

Special Troop 871

Chapter 871: Geng Hu's Disappearance (2)

From the information exchange that had just ended, the people of Daybreak Squad 5 had already advanced about 500 meters. They were only 500 meters away from Geng Hu's ambush location.

Qin Yuan immediately informed Geng Hu of this information. The other party was very confident in his strength and had been emphasizing how powerful he was and that he was not afraid of the other party's troops.

"You still have to pay attention to preserving your combat strength. Although our goal is to destroy the other party, I don't want our side to pay too heavy a price. Remember, do what you can. If you can't do it, wait for us to come over."

Qin Yuan instructed him repeatedly.

"Okay, I got it. How long will it take for you to arrive?"

Geng Hu asked.

"We'll be there in five minutes."

Qin Yuan said truthfully.

He had already calculated on his side. Although the two mecha clans had gathered, Qin Yuan still had to leave a portion of his troops here as a backup force. Therefore, the number of people in this operation was only about the same as their combined strength. However, they were all elite troops selected from the two mecha clans.

Therefore, their speed was relatively fast.

They were about a kilometer away from Geng Hu's location.

Normally, they would arrive in five minutes.

"Alright, we'll wait for you here. When the time comes, you have to give us some support weapons."

Geng Hu said with a smile.

"Got it, you weapon collector."

Qin Yuan agreed with a smile.

Then, he hung up the phone and Qin Yuan's troops continued to march.

They were still five minutes away from Geng Hu's location, but they could not let their guard down. They had to keep in touch with Geng Hu. After all, the other party's troops were also on the way.

The team walked in the jungle for about a minute before Qin Yuan called Geng Hu's walkie-talkie again.

However, after shaking it for a long time, he did not receive a response.

This made Qin Yuan feel a little uneasy. After all, Geng Hu would answer the call immediately every time he called.

“What happened?”

He Chenguang asked.

Qin Yuan shook his head.

“I don’t know. The walkie-talkie can be connected, but I can’t get a response from the other party.”

Qin Yuan said in a low voice.

“I have a bad feeling.”

He Chenguang frowned.

Qin Yuan knew what he was thinking, but he did not explain it.

He was also very worried about Geng Hu’s situation. It was definitely not a good thing to suddenly lose contact without any warning.

Worry slowly rose in Qin Yuan’s heart.

” Speed up and reach the destination in two minutes!”

Qin Yuan gave the order to the team.

This was the only way to get an answer in a short period of time.

The soldiers also learned about Geng Hu’s situation from Qin Yuan, so the logistics company’s marching speed was very fast.

The team was as efficient as they said they would be. In just two minutes, they arrived at the location that Geng Hu had given them.

However, after arriving here, the scene in front of him made Qin Yuan gasp.

A sea of fire had already been set ablaze on the grassland in front of them. Waves of earth-shattering wails and cries could be heard from within.

” What’s going on?!”

Whether it was He Chenguang or his soldiers, they all began to exclaim in surprise.

Qin Yuan and Geng Hu had only been on the phone for a few minutes, and such a terrifying thing had happened. It was really terrifying.

Qin Yuan carefully observed the scene in front of him and found that there were no obvious traces of soldiers from the logistics company.

“Start searching the scene immediately and see if you can find any clues!”

Qin Yuan shouted.

He knew that every minute and second was very precious now. It could be related to the survival of a life.

“Yes, sir!”

The soldiers below received the order and immediately replied.

Then, the large group immediately entered the forest and began to search the scene.

The fire was very fierce, so the rescue soldiers could not enter the scene immediately.

He could only listen to the painful howls from the side.

“I found a companion!”

A soldier suddenly shouted.

Qin Yuan was shocked when he heard that and immediately walked over.

He came in front of the soldier. As expected, in front of him, Qin Yuan saw a path that led inside. The fire did not spread to this place.

From the middle, a few people could be seen moaning in pain.

Looking closely, it was indeed a few soldiers wearing the uniform of the logistics company!

Some of them were injured, while others were lucky not to be injured because they had the protection of their companions.

Qin Yuan hurriedly passed through the sea of fire and entered the small open space inside.

“How are you guys? What happened here?”

Qin Yuan asked with concern.

“Captain Qin Yuan!”

When they saw Qin Yuan, they were all shocked.

The few of them quickly came in front of Qin Yuan and complained incessantly.

“It’s Daybreak’s troops! They’re coming to ambush us!”

A few people said with ashen faces.

“You guys, carry the injured comrades back for treatment!”

Qin Yuan said to the soldiers who had followed him.

His subordinates escorted the two injured soldiers back, leaving three uninjured soldiers behind.

“Tell me the ins and outs of the matter. It’s concise and clear.”

Qin Yuan said to the three of them in a low voice.

“It’s like this! Right after Captain Qin and Captain Geng Hu finished their call! The other party launched an attack on us!”

One of the soldiers said.

“So they had already discovered our location! Then, they launched a fierce attack!”

“When we came back to our senses, we found that we were surrounded by the other party!”

“The enemy threw a fireball at us, and this place instantly turned into a sea of fire! Many of the soldiers were directly burned!”

The soldier’s expression was sorrowful.

“Where’s Geng Hu?”

Qin Yuan asked.

“Captain Geng Hu, we didn’t see where he went either!”

the soldier replied.

“It seems that they were captured by the leader of the other party!”

Another soldier replied.

Qin Yuan’s expression was gloomy as he frowned and said,

“Where did the other party go? Did you see him?”

“How many soldiers do we have left?”

“I wonder where Captain Geng Hu is! “But I saw that our people were all swallowed up by this sudden fire! I reckon he’s already dead!”

The man said sadly.

Qin Yuan’s heart was also filled with endless pain.

This was a powerful force they had!

Just like that, they were almost wiped out by the other party in just a few minutes!

What a shocking thing!

“Who are they? Which direction did he go?”

Qin Yuan continued to ask.

“It’s Daybreak’s men! He’s heading east! Their troops and weapons are much better than ours!”

“Okay, I understand. You guys have worked hard. Go back and meet up with the main group. I’ll take care of the rest.”

Qin Yuan nodded and said to the soldiers.

“Yes, sir!”

The few of them walked out of the camp and returned to the logistics company.

Qin Yuan and He Chenguang continued to search for anyone who might have survived.

Although the two soldiers had already concluded this place, Qin Yuan would not give up any hope until he searched every inch of the place.

Qin Yuan and He Chenguang began to search the fire.

Just as the two soldiers had said, the scene was filled with the bodies of the logistics company's soldiers. No traces of the enemy were found.

It seemed that he had indeed been plotted against by the other party, but Qin Yuan did not slow down his search.

This was because he had to find traces of Geng Hu here to confirm if he was really in trouble.

After all, if he was alive, he had to see the person, and if he was dead, he had to see the corpse.

It was impossible for Geng Hu to disappear for no reason.

The two of them continued to search for Geng Hu in the sea of fire for a while, but they still found nothing.

"He might have been taken away."

He Chenguang wiped the sweat off his forehead.

"Yes, we've basically searched this place, but there's indeed no trace of him."

Qin Yuan nodded to confirm.

Indeed, they had searched every corner of the place and did not find any trace of Geng Hu.

If they continued to stay here, firstly, the temperature would be too high and they would not be able to stand it. Secondly, the team would still need them to go back and command the battle tactics.

Qin Yuan and He Chenguang did not hesitate. They turned around and walked out of the sea of fire to return to the team.

Chapter 872: The White Wolf Arrives

After returning to the team, the soldiers asked about the situation ahead. Qin Yuan told them the detailed report of their search in detail.

"Our top priority now is to find Captain Geng Hu's whereabouts!"

The soldiers all said in unison.

"Yes, this is indeed our top priority now. I'm here to discuss with everyone how to allocate the troops."

Qin Yuan said.

They should indeed send people to look for Geng Hu, but they also needed people to guard the rear.

The best way was for Qin Yuan and He Chenguang to lead two groups of troops respectively. One group would be prepared to receive them at any time and wait for an opportunity to attack, while the other group would go ahead to scout the enemy's situation.

After all, they had yet to confirm the enemy's location, so they could not throw all their forces into it.

It was very likely that the other party was monitoring their every move from somewhere in the dark.

“He Chenguang, you stay here and guard the camp.”

Qin Yuan turned his head and said to He Chenguang.

He Chenguang originally wanted to argue with him and let Qin Yuan be the general guarding the camp here. However, when he saw the determination on Qin Yuan's face, he dispelled this idea.

“Alright, go ahead. Leave the rear to me. Don't worry. If there's anything, contact me at any time.”

He Chenguang said.

Qin Yuan nodded. Then, he selected 50 elite warriors and brought the two surviving soldiers from Geng Hu's army. They immediately set off in the direction of Xiao Yan's army in the east.

“Do you know the general direction?”

On the way, Qin Yuan asked the two soldiers.

“Yes! Over there! They came from over there!”

Both of them pointed at the forest in the east.

“Alright, the entire army will slowly advance over there. The main thing is to hide our tracks.”

Qin Yuan immediately ordered.

Everyone marched at the same speed as before, and their first priority was to hide their tracks.

Soon, Qin Yuan and the others discovered some clues left behind by the other party.

Although it had been deliberately hidden, it did not escape Qin Yuan's eyes.

There were some blurry footprints on the ground. Although they had been washed away by the soft soil, they could still be seen if one observed carefully.

These footprints were exactly the same as what the two soldiers had said. They extended all the way to the forest in the east.

This further confirmed Qin Yuan and the two soldiers' guess. The other party was very likely hiding in the forest in the east.

However, why didn't the other party follow up the victory?

One had to know that the number and equipment of each of their teams were stronger than the logistics company. They had taken the initiative to attack before, so why did the last remaining team choose to avoid the battle?

This made Qin Yuan very puzzled.

However, they had no choice but to continue exploring the path ahead.

Following the footprints left behind by the other party, the team slowly advanced, and they were getting closer and closer to the forest.

Qin Yuan began to calculate how to deal with the enemies that might appear at any time.

However, everything was unusually smooth. In these few minutes, they did not encounter any difficulties and successfully arrived at the periphery of the forest in front of them.

A group of people hid in the bushes of the forest, staring at the forest ahead.

Qin Yuan also observed it for a while, but he did not find any abnormalities or movements.

“Strange, it’s so quiet inside. It doesn’t seem like there’s anyone here.”

Some of the soldiers began to mutter.

“Yeah, this is too strange. It looks like an ambush.”

Qin Yuan also understood in his heart that since the other party had done those things just now, they must have been prepared to guard against their counterattack. It was impossible for them to easily launch a sneak attack.

What they needed to do now was to find the opponent’s position and make plans to attack.

From the outside, the forest in front of them looked very strange. They definitely could not let their troops fall into danger easily, but it was not a solution to stop moving forward.

After thinking about it, Qin Yuan decided to go in and probe.

“Wait for me here. I’ll go in and see the situation myself. I’ll tell you when I come back later.”

Qin Yuan whispered to his soldiers.

“Captain! How can I let you take this risk alone?”

The soldiers below were clearly unable to accept it.

” Don’t worry, scouting is my forte. I’ve done something like this before and I’ve never failed. You don’t have to worry about me.”

Qin Yuan frowned.

Then, he did not want to waste any more time with them. Without waiting for their reply, he turned around and walked into the forest.

Qin Yuan carefully flipped open the lush grass and went deep into the forest.

The situation inside was indeed similar to what he had expected. The vegetation was overgrown and lush. At a glance, it was all green trees and there were no traces of people.

Strange, they had clearly followed the footprints here, so why was there no one here?

Could it be that the other party was playing hide-and-seek with him?

However, this wasn’t right either. Clearly, if they were to fight a prolonged battle, it would be Daybreak who would be at a disadvantage. The other party wouldn’t be so stupid.

Qin Yuan closed his eyes and shook his head.

He sorted out the thoughts in his mind.

No, there must be something wrong with this forest.

However, Qin Yuan could not figure out what the problem was.

Suddenly, the chirping of insects interrupted his thoughts.

Bugs chirping?

That's right!

When they came out of the forest just now, they did not hear any sound!

Chapter 873: White Wolf Strikes (2)

This was very strange!

Generally speaking, in such a dense forest, there should be very loud chirping of birds and insects!

However, they had never heard such a sound before!

Now, Qin Yuan could only hear it when he entered the forest! And it was the faint sound of a cricket! There weren't many!

This phenomenon was very abnormal.

Qin Yuan's eyes slowly revealed a surprised expression.

Then, he immediately turned around and flew out.

He took three steps at a time and returned to the team outside in less than a minute.

Everyone was very surprised to see Qin Yuan running out in a hurry.

He asked,

"Captain Qin Yuan? What's wrong? He came out so quickly? Why are you so panicked? What happened?"

"There's something strange in this forest."

"We can't go in."

"What?"

The soldiers were surprised.

In their eyes, this was a normal place.

"Why?"

Qin Yuan heaved a sigh of relief.

He said in a deep voice,

"Have you noticed that this place is unusually quiet?"

Qin Yuan said with a frown.

The group of people widened their eyes. After thinking about it seriously, that was indeed the case!

“Captain, now that you mention it! It really is!”

“Although this forest is very dense, I can’t hear any normal bird chirping!”

When someone spoke, the others began to exclaim.

“That’s right! Fortunately, the captain noticed this abnormality! Otherwise, we’ll definitely fall into their trap!”

“There must be poisonous gas inside! You’re suffocating these animals!”

“Maybe there’s some kind of mechanism that trapped us inside! The kind that can’t come out after entering!”

The soldiers were all talking at once.

“The good news is that we know the general situation inside. The bad news is that we can’t carry out further investigation.”

Qin Yuan said in a low voice.

The team fell silent.

The situation they were facing now was not optimistic.

“Then what should we do now? Captain?”

The people underground couldn’t help but ask.

” The entire team will wait here. I’ll discuss this with Captain He Chenguang.”

Qin Yuan said.

Then, he took out the walkie-talkie and contacted He Chenguang, telling him about the situation here.

He Chenguang was also very surprised.

After thinking for a moment, he suggested that Qin Yuan immediately return the way he came. He would gather the team first and then plan ahead.

Because the situation was different from before. They were at a stage where they had no clues, and everything was back to square one.

“If they’re not in a hurry, why should we be?”

He Chenguang said with a frown.

” We weren’t in a hurry at first, but the situation is different now. Geng Hu is in their hands, so we have to take the initiative.”

Qin Yuan said.

The two fell silent again.

Now, since the other party did not leave any clues for them, nor did he take the initiative to come forward to give them conditions, he just disappeared without a trace.

It was as if the entire Daybreak Troop had evaporated into thin air, disappearing from their world.

To be honest, Qin Yuan did not know where to start. They were in a dilemma.

Firstly, they didn't know what the other party wanted to do, and secondly, they had no way of escaping. After all, the one captured was a captain of the logistics company.

They would never give up on Geng Hu.

Suddenly, an idea flashed through Qin Yuan's mind.

That's right! They still had the green snake and the white wolf!

If there were no clues, asking them for help might have a miraculous effect!

After all, no one could compare to them when it came to scouting!

“Contact Green Snake immediately and see if he can help.”

Qin Yuan said.

“Ah! That's right! They might have some clues!”

He Chenguang immediately echoed.

Qin Yuan immediately took out his walkie-talkie and called the other party.

Previously, the green snake had been acting alone with the white wolf because it did not get along with others.

He quickly responded to Qin Yuan's call.

“Qin Yuan! What is it?”

“Green Snake, we're in some trouble now. Can you come over and help us deal with it?”

Qin Yuan said directly.

“Trouble? What was going on? Didn't we already destroy two of the enemy's troops?”

Green Snake asked in puzzlement.

“Something went wrong with the last unit.”

“Geng Hu and the others were ambushed. Geng Hu himself has also disappeared. We couldn't find any traces of the other party, so we asked for your help.”

Qin Yuan said.

The other party was silent for a few seconds.

“This idiot! Alright then! I'll be right there. Where are you?”

” About one kilometer west of the forest where Team Six fought.”

“Alright, I’ll be right there!”

After saying that, Green Snake hung up the walkie-talkie.

Qin Yuan had some thoughts in his heart.

In this way, Green Snake was more familiar with Xiao Yan’s way of marching, so he might be able to find him.

They didn’t have to stay here in fear.

It did not take long for the green snake to arrive.

“Quickly bring me to the scene.”

Green Snake said without stopping as soon as he arrived.

“Yes, follow me.”

Qin Yuan did not say anything else and brought the green snake and the white wolf to the forest just now.

As soon as he arrived at the periphery of the forest, Green Snake’s expression became very solemn.

“There is poison gas inside.”

Green Snake said in a deep voice.

“As expected, my judgment was right.”

Qin Yuan said from the side.

” Moreover, this is a high-level poison gas from the organization. It’s a colorless and odorless gas. Once a person is infected, there’s no antidote.”

Green Snake’s expression was very solemn.

“Ah? Didn’t Captain Qin Yuan go in just now?”

He Chenguang exclaimed.

Everyone looked at Qin Yuan.

Qin Yuan’s face was expressionless. Whether he lived or died had long been determined. It was useless no matter how flustered he was.

However, Green Snake did not panic. Instead, he smiled and explained to them,

“He has already taken the antidote. This poison is ineffective against him. He is an exception.”

Everyone was stunned.

Qin Yuan’s heart could not help but pound. He suddenly remembered that he had indeed eaten poison with Lin Hai before. Then, the green snake gave him the antidote, and he was relieved.

Qin Yuan also smiled.

“It’s nothing. It’s just a small incident. It’s good that you’re fine.”

“Qin Yuan is indeed blessed. He’s really born with good luck!”

The soldiers praised.

“Let’s not talk about this for now. Hurry up and start searching.”

Qin Yuan frowned.

“Okay, leave it to us.”

With that, the green snake squatted down and patted the white wolf’s back. The white wolf quickly understood and jumped into the forest.

“It won’t be affected by the poison?”

Qin Yuan looked at the white wolf’s back and asked.

“No, it was born from this organization. All drugs are ineffective against him.”

Qin Yuan raised his eyebrows and looked at the creature in front of him with admiration.

“We just need to wait here. It won’t take long for it to find the secret.”

Green Snake said confidently.

“I believe you. Otherwise, I wouldn’t have asked you to come here.”

Qin Yuan smiled.

Sure enough, the white wolf did not disappoint them. It only took a few minutes for it to return to them.

It carefully came to the green snake’s side, lowered its head and leaned against the green snake’s body. The two of them seemed to be communicating closely.

After a while, the green snake slowly got up with an indifferent expression.

She came to Qin Yuan’s side and whispered to him,

” There’s no trace of them inside. They’ve probably gone far away.”

“What is their purpose?”

Qin Yuan muttered to himself.

“Can you track their location?”

Qin Yuan asked.

The green snake whispered to the white wolf again.

“It said yes.”

Green Snake said.

“Alright, can we pursue them now?”

Qin Yuan asked.

“Sure, it will lead the way for us.”

Green Snake said responsibly.

“Then I’ll have to trouble it.”

The green snake nodded and talked to the white wolf for a while. After the latter understood what he meant, he immediately walked in the east direction.

Qin Yuan and the others followed closely behind.

Chapter 874: Crisis in the Mountains

Now that he had determined the general direction of the other party, the following matters were easy to deal with.

As long as he followed the white wolf’s guidance and went straight to the main point, he would be able to save Geng Hu.

“Do you know how many people there are?”

Qin Yuan asked as he walked.

“Do you really think we are omnipotent? We definitely don’t know the number of people, but we can be sure that they are definitely more than us.”

Green Snake curled his lips and said.

Qin Yuan raised his eyebrows and did not comment.

“Then how far is it before we reach our destination?”

” I’m not sure. All I can get is a general direction.”

The green snake still gave a negative answer, his face indifferent.

” Alright, this isn’t quite the same as your normal situation. Is the other party’s whereabouts so hard to track?”

Qin Yuan said in a low voice.

This was something they did not expect. They did not know the other party’s combat strength, but even professional tracking experts like Green Snake and White Wolf could not figure them out.

Traces, this was a rare thing.

” I also find it strange. Whether it’s their aura or their footprints, they’ve hidden themselves perfectly. It took us a lot of effort to find a trace of them.”

“Will there be any accidents? Are you sure it’s not a trap they deliberately left behind?”

Green Snake smiled and shook his head.

“No, you won’t doubt our investigative ability, right? Although their anti-reconnaissance ability is very strong, we have special detection methods. This is something that they can’t completely hide no matter how hard they hide.”

“Is it okay for us to march at the same speed as before? It was a combination of stealth and speed. At the very least, we can’t be discovered by the other party.”

Qin Yuan asked.

” No problem. Since they’re no longer around, we don’t have to worry about them keeping an eye on us.”

” This team doesn’t fit Xiao Yan’s style. The previous teams were swift and decisive, but this team is acting so strangely. It makes me feel very uncomfortable.”

Qin Yuan continued to frown.

“Who knows? I don’t know much about the troops in the organization either. I’m just an outsider.”

After that, the group of people slowly moved toward the east.

There were no obstacles along the way. However, this road was not the one they had just walked through. Instead, it led to a mountainous area on the other side.

“This way means we have left this forest.”

Qin Yuan said in a deep voice.

If they left this forest, the logistics company would lose some of their natural advantages.

In the mountains, there were no trees to obstruct their vision. Their slightly thin troops were very likely to be exposed to the enemy’s firepower.

“If our troops go in, there will be a certain risk.”

He Chenguang also realized this problem and said in a low voice.

“There’s no other way. We have no choice.”

Qin Yuan frowned.

“Since we’re already here, there’s no reason to retreat.”

Qin Yuan said as he looked into the distance, deep in thought.

Green Snake also walked over and stood beside Qin Yuan. He narrowed his eyes and said.

“I didn’t know it would be like this either. After all, we’re a kilometer away.”

“Why don’t I arrange for the white wolf to explore the front again and see if there’s any danger before we make a decision?”

“No need.”

Qin Yuan decisively refused.

“If they wanted to ambush us, they definitely wouldn’t leave any traces. Don’t waste your time and energy.”

Green Snake smiled.

“Alright, it’s good that you understand. The logic is this. It depends on our performance on the spot. There must be danger waiting for us ahead.”

Qin Yuan did not say anything. He stood up from the ground and turned to the soldiers behind him.

“Everyone, stop! Be quiet and listen to me!”

” There’s an empty mountain ahead. It’s not as easy to hide as the forest. It’s very likely that the enemy is deliberately luring us here!”

“We definitely have fewer people than the other party! This will be an extremely difficult battle. Since we are here, I hope that everyone will be mentally prepared. Tell me, do you have the confidence to defeat them?”

Qin Yuan’s aura was like a rainbow, as if he had the might of a thunderbolt.

“Yes!”

The soldiers below did not hesitate at all and shouted in unison.

“Good! Speed up! All troops, move out!”

As he spoke, Qin Yuan held his weapon tightly and began to stride forward.

The soldiers at the back did not say anything and followed behind.

There was no natural barrier here, so they could only slowly advance along the rugged mountain road. The team was basically exposed in the open space.

“It’s precisely because of the open space that we have to speed up!”

He Chenguang said.

Qin Yuan’s decision was right. Now was the time to test them.

Everyone in the logistics company took out all their courage and perseverance and began this march.

Stepping into this mountainous area, the group felt extremely uncomfortable. After all, they had experienced a few battles in the forest before. Now that they had changed the terrain to the mountainous area, they would definitely feel a lot of discomfort.

It was not only the difference in the terrain, but the temperature had also risen. Although it was still night, the temperature in the mountainous area was close to 30 degrees Celsius. It was more than ten degrees Celsius higher than the original forest area. It had already caused a chain reaction

between the psychological discomfort and physical discomfort of some soldiers in the logistics company. Soon, some of them could not hold on.

Chapter 875: Crisis in the Mountains (2)

“Captain! Someone has fallen here!”

Qin Yuan was walking in front when he heard a panicked cry from behind.

” What’s going on?!”

Qin Yuan immediately turned around and went over.

His brothers formed a circle and kept poking their heads inside to check.

Qin Yuan walked through the crowd and entered. He saw a soldier lying on the ground. His face was red and his expression was wooden.

Qin Yuan hurriedly went forward to check on the other party.

“How did it go?”

“I’m dizzy and thirsty...”

Qin Yuan reached out and touched his forehead. As expected, it was very hot. He had a heatstroke.

Qin Yuan hurriedly brought him to a cool place. He did not give him water and covered him with a wet towel.

Only then did they realize that because of the high temperature here, they had already finished drinking the water in their hands!

Right now, the water reserves in the team were only enough for them to consume for half a day at most!

Qin Yuan was worried, but he did not show it on his face.

“Are you feeling better?”

Qin Yuan asked the soldier who had a heatstroke.

“A little better.”

The soldier said in a weak voice.

“Rest well. I’ll take good care of you.”

After settling the soldier down, Qin Yuan returned to the front of the army and wiped the sweat from his forehead.

“I didn’t expect the environment here to be so harsh. If this continues, the journey will probably be difficult.”

Qin Yuan frowned and said in a low voice.

“Yeah, this place is really strange. When we came here before, we didn’t find such a place. It’s probably very far away from the main route. The other party must have planned to lure us to this place.”

He Chenguang frowned.

“Yes, their goal is to tire us out and then defeat us.”

Qin Yuan said.

“Then what should we do? Should we continue to go deeper?”

He Chenguang asked.

However, he immediately regretted asking this question.

After all, they had already entered this mountainous area for some time. Not to mention continuing to explore, even if they returned from the original route, it would take some time. This time was enough for the other party to launch a powerful attack.

“What do you think?”

Qin Yuan raised his eyebrows.

“Yes, we have no way out. We can only choose to go forward.”

“If we hesitate now, all our previous efforts will go to waste.”

Qin Yuan said seriously.

” However, the journey ahead will be an even harsher test.”

As they were chatting, a soldier’s scream came from behind.

“Another warrior has fallen!”

Hearing this shout, Qin Yuan and He Chenguang’s hearts turned cold!

It was probably a heatstroke again!

The two of them rushed to the scene. Sure enough, two more soldiers fainted from the heat stroke.

“Damn it, something happened at this time! It’s really a rainy night!”

He Chenguang said angrily.

“Send everyone to the shade to recuperate!”

Qin Yuan immediately ordered.

The few of them immediately carried the two soldiers who were suffering from heatstroke to a place under the rock where the temperature was slightly lower.

Even so, the temperature there was still more than 20 degrees Celsius. A few soldiers who had suffered a heatstroke were sweating profusely, and their bodies were emitting hot air. They looked very painful.

Qin Yuan was tormented by this situation.

Originally, they only had about 50 people. Now, they had suffered heatstroke after heatstroke. Almost 10 people had fallen. If this continued, the number would only increase.

They did not prepare the corresponding medical tools, so they could only use simple methods to treat him. It was simply a drop in the bucket.

At this moment, a soldier at the side exclaimed,

“Captain! There seems to be a pool in front!”

Qin Yuan was shocked and looked in the direction he was pointing.

A few hundred meters ahead, there seemed to be a pool of crystal clear water on the ground. Due to the distance, they could not see it clearly. However, this was their only hope!

If they couldn't find a water source in a short period of time, they would suffer from dehydration and eventually die of thirst!

The white wolf's condition was even more serious. Its entire body was limp, and it was already lying on the ground motionlessly, panting heavily. It was about to collapse!

Green Snake saw this and was anxious. He quickly went forward and said to Qin Yuan,

“Let's hurry up and act!”

“We can't delay any longer!”

Qin Yuan also nodded heavily. This matter could not be delayed any longer.

“Everyone who can still move, support the injured beside you and set off for the oasis over there immediately!”

Qin Yuan immediately ordered.

“Good!”

The group of people saw the water source in front of them and immediately became interested. They forced themselves to be alert and supported their companions beside them as they began to walk toward the water source with all their might.

Qin Yuan was not idle either. He held a wounded person in each hand and led the two of them to the water source in front of them.

Just like that, the group dragged their tired and heavy bodies forward with difficulty towards the water source.

“There won't be any ambushes along the way, right?”

The soldiers muttered in their hearts as they walked.

“How can we care so much! It's already not bad to be able to walk over there!”

Looking at the water source that was not far away, a sharp light burst out from the eyes of the group.

To them, the distance of a few hundred meters was as far as a few thousand kilometers.

Fortunately, there was no enemy ambush on the way.

Finally, after a difficult journey, the logistics company finally arrived at the location of the water source.

Qin Yuan walked at the front and took a closer look. In front of him was a small clear pool, about ten meters in size. Qin Yuan was delighted. It was indeed a precious water source.

“Everyone, come over! This is a pond.”

Qin Yuan turned his head and said to the soldiers behind him.

“Is it a water source? That’s great!”

When the soldiers behind heard the news, they hurriedly rushed forward. They did not care about the formation. Everyone surrounded the pool and enjoyed the clear water.

“Awesome! This is the first time I feel that water is so precious!”

“Damn it! He almost died of thirst from these bastards! Fortunately, the heavens had eyes! The heavens will not destroy our logistics company!”

“Let’s prepare sufficient water! I’ll go and kill these scums later. It’s hard to appease the hatred in my heart!”

The soldiers were nourished by the water source, and they were full of vitality.

With the support of the water source, the soldiers who had been sick from the heatstroke had basically recovered. The logistics company had regained its former vitality.

“Everyone, you have to use it sparingly. Otherwise, with so many people, you’ll squander it all at once!”

He Chenguang reminded.

After all, these fifty people only had a limited amount of water. If they did not pay attention to their use, they would run out very quickly.

“Got it!”

“Everyone, fill a pot of water. Once it’s ready, we’ll set off immediately!”

Qin Yuan ordered.

“Yes, sir! Captain!”

After receiving Qin Yuan’s order, everyone did not hesitate or hesitate. According to Qin Yuan, everyone filled a pot of water to the brim. Then, they organized their ranks and returned to their previous state of being on guard.

Seeing that the soldiers had almost recovered, Qin Yuan looked at the depths of the mountain in front of him again. This time, it was time for them to counterattack.

” Is everything ready?!”

Qin Yuan confirmed again.

“I’m ready! We can set off at any time!”

The soldiers shouted in unison.

“Logistics Company! Let’s go!”

Qin Yuan shouted.

The soldiers’ orderly footsteps sounded again. They left the pool and walked deeper into the mountains.

This time, everyone had learned their lesson and cherished the water resources on hand. Now, their reserves could last for at least a day.

This also gave them a sense of security.

“We’re getting closer and closer to their location.”

Green Snake walked to Qin Yuan’s side and said in a low voice.

“The white wolf can already smell them.”

A hint of ruthlessness appeared in the green snake’s eyes.

“How far is it?”

“Less than a kilometer.”

“Alright.”

” All troops, enter alert mode. We’re about to engage the enemy in close combat.”

Qin Yuan raised his head and said to the soldiers in the team.

Chapter 876: Meeting Another Enemy

Although he couldn’t see the exact situation ahead, since Green Snake had said it, it definitely wouldn’t be wrong.

The group of people began to move in an orderly manner in the direction the green snake pointed.

After walking for a few minutes, the mountain area in front of them gradually became less hot, and the temperature dropped a little.

It seemed that the area just now was indeed deliberately lured by the other party.

“I don’t know what kind of danger is waiting for us ahead.”

He Chenguang frowned.

” Previously, I thought that the sixth team was already a relatively strong team. I didn’t expect there to be such a troublesome team. This organization is really full of crouching tigers and hidden dragons.”

Green Snake, who was beside him, could not help but agree.

“However, they definitely didn’t expect us to be so lucky! You can come here, right?”

“Now, we have to sneak an attack on them when they’re not paying attention!”

Green Snake’s tone was provocative.

“Oh, I can already vaguely see the enemy’s position.”

At this moment, He Chenguang narrowed his eyes and looked ahead.

When the few of them heard him say this, they subconsciously looked over.

Sure enough, He Chenguang was right. They could vaguely see a temporary tent a few hundred meters ahead, and smoke was slowly floating out from it.

It was obvious that someone was moving.

The group was very excited.

“I finally found these bastards! We can take revenge now!”

The soldiers were all eager to give it a try.

However, Qin Yuan did not enter such an excited state. As the leader, what he needed to do the most now was to carefully observe the other party’s situation and analyze the actions they needed to do now.

Since the other party was the one who had set a trap for them, it was impossible for them to reveal such a big flaw. This was the first thought in Qin Yuan’s mind.

“Everyone, don’t act rashly. Wait for me to take a look at the situation before making a decision.”

Qin Yuan waved his hand, indicating for the soldiers not to be impulsive and to wait for his news.

“Aren’t you being too cautious?”

He Chenguang was puzzled.

“This is obviously their camp. They probably didn’t expect us to come and thought that we had already died in that hot mountain area.”

Qin Yuan shook his head.

“You can’t have the heart to harm others, but you can’t be without the heart to guard against others.”

“Since the other party is so cunning, they won’t leave such a big flaw for us.”

Qin Yuan was still firm in his thoughts.

After all, as a leader, he had to maintain a calm mind at all times.

It wasn't that he was paranoid, but their combat strength didn't allow him to make any more mistakes.

"You guys just wait here for me. I'll go and investigate the surroundings for a while before coming back. It only takes a few minutes."

Qin Yuan turned his head and said to the troops behind him.

"I'll go with you."

A vigorous voice came from behind.

It was the green snake.

Qin Yuan smiled.

"I knew you would come back. That's your personality."

As he spoke, Qin Yuan patted Green Snake's shoulder.

"How can I be missing out on scouting?"

Green Snake chuckled with an excited expression.

The white wolf at the side was also eager to give it a try and let out a low howl in excitement.

"Let's go!"

Qin Yuan said with a decisive gaze.

After a black shadow, the two men and the wolf disappeared from everyone's sight like a whirlwind.

A minute later, Qin Yuan and the green snake appeared beside the other party's camp.

It was just as they had expected.

Although there seemed to be signs of people living here from afar, the two of them did not find any living beings here.

The flames and smoke were used as bait to lure them over.

"Good heavens, these people are really cunning! He's playing hide-and-seek with us again!"

"We still don't know what they're up to, but we can't underestimate them. We can't let our guard down."

Qin Yuan said in a deep voice.

After the two of them walked around the camp and confirmed that there was indeed no one here, they returned to the logistics company.

"How is it? What's the situation over there?"

He Chenguang asked impatiently when they returned to the camp.

“Is there an army guarding that side?”

“An army with a head is an empty city strategy!”

Green Snake sat on the chair and said angrily.

“Empty city stratagem? How did you get tricked again?”

“Yes, there’s no one there. It’s all fake.”

Qin Yuan said in a low voice.

“That’s strange! Why is the other party hiding from us! You should have set a trap and waited for the results!”

He Chenguang found it strange.

“Maybe they are playing a bigger game of chess.”

Green Snake said as he held his chin.

“We can’t rule out this possibility, but we have to continue tracking the other party’s tracks.”

Qin Yuan said.

They had already reached the point where they could not stop. Otherwise, all their previous efforts would be for naught. They could only continue to investigate.

“Can you continue to investigate?”

Qin Yuan turned his head and asked the green snake.

Green Snake understood what he meant.

He took the white wolf and observed the surroundings carefully. Then, he turned around and said to Qin Yuan,

“Yes, there are still some remnants of their aura here.”

“No problem, but I’m not sure if this is a good idea.”

Green Snake added.

“I also know that making such a decision now is very risky, but as I said before, we have no other choice now. I have no choice.”

Chapter 877: Meeting Another Enemy (2)

Qin Yuan said helplessly.

“Let’s follow Qin Yuan’s orders. After all, he’s our leader.”

He Chenguang advised.

After a discussion, the few of them finally decided to continue chasing. However, this time, only Qin Yuan and Green Snake set off.

After packing their luggage, the two of them prepared to set off.

However, the accident came so suddenly. He heard an abnormal sound nearby.

Then, a scornful voice came from the distant mountain rocks.

“Where are you going in such a hurry?”

Qin Yuan and the others did not recognize this voice, but what surprised them was that from the voice, this person was less than a hundred meters away from them.

There was actually someone who could hide at such a distance without being discovered by the logistics company!

What shocking news!

There were actually experts hiding nearby!

Qin Yuan, He Chenguang, and Green Snake were all very surprised.

” Who is it?!”

He Chenguang immediately shouted.

However, everyone present understood that it was futile for him to ask this question. Everyone already knew the other party’s identity.

A cold laugh came from behind.

As expected, a team of fully armed soldiers in white came out.

Needless to say, these were the people from Daybreak Squad Five who had been lying in ambush for a long time.

“Who are you? Report your name!”

He Chenguang shouted again, trying to suppress the other party with his aura.

“Do you still need to ask about my identity?”

The leader was a middle-aged man in black plainclothes. His figure was not outstanding. Compared to the people from the logistics company, he was a little thin and seemed to be weak.

” He’s probably the current leader of this unit.”

Green Snake whispered.

“Hmph, you guys are really straightforward. I didn’t expect you to directly enter our encirclement, hahahaha! It really didn’t take much effort to get it!”

That person laughed out loud.

“I have never seen you before. You must be some unknown junior.”

The green snake sneered at the other party, trying to provoke the other party to tell him his name.

“Hahaha! I didn’t expect Green Snake to really betray us. As a traitor, do you think you have the right to talk to me? You’ll be the first one I’ll slaughter later.”

This person spoke arrogantly.

The green snake did not get angry because of this. Instead, it continued to look at the other party with a cold expression.

“Foolish people are full of vigor. I wonder if you still have such confidence when you become our prisoner later.”

” Hmph, I’ve long heard that your logistics team won with your mouth. I’ve finally witnessed it today.”

” You like to be their lackey. I won’t stop you. This is the path you chose. However, I will let you understand that you made a stupid decision. It’s too late to regret it now.”

After saying that, the other party’s face revealed a trace of ruthlessness.

“I’ve been waiting for you to say that. Come on.”

“Let me see what kind of waves you can still cause!”

Qin Yuan stood at the front.

The other party did not reply. Instead, he smiled and turned around to walk back to the team.

Qin Yuan knew what the other party wanted to do, so he did not hesitate. He immediately turned around and returned to the camp to prepare for the battle.

That was just a warm-up before the battle. Now, it was the official cruel battlefield stage.

Although Qin Yuan and the others did not have the advantage in numbers and equipment, they had the advantage in technology and combat strength.

Soon, the other party made a move.

Although their numbers were uncertain, the combat power that erupted in an instant was indeed very shocking.

Even though Qin Yuan had already ordered the soldiers to hide in the nearby mountain wall, the enemy’s firepower covered a wide area. Qin Yuan and the others could only temporarily avoid the attack and did not fight head-on with the enemy.

” It’s so f * cking fierce! Their firepower!”

Hiding in the ravine, He Chenguang rubbed his nose and said resentfully.

“Don’t complain. It’s already good enough that we have a place to hide. Haven’t we always been the ones who suppress first and then raise their heads? What are you anxious for? Qin Yuan has his own plan later.”

Green Snake raised his eyebrows.

” I’m just sighing. I’m not denying our strength!”

“I’ve been here longer than you, so I definitely know!”

He Chenguang retorted.

“Don’t make a fuss. Pay attention to the other party’s attacks! We don’t have time to bicker!”

Qin Yuan said impatiently.

“The other side is about to attack, and you still have the mood to argue here!”

As he spoke, Qin Yuan looked into the distance seriously.

When the two of them heard Qin Yuan’s voice, they quickly followed his gaze.

As expected, the enemy was not satisfied with the long-range artillery bombardment. Instead, they slowly approached them and used their absolute firepower advantage to suppress the logistics company.

Qin Yuan was surprised. The other party was so confident in his strength. Before he could figure out the strength of the logistics company, he had already adopted such a radical attack method. It really caught Qin Yuan off guard.

“Everyone, enter an emergency state! Don’t engage in a head-on clash with the other party, use guerrilla tactics!”

Qin Yuan also implemented the corresponding countermeasures.

Since the other party was eager for success, he would seize the other party’s impatience and make the other party unable to do as he wished. He would attack his will and make him lose patience, then reveal a flaw.

All the members of the logistics company received Qin Yuan’s order and began to retreat in an orderly manner, trying their best to avoid the enemy’s attack.

The people on Daybreak Flame’s side also clearly saw through the logistics company’s intentions.

“You want to run? Do you think we will give you such a good chance?”

The skinny middle-aged leader said with a sinister smile.

With a wave of his sleeve, the soldiers of Daybreak surged forward, their footsteps becoming even faster.

“Damn it! This time, I’ll definitely capture all of you!”

“I was careless and let you guys escape. Don’t tell me you think you’re that powerful!”

When the soldiers of Daybreak saw that the people of the logistics company were about to be brought to justice, they were very excited.

After that, Daybreak Flame’s men dashed towards the soldiers of the logistics company like bandits.

In an instant, Dawn Flame’s soldiers were like a group of crazy ants, gushing out from the countless mountain rocks and attacking the logistics company’s soldiers like a wave of heat!

Originally, Qin Yuan and the others did not know how many people the other party had, but now, through the continuous surge of Daybreak soldiers, they could tell that their military strength was far greater than they had imagined!

At first glance, the number of people was at least ten times their number!

As far as their eyes could see, they were all Dawn Flame soldiers in pale white clothes. They were surrounded in an instant! There was no way to escape!

“F * ck! What was going on? Why were they already here?”

“Damn it! So we were tricked!”

“I didn’t expect this place to be filled with the other party’s people. We shouldn’t have come!”

Even though the elite soldiers of the logistics company had seen many big scenes, they were still shocked by such a shocking scene!

Many people even started to retreat.

At this moment, the skinny leader of the other party appeared in the line of sight of the logistics company.

He still had that insufferably arrogant look on his face as he said to them with a sinister smile,

” I’ve said it before. Today is your doomsday. I won’t accept apologies or surrenders. There’s only one outcome for you to face, and that is death!”

With that, he waved his hand and his men immediately began to fire wildly at the logistics company.

The scene instantly became a sea of bullets. The soldiers of the logistics company had no room to fight back at all. They could only hide in the rubble and pray for a miracle to let them escape!

Although Qin Yuan knew the other party’s tactics, the difference in strength between them was too great. He did not have the opportunity to counterattack and could only passively be suppressed by the other party.

“What should we do? Captain! We’re facing the greatest enemy and crisis right now!”

He Chenguang was terrified.

Chapter 878: Too Strong!

“Don’t disturb him. Can’t you see that he’s seriously thinking of a way? It’s useless for you to urge him.”

Green Snake criticized He Chenguang.

Qin Yuan naturally understood what everyone in the logistics company was thinking. Moreover, he was also thinking of a corresponding countermeasure. As long as he was given some time, he would definitely be able to find a solution.

He was already surrounded by the other party. It was simply difficult to break out.

They could only move within a radius of less than 200 meters. If the other party withdrew their encirclement, then they would definitely have a slim chance of survival.

However, how could he resist the other party's attack now?

After all, the other side had dozens of times more people than them. The conventional method would definitely not work.

Qin Yuan closed his eyes and thought. A familiar thought rose in his heart.

Then, he opened his eyes and focused his attention on the position of the skinny leader in the distance. He was standing behind a group of soldiers, and there were many rocks and mountains nearby as obstacles. It was simply wishful thinking to ambush him from a distance.

However, the current situation did not allow Qin Yuan to think too much. The key to victory was in this instant!

"Give me the sniper rifle."

Qin Yuan whispered to the soldier beside him.

The soldier beside him looked confused and handed the sniper rifle to Qin Yuan.

Qin Yuan's gaze was deep and his expression was gloomy. He only had eyes for the other party's general.

He was hidden in the mountain rocks and had already raised his sniper rifle to the height of his nose. His eyes were aimed at the scope and he was staring straight ahead.

The gun was already loaded, and beads of sweat appeared on Qin Yuan's forehead.

However, the light in his eyes was getting sharper and sharper.

A few seconds later, a clear gunshot rang out.

Two hundred meters away, a thin body fell to the ground, accompanied by a thick and bright blood splattering on the ground.

"Captain!"

Daybreak Flame's men immediately shouted in panic.

Everyone nearby ran over to check on him.

However, all of this was in vain because Qin Yuan had hit his head. This person had already died on the spot.

"Captain! How is that possible?"

The soldier beside him wailed.

"Where did this come from?"

"We are all protecting you! How can he hit so accurately!"

"Is this something that a human can do?!"

Daybreak Flame's people all looked at each other, not knowing what to do.

On the logistics company's side, when they saw Qin Yuan kill the enemy leader in an instant, their morale was boosted!

"Too strong! Captain Qin Yuan! It's you!"

"This archery skill is simply the best in the world! A shot from such a long distance! He's so handsome!"

"We didn't even see what was going on before Captain Qin Yuan killed the other party in an instant!"

"No wonder I said that I wanted to borrow a sniper rifle from you. It turns out that you went to show off!"

When the soldiers saw this, they were overjoyed.

Qin Yuan heaved a sigh of relief and stood up. He wiped the sweat off his forehead and returned the gun to the soldier, thanking him.

The logistics company would not waste this excellent opportunity to counterattack that Qin Yuan had created for them.

When the other party turned around to check on the captain's situation, the soldiers of the logistics company had already taken the opportunity to kill their way out of the chaos. They broke through the heavy encirclement and arrived outside the battlefield.

At the same time, there was a commotion behind Xiao Yan's troops.

"Enemy attack behind us!"

The soldiers suddenly shouted.

"They rushed out! They came to our rear camp!"

By the time Dawn Flame's men reacted, the logistics company's troops had already begun to counterattack!

"Quickly protect the rear camp!"

Daybreak Flame's soldiers could not care less about their leader being assassinated, and could only frantically defend their positions.

However, this was still a troop whose morale had been greatly reduced. They had lost more than half of their cohesion, and it was only a matter of time before they lost.

After losing their leader, Daybreak had become a pile of loose sand, a group of headless flies.

Although Xiao Yan's remaining army had already tried their best to gather, the troops that had lost their leader were ultimately unable to compete with the elite logistics company led by Qin Yuan. They only resisted for a little while before they were defeated.

Although the logistics company had won, the soldiers of Daybreak Flame weren't captured like before. After all, there were too many of them this time. They didn't have the ability to chase them one by one, so they could only push them back.

"Although we won this time, we didn't win completely."

After the enemy troops were basically repelled, He Chenguang panted and came to Qin Yuan's side.

"There's no other way. I'm already at my limit."

Qin Yuan frowned.

This was no ordinary exhaustion!

After experiencing the heat from before, there was now another big battle. Moreover, he had gathered all his energy to fire that fatal shot just now. Now, he was completely exhausted!

"Damn it! I've never been so tired in my life!"

Qin Yuan spat fiercely and sat down to catch his breath.

"I originally thought that the previous team was already their strongest. I didn't expect this team to be even more troublesome."

As he spoke, Qin Yuan picked up the kettle and took a big sip of water.

Seeing that the enemy troops had retreated, the soldiers of the logistics company also began to rest on the spot.

Chapter 879: Too Strong (2)

"Is this considered the end?"

"No matter what, it has come to an end."

"How many soldiers does the enemy have left?"

He Chenguang sat down and asked Green Snake.

"How would I know? I'm on the same side as you now. If I knew the other party's background, would I still need Qin Yuan to make a move?"

Green Snake frowned.

Qin Yuan did not have the time to listen to the two of them debate. Their current situation could be said to be not much better than before.

"You still have time to bicker?"

"Do you know how many Daybreak soldiers we let go?"

"I didn't count. There are a lot of them. At least half of them have run."

He Chenguang frowned.

“We still have to leave this place immediately and go back to study our next move. This place is no longer safe, and it’s still the other party’s territory.”

Green Snake agreed.

“Yes.”

Qin Yuan nodded. He also understood very well that although they were unprecedentedly tired, it was definitely not time to rest. They had to set off immediately and return to the logistics company’s position.

“Everyone, pack your luggage and return to the logistics company’s camp immediately!”

Qin Yuan ordered.

“Yes, sir!”

Although the group was also very tired, they understood the reason behind it. They immediately perked up and tidied up the things on the battlefield before immediately returning to the forest.

“This operation can only be considered half successful. Although we did not lose many troops, the other party only lost less than one-fifth of their troops. Overall, our subsequent battles are still very difficult.”

Qin Yuan said seriously.

“However, there’s no good way to deal with it now. We can only take it one step at a time.”

“How much combat power do we have left?”

Green Snake asked.

“Less than three hundred.”

“And there are injured people among them.”

He Chenguang replied.

The green snake’s eyes were filled with sorrow.

“Damn it! We are getting fewer and fewer, but the other party is not afraid of exhausting us!”

“That might not be the case. The more people there are, the more they can’t afford to waste time.”

Qin Yuan said in a deep voice.

The reason was the same as before. The other party’s resources were limited, and they could not bring too much. If they wanted to replenish their resources, they would need to travel a long distance. These were all very inconvenient factors.

“They are betting on this attack. If it fails, we will definitely win.”

“Probably within this day.”

Qin Yuan calculated that it had been a day since they started fighting the other party. Qin Yuan estimated that their resources had basically been exhausted, and if they were to supply them from the rear, it would take at least half a day according to this distance.

They were now in an extremely awkward situation. They had spent some time, but it was completely ineffective. This was undoubtedly an opportunity for the logistics company.

“I’ve decided to prepare my troops and launch an attack on them after I return.”

Qin Yuan said in a deep voice.

“What is it? Are you sure? The other party has tens of times our military strength!”

He Chenguang was surprised.

“That’s right! We all know that they have entered a period of exhaustion. We can take the opportunity to escape! Why do you have to hit a rock with an egg?”

“As long as there’s life, there’s hope!”

Green Snake also advised.

“I know what you mean.”

Qin Yuan narrowed his eyes and said.

” However, don’t forget that I promised the old man that I would prove to him that we were the right choice. What would he think if we run away like this?”

After hearing this, the two of them fell silent.

Qin Yuan was right. Their logistics company could adopt a temporary retreat strategy.

But on the other hand, losing his reputation and glory in front of others was something that a warrior could not accept.

” You’re right. As a soldier of the logistics company, honor is far greater than life!”

He Chenguang’s face was fearless.

“Alright, since you’ve decided, I can only accompany you to the end!”

Green Snake also clenched his fists and said with a smile.

“If we can win this battle! Then our deeds will be praised by future generations for a thousand years!”

Qin Yuan’s expression was stern. He was already prepared for the decisive battle.

” However, our people are tired now, and there are many wounded. If we spend half an hour to go back, regroup the troops, and launch the final attack, they will not be able to defend so quickly.”

“Yes!”

Then, the group quickly returned to the logistics company’s camp.

There were no accidents on the way. They returned to the camp in about half an hour.

The people in the camp saw that although they were in a sorry state, they were basically in order and felt very relieved.

The old man had been recuperating here for a day and was in good spirits.

He called Qin Yuan over.

“How is your operation going? Is it smooth?”

The old man went straight to the point.

” How should I put it? It’s considered a success. We repelled three waves of their attacks and only lost less than fifty people.”

Qin Yuan said casually.

“We came back to discuss the next wave of attacks with you.”

“The next wave of attack?”

the old man said with narrowed eyes.

” The enemy’s troops are more numerous than yours, right?”

“You still want to attack?”

Qin Yuan lowered his head and smiled calmly.

This was probably the old man’s test for him. In other words, he was lying.

It tested Qin Yuan’s determination.

” Since we’ve already won the first step, why should we stop?”

“As the saying goes, follow up the victory and pursue. If we escape, not only will I not agree, even the soldiers in the company will not allow me to do so.”

Qin Yuan’s expression was still calm, but his eyes revealed an unshakable aura.

The old man looked at Qin Yuan seriously for a while before smiling.

“You are indeed a person with both courage, strategy, and combat skills. I didn’t misjudge you. Just based on your words, I approve of you very much.”

“Just do it without worry. I’ll take care of the rear. I guarantee that you won’t have to worry about anything.”

Qin Yuan raised his eyebrows.

He knew that the old man was an outstanding scientist, but he had never heard or seen his ability to lead troops in battle.

“Are you serious? This is a real battle. Have you fought in a war before?”

Qin Yuan asked politely.

The old man couldn't help but laugh.

“When I was young and fighting, you weren't even born yet.”

Qin Yuan also smiled awkwardly.

The old man was indeed shrewd.

” That's good. Since you're an experienced officer, I can rest assured.”

Qin Yuan said with a smile.

“How do you plan to attack?”

The old man continued to ask.

Qin Yuan thought for a moment and said in a deep voice,

“This time, we will fight openly.”

“Oh? Hahaha! Are you sure? Although they might be in a crisis of famine, the difference in numbers is too great. Even if each of them spits, they can drown you.”

The old man laughed.

“It doesn't matter. I have my ways.”

Qin Yuan said confidently.

“You don't believe me?”

The old man stopped laughing and looked at Qin Yuan with a sharp gaze.

“No, I think there's a better way.”

Qin Yuan smiled and shook his head. He explained in a serious tone,

“I know what you're thinking. You're a very steady person.”

” As the representative of the older generation of technical talents, you are unparalleled in your field. However, I hope you can understand my role in the logistics company and the brand my style of doing things has formed in their hearts.”

” In other words, they're already used to the swift and decisive me. If I choose to be conservative, they'll definitely feel uncomfortable and disrespectful.”

“Do you think my analysis is correct?”

Qin Yuan narrowed his eyes and looked at the old man.

The corners of the old man's mouth curled up slightly.

"Not only are your tactics good, but your mouth is also good."

"I understand what you mean. I can see your determination. I can rest assured now."

"I'll just say one thing. I'll wait for your good news here."

Chapter 880: Final Battle?

A gratified smile appeared on the old man's face.

"Don't worry, I won't let you down."

Qin Yuan replied with a confident smile.

Qin Yuan stood up, gave the old man a military salute, and walked out of the room.

Outside, Green Snake and He Chenguang had been waiting for him for a long time. The two of them were bickering and laughing as usual.

"How was it? What did the old man say to you?"

Green Snake asked impatiently.

"I didn't say anything. It's just some nonsense."

Qin Yuan said casually.

"What? You've been in there for so long. You must have said something important."

He Chenguang did not believe Qin Yuan's nonsense either.

"Why would I lie to you? Am I that kind of person?"

Qin Yuan was a little unhappy.

"We are here to discuss tactics, not to talk about other irrelevant things."

"Don't forget, our comrade Geng Hu is still in their hands!"

Qin Yuan said in a deep voice.

Upon hearing this, the two of them fell silent.

Qin Yuan was right. They did not have the time or reason to talk about other things. Geng Hu was waiting for them to rescue him in a dark corner.

"Then have you thought of a way?"

He Chenguang asked.

Qin Yuan nodded.

"I didn't expect that I wouldn't have come to look for you."

“This time, we’ll face them head-on.”

Qin Yuan replied in a low voice.

“A direct confrontation?”

“Are you sure? We have a few hundred people to fight against thousands of people?”

The green snake looked incredulous.

“Yeah, do you have a fever? Or do you think that we’re being suppressed like this?”

He Chenguang also looked at Qin Yuan in confusion, his eyes filled with confusion.

“Your views are too one-sided.”

Qin Yuan smiled.

“You must know that what we lack the most now is not soldiers or combat strength, but a hearty victory.”

“I know that you are very worried about our combat strength, but what I want to say is that although we are fighting openly, this does not prevent me from sending another team over as an assault force.”

Qin Yuan narrowed his eyes and said.

“Oh, there’s still such a method?”

He Chenguang said with a faint smile.

“Of course, as the saying goes, all is fair in war. We won’t fight head-on with the other party like a hothead.”

Qin Yuan said.

“Then what do you plan to do?”

They all knew that what they were about to say next was the main point.

” Well, after some consideration, I’ve decided that you will lead the assault team.”

Qin Yuan glanced at the green snake and said solemnly.

“Me?”

Green Snake was a little surprised because he had always acted with Qin Yuan before. Now that he was leading the team, he was a little unused to it.

However, he also understood that Qin Yuan had to appear in the front line. Otherwise, the other party would definitely be suspicious.

“Isn’t Captain He here too? Why don’t you let him take on this important task?”

Green Snake asked.

“Don’t worry, you all have missions. I have other arrangements for him.”

Qin Yuan smiled.

“What mission? So mysterious?”

Green Snake asked curiously.

Qin Yuan thought for a moment. There was no problem assigning tasks here, so he said directly,

“I plan to arrange for him to track down Geng Hu’s whereabouts during the chaotic battle.”

Qin Yuan said seriously.

“Hmm, your wishful thinking is not bad.”

” Although we may not have the advantage on the battlefield, you are the best talent on the silent battlefield!”

Green Snake said with a smile.

Qin Yuan’s expression was cold, and he did not have the time to pay attention to his praise.

They didn’t have much time left. It was now two in the afternoon. He had to reorganize all the troops within half a day and set off at night at the latest.

“I will lead the main force to the front line to fight with them. Green Snake will be responsible for leading the small team to disrupt the enemy’s rear. He Chenguang will lead the second team to search for Geng Hu’s whereabouts. We will divide our work. Do you understand?”

“Go back and reorganize the troops immediately. Our operation will begin on time at midnight.”

Qin Yuan said.

” Wait, how are we going to distribute our forces?”

He Chenguang hurriedly asked.

” You can decide for yourselves. I won’t dictate your actions.”

“We only have 300 troops at most now. Our team will each have 50 troops. The rest will be given to Qin Yuan. How about that?”

He Chenguang suggested.

“Sure.”

The green snake agreed readily.

“Then it’s decided. Go back and prepare. We don’t have much time left.”

Qin Yuan said.

Then, the three of them walked out of the room and returned to the camp.

Qin Yuan gathered all the soldiers with combat strength to the front of the formation.

“Warriors! I know you’ve been working hard these past few days, but! I’m the same as all of you! I’m also physically and mentally exhausted!”

” Everyone, please stay alert for the last time, because the upcoming battle concerns the life and death of everyone!”

” Today is very likely the final battle between us and Xiao Yan!”

“We will split into three teams! I will lead the main force to attack the enemy’s main force!”

” Captain He Chenguang and Green Snake will lead two teams to attack the enemy’s rear camp!”

“What do you think of this tactic?”

Qin Yuan asked the soldiers loudly.

Although he was the commander of the army, logically speaking, only the army obeyed his orders. There was no need to ask the other party.

However, at this juncture, it was time for everyone to be united. Qin Yuan did not need to follow the rules like before.
