

Star of Space 1061

Chapter 1061 Isn't that too cruel?

I haven't disliked their family yet, but they've kicked me off first? Where is twenty taels of silver too much? It's not like their family can't afford it, but I am an innocent son! "

"Mom, even though that's what I said, Liu Yushui from Qiubo's house is really good-looking, with thin skin and tender flesh. If someone got married to her and went to bed, it would be so... ah !"

As the second son of the Lin family spoke, he was thinking about Liu Yushui's charming face.

But before he could finish his words, his wife on the side twisted his arm so hard that he started to howl.

"How does it feel, you tell me? Huh?"

"No, it's nothing. It's not about marijuana. It has nothing to do with us." The second son of the Lin family rubbed his twisted arm with one hand and said with a smile.

"Cannabis, what do you think? Do you want to live with Liu Yushui of the Lin family?" Lin Shancan looked at his son Lin Ma, and asked.

"I...listen to daddy."

Lin Ma looked at his parents and said in a low voice.

To be honest, he is twenty-six years old today. If he had married a wife when it was time to marry, his child would be almost eight or nine years old, right?

However, he was born ugly and had several marriages, but no one was willing to marry him, so he kept putting off until he was twenty-one years old before he reluctantly married a wife.

They say they were married, but in fact they were almost bought with money.

It was already difficult for a man to marry a wife, but now he has two children, who would be willing to marry him?

He had also seen Liu Yushui. She was really good-looking. Although her reputation was not very good, I heard that she had improved a lot since giving birth to two girls.

He didn't dislike him, and even told Qiubo that he would treat his two children well. What else could he dislike?

Do you think it has a bad reputation? Reputation is something that cannot be seen or touched. Live your life for yourself. As long as you can eat, sleep and earn money, what do you care about?

"That Liu Yushui is not a good person. He can do nothing but give you a son." Lin Shanshen said again.

Hearing this, Lin Ma raised his head and gave his father a strange look.

"Dad, you want twenty taels of silver. Even if I can't bear a son, what can I do?" he asked his father.

If he had twenty taels of silver, he would have been able to live a good life long ago, and his wife would not have died of illness. Who does he dare to dislike if he dislikes her?

After listening to his son's words, Lin Shanshen thought deeply for a while and raised his head, "I can't really ask for twenty taels. At most, I want fifteen taels. It won't make your life difficult in the future, right?"

Lin DaMa was silent and didn't say anything else.

...

On the other side, Lu Qiubo returned home with his son and daughter-in-law, and the family also sat in the main room.

"Twenty taels?!"

When Lin Changhong heard this, he jumped up from his stool in shock.

"Grandma, isn't this ginseng uncle's family too cruel?" This was what Lin Chushui said.

Twenty taels, do you think their money was brought by the strong wind? That much for one mouthful?

"That's not what you said."

Lu Qiubo was feeling angry and agreed.

"Grandma, then...what does Lin Marijuana mean?"

Liu Yushui seemed not to have heard the words "twenty taels" and just asked Lu Qiubo.

"Yushui, what do you mean, even if their family wants twenty taels, you would be willing to do so?" Lu Qiubo looked at her and asked.

Chapter 1062 Are you dizzy?

"This...I don't know either.

Liu Yushui hesitated for a moment and shook his head.

Her reputation was there. She thought it was really not expensive for someone to ask for twenty taels of silver. What's more, they would live in her house in the future. There were some differences between getting married and getting married.

"However, this man always wants to save face. It's also appropriate to spend a little more money. I still have some money, which is enough..."

"That's enough shit!"

Before Liu Yushui could finish speaking, Lin Caisang shouted angrily.

"Liu Yushui, you have given birth to two daughters, have you become stupid? If you give twenty taels to someone directly now, they will ask you for two hundred taels later!

You have done a lot of evil before, but now you want to do good and accumulate merit? Even if you want to accumulate virtue, it's not that accumulative!

You know, if these twenty taels are thrown away, it is equivalent to wasting money. It is impossible to get Lin Cannabis for a copper plate. If you take twenty taels of silver, you are not buying a man back; A big trouble comes back, do you understand?

Furthermore, the originally good twenty taels of silver could be used by the couple to live on after they got married, so why should they be ripped off by other people?

It's not worth it at all!

"Ten taels, grandma, the maximum is ten taels. We can't give out even one more copper." She looked at Lu Qiubo and said.

Hearing this, Lu Qiubo nodded.

"Grandma means the same thing, so just now, I just called your uncle and aunt to come back without saying a word to them. Grandma also brought back the twenty eggs."

she said.

Lin Caisang raised her hand and gave her grandma a thumbs up.

"Mom, I wonder if this marriage can happen." Lin Baiyi thought about the time when he was at Lin Shan Shen's house, and felt that this marriage was very embarrassing. Anyway, he thought it would be impossible.

"What do you, a grown man, know?" Yang Lin held his belly and glanced at Lin Baiyi.

"You didn't see it at the time, but Lin DaMa's face was full of expressions. When he heard that Yu Shui would treat his two daughters well, his eyes lit up. As long as our family leaves theirs alone, it will definitely be possible. "

She was a woman, so she could judge people fairly well. Lin DaMa would definitely be willing to marry her. Regardless of whether she was a bride-in-law or not, it made no difference to him that he already had two daughters.

"That's a marriage. If they get married and have children in the future, they will have our surname of Yushui." Lin Baiyi said.

Liu Yushui: "..."

Everyone: "..."

Lin Caisang: "..."

Is her third uncle dizzy?

"Third uncle, what's the surname of Yushui's girl?" she asked aloud.

"No need to ask, my surname is Lin." Lin Baiyi replied matter-of-factly.

The Liu family had already kicked Liu Yushui out. Naturally, she would not let her children be named Liu anymore, and that was even more impossible for the Zhou family. Therefore, Liu Yushui's two children had always been named Lin.

So...

"This...these are all named Lin, so there's nothing wrong with them."

He also figured it out. Even if Lin Da is married into a wife or something, the child will still be named Lin.

"Who says it isn't?" Everyone gave him a blank look.

"that....."

Liu Yushui, on the other hand, couldn't help but glance at Lin Caisang.

"At the beginning, when I gave birth to my Eldest and Little Nier, I hurt my body. It's not up to me to decide whether to have children or not."

But fortunately, she and Lin Ma both have children, so they shouldn't care too much, right?

Chapter 1063 Who is getting married?

After hearing her words, Lin Caisang just narrowed his eyes and said nothing.

When Liu Yushui gave birth to two children, it was because of her own fault that her body collapsed, and at that time, she was not willing to do so many things for Liu Yushui.

But it's different now. Liu Yushui has changed.

She thought that if the marriage between Liu Yushui and Lin Cannabis really came true, then she wouldn't mind giving Liu Yushui some medical treatment. She couldn't guarantee anything else, but she

thought that as long as she took care of her carefully when giving birth to a child, she would be fine. It can still be brought back.

"Let's just leave their family alone for the next few days. None of us should pay attention to them. Just pretend that nothing happened today." She said seriously.

...

As the days passed, Lin Caisang's family really acted as if nothing had happened.

Liu Yushui continued to take care of the two children, and occasionally went to help dig the pond. In short, he completely regarded Lin Shanshen and his family as nothing, and ignored them at all.

Within a few days, Lin Shan Shen's wife became anxious. Seeing twenty taels... no, fifteen taels, the fifteen taels were about to be wasted. Could she not be anxious?

Taking advantage of the fact that there was not much work at home, she pulled Lin Shanshen into the room, and the two began a secret discussion.

When they came out, the two of them had already reached a consensus. The price of the bride price had been directly reduced to ten taels. It really couldn't be any less, so she and Lin Shan Shen came forward in person and went to Lin Laogan's house to propose marriage in broad daylight. Set this thing down.

The Lin Shan Shen family 'married' their son, and the one they 'married' was Liu Yushui from Lin Lao Gang's family. This was the biggest strange thing in the village.

Many people went to Lin Laogan's house to watch the fun.

In the main room of Lin Laogan's house, Lin Shanshen and his wife, Lin Ma, and his two daughters were sitting there. Unlike when they went to Lin Shanshen's house before, there was nothing.

Soon, Lin Caiqing brought tea and snacks with dried fruits.

Liu Yushui was also called over. The two children were first put into Lin Caisang's room and fell asleep on the bed. Lin Changyi watched, while Liu Yushui was also called into the main room.

Originally, when a man and a woman were engaged, the girl's family was not allowed to come forward, but the situation was different now. Lin DaMa was getting married, so it was different.

The two parties talked for a long time and finally settled on the betrothal gift. Just as Lin Caisang expected, it was ten taels of silver, and other things were included in it. It was already a big price.

Lin Laogan didn't talk nonsense and directly invited the Lin clan leader to write down the marriage certificate between the two families.

One of them lost his wife, and the other also had a daughter. When the marriage was finalized, he said "quickly" and directly decided on an auspicious day next month to prepare to go to the church to get married.

Of course, Zhou Liang came here often these days. When he heard that Liu Yushui was getting married, he was so scared that he broke into a cold sweat and hurried home to tell his mother.

...

"What?"

When Mrs. Zhou heard this, she thought she heard it wrong?

"Liang'er, who do you think is getting married?"

"Liu Yushui, who else can it be?" Zhou Liang said anxiously.

If Liu Yushui gets married, how will he use Liu Yushui to get close to Lin Caisang in the future?

"Mom, please think of a way for me quickly. Liu Yushui cannot marry anyone else. Otherwise, let's go to the Lin family to propose marriage now and marry Liu Yushui back to our family? Even if it means becoming a concubine, Liu Yushui will definitely be willing. "

he said.

Chapter 1064 What a fairy looks like

Hearing this, Mrs. Zhou gave her son a cold look.

Liu Yushui is getting married? Taking their Zhou family's children to marry another man?

Although she looked down upon Liu Yushui, let alone Liu Yushui's two daughters, she was a descendant of their Zhou family, so how could she be with another man? She would definitely disagree with this.

"No, I have to go and see if she still dares to get married. Does this lady agree?"

With that said, she was about to go out and go to Yacun to stop Liu Yushui, but unexpectedly...

Just as she was about to stand up, she saw the maid hurriedly coming outside the door, calling her as she ran, "Madam, madam, it's a good thing, a great thing."

"What's up?"

Mrs. Zhou was worried, and when she saw that the maid was still happy, she immediately glared at her.

"Well... the county governor's wife came here in person, saying she was here to discuss the marriage of the ninth girl. The old master asked the slave to come over and invite you to come and discuss it together. She is waiting in the living room."

The maid said.

"real?"

When Mrs. Zhou heard this, her eyes suddenly lit up. She was about to go to the living room to see the county governor's wife, but Zhou Liang grabbed her arm.

"Mom, Liu Yushui's side..."

"Who cares about Liu Yushui at this time!" Mrs. Zhou shook her son's hand away.

"She can marry whomever she likes. As long as you can marry the daughter of the county governor, your status will immediately be higher than anyone knows. From now on, only the Lin family will want to take Lin Caisang because of the looks of our Zhou family." Taking the Zhou family as a concubine is not just a matter of words?"

As for Liu Yushui, she just gave birth to two losers. It doesn't matter, she can take whoever's surname she wants!

"mother!"

"Okay, put everything else aside. This marriage to the Sheriff's Mansion couldn't be more important!" Mrs. Zhou could no longer listen to her son's words, and only the Sheriff's wife was in her mind.

"These days, please be more at ease with me. If the people in the county governor's house hear any wrongdoings about you, your grandfather will skin you. Your grandfather will definitely not care about our marriage with the county governor's house." Let anyone destroy it, you know?"

After giving this warning, she no longer had any thoughts about her son and walked directly towards the living room.

Behind him, Zhou Liang looked at his mother's retreating back and took a deep breath.

"If you don't go, I'll go by myself!"

He doesn't care about the daughter of the county governor. He wants to marry Lin Caisang, and no one can stop him!

With that said, he walked towards the gate, preparing to go to Ya Village to meet Lin Da, who wanted to marry the woman he used. He wanted to see what kind of fairy that guy looked like. , which can make Liu Yushui fall in love.

But what he didn't expect was that he was stopped by the servants of the mansion before he even reached the gate.

"Sir, the master has told me that you can't go anywhere today." The servant looked respectful on the surface, but there was a trace of danger in his eyes, as if he would be beaten if he even raised one foot. Like broken.

Zhou Liang couldn't help but swallowed and gritted his teeth.

"Is this what my grandfather ordered?" he asked.

"Yes, sir." The servant replied respectfully.

Zhou Liang took a deep breath. It seemed that his grandfather was preventing him from going to Yacun, right? Is this because he is afraid that the people in the county magistrate's office will find out something about him, so they restrict his freedom?

"Forget it, I will just wait one more day. It won't be too late to go tomorrow."

He muttered something and turned back.

Chapter 1065 Of course it's true

...

In Ya Village, Ya Mo Lian left again not many days after returning to the village.

Now, it can be regarded as a wave of waves in Yacun. As long as people from Lin Caisang's family pass by, there will always be people whispering behind them, looking at Lin Caisang's family with a very serious look in their eyes. Clearly malicious.

"I heard that that boy Ya Mo Lian has finally climbed a high tree. No, he came back to the village and canceled his marriage to the Lin family."

A group of women stood under a big tree in the village, and one of them spoke very loudly.

"Who did you listen to? Are you talking nonsense?" Another woman didn't quite believe this and asked quickly.

"Why is this nonsense? Who in the village doesn't know that Lin Caisang's girl has been dumped again? It's a sure thing, can it be false? Otherwise, how could Ya Molian have been dumped so quickly? Are you leaving?"

The woman spoke so seriously, as if she had seen and heard Ya Molian going to Lin Caisang's house to cancel the marriage.

"real?"

When the other wife saw her saying that, she thought about it and thought that was the case.

Otherwise why Ya Mo Lian left so quickly? If Lin Caisang really cared about her, there was no way she could have left so unclearly, right? There has to be an explanation.

"of course it's true.

The woman's eyes lit up and her expression was like a god.

"No way."

The other woman shook her head, still a little unconvinced.

"How did I hear that when the Zhou family came to propose marriage that day, it was Ya Molian who drove them away? If it's like what you said, he could still drive away the Zhou family?"

"Otherwise, that guy Ya Molian has bad intentions and lacks virtue." The woman immediately picked up the conversation again.

"I don't want to marry Lin Caisang anymore, and I don't want anyone else to marry her either. I've ruined such a good marriage between the Lin family and the Zhou family. It's a pity. The Lin family is wrong this time."

"Even if the Yamolian is not a thing, the one from the Zhou family is not a good thing, right?" The other women also frowned when they heard her words.

"Sister Ding, haven't you seen that there is a man in our village who was dumped by Zhou Liang? He also has two daughters with him. Have you seen Zhou Liang and the Zhou family come to the door and say a word of concern?"

"That's right. You don't care about your own children. Whoever marries a guy like Zhou Liang in the future will be in trouble."

The woman's face turned red when the people next to her said it, and she didn't react for a long time. After a long time, she rolled her eyes, took a deep breath, and spoke to them.

"Can Liu Yushui compare with Lin Caisang? Liu Yushui is just a drowned dog now, but Lin Caisang is different. She is a well-known wealthy star in our country.

The Zhou family eagerly wanted to marry Lin Caisang so that their family, Zhou Liangwang, could have a prosperous career. How could they treat her badly? "

...

Lin Caisang's home.

Lin Laojie stared at the closed courtyard door with a gloomy expression.

"Old man, who are you angry with? Let them say whatever they want. Anyway, it won't be our fault. It's not worth getting angry."

"Why can't you deal with us? Those people are not talking about our Sangsang family, are they?"

Lin Laogong's face was dark and he was panting with anger. He couldn't bear to hear the rights and wrongs of those people outside chewing his family's mulberry.

Chapter 1066: Talking nonsense for a moment?

But, what happened was obviously not true, but the talkative women in the village said it as if it were true. It seemed that no one really wanted his family Sangsang, and he deserved to be given the advantage of the bastard named Zhou!

"Listen to those words outside, are they said by people? Who said that the marriage between Sangsang and Mo Lian is over? Did they see it or hear it? Can you still say it so vividly, as if it is true? "

"Okay, okay, are you really serious?" Lu Qiubo looked at Lin Laojie and shook his head helplessly.

"The people outside are saying that they can't eat the grapes, so they say the grapes are sour. It's not like you don't know how capable that kid Mo Lian is. They are jealous of us, Sangsang!"

Hearing this, Lin Laogong felt relieved, but he was really angry!

Why do those people say this? Although he has nothing to do with other people's problems, he thinks he has never said anything wrong about other people's family. Why can't those people see his family's happiness?

"This Mo Lian doesn't tell us anything. We don't know what his family is like. If we knew, how could we..."

"You can't tell anyone if you know it."

Lu Qiubo interrupted him and said angrily.

"You don't know what those people in the village are like? Old man, just save it. The children have grown up. They have their own ideas and their own path to take. Can you still walk on their behalf?"

It's time for us to enjoy our blessings. If you don't want to listen to what is said outside, don't listen. Those people are full and have nothing to do. If we really care about them, we will be flattering them. ?

Doesn't this mean anything?

It's better to treat them like air. After a long time, if they just want to say something again, who will listen?

The key is, as long as Sang Sang and Mo Lian are good, that's it. Actually, there's nothing to care about. They live their lives together, so what are they doing with those people outside? "

She made a long call.

Hearing this, Lin Laogong exhaled heavily and nodded.

"That's all, I just eat and drink at home, the rest..."

Outside the yard, Lin Caisang had just returned from Menghuang Mountain. Listening to the words of the grandpa and grandma in the yard, he lowered his head, pondered for a while, turned around decisively, and walked to Ya Molian's house.

After a while, Beidou and Ya Enxi came over.

"Mother, my subordinates have inquired. The gossip between you and the palace master came from the woman named Ding." Beidou said to Lin Caisang.

Lin Caisang raised his eyes and looked at Beidou and Ya Enxi.

"Is it just that she was quick to talk and said random things?"

Why is it that no one believes this? If you are really quick to talk, why don't you talk about something else, but about her and Ya Molian?

You know, once the two ponds on the hillside were dug, she was considered a favored person in the village. If these gossips spread, they will definitely attract the attention of several elders of the Lin clan and the Ya clan.

How could it be possible if she was the only one?

"This... subordinate is incompetent and has not been found yet."

Beidou looked stern and lowered his head, but she quickly raised her head again and spoke to Lin Caisang.

"I'll go check it out right now."

"No need to check."

Lin Caisang raised his hand to stop her.

"What the mistress means..." Beidou looked at Lin Caisang, a little confused.

Chapter 1067 Didn't offend you?

Could it be that Dao would just let the rumors in the village continue like this? That's not possible, right? Although they don't care much about it, why should others ridicule it? This shouldn't be the style of her mistress, right?

"You guys go back, I'll go to Chief Ya's house." Lin Caisang stood up from the chair and said.

Hearing this, Beidou glanced at Ya Enxi and raised his eyebrows.

...

The Ya clan leader's home.

After Old Man Yun finished his work outside, he came back.

It was also after Old Man Yun came back that the little thoughts that Chief Ya had in his heart were gone.

Because Old Yun is much more powerful than Yun Mo and Yun Xiang, as long as Chief Ya has a little bit of caution, he will be seen through immediately, and then he will be threatened, or even punished rudely by Old Yun.

Of course, Old Man Yun is also very good at dealing with people. He hurts the muscles and bones but not the skin, so that Chief Ya can't even complain to outsiders.

Moreover, he really didn't dare to frown at Old Man Yun, so he could only endure it secretly, not daring to do anything.

At this moment, Chief Ya was waiting for dinner in the yard. One hand was hung on his chest and tied to a wooden board. He seemed to be injured and his face was pale.

When he looked up and saw Lin Caisang walking straight in from the outside of the courtyard, he was immediately frightened and felt bad all over.

"You, you...Lin Caisang, what are you doing here again?"

He stood up and asked Lin Caisang stammeringly.

Their family didn't welcome Lin Caisang at all. If it hadn't been for her, how could their family have been so miserable?

In this home, he didn't even have the freedom to say what he wanted to say. The three Yun people were all staring at him like man-eating tigers.

But now, even his grandson always criticizes the people named Yun, without even a single kind word.

And all this is because of Lin Caisang!

How much he wanted to strangle Lin Caisang to death now, but he couldn't do anything to her!

"I'm not here to find you anyway."

Lin Caisang glanced at him lightly, turned around, and went to another place.

There, Old Man Yun was sitting, staring at everything in the yard. When he saw her coming, Old Man Yun quickly stood up.

"Miss Lin, you are here."

"Um."

Lin Caisang nodded simply.

"Uncle Yun, leave this to Yun Mo and the others. You can follow me to a place first."

"yes."

Old Man Yun didn't ask where he was going, he just nodded.

Lin Caisang is his master, and as long as she says something, he will naturally respond.

...

Ding's family.

Ding, who was cooking in the kitchen, was taken out directly. The whole family was thrown into the main room, and the mute points of several other people were tapped. Only Ding could make a sound.

And she only had time to make a sound before she was slapped unceremoniously by Old Man Yun, causing her whole face to become bloodshot.

"Ms. Ding, if you dare to yell and scream, I will ask him to cut out your tongue and throw it into the mountains to feed the wild wolves!" Lin Caisang's cold voice rang in her ears.

After that, she didn't dare to make any sound, and didn't dare to attract anyone else. She could only swallow her saliva and look at Lin Caisang, who came with Old Man Yun.

After a long time, she looked at Lin Caisang in fear and spoke with trembling lips.

"Sang Sang... you... what are you going to do? Aunt Ding didn't... didn't offend you, right?"

Chapter 1068 Did I offend you?

Hearing this, Lin Caisang just sneered.

"Offend me?" She raised her eyebrows and looked at Ding.

"Aunt Ding, why do I feel that I have offended you? Huh?"

"this....."

Ding's face turned even paler and she swallowed again.

"Sang Sang, what are you talking about? How could you offend me? This is nothing, absolutely nothing..."

"Since I haven't offended you, Aunt Ding, why do you want to ruin my reputation around Yacun?" Lin Caisang interrupted her and asked coldly.

"What's the matter? I feel that I have been polite to everyone in the village this year. I never paid attention to anyone who gossiped about me in the past. Aunt Ding felt that I, my Lin family or the Lin family, is it easy to bully?"

"no no....."

After hearing this, Aunt Ding shook her head repeatedly.

"Absolutely not, Sangsang, who did you hear those words from? I never... never said anything bad about you outside."

"Ah."

Lin Caisang lowered her head, smiled faintly, raised her head, and looked at Old Yun.

"Uncle Yun, I leave this family to you. You can deal with it any way you want, as long as you don't let me see them in Yacun again!"

"good.

Old Man Yun responded.

He strode forward and threw Ding back into the crowd in the corner.

"Looking at how mean-spirited this family is, they will definitely not be sold. Why don't we just wait until dark, drag them to the mountains, kill them and bury them, what do you think?"

"It's up to you."

Lin Caisang nodded, scanned some Dings again, stood up and prepared to leave.

"What?!"

When Ding heard what she said, she was so frightened that she screamed.

But he was slapped by Old Man Yun, and the other half of his face quickly became bloodshot and swollen.

But even so, she ignored the pain on her face and rushed towards Lin Caisang, hugging her legs.

"Sang Sang, Sang Sang, listen to me, listen to me, it's not me, it's not me who wants to talk about you outside like this, it's someone who threatens me, and I have no choice but to say those things about you and Ya Molian outside. of."

Hearing this, Lin Caisang's red lips curled up slightly, her beautiful eyes narrowed, and she glanced at Ding.

"Mrs. Zhou?" she asked.

"hiss!"

When Mrs. Ding heard the words 'Mrs. Zhou', she immediately took a breath of air, her eyes widened, and she looked up at Lin Caisang.

"You...how do you know...no, no, it's not her."

"Aunt Ding, if I were you, I would tell you everything about Mrs. Zhou. Otherwise, I guarantee that your whole family will not be able to see the sun tomorrow." Lin Caisang looked at her and spoke word by word. said.

Now that things have happened, does this woman still want to take on the matter alone?

Oh, then we have to see if she has the ability to bear it, Mrs. Zhou... This time, the Zhou family should really get rid of them, otherwise, she will really be in trouble!

"Don't doubt me, Aunt Ding, you should know that Chief Ya's family doesn't even dare to leave the house now, so you should know what will happen if you offend me!"

"Chief Ya... they... their family is... you..." Aunt Ding looked at Lin Caisang with panic in her eyes, as if Lin Caisang was a devil, a devil who could crush her at any time. Similar.

Ever since the members of the Yun family entered the family, Chief Ya's family has gradually been forgotten in the village.

Chapter 1069 Just don't kill him

Until now, Chief Ya didn't even come out of the house very often. She thought it was Chief Ya who was prospering at home, but she didn't expect that it was actually because of Lin Caisang!

She knows!

It was back then, when the granddaughter of Patriarch Ya fell in love with Ya Molian and went to the Lin family to make trouble twice... It turned out that it was really Lin Caisang who caused the misery of Patriarch Ya's family!

"I...I didn't mean it. It was Mrs. Zhou. Mrs. Zhou was angry and was driven out of the yard by your Lin family over and over again, so she found me and asked me to spread rumors in the village that you were dumped by Ya Molian."

At this point, if she didn't tell the truth, the whole family might be involved, so she had to tell the truth.

"Why did she come to you?" Lin Caisang asked.

There are so many people in this Ya Village, why did they choose this woman Ding? Mrs. Zhou and Ding didn't have any friendship before, right? Why did it suddenly become like this?

"Because, because..."

Ding's face was full of guilt, her eyes kept moving around, but she didn't dare to look at Lin Caisang.

"Why, tell me quickly!" When Old Man Yun saw this, he immediately shouted loudly, which made her tremble all over.

"Ah, no, don't hit me, I said it, I said it all!"

When Mrs. Ding saw Old Man Yun raising his hand again, he was so frightened that he raised his hand to cover his face.

"Because my son has fallen in love with a maid from the Zhou family, Mrs. Zhou promised me that as long as I can mess up the marriage between you and Ya Molian, she will give the maid's marriage contract to our family. I will also give the maid a dowry (つ〇う〇)つ.

Hearing this, Lin Caisang took a deep breath.

This is really a good person being bullied by others, and a good horse being ridden by others!

In order to find a daughter-in-law for herself, can Mrs. Ding ignore other people's marriage affairs and disturb others if she wants?

How can anything be so simple in this world?

"If you want to give your son a happy wife, just dream!"

People like this, who have no morals and no bottom line, and are capable of doing all kinds of immoral things, still want their family to live a happy life. Why don't they go to heaven?

"Uncle Yun, I'll leave the matter here to you. All I ask is that the person is not killed." She looked at Old Man Yun and explained.

"yes."

Old Man Yun responded and looked at the Ding family with sharp eyes.

...

Lin.

Lin Changhong and others who came back from the school also heard the rumors outside. Several of them were very angry and wanted to settle accounts with the eighth wife of the entire Ya Village, but Lin Caisang stopped them.

"Don't go, I've already taken care of the matter." Lin Caisang said to the brothers at the edge of the kitchen.

"Sister Sang Sang, who is so wicked? How can you say such nonsense?" Lin Caiqing asked with her mouth pouted and her face full of anger.

"The person who talks nonsense in the village is Ding." Lin Caisang said.

She had no intention of hiding this from her family, because Mr. Ding was indeed so abominable.

"Ms. Ding, is she the Ding who came to our house to propose marriage before? Why does she say such nonsense?" Lin Changhong said.

Naturally, the marriage proposal at that time had nothing to do with her sister, and the target was Lin Caihe.

Later, after Lin Caisang's reputation plummeted in the village, Ding never mentioned that incident again, and everyone pretended that it didn't happen.

Who knew that this woman was really not a light-hearted person, and she would jump out at this moment to ruin Sangsang's reputation!

"Ding wouldn't say such nonsense without reason, Sangsang..."

Chapter 1070 You will never look back until you hit the wall!

Lin Changfeng looked at Lin Caisang, the meaning in his black eyes could not be clearer. If Ding was really such a big talker, he would have said it long ago. How could he wait until now to say this?

Therefore, if there is any other reason for this, they may not know it.

"It's the Zhou family." Lin Caisang said.

"Zhou family?"

"Zhou family!"

"It's the Zhou family again?!"

Three voices sounded at the same time. Lu Qiubo was standing at the door of the kitchen with a shovel in his hand, looking at the four brothers and sisters angrily.

"Grandma..."

Four pairs of eyes looked at her at the same time.

"This Zhou family is really in trouble. You guys should quickly think of a way to stop letting the evil-minded people from that family act like monsters again. They... oh, they are my favorite!"

With that said, she hurried back to the kitchen with the shovel. After listening to the gossip for a while, she almost burned the vegetables!

Lin Caisang and the other four: "!!!"

Their grandma really takes her grandchildren seriously. How can she be so sure that they can think of a way to defeat the Zhou family?

"Ignore grandma for now, Sangsang, what do you want to do with the Zhou family?" Lin Changfeng came to his senses first and looked at Lin Caisang.

He knew that his sister had this strength. If the Zhou family wanted to clean up the matter, it would only be a matter of saying a few words and doing a few things, which was pretty simple.

"I plan to go to the county tomorrow to have a look." Lin Caisang said honestly.

She didn't know if the marriage between the Zhou family and the county magistrate's house had been settled. If it had been settled, she thought that the day when the Zhou family would be in trouble was not far away.

"As for Mrs. Zhou, no matter what happens to the Zhou family, it seems that this woman needs to be taught a lesson. She was too kind before and thought those people could still turn around. But now it seems that those people will never turn back until they hit the wall. of!"

She looked at the empty courtyard with faint eyes, and her voice was extremely cold.

"Brother, get up early tomorrow and go to the county with me."

"good."

Lin Changhong responded immediately.

"What about Ding?"

Lin Changfeng looked at her and asked.

Although the Zhou family is hateful, the Ding family is equally hateful. She actually came to harm his family for her own benefit. How could he allow such a person to continue to stay in Yacun?

"Ding..."

Lin Caisang lowered his eyes and looked at his toes.

"She will get what she deserves," she said.

For Mrs. Ding, her husband is nothing at all. The most important thing in her eyes is undoubtedly her son, whom she regards as her lifeblood!

Since she has the courage to do things that break up people's marriages, she must be prepared for others to deal with her son!

Of course, she would not do anything to ruin someone's marriage like Ding.

But Ding's son has fallen in love with the Zhou family's maid, so let's let Ding's son be a servant for the rest of his life, even for his children and grandchildren. Of course, the target will not be the Zhou family.

...

The next day, Lin Caisang asked Lin Changhong and Ya Enxi to go to Qianlin County early in the morning.

As for herself, she was also planning to go out, but not to Qianlin County, but to Ye County. To deal with the Zhou family, of course, a two-pronged approach was needed, and she also wanted to inquire about the affairs of the County Sheriff's Mansion.

By her side, there was another person, Lin Caiqing.

"Sister Sangsang, is this Ye County? It's so big and there are so many people! It's nothing like our Qianlin County."
