

Star of Space 1081

Chapter 1081 Think about this marriage

"Who did you listen to about Miss Ninth? How come it's such a coincidence that our family has just made an engagement with the Sheriff's Mansion, and you can hear those gossips when you go have a cup of tea?"

he asked.

"I....."

Hearing this, Mrs. Zhou's face turned green and her whole body felt bad.

After thinking about it carefully and thinking about it some more, she didn't know who those two people who said those words behind the screen could be.

"I didn't see anyone, I just heard them talking there."

Hearing her words, Mr. Zhou's face darkened suddenly, "Are you stupid? You can believe those words without seeing the person. They obviously know that you will go to the teahouse and are waiting there deliberately to get you to take the bait. Woolen cloth!"

As for his wife, she really took the bait and made the matter so big that she didn't even have any room for maneuver.

"Then this is not false. You heard it today, and the county governor's wife did not deny it." Mrs. Zhou argued forcefully.

Hearing this, Mr. Zhou took a deep breath.

He finally knew what was wrong with this matter. I'm afraid this was someone who couldn't stand the Zhou family and deliberately set a trap for them, right?

"Madam, have you offended anyone these days?" He looked at Mrs. Zhou and asked.

"Who can I offend? Do you think I am that kind of person?" Mrs. Zhou was questioned by him and immediately became furious.

Since her engagement with the Sheriff's Mansion, she has been very happy. She has no intention of offending anyone. All she can think about is how to tell everyone about this good thing and make people outside envied her.

"If you want to offend me, the only ones to blame are the Lin family. You also know that little bitch Lin Caisang has refused to show mercy to me several times. I want to kill her in a day or two."

"Lin?"

Mr. Zhou thought for a while and shook his head.

"With the Lin family's small fortune, it's impossible to know about the affairs of the Sheriff's Mansion. It doesn't belong to them."

Who else could it be?

Perhaps, his wife showed off outside all day long and unintentionally offended those people, so those people set up such a big trap for them to step on!

"Don't worry about who brought this to me. Think about how to get out of this marriage first!" Mrs. Zhou urged when she saw that he was still thinking about it.

She didn't care who she offended outside, as long as she broke off the marriage, everything else would be fine.

"Still thinking about breaking off the engagement? Stop thinking about it!"

Mr. Zhou glared at her and said.

"What?!"

Mrs. Zhou almost jumped up when she heard his words.

"Are you crazy? That woman is not a good woman at all. If Liang'er marries her, how will we live in the future?"

"Live your life how you want!" Mr. Zhou said angrily.

"The situation is already like this. If you want to break off the engagement, unless you no longer want to stay in Ye County, you can move to another place in the future!"

Even so, as the governor of Ye County, he must be related to the governors of other counties. As long as he says a word, which county governor will not betray him?

They can't survive anywhere!

He didn't want to spend the rest of his life wandering around because of a woman. It wouldn't be worth it.

"I....."

Mrs. Zhou opened her mouth, not knowing what to say.

"Is this really the case?"

"Then what else do you want?" Mr. Zhou stared at her and asked.

Chapter 1082 How can I withstand it?

"I'm telling you, don't go out and make a fool of yourself these days, so as not to make people laugh at our Zhou family's jokes, stay calm at home, and don't even think about dealing with Miss Ninth of the County Sheriff's Mansion. There is no one our Zhou family can afford to offend!"

After thinking for a while, he spoke to Mrs. Zhou seriously and warned her.

"How could I go out and embarrass myself?" Mrs. Zhou couldn't be convinced and argued.

The one who is so embarrassed is clearly Miss Ninth of the Sheriff's Mansion. How come she makes it look like all the faults are hers?

Who did she provoke? Isn't it because you didn't propose this marriage in the first place?

However, who would have thought that things would be like this? If she had known that Miss Ninth was so useless, even if she was given as her daughter-in-law for nothing, she would not have wanted it.

Her body is in ruins and is not even worthy of carrying her son's shoes!

"Anyway, don't offend the people in the county governor's mansion. Now dad is dissatisfied with you. If you cause any trouble again, maybe dad will even let me divorce my wife!"

"you--"

Mrs. Zhou's eyes widened and she looked at her husband in disbelief.

This husband, who had never been jealous of her since they got married, actually said that he wanted to divorce his wife. Is this still the husband she knew?

"How can you say that? I worked so hard to give birth to a son for the Zhou family, and you actually treat me like this?"

"Anyway, you can do whatever you like, but I also remind you that if you cause any trouble again, you can clean it up yourself. I don't care. After Mr. Zhou said the last words to her, he turned around and pulled off his sleeves. Dump it and leave.

It's not that he has to tell his wife this, but he knows that if he doesn't say something powerful, his wife will continue to do those thankless things outside.

If a hole is really made in the sky then, the Zhou family is just a small family, how can they withstand it?

Therefore, it is better to say ugly things first to prevent her from committing another crime.

Mrs. Zhou's eyes were red, and she watched her husband's back walking further and further away. A bad breath was stuck in her throat, but she couldn't get out.

Of course she knew that she had to avoid the people in the county governor's house at this time, and she couldn't say anything outside, because after the last incident, the county governor must have secretly sent someone to keep an eye on their Zhou family.

But, could she really watch her son be destroyed in the hands of a woman?

...

The Sheriff's Mansion is in a small courtyard.

Miss Ninth was sitting in her boudoir, embroidering mandarin ducks with an embroidery piece in her hand, as if what was happening outside had nothing to do with her.

"Miss, why aren't you anxious? The Zhou family has gone too far to bully others. Otherwise, you go and beg the adults. It doesn't matter if you don't marry the Zhou family. Even if you do, you will still suffer."

The maid Ling'er stood behind Miss Jiu and spoke carefully.

After hearing Ling'er's words, Miss Jiu paused, but soon started to embroider again, seemingly not taking Ling'er's words seriously.

"Miss....."

Seeing that her young lady ignored her, Ling'er called out softly again.

The next moment, Miss Ninth's sharp eyes glanced directly at Ling'er, glaring at her coldly.

"If you want to go, just go."

"Well."

Ling'er choked on her young lady's words and immediately didn't dare to say any more.

Miss Ninth knew very well that the Zhou family's marriage was already a done deal.

Chapter 1083 Wait for her to clean up slowly

If there was some room for regret before, after the Zhou family went out of their way to spread her story, her father would never let the Zhou family have the opportunity to cancel the engagement!

No matter how unbearable she is, she is still the young lady of the county guard's house. How could her father let outsiders bully her?

What's more, that person is from the Zhou family, whose family is mediocre!

"Ling'er, if you don't want to stay here, you can find another master. I won't have any objections. What do you think?" She looked at Ling'er with light eyes while embroidering. said.

Hearing this, Ling'er fell to her knees with a thump.

"Miss, I don't dare to talk nonsense anymore. Please don't drive me away. I will follow you for the rest of my life and never go anywhere.

"snort."

After hearing what Ling'er said, Miss Ninth just snorted coldly.

Why do you think she doesn't know if you follow her all your life? Although this little girl's contract of prostitution is in her hands, her heart is towards the eldest lady.

Whenever something happens to her here, she is always the first to report it to the eldest lady.

Why did her child, who was perfectly fine, be given a bowl of medicine before and be killed? Do you think she really doesn't know what's going on?

She is not dealing with this maid now, but she is still in the county governor's mansion. Just wait, after she marries the Zhou family, she will settle the accounts one by one.

As for the Zhou family...

How could she let them go so easily after making her affair known to everyone?

That person in the Zhou family, wait for her to take care of it slowly!

Let Ling'er kneel on the ground like this, she stood up, walked out the door, and came to the guard outside the door. Wingdings: 

"Where's my brother?" she asked.

The guard heard her voice and turned to look at her.

"Back to Miss Ninth, the Seventh Young Master has been shutting himself in the room. It seems that he... heard something about you outside." He paused and said.

Of course, he also had an unshirkable responsibility for that matter. If he hadn't been careless, he wouldn't have brought the matter to this point.

After hearing the guard's words, Miss Ninth's face became unusually serious.

She didn't care about anyone's reaction, but the person locked in the room was her brother, the person who had been dependent on her all those years.

Taking a deep breath, she lifted her feet and walked out the door.

...

Outside the Zhou family gate.

A carriage drove over from a distance and stopped just outside the gate of Zhou's house.

When the servant saw this, he immediately came out to check. Unexpectedly, he saw a person who made his hair stand on end getting out of the carriage.

"Nine...Miss Ninth, she, she...how did she come?"

Miss Ninth had been here before, and as the gatekeeper of the Zhou family, he had naturally seen her.

It's just that things between the two families are in such trouble, why does Miss Ninth come to Zhou's house? Shouldn't she be crying half to death in her boudoir at this moment, and then looking for death and survival several times?

"Quickly, go talk to the old master, Miss Ninth from the Sheriff's Mansion is here." He hurriedly shouted towards the yard.

...

A short while later, in the living room of the Zhou family, Miss Ninth sat unceremoniously on the main seat, and on the other main seat, Old Master Zhou sat.

When the other Zhou family members saw this, their faces turned dark.

But he couldn't do anything with Miss Jiu. Who said she was from the county governor's house?

Chapter 1084 Is it difficult to know this?

"I wonder why Miss Ninth is here today?"

Although Old Master Zhou wanted to be cold-faced, he didn't want to see the little girl in front of him at all.

However, in order not to offend the county magistrate's office, he had to put on a good face and asked Miss Ninth.

"Old Master Zhou, I heard that your Zhou family has been trying to ruin my reputation these days. Is this true?"

After Miss Ninth took a sip of tea, she put the teacup on the table. Her cold eyes swept over everyone in the Zhou family one by one, and finally settled on Old Master Zhou's face, and asked rudely.

"this....."

"Does your reputation still need to be ruined by us? None of the things you did are true? Miss Jiu, if you are wise, I advise you to call off this marriage quickly, so that when the time comes, everyone will Not having a good time!"

Before Old Master Zhou could deny her words, Mrs. Zhou on the side couldn't help it anymore and shouted directly to Miss Ninth.

"laugh."

Miss Ninth sneered.

He glanced sideways, looking playfully at Mrs. Zhou, who was jumping like a grasshopper, and then slowly moved her eyes to glance at Mr. Zhou.

"Mr. Zhou, do you think it will be difficult for me? Huh?"

"Well!"

Mr. Zhou was choked by her light words, and his face turned red.

This is Miss Ninth of the County Sheriff's Mansion. Even if she does something even more extreme, as long as the county protects her, no one dares to do anything to her. Only those who bully her will suffer!

"You can't say less!"

He glanced sideways and glared at his wife displeased.

"Why didn't I tell you?"

Not to be outdone, Mrs. Zhou glared back while secretly glancing at Miss Ninth while still muttering in her mouth.

"She did such embarrassing things on her own, and she was still afraid of what others would say. If she was afraid, then don't do those things!"

"According to what Mrs. Zhou said, should I order someone to go to the streets of Qianlin County to publicize the things Mr. Zhou did before?"

Miss Ninth glanced at Mrs. Zhou with a faint smile.

"So that the entire Qianlin County will know what kind of people you Zhou family are. When you are poor, you fawn over the Lin family like dogs, and then you kick them when you get ahead.

And now, even more so, she has a daughter but does not care for her, and has become an unfaithful, ruthless, cold-blooded and immoral person.

How about it, Mrs. Zhou, would you like me to help you spread the word outside to see if it is your Zhou family that is embarrassing, or this young lady? "

"you--"

After hearing her words, Mrs. Zhou felt as if a fish bone was stuck in her throat, and her whole face turned red.

"You...how did you know this?"

She couldn't help but ask.

She thought that not many people knew about Liu Yushui, but she didn't expect that someone who was raised in a boudoir would find out about it. Miss Ninth of the Sheriff's Mansion was really not a simple person.

"Is it difficult to know this?" Miss Jiu asked her back.

Would she be so incompetent that she wouldn't be able to inquire about such a small matter?

What's more, didn't Zhou Liang spend every day with Liu Yushui? When everyone else is blind!

Only the Zhou family was self-righteous and thought it was a good idea to keep this matter a secret.

"Oh, by the way, someone as incompetent and cowardly as Zhou Liang can't even look down on Liu Yushui, right? I heard that the Lin family has chosen a husband for her and is preparing to get married. .

Chapter 1085 What about you, who do you think you are?

What a pity, the two daughters are both surnamed Lin but not Zhou. Your Zhou family is destined to have no descendants! "

"you....."

Mrs. Zhou was so angry that she really wanted to rush over and strangle Miss Ninth to death. How could...how could such a woman speak so rudely?

"Miss Ninth, please speak with some kindness. Even if my wife is wrong again, she will still be your mother-in-law in the future. It is against filial piety for you to be disrespectful to her." Mr. Zhou looked at Miss Ninth and reminded her.

"laugh."

Miss Ninth sneered.

He glanced at the Zhou family members one by one with disdain.

"Filial piety? What the hell is that? I am the daughter of the county governor, do I still need to be filial to you? I can marry into your family, that is your family's blessing. You really thought I was begging to marry into your family. Are you here?"

Listening to her words, Old Master Zhou didn't say a word. However, the veins on the back of his hands on the table revealed his inner feelings at the moment.

"You guys are really ridiculous. Let's talk about your grandson and son Zhou Liang. What is he capable of?" Seeing that none of the Zhou family had anything to say, Miss Ninth continued to talk to them.

"Qiu Wei was already smitten by the woman before he even entered the venue. If I hadn't been afraid of embarrassment and slapped her earlier, how could I have allowed him to behave like this?

At least very few people know about what I did, but what about your 'good' grandson and 'good' son? I wish everyone in Ye County knew what kind of virtue he was!

For a person like this, do you still think he can marry a fairy? Still want to marry Lin Caisang from the Lin family? You Zhou family members are really thick-skinned!

how? Master Zhou, Mr. Zhou, Mrs. Zhou, do you really think that your Zhou Liang will be so outstanding in the future? Is it time to wake up from the sweet dream? As for him, it would be great if he could stay at home peacefully for the rest of his life! "

"you you....."

Mrs. Zhou pointed at Miss Ninth with trembling hands.

How could she allow the son she held in her hands to be devalued as worthless by others?

And more importantly, she couldn't find anything wrong with what Miss Ninth said to refute, as if her son was such a stingy person.

"My Liang'er is at least a scholar. What about you? Who do you think you are?"

After thinking about it in her mind for a long time, she couldn't hold back her words.

"Xiucai?"

Miss Ninth rolled her eyes at Mrs. Zhou.

"You are a scholar, but... your lifelong career as a scholar has come to an end, right? Haha."

She sneered a few times.

At least, as long as she is around, she will not let Zhou Liang have another chance to impress others. Otherwise, her death is coming!

"you--"

"alright."

Mrs. Zhou still wanted to speak, but saw Miss Jiu standing up.

"I've finished what I want to say. Mr. Zhou, I don't care about anyone else, but you should be clear-headed and stop being encouraged by those unworthy people to do those thankless things."

She looked at Old Master Zhou, who had been silent, with a hint of gloom in his eyes.

"If there is a next time, I can't guarantee that everyone in the Zhou family will be able to stand here with both hands and feet. After all, I came from the county governor's house, and those little tricks can still be used. Some."

Chapter 1086 Who is this?

Hearing this, everyone in the Zhou family gasped.

There was also a hint of fear in the eyes looking at Miss Nine.

"Dad, are we going to let it go?"

After Miss Nine left, Mrs. Zhou looked at Master Zhou with resentment and asked angrily.

"Then what else do you want to do? Are you going to kill our whole family?" Master Zhou stared at her with stern eyes and questioned, then he looked at his son.

"If you don't take good care of your woman, sooner or later this family will be ruined by her, so just spoil her!"

"Dad is right, I know, I will definitely discipline her in the future. Mr. Zhou was also frightened by the last words left by Miss Jiu, and hurriedly responded, pulling his wife out directly.

The other people left one after another when they saw that the atmosphere was not right.

...

Ya Village.

The marriage of Liu Yushui and Lin Dama was settled.

Because Liu Yushui's side was only the Lin family, other people would not come to the wedding, and Lin Dama, who married Liu Yushui, was also disliked by many people in Ya Village.

So, their marriage was extremely simple.

On an auspicious day, Lin Dama brought his two daughters and moved the things in his room over. In fact, there was nothing, two torn quilts, two sets of children's clothes, one set of adult's torn clothes, and nothing else.

Lu Qiubo was in charge of it, and simply set up three tables of wine at Liu Yushui's house, and called He invited several of the most familiar people in the village to have a meal together.

Of course, Lu Qiubo also specially asked Lin Baiyi to push Lin Laogeng to the home of the Lin clan leader and invited Lin clan leader to come.

With Lin clan leader suppressing this marriage, although the villagers talked about it, no one would say anything about Liu Yushui and Lin Dama openly, after all, the clan leader had been to the wedding.

With this, Liu Yushui's matter came to an end.

On the day when Liu Yushui and Lin Dama got married, Lin Caisang specially prepared eighty-eight tael of silver. The silver was given to Lin Laogeng, who was asked to personally deliver it to Liu Yushui.

She knew that although her grandfather said that he did not recognize Liu Yushui as his granddaughter, his heart was still soft.

Otherwise, Lu Qiubo would not have arranged this marriage.

As night fell, several people came out of Liu Yushui's house. The men were slightly drunk and staggered with every step. However, Lin Baiyi did not drink much and pushed Lin Laogeng back to his home.

"Sangsang, auntie begs you, please let my family go. Auntie only has this one son!"

Suddenly, a figure rushed out from the darkness and rushed directly towards Lin Caisang. He knelt on the ground with a "thump" and hugged Lin Caisang's legs.

"Ah, who is this person?"

Lu Qiubo was so scared that he almost fell backwards and fell on the field stalks.

"Don't be afraid, Sangsang, Baiyi, get this person away quickly!" Yang Lin was also frightened, but she still remembered to ask her husband to get the crying woman away.

In fact, Lin Baiyi didn't even need to be asked. Lin Caisang just raised her foot and kicked the person out.

"Uncle San, don't come over here. Don't get involved with this person." She raised her head and glanced at Lin Baiyi who was coming to help.

She can point out things that never happened. If her uncle really met this Ding, I'm afraid he would be full of mouths and couldn't explain it, right?

Chapter 1087 Good on you, Mr. Ding

"Aunt Ding, I didn't do anything to your family.

Under the moonlight, she looked at Ding seriously and said calmly.

"Why didn't you do anything to my family? I just found out today that the maid from the Zhou family was sold. It was you. Did you buy it back? It must be you! Sangsang, why do you have to go against my family? "

Auntie, what on earth did I offend you? You have to do it so brilliantly. Now my son is going to wipe his neck and hang himself because of that maid. Please hand her over as soon as possible. "

Hearing her words, Lin Caisang smiled coldly.

Are you here to beg her? He was obviously here to question her and ask for help from her.

"Sang Sang, what's going on? When did Ding's son get involved with you again?" Traveling with them were Patriarch Lin and several elders.

Hearing such words, he was also confused and looked at Lin Caisang and asked.

"Grandpa Patriarch..."

"Clan leader, you have to make the decision for our family!"

Before Lin Caisang's explanation could be uttered, he heard Ding wailing and rushed toward Patriarch Lin.

Patriarch Lin was startled, but after having the experience of being pounced on many times, he reacted quickly and took two big steps back. Ding did not pounce, but instead pounced directly on the mud.

"Ouch! Bah, bah, bah!"

Her mouth was full of mud, and Ding was so uncomfortable that she vomited it out.

"Sangsang..."

Patriarch Lin looked at Lin Caisang and motioned for her to speak first.

"Grandpa Patriarch, you should also know that there have been rumors in the village about me and Brother Molian a few days ago, right?" Lin Caisang looked at Patriarch Lin and reminded.

Hearing this, Patriarch Lin and several elders all narrowed their eyes, and one of them even glanced sharply at Ding who was spitting.

"Did this woman spread those words in the village?"

When Patriarch Lin heard this, he also aimed his eyes at Ding.

"Well, Mr. Ding, you don't do one serious thing all day long, but you do a few dirty things a day. How did Sang Sang and Mo Lian offend you? Do you want to ruin their reputations like this?"

What he meant was, how could such rumors spread in the village for no reason? Ya Mo Lian had clearly told him in person before leaving.

But it turned out that it was this Ding who deliberately talked nonsense.

"me....."

As soon as Ding spit out the mud in her mouth, she saw the deep eyes of the Lin clan leaders, staring at her like wild wolves.

She trembled in fright and took a few steps back.

"Then there's nothing I can do about it. My son likes a maid from the Zhou family and wants to marry her. Otherwise, is it possible that I have to watch my son die?"

She didn't feel at all that what she did was wrong.

On the contrary, it is Lin Caisang. This little girl is so disgusting in the movie. It is obvious that the big fart is over, but it will be over after a while. I have to force her so hard, and now I have bought her favorite daughter-in-law. Walk!

How is she going to live this day? Now her son...

Just thinking about it makes me feel aggrieved!

"Lin Caisang, why are you so wicked? I just said a few unpleasant words to you, and I won't bite a piece of flesh from you. Why do you have to bite me to death and not let me go?"

If you want to blame, blame Mrs. Zhou. She didn't want you and Ya Mo Lian to be good together, so she asked me to say that outside. I just listened to her words. This is not my fault. It has nothing to do with me! "

Chapter 1088: Be more...accommodating?

Everyone: "..."

I have never seen such a shameless person.

It has nothing to do with her. She was not the one who corrupted Sangsang. Didn't those wicked words come from her mouth?

Now that Lin Caisang has taken action to punish her, she wants to get rid of everything. How can such a good thing happen?

"I blame Mrs. Zhou, so I bought back the most capable maid around her so that she would lose one of her hands from now on." Lin Caisang raised her eyebrows and said to Mrs. Ding .

"Aunt Ding, do you think this punishment is enough for Mrs. Zhou? Huh?"

"you--"

Ding's breath was stuck in his throat, and he almost died of anger at Lin Caisang's words.

This is not punishing Mrs. Zhou, it is clearly punishing her. Now her son is making a fuss about life and death, saying that without that maid, he will hang himself or jump into the river!

However, she couldn't say anything because Lin Caisang just bought a maid from the Zhou family and had nothing to do with her family.

"Sang Sang, my aunt was wrong about what happened before. I apologize to you. Please forgive me and return that maid to my aunt. Without her, my aunt's family will really not be able to survive."

She had to lower her body and beg Lin Caisang in a low voice.

"Aunt Ding, what you said in the village before, if it were applied to anyone, they would probably be so angry that they can't live anymore. I haven't said that I can't live anymore. What's the point of it for you? Not going down?"

Lin Caisang was not polite to her at all and just choked.

If her relationship with Brother Molian hadn't been there, and she was an ordinary girl, she would have known about the rumors in the village and ruined this good marriage.

Now that Ms. Ding is doing well, do you still want her to forgive you?

Does she seem to be such an easy person to bully? If this continues, will anyone from anywhere be able to step on her head?

"So, don't beg me. You should go home and beg your son. Or, you can beg Mrs. Zhou and ask her to find another wife for your son. Then everyone will be happy."

Hearing this, Ding's face turned green.

Now that she has done what Mrs. Zhou told her like this, it is tantamount to saying that she has failed. It is strange that Mrs. Zhou would pay attention to her!

"Sang Sang, can you really not be... accommodating?" She looked at Lin Caisang and asked in a low voice.

"Does Aunt Ding think I, Lin Caisang, can be bullied? Huh?" Lin Caisang asked her back.

He's already riding on her head, but you still want her to be accommodating? Are you joking with her? From today on, she will not give them any chance to take advantage of anyone who dares to get into her hands!

"Lin Caisang, why are you so hard-hearted? My aunt is so old, yet she comes to you to plead for mercy, but you don't pay attention. You... no wonder you can't get married, you deserve to be abandoned by Ya Molian!"

Seeing that her plea was hopeless, Ding showed a ferocious face again and cursed Lin Caisang.

"Hmph, do you think Ya Molian will come back? He has already married a wife outside, and maybe he will have a son soon. You are the only fool who is still waiting here. Just wait and wait. Old girl!"

With that said, she turned around and left quickly amid everyone's astonished eyes.

"This Ding!"

Lu Qiubo grinded his teeth and turned to look at his granddaughter.

Chapter 1089 His sister is so kind

"Sang Sang, you shouldn't have let her go like that. She has ruined your reputation this time!"

Hearing this, Lin Caisang just smiled lightly.

Is it so easy to let Ding go? Haha, she felt that the next thing would be more interesting, Ding, you still have to cry!

"Grandpa Patriarch, you have also seen it. It's not that I can't tolerate Ding, it's her..."

Although the matter had been done, she originally wanted to know about it only for her family members, but never wanted to let Chief Lin and other people in the village know. She always had to explain.

"Sangsang, well done!"

Unexpectedly, Patriarch Lin raised his hand and patted Lin Caisang on the shoulder.

"After all, you have grown up and know how to protect yourself. This Ding family just needs a lesson. No matter how you fight back, the patriarch will not say anything. Don't worry and do it.

If people don't offend me, I won't offend them!

Since it was Ms. Ding who committed the crime herself, don't blame others for being cruel. If you want to blame her, blame herself!

"Um."

Lin Caisang responded lightly.

...

Back at Lin's house, Lin Changfeng and Lin Changhong gathered in a pile and went to Lin Changfeng's room.

"Brother Changfeng, that Ding family is so abominable!"

How could Lin Changhong be so angry? He didn't know what his Sangsang family was going to do. Just ruining Ding's son's marriage was too cheap for her, so she had to pay a higher price.

"Are we really just like Sangsang said, forget it?"

Lin Changfeng: "..."

How did his cousin figure out that Sangsang would let it go?

"If you have nothing to do, go for a walk in the village. Didn't you hear Sangsang say that the maid she bought from Zhou Mansion was put in the mulberry garden?" he reminded.

"ah?"

Lin Changhong didn't understand what Lin Changfeng said at all.

That maid was bought back, so of course she had to work, otherwise what would Sangsanghua do with the money?

Although, he really didn't know why Sangsang wanted to buy her back, so why would he just have someone sell the maid to the other side of the world so that Ding's son could not get involved?

"Brother Changfeng, what do you mean?" he asked.

"Didn't Aunt Ding say that her son was going to hang himself because of that maid? Now that the maid is in Mulberry Garden, Aunt Ding's son must be very willing to... chase her and live with her, right?"

Lin Changfeng reminded.

Lin Changhong: "!!!"

He suddenly understood what her sister had done. It turned out that there was such a big trap, and it was directly delivered to Ding.

It's a pity that he thought his sister was too kind, but he didn't expect...

"Then what if he goes and abducts people?" he asked.

"What do you mean?"

Lin Changfeng raised his eyebrows and looked at him.

"Sang Sang's garden belongs to Sang Sang, and the people inside have all agreed to sell themselves. How can strangers from outside enter? What do you think we should do?"

Since Mr. Ding dared to target his family's Sangsang and wanted to use the reputation of Sangsang to earn himself a daughter-in-law, then he would let her not even keep her own son in the end.

From now on, he will never be that good-hearted horse who is bullied by others again!

Hearing his words, Lin Changhong's eyes lit up and he became excited.

"I'll do it tomorrow!"

After this time, whoever dares to say something bad about his sister will be dragged to the mulberry garden to do hard work one by one!

Chapter 1090: Can I grab it hard?

...

Another home in Yacun.

Mrs. Ding came back from outside and came to her main room with a gloomy look on her face, looking at her sullen son inside.

"How's it going? Mom, has Lin Caisang promised to give my wife back?" His eyes lit up, he ran towards his mother, grabbed her arm and asked anxiously.

Hearing this, Mrs. Ding's face turned ugly and she threw his hand away.

"That little bitch is so ignorant that he doesn't even want to sell my face!"

Thinking about seeing Lin Caisang's face before, she felt extremely angry. How could there be such an ignorant person?

Didn't he just gossip about her a few times outside and not let go of her? Could it be that apart from her, no one else in the village had gossiped about her, Lin Caisang?

Why do you have to hold on to her? It's obvious that she is easy to bully!

"Zha'er, don't think about that maid. In a few days, mother will marry you a daughter-in-law who is more beautiful than that maid." She said to her son.

There is no way, who makes Lin Caisang unable to explain.

As for the attitude just now, even Patriarch Lin was standing on Lin Caisang's side. Seeing her being bullied by a junior, he didn't stand up to say a fair word for her!

The people in this Ya Village are all white-eyed wolves. If you treat them so well in the future, you are just feeding the dog!

"How can this be done, mother!"

When Lin Zha heard his mother's words, he immediately became unhappy.

"Mom, you said before that you would find me a wife. It's been two years and there's still no one. This time I finally found the one I like and she is willing to follow me. Why don't you agree? "

Mom, I am your biological son, why are you so reluctant to see me? Do you want me to be a bachelor for the rest of my life and make our Lin family extinct? "

"you--"

Ding was almost angered to death by Lin Zha's words.

What do you mean she wants the Lin family to have no descendants? If Lin Caisang refuses to return the maid to her, what can she do?

Could she still try to rob him?

Besides, even if she wanted to rob him, she had to know where Lin Caisang was hiding him, right?

She even went to Menghuang Mountain secretly, risking being bitten by wolves. Wasn't it just for her unsatisfactory son?

What's going on now, you're still blaming her? Is this all her fault?

She didn't do anything wrong. It was clearly Lin Caisang who was unreasonable and opposed her. How could she, an elder, be allowed to shamelessly beg Lin Caisang for a little girl?

No matter what, she wouldn't go there a second time.

"Master, please say something, what should we do about this matter?"

With no other choice, she looked at the silent man beside her and asked him to give her an idea.

However, after hearing her words, the man just raised his eyes and glanced at her lightly without saying a word. After glancing at his son Lin Cha again, he got up and left the main room and returned to his room. .

He really didn't know anything about his mother-in-law speaking ill of Lin Caisang outside.

These two people had kept him a secret. Now something happened and they couldn't handle it anymore, so they asked him to find a solution?

What can he do?

Lin Laogan's family is different now. Lin Caisang now wants money and money, and he has a lot of people under his command. He was already frightened to death when Lin Caisang broke into his home before. .
