

## Star of Space 1141

Chapter 1141 Get out of this house!

"What kind of posture do you want to cast?!"

Old Master Zhou pushed his hand away, raised his hand and slapped him.

"The deed of sale is gone. Who are you going to sue? Those people are free. Besides, have you seen them stealing our things?"

What's more, if you don't know where the person has gone, how can you catch him? Will the county magistrate listen to them?

"Then what should we do? Do we have to swallow this breath?" Mr. Zhou asked him.

"Then what else can be done..."

"It's Lin Caisang, it must be her, she did it!"

Old Master Zhou's words were interrupted by Mrs. Zhou. She looked steadily into the distance and her voice was like a ghost crawling out of hell.

"What nonsense are you talking about? How could Lin Caisang have such ability? She..." Mr. Zhou twisted his head and scolded her, but at the end of the sentence, he had to shut his mouth.

Speaking of Lin Caisang, it is really possible that he has such ability, if what Lin Caisang said to them before is true.

"Dad, could it really be Lin Caisang?"

He looked at his father and asked.

Hearing this, Old Master Zhou took a deep breath and glanced at his son and grandson.

"At this point, it doesn't matter who did it. What matters is how you are going to explain it to your second brother when he comes back from his parents' home with his wife!"

This family fortune is not his alone, it was built bit by bit by his second son.

Now, because the eldest son gave birth to a son who failed to live up to expectations, the family fortune has been lost. How can there be no commotion when the second eldest child comes back?

"I....."

When Mr. Zhou heard this, his face turned red.

How did he know how to explain it? The money was not stolen by him, but by the servants. What does it have to do with him?

"Dad, we can beg the second younger brother and sister. The second younger brother and sister's mother's family..."

"Shut up!"

Master Zhou heard his son's words and shouted angrily.

Doesn't he know what kind of temper his second daughter-in-law is like?

A good family fortune is gone. If she knew about it, she would probably instigate her second son to kick him out, and then instigate her second son to go back to her parents' house to live with her!

He didn't want to give up his second son for his eldest son. He would not do such an unwise thing.

"Boss, if you keep acting so careless, get out of this house!"

He pointed at the door of the hall and yelled at his son.

"father!"

Master Zhou shouted angrily, but there was nothing he could do.

He is penniless now, what can he do? If he leaves this home, he will just wait to starve to death outside.

"grandfather....."

"Shut up, too. It's all because of you that our family is like this!" Zhou Liang just wanted to speak, but Old Master Zhou stopped him.

"What does this have to do with me? You had to go to the Lin family. Now something happened, but it's my fault?" Zhou Liang muttered unconvinced.

It wasn't him who proposed the trip to Lin's house before. Now that the house has been looted, is it all his fault?

Isn't this too unfair?

"you--"

When Old Master Zhou heard his muttering, he almost spit out a mouthful of blood.

How could he have such a grandson?

"you give me....."

"Hey, is anyone home?"

Before Old Master Zhou finished speaking, he heard a sharp voice.

Chapter 1142 The person must be handed over

When he heard the sound, he saw an old woman, followed by several men with swords, walking in front of the family.

"Who are you? Why did you come to my house?" Mr. Zhou reacted immediately and asked.

But instinctively, he took a few steps back. When he reached a place where he thought he was safe, he asked the old woman.

"Who am I? I am Mrs. Ya from Yahang. Your wife must have met me, right? Mrs. Zhou." Mrs. Ya looked at Mrs. Zhou and said with a smile.

Hearing this, Mrs. Zhou had to stand up and looked at Granny Ya with a very uncomfortable look on her face.

"Grandma Hua, what's the matter with you coming here today?"

She knew very well that the people in this dental shop were all people who did things for others and did other things for ghosts. If they knew that the Zhou family had no money now, they would definitely not look down upon them.

"That's it, Mrs. Zhou. Half an hour ago, your personal maid Ding Xiang came to me and said that you were short of money and wanted to sell all the servants and maids in the house to the dental shop at a cheap price. The money is my boss's. It's all paid."

Granny Hua said to Mrs. Zhou.

"No, the boss asked me to come over quickly and take those people back."

"What?!"

After hearing Granny Hua's words, Mrs. Zhou screamed and almost fainted.

When had she ever done such a thing? Even if there is a shortage of money, all the individuals and maids in the house will not be sold.

Where is this from what he has done?

"No, no, Granny Hua, I didn't sell those people, it was all Ding Xiang's maid who made her own decisions, you..."

She quickly shook her head in denial.

"I don't care about that."

Granny Hua didn't give her a chance to finish her words.

"My old lady only knows that the boss spent a lot of money to buy all the servants and maids in your house. You must hand them over today."

"I....."

Mrs. Zhou was speechless for a moment.

How can she hand over someone? Everyone in this family has already escaped. Who can she find?

"No, Granny Hua, let's discuss it again. Look at this...Dad, what should we do? Please say something, this is not my business alone."

She said a few words, knowing in her heart that she couldn't explain anything in front of Granny Hua, so she could only turn her head and look at Old Master Zhou.

As for Old Master Zhou, he was completely confused at this moment. He never imagined that things had come to this point. Not to mention that the money in his hand was gone, he actually owed so much money.

Those maids were bought back at a very young age. At that time, you didn't need to spend too much money, and you could buy one for just three or five taels.

But now, many years have passed, and the little girls have been raised to be beautiful girls. It's time to sell them for a good price. Where can I buy them with only three or five taels of silver?

Besides, the older servants and women are all supported by their families. Their sons and daughters are already fifteen or sixteen years old, which is a considerable amount of money.

Now all of a sudden, I actually told him that he was sold to the dental shop.

"Grandma Hua, can you give us some time to think of a solution? As you can see, my house is a bit messy right now." He looked at Grandma Hua and said with a brave face.

But Granny Hua also received guidance from others, so how could she show any favor to Old Master Zhou?

Chapter 1143 Not one or two can be missing!

"Old Master Zhou, look at what you said. If I give you some time, then my boss won't give me some time? My boss said that we must take all those people back today to avoid a long night - so many dreams.!"

She said meaningfully.

Old Master Zhou had a bad breath stuck in his throat. If he could really be so angry that he vomited blood, he would have already vomited blood.

"Grandma Hua, do you have to force my Zhou family like this?" he asked angrily.

"It's not me forcing you. It's clearly your Zhou family that's forcing me." Granny Hua didn't take his cold face to heart at all, but waved her hand away indifferently.

"Old Master Zhou, let me tell you something you don't want to hear. If your family really can't survive, you will sell everything in the house. You should also have integrity in this business. You can't give these deeds to our dental shop. Once you let it go, it's all over?"

My boss has not seen any of the people here. Could it be that Mr. Zhou wants my boss to make a loss-making business? "

As she spoke, the thugs behind her rolled up their sleeves one by one and began to become vicious towards the Zhou family.

"this....."

"What do you want to do?"

Mrs. Zhou looked at them and backed away in fright.

"Don't try to act arrogant here. This is the Zhou family, not a place where you can do whatever you want. You...you go to whomever you give money to. What are you doing to our Zhou family?"

"Hey.

Granny Hua sneered after listening to Mrs. Zhou's words.

"Old Master Zhou, I heard that your wife here wants to make my boss suffer from this? That's fine..."

"No, no, Granny Hua, listen to me."

When Old Master Zhou saw what she said, he quickly shook his head.

"Don't leave, don't leave yet. I will definitely give you and the boss of the dental shop an explanation for this matter."

What he fears most now is that Granny Hua is gone now and will bring more people to come to cause trouble for them later, and then his old bones will really be broken here.

"Tsk."

Granny Hua clicked her tongue and looked at Old Master Zhou with disdain.

"Hmph, you think I'm stupid. I'm leaving right now. Aren't you afraid that you might run faster than a rabbit while I'm not paying attention? Hurry up and hand me over. If you can't hand me over, you can pay me five hundred taels. You can't lose even one tael of silver!"

"What?!"

Hearing her words, not only Old Master Zhou took a breath of air, but even Mr. Zhou was frightened.

"You are robbing money? Just a few servants and maids are worth five hundred taels of silver? Who are you kidding?" Mrs. Zhou jumped up and asked Granny Hua.

Five hundred taels of silver, that's a lot of money. How many servants and maids can it buy?

"What's wrong with so many servants and maids? Isn't it because Mrs. Zhou is short of money and my boss just gave you a few extra taels for your sake?" Granny Hua said.

"I didn't expect that all of you in the Zhou family are all those who like to play tricks. They don't make friends with others after getting money. Do you really think that my boss is a bully?"

Let me tell you, if you can't hand over money or people today, then your family's lives will be spared! "

"hiss!"

Old Master Zhou gasped again.

Although he is much older, he still doesn't want to die like this, but this dental shop owner is really willing to do anything for money. Killing a lot of people is really not a big deal to those people. What.

Chapter 1144 Let him make enough trouble

However, five hundred taels of silver is for the Zhou family...

Maybe he could have come up with this money by gritting his teeth in the past, but today, his family has been emptied out, and even if he has great ability, it is impossible for him to come up with it.

"Grandma Hua, if you give us two more days, I will definitely find a way to pay you back."

He gritted his teeth and said to Granny Hua.

"no!"

How could Grandma Hua give him any time? She couldn't wait any longer now.

Five hundred taels of silver left her hand. If someone from the Zhou family ran away this week, how could she explain it to her boss? Wouldn't she have to pay for it herself?

She works in a dental clinic, and although she can usually get some out of it, how could she be willing to make her bleed so much all at once?

Therefore, she must keep a close eye on the Zhou family at this time.

"Old Master Zhou, I left my words here. If you can't hand over the money today, you can either hand over the person here, are you there..."

She raised her head and glanced at the Zhou family's house, her eyes full of satisfaction.

"In my opinion, your house can be worth four hundred taels of silver without force. I won't ask for the remaining one hundred taels from you. I'll just treat it as giving you face, Mr. Zhou. "

"you--"

After hearing Granny Hua's words, Old Master Zhou felt that his vision went dark and he was about to fall back.

Fortunately, I stretched out my hand and helped myself on the door frame, so I didn't fall down.

"Dad, Dad, are you okay?"

Seeing this, Mr. Zhou hurried over to help him.

"Grandma Hua, we can never give you this house..."

"Then take the silver, five hundred taels, not a single copper!" Granny Hua immediately took over his words.

Mr. Zhou: "..."

Where is he going to get five hundred taels of silver?

"Dad, what should I do? I have no money here."

He really had no money, all was stolen. He turned around and glanced at his wife, and saw that she didn't even look at him. He knew that even if she had money, she would not take it out. For him.

Besides, I still don't know if I have any money?

Moreover, he was still thinking in his heart that if he really had money, he couldn't take it out. If he took out all the money in his hand, how would he live in the future?

This house was originally bought by his second brother, not by his eldest family. If it is paid out, it will be paid out. If something like this happens in the family, even if the second brother comes back, he will still have to make trouble with him.

Since that's the case, let's just let him have enough trouble.

When Old Master Zhou heard his son's question, how could he know what to do?

Do you really want to mortgage the house? This is the house he has lived in for many years. If it is really going to be rented out, how can he have the face to face his second son in the future? The most important thing is, where will he stay tonight?

"Old Master Zhou, you'd better decide quickly. I can't wait that long. The boss is still waiting for me to reply." Granny Hua said to Old Master Zhou.

Hearing this, Old Master Zhou gritted his teeth and looked up at the home where he had lived for so many years.

"Boss, the house deed is in the second brother's room. Go and take it out to Granny Hua." He told his son.

"In the second brother's room?"

Mr. Zhou was excited and thought to himself, could it have been stolen too?

Thinking about it, he quickened his pace and walked in the direction of his second brother's room. He had to go and take a look quickly, otherwise there would be nothing left. It would be difficult for them to escape by then.

Chapter 1145 It's better to leave quickly

After a while, Mr. Zhou came over with the house deed.

He searched in his second brother's room for a long time, but found nothing except the deed, and everything was stolen.

"Dad, the property deed is here for you."

He did not dare to hand over the house deed directly to Granny Hua, but handed it over to his father.

In this way, even if the second brother comes to make trouble in front of him in the future, he can still say that the house deed was handed over by their father himself and has nothing to do with him.

Old Master Zhou stared at his son coldly and cooed at him.

"Give it to her.

Hearing this, Master Zhou paused, lowered his head, and looked at the house deed in his hand, with a trace of embarrassment on his face.

"Dad, how about you give it to me? I... really can't give it to you," he said.

After hearing his son's words, Mr. Zhou took a deep breath. As he was raising his hand, there was a hand, but faster than him, coming to snatch the house deed that Mr. Zhou was holding.

Who knew...

"ah!"

The outstretched hand was slapped away by Mr. Zhou.

"what are you doing?!"

After Mrs. Zhou screamed, she covered the back of her hand which was red from being slapped and glared at her husband and asked.

He was the one who took the trouble to get the house deed. Why was he not happy when she was willing to give it to Granny Hua? Do you have to look at the thugs behind Granny Hua and beat them all to death to feel comfortable?

"go away!"

Mr. Zhou glared at him angrily and continued to hand the house deed to his father.

At this time, Mr. Zhou had not yet figured out what was going on. He just wanted to hand over the house deed as soon as possible so that his family would be safe and no longer be stared at by those thugs.

He took the house deed into his hand, walked to Granny Hua with unsteady steps, and handed the house deed directly over.

"for you."

Naturally, Granny Hua would not be polite to him and took the house deed into her own hands.

"Old Master Zhou, I can barely give you four hundred taels of silver for this house. You still owe my boss one hundred taels, so these deeds of sale cannot be returned to you. No matter what, I can't let my boss make a loss. Isn't it a business?"

"you--"

Old Master Zhou was extremely angry.

But what can he do? Now his life is in the hands of others. There are so many thugs with big knives in their hands.

"If you don't give it, don't give it."

Those servants and maids have long since disappeared. Even if he has those deeds of prostitution in his hand, what's the use of them?

He didn't believe that those people would dare to run away for him if there was no one behind them to help him?

"Old Master Zhou is still wise."

Granny Hua raised her eyebrows, stuffed all the prostitution contracts into her pocket, turned around and left.

However, before taking two steps, she turned around again and looked at Old Master Zhou.

"By the way, Old Master Zhou, since this house no longer belongs to your Zhou family, you'd better leave as soon as possible. Don't wait until then. My boss will send someone to drive you out. It will be embarrassing then."

Hearing this, Old Master Zhou was stunned.

He just wanted to get rid of these people as soon as possible, but he didn't expect that after handing over the house deed, where would they live in the future? It's late at night now.

But looking at Granny Hua's attitude, does she want their family to leave now?

"Okay, let's go!"

Chapter 1146 It's still uncertain who looks at whose face.

Taking a deep breath, he said something to Granny Hua, and then looked at his son.

"Boss, go collect your things and let's go."

"Dad, where are we going at this time?" Mr. Zhou swallowed his saliva and asked nervously.

Is it possible that they have to live on the street?

"Hurry and clean up!"

Old Master Zhou yelled at him angrily.

Now people are here staring at their family, and they still want to leave. Is there any use in being stubborn?

"oh oh.

Mr. Zhou quickly responded, took Mrs. Zhou and left.

Zhou Liang looked at his parents, then at his grandfather. He stayed there, not daring to move.

Until now, he still couldn't believe that he just went to Yacun, and how could he be like this when he came back? He had no money, no servants to serve him, and now he didn't even have a place to live.

"What are you doing standing there, waiting for me to clean it up for you?" Old Master Zhou glared at his grandson and roared.

"I...I'll go right away."

After being yelled at, Zhou Liang finally came to his senses and hurriedly responded.

He finally understood the seriousness of the matter. If he brought everything he shouldn't bring tonight, he would have to earn everything by himself in the future, and even his parents might not be able to rely on him.

Because he felt that everything that happened to their Zhou family was because of him.

When Old Master Zhou saw him leaving, he glanced at Granny Hua, walked slowly to his room, and packed up the things he needed to pack.

...

An hour later, Yacun.

After a carriage went there, it came back and stopped in a dilapidated yard.

But although the yard is dilapidated, at least it can still be lived in. After all, it is the old house of the Zhou family. Even if no one can live in it, Mr. Zhou will often send people to clean it.

But those things that are damaged will not be replaced at any cost.

"Dad, are we... going to live here in the future?" Mr. Zhou looked at the crumbling house with some hesitation and asked unconfidently.

"If you don't want to live here, you can leave."

Old Master Zhou said to him coldly that he had already decided in his heart that he would never spoil his eldest son's family again.

"No, dad, I'll stay, I'll stay, that's not enough." Seeing that his father was really angry, Mr. Zhou said hurriedly.

Even if he doesn't want to live there, so what, he doesn't have to live there, otherwise, where can he live? Although the house is dilapidated, it can at least provide shelter from wind and rain. It's better than living on the streets, right?

"Liang'er, move all these things in quickly." He looked at his son and ordered.

Although Zhou Liang didn't want to move at all, he had no choice but to move those things from the carriage. Otherwise, who could move them?

"Mom, please come down quickly and don't make grandpa angry again."

Seeing that his mother was still on the carriage and refused to get off, he lowered his voice and spoke to her.

"Fortunately, we still have a carriage. It will be convenient to go to the county in the future."

After Mrs. Zhou got off the carriage, she glanced at the dilapidated house with disgust and couldn't help but murmured.

Fortunately, she could still go back to her parents' house to get something. Otherwise, she would really have nothing. She didn't say just now that she really didn't have a tael of silver in her hand now.

But speaking of it, the Zhou family is not as good as her natal family now. Who will look at whose face in the future?

Chapter 1147 But what to do?

"Liang'er, hurry up and move your things in. Mom will go sit in the house for a while.

After telling her son, she beat her waist and walked into the house with a twist.

However, before he had reached the halfway point, he was stopped by a sharp shout, "Why did you come in empty-handed? I don't know if I can help Liang'er, so hurry up and move things!"

These are the words that Mr. Zhou cursed.

Mrs. Zhou paused, looked at her husband blankly, and opened her mouth.

She wanted to say that she had never done anything like that, but now that she was talking about it, she felt that it would only attract more scoldings.

He could only grit his teeth, turned around, looked in the direction of the carriage, and walked over.

"Hey, I am penniless now, but what should I do?" Old Master Zhou sighed heavily, asking his son as well as himself.

"Dad, don't worry, I will drive the carriage to the town tomorrow, and I can get a few taels of silver back." Master Zhou said.

At this point, he can only take a step and see if he can survive until his second brother comes back. When the time comes to buy a new home, they can still live a good life.

"That's all we can do." Old Master Zhou sighed again and said.

...

Lin.

There was a knock on the door, startling several sleeping people.

Lin Changhong was the first to open his door and looked at the courtyard door in confusion, "Who is it? Why are you knocking on the door so late at night?!"

"Changhong, open the door quickly, I'm in a hurry." A female voice came from outside the door.

Hearing the sound, Lin Changhong raised his eyebrows and looked at his girl who had just opened the door.

"Go and open the door." Lin Caisang said.

The person outside the yard is Liu Yushui. It is impossible for her to come here for no reason, and it is still late at night.

"good."

Lin Changhong nodded and went to open the door.

After a while, Liu Yushui arrived in the main room, looking at Lin Caisang and others with anxious expressions on his face.

"Yushui, what did you just say? Who has entered the village?" Lu Qiubo had just come out of the room and was still buttoning his buttons. Hearing her words, he asked anxiously.

"Grandma, you heard me right, it's Old Master Zhou and his family who have all moved to Yacun." Liu Yushui explained.

"Just now my Sanni and Sini were crying non-stop, and I was coaxing them. Unexpectedly, I heard the sound of a carriage on the road outside. I was also curious, so I went out to take a look. I never expected that I actually saw them. arrive.....

Grandma, the Zhou family must have moved to the village. I just saw them carrying big and small bags from the carriage. "

Lin Caisang's face turned dark when he heard Liu Yushui's words.

She just wanted to teach the Zhou family a lesson so that they would not dare to make trouble again. Who could have imagined that she would be so cruel that she would force them back to Yacun.

However, she looked at Liu Yushui.

"Liu Yushui, what does it have to do with you that the Zhou family returns to live in the village? You are already married, so you just live your own life with your husband." She said to Liu Yushui.

"I'm not..."

Liu Yushui gritted his teeth and looked at Lin Caisang.

"Aren't I afraid that the Zhou family will make trouble? If nothing else, Sanni and Sini are always Zhou Liang's children. If he... Sangsang, you know that the Zhou family has always been I'm so shameless, what should I do if they really want to steal my child?"

Chapter 1148 Why not? I think it will.

Isn't she worried about her two children?

Besides, she had been with Zhou Liang after all. If the Zhou family really moved to the village, we would never know what the talkative women in the village would say. What ugly words!

"Also, now that everyone in the Zhou family lives here, will Miss Ninth from the Sheriff's Mansion still marry Zhou Liang?"

If Miss Ninth doesn't get married, that guy Zhou Liang is a bitch. Who knows what he will do. I have finally managed to live a stable life, and I don't want him to ruin it. . "

"You don't have to worry about this. No matter what happens to the Zhou family in the future, Miss Ninth of the Sheriff's Mansion will definitely marry Zhou Liang." Lin Caisang said.

Even if Zhou Liang is in decline, Master Zhou's reputation is still out there. Furthermore, the Lord Sheriff knows very well that besides the Zhou family, who else would he want to marry his ninth daughter?

Therefore, no matter what happens to this marriage, it is a sure thing!

"You go back first and live peacefully. As for the Zhou family, I have my own way to deal with it," she said.

After hearing Lin Caisang's words, Liu Yushui finally felt at ease, nodded, and left after a while.

Lu Qiubo, after talking to a few children, also went back to sleep.

"Sang Sang, eldest brother really didn't expect that the Zhou family would actually come to live in the village this week. What should we do next?" Lin Changhong closed the door of the hall and asked.

"What else can I do, just keep bullying me." These were Lin Caiqing's words.

The Zhou family used to bully them a lot because of their ability and a little money. Now that they have moved back to the village, can they pretend that nothing happened?

"How can that be done? Where is Old Master Zhou's reputation?" Lin Changfeng shook his head and said.

"Why not? I think it will."

Lin Changhong disagreed with his cousin's words.

"How can Old Master Zhou have any reputation at all? When he came to Ya Village these days, how often did he not make a scene that made the whole village know their faces? His reputation can also scare those who are unreasonable in Ye County. "

As for Yacun, who doesn't know who Old Master Zhou is? Even after he knew that his family Sang Sang had been betrothed to Ya Molian, he still showed a shameless face and came to the door several times.

Is this something that humans can do? He clearly came here deliberately to ruin the good marriage of his family Sang Sang!

"Sang Sang, what do you think? What should we do? Let the Zhou family continue to live in the village?" he asked his sister.

"I....."

"Sister Sang Sang, why don't we go find out tomorrow. We don't know what happened to the Zhou family." Lin Caisang opened his mouth, but was interrupted by Lin Changyi.

he asks.

"No need to ask, I sent people to rob the Zhou family." Lin Caisang said.

"What...um!"

Everyone almost screamed when they heard her words. Fortunately, Lin Changfeng covered Lin Caiqing's mouth in time so that they did not disturb the two elders who were already sleeping.

"Sang Sang, then...the Zhou family is penniless now, so that's why they moved to the village?" Lin Baiyi looked at Lin Caisang and asked.

But if it was just robbed, the house would still be there, right? It couldn't be that the house had been knocked down and no one could live in it, right?

Is there something else they don't know about this?

Chapter 1149 It depends on whether she agrees!

"I don't know what's going on at this point. I have to ask tomorrow morning." Lin Caisang said.

She was also confused in her heart. Even if the Zhou family was robbed again, it would be impossible for everyone to be robbed, right?

Granny Hua from Yaxing would at best have the servants and maids of the Zhou family taken away. How could she possibly drive them back to Yacun to live there?

There must be something going on that she doesn't know about, and she'll find out if she asks tomorrow.

"By the way, eldest brother, Brother Changfeng, you have to go and talk to Chief Lin tomorrow morning. I have brought a lot of benefits to the village this year. I believe Chief Lin will still stand by me. I don't want the people in the village to praise those few members of the Zhou family to the sky.

She explained to her eldest brother and cousin.

"This is easy to handle."

Lin Changhong nodded.

"It just so happens that the Zhou family wants to live in the village. When they dug the pond, they didn't pay much money. It just so happened that Chief Lin could collect the money."

"I remember that Mr. Yan had a good relationship with Mr. Zhou in the past. Third uncle, go to Mr. Yan's house early tomorrow morning and ask him to find Mr. Zhou to find out what happened to the Zhou family."

Lin Caisang said to Lin Baiyi.

"Your Grandpa Yan, he..."

Lin Baiyi just wanted to say something different from Lin Caisang, but when the words came to his mouth, he swallowed them back.

"Okay, I'll go and tell you, and your Grandpa Yan will agree."

What he wanted to say was that when Old Master Zhou was still in Ya Village, his relationship with Old Man Yan was pretty good. Of course, Old Man Yan also had a good relationship with their old man.

But that year, Old Man Yan's grandson had just been born, and there was a severe flood, so no crops were harvested. He dragged his feeble body to the county town to borrow some grain from Master Zhou, but he was kicked out and received nothing.

Later, it was his family Sang Sang who begged his eldest brother to sell the remaining bird's nests in his family in exchange for some food and gave half of it to Old Man Yan's grandson.

Of course, Lin Caisang was still young at that time, so he might not remember this, and thought that the relationship between Old Man Yan and Old Master Zhou was still fine.

In fact, since then, Old Man Yan has never looked for Old Master Zhou again, and has never even mentioned Old Master Zhou!

How can this be considered a good friendship?

"good."

Lin Caisang felt relieved when his third uncle answered.

"Brother, what you just said should be done in a few days. Adding insult to injury should be done only when people are really desperate. It will be more enjoyable to do it!

Also, if Old Master Zhou really has no choice but to live in Yacun, he will probably go to Chief Lin to plead with him in order to earn money, and he will want to go to the village school to teach people how to read. That is also a good job.

Naturally, this road cannot be given to him. When the time comes, I will tell the old man that it will be done. If it fails, I will directly provide the money to repair the school. The condition is that Old Master Zhou is not allowed to teach. "

she said.

Literary men, no matter how desperate they are, still want to do the simplest things and get the highest wages, but teaching is not the best job.

If Old Master Zhou really wants to do it...it depends on whether she agrees or not!

Hearing this, Lin Changhong just raised his eyebrows.

"Sang Sang, when the second uncle returned to the village, why didn't you think of dealing with him? Otherwise, how could the second uncle have been so easy?" He said quietly.

Chapter 1150 What impact can it have?

Lin Caisang: "..."

She glared at her brother angrily.

"Can it be the same? No matter how bad my second uncle is, he is still my grandfather's son. If I kill him, what do you want my grandfather to think?"

The Zhou family is different. They are not related by blood, and if we really talk about it, they still have a grudge against our family. No matter how ruthless they are, I will be able to attack the Zhou family. "

"That's true!"

Everyone nodded after hearing this.

The Zhou family, they can do whatever they want. The key is, even if someone finds out, it will be the result that the Zhou family deserves!

"Sang Sang, what are your plans for Yushui?" Lin Baiyi thought for a moment and asked.

If the Zhou family really couldn't survive, they might actually try to get Liu Yushui's idea. It's not like the Zhou family couldn't do it, and it's not like they had never done it before!

"Liu Yushui, just have a word with Clan Leader Lin." Lin Caisang said.

"If Old Master Zhou really wanted to live in Yacun, he would not dare to disturb Liu Yushui. How can I put it? Liu Yushui is having the best life now, because for the Zhou family, she will receive the least attention. people.

If Old Master Zhou still had some money in his hand and cared about his reputation, he would not care about Liu Yushui and his two children. After all, Liu Yushui was married, and even if he wanted to have two children, he would not be caught. The biggest stain in his life.

After all, he had never admitted that Liu Yushui's children were descendants of their Zhou family.

But if Master Zhou didn't have any money, then he would be even less likely to mess with Liu Yushui's two children. Even if he took the children away, what would he do to support them?

Therefore, as long as Liu Yushui and his wife are tougher, the Zhou family will not get any advantage from them.

If Liu Yushui is really worried, it's easy. Brother, you can go to Menghuang Mountain tomorrow to bring down a wolf cub and put it in Liu Yushui's house to raise. This is always safe. "

"Okay, I will take care of this matter tomorrow." Lin Changhong nodded.

Although he still doesn't like his cousin Liu Yushui, the little niece is still quite lovable. For them, he has to take care of Liu Yushui's family.

"It's late at night, Third Uncle, Brother Changfeng, you all should go to sleep." Lin Caisang said.

Because of the Zhou family's affairs, we can't make them not sleep at all, right? No matter how the Zhou family will live in the future, she won't let the Zhou family live a good life, isn't it?

"Sang Sang, the Zhou family has moved here, will it not have any impact on you?"

After Lin Baiyi and the others left, only Lin Caisang and Lin Changhong were left in the hall. Lin Changhong couldn't help but ask.

After all, he had seen how thick-skinned the Zhou family members were and had to guard against them.

"What impact can it have?"

Lin Caisang chuckled lightly, looking indifferent.

Raising her hand, she touched her chin lightly and looked outside the dark door.

"Actually, I'm really looking forward to seeing how the Zhou family will live in Yacun. They are not Liu Baixiao, who can make me spare them time and time again for my grandpa's sake!"

Hearing this, Lin Changhong just raised his eyebrows.

...

Ye County, the governor's house.

Lin Caisang's family was not the only one who knew what happened to the Zhou family. Miss Ninth had been sending people to keep an eye on the Zhou family, so naturally she also knew the news about the Zhou family.
