

Special Troop 851

Chapter 851: A Strange Soldier Descends from the Heavens (2)

Green Snake said as he walked forward and helped Qin Yuan up.

"I know that you are very tired now, but let me pour cold water on you. Now, we must leave this place immediately and go outside to rest."

The old man could not be bothered to celebrate and reminded Qin Yuan in a low voice.

"I know. They'll definitely come looking for us when they realize that things aren't going as they expected. Our mission isn't over yet."

As Qin Yuan spoke, he stood up and adjusted his state.

Green Snake also understood the logic behind this.

"We've only passed the first stage. Perhaps there are even more dangerous stages waiting for us."

Qin Yuan nodded.

"Let's go. We need to find a way out now. It's time to fight the final battle with them."

With that, the three of them walked out of the room.

After a while, the three of them arrived at the place where they came in. As expected, the path they came from was still sealed.

"What should we do? I have no choice!"

Green Snake sighed.

At this moment, the three of them heard a vague voice coming from outside.

"Sigh, you guys are really tough! You actually managed to hold on until now?"

"The Governor gave you a chance just now, but you didn't cherish it. Then don't blame us for being ruthless!"

"I'm very surprised that you guys were able to crack the bomb we set up. However, no matter how you fly or burrow, you won't be able to leave this place alive!"

After he finished speaking, a sinister laughter sounded.

This voice didn't belong to Dong Zhejun, but someone they didn't know. It was probably a voice that belonged to one of their generals.

Then, he heard the sound of smoke coming from outside.

A purple gas that was visible to the naked eye slowly seeped in from the cracks in the wall.

"This is poisonous fog!"

The old man saw through the clues at a glance and turned pale with fright.

“This is a poisonous mist! As long as he bathed a little, he would be poisoned. Five minutes later, his entire body would be powerless and he would die from the poison! Retreat!”

With that, the old man took the lead and turned to run.

Qin Yuan and Green Snake also stood up and followed the old man to escape crazily.

“Hahaha! You guys can run!”

“The space inside is sealed. As long as you don’t come out, you will be invaded by the poisonous fog sooner or later. Enjoy this fear!”

An impudent voice came from behind.

“Damn it, these bastards can’t beat us, so they used such despicable methods!”

Green Snake said angrily as he ran.

Although the general’s words were very far away from them, the three of them heard it clearly.

“What should we do now? You’ll fall for it sooner or later if you run like this!”

“Don’t be anxious. Although what they said is the truth, the area here is not small after all. We still have some leeway.”

Qin Yuan said in a deep voice.

This was only to comfort Green Snake. It was mainly to calm him down. Although a disaster was imminent, they could not afford to panic.

“At this speed, we still have a few minutes to struggle. Whether we can create a miracle depends on these few minutes.”

the old man said.

“We’ve turned almost every place here upside down! There are no more secret passages!”

Green Snake sighed.

He turned around and looked behind him. He saw that the purple poisonous fog behind him was spreading at a relatively fast speed. It was not much different from their running speed.

This meant that the injection speed outside was very fast.

“These bastards! Despicable and shameless person!”

Green Snake cursed fiercely.

“If I can get out, I’ll definitely cut them into pieces!”

” Don’t look so indignant. Anger won’t solve anything. Our main goal now is to find a way out of here.”

Qin Yuan scolded him sternly.

“Get out of here? We’ve finished developing the secret passages here!”

“No, there’s another way! Smash open the wall here!”

Green Snake suddenly realized and said loudly.

“This is not the stupidest method.”

Qin Yuan said with a smile.

This method was the best of the best. He could try it when he had no other choice.

It was not impossible to let Green Snake do this. Now that the three of them were working together, it was more efficient.

Without waiting for Qin Yuan and the old man’s agreement, Green Snake ran to the side alone and found a few stones on the ground before hammering them against the wall of the room.

Dong dong dong!

A few loud bangs sounded.

Qin Yuan and the old man were shocked by this voice.

They immediately looked over and saw Green Snake standing in front of the wall, trembling. The situation on the wall was completely different from what they had imagined.

Initially, they thought that ” Dawn Flame ” would set up an impregnable wall for them, making it impossible for them to break through. However, what they saw now was that Green Snake had smashed a huge pit in the wall, and purple fog was slowly seeping out from it!

” There’s one here too?!”

Green Snake shouted in surprise.

They were now more than a hundred meters away from the door. They did not expect to be surrounded by the poisonous gas even from such a distance!

Qin Yuan hurriedly shouted,

“Run!”

After saying that, he flew forward and desperately pulled Green Snake back.

Then, the three of them started to run wildly and fled inside.

” You didn’t inhale the poisonous gas, did you?!”

On the way, Qin Yuan asked worriedly.

“No... No, I haven’t.”

“I covered my mouth and nose with my hand and left in time.”

Green Snake said with lingering fear.

“Looks like we have no hope of breaking through!”

Green Snake said with a sobbing tone.

“This place is probably surrounded by all the poisonous gas.”

“We have nowhere to run!”

Qin Yuan and the old man also had helpless expressions. If that was really the case, no matter how they struggled, there was nothing they could do. They could only wait for death on the spot!

“Sigh! I didn’t expect that I would be buried in such a desolate secret passage!”

Green Snake sighed.

The old man didn’t say anything. He just sat on the ground with his eyes closed.

“Old man, being able to leave with you is also a kind of fate.”

Qin Yuan, who was at the side, followed the old man and sat down.

“Sigh! You guys! Did he really give up treatment?”

Green Snake’s voice was filled with sorrow.

Poisonous fog slowly seeped into the nearby walls.

At this moment, they heard the sound of fighting outside.

” What’s happening?!”

Green Snake jumped up like a grasshopper.

Qin Yuan and the old man were also shocked by this voice.

“Ping Ping Peng Peng!”

A loud noise came from outside, and it was getting more and more intense.

” They seem to be fighting something?!”

Qin Yuan stood up and analyzed seriously.

Green Snake listened carefully.

“Yes! I think I heard the roar of a wolf!”

“They might be our companions!”

Green Snake said in surprise.

The old man was puzzled.

“What?”

” There’s no time to explain. If our guess is correct, then our reinforcements are here.”

Qin Yuan smiled.

The noise outside continued, and the sounds of weapons fighting could be heard one after another.

It was a violent gunshot.

” He even used a gun?!”

” So exciting?!”

” It takes so much effort to fight a wild wolf?!”

Green Snake laughed.

“No, listen. It’s the sound of two sides shooting at each other.”

Qin Yuan said in a deep voice.

Green Snake listened carefully again.

Sure enough, in the midst of the gunshots, there was someone shouting, accompanied by the sound of bullets entering the body. It was obvious that they had been hit by a gun.

” There are other troops coming?!”

“Who could it be?”

” I don’t know. We have a new opportunity now. We can seize it and escape in the chaos.”

Qin Yuan frowned.

He observed the poisonous fog spreading on the ground again. It had basically stopped seeping into them, which meant that the release of the poisonous fog outside had stopped. It was time for them to counterattack!

Chapter 852: Return in Victory

“Seize the opportunity!”

Qin Yuan’s eyes narrowed as he shouted in a deep voice. He suddenly stood up and rushed towards the cave entrance in front of him.

“Let’s charge over together!”

The old man at the side immediately followed and shouted.

Then, the three of them rushed towards the cave entrance without hesitation.

Sure enough, on the way, the sounds they heard became louder and clearer.

Among them, Qin Yuan heard He Chenguang and Geng Hu’s voices.

This made him extremely surprised!

He didn’t expect the brothers of the logistics company to actually kill their way here!

This was something he had never expected!

“The brothers are here!”

Green Snake shouted excitedly.

“Yes! Let’s hurry over and meet up with them!”

“The heavens are really helping me!”

Green Snake laughed loudly.

“We really don’t deserve to die!”

With that, the few of them quickened their pace and rushed towards the door.

A few minutes later, the three of them arrived not far from the door.

The poisonous gas outside had basically dissipated, and Qin Yuan’s mood instantly became very happy.

He kicked the previously closed stone wall with a heavy kick. With a loud bang, the stone wall collapsed.

It was indeed an intense battle outside.

The people from the logistics company had already attacked, forming a confrontation with the people from Daybreak.

The stone hall outside had long been destroyed by the flames of war. The surroundings were filled with ruins and broken walls. The flames of war raged, turning it into a huge battlefield filled with smoke.

Qin Yuan saw metal bottles lying around the Dawn Flame organization’s camp. Those were obviously the poison gas cans that they had wanted to kill him just now.

Standing not far from the group of jars was a huge white wild wolf.

The entire battlefield was in chaos, and screams rose and fell. The surrounding area was mixed with a mixture of purple poison gas and explosive gas.

The people from both sides were fighting with all their might, and their strength was on par. From time to time, intense gunshots could be heard. Qin Yuan and the others were at the periphery of the battlefield, so they could not join in for the time being.

The sharp-eyed Qin Yuan immediately saw He Chenguang, who was giving instructions. He ran over to meet up with him.

“He Chenguang!”

Qin Yuan shouted excitedly.

He Chenguang had long seen Qin Yuan’s figure and the earth-shattering scene just now. He shouted,

“Captain Qin Yuan! You’re actually here!”

As they spoke, the two of them gathered together and clasped their hands.

"I didn't expect you to be here either!"

Qin Yuan said happily.

"Don't tell me, something unbelievable really happened!"

He Chenguang said with a smile.

"That's right! He led us here!"

"This is very magical!"

Geng Hu interjected.

Qin Yuan knew what the two of them meant. He smiled and looked in the direction they were pointing.

He saw that the big white wolf was fighting to the death with the other side's warrior!

His posture was incomparably strong and agile!

"Its contribution is not small!"

Qin Yuan sighed in his heart.

"Do you know it too?"

Geng Hu asked in surprise.

"I guess so! Green Snake is more familiar with it. It was the one who brought us here just now!"

Qin Yuan smiled.

At this time, Green Snake had already arrived in front of him. When it heard their words, it could not help but be stunned at first. Then, before Qin Yuan and He Chenguang could react, it immediately rushed into the formation with its gun and rushed towards the big white wolf.

It looked like they were going to support it.

"I'm coming! Brother!"

Green Snake shouted at the white wolf and rushed over.

The white wolf also heard Green Snake's cry and roared excitedly in response.

"Let me help you!"

Green Snake came to the white wolf's side, smiled and patted its head, then began to fight side by side with it.

With the help of Green Snake, the logistics company was like a tiger with wings. Their momentum increased greatly. Just Green Snake and White Wolf alone caused a huge impact on Xiao Yan.

Daybreak Flame's side began to retreat.

Qin Yuan saw this scene. He first welcomed the old man and brought him to a safe position at the back of the logistics company.

“Old sir, you just wait here. After we defeat ‘Xiao Yan’, we will return to the logistics company. At that time, you and your daughter can reunite, okay?”

“I know. You don’t have to analyze it for me. I’ve already prepared for this. Since I’m already here, you don’t have to worry about me anymore.”

The old man said in a deep voice. Then, he sat sideways on the chair and half-closed his eyes to rest.

Qin Yuan nodded and turned to leave.

Returning to the front of the formation, Qin Yuan came to He Chenguang and Geng Hu’s side.

“How’s the situation?”

Qin Yuan asked in a low voice.

” We were evenly matched just now, but now that the situation has entered our hands, we have the situation under our control.”

He Chenguang smiled.

Qin Yuan looked at Green Snake in the distance and carefully observed the situation on the field.

Indeed, as He Chenguang had said, the originally evenly matched situation was suppressed by Green Snake’s intrusion, and Xiao Yan’s troops were forced to retreat.

The general who had just threatened them was in a sorry state and could not even protect himself.

“Brothers, the situation doesn’t seem right! Brothers at the back, hold on. We’ll retreat for now!”

The man shouted.

How could Qin Yuan and the others let these vicious people escape just like that?

This was a good opportunity to surround them!

Chapter 853: Return in Victory (2)

He definitely couldn’t let it go!

Qin Yuan’s gaze moved. He picked up a sniper rifle in his hand and placed it in front of his eyes to aim.

Two seconds later, a sharp gunshot tore through the sky. The general fell to the ground and died.

“Captain Zhao!”

The soldiers beside him were shocked and tried to go forward to check on him.

After discovering that he had been killed by Qin Yuan on the spot, he was shocked.

“Captain Zhao is dead!”

Everyone panicked.

After that, the people of Daybreak Organization were like a group of ants on a hot pan. They were in a mess. They no longer had the organization and discipline they had before. They had become a pile of loose sand.

On the other hand, the morale of the logistics company decreased. With the boost of Qin Yuan's arrow through the heart, everyone's morale soared. Qin Yuan even rushed into the enemy camp in one go and took the lead to attack the soldiers of "Daybreak".

The battlefield instantly turned into a one-sided massacre by the logistics company. Very quickly, the opposing team was wiped out by the logistics company.

"Awesome!"

After they were done, they all roared loudly. The unhappiness in their hearts had long dissipated.

"It's been a long time since I've had such a good time killing enemies!"

"They were all your former colleagues."

Qin Yuan walked to his side and said with a smile.

"Although we are colleagues who have been together day and night, I know that we have completely different thoughts in our hearts."

"There's nothing to regret."

Green Snake said decisively.

"This is more like your style."

Qin Yuan smiled and patted his shoulder. Then, he turned around and looked at He Chenguang as he asked with a smile.

"Captain He, can you tell me what happened?"

He Chenguang smiled at Qin Yuan and said,

"Actually, we went against your wishes and made the decision to come and rescue you."

"From the results, your decision is correct."

Qin Yuan said with a sincere smile.

If they had not arrived in time, Qin Yuan would definitely have been beheaded by now.

"How did you get the news that we were trapped?"

Qin Yuan voiced out the doubts in his heart.

"Because of the Qiu brothers."

He Chenguang's answer was simple.

Qin Yuan was still a little puzzled. The Qiu brothers had long parted ways with them. How did they know that he was in danger?

“They separated from us a long time ago.”

Qin Yuan asked curiously.

“You’re wrong. We didn’t know that you were in danger. We only sent troops to support them because they asked for help.”

He Chenguang replied with a smile.

Qin Yuan was relieved. It seemed that He Chenguang had thought things through.

He didn’t miss any chance to rescue them.

“It seems that I have to thank these two saviors when I get out of here.”

Qin Yuan teased with a smile.

“However, if you can kill your way in here, does that mean that the people outside have been dealt with?”

Qin Yuan asked curiously.

The distance from here to the entrance of Daybreak was not short, and every place was heavily guarded. It was not easy to break into this place.

“What else?”

He Chenguang asked with a smile.

“Do you think our logistics company would do those sneaky things?”

Qin Yuan smiled and felt relieved.

That’s right, they must have come here with their feet on the ground and fought their way in step by step. Qin Yuan did not need to doubt this at all.

“Alright, I was too careless.”

Qin Yuan smiled.

” However, although they have failed and suffered a setback, it doesn’t mean that they have lost. As long as their leader Dong Zhejun is still around, he will definitely launch a new round of attacks. Our priority now is to bring the old man back and think about how to get out of here.”

Qin Yuan’s attitude became serious as he said in a deep voice.

” Mm, there’s no time to lose. Before their reinforcements arrive, let’s return the way we came!”

He Chenguang replied.

As he spoke, he mobilized his troops and moved to the back.

Qin Yuan came to the old man’s position and guarded him, just in case.

Green Snake and the white wolf walked at the front of the team, welcoming any enemies that approached them.

“This time, it can be considered a success! Let’s save him. We’re just one step away from leaving this place!”

Geng Hu walked beside Qin Yuan and said.

” Yes, our plan is basically going smoothly at the moment. Although there were some hiccups in the middle, it didn’t affect the outcome. It just consumed more time.”

Qin Yuan replied in a low voice.

Although they were walking on the same path, the scenery on the road was completely different.

Along the way, there were traces left behind by the tragic war. The corpses of the Daybreak Organization’s soldiers and some injured people.

The logistics company also had many injured people. He Chenguang had already arranged for stretchers to carry them back.

Qin Yuan quickly walked to He Chenguang’s side and asked.

“How many brothers did you bring this time?”

“Three hundred.”

He Chenguang replied.

“Three hundred?”

Qin Yuan revealed a surprised gaze. One had to know that there were at least 10,000 people in the headquarters of Daybreak Organization!

There were at least three to five hundred people guarding the entrance just now. The number of people was definitely several times that of the logistics company!

He did not expect He Chenguang to be so bold!

“The more people you bring, the more inconvenient it will be for you to move around, and the easier it will be for you to give yourself away.”

He Chenguang added.

“Well, your considerations are not unreasonable.”

“In short, we completed the mission. That’s the most important thing.”

“At this speed, it will take a few more minutes to reach the door. During this time, we must concentrate and be prepared to fight at any time.”

Qin Yuan said.

“Understood.”

He Chenguang replied.

However, what they did not expect was that when they reached the entrance, they did not receive any obstruction from Xiao Yan. They arrived at the empty space at the entrance safely.

Dozens of military vehicles from the logistics company were parked outside.

“Although not many people came this time, it can be considered a big fight.”

He Chenguang said.

“Yes, the main reason is that the roads here are very rugged. It’s already very rare for so many people to come in.”

Qin Yuan echoed.

Considering the secrecy of the Daybreak Organization’s headquarters, he could not bring too many people in.

Fortunately, these military vehicles were all here and had not been discovered and destroyed by the other party. Now, as long as they got on the car and returned, they would be done.

“Get in the car! Return the way you came!”

He Chenguang ordered the soldiers.

“Wait!”

The sharp-eyed Qin Yuan noticed something amiss and waved his hand to stop her.

“What’s wrong?”

He Chenguang asked curiously.

“They are very cunning. Just in case, we have to check the safety of the car first.”

Qin Yuan said in a deep voice.

He had suffered from carelessness previously, and he definitely could not repeat the same mistake now.

“Alright, you guys go over and check the safety of all the vehicles!”

He Chenguang ordered the soldiers beside him.

A few soldiers nodded and immediately walked over to check the car.

These soldiers were naturally familiar with the operation and performance of the vehicles. They were also very skilled in inspecting them, not letting go of any suspicious places.

Soon, a series of exclamations came from the other side.

“Captain! These cars have been tampered with!”

Hearing this, Qin Yuan and He Chenguang were shocked!

“What do you mean?”

“The brakes and steering wheel in the car are not working!”

The soldiers' voices were filled with sorrow.

As expected, he still couldn't dodge the other party's ambush!

They were only one step away from victory! Now, they were back to square one!

Now that their means of transportation were gone, it was difficult for them to move!

He could go back if he wanted to, but he could only walk back!

However, the meticulous Qin Yuan quickly thought of a new way to deal with it.

"Didn't we pass by Xiaoyan's train station? There are a lot of cars there. Maybe we can go there and take a look!"

Green Snake also came to a realization.

"Yes! That's where Xiao Yan's cars gather, there's definitely enough cars for us to go back!"

"However, it's still dozens of kilometers to get there. At our speed, it'll probably take half a day!"

Green Snake analyzed seriously.

Chapter 854: The Road to Retreat

Everyone fell silent.

Although they were a team of elite soldiers, it was still a few dozen kilometers away. They could indeed travel on foot, but it would take a very long time. Secondly, considering that there were old people like the old man in the team, it was definitely not a wise move to travel a long distance.

"What should we do? Now, we're in a dilemma."

He Chenguang came over and whispered to Qin Yuan.

Qin Yuan also had a helpless expression.

He knew that even though he was facing many difficulties, he could not afford to delay. He had to make a decision immediately, or else the pursuers would arrive immediately.

Qin Yuan looked at the old man beside him. Although he was not thin, after such a long time of torture, he was also extremely tired. He definitely could not walk another kilometer of the market like them.

Thinking of this, Qin Yuan frowned and immediately decided,

"Old sir, I'll carry you on my back. Don't worry."

Hearing this, everyone present was shocked.

This was a long journey of dozens of kilometers!

Qin Yuan was not joking, right?

Carrying a person weighing more than 100 pounds for dozens of kilometers!

This was something unheard of!

It wasn't something a normal person could do!

"Captain Qin, are you kidding me? We can take turns carrying it, you don't have to force yourself."

He Chenguang also advised.

"I'm not joking."

"I'm serious."

Qin Yuan said seriously.

Of course, he knew how difficult it was, but with the system's skill, he could easily complete this mission.

"It's too troublesome and a waste of time to take turns memorizing it. Since I said it, I'll definitely do it well."

"I used to practice like this often. It's not the first time. Don't worry."

Qin Yuan said with a serious expression.

Seeing him like this, He Chenguang and Geng Hu didn't say anything else. They knew that he was a person whose words carried the law.

He could only look helplessly at the old man beside him.

The old man's expression was calm as he pondered. Then, he slowly opened his mouth and said,

"I really can't travel such a long distance with you, but I hope you won't force yourself. After all, you've been traveling with us for so long. Even if you have steel bones, you'll still be injured. I suggest you take a rest first. It's not too late to set off later."

Qin Yuan smiled and said confidently,

"It's alright. The walk just now was already my rest time."

The old man's face showed a trace of surprise, but then he immediately returned to normal.

"Alright, since you're so determined, I won't stop you anymore. I believe you."

Qin Yuan revealed a happy smile.

"Arrange for people to prepare to set off immediately. Take care of the injured and pathologists, and advance in an orderly manner."

Qin Yuan turned his head and ordered He Chenguang and Geng Hu.

"Yes, sir!"

The deputy generals underground answered in unison.

After that, the logistics company tidied up their luggage and set off in the direction of the station.

Fortunately, before they set off, there were no more pursuers from behind. Everything was safe and sound.

The road ahead was a long and arduous one.

This was undoubtedly a huge test for the people of the logistics company.

Qin Yuan had already gone through an inspection and found out that more than 30% of the soldiers in his team had suffered varying degrees of damage. He was also very uncomfortable.

This was the first time he was leading a group of remnant major generals on a march, so it was not without pressure.

It was even unprecedentedly big. Just now, he had displayed a calm and composed attitude in front of everyone. It was purely a performance of pretending to be calm.

This was because there was an unknown fear in front of them, which gave them the greatest pressure.

Qin Yuan carried the old man on his back and walked slowly. This was not difficult for him. His speed was even faster than some soldiers with injured hands.

“Captain Qin, your speed is amazing! You guys also experienced a fierce battle just now, right? Just how much energy is hidden in your body!”

Geng Hu walked over and said.

Qin Yuan smiled and looked around. He pointed at a small pool in the distance and let Geng Hu understand it himself.

“Pool? What does that mean?”

Geng Hu scratched his head in confusion.

Qin Yuan was still smiling.

“Think about it yourself.”

As he spoke, he strode forward.

Geng Hu was left alone in a daze.

He Chenguang walked up from behind and patted his shoulder.

“See if there’s much water in that pond.”

“More.”

Geng Hu replied.

“That’s right.”

He Chenguang also strode forward.

Geng Hu slowly reacted.

“Ah, it means Captain Qin Yuan’s remaining energy!”

“It’s really like the sea, inexhaustible! It’s too profound!”

Geng Hu exclaimed.

The road ahead was not simple. Compared to the environment at Daybreak’s main entrance, this place was even more difficult.

The road was rugged and the visibility was particularly low.

This caused them some unexpected trouble.

This was because some soldiers had never adapted to such an environment, and they developed some particularly obvious resistance.

“Captain! Why is it so dark here! Don’t we have lights? Why didn’t you open it!”

Chapter 855: The Path of Retreat (2)

They had only walked a few miles when some soldiers began to complain.

“Are you stupid or stupid? We still need to walk dozens of miles. If we turn on the lights now, how long do you think we can last?”

He Chenguang shouted sternly.

A soldier who didn’t know his place and spoke up at the wrong time was simply a tumor in the team.

The soldier clearly had a deep resentment.

” We’re a regular army, yet we’re in such a sorry state here. What a joke!”

As he said that, the soldier started to laugh.

This person was probably driven crazy by the current environment.

Qin Yuan thought to himself.

He slowly stopped and put down the old man on his back.

He slowly walked up to this person and looked at him with a sharp gaze.

The soldier looked at Qin Yuan in front of him with a panicked expression.

The scene just now was just him expressing his dissatisfaction with the current environment. He could not help but vent his emotions. He did not want to provoke the leader of the team. He did not expect Qin Yuan to hear it.

He quickly apologized,

“I’m sorry! Captain Qin! I was too impulsive! I shouldn’t have said such negative words to disrupt the morale of the army! It was my fault!”

I'm sorry!"

He hurriedly apologized.

Qin Yuan had no intention of forgiving him.

If apologizing was useful, would they still be walking dozens of kilometers here?

"What did you just say?"

Qin Yuan narrowed his eyes and asked.

"I... I didn't say anything..."

The soldier's tone was obviously very low.

"I heard it clearly. Who did you say was in a sorry state? I'll give you one minute to organize your words and say it again."

"I'm sorry! I was wrong!"

The soldier almost cried.

He immediately knelt on the ground and apologized to Qin Yuan.

Qin Yuan knew the other party's regret, but such a person who disturbed the morale of the army had to be punished. Otherwise, it would be difficult to calm the morale of the army.

"First of all, you spouted nonsense without permission. This is the first crime. Second, you contradicted your superior. This is the second crime."

"Since you want to admit your mistake, I won't make things difficult for you. You can use your running speed to be a scout at the front and check the road ahead for us."

Qin Yuan said in a low voice.

"Ah! Yes!"

Although the soldier was very sad, he agreed without hesitation.

Qin Yuan understood that although he had made a mistake, in the current situation, he could not use physical punishment here. He could use the punishment in a more accurate way. It just so happened that the team was maintaining a slow marching speed. Now that they had this scout, they could at least guarantee that they would be safer than before.

"Go! Report to me the road condition of one kilometer ahead in five minutes."

Qin Yuan said coldly.

"Yes, sir!"

The soldier ran forward dejectedly.

Just like that, with the addition of a Scout in front of them, everyone returned to their previous silence. They marched silently for more than ten minutes, and they did not encounter any obstacles or difficulties along the way.

“How rare! I didn’t encounter any problems even after walking such a long distance.”

He Chenguang walked to Qin Yuan’s side and said to him.

“I’m also a little surprised. I don’t think I’m used to being so safe.”

Qin Yuan said with a frown.

The old man on his back had been cultivating with his eyes closed.

Now that she had woken up and heard the conversation between Qin Yuan and He Chenguang, she interrupted,

“In my opinion, this is also abnormal.”

“Sir, you’re awake?”

He Chenguang exclaimed.

“Yes, I was indeed tired just now, so I took a nap.”

” Although they were also severely injured, in my opinion, they definitely won’t let it go. Dong Zhejun isn’t that kind of open-minded person.”

the old man said with a frown.

“Do you think he will pursue us?”

He Chenguang asked.

” Definitely. Moreover, they’ve probably already sent out their troops and will catch up to us soon.”

“It was definitely them who destroyed our car just now. They were just some scouts who didn’t dare to act rashly against us. He will definitely catch up to us.”

The old man frowned and looked worried.

“This... We have to be prepared for battle.”

He Chenguang turned to look at Qin Yuan.

Qin Yuan also frowned.

He was already mentally prepared for this. It was only a matter of time before the other party caught up to him.

After all, there were many injured people on his side. No matter what, the other party would not let go of this excellent opportunity.

“How is our combat strength now?”

Qin Yuan turned to ask He Chenguang.

“We did a rough check just now. Our combat power is only about 70% of what it was when we came. If the other party comes here to start a battle, there’s a high chance that they won’t be able to defeat him.”

He Chenguang confessed.

Qin Yuan frowned.

“Call Green Snake over.”

He Chenguang went to the front and called Green Snake over. He was playing with the white wolf just now.

“Green Snake, do you know that the pursuers behind us are about to arrive?”

“Of course, I had a premonition just now. Do you think I’m that stupid?”

Green Snake said unhappily.

“Then why are you having so much fun with your little friend?”

“What can I do?”

“I’m still waiting for you to make the decision! I’m not the leader of the logistics company!”

Green Snake retorted.

Qin Yuan raised his eyebrows and did not say anything else.

“Now is not the time to argue. I called you over to discuss our next move.”

“Do you have any good suggestions or solutions?”

Qin Yuan looked at Green Snake.

Qin Yuan asked this because Green Snake had subdued this white wolf. Perhaps it could create another miracle.

“Like I said just now, I’m also at an absolute disadvantage like you. What can I do? Besides, I’m not a person who relies on my brain.”

Green Snake spread his hands and said.

Qin Yuan saw that he still did not understand what he meant, so he turned his head to look in the direction of the white wolf.

When Green Snake saw Qin Yuan’s actions, it immediately understood what he meant.

” You’re saying that the white wolf might be able to do it?”

“Yes, you know that we are currently heavily injured. If we really want to fight, it can be said that our chances of winning are not very high. However, with its help, we might be able to turn the rotten into the miraculous...”

As he spoke, Qin Yuan's eyes revealed a look of hope.

Green Snake's heart trembled. He really did not expect the white wolf to have such a magical effect. However, on second thought, it was also because he had not thought it through. That white wolf had huge tactical value.

"Can't you communicate with him? Can you discuss any good ideas with him?"

Qin Yuan suggested.

"That's right! Just now, it was also a wolf that led the way and opened up a bloody path for us. I believe that this time, it will definitely bring us good luck!"

He Chenguang echoed.

Green Snake looked at their eager eyes and felt embarrassed to refuse.

"Alright, I'll go over and see if it has any reaction. If it's possible, let it come up with an idea!"

After saying that, Green Snake turned around and left. It returned to the front of the team and discussed with the white wolf.

"This time, I believe it will definitely help us!"

Qin Yuan smiled.

"Now, I suggest we turn off all the lights and wait here for them to fall into our trap."

The old man behind Qin Yuan said.

"Because, rather than struggling in front of us, it's better to be fully prepared here and wait for the arrival of the great battle."

When everyone heard this, they were all stunned.

That's right, before the other party arrived, they would not be able to escape no matter what. If they took too much risk and advanced, it would only put them in an even more dangerous situation!

"All troops, settle down on the spot. Turn off all the lights and prepare for the battle!"

Qin Yuan made a prompt decision and ordered.

After He Chenguang and Geng Hu received the order, they immediately gave the order to their subordinates. Immediately, the entire army stopped in place and entered an emergency preparation state.

"They should be here soon."

The old man closed his eyes and said in a deep voice.

Before he could finish his sentence, he heard the sound of a horn coming from behind him.

They all knew in their hearts that the great enemy was approaching.

Chapter 856: Sneak Attack

Hearing Qin Yuan's words, the soldiers of the logistics company reacted very quickly. The team immediately shrank and formed a defensive formation.

Then, he turned off all the lights and surrounded the injured in the middle to protect them.

This time, before the other party arrived, the entire army had entered a state of preparation.

The sound of the horn in the distance gradually approached. It was obvious that the other party was making a huge commotion. This time, at least dozens of cars were pressing down at the same time.

"Their numbers this time are several times more than before!"

the old man said in a low voice.

As he spoke, a hint of uneasiness could be faintly seen.

"Yes, I can feel it from the aura."

Qin Yuan said.

"Although our current position is considered secret and we are also in the dark, we have a certain advantage. However, the other party's strength is still there. If we fight a protracted battle, we will definitely lose."

"I wonder how Green Snake is doing?"

Qin Yuan turned his head to look in the direction of Green Snake and saw that it was still in close contact with the white wolf, looking like it was in a serious discussion.

"Are you not done yet? The enemy army is already pressing down!"

Even from a few hundred meters away, Qin Yuan could feel an oppressive aura.

He could clearly feel that Dong Zhejun was serious this time. This meant that in this battle, one side would definitely disappear in the long river of history.

As the other party slowly approached, the logistics company began to feel a little restless.

Some unnecessary commotion began to rise in the camp.

"Quiet down!"

He Chenguang shouted in a deep voice.

"Now is the moment of life and death for us. We must remain calm! Didn't I teach you before?"

"From now on, if there's anyone who hasn't given an order, get out of the team. The logistics company doesn't need such deserters."

Qin Yuan said in a low voice.

This was his way of governing the army. At this moment, only a forceful method could correct the attitude of the three armies.

As expected, as soon as Qin Yuan said this, the entire team stopped complaining or lamenting.

Qin Yuan sighed slightly. Now, they could discuss their countermeasures before the other party attacked.

It was not easy to fight against a large number of people. Even if they were the most elite troops in the logistics company and each of them could fight against ten people, they were still not comparable to the battle formation of “Xiao Yan”.

From the sound of the horn just now, he could roughly tell that the other party had at least five times their number.

Moreover, they had to deduct the number of injured soldiers in the logistics company.

Qin Yuan’s gaze focused on Green Snake. He carefully calculated the time. If Green Snake could not get the result within two minutes, then he would have to start discussing the countermeasures with He Chenguang.

As time passed, the air seemed to have been glued together. It was quiet and terrifying.

He could even hear the breathing of some soldiers in the team.

Just as Qin Yuan was about to give up on Green Snake and discuss with He Chenguang and Geng Hu, Green Snake finally finished its conversation with the white wolf and jogged over.

“Qin Yuan! I’ve discussed it with it!”

Green Snake’s tone carried some joy. It seemed that there was good news.

“How is it? Does it have a way?”

Qin Yuan immediately asked.

“Yes! It wants us to hide well while it acts as bait to distract the other party. At that time, we will attack from the side. That way, we will have the advantage of attacking first!”

Green Snake said excitedly.

“I didn’t expect it to use such a move again.”

Qin Yuan smiled.

” This is indeed a tried and tested method, but this time, the enemy’s army is pressing down on us, not the same guerrilla warfare as before. I’m afraid this method won’t work.”

Qin Yuan voiced his concerns.

“Yes, I’ve also considered this concern just now, and I’ve also thought of a way to deal with it.”

Green Snake said indifferently.

“Since the other party is coming at us menacingly this time, we have to send more people to harass them.”

“I’ll go with the white wolf.”

Green Snake said seriously, his eyes revealing a hint of determination.

“Walk, it’s too dangerous! Two people is too little. I can’t let you take this risk!”

Qin Yuan immediately refused.

“What? Have you ever seen me at a disadvantage in a battle before?”

“And this time, I’m working with my best partner. It’s safer than before.”

Green Snake said disdainfully.

” Don’t worry, I know my limits. I won’t act on impulse. I’m only in charge of harassing them. I won’t reveal any flaws.”

“Besides, if there are too many people, it will be difficult for us to move. You can just stay in the camp and command the troops. I am the most suitable person to handle this kind of thing.”

Green Snake said confidently.

Looking at his eyes, Qin Yuan gradually believed in his ability. After all, if he wanted to arrange manpower on his side, there was indeed no one suitable. He Chenguang, Geng Hu, and he had to command the troops in the array. The others did not know much about Green Snake. If they were to force them to act together, there might be negative effects.

“Okay, I understand. Then I’ll leave this difficult task to you.”

Qin Yuan nodded and said.

“Good!”

After saying that, the two of them reached out and held each other’s arms. Then, they hugged each other and encouraged each other.

Green Snake whistled, and the white wolf immediately rushed over. Green Snake flipped over and sat on its back, instantly disappearing into the surrounding darkness.

Chapter 857: Sneak Attack (2)

“Can we rest assured about their actions?”

He Chenguang walked over and said with narrowed eyes.

“It’s hard to say. We just need to know that they have done their best for our logistics company. They don’t owe us anything.”

Qin Yuan said.

He Chenguang was silent.

Qin Yuan was right. Green Snake had already done his best for the logistics company, and he did not complain at all. He had no reason to criticize him. All they could do now was to arrange their own troops with their current strength to welcome the final battle.

“Gather all the soldiers here. Let’s arrange our tactics.”

Qin Yuan said.

He Chenguang nodded.

Then, he turned around and shouted towards the camp.

“Everyone, come over. Captain Qin Yuan will explain the tactics of this battle to everyone.”

After saying that, the team slowly gathered beside Qin Yuan like a plate of sand.

Qin Yuan stood in the middle with a serious expression. He cleared his throat and said in a deep voice,

” I’m very happy to be able to stand here with everyone from the logistics company and engage in what might be the last battle of my life.”

As soon as he finished speaking, there was a flurry of discussion from underground.

Qin Yuan raised his hand, signaling for everyone to quiet down as he continued.

” I know that you are all very surprised, and I am also very shaken. However, from the perspective of war, this is a fact that cannot be changed no matter how emotional it is!

“What we can do now is to make good use of our current strength and maximize it! I believe that with Qinlian’s spirit and condition, he will definitely be able to defeat a strong enemy!”

” Are you confident?!”

Qin Yuan asked loudly.

“Yes!”

There was a deafening response.

“Alright, I’ll do it. Next, I’ll explain the detailed battle strategy.”

Qin Yuan paused for a moment and continued,

” Just now, Captain Green Snake has already led his companions to the front line to harass them. We just need to observe carefully here. When the enemy’s formation is chaotic, we will launch an attack and take down the enemy!”

With that, there was another round of cheers nearby.

"I just observed our current geographical location. It just happens to be a relatively low terrain. We can use the nearby rocks as cover. This is a natural protective fence. The enemy's long-range attacks are basically ineffective."

"Alright, since the problem of defense has been solved, let's talk about the attack. We still have about 200 people left. We'll split into three groups. Captain He Chenguang, Captain Geng Hu, and I will each lead a group. We'll wait for the right time to attack the enemy's camp!"

"What do you think? Does everyone think my strategy is feasible?"

Qin Yuan asked loudly.

"Sure!"

The soldiers responded loudly in unison.

"Good! This time, we won't leave until we annihilate Daybreak!"

Qin Yuan's tone was very firm.

"I won't leave until we annihilate Daybreak!"

There were waves of enthusiastic shouts around.

"Scatter! Return to your posts and await orders!"

Qin Yuan waved his hand. After he finished speaking, the entire army returned to their previous stance.

Qin Yuan returned to his seat. He Chenguang, who was beside him, said,

"Green Snake, it's been a while. Why didn't I see any movement from the other side?"

There was a hint of worry in his tone.

"Hmm, according to his speed, he should have met the other party by now."

The whistle of the Daybreak Flames continued to ring in their ears, but they didn't hear any sounds of fighting.

"That's strange. Did something happen?"

Geng Hu was also puzzled.

As soon as he finished speaking, they saw a white figure suddenly flash past in the distance.

The few of them focused their eyes. It was very obvious that this was Green Snake and the others!

The white shadow jumped up and down like a bolt of lightning, instantly turning the enemy's position upside down.

A series of shouts also entered their ears.

"They succeeded!"

He Chenguang shouted in surprise.

The soldiers of the logistics company heard the noise and looked over. Sure enough, they saw Green Snake and the white wolf dancing like butterflies, causing the vanguard of 'Daybreak' to be thrown into chaos.

"Good! As expected of Captain Green Snake! His strength is indeed extraordinary!"

"Captain Green Snake is the savior of our logistics company!"

"When the battle is over! I'll go and ask Captain Green Snake for his autograph!"

The soldiers were inspired by Green Snake's words, and their morale was very high.

"You guys just stay here and observe. Don't be impulsive and go up to fight."

Qin Yuan said with a smile.

"Got it!"

The soldiers shouted excitedly.

"When can we fight? My blood is boiling!"

Some soldiers shouted excitedly.

"Let's wait a little longer. It's still too early to wait until their formation is a little more chaotic."

Qin Yuan said in a low voice.

He knew that although Green Snake was very powerful now, he was still weak and could only barely buy them some time.

This time was very precious. They had to firmly grasp the opportunity. As long as they were careless, all their previous efforts would be wasted.

Qin Yuan stared at the situation over there without blinking. As long as the situation reached the right time and their operation came to an end, he would immediately take action.

After waiting for about a minute, Qin Yuan could already see with his naked eye that many people in the other party's camp had already taken out their guns and started to shoot at Green Snake and the white wolf. Moreover, the shouts were getting louder and louder.

He knew that this was the best time, so he immediately gave the order.

"Everyone, start moving. Slowly advance towards the enemy's position and remain silent! Don't reveal any traces!"

After saying that, the large group immediately began to move their positions. According to Qin Yuan's instructions, they immediately began to advance towards Daybreak's position.

"At this speed, we should be able to reach the enemy camp in about five minutes."

He Chenguang said in a deep voice.

” Yes, as long as we don’t get discovered in the dark, the plan will definitely succeed!”

Qin Yuan said firmly.

With the current visibility, the naked eye could not see the road ahead clearly.

The other party was in the middle of an intense battle and definitely had no time to care about the surrounding situation. The chances of them succeeding were very high.

Sure enough, after about two minutes, the other party was still engaged in an intense battle with Green Snake and the white wolf. They had made no noise along the way and had safely advanced about two hundred meters.

“According to this trend, we’re about to succeed!”

Geng Hu said excitedly.

Some of the soldiers below could not hide their excitement and began to celebrate softly.

“Silence!”

Qin Yuan frowned and shouted in a low voice.

” Have you forgotten what I just said?!”

“Yes, sir! Captain!”

The people below immediately understood and resumed their silence.

Qin Yuan was constantly observing the situation in front of him. The current green snake was a little lower than before, and the sound of “Daybreak” fighting was not as loud as before.

It seemed that Green Snake and the others had basically reached their limits and were preparing to leave.

He had already traveled more than half the distance, which was basically what Qin Yuan had expected.

By the time Green Snake left safely, their troops could also reach the front of the enemy’s formation and launch a sneak attack.

“This bastard has appeared twice before. I didn’t expect him to come again! How despicable! This time, we must make him pay with blood!”

“And this green snake, I didn’t expect to raise an ingrate! He still dares to appear here. This time, we must catch him and tear him into pieces!”

As they got closer, the soldiers of the Daybreak Organization could be heard clearly cursing.

“Hold on a little longer.”

Qin Yuan muttered in his heart.

As time passed, the sounds of battle in front of them became softer and softer. The logistics company was less than 100 meters away from the enemy’s main force.

Chapter 858: A Righteous Sneak Attack

It was the most critical moment!

A great battle was about to break out!

“Green Snake has already given us a wonderful surprise attack.”

” The enemy is right in front of us. It’s our turn. Are you guys ready?”

Qin Yuan asked in a low voice with a solemn expression.

“I’m ready!”

The soldiers answered without hesitation.

“Three!”

“Two!”

“One!”

“Begin the battle!”

As soon as Qin Yuan’s voice fell, the soldiers of the logistics company suddenly surged into the camp of the “Daybreak” organization like a flood. The fire support team at the back also used the largest artillery fire to cover the head team in front.

A series of chaotic and tragic gunshots rang out, announcing the official start of the battle!

Daybreak’s men obviously didn’t feel the people from the logistics company approaching them and suffered a heavy blow.

As the logistics company entered the battlefield, Green Snake and White Wolf understood that their mission was basically completed.

“What’s going on? What is this?”

” Where did these troops come from?!”

” We received news that the logistics company has been severely injured. Shouldn’t they be resting there?”

The soldiers of Daybreak were all shocked.

“That’s right! Didn’t he see Green Snake and the big white wolf just now? How did he disappear in the blink of an eye?!”

A well-dressed man in a black vest with a conspicuous scar on his forehead stood in the middle of the troops at the front. He seemed to be the captain of Daybreak’s vanguard. Seeing Daybreak’s troops, he shouted loudly,

“Everyone! Listen to my command! Forget about the man and the wolf just now! Focus on the current enemy! The other party came with ill intentions!

If you still want to be responsible for yourself or the people around you!”

As soon as these words were said, the effect was indeed outstanding. It played an important role in uniting the hearts of the people. The soldiers of Daybreak immediately reignited their fighting spirit and began to resist the logistics company again.

Qin Yuan saw all of this. As expected, the other party was not broken through as easily as the ordinary troops.

His eyes narrowed, revealing a hint of ruthlessness.

He took out a heavy sniper rifle AWP from the side and aimed it at the enemy leader.

Obviously, he was also in the dark this time. The other party did not know how many people Qin Yuan and the others had sent, nor did they know where the other party's main commander was.

Although he was also standing in a relatively hidden position and had taken protective measures, it was obviously not difficult for Qin Yuan's shooting skills.

A crisp sound was heard, followed by a muffled groan. The poor captain fell to the ground, leaving a pool of red blood.

"Captain!"

The Daybreak soldier was shocked.

"The enemy has a sniper!"

The soldiers immediately shouted.

"Sniper?!"

"How is that possible? Even the best sniper can't kill in one shot in such a dark place!"

The soldiers were terrified.

"The other party actually has such a god-like figure. We can't beat him no matter what!"

Immediately, Daybreak's troops began to disperse.

Firstly, it was because their captain had been shot by Qin Yuan, and secondly, because they could not find the exact location of the logistics company in the dark. Their hearts were filled with fear, so they were at an absolute disadvantage. Naturally, they were under great pressure.

In just a few minutes, the vanguard troops of Daybreak's organization were slowly scattered under the pursuit of the logistics company. Finally, the battle ended, and the logistics company completely annihilated the enemy's vanguard troops.

Qin Yuan counted the number of people. There were about 300 or so people in the vanguard of "Daybreak". This was indeed only a drop in the ocean of Daybreak's army.

"Hmph, they're just a bunch of mobs."

Qin Yuan sneered.

"That's amazing! Captain Qin Yuan!"

Geng Hu, who was at the side, ran over and praised.

” Continue to pursue them immediately. This is only their vanguard. There are still regular troops behind them. We can’t let our guard down.”

Qin Yuan said in a low voice.

In fact, the current situation was somewhat different from what he had expected.

Originally, he thought that Green Snake and white wolf could cause some chaos and losses to the other party. He did not expect that they would only encounter the vanguard troops of Daybreak. The regular army behind them was not affected too much. In this way, they would have to face the anger of the Daybreak army behind them.

“Let me be the bait.”

A familiar voice came from the side.

Qin Yuan was shocked. It was Green Snake!

When did he come back?

” Green Snake?!”

Sure enough, through the blurry darkness, Qin Yuan could vaguely see the eye-catching figures of Green Snake and the white wolf.

“Aiya, that was really refreshing just now!”

Green Snake laughed as he walked over.

“I haven’t had such an intense battle in a long time!”

Green Snake said with a look of unsatisfied.

“Just their vanguard? It’s okay. I was just warming up just now. I still have a lot of energy that I haven’t released.”

With that, Green Snake stroked the white wolf’s head, and the white wolf let out a happy low cry.

Looking at the man and wolf’s relaxed expressions, it was hard to believe that they had just used two units of strength to disrupt the formation of the enemy’s vanguard of hundreds of people.

“You guys are amazing!”

He Chenguang walked out from the side and said.

“Of course, I’m not bragging. Do you think I’m joking? I also have a plan. I won’t be so stupid as to joke around with my life.”

Chapter 859: A Righteous Ambush (2)

Green Snake chuckled.

"I understand your intentions, but we're going to face the enemy's regular troops next. I can't let you and the white wolf fight with only two units."

Qin Yuan said in a deep voice.

Green Snake also said with a noncommittal look,

"Of course, I also know the difficulties involved. I won't force myself. Don't worry, I know my own ability. The other party is Daybreak's regular army. It's not something I can handle alone."

Green Snake was very sensible.

"That's good. Now, I'll assign you another 50 elite warriors. You guys go over together as bait to attract their attention. We'll attack according to the situation. What do you think?"

Qin Yuan whispered in the array.

"No problem. The operation just now also confirmed that this approach is feasible."

He Chenguang echoed.

"Besides, we don't have time to think of other methods."

Geng Hu added.

"Okay, then let's take action immediately."

Qin Yuan said.

Then, he immediately arranged for 50 elite warriors of the logistics company and gave them a full set of weapons and equipment to ensure that they could do their best for the logistics company.

"Alright, you are all the most elite soldiers in the company. Now, you will move together with Captain Green Snake and White Wolf to fight against the enemy's main force. I don't need you to fight to the death. You just need to buy us time and create as much chaos as possible. Are you confident that you can hold them back?"

Qin Yuan asked in a low voice.

"Yes!"

"Louder, I can't hear you."

"Yes!"

A voice that sounded like a bell rang out from below.

Qin Yuan was very satisfied.

"Scatter!"

Then, Green Snake and the warriors scattered in all directions like black stars and disappeared into the darkness.

” This time, I believe they will complete the mission perfectly.”

He Chenguang looked into the distance and said seriously.

“Isn’t that so?”

Qin Yuan replied in a low voice.

A low whistle slowly came from the distance.

Obviously, Daybreak also knew what was happening in front of them, so they moved even faster.

The sound of the engines of the troops in the front had clearly slowly entered the ears of the logistics company, and it was getting louder and louder.

“The other party’s speed has increased.”

Geng Hu said in a deep voice.

“Yes, don’t panic. We’re still in the initiative. Our combat strength is still very strong. It’s still unknown who will win.”

Qin Yuan said.

Although there was some self-consolation in this, it was also a helpless choice.

Soon, the enemy’s troops encountered the elite troops led by Green Snake.

“He’s here!”

He Chenguang exclaimed.

The sound did not stop, and intense gunshots immediately came from ahead.

Then, someone shouted.

Qin Yuan and the others seemed to have heard something in the midst of their confusion.

” Green Snake again?!”

“As expected, the vanguard was annihilated by Green Snake!”

This was obviously the voice of the Daybreak Troop.

“Damn it, I must kill him this time! Detestable ants!”

“He actually dares to go against our 10,000-strong army. He really doesn’t know what’s good for him! Each of us can drown you with a mouthful of saliva!”

An army of ten thousand men?

Qin Yuan was shocked. If it was really as they said, then there was no doubt that their troops were definitely not their match.

However, when Qin Yuan thought about it carefully, it might not be the case because their current position was rather special.

If this was a normal battlefield, there would be no room for negotiation.

However, this was a pitch-black night, and the roads were filled with strange rocks. With their small number of people, they had some geographical advantages.

Perhaps he could use guerrilla warfare to defeat them!

Thinking of this, Qin Yuan could not help but feel happy.

They could only hope that the elite team ahead of them could cause as much trouble as possible.

Soon, the shouts of the people in front were drowned out by the gunshots.

It was obvious that the logistics company had started a fierce battle with the other party.

Qin Yuan had calculated that the equipment he had arranged for the elite troops would be enough for them to fight with the other party for at least ten minutes. During this period of time, he could attack at any time according to the situation.

“Should we attack now?”

Geng Hu couldn't help but ask.

“There's no hurry. In a few minutes, they haven't used their full strength yet.”

Qin Yuan said softly.

When Green Snake was used as bait for the first time, Qin Yuan had already realized that Green Snake and the white wolf liked to fight for a long time. It was not their style to use their full strength at the beginning, so Qin Yuan could wait a little longer.

Soon, Qin Yuan's guess came true.

A white figure suddenly appeared in the pitch-black night sky.

Without a doubt, this was the white wolf.

A man in a dark green military uniform was sitting steadily on its back. It was Green Snake.

The man and wolf cooperated very well.

The white wolf was in charge of shuttling back and forth between Daybreak Flame's group, biting and tearing, while Green Snake was frantically sweeping with its submachine gun, causing the other party to suffer serious casualties in an instant!

Seeing Green Snake and White Wolf being so imposing, the elite soldiers of the logistics company were greatly encouraged, and the guns in their hands shot even more fiercely.

Their firepower suppressed the enemy's troops.

“What the hell? This move again?”

Daybreak Flame's soldiers cried out in fear.

This was because they had noticed the existence of the white wolf just now. However, after all, the firearms of the logistics company were attacking them. They did not have more firepower to attack the white wolf. They did not expect this guy to suddenly jump out and rush into their camp. He really did not want to live!

Moreover, when they reacted and fired at it, the white wolf's movements were extremely fast. It was like a bolt of lightning in the dark. No matter how they attacked, they could not hurt it at all!

Some of the soldiers were too impatient and accidentally shot their own troops!

Immediately, the team that Daybreak had organized began to panic.

"Damn it! This thing was really detestable! He couldn't hit her! It's also very aggressive!"

Dawn Flame's soldiers cursed.

It was obvious that many people in their team had already been hit by its claws. They fell to the ground and cried out in pain.

On one side was the ferocious white wolf, and on the other side was the well-trained logistics company soldiers. The cooperation of these two forces actually achieved an unexpected result!

Dawn Flame's troops were actually unable to hold on and began to retreat!

Obviously, this was the so-called effect of one plus one being greater than two!

Qin Yuan, who was far away, saw all of this and could not help but be overjoyed.

"Hahaha! I didn't expect them to have such a day!"

He Chenguang laughed.

Geng Hu was also beaming with joy.

"Can we attack now?"

"Yes, just in time! We will immediately follow the previous plan and act in secret. We will attack the other party's side!"

With Qin Yuan's order, the remaining soldiers of the logistics company immediately began to move. The team quietly moved forward in the dark, slowly groping towards the side of the other party.

Their goal was very simple. It was to give the other party a surprise attack. The more sudden it was, the harder it would be for the other party to guard against it.

This way, the logistics company could cause more damage to Daybreak.

Qin Yuan estimated the distance between him and the other party's main force. He estimated that it was only about 200 meters away.

With their current speed, they would only need about two minutes to reach the battlefield.

It was almost impossible for any accidents to happen.

Qin Yuan was very calm and happy. He held his rifle and walked at the front of the team.

Soon, as Qin Yuan had expected, they arrived at the other side of the battlefield without any interference in these two minutes.

This place was not as noisy and intense as the battlefield. It was even a little quiet.

However, through the night vision goggles, Qin Yuan could clearly see that there were already military vehicles of the Daybreak Organization more than ten meters away.

Qin Yuan smiled and nodded at the warrior behind him.

Then, a grenade suddenly appeared in the hands of all the soldiers in the logistics company. Three, two, one, they threw it at the enemy's camp at the same time!

Chapter 860: Ambush in the Jungle

Facing such a welcome gift, Daybreak's soldiers were clearly caught off guard.

The troops at the front felt a flash of light in the darkness.

A beautiful firework bloomed in the night sky.

With a violent explosion, a huge hole was instantly blasted open in the front of Daybreak's troops.

Instantly, Daybreak suffered a heavy blow, and countless casualties were inflicted.

"What's going on? What happened up ahead?"

The troops behind them were shocked when they saw the accident in front.

What was originally a normal army march had turned into a purgatory-like battlefield after a series of explosions.

From time to time, there would be a seductive fire on the ground, and the situation was very terrifying.

"Damn it! It must be those bastards from the logistics company again!"

"They succeeded again!"

"What a troublesome opponent!"

The soldiers of Daybreak's camp behind them kept cursing.

In the middle of Daybreak's troops, a soldier ran in front of a black car in a panic and said in a trembling voice,"

"Governor...The first team in front was ambushed by the logistics company and suffered heavy losses!"

A calm but somewhat angry voice came from inside.

"What?!"

His voice sounded very angry.

"What do they eat?"

“What kind of weapon is the enemy using?”

“Hand...Grenades...”

the soldier said embarrassedly.

“What is it? Grenades? Oh my god! A few grenades wiped out an entire team?”

“What kind of grenades are they using!”

Dong Zhejun said in frustration.

One had to know that there were a total of 500 people in the first team!

What kind of bomb did the logistics team use to instantly wipe out these 500 people?

This was shocking!

“I... We don’t know either...The battlefield ahead was already a sea of fire, so we didn’t rush over to check it out...They’re still there...”

the soldier said in a trembling voice.

“Trash! A bunch of trash! I’ve raised you guys for so long, and you’re going to do this to me?”

As he spoke, he heard a series of thumping sounds coming from inside, as if Dong Zhejun was hammering the chair with his hands.

A low male voice came from the side.

” Governor, don’t be anxious. Although we have lost the first small squad, this is only a small part of our army. It has not affected our overall strength. Next, we will send a few more troops to work together to wipe them out. This time, we will definitely succeed.”

Hearing this comforting voice, Dong Zhejun slowly breathed a sigh of relief.

It was true that these troops were nothing compared to Dong Zhejun’s current army.

However, what was most affected now was morale!

Their own troops, numbering in the hundreds, were actually unable to fight back against dozens of people from the logistics company. How humiliating and resentful was this!

This was the reason why Dong Zhejun was so furious.

This anger was difficult to dissipate for a while.

The persuading voice at the side did not continue speaking.

After a moment, Dong Zhejun slowly opened his mouth. This time, his tone seemed to have calmed down.

“Immediately mobilize the second, fifth, and sixth teams to encircle and annihilate the logistics company. This time, we absolutely cannot allow failure!”

Dong Zhejun's tone was very firm, and he didn't have the slightest intention to refuse.

"Yes, sir!"

When the soldiers received the order, they immediately went to the back to gather the army.

On the logistics company's side, they had just launched a series of attacks and received good results. Qin Yuan and the others were very happy.

"Captain Qin, our bombs are really powerful!"

The soldiers below couldn't help but celebrate.

"This is Xiaoxiao's special thunderbolt, it can destroy most of the armor, it's only natural that these soldiers would be blown away."

Qin Yuan smiled.

"As expected, our logistics company is still better! Who do they think they are!"

"In my opinion, with our current team, even if there's Daybreak, he won't be our match! They're just a bunch of ants!"

After this victory, the logistics company did not spend too much effort to wipe out the enemy's hundreds of troops. This greatly increased their morale. The soldiers were all rejoicing as they waited for Qin Yuan's order to attack again.

On Daybreak's side, after receiving the order, a middle-aged man with a medium build stood in front of the camp. He was wearing a black uniform and had a golden badge on his shoulder. He looked like a high-ranking soldier in Daybreak's camp.

He walked up to her and shouted,

"Soldiers! We just received the governor's order. Our second unit must immediately attack and cooperate with the fifth and sixth units to attack the logistics company! As the vanguard, we should lead the charge!"

Tell me loudly, are you ready?"

"He'll be fine!"

A chorus of responses came from all around.

Although they had just witnessed the fall of the first team, the people at the back had not experienced the battlefield personally. They were not very familiar with the combat strength of the logistics company, so they naturally did not have that kind of complete fear.

At the same time, the troops began to prepare to set off.

"Oh, there seems to be some movement over there."

He Chenguang squinted his eyes and looked into the distance.

After clearing out the enemy's first unit, the logistics company was no longer in a hurry to attack. Now, for them, it was the wisest choice not to attack blindly and stop to observe the enemy's situation.
