

## Special Troop 821

### Chapter 821: The Qju Brothers Lost Contact (2)

Green Snake said with a smile.

“I called you just now. You can only blame yourself for sleeping too soundly.” Qin Yuan also replied with a smile.

“That’s right. You’re so tired during the day. If it were you, you would be the same as me.”

Qin Yuan did not answer. Instead, he smiled and patted the other party’s shoulder.

“It’s been hard on you during this period of time. Whether it’s Vivian’s matter, the organization’s matter, or our own matter, it’s all thanks to your full help that we’ve come this far.”

Qin Yuan thanked him sincerely.

“Oh my, it’s rare to get such a positive thank you from Captain Qin Yuan. I’m really flattered.”

Green Snake said jokingly.

“This is my duty.”

Then, he added.

“Yes, I owe Vivian and her father.”

“Actually, I’m also responsible for what happened to Vivian’s mother.” Green Snake’s tone suddenly became heavy.

Qin Yuan had previously learned from Vivian that his mother had also passed away because of his father. However, now that Green Snake said that he was also responsible, things became even more complicated.

The relationship between Green Snake and this family was really too extraordinary.

“I can roughly guess the cause and effect. What you did is not important to me. I am also very sure of your character.”

Qin Yuan said seriously. “Otherwise, I wouldn’t be working so closely with you.”

Qin Yuan smiled slowly.

“I know. I just feel that this is the best time for me to say these words.” Green Snake said slowly.

Qin Yuan did not speak, but listened carefully to the other party’s words.

If I said that it was an accident, perhaps no one would deny it. However, I just can't get over that hurdle in my heart."

The green snake's expression began to become a little painful.

"That was two years ago, before my teacher and I were rescued by Vivian on a mission."

"At that time, I was still a rookie who had just joined the organization. He was my immediate superior, and I had to rely on my teacher to guide me in many things. It was also at that time that I slowly became familiar with him."

' Later, through frequent contact, I slowly got to know my master's wife. It was also from then on that my master's wife's body slowly began to change."

"At that time, Master said that he had gotten his own medicine from a pharmacy outside.

"But both he and I know that the pharmacy was developed by the organization on our own. Moreover, this medicine was personally processed by me before I gave it to Master."

"And the problem is in this process."

"We used to send medicine to Madam once a week, but one day, it was raining."

As he spoke, Green Snake's face revealed an extremely painful expression. It seemed that the current weather had reminded him of painful memories.

"If you're in a bad mood, then don't say anything."

Qin Yuan reminded.

"It's okay. I can hold on."

Green Snake continued.

It was a stormy day, just like now. It was the day I delivered the medicine to Master's wife. As usual, I secretly prepared the medicine for Master's wife in the organization and wanted to deliver it outside."

However, at this critical juncture, the organization suddenly assigned me an important task that must be carried out immediately. I had no choice but to explain the situation to the teacher. The teacher also expressed his understanding and said that he would deliver the medicine himself."

Later, things changed again. Because the teacher himself didn't like to drive, I was always the one driving. This time, I wasn't there, so he could only take a

taxi back to deliver the medicine."

During the process of delivering the medicine, his old illness, gastroenteritis, flared up and he fainted on the way. The driver sent him to the hospital. Although he woke up later, the delivery of

the medicine was delayed. Master's wife's medicine must be taken on time. If it is delayed, the consequences will be very serious."

"It was because of this incident that Master's wife's condition suddenly became very critical, which eventually led to a tragedy."

"Although it's a little far-fetched for me to take responsibility for this matter, I think I also have an unavoidable responsibility."

Green Snake sighed.

"This is not your fault."

Qin Yuan said seriously after listening. "It can only be said to be fate." "Your master's wife will understand you." Qin Yuan comforted her in a deep voice.

"Thank you. I feel much better after telling you this." Green Snake also smiled.

"It's all old and old. I shouldn't have been too long-winded." "No, since we're all friends, we have the right to share." "I'm also very happy to be a qualified listener who can help you." Qin Yuan said with a smile.

The two of them chatted for a while, and the sky gradually brightened.

It was past six in the morning.

The birds on the trees were chirping, indicating the arrival of a brand new sunny day.

"It's morning already! I feel like we haven't chatted enough." Green Snake stuck out his tongue and said.

The two of them stood up and walked on the vast field.

"The length of the chat is not the length, but the depth of the content."

Qin Yuan said with a deep tone.

"Haha, you're the one who said it was deep!" Green Snake laughed.

The two of them went back to the car and ate some

"Can we start setting off now?" Green Snake said.

"Let me see how they are doing."

With that, Qin Yuan sent a message to Qiuming.

However, after waiting for a long time, the other party still did not reply. Qin Yuan hurriedly made another call. It went through, but no one picked up.

"What's wrong with these two? He dropped the ball again!"

Green Snake said in a slightly tense tone.

“It was the same last time. I haven’t learned my lesson this time! I really can’t stand these two anymore!”

The more Green Snake spoke, the angrier he became.

“Don’t be anxious. Don’t be in a hurry to make a conclusion. Let’s first determine what happened to them.”

“There must be a reason why they don’t send messages for no reason.”

Qin Yuan said seriously,

“What do we do now?”

We’ll follow the tracks and see what happened.

“Alright, then let’s hurry up and set off. We can’t delay any longer.”

“Yes.”

With that, the two of them got into the car and immediately set off. Fortunately, the sun was out this morning, and the rain from last night had basically dried up, so the speed of the journey was guaranteed.

The two of them quickly followed the trail of the other party’s car.

When they arrived at the road, they saw two clear black tire marks on the side of the road. Qin Yuan asked Green Snake to stop the car and prepared to check it.

“According to the traces, their car wasn’t slow either. Moreover, it’s very fresh.

It looks like it was left not long ago.”

Qin Yuan got out of the car and looked at the marks carefully. He touched his chin and said.

“Then they should be fine?

” Not necessarily. It’s possible that they’re being threatened by the enemy while driving normally.”

“If that’s the case, we still have a backup plan.”

Qin Yuan frowned.

“This time, we specially prepared a tracker for such a situation. We can find the other party’s location based on the traces.”

As he spoke, Qin Yuan took out a circular pocket-shaped instrument from his pocket.

The green snake widened its eyes. “This is...

His eyes were filled with disbelief.

” This is a tool developed by the great inventor of our logistics company, Lin Xiaoxiao. ”

“It can track the location of the original owner based on the tire marks or other items with traces of the original owner.”

How is it? Isn't it amazing?!”

Qin Yuan looked at the green snake proudly and said.

“If this invention of yours is really so magical, it's much better than the one in the organization!”

Of course. Why would I brag? Let me tell you, the one who defeated Captain

Jin from the logistics company was her peerless invention, the bulletproof plate. ”

Qin Yuan smiled.

Haha, then I must meet this great inventor when I have the chance!”

“Alright, let's use this to find out where the Qiu brothers went.”

As he spoke, Qin Yuan pressed the button on the instrument panel in his hand, and a green dot slowly appeared on the display screen in the middle..

Chapter 822: Sudden Change

“How is it? Any news?”

Green Snake asked curiously.

He obviously couldn't understand the meaning of this icon.

“According to Xiao Xiao's hint, the green dot on it is the location of the other party. ”

“I see. This is similar to the previous indicator.” Green Snake smiled. “No, you didn't observe carefully again.”

Qin Yuan said with a smile.

“Take a closer look.”

The green snake narrowed its eyes and looked again.

Sure enough, after repeated observations, he finally discovered something special.

“There is a number next to this hotel. What does it mean?” The number was 3.

“Could it be that it represents the distance between us and it?”

Qin Yuan smiled and shook his head. ” This represents the opponent's combat level.” “Combat level?”

Green Snake rubbed his head and asked curiously.

“Yes, as the name suggests, it represents the other party's combat strength.’

“I've never heard you mention it before.”

Green Snake said with a smile.

“Of course, this is a secret belonging to our logistics company. How can we casually tell outsiders!”

What Qin Yuan meant was that the green snake was already one of them, so there was no need to be afraid of it.

“Whoa, then I’m really flattered.”

“You can be considered a big helper of our logistics company. You deserve this item.”

Qin Yuan said with a smile. “Then, can we begin the pursuit now?”

Green Snake asked.

” Yes, we’ve basically confirmed their location. They’re about 50 miles east. They’re driving very fast. We don’t know what they’ve encountered, but we have to catch up now.”

“Alright! Hold on tight, let’s go!”

As he spoke, Green Snake started the engine. The car sped away like a gust of wind and disappeared into the road.

The two of them were very fast, and Green Snake’s driving skills were also very good. Although the other party was moving at a speed of nearly 100 kilometers per hour, it was indeed slowly approaching the other party’s position.

According to the radar, the direction of the enemy was not their destination-the nest of the Daybreak Organization.

This made Qin Yuan extremely puzzled.

“What exactly did they encounter? Could it be that Daybreak has found them?”

“Logically speaking, that shouldn’t be the case. Xiaoyan doesn’t know them. No matter what, if they come looking for us, they will look for us first. This doesn’t make sense at all.

Qin Yuan analyzed it carefully and denied this possibility.

“Then what could it be? Even a living person can’t be possessed in broad daylight and be abducted by others, right?”

“They don’t have anything valuable on them. It’s really strange.”

The green snake was very puzzled.

“Robbery is also unlikely. They have guns on them, and no thief can beat them.”

“Now, we can only move forward at full speed and catch up with them to find the answer.”

Qin Yuan lowered his head and said in a low voice.

“Yeah, we’re about ten kilometers away.”

Green Snake looked at the car’s navigation device. It clearly showed that the green dot was slowly moving forward.

“We’ll catch up in about ten minutes. Let’s wait a little longer.”

Time passed quickly, and in the blink of an eye, the speeding car gradually caught up with Qiuming and his wife.

They were less than two kilometers away.

“Slow down slowly. Don’t let them discover us.”

Qin Yuan narrowed his eyes and said in a low voice.

They could use binoculars to observe each other’s situation from a kilometer away, so they did not need to get too close to avoid being noticed by the other party and causing an accident.

Qin Yuan and Green Snake could gradually see the situation of the car in front of them.

The green military vehicle entered their sight.

“I see them!”

“The car is indeed very fast! Can you see the situation inside the car?”

Green Snake asked in a low voice.

Qin Yuan took the binoculars from the side.

“Try to drive steadily. Let me see.”

As he spoke, he picked up the binoculars and placed them in front of his eyes to look at the scene ahead.

The situation in the car slowly entered his eyes.

He only saw Qiuming and Qiuyang in the car, but both of them were sitting in the seats with a straight face. Qiuyang was driving, and Qiuming was sitting in the front passenger seat. The two of them were sitting straight and looking ahead. Qin Yuan could not see each other’s expressions.

Normal people might not be able to see anything unusual about this scene.

However, Qin Yuan clearly sensed something.

First of all, it was impossible for these two people to sit so formally. According to their personalities, this was completely rebellious.

Then, he remembered that Qiuming had been the driver when they set off. Qiuyang hadn’t driven because he had just recovered from his illness.

But now, Qiu Yang was driving. There must be some unknown reason.

Based on the above factors, the current state of these two people was definitely not normal.

“How are they? Is he inside?” Green Snake asked. “Yes, but the situation doesn’t seem right.” Qin Yuan replied.

“Something’s not right. What’s going on?” Green Snake was very anxious. “The two of them are not in the same state as usual.”

“I don’t understand what you mean.”

“Should we chase after them?”

Green Snake asked anxiously.

Qin Yuan thought for a while. Because he did not know what the situation was, he felt that it was better not to advance rashly, so he calmed down and said slowly,

“I think we should follow them and see what they are going to do. It won’t be good if we go up now and alert the enemy..”

Chapter 823: Sudden Change (2)

“Alright, then I’ll maintain this speed and follow them.”

Qin Yuan nodded.

Then, he called He Chenguang and the others to explain the current situation and ask for their opinions.

“What is the meaning of this! I don’t understand! Did he suddenly become a blockhead? And he won’t reply to your messages?”

He Chenguang was confused.

“Yeah, I don’t know if I’m possessed or something. Do you think I should chase after them and find out?”

Qin Yuan asked.

There was silence on the other side.

“I think we should follow them first and see where they go! We’ll act according to the situation!” “But this could also be a trap.” Qin Yuan said seriously. “Yes, this is indeed a dilemma.”

The other party was silent.

“Then we don’t have any good ideas. It’s up to you to choose.”

“And what happened before was your own choice. We didn’t interfere much. If you need any equipment, just tell me. I’ll get Xiaoxiao to bring it to you.”

“Okay, I got it. Thanks.”

With that, Qin Yuan hung up the phone.

After chatting with them, Qin Yuan suddenly felt that it was not good to be led by the nose by the other party. This time, he wanted to take the initiative.

“Let’s chase after them.”

Qin Yuan turned his head and said sternly to the green snake.

“What is it? Should I pay attention again?”

The green snake was puzzled.

“Yes, I was too conservative just now. Although this move was very successful before, now, I think our best method is to control the initiative of the situation.”

Qin Yuan said seriously.

” There were also some situations where we were too passive, so we lost many opportunities to track him. Now, I don’t want to lose any more opportunities.” Green Snake looked ahead and smiled.

“Alright, that makes sense. I’ll listen to you. I’ve always been like this, and this time won’t be an exception.”

With that, Green Snake stepped on the accelerator and rushed forward.

” Trust me, this time, there will definitely be a different outcome.”

Qin Yuan replied with a smile.

Their car was like a sharp arrow that had left the bow, flying forward quickly.

Soon, they quickly shortened the distance between the two cars.

Qin Yuan didn’t listen and dialed the other party’s number, but there was still no response.

“The other party seems to have already known that we’re coming. They’ve also increased their speed!”

Green Snake suddenly said loudly.

“Damn it, hurry up and catch up!”

Qin Yuan frowned.

These two cars were from the logistics company. If the two of them had the same driving skills, it was hard to say if they could catch up.

“I’m already at my maximum speed!”

Green Snake looked at the speedmeter in front of him. It showed 120/H.

“How far is it?”

“About 500 meters!”

“Charge!”

After all, it was Green Snake. Even if they were in the same car, he was more familiar with it than the other party. He drove longer and the distance between the two cars kept shrinking.

They were about to meet.

Green Snake began to honk from behind.

The car almost caught up with the other party, and there was only less than a hundred meters left.

At this moment, the other party suddenly slowed down. Green Snake was caught off guard. The car overtook the other party and rushed forward as if it was flying.

“Be careful!”

Qin Yuan shouted.

Green Snake hurriedly adjusted the speed and direction of the car, and the car slowly came to a stop.

At this moment, an ear-piercing sound came from behind.

“Bang bang! ”

It was a gunshot!

Qiuming and the others were shooting at them again!

“Motherf \* cker, again!”

Green Snake hurriedly stopped the car and prepared to take out his pistol to counterattack.

Qin Yuan looked behind him and saw that the other party had also stopped. He rolled down the window and fired crazily at them with his pistol.

Obviously, just like before, no matter how many bullets they used, it was useless. They could not cause any substantial damage to Qin Yuan’s car.

Qin Yuan was even more puzzled. Although these people were indeed Qiuming and Qiuyang, and Qin Yuan had also seen their faces and confirmed it, their actions were clearly not normal. They had clearly tried it before, and now it was happening again. Could it be that they really did not learn their lesson?

Qin Yuan’s heart tightened. He held the spear in his hand and said to the green snake in a deep voice,

“Get out of the car and catch them!”

“Good!”

Green Snake immediately replied. He had been waiting for this sentence for a long time.

The two of them jumped out of the car and went outside. Before the other party could finish reloading, Qin Yuan took a step forward and fired a few shots at the other party’s feet.

This deterrence was indeed effective. The security guard was so scared that he retreated into the car.

Seeing this, Qin Yuan immediately rushed forward. Before the other party could react, he pointed his gun at Qiuming.

“Don’t move!”

Qiuming’s expression did not change. He did not even look at Qin Yuan. Instead, he sat in the driver’s seat and immediately started the car.

Qin Yuan was very surprised. The other party’s actions were clearly not like a human!

How could he not even look at the other party when he was threatened? He did not even blink! This was simply too strange!

The two of them seemed to be controlled by something. They were completely like two walking corpses!

Green Snake was also dumbfounded. He also pointed his pistol at Qiu Yang. The other party was the same as before. He ignored them and sat in the driver’s seat.

Then, the sound of a car engine rang out. The car slowly started and was about to leave the original place. Qin Yuan’s eyes narrowed as he shouted,

“Knock out their tires!”

As he spoke, he took a step back and immediately fired a shot.

A shriveled sound was heard as the right wheel in front of them was blown up.

Green Snake immediately followed his plan and destroyed the left wheel.

However, the car continued to sway forward. Obviously, the people inside did not stop.

” These two are really possessed. They’re like robots. They can’t stop being controlled by someone else!”

Green Snake hurriedly shouted. “What should we do?”

Qin Yuan quickly thought of a solution.

Now, they couldn’t get into the driver’s seat because they had bitten off the glass. They couldn’t break through with their firepower.

“Let’s take out the rear tires first. That way, they won’t be able to move forward!”

As he spoke, Qin Yuan turned to the back and decisively shot the tires behind him.

After Green Snake blew up the last wheel, the car finally stopped.

“This time, you guys have nowhere to run!”

Green Snake wiped the sweat off his forehead.

She walked to the front with a smile.

The two people inside were like two robots that had lost control. They collapsed on the seats and fainted.

Qin Yuan was shocked. What was going on?

Could it be that after losing control, the person did not have any reaction?

Or did he take some strange medicine and lose control?

Qin Yuan and Green Snake knocked on the car window, trying to wake them up.

Through the glass, one could see that the other party's body was lying on the seat. From the skin, one could see that there was no difference from normal. It did not look like he had been poisoned.

Besides, there was no other way except to call for them from outside.

Unless it was absolutely necessary, they would not destroy this extremely sturdy special glass.

Finally, luck seemed to be on their side. A few minutes later, the two of them slowly woke up.

Qiuming woke up first. He turned his head to look around with a blank expression. Finally, his gaze fell on Qin Yuan outside the window, and he immediately revealed a sober and confused expression.

Qin Yuan pointed at the window switch. Qiuming instantly understood and opened the window.

‘What’s wrong with you guys?!’

Qin Yuan asked with concern.

“Are you alright?”

“What did we just experience? Why are we here?”

The two brothers seemed to be completely unaware of the current situation.

It seemed that the two of them had indeed been unconsciously controlled just now and did not have any memories of that period of time. “Tell me what you know about your experiences.” Qin Yuan frowned..

Chapter 824: A Deja Vu Scene

Our heads hurt. I don't know where we were just now...”

The two of them looked at a loss, as if they had been under the influence of stimulation and their brains were out of control.

“I think the two of them have just survived a disaster. It seems that they can't get anything out of them at once.”

“Why don't we let them rest for a while before deciding?”

Qin Yuan thought about Green Snake's words seriously. It was not unreasonable. People who were mentally traumatized would not be able to recover in a short period of time.

If the reporters questioned them like this, they might get the opposite effect.

Looking at the expressions and language of these two people, they did not seem like normal people at all. It was the best choice to let them rest for a while.

“Alright, but we can't send them to the hospital from our position. It'll take too much time to go back. Let them rest in the car for a while.”

Qin Yuan said in a low voice.

” Yes, we can rest here. There’s a small forest over there. I think it’s fine.” Green Snake pointed at a green bush on the side of the road and said. Qin Yuan nodded and said to the two brothers in the car,

“How do you feel? Can you communicate normally? Why don’t you rest for a while?”

“We feel dizzy and in pain, and we can’t exert any strength.”

Qiuming scratched his head in pain.

“Alright, let’s go to the forest over there to rest. The smell is too strong if we stay in the car for too long. Let’s go over there to breathe some fresh air.”

Qin Yuan pointed at the forest at the side and said.

The two nodded in agreement.

Qin Yuan and the green snake helped the two of them down and slowly walked into the bushes. They helped the two of them sit down to rest.

“How do you feel?”

After sitting for a while, Qin Yuan asked softly.

Qiuming’s eyes were closed as he lay under a cypress tree. His expression was a little more relaxed than before as he slowly said,

“Yeah, I feel a little better. The air here is really fragrant, making me feel like I can’t forget to leave.”

“I feel much better too! My mind isn’t as heavy anymore!” “Have you recalled anything about what happened just now?”

Qin Yuan asked happily.

“No, although I feel better, my head hurts badly when I think of what happened before!”

Qiuming covered his head with a pained expression.

“It’s okay. You guys rest for a while. We’ll watch from here. It’s okay.”

Green Snake comforted him. He knew that the most important thing now was to rest.

Qin Yuan gave Green Snake a look and patted his shoulder, indicating for him to stay here and take a look. Then, he walked out of the forest and drank some water.

The things they had encountered so far could be said to be hallucinatory. They were almost at Xiao Yan’s base, but they still encountered such a strange thing. It was really unbelievable.

It was still not certain if it was done by the Daybreak Organization, but Qin Yuan only felt that the closer he was to the other party’s base, the more mysterious the things he encountered. He had a feeling that all of this was related to the Daybreak Organization. “How is it? Any leads?”

Green Snake's voice came from behind.

"No, all of this happened so suddenly that I was caught off guard. However, after thinking about it carefully, I feel that this matter is very reasonable."

Qin Yuan lowered his head and said silently.

"I have the same feeling. You're not alone."

Green Snake said with a smile.

"I have a very strong feeling. It's as if I'm being controlled by the other party. I can't fight back at all."

"You seemed to have said that you had this feeling before."

Green Snake frowned.

"That's right. That time was during the Overgrown Forest incident. This feeling has already slowly appeared in my heart. Now that I've encountered this matter, this feeling is like a fountain surging in my mind. I can't get rid of it."

"Let's wait for them to wake up. I don't think the current situation is clear. I can't think of anything by myself."

Green Snake persuaded.

"Yes, that's what I plan to do too. For now, this is the only way." Qin Yuan said in a low voice.

"Do you think there might be something fishy about their identities?" At this moment, Green Snake raised a very surprising question.

"Are you serious?"

Qin Yuan frowned and asked.

"Don't show that surprised look on your face. This is a very normal thing. Our organization often does this kind of thing."

Green Snake said in a deep voice.

Qin Yuan fell silent for a while before saying,

"According to my personal judgment, they don't look like spies. Moreover, they were the ones who shot at us first, so I don't think it's likely that they're spies."

"Your analysis is not without reason. However, there is a strategy called the 'sacrifice oneself' strategy. Don't be fooled by the surface phenomenon."

Green Snake laughed.

"You think they're spies?"

Qin Yuan asked.

‘ No, but what I mean is that you can’t have the intention of harming others, but you must be wary of them. You have to be careful of them, especially at such a critical juncture.”

“If anything happens, the first thing to consider is the interests of the logistics company.”

Green Snake said in a deep voice.

Qin Yuan was a little surprised. He did not expect Green Snake to put himself in the shoes of the logistics company and Qin Yuan. It seemed that he was dead set on this place..

Chapter 825: A Devious Scene (2)

“Thank you for your reminder. I’ll be careful.”

Qin Yuan nodded and said.

No matter what the green snake’s goal was, these were all kind reminders from the other party. Qin Yuan would definitely remember them.

Now, he had already regarded the green snake as his capable helper. Qin Yuan would definitely choose to believe him unconditionally.

“It’s getting late. Let’s go back and see how the two of them are doing.”

Qin Yuan looked at his watch. They had been chatting here for five minutes. He could wait, but he had to stay by Qiuming’s side to protect them. Otherwise, something might happen if he was not careful.

The two of them returned to the original forest. The two of them were still sleeping on the spot. Qin Yuan heaved a sigh of relief.

Fortunately, things did not go as he had expected.

“You slept so soundly.”

Green Snake smiled and walked up to the two of them.

“They must have experienced some nightmare. They can sleep so soundly at this time.”

“Let’s wait here. There’s no other way.”

Qin Yuan said.

It was now past eleven in the afternoon. They had been busy all morning, but they had to slow down and take care of the two patients.

Qin Yuan sighed at the frustrations of this plan. The Daybreak Organization was clearly right in front of him, less than a hundred kilometers away, but in the end, he had no choice but to stop and deal with these cumbersome matters.

” We don’t know when they will wake up. What if they sleep for a whole day and night? Do we have to wait for them in this barren mountain wilderness for a whole day?”

Green Snake pouted.

It’s unlikely. It’s unlikely that they’ve slept for so long. After all, they’ve already woken up. It’s not like they’re in a coma. We have to be optimistic.”

Qin Yuan said with a smile.

“That’s true. However, their situation has already affected the progress of our entire plan and even the logistics company’s mission. This is very troublesome.”

Green Snake shook his head and sighed.

“Vivian’s situation will also be affected by a series of factors. It can be said that they are two people who came out of nowhere and directly affected our overall progress. This is too uncomfortable.”

‘ I understand what you mean, but no one can solve this problem. So, let’s talk less and focus on the current situation.”

“If these two people don’t wake up within an hour, then we’ll have to consider giving them medical assistance. This is the principle and style of our post-production company.”

“Hahaha! I didn’t expect you to be so serious and responsible. I didn’t misjudge you! With someone like you supporting the logistics company, how can it not be glorious!”

Green Snake said with a smile.

“You flatter me.”

Qin Yuan smiled.

“No, everyone has witnessed the rise of the logistics company over the years. Everyone knows who contributed to this.”

Green Snake said with a smile.

“Speaking of which, how old was Vivian when you met her father?” Qin Yuan suddenly asked this irrelevant question.

He’s about the age of a university student, about twenty years old. Why?” Green Snake asked curiously.

“No, I just feel that she’s like a different person now. She’s completely different from the person I knew before. She’s grown a lot.”

“Of course. Look at what kind of person her father is. Like father, like daughter. Both of them are outstanding talents. Originally, we had the opportunity to train her greatly this time. I didn’t expect to encounter such a thing. I’m really helpless.”

Green Snake shook his head and said bitterly.

“A person like her will be able to hold up the sky sooner or later. Let’s wait and see. The environment she grew up in now is much better than ours. It’s also much more comfortable.”

Qin Yuan said.

“To put it bluntly, if she can enter the organization and work, without considering other factors, her skills will definitely grow the fastest. The organization will have the best teachers and equipment.”

Green Snake said seriously.

“You’re right, but life can’t be judged by one-sided success or failure.”

” We have to consider a person’s growth environment from a comprehensive perspective. Any single factor is not enough to decide. This is the most important.”

Qin Yuan raised his eyebrows.

“You are right...”

Just as the two of them were about to argue, the Qiuming brothers woke up.

“Captain Qin Yuan, Captain Green Snake...”

Qiuming said softly as he held his forehead.

“Oh, you’re awake! How are you feeling? Does your head still hurt?” Green Snake immediately walked forward and asked in a soft voice.

“It’s alright. It doesn’t hurt as much as before.”

Qiuming said.

“I slept very well just now. I had a dream and I can basically remember what happened before.”

coummg rrownea.

Qin Yuan and green snake held their breaths and looked at him seriously, waiting for him to explain the ins and outs of the matter to them.

“This is what happened. Didn’t I receive a message from Captain Qin Yuan last night? He said that we would rest at night and set off in the morning. I followed his

instructions and woke up at around 7 am. I ate something and prepared to set off with Qiuyang.”

Qiuming’s voice was very soft, but the two of them could hear him clearly because they were close.

Last night, we were resting in an abandoned house. When we came out in the morning, it was the time of spring. The light was very bright. It was only then that we noticed that the house seemed to be inhabited.”

“Someone lives here?”

Qin Yuan could not help but be shocked. There were actually people living in abandoned houses in the wilderness.

“Are they beggars or wanderers?”

Qin Yuan asked.

“I thought it was them at first, but later, we checked the house carefully and found that there were clean blankets and some daily necessities. We concluded that these things were not something that a beggar could afford.”

“But when we woke up this morning, we obviously didn’t see anyone. When we came in last night, we also checked the area, but we didn’t find any traces of anyone.”

“This is very strange.”

Green Snake frowned.

Qin Yuan suddenly had a thought.

It was a familiar scene!

That’s right, when he went to infiltrate the base of Daybreak, there was such a scene!

There were no signs of anyone living in the abandoned house, but Qin Yuan found a hidden secret passage on the wall!

It was very likely that Qiuming and the others had encountered such a

situation this time. It was just that they had not discovered the secret passage!

” After that, we searched the place thoroughly again, but we still didn’t find anything. We could only give up and leave.”

“We saw that it was getting late. If we were to leave late, it would delay your formation. Therefore, we returned to the car and set off immediately.”

” And then you guys had a problem?”

Qin Yuan asked.

How did you know?!”

Qiuming looked at Qin Yuan in surprise.

“This is a very normal script.”

Qin Yuan said with a smile.

“There must be something wrong with the abandoned house you live in!”

Green Snake added. It was obvious that he had also noticed the key point of the matter.

“Yes! After we got into the car, we felt that the breathing in front of our chests was very rapid, and our breathing was a little uneven. It was as if something in our heads was constantly trembling, and our eyes gradually began to hallucinate. It was as if there was a volcano and lava in front of us. Our bodies began to become very weak, and in the end, we slowly became unconscious.”

“You saw it when I woke up. This is the process.”

Regardless of whether what he said was true or not, the abandoned house Qiuming mentioned was obviously similar to the situation Qin Yuan had encountered before, so it was very likely that it was true.

Qin Yuan and the green snake looked at each other, and the green snake nodded to express its agreement.

“It’s most likely controlled by some hallucinogen.”

Qin Yuan said.

Then, he looked at the green snake.

“Does your organization have such a drug that can control people’s hearts?”

‘Yes.”

The green snake quickly answered Qin Yuan’s question..

Chapter 826: Successfully Infiltrating the Organization

“The key is why this happened to the Qiuming brothers. Logically speaking, if there was such a medicine, it would definitely be given to us.”

Qin Yuan voiced out the confusion in his heart.

“It’s possible that the organization’s defense system triggered the automatic defense device, which is why the two of them received such damage.”

Green Snake said seriously.

‘ An automatic defense device?

“Yes, if these abandoned buildings in the wild were built by the organization, they would automatically detect the invasion of the enemy and automatically release

relevant harmful gases to harm the enemy.” “You know, this is the strength of our organization.”

Green Snake said with a smile.

“It’s your former organization.”

Qin Yuan corrected.

“In that case, Brother Qiuming was poisoned by the organization’s neurotoxin, causing him to hallucinate and lose consciousness, becoming a puppet at the mercy of others?”

“That’s very likely.”

Green Snake replied in a deep voice.

“If that’s the case, then why didn’t I trigger this trap when I went in earlier?” Qin Yuan asked curiously.

He had indeed entered similar venues twice before, but he had never experienced this poisonous gas. How could this make sense?

“I don’t know about that. This kind of defense device was placed in the field by someone. Once an enemy activates it, it will automatically be released.

Logically speaking, it won’t distinguish the identity of the other party.” Green snake was also a little confused.

“But what we can be sure of is that they were most likely poisoned by the psychological poison developed by the organization.” “Are there any side effects of these medicines?”

Qin Yuan asked.

“There are no side effects, but they need a lot of time to rest. During this period of time, they won’t be able to participate in the activities with us.”

Green Snake said in a deep voice.

“What a pity.”

Qin Yuan sighed.

“This way, we will have two fewer companions on the journey.”

Qin Yuan’s eyes revealed a wave of sadness.

From Vivian to the Qiuming brothers, only Green Snake and himself were left.

Qin Yuan sighed.

“Looks like we have to set off on our own again.”

Then, he smiled bitterly.

“We feel that our condition is still alright. I’m not as tired as you said.” Qiuming looked at Qin Yuan and Green snake in confusion.

“That’s right. Give us a day to rest. No, half a day. We’ll be back to normal!” Qiu Yang also looked up at them and said.

“Your reaction time hasn’t arrived yet. After a while, you will feel the strong recoil. ”

Green Snake raised his eyebrows and said.

“Is that so? I feel very comfortable and energetic now! I don’t believe that anything will go wrong!”

Qiu Yang stood up and began to walk around.

However, before green snake could answer him, he let out a loud cry and collapsed to the ground. He clutched his chest and was speechless for a moment.

“What’s wrong? Brother?”

“My chest hurts! It hurt badly! It’s hard to breathe!”

Qiuyang’s tone was filled with pain.

Green snake looked at him with a smile and slowly walked over.

“I told you, you guys were happy too early.”

As she spoke, she took out a bottle of green liquid from her pocket and fed it to him.

Only then did Qiuyang recover a little. She panted heavily and lay motionless on the ground.

“That’s strange. Why is Qiuyang fine, but Qiuming is fine?”

Qin Yuan looked at Qiuming in front of him and asked Green snake in confusion.

Because although they were infected with the same poison, Qiuming’s body was smaller, so the damage he received was smaller.”

Qiuming’s eyes widened in disbelief.

‘ There’s actually such a saying?!”

Qin Yuan did not know whether to laugh or cry.

“Qiuyang’s body is stronger, so the virus is more harmful to him. Is that right?”

“That’s right. As for the reason, I don’t know either. This is the effect of the strange medicine in the organization.”

“Then we have no choice but to leave Qiuming behind to take care of Qiuyang.

Let’s go first. We can’t delay any longer.”

Qin Yuan pondered for a moment and said.

‘ Alright, that’s what I thought too. There’s no point in staying here now. The autumn sun will take at least a week to recover. We don’t have time to wait.” Green Snake echoed.

“Then let’s go. Qiuming, send them to a nearby village to rest. Let us know when the situation is better. We’ll come and pick you up when the time comes.” “Okay, don’t worry. Leave this to me. I’ll contact you when the time comes!”

Qin Yuan and Green Snake said goodbye to Qiuming and resumed their journey to the Daybreak Organization’s base.

This journey could be said to be extremely difficult and dangerous. It was really not easy to reach this level.

Qin Yuan and Green Snake returned to the car. As they drove, they discussed their current goal and summarized their previous encounters. “So many things have happened. It really feels like a dream.”

Sitting in the passenger seat, Qin Yuan could not help but sigh.

He had never experienced such an exciting mission before.

“You haven’t experienced enough.”

Green Snake said thoughtfully as he drove..

Chapter 827: Successfully Infiltrating the Organization (2)

“What do you know? You don’t know me at all.”

Qin Yuan said unhappily.

It doesn’t matter if I don’t understand you. There’s nothing you can’t accept. That’s the truth.”

” You’ve only been there for a few days, but I’ve been there for a few years. I’ve experienced all the ups and downs. You won’t be able to experience it.”

Qin Yuan seemed to have mentioned Green snake’s sore spot, and the other party looked sad.

I don’t know what kind of hardship you’ve experienced, but you didn’t comment on things that you didn’t know.”

Qin Yuan frowned and retorted.

“Alright, alright. We’re stopping here. If we continue chatting, we’ll probably start fighting.”

Green Snake laughed dryly.

“Let’s focus on what’s going to happen next!”

Green Snake immediately looked at the navigation system. It showed that they were still more than 50 kilometers away from their destination.

“As long as this matter can be completed, there will be plenty of time to talk in the future. ”

Green Snake laughed.

“We’ll be there in about an hour.”

“If nothing unexpected happens.”

Green Snake added.

“Don’t say that. You’re the only one with a jinx.” Qin Yuan said with a smile.

Time passed quickly. An hour had passed.

This time, they finally arrived at the outskirts of D City, at the familiar entrance.

The two of them drove to the side and secretly observed the place.

Just like before, there were about a dozen guards from various organizations guarding the entrance. They were on guard, as if they had already known that they were coming.

Qin Yuan called the logistics company, Vivian, and Qiuming to report that he was safe.

The two of them came to a hidden forest a few hundred meters away from the entrance.

Green Snake stopped the car and turned off the engine. The two of them got out of the car and hid in the forest. ” This time, they have definitely strengthened their defenses.”

Green Snake said in a deep voice.

“From the posture of these defensive guards, there are at least half as many people as before.”

“Should we follow the old plan and secretly advance?”

Qin Yuan asked.

This time, he planned to use Green Snake, who was more experienced and familiar with this place than him, as a guide.

Of course, it was not because Green Snake was more outstanding than him, but because he had considered the overall situation.

Even though it had not been here many times, Green Snake was still a member of the organization. Even if it had heard rumors, it knew more detailed information than Qin Yuan.

” Yes, it was originally a plan that should have been carried out if the entrance wasn’t so heavily guarded. Now that the defense is even more heavily guarded than expected, we’re even more committed to this policy.”

As it spoke, Green Snake took out a black shirt and handed it to Qin Yuan.

He gestured for him to change. “Let’s wait here until it gets dark. It’s easier to do it at night.”

Green Snake said softly.

Qin Yuan nodded.

This was a very prosperous forest, and it was just right to the entrance of the other party. It was not far, not close, and it was the best place to hide. It could ensure that they could observe the other party's movements while maintaining their own safety.

There were still five to six hours until night time. The two of them were paying close attention to each other's situation, Fortunately, the other party did not notice their existence. As usual, they were changing shifts and patrolling.

Soon, it was past eleven o'clock at night. The surroundings were dark, and only a faint street lamp was lit at the door. It was very quiet, and even the guards guarding the door were silent because of boredom.

"Our chance is coming."

Green Snake wore night vision goggles and observed the other party's every move as he slowly spoke.

"I'm ready. Are we leaving immediately?"

Qin Yuan carried a small bag and held a portable pistol in his hand. He wore a black mask and replied in a low voice.

"Yes, in half an hour, it will be their night shift change time. By then, the number of people watching will be reduced by one-third. There will only be about ten people. That way, it will be easier to make a move."

Qin Yuan nodded.

The two of them did not stay where they were. Instead, they slowly groped their way forward in the darkness. They were only a few dozen meters away from the door.

There was an open space between the forest and the door. If the two of them went over like this, there was a high chance of being discovered. Green snake gave Qin Yuan a look, indicating for him to follow.

Green Snake turned a little to the side and walked to a position behind the slope. This was the blind spot of the other party's vision. Although the distance was a little far, it could guarantee their absolute safety.

They slowly groped their way over the slope. Soon, the two of them arrived at the back of the door.

"We're here."

Green snake stopped and said to Qin Yuan in a deep voice.

"I'll go over first. When you see the green light on my hand, rush over immediately. Don't care about anything, understand?"

Green Snake said confidently.

"Yes."

Green snake flashed and quickly rushed forward, disappearing into the night.

Qin Yuan was secretly surprised. He did not expect this green snake to be so agile. It was still very reliable at such a critical moment.

It was a wise decision to bring him here this time. Moreover, his contribution to the logistics company had already surpassed most of the people in just a few days. If he returned successfully, he would definitely be given a grand reward. Qin Yuan's gaze was fixed in the direction where Green Snake had gone. He first used a silenced pistol to accurately destroy the camera above the street lamp, then agilely shuttled back and forth among the more than ten guards. In just a few dozen seconds, he had cleanly annihilated all the guards.

Then, they heard a gunshot and a green light appeared in the darkness.

Qin Yuan immediately stood up and rushed over. In the darkness, he rushed to the door as fast as he could.

Green snake was already waiting for him.

Although he had just experienced a large-scale battle, there were no traces on his body. Instead, he maintained his clean and dignified clothes.

"Not bad."

Qin Yuan smiled at him and said.

Let's go in quickly. There are cars inside and the last wave of soldiers at the station. Once we get rid of them, we can go straight to the main point."

Green Snake said as he wiped the sweat off his face.

"Yes, thank you for your hard work. Let's go."

Green Snake took out the key he had found on the soldier from his pocket and opened the door. After the two of them entered, they closed the door and quietly moved in.

It was pitch-black inside, even darker than the outside. There was not even a trace of light.

"Why is it so quiet here? There's not even a person or a lamp?"

Qin Yuan asked curiously.

Because it's night time now. The last time you came here, it was daytime. There was still some light coming in from outside. There are no lights here at night. We have to rely on our intuition to find the bus stop."

Green Snake said in a deep voice.

"Do you know the route?"

"I don't know."

"Then aren't we looking for a needle in a haystack? I remember that this place is very big, and there are many unknown areas. There are even bats and monsters that you raise. It's a waste of time for us to search aimlessly!" Qin Yuan said in distress.

"I didn't expect there to be such a hurdle. I really miscalculated."

Don't be anxious. Although I don't have a specific route, I know a rule. The station usually makes a horn sound. Although the eyes can't see clearly, you can use your ears to determine the direction."

Listen carefully. You'll definitely hear something related." Green Snake said seriously.

With that, the two of them quieted down and listened carefully.

After a while, as expected, Qin Yuan heard a faint whistle.

"I heard it."

Qin Yuan said happily.

"Southeast! "

With that, Qin Yuan began to walk over.

"I heard it too. That's right, it's in this direction!"

Green snake followed Qin Yuan and walked inside.

"Why can't we turn on the lights?"

Qin Yuan asked in a deep voice as they walked.

"As you said just now, there are areas that we don't know about. Firstly, it's for safety. Secondly, the beasts in these organizations are hungry at night. We have to keep a low profile. We can't turn on the lights to attract their attention."

Green Snake said as he walked..

Chapter 828: Step by Step

"I see. If that's the case, how long will it take us to walk there?"

Qin Yuan asked.

This was no longer part of his plan. His previous plan had completely failed. Now, he could be considered to be taking one step at a time.

"What's this?!"

As he walked, Qin Yuan saw phantoms flashing with a strange green light in the dark environment in front of him and exclaimed.

"Don't move! That's a Lake Spirit Lizard!"

Green Snake said in a low voice. "Lake Spirit Lizard? What is it?"

"A very dangerous creature."

"Let's not get close to them. We'll walk slowly from the side."

Green Snake said in a deep voice.

Hearing Green snake's words, Qin Yuan subconsciously observed and sniffed the other party's Phantasmal Shadow carefully. As expected, he felt a foul smell and a faint low hum.

"Just leave. They won't attack others."

The two of them remained silent as they slowly followed the whistle from the station.

After walking for about a minute, the two of them walked out of the lake spirit lizard's territory.

"I've never seen such a creature before. It's too rare!"

Qin Yuan heaved a sigh of relief and sighed to himself.

How many secrets did this organization have?

"This is the organization's largest breeding ground. All the exotic beasts are here. This is only a small portion of them. Don't be too surprised."

Qin Yuan ignored him. This was only his own opinion. He did not look at the problem from the perspective of others.

These things were simply ferocious beasts to the people outside.

The two of them passed through the lake spirit lizard's breeding ground and arrived at an unknown area in front of them.

There was a strong fragrance around the place, like countless peonies.

"Where is this place? Why is the fragrance so strong?"

Qin Yuan asked curiously.

A front room that led to the Inner Hall actually had so many names. It really made people feel strange.

"This is the organization's object cultivation room. It's a place that specializes in cultivating plants for the organization to use as research samples. It's a very secret location."

"I didn't expect that we would actually be able to walk to this place. It feels like we've deviated from the direction of the station."

Green Snake frowned.

"Why? We were clearly following the sound. Why did we deviate from that direction?"

"I'm not sure about that either. My judgment just now was just my personal intuition. There's no actual evidence. If I'm wrong, there's nothing I can do."

Green Snake stuck out his tongue and said.

Qin Yuan did not answer and showed a noncommittal expression.

"Don't make sarcastic remarks. If we fall here, you won't be able to escape either."

Qin Yuan curled his lips and said.

"I know. I've already tried my best. Moreover, I've already mentally prepared myself before coming here. I don't plan to return successfully this time."

Green snake changed its leisurely attitude from before and became very serious.

"I understand what you mean. Let's not talk about this first. The most important thing now is to find the right path." Qin Yuan interrupted him and expressed his opinion.

"Do you have any ideas?"

Green Snake asked. He was probably at his wit's end.

"You just said that this is the place where the organization cultivates plants and animals, right?"

"That's right, but what's the point?"

"If what you said is the same, then there must be sentries here to guard them.

Otherwise, how can they be fed and maintained? Don't you think so?" "It would be too troublesome if they were sent out from the base camp."

After hearing this, Green Snake lowered his head and thought for a moment before saying.

"It's not impossible, but this is my first time here, so I can't be sure. If you want to try, I won't object. It's just that I can't guarantee success." "Other than this method, do you have anything else?"

Qin Yuan questioned.

"Instead of sitting here and waiting for death, why don't you seek a breakthrough?"

"After all, we have no way out."

"There's nothing wrong with your idea. I'm just worried that if we run into them, how should we retreat?"

"This isn't something we should be thinking about. You can't even walk, yet you still want to fly."

Qin Yuan smiled bitterly.

"Well, since you've already decided, then I have no reason to back out. After all, I will support you unconditionally."

Qin Yuan nodded at him to confirm.

"There's no need to be so pessimistic. We won't die in such a place. This place isn't that dangerous."

Green Snake shrugged.

The two of them continued to move forward. Just as Qin Yuan had said, after searching the nearby area for a while, they found the rescue station here.

It was a supply station for animals and plants.

This small spot was not difficult to discover because it emitted a faint light from afar.

“Looks like this is the way.”

Green Snake said in a deep voice.

The two of them came to a position less than ten meters away from here.

There was a faint light inside, but there was no one outside. It seemed that they were on night duty inside.

“Charge in directly?”

Green Snake asked softly.

‘ Yes, there aren’t many of them, and they’re all inside. We have the best chance now that it’s midnight.”

“Okay, I’ll count to three. Let’s rush in together.”

Green Snake narrowed his eyes and said..

Chapter 829: Step by Step (2)

Then, he first raised his head to look above. After confirming the location of the cameras, he repeated the same trick. After cleaning them up with a silenced pistol, he turned around to look at Qin Yuan and said,

“Three, two, one.”

The two of them quickly disappeared from where they were and rushed towards the other party’s door. They appeared at the door in about ten seconds.

The two of them broke in without hesitation.

Sure enough, two people were looking at their phones on the table. When they heard the sudden sound, they were shocked.

‘ Who are you?!”

Seeing the two men in black suddenly flash in, the two of them felt that something was wrong.

The other person raised his pistol and prepared to attack Qin Yuan and Green snake.

However, how could he be a match for the two of them? Before he could react, Qin Yuan had already flashed behind him. With an elbow strike, the other party fell to the ground.

Green snake did not stay idle either. In just one round, it finished off the other person.

The two of them did not kill each other. Instead, they beat each other until they lost their fighting strength.

Green Snake picked up one of them and said to him, "Tell me, which direction is the bus stop?"

His tone was very calm, without the slightest panic.

"Who are you? Why would he appear here?"

This person was very frightened. Clearly, the appearance of Qin Yuan and the other person had greatly exceeded his understanding. ' Answer me. I won't repeat myself a third time. Don't try to test my patience."

Green Snake's voice was very low as he spoke word by word.

"I... I said, don't kill me!"

The soldier was obviously frightened, and his voice was very soft.

"It's in the west, about a kilometer away..." The man said in a trembling voice. "You idiot! Do you think they will let us go?"

Another soldier said in surprise.

Indeed, even if Qin Yuan and the others knew the information, they would not let the two of them off because they could not guarantee that they would keep their mouths shut.

However, Qin Yuan was a member of the logistics company after all. He did not advocate killing. He had his own ways to deal with such a situation. Qin Yuan knocked out the two soldiers with two swooshes.

"Just lie down."

"How are we going to deal with them? Don't tell me you want to keep them here for too long?"

Green Snake asked.

" Whether they live or die will expose our whereabouts sooner or later. There's no difference."

"Lock him in the basement and lock the door."

Qin Yuan said in a low voice.

Heh, you're really something. Your unique way of handling things."

Green Snake said with a smile.

The two of them moved everyone into the basement.

He returned to the outside.

"Let's go in the direction he said. Definitely."

' Yes, it's a kilometer's journey. At our speed, we should be able to get there in about ten minutes."

“Let’s hurry up. I didn’t expect that we would need so much time to travel after entering.”

Qin Yuan frowned.

It’s been almost an hour, but we haven’t even reached the entrance yet. What a failure.”

Qin Yuan sighed.

“We’re just following the steps. We can’t rush this kind of thing. The more we rush, the easier it is to make mistakes.”

Green Snake said with a serious expression.

“Whoa, it’s hard to imagine that these words came from our Green Snake Great Captain.”

“You’ve always given people the impression that you’re the brave and impulsive type. I didn’t expect you to come and persuade me now.” Qin Yuan raised his eyebrows. “I’m just giving you a suggestion. I don’t mean anything else.”

Green Snake said softly.

“I still know who’s the boss here.”

“You don’t have to be so nervous. If you have anything to say, just say it. I will absorb your excellent opinions. Don’t think of me as an unreasonable fool.” Qin Yuan said in a low voice.

Alright, that’s enough nonsense. We should set off. Time waits for no one. I wonder what kind of danger is waiting for us ahead.”

Qin Yuan said as he led the way and walked towards the west station.

Green snake naturally followed behind, silently walking over.

After a while, the two of them did not encounter any difficulties and arrived at the organization’s shuttle bus station.

As he had been here once before, Qin Yuan was quite familiar with this place.

The environment was the same as before, but it was night now, and the line of sight was much worse than before.

Moreover, the other party did not have so many heavy guards. It seemed that his and Green Snake’s stealth this time was completely undetected by the other party. The plan was still going smoothly up until now. “Look, there are only two people guarding the door.” Green Snake slowly came forward and said.

“I remember there were five or six people last time.”

“We can’t be too relaxed. Perhaps this is a trap deliberately set by the other party.”

Qin Yuan said in a low voice.

“Since we’re already here, we can’t just not go in, right?”

With that, Green Snake was about to lead the way in.

“I didn’t say we’re not going in. This is our second time here, so we’re quite familiar with the situation inside. In your opinion, is there a possibility of an ambush inside?”

Qin Yuan asked softly.

” I don’t think so. This is just an ordinary ferry station. Usually, it’s a place with a very dense flow of people. It’s now midnight. If there’s an ambush, it’s too unreliable.”

Green Snake analyzed.

“If you feel suspicious, we can act separately. I’ll go in first. I’ll call you when it’s safe.”

“What do you think?”

Qin Yuan lowered his head and pondered for a while.

“Alright, this is a safe method. As the saying goes, the safest place is the most dangerous place. We have to be even more careful at the last stage.”

Qin Yuan said in a low voice. “Alright, you’re really thoughtful.”

Green Snake nodded.

Then, he walked quietly to the station gate.

As it was night, there were no lights outside. It was dark all around. Qin Yuan could not see the direction Green snake was heading in. He could only tell from the sound that it was walking.

Everything was very quiet and peaceful. There were no accidents. Green Snake entered the station safely.

After entering, he heard a faint sound.

Then, there was an even more violent sound, and finally, it returned to silence. A few seconds later, Green snake stuck its head out and whispered to Qin Yuan,

“It’s done. It’s safe.”

Then, she gestured for him to come in.

Qin Yuan immediately understood. He stood up lightly and strode into the station.

When they entered, the light had already been lit by Green snake. It was a blurry warm light.

Through the faint light, Qin Yuan could barely see the situation inside.

The people lying on the ground were all soldiers of Daybreak in white. There were roughly more than ten of them.

“This is...

Qin Yuan was surprised. The number of people was obviously completely different from what they had expected.

“Why are there so many people? Is there an ambush?”

Qin Yuan asked in a low voice. “I don’t think so.”

Green Snake said calmly.

“Because these soldiers are not armed. They are usually scouts, also known as security guards.”

“The reason why there are so many people is probably because people from other departments have come to visit.” Green Snake speculated.

“Yes, your hypothesis is more likely.” “It doesn’t seem to be targeting us.”

“Did you take care of them?”

“Yes, they just fainted. There’s a basement below, so it’s not a problem to put them there. Let’s find a car and enter the main building now.”

Green Snake said in a low voice.

“The garage is at the back. There are many shuttles down there. I went to take a look just now. It’s completely drivable.” “Will we be discovered if we drive their car?”

Qin Yuan voiced out the doubts in his heart.

“It’s possible, but it’s midnight now, so the possibility is not high. Moreover, if we don’t drive and choose to walk, it’s a very stupid choice. Because this place is more than ten kilometers away from the main nest. It’s impossible to reach it by tomorrow morning. That would be even more troublesome.”

Green snake analyzed seriously for Qin Yuan..

Chapter 830: The Unexpected Guy

” Yes, I remember now. Last time, it took us almost an hour to get to Dong Zhejun’s lair.”

“Alright, let’s set off tonight and try to reach our destination before dawn.” “ I hope that I won’t encounter too many difficulties before that.”

Qin Yuan also agreed with Green Snake.

After saying that, the two of them did not linger or hesitate. They tied up all the soldiers and locked them in the basement. Then, they immediately left the place and went to the parking lot at the back to get their cars.

They chose a jeep that was relatively full of fuel and left for their final destination, the organization headquarters.

The jeep drove in the dark night, and the surroundings were silent. Only the dull sound of their engines slowly echoed in the night sky.

This time, Green Snake was driving again. Their speed was not fast, but gradual.

They were moving slowly at a speed of about 30 kilometers per hour.

First of all, they were advancing in secret, so they did not dare to drive too fast, or else it would increase the risk of being discovered.

Secondly, they were not far from Dong Zhejun's White Pheasant Tower. Even if they drove at a speed of 30 kilometers per hour, they could reach it before dawn, so they did not need to rush.

In other words, he could study the next step of his plan and action on the way.

"It's time for us to do something big. It feels like we've been silent for a long time."

Qin Yuan sat on the chair and checked the recent information about "Xiao Yan".

"Isn't the goal this time to save the old master? Is this considered a big undertaking?"

Qin Yuan smiled and said,

"This will depend on our luck. For this operation, I've put everything on the line. "

"Who isn't? I've already abandoned my identity for this matter."

Green Snake said, unwilling to be outdone.

' We don't have to be so conflicted. Completing the last thing that needs to be done is the greatest contribution to the logistics company."

"Haha, will this be our last cooperation?"

Green Snake smiled and asked thoughtfully.

" Who knows? Let's just treat it as the last time. No one can predict what will happen after that. However, our current situation is definitely the most dangerous one I've ever been in."

Qin Yuan raised his eyebrows and said.

This was indeed a difficulty that he had never encountered before. This series of events even made him a little dizzy.

"What happened? Why do I feel like you're not confident in what you're doing

The green snake saw the doubt in Qin Yuan's heart and said.

"No, it's just that I've been through too much, making me feel that things are getting more and more difficult."

' And without Vivian's help, we're like cutting off an arm. Do you understand this feeling?"

Qin Yuan frowned.

It's alright. Vivian is just a fledgling little girl. If you really rely on her, it's a little too much."

Green Snake asked in confusion.

"No, you don't understand what I mean. I mean that it's best if Vivian can come to the scene. I don't need her ability to help us much. This matter is very important to her. If she can see her father at the last moment, it will be a very satisfying thing. However, all her fantasies can only turn into bubbles now."

Qin Yuan sighed.

"Yes... There's nothing we can do about it."

The green snake tacitly agreed, and a regretful expression appeared on its face.

"I know her as well as you do. She inherited her father's personality and is very strong. No matter what she does, as long as she has decided on it, she will do it without hesitation, even if she ends up being injured all over."

"I don't know if this personality is good or bad. In short, we can't help much.

Being able to bring her back smoothly is the greatest comfort to her."

"Sigh, in the end, it's really fate."

Green Snake sighed.

Just as the two of them were chatting, a white light suddenly appeared in front of them. It looked very strange in the slow speed of the car.

"What is this?"

Qin Yuan asked curiously.

"Slow down!"

Green Snake hurriedly slowed down.

The speed of the car had changed from 30 to 20. It was so slow that one could almost see the surrounding scenery clearly.

Nearby was a place where sisal grass stood tall on the ground. The two of them were a little surprised. According to the instructions of the people from the organization just now, this was the right path.

However, the dark light in front of them was approaching them bit by bit, as if telling them that this matter was not that simple.

"What is this?"

Although they were only a few dozen meters away from each other, the two of them still could not see what the other was. "I don't know."

“I’ve never seen or heard of this thing.”

Green Snake replied in a deep voice.

Green Snake gradually stopped the car at a distance of only 30 meters from the other party’s object, forming a confrontation with the other party.

“This is really f \* cking weird! This place!”

Green Snake sat in the car and patted the steering wheel.

“What should we do now? This thing is blocking the middle of the road. We can’t move or not move!”

Green Snake looked at his watch. It was already past five o’clock in the morning. In another hour, it would be dawn. At that time, it would be even more difficult to move.

Qin Yuan frowned as he stared at the other party’s “object”..
