to the sofa to invite Qin Yuan to sit down.

“I called you over this time mainly to discuss something with you!” Kang Lei directly explained the purpose of calling Qin Yuan over.

“Regiment Commander! If there’s anything, just say it. There’s no need to be so polite! ”

“Good! Since that’s the case, I’ll be straightforward.”

“Qin Yuan, I plan to let you take charge of our Iron Fist Regiment’s Sharpshooter Fourth Company for a period of time. The fourth company commander of the

Sharpshooter Fourth Company has recently been hospitalized due to physical reasons, and this year's recruits are preparing to come."

"I want you to go there first because I want you to train the Sharpshooters for a period of time. Secondly, I plan to hand over the three months of training for the new recruits to you and the instructor of the Sharpshooter Fourth

Company, Gong Jian."

After Kang Lei finished speaking, Qin Yuan fell into a reminiscence.

"Gong Jian? Old Hei and the others?"

"What's wrong, Qin Yuan? Is there a problem?"

Seeing Qin Yuan stunned, Kang Lei thought that Qin Yuan did not agree. When he received the notification that the fourth company commander of the Sharpshooter Company was hospitalized, he was also a little sad. The fourth company commander was a veteran that he had personally trained.

After he was promoted to the commander of the Iron Fist Regiment, the 4th Company had been handed over to the current 4th Company Commander. Over the years, the 4th Company Commander had worked hard for the 4th Company, so his body was seriously burdened.

Before Qin Yuan's logistics company, the Sharpshooter Fourth Company could be said to be the Sharp Sharp Company of the Iron Fist Regiment. Now that the 4th Company Commander had lost the position of company commander, he could only feel at ease if he handed it over to Qin Yuan. After all, Qin Yuan has the ability to lead troops.

"Regiment commander, I don't have any problems, but what happens to the logistics company when I go to the Fourth Company?"

Qin Yuan also knew the reason why Kang Lei asked him to go to the Fourth Company. The logistics company had already possessed such strength after being under his command for three months. Moreover, the soldiers of the logistics company could be said to have the worst physique and potential.

NOW, letting mm leaa tne snarpsnooter Fourtn company was notmng more than raising the strength of the entire Fourth Company to a higher level. However, if Qin Yuan went to the Fourth Company, what would happen to the logistics company that he had worked so hard to bring up?

"You don't have to worry about that. When Bureau Chief Gao Shiwei left, he intentionally revealed some things to me. "

"Our 801st Division is about to face a military reform. This time, after the military district leaders inspect our Iron Fist Regiment, they might reorganize us. The chief's intention is to build a different unit."

"We can only wait for the military leaders to issue the appointment documents for the specific arrangements. During this period of time, you will be in charge of

the Sharpshooter Fourth Company and welcome the new recruits this year. You can just let the logistics company train as usual.”

Faced with Qin Yuan’s worry, Kang Lei also told Qin Yuan what he had learned from Gao Shiwei’s words.

“Alright, Regiment Commander! Then I’ll go!”

Qin Yuan was very familiar with the Sharpshooter Fourth Company. However, he also wanted to see if the Sharpshooter Fourth Company was the same as the Sharpshooter Fourth Company he was familiar with.

“Good! I knew you would be fine! Then I can rest assured.”

“By the way, I told you to go home after the chief’s inspection. How about this?

I’ll give you a week’s leave.”

This time, Qin Yuan was willing to accept the management of the Sharpshooter

Company. His original worry was also relieved. He knew clearly that Qin

Yuan’s ability was the best candidate for him. He believed that under Qin Yuan’s leadership, the Sharpshooter Company would give him a different surprise like the logistics company.

“Yes, sir!”

“Okay, then go back and pack up. Go home for a few days. After you come back, report to the 4th Company directly. I will talk to the instructor of the 4th Company. ”

“Alright, Regiment Commander. I’ll head back first.”

“Good! Be careful on the road!”

“Yes, sir!”

After saying that, Qin Yuan stood up and walked out of the regiment commander’s office.

At first, Qin Yuan was a little hesitant to let him take charge of the Fourth

Company. After all, the Fourth Company was different from the Logistics Company. However, when the regiment commander asked him to take charge of the Fourth Company and train this year’s recruits, he actually set off the system’s mission.

“System! Are you sure you have a reward of 1,000,000 Skill Points?”

Facing the reward of this mission, Qin Yuan felt very happy. One million skill points were very tempting.

Now, the progress of the overall strength of the logistics company had become very slow. Although the skill points obtained by the soldiers after breaking through were relatively high, it was too slow. If he kept waiting for the soldiers of the logistics company to earn skill points for him, it would take a long time!

One had to know that Qin Yuan had been coveting the skills in the system store for a long time, but they were really too expensive for him to exchange for.

“Yes, host! In two months, raise the overall strength of the Sharpshooter Company to the current strength of the Logistics Company.”

“And in the next three months, raise the soldiers of this year’s recruit company to the level of the current logistics company.”

Facing the system’s explanation, Qin Yuan was also curious. He had only intended to take the entire logistics company to the Wolf Fang Special Forces, but according to the current situation, the system was asking him to train a special operations team!

Qin Yuan didn’t think too much about it. As long as there were skill points to earn, why not train an army? Not only could it improve the overall strength of the Chinese military, but it could also make him stronger, so why not do it?

Thinking that he would have to train another batch of soldiers and get the constantly increasing skill point rewards, Qin Yuan had a smile on his face. After explaining some issues to Zhou Qing and Liu Ye, he went back to his home to spend some time with his grandmother, who had been constantly worried since he hadn’t seen her in a few days. Besides, his grandfather had also called him, saying that his parents had returned..

Chapter 86: A Warm Family!

Soon, Qin Yuan returned to the military compound that he was familiar with. Just as he walked to the door, he heard a commotion in the house.

Qin Yuan opened the door and walked into the house. Qin Yuan’s grandmother and Miao Xiaoxiao were talking and laughing as they made dumplings. An old man was sitting on the quaint sofa. When Miao Xiaoxiao saw Qin Yuan open the door and walk in, she threw herself onto Qin Yuan in a bear hug.

“Brother Qin Yuan! You’re back!”

The young girl looked at Qin Yuan with a flushed face excitedly. Qin Yuan had not seen this girl for a while, but now she looked slim and elegant. It had to be said that her curvaceous figure proved that this girl had grown up.

“Uh... Xiaoxiao, there’s someone here!”

Hearing Qin Yuan’s words, Miao Xiaoxiao’s face instantly turned even redder. Seeing that her grandfather was smiling evilly at her, she pushed Qin Yuan away and walked straight to Qin Yuan’s grandmother’s side. She lowered her head and did not dare to meet her grandfather’s gaze.

“My eldest grandson, you’re finally willing to come back to see Grandma! Have you been working hard in the army during this period of time? Look, you’ve lost weight! ”

Seeing Qin Yuan return, Qin Yuan’s grandmother’s face was filled with a doting expression. She walked to Qin Yuan’s side and used her old and wrinkled hands to caress Qin Yuan’s cheek.

“Grandma! I’m fine.”

Looking at his grandmother’s old hands, he felt a little heartache. In his fused memories, his grandmother loved him the most. Every time he did something wrong and was punished by his grandfather, his grandmother would run over to protect him.

“Qin, not bad. The army is indeed a place to raise people.”

The old man on the sofa stood up and looked at Qin Yuan’s burly figure. His bright eyes exuded the aura of a soldier. The old man nodded in satisfaction.

The person who spoke was Miao Xiaoxiao’s grandfather, Miao Zhenjiang. This white-haired old man was an old man who had participated in the North Korean War and the Vietnam War with his grandfather. Although he was old, his battle-hardened aura still existed.

“Grandpa Miao, you’re here too!”

“Yes! Your grandfather made dozens of phone calls, forcing me to come over and taste the good wine that he had collected for many years, so I came over!” The old man smiled.

“Miao Ergou, what are you saying? I only called Xiaoxiao over for dinner. When did I call you? It’s all because you’re thick-skinned!”

Upon hearing Miao Zhenjiang’s words, Qin Yuan’s grandfather cursed as he walked out of his room with a bottle of wine.

“Qin Jiang, you old fellow, didn’t I just come over to drink a little of your wine?”

Don’t always continue that stingy look from back then until now.”

“What? Am I stingy? Every time you come over, I reimburse you for a few good bottles of wine. And when you leave, you always take a few good bottles of wine with you!”

The two old folks started bickering like this, each refusing to back down, and their argument grew increasingly heated with each passing moment.

Qin Yuan and the others were not surprised by such a situation. As long as his grandfather and Miao Xiaoxiao’s grandfather were together, it would be like this. Only when one of them was drunk would they stop arguing.

“Grandpa! Grandma! I thought you said that my parents are back?”

Qin Yuan saw that there were only a few of them in the room, so he asked curiously.

“They said they were going to discuss some business, but this brat seems to be planning to start a game company again. Anyway, I don’t understand!”

“He should be back soon. How long will you be back this time?” Qin Yuan’s grandfather replied directly.

“Grandpa, the army gave me a week off this time!”

“That’s good. You can accompany Xiaoxiao for a few days. When you were in the army, she kept asking to see you.”

Hearing Old Qin’s words, Miao Xiaoxiao, who was hiding beside Qin Yuan’s grandmother, blushed even more. Her shy posture was charming. It had to be said that Miao Xiaoxiao was really a great beauty now. Her willow-like eyebrows, a pair of big eyes, and curvaceous figure were really quite charming.

“Grandpa Qin! If you continue like this, I’ll go back.” Miao Xiaoxiao blushed and did not dare to look at Qin Yuan.

“Alright! Alright! I won’t say anymore.”

“By the way, you did well in the army this time. I received a call from a few of your commanders. They were all praising your achievements on the phone.”

“Okay, Grandpa!”

Faced with Qin Yuan’s performance, the old man also revealed a satisfied smile. As a grandfather, he was extremely happy that his grandson had the strength and ability.

Qin Yuan’s situation in the army had long been reported to him. He had received two second-class individual merits in three months. It was said that this kid had brought up a logistics company to the level of the special forces. During the last military exercise, he even led the logistics company to defeat the special forces brigade of the Southeast Military Region.

“Alright! Grandpa Qin, you can drink with my grandpa there. We haven’t finished wrapping the dumplings yet! Brother Qin Yuan, you have to come and help!” Miao Xiaoxiao said with a smile.

“Okay! Kid, go help Xiaoxiao and your grandma.”

“Sure!”

After saying that, Qin Yuan’s grandfather picked up the wine and started drinking with Miao Xiaoxiao’s grandfather.

Qin Yuan rolled up his sleeves, washed his hands, and walked to the table. Looking at Xiaoxiao and the others wrapping dumplings, he actually had no idea where to start.

One had to know that Qin Yuan could do anything he wanted, but he knew nothing about cooking. Miao Xiaoxiao laughed when she saw Qin Yuan’s embarrassed look.

“Brother Qin Yuan, let me teach you how to make dumplings!”

“Alright!”

Qin Yuan was a little embarrassed. He would not panic if he was asked to train or fight, but he felt a headache if he was asked to do this.

Miao Xiaoxiao then handed the dumpling skins over to him and began to teach him patiently.

Just like that, they finished making all the dumplings while chatting and laughing. However, the dumplings that Qin Yuan made were so strange that Miao Xiaoxiao could not stop laughing.

Qin Yuan was used to being iron-blooded in the army, so he enjoyed the warmth in this family. If he hadn't chosen to be a soldier, Qin Yuan felt that it wouldn't be a bad choice to stay in his warm home.

However, if one chose to serve one's motherland, one could only give up on this idea. Since ancient times, loyalty and filial piety were in a dilemma! As a soldier, he had too many regrets for his family..

## Chapter 87: Start the Game

Soon, the dumplings were ready. During this time, Qin Yuan's grandmother also made a table full of food.

Just as everyone sat down around the table, a middle-aged couple walked in with big and small bags.

"Dad! Mom! We're back!"

The middle-aged man came forward with a few bottles of high-quality Maotai and sat down with a red face.

"You guys! Why did you have to go do business when you're back home? I'm afraid you've almost forgotten about this home!" Qin Yuan's grandfather said unhappily.

"Dad! This time, we came back to introduce the more popular military games from abroad."

"We came back to discuss the cooperation with them, so I was delayed for a while."

The one who spoke was Qin Yuan's father. In his memory, his father had left him to live with his grandfather for as long as he could remember. During this period, he would only come back during the Chinese New Year. Sometimes, he would not even be able to come back for the Chinese New Year because of work.

Therefore, Qin Yuan's biological son rarely had the chance to see his parents, but his parents loved him very much.

"Dad, Mom! How long will you be back this time?"

Qin Yuan also asked. To be honest, he had not spoken much to his parents.

"Kid, are you doing well in the army? If you can't stay, come out and follow me!" His father was worried that there was no one to take care of the company.

Qin Hai smiled as he looked at his son. His eyes were filled with gratification. The last time he saw him was when Qin Yuan was at the military academy.

“You brat! If you go astray, don’t bring my grandson along. Qin Yuan is much stronger than you!”

Upon hearing Qin Hai’s words, Old Master Qin was furious. Not only was Qin Hai unable to stay in the army, but he also wanted to bring his grandson to start a lousy company with him?

“Hehe! There’s nothing bad about Dad being in business, right? Now that the country was developing, they needed capital to revive the country’s economy, right? I’m just using a different method to reimburse the country.”

Qin Hai scratched his head as he looked at Old Master Qin with a smile. He knew that Old Master Qin still held a grudge against him.

If he was still in the army, he might have been a division level cadre by now. However, his dream was not in the army. He had been thinking about how to be an entrepreneur and a capitalist since he was young. Therefore, he chose to retire a few years ago.

“Dad! Don’t be angry at Dahai. Our country’s economy has been developing over the years, and we need a lot of high-tech technology to maintain our country’s development. We came back this time with money and some high-tech technology.”

“Dahai already has some plans. Our country’s technology has been blocked by foreign countries all these years, causing our country to be strangled by them in many fields.”

“So this time, we plan to develop our country’s technology in the high-tech field to break the technology blockade imposed on us by foreign countries.”

After hearing Qin Yuan’s mother’s words, everyone understood their actions. After all, what they said was the truth. Our country’s technology in the high-tech field had always been strangled by the western countries.

After listening to these words, Old Master Qin felt a trace of relief. Compared to those capitalists who were full of money, his son was still useful. At least he did not forget that he was from China.

After Qin Yuan heard his mother’s words, a thought appeared in his mind. His parents were right. Our country’s technology had indeed been restricted by the western countries. Be it in the military field or the economy, we had always been suppressed by the western countries.

Currently, his system store had some high-tech weapon manufacturing plans and some weapon improvement plans. If these skills can be implemented, it will have a huge impact on our country.

However, these skills were too expensive for him to exchange for now, but he believed that these skills would be available soon. The research and development of these things required huge financial support, which also gave birth to Qin Yuan’s idea of making money.

“Dad, Mom, have you already made up your mind?”

“If these things are to be built, they will need a huge amount of financial support!” Qin Yuan was also a little worried when he heard that his parents were preparing for scientific research and development.

“We’ve earned a lot of money over the years, and with the support of the country, I believe that these shouldn’t be a problem.”

“Your dad and I went to discuss work this time because we’re optimistic about our country’s game market! Now that they had entered the Internet age, people’s demand for virtual games would gradually increase. The game industry was very popular overseas.”

In the face of Qin Yuan’s question, Qin Yuan’s mother also explained. When it came to the game industry, one had to know that after a period of time, it would be a market worth trillions. At this time, Penguin Horse should have entered this industry.

“Dad, Mom! The person you guys went to talk about the collaboration today couldn’t be surnamed Ma, right?”

Qin Yuan asked. In his memory, the biggest game company in China at this time was Penguin Horse.

“How did you know?”

Qin Yuan’s parents looked at Qin Yuan in surprise. They did not tell anyone at home who they were going to discuss the collaboration with. How did Qin Yuan know that the person they were going to discuss the collaboration with was surnamed Ma?

“Uh... I’ve learned about the gaming industry before. I learned about this when I was in military school.”

Qin Yuan could only explain it this way. Otherwise, he did not know what to say.

“Then, Dad, Mom! How’s your discussion going?”

“We’re still in discussion. We plan to work with them to develop a military-style game, but our plans aren’t too good yet, so we haven’t discussed the specifics yet.” Father Qin smiled.

“Military game? Wouldn’t that mean that they could develop Peace Elite and Stimulate the Z scene? These were all popular military mobile games!”

This game instantly appeared in Qin Yuan’s mind. One had to know that Qin Yuan loved to play this game back then. It just so happened that it had not been developed yet. If he told his father and the others his thoughts and ideas, would it be helpful to them?

Qin Yuan looked at his father and instantly had an idea in his mind. Anyway, it had not been developed yet, so he could learn from the military mobile game that was once popular in China.

“It’s settled then!”

The corners of Qin Yuan’s mouth curled up. Father Qin looked at Qin Yuan as if he was deep in thought and did not ask anything. After all, this was a game. Qin Yuan, a soldier, should not have any good ideas.

“Yes! You guys are finally going to do something useful now. At least you won’t embarrass our Qin family.”

After listening to them, Old Master Qin finally had an affirmative expression on his face towards Qin Yuan’s parents..

Chapter 88: This Girl... Is So Proactive?

“Alright! Old Qin, I told you that Ah Hai was smart, but you kept forcing him to go to the army!”

“Now, he can be considered to be contributing to the country! He didn’t embarrass you, old man.” Elder Miao said with a smile.

“You old brat, I have so much good wine, but it can’t shut your mouth!”

Old Qin said unhappily, but his face was still filled with a smile. He could understand his son now, let alone his grandson, Qin Yuan.

With Qin Yuan’s current ability, those guys in the military region had been paying close attention to him. He believed that his grandson would grow very well in the army. Qin Yuan’s ability was not any weaker than his.

Old Master Qin hoped that his descendants could contribute to the country.

“Let’s eat!”

“Yes!”

“Yes!”

Just like that, the family ate happily. At the table, Mother Qin kept putting food into Miao Xiaoxiao’s bowl. Her impression of Miao Xiaoxiao was still from when she was a child. She did not expect that she had become a big girl after not seeing her for so many years.

Looking at Miao Xiaoxiao who kept glancing at Qin Yuan while eating, she knew that Miao Xiaoxiao seemed to have fallen in love with her son, Qin Yuan. The more she looked at this girl, the more satisfied she became.

After dinner, Qin Yuan’s father and the two old men went to the study to have tea. Qin Yuan’s mother was pulling Miao Xiaoxiao and asking her questions, making Miao Xiaoxiao blush without stopping.

Qin Yuan did not know how he felt about Miao Xiaoxiao. He said that he did not like her, but it seemed that he did have her in his heart. Qin Yuan had never been in a relationship, so he never thought much about it.

He went back to his room and started working on the computer. He had to turn his ideas into a plan. In the past, he might not have the ability to do so even if he wanted to.

But now, his ability to use computers was beyond words. His advanced network programming skills could easily create games.

Soon, he came up with a plan and a virtual game model. He didn't stop until his mother asked him to send Miao Xiaoxiao back.

Elder Miao was already drunk and had fallen asleep in the guest room. He was supposed to go for tea, but who knew that the two old men would start drinking again.

Miao Xiaoxiao looked helpless. Mrs. Qin and Grandma Qin kept asking her to stay, but she didn't agree. After all, it wasn't good for a virgin girl like her to stay overnight. Anyway, her home wasn't far away, so she said she wanted to go back.

Just like that, under Mrs. Qin's instigation, she asked Qin Yuan to send Miao Xiaoxiao home.

The two of them walked out of Qin Yuan's courtyard and into a small path. Qin Yuan followed closely behind Miao Xiaoxiao, too embarrassed to say anything.

To be honest, he really didn't know how to say it. Now, he couldn't say whatever he wanted like when he was young. In this kind of atmosphere, even Qin Yuan, a straight man, was a little at a loss.

"That..."

"That..."

The two of them spoke at the same time.

"You go first!"

"Brother Qin Yuan, you should speak first!"

Just like that, the two of them stammered for a long time without saying a word.

"Xiaoxiao! Don't take my mom's words to heart! That's how they are."

Qin Yuan said embarrassedly.

"Brother Qin Yuan! It's okay, but what are you thinking, Brother Qin Yuan?"

Miao Xiaoxiao blushed. She was also looking forward to hearing Qin Yuan's thoughts. After all, she knew from Mrs. Qin that she was trying to matchmake the two of them.

"What do you mean?"

Qin Yuan asked with a dumbfounded expression.

"Aiya... That's right! It's just..."

Miao Xiaoxiao covered her face shyly, too embarrassed to say it.

Qin Yuan looked at Miao Xiaoxiao and instantly understood something.

“Xiaoxiao, you know that I’m a soldier now. As long as my country needs me, I’ll sacrifice myself without hesitation.”

“So! we... we..

Just as Qin Yuan was still hesitating, a warm feeling came from his lips. Miao Xiaoxiao kissed Qin Yuan’s lips.

“Brother Qin Yuan! I don’t care if you’re a soldier or not!”

“Next time, don’t make me take the initiative! I’m a girl! I’m home, so I’ll go back first! ”

After saying that, Miao Xiaoxiao turned around and ran into the house, leaving Qin Yuan alone in the cold wind.

“This girl... so proactive?”

Qin Yuan felt helpless. He was now a soldier. As long as his country needed him, he would definitely sacrifice himself for his country without hesitation. If that was the case, he could not give this girl any promises at all.

He hadn’t even thought of how to tell her yet, but who would have thought that she would directly block his mouth and not even have the chance to speak.

“Let’s not think about it. Let’s go with the flow! Soldiers are also humans, right?”

After saying that, Qin Yuan immediately put down all his worries. Since it was already like this, then let it continue like this! Besides, he had different feelings for Miao Xiaoxiao.

When Miao Xiaoxiao returned home, she immediately rushed into bed. She did not know how much courage she had mustered just now. She turned around and ran away with a red face. When she saw Qin Yuan walking back through the window, she plunged into bed.

Soon, Qin Yuan returned to his room and walked to his father’s room with his computer.

“Dad! Are you asleep?”

Qin Yuan stood outside the door and asked inside.

When Father Qin heard Qin Yuan’s voice, he opened the door and walked out.

“Son, what’s wrong? What do you want? I knew something must have happened to you when we were eating!”

Qin Hai asked Qin Yuan curiously. He did not ask because he had seen Qin Yuan thinking about something when he was eating.

“Dad! Look at this!”

As he spoke, Qin Yuan turned on his computer and handed it over. He opened the proposal he had just made and showed it to Qin Hai.

“What is this?”

Qin Hai took the laptop and started reading it curiously. The more he read, the more his expression changed.

“Son? Where did you get this plan from?”

Qin Hai looked at Qin Yuan in disbelief. He was stunned when he saw the plan that Qin Yuan had given him and the virtual game model that Qin Yuan had created.

Qin Yuan’s plan and design were too perfect. Just the idea of this game would definitely be popular all over the country.

“Dad, this is what I think. I think it should be able to help you!”

After Qin Yuan finished speaking, Qin Hai was so shocked that he could not speak. He looked at Qin Yuan in shock. He could not believe that this was the plan that Qin Yuan had come up with. His hands were trembling as he held the computer. They had tried countless plans and game designs for this cooperation.

However, the game idea and plan that Qin Yuan gave him were simply tailor-made for the market.

With Qin Yuan’s idea and plan, he was very confident that he could win this cooperation. One had to know that the idea and gameplay of this game would definitely meet the needs of the market. Young people would definitely like the game very much..

Chapter 89: Father Zhang Erhe!

“Son! Are you sure you did it yourself?”

Qin Hai asked once again. After all, this was not child’s play. After all, if someone were to violate someone else’s copyright, that would be a very serious matter.

Qin Yuan thought for a moment and answered Qin Hai’s doubts with certainty.

“Dad! Don’t worry! I came up with this myself!” Qin Yuan knew that the game had not yet been developed, so he was not worried about copying other people’s ideas.

“You’re really amazing! Like father, like son! Hahaha!”

Qin Hai instantly laughed out loud. Qin Yuan had really surprised him. He did not expect his son to be so talented in this area. This time, Qin Yuan helped him a lot.

“Son! Why don’t you stop being a soldier and come out to do business with me?

With your brain and ability, it would be a waste if you don’t do business.”

Qin Hai instantly had the idea of letting Qin Yuan retire. After all, Qin Yuan’s plan proved Qin Yuan’s ability and strength in market analysis.

“Dad! Forget it! I prefer guns! I’ll leave this to you and Mom!”

“Besides, if Grandpa finds out that you want me to retire, then we can forget about entering this house.”

Hearing Qin Yuan's words, Qin Hai smiled. He knew that Qin Yuan probably did not like to be in this industry because he could feel the energy of a soldier from Qin Yuan.

Besides, Qin Yuan was right. If the old master found out, they would never be able to enter this house again. He had only just made the old master change his attitude towards him a little. If the old master knew that he had bewitched Qin Yuan to retire, the old master would definitely break his legs.

"Alright then! You're good, kid! I heard from your grandfather that your performance in the army was very good."

"Since you chose to be a soldier, then fight hard and contribute to the country.

Your father doesn't like life in the army."

"I know! Dad!"

"By the way, Dad, I'm still very familiar with this field. If there's anything you don't understand, you can ask me."

"I will also recommend some software and ideas that you can use in the future."

Qin Yuan knew that his parents were going to spend a lot of money on technology research and development in the future, so he would leave everything that could earn money to his father and the others. He was only thinking about when he could clear out his system store. After all, there were all good things in there.

"Alright! It seems that your mother and I don't have to worry about you anymore. Your current ability is much stronger than your father's."

Qin Hai looked at Qin Yuan with gratification. Qin Yuan left home when he was very young. After he chose to enter the business world, the old master did not like him very much. Therefore, he could only wait until he was successful and famous before returning.

Who knew that more than 20 years had passed in the blink of an eye? Qin Yuan had also changed from the ignorant person back then to the burly young man he was now.

Just as the two of them were talking, Qin Yuan's mother had already washed up and walked out of the bathroom.

"Son, what do you think of Xiaoxiao? Mom has taken a fancy to her. Xiaoxiao is sensible and well-behaved. She's more than enough to match you."

"Remember to bring Xiaoxiao out for a walk tomorrow and buy some jewelry and clothes for her. We didn't bring anything for her this time."

"You have to cherish her. Mom can see that this girl has fallen in love with you." As she spoke, she walked into the room, took out a card, and handed it to

Qin Yuan.

“Mom...What do you mean by more than enough for me? Your son is also very outstanding, okay?” Qin Yuan looked at his mother helplessly and did not know what to say. She had really forgotten about her son after having a pleasing daughter-in-law.

“Kid, remember to take Xiaoxiao out for a walk tomorrow. Go back and rest early.”

Qin Yuan could only follow his mother’s instructions. After all, he had to return to the army in a few days, so he could take Xiaoxiao out for a walk.

“Dad, Mom, you should rest early. I’ll go back to my room first.” After saying that, Qin Yuan walked back to his room.

After Qin Yuan left, Qin Hai handed Qin Yuan’s computer to Qin Yuan’s mother. “Xuemei, you should come and see your son’s masterpiece.”

“What is this?” Jiang Xuemei looked at Qin Hai with a puzzled expression.

“You’ll know when you see for yourself.” Qin Hai giggled.

“How is this possible?”

Jiang Xuemei looked at Qin Hai with a shocked expression. Her expression gradually became solemn. Looking at the contents of the computer, her shock was not inferior to Qin Yuan’s.

“Are you sure this is our son’s plan?”

“What else? This kid showed it to me just now. I was as shocked as you.” “I really didn’t expect our son to have such talent.”

Jiang Xuemei did not know what to say. Qin Yuan’s plan and idea were too perfect. They had tried dozens of plans for this cooperation, but they could not even reach one-tenth of Qin Yuan’s plan. How could she not be shocked?

At this moment, Qin Yuan was holding his phone and looking at the message that Miao Xiaoxiao had sent him. A smile gradually appeared on his face, but he did not know that his parents were still in the room looking at his proposal. The more they looked at it, the more excited they became.

Early the next morning, Qin Yuan drove to Miao Xiaoxiao’s house. He had already agreed with Miao Xiaoxiao last night that he would take her shopping today.

An hour later, Miao Xiaoxiao came down in a pink dress. Looking at Miao Xiaoxiao’s petite and lovely appearance, Qin Yuan felt a little comforted. “I didn’t wait for an hour in vain. As expected, it takes time for a woman to get ready. ”

“Brother Qin Yuan!”

From afar, Miao Xiaoxiao ran over when she saw Qin Yuan. As soon as she came up, she threw herself into Qin Yuan’s arms.

“Where are you taking me today?”

“Let’s go to the department store today, I’ll take you to choose a few beautiful clothes.”

“Alright, then Brother Qin Yuan, let’s go.”

Since the conversation last night, the two of them had confirmed their relationship. For Qin Yuan, since he was here, he should take it as it was. After all, he did like Miao Xiaoxiao.

Soon, the two of them arrived at the largest department store in N City. In the parking lot, they saw a short and fat young man with glasses arguing with a few young men and women.

Qin Yuan looked at the short and fat young man and felt that he was very familiar. Wasn’t this person Fatty Zhang?

“You people are unreasonable. I was the one who was prepared to park here first.” The fat man angrily shouted at the young men and women.

“You were only prepared to park but you haven’t, right? Whoever stops first will be the one who gets it. If you continue to force your way, I’ll beat you up!” One of the young men with colorful hair roared at the fat man.

“That’s right! Do you know who he is? He is our mayor’s son, Young Master Jiang. Do you think you can afford to offend him?” A coquettish girl holding the arm of the so-called Young Master Jiang mocked the fatty.

“What mayor’s son? I’m not afraid even if his father comes!”

“Do you know who my father is?” The fat man retorted, not caring about the mayor’s son.

“Yo! It seems that you won’t cry until you see the coffin. You don’t even care about the mayor’s son. Besides, how can your fat pig father surpass the mayor’s official position?”

After hearing Fatty’s words, the woman continued to mock him. In her eyes, no one in N City could be more important than the mayor.

“Humph! So what if he’s the son of the mayor? My father is Zhang Erhe!” The fatty retorted in the face of the woman’s mockery.

“What is it? What father, Zhang Erhe? Why haven’t I heard of this person in N City!”

Chapter 90: Society’s Worm!

The woman did not believe Fatty’s words at all. She only felt that Fatty was looking for trouble here and did not have any strength at all.

“That’s right! Are you courting death?”

Bang...

“Damn you! I’ll fight it out with you!”

As he spoke, Fatty rushed up and started fighting with the young man. When the people around the young man saw that Fatty still dared to fight back, they surrounded him.

In a short while, Fatty was knocked to the ground. He was alone, so how could he be a match for the few of them? He hugged his head and lay on the ground, allowing them to punch and kick him.

“Brother Qin Yuan! Wasn’t the person who was beaten up Fatty Zhang?”

Miao Xiaoxiao looked at the fatty who was beaten to the ground by a group of people and immediately asked Qin Yuan.

“Brother Qin Yuan! Hurry up and take a look, or that person will be beaten to death by those young men later!”

Miao Xiaoxiao was worried when she saw the group of people kicking the fat man. It didn’t matter if that person was Fatty Zhang or not, he was still a human being. If this continued, he might really be beaten to death by these people.

“Xiaoxiao! You stay here first, I’ll go over and take a look!” After saying that, Qin Yuan walked toward the group of people.

“Stop!”

A loud shout spread throughout the entire parking lot. When everyone heard the loud shout, they stopped beating the fatty. Everyone looked over and saw Qin Yuan walking towards them alone.

“What’s wrong? Are you trying to be a busybody?”

Looking at Qin Yuan who suddenly walked out, the young man’s sharp eyes stared straight at Qin Yuan.

“Don’t you know that beating others is illegal?” Qin Yuan said coldly.

“Breaking the law? You brat, I advise you not to meddle in other people’s business!”

Otherwise, your face will be the same as this fatty’s.” The woman looked at Qin Yuan and walked forward with a smile.

“You are the law? Looks like you guys are really some good-for-nothings!”

“Doing whatever you want behind your parents’ backs! Then today, I want to see if you’re a dharma master or not.”

Qin Yuan looked at the few people in front of him and knew that these people must have always been running amok outside because their parents were high-ranking officials.

When he encountered vermin like them, he had to teach them a lesson. The fatty who was beaten up was just one of them who did whatever they wanted. Who knew how many people had been wantonly humiliated by them behind their backs?

When the young man saw that Qin Yuan was another idiot who came up to cause trouble, he instantly did not want to waste so much time talking to Qin Yuan. He directly ordered the young men behind him to attack Qin Yuan.

“Yes! Young Master Jiang!”

Hearing Young Master Jiang’s order, the young men behind him raised their fists and rushed toward Qin Yuan. Since their elder brother had spoken, they had to perform well in front of their elder brother.

Qin Yuan saw the few of them charging at him with their fists raised, and the corners of his mouth instantly curled up. He did not take them seriously at all.

Qin Yuan rushed towards them.

Peng...

Peng...

Peng...

A few black shadows flew in front of Young Master Jiang and smashed heavily on the ground. In an instant, all of them were sent flying by Qin Yuan’s kick. They all lay on the ground and wailed.

Young Master Jiang looked at Qin Yuan in surprise, and his legs could not help but tremble. He looked at Qin Yuan, who was looking at him with a fierce gaze, and his voice trembled.

Seeing Qin Yuan walking towards him step by step, he kept retreating and staggered to the ground. He never thought that Qin Yuan would be so terrifying. In an instant, his underling was kicked away by Qin Yuan without any chance to fight back.

“Didn’t you say that you are the law? Stand up and tell me that now!”

Qin Yuan looked fiercely at Young Master Jiang, who was trembling on the ground. Qin Yuan hated people like Young Master Jiang the most. As a soldier, Qin Yuan could not stand people who used their family to do whatever they wanted outside.

“You! You! Don’t come any closer, or I’ll call the police!”

The woman beside Young Master Jiang was scared silly. Looking at Young

Master Jiang sitting on the ground and his arrogant appearance just now, she was so scared that she noped (tm yuan would not attack her.

“Call the police? Then call the police!”

After saying that, Qin Yuan walked over and kicked Young Master Jiang’s chest. Qin Yuan still could not bring himself to do it to a woman.

Puff...

Young Master Jiang spat out a mouthful of blood from Qin Yuan’s heavy kick. He stared at Qin Yuan with a vicious gaze. He did not expect to meet a tough guy like Qin Yuan who dared to attack him even though he knew his identity.

‘You brat! Here... Just you wait!’

Young Master Jiang stammered to Qin Yuan. Blood was still flowing out of the corner of his mouth. He took his phone from his pocket and found a number to call.

“Brother Tubao! Something happened to me in the parking lot on the basement floor of the department store. Hurry up and bring someone over.”

After saying that, Young Master Jiang hung up the phone.

Qin Yuan watched as Young Master Jiang finished his call. He ignored them and walked towards the fatty lying on the ground.

“How is it? Are you alright? Looks like you’ve gained weight after not seeing you for a few years!”

Qin Yuan helped the fatty up and a smile gradually appeared on his face.

“Old... Boss? It was ... Is that you?”

Fatty narrowed his eyes and stared at Qin Yuan carefully. His face was swollen like a pig’s head as he looked at Qin Yuan so excitedly that he could not speak clearly.

Wasn’t the person in front of him his former brother, Qin Yuan? In their military compound, he was Qin Yuan’s diehard follower. However, a few years ago, Qin Yuan was sent to the military academy by his grandfather. Later, he heard that Qin Yuan had gone to the army. He had not seen Qin Yuan for a few years.

“Kid, if you were a little fatter, I really wouldn’t be able to recognize you.”

“And you, kid, don’t always mention your father’s name whenever you something happens! Wasn’t it embarrassing? However, if you hadn’t said something about ‘Father Zhang Erhe’ just now, I really wouldn’t have known it was you, you damned fatty..”
