

Star of Space 1071

Chapter 1071 I'm feeling miserable

When Lin Caiqing first arrived in Ye County, everything he looked at felt strange.

For her, let alone Ye County, she had only been to Qianlin County a few times, and Ye County had always been a place that was just out of reach in the little girl's imagination.

Today, she finally came here.

"It's almost noon, let's go eat first."

Lin Caisang didn't say anything else, but took Lin Caiqing to the restaurant opened by Ya Molian. Filling his stomach was the key, and other things could be postponed.

"oh oh."

Lin Caiqing let Lin Caisang lead him into the restaurant.

...

After coming out of the restaurant, the two of them came to the street outside the Sheriff's home.

In order to threaten the county guard before, she also knew where the county guard lived, so she didn't even need to look for him and could just drive a carriage over.

"Sister Sangsang, are you here to buy these things in Ye County?"

Lin Caiqing was led by her sister to a rouge shop. There were actually many girls inside, who were choosing.

"what do you like?"

Lin Caisang asked Lin Caiqing while playing with a rouge box in his hand.

Hearing this, Lin Caiqing quickly shook his head.

"These things are too expensive. I might as well buy a few more acres of land in the village. I don't want it."

When she entered the door just now, she heard someone asking about the price, and the proprietress in the shop was talking about the price. Her hair stood on end when she heard it. A box of rouge cost more than ten taels. Who would buy it? ?

"If you don't like it, then look at something else." Lin Caisang glanced at her, put the rouge box down, and continued to look at other things.

On the other side, several girls' families were gathering together to discuss the rouge on their hands, all with smiles on their faces.

"Ling'er, I heard that your young lady has got engaged? Which family has she made the engagement to? The county magistrate's mansion has kept such a big happy event well hidden, and not a single bit of information has been revealed."

Suddenly, a little girl looked at one of the girls dressed as a maid and asked.

Hearing this, Ling'er curled her lips and said, "This is the master's matter. I, a slave, can't interfere. Don't embarrass me."

At this moment, she was suffering in her heart. She was the young lady's personal maid. If the young lady got married, she would definitely be dowed. What kind of family the Zhou family was, she felt like a mirror.

And what about her young lady?

As a personal maid who has been with her young lady for ten years, how can she not know what her young lady is thinking?

If you really marry into the Zhou family in the future, the Zhou family will be very lively in the future. What will happen?

What's more, her young lady still has that...

"You guys can pick first. I've bought all the things my lady told me to buy, so I'll go back first." In order not to be with those little girls anymore and expose her long-standing unhappy thoughts, she hurriedly went back first left.

"laugh."

Just when she left the shop, the little girl who originally asked her sneered.

"Who doesn't know that the young lady from her family has decided to marry Zhou Liang, the poor and poor Zhou family in Qianlin County? Why are you so proud? There will be times when she will cry!"

"The Zhou family, how could it be the Zhou family?"

The other little girls felt incredible after hearing what she said.

"Didn't you say that Zhou Liang didn't even pass the exam? Why would the county governor fall in love with him? Isn't this harming his own daughter? It's obviously an inappropriate marriage."

Chapter 1072: Live in this world and suffer a lifetime of sin!

"Lan'er, are you mistaken? That is the governor's daughter. How is it possible..."

Some people didn't believe it, looked at Lan'er doubtfully, and asked.

"Yes, yes, Lan'er, could it be that you made a mistake?" someone else said.

"How could there be a mistake? My young lady has received the news a long time ago. I heard that the auspicious date for the wedding will be more than a month later." Lan'er was questioned by everyone and immediately became unhappy.

His eyes widened and he said.

"Even if she is the daughter of Qun Shou Mansion, she is still a concubine. She can marry into a well-matched family. It would be great if she can marry into the Zhou family and become the head wife."

Everyone: "..."

Even if Miss Ninth is a concubine, she is still the daughter of the county governor's house. How can you, a maid, be allowed to make irresponsible remarks?

If this word reaches the ears of the people in the Sheriff's Mansion, they won't be able to live without it!

"Well, my lady even asked me to buy pastries, so she left first. The little girls who were afraid of trouble used an excuse to leave the rouge shop and refused to talk about this topic again.

After a while, Lan'er was the only one left in the crowd that had gathered together.

Lin Caisang and Lin Caiqing also walked out of the rouge shop and walked to the street after a while.

"Sister Sang Sang, did you hear that? The marriage of the Zhou family has been decided. How can that evil Zhou Liang still get a wife? That kind of person should go to the eighteenth level of hell!"

Lin Caiqing's face was full of anger, and she whispered in Lin Caisang's ear.

Zhou Liang, if you ask her, this kind of person should die. No, death will be an advantage for him, so he should be made worse than death, and live in the world and suffer for the rest of his life!

"How about, Sister Sang Sang, let's go and mess up Zhou Liang's marriage?" she suggested.

Hearing this, Lin Caisang raised his eyes and glanced at his sister lightly.

She finally waited until the marriage was finalized. If she messed up, wouldn't she be disturbed?

"Follow me to another place."

...

Various snacks.

As soon as Lin Caisang and the two arrived, they were welcomed into a hidden room on the third floor.

"Master, I've learned everything you asked me to ask about."

Zhang Shunlai's nephew Zhang Deye stood respectfully in front of her. He had received news from his employer earlier, saying that he was asked to inquire about the affairs in the county governor's mansion, down to the smallest detail.

"Well, tell me."

Lin Caisang nodded and motioned for him to continue.

"Boss, other villains didn't ask much about it, but I found out that Miss Ninth of the County Sheriff's Mansion has a half-brother who is only two years older than her.

But because he is a concubine and the same age as his legitimate son, he has been severely suppressed since he was a child. In order to please the county governor's wife, Miss Ninth's aunt did not care much about her son. What's more, Miss Ninth and This brother depends on each other for life.

As for the guard next to Miss Ninth, in fact, if we single out these two people and don't mention their family backgrounds in the Sheriff's Mansion, they can be said to be childhood sweethearts. The guard has taken care of these two brothers and sisters since Miss Ninth was very young.

Therefore, it is normal for Miss Ninth to fall in love with that guard. After all, that person is a guard, but he has taken care of Miss Ninth and her brother for many years. "

After listening to Zhang Deye's words, Lin Caisang lowered his head and thought for a while.

It seems that Miss Ninth is still affectionate? But before, didn't she personally escort Zhou Liang to the entrance of the examination room? Is there any misunderstanding in this?

Chapter 1073 A new discussion begins

"anything else?"

"The younger one found out that as soon as Miss Ninth became pregnant out of wedlock, the county warden's wife beat her brother as if he were being lax with his god sister, and he couldn't get out of bed for more than half a month.

Zhang Deye continued.

"After that, the county guard asked his wife to go around to find Miss Ninth's in-laws. The county guard's wife was also a powerful character. She really inquired about the affairs of the Zhou family, and she also told you about your destiny and the name of the wealthy star, as well as the Zhou family's. I mentioned this marriage only after I heard everything about breaking off the engagement with you.

Moreover, as far as I know, the reason why Zhou Liang lost his name this time has a lot to do with the county governor's wife. "

"Um?"

Lin Caisang frowned, but soon relaxed.

She could imagine that as the county guard's wife, Miss Ninth was not her biological child, so she would naturally not choose a good marriage.

But, why does she still want to suppress Zhou Liang? There is no such thing as not being nice to others, right?

"what for?"

"During the autumn period, Miss Ninth's brother also passed the exam, but the two sons of the county governor's wife failed to achieve anything and didn't even pass the exam."

Zhang Deye said.

"In other words, it is very likely that the future governor's mansion will be supported by a bastard?" Lin Caisang's red lips curled slightly and looked at Zhang Deye.

No wonder, she always felt that things in the Sheriff's Mansion sounded a little confusing.

For example, Miss Ninth was already pregnant out of wedlock and had done something so disgraceful to her reputation. Instead of driving her out of the house directly or sending her to a nunnery as a nun, the county governor was eager to find a son-in-law. The candidate must marry off his daughter in time.

But it turned out that it was because Miss Ninth had such a brother.

The Lord Sheriff must also know what kind of people his two legitimate sons are. For the future of their family, his ninth daughter cannot be beaten or scolded.

"This...maybe."

Zhang Deye responded.

"Okay, please step back."

Lin Caisang waved to him and motioned for him to leave first.

And she needs to think carefully about what to do next?

In fact, things are already very clear, and you almost don't have to think about it to know what to do next.

"Sister Sang Sang, then... why did that person call you boss? Does this big shop belong to you?" After hearing so many words, Lin Caiqing waited for the person to leave before she finally said the words she was holding in her heart. The words were asked.

"be mine."

Lin Caisang didn't deny it and nodded.

Since she brought Lin Caiqing here, she didn't want to hide anything.

In fact, she had already thought about it. Since she was going to marry Brother Mo Lian in the future, she would go to Weiguo with him. Sooner or later, these family properties here would be handed over to her eldest brother and her third uncle's family. of.

She didn't need to tell them about Jian'an City, but she felt it was necessary to let them know everything about Ye County.

"hiss!"

Lin Caiqing took a breath and looked at Lin Caisang in disbelief.

"Sister Sangsang, are you too powerful? This place really belongs to you. I can't believe it. You can definitely make a lot of money here, right?"

"Um."

Lin Caisang responded lightly.

...

In the evening, Lin Caisang and Lin Changhong returned home almost at the same time.

After parking the carriage, the four of them went to the main hall of Yamolian's house and started a new discussion. Afterwards, Lin Changfeng saw the carriage in the yard and guessed where they might be going, and passed by.

Chapter 1074 Isn't it true?

"Sang Sang, I have inquired. The marriage between the Zhou family and the Sheriff's Mansion is really settled. Now Mrs. Zhou is showing off all over Qianlin County that she is about to become the in-law of the Sheriff's Mansion. She is so proud."

"Yeah?"

After hearing his words, Lin Caisang just smiled lightly.

It seemed that it was exactly as she expected. The marriage between the Zhou family and the Sheriff's Mansion was completely settled this week.

And in the future, even if the Zhou family wants to regret it, it will be impossible.

"It's time, brother. You and Brother Enxi will go to Qianlin County tomorrow to tell Mrs. Zhou everything about Miss Ninth in the Sheriff's Mansion. Remember, you must tell Mrs. Zhou personally. In the ear, it cannot pass through other mouths.

As she said that, she looked at Ya Enxi.

"good."

Lin Changhong nodded, and Ya Enxi also nodded towards her.

Of course, they can do this. Anyway, Mrs. Zhou is walking around happily now. It is definitely possible to just pass a few words into her ears.

"Don't let her see you." Lin Caisang warned them again when they nodded.

"Um."

Ya Enxi nodded.

"Also, Brother Changfeng, do you know the Seventh Young Master from the Sheriff's Mansion?" Lin Caisang looked at Lin Changfeng.

"him?"

Lin Changfeng thought for a while and said.

"We used to study in the same academy, and we had some friendship. The seventh son of the Sheriff's Mansion has always been a man of few words, and he doesn't have many friends in the academy. I don't know why?

I only know that he is the son of the county governor's house, but I have never seen him put on the airs of the county governor's house. He is a strange person. "

"That's because he is a concubine and has been suppressed by his aunt, hiding his clumsiness." Lin Caisang explained.

She had found out more about this person, and he could be considered a man of extraordinary talents. However, because life was difficult in the Sheriff's Mansion, she could only put away her gorgeous feathers.

If he hadn't concealed his strength, he would have turned into a corpse long ago in the Sheriff's Mansion, right?

This can be regarded as the most common life-saving method for all the poor children from wealthy families, so it's not surprising.

But even so, the seventh son of the Sheriff's Mansion can be regarded as the most outstanding one among the descendants of the Sheriff's Mansion. Otherwise, he really wouldn't be able to protect his son who caused trouble for him. Such a big deal for my sister.

"Sang Sang, do you want me to say something to him?" Lin Changfeng asked her.

"Um."

Lin Caisang nodded.

"But not now, in some time."

"Okay, you can tell me when to go." Lin Changfeng responded.

...

The next day, as usual, Mrs. Zhou left home to go shopping and show off what an amazing daughter-in-law she had.

Ya Enxi and Lin Changhong were waiting for her in the teahouse where she was drinking tea.

After saying this through the screen, the secret that the Sheriff's Mansion had worked so hard to hide, Mrs. Zhou, who was waiting for several ladies she had become friends with, immediately became unable to sit still.

With a livid face, he stood up in a panic and walked behind the screen.

However, Ya Enxi and Lin Changhong had left long ago, and they were nowhere to be seen. She was left alone, with the maid beside her, stamping her feet angrily.

"Madam, this...isn't true?"

The maid next to her looked at her wife carefully, and she became so careful even when she asked questions.

Chapter 1075 Don't take it seriously

I really can't believe that the daughter-in-law that her wife misses so much, the daughter-in-law that she talks about so much, could actually be such a person. If those words just now are true, doesn't that mean that her wife is blind?

After hearing what the maid said, Mrs. Zhou glanced at her sharply.

Regardless of whether it is true or not, there is no smoke without fire, and she must figure this out!

If this matter is true, how can Liang'er of her family marry a woman who has lost her innocence and is infertile?

Although she had promised Miss Ninth that she would not force her to have a child, she never thought that Miss Ninth really could not give birth.

She always thought that in the future, when Miss Ninth got older, she would leave a way out for herself and give birth to a son without her urging her. How could she have known that it would turn out like this!

"lady....."

"go home!"

Now, naturally, she can only go home first, tell her family all this, and let them make a decision.

...

Zhou family.

Listening to Mrs. Zhou's fierce words, the whole hall was silent, as if there was no sound of breathing.

"Is everything you said true?"

After a long while, Old Master Zhou came back to his senses and asked quickly.

"Dad, this is all true. People say you have a nose and eyes, how can you still fake it?" Mrs. Zhou was now so angry that smoke was coming out of her nose.

All the way back from the outside, the more she thought about it, the more she realized that this was the case. If Miss Ninth was not like this, why would she marry into their Zhou family? What kind of husband could she choose?

Especially after her family, Liang'er, failed to pass the exam, she originally thought that the marriage must be a dirty deal.

Little did she know that she just mentioned it, and someone from the Sheriff's Mansion came to her door in person to set a date for the wedding.

At first she thought it was her Liang'er who was capable, but she didn't expect that it was Miss Ninth of the Sheriff's Mansion who couldn't marry other than her Liang'er. With such an unclear body, she couldn't be married for the rest of her life. A nun?

"This... you are just hearing this, you can't take it seriously." Old Master Zhou didn't want to believe it.

Because this marriage has been completely settled, it is almost impossible to go back on it.

If Miss Ninth is really that kind of person, then the face of their Zhou family will really be disgraced. This will make him unable to face his ancestors even after he dies!

"Why can't you take it seriously?" Mrs. Zhou's eyes widened.

"If you want to know whether this is true, send someone to find out if Miss Ninth's aunt is really dead? Didn't you say last time that her aunt had long since died due to dystocia?"

It was also for this reason that she did not insist on what Miss Ninth said about having children.

"I heard that Miss Ninth's aunt is still alive and well, not a hair is missing!"

"real?"

Everyone heard her words and only uttered two words.

In order to be able to marry someone off, she could actually lie that her own mother was dead. Isn't this Miss Ninth too terrible?

If the Zhou family has such a daughter-in-law in the future, how will they live in the future?

Can you still live with it?

The Zhou family will not become extinct in the hands of Miss Ninth, right?

"Dad, what should we do? How about I send someone to check?" Mr. Zhou looked at Old Master Zhou and asked in a low voice.

Chapter 1076: Call off the marriage

Hearing this, Old Master Zhou took a deep breath, his old eyes dimming and brightening.

Because he was kicked out of the Lin family many times before, he had been vomiting a bad breath in his chest. This time, because he was engaged to the county magistrate's house, the bad breath finally came out. He was about to go to Ya Village and show off in front of Lin Laogan. Ichiban.

Who would have known that this good granddaughter-in-law he thought would actually be such a person? His face was really slapped.

"Go, go quickly!" He waved towards his son.

"Okay, I'll go right away."

Master Zhou nodded and hurried out to give orders.

...

A few hours later, in the hall of the Zhou family.

Old Master Zhou was still sitting in his original position. Several people were looking at the dishes on the table, but no one had the appetite to pick up a chopstick.

And Zhou Liang was also sitting in the hall now, looking at this and that.

Because he didn't hear what he said before, he didn't know what happened. He only knew that the atmosphere in the hall was so depressing that he wanted to find a way to escape.

Unfortunately, he did not dare to escape and could not escape.

He has been grounded for many days. He can't go anywhere except Zhou's house. He can't even climb over the wall because the ladders have been put away and he can't get them no matter what.

Finally, the servant who was sent to inquire about the affairs of the county governor finally returned.

"Old Master, Master, the young one is back." He panted and came to the hall. Before he could see clearly who was in the hall, Master Zhou grabbed him by the collar.

"Say it, say it quickly!"

"That...Miss Ninth's aunt is really still alive." The servant said quickly.

"What?!"

Everyone screamed in shock when they heard this.

If he is really alive, doesn't that mean that everyone in the Zhou family has been fooled?

Did the county governor think that the Zhou family was easy to bully? He actually took a defiled woman and wanted to marry into the Zhou family and become the eldest granddaughter-in-law of the Zhou family?

"Dad, what should we do? Please think of a solution quickly." Mrs. Zhou was completely helpless at this moment, looking at Old Master Zhou for help.

"Cancel the engagement, this marriage must be cancelled!"

Mr. Zhou also said angrily, how could a scholarly family like theirs allow such a woman to marry into the family?

"Yes, Dad, let's go and cancel the marriage. This marriage must be cancelled, otherwise our Liang'er's life will be over. What hope will there be?" Mrs. Zhou's eyes lit up when she heard her husband's words.

She had never thought that with her son's virtue, there would be little hope for him.

"Cancel the engagement?"

Old Master Zhou looked at the two people with cold eyes and took a deep breath.

He wanted to break off the engagement, but how to break off this marriage? Can he just break off the marriage?

That's the Sheriff's Mansion. Can an ordinary family like them afford to offend it? It would be fine if the governor was easy to talk to, but if...

He could almost imagine that if the Zhou family came to cancel their marriage, the county governor would definitely not look good on them. Not to mention that it was impossible to cancel these marriages safely, it was very likely that even their future life would be ruined. Sad.

However, this marriage...

We really had to retreat. The Zhou family had always been innocent, how could they allow such a woman to be married into the family?

Chapter 1077 Haven't eaten yet?

In this regard, let alone the ancestors of the Zhou family, even he cannot allow such a thing to happen!

"I told you before that we need to take another look at this marriage, but you won't listen. Now it's fine, just wait for the county governor to come to our Zhou family to settle accounts!"

As he spoke, he set his sights on Mrs. Zhou.

Mrs. Zhou's face turned red after hearing her father-in-law's words.

At that time, when the county governor's office sent someone to propose marriage, she was thinking about the cowardice she had suffered from in the Lin family these days, and wanted to vent her anger, so she agreed without thinking.

Who would have thought that such scandalous things would happen in the governor's mansion.

"Then...then I don't know either. How could I know...that there would be such a thing in the Sheriff's Mansion? I didn't know before." She said a little guilty.

If she had known earlier, no matter how powerful Miss Ninth was, she would not have wanted her to be a princess.

She looked at her husband for help, asking him to say a good word to her in front of Old Master Zhou. No matter what happened, this marriage must be canceled.

"Dad, don't talk about this now. Go and cancel the marriage as soon as possible. This matter should be done sooner rather than later." Mr. Zhou received her gaze and said hurriedly.

Hearing this, Old Master Zhou took a deep breath again.

Did they think he didn't want to cancel the marriage? After hearing the news, he wanted to cancel the marriage more than anyone else! But this withdrawal of engagement cannot be withdrawn by just going to the door, right?

"Now that the matter has reached this point, we don't have to be polite and just spread the word about it. If everyone knows about it, this marriage may be canceled!"

He ordered everyone in the hall.

"Okay, I'll go right away."

When Mrs. Zhou heard this, she didn't care about the others and hurried out. The others also turned and left the hall.

"What...what's going on?"

Only Zhou Liang, who was still outside the situation, didn't understand what they said at all. He felt that those people were not on the same page as him at all.

"Grandpa, what happened? Did the Lin family regret it and want to marry Lin Caisang to me?"

Hearing this, Old Master Zhou almost broke his old teeth and looked up at his grandson.

"Go away, go back to your room. You are not allowed to step out without my instructions!" He was going to be mad at this unfilial grandson. How could he raise such a grandson?

"I haven't eaten yet?"

Zhou Liang's eyes widened and he reached out to touch his belly.

He has been waiting here for a long time. He originally thought he could eat, but he didn't know he couldn't eat yet. Are all the dishes on this table just for looking at?

"you--"

Old Master Zhou had a bad breath stuck in his throat. He felt his vision darken and was about to fall back.

Fortunately, the back of the chair was behind him, so the grandson didn't fall to the ground in anger. Otherwise, he would have been really embarrassed.

How long has this happened? If one of them fails, the reputation of their Zhou family will be ruined. This grandson is still thinking about food. Will he starve to death without eating?

"Grandpa, if you don't want to eat, I will ask Ah Cai to bring all these dishes to my room, and I will eat them all by myself." Zhou Liang said to Old Master Zhou before he felt that he had said anything wrong.

Chapter 1078: Being threatened?

"you you....."

Old Master Zhou trembled his lips and looked at his grandson.

He is a good grandson. He has been doing well and smoothly all the way from being admitted as a boy student to being admitted as a scholar. But how did it become like this? When did it start to become like this?

He took a deep breath and then remembered.

It was because he went to the Lin family to cancel his marriage to the Lin family. From then on, his grandson seemed to be a different person, unable to do anything.

He secretly made up his mind that after the marriage at the county governor's house was cancelled, he would find a way to get Lin Laogan to marry Lin Caisang into their Zhou family and become the Zhou family's daughter-in-law!

Even if he had to be tied up or robbed, he would not hesitate.

The key is, as long as the future of the Zhou family is good, he is willing to pay no matter how much he does.

...

Two days later, the Lin family.

Lin Caisang was sitting boredly in the yard when he saw his eldest brother Lin Changhong entering the yard with brisk steps. He was almost walking in a skip, and he was very excited.

"Brother, is there any news?" she asked.

"right."

Lin Changhong nodded immediately.

"The Zhou family caused a lot of trouble in the County Sheriff's Mansion. Everyone in Ye County said that now on the streets of Ye County, everyone is telling jokes about the County Sheriff's Mansion. I guess, our Lord County Sheriff, this I'm sure I'll be very angry now.

Hearing this, Lin Caisang slightly raised her red lips.

"Then what?" she asked.

"I was standing guard outside the Sheriff's Mansion, and I watched Old Master Zhou and the others being kicked out by the housekeeper of the Sheriff's Mansion. They seemed to have been threatened," Lin Changhong said again.

"Threatened?" Lin Caisang raised an eyebrow.

"Um."

Lin Changhong responded.

However, he also had doubts in his heart. He couldn't help but look at his sister and asked aloud.

"Sang Sang, if the Zhou family makes such a fuss at the county magistrate's house this time, do you think this marriage will be directly disrupted?"

This is also very possible. The two families have already fallen out. Will the county magistrate still marry his daughter into the Zhou family? I guess it's impossible?

And wasn't that what the Zhou family had in mind when they spread the word?

Hearing this, Lin Caisang chuckled.

"Of course not. The more the Zhou family wants to distance themselves from Miss Ninth of the County Sheriff's Mansion, the harder it will be for them to distance themselves!"

"Why?"

Lin Changhong didn't understand that Lin Chushui, who was also in the yard, also asked this question.

"Sister Sangsang, what's going on here? If Miss Ninth remarries into the same family, isn't she going to endure hardships? Even if the Sheriff doesn't like Miss Ninth, she is still his daughter, right?"

You wouldn't marry your daughter off and watch her suffer, right? No matter what, this is also about the face of the governor himself. "

"This matter came from the mouths of the Zhou family. The dignified county governor is in charge of everything in Ye County. It is impossible not to find out this. No matter what, the Zhou family can't get rid of this matter. Escaped from things."

Lin Changfeng walked out of his room with a book in his hand and said to them.

"That's true." Lin Changhong glanced at him sideways.

The people of the Zhou family thought very well, thinking that by exposing the incident involving Miss Ninth, they would be able to get rid of themselves.

Unexpectedly, the Sheriff is not a vegetarian. The more they act like this, the more likely the Sheriff will bite them. Old Master Zhou's wishful thinking has completely come to nothing.

Chapter 1079 Go to Ye County for a walk

"But I heard that when Old Master Zhou and the others went to the county governor's house, they didn't see the county governor. It was always the county governor's wife who came forward.

After thinking for a while, he spoke again.

"Sang Sang, didn't you say that the county guard's wife couldn't see the Seventh Young Master and the Ninth Young Lady having their way? Could it be that the people in the Zhou Mansion were secretly instructed to treat the Ninth Young Lady badly? Isn't this possible?"

"It's possible."

Lin Caisang nodded and looked at Lin Changfeng.

"Brother Changfeng, what do you think?"

But Lin Changfeng smiled faintly and shook his head slightly at her.

"First of all, the matter of Miss Ninth of the County Sheriff's Mansion has been made known to everyone by the Zhou family. At this time, even if the County Sheriff's wife is not doing it for the sake of the face of the County Sheriff's Mansion, she is just because of the punishment imposed on her by the County Sheriff. Pressure will not make the Zhou family look good.

Next, since the reputation of the ninth lady of the County Sheriff's Office has been completely ruined by the Zhou family, then the Zhou family didn't buy the debt, so who can force it on? Therefore, this time the Zhou family can only break their teeth and Blood swallowed.

To the people in the Sheriff's Mansion, the Zhou family is no longer an in-law family, but an enemy family.

No matter how stupid the county governor's wife was, she would not dare to defy her husband and join forces with the Zhou family. This would undoubtedly be plucking hairs from the tiger's mouth.

And this whole thing was caused by the Zhou family. As long as the county governor wants to save face, he will definitely support his daughter and will not let the Zhou family slap his ears in the face.

In other words, when Miss Ninth marries into the Zhou family, as long as she walks sideways, everyone in the Zhou family will have to hide away when they see her, including Old Master Zhou! "

"Tsk!"

Lin Changhong clicked his tongue after hearing what he said.

It seems that the people of the Zhou family did not just shoot themselves in the foot this time, but directly drained their own blood and made it a joke for others, right?

"Brother Changfeng, the... county guard can't be a county guard for a lifetime, right? He will always grow old, right?" Lin Chushui looked at Lin Changfeng and asked.

Hearing this, Lin Changfeng raised his eyebrows and looked at his sister.

It turned out that Sangsang had asked him to talk to the Seventh Young Master of the Sheriff's Mansion in a few days, just to talk about this. He finally mastered the secret part of it.

"In a few days, I will go to Ye County to stay for a few days. By the way, I will make an appointment with the Seventh Young Master of the County Sheriff's Mansion."

He said to Lin Caisang.

"Um."

Lin Caisang nodded and glanced at Lin Chushui again.

"Chu Shui has been staying at home and is bored. Brother Changfeng, please take him to Ye County for a visit. There is also a long intention. That kid also goes to Ye County for a walk when he has fun."

"good."

Lin Changfeng nodded and did not object to her proposal.

These younger brothers always have to go out one by one and cannot always be kept at home.

...

Zhou family.

After being kicked out of the Sheriff's Mansion, Master Zhou and Master Zhou returned to their home dejectedly.

At this moment, I didn't even have the strength to speak.

"If I had known it, if I had known it, I wouldn't have said it outside. Dad, it was all you..." Mrs. Zhou's eyes were red, and she wanted to accuse her father-in-law as soon as she opened her mouth, but Master Zhou covered her mouth.

"Shh, be quieter!"

Mr. Zhou is accustomed to looking at people's eyes. He knows when it is okay to say a few harsh words in front of his father, and when it is not possible to make a sound at all.

Just like now...

Chapter 1080 No news leaked at all

His father had not said a word since he came out of the Sheriff's Mansion, and he must have been extremely angry.

If someone complained about him again at this time, his father might be so angry that he might kick the whole family out of the house.

So, he quickly dragged his wife and dodged to a corner.

"Why are you covering my mouth? Did I say something wrong? It's not your father's bad idea. Now it's better. If you steal the chicken, you will lose the rice!" Mrs. Zhou raised her hand and slapped her husband's hand away hard. hand.

If I had known earlier, I would not have listened to the old immortal and gone directly to the county governor's house to cancel the engagement. Maybe it would have been successful.

How could it be like now? Not only did they not cancel the marriage, but the county magistrate's office got hold of the Zhou family, and in turn threatened them.

Now it's okay, her good son will be destroyed in the hands of that despicable Miss Ninth of the Sheriff's Mansion.

Just thinking about it makes my heart hurt so much that I really want to kill someone!

"If you don't want to be kicked out, just say less."

Master Zhou stared at her and warned coldly.

Do you think he doesn't want to say it? Doesn't he want to complain? But what's the point of complaining now that it's over?

Moreover, although his father had the idea, they were the ones who ordered the servants in the mansion to spread those words outside. Speaking of which, they were also at fault. Why didn't they expect to be discovered by the governor at the time?

"I....."

Mrs. Zhou opened her mouth and could only take a deep breath.

"Then tell me, what should I do if it's like this?"

Let her get a daughter-in-law who has lost her innocence, and because Miss Jiu is the daughter of the county governor, she has to respect and pamper her every day!

Thinking about such a life, she couldn't live any longer.

Especially in front of outsiders, this matter has been widely spread. If they get married by then, wouldn't everyone know that their Zhou family married someone like that?

"Anyway, I don't care, that woman must not marry our Liang'er!"

"Otherwise, what do you want to do?"

Mr. Zhou spoke loudly to his wife for the first time.

"Are you going to talk to the county governor's wife? Or talk to the county governor? Can they agree to cancel the engagement? With what happened before, our family has obviously offended the county governor!

It's useless to say anything now. If this marriage happens, then forget it. If it doesn't, do you think our family will have a good life in the future?

Can the Lord Sheriff allow us to ruin his reputation outside like this? "

Now looking back and thinking about it, he had listened to his father's words and spread the news about Miss Ninth of the Sheriff's Mansion. It was really risky!

If the matter hadn't been too big, Miss Ninth would not be able to marry into any other family except the Zhou family. Maybe the county governor would fall out on the spot. It's no wonder that they can't see the county governor.

It's weird for people to see their family.

"It's not that we ruined their family's reputation, it was his own daughter who did it..." Mrs. Zhou was very unconvinced and muttered in a lowered voice.

"Even if Miss Ninth did something stupid, she kept it a secret and no news was leaked." Mr. Zhou interrupted Mrs. Zhou.

Suddenly, he thought of something and couldn't help but frown and glance at his wife.
