

Star of Space 1031

Chapter 1031 What do you eat?

"Collecting mulberries, we are your third aunt's relatives. You will serve us with delicious food and drinks in the future, right? Don't look at the monk's face and the Buddha's face. Even if it is for your third aunt's face, you will not You can't wait for us to do anything wrong, can you?"

He looked at Lin Caisang shamelessly.

Lin Caisang: "!"

It seems that the family members haven't realized what's happening now, right?

He still wants her to serve them with delicious food and drink. Do you really think they are gods descended from some heaven?

"Don't worry, I will treat you with delicious food and drink!"

She opened her mouth and deliberately emphasized the words 'delicious and delicious'.

When the time comes, let them know what it means to make a mistake and regret for eternity. They were bought by him just for work. If they want to live a good life with good food and drink, let them have their spring and autumn dreams!

"Master Ya, after completing the formalities, send them all to the mulberry garden, where they are still waiting for manpower to work." She explained to Master Ya.

"Yes, the old woman understands. The third master has already told me that he can be sent to your place today." Mrs. Ya responded.

...

Suddenly, a small voice came from outside the ancestral hall. Zhou Yan was startled and almost screamed in fright.

Soon, a thin man sneaked in while looking nervously outside. When he came to Zhou Yan's side, he took out two steamed buns from his arms and stuffed them into her arms. .

"Miss, please eat quickly, the little one will watch for you outside."

"etc."

Zhou Yan finally came to her senses, raised her hand and wiped the tears on her face haphazardly.

This man was the man she was found with before. Although she didn't know how it happened, she knew that it had a lot to do with her grandfather forcing her to show her face in front of Ya Molian that day. .

"I ate, what did you eat?"

The Zhou family has always been very strict with their servants. No matter how big their appetite is, the most they can get is two steamed buns, which is good if they can be paired with some pickles.

Chapter 1032 It's all clear now

These two steamed buns should be this person's dinner, right?

If he brings it to her now, he will have to go hungry.

"Miss, you can eat. The little one is a man. He's hungry for one or two meals. It doesn't matter. You can eat quickly. Don't be discovered. The little one will guard it for you first." With that, the man turned around and said, He left in a hurry.

"Ugh."

Zhou Yan twisted her neck, watched the man leave in a hurry, and started to cry again.

"In such a big family, there is only one servant who is good to me... Wuwu."

As she ate, she was thinking in her mind and talking vaguely. At this time, her parents should be discussing with her grandfather how to deal with her, right?

I don't know what the final result will be for her, but it will definitely not be good anyway.

...

In another place in the Zhou family, Old Master Zhou, Mr. Zhou and Mrs. Zhou were all sitting, all with ugly faces.

"Tell me, what have you done all these years to raise such a daughter who has ruined the family?" Old Master Zhou saw the two couples shrinking their heads more than the other. He was really angry and raised his hand towards The tabletop was slammed.

"Then... then how do I know? This matter... has nothing to do with me." Seeing that her father-in-law was angry, Mrs. Zhou muttered in a low voice.

Secretly, she was thinking in her heart, her daughter didn't look like someone who would do such a thing on weekdays. She had always taught her well. What happened yesterday was definitely not voluntary by Zhou Yan.

"you--"

Master Zhou became even more angry when he heard what she said.

"It has nothing to do with you but who does it have anything to do with? Wasn't Yan'er born to you?" he roared angrily.

"Then...if you hadn't had to let Yan'er and Ya Molian go that day...would this have happened?"

Mrs. Zhou was also angry, and couldn't help but say something back. According to her, this matter was probably caused by Ya Molian. Otherwise, how could she, a good daughter, be with that servant...

"Dad, if you want me to tell you, just beat that servant to death and everything will be clear. You still leave him alone and make Yan'er kneel in the ancestral hall. What are you doing?"

Mr. Zhou looked at his wife, then at his father, and couldn't help but interject a word.

If this matter had been handled by another family, the servant who dared to go to the host's lady's bed would have been beaten to death with a stick, and what would have happened?

When the time comes, find a good family for Yan'er to marry. With their Zhou family's status in Qianlin County, no one dares to gossip. Even Yan'er's future elders will not dare to say anything casually.

"shut up!"

Old Master Zhou felt such hatred in his heart that he was so angry that he wanted to kill someone.

But that servant can be beaten to death at will, even if he is a slave, even if he is allowed to be killed at will.

But now that something like this happened in the family, and that servant was beaten to death, if anything happened to Yan'er in the future, the reputation of their Zhou family would be completely ruined!

"Yan'er is not young anymore. It's time to find her an in-law's family. You hurry up and help Yan'er get married. It doesn't need to be a good family. Just find her an honest family in the west of Qianlin County. That's it."

He took a deep breath and explained to his son.

"What? To the west of Qianlin County, dad, that is the poorest ravine in our county. If Yan'er marries there, will she still have a good life in the future?" Mrs. Zhou screamed when she heard this.

Chapter 1033 Don't scream, it's me!

The key is that she is the wife of the Zhou family. If her daughter marries into a place like that, how will she hold her head up in front of others?

"Then what else do you want? Let everyone in the county know that such a scandal happened in our Zhou family, that we can't even control our own daughter and let her do such a shameful thing?"

Old Master Zhou stared at her and asked.

"this....."

Mrs. Zhou spoke for a moment.

"Okay, madam, don't be stubborn with me. Now that Yan'er can find someone to marry, it's considered good. Let's choose a match for her." Mr. Zhou sighed softly.

In the end, he decided to let go of his unsatisfactory daughter. It was better than losing his own face, right?

"But....."

"No buts.

Seeing that his wife was still talking, Mr. Zhou interrupted her again.

"Just tell the outside world that Yan'er is married to another county. As long as others don't know the inside story, Yan'er is a girl. In a few months, no one will think of her anymore."

he said.

"I'm afraid Yan'er will make trouble. What if she runs away?" Mrs. Zhou expressed her worries.

If her daughter knew that she would be married off to that poor ravine, could she not make a fuss?

Who wants to live in a ravine for the rest of their lives, being ordered to do this and that by their husband's family, and never getting ahead in life? Would she be willing to ask for it?

"She still dares to run? If she dares to run again, see if I don't break her legs!" Mr. Zhou snorted coldly and said.

"Anyway, even if you break your legs, you can still get married. You don't need your legs to have a baby, just keep your belly!"

"hiss!"

In the corner outside the window, the maid who was hiding and eavesdropping couldn't help but gasp.

Fortunately, she covered her mouth in time so she didn't scream, otherwise, someone would definitely have discovered her.

"No, this family is too bad, I have to tell the lady to go."

She is the maid who serves Zhou Yan. She is the one who stays by Zhou Yan's side on weekdays. Only by living like a human being in the Zhou family can she hold her head up in front of all the maids.

She was still very grateful to Zhou Yan as her master.

Struggling, she climbed up from the corner, regardless of how bloody her back was. After thinking for a moment, she ran towards Zhou Yan's room.

...

After a while, the night was getting dark.

Zhou Yan finished two steamed buns in the ancestral hall. Her mouth was very dry, but she still had to grit her teeth and endure it.

Outside, the maid looked back and ran into the ancestral hall. Because she was running in such a hurry, she got caught on something and almost fell down.

Fortunately, I was supported by a hand stretched out out of thin air.

"Ah...um!"

She screamed in fear, but was muffled by another hand.

"Chun Xing, don't scream, it's me!" the man said quickly.

"Brother Xilong, it's you, you scared me to death." Chun Xing let out a heavy breath when she saw the man.

"What's wrong with you? What are you doing with a baggage? Are you leaving?"

Xilong looked Chun Xing up and down, saw a bundle tightly held in her arms, and asked.

"It's not me who wants to leave, it's the lady. I have to let the lady go quickly, otherwise, she won't survive." Chun Xing swallowed hard and spoke to Xilong.

Hearing this, Xilong directly pulled Chun Xing to the corner.

"What's going on? Please tell me clearly. What's wrong with Miss?"

Chapter 1034 Becoming a matchmaker

"The old man and his wife are simply not human beings. They want to marry the young lady into that poor ravine. The old man is also afraid that the young lady will run away, so he wants to break the young lady's legs. Brother Xilong, tell me, you and the young lady Then...that way, if the young lady remarries and lives in a poor village, will she still have a good life? "

Chun Xing said.

The people in the Zhou family really wanted to drive the young lady to death. This was their relative, and they didn't care about family ties at all. She really saw it.

Hearing Chun Xing's words, Xilong's face immediately darkened.

"Then what's that in your arms?" he asked.

"This is the silver jewelry that Miss has saved over the years. I brought them all. Brother Xilong, take Miss and run as fast as you can!" Chun Xing said.

Xilong: "..."

He wanted to run away with the lady, but would the lady be willing?

"Let's go, I'll take you to see the lady."

"Can you see Miss?" Chun Xing asked, her eyes widening.

The young lady is in the ancestral hall. There is no place where servants like them can enter!

"Yes, the person in charge of the ancestral hall today is my brother." Xilong said.

With that said, the two sneaked into the ancestral hall.

...

"What, are you telling the truth?"

On Menghuang Mountain, when Lin Caisang heard the news that Jue had been banished, he almost laughed out loud.

"yes."

Ban Jue nodded.

"Zhou Yan stole the marriage contract between her maid and the man named Xilong, took all of Mrs. Zhou's silver and jewelry, and ran away with the two of them overnight."

This was what he heard from his subordinates who were watching the Zhou family come back to report. He didn't expect that the girls in this place were so bold. Zhou Yan, a girl who seemed quite honest, could actually do such a thing.

"This is really interesting."

Lin Caisang glanced at Ya Molian and said.

At this moment, Mrs. Zhou must have wanted to kill someone, right?

But she couldn't let it happen. If outsiders knew that her daughter had stolen all her valuables and ran away, would she still lose her face?

Even if she wanted to chase him back, Old Master Zhou would not let her make any big move. This bitter pill, Mrs. Zhou and the Zhou family would have to break their teeth and swallow with blood!

"Brother Mo Lian, tell me, did we become matchmakers unintentionally?"

Yamolian: "!"

He doesn't want to be this kind of matchmaker!

"Exiled, will the Zhou family take any action?"

He looked at Ban Jue and asked.

Even if the Zhou family can't make big moves openly, Master Zhou will definitely not let it go.

A good granddaughter just ran away with someone else without any reason, especially when that man was just a servant of his Zhou family. How could he swallow this bad breath?

At this moment, Old Master Zhou should look like he was beaten and scratched on the ear, right?

"Palace Master, Old Master Zhou secretly ordered someone to chase him." Ban Jue said.

"But Zhou Yan is a strange person. After she left the Zhou family, she did not directly escape from Qianlin County. Instead, she temporarily stayed at the Chenghuang Temple in Qianlin County.

Early the next morning, after watching those people from the Zhou family who were secretly chasing her out of Qianlin County, they took Xilong and her maid to a small ravine and bought land directly there. They built a broken house and the three of them lived there.

As far as the subordinates knew, the ravine where Zhou Yan and the others settled was the place where Old Master Zhou wanted to marry Zhou Yan. Come to think of it, Old Master Zhou would never have thought that her granddaughter would go to that place. "

Chapter 1035 How many more copies are there?

As for Zhou Yan, the gold and silver jewelry she got from Mrs. Zhou is enough for the three of them to live for a lifetime. Besides, the man named Xilong is not someone who doesn't know how to do anything.

If you live a good life, you will definitely not be too bad in the future.

Hearing his words, Lin Caisang raised his eyebrows again.

It seems that Zhou Yan also knows very well what her family is like. She even knows exactly what Old Master Zhou will do. If Old Master Zhou knows what his granddaughter is doing now in the future, he will definitely be angry. Fainted?

"Where's Zhou Liang?"

Ya Molian asked aloud.

"Zhou Liang..."

Hearing the name Zhou Liang, Ban Jue's face suddenly darkened.

"Palace Master, I think it is best to deal with this Zhou Liang as soon as possible. This person's evil intentions are beyond description."

"What happened to him?"

Lin Caisang asked when he saw that he actually said this.

"Zhou Liang found out from the village that you, the mistress, are taking good care of Liu Yushui, mother and daughter, so he thought of starting with Liu Yushui. He wanted to become the son-in-law of the Lin family first, and then find a way to get you... Anyway, I think it's best to get rid of this person, but I wonder what my mistress wants?"

Ban Jue asked her.

"Dispose of it? How to deal with it?" Lin Caisang asked him.

"this....."

Ban Jue hesitated for a moment and looked at Lin Caisang.

"Mother, what do you mean?"

"Last time, I threatened Miss Ninth Girl of Qun Shou Mansion once. Please go there a few more times and make sure that Miss Ninth Girl will be engaged to the Zhou family in the near future. I think, by the beginning of next year, as Mrs. Zhou wishes, the Zhou family can Marry a worthy granddaughter-in-law."

Lin Caisang thought for a while and gave instructions to Ban Jue.

Banishment: "..."

Mistress, what does it mean to be on the stage?

As far as he knew, the ninth girl from the Sheriff's Mansion was still accompanied by the man with whom she had an affair. How could such a girl get on the stage?

"Yes, Mistress."

He responded.

In fact, if it were so simple to let Zhou Liang die, it would be too easy for him. It would be better to let him not survive and die.

"Exiled Jue, after arranging these things, you and Jiang Li can go back to Shaohua City first."

Ya Molian looked at Ban Jue and ordered.

"ah?"

Hearing this, Ban Jue was stunned and didn't react for a moment.

Does the palace master mean that he will not return to Shaohua City yet and let him and Jiang Li go back first?

"Yes, Palace Master."

He answered without asking any questions.

The master of the palace has his own reasons for doing things. He turned around and went to deal with Zhou Liang's affairs.

"Sonny, how many more do you want to copy?"

After Ban Jue left, Ya Molian looked at Lin Caisang and saw that she had picked up the pen again and was writing page after page. This was already the second day, and she didn't know how long she would have to copy.

"Write it all down while you still remember it." Lin Caisang said.

"These medical books are hard to come by nowadays. I feel that they have always been in my mind and only I know about them. If they are all written down, I can teach others in the future."

"Um."

Yamolian responded.

"However, there is no rush to write these."

Lin Caisang put down the pen and looked at Ya Molian.

"Brother Mo Lian, let me take you to see my Golden Pearl Space. In fact, I have been hiding this from you, and I feel very sorry for you."

This is exactly what she felt.

Chapter 1036 Save a lot of food

Thinking that every time Ya Molian entered her golden bead space, her eyes were closed, she felt quite petty.

Yamo Lian obviously hid nothing from her when she was here, but she still had something to hide from her.

Isn't it said that trust is mutual? She felt that she was quite unfair to Ya Molian.

"May I?"

Ya Molian asked her back.

"sure."

Lin Caisang raised her eyebrows. She wanted to bring someone in. Could Jin Zhuling be able to kick someone out? With that said, she took his hand, and the two entered the golden bead space together.

Speaking of which, since she was punished, she has not entered the Golden Pearl Space, and she doesn't know what's inside...

"scare!"

Just after entering the space, Lin Caisang screamed in shock when he saw the huge thing in the medicine garden space connecting the ground and the medicine peak.

"What's happening here?"

Shouldn't that python be kept in a ranch space? Why is it in the medicine garden space?

"What's wrong? Sonny?"

Ya Molian didn't know why, and saw that her expression was wrong, so she asked.

Because it was the first time he saw the scene in the Yaoyuan space, he didn't notice anything when faced with the bridge-like thing.

"Um...Brother Mo Lian, wait a minute, let me ask."

With that said, Lin Caisang walked towards the jade mirror, looked up at it, and asked it.

"Brother Yujing, why is this python there? Shouldn't it be in the pasture space?"

'Dear master, if the python descends into the pasture space, it will definitely eat up all the animals inside. Therefore, the Jade Book Order automatically classifies it as a medicine garden passage. From now on, you want it to become a living creature. , it will clear away all obstacles outside for you.

Of course, when you don't need it, it will become a passage in the medicine garden space. It is a dead object and does not need to be eaten. This can save you a lot of food. '

In the jade mirror, densely packed fonts appeared.

Lin Caisang: "..."

So, is this still possible?

However, it would be great if this heaven-descending python doesn't have to act in her golden bead space. No matter what form it takes?

"I see."

She nodded.

"Sang'er, what do you know? Who is Brother Yujing?" Ya Molian asked at her side.

"Oh, that's right."

Lin Caisang looked sideways at Ya Molian and opened his mouth to explain.

"The jade mirror is this big mirror in front of us. In this golden bead space, if I have any questions that I don't understand, I can ask it. If it knows, it will definitely answer me. Of course, it will appear on it Only I can see the words that come out.

Others, including Ziyou, are invisible. "

"That's it." Ya Molian nodded.

"Brother Mo Lian, this is my medicine garden space. All the medicinal materials grown in it are all medicinal materials. Many of my medicinal materials are collected here. Above is the medicine peak, and the road connecting the medicine peak..."

Lin Caisang couldn't help but twitch the corner of his mouth as he introduced.

"That's the python we collected on Baibind Mountain last time. It's called the Sky-falling Python. According to Brother Yujing, it's just a dead thing now and won't move."

"Sky-falling python?"

Ya Molian couldn't help but glance sideways and paid more attention to that truth.

"Um."

Lin Caisang nodded.

"Let's go, I'll take you to the ranch space. Ziyou is there too."

As she said that, she flashed beside him, and the next moment she was standing in the ranch space.

Chapter 1037 The tip of her nose

In the ranch space, Sui Ziyou was holding a chicken wing in her mouth and was eating enthusiastically. When she saw the sudden appearance of someone, especially her cousin, the chicken beside her mouth dropped to the table. .

"Brother Zimo? Why...how did you come in? Did your sister-in-law bring you in?" She stood up quickly.

"It seems that your sister-in-law treats you well."

Ya Molian glanced at the dishes on the table and said something quietly.

"Well."

Sui Ziyong choked at his words.

"Brother Zimo, as you said, I am your cousin. Even if my sister-in-law is out of favor with you, you have to treat me well, right?"

Hearing this, Ya Molian glanced at her again, with the corners of her mouth slightly raised.

...

The two stayed in the Jinzhu Space for a while, and then returned to Menghuang Mountain.

"Sang'er, after some time, I will build you a house in your golden bead space, so that you can have a place to live when you go out, and you don't have to stay in an inn all the time. It's not safe after all. "

He said to Lin Caisang.

"Building a house?"

Lin Caisang had really thought about this.

But she was the only one at the time, and the space in the medicine garden couldn't even fit a piece of wood, so she could only think about it.

But speaking of it, Ya Molian's proposal is actually quite good. She will always have to go out in the future, and she can't stay in Ya Village all her life. What's more, when she lives with Ya Molian in the Jinzhu Space in the future, she will also It's nice to have a place to sleep.

"Okay, wait until you have time to build it. It's definitely not possible now," she said.

The most important thing now is to study the poison on his body first. Everything else can be postponed, and we can no longer write those medical books.

Hearing this, Ya Molian raised her hand and tapped the tip of her nose.

...

In the next few days, Lin Caisang spent time on Menghuang Mountain, studying the poison on Ya Mo Lian's body.

But because the origins of many medicinal materials were unknown, it was really difficult to research anything. It was so difficult that she kept scratching her scalp, not knowing where to start.

And news has been coming from the Zhou family.

Time passed by and it was time to send Yamolian back to Shaohua City.

In Shaohua City, the atmosphere in the palace was just as it was when Ya Molian left. The Queen was in tears all day long because her son was thrown into prison, and she went outside the imperial study room to cry once a day.

At the beginning, the emperor would still think of the relationship between the married couple and send him into the imperial study to comfort him.

But it was like this every day, and the emperor was tired, so he asked the queen to go back as she came, and he didn't pay attention to it anymore.

The Queen was able to meet the Imperial Master Suyang outside the royal study several times, and Suyang was so arrogant that he treated the Queen like nothing, even skipping greetings, which made the Queen very angry.

In a blink of an eye, it was time for Ya Molian to come back.

But no one knew that Ya Molian had left. They just thought that he was hiding in Prince Mo's mansion to avoid the trouble of facing the king.

The emperor sent people to Prince Mo's Mansion several times to summon him to the palace, but they were only sent back by the banished soldiers around him. The emperor was also angry. He obviously wanted to handle the matter of the upcoming king, but he couldn't do it.

...

In Prince Mo's Mansion, as soon as Ban Jue and Jiang Li arrived, they saw their palace master already sitting in the study of Prince Mo's Mansion.

The two of them opened their mouths at the same time, but nothing was said.

Chapter 1038 Take this away

On the other side, Ban Wu stood there, reporting to Ya Molian the situation in Shaohua City these days.

"The Imperial Preceptor has been watching. The Queen wanted to send things into the dungeon several times, but she was stopped by the Imperial Preceptor. As for King Lin, he must be very uncomfortable in prison."

he said.

Although the Weiguo is the emperor's Weiguo, in some places, the ministers actually have the final say.

Not like a dungeon.

The head of the Criminal Department was recommended by the National Preceptor Suyang back then. Although he would not go directly to kill King Lin for Suyang now, it would not make his life any easier.

Anyway, whatever the situation of the other prisoners is, that's how Lin Wang is treated.

The emperor wanted to take care of his son, but he was thinking about his son, but what could he do? He couldn't explicitly tell the chief criminal officer to let him settle down as the king in peace, and not let him suffer, right?

I believe the emperor knows very well in his heart that who recommended him as the head of the Criminal Department to him?

Presumably, the emperor felt very regretful at this moment.

"Even if the Imperial Counselor prevented the Queen from settling her son, if I hadn't added insult to injury, wouldn't it have been in vain that the Queen tried to put all the blame on me?"

Ya Molian looked at Ban Wu and gave instructions calmly.

"Go and tell our man, King Lin, that he should be disabled."

"Yes, Palace Master."

Ban Wu responded and prepared to go out.

"etc."

Seeing that he was about to leave, Lin Caisang finally called out to him.

"Mother, do you have any other instructions?" Ban Wu turned back and asked.

Then, he looked at his mistress, took out a porcelain vase from his body, and handed it to him.

"It's not that it can't be cured even if it's disabled. In this world, there are people outside the world, and there is a sky outside the world. Here, take this."

"This is....."

Ban Wu took the porcelain bottle and looked at Lin Caisang.

"This is specially made by this girl for Prince Lin. As long as he is poisoned by this poison, Sui Zilin will be like a person suffering from tuberculosis for the rest of his life. Of course, no one will find out."

Lin Caisang said.

Regardless of whether Sui Zilin wanted it or not, it was an ironclad fact that he killed Su Ri.

Dare to kill the person she was treating under her nose, causing her mission to fail. She must avenge this herself. Of course, killing Sui Zilin directly would be too easy for him.

"Tuberculosis..."

Fei Wu's head was full of black lines and he looked at the bottle of medicine in his hand.

"Mother, is this really tuberculosis?" he asked.

"of course not."

Lin Caisang naturally shook his head.

Even if she hated Sui Zilin, she would not let him get tuberculosis. What if Jinzhu Space was blind and asked her to take over the task of treating Sui Zilin's tuberculosis? Then she has lost more than she gained.

"It's just a poison that is very similar to tuberculosis. Don't worry, it won't be contagious."

Ban Wu: "..."

Ban Jue and Jiang Li on the side: "..."

If he is diagnosed with tuberculosis by the imperial physician in the palace, his life will be really over. He will definitely be ordered by the emperor to be sent to a corner where he will never be able to return to Shaohua City.

Who knows that tuberculosis is contagious? Everyone is afraid of death, right?

"This... mistress, Sui Zilin suddenly contracted 'tuberculosis', will this arouse suspicion?"

"how could be?"

Lin Caisang raised his eyebrows, not feeling that this would arouse suspicion at all.

But, even if someone doubts it, so what, can the emperor still point at her nose and say that she is responsible for everything?

Chapter 1039 Is this okay?

"The dungeon is so dark and damp, and Sui Zilin has always been pampered. How could he bear to stay in the dungeon for so many days and suffer all kinds of torture? It is normal to get 'consumption'.

"Go and do it." Ya Molian ordered quietly.

"yes."

Ban Wu responded and went out.

"One has been taken care of, and the other..."

Lin Caisang looked at Yamolian. Concubine Lian and Prince Jin couldn't let them feel how talented they were. They could trick people around and should be beaten.

"What are you going to do about it?"

"Someone will deal with them." Ya Molian said.

"You mean the queen?" Lin Caisang raised an eyebrow.

If Sui Zi was suffering from an incurable disease, as the empress, how could she let go if her only son was harmed like this by Concubine Lian and Sui Zi Jin?

From then on, Weiguo's harem became troubled.

"Forget it, let them solve it by themselves. We will forget about it then and wrap it up in the end."

She stood up from the chair and looked out the door.

"You can arrange the matters here. It's time for me to go to the Imperial Preceptor's Mansion. After all, I was the one who messed up the Su Ri incident. I have to give an explanation."

"Are you leaving now?"

Ya Molian also stood up and asked.

"I have to go home today."

Lin Caisang looked at him innocently, knowing that he wanted to keep her.

But her patriarch, Brother Feng, had been covering for her before. But this time, she didn't let Lin Changfeng worry about her anymore. She could only come over and go back the same day.

"I'll take you to the Imperial Preceptor's Mansion." Ya Molian said.

"Um?"

Lin Caisang raised his eyebrows and looked at him.

By sending her there, it would be clear to everyone that she, Lin Caisang, was standing at the end of Prince Mo's Mansion?

is this okay?

"Okay, let's go there together."

She nodded, feeling that there was nothing wrong with this. No one else could control which end she wanted to stand on.

...

Outside the Imperial Master's Mansion, the carriage stopped.

Ya Molian jumped off the carriage first, then reached out to the carriage and carefully helped Lin Caisang, who was wearing a mask, out of the carriage.

"Go aside and wait."

He gave instructions to Ban Jue, who was working as a temporary coachman.

"Yes, Master."

Ban Jue responded and drove the carriage aside.

As soon as the guards guarding the gate outside the Imperial Preceptor's Mansion saw Ya Molian and Lin Caisang, some of them rushed in to report. Before the Imperial Preceptor could come out solemnly to welcome them, another guard guarding the gate greeted Ya Molian and the two. Got in.

"Isn't this bad? Don't you need to go in and report it?" Lin Caisang asked the guard as he followed Ya Molian inside.

"Girl, it was the Imperial Master's order. As long as the girl comes over, there is no need to report." The guard turned back and glanced at her, then at Ya Molian, and said.

However, the Imperial Master probably did not expect that King Mo would come with Lin Caisang.

"That's it." Lin Caisang nodded.

It has been more than a month, and the Imperial Preceptor's Mansion is no longer white, but it is still very quiet. After all, Su Baifa only had such a son, how could he recover from his sorrow all at once?

"Where is the Imperial Master now?" she asked.

"National Master..."

"Go away, go away, I want to go home, I don't want to stay here."

Just as the guards were about to reply, they saw a seven or eight-year-old boy rushing towards them while yelling.

Behind him, several servants kept chasing him, shouting at the young master to stop running away.

Chapter 1040: Given to the Lord as an adopted son

Lin Caisang was stunned when she saw that the little guy didn't pay attention and jumped directly onto her legs. The force was so strong that she almost fell down.

"Be careful."

Ya Molian stretched out her hand in time to stabilize her.

"Young Master, please stop running around. If you are seen by the Imperial Master later, you will be punished again."

At this moment, several servants also ran forward and grabbed the little boy. One of them hugged him directly and said a few sorry words to Lin Caisang before giving the little boy to him. It was taken.

"It's all you, it's all you!"

The little boy struggled a few times in Jia Ding's arms and stared at Lin Caisang fiercely.

If it weren't for her, he would have run out and could go back to his home without having to live in this strange place. All because of this woman!

"I hate you! Why do you want to hurt me?!"

"I....."

Lin Caisang raised his hand and pointed to his nose innocently.

What outrageous thing has she done? It was obviously this little guy who jumped on her lap, right?

By the way, who is this little guy? Doesn't Suyang only have one son? Since when has there been an additional young master? Why has she never seen it before?

"Girl, you are here. The master is in the study."

Full of doubts, but before he could get an answer, he heard Butler Xin's voice.

"Butler Xin."

Lin Caisang turned around and looked at Butler Xin.

"You go back, I will take King Mo and the girl to the adult's study." Butler Xin said to the guard.

The guard left.

"Prince Mo, girl, my elders are waiting for you in the study. You can come with me." Butler Xin said and led the two of them inside.

"Steward Xin, I met a little boy just now. I heard the servants in the house call him young master. Who is he?" Lin Caisang asked as he followed Butler Xin.

Hearing this, Butler Xin paused for a moment, and then continued to move forward.

"Did the girl meet the young master?"

"That young master is..."

"Young Master, Prince Yi's fifth son, no, your master's son is gone. In order to make up for it, the emperor decreed that Prince Yi's fifth son be given to you as your adopted son. He has only been here for a few days. I kept clamoring to go home."

Butler Xin said.

Lin Caisang: "..."

Damn, with such a magical operation, this emperor is really the best in history.

Why didn't he give his son to Suyang by decree, but asked Prince Yi to give him up as a favor? !

Prince Yi is the emperor's younger brother, of course, not from the same mother.

Sure enough, if you are not your closest relative, you are willing to give up. The child looks so young and is forced to live in a strange place.

What's more, this is the National Preceptor's Mansion!

Sui Zilin had just killed Su Yang's biological son, and then the emperor brought Sui Zilin's cousin in front of Su Yang. This was to let a child take the blame for his cousin. When Su Yang came to this Are you here to accept your anger?

"Is this okay?"

She glanced at Ya Molian and asked.

"You have to do it even if you don't do it. It's the emperor's will, and you can't disobey it."

Butler Xin led the way, not knowing that Lin Caisang was asking about Ya Molian, so he answered.

"However, my lord does not like the young master. Since the young master entered the house, my lord has not seen him! He has no intention of seeing him."
