

Special Troop 831

Chapter 831: The Unexpected Guy (2)

He was also very confused. When he went to the base previously, he had never seen such a thing, nor had he passed by a road full of sisal. This journey was too strange.

When faced with the unknown, people would always feel an unknown fear.

Qin Yuan did not know what to do for a moment. The two of them quietly confronted each other in the car.

The air seemed to have started to solidify, and the sound of their breathing clearly spread to every corner of the car.

However, this atmosphere did not last long. A few minutes later, the white light in front of him began to tremble like a ball, and then slowly squirmed backward.

That's right, it was Squirming!

It moved very slowly, like an injured worm, crawling slowly.

The two of them still could not tell what the other party was.

Although the other party had made a move, they did not dare to act rashly. They could only stare at the "object" in front of them to see where it was going.

The white object slowly moved backward in front of the two of them, making a rustling sound. It was very loud, and the two of them could hear it through the car window.

Qin Yuan and Green snake did not even dare to breathe loudly. They watched helplessly as this thing slowly moved back and disappeared from their sight bit by bit.

"Is this some kind of f * cking weird thing that the organization is secretly raising?!"

After that thing slowly disappeared from his sight, Green snake spat and cursed.

"What should we do now? Although that thing went that way, that's our way forward. If we continue forward, we'll definitely encounter that thing!"

Green Snake frowned.

Qin Yuan also knew what he meant. He was also a little afraid of this unknown object, but now they had no other way out. If they continued to stagnate, they would definitely fail.

Instead of waiting for death, it was better to advance with all his might and try to break through. Perhaps he could still make a difference.

Thinking of this, he gritted his teeth and said fiercely,

"We have no other choice now. Whether we are humans or ghosts, we have to go through it. Otherwise, our trip here will be in vain!"

His tone was firm.

Green Snake also saw the determination in his eyes and echoed in a deep voice,

” I knew you were like this. This decision is within my expectations. I was waiting for you to say this. As long as we work together, nothing can stop us!”

“Continue to charge forward according to the original plan! Don’t worry about anything else. If they dare to stop us, they’ll have a taste of our bullets!”

Green Snake clenched the submachine gun in his hand.

Green Snake made up his mind and stepped on the accelerator, driving towards the chicken wing.

Now, due to the sudden incident, he had increased his speed to about 50 kilometers per second. This way, according to the original plan, it would only take him about ten minutes to reach his destination.

What made them feel strange was that they didn’t encounter that object again as they drove forward. The road was smooth and comfortable, and no accidents happened again.

“That thing must be afraid of us! You must be hiding!”

Green Snake laughed as he drove.

“Don’t let your guard down too much. Stay calm and alert at all times. We’re almost there.”

Qin Yuan reminded.

Soon, the two of them successfully arrived at the entrance of the White Pheasant Tower. It was a large stone door, which was the foundation of the entire tower.

The two of them stopped dozens of meters away from the entrance of the station. Green Snake’s gaze circled around the tower a few times. Then, he retracted his gaze and said to Qin Yuan calmly,

“This time, there are many guards. There are at least twenty of them.”

“Could it be that they discovered us?”

Qin Yuan frowned.

” It’s possible. Normally, there wouldn’t be so many guards at the door. Whether it’s because of us or not, this is definitely not normal.”

Green Snake said in a deep voice.

Qin Yuan looked at the time. It was almost six in the morning. Green Snake was right. Normally, there should not be so many guards at this incident point.

“Then what should we do? Isn’t it a little irrational to charge forward this time?”

Qin Yuan asked in a low voice.

“Yes, we have to think of another way. With such a scale of defense, it’s definitely a bad idea for us to barge in.”

However, the two of them could not think of a suitable solution for the time being. After all, before they came, they did not expect to encounter such a situation.

Everything would depend on improvisation.

"If only Vivian was here."

Green Snake sighed and said,

"She might be able to help us divert some of the guards' attention."

When Green snake said this, Qin Yuan had an idea.

Attract attention?

Then the two of them could use this method now!

Although it was very likely that only one person would enter in the end, it was still a hundred times better than wasting time on the spot!

Qin Yuan pushed Green snake's shoulder with his hand and said in a deep voice,

"What did you say just now? Split up? Attract attention?"

Green snake looked at Qin Yuan suspiciously.

"What do you mean? No way!"

Qin Yuan looked at Green snake expressionlessly, and a trace of seriousness flashed across his face.

"That's right, that's what I meant."

"Unless you think of a better way."

"Our goal will never change. As long as we can achieve this goal, I will not hesitate to take any extreme measures."

Green Snake revealed a relieved expression. He closed his eyes and pondered for a while before slowly opening his mouth.

"I understand. Although this method is risky, it's the best choice now."

After saying that, he sighed.

"I'll lure them away, you take the opportunity to barge in. I'll leave the rest to you."

Qin Yuan's eyes were like torches as he looked at Green snake. He wanted to confirm the other party's determination on this matter.

"If you have the confidence to save the old man, I can be your bait."

Qin Yuan looked at Green snake and said in a deep voice.

"No need. You are the hope of hundreds of people. They all think highly of you. I'm just an ordinary officer. This is what I should do. This is the right choice."

Green Snake waved his hand and pushed Qin Yuan away. He got out of the car and walked over slowly and resolutely.

“Remember to say hi to the old master for me.”

Green Snake turned around and smiled at Qin Yuan.

Qin Yuan looked at the other party silently, his eyes revealing a firm expression. He understood how much expectation this sentence carried.

Qin Yuan stared at Green snake’s back, watching it slowly shrink in his eyes and gradually disappear.

However, just as there was only a trace of a figure left, something unexpected happened. The white phantom that he had seen on the road earlier appeared beside Green Snake!

Qin Yuan was shocked. He immediately got out of the car and ran over like the wind.

At critical moments, people could always erupt with amazing energy. Although he was dozens of meters away from Green snake, Qin Yuan was behind Green snake within five seconds.

“Green Snake!”

Qin Yuan shouted from behind.

Green snake in front of him quickly responded.

He turned his head and Qin Yuan saw that his face was actually calm.

Green snake placed a finger vertically on its lips, indicating for Qin Yuan to be quiet. Its other palm slowly descended from top to bottom, indicating for Qin Yuan to be calm.

Qin Yuan was very puzzled. He turned his head to look at the white phantom beside Green snake.

It was Phantom, but at a close distance, Qin Yuan finally saw her face clearly!

It was a huge snow-white wolf!

Qin Yuan could not help but be shocked!

Where did this beast come from?

Moreover, he didn’t have any hostility towards Green snake?

With heavy doubts, Qin Yuan asked Green snake in a low voice,

“What’s going on?”

” I don’t know either, but I can guarantee that this guy has no hostility towards me.”

Green snake’s voice was very gentle, and its other hand was constantly comforting this unfamiliar ‘visitor’.

Chapter 832: This Is Interesting

Qin Yuan looked at the sudden scene in front of him and did not know what to say. He was very surprised.

This big white wolf seemed to be very close to Green snake, as if it was very doted on.

“What just happened?”

After a while, Qin Yuan slowly came back to his senses and asked in a deep voice.

“You might not believe it, but it saved me just now.”

Green Snake said with lingering fear.

“What?”

Qin Yuan was a little surprised.

“It’s like this. You saw me being attacked by it just now, right?”

“Actually, that’s not the case. When I came here just now, I was hit by that thing. It saved me.”

As it spoke, Green snake looked at a black object at the side.

Qin Yuan looked in his direction and saw a large object that looked like a jackal on the ground. It was lying on the ground motionlessly. He did not know if it had fainted or was already dead.

He suddenly understood what had happened. The jackal had attacked Green snake first, and then the white wolf had suddenly appeared and taken care of the little jackal.

“He really is a spiritual animal!”

” Then the question is, why is it so nice to you?”

Qin Yuan asked curiously.

“To be honest, I don’t know either.”

Green Snake was also a little confused.

“We don’t care about that anymore. In short, it’s helpful to you now, right? Let’s borrow this power. It might help us break through the danger.”

Green Snake said as he patted the white wolf’s head.

“With it, we can give up our previous strategy. With its help, we don’t have to be afraid of these guards anymore!”

“I thought of that too. But is this a feasible solution?”

“After all, we know nothing about this strange creature.”

Qin Yuan said helplessly.

“Do we have any better ideas?”

Green Snake laughed bitterly.

That’s right, they were now completely isolated and helpless. If they did not rely on living strength, what else could they rely on?

This was their only life-saving straw!

” I just feel that this kid can bring us good luck. It’s just my intuition. There’s no basis for it. But this is the so-called fate!”

Green Snake said seriously.

Qin Yuan thought seriously for a moment and said in a calm tone,

“Then what do you think it can help us with?”

Green snake thought about it seriously and shook its head helplessly.

“Let’s see what abilities he has now.”

“Sure, let it charge first. We’ll watch from the back.”

Green Snake laughed.

” Good idea. We can test its loyalty.”

Qin Yuan revealed a smug expression.

Then, Green snake placed its hand on the big white wolf’s face and carefully stroked its face and fur, trying to calm its uneasy emotions.

The big white wolf immediately showed a very obedient expression. It lowered its head and snuggled up to Green snake, looking reluctant.

A few minutes later, Green snake seemed to have learned some technique. Its attitude towards the big white wolf was very sincere. The two species seemed to have known each other for a long time, and their movements were very tacit.

After that, Green snake stroked its back and whispered a few words behind its ear. Then, the big white wolf seemed to have immediately understood and quickly ran out of the place, running towards the guards at the door.

“You are also a beast tamer.”

Qin Yuan said with a smile.

“This is a communication method I learned from the puppy at home when I was young. I didn’t expect to be able to use it now.”

Green Snake said with a smile.

“Hahaha, you can control it now?”

” I just conveyed my intentions to him. He’s very sensible. Right now, he’s carrying out our mission.”

Green Snake said proudly.

“You mean to let it distract the enemy so that we can enter smoothly?”

“Yes.”

“I want to see the strength of this bait.”

After Qin Yuan finished speaking, he stood where he was with his hands behind his back and looked at the big white wolf’s back with a smile.

“Then we’ll just sit here and watch the tigers fight. We’ll wait for an opportunity to charge in.”

“Don’t forget, it was this thing that gave us a big fright.”

The two of them watched as the big white wolf rushed into the enemy’s formation like a meteor. When the enemy soldiers saw this strange creature, they were also very frightened.

” What’s that?!”

The soldiers in front shouted.

When he was only a few meters away from the big white wolf, he finally saw that it was a huge white wolf.

The soldiers were all panicking, but there were still many people who came out of the house to watch this strange creature.

The big white wolf faced these fully armed soldiers and let out a low whimper. Its muffled sound spread to every corner of the scene.

The soldiers also realized that this creature was not friendly to them. Some soldiers had already taken out their pistols and pointed them at the big white wolf, becoming vigilant.

Soon, the big white wolf made its move. It jumped onto the soldier at the front. The latter let out a miserable cry and fell to the ground. Dark red liquid began to seep out of his body.

“What’s going on? This thing is attacking people!”

The soldiers beside him began to shout, then took out their weapons and prepared to attack the big white wolf.

However, the latter had clearly come prepared. The big white wolf had already prepared for the next move. Before the person could react, it flew around like the wind. It was clearly a speed that the soldiers could not keep up with.

Chapter 833: This Is Interesting (2)

The big white wolf flew back and forth on the spot, gradually leading the soldiers away from the door of the scene.

At least half of the soldiers, more than ten people, were attracted in its direction.

Qin Yuan and Green Snake’s eyes narrowed, and their hearts tightened. They knew that this was the best time to break in. The two of them looked at each other and immediately sneaked towards the door from the dark.

Under the dim light, the two of them quickly reached the door.

At this moment, there were only a few people guarding the door. There were still many soldiers pouring out of the house, attracted by the big white wolf.

“Charge directly?!”

Green snake asked Qin Yuan in a deep voice.

“Yes.”

Qin Yuan replied softly.

He took out a projectile from his pocket and fired two shots at the two people guarding the door. Two muffled sounds rang out at the same time, and the two people fell to the ground.

Qin Yuan then rushed into the room and hid behind the door. Green Snake followed closely behind. The two of them hid behind the door. The light at the door was also very dim, so no one noticed them.

“Hu! Now, we’re completely in.”

Green Snake heaved a sigh of relief.

“I wonder how my comrades outside are doing.”

Qin Yuan frowned and asked.

“Don’t worry, those shrimp soldiers and crab generals can’t do anything to it. Otherwise, it wouldn’t have been able to stay here for so long.”

Green Snake replied with a smile.

“Hmm, what should we do next?”

“Only Dong Zhejun knows where Old Master Yang is. Shall we go and find him directly?”

“Looks like this is the only way now.”

“After all, we will have to face him sooner or later.”

Qin Yuan said in a low voice.

Actually, he had already prepared for this before coming here. It was just that the current time and situation made him a little worried.

It was a pity that Vivian and some of the other members of the logistics company did not come.

“Then let’s follow the previous route and find Dong Zhejun’s nest directly.”

Green Snake said in a deep voice.

” Hmm, you’re still recording the route, right?”

“Of course, I was brought in by someone. I wasn’t blindfolded.”

Green Snake laughed.

As he spoke, he looked around. Although the two of them were in a blind spot, they could still tell that there were many soldiers nearby from the sounds they heard.

“Before we meet Dong Zhejun, we must not expose our whereabouts.”

“So, we can’t stay here for too long, and it’s best to avoid their sight.”

Qin Yuan said in a low voice.

” Understood. This is a secret operation. Even if we can save them, Dong Zhejun won’t want to see them.”

Green Snake added.

Qin Yuan nodded.

The two of them cheered each other on and then prepared to start the next step.

Qin Yuan seized the opportunity and appeared behind a soldier who was patrolling beside him. He slowly pulled out his arm and grabbed the other party’s neck with his right hand. With a big stride, he dragged the other party to the dark behind the door.

After Qin Yuan confirmed that this person had already breathed his last, he dragged him to the innermost area and took off his clothes. He changed into the other party’s white organization uniform and stood in front of Green Snake. He said to him,

“How is it? Can you tell?”

“I can’t tell at all that you’re a genuine soldier.”

Green Snake laughed.

Then, Green snake did the same thing as Qin Yuan. It dragged another person in and changed into the same clothes as Qin Yuan.

“This way, we can swagger into White Pheasant Tower.”

Green Snake said with a smile as he tidied up his white clothes.

“They don’t remember our faces anyway.”

“Even if I remember.”

After saying that, Qin Yuan bent down, grabbed two handfuls of soil from the ground, and wiped it on his face.

“This is really flawless, right?”

“You’re still the smartest kid!”

Green Snake laughed loudly.

After the disguise was successful, the two of them walked in openly. The soldiers obviously did not notice their abnormality.

The two of them were treated as ordinary soldiers and walked into the tower in a patrolling manner.

According to their previous memories, Dong Zhejun was in a room on the 35th floor.

As long as he went to the elevator in the central hall, he would be able to get there.

A few soldiers from the organization walked over. When the two saw them running toward the door in panic, they knew that they must be dealing with the big white wolf.

The two of them shouted in panic,

"I heard that there's a situation at the door. Some large beast is attacking our door. The higher-ups have already sent a small team to deal with it!"

"Then what should we do? The leader said that we have to guard against the logistics company. I heard that they are already heading here!"

Qin Yuan and Green Snake's hearts tightened. As expected, the other party had already been on guard against them. No wonder they had encountered so many strange people on the way.

"Didn't we come here for this matter?!"

"As long as we're here, even a mosquito will have to go through a strict investigation."

When Qin Yuan and Green snake heard this, they could not help but gasp.

Fortunately, their plan was brilliant and they came in early. Otherwise, if they waited until the sky was completely bright, it would really be difficult to move forward!

Thinking of this, Qin Yuan and Green snake walked past the two of them without batting an eyelid. The other party did not notice.

After passing this stage, Qin Yuan and Green snake heaved a long sigh of relief.

This time, he was one step closer to his goal.

The two of them found a balcony with fewer people and went there to observe the situation nearby.

Although White Pheasant Tower was a tower-shaped building, it had a very rich storage capacity. Whether it was daily necessities or military supplies, they were all complete. It had to be said that the resources here were a hundred times richer than the logistics company.

"After all, it's a hundred-year-old tower! It's indeed extraordinary."

Green Snake praised in a low voice.

He was the same as Qin Yuan. It was his second time here, so he could not help but sigh.

"Yes, although this is an underground facility, from the way we walked over just now, I can tell that there are at least a hundred people. It's just this floor."

"If the number of people in the entire tower is added up, it might be as difficult to estimate as the stars in the sky."

"Our decision to sneak in is really wise. If we barge in openly, I don't think anyone will be able to walk out of here alive."

Qin Yuan also sighed.

“What you said makes sense. We should make the next step of the plan now.”

Green Snake nodded.

He looked at the time. It was already past eight in the morning. If they had followed their original plan, they might have been on the way to Dong Zhejun’s room by now.

Qin Yuan did not say anything. Instead, he raised his head and looked at the white tower that pierced through the clouds.

Then, he muttered,

“Do you think there will be an ambush here?”

“Dong Zhejun, that old thief, definitely knows that we are after him. He should have set up an inescapable net.”

Green snake also understood what Qin Yuan meant. It lowered its head and remained silent.

After a while.

“Since we’ve decided to sneak in here, we definitely have the advantage.”

“There are so many people on the other side. It will be difficult for them to find us in the crowd!”

“Don’t be too pessimistic!”

Green snake comforted Qin Yuan in a low voice.

“I know, but I feel that it’s a little inappropriate to just walk in like this.”

Qin Yuan voiced his doubts.

” You mean, could it be...”

Green Snake’s eyes revealed a strange light.

“That’s right. You might have guessed it too.”

“In such a unique place, we definitely have to have an extraordinary way of adventuring.”

Qin Yuan said with a smile.

“Do you remember the characteristics of your organization? They set up many secret passages in the buildings.”

“Let’s not talk about whether there is a secret passage leading to Dong Zhejun’s room. I can be very sure that Old Mr. Yang is definitely locked in a secret room.”

Qin Yuan said in a low voice.

“This is going to be interesting...”

Chapter 834: Long Ying's Encounter

"In that case, where should we start now?"

"This is our second time here. We're not even familiar with many of the places here. Where should we start?"

Green Snake frowned and asked.

"I'll try my best."

"Anyway, we can't find any other clues or methods now, right?"

Qin Yuan said in a deep voice.

Green Snake was silent. Indeed, this was the best solution now.

"Yes."

Green Snake pondered for a moment.

"In that case, I suddenly remembered something."

"There was a person called Long Ying who received us before, right?"

"We can start with him now, right? He's Dong Zhejun's trusted aide, so he might have some clues."

Green Snake analyzed seriously.

"Well, now that you mention it, there is indeed such a way."

"Let's set off now. If it's a high-ranking general, he will definitely have his own office area. There will definitely be a number plate outside. Let's go to the hall and look for the road signs."

Qin Yuan said.

"Okay, let's go!"

With that, the two of them pretended to be patrolling and arrived at the central hall of White Pheasant Tower.

Sure enough, after the two of them secretly observed, they found the location of the reception department in the hall. There was a map with the specific floor locations of all the organization's officers written on it. It seemed to be convenient for the recruits to check.

Soon, the two of them found the office of the person named "Long Ying" in the map.

It read:

"Long Ying", the captain of Dong Zhejun's personal guards. His office was located in Room 3075 on the 30th floor.

“Good fellow, he’s really an amazing fellow!”

“Alright, it’s decided then.”

“Let’s go.”

As they spoke, the two of them got into the elevator and pressed the button for the 30th floor, heading towards each other’s office.

As there were many people in the elevator, it was not convenient for the two of them to talk here. They kept silent and waited quietly for the elevator to rise.

When they reached the twenty-fifth floor, everyone had already gotten out of the elevator, leaving only Qin Yuan and the other two.

“I didn’t expect this move to be so effective. I can actually infiltrate their internal department without any effort.”

“But we don’t know who this Long Ying is. We have to be more careful.”

” According to the last time we met, he’s a steady person. We don’t know how strong he is or how many people are there. We can only take things one step at a time.”

Green Snake curled his lips and said.

“With just the two of us, dealing with him alone shouldn’t be a problem.”

“I just don’t know how many guards they have. This is a tricky problem.”

Qin Yuan analyzed.

“How about this, let’s use the same trick again. I’ll lure him out, and you’ll deal with him. What do you think?”

Green Snake suggested.

“This is a feasible method. After all, it’s safer this way.”

Qin Yuan lowered his head and thought for a moment.

“Since our operation has already reached this stage, we must definitely adopt the most stable method. At present, this is the only method I can think of.”

Green Snake spread his hands and said.

At this moment, the elevator arrived at the 30th floor. The two of them walked out of the elevator.

“Then I’ll have to trouble you.”

Qin Yuan said helplessly.

“This isn’t the first time I’ve said this. What kind of relationship do we have? Moreover, this is a small matter. You should pay attention to your own safety. The person you’re

facing is not an ordinary soldier, but the captain of the guards. His martial strength might not be lower than mine!"

Green Snake said seriously.

"I know, but there's a saying that goes like this. We're in the dark this time, and they're in the light. We have the advantage."

Qin Yuan said with a smile.

Green Snake also smiled.

"You're always so confident. That's what I like about you."

"Alright, we've reached our destination. We can start moving now."

As Green Snake spoke, he looked at Room 3075 in the distance.

According to their vision, they were about ten meters away from Room 3075. There were many soldiers and other officers on the way.

It could be said that it was heavily guarded. If Qin Yuan and Green Snake wanted to cause trouble here, it would definitely not be a wise move.

The two of them could only walk to the balcony by the window and think carefully again.

"What should we do? There are still so many people here."

Green Snake lowered his head and said.

"Yes, if we barge in in broad daylight, we'll be hitting a rock with an egg. We'll have to think of a reliable method."

"We're still too weak. I didn't expect the security here to be so tight. It would be great if there was someone to receive us."

Green Snake frowned.

"There were originally four of us, but now there are only the two of us left. I miscalculated. The people here are really not easy to deal with."

"Why don't we wait until night before taking action? It's safer and safer that way."

Green Snake suggested.

"From the looks of it, this is the only way."

"However, there's still half a day before night. How are we going to spend this long half a day?"

"Although we are soldiers in their eyes, if we come into contact with them, we will more or less give ourselves away."

“And as time passes, we will also increase the time we spend in contact with the other party. This is unavoidable.”

Qin Yuan said seriously.

“Why don’t we go downstairs and find a place with fewer people to hide and wait for night to come? What do you think?”

Chapter 835: Long Ying’s Encounter (2)

Qin Yuan pondered for a moment and could only silently confirm.

This was the only way now.

“Just treat it as a visit. Let’s go down.”

Qin Yuan said decisively.

“Yes.”

The two of them immediately turned around and prepared to enter the elevator and go downstairs.

At this moment, a familiar voice came from behind them.

“Where are you going?”

Qin Yuan immediately felt a chill down his back, and his mind buzzed. He could not think of anything for a moment.

Green Snake was also shocked and immediately turned around to look.

Behind him was a tall man in a neat uniform. He had a serious crew cut and his voice was very familiar.

Both of them knew very well that this was their first target, Long Ying!

Qin Yuan and Green Snake immediately stood together and looked at each other warily.

However, the strange thing was that when he looked around Long Ying, he did not see anyone else. He was the only person within a few meters of her.

Qin Yuan was very surprised and asked,

“We were still discovered? It’s going to be a battle to the death!”

As he spoke, he assumed a battle stance.

Green Snake also stared at the other party meticulously, its eyes filled with hostility.

“Don’t panic, I’m not here to fight with you this time.”

Long Ying smiled slightly, her tone very casual.

” How do you want us to explain you?!”

Qin Yuan asked in a low voice. He knew that it was already a very critical moment.

” Look behind me. There’s not a single guard. If I wanted to be your enemy, would I do such a stupid thing?”

Long Ying still looked very calm.

Qin Yuan narrowed his eyes and looked at the other party without any expression on his face.

Seeing Qin Yuan’s expression, Long Ying also smiled and continued,

“I hope you all believe me. Everything I’m about to say is the truth.”

As she spoke, Long Ying cleared her throat.

Let’s find a safer place to talk. There are too many eyes and ears here. It’s not suitable.

Without waiting for Qin Yuan and Green Snake to respond, he walked towards the elevator.

Qin Yuan and Green Snake looked at each other. Both of them tacitly agreed and followed each other.

After entering the elevator, the three of them did not speak. The elevator was not empty. There were a few ordinary soldiers who greeted Long Ying when they saw her enter. It could be seen that Long Ying’s status here was very high.

Long Ying smiled and responded to them. Then, she pressed the button for the seventh floor.

Qin Yuan and Green Snake looked at everything in front of them and did not say anything.

Fortunately, the people around them did not notice the two of them. In the quiet seven minutes, the three of them arrived at the seventh floor together.

Long Ying led the way as they walked out of the elevator.

There were obviously fewer people here than on the previous floor. Moreover, the people around them were all medical staff in white coats. Clearly, this floor was a place for drug research.

” This is the floor where the secret medicine of the human body is researched. It must be your first time here.”

Long Ying walked in front, and from time to time, a few people would meet him and greet him respectfully.

Qin Yuan and Green Snake were even more puzzled by this person, but they felt that their bodies were following this person without listening to their orders. They could not stop their footsteps.

“You must have a lot of doubts in your hearts. Follow me, I’ll take you to see something.”

Long Ying’s voice was very gentle, and it did not sound like she was talking to an enemy at all.

“What exactly do you want?”

Green Snake couldn’t help but ask in a low voice.

“I’ll take you to see what you want.”

“If you think that I’ve set a trap, you can leave. I won’t make you stay.”

Long Ying still had a calm expression.

“What are you bringing us to see?”

Green Snake frowned and asked.

“Captain Green Snake, you’re a high-ranking officer. I brought you here. You should be able to guess the answer.”

” Who knows what you’re trying to do? That’s just my personality. If you don’t tell me clearly, I won’t be polite with you.”

Green Snake said disapprovingly.

“Hahaha, I advise you to talk to me properly. The reason why I’m so polite to you is because that gentleman once helped me. Don’t force me to repay kindness with ingratitude.”

Long Ying smiled.

“That gentleman?”

“Are you referring to Old Mister Yang?”

Long Ying smiled and nodded.

Qin Yuan was shocked. The other party really knew the old man’s location and was leading them there!

“You mean you can bring us to him?”

Green Snake was also very surprised, and his voice could not help but raise a few degrees.

” That’s right, but I hope you won’t tell anyone what you see here. This is a matter of principle.”

Long Ying said seriously.

“Sure.”

Qin Yuan immediately agreed.

As long as he could see him, he could agree to such a thing. After all, the secret here was only related to the research of medicine. To Qin Yuan, it was not as important as the old man.

“Take us to see her immediately. If you lie, I’ll make you feel fear.”

Qin Yuan said in a deep voice.

Long Ying immediately laughed.

“Captain Qin Yuan, don’t underestimate my understanding of you. Everything you do is under my control.”

“Alright, I don’t want to go into details with you anymore. Please follow me. After all, I sincerely want to cooperate with you this time.”

After saying that, Long Ying turned around and walked forward.

Qin Yuan and Green Snake immediately followed closely behind him.

After walking for a while, Long Ying led Qin Yuan and Green Snake to a room. She opened the door with the key and walked in. Then, she turned on the wall lamp.

Qin Yuan and Green Snake looked at each other and followed him in.

After Qin Yuan and Green Snake entered, Long Ying immediately closed the door.

The surroundings were filled with the strong smell of medicine.

After the lights gradually lit up, Qin Yuan covered his nose. Only then did he gradually realize that this was a small medicine warehouse, surrounded by shelves filled with medicine.

“Why did you bring us here?”

“We’re not here to get the medicine!”

The anxious Green Snake frowned and asked.

“I told you, I will bring you to see what you want. Don’t worry, there’s no need to rush.”

Long Ying said in a deep voice.

When he arrived here, a thought came to Qin Yuan’s mind.

This was very likely the next move that the other party might make.

Sure enough, in front of Qin Yuan and Green Snake, Long Ying took out a small metal key from the pocket of her neat and beautiful shirt. She walked to the wall at the side and touched the golden wall lamp on the wall.

There was a loud rumbling sound as the wall in front of Long Ying slowly began to flip. Behind the wall was a metal door with a small keyhole. Long Ying inserted the key into it and twisted it a few times. The door opened with a creak.

“What is this?”

Green Snake was surprised.

Qin Yuan was not surprised. He had seen such tricks a few weeks ago.

“Captain Green Snake, as a senior officer in the organization, you know too little.”

Long Ying’s tone was filled with ridicule.

“Hmph, I’m a cadre in charge of external affairs. How would I know about your little tricks?”

Green Snake said disdainfully.

“Come in.”

“He’s inside.”

As she spoke, Long Ying took out a lighter, lit it up, and walked in front.

Since Qin Yuan and Green Snake had arrived here, they did not hesitate and followed each other in.

The passage inside was much quieter than the outside, and there was only a faint light from the lighter. He couldn’t see anything around him.

“It’s just ahead.”

Long Ying said as she walked in front.

The three of them thought as they walked. There was only one sound around them, which made people feel very strange.

After walking for about ten meters, the three of them came to another door. Long Ying pushed the door open, and a bright light suddenly shone from inside.

Chapter 836: Entering the Tiger’s Den

“This is...”

When Qin Yuan saw this scene, he exclaimed.

The environment here was completely different from all the scenes he had seen before.

How to describe it? This place was simply a colorful dream world!

There were several different colors flashing inside. Although the colors were very bright, they were not dazzling and gave people a very gentle feeling.

“This is the special room that Dong Zhejun arranged for the old man.”

“Commonly known as the Pleasure Room.”

Long Ying said in a deep voice.

“Go in. He’s inside. Time is limited. Don’t talk too much.”

“Okay, we got it. Let’s go in.”

Green Snake hurriedly said.

“Stop talking nonsense. I’ll stay here and keep watch for you. Go.”

Long Ying said impatiently.

Qin Yuan and Green Snake looked at each other again. The two of them nodded silently and slowly walked into this glamorous room.

The structure inside was very different from what they had expected.

The two of them had originally thought that this should be a complicated and chaotic room.

However, after entering, he realized that this room was simpler than all the rooms he had seen before. The area inside was only about ten square meters, and the surrounding furnishings were very simple. Other than the walls being gaudy and colorful, there were no other decorations. Other than a simple bed, there were no other objects in the room.

There was a person lying on the bed who did not seem to notice the two of them.

From the back of the person, it looked like Old Master Yang.

Green Snake's eyes were filled with surprise.

"Teacher Yang!"

Green Snake walked and called out softly.

"Old Mr. Yang?"

Qin Yuan also called out from the side.

Seeing that the other party didn't respond, the two of them slowly walked to Old Master Yang's bed.

Qin Yuan came to the bed and patted his shoulder gently.

The other party seemed to have woken up from a dream and turned around.

Seeing this familiar face, Qin Yuan and Green Snake were very surprised and excited.

Both of them sat beside Old Master Yang happily.

"Teacher Yang, we finally meet!"

Green Snake said excitedly.

"Green Snake?!"

Mr. Yang was shocked and could not believe what he saw.

"And... Captain Qin Yuan?"

Old Master Yang turned his head and looked at Qin Yuan.

"Mr. Yang, how have you been?"

Qin Yuan said with a smile.

"What are you guys doing here?"

The old man's tone became a little strange.

"I'm here to save you!"

Green Snake immediately replied.

"You guys should leave quickly! This is impossible!"

"Also, send my regards to Vivian. Tell her that I've let her down. I can only repay her in my next life."

Old Master Yang's tone was filled with grief, which surprised several people at the scene.

“What nonsense are you saying! Teacher Yang! You clearly hate this place so much! Why did he have to stay here! We’ve already found a safe passage. We guarantee that we can bring you back safely!

Can’t you go back with us?”

Green Snake said in surprise.

Qin Yuan stood at the side and did not say anything. This was completely different from the old Mr. Yang he knew before.

Previously, the old man was high-profile and domineering. He did not expect that now, he had actually become a lost person with a low aura.

This made Qin Yuan very puzzled. He could not figure out the reason for it at the moment.

“What happened to you?”

“The way you speak, this is no longer the Old Mr. Yang I know!”

Qin Yuan frowned.

“You don’t understand. This place is much scarier than you can imagine.”

Old Mr. Yang sighed.

“What is it? We were all once members of this organization, but look at me now. I’ve already abandoned the dark and joined the light. I’m working with Captain Qin Yuan! If there are any difficulties, we can solve them together! Why are you so pessimistic?”

Green Snake asked in confusion.

“Yes, we are all people with similar personalities. Old Mr. Yang, how can you bear to abandon your lovely daughter and harmonious family?”

” No matter what, Vivian is your biological daughter. Shouldn’t you work hard for this kinship?”

Qin Yuan also advised emotionally.

“I understand what you mean.”

Old Master Yang sighed.

” I’ve considered everything that you’ve thought of, but I’ll only be defeated by the cruel reality in the end.”

” Sigh, I didn’t want to tell you, but since you’re so stubborn, I’ll tell you everything in detail.”

As he spoke, he looked at Long Ying who was outside the door.

“Did he bring you to see me?”

“Yes.”

Qin Yuan replied.

“He’s a good person. Without him, I might not have lived to this day.”

The old man said in a deep voice.

Qin Yuan was silent. It seemed that Long Ying was really not lying. Now, she could be considered to be on the same side as him.

“Do you know why I’m here?”

the old man asked.

“Was he locked up by Dong Zhejun?”

Green Snake immediately replied.

“Wrong.”

“I came in voluntarily.”

The old man replied in a deep voice.

“Why?”

“Because Dong Zhejun met me and negotiated some conditions with me.”

” He said that as long as I obey his orders and continue to work for him, he can guarantee the safety of Vivian and the logistics company, which is your safety. Otherwise, it will bring us death.”

Chapter 837: Entering the Tiger’s Den (2)

“You agreed just like that?”

Green Snake’s face revealed a somewhat worried and angry expression.

“Although I haven’t come into contact with him many times, I’ve heard about him many times in the organization. He’s a heinous thug!”

” How could I not know his character? But, how can this affect our judgment?”

“In front of his absolute strength, we can only bow our heads no matter what!”

The old man sighed.

“What absolute strength!”

“Stop joking! With our logistics company’s captain Qin Yuan here, how can you say such disheartening words!”

Green Snake immediately interrupted the old man’s lament.

“You haven’t seen our captain Qin Yuan’s strength, have you?”

In that case, the old man really didn’t know the strength of the logistics company, nor had he seen them fight.

” To tell you the truth, we’ve never been at a disadvantage in our previous confrontation with Daybreak.

Green Snake said confidently.

“You haven’t seen his true strength. I’ve been here for so many years, so I understand his ability very well.”

The old man still looked down.

“Old sir, why do you have so little trust in us? We are the regular army! With the full support of the country! If we really fight with them this year, we definitely won’t be at a disadvantage!”

Qin Yuan said seriously.

“Sigh, it’s not that I don’t trust you, but I can’t take this risk anymore. I’m already old and can’t be tortured anymore. I hope you can understand me.”

Qin Yuan and Green Snake were silent. The old man indeed preferred a comfortable life. He was almost seventy years old. If he continued to struggle, it would indeed cause immeasurable consequences.

Qin Yuan pondered for a moment and said in a deep voice,

“Old sir, don’t worry. You don’t have to travel too much. I promise that I will definitely save you safely. You don’t have to deal with the matters here at all. You just have to wait here in peace.”

As he spoke, Qin Yuan revealed an extremely firm gaze.

“You want to face Dong Zhejun’s anger alone?”

” Don’t be naive. Let me tell you, he once faced an elite troop alone and was able to wipe them out.”

“Do you understand the meaning behind this?”

” With just you guys? It’s not that I look down on you, but it’s true. The chances of success are minuscule.”

” Even if there’s only a one in ten thousand chance, we won’t give up on this operation!”

Green Snake and Qin Yuan said resolutely at the same time.

At this moment, a strange light seemed to flash in the old man’s eyes.

At this moment, Long Ying walked in from outside.

His expression was not relaxed. He said in a deep voice,

“Are you done catching up? We don’t have much time left. To make a long story short, the people outside will be coming to inspect soon.”

Qin Yuan looked at the time. They had been here for about ten minutes.

“No matter what, the two of them will not give up.”

Long Ying also looked at the old man with a certain look.

“Even you believe them?”

“They only met you once.”

The old man looked at Long Ying in disbelief.

“I saw a different light in their eyes.”

” Instead of living in this dilapidated world, I choose to believe in them.”

Long Ying’s tone revealed an indescribable confidence.

Even the old man’s gaze became gentle and firm.

“If anyone else said that, I would just laugh it off. I didn’t expect that even you would say the same thing. It really surprised me.”

The old man frowned.

“Since you acknowledge them so much, I won’t say anything else.”

“You guys go ahead. I won’t have too much hope for you.”

As she spoke, she fell asleep on the bed.

The two of them could only follow Long Ying out of the room.

This time, Long Ying didn’t walk through the door that she had just entered through. Instead, she walked through a small gap to the side.

Then, he skillfully opened a very hidden door at the side.

Then, he slowly walked in.

“This is?”

Qin Yuan and Green Snake were surprised by this strange action again.

“This is the passage to the governor, Dong Zhejun.”

Long Ying said softly.

” I’ve already opened the path to victory for you. Now, it’s up to your performance.”

Long Ying said calmly.

Qin Yuan and Green Snake hesitated for a moment before walking in.

Before he left, Qin Yuan's expression was calm as he asked in a calm tone,

"Why are you helping us? We don't know you at all."

Long Ying sneered.

"Because we have a common goal. There is a saying that you should have heard before. There are no eternal enemies or friends, only eternal interests."

With that, Long Ying closed the door.

Although Qin Yuan was a little puzzled, he could more or less understand his intentions.

Long Ying had also said that he had benefited a lot from the old man, and his goal was similar to hers.

Therefore, the two of them did have a common goal. This was completely certain.

The two of them walked in this dark and narrow passage.

From time to time, Green Snake would let out a series of cries.

"We didn't gain anything today. We only met the old gentleman once. Why do I feel as happy as if I won a grand prize?"

"You haven't seen the old man for too long!"

Qin Yuan said with a smile.

"That's the last time I saw him. The last time... I've forgotten when it was."

"Anyway, it's been at least half a year."

"You still miss him so much. I couldn't tell that our unyielding and tough Green Snake would also have such tender moments."

Qin Yuan teased Green Snake while they were on their way.

"That's right. My relationship with the old master is much closer than you think."

"We've carried out countless missions before, and we've always returned successfully. We've never failed before. The organization calls us the Invincible Duo!"

At this point, Green Snake revealed a confident smile.

"Then why was he so cold to you just now?"

"The more you value someone, the more serious they are!"

Green Snake said unhappily.

"Hahaha! I'm just teasing you. I know about your relationship. Otherwise, you wouldn't have sacrificed so much for him."

Qin Yuan smiled.

“I knew it. You kid just likes to talk big!”

The two of them chatted casually. Although the road here was pitch black, the length of the road was simply outrageous.

The two of them walked for a few minutes, but they still couldn't see any light. Fortunately, there was only a narrow and long passage here. There were no other branches. Otherwise, with the visibility here, the two of them would definitely be taken a detour.

After walking for a long time, he finally heard the sound of water flowing in front of him.

Qin Yuan was a little surprised. Long Ying had mentioned Dong Zhejun's base camp just now.

He had been there once before. It was a rather spacious study, but why did he hear the sound of flowing water now?

The sound of flowing water did not sound like ordinary pouring water, but more like the sound of a small stream flowing. This was strange.

Obviously, this passage did not lead to the room that Qin Yuan had been to last time.

Green Snake, who was at the side, noticed that Qin Yuan had suddenly fallen silent. He was a little puzzled and asked him what was going on.

“Didn't you hear the sound of running water?”

“I heard it. It's just an ordinary voice. What's wrong?”

Green Snake said disapprovingly.

“I'm fine. I just feel that the sound of running water is a little strange. I've never heard it before.”

“Maybe Dong Zhejun is taking a bath? Are we leading to the ventilation duct in his bathroom?”

Green Snake said with a smile.

Qin Yuan ignored Green Snake's joke. Instead, he continued to listen carefully to the sounds around him, trying to find a valuable trace of tracking.

Soon, as the sound of running water gradually became louder, the two of them saw a little white light slowly lighting up in front of them.

Chapter 838: Logistics Company Pushes Forward!

“Is this the bathroom?”

Green Snake still had a frivolous look on its face.

“Do you think Long Ying will introduce us to this path?”

Qin Yuan teased.

“Who knows? Although he looks serious, who knows what he’s thinking in his heart?”

Green Snake curled his lips and said.

Qin Yuan did not continue to pay attention to him. Instead, he looked forward.

In front of him was a relatively narrow hole that emitted a dazzling white light. The naked eye could not see the situation inside.

“What should we do? Should we rush in directly or?”

Green Snake could not make up its mind and asked Qin Yuan for his opinion.

Qin Yuan lowered his head and pondered for a while before saying in a deep voice,

“I’ll go closer to take a look at the situation inside. You wait here. If anything goes wrong, run away immediately, understand?”

“Look at what you’re saying. Am I the kind of person who would run away from a battle? I can watch from here, but if anything happens, I won’t run away. I’ll definitely fight with you to the end.”

” Haha, I like what you’re saying. Alright, let’s go through thick and thin together.”

Qin Yuan said with determination.

Then, Qin Yuan immediately sorted out his state and thoughts and walked towards the exit.

As he slowly walked in, the light in front of him became brighter and brighter. Qin Yuan’s eyes were slowly stung by the light. For a moment, his eyes were not used to it and gradually narrowed.

The light ahead was completely different from what they had imagined.

The further he went, the gentler it was. Qin Yuan stared at the extremely gorgeous light and walked forward without any regard for his own safety.

Qin Yuan could only close his eyes completely. After a ray of light that almost pierced through his entire body, he finally passed through this strange light and arrived at a completely unfamiliar place.

Qin Yuan slowly opened his eyes. The scene in front of him made even a knowledgeable person like him gasp.

This was actually a garden pavilion floating in the air!

They were currently in a hidden corner of the garden!

The light that was emitted from the entrance of the cave was not because of some mysterious equipment installed at the entrance, but because the outside was brighter than the ordinary place. The entire garden was shining brightly as if it was daytime!

” What is this place? Why is it so bright?!”

After coming out, the two of them hid in a bush, and Green Snake muttered in a low voice.

“Who knows? This place is too strange!”

Qin Yuan frowned.

Qin Yuan's gaze swept across the garden. Other than the dazzling light in the sky, the area here was very large. It was at least a thousand square meters. There were gorgeous plants everywhere. They were colorful and dazzling.

It also emitted a mesmerizing fragrance that made people feel like they had returned to nature.

"It's hard to imagine that there's such a magical and beautiful place in the organization!"

Green Snake could not help but sigh.

"But what does this have to do with Dong Zhejun? Long Ying said that she would lead us to him, but where is he now?"

Green Snake was about to continue complaining, but Qin Yuan immediately covered his mouth with his hand. Then, he stretched out his other hand and made a shushing gesture.

Then, he turned his head and gestured for Green Snake to look into the garden.

Green Snake followed Qin Yuan's gaze and looked inside. It was immediately surprised.

They saw a person wearing a red silk robe standing in a cultivation room in the garden. It was their ultimate target-Dong Zhejun!

Qin Yuan saw his surprised expression and moved his hand away from his mouth.

Green Snake immediately panted heavily.

"F * ck, why did he suddenly appear here? You scared me!"

"It seems that Long Ying did not lie. He is still very serious about us."

"That's for sure. You're the one who's prejudiced against others."

Qin Yuan said unhappily.

"What should we do now? That person didn't seem to notice us!"

Green Snake said impatiently.

"Why don't we attack together? The other party doesn't have any guards, so how can the two of us not be able to defeat him?!"

"What are you thinking?"

"Why are you here this time? Are you here to fight?"

"What's wrong? Have you forgotten what the old master said?"

"Of course I haven't forgotten. It's precisely because I haven't forgotten. That's why I want to stop you from acting rashly."

Green Snake frowned and looked at Qin Yuan in confusion.

“The old man once said that his strength is far higher than ours. We still have to use our wits to defeat him.”

Qin Yuan said sternly.

He didn't want to cause any more trouble.

He would not choose to attack rashly without knowing his opponent's strength.

“Then what should we do?”

Green Snake was very anxious.

“If we miss the opportunity, we won't have it anymore! It's obvious that he's alone over there now. If he leaves or someone comes, there won't be a good way!”

” What are you panicking for? Have you forgotten what we took from Xiaoxiao?”

Qin Yuan's eyes narrowed. He took out a small pistol-like prop from his bag.

“This is?”

Green Snake really couldn't remember.

“Xiaoxiao gave us this before we left. It's a hypnosis gun.”

“Hey, your memory is quite good! How can you remember this!”

Chapter 839: The Logistics Company Pushes Forward!(2)

Green Snake giggled.

” Of course, this is one of my best equipment. How could I forget?”

“Then hurry up and shoot Dong Zhejun! Let him know how powerful we are!”

Green Snake said impatiently.

“Of course, you don't have to say that! You wait here, I'll go and deal with him! With this thing, we can take down the other party without any effort!”

Qin Yuan said confidently.

” Hehe, I've given you some sunshine and you're still so bright. Alright, if you don't need a brother, then I won't care about you. If you fail later, I won't care about you!”

Green Snake laughed.

Qin Yuan did not have the time to play with him anymore. He took the hypnotic pistol and slowly groped his way to the front.

The distance between him and Dong Zhejun was getting closer and closer. In the end, they were only a few meters apart.

Qin Yuan held the hypnotic gun and focused on the person in front of him.

Dong Zhejun didn't seem to notice the strangeness in the surroundings. He was seriously admiring the flowers in front of him.

Her hands were also playing with the green leaves beside her from time to time.

Qin Yuan slowly aimed at the other party's neck. He had heard from Xiaoxiao that as long as he hit the target with this kind of hypnotic gun, it could stably make the other party fall asleep within a minute.

It was now!

Qin Yuan's eyes narrowed!

A very fast bullet flew out of the muzzle of Qin Yuan's gun. It was not loud, but it steadily hit Dong Zhejun's neck.

As a hypnotic gun, it would not cause substantial harm to people. At most, it would cause some skin pain.

Dong Zhejun's body twitched, and he instantly fell to the side, clutching his neck. He kept rubbing and rolling on the ground, looking like he was in pain. From time to time, he would let out a howl.

"What is this? Where is he?"

Dong Zhejun let out a series of roars, but there seemed to be no one else here. There was only his helpless cries.

Qin Yuan and Green Snake looked at the person in front of them anxiously and nervously, looking forward to the effect of the drug.

As time passed, Qin Yuan and Green Snake's hearts were twisted into a rope.

Fortunately, Dong Zhejun could not hold on any longer and collapsed. About five minutes had passed.

"Damn, didn't you say that it would take effect in about a minute?!"

Green Snake frowned.

"It's been almost a minute! You're really going to scare my little heart!"

With that, he jumped out of the grass and happily walked towards Qin Yuan and Dong Zhejun.

"Don't be disgusted. It's already a blessing that it worked. It's ten thousand times better than us taking him by force!"

Qin Yuan said unhappily.

"What do we do now? Bring her back? But how are we going to get out?"

Green Snake asked.

"Let's go back the way we came. We can definitely go back through that secret passage. At that time, we can just find someone to pick us up. Moreover, we can definitely obtain Old Master's approval if we bring him there."

Qin Yuan said confidently.

“Alright, we’ll do it your way then!”

After saying that, Green Snake volunteered to walk towards Dong Zhejun, preparing to carry the unconscious Dong Zhejun on its shoulder and take him away.

Green Snake came in front of Dong Zhejun and carried him by his arms.

However, he suddenly felt that the other party’s body was very heavy. This had already exceeded the weight of an ordinary person, and Green Snake was a little uncomfortable.

“Damn, why is this kid so heavy!”

Green Snake tried to carry the other party on its back.

However, no matter how hard he tried, Dong Zhejun seemed to be glued to the ground. He couldn’t move at all!

Green Snake was very surprised and immediately cursed,

“What the hell! This was...Are you made of stone? I don’t believe I can’t lift you!”

As he spoke, he was about to use all his strength.

“I’m really made of stone.”

At this moment, a cold voice came from below.

It was Dong Zhejun!

Green Snake was instantly frightened!

“You? What was going on? He was clearly shot!”

Green Snake was very panicked, and its tone was filled with fear.

Qin Yuan, who was at the side, also widened his eyes and looked at Dong Zhejun in shock.

“Get down!”

Green Snake only heard Qin Yuan roar from behind.

Green Snake did not have time to think. However, when she heard his words, she immediately lay down.

Obviously, Qin Yuan reacted quickly. Since the plan had been exposed, they could only fight! Qin Yuan immediately took out his pistol and was about to shoot.

However, when Green Snake lay down, Dong Zhejun did not say a word and quickly dodged to the flowerbed beside him, not giving Qin Yuan a chance to chase!

It seemed that Dong Zhejun knew that he was at a disadvantage and did not intend to fight head-on with Qin Yuan and the others.

Qin Yuan was shocked. If they let the other party escape, then their operation would undoubtedly fail, and what awaited them would be endless punishment!

He had to make her stay!

This was the only thought in Qin Yuan's mind!

Qin Yuan leaped up and immediately chased after Dong Zhejun with his gun.

Although he didn't know how the other party was able to resist this powerful hypnotic needle, he couldn't afford to fail again!

Fortunately, Qin Yuan had undergone strict tracking training and was very good at tracking.

His sharp eyes saw the tiny footprints on the ground.

He immediately flew over.

In this messy garden, there were many winding roads. To be honest, it was not easy to track a person here.

"Qin Yuan!"

Green Snake's voice was flustered. He did not know what to do for a moment. Seeing Qin Yuan chasing after him, he could only run after him.

"What's going on?!"

Following that, she heard a low voice coming from ahead.

Qin Yuan stopped in front of him and silently stared at the grass on the ground.

"What's wrong?"

Green Snake hurriedly came forward to check.

The ground was a green grassland that had been trampled into a mess. There were dense and disorderly footprints on the ground, and these footprints did not continue here.

This meant that if they couldn't find Dong Zhejun's clue or himself here, it would be a failure!

"How did it disappear?"

"Disappeared into thin air?!"

Qin Yuan frowned.

"How is this possible? He doesn't know the underground burrowing technique!"

Green Snake said in surprise.

Hearing Green Snake's words, Qin Yuan's eyes lit up. Green Snake had inspired him!

That's right!

Burrowing Technique!

If he wanted to disappear on the spot, then the only way was to fly into the sky and burrow underground!

Qin Yuan had searched the sky just now and did not find any traces, so the person must be on the ground!

There must be some mechanism on the ground here!

This was very much in line with the architectural design of Daybreak!

“You’re right. We haven’t searched the underground yet.”

Qin Yuan said in a low voice.

“Underground?”

Green Snake revealed a surprised expression.

” Previously, it was hidden in the wall. Now, it has developed to the underground stage?”

Qin Yuan did not answer. Instead, he searched the ground for any hidden mechanisms.

Very soon, his hard work paid off.

A few minutes later, Qin Yuan really discovered a secret mechanism hidden in the leaves.

It was a black button with mottled marks.

It was very hidden in the grass. Without careful observation, it was impossible to discover it.

“Good fellow! You really found it!”

Green Snake asked in surprise.

Qin Yuan pressed the button and heard a rumbling sound. The stone slab on the ground slowly moved to the side, and then a bottomless dark hole slowly appeared on the ground.

“What is this?”

Green Snake continued to say in surprise.

“The secret passage is not as safe as the ones we passed through before.”

Qin Yuan said in a deep voice.

” Undoubtedly, there are countless dangers hidden here. However, we have no choice or way out.”

“Hahaha! At this point, I’m not afraid anymore. Even if it’s a mountain of blades and a sea of flames, we have to brave it!”

Green Snake laughed heartily. There was no trace of panic in its voice.

“Are you ready?”

Qin Yuan asked with a smile.

“The logistics company will march forward bravely!”

Chapter 840: Encounter in the Dungeon

The two of them looked at each other tacitly. Then, Qin Yuan adjusted his belt and led the way into the dark underground passage. Green Snake followed closely behind.

The light inside was also very dim, and he could not even see his fingers. Fortunately, he could feel from the nearby walls that there was only one road. Qin Yuan did not have any lighting props, so he could only rely on his senses to slowly walk forward.

“Why can’t I feel a trace of human aura here? Can we catch up to him like this?”

Green Snake asked curiously as he walked.

Qin Yuan was still walking in front and did not answer his question.

Who knew now? He obviously didn’t have any clear answer in his heart. He could only walk forward in the dark. He only knew that Dong Zhejun must be inside. They would never turn back until they found him.

The path inside was not difficult to walk, but it was extremely dark, making people feel very uneasy.

The two of them continued to walk in this dark and narrow passage. It was as if this was an endless road. They walked for a long time without any exit.

“Did we get hit by some evil trick? Why does it feel like this road is endless?”

Green Snake said in surprise.

Qin Yuan had long felt that something was wrong. However, in the face of such a predicament, he could only say that he had miscalculated and could not solve the current problem.

“Do you think we can find him?”

Green Snake looked flustered.

“Perhaps we have already fallen into the trap set by the other party!”

“What did you say just now?”

“Even if it’s a dragon’s pool or a tiger’s den, I’m not afraid! Why did you change your mind so quickly?”

Qin Yuan said unhappily.

” Aiya, we’ve encountered a difficult situation and are anxious. Don’t be so serious. What’s important now is to solve the mystery!”

As it spoke, Green Snake looked around again. The environment here was indeed the same as the secret passage from before. It was pitch-black and very quiet. There was no sign of life at all.

” Let’s not talk about whether he can reach Dong Zhejun’s place or not. We don’t even know if we can finish this road!”

At this point, Qin Yuan slowly stopped in his tracks.

Then, he bent down, picked up a piece of gravel from the ground, and casually threw it into the tunnel ahead.

However, after a few seconds, there was no response.

This time, the two of them were even more surprised. They did not expect that they had walked for almost ten minutes since they entered the door. So far, from the way they had tested the waters just now, it was obvious that the journey ahead of them was still very long.

A sense of frustration slowly rose in Qin Yuan and Green Snake's hearts.

"We're going to die here!"

Green Snake had a blank expression.

Qin Yuan could even see despair in his eyes.

"I didn't expect that we would be defeated in such a place!"

"Don't be so pessimistic. Aren't we still standing here?!"

Qin Yuan patted his head to wake him up.

Then, he said sternly,

"Right now, we have two choices. One is to press forward, or the other is to turn back and leave this place, becoming a piece of trash who runs away from the battlefield.

"What will you choose?"

Faced with Qin Yuan's soul interrogation, Green Snake fell silent.

That's right. What's the use of them being depressed and sad here? It would not affect the current situation at all. It would only waste precious time.

Green Snake felt a new wave of frustration.

"Sigh! I was blinded by the environment here just now! We should go forward bravely!"

"There's no chance or time for us to rest here!"

Only then did Green Snake slowly react.

"You've finally come to your senses. Do you know how much time we wasted just now?"

Qin Yuan frowned.

"There must be a way to solve the traps here. There must be no evil existence."

"I believe that as long as we persevere, we will definitely find a way out!"

Qin Yuan said firmly.

“Alright, I believe you. I was indeed too flustered just now. I take back what I said just now. I’m still your good comrade!”

Green Snake immediately became very confident.

“Let’s cut the crap and set off! From now on, no matter what difficulties we encounter, we must move forward without hesitation until we hit the wall!”

Qin Yuan said sternly.

“Good!”

Green Snake immediately agreed.

The two of them immediately perked up and continued walking inside.

Time passed by.

The two of them walked in the dark and bottomless passage for more than ten minutes.

There were still no clues ahead. It was still a bottomless tunnel.

According to the time, the two of them had traveled at least a few kilometers.

However, the two of them did not stop because of this hallucination again. Instead, they continued to walk forward without looking back.

Then, something unexpected happened.

They walked for a few more minutes when suddenly there was a rustling sound ahead.

Qin Yuan and Green Snake’s expressions immediately tensed up.

“There’s movement!”

Green Snake said softly.

Qin Yuan nodded and immediately looked over. He did not stop but slowly slowed down to observe the movements in front of him.
