

Star of Space 1051

Chapter 1051 Is there nothing I can do?

If that's the case, then the people in the Zhou family are really terrible!

"How could I be so mean? Yu Shui, I really do this for your own good. My mother told me that as long as you can help me get Lin Caisang, she will let you in. How about that? My mother has already relented. , are you happy?"

Zhou Liang didn't take Liu Yushui's sarcastic words seriously at all, and thought she was jealous because he wanted to marry Lin Caisang.

She was also thinking that she was always angry when he abandoned Liu Yushui before, and it would be fine if she let her anger out. In short, he would be able to coax Liu Yushui back to health soon.

"I....."

You're so happy, I regret that I didn't see clearly the true face of this beast like you!

She roared in her heart and stared at Zhou Liang with eyes that were about to burst into flames.

"Get out of Yacun immediately and stop following me. Otherwise, I will tell Patriarch Lin that you are pestering me and I will beat you up right now! I, Liu Yushui, can do whatever I can!"

With that said, she hurried back.

"Yushui, Yushui, I'll come find you tomorrow. I'm still here, I'm waiting..." Seeing Liu Yushui leaving, Zhou Liang hurriedly shouted after her.

Liu Yushui hurriedly walked in the direction of digging the pond. It wasn't until she saw other people in the village and Zhou Liang was chasing after her that she let out a heavy breath.

"call.

This Zhou Liang was truly the most despicable person she had ever seen.

...

In the Lin family yard.

This is the first time Liu Yushui has come to the Lin family since she gave birth to two children. Of course, Liu Yushui has not dared to come to the Lin family a few times before, so she is naturally very unfamiliar with the Lin family's yard.

"What did you say, say it again?!"

But this time, when Liu Yushui arrived at Lin's house, Lu Qiubo's roar broke out in the yard. Lin Caisang, who was sleeping in his room, was so frightened that he put on his shoes and rushed out.

"What's wrong, what's wrong, grandma, why are you shouting so loudly? Please tell me what you have to say."

Liu Yushui came to her house. She heard it in the room, but she really didn't know why she came here specifically.

"What do you know, Sangsang, she...she is really..." Lu Qiubo glanced back at Lin Caisang, then turned around and continued to glare at Liu Yushui, who was shrinking his neck.

"Liu Yushui, what did you do to make grandma angry?" Lin Changhong came back from school, glanced at Liu Yushui, and asked coldly.

"I....."

Liu Yushui opened her mouth, glanced at Lin Changhong carefully, and then looked at Lin Caisang.

"Yushui, what on earth are you thinking? These days, I see you are quite calm. Why today...what are you thinking about? It's because you dislike the reputation of our Lin family. We haven't done anything yet." Are you defeated?"

Lu Qiubo took a deep breath and looked at Liu Yushui.

Before, she had thought that if Liu Yushui really realized his mistake and changed his ways, then during the Chinese New Year, she would ask the old man to agree to take her home to celebrate the New Year, which would be regarded as the two elders recognizing this again. Granddaughter.

But now...

"I...I can't help it." Liu Yushui lowered his head and muttered quietly.

"You can't help it? You are making a fool of yourself!" Lu Qiubo yelled at her again, but he was no longer as irritable as at the beginning and his voice was low.

"Liu Yushui, what did you tell Grandma?" Lin Caisang asked.

Chapter 1052 He...He's here again

"I just told grandma... I want to buy a man back from Yaxing and live with me..."

"What?!"

Before she could finish speaking, not only Lin Caisang, but also Lin Changhong on the side screamed in surprise.

"Are you...grandma, grandpa at home?"

He was about to scold Liu Yushui, but luckily his brain was still there, so he stopped in time, glanced at his grandma, and asked.

"No, your third uncle pushed him outside for a walk." Lu Qiubo replied.

Fortunately, the old man is not here, otherwise, Liu Yushui would be mad to death, even if he could say such things.

"That's good."

Lin Changhong exhaled a big breath.

Then, he glared at Liu Yushui fiercely, almost raising his hand to hit him.

"Liu Yushui, what are you thinking about? That man... can you just buy one to live with? Do you think Sangsang's reputation has not been ruined by you?"

Even if all the girls from our Lin family are engaged, we still can't stand your arrogance. You just want to take us..."

"What's the reason?"

Just as Lin Changhong was scolding vigorously, Lin Caisang looked at Liu Yushui and asked in a deep voice.

"I...just today, I met Zhou Liang while I was working, and he...he came again." Liu Yushui looked at Lin Caisang and said.

"What?!"

Hearing her words, Lin Changhong jumped up immediately.

"That evil thing Zhou Liang still dares to come here. Why does he come to you again? Do you think he didn't kill you last time and you want him to harm you again? Let me tell you, one more time, I I won't let Sangsang save you, you will die wherever you like!"

He was telling the truth. He really wanted to see Zhou Liang and beat him to death! If Liu Yushui still dares to associate with this person, he will never be polite to Liu Yushui again!

"I ignored him, I really ignored him." Liu Yushui shook his head quickly.

How could she still pay attention to Zhou Liang? That person, she hoped she would never see again in her life!

"But you also know that he is a person who will not give up until he achieves his goal. Moreover, he came to me not for me, but... to pick mulberries. Zhou Liang came here for you. He approached me just to borrow money. Hold me close to you again.

I've already died once, how could I still jump into the hole Zhou Liang dug for me? "

"Zhou Liang...damn it, I didn't beat him to death that day, I really took advantage of him!" When Lu Qiubo heard Liu Yushui's words, he was so angry that he cursed.

"Because Zhou Liang came to the door? So you are going to get a man back? Just to protect your daughters?" Lin Caisang asked her.

"Then what else can be done?"

Liu Yushui lowered his head and smiled bitterly.

She thought about it all afternoon and couldn't think of a better way.

Now Zhou Liang doesn't know that she has given birth to two daughters, but sooner or later, he will find out. At that time, I am afraid that instead of pestering her, he will want to threaten her with her two daughters.

"From what Zhou Liang meant, it seemed to me that Mrs. Zhou was supporting him. If that were the case, my two children would be... Anyway, I am already like this myself. I can no longer wrong my two children. Mrs. Zhou wants to How could I allow the idea to hit my child?

I have thought about it, as long as I get married, even if Zhou Liang wants to take advantage of my child, he will definitely not be able to do it. If he still dares to come to the door, I will be rude to him.

Chapter 1053 Want to find a better one

But if I am the only woman in the family with two children, if Zhou Liang wants to force himself, how can I be his opponent? What's more, there are servants in the Zhou family.

With her two children, she was impossible to guard against even in Yacun. Who knew what kind of tricks Zhou Liang would come up with? Even if Zhou Liang was too stupid to think of a way, what about his mother?

That is a woman who is poisonous to the core!

Listening to Liu Yushui's words, Lin Caisang also took a deep breath. The Zhou family really didn't have the skills of a tiger or a wolf, but they had the heart of a tiger or a wolf!

"Then you can't just buy a man back, that's outrageous." Lu Qiubo said.

Those who don't know, think that the girls in the Lin family are so short of men that they have gone to the dental shop to buy men to get married.

"Grandma, I will handle Liu Yushui's matter. If it doesn't work, I can only buy a man to protect myself as she said. After all, the people of the Zhou family are really no different from lunatics."

Lin Caisang felt that Liu Yushui was already powerful enough to come up with such a method.

"This Zhou family is simply..."

Lu Qiubo was so angry that he wanted to kill someone, but he glanced at Liu Yushui and shook his head.

"Why did our family get involved with such a family? It's really unlucky! Okay, let's discuss it. Changhong, you and Qing Yatou go to pick up the two children. Let's eat here in the evening. Don't go home and start talking. The stove is ready."

"Sangsang..."

After hearing what Grandma said, Lin Changhong was obviously unhappy.

Liu Yushui had tried to harm Sangsang again and again before, but now Grandma wanted to keep her for dinner. Wasn't it obvious that she wanted to accept her?

He looked at his sister and wanted to ask her what she meant.

"Brother, go as grandma tells you to go, remember to be careful." Lin Caisang warned.

...

In the evening, in the main room of Ya Molian's house, Lin Caisang was sitting at the table, with Nangong Piao'er and Beidou sitting next to her, and Ya Enxi and Ya Yufeng standing beside them.

"Mother, what do you mean, let us keep an eye on the Liu Yushui family?"

After listening to Lin Caisang's words, Beidou's face was obviously surprised and he asked a question.

"Um."

Lin Caisang nodded.

Mrs. Zhou couldn't get any benefits from her, so it was normal for her to think of Liu Yushui.

However, what she didn't understand was that from Liu Yushui's words, it sounded like Zhou Liang didn't even know that Liu Yushui had given birth to two daughters.

But Mrs. Zhou was so scheming. Since she gave Zhou Liang the idea, how could she not inquire about Liu Yushui's situation? Then, she naturally knew about the existence of Liu Yushui's two children?

However, she did not tell her son about this.

In other words, Liu Yushui gave birth to two daughters. She didn't even tell anyone in the Zhou family and kept it secret.

"In addition, Zhou Liang's affairs must be carried out as soon as possible. Brother Enxi, please go to the Sheriff's Mansion and have a look. I don't want anything to happen to the marriage between Zhou Liang and the Sheriff's Mansion."

"Mother, I have already inquired about this matter. It is said that Zhou Liang, the son-in-law of Qiu Wei, has lost his reputation. The county governor is somewhat disgusted with Zhou Liang, the son-in-law, and wants to find a better one."

Ya Enxi said.

After all, it was the daughter of the county magistrate who was engaged to be married. Even if the daughter did something scandalous, no one would know about it.

The county guard is also a man of honor, and he must want to find a son-in-law who is well-matched. Even if he cannot find one, he must find a son-in-law who can live with him.

Chapter 1054: Find a matchmaker and find a husband

"Find a better one?"

Lin Caisang sneered, really worried about the governor's intelligence.

Find a better one so that his son-in-law can find out about his daughter's scandal in the future and come to him to settle the score?

That's enough.

"Then go and remind him, don't blind the Zhou family's eagerness to marry." She said to Ya Enxi.

"Yes, Mistress."

Ya Enxi responded and raised the corners of her mouth.

"I promise that within three days at most, we will hear the good news of the marriage between the Zhou family and the county governor's mansion.

"Okay." Lin Caisang nodded.

"Also, I have something that I would like to hear your opinions on."

"Mother, what do you want?"

Beidou and Nangong Piao'er asked at the same time.

"You have been paying attention to Liu Yushui recently, right? In your opinion, has she really acknowledged her mistakes and corrected them?" Lin Caisang asked them.

She hadn't been in Yacun for long these days, and she didn't pay much attention to Liu Yushui as Beidou and the others did. There were some things that she couldn't guarantee herself, so naturally she had to ask them.

As for other people in the village, she naturally didn't dare to ask casually.

After hearing her words, Beidou and Nangong Piao'er looked at each other, and then looked at Lin Caisang at the same time.

"Mother, it's hard for me to say this, but Liu Yushui is indeed very kind to her daughters and acts like a mother. Moreover, the three acres of land she bought before seems to have been cultivated. Just wait. Sow winter vegetables."

Beidou said.

"Mother, my subordinates believe that no matter whether Liu Yushui has improved or not, Liu Yushui must have seen someone like Zhou Liang clearly." Nangong Piao'er also said.

"Live life, nothing can change for the better. If Liu Yushui, a woman with two children, really turns into a person who can be bullied, that would be bad, as long as she doesn't hurt her again. The human heart is fine."

After hearing what the two said, Lin Caisang chuckled and shook his head.

Yes, if Liu Yushui really becomes weak and bullyable, she should be anxious. After all, she is a woman with two children.

"Then you think, if I help her find a matchmaker and find her a husband, is it possible? Huh?"

"ah?"

"What?!"

"Mother, are you kidding me?"

"Mother, are you serious?"

Four different voices sounded at the same time, all looking at Lin Caisang with great shock.

"What's wrong? Is there any problem?" Lin Caisang asked them.

"no."

Ya Yufeng was the first to recover from the shock and shook his head at Lin Caisang.

"Mother, it's like this. Liu Yushui has just purchased a field in the village. She won't be willing to get married at this time, right? I think your idea is a bit dangerous."

"Danger?"

Lin Caisang looked at him with raised eyebrows, wondering how he came up with the word 'danger' in his mouth.

"How do you say this?"

"Mistress, think about it, just... let's not talk about anything else, just because of Liu Yushui's reputation, even if she really wants to get married, she will definitely have to be a daughter-in-law with her tail between her legs in the future, not to mention the There are two children."

Ya Yufeng looked at the other three people and said.

"Then will her two children have a good life in the future? It's definitely not possible. It would be fine if she married in Ya Village, but if she marries in another village, there won't even be anyone to support her!"

Just like this, how can it be done? Obviously she married someone to be bullied.

Chapter 1055: Are you robbing money?

Although the two children belong to Liu Yushui, they are still related to the mistress. Presumably, the mistress will not watch the two children suffer, right?

"If Liu Yushui still wants to marry into a slightly better husband's family, that would be even worse.

Why did Liu Yushui come from a wealthy family before, so she wouldn't choose someone who was too inferior when choosing a husband, right? After all this going on, it's strange that those two children can live a good life.

"Brother Yufeng, you are thinking too much." Lin Caisang glanced at him lightly.

"Liu Yushui herself means that with her current reputation and procrastination, it would be good to find a man who is willing to live with her. She has no other requirements.

Anyway, she has a house and fields. As long as people are willing to live in her house, she can live with them in peace from now on. That's it. "

"Ah? You still bring something like this?"

After hearing her words, Beidou was stunned again.

Thinking about how arrogant Liu Yushui used to be, he walked in and out of the Lin family like a peacock with his head held high.

Now she doesn't even have any requirements for finding a husband-in-law, as long as he is willing to live with her... This gap is not small.

However, for someone like Liu Yushui, it would be good if she could find a man to live with, and she really couldn't ask for anything else.

"Mother, if there is no request, then our Ya Village has ready-made people to choose from. Nangong Piao'er thought for a while and said.

"Huh? Who?"

Hearing this, Lin Caisang narrowed her beautiful eyes and asked.

"Piao'er, are you talking about Lin Da, who just lost his wife half a year ago?" Ya Yufeng asked.

"Yes, it's Lin Cannabis." Nangong Piao'er nodded.

"Lin Marijuana?"

Lin Caisang tilted his head slightly, turning over the information about Lin Cannabis in his head.

"Lin Cana of Lin Shan Shen's family? Didn't he also have two daughters?"

She remembered that Lin Ma's daughter-in-law, whom Nangong Piao'er was talking about, died of illness half a year ago. At that time, her grandma went to drink Bai Shi's wine. It was a pity when she came back and said that Lin Ma's two daughters, one Only two years old, and the other is only four years old.

"What Liu Yushui means is that people want to stay at her house. Can the Lin Shan Shen family agree?" she asked.

"can."

Beidou said immediately.

"Mother, you don't know about the things about Lin Shan Shen's family. Lin Da has two daughters. His mother refuses to take care of them for him, so he can only take care of them himself. The children are still young and noisy. Lin Da has not had a daughter for a long time. Earn money for the family.

His parents had long disliked him.

Two months ago, he was married to a childless widow. But when they heard that Lin Da had two daughters, they became furious and asked for a bride price of ten taels of silver, but they didn't even bring it. The second time, the marriage was immediately over. "

Lin Caisang: "!!!"

Widows are so valuable these days. A bride price of ten taels of silver is a money grab, right?

Is this buying a wife or marrying a wife?

"No, Lin Ma's mother is worried. She feels that it is unreliable to give birth to a son, so she wants to quickly invite out the three people in the house who are just eating but not making money. Anyway, she has many sons, five of them, no. The one with bad luck."

Hearing this, Lin Caisang took a deep breath.

"I'll ask Liu Yushui about this again," she said.

"ah?"

After hearing her words, Beidou was stunned again.

"Mother, do you really want to do this for Liu Yushui?"

Chapter 1056. She's her granddaughter, isn't she?

"What should I do? If Liu Yushui really means that, it will naturally be my grandma who comes forward. No matter what, it's not my turn." Lin Caisang rolled her eyes angrily.

She, a little girl, went to be a matchmaker, but Beidou could figure it out!

...

"Sandshen's marijuana?"

In the main room, Liu Yushui lowered her head, and in front of her sat Lu Qiubo.

"Yushui, have you agreed to this? You know, the marijuana is not very good, how can you like such a person?" She looked at Liu Yushui and asked.

It's not that she dislikes Lin Ma, her face was given to her by her parents, and no one should dislike anyone.

But as her granddaughter, she also knew that Liu Yushui had always been pampered. Although she had suffered a lot in Yacun in the past few months, she still had thin skin and tender flesh, and a pretty face.

She felt that Liu Yushui would not like a man like Lin Ma.

Moreover, these two people have never met before. Of course, she doesn't know whether Lin Marijuana has met Liu Yushui, but Liu Yushui, even if he has seen Lin Marijuana, he will not take a second look and treat him as a passerby. That kind of thing.

"Grandma, I...have nothing to complain about."

Liu Yushui raised his head, glanced at Lu Qiubo, and then lowered his head.

In fact, what she wanted to say was that it was good enough that people didn't dislike her. What else could she dislike about others?

Speaking of good-looking, isn't someone like Zhou Liang good-looking? He looked like a handsome scholar, the kind that people would never forget after just one glance. But actually? After getting to know him, it makes me sick to the core.

"Are you sure?" Lu Qiubo asked her again.

"I'm sure, grandma, please help me ask. If they don't want to, then forget it." Liu Yushui said softly.

Hearing this, Lu Qiubo looked at Lin Caisang and then at Liu Yushui, then raised his hand and patted the table.

"Then I'll go talk about it."

"Thank you grandma."

Liu Yushui heard that Lu Qiubo was willing to ask for her, so she quickly raised her head and thanked him.

"Also, grandma, I heard from Sangsang that Lin Da has two daughters. Please remember to mention it to their family. If this marriage can be successful, I will definitely treat his two children as my own in the future. The treatment won't be any worse."

If she wants others to treat her well, she must also treat others well. She didn't understand this before, but now, she has understood it.

"Okay, that's good if you think so. Grandma can rest assured."

When Lu Qiubo heard what she said, he felt relieved and walked out.

On the other side of the yard, Lin Laogan was sitting in a wheelchair smoking a cigarette. When he saw his old lady coming out, he raised his eyes and glanced at her.

"Let's invite the third family member to go with us. Isn't that my ex-wife who is talking about marijuana? She is from Yangcun. It's also a good way to establish friendship." With that, he pushed his wheelchair and went back to the room.

Lu Qiubo just stood in the yard and opened his mouth towards the back of his old man, but in the end he said nothing.

This old man was still so soft-hearted. Even though he didn't say anything to him, he still had to come to her and say something. Was he afraid that she would mess up Liu Yushui's matter?

She used to be angry, but that was because that girl didn't learn well!

Now that people are willing to change, can she still hate people as enemies? After all, she is her granddaughter, isn't she?

Chapter 1057 We can talk slowly

Thinking about it, she sighed heavily, went to the kitchen to get twenty eggs, called Yang Lin and Lin Baiyi, and went to Lin Shan Shen's house at night. Didn't everyone say that the moon was dark and the wind was high, so things were easy to do.

Even if it fails, not many people will know about it.

...

Lin Shan Ginseng's house.

The three Lu Qiubo family were sitting in the main room, and Lin Shan Shen and his wife were also sitting there. Lin Shan Shen's mother, although her hair was gray and her eyes were dazzled and she was deaf, was also placed in the main room.

Lin Ma and his two daughters sat in the corner, secretly glancing at Lu Qiubo from time to time.

"Aunt Qiubo, what are you... what you are talking about has never been thought of by our family. That jade water in your family, we are..." We would never dare to ask for it.

Lin Shan Shen's wife looked at Lu Qiubo with a look of disgust on her face.

Who in the entire Ya Village has not heard of Liu Yushui's name? She has already given birth to two children before she gets married. Now she is living alone with her two daughters. Who dares to marry such a woman? Come in.

Even if it is a second string job, his family cannot afford it.

"Wife-in-law, please don't refuse in a hurry. What I'm talking about today is actually settled." Lu Qiubo puffed out his chest and looked at Lin Shanshen and his wife.

"Let's talk about your family's marijuana. He has two daughters. The child is still young. He clings to him every day, making it impossible for him to do any work. Aren't you also worried?"

If he marries my family Yu Shui, Yu Shui also has two daughters, no one is missing the other. From now on, Yu Shui can look after the four children at home, and Cannabis can go out to work. What a great thing. Son.

To tell you the truth, before I came here, my Yu Shui made a special promise to me, my grandma, that if this marriage could come true, she would treat Cannabis' two children the same as her own children, and the four children would be the same. of. "

Hearing Lu Qiubo's words, the others had no expressions, but Lu Qiubo found that Lin Ma, who was sitting in the corner coaxing the two girls, had eyes that lit up.

"Then if my family married someone else, they would be able to take care of their two children. It's fine." Lin Shan Shen's wife looked at Lu Qiubo and murmured.

"Look what you said, then if someone else's girl is a widow, you have to ask for a bride price if you want to marry her, right? I heard that last time I proposed marriage to Cannabis, the other party asked for a bride price of ten taels of silver. Isn't it?"

Lu Qiubo asked her back.

"this....."

Lin Shan Shen's wife opened her mouth, not knowing how to refute.

Many people in the village knew about the wedding two months ago, and the twelve taels of silver gift could not be hidden no matter what.

"Then if you marry a girl from your family, can you still ask for a bride price?" She couldn't help but murmured.

Who doesn't know that when Lin Laogan's family got engaged to their granddaughter Lin Caisang, they received a huge gift from Yamolian. Even if Yaguman and Lin Caiqing were engaged and Yaguman didn't have any money, they still agreed to wait. After earning money, I will give you the bride price.

How could another granddaughter be any worse?

Although Liu Yushui, the granddaughter, has really embarrassed the Lin family, she is still her own granddaughter, right?

"The bride price must be given, of course." Lu Qiubo looked at them and said with a smile.

"Then what else is there to say!"

Lin Shan Shen snorted coldly and stood up to see off the guests.

Chapter 1058. How much can your family afford as a bride price?

"Sanshen, don't be anxious, listen to me first.

Lu Qiubo was not in a hurry and let them try to drive her away, but they would not get up.

"Aunt Qiubo heard before that you want to find a wife for Cannabis who can come to your house? Is this true?"

"Uh, this..."

When Lin Shan Shen heard this, his face suddenly became embarrassed.

Because I was anxious before and thought that I couldn't let the three Cannabis eat and work at home, I thought about asking someone to look for them to see if I could find a daughter-in-law for Cannabis who could come to their house, as long as they didn't require a betrothal gift.

But now that Lu Qiubo said this, it was not good for him to say yes, let alone no.

Because if you say it out, everyone will already know it, how can you take it back?

"Well, this is the case, but... Aunt Qiubo, my Cannabis family is a manly man. How can any parent be happy to become a son-in-law in someone else's house? If this girl wants to get married, she has to ask for a bride price. Now, My marijuana..."

"We can talk about the bride price slowly."

Lu Qiubo said directly without giving him a chance to finish his words.

"My family in Yushui is also willing. Otherwise, Cannabis is here with two children. It would be really difficult to find someone who has a house and land and is willing to let Cannabis and two children live in her house. ,Yes or no?"

"this....."

Lin Shan Shen's expression suddenly turned ugly.

On the other side, Lin Ma was coaxing the two children, and his face was not good-looking. After all, he was a grown man. Who would want to go to the woman's house and be a door-to-door son-in-law?

However, he knew better that in a situation like his, his parents would not give him any more betrothal gifts to marry him another daughter-in-law, not to mention that it was only ten taels of silver.

Moreover, with his two children at home, he really couldn't spare any time to work, and it was almost as if he was just sitting on his hands.

Several of his sisters-in-law had quarreled with his brothers several times over this matter, all of them wanting to separate him and live on their own. His mother even took the children of her sisters-in-law with her. I refused and brought it to him.

What else can he do? He has been forced to a dead end.

"Aunt Qiubo, how much can your family afford as a bride price?" Lin Shan Shen's daughter-in-law asked immediately without hesitation.

"Yes, yes, the key is how much the bride price can be. We won't accept anything less."

"That's right, Qiubo Nai, your Yu Shui's reputation is like that. It's not easy to find a man. If our family doesn't want Cannabis, they probably won't be able to find it, right?"

Lin Ma's sisters-in-law, when they heard about the bride price, their eyes were as wide as bells, and each one spoke first than the other.

"Then what do you think is an appropriate amount for my family to pay as a bride price?" Lu Qiubo looked at them amusedly and asked.

Just now there were a hundred people who were unwilling, but when it came to her willingness to pay, each one said it faster than the other. She really felt sorry for Lin Da.

In fact, if Lin Canna's mother is willing to take care of her two granddaughters for her son, how can Lin Can't even earn her own meal? Aren't they all forced out?

"Twenty taels, one tael cannot be missing."

Lin Shan Shen's daughter-in-law thought for a while and stretched out the two fingers of her right hand to Lu Qiubo.

"hiss!"

Lin Cannabis, who had been silent all this time, couldn't help but gasp when he heard his mother's words.

Chapter 1059: Selling his son!

Lin Baiyi and Yang Lin also fixed their strange eyes on Lin Shan Shen's daughter-in-law. They couldn't help but mutter in their hearts, this person is really a big talker. For twenty taels of silver, no one in the village would marry a yellow-flowered girl. Twenty taels of silver!

Of course, if Lin Cannabis is a bride-in-law, the higher the bride price, the higher the betrothal gift will be. However, Lin Cannabis has two daughters, and they will also be brought to Liu Yushui's house.

And they were almost certain that if they gave the twenty taels of silver to the Lin Shan Shen family, they would definitely not get a single copper back.

"Mom, are these twenty taels of silver too much? Qiubo's family doesn't have that much..."

"Shut up, you idiot!"

Just as Lin Ma was about to speak, his mother scolded her harshly.

When Lin Caisang got engaged, there were so many colorful gifts. How could Lin Laogan and Lu Qiubo be without money?

Just looking at the new clothes Lu Qiubo was wearing, she didn't believe that Lu Qiubo was a person who couldn't even afford twenty taels of silver. She felt that these twenty taels of silver were missing.

"What do you know? You are no longer a member of our family when you marry into the family. Twenty taels of silver is still short!"

"mother!"

After hearing this, Lin Da's face turned pale.

Why hadn't he noticed before that his mother was so greedy for money?

Seeing that Lin Laogan's family was not short of money, he thought of selling his son and asked for twenty taels at once. Did he really think that he didn't want his son?

On this side, Lu Qiubo's face turned ugly when he heard what Linshan's ginseng wife said.

She also didn't expect that their family would be so open-minded and ask her for twenty taels of bride price. Could it be that if she could get enough money, she could really sell her son?

"Twenty taels, wife of Shan Shen, the price you offered as a gift is equivalent to selling your son!" she asked Lin Shan Shen's wife, but the person she was staring at was Lin Shan Shen himself.

"Isn't that what it means to be married into a wife?" Lin Shangshen's wife curled her lips and said.

"It doesn't matter whether it's for sale or not. This son will no longer belong to our family. The head of the family, please tell me, do you agree or not with the twenty-two taels of bride price?"

She looked at Lin Shanshen and asked.

Hearing this, Lin Shanshen took a deep breath, turned his head and glanced at his son Lin Ma, and then looked at the other four sons.

Having one less son in the family means that there are three less mouths that can eat and not dry out. It can save some food for the family. However, after all, it is his own son. If he really married into someone else's family, how would he feel about it? It's a bit hard to live with.

"Master, what are you thinking about? You should say something quickly."

Seeing that he was silent and silent, his wife became anxious, raised her hand and pushed him, urging him.

"I have to say, I think twenty taels of silver is a bargain. After all, if our marriage goes to Liu, who also has two children, in a few years, these two children will be able to work. Yes, they are two good helpers."

As she spoke, she looked straight at the two children in Lin Da's arms.

"Mom, the eldest girl and the second girl are still young."

Lin Ma's scalp was numb when she saw him, and he quickly said something.

"laugh."

Lin Shan Shen's wife sneered and looked at the two children with some disdain.

"Aren't they just two cheap guys? Why point fingers at them if they don't work? Your short-lived wife just doesn't live up to expectations. Unlike your sisters-in-law, they all give birth to poor children. No wonder she is short-lived!"

Chapter 1060 You are not allowed to go anywhere!

"Mom, you-"

Hearing this, Lin Da felt a bad breath in his chest and almost suffocated himself to death.

He knew that his mother was unwilling to take care of his children because Danni and Erniu were girls. If they gave birth to sons like their sisters-in-law, how could his mother not be willing to take care of them?

But what happened to the daughter? Is the daughter not his child?

"Okay, okay, what are you talking about there? Let's talk about the bride price first."

The dry pipe in Lin Shan Shen's hand knocked hard on the table to remind them.

Turning his head, he looked at Lu Qiubo, his old eyes were full of calculations, and the calculations in his heart were also crackling. (つ●∪●)つ

He knew that Lin Laogan's family was not short of money, and he originally thought that twenty taels of silver would be short, but looking back, he realized that Liu Yushui was not popular in the first place.

If something bad happened to their family, Lu Qiubo might just walk away, and they wouldn't be able to get even twenty taels of silver.

"Aunt Qiubo, look, my good son is going to marry into your family. These twenty taels of silver are indeed not much. If you agree, then you agree, but if you are here with me, If you want to make a counter-offer, you'd better go somewhere else. I'm not a street vendor."

Lu Qiubo was filled with black lines from what he said.

It wasn't a place selling vegetables on the street, but she had never seen anyone asking for such high prices.

"That's okay."

Lu Qiubo nodded.

"Then Aunt Qiubo..."

Lin Shan Shen's daughter-in-law's eyes lit up when she heard what she said, thinking she agreed.

Who knew...

However, Lu Qiubo stood up and locked his eyes directly on his son and daughter-in-law.

"Lao San, Lao San's family, we've sat here long enough. It's getting dark now, so it's time to go back. Let's go."

With that said, he took Lin Baiyi and Yang Lin and left.

"this....."

Lin Shan Shen's daughter-in-law watched the man leave with a look of astonishment on her face, then looked back at her husband.

"He's leaving without saying whether we agree or not."

"This isn't right. You just left. Why did you take the eggs back? Mom, Qiubo didn't agree, right?" When the Lin family's sister-in-law saw this, she hurriedly said.

If you don't agree to this, won't the twenty taels of silver be wasted?

What should I do?

"Mom, please go out and ask. At any rate, there are twenty taels of silver!" The second sister-in-law of the Lin family also said quickly.

"Then I..."

"What are you going to do? You're not allowed to go anywhere!"

Lin Shan Shen's wife really wanted to chase her out, but Lin Shan Shen stopped her.

"It's all you, why do you need so much money? Why don't you just ask for ten taels? It's fine now. A good marriage was ruined by you!" He looked at his wife with resentment and said.

"I...how did I know this?"

Lin Shan Shen's daughter-in-law felt that she had been wronged so much that it was not too much for her to ask for a betrothal gift. Can she be blamed for this?

"Besides, didn't you yourself feel that twenty taels was too little just now?"

"I followed your words!" Lin Shan Shen shouted sharply.

"That....."

Lin Shan Shen's wife opened her mouth, and after a long time, she muttered a few words.

"She's not happy about it, and I'm not happy about it either. A good son has to marry into her family's Liu Yushui. Who doesn't know what kind of virtue that little bitch has?"

If our cannabis family really goes to her house to live in the future, will our life be good? Don't go back and spoil both my granddaughters.
