

Star of Space 1181

Chapter 1181 Really? Really?

"We keep all these banknotes, and..."

She went to another place and handed an inconspicuous-looking box to Li Ming's eyes.

"These are the silver and some jewelry you gave me over the years. When my father was made happy by me, he gave me random gifts from others. You took them and hid them.

We are leaving the Sheriff's Mansion now, and we will be counting on this money in the future. When the time comes, we will secretly open a shop in Ye County. As long as our mother doesn't know about it, we will be able to live a good life. "

"If you get married tomorrow, the county governor should give you a shop, right?" Lie Ming said.

Feng Yurui: "..."

Brother Ming, can you stop thinking so well of everyone?

She is marrying at a low age now, and what happened before has left the worst impression on her father. It was because of his brother's sake that his father didn't break her legs.

As long as the mother blows the pillow in front of the father, the father will give her a shop?

At most, give her dozens of acres of fertile land.

But no matter what, the shop will always make money and lose money, and the fertile fields, no matter how bad they are, are still there. If you can grow some food, you can plant it. Even if you can't grow it, those fields will not be damaged.

"maybe."

She glanced at Lie Ming and said three words calmly.

And just as Feng Yurui expected, after the wind blowing from the county governor's wife's pillow, the county governor immediately decided to buy 30 acres of fertile land for Feng Yurui near Yacun and gave the land deed to her as a dowry.

The dowry maids were no longer the personal maids left behind by the county governor's wife, but were replaced by two little maids who had just been bought and acted very recklessly.

But thankfully, Lie Ming was also included in her dowry.

Because of Feng Yurui's previous incident, Li Ming was considered unfavorable by the county guard, so he took away his identity as a bodyguard and directly demoted him to a servant, doing some chores beside Feng Yurui.

This time, the county magistrate felt that his daughter was spoiled after all and could not get used to the farm work in the countryside, so he married Li Ming to her so that he could help her do the dirty work.

The meaning couldn't be more obvious, that is, let Feng Yurui live peacefully with Zhou Liang in Yacun from now on.

Seeing this, Feng Yurui just sneered and said nothing.

...

Yacun.

When Mrs. Zhou saw the people from the county governor's house and heard what they said, she felt so excited.

"Really? Are you sure?"

Pulling the nanny beside the county governor's wife, she acted like a fool and asked several times in a row, 'Really? '

Seeing her fool-like look, Grandma stretched out her hand with a cold face, shook off Mrs. Zhou's hand, and then raised her eyes to look at Old Master Zhou.

"Old Master Zhou, my lord has told you to make arrangements as soon as possible. Although your Zhou family is in decline, my lord is not the kind of person who cares about family status. Let's get this marriage done as soon as possible."

"well."

Old Master Zhou nodded repeatedly and said a few good words.

"It's okay, Old Master Zhou, if you like it." Mammy looked at him and said.

To be honest, when she first came to this place, her jaw dropped. How could there be such a shabby place?

This is the old Master Zhou from before, and he actually lives in such a place!

Chapter 1182 Be more calm

Originally, she was going to follow the madam's words and make trouble for Miss Ninth, so that the Zhou family would punish her in the future, but looking at the situation in front of her, she didn't say anything that she shouldn't have said.

"Also, my master asked me to have a few words with Mr. Zhou. Although my ninth daughter is a concubine, she has been pampered since she was a child. A young lady who came from the county governor's house cannot bear the slightest grievance.

If Miss Ninth is wronged in your house in the future, my master will definitely not sit idly by and ignore it. Mr. Zhou, do you understand my master's painstaking efforts? "

Instead, she told Old Master Zhou exactly what the governor told his wife.

Come to think of it, Miss Ninth is treated like a rich young lady all of a sudden, and she has to suffer a lot to be a daughter-in-law and serve her father-in-law and mother-in-law in this place. If she adds insult to injury again, the adults will know about it in the future, and she will definitely be Can't catch the good ones.

It's better not to say anything and let Miss Ninth figure it out on her own.

Moreover, she had also inquired about this lady from the Zhou family. She was a person who did different things overtly and secretly. On the surface, she said she would not do anything to Miss Ninth, but secretly, who knew how she would bully Miss Ninth?

When the time comes, just ask Madam to turn a blind eye.

"Understood, Mammy, please rest assured, Lord Sheriff, that when Miss Ninth is married to our Zhou family, I will treat her like my own granddaughter." Old Master Zhou responded enthusiastically.

Now, as long as it brings him money, it's okay for him to offer Feng Yurui.

He has already planned that when Feng Yurui comes to marry, he will definitely ask her to hand over all her dowry and keep it for him. When the time comes, he will not need to see the evil look on his second son's face.

"That's it, that's good."

Grandma didn't say much, and after sitting for a while, she left.

"That's great, that's great." Mrs. Zhou was still mumbling as she watched the people from the Sheriff's Mansion leave.

Although the wedding was a little hasty, she would never have to go into the kitchen again. All the dirty and tiring work would be left to Feng Yurui, so she would have nothing to worry about.

"Boss, hurry up and get this embarrassing thing back into the room!" Old Master Zhou glanced at his daughter-in-law impatiently and ordered to his son.

"Yes, Dad."

Mr. Zhou also felt that this wife was very embarrassed. He grabbed her arm and dragged her towards the room.

At the entrance of the courtyard, Old Master Zhou looked at his grandson Zhou Liang, and Zhou Liang was also looking at his grandfather.

"Grandpa, I don't want to marry..."

Until now, he has not recognized the facts and feels that marrying Feng Yurui is not the best choice.

"Please calm down for Grandpa. Your marriage to Miss Ninth is a foregone conclusion. Tomorrow night you will enter the bridal chamber obediently for Grandpa. Do you understand?!" How could Old Master Zhou give him a chance to speak? He lowered his voice. warned.

"grandfather!"

Zhou Liang felt a lot of resistance in his heart. He didn't want to marry Feng Yurui at all.

Although Feng Yurui would bring a lot of dowry by marrying him, she was also the ninth lady of the county governor's mansion. How could she be bullied by the Zhou family as his mother thought.

When the time comes, I'm afraid he will be the only one being bullied!

But Lin Caisang is different. If he marries Lin Caisang, as long as he treats her better in the future, her money and her abilities that are unknown to them can be used by him.

Chapter 1183 As your future husband-in-law

Maybe, by then, he will be able to become an official without having to participate in Qiu Wei again!

"The one I want to marry is Lin Caisang. Grandpa, you don't know that Lin Caisang's money is no less than that of people from the county governor's house! It is better to marry Lin Caisang than to marry Miss Jiu's woman.

Moreover, how could Miss Ninth be as beautiful as Lin Caisang?

"Shut up!"

Old Master Zhou gave a cold shout.

Do you think he doesn't want his grandson to marry Lin Caisang?

However, you have to be able to marry her. Not to mention Ya Mo Lian is here now. Ya Mo Lian and Lin Caisang are already engaged. Even if they are not, Lin Caisang has not yet reached the age of hair, and there is no way to marry her now. Come in!

What their family needs most now is money. By marrying Miss Ninth from the Sheriff's Mansion, they can get a lot of money to feed and clothe their family. Isn't that good?

"Liang'er, grandpa didn't say not to let you marry Lin Caisang. That's for the future. Now let's marry Miss Jiu first. Do you understand?" He said solemnly.

Hearing this, Zhou Liang's eyes lit up.

"Grandpa, what do you mean..."

When Lin Caisang reaches the age where he can get married, will Grandpa still find a way to let him marry Lin Caisang?

"This matter cannot be discussed."

Old Master Zhou raised his hand and interrupted him.

"Anyway, let's marry Miss Jiu first, and then slowly ease the relationship with the Lin family. At that time, as long as we talk things through with Mr. Lin, we still have a chance. We need to establish a foothold in Yacun first. I understand. ?"

he said.

"I understand, Grandpa."

Zhou Liang nodded immediately. As long as he could marry Lin Caisang, he would agree to everything else.

What's wrong with marrying Feng Yurui? She's just a woman, and she's just a woman who can't give birth to a son. At worst, can't she just divorce her according to the seven-pronged rule - she has nothing to offer?

"Grandpa, I'm going to get ready."

He said happily and went to prepare. Although tomorrow was not what he expected, Feng Yurui was a woman after all, right?

Before marrying Lin Caisang, it was impossible for him to not have a woman, and he was not a monk, so it was a good choice to use Feng Yurui as a temporary transition.

...

"Isn't this speed too fast?"

Lin Caisang couldn't help but secretly gasped when she heard the news. She had just returned from Qianlin County with Brother Mo Lian and bought some things when she heard the news that the Zhou family was going to hold a happy event.

And, just tomorrow.

"Fast?"

Ya Molian didn't feel it was fast at all, he thought it was too slow.

"Isn't it quick?"

Lin Caisang asked him back.

However, whether it is fast or slow, this is not something she needs to worry about.

"Since the wedding is held in Yacun, Old Master Zhou should have invited many people from Yacun, right?" she asked.

What she is concerned about is how many people in Yacun will go to Zhou's house for a wedding banquet. After all, the girl who is about to marry Zhou Liang is Miss Ninth of the County Sheriff's Mansion.

"Everyone who has been invited by Old Master Zhou will come, including your grandma and grandma. There should be more than half of Ya Village." Ya Molian said.

Lin Caisang: "!!!"

Master Zhou is so powerful. He actually invited so many people for such a hasty thing. Is he afraid that he won't spend enough money?

"Brother Mo Lian, then you...weren't you also invited?"

she asked.

"As your future husband-in-law, I naturally have to go with the Lin family. Is there anything wrong?" Ya Molian said.

Chapter 1184 I already have the desire to curse.

Lin Caisang: "..."

Brother Mo Lian, you are so shameless... Why do I think you are thicker than the Zhou family?

However, she was quite happy to take this opportunity to go to the Zhou family and embarrass them.

These days, people from the Zhou family often come to the Lin family to cause trouble. If they don't take this opportunity to block their way back, are they still waiting for Feng Yurui to marry into the Zhou family?

By then, who in the Zhou family will have time to care about them? Feng Yurui can deal with them alone.

...

The evening of the second day.

Although the marriage was in a hurry, with the help of the county magistrate's office, the Zhou family managed to host more than a dozen tables, and it was pretty decent.

In short, Mr. Zhou didn't have the guts to embarrass the governor's mansion.

As for the people of Ya Village, many people were invited by Old Master Zhou, and they surrounded more than a dozen tables so that not a single stool was left. Old Master Zhou's complexion was really as dark as the bottom of a pot.

The reason...

"Hmph, these guys really dare to come!"

Mrs. Zhou's face naturally didn't look any better as she looked at the Yacun villagers who were eating with their mouths dripping with oil.

I thought that her family Liang'er held weddings decently, with fish, meat, chickens, ducks, etc. These villagers should have brought some decent things out as favors, right?

Who knew that these people in Yacun were all shameless, and none of the things they brought out were good.

Some brought a foot of cloth, and it was still coarse cloth; some brought two eggs and came over to count them; some even just dug some vegetables, radishes, etc. in their own fields, put them in the kitchen, and treated them as if they were for them. Gift money.

Seeing her at that time, I really wanted to curse others.

"Why are you stopping me? Haven't you seen the faces of these people?"

She looked at her husband, who had been sitting next to her, and glanced at him with disdain.

If he hadn't been by her side, she would have kicked them out one by one. Was the Zhou family's meal free for these poor ghosts?

"Shut up! Don't you even look at what day it is today?!" Mr. Zhou looked at her coldly and reminded her.

If he hadn't been watching, this woman wouldn't have known what trouble was going to happen. What the Sheriff's Mansion wanted was respectability. These villagers could come to have a wedding banquet, even if they didn't give anything, he felt that his face There is light.

However, these people in the family just feel how important they are. Do they still want everyone in Yacun to give out a few taels of silver as gifts?

laugh!

"If I mess up the marriage between Liang'er and the county magistrate's house, go back to your parents' house if I don't give up!" He threatened.

"you--"

After hearing his words, Mrs. Zhou bit her lip and glared at him fiercely.

Divorce your wife? What a beautiful thought he had!

Now Feng Yurui has married into the Zhou family. Although she doesn't know how much dowry this daughter-in-law has brought, it will definitely be no less, right? Of course she wants to stay and enjoy the happiness!

"Don't say those impossible words. If you want to divorce your wife, you have to see whether I agree or not!"

She didn't take Mr. Zhou's words seriously, she just felt that such words were spoken by her husband to threaten her, and it was no big deal.

"You sit here and I'll go take a look."

After saying that, she stood up, glanced at the crowded courtyard, and prepared to leave.

"where you go?"

Seeing that she was leaving, Mr. Zhou quickly reached out to hold her.

Chapter 1185 Don't you have a single ingot of silver?

Little did she know that Mrs. Zhou had long expected that he would disagree with her leaving, so when she saw him reaching out his hand, she had already taken a few steps away.

Mr. Zhou could only watch her walk to his daughter-in-law's room, which was the new house she was preparing now.

"you....."

He wanted to call someone to stop him, but when he thought there were so many people around him, he really couldn't afford to embarrass this person, so he could only stop talking and continue to show an ugly smile to the guests next to him.

In the new house, after Mrs. Zhou entered, she saw that there was no one in the empty new house.

She smiled slyly.

Just now, she deliberately arranged Feng Yurui in another room, and then had her dowry carried into the new house first.

In this way, she could count all of Feng Yurui's dowry and take them all away!

...

After a while.

After rummaging through all the boxes Feng Yurui brought, Mrs. Zhou didn't find anything decent, let alone silver jewelry, or even higher-grade fabrics!

"Where is the thing? How could it not be there? How could it be?"

She continued to recite it a second time without giving up, while muttering in disbelief.

She thought that there would be a lot of good things in so many boxes. Unexpectedly, they turned out to be some clothes that were not eye-catching. There were two boxes, even clothes worn by maids and servants!

"How poor is Feng Yurui? He doesn't even have a piece of silver? She must have hidden it..."

"What are you doing?!"

Before he finished murmuring, he heard a voice of questioning coming from behind him that did not dare to speak loudly.

"scare!"

Mrs. Zhou was startled. She turned around and saw a man standing by the door, staring at her with a dark face.

She knew that this person was the servant who came with Feng Yurui to marry him.

"Do you need to worry about what I do? Get out of here!"

Naturally, she had no good feelings towards a servant, so she could just ask him to get out. She felt that even this person did not dare to talk nonsense outside.

Unfortunately, she thought wrong.

Lie Ming frowned and looked at Feng Yurui's boxes being turned over in a mess, and an unknown fire suddenly surged up in his heart.

When Feng Yurui asked him to hide the money in advance, he thought Ruier was too petty to make a big deal. No matter how bad the Zhou family was, they would never do anything that would dishonor the family tradition.

But now...

Seeing Mrs. Zhou rummaging through his daughter-in-law's dowry all over the floor with his own eyes, he was extremely shocked!

"Who told you to rummage through my lady's things? Get out of here!"

He took a step forward, picked up Mrs. Zhou's collar, and threw her out of the door.

"ah!"

Master Zhou was beaten to pieces and even screamed.

Outside the door was the courtyard. There were several tables of wine. They were all people from Yacun. When they saw Mrs. Zhou being thrown out, they all looked at her with curious eyes.

"what 's wrong?"

"Why was it thrown out? No, that's not the new house. Did the newlyweds throw her mother-in-law out?"

"What's going on at Zhou's house this week? Did the bride hit her mother-in-law?"

Many people were whispering there, looking at Mrs. Zhou and then at the new door.

"How is this going?"

Old Master Zhou was sulking because people in the village gave too little gifts. Seeing that his daughter-in-law was thrown out, how could he save his face?

He asked with a dark face.

Chapter 1186 Is this a thief?

"What's going on, Old Master Zhou, you have to ask your daughter-in-law about this." Lie Ming walked out of the new house and glanced at Old Master Zhou with cold eyes.

"This...who is this? How did he get out of the new house?"

"Hey, what's going on?"

"Who is this man? Why is he in the bridal chamber? He can't be the newlyweds..."

When people in the yard saw Li Ming, they all made unpleasant remarks, thinking that he was the bride's bride or something.

"you....."

Old Master Zhou naturally knew him, he was the servant brought by Feng Yurui. perform

"What do you mean? How did she offend you?" he asked.

"Ah."

Lie Ming sneered and glanced at Old Master Zhou and Mrs. Zhou with disdain.

"I want to know what's going on with your Zhou family. Why did my young lady get married and not let her go into the new house? Instead, she was arranged to stay in another room.

It is said that this is the rule of Yacun, the bride can only enter the new house before entering the bridal chamber..."

"What nonsense are you talking about? We don't have such rules in Ya Village." A woman couldn't help shouting when she heard what he said.

Whoever marries a daughter-in-law doesn't first welcome her into the new house, and then take her out when the wedding ceremony comes. How can she be arranged to move to another room?

Only rich families would have such strange rules. How could their Ya Village have such messy rules?

"Ya Village doesn't have such rules?"

Lie Ming glanced at the woman and then looked at Old Master Zhou again.

"That's the rule of Old Master Zhou's family, isn't it? It turns out that the rule of Old Master Zhou's family is to let my young lady go to another room and wait for her mother-in-law to go through all the daughter-in-law's dowry and put away the valuable ones. Do you want to take everything away before letting my lady enter the new house? "

"You...you are talking nonsense, I just...just saw what Rui'er brought!"

When Mrs. Zhou heard what he said, her face turned red with embarrassment. How could she admit that she had done something, so she could only deny it.

"Look? Is this how Mrs. Zhou sees it? Please come in and take a look at what my lady's things have been turned into!" Lie Ming turned sideways and motioned for everyone to come in and take a look.

Among the people present, few came to sincerely wish Zhou Liang a happy marriage. Seeing Li Ming like this, several women actually stood up and wanted to walk to the door of the new house.

How do you know...

When Mrs. Zhou saw them coming, she was afraid that they would expose the bad things she had done, so she quickly stopped them.

"What are you looking at? What are you looking at? This is my Liang'er's new house. Can you shameless women see it? Get out of here, get out of here!" How could she allow people to see the situation in her new house? ?

These people who are so curious must be kicked out.

However, how could Lie Ming let Mrs. Zhou get what she wanted? He strode over directly, raised his hand and pushed Mrs. Zhou to the side, and let several women go over to take a look.

"Ouch, has this been robbed? How could a nice new house be ruined like this?"

A woman immediately screamed when she saw that pussy in the new house.

"This... my God, all the fine clothes were thrown on the ground. How could they be robbed? It clearly seems like they were retaliated by the enemy. Was this done by Mrs. Zhou?"

The other woman turned her head and looked in the direction of Mrs. Zhou, with a look of shame on her face.

Chapter 1187 I will take your last name!

If this was her daughter-in-law, and her new house was turned into this, why would she have to scrape a layer of skin from her body?

But to be honest, she couldn't do such an immoral thing. She hadn't even entered the bridal chamber yet, and the banquet hadn't even ended yet, so she couldn't wait to make the new house look like this.

"Old Master Zhou, I'm not talking about you, you, the tutor of the Zhou family...hey."

When Old Master Zhou heard those words, his eyesight went dark and he really wanted to pass out.

With such a daughter-in-law, how could he have a good life?

After taking a deep breath, he glared at his son with stern eyes. Mr. Zhou was also ashamed, strode up to his wife, raised his hand and gave her a big mouth.

"You ignorant woman, you are willing to make your home whatever you want, get out of here, get back to your room!"

"you....."

Mrs. Zhou covered her face and looked at her husband in disbelief.

In front of so many people, he didn't save any face for her. What does this mean? With Feng Yurui, does this family want to lose her?

"Master, I'm not doing this just for this family. I held a banquet and all the money in the family was gone. Is it possible that the family will have to drink from the northwest in the future? Of course, I need to find Ruier's dowry. First, Use it."

Since you don't want to give her face, then everyone should stop showing shame!

"Didn't you tell me this? Otherwise, I wouldn't have gone through my daughter-in-law's dowry box.

"you--"

When Mr. Zhou heard her words, a bad breath got stuck in his throat, and he almost died from swallowing it!

When did he let Hao pay for Feng Yurui's dowry? This woman is actually telling lies here. Does she really think that he can't live without her?

"Shut up, when did I say such a thing?!"

In this case, his father would say that it was still possible, and he was not a fool, so he would directly offend Feng Yurui, the young lady from the county governor's mansion.

"Go back to your room and stay with me immediately!"

With that said, he took her arm and pulled her directly back to the room.

Everyone in the yard looked at Old Master Zhou with contempt, as if they wanted to scrape a layer of shame from his face, but at this point, he couldn't say anything, so he could only sit down again.

...

in the room.

Seeing that his wife still wanted to yell, Mr. Zhou raised his hand and slapped her face again.

"ah!"

Mrs. Zhou was beaten and fell onto the bed.

"you--"

"Why are you staring? Just calm down for me. If you dare to talk nonsense again, I will..."

"What do you want? Divorce me? Do you think I will still be afraid that you will divorce me?" Mrs. Zhou covered her face and sneered.

"My surname is Zhou, divorce me if you can! Write a letter of divorce and see if I leave immediately with the letter of divorce. If I don't waste time with you anymore, I will take your surname!"

Mrs. Zhou yelled back not to be outdone.

"you....."

Master Zhou had a bad breath stuck in his throat.

"I'll divorce you, you think so!"

As he spoke, he stared at her with dark eyes, suddenly took off one of his shoes, rushed towards her, directly pressed Mrs. Zhou under him, and slapped her face hard with the sole of his shoe. With.

That sound was extremely loud.

"Ah, um, ah!"

Mrs. Zhou was beaten to the point where she could no longer react except for screams, let alone resist.

Chapter 1188 The day will be lively, right?

"Hmph, if you want me to divorce you, there is no way out, but I can beat you three times a day. If you dare to go out and talk nonsense again, I will beat you until you can't get out of bed for three days!"

After a while, Mrs. Zhou's face was already bloody from being beaten, and Master Zhou stopped.

He stood up, threw his shoes on the ground, put them on his feet again, and threatened Mrs. Zhou.

"Uuuuuuuuuuuuuuu"

Mrs. Zhou felt that the shackles on her body were gone, so she huddled up into a ball, her eyes filled with tears.

"Stay here well. If you dare to make trouble in the yard again, I will beat you to death."

Master Zhou listened to the noise outside and felt that he should go out, but he was worried about this woman and threatened him again.

But looking back and thinking about it, I felt that it couldn't be done. What if this woman was beaten by him and rushed out like crazy? He didn't want to lose his face yet.

Finally, his eyes lit up, and he directly picked up Mrs. Zhou, dragged her to a chair, and tied her up with a hemp rope.

Then, he stuffed a bunch of rags into her mouth, gave her a satisfied look, turned around and left the door, and locked the door from the outside when the people in the yard weren't paying attention. .

...

yard.

Seeing Mr. Zhou come out of the room and lock the door, Lin Caisang just raised his hand and poured a glass of wine into the bowl in front of him.

"The Zhou family this time is really the same as the one in Liu Baixiao."

"Worse than that."

Ya Molian answered and chuckled.

However, when he saw Lin Caisang trying to pick up the wine bowl and drink the wine inside, he stretched out his hand and blocked the wine bowl.

"Sonny, I brought some jars of wine from outside. You can drink whatever you want when you get home."

It means that if you can't help but drink the wine at Zhou's house this week, don't drink it. After all, they are not really here to have a wedding banquet.

Hearing this, Lin Caisang just raised his eyebrows and put down the wine bowl in his hand.

"Then don't drink it."

In fact, what she wanted to see most was Old Master Zhou's face as black as the bottom of a pot, but she had seen it now.

In fact, she has been looking at Old Master Zhou's dark face since she entered this courtyard, and she felt very funny in her heart. Could it be that Old Master Zhou also thought that holding a happy event at his family would bring a lot of benefits to Yacun?

"Presumably, the Zhou family will be very lively in the future, right?"

Feng Yurui is not easy to get along with, and since Mrs. Zhou made such a fuss in front of so many people today, it would be strange for Feng Yurui to look good on the Zhou family in the future.

And she looked at it, and it was clear that Lie Ming threw Mrs. Zhou out of the new house on purpose.

"Wouldn't it be nice to be more lively?" Ya Molian asked her back.

Hearing this, she was stunned.

"That's true."

She nodded.

However, she didn't say that she didn't want the Zhou family to be lively. The more lively the Zhou family was, the happier she felt.

...

In another room, when Lie Ming went back and told Feng Yurui what happened outside, Feng Yurui didn't show any surprise on his face, as if whatever Mrs. Zhou did had nothing to do with her.

"Rui'er, why aren't you angry?" Lie Ming asked her.

Hearing this, Feng Yurui raised her eyes, glanced at Lie Ming, and raised her eyebrows at him.

"Isn't this something you expected early in the morning? What's there to be angry about?"

Chapter 1189 Are you afraid of just a Zhou family?

The Zhou family's shamelessness has already reached a level that no one of them could have predicted. What's the point of going through her suitcase? I believe that if she was really a submissive person, she might be bullied into something bad.

What's more, she had expected Mrs. Zhou's visit early in the morning. After all, no one would get used to becoming poor for a while.

She guessed that if Brother Ming didn't notice Mrs. Zhou going through her box this time, and if there was anything valuable in her box, Mrs. Zhou would not admit it even if she stole it.

Maybe she would also tell them that it was those people who came to have a wedding banquet, and when no one was paying attention, they secretly entered the new house and stole her things.

Anyway, no one saw her, so she could rest easy.³

"Brother Ming, didn't you think we were sorry for the Zhou family before? Now you can see the true face of this family clearly, right?"

After hearing her words, Lie Ming had to admit that she was absolutely right.

"It is my fault."

The Zhou family's banquet this time was all provided by the county governor's house, and the Zhou family paid nothing.

However, from the outside, it seems that the Zhou family spent a lot of money and bought so many good wines and dishes to host this banquet. The key is that Old Master Zhou's black face made it seem like everyone in Yacun owed him More or less.

Mrs. Zhou, on the other hand, even said some unflattering words directly in front of the people who came to drink the wedding banquet. She felt that they were taking the gift lightly and looking down on the Zhou family.

Rui'er feels terrible just thinking about marrying into such a family.

Fortunately, this is just a temporary measure. When everything is settled, he will definitely take Rui'er out of the Zhou family. By that time, even the county governor will not be able to do anything to him.

"Rui'er, when Brother Qi goes to Jian'an City, I will leave too. You are here..."

"Brother Ming, you can go with peace of mind. I haven't paid much attention to the Zhou family yet." Feng Yurui comforted him.

They have already decided that they will join the army next year. With his martial arts skills, he will definitely be reused in the army. To say the least, even if it is not very good, as long as he works hard, even if it is not a way out. , and they were willing to do so.

"Don't forget, I came out of the backyard of the County Sheriff's Mansion. If the larger County Sheriff's Mansion can't swallow me, will I still be afraid of a mere Zhou family?"

Hearing this, Lie Ming took a deep breath.

He naturally knew that these words were just used by Feng Yurui to comfort him. It was not certain what the Zhou family would look like after he really left.

"Don't worry, Rui'er, I will arrange everything well and you won't be wronged in Yacun." He said.

It was time for him to think about how to deal with the Zhou family. Since the family was not a thing, it was impossible to be too nice to them. It was only right to speak to them with fists.

"Okay, I believe brother Ming."

Feng Yurui grinned and said.

No matter what, she has already left the county governor's house. In the early spring of next year, she will buy a shop in Ye County to do some small business, and then buy two more servants. What else do the Zhou family want to do to her?

As for the two maids, she will also train them well and will not let them be bullied by the Zhou family.

After all, she is her maid!

...

the other side.

Mrs. Zhou's hands and feet were tied and her mouth was gagged.

Chapter 1190 Be sure to discipline her well

Although she couldn't speak or move, it couldn't stop her from staring ahead with her poisonous eyes. 

Her husband dared to do this to her and beat her. She would never let it go. When she was free, she would get it back from this family member.

And she had already made up her mind that it would all start with training her daughter-in-law.

...

The banquet dispersed quickly.

In the courtyard of the Zhou family, everyone except the Zhou family had left, and the bowls and chopsticks were also thrown on the table, and no one picked them up.

"Old Master Zhou, please clean up these things. We will pick them up tomorrow."

Without saying a word, the people who had been ordered by the county governor to come to hold a banquet immediately got on the carriage and left without giving Old Master Zhou a chance to speak.

"you....."

Old Master Zhou opened his mouth, wanting them to come back and clean up the yard.

But in the end he kept his mouth shut.

"Forget it, forget it, why are you fussing with these people so much?"

From today on, he will not be worse than the Lin family in this Ya Village, as long as he treats Feng Yurui, his granddaughter-in-law, better in the future.

Thinking about it, he turned his head and looked at his son.

"From now on, you should take good care of your ignorant daughter-in-law. If she causes any trouble again, don't blame me for being rude! This is the Zhou family, and it's not her turn as a foreign woman to make the decision!"

"Yes, sir, my son understands and will discipline her well from now on. Master Zhou responded repeatedly.

Today he also lost all the face he had saved up in the past. Looking at the clothes in the new house and being pointed at in front of so many people, he felt that he would not be able to get out of this place for a year and a half. The door is closed.

"As long as you know."

Mrs. Zhou snorted again and turned to look at Zhou Liang.

"Liang'er, today you are a husband. You must treat your daughter-in-law well and don't have any bad thoughts. Do you understand? We, the Zhou family, have always been infatuated men. Having a wife is enough. You can't just mess around with others outside."

"Grandpa, Liang'er understands."

Zhou Liang responded, but he couldn't help but snort in his heart.

Grandpa told him before that when Lin Caisang grows old, he will find a way for him to marry her. Why has it changed now?

Could it be that what grandpa said to him before were all used to deceive him?

No, he didn't really want to live with that bitch Feng Yurui, he just wanted to see a rich dowry in her hands that he could squander.

Tonight, he was going to teach Feng Yurui a lesson, so that she would be more at ease in the future and stop worrying about his husband-in-law!

"Grandpa, if nothing happens, Liang'er will take Yu Rui back to the new house first."

"Okay, go ahead."

Master Zhou naturally agreed.

"Boss, why are you still standing there? Why don't you let your wife come out and clean the yard? Remember, keep an eye on her and don't let her smash these bowls. You can't break any bowl!"

"good."

Mr. Zhou responded.

He was thinking about how to punish his wife for making such a big mistake.

Looking at the leftovers on the table, it was just a good time for her to clean them up, and also to let her know that she had to accept punishment if she made a mistake.

...

After a while.

Zhou Liang brought Feng Yurui back to the new house, and in the yard, Mrs. Zhou was putting the oil-stained bowls into a large wooden basin, and then weakly flicked the bowls with tears of grievance in her eyes.
