

## Special Troop 91

### Chapter 91: I Think He's Just a Dog!

Qin Yuan looked at Fatty Zhang, whose face was bruised and swollen, and felt very helpless. In the past, as long as this kid was prepared to fight, he would first report his father's name. He did not know how many times he had been beaten up by his father because of this.

“Boss! It really is you! Didn't you join the army? Why are you back?” “And boss, why didn't you tell me you were back!”

Fatty looked at Qin Yuan in front of him and laughed excitedly, not caring about his bloated face at all.

“Brother Fatty Zhang? It really is you! Brother Fatty Zhang, are you alright?”

Miao Xiaoxiao saw that Qin Yuan had dealt with all of them, so she ran straight to Qin Yuan and the other man. When she walked in, she saw that the fatty was really the Brother Fatty Zhang that she was familiar with. Seeing that the fatty was beaten up like this, Miao Xiaoxiao's tears flowed down as she asked worriedly.

“Xiaoxiao? Why are you here?”

Fatty Zhang asked curiously when he saw that Miao Xiaoxiao was also there.

“Brother Qin Yuan brought me out shopping. As soon as I arrived here, I saw you getting beaten up by them! These people were too despicable. Fortunately, Brother Qin Yuan beat them up.” Miao Xiaoxiao looked at Young Master Jiang and the others angrily.

“I'm fine! I was just beaten up by them. With Boss around, I don't panic at all.”

Fatty said to Miao Xiaoxiao with a smile. Before Qin Yuan went to the military academy, it was Qin Yuan who led them to fight. There was no one in this area that their military compound did not dare to fight. After Qin Yuan went to the military academy, they calmed down slightly. Who knew that he would be beaten up here today?

“You brat! If there is a chance, you should join the army! If you continue like this, you'll be fat to death! If it wasn't for Xiaoxiao, I wouldn't have known it was you! Besides, when did the people of our quad get beaten up like this? You're the first one.’

Qin Yuan lectured Fatty unhappily. He had never been bullied like this before he went to the military school.

“Boss! I came to this gym to lose weight! The old man wanted me to sign up for this year's conscription and asked me to come here to lose weight. Who knew that I would bump into them!” Fatty was a little embarrassed by Qin Yuan's words.

“Right! Where was Wu He? Why are you the only one here?”

As he spoke, Qin Yuan thought of Wu He, who was once one of the iron triangle of their courtyard, and asked.

“Him? Last year, he was arranged to study abroad. This kid is smart and went to do some scientific research.”

Hearing Fatty’s words, Qin Yuan instantly recalled their iron triangle. Wu He was their useless strategist! His brain was indeed good. Every time they made a mistake, it could think of a good excuse to give their family. Otherwise, Qin Yuan and the others would have been beaten up by their grandfathers.

“Yes! That’s not bad! Kid, try to enlist this year! The army is really a good place.”

“Besides, you can’t even defeat a few of them. Don’t you feel ashamed?”

Fatty felt ashamed when he heard Qin Yuan’s words. In the past few years, his weight had increased from 180 pounds to almost 300 pounds.

“Boss! I know!”

While Qin Yuan and the others were talking, a few cars poured into the underground parking lot. A few burly men got out of a Toyota with steel pipes and baseball bats in their hands.

A middle-aged man with a scar on his face walked out under the protection of a few underlings. A group of people instantly got out of a few cars and surrounded Qin Yuan and the others.

When Young Master Jiang saw the middle-aged man with a scar on his face, he got up from the ground excitedly.

“Brother Tu Bao! Why did you only come now? I was almost beaten to death by this kid!”

Faced with Young Master Jiang’s resentment, the middle-aged man immediately explained.

“Young Master Jiang! After receiving your call, I brought my brothers and rushed here without stopping!”

“Alright! It’s good that you’re here! He was the one who hit us just now. Teach him a good lesson!”

“If you do a good job, you’ll get a lot of benefits!” Young Master Jiang looked at Qin Yuan fiercely and said to the middle-aged man proudly.

“Yes, sir! Don’t worry, Young Master Jiang! If I don’t chop off one of his legs tonight, I won’t be able to live up to my bad reputation!”

With that, Tu Bao walked straight towards Qin Yuan.

“Brat! Are you courting death? Young Master Jiang, you dare to provoke him?

Are you tired of living?”

“I think you’ve all heard of me!”

Tu Bao looked at Qin Yuan’s fierce expression.

“So he called you guys over! I’ve never heard of Tu Bao before! But I know of a Tu Gou (dog)!”

Qin Yuan did not take these people seriously at all. One had to know that these people were just a group of motley crew! He could easily deal with these dozens of people.

“What a sharp-tongued brat. Looks like you won’t cry until you see the coffin!

Brothers, let’s break one of his legs first!”

“Right! Leave that girl behind and cripple the other two!”

From the moment he came in, his eyes never left Miao Xiaoxiao. Miao Xiaoxiao’s charming appearance and figure instantly aroused the sperm in his body.

As he spoke, Tu Bao instructed his underlings to rush towards Qin Yuan and the others.

“Boss! This is bad. What should we do with so many people? Do you want me to call “Big Brother” Er He to save you?”

Fatty was a little worried when he saw so many people rushing up. These people were all real hooligans. If they started fighting, it would really be dark. “Do you still need to call your old man with just these people?”

“Help me take care of Xiaoxiao. Leave the rest to me! If these people didn’t teach them a lesson, they would really be lawless!”

After saying that, Qin Yuan rushed into the crowd. The early warning radar and fighting techniques in his body were instantly activated. In an instant, Qin Yuan took down more than ten people. These people were just a group of motley crew, nothing in Qin Yuan’s eyes.

Soon, Qin Yuan directly knocked everyone down. They lay on the ground with their arms crossed and wailed bitterly. The dozens of people brought by the Tu Bao had all had their hands broken by Qin Yuan.

The strength of these dozens of people could not even be compared to the soldiers of the logistics company who had not been trained by Qin Yuan back then!

Seeing that the dozens of underlings he had brought were all crippled by Qin Yuan, Tu Bao’s eyes widened as he looked at Qin Yuan in horror. He had never expected Qin Yuan’s strength to be so terrifying.

In just a minute or two, his underlings were all crippled. He did not even have the time to see how Qin Yuan attacked.

At the same time, Young Master Jiang, who was beside Earth Storm, was stunned. His feet trembled as he looked at Qin Yuan, not daring to say anything.

“This ... What’s going on?”

“How can this kid be so terrifying? Young Master Jiang, why didn’t you tell me about his strength just now!”

Tu Bao looked at Qin Yuan in horror and complained a little to Young Master Jiang beside him. If he knew that Qin Yuan’s strength was so terrifying, he would not have brought so few people over. No! He didn’t come over directly.

Seeing that his dozens of underlings could only hold on for a few minutes before being crippled by Qin Yuan, he no longer had the intention to fight Qin

Yuan..

Chapter 92: Boss Is Too Perverse

“F \* ck! Boss was too awesome! It’s really too abnormal.”

“Is this the strength of a soldier? Xiaoxiao, did you see how Boss attacked just now? It had only been a few minutes! These people were directly defeated by Boss. Boss was really handsome!”

Fatty Zhang was stunned by Qin Yuan’s series of actions. Qin Yuan’s series of actions and strength had stunned him.

“I... I didn’t see it clearly either! Brother Qin Yuan is really amazing!”

Miao Xiaoxiao was also surprised. She did not expect Qin Yuan to become so strong after a few years in the military academy and the army. In the past, Qin Yuan often fought. Although he won every time, he was covered in wounds! She was the one who went to buy medicine to help Qin Yuan and the others treat their wounds.

“I can’t take it anymore! No matter what, I have to be selected as a soldier this year. Boss is really too amazing!”

Fatty Zhang looked at Qin Yuan with shining eyes. Qin Yuan’s series of actions had completely convinced him. He had never had such a strong desire to be a soldier.

After all, he had never seen his father so powerful. His father was now a master, but he had never seen his father’s terrifying skills like Qin Yuan’s.

He often went to the army with his father and had seen his father train with the soldiers.

“Who else do you want to keep?”

After Qin Yuan finished dealing with his underlings, he walked straight towards Tu Bao and the others. When Tu Bao instructed his underlings to keep Miao Xiaoxiao, the anger in Qin Yuan’s heart instantly burned.

Miao Xiaoxiao and her family were Qin Yuan’s reverse scale. As long as anyone dared to touch them, he would not hesitate to kill them all.

“Sor... sorry! Big brother! No, no, no.

Grandpa! I was blind and offended you. I deserve to die!”

Tu Bao looked at Qin Yuan's fierce gaze and the defense in his heart instantly collapsed. His two hands kept slapping his face as he begged Qin Yuan in panic. "Didn't you want to keep that girl? Then I'll see who can keep you today!"

After saying that, Qin Yuan directly kicked Tu Bao's chest heavily.

Peng...

Tu Bao was instantly sent flying and crashed into the windshield of his overbearing car.

Puff...

He spat out a mouthful of blood. He looked at Qin Yuan in horror as if he had encountered a terrifying beast. Qin Yuan's kick broke three of his ribs, as if he had been hit by a car.

"Big... Grandpa! You... Please spare me!"

"Young Master Jiang! Save me!"

Seeing Qin Yuan walking towards him again, Tu Bao panicked. If Qin Yuan attacked him again, he might really die here today. He immediately begged Young Master Jiang, who was not far away.

Young Master Jiang was frightened by the scene in front of him. He originally wanted to let Tu Bao come over and take care of Qin Yuan, but who would have thought that in just a few minutes, Tu Bao and his dozens of underlings would be crippled by Qin Yuan.

How could he dare to speak in the face of Tu Bao's cry for help? Looking at Qin Yuan's furious expression, a dark yellow unknown liquid flowed out between his feet.

"What do you think? Can he save you?" Qin Yuan sneered as he looked at Tu Bao.

"Yes...I'm sorry...I'm sorry! Brother! No...Master! It was me who ran into you blindly, damn it!"

Tu Bao weakly explained to Qin Yuan that he was really afraid of Qin Yuan. If he knew that this would happen, he would not have come over even if he was beaten to death. He did not expect to meet such a tough person today.

"It doesn't matter now!"

Before Tu Bao could say anything, Qin Yuan's heavy kick landed on Tu Bao's chest.

Peng...

Beep beep beep...

The glass of the car was completely shattered by the aftershock of Qin Yuan's kick. The airbags of the car burst out. With the flashing lights and the sound of the alarm, one could imagine how much strength Qin Yuan had used to kick the man.

Tu Bao fainted immediately, and blood kept flowing out from the corner of his mouth. Although Qin Yuan was furious, he could not lose his mind and kill people. After all, he was a soldier.

However, Tu Bao might spend the next half of his life in bed. Qin Yuan did not have any pity for him.

To put it bluntly, these people were vermin of society. They were a group of hooligans who did all kinds of evil. Keeping them alive would only add to the burden of society.

“You... You! You dare to kill someone?”

Seeing the Tu Bao that had been knocked out by Qin Yuan, Young Master Jiang thought that Qin Yuan had killed the Tu Bao! His eyes were filled with fear as he looked at Qin Yuan, and his voice was trembling.

He did not dare to imagine what was happening in front of him. In the past, when he was in trouble, as long as the Tu Bao came, it would be resolved!

However, he was actually killed by Qin Yuan today.

Young Master Jiang, who had been arrogant before, felt his legs go weak. He had never seen such a scene before. The woman beside him was so frightened that she fainted.

“So what? Didn’t you say that you are the law? Are you afraid now?”

Qin Yuan stared at Young Master Jiang. Today, he wanted to let this arrogant young master know what the consequences were for doing whatever he wanted.

“Wait! Don’t come over! My dad is a big shot! You can’t kill me!”

Seeing Qin Yuan walking towards him, he panicked. Qin Yuan had even killed Tu Bao, so he would definitely dare to kill him as well.

He hurriedly took out his phone from his pocket and made a call.

“Dad! Come and save me! I’m going to be killed!”

When the other end of the phone heard this, an angry roar instantly sounded.

“You bastard! It’s best if you die outside!”

“Dad! I’m your son!”

As he spoke, Qin Yuan squeezed Young Master Jiang’s hand tightly and took the phone from him.

“I’ll give you 10 minutes to come to the parking lot on the basement floor of the department store. If you don’t come, I’ll cripple your son for you.”

Qin Yuan said directly to the other end of the phone, not caring what kind of big shot the person on the other end was.

“Who are you?”

“You’ll know when you come over!”

Qin Yuan hung up the phone without giving the other end a chance to speak. Qin Yuan wanted to see what kind of person had raised such a bastard son.

“Boss! Should she call home? After all, this was.....

Fatty looked at Qin Yuan and asked worriedly.

“No need! Who can do anything to us in N City? You have to know that they were the ones who made the mistake first, and they were the ones who gathered the hooligans! I don’t believe that they can be unreasonable, and I don’t believe that there are no laws in N City.”

Qin Yuan was not worried about what would happen at all. These people were holding weapons and sticks to beat them up. Some of their actions were considered self-defense.

“Brother Qin Yuan! Will we really be fine? Do you want to tell Grandpa and the others?”

Miao Xiaoxiao looked at Qin Yuan worriedly. This was not a small matter for them..

Chapter 93: Call for Help?

“It’s alright! Don’t worry!” Qin Yuan continued to comfort the two of them.

At this moment, Young Master Jiang was still sitting on the ground and looking at Qin Yuan in fear. He did not dare to say anything and could only hope that his call would save his life.

After a while, police sirens sounded and a group of uniformed police officers got out of the car.

They were all stunned by what was happening in the parking lot! There were dozens of people lying in the parking lot, and the ground was covered with steel pipes and sticks. On the windshield of the overbearing car, there was a scarred man covered in blood. He looked like he had fainted.

“Don’t move! Raise your hands! We received a report from the public that there was a gang fight here!”

With that, the group of police officers pointed their guns at Qin Yuan and Fatty.

Not long after, an Audi drove in. A middle-aged man in his forties got out of the car and hurried towards Qin Yuan and the others.

“What’s going on? The voice on the phone just now was you, right?”

The middle-aged man asked Qin Yuan softly because other than the police, Qin

Yuan was the only one who was fine.

“Who are you to this bastard?”

“Hello! I’m his second uncle. This kid has been disobedient since he was young. His father has already left him.”

“Young man, I’m really sorry! If this kid made a mistake, then please hand him over to the law to punish him! Don’t ruin your life.”

The middle-aged man immediately dissuaded Qin Yuan because he knew very well what kind of person his nephew was. All these years, his elder brother had been busy with work, and he had neglected to discipline his nephew. Now that he was older, it was even more difficult to control him.

All these years, his sister-in-law had doted on his nephew too much, causing him to be lawless outside. His elder brother didn't care at all, so his second uncle had already handled countless things for his nephew over the years.

Faced with the middle-aged man's words, Qin Yuan's anger subsided. Just the middle-aged man's words could at least prove that he was a reasonable person and not an unreasonable person who would help the evildoer to do evil.

"As for this guy, I can only hand him over to the law to discipline him. I only hope that he can turn over a new leaf!"

Qin Yuan looked at the middle-aged man in front of him, and the anger in his heart subsided.

"Young man, thank you for understanding these things! I can already guess what happened."

Looking at the Tu Bao trapped in the car, he understood what had happened. His nephew must have caused trouble and called the Tu Bao over. He knew very well what kind of person the Tu Bao was. During this period of time, he had heard that his nephew was very close to these people.

As for his nephew, he wanted to let him stay in there for a while. He couldn't keep protecting him like this. If he kept protecting this kid, he would only harm his nephew one day and even affect his big brother!

"Captain Fang, these people lying on the ground are not good people. Also, after the trial, Yun Hao, that kid, will be dealt with according to the law. We don't have to care about his identity. These are the exact words of my big brother!"

The middle-aged man turned around and said to the police officer behind him in a deep voice. He did not give any special treatment because of his nephew's identity! Before he came, he had called his brother. His brother wanted to let Yun Hao know that he would be punished by the law for making mistakes.

"Alright!"

"Bring them back and interrogate them all!" Captain Fang said to the policemen beside him.

Soon, everyone lying on the ground was dragged into the police car.

"You guys go to the hospital to take a look at your injuries first! I'll inform the hospital about the medical fees first!"

Seeing Fatty Zhang's bloated face, the middle-aged man said to Qin Yuan and the others.

"It's alright! My injuries are fine!" Fatty Zhang grinned, not caring about his injuries at all.

“Are you sure?”

The middle-aged man looked at Fatty Zhang’s swollen face and asked again.

“I’m really fine! I’ll just go and deal with it briefly later!” Fatty Zhang explained again.

“Alright then! Then I’ll have to trouble you to go back with Captain Fang and the others to make a statement later!”

“Tu Bao and the others are a group of black sheep. I hope we can send them to prison this time. If we let them get away with it, N City won’t be peaceful!” Qin Yuan and the others were very happy to face the middle-aged man’s request.

This time, the bandits dared to openly beat people up in the city with weapons and clubs. How many bad things had they done in the dark?

“Alright!”

After saying that, Qin Yuan and the others followed him back to the police station to make a statement. From Captain Fang’s trial, they found out that Tu Bao and the others were actually in the business of drug trafficking.

Slowly, a drug industry chain in N City surfaced. This time, Qin Yuan and the others had made a great contribution by accident.

Not long after Qin Yuan and the others finished their statements and left a home address and contact information, the three of them walked out of the police station. The middle-aged man was still waiting for them at the door. “Young man, I haven’t asked you how I should address you.”

Facing Qin Yuan, the middle-aged man was also shocked that Qin Yuan had actually wiped out dozens of people from Tu Bao. He had just learned that he had been crippled by Qin Yuan.

In his next life, he would probably be lying in bed. No, in a prison bed. He had just heard Captain Fang say that the underground riot behind the drug industry was an important leader.

The evidence of the Tu Bao crime was enough to sentence him to death. However, his nephew was also implicated and would not be able to come out for a few years.

However, he did not feel any heartache. If he had discovered this problem a little later, his nephew might have been bewitched by Tu Bao and walked down this path of no return.

“Hello! My name is Qin Yuan!” Qin Yuan replied. He agreed with the middle-aged man’s way of handling the matter.

“Qin Yuan? Good name!”

The middle-aged man also smiled. To be honest, he was also somewhat grateful to Qin Yuan. If not for this matter, his nephew might have ended up like Tu Bao and the others..

Chapter 94: My Father Is Zhang Erhe!

“What about you? What’s your name?”

The middle-aged man turned his head and asked Fatty Zhang, who had a bloated face. After all, Fatty Zhang and his nephew had a scuffle this time.

“Me! My name is Zhang Dajun! My dad, Zhang Erhe!”

!!

Fatty said it directly, not forgetting to mention his father’s name.

“Zhang Erhe?”

“Are you guys from the southeastern region?”

The middle-aged man’s face revealed a shocked expression. He was very familiar with the name Zhang Erhe. If it was Zhang Erhe from the quad, he would be his old classmate!

After all, the Jiang family was a reputable family in N City, so he knew who was in N City.

If Qin Yuan and the others were really from the quad, then he was really glad that he did not make a mistake this time. Otherwise, even his elder brother would be affected.

“That’s right! We are from the quad!”

Fatty Zhang replied smugly. Qin Yuan looked at Fatty Zhang with disdain. This kid had to bring up his father every time to show off. He really did not know what he was thinking.

“Is your dad really Zhang Erhe from the Southeastern Region Compound?” The middle-aged man asked in surprise again.

“That’s right! My father is Zhang Erhe!”

“Good fellow! Then, Qin Yuan, are you from the old chief’s family?”

Qin Yuan could only nod in the face of the middle-aged man’s question. He was not used to Fatty Zhang reporting his family every time he came out.

“So you’re all from the quad! I didn’t expect to meet you here!”

“Your dad used to be my classmate, but he has basically been stationed in the border military region for the past few years. We haven’t seen each other for many years. I remember that when I saw you last time, you were still a fat kid!

I can’t even recognize you now.” The middle-aged man laughed happily.

But honestly speaking, with Fatty Zhang’s bloated appearance, even his father, Zhang Erhe, would not be able to recognize him! Not to mention a person who hasn’t seen Fatty Zhang for more than ten years!

“Ah! Why haven’t I heard my dad talk about it before!” Fatty Zhang was shocked.

“Your father and I were classmates in high school. Later, he went to the army. I also went to your house more than ten years ago.” The middle-aged man smiled.

“I see!” Fatty Zhang scratched his head and laughed.

“Oh right, Qin Yuan! When you go back, thank the old chief for me. If it weren’t for his recommendation, my brother might not have been able to work in N City!”

“I wanted to visit him before, but my brother didn’t let me. He said that the old master didn’t like it!” The middle-aged man said to Qin Yuan.

The middle-aged man was right. Qin Yuan’s compound was in the southeast district of N City. Although Old Master Qin did not care much about these political matters, he could still see clearly what a person was like.

He was a good official who served the people. Therefore, after the original mayor was promoted, he also elected the current Mayor Jiang. In the past few years, N City had indeed developed very well and the living standards of the people had improved a lot.

“I’m not too sure about this!”

Qin Yuan replied directly. After all, he had been in the military academy and the army for all these years. He did not know anything about the outside world.

As he spoke, the middle-aged man asked his secretary to take out a few bottles of wine from the car and handed them to Qin Yuan and Fatty Zhang.

“Qin Yuan, you can call me uncle from now on! I’m of the same generation as your dad and the others! These are the few bottles of wine I bought. Take them back to Old Master Qin. I know he doesn’t like people giving him gifts or visiting him! ”

“I’ll have to trouble you to bring it over. This isn’t a very expensive wine. This is just a little token of my appreciation.” The middle-aged man immediately picked up something and handed it over.

Qin Yuan looked at the bottles and took them directly. To be honest, this wine was really not very expensive. It was only 200 yuan per bottle in the market.

“Then I’ll accept it on behalf of Grandpa!”

Qin Yuan did not reject the middle-aged man’s good intentions. After all, this was also a token of his appreciation.

Then, the middle-aged man also took a few bottles and handed them to Fatty Zhang with an envelope.

“Nephew Zhang, this is 1000 yuan for the medical fees. I’ll apologize to you on behalf of my nephew! I hope you can understand!”

“I’ll go and apologize when I have time!”

The middle-aged man looked apologetic. After all, Fatty Zhang’s injuries were caused by his nephew.

“It’s okay, Uncle Jiang! Come to my house to play when you have time! My dad should be back soon to welcome you as a guest!”

Fatty Zhang was completely fine. If it wasn’t for his bloated face blocking all his expressions, he would definitely be laughing.

“Then I’ll thank you in advance!”

The middle-aged man looked at Qin Yuan and Fatty Zhang, who were both cultured people. When he thought of his good-for-nothing nephew, his face darkened.

Qin Yuan looked at the middle-aged man and reminded him kindly.

“Uncle Jiang! You still have to pay more attention to your health. Have you been working late recently?”

“If you have time, you should go to the hospital for a proper checkup! If this continues, I’m worried that your body won’t be able to take it!”

Qin Yuan had just used the system radar to scan the middle-aged man and found that many of his organs were weakening! Although he didn’t know any medical skills, this also showed that the middle-aged man’s body probably had some illness.

“Nephew Qin, don’t worry! Don’t worry about me. I’ll go when I’m done!”

The middle-aged man was also very gratified by Qin Yuan’s greeting. If only his nephew could be as sensible as Qin Yuan and the others!

“Alright! Then Uncle Jiang, we’ll go back first! When you have time, you’re welcome to come to our house!” Qin Yuan saw that it was getting late and he still had to take Xiaoxiao shopping, so he said goodbye to the middle-aged man.

“Alright!”

“Goodbye, Uncle Jiang!” “Goodbye, Uncle Jiang!”

“Yes! Goodbye!”

After saying that, Qin Yuan and the others walked out of the police station’s door. The middle-aged man only calmed down when he saw Qin Yuan and the others disappear at the door.

“Sigh! What a good young man. As expected of a child from the quad! Why couldn’t Yun Hao compare to them?”

The middle-aged man sighed in a deep voice. Qin Yuan gave him a very calm feeling. He was very envious of having children like Qin Yuan and the others. He and his wife would not be able to raise a child.

Therefore, he treated Yun Hao’s nephew like his own son. His elder brother was busy with work and rarely disciplined him. His sister-in-law spoiled Yun Hao too much, which led to today’s outcome. In the end, he was educated and sent to prison.

“Xiao Zou, immediately get our company’s legal department to handle this matter for Yun Hao! This child’s nature was actually not bad. Hope that he did not have too much to do with Tu Bao and the others. Otherwise, even Big Brother would not be able to save this kid!”

“Yes, sir! Chairman!”

Chapter 95: This Kid Is Too Cowardly!

Qin Yuan and the others simply took Fatty Zhang to the hospital to treat his injuries before taking Miao Xiaoxiao shopping. They had originally wanted to take advantage of the few days off to accompany Miao Xiaoxiao, but who knew that they would encounter these things as soon as they arrived at the mall.

It was rare for Qin Yuan to come back, so Fatty Zhang naturally followed Qin Yuan and the others for the entire afternoon. It was not until the evening that he realized that the relationship between Qin Yuan and Miao Xiaoxiao seemed to be different.

“Boss, you’re not being very kind. Didn’t we agree not to eat the grass in our own backyard?” Zhang Pangzi looked at Qin Yuan expressionlessly.

!!

Miao Xiaoxiao was the flower of their courtyard. Countless people had already taken a fancy to her. However, Fatty Zhang and the others still remembered Qin Yuan’s words at that time. Who would have thought that Qin Yuan would break this rule in the end?

“What’s wrong? Even if I give you guys a chance, you have to have the ability!”

“Besides, have you seen how handsome your boss is? I may not be a peerless beauty, but I’m at least a little more handsome than you!”

Qin Yuan smiled, and Miao Xiaoxiao blushed and ignored them.

Hearing Qin Yuan’s words, Fatty Zhang was speechless.

“Oh right, there are still two months before this year’s conscription begins again. If you don’t lose weight, you won’t have a chance to join this year!”

Qin Yuan suddenly recalled that the recruitment this year was not far away. It would be a good thing if Fatty Zhang chose to join the army.

“Boss, don’t worry. I’ll definitely go to the army to look for you!”

Fatty Zhang was now extremely eager to enter the army. Just from how Qin Yuan had been able to take care of so many people by himself, he was extremely eager to have the strength of Qin Yuan.

“Boss! I must be a soldier!”

Qin Yuan was also a little surprised to see Fatty Zhang suddenly so eager to enter the army. One had to know that his father had almost crippled him in the past, but this kid was not willing to join the

army. In order not to join the army, this kid chose to eat and drink too much, resulting in his current state.

“Fatty! Why are you suddenly so eager to join the army? I remember that your father beat you up because of this, right?”

“Boss! I did it to pick up girls!” Fatty said in a deep voice.

“Pick up girls? Are there any girls in the army for you to pick up?”

Qin Yuan was speechless. This kid was so eager to enter the army just to pick up girls? Besides, there was not a single female soldier in their army. Female soldiers could only be found in the signal battalion.

“Boss! You don’t know... Your series of actions just now was too cool. If I had your strength, I would definitely capture the hearts of a bunch of girls.” Fatty Zhang laughed.

Qin Yuan and Miao Xiaoxiao looked helpless. Fatty Zhang joined the army just to pick up girls? Doesn’t he have any goals and dreams?

“Kid, can you have some ambition!” Qin Yuan said unhappily.

“Boss, don’t talk about me. You’ve already snatched the only flower in our courtyard.”

“Besides, if I hadn’t seen your intimate actions just now, I wouldn’t have known that the two of you were actually together.”

“Didn’t we agree to protect Xiaoxiao together, Boss?..... You’re not kind!”

Fatty Zhang looked at Qin Yuan aggrievedly and complained in his heart. They had all agreed that no one could lay a hand on Miao Xiaoxiao, but Qin Yuan broke his promise.

“This... This! When love comes, it can’t be stopped!” Qin Yuan was also a little embarrassed.

“Alright, Brother Fatty Zhang! Stop talking, I’m embarrassed! Besides, I was the one who liked Brother Qin Yuan first.”

Miao Xiaoxiao blushed and explained. She had liked Qin Yuan for a long time. This time, when she mustered up a lot of courage to tell Qin Yuan her feelings, she was afraid that Qin Yuan would reject her.

“Alright! At the very least, the fertile water should not flow into the fields of outsiders. On account of Boss being so outstanding, the two of you must treat me to a meal today!” Fatty Zhang smiled. It was impossible for him not to like Miao Xiaoxiao, but he was happy that Miao Xiaoxiao had chosen his boss.

He knew very well what kind of person Qin Yuan was. Miao Xiaoxiao would definitely be very happy with Qin Yuan.

“Good! No problem!”

“Brother Qin Yuan, Brother Fatty Zhang, let’s go eat hotpot.”

Miao Xiaoxiao then led the two of them to the hotpot restaurant in the mall.

“Boss! What position do you have in the army now? Also, how long have you been in the army? You’re too strong!”

Fatty Zhang followed behind Qin Yuan and asked curiously about Qin Yuan’s years in the army and military school.

Qin Yuan also told the two of them about his life in the army as if he was telling a story. During the hot pot, Qin Yuan talked about his life in the military school and the army. He was so excited that Fatty Zhang could not wait to enlist in the army.

Especially when Qin Yuan talked about the scenes of the military exercise, they were as hot-blooded as those in TV dramas. Miao Xiaoxiao had the idea of going to the army, but she was stopped by Qin Yuan in the end.

He did not want Miao Xiaoxiao to join the army. Compared to a fierce girl or a gentle and quiet girl, Qin Yuan still chose the latter.

After dinner, Qin Yuan and the other two drove straight back to the courtyard. Fatty Zhang’s house was just a little closer to the main gate. As soon as they entered the main gate, they got out of the car. The three of them only lived a little further away from Miao Xiaoxiao’s house.

After Qin Yuan parked the car in his courtyard, he held Miao Xiaoxiao’s hand and walked her home. It was usually a five-minute journey, but Qin Yuan and her dragged the walk for half an hour before they reached Miao Xiaoxiao’s house.

“Isn’t this kid too cowardly? Go!”

Qin Hai and Jiang Xuemei was on the way home too when they bumped into Qin Yuan who was sending Miao Xiaoxiao home. Therefore, the two of them followed closely behind them.

“Aren’t you the same? When you chased me back then, you were much more cowardly than our son!” Jiang Xuemei and the other two stopped not far from Qin Yuan and the others, paying attention to their movements.

“No! Xuemei, didn’t you chase me first?” Qin Hai grinned as he looked at Jiang Xuemei. He thought of the scenes they had in the past.

“You still dare to say that! Have you ever seen a man who couldn’t even open a bottle of water and asked a girl like me to open it for you?” When Jiang Xuemei thought of this, she was furious. Qin Hai, a grown man, was so helpless in pursuing a girl that she had to take the initiative to make things happen between them.

“Uh ... I was...That is...” Qin Hai scratched his head, not knowing what to say.

“Alright! Look at our son and the others!”

As they spoke, their gazes turned to Qin Yuan and the others.

“Brother Qin Yuan! I’ll go back first. See you tomorrow!”

“Alright! See you tomorrow!”

After saying that, Miao Xiaoxiao kissed Qin Yuan on the cheek and ran in. Qin Yuan looked at Miao Xiaoxiao, who ran into the house with a red face, and his face was filled with a smile. He did not know how to describe this feeling. Although he had memories of two lifetimes, he had never been in love.

After seeing Miao Xiaoxiao standing in front of the window and asking him to go back, Qin Yuan reluctantly returned to his home..

Chapter 96: Brother Qin Yuan, I Want A Hug Too!

Time passed quickly. Qin Yuan’s holiday was over and he was going to return to the army today.

Mrs. Qin woke up early in the morning and cooked a table full of dishes for Qin Yuan. Miao Xiaoxiao and the others were also called over by Mrs. Qin.

The relationship between Qin Yuan and Miao Xiaoxiao had been warming up over the past few days. When she thought about how Qin Yuan was going to the army tomorrow, Miao Xiaoxiao’s face darkened.

Looking at Miao Xiaoxiao’s expression, Qin Yuan knew that she was reluctant to part with him. However, he had no choice but to feel the helplessness of a soldier.

Just like that, the breakfast atmosphere today was a little quiet. A group of people finished breakfast at Qin Yuan’s house and sent Qin Yuan to the station.

“Boss! Don’t worry, I’ll go back to the army to look for you after a while!” Fatty Zhang said to Qin Yuan with a confident look. He had already secretly vowed that he would lose weight in the next two months and definitely choose to be a soldier this year.

“Good! I’ll wait for you in the army!” Qin Yuan also smiled. He also felt that it would be a good choice for Fatty Zhang to go to the army.

“Son! You must take good care of yourself in the army! I’ve got some snacks you like in the bag. Take them back and let your comrades taste them.”

Jiang Xuemei looked at Qin Yuan with a reluctant expression. When Qin Yuan was young, they rarely stayed by his side because of work. In the blink of an eye, Qin Yuan had already grown up.

“Don’t worry! Mother! Don’t worry about me!”

“This time, you and dad won’t be going back either. You have to take care of grandpa and grandma at home! They’re old!”

“Also, you and Dad have to take care of your health. Take it easy!”

Qin Yuan also reminded him. He liked this kind of family atmosphere very much, but since he chose to be a soldier, he could only have this kind of atmosphere for a short period of time.

“Don’t worry, son. We all know. Remember to call home when you have time!”

“Yes! Got it, Mom!”

Qin Yuan went back today, but his grandfather and the others did not come to send him off. Qin Yuan’s grandfather was still at home drinking with Miao

Xiaoxiao’s grandfather, and Miao Xiaoxiao disappeared after they came out.

Qin Yuan turned on the warning radar and scanned the surroundings of the station. He was a little disappointed that he could not find Miao Xiaoxiao. He still wanted to say goodbye to Miao Xiaoxiao properly.

With that, the train to the army was about to set off. After Qin Yuan said goodbye to everyone, he took his luggage and walked into the station.

Just as he was about to enter the station, a familiar figure ran towards him. Qin Yuan’s early warning radar showed a beautiful figure.

“Brother Qin Yuan!”

Miao Xiaoxiao ran over and rushed into Qin Yuan’s chest. Her eyes were red and tears kept flowing.

Qin Yuan hugged Miao Xiaoxiao tightly and kept wiping her tears with his hands. His heart ached when he saw Miao Xiaoxiao’s red eyes. He knew that Miao Xiaoxiao must have been hiding somewhere crying just now.

“It’s okay, Xiaoxiao. It’s not like I’m not coming back. I’ll be back soon!”

“Study hard. When you have time, you can come to the army to find me!” Qin Yuan stroked Miao Xiaoxiao’s cheek and comforted her softly.

“Brother Qin Yuan! Will you miss me?”

Miao Xiaoxiao tightened her grip on Qin Yuan’s hand. For some reason, her feelings for Qin Yuan had deepened. She looked at Qin Yuan with reluctance, as if she was afraid that she would not be able to see him in the next moment.

“Definitely! Besides, I’m just going back to the army! It’s not like something is going to happen to me. Don’t cry. It won’t look good if you cry too much.”

Qin Yuan smiled. He couldn’t bear to leave, but he had no choice. He had already been on vacation for a week, and the army was still waiting for him. Moreover, the new recruits for this year would arrive soon, so he had to rush back to arrange his work.

“Then, Brother Qin Yuan, I’ll go to the army to look for you when I have time. Also, remember to call me often!”

Miao Xiaoxiao said with red eyes. She could understand that Qin Yuan was a soldier and definitely could not stay by her side like an ordinary person. She just could not bear to part with him.

“Hello, passengers! Your train D3869 is about to begin ticket checking. Please take your luggage and head to Gate 1 to check your ticket.....”

As the broadcast in the station sounded, Qin Yuan’s train was about to set off.

“Xiaoxiao! Take good care of yourself and listen to Grandpa and the others at home! “Qin Yuan reluctantly let go of Miao Xiaoxiao’s hand and reminded her. “Yes! Got it, Brother Qin Yuan! I’ll be very obedient and visit my grandparents often.’

“You have to take care of yourself too!”

Miao Xiaoxiao let go of her hands that were hugging Qin Yuan tightly. Qin Yuan’s car was about to leave, so she could only let go of her hands reluctantly.

“Yes! Then I’ll go back! I’ll call you often!”

Qin Yuan hugged Miao Xiaoxiao tightly and turned around to walk toward the ticket gate.

“Boss! Aren’t you too heartless?” Fatty Zhang laughed.

“Brother Qin Yuan, I want a hug too!” As he spoke, Fatty Zhang opened his arms and pounced on Qin Yuan.

“Scram...”

Qin Yuan raised his foot and kicked Fatty Zhang. Fatty Zhang was directly kicked to the ground by Qin Yuan’s sudden kick.

“Boss! You... How could you do this!”

Fatty Zhang immediately got up from the ground, wanting to cry but having no tears.

“Boss! You’re treating her too differently. Xiaoxiao can hug you, so why can’t

“How can you compare to her!” Qin Yuan said unhappily. Miao Xiaoxiao’s face turned red as she looked at Fatty Zhang with a resentful expression. She was so embarrassed that she wanted to find a hole to hide in.

“Big Brother Fatty Zhang, if you continue to be like this, I will ignore you!”

Why did Fatty Zhang have to learn from her! She was so embarrassed that her face instantly turned red when she saw Qin Yuan’s mother smiling at her.

“Fine, fine, fine! I won’t do it! Boss, let’s hug each other!”

Fatty Zhang said as he walked towards Qin Yuan. After the two of them hugged and said goodbye, Qin Yuan also said goodbye to Mother Qin and Miao Xiaoxiao before walking into the station.

Looking at Qin Yuan's back as he left, Miao Xiaoxiao could not help but cry again. Mother Qin also kept comforting her.

After watching Qin Yuan disappear at the end of the station, Mother Qin brought Miao Xiaoxiao and the others back to the courtyard.

Qin Yuan did not turn around to look at Miao Xiaoxiao and the others. To be honest, he was reluctant to part with them, but he had no choice. As a soldier, he had to be decisive because he had no choice.

Sitting in the car back to the army, she looked out of the window, deep in thought.

A few hours later, Qin Yuan returned to the gate of the logistics company's camp that he was familiar with. The camp was exceptionally quiet. Qin Yuan turned on the warning radar and found that there was no one in the camp. Zhou Qing and the others had probably brought the team out for training.

After returning to the dormitory, Qin Yuan put his luggage away and picked up his toiletries to go to the bathhouse. After sitting in the car for a few hours, he felt uncomfortable all over. After a simple wash up, Qin Yuan returned to bed and lay down to sleep..

Chapter 97: Company Commander... I'm Going to Pee!

It was not until night that Qin Yuan was woken up by the sound of the logistics company that had just returned from training.

After Qin Yuan got out of bed, he walked out of the door.

He had to go to the Fourth Company tomorrow. Before he left, he still had some things to tell Zhou Qing and the others.

Soon, Qin Yuan walked to the training ground. At this moment, Zhou Qing and the others had just returned with their team and were resting on the training ground.

"Company commander?"

Seeing a familiar figure, Geng Hu shouted. Everyone turned around and saw Qin Yuan walking towards them.

"Company commander! You're back!"

"Yeah, Commander, you've been back for a week. We missed you so much!"

The people from the logistics company immediately surrounded Qin Yuan. Qin Yuan had been home for a week on vacation this time.

They had also been strengthening their own training during this week. They saw that the people in the logistics company were all tanned. Although their overall strength was not as strong as the Wolf Fang Special Forces, many of them were almost as strong as them.

After the effect of the body-strengthening liquid, many of their soldiers had broken through their bottlenecks. Qin Yuan was very gratified to see the soldiers of the logistics company that he had brought out one by one. He was also very reluctant to leave the logistics company for a period of time.

“Alright! Since you miss me so much, then let’s run another 10 kilometers!” Qin Yuan laughed in a deep voice. Since he was back, it was a good thing to train these soldiers to earn skill points. How could he let go of this opportunity? “Ah! Commander, don’t! We just finished 30 kilometers!”

“That’s right! Commander, you should at least chat with us when you come back!”

“That’s right! Company Commander...”

The group of people was stunned. Who would have thought that Qin Yuan would make them run another 10 kilometers the moment he returned! It was as if Qin Yuan would not let go of any opportunity to train them.

“Geng Hu! Where are you going?”

Qin Yuan looked at Geng Hu who was not far away and actually wanted to slip out. How was this possible?

“Company... Company commander... I’m going to pee...”

The sudden voice frightened Geng Hu and he immediately explained.

“Everyone, add another 10 kilometers and set off now!” Qin Yuan smiled and immediately ordered everyone.

“What? No...”

The group of people could only helplessly carry their weights and run out of the door. After everyone ran out, Zhou Qing and Liu Ye walked forward.

“Company Commander Qin! I heard from the regiment commander that you’re going to the Fourth Company for a while?” Zhou Qing immediately asked Qin Yuan.

“Yes! The 4th Company commander was sick and hospitalized. The regiment commander wanted me to go over for two months. The new recruits of this year were coming. The regiment commander wanted me and the instructor of the 4th Company to take charge of the new recruits for three months.”

Since Zhou Qing had asked, Qin Yuan directly told Zhou Qing and Liu Ye what the regiment commander had told him. It just so happened that he still had some things to tell Zhou Qing and the others. After all, he would be leaving for a few months this time, so he could only leave all the matters of the logistics company to Zhou Qing and Liu Ye.

“Old Zhou! Deputy Company Commander Liu! I may have to leave the logistics company for a few months. During this period, the logistics company can only be handed over to you.”

“Right now, the strength of the logistics company has already reached a certain level, but if we want to develop to a higher level, our strength is still not enough!”

Qin Yuan also analyzed the current situation of the logistics company for Zhou Qing and the others.

“Yes, Commander Qin, don’t worry! While you’re away, leave the logistics company to me and Old Liu!”

“Yes, Commander, don’t worry! Leave the logistics company to us!”

Facing the fact that Qin Yuan was about to leave the logistics company, Zhou Qing and the other two were a little reluctant. Although Qin Yuan was only going to take care of them for a period of time, they had long been used to the life of Qin Yuan leading the team.

“Yes! Next is to further our training. I’ll tell you about the training method later. Now, let’s catch up with our brothers!”

This was the last time Qin Yuan was training with his brothers from the logistics company. Tomorrow, he would be going to the fourth company for two months and then he would be training new recruits. This time, he would be away for a few months.

As they spoke, the three of them carried the weights on their backs and chased after the soldiers of the logistics company. Qin Yuan enjoyed the time he spent training with the logistics company. In the past three months, Qin Yuan had already deeply integrated into the entire logistics company.

At the thought of leaving for a period of time, Qin Yuan was still a little reluctant. He looked at Qin Yuan who was desperately training with a smile on his face.

Soon, after everyone finished their training, Qin Yuan gathered all the brothers from the logistics company. He wanted to tell everyone in person that he would be leaving for a period of time. It could be considered as saying goodbye to everyone.

“Company commander? How long will you be gone?”

“That’s right! Are you not coming back?”

“Commander, don’t leave us behind! We will only acknowledge you as our commander!”

Facing everyone’s reluctant questions, Qin Yuan explained directly.

“I’ll only be away for a few months. You don’t have to worry too much about me leaving you!”

“Besides, I’m only going to train them for a period of time. You kids have to train well during this period of time.”

“I hope that the next time I see you, you will give me a different surprise!”

Qin Yuan said in a deep voice, and the atmosphere at the scene instantly quieted down. They did not know if Qin Yuan was lying to them. After all, the previous company commanders had left after coming for a period of time.

Moreover, Qin Yuan was so outstanding. The higher-ups must have attached great importance to him. They might have transferred Qin Yuan to another place.

Qin Yuan looked at the sad expressions on the faces of the soldiers in the logistics company. He did not know what these guys were thinking. He was really only going to leave for a few months. Besides, if he were to leave the logistics department, even Qin Yuan would not be able to bear it.

“Don’t worry, the commander of the military region has seen your strength. Don’t worry, no matter where I am, I will bring you along. Besides, I have always been your company commander!”

“Don’t worry! Next, he would listen to the orders of Deputy Company

Commander Liu and the instructor and train well!”

“I want all of you to break through to the level I want in the following period of time. At that time, I’ll bring all of you to a higher realm.”

“I hope you all listen carefully. Don’t let anyone fail to meet my requirements... I’m sorry, but I can only leave our group.”

After hearing Qin Yuan’s words, everyone felt a little better. At least Qin Yuan did not leave them. After hearing Qin Yuan’s next arrangements, they also looked forward to what the higher realm Qin Yuan mentioned would be like. “Commander, don’t worry! We definitely won’t let you down!”

“Yes, Commander, we will definitely satisfy you with our strength the next time we meet.”

Since Qin Yuan was not leaving them, there was nothing to worry about. As long as Qin Yuan was still their company commander, it was fine. Now, they just needed to focus on training and following Qin Yuan as he embarked on a journey to a wider world..

Chapter 98: Squad Leader Lao Hei and Gong Jian!

In the evening, Qin Yuan had dinner with everyone.

The next day, after Qin Yuan said goodbye to everyone in the logistics company, he got into Zhou Qing’s car and rushed to the camp of the Fourth Company under everyone’s reluctant gazes.

“I really don’t know if Squad I Lao Hei and Gong Jian are exactly the same as those in the TV series!”

Sitting in the car, Qin Yuan was also curiously thinking about Squad Leader Lao Hei and Gong Jian. Did they look exactly the same as the characters in the TV series? He was very familiar with these characters.

Two hours later, Qin Yuan and the others arrived at the entrance of the Sharpshooter Company's camp.

At this moment, Gong Jian was waiting for Qin Yuan at the gate. He had long received a notice from the regiment commander that Qin Yuan would come to their 4th Company to take charge of the training of the 4th Company for a period of time. He was also very curious about what kind of person Qin Yuan, the logistics company commander who was very eye-catching in this military exercise, was.

Gong Jian knew very well what the logistics company was like in the past. However, after Qin Yuan took over for three months, the strength of the entire logistics company shocked all of them.

The overall strength of the Logistics Company could be said to be recognized by the entire Iron Fist Regiment. This made the Fourth Company, which was once known as the top company, feel a little aggrieved.

Seeing Qin Yuan's car parked at the entrance of the camp, Gong Jian also walked towards Qin Yuan and the others.

"Hello! I am the instructor of the Sharpshooter Company, Gong Jian!"

As he spoke, Gong Jian stretched out his hand and shook hands with Qin Yuan and Zhou Qing, immediately introducing himself.

Qin Yuan looked at Gong Jian in front of him, and the expression on his face was one of surprise. He did not expect Gong Jian to look exactly like the one in the TV series.

"Hello! Hello! Instructor Gong, long time no see. I'm the company commander of the logistics company, Qin Yuan!" Qin Yuan also stretched out his hand and shook Gong Jian's hand.

"Long time no see? We haven't met before, have we?"

Gong Jian was also stunned after hearing Qin Yuan's words. He and Qin Yuan had never met before!

He had been in the army for many years and had never heard of Qin Yuan. If not for this military exercise, Gong Jian would not have known about Qin Yuan.

He had only heard of Qin Yuan's name after this military exercise, but he had never seen Qin Yuan in person.

Qin Yuan was also a little embarrassed. He had only seen Gong Jian in a TV series, but one had to know that the two of them had never met before.

"Instructor Gong, when I was in the military academy, you came to our school to give us a lesson. It's normal that you might not remember." Qin Yuan explained directly. Otherwise, he really did not know how to explain it to Gong Jian.

"So that's how it is! Then I'm really fated to be with you, Commander Qin." As he spoke, Gong Jian gradually tightened his grip on Qin Yuan's hand. He also

wanted to see how strong Qin Yuan was. After all, Qin Yuan had been in the limelight during the military exercise this time.

Qin Yuan watched as Gong Jian increased his strength and the corners of his mouth curled up slightly. It seemed that Gong Jian had given him a show of strength the moment he arrived.

Qin Yuan understood in his heart that when he was not in charge of the logistics company, the Sharpshooter Fourth Company was the top company of the Iron Fist Regiment. However, the limelight of this military exercise was stolen by Qin Yuan's logistics company. It was impossible for Gong Jian and the others to be happy.

Zhou Qing broke the silence with a smile when he saw the beads of sweat on Gong Jian's forehead.

“Old Gong, we haven't seen each other for a long time! Aren't you going to let us in for a cup of tea?”

Zhou Qing said to Gong Jian. Company Commander Qin had even squeezed

Staff Officer Fan of the special forces until he was sweating, let alone Gong Jian. He had long heard from Zheng Xiaohu about the scene of Qin Yuan and Staff Officer Fan meeting.

“Instructor Gong, this is also my first time in the Fourth Company. I'll have to trouble you to bring me around.” Qin Yuan loosened his grip on Gong Jian's hand. Seeing Gong Jian heave a sigh of relief, Qin Yuan knew that he had returned the favor.

“Company Commander Qin, you really live up to your reputation! I really didn't expect you to be able to bring out such strength from the logistics company in just a few months.” Gong Jian retracted his hand. He did not expect Qin Yuan to have such strength at his age.

One had to know that he had used all his strength just now, but he still could not shake Qin Yuan. In the end, he was even pinched by Qin Yuan until his fingers were about to be dislocated.

After letting go of Qin Yuan's hand, Gong Jian's right hand was still trembling. Looking at Qin Yuan's face, Gong Jian gradually revealed a respectful expression. He knew very well in his heart... Qin Yuan was not as simple as his age.

Just from the contact just now and the fact that he had brought out a team like the logistics company, this had proven Qin Yuan's strength and ability.

“There! Instructor Gong, we still have to manage the 4th Company for the next two months! I've just arrived, and I have to trouble you, Instructor Gong!”

Qin Yuan knew that the commander had asked him to come to the Fourth Company to raise the overall strength of the Fourth Company to a higher level.

“It's okay. The training will depend on you, Company Commander Qin!”

As he spoke, Gong Jian led Qin Yuan and the others into the camp of the Sharpshooter Company.

Looking at the familiar figure on the field training with the soldiers of the Fourth Company, Qin Yuan was very excited. The one training with the Fourth Company was squad leader Lao Hei.

The Lao Hei's appearance did not change much from the Lao Hei in the TV series, but he was much darker. Looking at the soldiers of the Fourth Company, Qin Yuan was also a little shocked. As expected, the soldiers of the top company were really a group of elite soldiers with excellent physiques.

As long as these soldiers strengthened their training, they would undoubtedly be much better than the soldiers of the logistics company when Qin Yuan had just taken over the logistics company. However, after the physique of the soldiers of the logistics company had been baptized by the body-strengthening liquid, they were not inferior to the soldiers of the fourth company at all. In fact, they were even much better.

"Lao Hei!"

"Here!"

As soon as they entered the training ground, Gong Jian called Lao Hei over.

"This is Company Commander Qin. The regiment commander asked Company Commander Qin to take charge of our 4th Company for two months." Gong Jian said to Lao Hei.

"Yes, sir!"

The black squad leader glanced at Qin Yuan. He did not expect Qin Yuan to be so young. It was hard to imagine that Qin Yuan was the most eye-catching existence in this military exercise. After all, the Wolf Fang Special Forces had almost fallen to Qin Yuan.

"Hello, Company Commander Qin!"

Lao Hei saluted Qin Yuan. Although Lao Hei was much older than Qin Yuan, Qin Yuan's military rank was higher than his, so saluting was normal.

"Hello! Lao Hei! Now, I'll have to trouble you to complete the mission given to me by the Regiment Commander."

Qin Yuan smiled. He did not expect to have the opportunity to work with them.

"Company Commander Qin! We will cooperate with you to complete the mission given by the Regiment Commander."

"Then Company Commander Qin, let the instructor bring you to familiarize you with the situation of our 4th Company first. I'll go and train first."

Lao Hei didn't say much, and turned around to return to the training ground to train the troops..

Chapter 99: The Iron-Blooded Past of Squad Leader Lao Hei

After Lao Hei left, Qin Yuan followed Gong Jian and briefly understood the situation of the Sharpshooter Company.

After drinking a few cups of tea, Zhou Qing returned to the logistics company. Gong Jian then brought Qin Yuan to the dormitory arranged for Qin Yuan.

“Company Commander Qin! This is your dormitory. Put your luggage down and wash up first. The canteen will be open later!”

“Alright! Instructor Gong, can I trouble you to give me a copy of the soldier files of the Sharpshooter fourth Company?”

Qin Yuan said to Gong Jian directly. Since they had come to the Fourth Company, he had to understand the basic situation of the Fourth Company so that he could better arrange the training of the soldiers.

“Alright, Company Commander Qin! I’ll get the soldiers to send it to you later!

Then I’ll go back first! ”

“Good!”

After saying that, Gong Jian left Qin Yuan’s room and walked out.

After Qin Yuan put down his luggage, a soldier from the fourth company quickly sent the file of the soldiers of the fourth company to Qin Yuan. Qin Yuan opened it and read it. Not long after, a notification sound came from the system.

“The host has triggered a hidden mission. Within two months, raise the Sharpshooter 4th Company to the standard special forces physique (35)! After completing the mission, you will be rewarded with 200,000 Skill Points!”

“The system is currently recording the information of the Sharpshooter 4th Company soldiers...”

Qin Yuan watched as the information of the soldiers of the Sharpshooter Company rushed into Qin Yuan’s mind. The physique of each soldier was imprinted in front of Qin Yuan.

“Not bad. The overall strength of the Sharpshooter Company is still passable!”

Looking at the physique information of the soldiers, Qin Yuan sighed softly. Five of the soldiers of the Sharpshooter Company had reached 30 physique points, and the rest of the soldiers were basically at 20-29 physique points.

After Qin Yuan took a simple look, the sky gradually darkened. After a while, Gong Jian came to Qin Yuan’s dormitory and called him to eat.

After Qin Yuan, Gong Jian, and the others had a simple dinner, they also got to know the soldiers of the Sharpshooter Fourth Company. However, Qin Yuan saw a lot of doubt and curiosity in the eyes of the soldiers of the Fourth Company.

One had to know that they only knew about Qin Yuan and his logistics company after this military exercise, but everyone still had doubts about Qin Yuan’s strength.

“It seems that if we want to conquer the soldiers of the 4th Company, we still have to show some strength!”

With these thoughts in mind, Qin Yuan said goodbye to Gong Jian and the others, then returned to his dormitory to plan his next moves.

“System, report my information!”

“The system has received and is organizing your personal data...”

[Host: Qin Yuan]

[Position: Iron Fist Regiment Logistics Company Commander and Acting Commander of the Sharpshooter Fourth Company!]

[Military Rank: Captain]

[Constitution:65 (10 for a normal person)]

[Skills: Intermediate Eagle Eye (2000 meters), Intermediate Radar Warning System (500 meters), Intermediate Special Combat Technique. (8 times the physical fitness of an ordinary person.) Advanced computer programming.

Beginner Climbing Skill, Beginner Camouflage Skill, All-Weapon Firearm Equipment Proficiency, and Advanced Weapon and Equipment Operation Skill].

[Skill Points: 1305840.]

Qin Yuan looked at his skill points and saw that he now had more than a million. It was time to level up his skills!

As for the skills in the system store, Qin Yuan could only leave them for later. The most important thing now was to improve his strength.

Qin Yuan opened his special combat technique and saw that upgrading it to an advanced level also required 1 million yuan. However, when he saw the tempted.

[Advanced Special Combat Technique: Has the strength to fight against a combat expert with 10 times the physique of an ordinary person. Reflexes and agility will be increased accordingly.]

“Why does the system’s advanced special combat technique only increase the combat ability of a normal person’s physique by 10 times!” Qin Yuan was also very curious as to why the higher the special grade, the lower the level increase.

“Host! You should know how difficult it is for a person to break through to the next level. For example, with the current physique points of the host, an increase of one physique point is equivalent to an increase of twice the physique points of an ordinary person.”

“Take Geng Hu for example. With Geng Flu’s 46 Physique Points, if he were to break through to Level 50, the change would not be as great as the change brought about by you breaking through one Physique Point!”

“Of course, the prerequisite is that you can break through to a higher physique point! Some people would find it difficult to reach this level no matter how hard they trained.”

After listening to the system’s explanation, Qin Yuan finally understood what was going on. Looking at the special fighting technique, Qin Yuan did not hesitate to spend 1 million skill points to upgrade the special combat technique to an advanced level.

In an instant, all the special combat techniques appeared in Qin Yuan’s mind.

Qin Yuan felt that his use of special combat techniques had increased by a level. He was many times more proficient than before. It could be said that he had reached the acme of perfection.

“His reflexes and fighting skills are too strong.”

Qin Yuan felt that even if someone shot at him within a few meters, he could still easily dodge it. Moreover, Qin Yuan would be able to subdue him in less than three seconds.

The greatest improvement that the advanced special combat technique brought to Qin Yuan was his reaction speed and agility. Qin Yuan was very satisfied with spending 1 million skill points to get such an improvement.

Dong dong dong...

There was a sudden knock on Qin Yuan’s room.

“Company Commander Qin? Are you still awake?”

A rough voice sounded outside the door. Qin Yuan heard this rough voice. Wasn’t this the old black class monitor?

Qin Yuan logged out of the system and stood up to open the door. He saw the black class monitor standing outside the door.

“Lao Hei, why are you here?”Qin Yuan asked curiously.

“I’m here to patrol. I found that the lights in your room were still on, so I came over to take a look!”

“Come in and sit!”

Qin Yuan directly called squad leader Lao Hei into the room and sat down. Qin Yuan felt a little strange when he saw the squad leader looking at him. “Lao Hei, why do you keep looking at me like that!”

From the first time he saw Lao Hei today, Qin Yuan realized that Lao Hei had been staring at him with a very strange gaze.

“Company Commander Qin! I’m really sorry. You’re too much like my former squad leader!”

“Too similar...”

Squad leader Lao Hei took a deep breath, and a pained expression appeared on “Squad leader? How long ago is that?”

Qin Yuan also looked at the squad leader in confusion. He saw a pained expression on the squad leader’s face.

“Lao Hei, what’s wrong?” Qin Yuan asked immediately. To be honest, he did not know much about the past of Lao Hei. “My squad leader died in my arms!”

As he spoke, his eyes turned red.

“Company Commander Qin, I’m really sorry. When I saw you today, it reminded me of my squad leader. You look too much like him! He was about your age when he died!” Lao Hei told Qin Yuan..

Chapter 100: That Cruel Southern Border War!

Qin Yuan was also very surprised to see the pained expression on the squad leader’s face. When he came to the fourth company, he had heard from the commander that the squad leader had experienced that terrifying war in the past.

“Lao hei, my condolences! I believe that the old squad leader must be very happy. Now our motherland is stable and the people are happy!”

Qin Yuan tried to comfort Lao Hei. Now that China was gradually rising, the economy and strength of the motherland had improved greatly over the years, and the motherland was getting stronger and stronger.

“Yes! It was only after I saw Commander Qin that my memories of many years were awakened. Although the squad leader is no longer around, we still inherited their unyielding will!”

The eyes of the squad leader were filled with tears. For a strong old soldier like the squad leader to cry, one could imagine how cruel that war was.

“So many years have passed, those ungrateful wolves in the southern border seem to be restless again!”

“Company Commander Qin, I know your ability to lead troops. From this military exercise, I can see that your ability is very strong.”

“I hope that the Fourth Company will also be able to get a better promotion in the two months you’re in charge! This way, if a war broke out, they would be better able to survive on the cruel battlefield.”

Phew...

The squad leader took a deep breath and calmed himself down. He looked at Qin Yuan and said.

“Don’t worry, Lao Hei! As long as I, Qin Yuan, can do it, I will do it without hesitation!”

Qin Yuan knew what the squad leader was feeling. As a person who had survived the battlefield, he had the most say in the war. No one could be more convincing than the squad leader and his generation about how cruel war was.

“Yes, it’s been hard on you during this period of time, Company Commander Qin. Our training methods may not be as good as yours when it comes to leading troops.”

It was only after this military exercise that the squad leader learned about Qin Yuan. It had to be known that Qin Yuan had only spent a few months training the logistics company that was once ridiculed by everyone to this extent.

When he heard that Qin Yuan had led the logistics company to turn the tide of the military exercise, the squad leader was also stunned.

It was said that Qin Yuan and the others almost destroyed the Lone Wolf Squad. After all, the Lone Wolf Commando Squad was the strongest force in their entire military region. During last year’s military exercise, the squad leader had deeply experienced the terror of the special forces.

“Don’t worry, class monitor Lao Hei! This is my responsibility and obligation. I still need you to cooperate with me in training!”

Qin Yuan had just arrived at the Sharpshooter Fourth Company. No one knew the situation of the Fourth Company better than the squad leader.

“I will! Company Commander Qin, you can rest assured and train. The soldiers of the 4th Company are not cowards.”

“Commander Qin, you should rest early too! I’ve disturbed you for so long, so I’ll go back first!”

Faced with Qin Yuan’s ability, the squad leader was also looking forward to the next two months. He was looking forward to how Qin Yuan would be able to replace the sharpshooter fourth company.

“Alright! Lao Hei!”

After saying that, the squad leader stood up and walked out. After sending the black squad leader away, Qin Yuan also carefully analyzed the situation of the soldiers of the fourth company. Since they were here, he had to be responsible for them.

Two months was enough for the soldiers of the 4th Company. At least, they could reach the level of the logistics company before the military exercise.

Qin Yuan spent two hours analyzing how to train the soldiers of the fourth company. After making a training plan, Qin Yuan turned off the lights and lay on the bed to sleep.

Early the next morning, Qin Yuan went to Gong Jian’s office with the training plan. Qin Yuan had just arrived and needed the help of Gong Jian and the squad leader for many things. As for the training plan, he had to show it to Gong Jian and the others.

“Company Commander Qin... Is this how you train the logistics company?”

Looking at Qin Yuan's training plan, Gong Jian and Squad Leader Lao Hei were stunned. They never expected Qin Yuan to use such cruel training to train the logistics company.

“Instructor Gong, this is the training plan I made after analyzing the situation of the 4th Company!”

“If you want to have strong soldiers, naturally, some training plans have to be made in a state of actual combat.

To be honest, the logistics company's current training was much crueler than the plan he had made for the Sharpshooter 4th Company.

“Company Commander Qin, I really don't know if the soldiers of the 4th Company can withstand such cruel training! ”

The squad leader's face darkened when he saw Qin Yuan's training plan. Even he, who had experienced the baptism of war, had never encountered such training.

After being in the army for so many years, no one dared to train the soldiers like this. If they were not careful, they would die. When they saw Qin Yuan training the soldiers with live ammunition, the squad leader was a little worried.

“Don't worry! Instructor Gong, Squad Leader Lao Hei! If the people from the logistics company could survive, what more the Fourth Company?”

Qin Yuan smiled. Looking at the worried expressions of the two of them, Qin Yuan was also full of confidence as he preached to the two of them.

With the help of the system skills, this was no problem for Qin Yuan. If he wanted the Fourth Company to grow in a short period of time, he had to let the soldiers of the Fourth Company know that war was not far away from them.

They had to let the soldiers of the 4th Company understand the cruelty of war as soon as possible and be prepared for war at all times.

Gong Jian calmed down and thought about it. It seemed that what Qin Yuan said was not wrong at all. If he wanted the soldiers to become stronger, they had to be more adaptable and go through cruel training.

Only by treating training with the heart of actual combat at all times could he be summoned to battle the day the actual combat came! Victory in battle!

Moreover, the soldiers of the logistics company could become stronger, let alone the soldiers of the 4th company. However, no one had dared to train soldiers like this before.

Since Qin Yuan was called over by the commander to train their fourth company, there must be a reason for it.

He could be said to have some understanding of Qin Yuan's ability. In that case, he would like to see how Qin Yuan raised the strength of the soldiers in such a short period of time.

“Company Commander Qin, I'll leave the training to you! The squad leader and I will definitely cooperate with you! If you have any needs, just tell me!”

Gong Jian was looking forward to what the Fourth Company would become under Qin Yuan's leadership in the next two months.

The squad leader did not say anything. Qin Yuan's strength and ability were there for all to see. If Qin Yuan has a plan, he would just cooperate well..
